1. Resolution

- a. Public Hearing of Resolution 2015-11 relating to the provision of stormwater management services provided by the City's stormwater system; imposing stormwater service assessments against assessed property located in the City for fiscal years beginning October 1, 2015 through and including the fiscal year beginning October 1, 2019; approving the stormwater rates; approving the stormwater assessment rolls and directing that the stormwater service assessment rolls be certified to the Pinellas County Tax Collector

City Manager Wayne Saunders provided the background to the stormwater assessment fee structure and noted that the fees collected are restricted to stormwater expenditures. Notices were mailed to property owners advising them of the newly proposed rate structure.

Mr. Saunders stated that this meeting was held in order to allow for additional public comment. There was no action required as the resolution was approved at the September 9, 2015 City Commission meeting.

Mayor Lowe called for audience comments.

Jeff Churchill, 88th Avenue, questioned how the rate structure was developed.

Elaine Edmunds, Administrative Services Director, explained the rate was based on the average Equivalent Residential Unit (ERU) per property.

2. Adjournment

There being no further business to come before the Commission, the meeting was adjourned at 6:20 p.m.
