The United States Department of Agriculture (USDA) operated the SubTropical Agricultural Research Station. The STARS purpose was conducting agricultural research. The USDA offered the facility and land (approximately 3,800 acres) to FAMU so they could continue with agricultural research. As part of the land transfer, FAMU had to comply with strict federal standards, including the National Environmental Policy Act (NEPA). As Project Manager, Andrew coordinated assessment activities, which included Endangered Plant and Animal Surveys, Cultural Resources Survey, Coastal Management Review, Migratory Bird Study, historical site review, contamination impact assessments, site delineations, surface water impacts, and coordination with federal agencies (USDA). The final document completed and submitted by Andrew resulted in a Finding of No Significant Impact and allowed the USDA to transfer the nearly 4,000 acres of land to FAMU.

CONTRACT/PROJECT MANAGER – BROOKS BRIDGE REPLACEMENT PROJECT – SR 30 (US HIGHWAY 98) – FDOT DISTRICT THREE, FORT WALTON BEACH, FL

This project required a large coordination effort with multiple regulatory agencies, FDOT, and the design-build group tasked with replacing Brooks Bridge in Okaloosa County. The bridge replacement project required multiple dewatering operations to install the bridge piers and proposed stormwater conveyance infrastructure. Within the 500 foot halo of the dewatering operational areas were two petroleum impacted site under active monitoring due to groundwater impacts. Andrew led coordination efforts between FDEP's Industrial Wastewater Section, FDEP's Contamination Section, Escambia County Health Department, FDOT, and the design-build group. With multiple meetings, coordination, and discussion, Andrew was able to get the regulatory agencies to agree to allow dewatering within the 500 ft halo by the design-build team without having to have a counter-pumping dewatering system at the impacted sites. Due to the staggered dewatering operations for the bridge replacement, these efforts saved FDOT hundreds of thousands of dollars in not having to implement multiple counter pumping dewatering operations over the life of the project.

PHILIP STEIN

Environmental Scientist
Tampa, Florida

EXPERIENCE – 20 YEARS

EDUCATION

Bachelor of Science, Zoology, North
Carolina State University, 2002

PROFESSIONAL HIGHLIGHTS

- ✓ Extensive environmental technical and project management background
- ✓ Extensive experience with local, state and federal agencies
- ✓ Extensive experience with ESAs, wetland and wildlife assessments

SUMMARY

Philip is an environmental professional with 20 years of experience as a private consultant and served 4 years as the Environmental Administrator for the Florida Department of Transportation, Florida's Turnpike Enterprise Planning Department from 2019 to 2023. Philip has a technical and project management background in natural resources and due diligence site assessments throughout Florida, having personally completed all aspects of hundreds of Phase I ESAs ranging from small residential properties, complex commercial and industrial facilities, and large acre tracts of land. He has experience with local, state, and federal agencies and brings valuable expertise to the team as an Environmental Specialist and Senior Scientist. Philip's areas of expertise include:

- Phase I and II ESAs
- Habitat Assessments
- Wetland Delineations
- Wildlife Surveys
- Hydrologic Monitoring
- Vegetation Monitoring
- GIS Mapping
- Gopher Tortoise Surveys/Relocations
- Environmental Resource Permitting
- Asbestos Sampling

PROJECT EXPERIENCE

COMBINATION BASELINE DOCUMENTATION/ENVIRONMENTAL SITE ASSESSMENT CONTRACT, DIVISION OF STATE LANDS, FLORIDA (NORTHSTAR – 2023 TO PRESENT)

Philip conducted a Phase I ESA and BDR for two 500-acre+ ranches (Kuder Ranch and Rocker Ranch) in Polk County, one 800-acre+ ranch (Goodno West) and one 1,100-acre+ ranch (Goodno East) in Glades County, and one 1,400-acre+ ranch (Ferguson Farm) in Hendry County. This work was conducted following ASTM 2247 and per FDEP DSL guidelines. Philip's contribution to these projects was to conduct the field assessment, which involved documenting natural communities, endangered or listed species, invasive species, all man-made structures and roads, as well as determining current and past land use, interviewing landowners, and providing photo-documentation for the reports. He was a primary author and environmental professional for each of these reports.

LAND ACQUISITION SERVICES CONTRACT, SARASOTA COUNTY, FLORIDA (NORTHSTAR – 2023 TO PRESENT)

Philip conducted a Phase I ESA and BDR for a 900-acre+ ranch (Longino Ranch) in Sarasota County on behalf of Sarasota County's Environmental Sensitive Lands Protection Program. This work was conducted following ASTM 2247 and per FDEP DSL guidelines. Philip's contribution to this project was to conduct the field assessment, which involved documenting natural communities, endangered or listed species, invasive species, all man-made structures and roads, as well as determining current and past land use, interviewing landowners, and providing photo-documentation for the reports. He was a primary author, environmental professional, and signatory for each of these reports. Philip has also completed Phase I ESAs and a Phase II ESA under this contract for a golf course, residential properties, and additional ranchlands.

DISTRICTWIDE CONTAMINATION ASSESSMENT AND REMEDIATION SERVICES, FDOT DISTRICT 5, FLORIDA (STATE OF FLORIDA – 2019 TO 2023)

NorthStar holds the FDOT District 5 contamination and remediation contract which encompasses central Florida. Philip serves as a Contract Manager and Senior Scientist for this contract. In his various roles under this contract, Philip has provided all aspects of contract management as well as project management for various contamination assessments associated with roadway construction and FDOT operated facilities.

FDOT TURNPIKE ENTERPRISE, STATEWIDE, FLORIDA (STATE OF FLORIDA – 2019 TO 2023)

As the Environmental Administrator, Philip was responsible for all environmental reports, budgets, and schedules including cultural resources, wetlands, listed species, highway traffic noise, and contamination. Philip ensured projects followed the National Environmental Policy Act, Federal Highway Administration rules, the PD&E manual, and all other state and local regulations. He evaluated transportation projects to determine environmental impacts and coordinated with the appropriate agencies or department personnel to resolve environmental conflicts.

SHUTTLE LANDING FACILITY, NASA CONTINUING SERVICES CONTRACT, KENNEDY SPACE CENTER, FLORIDA (JONES EDMUNDS – 2009 TO 2019)

Philip was a natural resources scientist for a project at the Shuttle Landing Facility at the Kennedy Space Center, which is the area surrounding the runway used by past shuttle missions and NASA. Philip completed wetland delineations, habitat assessments, habitat mapping, Uniform Mitigation Assessment Method (UMAM) analysis, Environmental Resource Permit application packages with the SJRWMD and USACE, and wildlife surveys for Florida scrub jay, gopher tortoise, and eastern indigo snake in this area to assist in designing a new building and associated stormwater facilities.

SPACE FLORIDA SHILOH LAUNCH COMPLEX – KENNEDY SPACE CENTER, BREVARD COUNTY, FLORIDA (JONES EDMUNDS 2009 TO 2019)

Philip was a project scientist for the Environmental Impact Statement completed for a proposed 200-acre launch complex at the Kennedy Space Center. He assisted the team with general wildlife surveys, vegetation mapping, informal wetland delineations, and habitat assessments. Species specific surveys following agency protocols were completed for gopher tortoise, Florida scrub jay, migratory birds, and indigo snakes. He served as a contributing author for the natural resource sections of the document submitted to NASA and filed in the Federal Register.

PHASE I ENVIRONMENTAL SITE ASSESSMENTS – VOLUSIA AND FLAGLER COUNTY, FLORIDA (UNIVERSAL ENGINEERING SCIENCES 2005 TO 2009)

Philip was a project scientist and manager for over 100 Phase I ESAs within the Volusia and Flagler County area. These assessments were completed for various due diligence property acquisitions for small residential lots, commercial strip malls, churches, industrial facilities, gas stations, retirement centers, automotive repair, farmland, vacant land, large acreage tracts, and governmental facilities.

PHILIP L. GLOVER, PG, LEP

Senior Geologist
Tampa, Florida

EXPERIENCE – 24 YEARS

EDUCATION

Bachelor of Arts, Geology, Ohio State University

Master of Science, Geology, University of Akron

LICENSES

Florida PG (No. 2449)

PROFESSIONAL HIGHLIGHTS

- ✓ 22 years as a Florida Geologist
- ✓ 19 years of experience working on FDOT CAR contracts
- ✓ Responsive Contract Manager with a focus on client satisfaction
- ✓ Extensive experience developing cost estimates and scopes of work for Level II and Level III activities

SUMMARY

Philip has 24 years of experience in the field of geology including over 22 years in the environmental industry within the State of Florida. Philip is currently the Contract Manager for NorthStar's contamination assessment and remediation contract with FDOT Districts 1 and 5. He was also the Assistant Contract Manager for NorthStar's former CAR contract with FDOT District 7. Philip has performed a variety of duties including Level I and Level II ESAs for roadway expansion and land acquisition projects, Impact to Construction Assessments, Tank Closure Assessments, Mold Assessments, asbestos and lead based paint surveys, source removals, well abandonments, groundwater data acquisition, ground and surface water sampling, soil sampling, vertical surveying, drilling oversight, dewatering, water treatment and other various environmental/ engineering activities. Philip has been responsible for developing cost estimates and scopes of work for remedial construction activities and has managed the projects from inception to completion, managing all financial, technical, and regulatory elements.

PROJECT EXPERIENCE

LEGACY TRAIL LEVEL II AND LEVEL III - FDOT DISTRICT ONE CONTRACT BEA33, SARASOTA, FLORIDA

As a contract manager, Philip set up Level II and Level III efforts and coordinated all aspects of the project from preparation of the work plan/cost estimate to project billing. Philip directed NorthStar sampling crews conducting the Level II assessment, which included soil borings and temporary monitor wells along a former railroad corridor (currently a pedestrian and bicycle trail). Additionally, a former machine shop with a documented release was located within the project corridor. Based on the results of the Level II ICA, most of the trail required excavation and disposal of soils. During the Level III phase, Philip provided personnel to conduct manifesting of the contaminated soil and provided transportation and disposal of the soils to a licensed disposal facility.

FT. MYERS OPERATIONS CENTER SOURCE REMOVAL - FDOT DISTRICT ONE CONTRACT BEA33, CAPE CORAL, FLORIDA

NorthStar responded to a report of a black, tar-like substance reported near a truck wash pad on August 11, 2022. Philip conducted the initial assessment, which involved advancing soil borings around the visible area of the substance to determine the size of the release beneath the ground surface. Philip also drummed the substance located at the ground surface into a 55-gallon steel drum. Additionally, Philip collected a sample of the substance to be analyzed at the laboratory for waste characterization purposes. The source removal was conducted on August 25, 2022, during which 40.07 tons of the substance were removed and transported to a licensed disposal facility. Philip also prepared the Source Removal Report for submittal.

SENIOR GEOLOGIST – FDOT DISTRICT ONE, SR 542 FROM 1ST ST. TO BUCKEYE LOOP ROAD, WINTER HAVEN, FL

Philip Glover set up Level II, Level III, and UST removal efforts and coordinated all aspects of the project from preparation of the work plan/cost estimate to project billing. Philip subcontracted a direct push technology rig to assist with the Level II assessment, which identified two petroleum facilities with on-site soil or groundwater contamination. Philip obtained a NPDES permit for the Former Murphy Grocery site in case dewatering was necessary within 500 feet of the site. Based on his knowledge of NPDES regulations, Philip

Defensive Driving

saved FDOT the expense of having water treatment equipment on site by monitoring only the effluent discharge and avoided additional risk to the environment. Philip also set up and coordinated the removal of two underground storage tanks at the Former View Point Motors site to facilitate construction.

SENIOR GEOLOGIST – FDOT DISTRICT ONE, POST-HURRICANE IAN DEBRIS STAGING AREA SAMPLING, CHARLOTTE, DESOTO, GLADES, HARDEE, HENDRY, HIGHLANDS, MANATEE, LEE, POLK, AND SARASOTA COUNTIES, FL

Philip prepared work plans, coordinated, and performed soil and groundwater sampling at proposed hurricane debris staging areas in preparation for hurricane recovery efforts. The assessments were conducted to meet the guidance provided in the FDEP's "Guidance for Establishment, Operation and Closure of Disaster Debris Management Sites". The assessments began shortly after Hurricane Ian and included 16 sites, 11 of which contained soil and/or groundwater contamination prior to staging.

SENIOR GEOLOGIST – FDOT DISTRICT ONE, US 27 AT HAMMOCK ROAD BIOMEDICAL WASTE EMERGENCY RESPONSE, SEBRING, FL

On January 22, 2018, NorthStar provided emergency response services for the assessment and cleanup of petroleum- and blood-impacted absorbent materials and debris staged on the east side of US 27 at Hammock Road. The waste was generated from a two-vehicle collision that occurred on US 27 northbound at Hammock Road in Sebring. Philip and NorthStar personnel moved the biomedical waste and other materials into two, 55-gallon steel drums that were staged on-site for subsequent removal. Philip screened the soils under the waste piles using an Organic Vapor Analyzer, in addition to visual and olfactory methods, but found no evidence of cross-contamination. NorthStar provided District 1 with an Emergency Response Report to document the response activities.

SENIOR GEOLOGIST – BRIDGE 160030 ACM ABATEMENT, FDOT DISTRICT 1, LAKE LAND, POLK COUNTY, FL

Philip supervised the abatement of ACM bearing pads on Bridge 160030 concurrent with bridge demolition activities during road construction. To facilitate the rapid demolition of the bridge and the safe removal of the bearing pads, the sections of bridge deck and support columns containing the bearing pads were removed from the bridge and set aside in an exclusion zone. The ACM abatement workers removed the ACM bearing pads within the exclusion zone. Philip identified which sections contained ACM bearing pads vs. joint compound, which kept the ACM abatement workers on task. Additionally, Philip served as the health and safety officer at the site.

SENIOR GEOLOGIST – FDOT DISTRICT ONE, US 17 FROM W 9TH ST TO W 3RD ST, ZOLFO SPRINGS, FL

Philip set up Level II and Level III efforts and coordinated all aspects of the project from preparation of the work plan/cost estimate to project billing. Philip subcontracted a direct push technology rig to assist with the Level II assessment, which included 26 soil borings and five temporary monitor wells along a former railroad corridor located in Zolfo Springs. Additionally, a petroleum facility with a documented release was located within the project corridor. He obtained a NPDES permit for discharge from petroleum contaminated sites in case dewatering was necessary within 500 feet of this facility. Based on the results of the Level II ICA, three separate areas required excavation and disposal of soils. During the Level III phase, Philip directed NorthStar personnel to excavate the soils from within the limits of construction and backfilled the three areas with clean backfill.

Katie McNeal, PE

Civil & Water Resource Engineer

Tampa, Florida

EXPERIENCE – 7 YEARS

EDUCATION

Certification

PROFESSIONAL HIGHLIGHTS

- ✓ 4 years as a Texas Professional Engineer
- ✓ Recently licensed Florida Professional Engineer
- ✓ 7 years of municipal and private engineering experience

SUMMARY

Katie is a Senior Professional Engineer in the Water Resources group at NorthStar with over 7 years of experience providing professional engineering consulting and project management services. Katie's work experience includes project management, design, hydraulic modeling, asset management planning, water and wastewater master planning, emergency water event response, and cost estimating. During her time as a Water Resources Engineer for the City of Austin, Texas, Katie managed four stream restoration projects, developed an open channel asset management plan, performed monthly water system operations risk modeling, and completed over 100 water service modeling analyses for new developments.

Katie is currently serving as Project Engineer for the SWFWMD Water Control Structure Inspections Task Work Assignment and the SFWMD Miami Canal North Phase 1 Conveyance Improvements.

PROJECT EXPERIENCE

HYDRAULIC MODELER – SERVICE EXTENSION REQUESTS, AUSTIN, TX

Katie supported new developments being built in the City of Austin by completing over 100 Service Extension Request (SER) hydraulic modeling analyses. Katie used InfoWater to determine if the existing water distribution system could support the developments' projected water demands, often performing fire hydrant flow tests to calibrate the hydraulic models. She calculated and designed water main upgrades and resiliency plans for developments with undersized water infrastructure. Katie also completed SERs for large developments such as the Tito's distillery and Tesla Cybertruck facility, which required recurring meetings with developers and iterations over many months.

HYDRAULIC MODELER – WATER DISTRIBUTION SYSTEM OPERATIONAL RISK MODEL, AUSTIN, TX

Katie served as Project Engineer for the City of Austin Water Distribution System Operational Risk Model to ensure the City's water system operated consistently during maintenance activities and outages. Katie was responsible for collecting monthly data from water treatment plant and distribution system staff, calculating projected water usage data for the following six months, calibrating, running and troubleshooting the Model, producing color-coded pressure zone maps, and presenting the results to City staff. The modeling results were used to prioritize water system maintenance projects throughout the year.

PROJECT MANAGER – THOMPKINS DRIVE STREAM RESTORATION CAPITAL IMPROVEMENTS PROJECT, AUSTIN, TX

Katie served as Project Manager for the City of Austin Thompkins Drive Urban Stream Stabilization Capital Improvements Project, reviewing design plans and specifications and assisting with requests for information responses to the consultant during the Design phase of the project. This project redesigned a creek channel that was causing severe erosion in the backyards of eighteen homes, focusing on natural engineering

methods. Katie served as the point of contact for communications with residents and developed and led community presentations.

PROJECT MANAGER AND DESIGN ENGINEER – AVERING LANE STREAM RESTORATION IN-HOUSE PROJECT, AUSTIN, TX

Katie served as Project Manager and Design Engineer for the City of Austin Avering Lane Urban Stream Stabilization In-House Project, performing hydraulic modeling analysis and developing design plans for the new channel. This project redesigned a creek channel that was causing severe erosion in the backyards of nine homes, using a rock riprap grade control structure, a natural channel bed, and limestone block walls along banks. Katie used HEC-RAS hydraulic modeling software to perform design calculations and served as the point of contact for communications with residents.

PROJECT MANAGER – PARK PLAZA URBAN STREAM STABILIZATION CAPITAL IMPROVEMENTS PROJECT, AUSTIN, TX

Katie served as Project Manager for the City of Austin Park Plaza Urban Stream Stabilization Capital Improvements Project, reviewing design plans and specifications and assisting with requests for information responses to the consultant during the Design phase of the project. This project redesigned a creek channel that was causing severe erosion in the backyards of five homes and one apartment complex. Elements such as limestone block walls, a natural channel bed, and native planting along banks were used in the design. Katie served as the point of contact for communications with residents and developed and coordinated with external stakeholder organizations.

PROJECT MANAGER – OPEN CHANNEL ASSET MANAGEMENT PLAN, AUSTIN, TX

Katie served as Project Manager for the City of Austin's first Open Channel Asset Management Plan. The purpose of the plan was to catalog, analyze, and prioritize maintenance and restoration projects for the City's 800 miles of open channel (creek) assets. The project integrated input from six teams at the City of Austin Watershed Protection Department, incorporating water quality and ecology, erosion and flood risk, and community safety and equity elements into the project scope. Katie was responsible for gathering creek asset condition data, holding monthly stakeholder meetings, performing criticality and risk analysis, and developing an Asset Management Plan report.

HYDRAULIC MODELER – SAN ANTONIO WATER SYSTEM SANITARY SEWER OVERFLOW REDUCTION PROGRAM, SAN ANTONIO, TX

Katie provided hydraulic modeling expertise to support the redesign of the sewer system for the San Antonio Water System (SAWS) Sanitary Sewer Overflow Reduction Program. The project scope included monthly reports with existing system analyses, hydraulic profile graphics, and proposed system upgrades. Katie modeled SAWS' existing wastewater system and demands using InfoWorks ICM to determine where sanitary sewer overflows were occurring and developed dozens of hydraulic profiles for wastewater mains throughout the city of San Antonio.

NICK NARINE

Civil & Water Resource Engineer
Tampa, Florida

EXPERIENCE – 6 YEARS

EDUCATION

Bachelor of Science, Civil
Engineering, Florida Gulf Coast
University, 2019
Bachelor of Science, Environmental
Engineering, Florida Gulf Coast
University, 2019

PROFESSIONAL HIGHLIGHTS

- ✓ 6 years of experience serving as an engineer in wastewater
- ✓ Extensive experience in construction and water resources

SUMMARY

Mr. Narine is a Staff Engineer with NorthStar working in the water resources division. Prior to working with NorthStar, Mr. Narine was a field engineer with a company who specialized in constructing underground cutoff walls primarily composed of bentonite slurry and was involved with the quality control of the slurry mixtures. Mr. Narine also has experience reviewing utility deviations, availability letters, and FDEP permits for the Collier County water and wastewater departments. Throughout college, Mr. Narine had three separate internships where he was involved with concrete testing and quality control, structure inspections, and surveying.

PROJECT EXPERIENCE

STAFF ENGINEER – CONSERVATION WATER CONTROL INSPECTIONS (65 STRUCTURES), SWFWMD, MULTIPLE COUNTIES, FL

This project consisted of the inspection and assessment of 65 water control structures spread across an approximately 100-mile radius (two TWAs). The structures varied from simple flashboard risers and culverts to large concrete structures with multiple gates, as well as a pump station. Mr. Narine was responsible for the inspection and assessment of civil, structural, and mechanical aspects of the structures. He also coordinated with electrical and underwater inspectors that were included in the inspection program. The report for each structure included observed major or minor deficiencies that were ranked according to the severity and the need for immediate action, if the deficiency could be corrected during the next maintenance cycle, or merely monitored for worsening. The ranking also included how critical the deficiency was to the structure operation as well as recommendations for correcting the deficiencies.

STAFF ENGINEER – S-353 SPILLWAY RECONSTRUCTION AND REPAIRS, SWFWMD, CITRUS COUNTY, FL

It has been determined that the S-353 Spillway is experiencing voids under multiple concrete slabs and faulty drainage through the toe and sill drains. The District has contracted Southern Road and Bridge to perform the necessary spillway repairs. The plans for these repairs have been made by the NorthStar team. NorthStar has also been tasked with performing the Construction Engineering Inspection work to ensure the construction is done according to plans and specifications. Mr. Narine is responsible for being on-site during major construction activities in order to photograph, document, and convey the progression of the project to the involved parties.

STAFF ENGINEER – EAA CANAL CONVEYANCE IMPROVEMENT PROJECT, SOUTH FLORIDA WATER MANAGEMENT DISTRICT (SFWMD), PALM BEACH COUNTY, FL
NorthStar is leading a team of engineers, hydraulic/hydrologic water modelers, and surveyors in the study and design of the necessary conveyance improvements to two existing canals in Palm Beach County, the Miami Canal and the North New River Canal, which move water south out of Lake Okeechobee through the Everglades Agricultural Area Basin to the stormwater treatment areas (STAs). Mr. Narine's responsibilities include finding aerial photos from FDOT databases used on profile sheets, as well as various volume calculations of material used to rebuild the embankments along the Miami Canal. Throughout the progression of this project,

NICK NARINE

Civil & Water Resource Engineer
Tampa, Florida

Professional Training & Continuing Education

- OSHA 40-Hour Hazardous Waste Operations and Emergency Response (HAZWOPER) Training, 2020
- OSHA 30-Hour Construction Safety and Health, 2020
- MSHA 24-Hour Construction Safety and Health, 2021

Professional Licenses/Organizations

- American Society of Civil Engineers
- Florida Engineering Society

Mr. Narine has had the opportunity to contribute to writing of the design documentation reports as well as the technical specifications.

STAFF ENGINEER – BISCAYNE BAY COASTAL WETLANDS – CUTLER FLOW WAY, SFWMD, MIAMI-DADE COUNTY, FL

NorthStar is tasked with updating the engineering, modeling, analysis, design, and specifications to achieve the project objectives at the best construction value. The project improves the distribution of freshwater to Biscayne Bay and Biscayne National Park by re-directing runoff from the C-1 basin to coastal wetlands along Biscayne Bay. Tasks include adding parcels to the rehydration area, modeling for the conveyance and spreader canals to incorporate new information, and re-designing culvert crossings and the 400 cfs pump station. The update utilizes current codes, technical references, and standard details. Mr. Narine performs research and calculations in order to design mosquito ditch plugs and intersections between roads and culverts. He has also been involved in writing the technical specifications and design report.

STAFF ENGINEER – CITY OF ST. PETERSBURG – 7TH STREET NORTH PEER REVIEW, SFWMD, PINELLAS COUNTY, FL

NorthStar was tasked with conducting a third-party review of the City of St. Petersburg's 60% design package for the 7th Street North, 50th Avenue North and Vicinity Storm Drainage Improvements. The project consisted of the third-party review for the 60% plans of construction of stormwater improvements for the neighborhood west of 4th Street North between 50th Avenue North and the 54th Avenue North canal. The proposed drainage improvements include low impact development (LID) techniques and increased conveyance capacity via enlarged conduits to alleviate flooding during the 100-year, 24-hour storm event. Mr. Narine's role in the third party review involved reviewing the plans to evaluate constructability issues, such as any major utility impacts, permitting requirements, and "fatal flaws" with the proposed design. He also performed a cost estimate of the project to confirm the given estimate was reasonable.

STAFF ENGINEER – COST ESTIMATION FOR WATER CONTROL STRUCTURES DRUM AND CABLE LIFT SYSTEMS AND GATES, SWFWMD, HILLSBOROUGH COUNTY, FL

The SWFWMD tasked Northstar to perform professional services in support of Chapter C, Design, Permitting, and Construction Inspection of Natural and Water Conveyance Systems in support of Planning Program Development and Budgeting in order to support the SWFWMD with class 5 Engineer's Opinion of Probable Cost Estimates (cost estimates), as defined by the Association for the Advancement of Cost Engineering (AACE) or similar estimate system, for the replacement of gates and lift systems for eight water control structures throughout the Tampa area. The existing gates will be restored or replaced with stainless steel gates and the existing hydraulic lift systems are being replaced with drum and cable lift systems. This cost estimate included the following 8 structures: S-160, S-162, S-551, S-161, Inglis Bypass, Inglis Dam, S-155, and S-159 Upper. Mr. Narine's roll in the cost estimate included attending site visits at each structure, and creating excel worksheets that demonstrated a cost estimate for each component of the project including: Permits/Mobilization, Bypass Operations/Dewatering, Demolition/Disposal, Modification of the Existing Structure, Control Building, Mechanical, and Electrical.

KIRK W NOONAN

Modeler/CADD Manager

West Palm Beach, Florida

EXPERIENCE – 23 YEARS

EDUCATION

Fachabitur (AA in Applied Technology), Fachoberschule Eutin, Eutin, Germany, 1994

3 Years Toward BSCE, Fachhochschule Lubeck (Polytechnical University Luebeck), Luebeck, Germany, 1994 to 1998

LICENSES

LEED AP, US Green Building Council
FAA Part 107 Licensed sUAS Pilot

PROFESSIONAL HIGHLIGHTS

- ✓ 24 Years of H&H modeling experience with diverse software packages
- ✓ 20 Years of Civil 3D management, deployment and training provider

SUMMARY

Mr. Noonan is the Lead Modeler for NorthStar's Water Resources Group. He has nearly 25 years of experience in stormwater modeling and design, project management, permitting, field data acquisition, and construction project field inspection. Mr. Noonan has completed many diverse stormwater modeling projects ranging from small site plans to Everglades Agriculture Area conveyance improvement projects to a 31,000+ acre, multi basin modeling effort of the Upper St. Johns River Basin.

PROJECT EXPERIENCE

MODELER – MALLORY SWAMP, SUWANEE RIVER WATER MANAGEMENT DISTRICT, LAFAYETTE COUNTY, FL

Mr. Noonan served as lead modeler for this hydraulic and hydrologic groundwater-coupled surface watershed model which encompassed the drainage area of the 31,000± acre Mallory Swamp area. The ICPR v4 model was a hybrid 1D-2D surficial model consisting of man-made conveyances, culverts, natural channels and surface flows. He planned and implemented a data collection strategy for verification of model results. The model used a variety of connections into a groundwater model as boundary conditions and initial stage elevations to evaluate the effectiveness of past water-control measures implemented by the District under various rainfall and groundwater conditions.

MODELER/CADD – BISCAYNE BAY COASTAL WETLANDS – CUTLER FLOW WAY, SFWMD, MIAMI-DADE COUNTY, FL

The project improves the distribution of freshwater to Biscayne Bay and Biscayne National Park by re-directing runoff from the C-1 basin to coastal wetlands along Biscayne Bay. Tasks include adding parcels to the rehydration area, modeling for the conveyance and spreader canals to incorporate new information, and re-designing culvert crossings and the 400 cfs pump station. NorthStar is updating the engineering, modeling, analysis, design, and specifications to achieve the project objectives at the best construction value. The update utilizes current codes, technical references, and standard details. Mr. Noonan assisted with updating the project drawings to reflect the re-design of the facilities. As part of NorthStar's water resources team, Mr. Noonan is also updating 1D and 2D FESWMS/HEC-RAS models to the current HEC-RAS version using the updated design's conveyance and revised pump capacities. Mr. Noonan is liaising with the survey sub-contractor to integrate additional/revised topographic data into both the project drawings and the modeling efforts.

MODELER – C-51 RESERVOIR, PALM BEACH COUNTY, FL

The C-51 Reservoir will provide a sustainable and affordable regional water supply source to meet the future raw water demands for Palm Beach and Broward Counties for the next 50 years. The 2,200-acre reservoir should store up to 61,000 acre-feet of raw water at full build out. As the design of the reservoir evolved, Mr. Noonan used HEC RAS 5.0.7 to model flow directions and velocities at the inlet/outfall to optimize flows from L-8 to C-51 to reduce wind fetch length into a new structure and to optimize the size/shape of the outfall area to minimize scour and erosion.

KIRK W NOONAN

Modeler/CADD Manager

West Palm Beach, Florida

Professional Training & Continuing Education

- 2020 HEC-RAS 2D-Virtual Course, Association of Dam Safety Officials
- Interconnected Pond Routing Software Workshop, Streamline Technologies, Inc.
- Stormwater Inspector Trainer Training, Florida Department of Environmental Protection
- Certified Stormwater Inspector, Florida Department of Environmental Protection
- Records Management Seminar, Florida Department of State
- Autodesk Civil 3D Certified Professional

MODELER/CADD – EAA CANAL CONVEYANCE IMPROVEMENT PROJECT, SFWMD, PALM BEACH COUNTY, FL

NorthStar is leading a team of engineers, hydraulic/hydrologic water modelers, and surveyors in the study and design of the necessary conveyance improvements to two existing canals in Palm Beach County, Miami Canal and the North New River Canal, that move water south out of Lake Okeechobee through the Everglades Agricultural Area Basin to the stormwater treatment areas (STAs). Mr. Noonan assisted the team with coordination and quality control of the boundary and topographic survey data as well as the HEC-RAS 1D modeling. As the project moved into the design phase, Mr. Noonan led the modeling of the various design iterations, writing hydraulic reports as well as the creation of the design topographic models and project drawings.

MODELER – SFWMD C111/FROG POND, MIAMI-DADE COUNTY, FL

Starting with an existing ICPR model of the C-111 canal Mr. Noonan conducted a review and calibration to existing conditions. The calibration consisted of comparing multiple model scenarios with observed conditions at key locations, including water surface elevations at the headwater/tailwater, S-200, Frog Pond Detention Area [FPDA], the FPDA Header Channel, associated weirs and the Aerojet connection box culvert.

MODELER – FELLSMERE JOINT VENTURE (FJV)/FELLSMERE WATER MANAGEMENT AREA, FJV, FELLSMERE, FL

The Fellsmere Water Management Area is a 10,000-acre reservoir owned and operated by the SJRWMD. The reservoir is located on lands acquired by the District from Fellsmere Joint Venture LLC through a land swap. Mr. Noonan was tasked with conducting a peer review of the District's SWMM5 stormwater model to ensure that it complied with the conditions of the land swap dictating that the proposed changes to the irrigation and drainage system of the 14,500-acre property not impact existing farm operations on the pre-construction parcel. Mr. Noonan worked with stakeholders to ensure the model accurately reflected existing conditions of the farms and recommended revisions to the proposed drainage system to ensure contract conditions were met.

DARIO BLAZEVIC

Civil & Water Resource Engineer

Tampa, Florida

EXPERIENCE – 5 YEARS

EDUCATION

Bachelor of Science, Civil
Engineering, Cleveland State
University, 2019

PROFESSIONAL HIGHLIGHTS

- ✓ 5 years as a civil engineer with construction management knowledge
- ✓ Extensive experience with canal conveyance projects and water resources

SUMMARY

With more than five years of experience as an engineer and Construction Materials Testing (CMT) technician, Mr. Blazevic is a highly resourceful civil engineer with a comprehensive understanding of construction management principles. He is proficient in implementing safety policies and procedures, develops descriptive data reports, and is competent in performing a wide variety of field-testing procedures. He is knowledgeable and experienced in soil, concrete, asphalt, and foundation testing and monitoring. His completion of tasks includes field monitoring in commercial and industrial areas regarding concrete and soils testing, moisture density relations of soils, asphalt inspection, foundation inspection, laboratory testing and other industry related inspections and monitoring.

PROJECT EXPERIENCE

STAFF ENGINEER 2 – EAA CANAL CONVEYANCE IMPROVEMENT PROJECT, SFWMD, PALM BEACH COUNTY, FL

Mr. Blazevic has been actively engaged in various phases of the Miami Canal and the North New River Canal projects. His contributions encompassed a range of critical tasks, including conducting quality control (QC) reviews of the project plans, reviewing quantities and writing the Design Documentation Reports (DDR). Additionally, he played a role in performing slope stability analyses for the canal slopes to ensure structural integrity and prevent the need for further adjustments to the slopes. Lastly, he addressed traffic concerns for the NNRC Improvements, Mr. Blazevic has proposed a plan that prioritizes safety and efficiency. Hauling operations will predominantly utilize the east levee road while exclusively relying on District, County, or FDOT-owned bridges. Turn and acceleration lanes will be employed to streamline traffic flow, with a strict prohibition on traffic crossing US 27 directly. For access to the MIA Canal Phase 1 and 2 projects, only light vehicle traffic will be allowed on Bolles Canal Rd as per the District Field Station's request. Additionally, bypass roads on both the west and east sides of Miami Canal North Phase 1 will be established to safeguard a potential bald eagle nesting site, including a 660-ft construction buffer, demonstrating a commitment to both safety and environmental conservation. Collectively, Mr. Blazevic's contributions have greatly enhanced the ongoing success of the project, ensuring it maintains high standards of quality and efficiency for both the Miami Canal and North New River Canal projects.

STAFF ENGINEER 2 – BISCAYNE BAY COASTAL WETLANDS – CUTLER FLOW WAY, MIAMI-DADE COUNTY, FL

Mr. Blazevic has been a vital contributor to multiple phases of this extensive, water control structures and conveyances channel project. He played a key role in the quality control (QC) process, meticulously reviewing all plan sets and cross-referencing them with design documentation report (DDR) to ensure document quality and consistency. Furthermore, his responsibilities extended to technical writing for the Design Documentation Report (DDR), where he documented project details and specifications. He also worked closely with the team to thoroughly review the final updates for both the design report and plans, which led to the creation of the Corrected Final and Ready-to-Advertise contract document set.

DARIO BLAZEVIC

Civil & Water Resource Engineer

Tampa, Florida

STAFF ENGINEER – S-353 SPILLWAY RECONSTRUCTION AND REPAIRS, HERNANDO COUNTY, FL

Mr. Blazevic performed construction management services (CMS) for the SWFWMD S-353 spillway project. His contributions encompassed a range of critical tasks, including the diligent capture of progress pictures and the preparation of daily field reports, which provided valuable insights into the project's development. Furthermore, he played a pivotal role in ensuring that all project elements were constructed precisely in accordance with the approved plans and specifications. His effective coordination with contractors, subcontractors, and the district project manager fostered a harmonious working environment and ensured project milestones were met. Additionally, Mr. Blazevic made certain that the close-out punch list was diligently addressed in line with the district's specific requests, thereby ensuring the project's successful completion.

STAFF ENGINEER – C-43 WEST BASIN STORAGE RESERVOIR, HENDRY COUNTY, FL

The Caloosahatchee River (C-43) West Basin Storage Reservoir Project was initiated under the Water Resources Development Act (WRDA) of 2000. The project consists of an above ground reservoir with a total storage capacity of approximately 160,000 acre-feet. The reservoir is in the C-43 Basin which spans Hendry, Glades, Charlotte, Collier, and Lee counties. This project was designed to capture C-43 Basin runoff and releases from Lake Okeechobee. Mr. Blazevic was responsible for quality control and testing services for the utilization of multiple borrow pits, embankment placement of ~22-million cubic yards of fill, the construction and inspection of pump stations and water control structures, the construction of 2 bridge structures, rip-rap testing for the creation of canals, field and lab testing for associated roadways and inspection and testing of associated drainage structures.

STAFF ENGINEER – CYPRESS STREET OUTFALL, HILLSBOROUGH COUNTY, FL

This project improved the drainage outflow along the western side of the downtown Tampa area. Project improvements consisted of the installation of 1,700 feet of different-sized box culverts (9 feet by 7 feet and 12 feet by 4 feet) with junction chambers, open channels, and a retaining wall. The improvements were located along Cypress Street from the Hillsborough River to the intersection of North Boulevard and Cass Street. Mr. Blazevic provided quality control and materials testing for this project.

Professional Training

- CTQP Earthwork Construction Inspection
- Level 1
- CTQP Earthwork Construction Inspection
- Level 2
- CTQP Concrete Field Technician – Level 1
- FDOT Concrete Field Technician - Level 1
- ACI Concrete Field-Testing Technician Level 1
- Nuclear Safety Certification
- OSHA 10: Construction Safety Certified

MINA BEBAWY

Construction Management and Inspection
West Palm Beach, Florida

EXPERIENCE – 9 YEARS

EDUCATION

B.S., Mechatronics & Robotics
Engineering, Assuit University, Egypt,
2012

PROFESSIONAL HIGHLIGHTS

- ✓ 9 years as a Florida Engineer/Inspector
- ✓ Extensive experience with stormwater treatment
- ✓ Conducts quality assurance checks and construction inspections

SUMMARY

Mr. Bebawy has 9 years plus of progressive experience in civil works and land-related infrastructure and environmental projects. He has been working on various Water Management District projects during this time and has had the opportunity to work closely with multiple District Project Managers and personnel, along with other stakeholders and contractors, to deliver several successful District projects. Mr. Bebawy has worked on numerous projects that include levees, canals, pump stations, water control structures, culverts, weirs, and other components related to restoration projects. His experience includes a wide range of roles including QA/QC material testing, staff and project engineer, engineer during construction, construction inspection quality assurance/control, cost tracking and reconciliation, and civil design. He has specialized knowledge of the South Florida Water Management District (SFWMD), infrastructure Ready to Advertise contract documents, standard design specifications, design criteria memorandums and construction quality assurance, and control procedures.

PROJECT EXPERIENCE

SENIOR ENGINEER – EAA CANAL CONVEYANCE IMPROVEMENT NORTH NEW RIVER CANAL PROJECT, SOUTH FLORIDA WATER MANAGEMENT DISTRICT (SFWMD), PALM BEACH COUNTY, FL

Mr. Bebawy is working as an Engineer During Construction (EDC) representative for NorthStar as the EOR, during the construction of the North New River Canal. The project consists of approximately 11 miles of canal dredging to increase conveyance capacity of the North New River (NNR) Canal by 200 cubic feet per second (cfs) while keeping water stage levels and flow velocities within specified parameters. The conveyance will be increased by excavating material from the bottom and side slopes of the existing canal along three (3) identified canal segments. Dredge spoils are mechanically and hydraulically dredged to achieve the desired canal cross-section. Dredge spoils are pumped or hauled to a nearby Dredge Material Management Area (DMMA) location referred to as the Woerner Tract.

Some of Mr. Bebawy's relevant experience on the project includes reviewing and assisting the District in responding to shop drawings submittals, Requests for Information (RFIs), Requests for Clarification (RFCs), Requests for Proposals (RFPs), Change Orders (COs), Field Orders (FOs), Value Engineering (VE) Proposals. Mr. Bebawy also attends and facilitating construction meetings to discuss and resolve with the CMS, construction Contractor, Army Corps of Engineers, and District stakeholders. He also is responsible to examine critical design components throughout construction, and reviewing of testing results as well as quality control and quality assurance manuals and programs, surveys, as-built drawings, and help facilitate contract close-out documentation.

SENIOR CONSTRUCTION SPECIALIST – STORMWATER TREATMENT AREA (STA) 1W EXPANSION #2 PUMP STATIONS G-780, G-781, AND G-782, SOUTH FLORIDA WATER MANAGEMENT DISTRICT (SFWMD), PALM BEACH COUNTY, FL

Mr. Bebawy was a Construction Inspector and Quality Assurance Specialist during the construction of the STA-1W Expansion #2 area. The project consists of approximately 2,071-acres of new STA connected to the existing Stormwater Treatment Area 1 West (STA 1W) complex to provide additional water quality treatment to the western and eastern flow-ways of STA-1W. Project features included two 500 cfs and one 625 cfs

pump stations with both diesel and electric pumps, concrete lined connection canal, and associated STA levee and canal infrastructure.

Relevant experience included CMS inspection of reinforcing steel, formwork, concrete placement, subgrade approval, quality assurance, testing coordination, thorough daily documentation of design features including pump station construction, levee construction, canal construction, boat ramp construction, piles installation (sheet, concrete, and timber), RIPRAP placement, drainage structure installation, stilling well installation, and other typical features of SFWMD projects. He actively participated in bi-weekly progress meetings with the District, contractor, CMS team, and other project stakeholders to discuss construction progress and construction-related issues.

SR. ENGINEERING INSPECTOR – C-44 STORMWATER TREATMENT AREA (STA), SOUTH FLORIDA WATER MANAGEMENT DISTRICT, INDIANTOWN, FL

Mr. Bebawy was a Construction Inspector and Heavy Construction Cost Specialist during the construction of the 6,000-acre C-44 Stormwater Treatment Area (STA) designed to capture portions of C-44 basin runoff to attenuate flows and improve water quality. Relevant project features included gated inflow control structures, outflow weirs, RCP structures, control buildings, 10' x 10' box culverts, temporary hydration pump station S-401T, and over 10 miles of levee and canal infrastructure.

Mr. Bebawy performed weekly reconciliation and prepared weekly/monthly T&M billing reports, calculated average burn rate from previous actual cost to be used for future cost projection to maintain the project budget, and reviewed lump sum subcontractor cost, general expenses and monthly pay application.

Relevant experience included reinforcing steel, formwork, concrete placement, subgrade approval, quality assurance, testing coordination, levee construction, slope washouts repairs, cells grading, canal construction, RIPRAP placement, stilling well installation, sod and seed placement, HCSS heavy jobs tracking and reconciliation, thorough daily documentation of design features including levee construction, canal construction, culvert construction, drainage structure installation, stilling well installation, and other typical features of SFWMD projects.

He actively participated in bi-weekly progress meetings with the District, contractor, CMS team, and other project stakeholders to discuss construction progress and construction-related issues.

SR. ENGINEERING INSPECTOR – STORMWATER TREATMENT AREA (STA) 1W EXPANSION NO. 1, SOUTH FLORIDA WATER MANAGEMENT DISTRICT (SFWMD), PALM BEACH COUNTY, FL

Mr. Bebawy was a Quality Assurance and CMS Inspector for this project during the construction of 19 miles of earthen levees; 15 miles of discharge, collection, and spreader canals; 9 concrete water control structures; 14 pre-cast box concrete culverts; 8 articulated block boat ramps; and 4 articulated block overflow weirs. His responsibilities included observation and inspection of earthwork for subgrades, material placement for levee construction, backfilling operations, canal excavations, rip-rap installation, and sloping and grading.

BRIAN KELSAY, PE

Civil & Water Resource Engineer
Jacksonville, Florida

SUMMARY

Brian Kelsay is a Professional Engineer with over 24 years of experience in environmental engineering in Florida. Mr. Kelsay has served as a project manager on various projects including design, permitting and construction. He has also served as a senior engineer supporting canal conveyance, hydraulic/hydrologic modeling and providing QA/QC reviews for each project.

EXPERIENCE – 24 YEARS

EDUCATION

Bachelor of Science, Environmental
Engineering, University of Florida,
2000

Professional Engineer, FL #64776

PROFESSIONAL HIGHLIGHTS

- ✓ 24 years as an environmental engineer with a focus on water resources
- ✓ Extensive experience with canals/dams, water resources and construction management

PROJECT EXPERIENCE

PROJECT MANAGER – MASTERS TRACT STORMWATER TREATMENT FACILITY, ST. JOHNS COUNTY PUBLIC WORKS, ST. AUGUSTINE, FL 2020-2023

Brian served as Project Manager for St Johns County Public Works. He managed this \$4.6 million dollar project from initiation to completion. He oversaw design, permitting, and construction of 6,796 square feet of laboratory building. Design aspects included hydrology, paving and drainage, water distribution, sewer collection, storm water retention and laboratory specialty building design (exhaust hoods, walk-in cooler, special corrosion resistant pipes, DI water distribution system). He ensured plans met all local codes including County, state, and Historic Society. Tasks on the project included conceptual design, field reconnaissance, environmental resource permitting with St Johns River Water Management District and FDEP, building permitting, preparing RFQ scope for design, conducting RFQ review of qualified bidders, preparing construction bid documents, conducting construction bid reviews, overseeing construction, approving shop drawings and submittals, and approving final As-Builts and permit closeouts.

Mr. Kelsay also managed a \$12 million dollar project from initiation to construction. He oversaw design, permitting, and construction of a 19-acre park including 4 ball fields, multi-purpose field, concession stand, and restrooms. Design aspects included hydrology, paving and drainage, water distribution, sewer collection, storm water retention, and building design. Tasks on the project included conceptual design, field reconnaissance, environmental resource permitting with St Johns River Water Management District and FDEP, building permitting, preparing RFQ scope for design, conducting RFQ review of qualified bidders, preparing construction bid documents, conducting construction bid review, overseeing construction, and approving shop drawings and submittals.

2015-2017

Brian served as the Project Manager for St Johns County Public Works. He managed this \$8 million dollar project from bid to construction. Oversaw design, permitting and construction of 34-acre stormwater treatment facility, that included manmade wetlands and a pumpstation. Design aspects included hydrology, paving and drainage, water distribution, nutrient loading and reduction, and storm water

retention. Brian ensured plans met all local codes including county, state, and Historic Society. Tasks included field reconnaissance, environmental resource permitting with St Johns River Water Management District, FDEP, and US Army Corp of Engineers, preparing construction bid documents, conducting construction bid review, overseeing construction, approving shop drawings and submittals, and approving final As-Builts and permit closeouts.

BRIAN KELSAY, PE

Civil & Water Resource Engineer
Jacksonville, Florida

SENIOR ENGINEER – EAA CANAL CONVEYANCE IMPROVEMENT PROJECT, SFWMD, PALM BEACH COUNTY, FL

NorthStar is leading a team of engineers, hydraulic/hydrologic water modelers, and surveyors in the study and design of the necessary conveyance improvements to two existing canals in Palm Beach County, the Miami Canal, and the North New River Canal, which all move water south out of Lake Okeechobee and through the Everglades Agricultural Area Basin to stormwater treatment areas (STAs). Brian supports the project providing plan reviews, QA/QC, and submittal reviews.

SENIOR ENGINEER – BISCAYNE BAY COASTAL WETLANDS – CUTLER FLOW WAY, SFWMD, MIAMI-DADE COUNTY, FL

NorthStar is tasked with updating engineering, modeling, analysis, design, and specifications to achieve project objectives at the best construction value. The project improves the distribution of freshwater to Biscayne Bay and Biscayne National Park by re-directing a runoff from the C- 1 basin into coastal wetlands along Biscayne Bay. Tasks include adding parcels to the rehydration area, modeling for the conveyance and spreader canals to incorporate new information, and re-designing culvert crossings and the 400 cfs pump station. The update utilizes current codes, technical references, and standard details. Brian supports the project by providing QA/QC and submittal reviews.

Jessica McRory, PE, LEED AP

SENIOR GEOTECHNICAL ENGINEER

16 years at AREHNA

Education

Master of Science, Civil Engineering,
Geotechnical Concentration
University of South Florida, 2004

Bachelor of Science, Civil Engineering
University of South Florida, 2003

Career Summary

Ms. McRory has managed the geotechnical aspects of testing, design and construction for over a thousand engineering projects over the last 21 years. Her involvement has included analysis and evaluation of soil conditions pertaining to new construction design, as well as ongoing construction projects. Project experience has ranged from task order contracts to large FDOT projects. Other responsibilities have included coordinating geotechnical field and laboratory testing, as well as construction materials testing services. Evaluations have included soil and groundwater conditions, determining soil bearing capacity and consolidation characteristics and analyzing the performance of various types of foundation systems. Ms. McRory has provided recommendations for shallow foundations, various ground improvement techniques and deep foundation systems including driven piles, drilled shafts and augercast piles.

Project Experience

Engineering and Consulting Services, St. Pete Beach, Florida AREHNA supports this task order contract on an as-need basis. Projects include roadway, bridge and intersection improvements, water and wastewater, stormwater and drainage, facilities, parks and seawalls. Task included a new 36-foot by 18-foot elevated platform that will house the new backup generator and a 5,600 gallon tank for the existing pump station. Ms. McRory serves as the Contract Manager and provided project oversight, field and laboratory coordination and site recommendations.

St. Pete Beach, 36th Avenue Seawall Repair, St. Pete Beach, Florida This project consists of replacing an approximately 30 LF section of concrete seawall with a living shoreline. Ms. McRory serves as the Project Manager responsible for project oversight, coordinating and overseeing drilling and laboratory testing programs, providing recommendations, engineering analysis and reporting.

Geotechnical Materials Testing and Inspection Continuing Services Contract St. Petersburg, Florida The work includes a variety of transportation and utility replacement projects. Ms. McRory coordinated and oversaw drilling and laboratory testing programs and performed engineering analysis and reporting.

Consulting Services for Stormwater Management Services, St. Petersburg, Florida AREHNA provides geotechnical engineering support services as a subconsultant on this stormwater improvements task order contract. Multiple sites throughout the city have been identified as flood prone areas with insufficient drainage. The purpose of our geotechnical study was to obtain information on the general subsurface conditions at the proposed project sites. Ms. McRory serves as the Project Manager.

Geotechnical & Materials Testing Contract, Pinellas County, Florida AREHNA is currently supporting multiple ongoing transportation projects. AREHNA has performed Contractor Quality Control testing as an extension of the County under this contract. Asphalt sampling and testing for several resurfacing projects and roadway improvement has been underway. Concrete and field soil densities were performed and FDOT log books have been maintained under this contract. Drilled shaft testing and inspections have been performed, as well as extensive asphalt testing and inspection.

City of Tampa A/E Continuing Services Contract, Tampa, Florida Ms. McRory served as the Senior Geotechnical Engineer – Work was performed on an as needed basis to support City of Tampa Public Works Projects. Services included drilling and laboratory testing, engineering analysis and reporting for drainage/stormwater and roadway projects, including Marjorie Rd., Kensington Ave. Drainage Study and Cleveland Street Improvements.

Roadways, Drainage, Structural, Civil and Traffic Engineering, Pinellas County, Florida Ms. McRory provides geotechnical engineering services on this task order contract consisting of roadways, sidewalks and drainage improvement projects to include 62nd Avenue Improvements, 42nd Avenue Sidewalk/Drainage Improvements, Philippe Park Pedestrian Bridge and Sand Key Park Pavement Improvements.

Miscellaneous A/E Services Contract for Potable Water, Wastewater and Reclaimed Water Projects (Main Replacement), St. Petersburg, Florida This project included the replacement of a Watermain in downtown St. Petersburg. Scope included a geotechnical study to obtain information on the general subsurface conditions at the proposed project alignment.

Miscellaneous Professional Services for Stormwater Management, Transportation & Bridge Improvement Services, St. Petersburg, Florida Ms. McRory served as the Project Manager for geotechnical engineering services on multiple transportation, bridge replacements and seawall rehab and replacement projects under this task order contract. Services included drilling and laboratory testing, engineering analysis and reporting. Ms. McRory was responsible for assisting with coordination and performing quality oversight for the project.

Placido Bayou Shoreline Restoration, St. Petersburg, Florida The lakes are located to the south and north of the intersection of Placido Parkway Loop and Quintana Place NE in St. Petersburg, Florida. AREHNA conducted geotechnical investigation to obtain information on the general subsurface conditions at the proposed project site. Ms. McRory provided site recommendations on natural methods for stabilizing the lake shorelines.

Transportation Production Management Support Contract (West River Redevelopment Living Shorelines and Multi-use Pathway), Tampa, Florida This project consists of improvements along multi-use paths to include site work, new/rehabilitated pavement, guard rails and pedestrian railing, lighting, landscaping, and seawall/shoreline repair or restoration. AREHNA conducted field geotechnical investigation at the proposed Living Shoreline locations including Tony Jannus Park, Tampa Preparatory School, and Blake High School. Ms. McRory provides project oversight, coordinates field and laboratory testing, geotechnical analysis, soils parameters and site recommendations.

Pasco County Continuing Professional Services for Pasco County Utilities (Public Infrastructure), Pasco County, Florida Ms. McRory supports this Capital Improvement Program (CIP) contract and other programs related to water, wastewater, reclaimed water, and solid waste systems for the Utilities department, Public Infrastructure Branch.

Material Testing Professional Consulting Services, Pinellas County, Florida AREHNA serves as the Prime Consultant on this as needed task order is contract. Task include sampling and testing construction materials. Projects under this contract include roadways, traffic signal poles, stormwater facilities and other City owned buildings and facilities. Ms. McRory serves as the Project Manager.

Subsurface Testing & Inspection Contract - Prime Contract, Hillsborough County, Florida AREHNA provided geotechnical engineering and construction oversight services under this continuing services contract. Projects have included multiple County sites for Hardened Maintenance Facilities and support other County developments. Geotechnical explorations are performed to obtain information on the general subsurface conditions of the proposed structures, stormwater facilities and parking lots. Ms. McRory served as the Senior Geotechnical and Contract Manager.

City of Tampa A/E Continuing Services Contract, Tampa, Florida Ms. McRory served as the Senior Geotechnical Engineer – Work was performed on an as needed basis to support City of Tampa Public Works Projects. Services included drilling and laboratory testing, engineering analysis and reporting for drainage/stormwater and roadway projects, including Marjorie Rd., Kensington Ave. Drainage Study and Cleveland Street Improvements.

Bridge Asset Management Contract, Hillsborough County, Florida Ms. McRory serves as the Project Manager for geotechnical engineering services on multiple consultant contracts for bridge rehab and repair projects under this task order contract. Services include field testing, drilling and laboratory testing, engineering analysis and reporting.

Culvert and Pump Station Rehabilitation Projects, Hillsborough County, Florida This task order contract consists of stormwater culvert, cross drain, side drain improvements, stormwater pump station rehabilitations and roadway and draining improvements. Ms. McRory serves as the Contract Manager responsible for project oversight, quality control, coordination for the field exploration, laboratory testing and geotechnical analysis, recommendations for site preparation, design, and construction.

District-Wide Materials & Testing CEI Support Continuing Services Contract, District One & Seven, Florida AREHNA serves as the Prime Consultant on this task-order contract. Ms. McRory ensures adequate available resources for the field exploration programs including soil borings, and pavement coring, as well as construction materials testing. Services included pavement data collection, design of structure foundations and soil surveys for intersection improvement, resurfacing, widening and bridge projects.

Miscellaneous Improvements - Traffic Ops Design Studies Continuing Contract, District Seven, Florida AREHNA supports this task order contract for geotechnical engineering services which include studies, design and preparation of roadway construction on State Highways, County Roads and City Streets within the five counties of District Seven. Ms. McRory serves as the Contract Manager.

Career Summary

Mr. Hill's experience includes project management and technical direction of geotechnical engineering projects, geotechnical field investigations, and analyses for numerous public and private sector clients. His experience includes working on numerous projects in the areas of subsidence (sinkhole) investigations and sinkhole/structure stabilization. Geotechnical projects include project management and geotechnical design of shallow and deep foundation systems for commercial, industrial and residential structures, bridges and sanitary/water system structures and waste phosphatic clay and organic soil stabilization, as well as providing design soil parameters and recommendations for roadway embankments, pavement including airport taxiways, aprons and parking areas, landfills, MSE walls, mast arm poles, stormwater ponds, retaining walls, pipelines, storage tanks, pond clay liners and monitoring wells. His technical experience includes soil classification, seepage analysis, settlement analysis, slope stability analysis and various soil stabilization/improvement techniques.

Mr. Hill serves as the Project Manager and EOR for geotechnical engineering portions of these projects. Mr. Hill also performs internal QA review of technical reports. Project experience includes geotechnical evaluation, design and soil testing throughout Florida.

Project Experience

Miscellaneous Professional Services for Stormwater Management, Transportation and Bridge Improvement Projects, St. Petersburg, Florida Mr. Hill provides geotechnical engineering support as a subconsultant on this professional services contract for Stormwater management, Transportation and Bridge Improvement projects.

Intersection Carillon Parkway and Fountain Parkway, St. Petersburg, Florida The purpose of our geotechnical study was to obtain information on the general subsurface conditions for the proposed signal improvements. Mr. Hill served as the Senior Geotechnical Engineer responsible for coordinating the subsurface explorations, soil classification, supervising the laboratory testing program, geotechnical engineering recommendations and report preparation.

Geotechnical Engineering Contract (Northeast Water Reclamation Facility), Saint Petersburg, Florida Mr. Hill performed geotechnical engineering services for this project which consists of renovations to the existing pump station to accommodate new equipment.

Southwest Water Reclamation Facility Improvements, St. Petersburg, Florida The project site is located west of US Highway 19 at Frenchman Creek, in St. Petersburg Florida. The site is part of Southwest Water Reclamation Facility improvements for the City of St Petersburg. Mr. Hill provides geotechnical engineering services for this project which includes the design of a sheet pile wall to stabilize the embankment along the Frenchman's Creek.

Roadway and Drainage Improvements (CIP), Largo, Florida AREHNA provided geotechnical services for this project which consists of multiple subdivision roadway and drainage improvements. Mr. Hill's responsibilities included project oversight, field and laboratory testing, geotechnical analysis, recommendations, and report.

Stormwater Continuing Services Contract, Hillsborough County, Florida This contract supports drainage and stormwater improvement projects. We have closely coordinated with the design team to ensure that deadlines are met. Mr. Hill has managed several of the tasks under this contract.

Subsurface Testing & Inspection Contract, Hillsborough County, Florida AREHNA provides geotechnical engineering and materials testing services on this continuing services contract. Mr. Hill provides project oversight, geotechnical engineering recommendation and report preparation for the contract.

Miscellaneous Professional Services for Engineering Services, Transportation Development and Design, Hillsborough County, Florida Mr. Hill serves as the Geotechnical Project Manager on this Hillsborough County contract that supports transportation improvement projects. Projects have included culvert replacements damaged by severe flooding.

A/E Continuing Services Contract, City of Largo, Florida AREHNA serves as the Prime Consultant on this task order contract. Projects have included roadways improvements, milling and resurfacing, miscellaneous structures, stormwater and water and waste water facilities throughout the City. Mr. Hill oversees field and laboratory testing, geotechnical analysis, soils parameters and site recommendations.

Whispering Sands Pump Station, Hillsborough County, Florida The purpose of our geotechnical study was to obtain information on the general subsurface conditions for the proposed construction of a new duplex stormwater pump station. The site is currently occupied by a pump station and stormwater pond. The project consists of a new duplex stormwater pump station to replace the existing pump station and possible re-design of the pond (dredging) to potentially increase storage capacity and improve water quality. Mr. Hill's responsibilities included field and laboratory coordination, soil classifications, geotechnical analysis, recommendations and reporting.

Pinellas County Utilities Continuing Professional Engineering Services, Pinellas County, Florida The work includes water supply and treatment; transmission, distribution and collection pipe networks; wastewater treatment facilities; utility relocations; wastewater pumping systems and hydraulic system network modeling. Mr. Hill supports this contract on an as-needed basis for coordinating and overseeing drilling and laboratory testing programs and performs engineering analysis and reporting.

Engineering Contract Wastewater Department, Tampa, Florida Responsibilities included geotechnical scope development and cost estimation, boring layout and utility coordination, soil classifications.

Geotechnical & Construction Materials Testing Services Contract, Tarpon Springs, Florida AREHNA serves as the Prime Consultant on this Professional Services Engineering task order contract and provides on an as-needed basis Geotechnical Engineering Services to include soil exploration, geotechnical exploration testing, roadway materials testing, foundations studies, construction materials sampling testing and reporting, pavement evaluation and reporting. Mr. Hill is responsible for coordinating field testing and provides geotechnical recommendations.

District-Wide Geotechnical and Materials Testing Continuing Services Contract, District Seven, Florida Mr. Hill performs geotechnical services on numerous transportation projects throughout the district. He oversees field exploration programs for soil borings, pavement coring and construction materials testing.

Lower Peninsula Stormwater Improvements Project Southeast Region Design-Build, Tampa, Florida This project consists of the utility construction and/or relocation of over 10,000 linear feet of box culvert, pipes, laterals, inlets, interconnections through a stormwater pond and outfall to Hillsborough Bay. Mr. Hill's responsibilities include geotechnical scope development and cost estimation, boring layout and utility coordination, geotechnical analysis, and reporting.

Tampa Multimodal Network and Safety Improvements Project-West Riverwalk, Tampa, Florida Mr. Hill provides geotechnical engineering services for this project which consist of pedestrian sidewalk expansions, trail connection, connections between bicycle and transit facilities, pedestrian friendly streets, crosswalks and enhanced lighting and utilities.

Pasco County Utilities Continuing Services (Public Infrastructure), Pasco County, Florida The work includes water supply and treatment; transmission, distribution and collection pipe networks; wastewater treatment facilities; utility relocations; wastewater pumping systems and hydraulic system network modeling. Mr. Hill supports this contract on an as-needed basis for coordinating and overseeing drilling and laboratory testing programs and performs engineering analysis and reporting.

Stormwater Professional Engineering Services (Curlew Creek Stormwater), Pinellas County, Florida AREHNA supports multiple consultants on an as-needed basis for stormwater improvement projects. Projects have included Curlew Creek Stormwater. Mr. Hill supports this contract on an as-needed basis for coordinating and overseeing drilling and laboratory testing programs and performs engineering analysis and reporting.

Sea Pines Neighborhood, Hudson, Florida AREHNA provided geotechnical services for this project which consists of infrastructure improvements to aid in flood abatement for the Sea Pines Neighborhood, located in Hudson, Florida. These improvements consist of stormwater management system upgrades (head wall foundation design) and the installation of at least one new box culvert and pipelines. Scope included seasonal high groundwater determination, Standard Penetration Test borings, auger borings, laboratory testing, analysis, recommendations and reporting.

BRIAN WOZNIAK, PE, CFM

Water Resources Engineer

HANSON

Biography:

Brian has more than 34 years of experience in project management; watershed modeling and master planning; floodplain/floodway modeling; water quality analysis, erosion control, grading erosion, and sediment control plans; dam failure analysis; and hydrologic and hydraulic modeling of rivers and watersheds. He is well-versed in computer applications such as SRH-2D, HEC-RAS (1D and 2D), HEC-2, HEC-HMS, HEC-1, EPASWMM, ICPR, ArcGIS, Federal Emergency Management Agency BCA, AutoCAD Land Desktop, HydroCAD, TR-20, HY8, StormCAD, CulvertMaster, CUHP, UDSEWER, and WaterCAD.

Years Experience:

» 34

Education:

- » MBA / Business Administration
- » BS / Civil Engineering

Registrations & Certifications:

- » Professional Engineer / FL, GA, CO, IL, MO, OH, PA, UT
- » Certified Floodplain Manager

Professional Organizations:

- » Board of Directors, AWRA-FL
- » Committees for Water Resources ACEC-FL: SFWMD, SWFWMD, SJRWMD, and Legislation

Relevant Project Experience:

Water Control Structure Inspections, Southwest Florida Water Management District, Various Locations – Project Manager. Inspected 26 water control structures owned and operated by the Southwest Florida Water Management District. The inspections were needed to ensure continued operational integrity and avoid partial or total failure that could endanger the safety of the public or cause substantial property damage. The findings are being used to identify and prioritize repairs. The inspections, for structures equipped with electrical equipment, included interior and exterior lighting, cables and wires, raceways, fittings and supports, grounding system, electrical boxes, transformers, transfer switches, generators, and motors.

Lake Hancock Water Control Inspections, Electrical Engineering Inspection and Reporting, Southwest Florida Water Management District, Polk County – Project Manager. Inspections were conducted on six water control structures at Lake Hancock to ensure operational integrity and prevent failures that could harm public safety or property. This included evaluating lighting, wiring, grounding systems, motors, ventilation, control panels, and alarm systems. Reports will help the water management district prioritize necessary repairs.

EAA Canals, Miami and North New River Conveyance Improvements, South Florida Water Management District, Various Locations – Project Manager. Providing structural inspection and analysis, hydraulic analysis and modeling, geotechnical analysis of canal slope stability, and structural design to improve conveyance for bridges in the Miami Canal and North New River Canal. The project is a part of the Central Everglades Planning Project, a long-term effort to improve conveyance between Lake Okeechobee and the A-2 Reservoir. Services included an independent review of all current HEC-RAS modeling and evaluating concepts for bridge improvements.

S-29 Pump Station, South Florida Water Management District, Miami-Dade County – Project Manager. Miami and South Florida face vulnerability to Sea Level Rise, prompting the SFWMD to implement the S-29 pump station for regional resiliency. Hanson is conducting 2D modeling, data gathering, and reporting for the project, analyzing hydraulics at the pump station's intake and discharge, including US 1 and railroad bridges. The model also evaluates the receiving canal's interaction with Maule Lake. Future phases will incorporate CFD (3D) modeling and physical modeling for pump station design.

S-353 Spillway Repair Design, Southwest Florida Water Management District, Citrus County – Project Manager. Provided final design and construction inspection of dam spillway repairs at Water Control Structure S-353 on Lake Tsala Apopka. Design plans were developed to reconstruct the spillway toe underdrain and the sill underdrain, fill extensive sub-slab voids with polyurethane injected grout, and repair the concrete surface and joints. Hanson's services including stakeholder coordination, data collection, design assessment, and construction engineering.

AUSTIN THOMPSON, PE

Electrical Engineer

HANSON

Biography:

Austin has provided electrical engineering for wastewater and water treatment facilities, railyards, roadways, and buildings. He performs power load summary studies and calculations; low-voltage and medium voltage power distribution; electrical protective device calculations and coordination; electrical equipment sizing calculations; building fire alarm and mass notification system design; building lighting control system design; railyard fiber optic system design; electrical equipment area classification design; and heat trace design.

Years Experience:

» 15

Education:

» BS / Electrical Engineering

Registrations & Certifications:

» Professional Engineer / FL, IL, PA, TE, TX, WA, NC, SC

Relevant Project Experience:

Water Control Structure Inspections, Southwest Florida Water Management District, Various Locations – Quality Assurance/Quality Control Manager.

Inspected 26 water control structures owned and operated by the Southwest Florida Water Management District. The inspections were needed to ensure continued operational integrity and avoid partial or total failure that could endanger the safety of the public or cause substantial property damage. The findings are being used to identify and prioritize repairs. The inspections, for structures equipped with electrical equipment, included interior and exterior lighting, cables and wires, raceways, fittings and supports, grounding system, electrical boxes, transformers, transfer switches, generators, and motors.

Lake Hancock Water Control Inspections, Electrical Engineering Inspection and Reporting, Southwest Florida Water Management District, Polk County – Electrical Engineer.

Inspections were conducted on six water control structures at Lake Hancock to ensure operational integrity and prevent failures that could harm public safety or property. This included evaluating lighting, wiring, grounding systems, motors, ventilation, control panels, and alarm systems. Reports will help the water management district prioritize necessary repairs.

F-35 Flight Simulator Facility, FSB Federal Design Group, 125th Fighter Wing, Jacksonville International Airport, Jacksonville – Electrical Engineer.

As part of a joint-venture team, Hanson is providing civil, mechanical, electrical, and geotechnical engineering services and permitting associated with a new four-bay F-35 flight simulator facility to be constructed at the Jacksonville International Airport. The approximately 20,000-square-foot facility will include reinforced concrete foundation and floor slab, structural steel frame with masonry walls, and a standing seam metal roof.

Mechanical, Electrical, and Plumbing Engineering Continuing Contract, Orange County – Electrical Engineer.

Hanson has provided mechanical engineering services for the following projects: Sheriff Sector IV Chiller Replacement, Corrections Laundry Aqua Recycle System Assessment, Convention Center N/W Building Penthouse CHW Valves, Medical Examiners Building Automation System Replacement Assessment and Design, John Bridges Community Center Campus Chiller Assessment, East Orange District Park HVAC Remediation and more.

SR 30 (US 98B/Beach Drive) Resurfacing, Florida Department of Transportation, District Three, Bay County – Electrical Engineer.

This resurfacing project consists of resurfacing the existing travel lanes, auxiliary lanes, paved shoulders, and on-street parking. The typical section consists of two travel lanes that vary between 10 and 16 feet wide with curb and gutter. Pedestrian lighting will be added for the mid-block crossing at East Caroline Boulevard. The pavement failures and existing drainage system in this area will be evaluated, and recommendations will be provided to resolve the issues.

XIN TONG, PE
Electrical Engineer

HANSON

Biography:

Xin serves as an electrical engineer with experience in the design of low voltage power distribution, protection, communication, and lighting systems for commercial and government buildings using client requirements. She takes pride in ensuring design compatibility and budget and schedule efficiency. Xin also performs engineering assessments of existing conditions at pump stations, cellular towers and creates engineering reports to communicate equipment and site conditions for end user and stakeholders, providing reports detailing necessary maintenance or upgrades. She is proficient in AutoCAD, MicroStation, and AGI.

Years Experience:

» 5

Education:

Professional Affiliations:

- » ACEC Environment and Energy and International Committees
- » ACEC Florida, Energy Director and Energy Committee Chair
- » Palm Beach Atlantic University Board of Trustees
- » University of Central Florida, Center for Global Economic and Environmental Opportunity Committee

Relevant Project Experience:

Water Control Structure Inspections, Southwest Florida Water Management District, Various Locations – Electrical Engineer. Inspected 26 water control structures owned and operated by the Southwest Florida Water Management District. The inspections were needed to ensure continued operational integrity and avoid partial or total failure that could endanger the safety of the public or cause substantial property damage. The findings are being used to identify and prioritize repairs. The inspections, for structures equipped with electrical equipment, included interior and exterior lighting, cables and wires, raceways, fittings and supports, grounding system, electrical boxes, transformers, transfer switches, generators, and motors.

Lake Hancock Water Control Inspections, Electrical Engineering Inspection and Reporting, Southwest Florida Water Management District, Polk County – Electrical Engineer. Inspections were conducted on six water control structures at Lake Hancock to ensure operational integrity and prevent failures that could harm public safety or property. This included evaluating lighting, wiring, grounding systems, motors, ventilation, control panels, and alarm systems. Reports will help the water management district prioritize necessary repairs.

Clermont Campus – Building 3 Chiller Replacement, Lake Sumter State College – Electrical Engineer. Hanson provided Design, Permitting, Bidding, and Construction Phase services for the Building 3 Chiller Replacement project at Lake-Sumter State College South Lake Campus Library in Clermont.

Clermont Campus – Building 1 HVAC, Lake Sumter State College – Electrical Engineer. Hanson is providing is providing mechanical and electrical design and construction administration services for the removal and replacement of select exterior CUs and their matching indoor AHUs. South Lake Campus Building 1 HVAC Renovation. Lake Sumter State College South Lake Campus Classroom Building (Building 1) is a two-story building and is one of the original buildings on campus. It is currently air conditioned using multiple large tonnage (> 30 tons) outdoor condensing units and matching indoor air handling units and a network of supply/return ductwork. All equipment is scheduled and controlled using a direct digital control system by Automated Logic Controls.

Continuing Contract for Mechanical, Electrical, and Plumbing Engineering Services, University of Central Florida, Orlando – Electrical Engineer. Hanson serves as a continuing contract mechanical, electrical, and plumbing engineer for the University of Central Florida. To date, the contract has included the following projects: Buildings 27, 45, 54, and 94 HVAC Controls Modernizations, Thermal Energy Storage, Tertiary Pump Assessment Phase, Building 72 Cooling Tower 8 Replacement, Downtown Campus CMB Chilled Water Additions, Campus Wide Equipment Condition Assessment, Mechanical, Materials and Aerospace Engineering (MMAE) Lab Design Study, Chiller Efficiency Testing, and Physical Sciences Building Room 121/122 Exhaust Hood Addition.

RYAN NATION, PE, RCDD

Electrical Engineer

HANSON

Biography:

Ryan has extensive experience in designing power, lighting, communications, and related electrical systems for buildings and facilities. His project portfolio includes the design of commercial water pumping stations, emergency power systems, and control circuitry. Ryan has also conducted electrical design surveys, contributed to the development of electrical basis of design reports, and performed comprehensive reviews of plans, specifications, and shop drawings to ensure project accuracy and compliance with industry standards.

Years Experience:

» 27

Education:

» BS / Electrical Engineering

Registrations & Certifications:

- » Professional Engineer / IL, ID, IN, IA, MI, MO, OK, TX
- » Registered Communications Distribution Designer

Relevant Project Experience:

Water Purification Plant Process Waste Pond Relocation, City Water, Light and Power, Springfield, Illinois – Electrical Engineer. Hanson provided engineering services for relocating three waste lime ponds at the Water Purification Plant, constructed on fly ash fill near Dallman and Lakeside ash ponds. Due to upcoming regulatory changes, these ponds must be closed and relocated. Hanson verified waste quantities, collaborated with the client on historical data concerning flows and solids concentrations, and assessed probable construction costs. Additionally, they evaluated operational costs and the feasibility of alternatives in light of potential changes to Coal Combustion Residuals (CCR) rules.

Public Water Supply District No. 2, Lakewood Lift Station Improvements, St. Charles County, Missouri – Electrical Engineer. This project involved design, bidding, and construction-phase services for replacing the existing lift station. The lift station's 10-inch ductile iron force main discharges into a new 24-inch Henke Road Force Main, which was constructed concurrently. Additional design services re-routed approximately 1,030 linear feet of existing 8- to 12-inch sanitary sewers. Initial sizing and scope were based on a nominal average daily flow of 0.30 MGD. Final sizing accommodates a future 0.28 MGD average daily flow, with storage and pumping capacity for a total wet weather flow of 1,306 GPM.

Vistra East Fork Shoal Creek Pump Station and Gate Structure, Coffeen, Illinois – Electrical Engineer. Hanson designed a 60-CFS pump station to collaborate with an existing 20-CFS station and a proposed bascule gate, supplying water to Coffeen Lake. The project included modifications to the intake channel and installation of a 42-inch discharge pipe, automating the system based on water levels in East Fork Shoal Creek.

Periodic Dam and Levee Inspections, USACE St. Louis District, Various Locations in Missouri and Illinois – Electrical Engineer. Conducted inspections of electrical systems in 33 pump stations for safety compliance. Documented findings in LIS tablets and coordinated with USACE through DrChecks. Led inspections of 10 levee systems and participated in 14 more across the Mississippi, Missouri, Illinois, and Kaskaskia Rivers for the National Levee Safety Program.

I-75 Rest Area, Florida Department of Transportation, District Five, Marion County – Electrical Engineer. Hanson provided engineering services for an innovative rest area approximately 3.8 miles south of the SR 200 interchange. As a subconsultant, Hanson conducted site lighting and providing design and plans for the rest area, southwest of Ocala. Hanson's scope of services included architectural development of mechanical, electrical and plumbing plans, technical special provisions, an emergency power generator for each of the two rest area facilities and LEED certification assistance.

BRIAN MALDONADO

Electrical Designer

HANSON

Biography:

Brian's experience includes design for numerous projects at Orlando International Airport, including the South Terminal Complex expansion, as well as a variety of commercial properties. His background includes power, lighting, utility sizing, available fault current calculations, emergency generator sizing, lightning protection, and grounding. He has coordinated with multiple consultant disciplines such as architectural, mechanical, plumbing, fire alarm and fire protection, signage, front-of-house lighting design, landscape, and civil and systems.

He is proficient in Revit, AutoCAD, and MicroStation.

Years Experience:

» 12

Education:

- » BS / Electrical Engineering
- » AA / Engineering

Relevant Project Experience:

Water Control Structure Inspections, Southwest Florida Water Management District, Various Locations – Electrical Designer. Inspected 26 water control structures owned and operated by the Southwest Florida Water Management District. The inspections were needed to ensure continued operational integrity and avoid partial or total failure that could endanger the safety of the public or cause substantial property damage. The findings are being used to identify and prioritize repairs. The inspections, for structures equipped with electrical equipment, included interior and exterior lighting, cables and wires, raceways, fittings and supports, grounding system, electrical boxes, transformers, transfer switches, generators, and motors.

Lake Hancock Water Control Inspections, Electrical Engineering Inspection and Reporting, Southwest Florida Water Management District, Polk County – Electrical Designer. Inspections were conducted on six water control structures at Lake Hancock to ensure operational integrity and prevent failures that could harm public safety or property. This included evaluating lighting, wiring, grounding systems, motors, ventilation, control panels, and alarm systems. Reports will help the water management district prioritize necessary repairs.

SR 24 (Martin Luther King Boulevard/US 441) Pedestrian Lighting Retrofit (Museum Road to Northwest 29th Road), Florida Department of Transportation, District Two, Alachua County – Lighting Designer. This project involved designing upgrades to lighting levels at 13 intersections along SR 24. The purpose of the project was to increase safety for pedestrians traveling across the intersection at night. The project included converting existing lighting fixtures from high-pressure sodium to LED fixtures, evaluating lighting levels at each intersection, and adding new light poles to supplement existing poles.

SR 26 Pedestrian Lighting Retrofit (Oaks Mall to West 1st Street), Florida Department of Transportation, District Two, Alachua County – Lighting Designer. This project involved designing upgrades to lighting levels at 28 intersections along SR 26. The purpose of the project was to increase safety for pedestrians traveling across the intersection at night. The project included converting existing lighting fixtures from high-pressure sodium to LED fixtures, evaluating lighting levels at each intersection, and adding new light poles to supplement existing poles.

I-75 Rest Area, Florida Department of Transportation, District Five, Marion County – Electrical Designer. Hanson provided engineering services for an innovative rest area approximately 3.8 miles south of the SR 200 interchange. As a subconsultant, Hanson conducted site lighting and providing design and plans for the rest area, southwest of Ocala. Hanson's scope included architectural development of MEP plans, technical special provisions, an emergency power generator, and LEED certification assistance.

LEE BLOOME, PE

Civil Engineer

HANSON

Biography:

Lee has extensive civil engineering experience, including design and rehabilitation of pump stations and sanitary sewers, potable and raw water pump stations, and elevated tanks. He is also experienced in computerized hydraulic modeling of distribution systems, infrastructure grant and loan administration, and water and sewer rate evaluation and determination. He is currently working with communities to address future resiliency improvements and other utility work to address projected growth and hardening needs.

Years Experience:

» 27

Education:

» BS / Civil Engineering

Registrations & Certifications:

» Professional Engineer / FL, IL, TX, MO

Relevant Project Experience:

Paradise Point Wastewater Pump Station and Force Main System, Putnam County – Utility Engineer. Coordinated and implemented multiple phases of work to secure project funding and provide design/construction of new wastewater facilities through a design-build team. The project involved removing an existing wastewater treatment facility from service, as well as its point source discharge, and replacing it with a new pump station and force main system. The new systems convey wastewater to the County's master pump station, which is then sent to the East Putnam Regional Wastewater Treatment Facility in East Palatka.

Bithlo Highway Maintenance Center Water Treatment Modifications – Phase 1, Orange County Facilities Management Division – Utility Engineer. Designed upgrades to existing well and treatment system to remove iron and reduce taste and odor issues in the water supply. A chlorine feed pump and tank and retention tank were added on a concrete pad adjacent to the current treatment system. A carbon filter was added between the softener and the UV disinfection system.

San Benito Maintenance Yard Lift Station, San Benito, Texas – Project Engineer. Provided design, bidding, and construction administration for replacement of the existing San Benito lift station. The new facility consists of a minimum duplex above grade pump lift station with above grade station piping, in addition to new controls, a PLC monitoring system, and a new bypass pump connection for emergency operations.

Public Water Supply District No. 2, Lakewood Lift Station Improvements, St. Charles County, Missouri – Civil Engineer. This project involved design, bidding, and construction-phase services for replacing the existing lift station. The lift station's 10-inch ductile iron force main discharges into a new 24-inch Henke Road Force Main, which was constructed concurrently. Additional design services re-routed approximately 1,030 linear feet of existing 8- to 12-inch sanitary sewers. Initial sizing and scope were based on a nominal average daily flow of 0.30 MGD. Final sizing accommodates a future 0.28 MGD average daily flow, with storage and pumping capacity for a total wet weather flow of 1,306 GPM.

Wastewater Treatment Plant Headworks Pump Station, Ingleside, Texas – Lead Civil Design Engineer. The terminal lift station at the Ingleside Wastewater Treatment Plant is part of a comprehensive replacement project. It features two separate wet wells: one currently in use and the other unused. The proposed improvement will upgrade the unused side to accommodate an 8 MGD quadplex lift station, feeding the new plant, while the active side continues to supply the existing plant. Once the new plant is operational, flows will shift to the new system, and the old primary pump side will convert into a triplex excess flow station with a firm capacity of 3 MGD, directing flows to the plant's SSO storage facility.

DARYL MYERS, PE

Civil Engineer

HANSON

Biography:

Daryl is a seasoned project manager/design engineer with proven success on a wide variety of transportation, site-civil, environmental, and utility engineering projects. His abilities include roadway widening and reconstruction, milling and resurfacing, intersection improvements, multi-use trail and sidewalk design, parks and recreation facilities, drainage and permitting, and utilities design and coordination.

Years Experience:

» 25

Education:

» BS / Civil Engineering

Registrations & Certifications:

- » Professional Engineer / FL, SC
- » FDOT Certification for Advanced Maintenance of Traffic
- » Specifications Package Preparation
- » Knowledge and Understanding of FDOT Project Management Systems to include LRE, TRNS*PORT, EDI, ERC, CITS, Digital Delivery, etc.
- » Qualified Florida Stormwater, Erosion, and Sedimentation Control Inspector

Relevant Project Experience:

Lift Station No. 16 Upgrades, City of Palatka – Project Manager. Provided design and permitting to replace the City's Lift Station No. 16 at St. Johns Avenue and Zeagler Drive with a new concrete wet well, suction lift pumps, electrical, and controls. The upgraded facility will allow sufficient capacity to receive future sanitary sewer flow from proposed residential developments west of the City. Tasks included hydraulic calculations and design plans for the proposed sewage lift station and a demolition plan for the existing lift station.

Paradise Point Wastewater Pump Station and Force Main System, Putnam County – Lead Civil Engineer. Coordinated and implemented multiple phases of work to secure project funding and provide design/construction of new wastewater facilities through a design-build team. The project involved removing an existing wastewater treatment facility from service, as well as its point source discharge, and replacing it with a new pump station and force main system. The new systems convey wastewater to the County's master pump station, which is then sent to the East Putnam Regional Wastewater Treatment Facility in East Palatka.

Residence Hall Lift Station No. 25 Evaluation, St. Johns River State College, City of Palatka – Project Manager. This project involved assessing the impact of a new residence hall and building at St. Johns River State College on the City's sanitary sewer system. Hanson is considering two options: gravity flow to the Moody Road Lift Station or a manifold connection to an existing force main via a new lift station. The evaluation included reviewing sewer data, developing a hydraulic model to analyze impacts, and preparing a report with recommendations for minimal disruption to the sewer infrastructure.

Lift Station Generator Replacement Post-Design, City of Palatka – Project Manager. Provided construction administration and observation for the lift station generator replacement project, which included replacing permanent generators at two wastewater lift stations. Services included attending a pre-construction conference, addressing contractor inquiries, reviewing shop drawings and pay requests, conducting substantial and final completion walk-throughs, and providing a Certification for Construction Completion, along with part-time construction observation.

Utility Relocations for Ellis Road Widening Project, City of West Melbourne – Project Manager. Designed utility improvements under a Joint Participation Agreement as part of Brevard County's Ellis Road Widening project. The design involved relocating a sanitary lift station that is within the existing southern right-of-way and will be impacted by the roadway improvements. A new lift station will be constructed nearby outside of the right-of-way. The lift station was being designed to adhere to the City's latest utility standards and included SCADA. Existing sanitary sewer (gravity) and existing water mains will be adjusted based on a utility conflict matrix.

Pamela Hyatt, PSM

President

Hyatt Survey Services, Inc.

Years of Experience: 34

Education:

Bachelor of Science, Survey and Mapping,
University of Florida, 1990

Distinguishing Attributes:

- Mrs. Hyatt has 34 years of professional surveying and mapping experience relating to transportation planning, construction, and engineering.

Certifications/Registrations:

- Professional Surveyor and Mappers, State of Florida, #5550
- Professional Surveyor and Mappers, State of Georgia #003270

Affiliations:

- Florida Surveying and Mapping Society
- Manasota Chapter of the Florida Surveying and Mapping Society
- National Society of Professional Surveyors
- MAPPS National Mapping Organization
- National Association of Women in Construction
- National Association of Professional Women

EXPERTISE:

As President of Hyatt Survey Services, Inc., Pamela's duties include the direction of quality control and technical procedures as well as client relations and marketing. In addition to her administrative duties, Mrs. Hyatt is also responsible for the production of boundary, right-of-way, and topographic surveys. Mrs. Hyatt couples over thirty-four years of surveying experience with a four-year degree in Surveying and Mapping. Her project experience has included residential, commercial, and municipal development surveys. In the Spring of 2006, Mrs. Hyatt obtained her FDOT DBE Certification and pre-qualified Hyatt Survey to perform the following services for FDOT:

GROUP 8:

8.1-Control Surveying

8.2-Design, Right of Way and Construction Surveying

8.4- Right of Way Mapping

Russell Hyatt, PSM

Vice President

Hyatt Survey Services, Inc.

Years of Experience: 36

Education:

Bachelor of Science, Survey and Mapping,
University of Florida, 1990

Distinguishing Attributes:

- Mr. Hyatt has 36 years of professional surveying and mapping experience relating to transportation planning, construction, and engineering.

Certifications/Registrations:

- Professional Surveyor and Mappers, State of Florida, #5303

Affiliations:

- Florida Surveying and Mapping Society (Past President)
- Manasota Chapter of the Florida Surveying and Mapping Society
- The Hydrographic Society of America
- The National Society of Professional Surveyors - Florida Representative
- The American Shore & Beach Preservation Association
- Florida Engineering Society
- Society of Military Engineers
- MAPPS National Mapping Organization
- American Society of Civil Engineers
- National Society of Professional Surveyors
- American Society of Highway Engineers
- University of Florida School Forestry and Resource Conservation (Advisory Board)
- University of Florida Geomatics Advisory Board (Chairman)

EXPERTISE:

As Vice President of Hyatt Survey Services, Inc., Russell's duties include local, state, and federal contract administration and overall quality control. In addition to his administrative duties, Russell is also responsible for the production of boundary, hydrographic, and topographic surveys. He has over 36 years of surveying experience with a four-year degree in Surveying and Mapping. His project experience has included commercial/municipal development surveys, geodetic surveys, and beach/channel/port hydrographic surveys. Russell has extensive experience providing survey services to government agencies such as Pinellas, Hillsborough, Manatee, Sarasota, and Charlotte Counties, Florida Department of Transportation, Florida Department of Environmental Protection, and the U.S. Army Corps of Engineers-Jacksonville District, SFWMD.

19. RELEVANT PROJECTS

(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES	CONSTRUCTION (If applicable)
Continuing Stormwater Engineering Services – Hillsborough County, FL	2024-Ongoing	N/A
a. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Matt is the technical lead for this effort, enhancing Hillsborough County's flood resilience and regulatory compliance. His work includes NFIP and CRS compliance reviews, FEMA map revision assessments, permit evaluations, and emergency response support. led efforts in peer reviewing stormwater models, conducting preliminary engineering studies for flood mitigation, and analyzing BMP alternatives as part of watershed plan updates This multidisciplinary effort supported both regulatory goals and long-term infrastructure planning.		
Miscellaneous Coastal and Resilience Services - City of St. Petersburg, FL	2024-Ongoing	N/A
b. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Matt is actively supporting the City of St. Petersburg through multiple engineering and technical services agreements focused on coastal storm risk mitigation, stormwater resilience, and infrastructure enhancement. This includes stormwater backflow prevention screening, coastal and inland flood conditions monitoring, flood risk mitigation, CIP feasibility screening, and grant support.		
Connecticut Avenue/Shore Acres Basis of Design Report. St. Petersburg, FL	2022-2023	N/A
c. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm Matt served lead engineer for the Basis of Design regarding the Connecticut Avenue stormwater improvements in the Shore Acres neighborhood. The objective was to meet the City's level of service under 2050 sea level rise conditions, to the extent practicable. The solution involved stormwater collection system improvements and pump station.		
Southeast Seminole Heights Flooding Relief Design-Build Project, Tampa, FL	2021-2022	2023
d. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm Provided stormwater modeling and project design support for the design and construction of approximately 15,850 linear feet of stormwater conveyance culverts associated with interconnections to the city's existing stormwater system. The project is to provide flood relief for the Southeast Seminole Heights Neighborhood east of I-275 and south of E Hillsborough Ave.		
Lower Peninsula Watershed Management Plan and SLR Update, Tampa, FL	2018-2021	
e. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm Engineer of Record and project manager to prepare a Watershed Master Plan and stormwater design improvements in South Tampa to provide flood relief in heavily affected areas. This Master Plan encompassed a 6,000 acre watershed and included complex urban stormwater modeling that accounted for future sea level rise conditions. The study was also updated and used for a Resilient Florida Program Vulnerability Assessment. There have been two succesful projects implemented from this plan to-date.

(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
Continuing Stormwater Engineering Services - Hillsborough County	PROFESSIONAL SERVICES 2014-2023	CONSTRUCTION (If applicable) 2021-2023
a. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Leverages insights from land development and site-civil services across the County to provide guidance and feedback on drainage connectivity and to support floodplain development reviews. Assisting with post-disaster mitigation solutions, with focus on practical constructability and cost-effectiveness.		
(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
Force Main Replacement Services , City of Tampa, FL	PROFESSIONAL SERVICES 2024- Ongoing	CONSTRUCTION (If applicable) TBD
b. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Contributed senior-level civil engineering design, reviewing hydraulic models and leading technical resolution of complex design challenges during the Gunlock Pump Station submittals.		
(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
Drew Park CRA Streetscape & Beautification, Tampa, FL	PROFESSIONAL SERVICES 2011-2012	CONSTRUCTION (If applicable) 2012-2013
c. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm Project Manager on the design team for civil engineering design. Worked closely with the project stormwater, roadway and survey team to implement and design the approved stormwater, pedestrian, streetscape and beautification improvements along Lois Ave. and Grady Ave.		
(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
West River Townhomes, Tampa, FL	PROFESSIONAL SERVICES 2021-2023	CONSTRUCTION (If applicable)
d. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Project manager for the design and permitting of 70 townhome units within the City of Tampa's West River CRA. The project includes redevelopment of two existing blocks, including existing alleys and tight rights-of-way. Two stormwater systems were permitted between the two blocks, as well as challenging utility, sidewalk and drainage connections to accommodate the future townhomes.		
(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
Georgetown, AKA Isles at Old Tampa Bay, Tampa, FL	PROFESSIONAL SERVICES 2014-2023	CONSTRUCTION (If applicable) 2021-2023
e. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm Project manager for 162 acre, 1,100 unit mixed use redevelopment project in South Tampa. Roles includes permitting, stormwater and civil design o f the Entry Road & Offsite Improvements plans, Mass Grading Plans, Pad 5 subdivision plans and Canal Improvements. The project includes two larg e underground stormwater vaults with several underground control structures. Leading multi-firm coordination and collaboration.

19. RELEVANT PROJECTS

a.	(1) TITLE AND LOCATION (City and State) New Tampa Nature Park - Tampa, FL	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2022-2023	CONSTRUCTION (If applicable)
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Working with the City of Tampa's Parks and Recreation Department, responsibilities included deploying ArcGIS Online Custom Web-Map Applications, and Field Maps for field data collection for trail creation and data point collection. Customized geodatabase design played an important role in capturing field data to facilitate the client's needs.		
b.	(1) TITLE AND LOCATION (City and State) Lakewood Ranch - Manatee County, FL	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2017-Ongoing	CONSTRUCTION (If applicable)
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE GIS Data Administrator, responsible for creating, maintaining, updating and QC'ing GIS geodatabases for land use, and utility asset management projects. Assists web developers with creating the new GIS website, showcasing available commercial properties within the Lakewood Ranch community. Responsible for all CAD to GIS data conversion, and mapping.		
c.	(1) TITLE AND LOCATION (City and State) Force Main Replacement Services - City of Tampa, FL	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2024-Ongoing	CONSTRUCTION (If applicable)
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE GIS Analyst, supporting the project by providing GIS-based utility mapping and alignment assessments that enhanced design accuracy and coordination with existing infrastructure. Additional responsibilities included data conversion, web-map data application creation, and administration, and LiDAR data conversion to CAD.		
d.	(1) TITLE AND LOCATION (City and State) Continuing Stormwater Engineering Services - Hillsborough County	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2024-Ongoing	CONSTRUCTION (If applicable)
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Provides GIS and database management services under this contract. Delivers GIS mapping and FEMA database analysis, supporting NFIP compliance, elevation certificate reviews, and floodplain revisions (MT-1 /MT-2). Performs geoprocessing tasks and creates exhibits that inform and verify modeling and mapping of stormwater and general flood risk impacts.		
e.	(1) TITLE AND LOCATION (City and State) Miscellaneous Coastal Services - City of St. Petersburg	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2024-Ongoing	CONSTRUCTION (If applicable)
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE GIS analyst supporting miscellaneous services for the City of St. Petersburg. Performs geoprocessing and mapping of outfall systems and coastal zones, facilitating asset identification, flood modeling inputs, and project prioritization . Integrates products into ArcGIS Online, and also creates impactful exhibits to inform and visualize solutions.

Exhibit C: Non-Collusion Affidavit

V. NON-COLLUSION AFFADAVIT

STATE OF Florida
COUNTY OF Hillsborough

I state that I, Brent Anderson, Vice President of NorthStar Contracting Group, Inc.
(Name and Title) (Name of Firm)

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication, or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. NorthStar Contracting Group, Inc., its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material, important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

Name of Organization: NorthStar Contracting Group, Inc.

15	CEI ITS Inspector	HS diploma or equiv. or Civil, Electrical Engineering or Electrical Engineering Technology degree (with an EI certificate), with experience as detailed in the CEI Scope of Services. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
16	CEI Landscape Inspector	HS diploma or equiv with experience detailed in the CEI Scope of Services. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
17	CEI Project Administrator/CEI Project Engineer	<i>CEI Project Engineer -</i> P.E. registered in the State of Florida (Out of state PE licensure is acceptable, however engineering work products can only be signed and sealed by a Florida P.E.) with 2 years of engineering experience in relevant transportation projects,	\$ -	\$ -	\$ -
		<i>CEI Project Administrator -</i> Engineering, Engineering Technology, or Construction Management degreed requires 2 years of engineering experience in relevant transportation projects or for personnel without Engineering, Engineering Technology or Construction Management degrees, HS diploma or equiv. and 8 yrs. of CEI or roadway or bridge construction exp. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
18	CEI Project Administrator/CEI Project Eng(CC2)	<i>CEI Project Engineer (CC2) –</i> P.E. registered in the State of Florida (Out of state PE licensure is acceptable, however engineering work products can only be signed and sealed by a Florida P.E.) with 5 years general bridge construction experience. Refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
		<i>CEI Project Administrator (CC2) -</i> Engineering, Engineering Technology, or Construction Management degreed requires 5 years general bridge construction experience. Refer to CEI Scope of Services for additional details, or for personnel without Engineering, Engineering Technology or Construction Management degrees, HS diploma or equiv. and 8 yrs. of general bridge construction experience. Refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
19	CEI Res Compliance Specialist	HS diploma or equiv. with 1yr. experience as Resident Compliance Specialist on a construction project. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
20	CEI Scheduler	HS diploma or equivalent plus 4 yrs experience of schedule development and review for road and bridge construction using Primavera. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
21	CEI Secretary/Clerk Typist	HS diploma or equivalent plus 2 yrs secretarial and/or clerical exp. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
22	CEI Senior Community Outreach Specialist	H.S. diploma or equiv., and 10yrs in Community Outreach/Public Relations. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
23	CEI Senior Environmental Specialist	Bachelor's Degree in Environmental Science and 10 years of professional exp. A Master's degree in Physical or Natural Science or an equivalent may substitute for three (3) years of professional experience. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
24	CEI Senior Geotech Engr- DSF	P.E. (Out of state PE licensure is acceptable, however engineering work products can only be signed and sealed by a Florida P.E.) with 10 yrs exp as Geotechnical Engineer including at least one Cat II bridges w/ drilled shaft foundations. Please refer to CEI Scope of Services for additional detail. DSF = (Drilled Shaft Foundations)	\$ -	\$ -	\$ -
25	CEI Senior Geotechnical Technician-DSF	CTQP Drilled Shaft Inspector w/ 3+ years exp. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
		<i>CEI Senior Engineer Intern –</i> EI certificate and 1 year CEI experience in construction of roadway or bridge structures if degree in Engineering, Engineering Technology, and Construction Management.	\$ -	\$ -	\$ -

2025 CCNA-Engineering and Design RFQ			Hourly Rates		
#	Title	Description	Hourly Rate Year 1	Hourly Rate Year 2	Hourly Rate Year 3
26	CEI Senior Inspector/Senior Engineer Intern	<i>CEI Senior Inspector</i> – Engineering, Engineering Technology, and Construction Management degreed and 1 year of CEI experience in construction of roadway and bridge structures. Personnel without Engineering, Engineering Technology and Construction Management degrees, HS grad or equiv. plus 4 years exp. in constr. engineering inspection in roadway or bridge construction. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
27	CEI Senior Inspector/Senior Engr Intern(CC2)	<i>CEI Senior Engineer Intern</i> – EI certificate and 5 years of general bridge construction CEI experience. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
		<i>CEI Senior Inspector</i> - HS grad or equiv. plus 5 years general bridge construction CEI exp. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
28	CEI Senior ITS Inspector	H.S. diploma or equiv. or Civil, Electrical Engineering or Electrical Engineering Technology degree (with an EI Certificate), with experience as detailed in the CEI Scope of Service. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
29	CEI Senior Landscape Inspector	Degree in Horticulture, Urban Forestry, Landscape Architecture plus two (2) years of roadway or commercial landscape construction experience. For personnel without degree in Horticulture, Urban Forestry, Landscape Architecture: HS diploma or equiv. plus four (4) years of roadway or commercial landscape construction experience. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
30	CEI Senior Project Engineer	P.E. registered in the State of Florida (Out of state PE licensure is acceptable, however engineering work products can only be signed and sealed by a Florida P.E.) and 6 years of engineering experience. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
31	CEI Sur Party Chief	High School diploma or equiv. +4 years of experience in construction surveying. Please refer to the CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
32	CEI Sur Survey Technician (Junior)	HS diploma or equiv. with some survey exp. or training preferred. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
33	CEI Sur Survey Technician (Senior)	HS diploma or equiv. plus 3 yrs. experience in construction surveying. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
34	CEI Systems Technician	H.S. diploma or equiv. + 5 yrs. exp. in electronic systems and/or Traffic Engineering Technician level work. Please refer to CEI Scope of Services	\$ -	\$ -	\$ -
35	CEI Utility Coordinator	H.S. diploma or equivalent with 4 years exp. performing utility coordination in accordance with Department standards. Please refer to CEI Scope of Services for additional details.	\$ -	\$ -	\$ -
36	Chief Archaeologist	Masters or PhD in related field with 20+ years of experience	\$ -	\$ -	\$ -
37	Chief Computer Programmer	20+ years of programming experience and experience in software development	\$ -	\$ -	\$ -
38	Chief Designer	20+ years of design experience, non-registered	\$ 189.00	\$ 195.00	\$ 201.00
39	Chief Engineer 1	PE (Out of state PE licensure is acceptable, however engineering work products can only be signed and sealed by a Florida P.E.) w/ 15+ years of post-registration experience. Consultant proposes if individual is in a technical discipline oversight role.	\$ 273.00	\$ 282.00	\$ 291.00
40	Chief Engineer 2	PE (Out of state PE licensure is acceptable, however engineering work products can only be signed and sealed by a Florida P.E.) w/ 25+ years of post-registration experience. Consultant proposes if individual is in a technical discipline oversight role.	\$ 320.00	\$ 330.00	\$ 340.00
41	Chief Planner	Degree in planning or equivalent, with 20+ years exp.	\$ -	\$ -	\$ -
42	Chief Scientist	Degree in related field with 20+ years of experience	\$ 230.00	\$ 237.00	\$ 245.00
43	Chief Utility Coordinator	HS Graduate with 20+ years of utility coordination experience including interpreting plans, and assisting the Utility Agency Owners (UAO) with completion of their work schedules and agreements, and FDOT, FHWA, and AASHTO standards, policies, procedures, and design criteria.	\$ -	\$ -	\$ -
44	Community Outreach Specialist	H.S. graduate or equivalent, and 3-10 years of public information experience. Not for use on CEI. Please use CEI Community Outreach Specialist	\$ -	\$ -	\$ -
45	Community Outreach Specialist - Junior	H.S. graduate or equivalent, with up to 3 years of public information experience. Not for use on CEI. Please use CEI Community Outreach Specialist.	\$ -	\$ -	\$ -
46	Community Outreach Specialist - Senior	H.S. graduate or equivalent, and 10+ years of public information experience. Not for use on CEI. Please use CEI Community Outreach Specialist	\$ -	\$ -	\$ -
47	Computer Programmer	5+ years of programming experience and experience in software development	\$ -	\$ -	\$ -
48	Data Manager (Pre-Event)	(Pre-Event contracts only) two plus years of experience working with a relational database management system.	\$ -	\$ -	\$ -
49	Design Intern	enrolled in BSCE	\$ -	\$ -	\$ -
50	Designer	10+ years of design experience, non-registered	\$ 185.00	\$ 191.00	\$ 197.00
51	Electrical Engineer	EE degree w/ 2+ years of post-graduate experience	\$ -	\$ -	\$ -
52	Engineer 1	PE (Out of state PE licensure is acceptable, however engineering work products can only be signed and sealed by a Florida P.E.) w/ 0 years of post registration experience	\$ 195.00	\$ 201.00	\$ 208.00
53	Engineer 2	PE (Out of state PE licensure is acceptable, however engineering work products can only be signed and sealed by a Florida P.E.) w/ 5+ years of post registration experience	\$ 234.00	\$ 242.00	\$ 250.00
54	Engineering Intern	entry level w/ engineering degree; EI License required	\$ 180.00	\$ 186.00	\$ 192.00
55	Engineering Technician	Entry level, with 0-4 years of experience	\$ 156.00	\$ 161.00	\$ 166.00
56	Environmental Specialist	B.S. degree in physical or natural sciences or engineering w/ 2+ year's exp.	\$ 102.00	\$ 106.00	\$ 110.00
57	GIS Specialist	Degree in related field; or combination of education and experience	\$ 187.00	\$ 193.00	\$ 199.00
58	Graphic Designer	Degree in Graphic Design and/or relevant experience	\$ -	\$ -	\$ -
59	Inspector	H.S. graduate or equivalent +2 years experience in inspection. Not for use on CEI	\$ -	\$ -	\$ -
60	ITS Inspector	H.S. graduate or equivalent +2 years experience in inspection, one year of which is ITS construction inspection. Not for use on CEI	\$ -	\$ -	\$ -
61	Land Planner	Degree in related field; or combination of education and experience or AICP	\$ -	\$ -	\$ -
62	Landscape Architect	Registered. Not for use on CEI	\$ -	\$ -	\$ -
63	Landscape Architect Intern	entry level w/ BS degree or equivalent. Not for use on CEI	\$ -	\$ -	\$ -
64	Landscape Designer/Landscape Planner	Non-registered with 3+ years of experience	\$ -	\$ -	\$ -
65	MAT Asphalt Plant Inspector	HS grad or equiv, plus 1 yr. of experience in surveillance & insp. of hot mix asphalt plant operations or 80 hours working under an approved and qualified asphalt plant inspector at the asphalt plant. Not for use on CEI	\$ -	\$ -	\$ -
66	MAT Chief Engineer	P.E. (Out of state PE licensure is acceptable, however engineering work products can only be signed and sealed by a Florida P.E.) w/ 20+ years of post registration experience	\$ -	\$ -	\$ -
67	MAT Engineer	P.E. (Out of state PE licensure is acceptable, however engineering work products can only be signed and sealed by a Florida P.E.) w/ 5 yrs. Industry Experience	\$ -	\$ -	\$ -
68	MAT Engineer Intern	Entry level w/ Engineering Degree and E.I.T. Certificate. Not for use on CEI	\$ -	\$ -	\$ -

99	Senior Environmental Specialist	M.S. Degree in Physical or Natural Science & 7 yrs exp, Or a bachelor's degree in Environmental Science and 10 years of exp.	\$ 230.00	\$ 237.00	\$ 245.00
100	Senior Inspector	HS degree + 4 years of experience. Not for use on CEI	\$ 154.00	\$ 159.00	\$ 164.00
101	Senior ITS Inspector	H.S. graduate or equivalent +4 years' experience in inspection, two years of which is ITS construction inspection. Not for use on CEI	\$ -	\$ -	\$ -
102	Senior Landscape Architect	registered w/ 10+ years of post-registration experience. Not for use on CEI	\$ -	\$ -	\$ -
103	Senior Mechanical Engineer	ME degree w/ 10+ years of post-graduate experience	\$ -	\$ -	\$ -
104	Senior Planner	Degree in planning or equivalent w/ 10+ years of experience	\$ -	\$ -	\$ -
105	Senior Scientist	Relevant Degree w/ 10+ years of experience	\$ 182.00	\$ 188.00	\$ 194.00
106	Senior Utility Coordinator	HS graduate with 10+ years of utility coordination experience including interpreting plans, and assisting the Utility Agency Owners (UAO) with completion of their work schedules and agreements, and FDOT, FHWA, and AASHTO standards, policies, procedures, and design criteria. Not for use on CEI	\$ -	\$ -	\$ -
107	SUR Aerial Sensor Operator	HS Graduate or Equivalent and 1+ years' experience with the type of sensor(s) and data collection system(s) being utilized for raw data collection. Not for use on CEI	\$ -	\$ -	\$ -
108	SUR Chief Scientist	Master's Degree or Higher in desired field of subject matter expertise	\$ -	\$ -	\$ -
109	SUR Chief Surveyor	PSM with 20+ years post license experience. Not for use on CEI	\$ -	\$ -	\$ -
110	SUR Field Crew Supervisor I	MOT Certification with 1+ years supervisory experience.	\$ -	\$ -	\$ -
111	SUR Field Crew Supervisor II	PSM and MOT Certification, with 1+ years supervisory experience.	\$ -	\$ -	\$ -
112	SUR Mobile Survey Analyst 1	HS Graduate or equivalent with minimum 2+ years survey experience, of which 1+ years must be in digital mapping using mobile remote sensing data.	\$ -	\$ -	\$ -
113	SUR Mobile Survey Analyst 2	HS Graduate or equivalent with a minimum of 4+ years survey experience of which 2+ years must be in processing, analysis, and adjustment of mobile remote sensing data	\$ -	\$ -	\$ -
114	SUR Mobile Survey Analyst 3	HS Graduate or equivalent with a minimum of 6+ years survey experience of which 4+ years must be in processing, analysis, and adjustment of mobile remote sensing data	\$ -	\$ -	\$ -
115	SUR Mobile Survey Operator	HS Graduate or equivalent with minimum of 4 years survey experience, 2 of which must be in operation of mobile remote sensing equipment.	\$ -	\$ -	\$ -
116	SUR Senior Surveyor 1	PSM with 10+ years post license experience.	\$ -	\$ -	\$ -
117	SUR Senior Surveyor 2	PSM with 15+ years post license experience.	\$ -	\$ -	\$ -
118	SUR Survey Project Manager 1	HS Graduate or equivalent with a minimum 10+ years' experience, of which 6+ years must be in surveying for transportation and 4+ years in Survey Project Management	\$ -	\$ -	\$ -
119	SUR Survey Project Manager 2	PSM with 4+ years post licensure transportation experience and 2+ years post licensure Survey Project Management experience	\$ -	\$ -	\$ -
120	SUR Survey Project Manager 3	PSM with 6+ years post licensure transportation experience and 4+ years Survey Project Management experience.	\$ -	\$ -	\$ -
121	SUR Secretary/Clerical	HS Graduate or equivalent with 1+ years' experience	\$ -	\$ -	\$ -
122	SUR SUE Technician 1	HS Graduate or Equivalent with entry level experience in Utility or Survey. Not for use on CEI	\$ -	\$ -	\$ -
123	SUR SUE Technician 2	HS Graduate or Equivalent with 2+ years SUE experience. Not for use on CEI	\$ -	\$ -	\$ -
124	SUR SUE Technician 3	HS Graduate or Equivalent with 4+ years SUE experience. Not for use on CEI	\$ -	\$ -	\$ -
125	SUR Rod Person	HS Graduate or Equivalent with entry level experience in Survey.	\$ -	\$ -	\$ -
126	SUR Instrument Operator	HS Graduate or Equivalent with 2+ years survey experience.	\$ -	\$ -	\$ -
127	SUR Crew Chief	HS Graduate or Equivalent with 4+ years survey experience.	\$ -	\$ -	\$ -
128	SUR Survey/GIS/SUE Analyst 1	HS Graduate or Equivalent 1+ years Survey/Mapping/GIS experience.	\$ -	\$ -	\$ -

CITY OF ST. PETE BEACH, FLORIDA **STANDARD CONTRACT ADDENDUM**

THIS ADDENDUM modifies that certain contract for services made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited

basis to enforce the requirements of the previous section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option

of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for “Foreign Countries of Concern”. If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires “Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a “foreign country of concern” if such interest, contract, grant or gift received from a “foreign country of concern” if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable “foreign country of concern” and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services”. Pursuant to Section 268.101(7), Fla. Stat.: “In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause.”

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties’ actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys’ Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys’ fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor’s social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any

subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

“Coercion” means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Breach during Emergency Recovery Period. Pursuant to Sec. 252.505, Fla. Stat., if vendor breaches this agreement during an emergency recovery period (1-year period beginning upon Governor's initial declaration of a natural emergency) Contractor shall pay a \$5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages.

19. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

- A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the

days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

EXHIBIT D

Public Assistance Grant Supplement

1. Applicability of this Exhibit; Conflicts.

- a. This Exhibit shall be fully incorporated into and made a part of the Agreement, as if the terms contained in this Exhibit were fully re-stated within the Agreement itself.
- b. This Exhibit shall apply: (a) in addition to anything contained in the Contract Documents; and (b) notwithstanding anything contained in the Contract Documents to the contrary. No other provision of the Contract Documents shall serve to limit or restrict the obligations imposed upon the parties in this Exhibit.
- c. In the event of a conflict between anything contained in this Exhibit and anything contained elsewhere in the Contract Documents, this Exhibit shall control and take precedence.
- d. Contractor's agreement to the terms contained in this Exhibit is a material inducement for Contractor to enter into the Agreement.
- e. If this Exhibit is attached to a Purchase Order, the term "Agreement" as used herein shall mean and refer to such Purchase Order to which this Exhibit is attached, and the term "Contract Documents" shall refer to all documents attached to and made a part of such Purchase Order.

2. Defined terms.

- a. For purposes of this Exhibit, the following definitions shall apply, in addition to any terms defined elsewhere in the Contract Documents:
 - i. The terms "recipient" and "non-Federal entity," and the term "applicant" as used in Section 3(a)(8) herein, shall have the same meaning as the term "Owner" as used in the Agreement;
 - ii. The term "contract" as used herein shall have the same meaning as the term "Contract" as used in the Agreement; and
 - iii. The term "contractor" or "prime contractor" as used herein shall have the same meaning as the term "Contractor" as used in the Agreement.
 - iv. The term "internal controls" means a process, implemented by a non-Federal entity, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (a) Effectiveness and efficiency of operations; (b) Reliability of reporting for internal and external used; and (c) Compliance with applicable laws and regulations. 2 CFR §200.61
 - v. The term "supplies" means all tangible personal property other than those described in 2 CFR §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the

non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 CFR §200.94

- vi. The term “disallowed costs” means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award. 2 CFR §200.31
- vii. The term “equipment” means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. 2 CFR §200.33

3. Equal Employment Opportunity (41 C.F.R. Part 60-1.4(b)).

a. During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (a) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors

violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

- (b) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148)

The Contractor agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act, as amended; the provisions of contract work hours; the Safety Standards Act; the Copeland "Anti-Kickback" Act (40 U.S.C. 276, 327-333); and all other applicable federal, state, and local laws and regulations pertaining to labor standards insofar as such acts apply to the performance of this Agreement. The Contractor shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the County for review upon request.

5. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred thousand dollars (\$100,000.00):

Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708).

Contractors engaged in contracts in excess of Two Thousand and 00/100 Dollars (\$2,000.00) shall comply with Federal requirements of the United States Department of Labor under 29 C. F. R., Parts 1, 3, 5, 6, and 7. All Contractors will comply with the following:

a. Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in 29 C.F.R. § 5.5(b)(1) the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in 29 C.F.R. § 5.5(b)(1), in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in 29 C.F.R. § 5.5(b)(1).

(3) *Withholding for unpaid wages and liquidated damages.* The Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in 29 C.F.R. § 5.5(b)(2).

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4) and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4).

6. **Procurement of Recovered Materials (2 C.F.R. § 200.322)**

The Contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

7. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred fifty thousand dollars (\$150,000.00):

Clean Air Act and the Federal Water Pollution Control Act (42 U.S.C. §§ 7401-7671q and 33 U.S.C. §§ 1251-1387).

a. Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal awarding agency and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

4. Section 3 Clause

A. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are Subrecipients of HUD assistance for housing.

B. The Parties to this contract agree to comply with HUD's regulations in 24 C.F.R. part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The Contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section

3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The Contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. part 135. The Contractor will not subcontract with any subcontractor where the Contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. part 135.

E. The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's obligations under 24 C.F.R. part 135.

F. Noncompliance with HUD's regulations in 24 C.F.R. part 135 may result in sanctions, termination of this contract for default and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with Section 3 covered Indian housing assistance, Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. § 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

b. Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

8. Debarment and Suspension

a. Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with Executive Orders 12549 and 12689, and 2 C.F.R. pt. 180, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by Owner. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to Owner, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

9. Lobbying Prohibition

- a. No funds or other resources received under this Agreement may be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.
- b. Required Certification. Contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in

connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

NorthStar Contracting Group, Inc.

The Contractor, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Signature of Contractor's Authorized Official

Brent W. Anderson / Vice President

Name and Title of Contractor's Authorized Official

8/11/2025

Date

10. Hatch Act

The Contractor agrees that no funds provided, nor personnel employed under the Agreement, shall be in any way or any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C.

11. Conflict of Interest

The Contractor shall abide by the provisions of 24 C.F.R., 570.611 and 2 C.F.R., 200.112. The Contractor shall maintain no present or future financial interest, direct or indirect, which would

conflict in any manner or degree with the performance of services required under this Agreement as indicated in 2 C.F.R., 200.318.

12. Religious Activities

The Contractor agrees that funds provided will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization, in accordance with the Federal regulations specified in 24 C.F.R., 570.200(j).

13. Access to Records

- a. Access to Records. The following access to records requirements apply to this contract:
 - (1) The Contractor, including all of its employees or agents, contractors, subcontractors and consultants to be paid from funds provided under this Agreement, agrees to provide the Department of Economic Opportunity (DEO), the Chief Financial Officer of the State of Florida, The Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or representatives of the Federal government or their duly authorized representatives, the Florida Division of Emergency Management, Owner, Pasco County, Florida, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions at reasonable times. "Reasonable" shall ordinarily mean during normal business hours of 8 a.m. to 5 p.m., local time, Monday through Friday.
 - (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
 - (3) The Contractor agrees to provide Pasco County, Florida or its authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.
 - (4) In compliance with the Disaster Recovery Act of 2018, the Owner and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by Pasco County, Florida or the Comptroller General of the United States.
 - (5) The Contractor shall include the aforementioned recordkeeping requirements in all approved contracts, subcontracts, and assignments.

14. Bonding Requirements

The Contractor agrees that related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 and Appendix 11; and if the contract is for construction or facility improvement it must also include the Federal bonding requirements 2 C.F.R. § 200.325.

15. Employment Eligibility Verification

- a. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires DEO contracts in excess of nominal value to expressly require the Contractor to:
 - i. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Subrecipient during the Agreement term; and,
 - ii. Include in all contracts under this Agreement the requirement that contractors, subcontractors, and consultants performing work or providing services pursuant to this Agreement use the E-Verify system to verify the employment eligibility of all new employees hired by the contractors, subcontractors, and consultants during the term of the contract.
- b. The Department of Homeland Security's E-Verify system can be found at: <http://www.uscis.gov/e-verify>
- c. If the Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Agreement.

16. DHS Seal, Logo, and Flags

The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific Pasco County, Florida pre-approval.

17. Compliance with Federal Law, Regulations, and Executive Orders

- a. This is an acknowledgement that Pasco County, Florida financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, Pasco County, Florida policies, procedures, and directives.

18. No Obligation by Federal Government

- a. The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

19. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

20. Procurement By Non-Competitive Proposals

- a. Policy:
 - i. It is the policy of BayCare Health System Inc. to follow the Uniform Federal Guidance 2 CFR 200.320 in regard to procurement by noncompetitive proposals (Sole Source Purchasing). Procurement by noncompetitive proposals is

procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source
 - (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
 - (3) The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity
 - (4) After solicitation of several sources, competition is determined inadequate.
- ii. The procurement must be necessary for the program, project, research or other circumstance supported by the grant; not reasonably available and accessible of the type normally charged as a direct cost to existing sponsored agreements and purchased in accordance with other Institutional policies and procedures.

21. In the Event of a Non-Emergent Procurement the PD/PI Should Complete:

- a. **Cost Price Analysis Form** which includes contractor's total cost proposal or price to determine which are allowable, show their direct relation to the requirements and, reasonableness; and complete the related BayCare **Cost Analysis Worksheet** to support the proposed budget or quotation outlined in the Cost Price Analysis Form. Completion of these forms by the originating department will document that a Cost Analysis has been conducted.
- b. If no additional vendors were available to conduct a comparison against using the Cost Price Analysis Form, please also complete and attach the **Sole Source Justification Form**.
- c. **Responsible Contractor Form:** to document that any contractors have been reviewed and approved for their compliance with Uniform Guidance, Title 2, Subtitle A, Chapter II, Part 200, Subpart D, §200.318, section H.
- d. In addition, related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 & Appendix 11; and if the contract is for construction or facility improvement also include the Federal bonding requirements 2 C.F.R. § 200.325.

22. Build America Buy America Act (BABA)

- a. The Contractor shall comply with the requirements under the Build America, Buy America Act when using Federal funds for the purchase of iron, steel, manufactured products, and construction materials permanently incorporated into infrastructure projects as applicable pursuant to the Build America, Buy America Act. All iron, steel, manufactured products

and construction materials used under a federally grant funded project must be produced in the United States as applicable pursuant BABA. The requirements of this section must be included in all sub-awards including all contracts and purchase orders for work or products under this award.

- b. For purposes of this section:
 - i. “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - ii. “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

23. Contracting with Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms. 2 C.F.R. § 200.321

- a. Contractors will take all necessary affirmative steps to assure that minority business, women's business enterprises, and labor surplus area firms are used when possible.
- b. Affirmative steps must include:
 - i. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - ii. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - iii. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
 - iv. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
 - v. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
 - vi. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (i) through (v) of this section.

24. Compliance with Copeland “Anti-Kickback”

- a. Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as appropriate instructions may require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

25. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment.
2 C.F.R. § 200.216

- a. Under this Agreement, grant funds will not be obligated or expended to:
 - (1) Procure or obtain;
 - (2) Extend or renew a contract to procure or obtain; or
 - (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - A. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - B. Telecommunications or video surveillance services provided by such entities or using such equipment.
 - C. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.
 - (4) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
 - (5) For more information, See 2 C.F.R. § 200.471.

26. Historic Artifact Discovery

If prehistoric or historic artifacts, such as pottery or ceramics, projectile points, dugout canoes, metal implements, historic building materials, or any other physical remains that could be associated with Native American, early European, or American settlement are encountered at any time within the project site area, the permitted project shall cease all activities involving subsurface disturbance in the vicinity of the discovery. The applicant shall contact the Florida Department of State, Division of Historical Resources, Compliance Review Section at (850)-245-6333. Project activities shall not resume without verbal and/or written authorization. In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately, and the proper authorities notified in accordance with Section 872.05, Florida Statutes.

The terms in this Exhibit are hereby agreed upon by the Contractor as of this 11 day of August, 2025.

Signed: 

Print Name: Brent W. Anderson

**CITY COMMISSION MEETING
CITY OF ST. PETE BEACH
COMMISSION CHAMBERS**

Agenda Report

Agenda Title Name: Authorize the City Manager to execute the Continuing Contract for Professional Design Services with Cummins Cederberg, Inc for three years.

Action Request: Motion to authorize the City Manager to execute the Continuing Contract for Professional Design Services with Cummins Cederberg, Inc for three years.

Strategic Objective: Operational Excellence

Date: September 22, 2025

Prepared By: Camden Mills, Public Services Director

Through: Frances Robustelli, City Manager

Summary of Issue: The City publicly advertised a Request for Qualifications (RFQ) for Engineering and Consulting Services, and a total of 29 firms submitted proposals for evaluation on May 6, 2025. The City's RFQ evaluation committee recommended 7 firms for continuing contracts to support budgeted capital improvement projects throughout the City. Cummins Cederberg, Inc. was selected to provide services related to marine engineering.

This contract shall expire three (3) years after the effective date and may be extended for up to two (2) additional one (1) year periods.

Funding: Task orders will be issued project by project on an as-needed basis, subject to budgeted funds, within the Consultant's Competitive Negotiation Act (CCNA), established under Florida Statute 287.055.

CITY OF ST. PETE BEACH, FLORIDA
Continuing Contract for Professional Design Services

CUMMINS CEDERBERG, INC.-Marine

This is a Contract (the “Contract”) entered into by and between the City of St. Pete Beach (hereinafter "CITY") and Cummins Cederberg, Inc. (hereinafter "CONSULTANT"). The CITY and CONSULTANT together shall be referred to as the “Parties.”

WHEREAS, the CITY desires to retain the CONSULTANT to perform Continuing Professional Design Services- Marine for the CITY, more fully described below in the “scope of services” section.

WHEREAS, the CITY desires to employ the CONSULTANT for the Continuing Professional Design Services- Marine and other services upon the terms and conditions hereinafter set forth, and the CONSULTANT is desirous of performing such services upon such terms and conditions.

WHEREAS, the CONSULTANT has been selected to perform these professional services pursuant to the provisions of the “Consultants’ Competitive Negotiation Act” in Section 287.055; Florida Statutes, and all applicable CITY rules, regulations and policies.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

SECTION 1 – GENERAL.

- 1.1 The above recitals are true and correct, and incorporated as part of this Contract.
- 1.2 CONSULTANT shall be defined herein to include all principals of the firm of, including full time employees, professionals or otherwise, and all servants, agents, employees and/or subconsultants retained by the CONSULTANT to perform its obligations hereunder. Subconsultants shall be reviewed and approved by the CITY prior to Notice to Proceed with their prospective work assignments.
- 1.3 “Professional services” means those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered surveying and mapping, as defined by the laws of the state, or those performed by any architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.

- 1.4 Prior to the start of any work under this Contract, the CONSULTANT will have submitted to the CITY a detailed resume of key engineering personnel that will be involved in performing services requested by the CITY. The CITY hereby acknowledges its acceptance of such personnel to perform services under this Contract. At any time hereafter that the CONSULTANT desires to change the key personnel in an active assignment, it shall submit the qualifications of the new personnel to the CITY for prior approval. Key personnel shall include principals-in-charge, project managers and project engineers. The provisions of this Section do not apply to personnel temporarily assigned to perform service under this Contract for durations of one (1) week or less.
- 1.5 The CONSULTANT acknowledges that the CITY has retained other consultants, engineering and otherwise, and the coordination between said consultants and the CONSULTANT may be necessary from time to time for the successful completion of the Assignments. The CONSULTANT agrees to provide such coordination as necessary within the Scope of Services.
- 1.6 The CONSULTANT acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Contract.
- 1.7 The CONSULTANT will maintain an adequate and competent staff of professionally qualified persons throughout the performance of this Contract to ensure acceptable and timely completion of the Assignment.
- 1.8 Requirements for sealing all plans, reports and documents prepared by the CONSULTANT shall be governed by the laws and regulations of the State of Florida and the requirements of any regulatory agency, if required.
- 1.9 This Contract may be executed by the parties in counterpart originals with the same force and effect as if fully and simultaneously executed as a single original document. The "Effective Date" of this Contract shall be the date this Contract has been executed by all parties.

SECTION 2 – SCOPE OF SERVICES.

- 2.1 The CONSULTANT shall diligently and in a professional and timely manner perform the work included in the Scope of Services as listed generally in the Request for Qualifications (RFQ) attached and incorporated in this Contract as Exhibit A. Unless modified in writing by the parties hereto, duties of the CONSULTANT shall not be construed to exceed those services specifically set forth herein.
- 2.2 GENERAL. The CONSULTANT agrees to perform those services described in Exhibit A – RFQ, dated 3/19/2025, which is attached hereto and made a part hereof.
- 2.3 ADDITIONAL SERVICE. The CITY and the CONSULTANT agree that there may be certain additional services required to be performed by the CONSULTANT during the

performance of the Scope of Services that cannot be defined sufficiently at the time of execution of this Contract. Such services shall be authorized in writing as Task Orders and shall be undertaken only under terms of formal amendments to this Contract.

- 2.4 **TASK ORDERS.** Additional services to be provided by the CONSULTANT shall be authorized in writing as Task Orders. Task Orders to be provided shall be prepared on the form delineated as Exhibit B - which is attached hereto and made a part hereof. Each Task Order shall include: a detailed description of the work to be performed; a schedule of completion (including phases) for the work authorized; and the amount and method of compensation. Task Orders shall be dated and serially numbered annually. The Task Orders may contain additional instructions or provisions specific to the authorized work for the purpose of expanding upon certain aspects of this Contract pertinent to the work to be undertaken. Such supplemental instructions or provisions shall not be construed as a modification of this contract.
- 2.5 The CITY Manager or his/her designee may authorize Task Orders for services under this continuing contract, which are equal to or less than limits prescribed for Continuing Contracts under the provision of F.S. 287.055(g) or limits set by the CITY's rules, regulations, and policies. Professional fees under such specified Task Orders shall be based on a written proposal from the CONSULTANT as may be requested in writing by the CITY's designated representative, who shall process the proposal through the appropriate departments at the CITY. A single unitary task may not be divided into more than one task for the purpose of qualifying for authorization hereunder. Nothing in this paragraph is intended to limit any other rights, responsibilities, and duties of the parties under any other provision of this continuing contract.

SECTION 3 – CITY'S RIGHTS AND RESPONSIBILITIES.

The CITY shall provide the service described below in a timely fashion at no cost to the CONSULTANT:

- 3.1 Furnish the CONSULTANT with existing data, records, maps, plans, specifications, reports, fiscal data and other information that is available in the CITY's files, necessary or useful to the CONSULTANT for the performance of the assignment. All of the documents conveyed by the CITY shall be and remain the property of the CITY and shall be returned to the CITY upon completion of the assignment to be performed by the CONSULTANT.
- 3.2 Make CITY personnel available when required and necessary to assist the CONSULTANT. The availability and necessity of said personnel to assist the CONSULTANT shall be determined solely at the discretion of the CITY.
- 3.3 Provide access to and make provisions for the CONSULTANT to enter upon the project lands as required for the CONSULTANT within a reasonable time, to perform surveys, observations and other work as necessary to complete the assignment.

- 3.4 Examine all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and render written decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- 3.5 Transmit instructions, relevant information and provide interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- 3.6 Give prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any development that affects the scope of timing of the CONSULTANT's services or becomes aware of any defect or changes necessary in the work of the CONSULTANT.
- 3.7 Arrange for submission of necessary permits/applications to governmental bodies as prepared by the CONSULTANT.
- 3.8 Furnish approvals and permits from all governmental authorities having jurisdiction and such approvals and consents from others as may be necessary for completion of the assignment not covered under the assignment.

SECTION 4 – COMPENSATION.

- 4.1 GENERAL. Compensation to the CONSULTANT for services performed pursuant to this Contract shall be in accordance with the following method or compensation, as defined and indicated a the "Lump Sum Method."

The type and amount of compensation for each Task Order shall be described on the Task Order form included in "Exhibit B."

4.2 LUMP SUM METHOD

- a. Lump Sum compensation shall be the total fixed price amount payable under the Lump Sum Method (including all payroll costs, overhead costs, other direct costs, fees, subconsultants' and specialist costs), for the services to be provided in the Task Order unless there is a change in the scope of the work, or other conditions stipulated in the Task Order, and the Task Order is modified by both the CITY and CONSULTANT to reflect the change(s) by formal amendment to this Contract.
- b. Payment to the CONSULTANT for services performed under a Task Order under the Lump Sum Method shall be monthly in proportion to the percentage of work completed during the month as proposed by the CONSULTANT and accepted by the CITY.

- 4.3 INVOICE PROCESSING. Invoices received by the CITY will be processed for payment within thirty (30) days of receipt of invoice. CONSULTANT will be notified of questionable items contained in the invoices within fifteen (15) days of receipt by the

CITY with an explanation of the deficiencies. The CITY will make an effort to resolve all questionable items contained in the CONSULTANT's invoices within thirty (30) days of receipt of the invoices by the CITY. At the end of the thirty (30) day period, the CITY shall pay the CONSULTANT the invoice amount less any unresolved questionable items. Invoices are to be forwarded directly to the initiating CITY representative.

4.4 **PAYMENT IN THE EVENT OF CONTRACT TERMINATION OR SUSPENSION.** In the event that a Task Order or this Contract is terminated or canceled, or the CONSULTANT's services suspended on a Task Order or this Contract, prior to completion, payment shall be made in accordance with the provisions of this Contract.

4.5 **ADDITIONAL COMPENSATION FOR CHANGE IN SCOPE OF ASSIGNMENT.** If instructed to do so by CITY, the CONSULTANT shall change or revise work that has been performed, and if such work is not required as a result of error, omission or negligence of the CONSULTANT, the CONSULTANT may be entitled to additional compensation. The additional compensation shall be requested by the CONSULTANT on a revised fee quotation proposal which must be submitted to the CITY for prior approval. The additional compensation, if any, shall be agreed upon before commencement of any such additional work and shall be incorporated into the assignment by formal amendment or Task Order to this Contract.

SECTION 5 - WORK COMMENCEMENT/IMPLEMENTATION SCHEDULE/LENGTH OF CONTRACT.

5.1 **WORK COMMENCEMENT.** The CONSULTANT shall commence work on each authorized Task Order within ten (10) days after receipt by the CONSULTANT of a written Notice-To-Proceed from the CITY's Designated Representative. If the CONSULTANT fails to commence work within the ten (10) day period, then the CITY shall have the right to seek other firms for the Assignment, unless the delay is due to no fault of the CONSULTANT.

5.2 **IMPLEMENTATION SCHEDULE.** The CONSULTANT must complete its work in accordance with the time schedule specified in the applicable Task Order/Assignment. In the event the work of the CONSULTANT is delayed due to no fault of the CONSULTANT, which delays the completion of any Task Order of the Assignment, the CONSULTANT is entitled to an appropriate extension of the contract time for the specific Task Order. Additional compensation to the CONSULTANT will be negotiated to the mutual agreement of the CITY and the CONSULTANT in the event such delay causes any Task Order's costs to increase for reasons beyond the CONSULTANT's control.

5.3 **TERM.** This Contract shall expire three (3) years after the effective date of this Contract and may be extended for up to two (2) additional one (1) year periods, not to exceed five (5) years maximum, upon written mutual consent of the CITY and the CONSULTANT.

5.4 **CONTINUING CONTRACT.** In accordance with 287.055 (g), this is a "continuing contract" for professional services entered into in accordance with all procedures of this act between the CITY and the CONSULTANT, whereby the CONSULTANT shall

provide professional services to the CITY for projects in which construction or professional costs do not exceed the statutory limitations imposed. Additionally, the CONSULTANT shall provide for work of a specified nature as outlined in Exhibit A of this Contract as required by the CITY.

SECTION 6 - CITY'S "DESIGNATED" REPRESENTATIVE.

- 6.1 GENERAL. The CITY hereby designates the CITY Manager or his/her designee to represent the CITY in all matters pertaining to and arising from the work and performance of this contract. The CITY Manager or designee shall have the following responsibilities:
- a. Examination of all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and rendering, in writing, decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
 - b. Transmission of instructions, receipt of information and interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
 - c. Giving prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any defects or changes necessary in the project.
 - d. Following the CONSULTANT's preparation of any necessary applications to governmental bodies, to arrange for submission of all applications.
 - e. When appropriate, authorizing Task Orders equal to or less than limits prescribed for Continuing Contracts pursuant to the provisions of FS 287.055(g) and applicable rules, regulations, r policies of the City.

SECTION 7 - CHANGES IN SCOPE.

- 7.1 The CITY or the CONSULTANT may request changes in the Scope of Services of a Task Order. Such change(s), including any increase or decrease in the amount of the CONSULTANT's compensation for any Task Order pursuant to this Contract, which are mutually agreed upon by and between the CITY and the CONSULTANT, shall be incorporated by written formal amendment.

SECTION 8 - TERMINATION OF CONTRACT.

- 8.1 TERMINATION BY CITY FOR CAUSE. The CITY may terminate this Contract for any one or more of the following reasons:
- a. If adequate progress on any phase of the assignment is not being made by the CONSULTANT as a direct result of the CONSULTANT's failure to perform.

- b. The quality of the services performed by the CONSULTANT is not in conformance with commonly accepted design codes and standards, standards of the CITY and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Contract, and the particular services involved are considered by the CITY to be essential to the proper completion of any Assignment.
- c. The CONSULTANT or any employee or agent of the CONSULTANT is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any work that has been performed by the CONSULTANT.
- d. The CONSULTANT becomes involved in either voluntary or involuntary bankruptcy proceedings, or makes an assignment for the benefit of creditors.
- e. The CONSULTANT violates the Standards of Conduct provisions of this Contract herein.
- f. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
- g. Sub-standard or non-performance of Agreement.
- h. The City wishes to terminate at any time and for any reason, upon giving sixty (60) days prior written notice to the CONSULTANT.

8.2 TERMINATION BY CONSULTANT FOR CAUSE. The CONSULTANT may cancel this Contract for the following reasons:

- a. The CITY fails to meet its obligations and responsibilities as contained in the sections of this Contract describing the CITY's Rights and Responsibilities.
- b. The CITY fails to pay the CONSULTANT in accordance with this Contract.
- c. In the event of either of the causes described in this Contract, the CONSULTANT may send a certified letter requesting that the CITY show cause why the Contract should not be terminated. If adequate assurances are not given to the CONSULTANT within fifteen (15) days of the receipt by the CITY of said show cause notice, then the CONSULTANT may consider the CITY to be in default, and may immediately terminate this Contract.

8.3 TERMINATION BY CITY WITHOUT CAUSE. Notwithstanding any other provision of this Contract, the CITY shall have the right at any time to terminate this Contract in its entirety without cause, or terminate by specific Assignment without cause, provided that ten (10) days prior written notice is given to the CONSULTANT of the CITY's intent to terminate. In the event that a Task Order is terminated, The CITY shall identify the specific Task Order(s) being terminated and the specific Task Order(s) to be continued to completion pursuant to the provisions of this Contract. This Contract will remain in full

force and effect as to all authorized Task Orders which are to be continued to completion under this type of arrangement.

- 8.4 PAYMENT IN THE EVENT OF TERMINATION. In the event this Contract or any Assignment is terminated or canceled prior to final completion without cause, payment for unpaid portion of the services provided by the CONSULTANT to the date of termination and any additional services thereafter will be determined by negotiation between the CITY and the CONSULTANT. No amount shall be allowed for anticipated profit on unperformed services or other work. In the event of termination for cause, the CITY may adjust any payment to take into account any additional direct costs to be incurred by the CITY due to such default.

8.5 ACTION FOLLOWING TERMINATION

- a. Upon receipt of notice of termination, given by either party, the terminated party shall promptly discontinue all services and other work, unless the notice provides otherwise.
- b. In the case of the CITY terminating the CONSULTANT, the CONSULTANT shall within ten (10) days or any extension thereto as may be mutually agreed to, deliver or otherwise make available to the CITY all reports, drawings, plans, specifications and other data and documents that have been obtained or prepared by the CONSULTANT in performing the Services under this Contract, regardless of whether the work on such documents has been completed or is in progress and said documents shall remain the property of the CITY. Notwithstanding the foregoing, the CONSULTANT shall not be held liable for the accuracy or reliability of any partially completed work delivered in accordance with this provision.

8.6 SUSPENSION

- a. The performance of the CONSULTANT's service under any provision of this Contract may be suspended by the CITY at any time. In the event the CITY suspends the performance of the CONSULTANT's services hereunder, the CITY shall so notify the CONSULTANT in writing, such suspension becoming effective upon the date of its receipt by the CONSULTANT, and CITY shall promptly pay to the CONSULTANT all fees which have become due and payable to the CONSULTANT to the effective date of such suspension. The CITY shall thereafter have no further obligation for payment to the CONSULTANT for the suspended services unless and until the CITY notifies the CONSULTANT that the services of the CONSULTANT called for hereunder are to be resumed. Upon receipt of written notice from the CITY that the CONSULTANT's services hereunder are to be resumed, the CONSULTANT shall complete the services of the CONSULTANT called for in this Contract and the CONSULTANT shall, in that event, be entitled to payment of the remaining unpaid compensation which becomes payable to the CONSULTANT under this Contract, same to be payable at the times and in the number specified herein. In no event will the compensation

or any part thereof become due or payable to the CONSULTANT under this Contract unless and until the CONSULTANT has attained that state of work where the same would be due and payable to the CONSULTANT under the provisions of this Contract.

- b. If the aggregate time of the CITY's suspension(s) of the CONSULTANT's Services under any Task Order of this Contract exceeds sixty (60) days, then the CONSULTANT and the CITY shall, upon request of the CONSULTANT, meet to assess the services performed hereunder up to the time of such meeting, the services remaining to be performed and the total compensation paid to the CONSULTANT hereunder and, during such meeting, shall have the option of negotiating a change in compensation to be paid to the CONSULTANT for the balance of the Services to be performed hereunder. No increase in compensation to the CONSULTANT shall be allowed unless it is based upon clear and convincing evidence of an increase in the CONSULTANT's costs attributable to the aforesaid suspension(s).

SECTION 9 - CLAIMS AND DISPUTES/REMEDIES.

- 9.1 CLAIMS AND DISPUTES. Any claims, disputes and/or matters in question between the parties arising out of or relating to this Contract, including claims for extra compensation, shall be filed in writing by the aggrieved party to the other party within forty-five (45) days of its occurrence. Should such claims not be formally submitted within said forty-five (45) day period, the aggrieved party agrees not to make such claim against the other party at any time in the future. Should any claim or dispute not be mutually resolved between the parties within sixty (60) days thereafter, the aggrieved party shall then seek to resolve the matter in accordance with the "Remedies" provisions of this Contract.
- 9.2 REMEDIES. Except as provided in Section 9.1 herein, all claims, disputes and/or matters in question between the CITY and the CONSULTANT arising out of or relating to this Contract, or the breach of it will be decided by Mediation if the parties hereto mutually agree, or in a court of competent jurisdiction. Venue for any dispute or formal litigation concerning this contract shall be in the appropriate court with territorial jurisdiction over the City of St. Pete Beach, Florida. In the event of a dispute or litigation, each party to such dispute or litigation shall be solely responsible for its own attorneys' fees and costs. This contract shall not be construed for or against any party hereto, without regard to which party is wholly or partly responsible for its drafting.

SECTION 10 - INDEMNITY AND INSURANCE.

- 10.1 GENERAL. To the fullest extent permitted by Florida law, the CONSULTANT shall indemnify and hold harmless the CITY and its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONSULTANT and other persons employed or utilized by the Consultant in the performance of the contract.

10.2 INSURANCE. The CONSULTANT will possess or obtain and continuously maintain the following insurance coverage, from a company or companion authorized to do business in the State of Florida, and will provide Certificates of insurance to the CITY, evidencing such insurance, within fifteen (15) days following the CONSULTANT's receipt of Notice to Proceed on the Assignment from the CITY. The insurance coverage shall contain a provision, which requires that prior to any changes or material alterations in the coverage, except aggregate coverage, thirty (30) days prior written notice will be given to the CITY. Specific insurance requirements may include:

- a. WORKER'S COMPENSATION. The CONSULTANT must provide Worker's Compensation for all employees at the site location, and in case any work is subcontracted, will require the Subcontractor to provide Worker's Compensation for all of its employees.
- b. COMMERCIAL GENERAL LIABILITY. The CONSULTANT must provide coverage for all operations as detailed in the Scope of Services including, but not limited to, Contractual, Products and completed Operations and Personal Injury. The limits will be not less than \$2,000,000 Combined Single Limit (CSL) or its equivalent.
- c. AUTOMOBILE LIABILITY. The CONSULTANT must provide coverage for all owned and non-owned vehicles for limits of not less than \$1,000,000 CSL or its equivalent.
- d. PROFESSIONAL LIABILITY INSURANCE. Annual Professional Liability Insurance must be maintained with coverage in an amount as detailed in the City of St. Pete Beach Request for Qualifications (RFQ) titled "Engineering and Consulting Services". Said Professional Liability Insurance shall provide for all sums which the CONSULTANT shall be obligated to pay as damages for claims arising out of negligent performance by the CONSULTANT, or any person or subcontractor employed by the CONSULTANT, in conjunction with this Contract. This insurance shall also be maintained for a minimum of three (3) years after completion of the CONSULTANT's services and/or construction and acceptance of the facilities designed by the CONSULTANT under the scope of this Contract including any amendment thereto.
- e. CERTIFICATES OF INSURANCE. The CONSULTANT shall furnish all Certificates of Insurance forwarded directly to the following:

City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

with information copied to the Designated Representative identified in this Contract. The Certificates shall clearly indicate that the CONSULTANT has obtained insurance of the type, amount and classification required by these provisions.

SECTION 11 - NEGOTIATION DATA.

- 11.1 The CONSULTANT hereby certifies, covenants and warrants that accounting documentation and supporting data which has established compensation provided for in this Contract are accurate, complete and current as of the date of negotiation of the compensation terms contained in this Contract. It is further agreed that the CONSULTANT's compensation under this Contract may be adjusted to exclude any significant sums where the CITY determines the CONSULTANT's compensation was increased due to inaccurate or incomplete wage rates and other factual unit costs. All such price adjustments shall be made prior to the end of this Contract. Records of costs incurred under the terms of this Contract shall be maintained and made available to the CITY during the period of this Contract and for five (5) years after final payment is made.
- 11.2 Copies of these documents and records shall be furnished upon request to the CITY at no cost. For the purpose of this Section, the end of this Contract shall be deemed to be the date of final acceptance of the work by the CITY.

SECTION 12 - OWNER OF DOCUMENTS.

- 12.1 It is understood and agreed that all documents, including detailed reports, plans, original drawings, survey field notebooks and all other data other than working papers, prepared or obtained by the CONSULTANT in connection with its services hereunder, shall be delivered to, or shall become the property of the CITY prior to final payment to the CONSULTANT. The CONSULTANT shall retain reproducible copies of all Documents for its files at Direct Reimbursable Cost. All Documents including drawings prepared by the CONSULTANT pursuant to this Contract are instruments of service in respect to the services described in the Assignment. Any reuse without written verification or adaptation by the CONSULTANT for the specific purpose intended will be at CITY's sole risk and without liability or legal exposure to the CONSULTANT; and the CITY shall indemnify to the maximum extent permitted by law and hold harmless the CONSULTANT from all claims, damages, losses and expenses including attorney's and expert's fees arising out of or resulting therefrom. Any such verification or adaptation by the CONSULTANT will entitle the CONSULTANT to further compensation at rates to be agreed upon by the CITY and the CONSULTANT.
- 12.2 Any Documents given to or prepared or assembled by the CONSULTANT and its subcontractors under this Contract shall be kept solely as property of the CITY and shall not be made available to any individuals or organizations without the prior written approval of the CITY.
- 12.3 The CONSULTANT may maintain copies of all work performed under this Contract for the CITY.
- 12.4 The CONSULTANT shall not publish any information concerning this project without the prior written consent of the CITY.

12.5 The CONSULTANT should abide by the Florida Public Records law, more fully described in "Exhibit C."

SECTION 13 - STANDARDS OF CONDUCT.

13.1 CONSULTANT EMPLOYEES. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this Contract and that the CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee working solely for the CONSULTANT any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award of making of this Contract.

13.2 EMPLOYMENT ELIGIBILITY. The Consultant shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.
- b. Subcontractors (i) Consultant shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Consultant with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of one (1) year after date of termination.

- 13.3 **CONSULTANT COMPLIANCE WITH LAWS.** The CONSULTANT shall comply with all Federal, State and local laws and ordinances in effect on the date of this Contract and applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex or national origin in the performance of work under this Contract.
- 13.4 **CONFLICT OF INTEREST.** The CONSULTANT hereby certifies that no undisclosed conflict of interest exists with respect to the present Contract, including any conflicts that may be due to representation of other clients, other contractual relationships of the CONSULTANT, or any interest in property which the CONSULTANT may have. The CONSULTANT further certifies that any apparent conflict of interest that arises during the term of the Contract will be immediately disclosed in writing to the CITY. Violation of this Section will be considered as Justification for immediate termination of this Contract under the provisions of Section 8.1.
- 13.5 **REMOVAL OF EMPLOYEE.** The CITY is empowered to require the CONSULTANT to remove any employee or representative of the CONSULTANT from working on this Assignment which the CITY determines is not satisfactorily performing his assigned duties or is demonstrating improper conduct. The CITY shall notify the CONSULTANT in writing of the CITY's objections prior to the CONSULTANT's removal of any employee or representative.
- 13.6 **PUBLICATION.** The CONSULTANT shall not publish any documents or release information to the media without prior approval of the CITY.

SECTION 14 - ACCESS TO RECORDS/AUDIT.

- 14.1 **RECORDS MAINTENANCE.** The CONSULTANT shall maintain books, records, documents, time and costs accounts and other evidence directly related to its performance of services under this Contract. All time records and cost data shall be maintained in accordance with generally accepted accounting practices. The CONSULTANT shall also maintain the financial information and data necessary to determine overhead rates in accordance with the requirements of Federal and State regulatory agencies and this Contract. The CITY, or any of its duly authorized representatives, shall have access within forty-eight (48) hours to such books, records, documents and other evidence for inspection, audit and copying. Copying of CONSULTANT's books, records, documents, time records and cost accounts and other evidence shall be at the CITY's expense.
- 14.2 **ACCESS TO RECORDS.** The CONSULTANT shall maintain and allow access to the records required under this Section for a period of five (5) years after the completion of the services provided under this Contract and date of final payment for said services, or date of termination of this Contract as may have been exercised under the terms of this Contract.

SECTION 15 - CODES AND DESIGN STANDARDS.

- 15.1 All of the services to be performed by the CONSULTANT shall in the minimum be in accordance with commonly accepted design codes and standards, standards of the CITY and the requirements of any Federal and/or State regulatory agencies in effect as of the date of this Contract. The CONSULTANT shall be responsible for keeping apprised of any changing codes or requirements, which requirements must be applied to the Assignment to be performed under this Contract. Any new codes or requirements becoming effective subsequent to the effective date of this Contract that require an additional level of effort to be performed by the CONSULTANT beyond that covered under the scope of this Contract shall be subject to negotiation for an increase in scope and compensation by an amendment to this Contract.

SECTION 16 - ASSIGNABILITY

- 16.1 The CONSULTANT shall not sublet, assign or transfer any interest in this Contract, without prior written approval of the CITY, provided that claims for the money due or to become due the CONSULTANT from the CITY under this Contract may be assigned to a bank, trust company or other financial institution without such CITY approval. Notice of any such assignment or transfer shall be furnished promptly to the CITY.

SECTION 17 - CONTROLLING LAWS

- 17.1 This Contract is to be governed by the laws of the State of Florida.

SECTION 18 - FORCE MAJEURE

- 18.1 Neither party shall be considered in default in performance of its obligations hereunder to the extent that performance of such obligations, or any of them, is delayed or prevented by Force Majeure. Force Majeure shall include, but not be limited to, hostility revolution, civil commotion, strike, epidemic, fire, flood, wind, earthquake, explosion, any law, proclamation, regulation or ordinance or other act of government, or any act of God or any cause whether of the same or different nature, existing or future; provided that the cause whether or not enumerated in this Section is beyond the control and without the fault or negligence of the party seeking relief under this Section.

SECTION 19 - EXTENT OF CONTRACT

- 19.1 This Contract, together with the RFQ titled "Engineering and Design Consultants" (issued 3/19/2025), the proposal submitted 4/23/2025, and the Exhibits hereinafter identified and listed in this Section 19, incorporated herein and made a part hereof by this reference, constitute the entire Agreement between the CITY and the CONSULTANT and supersede all prior written or oral understandings in connection therewith. This Contract may only be amended, supplemented or modified by a formal Amendment or Change Order to this Contract. The Exhibits supplemental to and made a part of this Contract are as follows:

Exhibit A: Scope of Services.

Exhibit B: Task Order Form.

Exhibit C: 2025 Standard Addendum
Exhibit D: FEMA Grant Provisions

IN WITNESS WHEREOF, the Parties have executed this Contract on the day and year set forth below.

REQUEST FOR QUALIFICATIONS

[Engineering and Consulting Services]

REQUEST FOR QUALIFICATIONS SUMMARY

[The City of St. Pete Beach is accepting sealed Summary of Qualifications (SOQ) submittals from qualified firms for Engineering and Consulting Services. The City will be selecting at least five (5) firms or more for a three (3) year term with two (2) one-year contract renewal options.]

SUBMITTER INFORMATION

All Submitters must contact the City's Procurement Manager, in writing via e-mail (jtaylor@stpetebeach.org), with their intention to submit, along with their company name and contact information at least ten business days before the submittals are due. The City is not responsible for any Addendums or other supplementary information that is not received due to non-submittal of the aforementioned information. Please refer back to the city website (<http://www.stpetebeach.org/>) for additional project information as it becomes available. The City reserves the right to decide whether to provide addendums or not. The City is not required to provide any additional information.

MANDATORY PRE-SUBMITTAL MEETING

A **MANDATORY** pre-submittal meeting will be held **3/26/2025** at **11:00 AM EST** via TEAMS Video conference/Teleconference. Please contact the City's Procurement Manger (jtaylor@stpetebeach.org) for a meeting invitation and TEAMS Meeting instructions.

QUALIFICATIONS SUBMITTALS

Submittal documents must include all items listed under the Submission Instructions Section of the Request for Qualifications (RFQ).

Submissions should be made electronically either to DemandStar or Bonfire by the due date. Only electronic submissions will be accepted.⁹

The deadline for submissions is at Time **9:00 AM EST on 4/23/2025 (Deadline)**. Any electronical qualifications not received by this deadline will not be accepted – NO EXCEPTIONS.

Clearly marked Each Submittal with the service type you are bidding on.

Electronic submissions will be publicly opened and read right after the submittal deadline.

Openings are typically opened in Commission Chambers and are open to the public to witness, if desired.

WRITTEN REQUESTS FOR INTERPRETATIONS/CLARIFICATIONS

No oral interpretations will be made to any firms as to the meaning of the scope of work or any other contract documents included in this RFQ. All questions pertaining to the terms and conditions or scope of work of this Request for Qualification (RFQ) must be sent in writing (e-mail is acceptable) to the City Procurement Manager and shall be received no later than **10:00 AM EST on 4/16/2025**. Responses to questions may be handled as an Addendum if the response would provide clarification to the requirements of the **RFQ**. All such Addenda shall become a part of the contract documents. The City will not be responsible for any other explanation or interpretation of the proposed **RFQ** made or given prior to the award of the contract. The City will not respond to questions received after the specified deadline. The City reserves the right to respond to any and all questions but is not required to do so.

SCOPE OF WORK

The scope of work consists of providing project specific civil engineering, architectural, mapping and other related services for the City on an as-needed basis for miscellaneous current and future projects. As this contract is issued in accordance with Florida Statutes 287.055, the Consultants' Competitive Negotiation Act, projects issued under the awarded contracts will be limited to those in accordance with limits established for a "continuing contract". The City anticipates awarding multiple contracts within the following categories:

A. General Engineering Design Services

- a. Roads including asphalt, concrete, shell permeable alternatives and multimodal implementation.
- b. Bridges, components above and below the water line including rehabilitation or replacement of all components and inspections.
- c. Asbestos, lead based paint, petroleum and other hazardous, toxic radioactive waste investigations and remediation services.
- d. Geotechnical soil investigations.
- e. Stormwater including all components of conveyance systems for gravity flow and force main pump systems.
- f. Sanitary including all components of conveyance systems for gravity flow, force main flow, pump stations, lift stations, and air release. All requirements for operational control of pump and lift stations including power and electronic controls.
- g. Electrical requirements including conventional facilities, transmission, distribution, alternative power sources and emergency power alternatives.
- h. Vertical Building Construction and Renovation
 - i. All functional aspects
 1. Roofing
 2. Doors
 3. Windows
 4. Plumbing
 5. HVAC
 6. Flooring
 7. Electrical
 8. Communications
 9. Interior and exterior functionality design etc. including LEED technology implementation techniques up to and including certification.

B. Transportation Planning and Design Services

- a. Transportation planning for multi-modal forms of transportation (separate or integrated) including pedestrian, bicycle, scooter, skateboard, electric bicycle, motorcycle, internal combustion engine vehicles, hybrid vehicles, electric vehicles, alternative power source vehicles, service vehicles, oversized vehicles and any other means of transportation.

- b. Traffic engineering including management of multi-modal forms of transportation, traffic control, traffic counts and any form of a traffic study or traffic evaluation.
- C. Architectural Design Services
 - a. Building design
 - i. New and renovations, including facilities associated with government services such as
 - 1. City Hall
 - 2. Recreational
 - 3. Library
 - 4. Public Works
 - ii. Inclusion of public art on any type of infrastructure including buildings, walls, streets, sidewalks, parks, seawalls and any other infrastructure.
 - b. Landscaping Design
 - i. Parks
 - ii. Gardens
 - iii. Parking lots
 - iv. Right of ways
 - v. Mechanical heat reduction techniques applicable to hard infrastructure such as streets and sidewalks and soft infrastructure utilizing shade canopy concepts.
- D. Survey Services
 - a. Building
 - b. Land
 - c. Easements, rights of way
 - d. Platting research
- E. Marine Facilities
 - a. Seawalls including concrete, vinyl, sheet pile and living shoreline
 - b. Piers
 - c. Docks, floating or static
 - d. Pilings, individual or group replacement
 - e. Pilings supporting waterway signage, including signage and mountings
 - f. Beach pedestrian and vehicle access ways
 - g. Sand dune restoration, nourishment and preservation techniques including plantings
- F. Community Development and Planning Services
 - a. Plans Review
 - b. Building Inspections
 - c. Permit Review
 - d. Fire and Safety Inspectors
 - e. Workload management assistance, cost for employee support for a-d above
- G. Urban Development Planning
 - a. Comprehensive Plan Review
- H. ADA Compliance Review and Implementation Planning
 - a. Website Compliance
 - b. Physical Compliance
 - c. Review of projects for compliance
 - d. Investigating complaints and recommending corrective action.
- I. Financial Services
 - a. Grant
 - i. Acquisition
 - ii. Identification
 - iii. Writing
 - iv. Submissions
 - v. Management review
 - b. Investor Services

- c. Insurance Policy Review and recommendations, medical, dental, facility, vehicle and other applicable to City management
- d. Financial Audit Services
- e. Risk Management for insurance claims
- J. Information Technology Services
- K. Soil and Material Testing
 - a. Perform foundation excavations to perform design bearing pressure.
 - b. Perform fill density testing of backfill material compaction
 - c. Provide field inspection of reinforced Concrete structures
 - d. Provide concrete and grout material testing services to ensure compliance of materials and placement methods with the contract documents
 - e. Provide proof-rolling observations and corrective recommendations/Ground Water presence and corrective action recommendations if necessary
 - f. Soil boring for soil type identification and rock
 - g. Others related soil and material inspections, other specialty inspection services (masonry, steel reinforcement, asphaltic pavement, etc.
 - h. In-place density test
 - i. Modified proctor tests
 - j. Three (3) point LBR tests
 - k. Compressive strength tests for concrete cylinders
 - l. Environmental Testing/monitoring/ (asbestos, lead, water contamination, pollution/chemical testing, and other environmental
 - m. Other tests that may be required.
 - i. All geotechnical and Material Testing will be performed under the direct supervision of a Licensed Professional Engineer in the St. of Florida.
 - ii. All testing shall be performed in accordance with United States Bureau of Reclamation (USBR or their ASTM or AASHTO equivalent Test.
 - iii. Contractors shall provide certified personnel to perform all field and laboratory testing services. Include all safety and training and all other pertinent laboratory training.
 - iv. Contractor is responsible for vehicular transportation to and from each project site including collection and hauling of all test specimens, as required.
 - v. Contractor shall possess all computer hardware, software , printers/plotters, scanners, copiers and trained personnel to provide digital or hard copy test results including field notes, sketches, electronic data files, AutoCAD exhibits, maps certified test results, etc. ...as requested by the City.
 - vi. Other test requirements as requested by the City of St. Pete Beach.

Each Submitter must identify in its submittal which categories it wants to be considered and evaluated for. Each submitter may identify more than one category if it can provide said services.

Consulting firms will be working on an as-needed basis, and this contract does not guarantee the consultants selected a minimum number of projects. Consulting firms may also be asked to provide engineers for emergency inspections following a natural disaster. The City reserves the right to issue separate engineering contracts for specific services at the city's sole discretion.

The consulting firm shall assist the City towards solutions to engineering problems and the approach or technique to be used towards accomplishing the City's objective for each project or assignment. The engineering services may include, but not be limited to, design, surveys, reviews, construction specifications, emergency inspections, and permitting. |

MINIMUM QUALIFICATIONS

SOQs will be considered from firms normally engaged in implementing the services requested. To be eligible for award, submitters must:

1. Be licensed in the State of Florida
2. Possess a minimum of five (5) years' experience in performing similar work
3. Have completed three (3) projects in the past five (5) years of a similar size, scope and complexity (See Section III for sample projects anticipated to be issued as Task Orders under awarded contracts).

Submitters shall present their SOQ as outlined in the submission instructions section of this document. Respondents must have adequate organization, facilities, equipment and personnel to ensure prompt and efficient service to the City of St. Pete Beach. The City reserves the right, before recommending any award, to inspect the facilities and organization or to take any other action necessary to determine ability to perform in accordance with the specifications, terms, and conditions of the Contract. The City of St. Pete Beach will determine whether the evidence of the ability to perform is satisfactory and reserves the right to reject all SOQs.

SUBMISSION INSTRUCTIONS

The purpose of this section is to provide information related to the qualifications of interested firms to perform the service requested herein. Response to all subsets of this section is mandatory. Failure to provide the requested information may result in a submittal being deemed non-responsive. A non-responsive submittal will not receive further consideration. Upon submission, all submittals become the property of the City of St. Pete Beach and are subject to public records laws. All expenses, including travel expenses for interviews, incurred in the preparation of the submittal shall be borne by the submitter.

The following information shall be provided in the order detailed:

- a. **Title Page** - List the RFQ subject, the name of the firm, local address, telephone number, name of contact person, and e-mail address of contact person.
- b. **Table of Contents** – Include a clear identification of the material included in the submittal by page number.
- c. **Letter of Interest** – Limit one (1) page. Make a positive commitment to perform the required work. Also provide the name(s) of the person(s) who will be authorized to make representation for your firm, their title, telephone number, and e-mail address.
- d. **Statement of Qualifications and Profile of Firm** – Limit eight (8) pages. State the size of staff, number of registered professionals and overall experience of the assigned staff for this assignment. Include technical background, experience information, and other applicable data on proposed personnel and any proposed sub-consultants. Include an organizational chart of the project team and describe the communication processes to be used within the project team. State whether your firm is local, national or international in size. Give the location of the office from which the work is to be done.
- e. **Services Approach** – Limit five (5) pages. Include a general synopsis of the firm's approach and understanding of the work required. Include the firm's Quality Assurance Control program or policy.
- f. **References** - Limit ten (10) pages. Provide information for those projects which have been successfully completed which are similar to those required under this assignment. Please include projects recently completed within the last five (5) years. Additionally, document that the respondent has provided services for three (3) contracts to other local governments similar to this contract. References shall include:

- i. Client name, address, phone number, e-mail address.
 - ii. Description of the scope of the work.
 - iii. Month and Year the project was started and completed.
 - iv. Total cost and professional service fees paid.
 - v. Role of the firm and the responsibilities.
- g. **Insurance Requirements** – Provide proof of insurance in accordance with the insurance requirements section included in this RFQ.

Full resumes are to be attached as exhibits to the Submittal. Please provide the brief descriptions and information as stated. Additional exhibits to the submittal are acceptable, however, any attachments provided do not take the place of the written requirements as listed above. Resumes are not to exceed two (2) pages per person.

Please direct all technical inquiries concerning this RFQ in writing to the City Contact listed above. Questions must be submitted no later than ten (10) days prior to the submittal due date.

EVALUATION AND SELECTION OF CONSULTANT

A City review team will evaluate each firm's SOQ based upon the criteria stated in this RFQ and the ability to execute the services. As part of the evaluation process, the team may request a sit-down interview with prospective firms. Following the evaluation process, the City will then select the firm(s) considered most qualified. The successful firm(s) will be required to enter into a contract similar to the one included in this RFQ. The City reserves the right to negotiate modifications to any SOQ that it deems acceptable. The City reserves the right to terminate negotiations in the event it deems the progress towards a contract to be insufficient.

Submittals will be evaluated in accordance with the criteria listed below:

- Qualification of the Project Team
- Qualifications of the Sub-Consultants
- Firm's Experience Working on Public Works Projects
- Firm's Experience Working with the City of St. Pete Beach
- Quality Assurance Control Program/Policy
- Applicable Project References that reflect and demonstrate the Firm's competence in the design/engineering focuses requested by the City.
- Applicable Contract References that reflect and demonstrate the Firm's past performance on other local government contracts.
- Location of Firm
- Quality of SOQ – firm met all requirements requested under Submission of Submittals

RESERVES THE RIGHT

The City reserves the right to reject any and all submittals, or any part of any submittal, to waive any irregularities or informalities in any submittal, and to accept that submittal which is deemed to be the most qualified and in the best interest of the City. The City of St. Pete Beach reserves the right to establish additional contracts that may be similar in nature to any contract resulting for this Request for Qualifications as best serves the needs of the City.

DESIGNATED CONTACT

The awarded firm shall appoint a person to act as a primary contact with the City. This person or back-up shall be readily available during normal working hours by phone or in person and shall be knowledgeable of the terms of the RFQ and the services being requested.

INSURANCE REQUIREMENTS

Include in proof of Insurance furnished by the firm's carrier to guarantee the engineering firm is insured.

The awarded firm must file with the City of St Pete Beach certificates of insurance prior to commencement of work evidencing the City as a certificate holder as additionally insured with the following minimum coverage:

Commercial General Liability Insurance coverage, including but not limited to premises operations, products/completed operations, product liability, contractual liability, personal injury, death in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 general aggregate.

Commercial Automobile Liability Insurance for any owned, non-owned, hired or borrowed automobile in the minimum amount of \$1,000,000 combined single limit.

Worker's Compensation/Employer's Liability Insurance as required by Florida Law for all applicable employees, agent, representatives and subcontractors, if any.

Professional Liability Insurance the Consultant will carry professional liability Errors and Omissions Insurance during the terms of this Agreement which will cover liability for any damage or non- performance on account of any error, omission, or other provable negligence caused by the Consultant in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 general aggregate

INDEMNIFICATION

The Respondent shall hold harmless the City, its officers and employees, from liabilities, damages, losses and costs, including but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Respondent and any persons employed or utilized by the Respondent in the performance of the Contract.

ASSURANCES

The responding firm shall provide a statement of assurance that the firm is not presently in violations of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida and ordinances and regulations of the City of St. Pete Beach will apply.

LOCAL, STATE AND FEDERAL COMPLIANCE REQUIREMENTS

The Consultant shall comply with all local, state, and federal directives, orders and laws as applicable to the Contract.

Compliance with Fla. Stat. 448.095:

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Consultant must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp/>, to verify the employment eligibility of all employees hired on or after January 1, 2021 during the term of this Agreement.
- b. Subconsultants:
 - i. Consultant shall also require all subconsultants performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement.
 - ii. Subconsultants shall provide Consultant with an affidavit stating the subconsultant does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095

- iii. Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat.448.05 by January 1, 2021. Evidence may consist of, but is not limited to, providing notice of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs (if necessary). Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of 1 year after date of termination.

PROJECT RECORDS

The awarded firm shall maintain auditable records concerning the procurement to account for all receipts and expenditures, and to document compliance with the Contract. These records shall be kept in accordance with generally accepted accounting methods, and the City of St. Pete Beach reserves the right to determine the record-keeping method in the event of non-conformity. These records shall be maintained for three (3) years after final payment has been made and shall be readily available to City personnel with reasonable notice, and to other persons in accordance with the Florida Public Disclosure Statutes.

Upon completion of the project, all reports, studies, recommendations, forms, and other project specific information will need to be submitted in paper and in an electronic file format (PDF) on USB storage device or web-based archive.

DEVIATIONS FROM SPECIFICATIONS

Respondents shall clearly indicate, as applicable, all areas in which the items/services proposed do not fully comply with the requirements of this RFQ. The decision as to whether an item fully complies with the stated requirements rests solely with the City.

NO COLLUSION

By offering a submission to this Request for Qualifications, the responder certifies that no attempt has been made or will be made by the responder to induce any other person or firm to submit or not to submit a submission for the purpose of restricting competition. The only person(s) or principals(s) interested in this submission are named therein and that no person other than those therein mentioned has/have any interest in this submission or in agreement to be entered. Any prospective firm should make an affirmative statement in its proposals to the effect that, to its knowledge, its retention would not result in a conflict of interest with any party.

BACKGROUND CHECKS

The Code of Ordinances may require a Consultant or sub-consultant who performs work in or on City property to provide a criminal background check for any employee of the company who will do the work in or on city property. Criminal background checks shall mean a level (1) one background check as defined by F.S. § 435.03. The Consultant shall, at its expense, obtain a criminal background check for each of its employees having access to City property prior to beginning the work, and depending on the contract's term, on an annual basis thereafter. The Consultant must ensure a similar background check has been done of its subconsultants' employees who will have access to City property.

The Consultant shall be required to submit an affidavit on the form provided certifying that background checks

shall be completed for all employees who will perform work on city property. The Consultant shall conduct the background checks prior to any work being performed. Consultant shall maintain such records during the contract period and for one year thereafter and shall make such records available for inspection and verification by City.

If such a check reveals a conviction or a plea of nolo contendere, regardless of when the plea or conviction occurred, which includes a felony or misdemeanor involving terrorist behavior, violence, use of a dangerous weapon, crimes of moral turpitude or breach of trust/fiduciary responsibility or which raises concerns about building, system, or personal security or is otherwise a job-related crime, the awarded Proposer shall not assign the individual to any City property. If such a check reveals any of the foregoing after access has already been granted, any access privileges already granted shall be immediately revoked and shall not be reinstated without the City's express written authorization. In the event that the Proposer intends to hire new personnel to perform the required services, the background checks should be initiated at the time of the hire.

The City reserves the right to approve or disapprove whether the Consultant's employees perform the services for the City. Disapproval would apply solely to this contract and shall have no bearing on the Proposer's employment of an individual outside of this contract.

CONE OF SILENCE

During the course of a competitive solicitation, a Cone of Silence shall apply as follows:

A Cone of Silence shall be in effect during a Competitive Solicitation beginning upon the advertisement for requests for proposals, requests for qualifications and competitive bids. The Cone of Silence shall terminate at the time the City Commission makes final award of a bid or gives final approval of a contract or contract amendment, rejects all bids or responses to the Competitive Solicitation, or takes other action which ends the Competitive Solicitation. The Cone of Silence shall continue through the negotiation phase for requests for proposals and requests for qualifications and shall not end until the Commission gives final approval of the contract.

Any person or entity that seeks a contract, contract amendment, award, recommendation, or approval related to a Competitive Solicitation or that is subject to being evaluated or having its response evaluated in connection with a Competitive Solicitation, including a person or entity's representative shall not have any communication with any City Commissioner, the City Manager and their respective support staff or any person or group of persons appointed or designated by the City Commission or the City Manager to evaluate, select, or make a recommendation to the City Commission or the City Manager regarding a Competitive Solicitation.

The Cone of Silence shall not apply to written or oral communications with legal counsel for the City or the Purchasing Manager for the City.

Any action in violation of this section shall be cause for disqualification of the bid or the proposal. The determination of a violation shall be made by the City.

PUBLIC RECORDS/CONFIDENTIAL INFORMATION

Florida law provides that municipal records shall at all times be open for personal inspection by any person, unless otherwise exempt. Information and materials received by the City in connection with a Proposer's response shall be deemed to be public records subject to public inspection. However, certain exemptions to the public records law are statutorily provided for in Section 119.07, Florida Statutes. Florida Statutes provide an exemption from public records law for sealed bids, proposals, or replies received by an agency pursuant to a competitive solicitation until such time as the agency provides notice of an intended decision or until 30 days after opening the bids, proposals, or final replies, whichever is earlier.

If the Proposer believes any of the information contained in the response is exempt from the Public Records Law,

then the Proposer must in the response specifically identify the material which is deemed to be exempt and cite the legal authority for the exemption, otherwise, the City will treat all materials received as public records.

PUBLIC ENTITY CRIMES INFORMATION STATEMENT

A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a Proposer, supplier, sub-consultant, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for category two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

CONFLICT OF INTEREST

The Proposer acknowledges and confirms that they presently have no interest and shall not acquire any interest, directly or indirectly, which would conflict in any manner or degree with the performance of the services hereunder. The Proposer further covenants that no person having any such known interest shall be employed or conveyed an interest, directly or indirectly, in the contract.

No contract will be awarded to a Proposer who has City elected officials, officers or employees affiliated with it, unless the Proposer has fully complied with current Florida Statutes and City Ordinances relating to this issue. Proposers must disclose any such affiliation. Failure to disclose any such affiliation will result in disqualification of the Proposer and removal of the Proposer from the City's Proposer's List and prohibit the proposer from engaging in any business with the City.

TERMINATION

The resulting contract may be canceled by the City when:

- Sufficient funds are not available to continue its full and faithful performance of the contract.
- Sub-standard or non-performance of contract.
- The City wishes to terminate at any time and for any reason, upon giving thirty (30) days prior written notice to the Consultant.

FISCAL NON-FUNDING

If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Contract immediately upon written notice to the Consultant.

SUBMITTAL WITHDRAWAL

After submittals are opened, corrections or modifications to submittals are not permitted, but a respondent may be permitted to withdraw an erroneous submittal prior to the award by the City Commission, if the following is established:

- a. The respondent acted in good faith in submitting the submittal;
- b. In preparing the submittal there was an error of such magnitude that enforcement of the submittal would result in severe hardship upon the respondent;

- c. The error was not the result of gross negligence or willful inattention on the part of the respondent;
- d. The error was discovered and communicated to the City within twenty-four (24) hours of submittal opening, along with a request for permission to withdraw the submittal; and
- e. The respondent submits documentation and an explanation of how the error was made.

TAXES, FEES, CODES, LICENSING

The Consultant shall be responsible for payment of all required permits, licenses, taxes, or fees associated with the project. The Consultant shall also be responsible for compliance with all applicable codes, laws, and regulations.

CONTRACT MODIFICATIONS

The Continuing Contract for Professional Design Services by which the selected contractors will be bound by is attached. Any requested changes must be negotiated and completed during the solicitation process via addendums. No changes to the contract will be made after the submittal deadline.

III. SERVICE TYPES

Some of the Services required of the Consultant within the technical areas identified above include, but are not limited to, the following:

- Prepare feasibility and conceptual planning documents.
- Provide research, attendance at meetings, and preparation of presentation materials, reports and correspondence.
- Prepare and/or assist with the preparation of grant applications and attendance at meetings with grant officials.
- Assist in the review and development of ordinances.
- Provide public education/notification assistance.
- Prepare engineering designs, calculations, plans and specifications, contract bid documents, and cost estimates.
- Prepare base maps, preliminary layouts, estimates of probable costs, engineering analysis and alternatives as requested.
- Submit construction documents as needed to the City and other agencies having an interest or jurisdiction over the project.
- Prepare short-term and long-term planning documents, master plans, or provide input to the City's master plans, capital improvement program, and maintenance needs.
- Participate in construction administration as required by the City.
- Prepare formal or informal feasibility studies as necessary to assist the City in responding to capital improvement needs.
- Analysis of existing infrastructure and available capacity to serve proposed capital improvement projects.
- Prepare legal descriptions, exhibits, and surveys.
- Provide expert witness testimony.
- Prepare appropriate permitting documents and obtain and/or assist the City in obtaining permits from applicable agencies.
- Represent the City with regulatory agencies.
- Prepare periodic project status reports.
- Prepare and furnish bidding documents and assist the City in the preparation of other related documents.
- Attend bid openings, prepare bid tabulation sheets, and assist the City in the evaluation of bids or proposals.
- Issue addenda as appropriate to clarify, correct, or change the bidding documents.
- Participate in pre-construction conference as requested by the City.
- Review and determine acceptability of construction submittals, including shop drawings, progress schedule, schedule of values, etc.
- Review and provide recommendations to request for information, request for changes, and claims to the City arising during construction activities.
- Make periodic construction site visits for the purpose of determining general compliance with the approved drawings, plans, and specifications as requested by the City.
- Review as-built drawings provided by the construction contractor and provide written comments to the City.
- Provide services related to construction administration and inspections, and/or specialty inspection.
- Provide project management services and act as an extension of the City's staff for the design, bidding, and construction management of municipal projects as requested by the City.

IV. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES
THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER
OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: _____
(Print individual's name and title)

for: _____
(Print name of entity submitting sworn statement)

at: _____
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in Section 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid, proposal, reply, or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Section 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in Section 287.133 (1)(a), Fla. Stat., means:
- a. A predecessor or successor of a person convicted of a public entity crime or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☐ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLA. STAT., FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

VI. Sample Agreement

Behind this page

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

Title of Agreement

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and (Vendor Name Here). (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Standard Form Addendum. The attached Standard Form Addendum, which contains all the Florida Statutorily required provisions applicable to this Agreement, is attached hereto as Exhibit "A" and its provisions modify and supplement this Agreement.
3. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:
 - a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit "B") in the amount of \$().
 - b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
 - c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the exception of changes caused by inclement weather.

- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.
 - e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.

8. Warranties.
- a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective.
 - b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 12 months of the agreement.
10. Term. This Agreement will remain in effect for a period of (3) three years with (2) two, (1) one year extensions from the Effective Date.]
11. Effective date. The “Effective Date” of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
- a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in accordance with the payment schedule provided in the attached proposal, City shall pay

Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.

16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additionally named insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, such sum being specifically found by Contractor to be sufficient consideration for this indemnification, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages compensation or benefits payable by or for the Contractor or any subcontractor under Workers'

Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved, and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity."

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor's funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified public accountant selected by the City. The Contractor must allow the City to inspect, examine

and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Standard Form Addendum (Exhibit “A”)
- b. Request for Bid (Exhibit “B”)
- c. Vendor Proposal (Exhibit C)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

As to Contractor:

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney’s fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of counterparts, each of which so executed and delivered shall be deemed to be an original and all of

which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the Section 15 of the Standard Form Addendum, Exhibit "A", and that the facts stated in it are true.

EXHIBIT “A”

CITY OF ST. PETE BEACH, FLORIDA
STANDARD CONTRACT ADDENDUM

THIS STANDARD CONTRACT ADDENDUM is made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth certain mandatory limitations on indemnification and liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the

nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

Fax: 727-541-8040

3. Public Records Compliance Indemnification. Contractor agrees to indemnify and hold the City harmless against any and all claims, damage awards, and causes of action arising from the contractor's failure to comply with the public records disclosure requirements of Section 119.07(1), Florida Statutes, or by contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorneys' fees and costs arising therefrom. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of this section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with

Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. Contractor hereby certifies that Contractor is not listed on any of the following: (i) the Scrutinized Companies that Boycott Israel List, (ii) Scrutinized Companies with Activities in Sudan List, or (iii) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". CONTRACTOR shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

- A. None.

ADDENDUM I

CCNA-Engineering and Design RFQ

Issued 03/27/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Attendees List (on Next Page)

Mandatory Pre-Bid Meeting
RFQ: Engineering and Consulting Services
Attendees List
March 26, 2025
11:00 AM

1. Dennis Kile – Greenman Pederson (GPI)
2. Alistair Brice – Halff
3. Alberto Miron – Applied Research Associates (ARA)
4. Teresa Beckham – Team Fishel
5. Brett Warner – NorthStar Contracting Group
6. Howard Hartung – Hyatt Survey Services, Inc.
7. Russell Hyatt – Hyatt Survey Services
8. Sarah Davenport – Traffic & Mobility Consultants
9. Farrah McBride – Tierra
10. Ernie Hoch – Jones Edmunds
11. Steve Darman – Team Fishel
12. Bonni Funt – TSFGeo
13. Chris Bridges – BCC Eng
14. Rosa Villarreal – Team Fishel
15. Lia Young – NorthStar Contracting Group,
16. Kai Belew – LJA Engineering,
17. Cat Olnick – Cummins Cederberg Coastal & Marine Engineering
18. Rob Rosner – Florida Design Consultants
19. Tracey Burghy - Willdan Engineering
20. Marilyn Etheridge - Master Consulting Engineers
21. Ronald Stein - Willdan Engineering
22. Victoria Haney - MES Group
23. Matthew Ivie - Ayres Associates Inc
24. Walter Nickel - Wright-Pierce,
25. Jonathan Langston - George F. Young
26. Christopher Gamache - Stantec
27. Mim Hall - Gahagan & Bryant Associates (GBA)
28. Terri Cook - Pennoni
29. Nick Charnas – Halff
30. Justin Keller – Advanced Engineering & Design, Inc.
31. Danielle Joyce - Transpology (WBE),
32. Kyle Matheny - Kimley-Horn and Associates
33. Herbert Raybourn - RESPEC
34. Sara Hoffman - LJA Engineering
35. Allison Shaw - David Mason
36. Robin Crawford - Bayer United Engineering Consultants
37. Dana Whitaker - CivilSurv Design Group
38. Daniel Hoeflich - Volkert
39. Michelle Eguia - Colliers Engineering & Design

40. Nick Harrison - American Structurepoint,
41. Cody Stewart - Advanced Engineering & Design, Inc.
42. Tim Harley - Weston & Sampson
43. Patrick O'Connor - American Structurepoint, Inc.
44. Dikran Kalaydjian - Land & Water Engineering Science
45. Brandyn Littleton – Halff
46. Nik Gervais - Gervais Ventures
47. Quinlyn Lally - CMTA, Inc.
48. Sean Lahav - Halff,
49. Gresham Neal - Ayres Associates,
50. Jason Collins - ADEAS-Q,
51. Sarah Head - Halff
52. Karina Tijerino - BCC Engineering
53. Rafal Kadaj - Advanced Engineering & Design, Inc
54. Mayur Patel - GPI, Inc.
55. Aaron Getchell - Halff Associates, Inc.
56. Elie Araj - Applied Sciences Consulting
57. Andrea Hall - Professional Service Industries, Inc.
58. Caitlin Caserta - Tectonic Engineering
59. Greg Stevens - Colliers Engineering & Design
60. Awet Tsegay- Pennoni
61. Leslie Cleveland - Stantec Consulting Services Inc
62. Kara Rider - Goodwyn Mills Cawood
63. Soctt Stannard - Goodwyn Mills Cawood
64. Tom Burke – Stantec
65. Christian Chandler – Atkins Realis
66. Greg Stannard - Goodwyn Mills Cawood, LLC
67. Martin Steffen - Halff
68. Jason Sheridan - Pennoni Associates, Inc
69. Joseph Foster - J Foster Consulting
70. Antonio Serbia - PE, Wright-Pierce
71. Bruno Arriola - DRMP
72. Daniel Rundle - Certa Building Solutions
73. Toni Farber - Master Consulting, Inc
74. Alisa Folden - Mead & Hunt
75. Awet Tsegay - Pennoni Associates,
76. Elaina Burton - DRMP
77. Codi Barron - Applied Sciences Consulting, Inc
78. Gabe Luger PE - Certa Building Solutions
79. Gustavo Llanos - BCC Engineering, LLC
80. Luis Mendez - Certa Building Solutions
81. Scott Garth - DRMP
82. Michael Gomez - Tectonic Engineering Consultants
83. Chris Albers - Wunderlich-Malec Engineering
84. Christina Newcomb - Applied Sciences

- 85. Adeola Adeyemi - George F Young
- 86. Chris McDaniel - Greenman-Pedersen, Inc
- 87. Hannah Atchison - Master Consulting Engineers

ADDENDUM II

CCNA-Engineering and Design RFQ

Issued 03/31/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Conflicts: By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer from Pre-Bid Meeting

Questions and Answers from Pre-Bid Meeting

Will the City elaborate on item "J. Information Technology Services" so the consultants can ensure the correct experiences and staff are included in their response? **This has been taken off the RFQ per Addendum 3.**

➤ You stated in the meeting that at least 5 companies will be awarded. Is that 5 companies total or 5 companies for each discipline? **Total of 5 or more depending on the need of the City.**

➤ Do you need to be able to provide all services listed under each category? I.e. Could an MEP Engineering Design firm just submit for just Category A, Subcategory h – 4. Plumbing; 5. HVAC; 7. Electrical; 8. Communications. **We will look at this on an as needed basis in the needs of the City. If a category truly needs only one vendor, then that is what the City will strive for. In other areas, we may split a category depending on the number of bidders we have.**

➤ Is there more information regarding the evaluation and scoring? Are all the criteria of equal weight? **In most scoring situations we look at years in business, background of staff, references, previous projects etc. They are not equal scoring. Some will be worth 50% others worth 5 % for instance.**

➤ Can you tell us who were the previous RFQ winners? **The last time this was bid was in 2020. Winners were Kimely Horn, Halff, Stantec, Hyatt, George F Young, Cardno**

➤ Will SBE/DBE certifications be a factor in the grading criteria for this solicitation? **No. SBE/DBE certification will not be a factor.**

➤ If submitting for multiple services, do we need to submit a package for each service? **Can be a combined Package as long as each section is noted.**

➤ If submitting for multiple services, is the page limit for each service or the entire package? **Each Service**

➤ Is this meeting mandatory for attendance by subconsultants also, or just prime firms? **Just Prime Firms**

- Is there a forecast of anticipated upcoming projects? Projects are budgeted each year for the upcoming year starting the first of Oct. All projects are approved or disapproved by the Commission.
- Is this utilizing Florida's new Continuing Services limit of projects under \$7.5 million? Yes
- Will any other municipalities piggy-back off of this contract? All of St. Pete Beaches Contracts can be Piggyback'd onto. There is no interest at this time from any municipality to do so.
- Is design build a desired category? No. design-build projects will be competitively bid separately from the CCNA contract.
- What City staff will be on the evaluation committee? It will be the Department Directors as well as the Acting Assist. City Manager
- Since the prime consultant has the opportunity to submit on select disciplines, does the City expect that subconsultants will be utilized on his contract? That is Correct
- Any bonding requirements for design build? N/A
- Will the addendum include a list of attendees to this presubmittal meeting? YES. It will be a separate addendum. This was posted on Addendum 1

Category F. Community Development and Planning Services has a workload management assistance section. Please provide a better description of what is required for this service. This has been taken off the RFQ per Addendum 4

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM V

CCNA-Engineering and Design RFQ

Issued 04/09/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer

1. Do tabs count toward the overall page count? – **No.**
2. Can we list continuing service contracts for project experience if the overall contract is ongoing but tasks underneath it are completed? – **Yes.**
3. Please confirm if the 10 pages for references and similar projects should be used for 10 projects, or if there is a certain number of projects the City would like to see. –
There is not a certain number of projects the City would like to see. A minimum of (3) contracts to other local governments like this contract are required.

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM VII

CCNA-Engineering and Design RFQ

Issued 04/09/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer

Extension of due date on last page.

Please confirm which sections get increased page numbers based on the number of categories pursued. For example, if a firm pursues main categories A, B, C, D, are all section page limits increased to 4 times the original limit? Does this make the Letter of Interest 4 pages, Statement of Qualifications and Profile of Firm 24 pages, Services Approach 20 pages, and References 40 pages? Also, does this include the sub-categories (a, b, c, d, e, etc) or just the main categories (A, B, C, D, etc)?

Title Page = 1 page

Table of Contents = 1 page

Letter of Interest = 1 page

Statement of Qualifications and Profile of Firm = 8 pages

Services Approach = 5 pages per service category pursuing (A, B, C, D, E, F, G, H, I, J, K).

References = 10 pages

Insurance Requirements = minimum necessary

Resumes = 2 pages per person

In regard to the latest addendum 6, Q#3, below, can you provide clarification on whether you are looking for one-off project examples or continuing contracts only for the reference section? The verbiage is a bit confusing. Also, do we need to be the prime firm on our references, or can we be a subconsultant? – **One-off project examples or relevant continuing contract examples are both acceptable. If you're not the prime firm on your references, please specify that.**

.Please confirm if the 10 pages for references and similar projects should be used for 10 projects, or if there is a certain number of projects the City would like to see. –

There is not a certain number of projects the City would like to see. A minimum of (3) contracts to other local governments like this contract are required."

Would the City please consider reissuing and replacing the sample contract with one which consists of terms and conditions relevant to design professional services and compliant with Florida Statutes? The sample agreement provided in this RFP has terms and conditions that are not in compliance with Florida Statutes, including Section 17 Indemnification which is in conflict with the Indemnification provision stated in the RFQ. The sample contract terms and conditions apply to construction contractor work and are not relevant to design professional services. – **This will be updated and an amendment will be published under a separate Addendum #**

Would the City please consider removing the Addendum II conflicts requirement, issued on 03/31/2025? We believe that this provision is unreasonable to comply with for all multidisciplinary engineering firms both presently or during the term of the contract that may work with the Florida Department of Transportation, Pinellas County Utilities, Forward Pinellas, Duke Energy, Frontier, Pinellas County Transportation, and City of St. Petersburg. The Addendum #2 will be changed. It will be added in another addendum

Can the organizational chart that is required to be included in Section d. Statement of Qualifications and Profile of the Firm be included on an 11" x 17" page in order to allow extra space in which to fully highlight the strengths of our project team? – **Yes.**

It seems like category K. Soil and Material Testing is part of Category A. General Engineering Design Services via item d. Geotechnical Soil Investigations. Are these two categories one and the same? **Please disregard Category A.d. and only respond to Category K.**

Extension of Due date: This RFQ has been extended two weeks. The due date for submissions will now be May 6th at 9:00 AM EST. Opening will be held on the same day at 10:00 AM

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM VIII

CCNA-Engineering and Design RFQ

Issued 04/21/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 05/06/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Change to Addendum 2 should read as follows:

Conflicts: By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity (other than to a governmental agency, quasi-governmental agency, or utility company), on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity (other than to a governmental agency, quasi-governmental agency, or utility company), as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM IX

CCNA-Engineering and Design RFQ

Issued 04/22/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 05/06/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Corrected Sample Contract

CITY OF ST. PETE BEACH, FLORIDA
Continuing Contract for Professional Design Services

[Insert consultant and/or purpose for contract]

This is a Contract (the "Contract") entered into by and between the City of St. Pete Beach (hereinafter "CITY") and [insert consultant's corporate name] (hereinafter "CONSULTANT"). The CITY and CONSULTANT together shall be referred to as the "Parties."

WHEREAS, the CITY desires to retain the CONSULTANT to perform Continuing Professional Design Services for the CITY, more fully described below in the "scope of services" section.

WHEREAS, the CITY desires to employ the CONSULTANT for the Continuing Professional Design Services and other services upon the terms and conditions hereinafter set forth, and the CONSULTANT is desirous of performing such services upon such terms and conditions.

WHEREAS, the CONSULTANT has been selected to perform these professional services pursuant to the provisions of the "Consultants' Competitive Negotiation Act" in Section 287.055; Florida Statutes, and all applicable CITY rules, regulations and policies.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

SECTION 1 – GENERAL.

- 1.1 The above recitals are true and correct, and incorporated as part of this Contract.
- 1.2 CONSULTANT shall be defined herein to include all principals of the firm of, including full time employees, professionals or otherwise, and all servants, agents, employees and/or subconsultants retained by the CONSULTANT to perform its obligations hereunder. Subconsultants shall be reviewed and approved by the CITY prior to Notice to Proceed with their prospective work assignments.
- 1.3 "Professional services" means those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered surveying and mapping, as defined by the laws of the state, or those performed by any architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.

- 1.4 Prior to the start of any work under this Contract, the CONSULTANT will have submitted to the CITY a detailed resume of key engineering personnel that will be involved in performing services requested by the CITY. The CITY hereby acknowledges its acceptance of such personnel to perform services under this Contract. At any time hereafter that the CONSULTANT desires to change the key personnel in an active assignment, it shall submit the qualifications of the new personnel to the CITY for prior approval. Key personnel shall include principals-in-charge, project managers and project engineers. The provisions of this Section do not apply to personnel temporarily assigned to perform service under this Contract for durations of one (1) week or less.
- 1.5 The CONSULTANT acknowledges that the CITY has retained other consultants, engineering and otherwise, and the coordination between said consultants and the CONSULTANT may be necessary from time to time for the successful completion of the Assignments. The CONSULTANT agrees to provide such coordination as necessary within the Scope of Services.
- 1.6 The CONSULTANT acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Contract.
- 1.7 The CONSULTANT will maintain an adequate and competent staff of professionally qualified persons throughout the performance of this Contract to ensure acceptable and timely completion of the Assignment.
- 1.8 Requirements for sealing all plans, reports and documents prepared by the CONSULTANT shall be governed by the laws and regulations of the State of Florida and the requirements of any regulatory agency, if required.
- 1.9 This Contract may be executed by the parties in counterpart originals with the same force and effect as if fully and simultaneously executed as a single original document. The "Effective Date" of this Contract shall be the date this Contract has been executed by all parties.

SECTION 2 – SCOPE OF SERVICES.

- 2.1 The CONSULTANT shall diligently and in a professional and timely manner perform the work included in the Scope of Services as listed generally in the Request for Qualifications (RFQ) attached and incorporated in this Contract as Exhibit A. Unless modified in writing by the parties hereto, duties of the CONSULTANT shall not be construed to exceed those services specifically set forth herein.
- 2.2 GENERAL. The CONSULTANT agrees to perform those services described in Exhibit A – RFQ, dated Click or tap to enter a date., which is attached hereto and made a part hereof.
- 2.3 ADDITIONAL SERVICE. The CITY and the CONSULTANT agree that there may be certain additional services required to be performed by the CONSULTANT during the

performance of the Scope of Services that cannot be defined sufficiently at the time of execution of this Contract. Such services shall be authorized in writing as Task Orders and shall be undertaken only under terms of formal amendments to this Contract.

- 2.4 TASK ORDERS. Additional services to be provided by the CONSULTANT shall be authorized in writing as Task Orders. Task Orders to be provided shall be prepared on the form delineated as Exhibit B - which is attached hereto and made a part hereof. **[DON'T FORGET TO ATTACH YOUR TASK ORDER FORM AS EXHIBIT B. WE DISCUSSED THIS WITH MIKE WHO SAID YOU COULD PREPARE A STANDARD ASSIGNMENT LETTER AND THEN DELETE THIS SENTENCE]**. Each Task Order shall include: a detailed description of the work to be performed; a schedule of completion (including phases) for the work authorized; and the amount and method of compensation. Task Orders shall be dated and serially numbered annually. The Task Orders may contain additional instructions or provisions specific to the authorized work for the purpose of expanding upon certain aspects of this Contract pertinent to the work to be undertaken. Such supplemental instructions or provisions shall not be construed as a modification of this contract.
- 2.5 The CITY Manager or his/her designee may authorize Task Orders for services under this continuing contract, which are equal to or less than limits prescribed for Continuing Contracts under the provision of F.S. 287.055(g) or limits set by the CITY's rules, regulations, and policies. Professional fees under such specified Task Orders shall be based on a written proposal from the CONSULTANT as may be requested in writing by the CITY's designated representative, who shall process the proposal through the appropriate departments at the CITY. A single unitary task may not be divided into more than one task for the purpose of qualifying for authorization hereunder. Nothing in this paragraph is intended to limit any other rights, responsibilities, and duties of the parties under any other provision of this continuing contract.

SECTION 3 – CITY'S RIGHTS AND RESPONSIBILITIES.

The CITY shall provide the service described below in a timely fashion at no cost to the CONSULTANT:

- 3.1 Furnish the CONSULTANT with existing data, records, maps, plans, specifications, reports, fiscal data and other information that is available in the CITY's files, necessary or useful to the CONSULTANT for the performance of the assignment. All of the documents conveyed by the CITY shall be and remain the property of the CITY and shall be returned to the CITY upon completion of the assignment to be performed by the CONSULTANT.
- 3.2 Make CITY personnel available when required and necessary to assist the CONSULTANT. The availability and necessity of said personnel to assist the CONSULTANT shall be determined solely at the discretion of the CITY.
- 3.3 Provide access to and make provisions for the CONSULTANT to enter upon the project lands as required for the CONSULTANT within a reasonable time, to perform surveys, observations and other work as necessary to complete the assignment.

- 3.4 Examine all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and render written decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- 3.5 Transmit instructions, relevant information and provide interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- 3.6 Give prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any development that affects the scope of timing of the CONSULTANT's services or becomes aware of any defect or changes necessary in the work of the CONSULTANT.
- 3.7 Arrange for submission of necessary permits/applications to governmental bodies as prepared by the CONSULTANT.
- 3.8 Furnish approvals and permits from all governmental authorities having jurisdiction and such approvals and consents from others as may be necessary for completion of the assignment not covered under the assignment.

SECTION 4 – COMPENSATION.

- 4.1 GENERAL. Compensation to the CONSULTANT for services performed pursuant to this Contract shall be in accordance with the following method or compensation, as defined and indicated in the "Lump Sum Method."

The type and amount of compensation for each Task Order shall be described on the Task Order form included in "Exhibit 5."

4.2 LUMP SUM METHOD

- a. Lump Sum compensation shall be the total fixed price amount payable under the Lump Sum Method (including all payroll costs, overhead costs, other direct costs, fees, subconsultants' and specialist costs), for the services to be provided in the Task Order unless there is a change in the scope of the work, or other conditions stipulated in the Task Order, and the Task Order is modified by both the CITY and CONSULTANT to reflect the change(s) by formal amendment to this Contract.
- b. Payment to the CONSULTANT for services performed under a Task Order under the Lump Sum Method shall be monthly in proportion to the percentage of work completed during the month as proposed by the CONSULTANT and accepted by the CITY.

- 4.3 INVOICE PROCESSING. [YOU MAY WANT TO BE SURE FINANCE HANDLES YOUR PURCHASE ORDERS THIS WAY. PLEASE DELETE SENTENCE UPON COMPLETION OF DRAFTING.] Invoices received by the CITY will be processed for

payment within thirty (30) days of receipt of invoice. CONSULTANT will be notified of questionable items contained in the invoices within fifteen (15) days of receipt by the CITY with an explanation of the deficiencies. The CITY will make an effort to resolve all questionable items contained in the CONSULTANT's invoices within thirty (30) days of receipt of the invoices by the CITY. At the end of the thirty (30) day period, the CITY shall pay the CONSULTANT the invoice amount less any unresolved questionable items. Invoices are to be forwarded directly to the initiating CITY representative.

- 4.4 **PAYMENT IN THE EVENT OF CONTRACT TERMINATION OR SUSPENSION.** In the event that a Task Order or this Contract is terminated or canceled, or the CONSULTANT's services suspended on a Task Order or this Contract, prior to completion, payment shall be made in accordance with the provisions of this Contract.
- 4.5 **ADDITIONAL COMPENSATION FOR CHANGE IN SCOPE OF ASSIGNMENT.** If instructed to do so by CITY, the CONSULTANT shall change or revise work that has been performed, and if such work is not required as a result of error, omission or negligence of the CONSULTANT, the CONSULTANT may be entitled to additional compensation. The additional compensation shall be requested by the CONSULTANT on a revised fee quotation proposal which must be submitted to the CITY for prior approval. The additional compensation, if any, shall be agreed upon before commencement of any such additional work and shall be incorporated into the assignment by formal amendment or Task Order to this Contract.

SECTION 5 - WORK COMMENCEMENT/IMPLEMENTATION SCHEDULE/LENGTH OF CONTRACT.

- 5.1 **WORK COMMENCEMENT.** The CONSULTANT shall commence work on each authorized Task Order within ten (10) days after receipt by the CONSULTANT of a written Notice-To-Proceed from the CITY's Designated Representative. If the CONSULTANT fails to commence work within the ten (10) day period, then the CITY shall have the right to seek other firms for the Assignment, unless the delay is due to no fault of the CONSULTANT.
- 5.2 **IMPLEMENTATION SCHEDULE.** The CONSULTANT must complete its work in accordance with the time schedule specified in the applicable Task Order/Assignment. In the event the work of the CONSULTANT is delayed due to no fault of the CONSULTANT, which delays the completion of any Task Order of the Assignment, the CONSULTANT is entitled to an appropriate extension of the contract time for the specific Task Order. Additional compensation to the CONSULTANT will be negotiated to the mutual agreement of the CITY and the CONSULTANT in the event such delay causes any Task Order's costs to increase for reasons beyond the CONSULTANT's control.
- 5.3 **TERM.** This Contract shall expire three (3) years after the effective date of this Contract and may be extended for up to two (2) additional one (1) year periods, not to exceed five (5) years maximum, upon written mutual consent of the CITY and the CONSULTANT.
- 5.4 **CONTINUING CONTRACT.** In accordance with 287.055 (g), this is a "continuing contract" for professional services entered into in accordance with all procedures of this act between

the CITY and the CONSULTANT, whereby the CONSULTANT shall provide professional services to the CITY for projects in which construction or professional costs do not exceed the statutory limitations imposed. Additionally, the CONSULTANT shall provide for work of a specified nature as outlined in Exhibit A of this Contract as required by the CITY.

SECTION 6 - CITY'S "DESIGNATED" REPRESENTATIVE.

6.1 GENERAL. The CITY hereby designates the CITY Manager or his/her designee to represent the CITY in all matters pertaining to and arising from the work and performance of this contract. The CITY Manager or designee shall have the following responsibilities:

- a. Examination of all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and rendering, in writing, decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- b. Transmission of instructions, receipt of information and interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- c. Giving prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any defects or changes necessary in the project.
- d. Following the CONSULTANT's preparation of any necessary applications to governmental bodies, to arrange for submission of all applications.
- e. When appropriate, authorizing Task Orders equal to or less than limits prescribed for Continuing Contracts pursuant to the provisions of FS 287.055(g) and applicable rules, regulations, and policies of the City.

SECTION 7 - CHANGES IN SCOPE.

7.1 The CITY or the CONSULTANT may request changes in the Scope of Services of a Task Order. Such change(s), including any increase or decrease in the amount of the CONSULTANT's compensation for any Task Order pursuant to this Contract, which are mutually agreed upon by and between the CITY and the CONSULTANT, shall be incorporated by written formal amendment.

SECTION 8 - TERMINATION OF CONTRACT.

8.1 TERMINATION BY CITY FOR CAUSE. The CITY may terminate this Contract for any one or more of the following reasons:

- a. If adequate progress on any phase of the assignment is not being made by the CONSULTANT as a direct result of the CONSULTANT's failure to perform.

- b. The quality of the services performed by the CONSULTANT is not in conformance with commonly accepted design codes and standards, standards of the CITY and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Contract, and the particular services involved are considered by the CITY to be essential to the proper completion of any Assignment.
- c. The CONSULTANT or any employee or agent of the CONSULTANT is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any work that has been performed by the CONSULTANT.
- d. The CONSULTANT becomes involved in either voluntary or involuntary bankruptcy proceedings, or makes an assignment for the benefit of creditors.
- e. The CONSULTANT violates the Standards of Conduct provisions of this Contract herein.
- f. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
- g. Sub-standard or non-performance of Agreement.
- h. The City wishes to terminate at any time and for any reason, upon giving sixty (60) days prior written notice to the CONSULTANT.

8.2 TERMINATION BY CONSULTANT FOR CAUSE. The CONSULTANT may cancel this Contract for the following reasons:

- a. The CITY fails to meet its obligations and responsibilities as contained in the sections of this Contract describing the CITY's Rights and Responsibilities.
- b. The CITY fails to pay the CONSULTANT in accordance with this Contract.
- c. In the event of either of the causes described in this Contract, the CONSULTANT may send a certified letter requesting that the CITY show cause why the Contract should not be terminated. If adequate assurances are not given to the CONSULTANT within fifteen (15) days of the receipt by the CITY of said show cause notice, then the CONSULTANT may consider the CITY to be in default, and may immediately terminate this Contract.

8.3 TERMINATION BY CITY WITHOUT CAUSE. Notwithstanding any other provision of this Contract, the CITY shall have the right at any time to terminate this Contract in its entirety without cause, or terminate by specific Assignment without cause, provided that ten (10) days prior written notice is given to the CONSULTANT of the CITY's intent to terminate. In the event that a Task Order is terminated, The CITY shall identify the specific Task Order(s) being terminated and the specific Task Order(s) to be continued to completion pursuant to the provisions of this Contract. This Contract will remain in full force and effect

as to all authorized Task Orders which are to be continued to completion under this type of arrangement.

- 8.4 PAYMENT IN THE EVENT OF TERMINATION. In the event this Contract or any Assignment is terminated or canceled prior to final completion without cause, payment for unpaid portion of the services provided by the CONSULTANT to the date of termination and any additional services thereafter will be determined by negotiation between the CITY and the CONSULTANT. No amount shall be allowed for anticipated profit on unperformed services or other work. In the event of termination for cause, the CITY may adjust any payment to take into account any additional direct costs to be incurred by the CITY due to such default.

8.5 ACTION FOLLOWING TERMINATION

- a. Upon receipt of notice of termination, given by either party the terminated party shall promptly discontinue all services and other work unless the notice provides otherwise.
- b. In the case of the CITY terminating the CONSULTANT, the CONSULTANT shall within ten (10) days or any extension thereto as may be mutually agreed to, deliver or otherwise make available to the CITY all reports, drawings, plans, specifications and other data and documents that have been obtained or prepared by the CONSULTANT in performing the Services under this Contract, regardless of whether the work on such documents has been completed or is in progress and said documents shall remain the property of the CITY. Notwithstanding the foregoing, the CONSULTANT shall not be held liable for the accuracy or reliability of any partially completed work delivered in accordance with this provision.

8.6 SUSPENSION

- a. The performance of the CONSULTANT's service under any provision of this Contract may be suspended by the CITY at any time. In the event the CITY suspends the performance of the CONSULTANT's services hereunder, the CITY shall so notify the CONSULTANT in writing, such suspension becoming effective upon the date of its receipt by the CONSULTANT, and CITY shall promptly pay to the CONSULTANT all fees which have become due and payable to the CONSULTANT to the effective date of such suspension. The CITY shall thereafter have no further obligation for payment to the CONSULTANT for the suspended services unless and until the CITY notifies the CONSULTANT that the services of the CONSULTANT called for hereunder are to be resumed. Upon receipt of written notice from the CITY that the CONSULTANT's services hereunder are to be resumed, the CONSULTANT shall complete the services of the CONSULTANT called for in this Contract and the CONSULTANT shall, in that event, be entitled to payment of the remaining unpaid compensation which becomes payable to the CONSULTANT under this Contract, same to be payable at the times and in the number specified herein. In no event will the compensation or any part thereof become due or payable to the CONSULTANT

under this Contract unless and until the CONSULTANT has attained that state of work where the same would be due and payable to the CONSULTANT under the provisions of this Contract.

- b. If the aggregate time of the CITY's suspension(s) of the CONSULTANT's Services under any Task Order of this Contract exceeds sixty (60) days, then the CONSULTANT and the CITY shall, upon request of the CONSULTANT, meet to assess the services performed hereunder up to the time of such meeting, the services remaining to be performed and the total compensation paid to the CONSULTANT hereunder and, during such meeting, shall have the option of negotiating a change in compensation to be paid to the CONSULTANT for the balance of the Services to be performed hereunder. No increase in compensation to the CONSULTANT shall be allowed unless it is based upon clear and convincing evidence of an increase in the CONSULTANT's costs attributable to the aforesaid suspension(s).

SECTION 9 - CLAIMS AND DISPUTES/REMEDIES.

- 9.1 CLAIMS AND DISPUTES. Any claims, disputes and/or matters in question between the parties arising out of or relating to this Contract, including claims for extra compensation, shall be filed in writing by the aggrieved party to the other party within forty-five (45) days of its occurrence. Should such claims not be formally submitted within said forty-five (45) day period, the aggrieved party agrees not to make such claim against the other party at any time in the future. Should any claim or dispute not be mutually resolved between the parties within sixty (60) days thereafter, the aggrieved party shall then seek to resolve the matter in accordance with the "Remedies" provisions of this Contract.
- 9.2 REMEDIES. Except as provided in Section 9.1 herein, all claims, disputes and/or matters in question between the CITY and the CONSULTANT arising out of or relating to this Contract, or the breach of it will be decided by Mediation if the parties hereto mutually agree, or in a court of competent jurisdiction. Venue for any dispute or formal litigation concerning this contract shall be in the appropriate court with territorial jurisdiction over the City of St. Pete Beach, Florida. In the event of a dispute or litigation, each party to such dispute or litigation shall be solely responsible for its own attorneys' fees and costs. This contract shall not be construed for or against any party hereto, without regard to which party is wholly or partly responsible for its drafting.

SECTION 10 - INDEMNITY AND INSURANCE.

- 10.1 GENERAL. To the fullest extent permitted by Florida law, the CONSULTANT shall indemnify and hold harmless the CITY and its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONSULTANT and other persons employed or utilized by the Consultant in the performance of the contract.
- 10.2 INSURANCE. The CONSULTANT will possess or obtain and continuously maintain the following insurance coverage, from a company or companion authorized to do business in

the State of Florida, and will provide Certificates of insurance to the CITY, evidencing such insurance, within fifteen (15) days following the CONSULTANT's receipt of Notice to Proceed on the Assignment from the CITY. The insurance coverage shall contain a provision, which requires that prior to any changes or material alterations in the coverage, except aggregate coverage, thirty (30) days prior written notice will be given to the CITY. Specific insurance requirements may include:

- a. **WORKER'S COMPENSATION.** The CONSULTANT must provide Worker's Compensation for all employees at the site location, and in case any work is subcontracted, will require the Subcontractor to provide Worker's Compensation for all of its employees.
- b. **COMMERCIAL GENERAL LIABILITY.** The CONSULTANT must provide coverage for all operations as detailed in the Scope of Services including, but not limited to, Contractual, Products and completed Operations and Personal Injury. The limits will be not less than \$2,000,000 Combined Single Limit (CSL) or its equivalent.
- c. **AUTOMOBILE LIABILITY.** The CONSULTANT must provide coverage for all owned and non-owned vehicles for limits of not less than \$1,000,000 CSL or its equivalent.
- d. **PROFESSIONAL LIABILITY INSURANCE.** Annual Professional Liability Insurance must be maintained with coverage in an amount as detailed in the City of St. Pete Beach Request for Qualification (RFQ) titled "Engineering and Consulting Services". Said Professional Liability Insurance shall provide for all sums which the CONSULTANT shall be obligated to pay as damages for claims arising out of negligent performance by the CONSULTANT, or any person or subcontractor employed by the CONSULTANT, in conjunction with this Contract. This insurance shall also be maintained for a minimum of three (3) years after completion of the CONSULTANT's services and/or construction and acceptance of the facilities designed by the CONSULTANT under the scope of this Contract including any amendment thereto.
- e. **CERTIFICATES OF INSURANCE.** The CONSULTANT shall furnish all Certificates of Insurance forwarded directly to the following:

City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

with information copied to the Designated Representative identified in this Contract. The Certificates shall clearly indicate that the CONSULTANT has obtained insurance of the type, amount and classification required by these provisions.

SECTION 11 - NEGOTIATION DATA.

11.1 The CONSULTANT hereby certifies, covenants and warrants that accounting documentation and supporting data which has established compensation provided for in this Contract are accurate, complete and current as of the date of negotiation of the compensation terms contained in this Contract. It is further agreed that the CONSULTANT's compensation under this Contract may be adjusted to exclude any significant sums where the CITY determines the CONSULTANT's compensation was increased due to inaccurate or incomplete wage rates and other factual unit costs. All such price adjustments shall be made prior to the end of this Contract. Records of costs incurred under the terms of this Contract shall be maintained and made available to the CITY during the period of this Contract and for five (5) years after final payment is made.

11.2 Copies of these documents and records shall be furnished upon request to the CITY at no cost. For the purpose of this Section, the end of this Contract shall be deemed to be the date of final acceptance of the work by the CITY.

SECTION 12 - OWNER OF DOCUMENTS.

12.1 It is understood and agreed that all documents, including detailed reports, plans, original drawings, survey field notebooks and all other data other than working papers, prepared or obtained by the CONSULTANT in connection with its services hereunder, shall be delivered to, or shall become the property of the CITY prior to final payment to the CONSULTANT. The CONSULTANT shall retain reproducible copies of all Documents for its files at Direct Reimbursable Cost. All Documents including drawings prepared by the CONSULTANT pursuant to this Contract are instruments of service in respect to the services described in the Assignment. Any reuse without written verification or adaptation by the CONSULTANT for the specific purpose intended will be at CITY's sole risk and without liability or legal exposure to the CONSULTANT; and the CITY shall indemnify to the maximum extent permitted by law and hold harmless the CONSULTANT from all claims, damages, losses and expenses including attorney's and expert's fees arising out of or resulting therefrom. Any such verification or adaptation by the CONSULTANT will entitle the CONSULTANT to further compensation at rates to be agreed upon by the CITY and the CONSULTANT.

12.2 Any Documents given to or prepared or assembled by the CONSULTANT and its subcontractors under this Contract shall be kept solely as property of the CITY and shall not be made available to any individuals or organizations without the prior written approval of the CITY.

12.3 The CONSULTANT may maintain copies of all work performed under this Contract for the CITY.

12.4 The CONSULTANT shall not publish any information concerning this project without the prior written consent of the CITY.

12.5 The CONSULTANT should abide by the Florida Public Records law, more fully described in "Exhibit C."

SECTION 13 - STANDARDS OF CONDUCT.

13.1 CONSULTANT EMPLOYEES. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this Contract and that the CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee working solely for the CONSULTANT any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award of making of this Contract.

13.2 EMPLOYMENT ELIGIBILITY. The Consultant shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.
- b. Subcontractors (i) Consultant shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Consultant with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of one (1) year after date of termination.

13.3 CONSULTANT COMPLIANCE WITH LAWS. The CONSULTANT shall comply with all Federal, State and local laws and ordinances in effect on the date of this Contract and applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex or national origin in the performance of work under this Contract.

13.4 CONFLICT OF INTEREST. The CONSULTANT hereby certifies that no undisclosed conflict of interest exists with respect to the present Contract, including any conflicts that may be due to representation of other clients, other contractual relationships of the CONSULTANT, or any interest in property which the CONSULTANT may have. The CONSULTANT further certifies that any apparent conflict of interest that arises during the term of the Contract will be immediately disclosed in writing to the CITY. Violation of this Section will be considered as Justification for immediate termination of this Contract under the provisions of Section 8.1.

13.5 REMOVAL OF EMPLOYEE. The CITY is empowered to require the CONSULTANT to remove any employee or representative of the CONSULTANT from working on this Assignment which the CITY determines is not satisfactorily performing his assigned duties or is demonstrating improper conduct. The CITY shall notify the CONSULTANT in writing of the CITY's objections prior to the CONSULTANT's removal of any employee or representative.

13.6 PUBLICATION. The CONSULTANT shall not publish any documents or release information to the media without prior approval of the CITY.

SECTION 14 - ACCESS TO RECORDS/AUDIT.

14.1 RECORDS MAINTENANCE. The CONSULTANT shall maintain books, records, documents, time and costs accounts and other evidence directly related to its performance of services under this Contract. All time records and cost data shall be maintained in accordance with generally accepted accounting practices. The CONSULTANT shall also maintain the financial information and data necessary to determine overhead rates in accordance with the requirements of Federal and State regulatory agencies and this Contract. The CITY, or any of its duly authorized representatives, shall have access within forty-eight (48) hours to such books, records, documents and other evidence for inspection, audit and copying. Copying of CONSULTANT's books, records, documents, time records and cost accounts and other evidence shall be at the CITY's expense.

14.2 ACCESS TO RECORDS. The CONSULTANT shall maintain and allow access to the records required under this Section for a period of five (5) years after the completion of the services provided under this Contract and date of final payment for said services, or date of termination of this Contract as may have been exercised under the terms of this Contract.

SECTION 15 - CODES AND DESIGN STANDARDS.

15.1 All of the services to be performed by the CONSULTANT shall in the minimum be in accordance with commonly accepted design codes and standards, standards of the CITY and the requirements of any Federal and/or State regulatory agencies in effect as of the date of this Contract. The CONSULTANT shall be responsible for keeping apprised of any changing codes or requirements, which requirements must be applied to the Assignment to be performed under this Contract. Any new codes or requirements becoming effective subsequent to the effective date of this Contract that require an additional level of effort to be performed by the CONSULTANT beyond that covered under the scope of this Contract

shall be subject to negotiation for an increase in scope and compensation by an amendment to this Contract.

SECTION 16 - ASSIGNABILITY

16.1 The CONSULTANT shall not sublet, assign or transfer any interest in this Contract, without prior written approval of the CITY, provided that claims for the money due or to become due the CONSULTANT from the CITY under this Contract may be assigned to a bank, trust company or other financial institution without such CITY approval. Notice of any such assignment or transfer shall be furnished promptly to the CITY.

SECTION 17 - CONTROLLING LAWS

17.1 This Contract is to be governed by the laws of the State of Florida.

SECTION 18 - FORCE MAJEURE

18.1 Neither party shall be considered in default in performance of its obligations hereunder to the extent that performance of such obligations, or any of them, is delayed or prevented by Force Majeure. Force Majeure shall include, but not be limited to, hostility revolution, civil commotion, strike, epidemic, fire, flood, wind, earthquake, explosion, any law, proclamation, regulation or ordinance or other act of government, or any act of God or any cause whether of the same or different nature, existing or future; provided that the cause whether or not enumerated in this Section is beyond the control and without the fault or negligence of the party seeking relief under this Section.

SECTION 19 - EXTENT OF CONTRACT

19.1 This Contract, together with the RFQ titled "[insert name of RFQ]" (issued [Click or tap to enter a date.]), the proposal submitted [Click or tap to enter a date.], and the Exhibits hereinafter identified and listed in this Section 19, incorporated herein and made a part hereof by this reference, constitute the entire Agreement between the CITY and the CONSULTANT and supersede all prior written or oral understandings in connection therewith. This Contract may only be amended, supplemented or modified by a formal Amendment or Change Order to this Contract. The Exhibits supplemental to and made a part of this Contract are as follows:

- Exhibit A: Scope of Services.
- Exhibit B: Task Order Form.
- Exhibit C: Addendum

CITY OF ST. PETE BEACH, FLORIDA **STANDARD CONTRACT ADDENDUM**

THIS ADDENDUM modifies the contract for services made and entered into this _____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the "City", and _____, hereinafter referred to as "Contractor" to include the following terms of this contract Addendum:

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor's compliance for Florida's Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency's statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of "foreign countries of concern" including, the People's Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People's Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such "foreign country of concern". Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those "foreign countries of concern" to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**
City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220

155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. **Public Records Compliance.** Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of the previous section.

4. **Compliance/Consistency with Section 768.28, Fla. Stat.** Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. **Non-appropriation.** City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. **E-Verify Compliance.** By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. **Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes.** Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section

287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or

proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding,

pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

RE: City of St. Pete Engineering and Consulting Services
Marine Facilities, Financial Services

Dear selection committee members,

The City of St. Pete Beach, known as the Sunset Capital of Florida, is a vibrant community where the natural waterfront meets culture, history, and recreation. As a firm focused exclusively on coastal and marine projects, Cummins Cederberg understands the challenges associated with coastal resiliency, including seawall design, permitting, and construction, faced by waterfront communities. Cummins Cederberg is a leading coastal and marine engineering firm, specializing in complex waterfront infrastructure projects. Our team includes coastal engineers, marine structural engineers, and environmental policy specialists, with a proven track record in bringing projects from planning through construction. We are currently providing coastal engineering, grant-funded planning, and environmental permitting services in the Maritana neighborhood of St. Pete Beach to enhance and protect the shoreline in front of three waterfront properties.

This project will be led by our St. Petersburg-based project manager, Jenna Phillips. Jenna has over 18 years of experience in coastal and marine engineering, including preparation of feasibility studies, beach management plans, coastal assessments, coastal structure design, resiliency planning and flood vulnerability analyses, numerical modeling, living shoreline/nature-based planning and design, environmental restoration and mitigation, structural assessment and rehabilitation, beach design and renourishment, dredging and dredged material management, and regulatory permitting. Our St. Petersburg office is located just 9 miles from the City Hall and is supported by staff from our Miami, Fort Lauderdale, Jupiter, Sarasota, and Tallahassee offices, as well as our experienced subconsultants.

We have reviewed the Scope of Work for Marine Facilities and Financial Services and assembled a team of engineers, landscape architects, environmental scientists, and technicians to provide innovative solutions for the rehabilitation and replacement of the City's waterfront infrastructure, including seawalls, living shorelines, docks, waterway signage, and coastal management. Our approach integrates environmentally beneficial features to enhance local waterways and improve resilience of structures and shorelines against storms and tidal flooding. Our services cover all marine activities, including design, inspections, technical investigations, regulatory permitting, grant funding, and public outreach, ensuring compliance with applicable regulations. Additionally, we offer program development, project bidding assistance, construction oversight, and community engagement to ensure successful project execution that meets and exceeds funding agency requirements.

We commit to the obligations in this RFQ and appreciate the opportunity to share our experience and qualifications in the following pages, as well as to support the City in developing resilient and sustainable waterfront solutions for future generations. Should you have any questions please do not hesitate to contact me at 727-380-1644 or jcederberg@CumminsCederberg.com, as I am the person responsible to execute contract documents.

Sincerely,
CUMMINS CEDERBERG, INC.

Jannek Cederberg, PE
President

Jenna Phillips
Project Manager

* Cummins Cederberg, Inc. has read and acknowledges all addenda issued as of April 22, 2025.

STATEMENT OF QUALIFICATIONS & PROFILE OF FIRM

Cummins Cederberg is among the largest Florida-based coastal and marine engineering firms, specializing in complex engineering and environmental solutions. **Established in 2010, we have grown to over 70 employees and become a leader in coastal and waterfront engineering, coastal planning, environmental assessment, regulatory compliance, permitting, and grant administration, and have completed over 150 waterfront projects.** Our staff includes coastal engineers, marine structural engineers, engineer divers, resiliency planners, environmental consultants, regulatory and policy experts, and marine scientists, all with extensive experience in their respective fields. More than 75% of our team holds advanced degrees, professional certifications (e.g., Envision Sustainability Professional (ENV SP), Waterfront Edge Design Guidelines (WEDG), Certified Floodplain Managers (CFM), LEED Accredited Professional (LEED AP), as well as appointed positions on advisory boards, and State and national professional organizations. The technical background, key personnel experience, and subcontractor personnel are detailed in the full resumes provided as exhibits. Our St. Petersburg office will be leading this RFQ, with Jenna, who is based in that office, serving as the primary point of contact.

1. Cummins Cederberg Location: St. Pete & Sarasota, FL	2. Hyatt Survey Services Location: Bradenton, FL	3. Athena Technologies Location: McClellanville, SC
4. Chen Moore & Associates Location: Tampa, FL	5. SurvTech Solutions Location: Tampa, FL	6. Tierra Location: Tampa, FL

Marine Structures Engineering & Inspection

Design of marine structures can be very different from upland structures due to the extreme environment and exposure to dynamic and powerful coastal processes, as well as constraints imposed by environmental agencies.

Cummins Cederberg has unparalleled in-house expertise in design and inspection of piers, bulkheads, marinas, wharfs, docks, water taxi berths, port infrastructure, boat ramps, and seawalls. Our design philosophy is to develop robust and flexible solutions that not only meet engineering requirements 50 years from now, but remain functional and beneficial to the community and environment in the short-term as well.

The Redesign of Jose Marti Park in Miami includes a shoreline protection project combining a seawall with nature-based solutions. The project also includes a floating boardwalk that serves as a wave attenuator to protect the vegetated living shoreline, while enhancing direct water engagement for the community. Additionally, a water taxi slip provides water-based commuter services to enhance the interconnected transportation options within the Biscayne Bay.

Jose Marti Park is the first WEDG certified project in Florida and includes seawall design, a boardwalk, water taxi stop, living shoreline, and living seawall

The living shoreline and living seawall improve shoreline stabilization and ecosystem services, while reducing flood risk to the upland residential community. The redevelopment of Bayfront Park in Sarasota includes replacement of the existing bulkhead with a more robust shore protection system. The new seawall will be raised to provide additional protection from sea level rise and the anchoring system will be improved to handle higher loads. Living seawall modules will be attached to the face of the seawall to incorporate natural benefits and create

habitat for marine resources, contributing to water quality improvements.

For projects involving existing shore protection or other waterfront structures, an engineering condition assessment is recommended in order to understand remaining service life and potential repair needs. Our unique team brings expertise in both coastal engineering and structural engineering. We are capable of fielding three concurrent OSHA-compliant engineering dive teams to conduct underwater investigations for coastal and waterfront structures. Our staff includes 10 engineer-divers, 8 of which are registered Professional Engineers in Florida.

This rendering illustrates the proposed enhancements to Bayfront Park's shoreline, including a raised seawall for increased flood protection and improved anchoring for structural resilience

With the increased focus on tidal flooding and resiliency, assessing and understanding service life of marine structures becomes paramount in meeting those requirements in a cost effective and pragmatic way. Each engineer on our team who performs these inspections understands coastal and marine processes (waves, currents, erosion), which means we are not only assessing the structural condition, but also the underlying reason for the deterioration.

Coastal Engineering

Cummins Cederberg has a well-established portfolio of coastal projects. Our engineers are experienced in all aspects of beach nourishment, sand source investigations, coastal processes, design, permitting, physical and environmental impact evaluation, monitoring and construction administration, inlet management, and coastal structures. We employ decades of practical knowledge combined with our in-house state-of-the-

art advanced numerical modeling tools such as SMS/ ADCIRC, MIKE 21, Delft3D/SWAN, OpenFOAM, and SLAMM. With the increasing threat of sea level rise, we apply the use of hydrodynamic models to analyze storm surge impacts under current and future predicted water levels associated with sea level rise.

At Dinner Key Marina in Miami, Cummins Cederberg ran a spectral wave model to compare the wave power reduction between the existing conditions and the proposed improvements on the breakwater islands protecting the Dinner Key Marina and Miami City Hall

The hydrodynamic models can be further coupled to simulate the interactions between hydrodynamic and wave conditions. For example, we have developed an in-house hydrodynamic and hurricane model of Florida that includes Tampa Bay, allowing us to efficiently analyze a wide range of water levels and storm scenarios. We used similar models for the City of Hollywood Tidal Flood Mitigation project to design tidal flood barriers meeting required elevations. Our coastal engineering expertise and experience allows us to create numerical models that simulate flood conditions associated with coastal flooding, sea level rise, rainfall, and compound flooding that meet and exceed the minimum state statutory requirements. The flood conditions simulated in our numerical models allow us to identify structures at a higher risk of flood impacts and prioritize coastal engineering solutions that improve resiliency.

We combine numerical modeling tools with practical engineering and a deep understanding of coastal processes to provide the most appropriate engineering design solutions. Our engineers optimize designs based on existing site conditions, degree of wave exposure, water depths, and geomorphologic changes. Through practical engineering applications when evaluating and utilizing numerical models, we conduct thorough calibration and validation model checks to verify results and ensure sustainable and cost-effective projects. Our project experience includes nature-based designs, living shorelines, breakwaters, revetments, artificial reefs, shoreline stabilization, and design of hard structures.

CUMMINS | CEDERBERG
Coastal & Marine Engineering

We use 3D drafting software for design layout. Our engineers are highly involved throughout the entire life-cycle of the project from initial field investigations, through planning, design, and ultimately construction management, providing a thorough understanding of the multiple facets of a project and interdependency of design decisions made along the way. This process allows us to design projects and develop technical specifications that maximize project performance, satisfy regulatory requirements, and maintain public safety. Computer models can also be effective in navigating potential concerns from specific stakeholders relative to potential changes of coastal processes, such as current speeds or increased erosion.

Dredging & Dredged Material Management

Our dredging design and permitting experience includes maintenance dredging, channel deepening projects, and shoaling analysis within federally authorized and tributary channels for navigation and environmental restoration. We are also experienced in the application of numerical models to evaluate historical sedimentation trends, establish potential shoaling rates, and identify dredge volumes. Similarly, we have used numerical modeling tools to simulate dredge plume movement to evaluate impacts to water quality and changes in currents in newly deepened channels.

Cummins Cederberg created a dredge design template within Phillippi Creek to restore vessel navigability, with an additional focus on stormwater drainage from the surrounding community

Cummins Cederberg optimized the dredge design and is in permitting for the City of Miami Beach Biscayne Point Canal Dredging project, to restore navigational clearance within a silted in waterway. We recently completed a feasibility study and initial design for the Phillippi Creek dredging project, which will restore navigational clearance within this Sarasota waterway. The key to a successful dredging project is careful evaluation of geotechnical data to understand sediment characteristics and evaluation of

environmental resources to demonstrate avoidance and minimization of impacts. In addition to careful review of surveys, geotechnical data, and other site-specific conditions, we work with our clients and stakeholders to properly plan, design, and construct feasible, cost effective, and permissible dredging projects.

Jenna worked closely with the West Coast Inland Navigation District (WCIND) to prepare a 4-County regional 50-Year Dredged Material Management Plan (DMMP) for the federally authorized Gulf Intracoastal Waterway (GIWW) and adjacent inlets within Manatee, Sarasota, Charlotte, and Lee Counties. This effort included extensive review of 12 inlets within the 4-county region to identify nearshore and beach placement locations to inform a GIS inventory.

Cummins Cederberg extended the Phillippi Creek dredging project over 33,000 linear feet upstream following the 2024 hurricane season to better serve the community, restore vessel navigability, and improve stormwater conveyance.

Jenna was the technical lead for the multiple phases of the Town of Longboat Key’s Town-wide Canal Dredging Project in 2016 – starting with a feasibility study that included bathymetric survey, geotechnical data collection, and an assessment of vessel sizes to establish navigation needs. This initial effort led to extensive regional coordination related to sediment management, design, and permitting of the canal dredging project, including material management and a beneficial use seagrass restoration project. Jenna also led the team in compiling existing permit history and dredge records for approximately 90+ canals (nearly 26 continuous miles) into a GIS database to support and streamline the Town’s future canal dredging program. This expertise will be leveraged to design dredging projects for the City that maximize navigational safety and cost-benefit while minimizing environmental impacts.

Jenna has also worked with Sarasota County to develop dredging feasibility studies for the America Drive, Ships Channel, and Pirates Pass residential channels which included extensive evaluation of dredged material management and disposal options based on geotechnical and chemical analysis.

Cummins Cederberg’s unique ability to apply traditional engineering methods with new innovative technologies to dredging projects is what sets our team apart. Combined with First Line Coastal’s experience in dredging design, monitoring, and construction – the Cummins Cederberg team provides unmatched dredging experience on the Gulf Coast of Florida. Our local knowledge of the waterways along the Suncoast and within Manatee and Sarasota Counties will assist the City in navigating complex engineering needs on a regional scale. Our experience working with dredging contractors allows us to design projects that utilize industry standard means and methods to reduce delays, RFIs, and change orders during construction.

Beaches/Dune Restoration

Beach Nourishment & Monitoring

Cummins Cederberg has extensive experience with both large- and small-scale beach nourishment projects, emergency fill placement, and pre-/post-storm damage assessments. Cummins Cederberg is the Engineer of Record for the Beach Restoration project in the Town of Hillsborough Beach following Hurricanes Matthew and Irma. The project used ‘sand of opportunity’ from a nearby maintenance dredging project along the Intracoastal Waterway (ICWW). Our team led the design and permitting effort to maximize the advanced nourishment volume within the permitted template to provide protection of upland infrastructure.

Jenna was the Project Manager and technical lead on the South Sarasota County Venice Beach Shore Protection Project, leading the installation and monitoring of over 7 acres of offshore artificial mitigation reef, managed 2 full beach nourishment cycles and interim spot nourishment projects, performed offshore borrow area investigations and volume capacity analysis, and led annual permit compliance physical and environmental monitoring surveys.

Cummins Cederberg completed beach nourishment and truck haul projects for several municipalities including the Bal Harbour Village. A series of nor’easters caused significant erosion along the beaches in Miami Beach. We were engaged by Miami-Dade County to design an emergency 20,000 cy truck haul restoration project to

restore the dune system and emergency access. The berm and dune were designed to avoid impacts to nearshore hardbottom and we prepared an Equilibrium Toe of Fill (ETOF) analysis to optimize the fill template and avoid impacts to nearshore hardbottom resources.

Cummins Cederberg worked with Miami-Dade County to design an emergency dune restoration project following significant erosion associated with nor'easters in 2020. The design was optimized to maximize the fill template while avoiding impacts to nearshore hardbottom.

To further support pre- and post-storm response, our team maintains professional licensed drone pilots to conduct rapid and thorough beach and shoreline condition assessments before and after storms. These surveys support efforts to secure FEMA funding to restore the beaches to pre-storm conditions.

Resiliency/Adaptation Planning

Cummins Cederberg recognizes that sea level rise and climate change are creating continually evolving conditions, which include a new reality to which we must adapt. The City is particularly vulnerable to flooding from the Gulf of Mexico to the west, Boca Ciega Bay to the east, Pass-a-Grille Channel to the south, and various canals. While the City works to finalize their Vulnerability Assessment, a pilot project can be implemented to demonstrate adaptation to sea level rise and creation of a more resilient waterfront. We are currently working with multiple municipalities around the State to guide decision making relative to resiliency planning and efficient use of public funds. Cummins Cederberg is proud of the fact that many of our resiliency projects have moved beyond the planning phase and into the implementation phase, with many already constructed. Our proactive approach combines sea level rise projections with practical concepts and on-the-ground implementation strategies to maximize the service life of the City's infrastructure.

Shoreline protection should harmonize with the upland development as much as possible, create natural

habitat, and incorporate sustainable building practices. Resiliency planning should incorporate planning for future conditions and the benefits of nature-based solutions with traditional designs. Our coastal engineers routinely evaluate the potential impacts of local sea level rise and create flood mitigation roadmaps to address coastal flooding in shoreline protection projects.

As engineer of record for the City of Hollywood's Tidal Flood Mitigation and Shoreline Protection and the City of West Palm Beach's Currie Park Redevelopment projects, specifically the waterfront scope of work, we analyzed and incorporated long-term sea-level rise, storm surge impacts, and overall resiliency into the design of the waterfront improvements. Resiliency and adaptation planning can also be applied to structures such as docks and piers by increasing the clearance above water as added protection to impacts from sea level rise and storm surge. We accounted for sea level rise, wave impacts, and storm surge in municipal dock restorations at Lois Avenue and Broadway Street in Longboat Key by increasing the dock elevations and adjusting the method for driving piles.

Cummins Cederberg led the engineering, environmental, permitting, and grant support for waterfront work including rock revetment, living shoreline, boat ramp, improvements, kayak launches, over water piers and boardwalks, and "social" steps leading to the to the water for Currie Park

Cummins Cederberg has specialized experience and capabilities within the coastal engineering industry, which we leverage to provide dynamic solutions that can be adapted for reasonably anticipated sea level rise within the design life of the structure. Our team of experts understand coastal processes and the drivers of climate change. We also have Certified Floodplain Managers on staff who can provide the City with expert guidance relative to compliance with the FEMA National Flood Insurance Program (NFIP) and Florida Building Code (FBC) floodplain development requirements. This provides opportunities to tie sea level rise improvements to increases in CRS ratings, providing direct financial benefits to the residents.

Furthermore, we have established relationships with experts in the economics of flood resiliency that can be brought in should the need arise.

Living & Nature-Based Shoreline Stabilization

Our collective team experience and expertise in design, permitting, and construction of living shoreline and nature-based projects is unmatched. Our specific experience in waterfront park rehabilitation and living shoreline projects includes Currie Park in West Palm Beach (rock revetment, living shoreline, boat ramp improvements, overwater piers and boardwalks, marina), the City of Hollywood's Tidal Flood Mitigation project (living shoreline, rock revetments, storm surge protection), and Portosueno Park in Bradenton (rock revetment, living shoreline, mangrove plantings, reef balls, boardwalk).

At Portosueno Park in Bradenton, Cummins Cederberg designed a multi-faceted living shoreline that creates environmental habitat, enhances waterfront recreation, and improves resilience with oyster reef balls, mangroves, rock revetment, upland plantings, and an over-water viewing platform

Project Manager, Jenna Phillips also brings a wealth of local experience along the Gulf Coast of Florida, including development of a Living Shoreline Guidance Document for the Coastal & Heartland National Estuary Program (CHNEP) and the City of Punta Gorda through FDEP Resilient Coastline Program funding. Jenna has also designed a range of living and hybrid nature-based living shoreline projects for the City of Sarasota and Sarasota County, including Bird Key Park, Nokomis Beach Park, Indian Shores, and Ted Sperling Park.

The City of Hollywood partnered with Cummins Cederberg for a tidal flood and shoreline protection project that includes incorporating nature-based solutions to City-owned shorelines. The project includes 22 City owned shoreline segments totaling over 20,000 LF of shoreline. To address tidal flooding, designs include a combination of living shorelines, rock revetments, and bulkheads meeting City and County tidal flood barrier ordinances.

Cummins Cederberg worked with the City to develop and adopt their municipal Tidal Flood Barrier Ordinance.

Manatee County retained Cummins Cederberg to develop a living shoreline at Portosueno Park to provide nature-based solutions for shoreline protection. The existing seawall will be removed and replaced with a rock revetment. Mangroves and reef balls will be incorporated to provide environmental habitat, increase biodiversity, and dissipate wave energy. In addition, a boardwalk will be constructed over the rock revetment to enhance recreational features. Upland plantings were designed at elevations to promote growth and overall vegetation health as sea levels rise.

Marine Sciences

Our environmental permitting staff includes marine biologists and environmental specialists. Our highly experienced biologists and environmental scientists routinely develop biological assessments and monitoring plans, conduct a range of environmental investigations including marine resource surveys, environmental assessments, benthic habitat monitoring, hardbottom mapping, habitat mitigation monitoring, wetland delineation, seagrass surveys, coral relocation programs, vegetation surveys, and biological monitoring programs for a variety of coastal projects throughout Florida and the Caribbean.

Our regulatory team and marine biologists work in concert with our engineers to achieve overall design intent and project goals, while protecting marine resources and aiding an efficient regulatory approval process. This internal team of marine biologists and environmental scientists includes 13 scientific divers trained per 29 CFR 1910.410 and the American Academy of Underwater Sciences (AAUS), all of whom have professional experience conducting hardbottom and benthic monitoring surveys.

Our team prepares due diligence reports, environmental surveys and monitoring reports, and compiles feasibility reports for a variety of coastal projects throughout Florida and the Caribbean. Our scientists routinely perform statistical analyses and reporting for efforts involving the detection of shifts in community composition at the species level in response to upstream or land-based activities.

In addition to providing qualified and experienced staff, Cummins Cederberg can provide the necessary equipment to perform a range of surveys including shallow water vessels, mapping equipment, drones, data

sondes for the collection of water quality data, sediment cores (jet probes), video and still cameras, and SCUBA diving equipment.

Cummins Cederberg understands the requirements necessary to conduct various environmental assessments and the importance of reviewing regulatory terms and conditions with the State and federal resource agencies, as well as local stakeholders and special interest groups. Our environmental team has a firm grasp of the environmental and logistical coordination efforts needed to develop projects from conception through implementation.

Cummins Cederberg is currently leading all environmental permitting and grant administration for the multi-phased legacy project at The Bay Park, working with The Bay Conservancy and the City of Sarasota

Environmental/Regulatory Permitting

The Cummins Cederberg team of regulatory experts provides unparalleled experience in local, State, and federal coastal permitting, comprehensive mitigation design and monitoring, NEPA documentation, Endangered Species Act Section 7 consultation, and Essential Fish Habitat Assessments. Our team includes former executive level regulatory staff from State and federal agencies including a former FDEP Deputy Director of Beaches and Coastal Systems and USACE Regulatory Section Chief, as well as other former environmental regulatory staff with intimate knowledge of the regulatory process and established professional relationships with agency personnel. This expertise serves to expedite regulatory reviews, negotiate reviewer requests for additional information, and maintain frontline knowledge of regulatory changes.

Prior to submitting permit applications, we conduct pre-application meetings to better understand initial agency concerns and proactively address questions the agencies are likely to have when reviewing the submittal. Once a permit application has been submitted and initial responses from the agencies received, depending on the complexity of the project, Cummins Cederberg will host a multi-agency video conference to streamline project review and address conflicting comments. Continued communication with the agencies ensures prompt agency review, feedback on project details, and negotiated permit conditions, all leading to permits being issued expeditiously with reasonable conditions.

Grants

Our in-house policy expertise includes substantial federal and State grant management experience. This team is comprised of policy leaders, regulatory administrators, and grant project managers who have previously worked for FDEP, Water Management Districts, and other State agencies. Cummins Cederberg's varied experience includes developing and budgeting funding agency programs, administering grant awards with sub recipients and municipalities, preparing and submitting grant applications on behalf of clients, administering grant contracts, and complying with State and federal grant requirements funding consulting services and construction contracts.

SIGNATURE PROJECT GRANT AWARDS

The Cummins Cederberg team is currently administering over \$75M in grants and has successfully won over \$63M in grant awards since 2020 for our public clients, including the City of West Palm Beach, City of Sarasota, Bay Park Conservancy, City of Miami, City of Sanibel, Manatee County, and Bal Harbour Village.

Construction Services

Following engineering design for permitting, it is important to confirm projects are constructed properly and follow engineering and regulatory requirements. Cummins Cederberg is highly experienced in construction administration, starting with initial bidding and project award through preconstruction meetings, special inspections, and site visits, until final completion. Experience has shown it is important for the design engineer to remain involved throughout the process, where comprehensive knowledge of the design conditions and underlying coastal processes correlate the varying construction techniques with potential impacts to the future rate of deterioration and service life of a structure.

Cummins Cederberg brings extensive construction phase expertise to coastal and waterfront projects, with involvement from bidding and contractor selection to onsite inspections and project closeout. Our team includes former marine contractors and engineers who understand the importance of aligning construction practices with long-term performance and coastal resilience

Cummins Cederberg has provided construction phase services for numerous waterfront facilities, marinas, parks, shorelines, and coastal projects – for private and public sector clients. Our construction management staff includes former marine contractors who bring critical project management and field experience. Our team has performed all tasks normally associated within administration of construction projects – including contract preparation, bidding and contractor selection, preconstruction meetings, coordination with federal, state, municipal agencies, onsite observation services, progress tracking, pay application processing, contractor submittal review, construction observations, preparation of change orders, assistance with owner-contractor dispute resolution, and project closeout and certification.

Communication with Subs

Cummins Cederberg's approach to project management is designed to deliver efficient, high-quality projects that meet the City's needs. Acting as an extension of the City's staff, the Cummins Cederberg team is committed to guiding the project from inception to closeout, maintaining full compliance with technical standards and grant obligations throughout the process. The City is a high-priority client for our firm, and to effectively manage City projects, we will employ our proven structured 5-step method. This process guarantees that tasks are properly assigned, deadlines are met, and project objectives are achieved within the agreed-upon timelines and budgets. Within one month of Notice to Proceed (NTP), Cummins Cederberg will reach out to the City to facilitate a meeting to discuss upcoming project opportunities and timelines.

Our structured 5-step method begins with identifying the scope and budget, where early communication with the City will help us understand anticipated projects and timelines. Jenna will work with the City to develop the scope, qualifications, staffing, and budget estimates for each project and associated tasks, leveraging existing data for potential cost savings and expedited completion. Upon approval of the project scope, Jenna will coordinate with the team to engage the necessary personnel, ensuring a highly responsive team that can meet the City's requirements within the desired timeframe and budget. Following authorization to proceed, Jenna will schedule a project kickoff meeting to discuss assignments, prepare scopes of work, and establish effective communication channels. Throughout the project, we will monitor progress, regularly communicate with City staff, and maintain compliance with City procedures while providing thorough project records. As part of overall project management, our team will provide regular progress updates and maintain prompt response times for any inquiries that may arise .

CATEGORY 1: APPROACH TO MARINE FACILITIES

The Cummins Cederberg team is comprised of coastal engineers, marine structural engineers, marine biologists, regulatory and policy experts, marine scientists, oceanographers, geologists and construction managers with experience in all facets of coastal engineering, environmental planning, and the regulatory framework. To supplement our team, we have included local subconsultants SurvTech, Hyatt Survey Services, Chen Moore & Associates, Athena Technologies, and Tierra for surveying, civil engineering, and geotechnical services.

Our engineering team is responsible for the investigation, planning, design, and construction management of coastal projects such as beach nourishment, dune restoration, shoreline stabilization, marinas, waterfront structures such as docks and piers, navigation dredging, living shorelines, sea level rise assessments, and adaptation planning. We thoroughly understand all phases of marine construction—from preparing opinions of probable construction cost and construction drawings to overseeing construction administration, grant management services, and final project close-out. At the outset of each task assignment, Cummins Cederberg will confirm with City staff the level of support needed for each project. Our scopes of work remain comprehensive yet flexible, identifying estimated labor hours per task, meeting, and site visit to support judicious use of the City's resources and funds. Our experience working on projects from field to finish ensures our designs consider all aspects of project development up front during the design phase, rather than further down the line.

In addition, our strategic grant administration team has secured over \$63M in public waterfront project funding since 2021. Our regulatory and policy specialists are experienced in marine and waterfront engineering projects, state and federal permitting and policy strategies, and grant administration. Knowing the grant programs available for project types and elements helps our grants team craft the best funding strategy to receive the most co-benefits. Where applicable, we plan maximize funding opportunities by stacking grants based on the timing of award or matching funds availability and phasing the project to receive funding in separate phases. Projects will be paired with the policies and goals of the funding agency to better align with criteria affecting the award of funds and facilitate qualifications.

Cummins Cederberg served as EOR and led the construction administration for the repairs to the largest municipal marina on the east coast of Florida

Our in house project organization utilizes a layered project management team to breakdown critical tasks and communication chains in order to provide a high-level of detail to essential project metrics – budget, schedule, and quality. Our team is prepared to assist the City in delivering innovative, successful projects that comply with all technical standards, while maintaining environmental regulatory agency requirements. The Cummins Cederberg team will be an extension of the City’s staff and is committed to assisting in all aspects of project management from initial kickoff meetings to project closeout. Our project management process will focus on three key fundamentals:

Communication & Protocols

In our experience, it is not only the knowledge of the team members that drive the success of a project, but the effectiveness of communication amongst the team and stakeholders. Communication and collaboration are a core of our focus and success. Our team is equipped with the latest technologies to host calls/meetings and send essential project data whether in the office or field including Microsoft Teams, Zoom, Outlook, and cell phones. For cloud-based data transfer we utilize Dropbox and Microsoft Sharepoint. Our staff is trained on the latest technologies, which leads to efficient storage, transmittal and updates to pertinent project documents – drawings, calculations, and reports.

Internal Communication

We utilize our internal tiered management structure to set project roles, establish expectations, and define communication flow for all project tasks. To ensure consistency in project coverage and overlap of responsibilities, our team meets weekly to discuss project priorities, troubleshoot project challenges, and align focus for critical schedule items. We will flag high-priority or critical path items for mid-day and end-of-day check-ins amongst the team to confirm no impact to project schedule, budget, or quality.

External Communication

As part of the team assignment and communication responsibilities, we identify the key project stakeholders who will influence the success of each project. Key team members for the client, design subconsultants, and others are identified and introduced to the Cummins Cederberg team to establish initial connections. Once the project has been started, Jenna will handle high-level communications to maintain project goals and ensure milestone deliverables. She will also handle daily communications with the team to have consistent visibility and feedback on project priorities.

Cummins Cederberg will keep the entire project team connected with conference calls, weekly coordination meetings, and email communications.

Schedule Monitoring & Controls

The project schedule is the lifeline of the project and connects all parties, from stakeholders to construction crews. Cummins Cederberg will prioritize the following efforts to monitor and control the project schedule:

- During the design and permitting phase, our team will streamline critical path items with our internal team and subconsultants. Furthermore, we will maintain communication with agency reviewers to optimize permit application processing.
- During the pre-mobilization phase, we will review construction documents to identify long-lead

time items and the critical path sequence to ensure the contractor has a strategy to optimize schedule.

- A Master Project Schedule will be prepared in Microsoft Project to manage project design and delivery throughout the Project life cycle. This enables us to track the impacts of changes on various tasks and identify opportunities to make up ground in other areas to keep the overall project schedule on target.
- Utilize breakout and bi-weekly look-ahead schedules to prioritize critical path items.
- Schedule weekly discussions of priorities amongst internal and external team chains during meetings.

Budget Monitoring and Controls

As a key metric and resource in any project, we understand the significance of having a plan to monitor and control project budgets. Cummins Cederberg will carry out the following measures to optimize project funds and avoid unforeseen cost impacts:

- Preliminary design/pre-construction reviews of scope to confirm constructability and avoid change orders. This is critical to avoid change orders during construction.
- Coordinate with subconsultants and entire design team to determine if value engineering options exist.
- Support project bidding to validate competitive pricing while ensuring qualified contractor selection.
- Perform detailed scope and contract reviews for vendors to ensure no scope gaps.

Quality Monitoring and Controls

Our quality management philosophy is focused on essential elements including customer satisfaction, management responsibility, continuous improvement, and prevention - as opposed to correction. We believe Project Management and Quality Management should complement each other as they work together. The following basic principles guide our approach to quality management of our project deliverables throughout the project lifecycle:

Engineering QA/QC

As a top priority for Cummins Cederberg, quality drives our overall project management approach. Jason Cummins, PE, will serve as QA/QC Officer and will ensure that each team member follows proven quality protocols. He will coordinate overall QA/QC, review project QA/QC plans, and review and verify satisfactory QA/QC procedures.

Permitting QA/QC

With several former regulators on staff who bring unmatched insight into the environmental regulatory permitting process, we have a clear understanding of the State and Federal rules and regulations and their application to complex coastal projects. Permit application packages and responses to Requests for Additional Information (RAI) prepared by our highly qualified biologists, engineers, and environmental scientists are reviewed by senior managers prior to submittal to the agencies to ensure they thoroughly address the rules and regulations, as well as all items identified in RAI. All documents are carefully checked to ensure all requested information is provided and all revisions to drawings have been addressed, with the goal of avoiding issuance of subsequent RAIs, thereby reducing the overall permitting timeline.

Construction QA/QC - Risk Management

With our extensive background in both engineering and construction operations, we have been exposed to varying levels of workmanship, and have resolved many construction quality issues. Below outlines our approach to project construction costs, monitoring, and controls using our in-house construction management team.

Project Management Execution by Phase

Our team includes several professional engineers who have simultaneously performed design and construction management on our projects, which provides additional insight into constructability. This strategic blend of engineering-construction experience allows our staff to provide quality control and practical input on specifications, including required submittals, milestones, and documentation requirements. To meet project objectives, we have identified key stages of a project's lifecycle that correspond to essential tasks.

Design & Permitting Phase

Once the City issues a Notice to Proceed, Cummins Cederberg will initiate the design and permitting efforts to kick-off the project. Our anticipated efforts will include:

1. Project Scope Review and Design
2. Permit Applications and Processing

1. Project Scope Review and Design

The first step will include early communications with the City to gain a comprehensive understanding of the scope of the project. We will work with the City to identify the project needs and involve our subconsultants early to outline the critical design sequence and strategy to expedite permit application submissions to environmental permitting agencies.

Cummins Cederberg will host and execute pre-design coordination meetings, which will be documented with meeting minutes for distribution to the Project Team.

2. Permit Applications and Processing

As a result of securing numerous permits for projects in Florida's marine environment by staff who worked directly for the FDEP, SFWMD, and USACE, Cummins Cederberg is very familiar with the regulatory processes, staff, and procedures.

Prior to submitting permit applications, we will conduct pre-application meetings to better understand initial agency concerns. We will then compile comprehensive permit application packages to proactively address questions the agencies raised during the pre-application meetings and are likely to have when reviewing the application packages.

Once permit applications have been submitted and requests for additional information have been received from the agencies, Cummins Cederberg will host a multi-agency webinar to streamline project review and address any conflicting comments from regulators. We collaborate with environmental and engineering team members throughout the permitting process to ensure our engineering designs are consistent with the rules and regulations, while minimizing ecological impacts to the maximum extent practicable.

Project Close-out Phase

Once permits have been obtained, project bidding and contractor selection can commence. Cummins Cederberg will guide the City through this process towards the successful construction of the project.

1. Procurement and Post-Award Negotiations
2. Pre-mobilization Meetings and Coordination
3. Construction Site Walkthroughs and Observation Reports
4. Project Documentation - RFIs, Submittals, and Pay Applications
5. Project Close-Out

1. Procurement and Post-Award Negotiations

Our team is prepared to support the City with project bidding and the contractor selection process. Our involvement typically includes developing a comprehensive bid package, participation in pre-bid meetings, review of Contractor qualifications, and preparation of a recommendation letter identifying the lowest qualified bidder. Cummins Cederberg is prepared to assist with contract negotiations, including conducting draft contract reviews, organizing the scope of work and unit rates, and confirming latest project documents to be attached via contract exhibits.

2. Pre-Mobilization Meetings and Coordination

Prior to contractor mobilization, Cummins Cederberg will coordinate a pre-construction meeting to meet with essential contractor personnel to discuss work sequence and logistics, as well as to review the environmental permits. The objective is to establish a chain of communication and identify team member roles and responsibilities to optimize workflow and troubleshoot of production issues. This is also when required documents are provided by the contractor, including hurricane plans and emergency contacts.

3. Construction Site Walkthroughs and Observation Reports

Once construction commences, Cummins Cederberg will perform site walkthroughs to ensure the Project is being constructed in compliance with the contract documents, construction drawings, and permits. We will prepare and distribute Field Observation Reports including photos, written observations, and any relevant figures to document the observations recorded during the site visits. Further, we will immediately communicate and follow-up on any critical observations noted that could impact the Project schedule and/or budget.

4. Project Documentation – RFIs, Submittals, and Pay Applications

Cummins Cederberg will review RFIs and submittals from the contractor and coordinate any technical reviews/inputs with our subconsultants and City project staff. We will provide prompt technical clarification to the contractor on aspects or details of the construction documents to ensure the project is built to satisfy the intent of the design and project permits, while minimizing the potential for project schedule and budget overruns. We will also review submittals from the contractor to verify the materials, sequence, methods, equipment, and plans are consistent with the approved design and permit conditions.

Cummins Cederberg will also review pay applications from the contractor to confirm the requisitions reflect the percentage complete onsite. Part of this review will be to confirm the billed work has been formally observed/inspected and accepted by the City prior to approving payment release.

5. Project Close-Out

Upon the milestone of substantial completion, Cummins Cederberg will complete the required walkthroughs to initiate a punch list with City representatives and the Contractor to ensure work is completed to the satisfaction of the City and is in compliance with contract documents, as well as project permits. Cummins Cederberg will also assemble the required documentation, as-built surveys, installation and inspection logs, and final certification letters to prepare the final Project report for submittal to the regulatory agencies to close out the permits.

CATEGORY 2: APPROACH

TO FINANCIAL (GRANT) SERVICES

Depending on the project type and phase in funding (application or award implementation), our approach to grant assistance is organized in to three service areas:

1. Grant Funding Research

Knowing the grant programs available for project types or project elements, helps our grants team craft the right funding strategy to receive the most co-benefits. We will craft a plan for “stacking grants” based on the timing of award, leveraged matching funds availability, or by phasing the project which could receive funding in separate phases. Our firm follows the activities of the funding agencies for background information on the types of previously funded, new modifications to grant programs, and strategies for effective grant applications. We understand the nature of pairing projects with the policies and goals of the funding agency.

Cummins Cederberg maintains a proprietary grant tracking database which allows us to quickly pull the right grant options for the project. This database is maintained with the most recent funding opportunities, and updated with new grant opportunities as they are announced.

In-house Grant Funding Database

Our team specializes in researching potential funding opportunities for specific categories of projects. We pride ourselves on the diversity of project types we research grants for, including marina and docks, green infrastructure and living shorelines, upland park and recreational amenities, seawall improvements, historical resources, sustainable transportation, stormwater, and water quality improvements, and resilient infrastructure.

Project concept development evolves from this knowledge and synthesis of influencing factors. Grant strategies are summarized in funding needs reports. Upon request, on-call grant research deepens the understanding of and timely response to grants available. The amount of detail in funding agency objectives, priority areas, parameters, timing, eligibility, prerequisites, and application processes can be complex. Cummins Cederberg understands the importance of compiling concise summaries for communication and further action.

We successfully stacked grants together to help fund the Bay Park project in Sarasota. Cummins Cederberg worked closely with an interdisciplinary project team, the City, and the Bay Park Conservancy to apply for and obtain a \$10.4M Community Development Block Grant-Mitigation (CDBG-MIT) under the Rebuild Florida General Infrastructure Program and a \$1.25M award from the Florida Department of Environmental Protection (FDEP) Resilient Florida Program through the Statewide Flooding and Sea Level Rise Resilience Plan.

“Grant Stacking - the ability to leverage multiple grant programs for the same project or initiative, so the applicant can acquire more funding on their project”

Cummins Cederberg regularly coordinates meetings with the City of Sarasota Grants Liaison on additional grants that need the support and sign off from the City for unfunded aspects of The Bay Park project. A detailed project funding spreadsheet keeps the elements funded by the various grants organized to prevent ‘double-dipping’.

2. Grant Proposal Development and Application Processing

All grant applications begin with an understanding of:

- The array of multiple funding sources available
- The criteria affecting award of funds
- Development of viable project concepts with timelines and budgets

Existing

Proposed

Renderings used for one of the 22 sites for the City of Hollywood Tidal Flood Mitigation project. These renderings were used to help depict project outcomes for adaptation strategies used to leverage grant funding.

This area of grant assistance entails developing a project idea into a project proposal that meets all grant requirements in coordination with the City and project engineers. Cummins Cederberg will assist in refining project goals, objectives, rough order of magnitude costs, capacity within the City (who does what on a project from administration to implementation), potential leveraged funds available, and realistic timelines for planning, design, permitting, and construction.

We will stay in communication with funding agencies to better understand objectives and scoring criteria of a selected grant in relation to a proposed project. Various grants require differing degrees of detail in a grant application. Depending on the size of the award sought and the funding agency, federal grants typically require a higher degree of grant administration involvement. The large, federal infrastructure grants administered through FDEM or FDEO require detail-rich grant applications.

Grant proposal development includes narrating project descriptions, reviewing the planning documents already in place supporting a given project, articulating important socio-economic benefits, planning and design, cost estimating, completing cost-benefit analyses, and creating graphics and images to illustrate project intent. These can include master plans, site plans, sections and elevations, sketch details, and may include graphic designs and 3D renderings.

In some cases, meeting certain prerequisites and steps in a long-term planning process, such as comprehensive plans, vulnerability assessments, and Local Mitigation Strategies enhances the likelihood of funding awards.

Resiliency projects are better understood with renderings to depict the desired outcome. Our firm worked collaboratively with the City of Hollywood to depict their adaptation of 22 city-owned waterfront segments through renderings and used their \$14M General Obligation Bond as leverage to get the City a \$18M+ FDEP Resilient Florida grant. Project concepts developed for grant applications are incomplete without dovetailing the proposed project into timeline and budget considerations, for example:

- Grant application deadline and timeframe for award
- Availability of local matching funds, how much, when are they available – are they even needed by the grant program, and are they used first?
- Time of grant award and payment schedule – when does the money need to be spent?
- Project phasing – when is construction?
- Months or years of grant agreement and project completion deadline

Grant applications are completed and submitted with all required supporting documentation. Public noticing requirements associated with some grant programs may require obtaining a city resolution or posting a notice on a city website for comment. Our firm can assist in providing the content and recommendations for outreach, including presenting the project and the funding opportunity being sought to the public, decision makers, and elected leaders.

Funding entities may follow up a grant application submission with a request for the applicant to respond to a Request for Additional Information (RAI) and/or submit additional project details. Once awarded, grant agreements with detailed scope of work plans are

prepared and finalized. Cummins Cederberg coordinates the response to any RAIs and reviews the grant work plans offered by the funding agency with the grant applicant and the affected internal City stakeholder such as procurement, public works, public utilities, parks, communications, legal, capital improvement, emergency response, or asset management. Communication within the project team and with internal project stakeholders is essential for winning an award and, moreover, successful implementation of the award.

Our team has experience with projects funded and/or managed under a wide array of grant programs including:

- FEMA Disaster Response and Hazard Mitigation Grant
- Florida Commerce Rebuild Florida Program
- FDEP Resilient Florida Grant Program
- FDEP Nonpoint Source Pollution Program
- FDEP Beaches Funding Assistance Program
- FDEP Clean Vessel Act
- Florida Recreation Development Assistance Program (FRDAP)
- Florida Inland Navigation District (FIND) Waterways Assistance Program (WAP)
- West Coast Inland Navigation District (WCIND) Waterway Development Program(WDP)
- FDOT Beautification Grant
- EPA Small Community Grant
- FDOS Division of Historic Resources Special Category Grants
- US Fish and Wildlife Service Boating Infrastructure Grant Program
- FFWCC Sport Fisheries Restoration Program
- NOAA Coastal Partnership Initiative (CPI)
- National Fish and Wildlife Foundation (NFWF) National Coastal Resilience Fund (NCRF)

3. Grant Management and Reporting Requirements of Funded Grants

Whether planning or construction-related, implementing projects that have been awarded public grant funds have specific and detailed administrative requirements. Flood vulnerability assessments must be compliant with Resilient Florida legislation in s. 380.093, F.S. Federal projects such as FEMA and HUD-CDBG have fair labor and wage standards, procurement policies, and environmental criteria, for example, conformance with the National Environmental Policy Act (NEPA), that can surpass the anticipated environmental permits associated with the projects. Publicly funded projects

also have time constraints, such as when funding may be disbursed to deadlines for project completion, and public outreach expectations during design development. Our project managers are well versed in what to look for and how to manage these requirements.

Implementation of grant-funded projects often begins with selecting a project team, or selecting a contractor through an RFP through a procurement process. Cummins Cederberg knows RFP development requires an understanding of the City's needs and objectives coupled with the technical expertise of planning and engineering for the construction of infrastructure projects. Our professional team is experienced in writing content for and preparing bid packages, and can effectively narrate project context, goals and objectives, description, scope, services, tasks, phases, responsibilities, and expected deliverables.

Successful implementation of grant funded projects requires knowledge of expectations of the grant, especially as designs change based on public feedback, regulatory agency feedback during permitting, and the overall project budget beyond the grant award. We will review the grant application and details of the executed grant work plan to make sure the project design, budget, and timeline will remain fundable. As changes arise during design and permitting, we can alert the City of any needs to modify the grant work agreement, extend the grant, or confirm changes are allowed by the funding agency.

Our firm is routinely involved in public and stakeholder outreach for municipal and local government projects. Recently, Cummins Cederberg supported the City of Miami in their implementation of the public outreach aspects of the FDEO CDBG-MIT grant for the Jose Marti Park Adaptive Redesign project, and the stakeholder outreach (internal and external) for the FEMA Hazard Mitigation Grant Dinner Key Breakwaters and Resiliency Improvements project.

Cummins Cederberg has experience leading the outreach and supporting the project team by offering these public engagement services. Having a variety of outreach types garners the best feedback on grant-funded projects – in person (day and night), virtual meetings, online website, public meetings, targeted 1-on-1 stakeholder meetings, and inter-departmental meetings.

Administering publicly funded grant agreements can be complicated and time consuming. Cummins Cederberg is well versed in grant agreements monthly, quarterly, and final close out reporting, including financial reporting, and the array of required compliance submission documentation.

Cummins Cederberg provided extensive support to the City of West Palm Beach for administration of the FDEP CDBG-MIT grant for Currie Park Redevelopment Project. Grant assistance included preparation of monthly and quarterly grant reports, coordinating FDEP review and approval of policy documents, weekly coordination relative to contract requirements, monitoring grant deadlines, processing reimbursements, tracking expenditures of leveraged funds and deliverables, and grant reporting. The firm is also providing the grant-required Environmental Assessment (EA) pursuant to NEPA – separate and distinct from the federal permitting process with the USACE.

We recently assisted the Bal Harbour Village with implementing, administering and closing-out a FEMA grant for disaster recovery from the hurricane effects on the municipality's beach and dune system. The timeline

for implementing the project was extended; therefore, the project needed to be re-evaluated prior to construction to confirm the volume of sand placement and number of dune plants needed to comply with the grant. We performed the grant administration during the project, filing reports directly in the Florida PA online system, and coordinating with the Village as needed to respond to questions during the audit and successful close-out of the FEMA grant.

Citywide Shoreline Viability Index

City of Miami Beach, Florida

CUMMINS | CEDERBERG
Coastal & Marine Engineering

West 40th Street Rendering

Beach View Park Rendering

Mid Beach Park Rendering

Cummins Cederberg analyzed 118 City-owned shoreline segments to select locations for living shorelines to increase the stabilization and resiliency of waterfront City property and increase community engagement with the water. The analysis was conducted through an extensive review of current and historical aerial imagery and seawall inspection reports. Each site was assigned a score based on factors such as cost efficiency, constructability, wave exposure, and the age of the current structure, to obtain a list of the ten most viable sites to incorporate living shorelines.

An environmental resource survey and engineering site visit were conducted for each of the ten viable sites for living shorelines to refine the list. Cummins Cederberg worked with the City to select the three optimal locations for living shoreline development based on these assessments. The three selected sites are West 40th Street, Mid-Beach Park, and Beach View Park. With these locations finalized, the project is now in the design and permitting phase, led by Cummins Cederberg.

Cummins Cederberg also conducted research to evaluate grant funding opportunities for each of the three living shoreline projects. The City successfully obtained grants to support the construction of the living shoreline projects for the three sites.

Scope:

- Coastal engineering
- Living shoreline design
- Benthic surveys
- Permitting due diligence
- Seawall design
- Grant research
- Pier design
- Kayak launch
- Boardwalk design

Citywide Strategic Seawall Capital Improvement Plan St. Petersburg, Florida

CUMMINS | CEDERBERG
Coastal & Marine Engineering

Cummins Cederberg is providing coastal and marine engineering services to assess and classify the condition of approximately 72,000 LF (13.6 miles) of municipal seawalls. This strategic seawall capital improvement plan includes considerations for rising sea level and increased severe storm events, understanding the City's vision for the seawalls by neighborhood and downtown waterfront district, development of a GIS database for the seawalls, development of a coastal design toolbox, prioritization of repairs and/or replacements based on available funding, maintenance of a project website, grant support, and making recommendations for changes to local seawall ordinances.

Our team of engineers began with comprehensive above- and below-water inspections for all the City's municipal seawalls, documenting the condition of each existing seawall in detail. Following these inspections, the team is compiling a comprehensive report of findings, highlighting critical areas needing immediate attention and those requiring long-term maintenance.

Based on the findings described in the comprehensive report, Cummins Cederberg is developing the strategic capital improvement plan that outlines priority projects with an actionable roadmap to support the City's implementation for improved resiliency against present coastal conditions and future flood risks. This plan will prioritize seawall repairs and replacements, align improvements with available funding sources, and incorporate sustainable and resilient design principles to ensure the seawalls can withstand future climate challenges.

Additionally, we are working to provide recommendations for updating local seawall ordinances to enhance regulatory frameworks and promote best practices in coastal engineering.

****Some project phases are complete, with other components still underway.***

Scope:

- Coastal engineering
- Grant support

Jose Marti Park Adaptive Redesign

City of Miami, Florida

CUMMINS | CEDERBERG
Coastal & Marine Engineering

The redesign of this 13-acre, multi-use recreational space on the Miami River explores ways in which the park can minimize tidal flood impacts to the surrounding neighborhood, adapt to sea level rise, and enhance waterfront access to residents. Given its physically and socially vulnerable location between the Miami River and Little Havana, a low lying, low-income Hispanic community, a participatory design process emphasizing community goals is critical for success.

The proposed work includes a floating boardwalk, providing access for direct water engagement and a 360-degree view with the Miami River on one side of the boardwalk and living shoreline planters on the landward side. The living shoreline and resilient seawall accommodate multiple goals of increasing shoreline stabilization and improving ecosystem services. The waterfront engineering design also includes a water taxi slip for potential water-based commuter services to create a more interconnected transportation option to Miami Beach and other possible locations around the Biscayne Bay.

The Jose Marti Park Adaptive Redesign will serve as a model for resilient waterfront parks that can adapt to current and future flood risks associated with climate change through the lenses of economy, ecology, and equity. Cummins Cederberg is responsible for the inundation modeling, waterfront engineering design, environmental permitting, and grant management.

****Some project phases are complete, with other components still underway.***

Scope:

- *Bathymetric survey*
- *Engineering inspection*
- *Waterfront design*
- *Marine resource survey*
- *Tidal flooding mitigation*
- *Environmental permitting*
- *Grant funding opportunities*

South Maritana Living Shoreline

St. Pete Beach, Florida

CUMMINS | CEDERBERG
Coastal & Marine Engineering

Existing conditions

Existing conditions

Cummins Cederberg is providing coastal engineering, grant-funded planning, and environmental permitting services to enhance and protect approximately 280 linear feet (LF) of shoreline in front of three waterfront properties in the Maritana neighborhood of St. Pete Beach.

The engineering team conducted above- and below-water inspections of approximately 280 LF of seawall. The inspection included a visual assessment of the structural components (e.g., cap, panels, piles) to identify signs of deterioration (e.g., cracking, spalling, displacement, undermining) in relation to the potential reuse in the nature-based living seawall design.

Based on the findings, Cummins Cederberg's engineers will develop two design alternatives incorporating either a living shoreline or a hybrid nature-based solution. These designs will consider future water levels, including high tides and sea-level rise, and will be presented in plan views overlaid on available aerial imagery. Cummins Cederberg will develop construction drawings based on the selected alternative.

Simultaneously, the environmental team at Cummins Cederberg is ensuring the project complies with all necessary permitting regulations. Given the project's location within the Tampa Bay Aquatic Preserve, the environmental team is collaborating with the City of St. Pete Beach and regulatory agencies such as the Pinellas County Water and Navigation Section, the Florida Department of Environmental Protection (FDEP), and the U.S. Army Corps of Engineers (USACE) to meet all environmental requirements are met.

***Some project phases are complete, with other components still underway.**

Scope:

- Coastal engineering
- Environmental permitting
- Marine engineering
- Living shoreline design
- Above and below inspection

Portosueno Park Living Shoreline and Waterfront Improvements

Bradenton, Florida

CUMMINS | CEDERBERG
Coastal & Marine Engineering

Cummins Cederberg has been contracted by Manatee County to provide marine engineering and environmental consulting services for waterfront improvements. The County received funding through the RESTORE Act to restore the park shoreline along the northern marina basin. The project includes removal of an existing deteriorating bulkhead to install a living shoreline along ~600 LF. The living shoreline has been designed to provide environmental habitat, enhance recreational access to the waterfront and accommodate rising sea levels. The design will also include a manatee viewing platform, a pedestrian walking path, improved ADA parking areas, a pedestrian boardwalk and overwalk fishing platforms.

Our marine biologists conducted a qualitative marine resource survey to identify potential seagrasses, oysters, and other marine resources of significance along the shoreline. An environmental survey report was prepared summarizing the findings of the survey.

Based on the field investigations, our engineers developed 3 conceptual living shoreline designs that included a combination of rip rap, oyster balls, segmented rock sills, mangrove planters, vegetated planters, and living wall panels design to stabilize the shoreline and accommodate upland stormwater drainage. Cummins Cederberg will develop the final design, construction documents and an opinion of probable construction costs for the selected design option.

The design team supported County staff and facilitated an onsite public stakeholder engagement meeting to review all 3 conceptual design options. Upon completion of the design, Cummins Cederberg will perform bidding and construction administration support services.

***Some project phases are complete, with other components still underway.**

Scope:

- *Living shoreline design*
- *Marine engineering*
- *Bathymetric survey*
- *Marine resource survey*
- *Public outreach*
- *Environmental permitting*
- *Seawall inspection and removal*
- *Bidding and construction administration*

Tidal Flood Mitigation and Shoreline Protection

City of Hollywood, Florida

CUMMINS | CEDERBERG
Coastal & Marine Engineering

Cummins Cederberg is assisting the City with their Tidal Flooding Mitigation and Shoreline Protection project. The scope includes evaluation of 22 City owned shoreline segments along 10,000+ ft. of shoreline within North Lake, South Lake, and the ICW. Conceptual designs have been prepared for each shoreline segment to provide site specific solutions to address tidal flooding. Concepts include living shorelines, rock revetments, and bulkheads and are consistent with the new City and County tidal flood barrier ordinances.

Our team of marine biologists completed a benthic resource survey of the submerged lands adjacent to the 22 project areas. The survey was conducted using SCUBA during the seagrass growing season and identified important protected resources. Resources observed included shoal grass, paddle grass, and Johnson's seagrass. This survey informed project design to ensure impacts to these important resources are avoided and minimized to the maximum extent practicable and will support environmental permit applications. Biologists also assessed the vegetation to identify protected and invasive species along the 22 project areas. Native vegetation will be protected, and exotic vegetation will be eradicated as part of project implementation.

Engineering inspections were conducted above and below water to assess the current condition of the 22 shoreline segments. These inspections informed design of tidal flood barriers that meet the City and County Codes and will be sufficient to protect the shorelines against sea level rise that is reasonably anticipated to occur during the design life of these structures. Tide gauges were deployed in North Lake, South Lake, and the Hollywood Marina to determine tidal prisms, lag time, and water level elevation differences between each lake and the ICW. This information was utilized for design of tidal flood barriers for the project sites. This project will enable the City to mitigate the severe flooding that occurs

Scope:

- Marine resource survey
- Coastal wetland surveys
- Above and below water
- Structural engineering assessments
- Coastal engineering assessments
- Environmental permitting
- Grant application and administration
- Engineering design
- Construction administration
- Ordinance development

during king tides and sea level rise in the neighborhoods surrounding North and South Lakes.

Cummins Cederberg secured a \$13.9M Resilient Florida Grant to supplement the City's GO Bond funding for project implementation. The conceptual designs were presented during a public meeting to solicit input and the designs have been reviewed with relevant departments within the City. Upon selection of project elements for each site, Cummins Cederberg will prepare permit drawings and applications to secure environmental regulatory permits for the proposed projects.

****Some project phases are complete, with other components still underway.***

The Bay Park Sarasota, Florida

CUMMINS | CEDERBERG
Coastal & Marine Engineering

The Bay Park in Sarasota is a 53-acre waterfront park that is being revitalized to enhance the natural shoreline, while expanding public access to Sarasota's Bayfront. The project is designed to showcase the natural environment and resources of Sarasota, while fostering public enjoyment through recreation. The park improvements include extensive stormwater improvements, an ADA accessible kayak dock, a fishing pier, and a mangrove walk around the bayou. To assess potential impacts to marine resources and to assist in the planning and design of the project, Cummins Cederberg conducted marine resource surveys, prepared an environmental impact analysis, and developed benthic monitoring and coral relocation plans.

Our team of marine biologists have been conducting summer surveys within Phase 1 since 2020, collecting qualitative and quantitative data to characterize the benthic community. They documented seagrass, coral, algae, and other benthic resources within the project footprint. This information was used to site the proposed fishing pier to avoid and minimize impacts to ecologically important benthic resources. It will also serve as baseline conditions for future marine resource surveys during and after construction, to determine how the project has affected the marine environment. In addition, Cummins Cederberg secured permits for various Phase I project elements, including the ADA accessible kayak dock; pedestrian bridge replacement; drainage, mangrove trimming, and maintenance dredging within the mangrove bayou; and the Sunset Fishing Pier.

Cummins Cederberg is also conducting benthic mapping to support Phase 2 and 3 project improvements at The Bay Park. Phases 2 and 3 of the project will provide over \$65M in improvements to the 53-acre park including transient day docks and new seawalls within the Canal District, extensive water quality improvements through stormwater retrofits, living resilient shorelines, and restoration of Hog

Scope:

- *Environmental permitting*
- *Grant application*
- *Grant administration*
- *Marine resource monitoring*
- *Public outreach support*
- *Permit compliance*

Creek. Permitting will commence shortly for the resilient shoreline and hog creek restoration.

Our grants team has secured grant funding and plays an integral role in grant administration of the public funds acquired for this project, which currently totals more than \$19M from local, state, and federal agencies. The grant administration scope includes weekly coordination calls with the Bay Park Conservancy, as well as regular coordination with the City of Sarasota Grant Coordinator and other City staff. The City plays an important role in the implementation of the project; as the property owner, they act as the grant “pass through” for some of the public funding sources. Cummins Cederberg researches potential grant funding opportunities, prepares grant applications, and processes the applications through award and grant agreement execution. They also leads grant administration for the awarded grants, which includes managing the grant budgets, tracking deliverables, coordinating cash flow, and preparing reports and compliance documents.

Grants secured to date include:

****Some project phases are complete, with other components still underway.***

Manatee County Oyster Restoration Master Plan

Bradenton, Florida

CUMMINS | CEDERBERG
Coastal & Marine Engineering

Cummins Cederberg is providing marine engineering and environmental consulting services specific to development of an Oyster Restoration Master Plan for the Manatee River, in collaboration with the Manatee County Ecological and Marine Resources Division within the Natural Resources Department of Manatee County. This plan will guide large-scale oyster habitat restoration and prioritize project areas to help restore oyster habitats in the Manatee River.

The team conducted a desktop review to gather and synthesize available existing data relative to oyster restoration efforts within the County and greater Tampa Bay region. This included historical records of oyster presence, water quality data (e.g., salinity, DO, pH), existing biological data (e.g., seagrass, listed species, wildlife occurrence), physiographic data (e.g., LiDAR, bathymetry, tidal records, sea level rise projections), and local knowledge on human uses and potential conflicts. Marine scientists visited natural oyster reef sites to analyze and identify success criteria at those locations to help inform restoration planning.

Our team will evaluate permitting and restoration strategies to develop a guide aimed to inform future oyster restoration efforts. This guide will include federal and state regulatory permitting challenges (e.g., submerged lands ownership issues, marine resource setback requirements, impact limitations), suggested regulatory approaches, siting metrics for selecting and prioritizing restoration sites, considerations for future climate changes (e.g., rising water levels, changing temperatures and salinity gradients, acidification), and a sampling of restoration techniques, materials, and methods. Funding and partnership opportunities will also be identified. All information will be compiled into a Manatee County Oyster Restoration Master Plan, which will serve as a living document for future oyster restoration efforts within the County.

****Some project phases are complete, with other components still underway.***

Scope:

- *Field data collection*
- *Coastal engineering analysis*
- *Marine resource survey*
- *Restoration strategies & suitability*

V. NON-COLLUSION AFFADAVIT

STATE OF Florida
COUNTY OF Miami-Dade

I state that I, Jannek Cederberg, PE/President of Cummins Cederberg, Inc.,
(Name and Title) (Name of Firm)

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication, or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. Cummins Cederberg, Inc., its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material, important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

SWORN STATEMENT – PUBLIC ENTITY CRIMES

1. This sworn statement is submitted to: City of St. Pete Beach

and (if applicable), its Federal Employer Identification Number (FEIN):

or, if the entity has no FEIN, include the Social Security Number:

by the individual signing this sworn statement:

2. I understand that a "public entity crime" as defined in Section 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid, proposal, reply, or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Section 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Section 287.133 (1)(a), Fla. Stat., means:

- a. A predecessor or successor of a person convicted of a public entity crime or
- b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLA. STAT., FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

STATE OF FLORIDA

COUNTY OF Miami-Dade

The foregoing instrument was sworn to (or affirmed), subscribed, and acknowledged before me by means of ☒ physical presence or ☐ online notarization, this 15 day of April, 2025, by Janet Cederberg, who is personally known to me or has produced _____ as identification.

CITY OF ST. PETE BEACH, FLORIDA **STANDARD CONTRACT ADDENDUM**

THIS ADDENDUM modifies that certain contract for services made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited

basis to enforce the requirements of the previous section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option

of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for “Foreign Countries of Concern”. If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires “Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a “foreign country of concern” if such interest, contract, grant or gift received from a “foreign country of concern” if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable “foreign country of concern” and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services”. Pursuant to Section 268.101(7), Fla. Stat.: “In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause.”

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties’ actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys’ Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys’ fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor’s social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any

subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Breach during Emergency Recovery Period. Pursuant to Sec. 252.505, Fla. Stat., if vendor breaches this agreement during an emergency recovery period (1-year period beginning upon Governor's initial declaration of a natural emergency) Contractor shall pay a \$5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages.

19. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

- A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the

days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

Contractor:

Print Name: Jannek Cederberg

Title: President

Company: Cummins Cederberg, Inc.

ATTEST:

City of St. Pete Beach

City Clerk

Frances Robustelli, City Manager

EXHIBIT D

Public Assistance Grant Supplement

1. Applicability of this Exhibit; Conflicts.

- a. This Exhibit shall be fully incorporated into and made a part of the Agreement, as if the terms contained in this Exhibit were fully re-stated within the Agreement itself.
- b. This Exhibit shall apply: (a) in addition to anything contained in the Contract Documents; and (b) notwithstanding anything contained in the Contract Documents to the contrary. No other provision of the Contract Documents shall serve to limit or restrict the obligations imposed upon the parties in this Exhibit.
- c. In the event of a conflict between anything contained in this Exhibit and anything contained elsewhere in the Contract Documents, this Exhibit shall control and take precedence.
- d. Contractor's agreement to the terms contained in this Exhibit is a material inducement for Contractor to enter into the Agreement.
- e. If this Exhibit is attached to a Purchase Order, the term "Agreement" as used herein shall mean and refer to such Purchase Order to which this Exhibit is attached, and the term "Contract Documents" shall refer to all documents attached to and made a part of such Purchase Order.

2. Defined terms.

- a. For purposes of this Exhibit, the following definitions shall apply, in addition to any terms defined elsewhere in the Contract Documents:
 - i. The terms "recipient" and "non-Federal entity," and the term "applicant" as used in Section 3(a)(8) herein, shall have the same meaning as the term "Owner" as used in the Agreement;
 - ii. The term "contract" as used herein shall have the same meaning as the term "Contract" as used in the Agreement; and
 - iii. The term "contractor" or "prime contractor" as used herein shall have the same meaning as the term "Contractor" as used in the Agreement.
 - iv. The term "internal controls" means a process, implemented by a non-Federal entity, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (a) Effectiveness and efficiency of operations; (b) Reliability of reporting for internal and external used; and (c) Compliance with applicable laws and regulations. 2 CFR §200.61
 - v. The term "supplies" means all tangible personal property other than those described in 2 CFR §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the

non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 CFR §200.94

- vi. The term “disallowed costs” means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award. 2 CFR §200.31
- vii. The term “equipment” means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. 2 CFR §200.33

3. Equal Employment Opportunity (41 C.F.R. Part 60-1.4(b)).

a. During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (a) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors

violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

- (b) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148)

The Contractor agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act, as amended; the provisions of contract work hours; the Safety Standards Act; the Copeland "Anti-Kickback" Act (40 U.S.C. 276, 327-333); and all other applicable federal, state, and local laws and regulations pertaining to labor standards insofar as such acts apply to the performance of this Agreement. The Contractor shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the County for review upon request.

5. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred thousand dollars (\$100,000.00):

Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708).

Contractors engaged in contracts in excess of Two Thousand and 00/100 Dollars (\$2,000.00) shall comply with Federal requirements of the United States Department of Labor under 29 C. F. R., Parts 1, 3, 5, 6, and 7. All Contractors will comply with the following:

a. Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in 29 C.F.R. § 5.5(b)(1) the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in 29 C.F.R. § 5.5(b)(1), in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in 29 C.F.R. § 5.5(b)(1).

(3) *Withholding for unpaid wages and liquidated damages.* The Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in 29 C.F.R. § 5.5(b)(2).

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4) and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4).

6. Procurement of Recovered Materials (2 C.F.R. § 200.322)

The Contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

7. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred fifty thousand dollars (\$150,000.00):
Clean Air Act and the Federal Water Pollution Control Act (42 U.S.C. §§ 7401-7671q and 33 U.S.C. §§ 1251-1387).

- a. Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal awarding agency and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pinellas County, Florida.

4. Section 3 Clause

- A. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are Subrecipients of HUD assistance for housing.

- B. The Parties to this contract agree to comply with HUD's regulations in 24 C.F.R. part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

- C. The Contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section

3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The Contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. part 135. The Contractor will not subcontract with any subcontractor where the Contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. part 135.

E. The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's obligations under 24 C.F.R. part 135.

F. Noncompliance with HUD's regulations in 24 C.F.R. part 135 may result in sanctions, termination of this contract for default and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with Section 3 covered Indian housing assistance, Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. § 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

b. Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pinellas County, Florida.

8. Debarment and Suspension

a. Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with Executive Orders 12549 and 12689, and 2 C.F.R. pt. 180, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by Owner. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to Owner, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

9. Lobbying Prohibition

- a. No funds or other resources received under this Agreement may be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.
- b. Required Certification. Contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in

connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Signature of Contractor's Authorized Official

Name and Title of Contractor's Authorized Official

Date

10. Hatch Act

The Contractor agrees that no funds provided, nor personnel employed under the Agreement, shall be in any way or any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C.

11. Conflict of Interest

The Contractor shall abide by the provisions of 24 C.F.R., 570.611 and 2 C.F.R., 200.112. The Contractor shall maintain no present or future financial interest, direct or indirect, which would

conflict in any manner or degree with the performance of services required under this Agreement as indicated in 2 C.F.R., 200.318.

12. Religious Activities

The Contractor agrees that funds provided will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization, in accordance with the Federal regulations specified in 24 C.F.R., 570.200(j).

13. Access to Records

- a. Access to Records. The following access to records requirements apply to this contract:
 - (1) The Contractor, including all of its employees or agents, contractors, subcontractors and consultants to be paid from funds provided under this Agreement, agrees to provide the Department of Economic Opportunity (DEO), the Chief Financial Officer of the State of Florida, The Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or representatives of the Federal government or their duly authorized representatives, the Florida Division of Emergency Management, Owner, Pinellas County, Florida, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions at reasonable times. "Reasonable" shall ordinarily mean during normal business hours of 8 a.m. to 5 p.m., local time, Monday through Friday.
 - (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
 - (3) The Contractor agrees to provide Pinellas County, Florida or its authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.
 - (4) In compliance with the Disaster Recovery Act of 2018, the Owner and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by Pinellas County, Florida or the Comptroller General of the United States.
 - (5) The Contractor shall include the aforementioned recordkeeping requirements in all approved contracts, subcontracts, and assignments.

14. Bonding Requirements

The Contractor agrees that related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 and Appendix 11; and if the contract is for construction or facility improvement it must also include the Federal bonding requirements 2 C.F.R. § 200.325.

15. Employment Eligibility Verification

- a. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires DEO contracts in excess of nominal value to expressly require the Contractor to:
 - i. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Subrecipient during the Agreement term; and,
 - ii. Include in all contracts under this Agreement the requirement that contractors, subcontractors, and consultants performing work or providing services pursuant to this Agreement use the E-Verify system to verify the employment eligibility of all new employees hired by the contractors, subcontractors, and consultants during the term of the contract.
- b. The Department of Homeland Security's E-Verify system can be found at: <http://www.uscis.gov/e-verify>
- c. If the Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Agreement.

16. DHS Seal, Logo, and Flags

The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific Pinellas County, Florida pre-approval.

17. Compliance with Federal Law, Regulations, and Executive Orders

- a. This is an acknowledgement that Pinellas County, Florida financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, Pinellas County, Florida policies, procedures, and directives.

18. No Obligation by Federal Government

- a. The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

19. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

20. Procurement By Non-Competitive Proposals

- a. Policy:
 - i. It is the policy of City of St. Pete Beach, FL to follow the Uniform Federal Guidance 2 CFR 200.320 in regard to procurement by noncompetitive proposals (Sole Source Purchasing). Procurement by noncompetitive proposals is

procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source
 - (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
 - (3) The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity
 - (4) After solicitation of several sources, competition is determined inadequate.
- ii. The procurement must be necessary for the program, project, research or other circumstance supported by the grant; not reasonably available and accessible of the type normally charged as a direct cost to existing sponsored agreements and purchased in accordance with other Institutional policies and procedures.

21. In the Event of a Non-Emergent Procurement the PD/PI Should Complete:

- a. **Cost Price Analysis Form** which includes contractor's total cost proposal or price to determine which are allowable, show their direct relation to the requirements and, reasonableness; and complete the related City of St. Pete Beach, Fl. **Cost Analysis Worksheet** to support the proposed budget or quotation outlined in the Cost Price Analysis Form. Completion of these forms by the originating department will document that a Cost Analysis has been conducted.
- b. If no additional vendors were available to conduct a comparison against using the Cost Price Analysis Form, please also complete and attach the **Sole Source Justification Form**.
- c. **Responsible Contractor Form:** to document that any contractors have been reviewed and approved for their compliance with Uniform Guidance, Title 2, Subtitle A, Chapter II, Part 200, Subpart D, §200.318, section H.
- d. In addition, related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 & Appendix 11; and if the contract is for construction or facility improvement also include the Federal bonding requirements 2 C.F.R. § 200.325.

22. Build America Buy America Act (BABA)

- a. The Contractor shall comply with the requirements under the Build America, Buy America Act when using Federal funds for the purchase of iron, steel, manufactured products, and construction materials permanently incorporated into infrastructure projects as applicable pursuant to the Build America, Buy America Act. All iron, steel, manufactured products

and construction materials used under a federally grant funded project must be produced in the United States as applicable pursuant BABA. The requirements of this section must be included in all sub-awards including all contracts and purchase orders for work or products under this award.

- b. For purposes of this section:
 - i. “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - ii. “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

23. Contracting with Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms. 2 C.F.R. § 200.321

- a. Contractors will take all necessary affirmative steps to assure that minority business, women's business enterprises, and labor surplus area firms are used when possible.
- b. Affirmative steps must include:
 - i. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - ii. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - iii. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
 - iv. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
 - v. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
 - vi. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (i) through (v) of this section.

24. Compliance with Copeland “Anti-Kickback”

- a. Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as appropriate instructions may require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

25. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment.
2 C.F.R. § 200.216

- a. Under this Agreement, grant funds will not be obligated or expended to:
 - (1) Procure or obtain;
 - (2) Extend or renew a contract to procure or obtain; or
 - (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - A. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - B. Telecommunications or video surveillance services provided by such entities or using such equipment.
 - C. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.
 - (4) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
 - (5) For more information, See 2 C.F.R. § 200.471.

26. Historic Artifact Discovery

If prehistoric or historic artifacts, such as pottery or ceramics, projectile points, dugout canoes, metal implements, historic building materials, or any other physical remains that could be associated with Native American, early European, or American settlement are encountered at any time within the project site area, the permitted project shall cease all activities involving subsurface disturbance in the vicinity of the discovery. The applicant shall contact the Florida Department of State, Division of Historical Resources, Compliance Review Section at (850)-245-6333. Project activities shall not resume without verbal and/or written authorization. In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately, and the proper authorities notified in accordance with Section 872.05, Florida Statutes.

The terms in this Exhibit are hereby agreed upon by the Contractor as of this _____ day of _____, 2025.

Signed:  _____

Print Name: Jannek Cederberg

**CITY COMMISSION MEETING
CITY OF ST. PETE BEACH
COMMISSION CHAMBERS**

Agenda Report

Agenda Title Name: Authorize the City Manager to execute a Services Agreement with Harris-McBurney Company for the 36th Avenue Roadway and Stormwater capital improvement project in the amount of \$329,145.36

Action Request: Motion to authorize the City Manager to execute the Services Agreement with Harris-McBurney Company for the 36th Avenue Roadway and Stormwater capital improvement project in the amount of \$329,145.36.

Strategic Objective: Reliable Infrastructure

Date: September 22, 2025

Prepared By: Camden Mills, Public Services Director

Through: Frances Robustelli, City Manager

Summary of Issue: The City publicly advertised a Request for Bid (RFB) for qualified, licensed civil contractors with the expertise and capabilities to perform roadway and storm drainage construction at 36th Avenue and East Maritana Drive. One responsive sealed bid was received on July 30, 2025. Harris-McBurney Company was determined to be the lowest responsive and responsible bidder meeting all City qualification requirements.

The 36th Avenue project was ranked priority #4 in the FY 2025 capital improvement plan.

The contract provides all labor, materials, equipment, and skills necessary to complete the roadway and storm drainage construction portion of the project. An accompanying agenda report is included for the seawall portion of the project.

Funding: GL 250-5650 Resiliency Capital Improvements (\$278,709.50)
GL 103-5655 Stormwater Improvements (\$50,435.86)
The bid received is within budgeted funds and includes 10% contingency.

1. Services Agreement - Roadway & Stormwater

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

36th Avenue Roadway and Stormwater

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and **Harris-McBurney Company**, (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Standard Form Addendum. The attached Standard Form Addendum, which contains all the Florida Statutorily required provisions applicable to this Agreement, is attached hereto as Exhibit "A" and its provisions modify and supplement this Agreement.
3. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:
 - a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit "B") in the amount of **\$329,145.36**.
 - b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
 - c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the exception of changes caused by inclement weather.

- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.
 - e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.

8. Warranties.
 - a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective.
 - b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 6 months of the agreement.
10. Term. This Agreement will remain in effect for a period of (6) six months, from the Effective Date.
11. Effective date. The "Effective Date" of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
 - a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in accordance with the payment schedule provided in the attached proposal, City shall pay

Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.

16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additionally named insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, such sum being specifically found by Contractor to be sufficient consideration for this indemnification, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages compensation or benefits payable by or for the Contractor or any subcontractor under Workers'

Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved, and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity."

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor's funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified public accountant selected by the City. The Contractor must allow the City to inspect, examine

and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Standard Form Addendum (Exhibit "A")
- b. Request for Bid (Exhibit "B")
- c. Vendor Proposal (Exhibit C)
- d. FEMA Addendum (Exhibit D)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

As to Contractor:

Harris-McBurney Company
2120 North US HWY 301
Tampa, FL 33619

As to City:

City Manager
City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

cityattorney@stpetebeach.org

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney's fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of

counterparts, each of which so executed and delivered shall be deemed to be an original and all of which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the Section 15 of the Standard Form Addendum, Exhibit "A", and that the facts stated in it are true.

EXHIBIT “A”

CITY OF ST. PETE BEACH, FLORIDA
STANDARD CONTRACT ADDENDUM

THIS STANDARD CONTRACT ADDENDUM is made and entered into this 31st day of July, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and Harris-McBurney Company, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth certain mandatory limitations on indemnification and liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed,

renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

Amber LaRowe

City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance Indemnification. Contractor agrees to indemnify and hold the City harmless against any and all claims, damage awards, and causes of action arising from the contractor's failure to comply with the public records disclosure requirements of Section 119.07(1), Florida Statutes, or by contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorneys' fees and costs arising therefrom. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of this section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status

of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. Contractor hereby certifies that Contractor is not listed on any of the following: (i) the Scrutinized Companies that Boycott Israel List, (ii) Scrutinized Companies with Activities in Sudan List, or (iii) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". CONTRACTOR shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under

[section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause.”

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties’ actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys’ Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys’ fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor’s social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor’s social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

“Coercion” means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably

assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;

4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

5. Causing or threatening to cause financial harm to any person;

6. Enticing or luring any person by fraud or deceit; or

7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

A. None.

II. CONTRACTOR'S BID SUBMITTAL

The company that is submitting a bid declares that it has extensive experience in 36th Avenue Roadway and Stormwater Repair.

The undersigned, as Bidder, hereby declares that the only person or persons interested in the Bid as principal or principals are named herein, and that no person other than herein mentioned has any interest in the Bid or in the Agreement to be entered into; that this Bid or Agreement is made without connection with any other person, company, or parties making a Bid; and that it is in all respects fair and in good faith without collusion or fraud.

The Bidder further declares that they have examined the site of the work and informed themselves fully in regard to all conditions pertaining to the place where the work is to be done; that they have examined the Plans and Specifications for the work and Contract Documents relative thereto, and have read all special provisions furnished prior to the opening of bids; and that they have satisfied themselves relative to the materials to be supplied and work to be performed.

The Bidder proposes and agrees, if the Bid is accepted, to contract with the City of St. Pete Beach, Florida, in the form of an Agreement specified for **"36th Avenue Roadway and Stormwater Repair."** in St. Pete Beach, Florida, in full and complete accordance with the shown, noted, described, and reasonably intended requirements of the Plans, Specifications, and Contract Documents, to the full and entire satisfaction of the City of St. Pete Beach, Florida.

The successful bidder shall be required to utilize the template Agreement in this Request for Bids (RFB) and any questions regarding the Agreement must be addressed during the RFB process before submittal. The City reserves the right to respond or not respond to questions in the form of an addendum.

The Bidder proposes to furnish all materials, equipment, labor, and perform the work submitted in their bid schedule for the City of St. Pete Beach **"36th Avenue Roadway and Stormwater Repair."**

III. Equipment List

36th Avenue Seawall Repair BID FORM

The estimated quantities shown in the Bid Form are approximate and provided for informational purposes to aid in preparing Bid Proposals and to show the approximate scope of the work to be performed. The contractor shall perform their own quantity take-off and shall submit a bid showing the items of ALL work, unit prices, and lump sum price for all work. Any variations from the estimated quantities shall not entitle the bidder to an adjustment in the unit price or any additional compensation.

IV. GENERAL CONTRACT TERMS

REQUEST FOR BID

The City of St. Pete Beach is submitting this RFB for the purpose of soliciting bids from qualified, licensed Civil contractors with the expertise and capabilities to repair the intersection of **36th Avenue and Maritana**. Contractor to provide all labor, materials, equipment, and skills necessary to complete the 36th Avenue and Maritana roadway and storm drainage construction.

LOCATIONS

The City of St. Pete Beach is soliciting bids from qualified Contractors for the **36th Avenue Roadway and Storm Drainage construction**.

BID SUBMITTALS

Bid documents must include a signed/notarized Contractor's Bid Submittal (Page 3), Fee Schedule, References, Contractor's license and insurance certificates, and Public Entity Criminal Affidavit. The Contractor shall submit one electronic bid via Bonfire or DemandStar. If a link is needed to either, please contact the City Procurement Manager at jtaylor@stpetebeach.org.

BIDDER INFORMATION

All Contractors must contact the City's Procurement Manager, in writing via e-mail (jtaylor@stpetebeach.org), with their intention to bid, along with their company name and contact information at least five (5) business days before the bid package is due. The City is not responsible for any Addendums or other supplementary information that is not received due to non-submittal of the aforementioned information. Please refer back to the city website (<http://www.stpetebeach.org/news-and-links/city-projects.html>) for additional project information as it becomes available. The City reserves the right to decide whether to answer addendums or not. The City is not required to provide any additional information.

MANDATORY PRE-BID MEETING

A **MANDATORY** pre-bid meeting will be held on **07/02/2025 at 11:00 AM EST** at the 36th Avenue Roadway and Stormwater Repair. The pre-Bid meeting will be at 36th Street and Maritana in St Pete Beach, FL.

WRITTEN REQUESTS FOR INTERPRETATIONS/CLARIFICATIONS

No oral interpretations will be made to any firms as to the meaning of the scope of work or any other contract documents included in this **RFB**. All questions pertaining to the terms and conditions or scope of work of this Request for Bid (**RFB**) must be sent in writing (e-mail is acceptable) to the City Procurement Manager and shall be received no later than **10:00 EST on 07/23/2025**. Responses to questions may be handled as an Addendum if the response would provide clarification to the requirements of the **RFB**. All such Addenda shall become a part of the contract documents. The City will not be responsible for any other explanation or interpretation of the proposed **RFB** made or given prior to the award of the contract. The City will not respond to questions received after the specified deadline. The City reserves the right to respond to any and all questions but is not required to do so.

BID PACKAGES

Sealed bids will be accepted by the City until **07/30/2025 at 9:00 AM EST** (Deadline). No bids shall be accepted by the City after this deadline – NO EXCEPTIONS. Bid Packages must be electronically submitted via Bonfire or DemandStar. If a link is needed for either site, please contact the Procurement Manager @ jtaylor@stpetebeach.org. All Bidders are invited to attend this bid opening.

Clearly marked as: “**36th Avenue Civil Repair**”

John Taylor – Procurement Manager

Mailing Address - 155 Corey Avenue, St. Pete Beach, Florida 33706

Office Phone - (727) 363-9279

E-mail - jtaylor@stpetebeach.org

SCOPE OF WORK

Contractor to provide all labor, materials, equipment, and skills necessary to complete the 36th Avenue eastern terminus Roadway and Stormwater repair in accordance with the design plans and specifications. Scope of work includes roadway and storm drainage construction.

DETAILED SPECIFICATIONS

Contractor to provide all labor, materials, equipment, and skills necessary to complete the 36th Avenue roadway and stormwater repair in accordance with the design plans and specifications. Scope of work includes roadway and storm drainage.

Standard work hours shall be from 7:30 AM until 6:00 PM, Monday through Saturday. No work shall take place on Sundays or on official City holidays without prior approval by the City Manager or designee at least 1 week prior to the scheduled work. A list of current official City holidays can be found on the City's Human Resources website at <http://www.stpetebeach.org/hr/holidays.html>. Contractor will coordinate scheduling of work with the City's Project Manager and City's Inspector. |

ADDITIONAL WORK DETAILS

Contractors or people wishing to bid on this project are licensed, bondable and insured in accordance to the City's requirements. The Contractor will furnish all necessary labor, materials, tools, equipment and supplies to complete the scope of work. Bid must also include all costs for licenses, permits and any material disposal fees.

Bidders shall bring questions, discrepancies, omissions, conflicts, or doubt as to meaning of any part of Contract Documents to the attention of the City of St Pete Beach Public Works Department at least ten (10) business days before bid submittal deadline. Clarification of intent of Contract Documents, if necessary, shall be made available to bidders in the form of an Addendum. Failure to request clarification of interpretation of Contract Documents shall not relieve bidders of their responsibilities to perform the work.

The City of St. Pete Beach reserves the right to reject any or all bids or parts of bids, or accept any bid or part thereof deemed to be in the best interests to the City of St. Pete Beach.

STATEMENT OF WORK

The Contractor shall furnish and pay the cost, including sales tax and all other applicable taxes, licenses, permits and fees, of all the necessary materials not furnished by the City and shall furnish and pay for all the superintendence, labor, tools, equipment, transportation, and perform all the work required for the execution of all services listed in the Bidder's Proposal and Bid Form attached hereto and in strict accordance with the Plans, Specifications, and requirements of the City of St. Pete Beach which are attached hereto and made a part hereof, and any amendments thereto and such supplemental Plans and Specifications which may hereafter be approved.

BEGINNING DATE

The Contractor is expected to be available to start immediately following contract execution.

COMPLETION OF WORK

The work will be completed and ready for final inspection within (6) months from contract execution. |

EXAMINATION OF SITE

Bidders may visit specific areas with advanced notice.

ASSURANCES

The responding Contractor shall provide a statement of assurance that the Contractor is not presently in violation of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida, and ordinances and regulations of the City of St. Pete Beach will apply.

TRAFFIC CONTROL AND STAGING AREA

Contractor shall include all costs associated with vehicular and pedestrian traffic control and maintenance during the project. Contractor shall be responsible for providing a staging area. The location of this area must be approved by the City Manager or designee. The Contractor will be required to control the area including any additional fencing or barricades and Contractor will be responsible for the restoration of this and all other staging areas provided by the City.

ASSIGNMENT AND TRANSFER OF CONTRACT

The Contractor shall not assign or transfer this Agreement or any part thereof or any interest therein without consent in writing of the City and the Contractor's Surety, and any such assignment or transfer without such written consent shall be null and void.

SUBCONTRACTS

The Contractor shall not subcontract this Agreement or any part thereof or any interest therein without consent in writing of the City and the Contractor's Surety. Any Subcontractor approved by the City will be subject to the same standards and qualifications as stated in this Contract.

PERFORMANCE PAYMENT BOND

60% of Bid Total |

LIQUIDATED DAMAGES

If the work embraced by this Contract is not completed on or before the date set for completion or any extension thereof, the actual damages for the delay will be impossible to determine and in lieu thereof, the Contractor shall pay to the City fixed, agreed, and liquidated damages in the amount of either Five-Hundred Dollars (\$500) per day for each calendar day of delay until the work is satisfactorily completed.

PAYMENT

Payment shall be made to the Contractor for work performed under this Contract for the quantities of work as determined in accordance with Payments for Work Completed and Payments Withheld of this Contract. Payment for extra work will be made in accordance with the Changes in Work, Contract Amount, and Contract Time sections below.

CHANGES IN THE WORK

Without invalidating the Contract, the City may, at any time or from time to time, order additions, deletions or revisions in the work authorized by written Change Orders or directives. Upon receipt of a Change Order, the Contractor will proceed with the work involved. All such work shall be executed under the applicable conditions of the Contract documents. If any Change Order causes an increase or decrease in the Contract Amount or any extension or shortening of the Contract Time, an equitable adjustment will be made.

Additional Work performed by the Contractor without authorization of a Change Order will not entitle them to an increase in the Contract Amount or any extension of the Contract Time, except in the case of an emergency (subject to approval by City Manager or designee).

It is the Contractor's responsibility to notify their Surety of any changes affecting the general scope of the Work or change of the Contract Amount and the amount of the applicable bonds shall be adjusted accordingly, and an amended bond document furnished to the City. In the event the City directs the Contractor to make a change in the Work, and if the City and the Contractor do not arrive at a mutually acceptable increase or decrease in the Contract Amount, the contractor shall not use any such lack of mutual acceptance as a basis or cause to stop or otherwise delay the progress or the execution and completion of any of the work ordered, directed or required pursuant to the Contract Documents.

If the Contractor believes an event or situation has occurred which justifies a change in the Contract Amount or Contract Time, he shall deliver a written notice to the City Manager or designee. Each such written notice shall be delivered promptly and no later than fifteen (15) business days after the Contractor first discovered the occurrence. The Contractor shall be deemed to have waived the right to collect any and all costs incurred more than fifteen (15) business days prior to the date of delivery of the written notice and shall be deemed to have waived the right to seek an extension of the Contract Time with respect to any delay in the Progress Schedule which accrued more than fifteen (15) business days prior to the date of delivery of the written notice.

Any such notice shall include sufficient detail to explain the basis of entitlement to a claim for an adjustment to the Contract Amount of Contract Time. When requested by the City Manager or designee, the Contractor shall furnish any additional information and details as may be required to determine the facts or allegations involved, which shall be provided within fifteen (15) business days of the request unless a longer time period

is allowed by the City Manager or designee.

The Contractor shall prepare bids detailing proposed adjustments to Contract Amount and/or Contract Time and submit them to the City Manager or designee within fifteen (15) business days of the City's issuance of a proposed Change Order or the Contractor's submitting a written notice of a change or claim for an adjustment to the Contract Amount or Contract Time. Contractor's bids shall be irrevocable for a period of at least sixty (60) business days after receipt by the City. Any delay in the submittal of a complete, adequate and acceptable bid will not justify an increase in Contract Amount or Contract Time. Contractor agrees that it shall give the City access to any and all of Contractor's and Subcontractors' books, records and other materials relating to proposed Change Orders and other claims for adjustment to Contract Amount or Contract Time.

CHANGE OF CONTRACT AMOUNT

The Contract Amount constitutes the total compensation payable to the Contractor for performing the Work. All duties, responsibilities and obligations assigned to or undertaken by the Contractor shall be at his expense without change in the Contract Amount. The Contract Amount may only be changed by written Change Order issued by the City. Any claim for an increase in the Contract Amount shall be in writing and delivered to the City Manager or designee within fifteen (15) business days of the occurrence of the event giving rise to the claim.

All claims for adjustment in the Contract Amount shall be determined by the City Manager or designee. However, no claim for an adjustment to the Contract Amount will be considered for unforeseeable causes that were beyond the fault or negligence of the Contractor or his Subcontractors or supplier such as acts of God, floods, riots, etc. This restriction does not restrict submission of claims for additional Contract Time due to events of this nature. Any change in the Contract Amount shall be incorporated in a Change Order.

Contractor bids or claims shall cover all aspects of the Work involved and shall be fully documented and itemized as to all costs, quantities and charges for overhead and profit. Amounts for Subcontractors or Suppliers at any tier shall be similarly supported. When determining Subcontractors' costs, the methods to be used shall be those used for the Contractor's costs, except that the term "Subcontractor" shall replace the term "Contractor," context permitting.

Changes in Contract Amount for extensions in Contract Time shall exclude costs that are unaffected or do not relate to the extension in Contract Time, such as: (a) operating costs of construction equipment assigned to the Work on a continuing basis, (b) operating costs and owned/rental costs of construction equipment (crane used for specific lifts, concrete pump used for specific pours, etc.), and (c) fully paid site facilities, tools, etc.

The value of any Work covered by a Change Order or of any claim for an increase or decrease in the Contract Amount where the Work involved is covered by unit prices contained in the Contract Documents shall be determined by application of unit prices to the quantities of the items involved. If the quantities originally contemplated are so changed in a proposed Change Order, that application of the Unit Prices to the quantities proposed will cause substantial inequity to the City or the Contractor, the applicable unit price(s) shall be equitably adjusted by mutual agreement.

If the value of work covered by a Change Order cannot be established or mutually agreed to utilizing previously established unit rates, the value shall be determined by the City on the basis of an estimate of the out-of-pocket cost and percentages that are acceptable to the City for overhead and profit. The out-of-pocket cost shall only include those direct costs which are needed to perform the work such as labor (including payroll taxes, fringe benefits, labor burden and workers' insurance), materials, equipment, and

other incidental out-of-pocket construction costs directly involved in the work, including but not limited to small tools, expendables and material costs but shall not include project management or project supervisory costs unless the Change Order includes an increase in the Contract time.

In such case, the Contractor will submit in the form prescribed by the City an itemized cost breakdown together with supporting data.

The amount of credit to be allowed by the Contractor to the City for any such change which results in a net decrease in cost, will be the amount of the actual net decrease as determined by the City. When both additions and credits are involved in any one change, the combined overhead and profit shall be figured on the basis of the net increase, if any.

To be eligible for consideration, the Contractor's written claim for a change in the Contract price, including claim(s) from sub-contractors, shall include an itemized cost breakdown with supporting data as described below:

- A. For labor: Provide written documentation from the Contractor and Subcontractors or others as appropriate in the form of a detailed breakdown by each labor classification involved indicating the number of hours of Work involved and the hourly payroll rate applicable to each to substantiate the basis and amount of the direct labor cost. The direct labor cost may be increased to provide an allowance for indirect payroll costs (labor burden), such as payroll taxes, fringe benefits, and workers insurance after all premium discounts, rebates and other appropriate reductions have been taken.
- B. For material, supplies, equipment, furnishings, etc., to be installed or included in the Work: Provide written documentation from the Contractor and Subcontractors, suppliers, etc., to substantiate the basis and amount of the various cost items involved. Material costs shall reflect the Contractor's reasonably anticipated net actual cost after consideration of trade discounts and volume rebates.
- C. For construction equipment: Provide written documentation in the form of a detailed breakdown by each construction equipment category, indicating the applicable unit rates (i.e., dollar amount per hour, dollar amount per day etc.,) and the number of hours, days, etc. to substantiate the basis and amount of the construction equipment out-of-pocket costs.

CHANGE OF CONTRACT TIME

The Contract Time may only be changed by written Change Order. Any claim for an extension in the Contract Time shall be in writing and include an analysis of the Progress Schedule as further described in the Specifications and shall be delivered to the City Manager or designee within fifteen (15) business days of the occurrence of the event giving rise to the claim. All claims for adjustment in the Contract Time shall be determined by the City Manager or designee. Any change in the Contract Time resulting from any such claim shall be incorporated in a Change Order. The Contract Time may be extended for an amount equal to time lost due to unforeseeable causes beyond the control of the Contractor (and his Subcontractors and Suppliers) if he makes a claim therefrom. Such delays shall include, but not be restricted to, acts or neglect by any separate Contractor employed by the City; fires; floods; labor disputes; epidemics; or acts of God.

All time limits stated in the Contract Documents are of the essence to the Contract. The stated time limits are agreed to be adequate to complete the work, including the procurement, manufacture and delivery of all material and equipment required, and account for any and all potential impact, delays, disruptions and costs that may be expected.

CITY'S RIGHT TO DIRECT PURCHASE

The City has reserved the right to purchase certain items and materials for this project directly in an effort to save applicable sales tax in compliance with Florida Law.

The City will issue purchase orders directly to the vendors supplying the equipment being directly purchased by the City for this project. Each Purchase Order will be accompanied by the City's Certificate of Exemption and a Certificate of Entitlement. All direct purchase vendor invoices will be issued to the City of St. Pete Beach and the City will issue payment to each direct purchase vendor from City funds. The City will take title to the equipment at time of delivery from the vendor and will issue a separate Certificate of Entitlement for each purchase order.

The Contractor shall assist the City with receipt of materials furnished by the City in accordance with these Special Provisions including, but not limited to, verifying correct quantities, verifying documents of orders in a timely manner, providing and obtaining all warranties and guarantees required by the Contract Documents, assist with inspection of the goods at the time of delivery and notify the City immediately of any deficiencies noted. It is understood that the owner assumes the risk of damage or loss during the time that the building materials are physically stored at the job site prior to their installation or incorporation into the project. The Contractor shall coordinate with the City regarding the delivery schedules, sequence of delivery, loading orientation, and other arrangements normally required by the Contractor for the particular material furnished.

As City Furnished Materials are delivered to the job site and accepted by the City, the City shall notify the Contractor who will assist the City to visually inspect all shipments from the suppliers. The City will approve the vendor's invoice for material delivered upon adequate inspection and recommendation of the Contractor. The City shall assure that each delivery of City Furnished Materials is accompanied by documentation adequate to identify the Purchase Order against which the purchase is made and Contract Documents including but not limited to Contract, Plans, Specifications, and approved Shop Drawings. This documentation may consist of a delivery ticket, bill of lading and an invoice from the supplier conforming to the Purchase Order together with such additional information as the City may deem necessary.

PAYMENTS FOR WORK COMPLETED

Partial payments will be made as the work progresses (if applicable) at the end of each calendar month, or as soon thereafter as practicable on estimates made by the City Manager or designee and as approved by the City, provided that the Contractor is performing the overall job in a diligent manner. In making partial payments, there shall be retained five percent (5%) on the amount of each estimate until final completion and acceptance of all work covered by the Contract. Upon completion and acceptance of the work, the City Manager or designee shall issue a certificate that the work has been completed and accepted by them under the conditions of the Contract and shall make and approve the final estimate of the work. The entire balance found to be due the Contractor, including that retained by the City, should be paid to the Contractor. Such payment shall be conditioned, however, upon the submission by the Contractor of evidence satisfactory to the City that all claims for labor, material, and any other outstanding indebtedness in connection with the Contract have been paid. Such payment shall also be conditioned upon approval and acceptance of the construction and improvements by the City.

If after the work has been substantially completed, full completion thereof is materially delayed through no fault of the Contractor and the City Manager or designee so certifies, the City shall upon the Certificate of the City Manager or designee, and without terminating the Contract make payment for the balance due for that portion of the work fully completed and accepted. Such payment shall be made under the terms and

conditions governing final payment, except that it shall not constitute a waiver of claim. If such delay occurs and payment is made under this clause, the Contractor shall nevertheless be prepared to complete the work in a timely manner upon the remedy or removal of such delay, and shall be bound under this Contract for the completion of such work unless this Contract is otherwise terminated. All payments will be made in accordance with the Local Government Prompt Payment Act, Chapter 218, Florida Statutes.

PAYMENTS WITHHELD

The City Manager or designee may withhold, or, on account of subsequently discovered evidence, nullify the whole or part of any estimate to such extent as may be necessary to protect the City from loss on account of:

- a) Defective work not remedied
- b) Claims and/or liens filed or reasonable evidence indicating probable filing of claims
- c) Failure of the Contractor to make payments properly to Subcontractors or for material or labor
- d) A reasonable doubt that the Contract can be completed for the balance then unpaid
- e) Damage to another Contractor
- f) Failure of the Contractor to keep their work progressing in accordance with their time schedule

FINAL PAYMENTS

Upon the completion and acceptance of the work, the City Manager or designee shall issue a certificate that designates that the whole work provided for in this Contract has been completed and accepted by him under the conditions and the terms thereof and shall make the final estimate of the work. After issuance of the certificate, the entire balance found to be due the Contractor, including said retained percentage by the City in accordance with existing state laws as may be retained lawfully by said City, shall pay excepting such sums to the Contractor.

Before the approval of the final payment, the Contractor shall submit evidence satisfactory to the City that states that all payrolls, materials, bills and outstanding indebtedness in connection with this Contract have been paid.

LIENS

If at any time there shall be evidence of any lien or claim for which the City might become liable and which is chargeable to the Contractor, the City shall have the right to retain out of any payment then due or thereafter to become due, an amount sufficient for complete indemnification against such lien or claim. In the event the City has already paid to the Contractor all sums due under this contract or the balance remaining unpaid is insufficient to protect the City, the Contractor and his Surety shall be liable to the City for any loss so sustained.

RESPONSIBILITY OF THE CITY MANAGER OR DESIGNEE

The term "City Manager or designee" wherever used in the Contract shall be the City of St. Pete Beach or its duly authorized representative. Notices of any change in the City Manager or designee shall be given in writing by the City to the Contractor. The City Manager or designee shall have full authority to interpret the Plans and Specifications and shall determine the amount, quality, and acceptance of the work and

supplies to be paid for under the Contract and every question relative to the fulfillment of the terms and provisions therein. It shall be the duty of the City Manager or designee to enforce the Plans and Specifications in a fair and unbiased manner. If a variation from any requirements is allowed the City Manager or designee shall grant the same in writing with the reasons for his action outlined, and such action will not invalidate or change the Contract in any other manner.

INTENT OF PLANS AND SPECIFICATIONS

The Contractor shall keep on the job a copy of the Plans and Specifications and shall at any time give the City Manager or designee access thereto. Anything mentioned in the Specifications and not shown on the Plans or shown on the Plans and not mentioned in the Specifications, shall be of like effect as if shown or mentioned in both. The Contractor shall not take advantage of any errors, discrepancies or omissions that may exist in the Plans and Specifications but shall immediately call them to the attention of the City Manager or designee whose interpretation or correction thereof shall be conclusive. Should a conflict occur between the General Specifications and any Supplemental Specifications and/or Plans, the latter shall govern.

LICENSES AND PERMITS

The Contractor shall obtain and pay for all necessary City licenses and work permits and shall faithfully comply with all laws, ordinances and regulations, (Federal, State or local) which may be applicable to the operations to be conducted hereunder, except for those permits obtained by the City. Notwithstanding the provisions above, the contractor is responsible for non-compliance of all permit requirements, including all fines resulting from Contractor's non-compliance of said requirements.

Chapter II, Section II-4, "Registration of Licenses Obtained From Other Municipalities:" "Persons, partnerships, corporations, or other business entities doing business with the City who are not required to obtain a City occupational license, but who must have either a State or County or Municipal occupational license from another municipality, shall register such occupational license with St. Pete Beach Community Development Department. The City may charge a fee for such registration." The Contractor shall be responsible for obtaining all City, County, State and Federal permits required by those government agencies and must provide documentation of receipt of those permits prior to project commencement. This shall include a notice to commence work letter and the applicable fee, if required. Any sub-contractor hired by the contractor awarded the project, MUST also register their license with the City.

SUPERINTENDENCE

The Contractor shall constantly superintend all the work embraced in this Contract in person or by a responsible agent who shall have in writing, full authority to act for them and to carry out all the instructions given by the City Manager or designee.

LABOR PROVISIONS

The Contractor and his Subcontractors shall discharge, whenever ordered to do so by the City Manager or designee, any employee who is disorderly or whose conduct in the opinion of the City Manager or designee is detrimental to the prosecution of the work. No person whose age or physical condition is such as to make this employment dangerous to his/her health and safety or to the health and safety of others shall be employed on the work, and in no event shall any persons under the age of sixteen (16) years be employed.

INSURANCE

The Contractor shall procure and maintain at his/her own expense, during the life of the Contract, liability insurance as hereinafter specified. All such insurance shall be subject to the approval of the City for adequacy of protection and shall include a provision preventing cancellation without twenty (20) business days prior notice to the City in writing. The City shall be included as an additional insured on all liability insurance. The liability insurance required is as follows: Contractor's General Public Liability and Property Damage Insurance issued to the Contractor and protecting the Contractor from all claims for personal injury, including death, and all claims for destruction of or damage to property, arising out of or in connection with any operations under this Contract, whether such operations be by the Contractor or by any Subcontractor hired by the Contractor or anyone directly or indirectly employed by the Contractor or hired by the Contractor.

The successful Contractor shall supply and maintain insurance which defends, indemnifies and holds harmless the City of St. Pete Beach, its officers, employees and agents from and against any and all liability, damage claims, demands, costs, judgments, fees, attorney's fees or loss arising directly out of acts or omissions hereunder by the Contractor or third party under the direction or control of the Contractor. Such general and excess liability coverage shall be primary to any other coverage carried by the City of St Pete Beach. Contractor must furnish the City with Certificate of Insurance prior to commencement of work. An approved Certificate of Insurance furnished by the Contractor's carrier to guarantee the Contractor being insured with the City of St Pete Beach must be named as a certificate holder for this contract. The following minimum coverage:

- Commercial General Liability Insurance \$1,000,000.00.
- Comprehensive General Liability Insurance of \$1,000,000.00 each occurrence.
- Personal Injury for \$1,000,000.00 each occurrence.
- Automobile Liability \$1,000,000.00.
- General Workers Compensation Insurance as required by Florida law.
- Longshore Harbor Workers Compensation Insurance

PROTECTION OF WORK AND PROPERTY

The Contractor shall continuously maintain adequate protection of all their work and materials from damage or theft and shall protect the City's property and all adjacent property from injury or loss arising in connection with activities under their Contract. The Contractor shall make good any such damage, injury, or loss, except such as may be caused by agents or employees of the City.

The Contractor shall take, use, provide, and maintain all necessary precautions, safeguards, and protection to prevent accidents, or injury to persons or property on, about, or adjacent to the site of the work. Should the situation arise that physical security is needed the Contractor will provide security on off days and holidays. The Contractor shall be responsible for all charges incurred with such action.

The Contractor shall post danger signs warning against any hazards created by the work being done under their Contract. They shall designate a responsible member of their organization on the work, whose duty shall be the prevention of accidents, and the name of the person so designated shall be reported to the City Manager or designee and City in writing. In an emergency affecting the safety of life, or of the work or adjoining property, the Contractor, without special instruction or authorization from the City Manager or designee, or City, is hereby permitted to act, at their own discretion, to prevent such threatened loss or

injury, and they must take such action if so instructed or authorized by the City Manager or designee. The Contractor shall also protect adjacent property as required by law.

PARKING

The Contractor shall arrange with City Manager or designee for temporary parking areas to accommodate construction personnel and construction equipment. Note that limited parking spaces are available in the City of St. Pete Beach. The Contractor will be asked to coordinate with the City's representative on site on a regular basis to minimize the impact on residents and visitors.

TRANSPORTATION, HANDLING AND STORAGE

The Contractor shall transport, handle, protect and store products in accordance with manufacturer's instructions and all environmental regulatory agencies.

VEHICLES

Business vehicles shall be identified on both sides with the name of the company.

ENVIRONMENTAL PROTECTION

It shall be the Contractor's responsibility to implement construction methods, best management practices, and erosion control methods that avoid water pollution as required by the State of Florida Department of Environmental Protection (FDEP), City of St. Pete Beach, and Pinellas County. Any Contractors in violation of the City of St. Pete Beach Regulations, Pinellas County Regulations, Florida Department of Environmental Protection Regulations, or any other regulatory agency regulations shall be the sole responsibility of the Contractor. The Contractor shall hold harmless the City of St. Pete Beach and the City Manager or designee from any fines and litigation resulting from the Contractor's actions. The Contractor shall pay all attorneys' fees, fines, penalties and any other such expenses resulting from the Contractor's actions. The Contractor shall provide all necessary measures to prevent any materials whatsoever from entering the waterway except for those materials, which are shown, on the plans as completed structures. The Contractor shall provide MSDS sheets to the City Manager or designee on all applicable materials before applying those materials. The Contractor shall secure the necessary education, certifications, licenses and permits required by state and local agencies to operate and manage a construction site, including but not limited to, FDEP requirements related to Coastal Construction Control Line. The Contractor shall abide by all rules and regulations set forth and required by the City of St. Pete Beach's MS4 NPDES Permit.

TIMELY DEMAND FOR STAKES AND INSTRUCTIONS

The Contractor shall provide reasonable and necessary materials, opportunities, and assistance for setting stakes and making measurements, including the furnishing of a rodman, or a chainman at intermittent times during the construction period. They shall not proceed until they have received such stakes and instructions as may be necessary as the work progresses. The work shall be done in strict conformity with such stakes and instructions. The Contractor shall carefully preserve benchmarks, reference points and stakes, and in case of willful or careless destruction, they will be charged with the resulting expense and shall be responsible for any mistakes that may be caused by their unnecessary loss or disturbance.

WORKMANSHIP

The Contractor acknowledges that they have satisfied themselves as to the nature and location of the work;

the general and local conditions including but not restricted to those bearing upon transportation, disposal, handling and storage of materials; availability of labor, water, electric power, roads; and uncertainties of weather, surface conditions, subsurface conditions, tides or similar physical conditions at the site, the character of equipment and facilities required to prosecute the work. Any failure by the Contractor to acquaint themselves with any aspect of the work or with any of the applicable conditions shall not relieve the Contractor from the responsibility to successfully perform the work under the Contract Documents, nor shall it be considered the basis for any claim for additional time or compensation.

UTILITIES

The Contractor shall anticipate all underground obstructions such as water lines, gas lines, sewer lines, utility lines, or any other public or private facilities and debris. In all cases where existing utility lines may be interfered with by the work, the Contractor shall give a minimum of thirty-six (36) hours' notice to the owners of such utilities, to permit them to relocate the lines prior to construction. No extra payment shall be allowed for the removal, replacement, repair or possible increased cost caused by underground obstructions. The location of existing structures and utilities provided in the plans are approximate only. Any damage to existing structures to remain or work of any kind shall be repaired or restored promptly by, and at the expense of the Contractor.

The Contractor shall at all times protect all desirable trees, plants, curbs, sidewalks, irrigation components, and structures not requiring removal to accomplish the work, whether or not they are shown on the plans. The Contractor must contact the City to obtain tree removal permits for the removal of any tree not identified for removal in the Project Plans.

In matters of restoration, all materials, construction, and workmanship shall be acceptable to, and approved by the City of St. Pete Beach and the City Manager or designee. No changes in size, shape, configuration, location, materials, or construction shall be made without prior written authorization from the City Manager or designee. Any demolition debris and other debris shall be hauled offsite and properly disposed of by the Contractor and shall be inclusive to the prices as stated in the BID SCHEDULE, unless otherwise stipulated as part of the project to remain.

No interruption of ingress and egress to private property shall be made unless the Contractor has made prior arrangements acceptable to the owner of the affected property. The City Manager or designee shall notify affected residents/property owners of impending activity or inconvenience via door hanger.

The Contractor shall provide all traffic control devices utilized during construction and meet the requirements set forth in the Florida State Department of Transportation "Manual on Traffic Control and Safe Practices for Street and Highway Construction, Maintenance, and Utility Operations."

CLEANING UP

Upon completion or termination of the work the Contractor shall, as directed by the City Manager or designee, remove from the vicinity of the work all equipment and temporary structures, waste materials and rubbish resulting from his operations, leaving the premises in a neat and presentable condition. All debris generated by the Contractor will be removed before leaving the area. All areas will be raked to remove smaller debris. All surrounding sidewalks, parking lots and roadways will be cleared of any dust or debris generated by the Contractor. In the event of their failure to do so, the City at the expense of the Contractor may do the same, and their Surety shall be responsible.

DEFECTIVE WORK OR MATERIAL

The Contractor shall promptly remove from the premises all work and materials condemned by the City Manager or designee as failing to conform to the Contract, whether incorporated or not, and the Contractor shall promptly replace and re-execute his own work in accordance with the Contract and without expense to the City and shall bear the expense of making good all work of other Contractors destroyed or damaged by such removal or replacement.

If the Contractor does not remove such condemned work or materials within a reasonable time after notice, the City may remove them and store the materials at the expense of the Contractor. If the Contractor does not pay the expense of such removal within ten (10) business days' time thereafter, the City may, upon thirty (30) business days written notice sell such materials at auction or at private sale and shall account for the net proceeds thereof after deducting all the costs and expenses that should have been borne by the Contractor.

DISPUTE RESOLUTION

The Contract shall be construed under Florida law. The parties agree that all controversies, claims and other matters in question between the parties arising out of or relating to this Contract or its breach shall be resolved through mediation. Upon notice of any party to the Contract of a dispute, question or controversy, the parties shall agree to the appointment of a qualified mediator. A qualified mediator is a person who has received at least forty (40) hours of mediation training and has actual experience as a mediator in resolving contract disputes. If the dispute, question or controversy is not resolved through mediation within sixty (60) business days of a notice of the dispute between the parties, the City reserves the right to seek resolution through court action.

INDEMNIFICATION

In consideration of the payment of ten dollars (\$10.00) as part of the above purchase price, Contractor shall indemnify, defend, and hold harmless the City, its officers and employees, from liabilities, damages, losses and costs, including but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the responding firm and any persons employed or utilized by the responding firm in the performance of the Contract.

GENERAL WARRANTY

Neither the final certificate nor any provision in the Contract Documents nor partial or entire occupancy of the premises by the City shall constitute an acceptance of work not done in accordance with the Contract Documents or relieve the Contractor of liability in respect to any express warranties or responsibility for faulty materials or workmanship. The Contractor shall remedy any defects in the work and pay for any damage to other work resulting therefrom that shall appear within a period of eighteen (18) months from the date of final acceptance of the work, unless a longer period is specified. The City shall give notice of observed defects with reasonable promptness.

LAND OF CITY, USE OF, BY CONTRACTOR

The City shall provide the land upon which the work under this Contract is to be done, and will, so far as is convenient, permit the Contractor to use as much of the land as is required for the erection of temporary construction facilities and storage of materials, together with the right of access to same, but beyond this, the Contractor shall provide, at his/her cost and expense, any additional land required. It will be the responsibility of the Contractor to repair or restore to the satisfaction of the City, at their own expense, any

damage to land used for the above stated activities or any other activities approved by the City.

OTHER WORK

Wherever work being done by the City or by other Contractors is contiguous to work covered by this Contract, the respective rights of the various interests involved shall be established by the City Manager or designee to secure the completion of the various portions of the work in general harmony.

OTHER CONTRACTS

The City may award other Contracts. The Contractor shall fully cooperate with such other Contractors and carefully fit his/her own work to that provided under other Contracts, as may be with the performance of work by any other Contractor or City.

COOPERATIVE PURCHASING

Pursuant to their own governing laws and subject to the agreement of the Contractor, governmental entities may make purchases under the terms and conditions contained in the executed Contract, if agreed to by Contractor. Such purchases are independent of the Contract between the City and the Contractor, and the City is not a party to these transactions. Agencies seeking to make purchases under this Contract are required to follow the requirements of Rule 60A-1.045(5), F.A.C.

DELAYS AND EXTENSION OF TIME

If the Contractor should be delayed at any time in the progress of the work by an act or neglect of the City or the City Manager or designee, or of any employee of either, or by any separate Contractor employed by the City, or by changes ordered in the work, or by strike, lockouts, fire, unusual delay in transportation, unavoidable casualties, or any cases beyond the Contractor's control, or by delay authorized by the City Manager or designee, or by any cause which the City Manager or designee shall decide to justify the delay, then the time of completion shall be extended for such reasonable time as the City Manager or designee may decide. No such extension shall be made for a delay that occurs more than five (5) business days before a claim is made in writing to the City Manager or designee. In the case of a continued cause of delay, only one (1) claim is necessary. This section does not exclude the recovery of damages for delay by either party under other provisions in the Contract Documents.

CITY'S RIGHT TO TAKE OVER THE WORK

If the Contractor shall be adjudged bankrupt, or if they should make a general assignment for the benefit of its creditors, or if a receiver should be appointed to take over their affairs, or if they should fail to prosecute their work with due diligence and carry the work forward in accordance with its' work schedule and the time limits set forth in the Contract Documents, or if they should fail to substantially perform one or more of the provisions of the Contact Documents to be performed by them, the City may serve written notice on the Contractor and the Surety on its' performance bond, stating the City's intention to exercise one of the remedies hereinafter set forth and the grounds upon which the City bases its right to exercise such remedy. In any event, unless the matter complained of is satisfactorily cleared within ten (10) business days after the service of such notice, the City may, without prejudice to any other right or remedy exercise one of such remedies at once; having first obtained a certificate from the City Manager or designee that such sufficient cause exists to justify such action.

The City may terminate the services of the Contractor, which termination shall take effect immediately upon service of notice thereof on the Contractor and their Surety, whereupon the Surety shall have the right to take over and perform the Contract. If the Surety does not commence performance of the Contract within ten (10) ten days after service of the notice of termination, the City may itself take over the work, take possession of and use all materials, tools, equipment, and appliances on the premises and prosecute the work to completion by such means as it shall deem best. In the event of such termination of their service, the Contractor shall not be entitled to any further payment under their Contract until the work is completed and accepted. If the City takes over the work and the unpaid Contract balance exceeds the cost of completing the work, including compensation for damages or expenses incurred by the City through the default of the Contractor, the excess unpaid Contract balance shall be paid to the Contractor. If the City takes over the work and the unpaid Contract balance does not exceed the cost of completing the work, including compensation for damages or expenses incurred by the City through the default of the Contractor, the Contractor and his Surety shall pay the difference to the City. The City Manager or designee shall certify such cost, expenses, and damages.

The City may take control of the work and either make good the deficiencies of the Contractor itself or direct the activities of the Contractor in doing so, employing such additional help as the City deems advisable. In such event, the City shall be entitled to collect from the Contractor and his Surety, or to deduct from any payment then or thereafter due the Contractor, the costs incurred by it through the default of the Contractor, provided the City Manager or designee approves the amount thus charged to the Contractor.

The City may require the Surety on the Contractor's bond to take control of the work at once and see to it that all deficiencies of the Contractor are made good with due diligence. As between the City and the Surety, the entire cost of making good such deficiencies shall be borne by the Surety. If the Surety takes over the work, either upon termination of the services of the Contractor or upon instructions from the City to do so, the provisions of the Contract Documents shall govern in respect to the work done by the Surety, the Surety being substituted for the Contractor as to such provisions, including provisions as to the payment for the work and provisions of this section as to the right of the City to do the work itself or to take control of the work.

RIGHT OF OCCUPANCY

The City shall have the right, if necessary, to take possession of and to use any completed or partially completed portions of the work, if such use be approved by the City Manager or designee even if the time for completing the entire work or such portions of the work has not expired and even if the work has not been finally accepted. Such possession and use shall not constitute an acceptance of such possession and use if it materially interferes with the Contractor's operations. The City shall also have the right to enter the premises with the Contractor for the purpose of doing work not covered by its Contract.

ACCEPTANCE

Final inspection and acceptance of the work shall be made for the City by the City Manager or designee. Such inspection shall be made as soon as practical after the Contractor has notified the City in writing that the work is ready for such inspection.

WAIVER

It is expressly understood and agreed that any waiver granted by the City Manager or designee of any term, provision, or covenants of the Contract shall not constitute a precedent or breach of the same or any other terms, provisions, or covenants of the Contract. Neither the acceptance of the work by the City nor the

payment of all or any part of the sum due the Contractor hereunder shall constitute a waiver by the City of any claim which the City may have against the Contractor or Surety under this Contract or otherwise.

INSPECTION

The City Manager or designee and his representative shall, at all times, have access to the work during its construction and shall be furnished with every reasonable facility for ascertaining that the stock and materials used and employed, and the workmanship, are in accordance with the requirements and intentions of the Plans. All work done and all materials furnished shall be subject to their inspection and approval by the City Manager or his designee. If any work should be covered up without approval or consent of City Manager or designee, it must, if required by the City Manager or designee, be uncovered for examination at the Contractor's expense.

The City Manager or designee may order re-examination of questioned work and if so ordered, the Contractor must uncover the work. If such work were found in accordance with the Contract Documents, the City shall pay the cost of re-examination and replacement. If such work be found not in accordance with the Contract Documents, the Contractor shall pay such costs unless they show that the defect in the work was caused by another Contractor, and in that event, the City shall pay such cost.

The inspection of the work shall not relieve the Contractor of any of their obligations to fulfill their Contract as prescribed, and defective work shall be made good and unsuitable materials shall be rejected, notwithstanding that such defective work and materials have been previously overlooked and accepted on estimates for payment. All work shall be tested to the satisfaction of the City Manager or designee before acceptance.

BID REVIEW AND CONTRACT AWARD

Failure to submit all documents requested at the time of bid may deem the Contractor's bid ineligible for award. The City of St. Pete Beach reserves the right to reject any or all bids or parts of bids or accept any bid or part thereof deemed to be in the best interests to the City of St. Pete Beach. The City shall be the sole final judge of qualifications of the bidder to perform service and reserves the exclusive right to accept or reject any bids as it deems to be in the best interests of the City. The City may waive any informality.

LOCAL, STATE AND FEDERAL COMPLAINE REQUIREMENTS

The laws of the State of Florida do apply to any purchase made under this Request for Bid. Proposers shall comply with all local, state, and federal directives, orders and laws as applicable to their bid and subsequent contracts include but not limited to Equal Employment Opportunity, Minority Business Enterprise, and OSHA as applicable to this contract.

Compliance with Fla. Stat. 448.095:

- Contractor agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp>, to verify the employment eligibility of all employees hired on or after January 1, 2021 during the term of this Agreement.
- Subcontractors (i) Contractor shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement. (ii) Subcontractors shall provide Contractor with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat.

448.095 (iii) Contractor shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.

- Contractor must provide evidence of compliance with Fla. Stat. 448.05 by January 1, 2021. Evidence may consist of, but is not limited to, providing notice of Contractor's E-Verify number.
- Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Contractor may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs (if necessary). Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public agreement for a period of 1 year after date of termination.

RESERVES THE RIGHT

The City reserves the right to accept or reject any and/or all bids, to waive irregularities and technicalities, and to request re-submission. If only one bid is received by the bid date and time listed, the bid may or may not be rejected by the City depending upon bid review and the needs of the City.

The City reserves the right to select a firm with or without additional interviews and may decide to select any of the firms submitting bids. The City reserves the right to award the contract to a responsible proposer submitting a responsible bid, with a resulting negotiated agreement which is most advantageous and in the best interest of the City.

Proposers, bidders, their agents, and associates shall not contact or solicit any City Commission member, City employee, or official regarding this RFB during any phase of the bidding process. Failure to comply with the provision may result in disqualification of the bidder, at the option of the City. Only that individual listed, or an approved designee, as the contact person for this RFB shall be contacted.

SUBMITTAL WITHDRAWAL

After submittals are opened, corrections or modifications to submittals are not permitted, but a responding firm may be permitted to withdraw an erroneous submittal prior to the award by the City Commission, if the following is established:

- That the responding firm acted in good faith in submitting the submittal;
- That in preparing the submittal there was an error of such magnitude that enforcement of the submittal would work severe hardship upon the respondent;
- That the error was not the result of gross negligence or willful inattention on the part of the respondent;
- That the error was discovered and communicated to the City within twenty-four (24) hours of submittal opening, along with a request for permission to withdraw the submittal; or
- The responding firm submits documentation and an explanation of how the error was made.

CONE OF SILENCE

Respondents to this solicitation or persons acting on their behalf may not contact, between the release of the solicitation and the end of the 72-hour period following the agency posting the notice of intended award,

excluding Saturdays, Sundays, and state holidays, any employee or officer of the executive or legislative branch concerning any aspect of this solicitation, except in writing to the procurement officer or as provided in the solicitation documents. Violation of this provision may be grounds for rejecting a response.

TERMINATION

The resulting contract may be canceled by the City when:

- Sufficient funds are not available to continue its full and faithful performance of this contract.
- There is sub-standard or non-performance of contract.
- The City wishes to terminate at any time and for any reason, upon giving thirty (30) days prior written notice to the other party.

The resulting contract may be canceled by either party in the event of substantial failure to perform in accordance with the terms by the other party through no fault of the terminating party.

FISCAL NON-FUNDING

If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel this Agreement immediately upon written notice to the vendor.

PROJECT RECORDS

The awarded firm shall maintain auditable records concerning the procurement to account for all receipts and expenditures, and to document compliance with the Contract. These records shall be kept in accordance with generally accepted accounting methods, and the City of St. Pete Beach reserves the right to determine the record-keeping method in the event of non-conformity. These records shall be maintained for three (3) years after final payment has been made and shall be readily available to City personnel with reasonable notice, and to other persons in accordance with the Florida Public Disclosure Statutes. Additionally, the awarded firm shall abide by and comply with Florida Statutes regarding public records. Specifically, the firm shall be aware of the provisions found in Section 119.0701, Florida Statutes.

Upon completion of the project, all reports, studies, recommendations, forms, and other project specific information will need to be submitted in paper and in an electronic file format (.PDF, .JPEG) on CD or USB storage device.

[]

V. REFERENCES & MINIMUM QUALIFICATIONS

Provide at least three (3) or more professional, business references with which you have contracted to provide similar services in the past five (5) years. Include the name of the person, its organization, telephone number, fax number, and e-mail address. Include any governmental agencies, with the same contact and descriptive information for which you have provided similar service within the past five (5) years.

Provide a brief description of the history and capabilities of the firm. Describe the types of projects or services the firm performs/has performed and the dollar value of each. Provide information regarding your firm's ability to complete this project. Demonstrate that the firm's personnel have experience with similar projects.

Identify all unresolved and ongoing claims and disputes against your firm in excess of \$500,000. Include any claims against the principals of your firm or any claims your company may have against a third party. Provide a history of litigation, including the outcomes, for the past five (5) years.

The responding firm shall provide a statement of assurance that the firm is not presently in violations of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida and ordinances and regulations of the City of St. Pete Beach will apply.

Provide the overall bonding capacity for the company and provide a history of any claims against the bidder's previous bonds for the past five (5) years.

The City shall be the sole final judge of qualifications of bidder to perform service and reserves the exclusive right to accept or reject any bid as it deems to be in the best interests of the City. The City reserves the right to make such investigation, as it deems necessary, to determine the ability of any proposer to perform the work or service requested. Failure to comply with the requirements of this section may be grounds for rejecting a response.

VI. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO § 287.133 (3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: _____
(Print individual's name and title)

for: _____
(Print name of entity submitting sworn statement)

at: _____
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in § 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in § 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in § 287.133 (1)(a), Fla. Stat., means:
- a. A predecessor or successor of a person convicted of a public entity crime or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who

knowingly enters into a joint venture with a person who has been convicted of a public crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☐ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

VII. NON-COLLUSION AFFADAVIT

STATE OF _____

COUNTY OF _____

I state that I _____ of _____,

(Name and Title)

(Name of Firm)

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. _____, its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material and important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

1. THE CONTRACTOR SHALL BECOME FAMILIAR WITH THE PERMITS AND INSPECTION REQUIREMENTS SPECIFIED BY THE VARIOUS GOVERNMENTAL AGENCIES, HALFF AND THE ARCHITECT. THE CONTRACTOR SHALL OBTAIN COPIES OF ALL NECESSARY PERMITS PRIOR TO CONSTRUCTION AND SCHEDULE ANY NECESSARY INSPECTIONS ACCORDING TO AGENCY INSTRUCTIONS.

2. CONTRACTOR SHALL OBTAIN ALL REQUIRED CONSTRUCTION PERMITS AND INFORM THE ENGINEER OF RECORD IN WRITING OF ANY ADDITIONALLY KNOWN PERMITS REQUIRED FOR CONSTRUCTION.

3. CONTRACTOR IS RESPONSIBLE FOR PREPARING ANY REQUIRED DEWATERING PLAN AND OBTAINING WATER MANAGEMENT DISTRICT APPROVAL OF SAID PLAN.

4. ALL SPECIFICATIONS AND DOCUMENTS REFERRED TO IN THESE PLANS ARE THE 'LATEST VERSIONS' UNLESS SPECIFICALLY NOTED OTHERWISE.

5. ANY REFERENCE TO "FDOT", "FDOT INDEX", "INDEX", OR "STANDARD INDEX" INCLUDED IN THIS PLAN SET REFERS TO THE LATEST EDITION OF THE FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT) STANDARD PLANS.

6. ALL WORK SHALL BE IN ACCORDANCE WITH THE LATEST APPLICABLE FEDERAL, STATE AND LOCAL AGENCY'S REGULATIONS AND STANDARDS. ALL CONSTRUCTION, MATERIALS AND WORKMANSHIP ARE TO BE IN ACCORDANCE WITH LOCAL AGENCY AND FDOT SPECIFICATIONS (LATEST EDITION), WHEN IN CONFLICT, THE STRICTER OF THE TWO SHALL CONTROL.

7. WORK PERFORMED UNDER THIS CONTRACT SHALL INTERFACE SMOOTHLY WITH OTHER WORK BEING PERFORMED BY OTHER CONTRACTORS AND UTILITY COMPANIES. IT WILL BE NECESSARY FOR THE CONTRACTOR TO COORDINATE AND SCHEDULE HIS ACTIVITIES, WHERE NECESSARY, WITH OTHER CONTRACTORS AND UTILITY COMPANIES (INCLUDE LIGHTING, POWER, TELEPHONE, CABLE, GAS, ETC...). THIS WILL REQUIRE THE CONTRACTOR TO SCHEDULE FIELD MEETINGS WITH UTILITY PROVIDER'S TO DETERMINE EXISTING UTILITY LOCATIONS AND TIE-IN/CONNECTION CONFIRMATION FOR THE CONTINUITY OF PROPOSED WORK. CONTRACTOR IS RESPONSIBLE FOR RESTORATION OF ALL DISTURBED AREAS.

8. THE CONTRACTOR SHALL SUBMIT SHOP DRAWINGS ON ALL PRE-CAST AND MANUFACTURED ITEMS TO THE OWNER'S ENGINEER FOR REVIEW AND APPROVAL. PRIOR TO SUBMITTING SHOP DRAWINGS TO THE ENGINEER OR ARCHITECT, THE CONTRACTOR SHALL PERFORM DUE DILIGENCE IN REGARD TO REVIEWING THE SHOP DRAWINGS IN ADVANCE TO CONFIRM DIMENSIONS, ELEVATIONS, CONNECTIONS AND MATERIALS. THE CONTRACTOR SHALL REVIEW FOR ERRORS DUE TO MANUFACTURER OR SUBCONTRACTOR NOT REFLECTING THE CORRECT INFORMATION FROM CURRENT PLANS. FAILURE TO OBTAIN REVIEW AND APPROVAL BEFORE FABRICATION AND/OR INSTALLATION MAY RESULT IN REMOVAL AND REPLACEMENT AT CONTRACTOR'S OWN EXPENSE.

9. IT MAY BE NECESSARY TO EXAMINE, COORDINATE AND ADJUST THE PROPOSED LOCATIONS OF THE VARIOUS COMPONENTS OF THE UTILITIES. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO SUBMIT COORDINATION DRAWINGS (SHOP DRAWINGS) SHOWING PIPE SIZES, STRUCTURES, AND ELEVATIONS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE SCHEDULING AND COORDINATION OF THE UNDERGROUND WORK ASSOCIATED WITH THIS PROJECT.

10. ALL MECHANICAL EQUIPMENT SHALL BE SCREENED FROM VIEW, WHEN POSSIBLE.

11. ANY ON-SITE WELLS NOT PROPOSED TO REMAIN SHALL BE SEALED BY A LICENSED WELL CONTRACTOR IN ACCORDANCE WITH FAC 40D-3.517.

12. ALL CONSTRUCTION SHALL CONFORM TO CURRENT ZONING REQUIREMENTS. CONTRACTOR MAY REQUEST A COPY OF THESE CONDITIONS FROM THE OWNER OR ENGINEER OF RECORD.

13. ALL UNDERGROUND UTILITIES AND STORMWATER INFRASTRUCTURE SHALL BE INSTALLED, TESTED, INSPECTED, AND AS-BUILT PRIOR TO BASE AND PAVEMENT CONSTRUCTION. CONTRACTOR SHALL PROVIDE SAID AS-BUILTS TO THE ENGINEER OF RECORD FOR CURSORY REVIEW PRIOR TO PAVING. FAILURE TO FOLLOW THIS PROCEDURE MAY RESULT IN THE REMOVAL AND REPLACEMENT OF UNDERGROUND MATERIALS THAT COULD RESULT IN THE NEED TO RECONSTRUCT THE ROADWAY AT THE CONTRACTOR'S EXPENSE.

14. CONTRACTOR SHALL COORDINATE PRE-CONSTRUCTION CONFERENCE WITH AGENCIES HAVING JURISDICTION OVER WORK TO BE PERFORMED.

15. THE CONTRACTOR SHALL PROVIDE AT LEAST 48 HOURS NOTIFICATION TO THE ENGINEER AND TO THE APPLICABLE AGENCIES TO SCHEDULE INSPECTIONS.

16. CONSTRUCTION SHALL ADHERE TO THE APPLICABLE GOVERNMENT AGENCY CRITERIA, PERMIT CONDITIONS, CONSTRUCTION DRAWINGS, AND ANY ADDITIONAL SPECIFICATIONS PROVIDED BY OWNER. IN THE CASE OF CONFLICTS BETWEEN THESE ITEMS, THE STRICTER SHALL CONTROL.

17. IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO COORDINATE WITH THE OWNER AND ENGINEER OF RECORD CONCERNING LIMITS OF CONSTRUCTION, TRANSITIONS OF WORK, ETC. WHICH MAY NOT BE SHOWN ON THESE PLANS.

18. ANY PUBLIC LAND CORNER OR BENCHMARK WITHIN THE LIMITS OF CONSTRUCTION IS TO BE PROTECTED. IF A CORNER MONUMENT OR BENCHMARK IS IN DANGER OF BEING DESTROYED AND HAS NOT BEEN PROPERLY REFERENCED, THE PROJECT SURVEYOR SHALL BE NOTIFIED.

19. EXISTING VERTICAL AND HORIZONTAL GEOMETRY, SUPER ELEVATION RATES, TAPERS AND TRANSITION RATES ASSOCIATED WITH EXISTING ROADWAYS SHALL BE MAINTAINED UNLESS OTHERWISE SHOWN IN THE PLANS.

20. THE CONTRACTOR IS RESPONSIBLE FOR REPAIRING ANY DAMAGE TO EXISTING FACILITIES, ABOVE OR BELOW GROUND, WHICH MAY OCCUR AS A RESULT OF THE WORK PERFORMED BY THE CONTRACTOR.

21. IN ACCORDANCE WITH THE UNDERGROUND FACILITY DAMAGE PREVENTION AND SAFETY ACT (CHAPTER 556, F.S.) THE CONTRACTOR SHALL CALL SUNSHINE STATE ONE CALL AT SUNSHINE 811 BEFORE DIGGING AND SHALL NOTIFY ALL UTILITY OWNERS 48 HOURS BEFORE BEGINNING WORK.

22. UNLESS OTHERWISE DIRECTED BY THE OWNER, THE CONTRACTOR IS RESPONSIBLE FOR OBTAINING ANY REQUIRED ENVIRONMENTAL PROTECTION AGENCY (EPA) PERMIT. THIS INCLUDES PREPARING A DETAILED STORMWATER POLLUTION PREVENTION PLAN, FILING A NPDES NOTICE OF INTENT (NOI), CONDUCTING NPDES INSPECTIONS, AND FILING A NOTICE OF TERMINATION (NOT), IF REQUIRED.

23. EROSION CONTROL ITEMS SHOWN ON THE CONSTRUCTION DRAWINGS ARE MINIMUM REQUIREMENTS FOR PREVENTION, CONTROL, AND ABATEMENT OF EROSION, SEDIMENTATION, AND WATER POLLUTION. THE MEANS AND METHODS OF CONSTRUCTION EMPLOYED BY THE CONTRACTOR MAY NECESSITATE INSTALLATION AND MAINTENANCE OF SUPPLEMENTAL MEASURES IN ORDER TO COMPLY WITH ALL FEDERAL, STATE, AND LOCAL REGULATIONS. IF, IN THE OPINION OF THE ENGINEER OR LOCAL AUTHORITIES, EXCESSIVE QUANTITIES OF EARTH ARE BEING TRANSPORTED OFF-SITE EITHER BY NATURAL DRAINAGE OR BY VEHICULAR TRACKING, THE CONTRACTOR IS TO REMOVE SAID EARTH TO THE SATISFACTION OF THE ENGINEER OF RECORD AND THE AUTHORITY HAVING JURISDICTION.

24. EXISTING DRIVEWAY CONNECTIONS, WITHIN THE LIMITS OF THIS PROJECT, ARE TO BE REPLACED AT THE SAME LOCATION AND WIDTH UNLESS OTHERWISE SHOWN.

25. THE CONTRACTOR SHALL NOT STORE CONSTRUCTION MATERIALS, STOCKPILES, VEHICLES, OR HEAVY EQUIPMENT WITHIN WETLAND BUFFERS OR WITHIN THE PROTECTIVE RADIUS OF TREES PROPOSED TO REMAIN.

26. SEE FDOT 'STANDARD PLANS' FOR STANDARD ABBREVIATIONS DENOTED WITHIN THIS PLAN SET.

27. PRIME CONTRACTOR SHALL BE RESPONSIBLE FOR MEETING FIRE MARSHALL REQUIREMENTS DURING CONSTRUCTION (INCLUDING TEMPORARY ACCESS ROADS, WATER SUPPLY, FIRE WATCH, ETC.).

28. IF, DURING CONSTRUCTION ACTIVITIES, ANY EVIDENCE OF HISTORIC RESOURCES, INCLUDING, BUT NOT LIMITED TO, ABORIGINAL OR HISTORIC POTTERY, PRE-HISTORIC STONE TOOLS, BONE OR SHELL TOOLS, HISTORIC TRASH PITS, OR HISTORIC BUILDING FOUNDATIONS ARE DISCOVERED, WORK SHALL COME TO AN IMMEDIATE STOP AND THE LOCAL MUNICIPALITY AND THE FLORIDA DIVISION OF HISTORICAL RESOURCES (STATE HISTORIC PRESERVATION OFFICER) SHALL BE NOTIFIED WITHIN TWO WORKING DAYS.

29. THE CONTRACTOR SHALL PREVENT UTILITY TRENCH ENCROACHMENT INTO ADJACENT PROPERTIES, PROTECTED WETLANDS, AND PROTECTED TREE ROOT ZONES BY UTILIZING TRENCH BOXES AND/OR SHEETING IN ACCORDANCE WITH ALL APPLICABLE LAWS, RULES, MANUFACTURERS GUIDELINES AND STANDARD PRACTICES.

30. UPON COMPLETION OF CONSTRUCTION, THE CONTRACTOR SHALL FURNISH OWNER'S ENGINEER WITH COMPLETE "AS-BUILT" INFORMATION CERTIFIED BY A LAND SURVEYOR REGISTERED IN THE STATE OF FLORIDA. THE CONTRACTOR SHALL FURNISH THE ENGINEER WITH ELECTRONIC VERSIONS OF ALL DRAWINGS ALONG WITH TWO SIGNED AND SEALED COPIES OF THE AS-BUILT SURVEY. THE ELECTRONIC FILES SHALL BE GEO-REFERENCED (STATE PLANE COORDINATE SYSTEM) AND TIED TO AN ESTABLISHED LOCAL PUBLISHED VERTICAL BENCHMARK. THE AS-BUILT SURVEY INFORMATION SHALL BE REVIEWED AND SUPPLEMENTED BY THE CONTRACTOR AS NECESSARY TO CLEARLY AND ACCURATELY REPRESENT ALL CONSTRUCTED ITEMS INCLUDING, BUT NOT LIMITED TO:

GENERAL CONSTRUCTION NOTES (CONT.):

- A. WATER/WASTEWATER/RECLAIMED WATER AND OTHER PRESSURE PIPES:
 - OFFSETS FROM EDGE OF PAVEMENT AND R-O-W TO PIPELINES SHALL BE SHOWN AT NOT GREATER THAN 100 FEET INTERVALS.
 - HORIZONTAL AND VERTICAL LOCATION OF CASING PIPE, CONCRETE ENCASEMENT, AND SHEETING BY STATION AND ELEVATION. INCLUDE SIZE, LENGTH, MATERIAL TYPE, AND WALL THICKNESS OF CASING.
 - HORIZONTAL AND VERTICAL LOCATION OF TOP OF PIPE AND FINISHED GRADE SHALL OCCUR AT A MAXIMUM OF 200 FEET FOR STRAIGHT RUNS OF PIPE AND AT SUFFICIENT INTERVALS TO ESTABLISH HORIZONTAL CURVATURE FOR ANY PIPE DEFLECTIONS IN A CURVED ALIGNMENT.
 - HORIZONTAL AND VERTICAL LOCATION OF TOP OF PIPE AND OTHER UTILITIES OCCURING AT A CROSSING.
 - LOCATION OF ANY FOUND UTILITIES.
 - INSTALLED PIPE DIAMETER, MATERIAL TYPE, AND AWWA/ASTM/ANSI CLASSIFICATION.
 - MATERIAL TYPE AND SERIAL NUMBERS OF ALL VALVES, METERS, ASSEMBLIES.
 - IF ABANDONMENT OF EXISTING FACILITIES IS INCLUDED IN PROJECT, PROVIDE SIZE, TYPE, DEPTH, LOCATION, AND LIMITS OF ANY ABANDONED PIPE. ALSO INCLUDE THE METHOD OF ABANDONMENT (I.E., MORTAR FILLED, ETC.).
 - ANY VERTICAL IMPROVEMENTS WITHIN EXISTING RIGHTS-OF-WAY THAT ARE IN IMMEDIATE PROXIMITY OF THE UTILITY SYSTEM (I.E. MONUMENT SIGNS, WALLS AND BRIDGES).
 - CROSS-SECTIONAL DETAILS SHALL BE PROVIDED WHERE UTILITIES CROSS.
 - HORIZONTAL AND VERTICAL LOCATION AND TYPE OF ALL FITTINGS, BENDS, REDUCERS, SLEEVES, PLUGS, CAPS, TEES, CROSSES, TAPS, RESTRAINED JOINTS, VALVES, BLOW-OFFS, HYDRANTS, HIGH AND LOW POINTS, POINTS OF DEFLECTION, ETC. (SURVEY SHALL ALSO INCLUDE FINISHED GRADE ABOVE THESE ITEMS.)
 - STATION ALL CONNECTIONS WHEN THEY ARE NOT ON PROPERTY LINES.

B. GRAVITY SEWER LINES:
 - LOCATION AND ELEVATIONS OF ALL SANITARY SEWER STRUCTURES, TO INCLUDE TOP ELEVATIONS, BOTTOM ELEVATIONS, AND INVERTS. INCLUDING FIELD MEASURED PIPE LENGTHS, PIPE TYPES, SLOPES, AND PIPE SIZES.
 - SHOW LOCATION OF LATERAL SERVICE CONNECTIONS BY STATION AND INCLUDE DEPTH OF COVER AT LOT LINES (CLEANOUT)
 - SHOW SIZE, LENGTH INVERT ELEVATION AND GRADE OF STUB-OUTS FOR FUTURE CONNECTIONS.

C. STORMWATER SYSTEM:
 - LOCATION AND ELEVATIONS OF ALL STORM SEWER OUTFALL STRUCTURES (AKA CONTROL STRUCTURES), TO INCLUDE ELEVATIONS, DIMENSIONS, SKIMMERS, INVERTS, PIPE SIZES, PIPE TYPES, OPENING DIMENSIONS AND SLABS.
 - LOCATION AND ELEVATIONS OF ALL STORM STRUCTURES, PIPES, CONDUITS, SLEEVES, ETC. INCLUDING CALCULATED SLOPE SIZE AND MATERIAL TYPE OF ALL PIPES.
 - HORIZONTAL AND VERTICAL CONTROL OF ALL TOP OF BANKS, TOE OF SLOPES, LITTORAL ZONES, DITCHES, AND ALL GRADE BREAKS.

D. PUMPLIFT STATIONS:
 - HORIZONTAL AND VERTICAL CONTROL ELEVATIONS OF ALL ELEMENTS OF PUMP/LIFT STATIONS INCLUDING TOP AND BOTTOM ELEVATIONS, PIPE INVERTS, PIPE SIZES, AND PIPE TYPES.
 - LOCATION AND ELEVATION OF ANY PAVEMENT MATERIALS ASSOCIATED WITH THE STATION.
 - LOCATION AND TYPE OF ANY VERTICAL ELEMENTS ASSOCIATED WITH THE STATIONINCLUDING: PANELS, LIGHT POLES, FENCING, BACK FLOW ASSEMBLIES, METERS, ALL VALVES AND ASSOCIATED APPURTENANCES.
 - ELEVATIONS AT WHICH THE FLOAT SWITCHES ENGAGE.

E. RESIDENTIAL SUBDIVISION LOT GRADES:
 - GRADES AT PAD CORNERS AND CENTER OF LOT
 - REAR YARD LOT CORNER GRADES

F. BUILDING AND OTHER VERTICAL STRUCTURES:
 - LOCATION OF ALL CORNERS AND FINISHED FLOOR ELEVATIONS
 - OVERHANG LOCATIONS
31. NO ENGINEER'S CERTIFICATIONS CAN BE SUBMITTED TO OBTAIN A CERTIFICATE OF OCCUPANCY UNTIL THE "AS-BUILT" INFORMATION IS RECEIVED, REVIEWED, AND APPROVED BY THE ENGINEER. THE CONTRACTOR SHALL ALLOW THE ENGINEER A MINIMUM OF FOUR WEEKS TO COMPLETE THE REVIEW OF THE "AS-BUILT" INFORMATION UPON RECEIPT, PRIOR TO SUBMITTAL TO APPLICABLE AGENCIES. NOTE UPON RELEASE OF CERTIFICATE OF OCCUPANCIES MAY TAKE 45 TO 90 DAYS FROM THE SUBMITTAL TO APPLICABLE AGENCIES. FAILURE BY THE CONTRACTOR TO PROVIDE COMPLETE AS-BUILT INFORMATION WILL RESULT IN SIGNIFICANT DELAYS IN FINAL RELEASE OF THE PROJECT.

DEMOLITION NOTES:

1. CONTRACTOR TO REMOVE AND DISPOSE OF ALL EXISTING OCCUPATION AS NECESSARY TO CONSTRUCT PROPOSED IMPROVEMENTS.
2. CONTRACTOR TO DEMOLISH AND REMOVE ALL IMPROVEMENTS WITHIN LIMITS OF CONSTRUCTION UNLESS SHOWN ON PLANS AS TO REMAIN.
3. CONTRACTOR TO ESTABLISH AND PROPERLY FLAG PROPERTY LINES PRIOR TO DEMOLITION.
4. ALL MATERIALS TO BE DISPOSED OF IN ACCORDANCE WITH CITY OF ST.PETE BEACH REQUIREMENTS.
5. INFORMATION TAKEN FROM SURVEY PREPARED BY DENNIS J. BENHAM ON 6/30/23.
6. UTILITIES TO BE PLUGGED SHALL BE FILLED WITH A MINIMUM 1.0 CUBIC FT. OF NON-SHRINK GROUT OR AS OTHERWISE APPROVED BY ENGINEER. PRESSURE MAINS SHOULD BE CAPPED OR PLUGGED AND RESTRAINED WITH A REVERSE DEADMAN. RCP SHOULD RECEIVE A BRICK AND MORTAR PLUG.
7. EXISTING TREES THAT ARE SHOWN TO REMAIN, SHALL MAINTAIN PROTECTIVE BARRIERS AT ALL TIMES. THESE BARRIERS SHALL BE IN ACCORDANCE WITH CURRENT CITY OF ST.PETE BEACH STANDARDS.
8. THE CONTRACTOR SHALL COORDINATE THE REMOVAL/RELOCATION OF EXISTING UTILITIES WITH THE OWNER OF SAID UTILITY. THIS SHALL INCLUDE BUT NOT BE LIMITED TO WATER, SEWER, GAS, CABLE TV, POWER AND TELEPHONE.
9. THE CONTRACTOR SHALL INSTALL EROSION CONTROL PRIOR TO DEMOLITION AND MAINTAIN DURING DEMOLITION.
10. THE CONTRACTOR SHALL LOCATE ALL EXISTING UTILITIES PRIOR TO DEMOLITION AND WILL BE RESPONSIBLE FOR THE DAMAGE OF ANY ON-SITE OR OFF-SITE UTILITIES THAT ARE NOT A PART OF THIS PROJECT OR ARE NOT IDENTIFIED TO BE REMOVED.
11. THE CONTRACTOR SHALL BARRICADE THE SITE AND CONTROL TRAFFIC PER CURRENT FDOT TRAFFIC CONTROL STANDARDS.
12. ALL ON-SITE ABOVE GROUND IMPROVEMENTS (IE: PAVEMENT, CURBING, BUILDINGS, SIGNAGE, CONCRETE WALKS, POLES, INLETS, ETC.) AND BELOW GROUND IMPROVEMENTS (IE: SANITARY, STORM, WATER, SEPTIC, WELL, CABLE, ELECTRIC, PHONE, ETC...) SHALL BE REMOVED UNLESS OTHERWISE NOTED.
13. UNSUITABLE MATERIAL IS TO BE REMOVED FROM LANDSCAPE AREAS. A MINIMUM OF 8" TOPSOIL IS REQUIRED IN ALL LANDSCAPE AREAS.
14. ALL TREE ROOTS EXISTING WITHIN APPROVED IMPROVEMENT AREAS AND ORIGINATING FROM A PROTECTED TREE, SHALL BE SEVERED CLEAN AT THE LIMITS OF THE PRESERVED AREA WHERE INDICATED.
15. ALL ON-SITE WELLS TO BE ABANDONED BY A FLORIDA LICENSED WATER WELL CONTRACTOR IN ACCORDANCE WITH RULE 40D-3.531(2). F.A.C.

TESTING SCHEDULE:

ITEM	TEST	TEST FREQUENCY
EMBANKMENT	OPTIMUM MOISTURE/MAXIMUM DENSITY	PER SOIL TYPE
	100% OF MAXIMUM DENSITY AS DETERMINED BY AASHTO T99-57(METHOD C) NO TOLERANCE	ONE PER 500' HORIZONTALLY, IN ONE (1) FOOT LIFTS
	GRADATION 1-T027	1/500' SECTION PER LIFT
	PROCTOR 1-T180	PER MATERIAL TYPE
	PROCTOR 5-525	PER MATERIAL TYPE
UTILITY TRENCH BACKFILL- OVER PIPELINES AND AROUND STRUCTURES FROM R.O.W. LINE TO R.O.W. LINE	DENSITY 1-T238	1/500' SECTION PER LIFT
	OPTIMUM MOISTURE/MAXIMUM DENSITY	PER SOIL TYPE
UTILITY TRENCH BACKFILL- OVER PIPELINES AND AROUND STRUCTURES OUTSIDE R.O.W. LINE	100% OF MAXIMUM DENSITY AS DETERMINED BY AASHTO T99-57(METHOD C) NO TOLERANCE	REFER TO NOTE A & NOTE B
	OPTIMUM MOISTURE/MAXIMUM DENSITY	PER SOIL TYPE
STABILIZED SUBGRADE	95% OF MAXIMUM DENSITY AS DETERMINED BY AASHTO T99-57(METHOD C) - NO TOLERANCE	REFER TO NOTE A
	OPTIMUM MOISTURE/MAXIMUM DENSITY	PER SOIL TYPE
	MINIMUM 40 LBR	PER MATERIAL TYPE. REFER TO NOTE D
	MINIMUM 20 LBR (FOR SOIL CEMENT ONLY)	SAME AS FOR 40 LBR. REFER TO NOTE D
BASE (OTHER THAN SOIL CEMENT OR CRUSHED CONCRETE)	98% OF MAXIMUM DENSITY AS DETERMINED BY AASHTO T180-57 (ASTM D1557-70) NO TOLERANCE	REFER TO NOTE C
	GRADATION, ATTERBERG LIMITS	PER SOURCE
	OPTIMUM MOISTURE/MAXIMUM DENSITY	PER SOIL TYPE
SOIL CEMENT BASE	MINIMUM 100 LBR	PER SOURCE
	98% OF MAXIMUM DENSITY AS DETERMINED BY AASHTO T180-57 (ASTM D1557-70) - NO TOLERANCE	REFER TO NOTE C
	MIX DESIGN	PER MATERIAL TYPE
	OPTIMUM MOISTURE/MAXIMUM DENSITY	PER MATERIAL TYPE DAILY
	PROCTOR 1-T180	PER MATERIAL TYPE
CONCRETE	COMPRESSIVE STRENGTH SPECIMENS	ONE SET OF THREE (3) PER MATERIAL TYPE DAILY
	TEST CORES-THICKNESS	REFER TO NOTE C
	97% OF MAXIMUM DENSITY AS DETERMINED BY AASHTO T134 - NO TOLERANCE	REFER TO NOTE C
	SLUMP TEST	ONE PER SET OF CYLINDERS
CRUSHED CONCRETE BASE	COMPRESSIVE STRENGTH CYLINDERS	ONE SET OF THREE(3) CYLINDERS FOR 100 CUBIC YARDS OF FRACTION THEREOF
	AIR CONTENT	ONE PER SET OF CYLINDERS
	MINIMUM LBR 150	3/STREET TO OBTAIN AN AVERAGE OF 150
	LIQUID LIMIT (AS DETERMINED BY AASHTO T80) (LESS THAN 25)	PER MATERIAL TYPE
	PLASTICITY INDEX (AS DETERMINED BY AASHTO T90) (LESS THAN 4)	PER MATERIAL TYPE
SUPERPAVE ASPHALT	ABRASION	PER LOS ANGELES ABRASION (FM-1T090) (50 MIN) PER MATERIAL TYPE
	DENSITY 100% OF MAXIMUM DENSITY (AS DETERMINED BY AASHTO T-180)	PER MATERIAL TYPE
	AGGREGATE ANALYSIS	PER FDOT
	DESIGN MIX	ONE PER FDOT APPROVED TYPE
	BITUMEN CONTENT	PER FDOT
NOTES:	THICKNESS	REFER TO NOTE C
	MAXIMUM SPECIFIC GRAVITY (Gmm)	PER FDOT
	90% OF LAB DENSITY FOR LOCAL ONSITE ROADWAYS (REMOVE AND REPLACE IF NOT MET 92% OF LAB DENSITY FOR COLLECTORS AND ARTERIALS (REMOVE AND REPLACE IF NOT MET)	REFER TO NOTE C
	ADDITIONAL NOTE: THE AHJ RESERVES THE RIGHT TO SAMPLE AND TEST ANY MATERIAL DURING CONSTRUCTION

PAVING AND GRADING NOTES:

- ALL DELETERIOUS SUBSURFACE MATERIAL (I.E. MUCK, PEAT, BURIED DEBRIS) IS TO BE EXCAVATED IN ACCORDANCE WITH THESE PLANS OR AS DIRECTED BY THE OWNER, THE OWNER'S ENGINEER, OR OWNER'S SOIL TESTING COMPANY. DELETERIOUS MATERIAL IS TO BE STOCKPILED OR REMOVED FROM THE SITE AS DIRECTED BY THE OWNER. EXCAVATED AREAS TO BE BACK FILLED WITH APPROVED MATERIALS AND COMPACTED AS SHOWN ON THESE PLANS. CONTRACTOR IS RESPONSIBLE FOR ACQUIRING ANY PERMITS NECESSARY FOR REMOVING DELETERIOUS MATERIAL FROM THE SITE. ENGINEER SHALL BE NOTIFIED OF ANY MATERIAL ENCOUNTERED.
- THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROTECTING TRENCH EXCAVATIONS AGAINST COLLAPSE AND SHALL PROVIDE BRACING, SHEETING OR SHORING AS NECESSARY. DEWATERING METHODS SHALL BE USED AS REQUIRED TO KEEP TRENCHES DRY WHILE PIPE AND APPURTENANCES ARE BEING PLACED.
- ALL NECESSARY FILL AND EMBANKMENT THAT IS PLACED DURING CONSTRUCTION SHALL CONSIST OF MATERIAL SPECIFIED BY THE OWNER'S SOIL TESTING COMPANY OR ENGINEER AND SHALL BE PLACED AND COMPACTED ACCORDING TO THESE PLANS OR THE REFERENCED SOILS REPORT. THE CONTRACTOR IS RESPONSIBLE FOR ENSURING THAT ALL CONSTRUCTION ACTIVITIES, WHICH INCLUDE BUT ARE NOT LIMITED TO EARTHWORK ACTIVITIES, SUB GRADE PREPARATION, ETC. CONFORM TO THE STRICTER OF THE CITY OF ST.PETE BEACH, FDOT STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION (LATEST EDITION), AND THE PROJECT GEOTECHNICAL REPORT.
- THE CONTRACTOR SHALL NOTIFY THE OWNER AND ENGINEER OF RECORD IMMEDIATELY IF UNSUITABLE SOIL IS ENCOUNTERED DURING EXCAVATION. UNSUITABLE SOIL SHALL NOT BE USED ON-SITE WITHOUT WRITTEN CONSENT FROM THE OWNER AND ENGINEER OF RECORD.
- PROPOSED SPOT ELEVATIONS REPRESENT FINISHED PAVEMENT OR GROUND SURFACE GRADE UNLESS OTHERWISE NOTED ON DRAWINGS.
- CONTRACTOR SHALL PROVIDE A SMOOTH PAVEMENT TRANSITION BY SAW CUTTING AND REMOVING EXISTING PAVEMENT, MILLING, TACK COATING SURFACE, AND MATCHING THE EXISTING PAVEMENT AT LOCATIONS WHERE NEW PAVEMENT MEETS EXISTING PAVEMENT. TRANSITION SHALL NOT BE LESS THAN 36" OR AS OTHERWISE SHOWN ON THE CONSTRUCTION PLANS OR REQUIRED BY THE AUTHORITY HAVING JURISDICTION (AHJ).
- THE CONTRACTOR IS RESPONSIBLE FOR COORDINATING APPLICABLE SOILS AND PAVEMENT BASE TESTING. CONTRACTOR SHALL REVIEW AND SUBMIT TESTING REPORTS TO OWNER'S ENGINEER ON A WEEKLY BASIS. TESTS WILL BE REQUIRED PURSUANT WITH THE TESTING SCHEDULE REQUIRED BY THE GOVERNMENTAL AGENCY HAVING JURISDICTION OVER THIS WORK. UPON THE COMPLETION OF THIS WORK THE GEOTECHNICAL ENGINEER WILL SUBMIT CERTIFICATIONS TO THE OWNER'S ENGINEER STATING THAT ALL REQUIREMENTS HAVE BEEN MET. CONTRACTOR IS RESPONSIBLE FOR IMMEDIATELY CORRECTING ANY DEFICIENCIES FOUND BY THE TESTING.
- A QUALIFIED TESTING LABORATORY SELECTED OR APPROVED BY THE OWNER SHALL PERFORM ALL TESTING NECESSARY TO ASSURE COMPLIANCE OF THE IN-PLACE MATERIALS AS REQUIRED BY THESE PLANS, SPECIFICATIONS AND THE AUTHORITIES HAVING JURISDICTION. SHOULD ANY RETESTING BE REQUIRED DUE TO THE FAILURE OF ANY TESTS TO MEET THE MINIMUM REQUIREMENTS, THE CONTRACTOR SHALL BEAR ALL COSTS OF SAID RETESTING.
- MIXING IN PLACE OF SOIL CEMENT WILL NOT BE ALLOWED. PLANT PRODUCED ON-SITE (I.E. VIA A PUG MILL) IS ALLOWABLE.
- CONTRACTOR TO UTILIZE SAME PAVEMENT BASE OPTION MATERIAL FOR ALL PAVING WITHIN PROJECT.
- CONTRACTOR SHALL FINISH ALL EXPOSED BACK OF CURB FOR SURFACE IMPERFECTION (PITTED HOLES OR CREVICES).
- COMPACTED SUB-GRADE SHALL BE MECHANICALLY MIXED FOR STABILIZATION TO THE SPECIFIED DEPTH PRIOR TO GRADING, COMPACTION, AND TESTING AS NECESSARY TO ACHIEVE THE MINIMUM INDICATED LBR.
- CONTRACTOR TO PROVIDE A 1/2" TO 1" WIDE BITUMINOUS EXPANSION JOINT MATERIAL BETWEEN ANY CONCRETE OR SIMILAR SURFACES POURED OR PLACED DURING SEPARATE OCCURENCES. THE EXPANSION JOINT MATERIAL SHALL MATCH THE HEIGHT OR DEPTH OF THE SIDEWALK OR PAVEMENT CROSS SECTION.
- UNLESS OTHERWISE NOTED, ALL CONCRETE SIDEWALK AND/OR PAVEMENT SHALL HAVE A MINIMUM ULTIMATE COMPRESSIVE STRENGTH OF 3,000 PSI (28-DAY), BE REINFORCED WITH SYNTHETIC FIBER REINFORCING MEETING ASTM C116 (NYCON LOCALMESH OR APPROVED EQUAL), AND BE TREATED WITH A CURING COMPOUND MEETING ASTM C309 REQUIREMENTS, UNLESS LOCAL AGENCY REQUIREMENTS ARE MORE STRINGENT.
- THE CONTRACTOR SHALL STABILIZE ALL DISTURBED GROUND BY SEEDING/MULCHING, SOD, OR OTHER APPROVED MATERIALS. SWALES AND OTHER AREAS SUBJECT TO FLOWING WATER SHALL BE SODDED. SLOPES FLATTER THAN 6:1 MAY BE STABILIZED VIA SEED/MULCH AND SLOPES 6:1 OR STEEPER SHALL BE SODDED (3:1 OR STEEPER MUST BE STAKED). ADDITIONAL AREAS REQUIRING SOD SHALL BE AS INDICATED ON THE CONSTRUCTION PLANS, AND/OR SPECIFICATIONS, OR AS DIRECTED BY OWNER DURING BIDDING PROCESS. ANY DISTURBED AREAS SHALL BE STABILIZED WITHIN ONE WEEK (OR SOONER) FOLLOWING CONSTRUCTION OF THE UNDERLYING ACTIVITY. THE CONTRACTOR SHALL MAINTAIN SUCH AREAS BY REPAIRING AND WATERING UNTIL THE AREA IS STABLE AND EROSION FREE. ANY DAMAGE FROM FAILURE TO ADEQUATELY STABILIZE, PROTECT, OR MAINTAIN THESE AREAS SHALL BE THE SOLE RESPONSIBILITY OF THE CONTRACTOR. NEITHER THE ENGINEER OF RECORD NOR THE OWNER IS RESPONSIBLE FOR THE MEANS AND METHODS OF ADEQUATELY STABILIZING THE PROJECT.
- LIMITS OF SOD WITHIN STORMWATER PONDS SHALL BE WATER LEVEL AT TIME OF SODDING OR THE DESIGN SEASONAL HIGH WATER LEVEL (SHW) AS SHOWN ON THE PLANS, WHICHEVER IS LOWER.
- THE CONTRACTOR SHALL NOT ALTER THE EXISTING HISTORICAL DRAINAGE PATTERNS IN REGARD TO THE EXISTING PAVING CROSS SECTIONS, SIDEWALKS AND GRASS SWALES ON OR ADJACENT TO THE PROJECT UNLESS SPECIFICALLY DEPICTED ON THE CONSTRUCTION PLANS.
- ASPHALT TYPES AND MIX DESIGN SHALL BE FDOT STANDARD PER FDOT MATERIALS SPECIFICATIONS. LIFTS SHALL MEET THE MINIMUM AND MAXIMUM ALLOWABLE PER PAVEMENT TYPE AS PERMITTED BY FDOT. NO CHANGE ORDERS WILL BE ALLOWED RESULTING FROM A NEED FOR MULTIPLE LIFTS TO ACHIEVE THE REQUIRED PAVEMENT THICKNESS.
- ALL CURB CUT RAMPS TO BE CONSTRUCTED PER FLORIDA DEPARTMENT OF TRANSPORTATION STANDARDS (FDOT INDEX 522-002) AND BE ADA COMPLIANT INCLUDING USE OF TRUNCATED DOME TACTILE SURFACE.
- CURBING WILL BE PLACED AT THE EDGE OF ALL PAVEMENT, AS SHOWN ON THE PLANS.
- TERMINATION OF BOTH FDOT TYPE "F" AND TYPE "D" CURB SHALL INCLUDE A 3' TRANSITION TO FLUSH UNLESS OTHERWISE NOTED ON THE CONSTRUCTION DRAWINGS.
- LIMEROCK AND COMPACTED BASE MUST BE REMOVED FROM ALL LANDSCAPE AREAS. SITE CONTRACTOR SHALL COORDINATE WITH LANDSCAPE CONTRACTOR REGARDING BACKFILL WITHIN LANDSCAPE ISLANDS. BACKFILL VOLUME TO BE ADJUSTED TO ACCOUNT FOR ADMIXTURE REQUIREMENTS SHOWN ON LANDSCAPE PLANS. LANDSCAPE BEDS TO BE FINE GRADED TO PROVIDE POSITIVE DRAINAGE PRIOR TO INSTALLATION OF PLANT MATERIAL.

SITE PLAN AND COORDINATE GEOMETRY NOTES:

- ALL POINTS AND MONUMENTS SHALL BE SURVEYED UPON MOBILIZATION TO VERIFY THEIR ACCURACY. ANY DISCREPANCIES DISCOVERED MUST BE BROUGHT TO THE ATTENTION OF THE ENGINEER OF RECORD IN WRITING PRIOR TO CONSTRUCTION.
- MONUMENTS AND OTHER SURVEY CONTROL POINTS SHALL BE PROTECTED FROM DAMAGE AND DISTURBANCE. IF ANY CONTROL POINTS ARE DAMAGED OR DISTURBED, IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO NOTIFY THE ENGINEER OF RECORD AND REPLACE THE CONTROL POINTS TO THEIR ORIGINAL CONDITION AT THEIR OWN EXPENSE.
- REFER TO SURVEY FOR ELEVATION DATUM INFORMATION.
- LOCATIONS, ELEVATIONS, AND DIMENSIONS OF EXISTING UTILITIES, STRUCTURES AND OTHER FEATURES ARE SHOWN ACCORDING TO THE BEST INFORMATION AVAILABLE AT THE TIME OF PREPARATION OF THESE PLANS. THE CONTRACTOR SHALL FIELD VERIFY THE LOCATIONS, ELEVATIONS AND DIMENSIONS OF ALL EXISTING UTILITIES, STRUCTURES AND OTHER FEATURES AFFECTING THE PROPOSED WORK.
- ALL DIMENSIONS SHOWN ON PLAN ARE TO FACE OF BUILDING, EDGE OF PAVEMENT, FACE OF CURB, OR CENTERLINE OF STRUCTURE, UNLESS NOTED OTHERWISE.
- DIGITAL OR ELECTRONIC REPRESENTATION OF THESE CONSTRUCTION PLANS DOES NOT CONSTITUTE A COORDINATE CONTROL MAP OR MATHEMATICALLY CONTROLLED INFORMATION FOR THE USE OF CONSTRUCTION STAKEOUT. IT IS THE RESPONSIBILITY OF THE CONTRACTOR AND/OR THE CONTRACTOR'S SURVEYOR TO ENSURE THAT ANY DIGITAL OR ELECTRONIC REPRESENTATION OF THESE PLANS IS IN COMPLETE CONFORMANCE WITH ALL OF THE NOTATIONS, SPECIFICATIONS, DETAILS, AND OTHER DATA APPEARING ON OR AS MAY BE DERIVED FROM THESE CONSTRUCTION PLANS.

DRAINAGE NOTES:

- ALL STORM SEWER PIPE SHALL BE CLASS III UNLESS OTHERWISE NOTED ON PLANS.
 - ALTERNATIVE DRAINAGE PIPE MATERIALS AND SUBSTITUTIONS MUST BE LISTED AS A BID ALTERNATE MATERIAL DURING THE INITIAL BIDDING PHASE FOR CONSIDERATION. SUBSTITUTION OF PIPE MATERIALS DURING THE CONSTRUCTION PHASE IS NOT PERMISSIBLE WITHOUT SPECIFIC WRITTEN APPROVAL FROM THE ENGINEER OF RECORD AND OWNER.
 - IF SPECIFIED, HDPE PIPE SHALL BE SMOOTH INTERIOR, CORRUGATED EXTERIOR, WITH INTEGRAL GASKETED WATER-TIGHT JOINT MEETING ASTM F 477 AND ASTM D 3212.
 - IF SPECIFIED, POLYPROPYLENE PIPE (PP) SHALL BE DUAL WALL (SMOOTH INTERIOR, CORRUGATED EXTERIOR) WITH INTEGRAL BELLS MEETING EITHER (ASTM F2736, ASTM F2881, OR AASHTO M330). PIPE SHALL HAVE GASKETED JOINTS MEETING ASTM D3212 REQUIREMENTS (10.8 PSI). SPIGOTS SHALL HAVE INTEGRAL GASKETS MEETING THE REQUIREMENTS OF ASTM F477. PIPE MATERIAL SHALL BE AN IMPACT MODIFIED COPOLYMER MEETING THE MATERIAL REQUIREMENTS OF ASTM F2736, SECTION 4, ASTM F2881, SECTION 5 AND AASHTO M330, SECTION 6.1 FOR THE RESPECTIVE DIAMETERS.
 - THE USE OF FLEXIBLE STORMWATER PIPE MATERIALS (PVC, HDPE, ETC) SHALL REQUIRE THE USE OF WATERTIGHT "BOOTED" CONNECTIONS AT ALL STORMWATER STRUCTURES, IE . COMPRESSION GASKET, FLEXIBLE BOOT, GROUTED WATERSTOP, OR OTHER MANUFACTURER APPROVED METHOD. NO GROUTING OF STRUCTURE OPENINGS WILL BE PERMITTED WHEN USING FLEXIBLE PIPE MATERIALS.
 - ALL FLEXIBLE PIPE SHALL BE INSTALLED IN ACCORDANCE WITH MANUFACTURER'S REQUIREMENTS. CONTRACTOR SHALL PROVED ENGINEER OF RECORD A COPY OF MATERIAL TEST LAB REPORTS FOR ALL BACKFILL MATERIAL AND DENSITY TESTS PRIOR TO LAMPING / INSPECTING THE STORM SYSTEM. ANY SEGMENTS WITHOUT ADEQUATE DOCUMENTATION SHALL BE REMOVED AND REINSTALLED AT THE CONTRACTOR'S EXPENSE.
- DRAINAGE STRUCTURES SHALL BE IN ACCORDANCE WITH FDOT INDEX UNLESS OTHERWISE NOTED ON PLANS. STRUCTURE BOTTOM SIZES SHALL BE ADJUSTED OR MODIFIED PER FDOT INDEX WHEN LARGER PIPES ARE INDICATED.
- STORM STRUCTURE LABELS ON THE CONSTRUCTION DRAWINGS MAY NOT INDICATE THE NEED FOR SPECIALTY SIZING (I.E. J BOTTOMS). IT IS THE CONTRACTOR AND PRE-CASTERS RESPONSIBILITY TO PROVIDE ADEQUATE STRUCTURES MEETING THE APPLICABLE REQUIREMENTS AND SHALL BE INCLUDED IN THE BASE BID.
- PIPE LENGTHS SHOWN ARE APPROXIMATE AND MEASURED TO CENTER OF DRAINAGE STRUCTURE WITH THE EXCEPTION OF MITERED END SECTION (MES) AND FLARED END SECTION (FES) WHICH ARE NOT INCLUDED IN LENGTHS. THE CONTRACTOR SHALL VERIFY ALL QUANTITIES AS SHOWN ON THE PLANS OR BID SCHEDULE (IF PROVIDED BY OWNER) PRIOR TO FINALIZING THEIR SUBMITTAL OF BIDS/PROPOSAL AND INFORM THE ENGINEER OF ANY DISCREPANCIES.
- PIPE ENDS SHALL BE ADJUSTED TO DAYLIGHT DURING INITIAL CONSTRUCTION OF THE PIPELINE. THIS MAY REQUIRE THE REMOVAL OR ADDITION OF PIPE SECTIONS.
- ALL STORM DRAINAGE PIPING SHALL BE SUBJECT TO A VISUAL INSPECTION BY THE OWNER'S ENGINEER OR ENGINEER'S REPRESENTATIVE PRIOR TO THE PLACEMENT OF BACK FILL.
- THE CONTRACTOR MUST PROVIDE CCTV VIDEO (IN DVD OR OTHER DIGITAL FORMAT) OF THE NEWLY CONSTRUCTED STORMWATER PIPELINE FOR REVIEW AND ACCEPTANCE. PRIOR TO SUBMITTING VIDEOS TO THE ENGINEER FOR REVIEW, THE CONTRACTOR SHALL REVIEW THE VIDEOS FIRST FOR DISCREPANCIES AND FOR COMPLETENESS TO MAKE SURE THAT ALL PIPELINE SECTIONS ARE INCLUDED.
- THE CONTRACTOR SHALL PROVIDE EROSION CONTROL TO MAINTAIN AND PROTECT THE STORM DRAINAGE SYSTEM FROM MUD, DIRT, DEBRIS, ETC. THE SYSTEM SHALL BE PROTECTED UNTIL THE ADJACENT LAND AREAS ARE DEEMED STABLE AND WRITTEN FINAL ACCEPTANCE OF THE PROJECT HAS BEEN PROVIDED. THE CONTRACTOR MAY BE REQUIRED TO PRESSURE CLEAN PIPES AND INLETS FOR FINAL ACCEPTANCE.
- ALL FDOT DITCH BOTTOM INLETS IN THE PROPOSED PAVEMENT AREAS AND WITHIN THE DESIGNATED EASEMENTS OR PUBLIC ROW SHALL BE MODIFIED FOR TRAFFIC BEARING (H-20) WITH HOT DIPPED GALVANIZED RETICULINE STEEL GRATES AND METAL ANGLE FRAMES SUPPORT FOR GRATES. ANGLE FRAME SHALL BE PART OF THE PRECAST CONCRETE STRUCTURES, INDICATED ON THE SHOP DRAWINGS, AND THE PRECAST SHALL BE ACCORDANCE WITH FDOT SPECIFICATIONS (INCLUDING EYEBOLT & CHAIN).
- ALL EXISTING STRUCTURES TO BE MODIFIED AS REQUIRED TO MEET H-20 LOAD RATING AND ADJUSTED TO MEET PROPOSED GRADE. PRIVATE MANHOLES TO BE LABELED "STORM" AND MANHOLES LOCATED WITHIN PUBLIC RIGHT-OF-WAY OR EASEMENTS SHALL HAVE THE GOVERNING AGENCY MASCOT & LETTERING.
- ALL MITERED END SECTIONS FOR SIDE DRAIN PIPES AT DRIVEWAY ENTRANCES ON PUBLIC (MUNICIPAL OR FDOT) ROADWAYS MUST BE CONSTRUCTED WITH A CONCRETE TOE FOUNDATION IN ACCORDANCE WITH FDOT INDEX 430-022.
- NO POND/LAKE EXCAVATION (FOR ANY PURPOSE) SHALL EXTEND BEYOND OR BELOW THE PERMITTED DESIGN DEPTHS/ELEVATIONS SHOWN ON THE DRAWINGS. NO LOWER SEMI-CONFINING UNIT CLAYEY MATERIALS AND NO WEATHERED LIMESTONE MATERIALS SHALL BE EXCAVATED, REGARDLESS IF THESE MATERIALS ARE ENCOUNTERED WITHIN THE PERMITTED EXCAVATION DEPTHS/ELEVATIONS SHOWN ON THE PLANS. TEMPORARY DEWATERING DITCHES OR SUMPS (FOR POND/LAKE EXCAVATION) SHALL NOT EXTEND BELOW THE PERMITTED DESIGN DEPTHS/ELEVATIONS SHOWN ON THE DRAWINGS. IF ANY LOWER SEMI-CONFINING UNIT CLAYEY MATERIALS OR WEATHERED LIMESTONE MATERIALS ARE ENCOUNTERED ABOVE THE PERMITTED EXCAVATION DEPTHS/ELEVATIONS, THEN EXCAVATION OPERATIONS IN THAT POND/LAKE AREA SHALL IMMEDIATELY CEASE IN THE GENERAL AREA, AND THE GEOTECHNICAL CONSULTANT AND ENGINEER OF RECORD SHALL BE NOTIFIED TO PROVIDE SUBSEQUENT EVALUATIONS / RECOMMENDATIONS, AS APPROPRIATE, WHICH SHALL BE IMPLEMENTED BY THE CONTRACTOR. EPC (OR FDEP) MUST BE CONTACTED PRIOR TO ANY EXCAVATION OF CLAYS OR EXCEEDING THE PERMITTED EXCAVATION DEPTH.
- JOINTS OF STORM SEWER SHALL BE STAGGERED FOR CROSSINGS OF SANITARY SEWER WITH LESS THAN 18 INCHES OF VERTICAL CLEARANCE SO THAT THE PIPE BELL IS NOT LOCATED AT THE CROSSING.
- AS A COST SAVINGS MEASURE STORM STRUCTURES WITH MULTIPLE PIPE CONNECTIONS MAY BE OFFSET FROM THE CENTER OF THE STRUCTURE TO REDUCE THE OVERALL STRUCTURE SIZE. CONTRACTOR IS TO COORDINATE OFFSET CONNECTIONS WITH APPROPRIATE SUBCONTRACTORS INCLUDING PROJECT SURVEYOR.

TRAFFIC CONTROL GENERAL NOTES:

- THE MAINTENANCE OF TRAFFIC SHALL CONFORM TO THE "MANUAL OF UNIFORM TRAFFIC CONTROL DEVICES FOR STREETS AND HIGHWAYS" (MUTCD- LATEST EDITION) AND FLORIDA DEPARTMENT OF TRANSPORTATION "STANDARD PLANS" (LATEST EDITION).
- THE MINIMUM TEMPORARY LANE WIDTH ALLOWED WILL BE 10 FEET.
- CONTRACTOR SHALL NOTIFY THE LOCAL AUTHORITIES HAVING JURISDICTION (ENGINEERING, LAW ENFORCEMENT, EMERGENCY SERVICES, SCHOOL BOARD, ETC.) AND THE ENGINEER OF RECORD A MINIMUM OF 24 HOURS IN ADVANCE OF ANY PROPOSED LANE CLOSURES AND/OR DETOURS.
- TEMPORARY REFLECTIVE PAVEMENT MARKERS SHALL BE PROVIDED ON ALL TEMPORARY LANE LINES AND MEDIAN EDGE LINES IN ACCORDANCE WITH FDOT INDEXES.
- ALL TRAFFIC LANES MUST REMAIN OPEN FOR TRAFFIC DURING A HURRICANE EVACUATION NOTICE OR OTHER CATASTROPHIC EVENTS AND SHALL REMAIN OPEN FOR THE DURATION OF THE EVACUATION / EVENT AS DIRECTED BY THE ENGINEER OF RECORD OR LOCAL JURISDICTION.
- THE CONTRACTOR SHALL MAINTAIN AND KEEP STREET NAME IDENTIFICATION VISIBLE DURING CONSTRUCTION OPERATIONS IN ORDER TO FACILITATE EMERGENCY VEHICLE TRAFFIC.
- THE CONTRACTOR SHALL PROVIDE AT LEAST THREE (3) DAYS ADVANCE WRITTEN NOTICE TO PROPERTY OWNER'S IMPACTED BY PROPOSED TEMPORARY CLOSURE OR RELOCATION OF EXISTING DRIVEWAYS.

SIGNING AND PAVEMENT MARKING NOTES:

- ALL TRAFFIC CONTROL MARKINGS AND DEVICES SHALL CONFORM TO THE PROVISIONS SET FORTH IN THE "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES" (MUTCD) PREPARED BY THE U.S. DEPARTMENT OF TRANSPORTATION FEDERAL HIGHWAY ADMINISTRATION (LATEST EDITION) AND THE "FDOT STANDARD PLANS" (LATEST EDITION).
- ALL FLORIDA ROUTE MARKERS MUST CONFORM TO FDOT DESIGN STANDARDS INDEX 700-102.
- PAVEMENT MARKINGS SHALL BE PLACED AS SHOWN IN THE PLANS AND THE APPROPRIATE FDOT DESIGN STANDARDS INDEX. ANY DISCREPANCIES SHALL BE BROUGHT TO THE ATTENTION OF THE ENGINEER OF RECORD IN WRITING.
- IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO VERIFY THE LENGTH OF COLUMN (POST) SUPPORTS IN THE FIELD PRIOR TO FABRICATION. COLUMN HEIGHTS AND DIMENSION SHALL CONFORM TO FDOT STANDARDS.
- RAISED PAVEMENT MARKERS (RPM'S) SHALL BE INSTALLED PER FDOT INDEX 706-001.
- PAINT ALL MEDIAN NOSES AND RAISED ISLAND NOSES REFLECTIVE WHITE OR REFLECTIVE YELLOW (COLOR INDICATED IN THE PLANS). ABSENCE OF A CALLOUT RELATED TO THIS DETAIL DOES NOT ELIMINATE THIS REQUIREMENT.
- CAUTION MUST BE EXERCISED WHILE RELOCATING EXISTING SIGNS SO AS TO PREVENT DAMAGE TO THE SIGNS. IF THE SIGNS ARE DAMAGED BEYOND USE, AS DETERMINED BY THE ENGINEER OR LOCAL AGENCY HAVING JURISDICTION THEN THEY SHALL BE REPLACED BY THE CONTRACTOR AT THEIR EXPENSE. IF SIGNS ARE IN POOR CONDITION PRIOR TO REMOVAL, THE ENGINEER OF RECORD AND OWNER SHALL BE NOTIFIED IN WRITING AND ADVISED OF ANY POTENTIAL CHANGE ORDER.
- ANY EXISTING SIGN TO REMAIN THAT ARE DISTURBED DURING CONSTRUCTION OR RELOCATED SHALL BE RESET TO CURRENT FDOT STANDARDS FOR HEIGHT, OFFSET, AND METHOD OF INSTALLATION. IF THE EXISTING SIGN CANNOT BE RELOCATED DURING THE CONSTRUCTION IMPROVEMENTS, THE CONTRACTOR SHOULD TAKE CAREFUL PRECAUTION TO STORE AND PROTECT THE EXISTING SIGN UNTIL THE SIGN CAN BE INSTALLED AT ITS FINAL LOCATION. COST OF THIS WORK SHALL BE REFLECTED IN THE BID ITEM FOR RELATED WORK.
- THE SIGN LOCATIONS SHOWN ON THE PLANS ARE SCHEMATIC. ACTUAL SIGNS SHOULD BE INSTALLED IN ACCORDANCE WITH MUTCD PLACEMENT CRITERIA OR AS DIRECTED BY EITHER THE AUTHORITY HAVING JURISDICTION OR THE ENGINEER OF RECORD.
- ALL ROUTE MARKER AUXILIARIES SHALL MATCH THE COLOR COMBINATION OF THE RESPECTIVE MARKER WHICH THEY SUPPLEMENT.
- CONTRACTOR SHALL USE W-SHAPE STEEL POSTS FOR MULTI-POST SIGNS. ALL COLUMNS (POSTS) FOR SINGLE COLUMN SIGNS SHALL BE ALUMINUM ROUND TUBE (UNLESS OTHERWISE NOTED IN THE PLANS OR REQUIRED BY THE LOCAL JURISDICTION).
- ANY EXISTING MULTI-POST AND OVERHEAD SIGNS WITHIN THE PROJECT LIMITS SHALL REMAIN UNLESS OTHERWISE NOTED IN THE PLANS.
- ALL SINGLE COLUMN SIGNS WITHIN THE LIMITS OF CLEARING AND GRUBBING SHALL BE REMOVED UNLESS OTHERWISE NOTED IN THE PLANS.
- THE CONTRACTOR SHALL APPLY THERMOPLASTIC AS THE FINAL ROADWAY TRAFFIC STRIPES AND MARKINGS A MINIMUM OF 14 DAYS AFTER THE FIRST APPLICATION OF PAINT BUT PRIOR TO FINAL ACCEPTANCE OF THE PROJECT. THERMOPLASTIC SHALL BE LEAD-FREE, NON-SOLVENT BASED, COMPLIANT WITH SECTION 711-001 OF THE STANDARD SPECIFICATIONS, AND LISTED ON APL.
- ON CONCRETE SURFACES, INCLUDING BRIDGE DECKS, ALL SKIP STRIPE PAVEMENT MARKINGS SHALL BE ALTERNATE WHITE (THERMOPLASTIC) AND BLACK (PAINT) (10' WHITE/10' BLACK/20' SKIP).
- PARKING LOT STRIPING AND SIGNAGE SHALL CONFORM TO FDOT STANDARDS. REGULAR PARKING SPACE STRIPES SHALL BE 4-INCH WIDE WHITE PAINT (UNLESS OTHERWISE SPECIFIED). HANDICAPPED PARKING SPACES SHALL BE STRIPED IN ACCORDANCE WITH FDOT INDEX 711-001 EXCEPT BLUE PAINTED STRIPE SHALL BE 4-INCH WIDE. STOP BARS, CROSS WALKS, PAVEMENT ARROWS, AND PAVEMENT TEXT SHALL BE WHITE THERMOPLASTIC (UNLESS OTHERWISE SPECIFIED) THERMOPLASTIC SHALL BE LEAD-FREE, NON-SOLVENT BASED, COMPLIANT WITH SECTION 711 OF THE STANDARD SPECIFICATIONS, AND LISTED ON APL. PAINTED PAVEMENT MARKINGS SHALL COMPLY WITH SECTION 710 OF THE STANDARD SPECIFICATIONS, INCLUDE TWO COATS APPLIED 14 DAYS APART, AND BE LISTED ON APL. WHEN STRIPING WITH WHITE ON CONCRETE SURFACES THE CONTRACTOR SHALL APPLY BLACK PAINT FIRST ON THE PAVEMENT PRIOR TO PAINTING WHITE STRIPING.
- ACCESSIBLE PARKING SPACES, CROSSWALKS, STRIPING, AND ARROWS SHALL BE MARKED AND SIGNED IN ACCORDANCE WITH FDOT INDEX 711-001 (UNLESS OTHERWISE NOTED).
- ALL PAVEMENT MARKING TO BE REMOVED SHALL BE PERFORMED BY HYDROBLASTING (UNLESS PROHIBITED BY THE AHJ).

SAFETY NOTES:

- DURING THE CONSTRUCTION AND MAINTENANCE OF THIS PROJECT, ALL SAFETY REGULATIONS ARE TO BE ENFORCED. THE CONTRACTOR OR HIS REPRESENTATIVE SHALL BE RESPONSIBLE FOR THE CONTROL AND SAFETY OF THE TRAVELING PUBLIC AND THE SAFETY OF HIS/HER PERSONNEL.
- CONTRACTOR SHALL COMPLY WITH ALL OCCUPATION SAFETY AND HEALTH REGULATIONS AS WELL AS THE ENVIRONMENTAL PROTECTION LAWS. LABOR SAFETY REGULATIONS SHALL CONFORM TO THE PROVISIONS SET FORTH BY OSHA IN THE FEDERAL REGISTER OF THE DEPARTMENT OF TRANSPORTATION.
- NEITHER THE ENGINEER OF RECORD NOR OWNER ARE RESPONSIBLE FOR PROJECT SAFETY.
- THE CONTRACTOR'S MAINTENANCE OF TRAFFIC (MOT) PLAN MUST BE PREPARED BY A PROFESSIONAL WITH FDOT ADVANCED MOT CERTIFICATION. THE PLAN MUST THEN BE SUBMITTED AND APPROVED BY APPLICABLE GOVERNING AGENCIES PRIOR TO BEGINNING ANY CONSTRUCTION ACTIVITIES WITHIN OR IMMEDIATELY ADJACENT TO THE EXISTING RIGHT-OF-WAY.
- CONTRACTOR SHALL PROVIDE AND MAINTAIN THEIR OWN SAFETY EQUIPMENT IN ACCORDANCE WITH ITS HEALTH & SAFETY PROGRAM AND ALL OTHER APPLICABLE LEGAL AND HEALTH AND SAFETY REQUIREMENTS. THE CONTRACTOR IS ALSO RESPONSIBLE FOR PROVIDING ITS EMPLOYEES AND SUBCONTRACTORS WITH ADEQUATE INFORMATION AND TRAINING TO ENSURE THAT ALL EMPLOYEES AND SUBCONTRACTORS AND SUBCONTRACTOR'S EMPLOYEES COMPLY WITH ALL APPLICABLE SAFETY CODE REQUIREMENTS.
- ALL EXCAVATIONS BY THE CONTRACTOR SHALL CONFORM TO THE REQUIREMENTS OF THE DEPARTMENT OF LABOR'S OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION RULES AND REGULATIONS AND FLORIDA TRENCH SAFETY ACT.
- THE CONTRACTOR SHALL EXERCISE EXTREME CAUTION IN AREAS OF BURIED UTILITIES AND SHALL PROVIDE AT LEAST 48 HOURS NOTICE TO THE UTILITY COMPANIES PRIOR TO CONSTRUCTION TO OBTAIN FIELD LOCATIONS OF EXISTING UNDERGROUND UTILITIES. CALL SUNSHINE 811 BEFORE YOU DIG.
- IT SHALL BE THE SOLE RESPONSIBILITY OF THE CONTRACTOR TO COMPLY WITH AND ENFORCE ALL APPLICABLE SAFETY REGULATIONS. THE ABOVE INFORMATION HAS BEEN PROVIDED FOR THE CONTRACTOR'S INFORMATION ONLY AND DOES NOT IMPLY THAT THE OWNER OR ENGINEER WILL INSPECT AND/OR ENFORCE SAFETY REGULATIONS.

 ○ TREES TO BE REMOVED (TYP)

1. STORM ELEVATIONS PER SURVEY 06-30-2023
2. UTILITY LOCATIONS PER SURVEY 06-30-2023
AND SUE LEVEL-A 11-15-2023 AND 11-29-2023

1. THE INSTALLATION OF TEMPORARY EROSION CONTROL BARRIERS SHALL BE COORDINATED WITH THE CONSTRUCTION OF THE PERMANENT EROSION CONTROL FEATURES TO THE EXTENT NECESSARY TO ASSURE ECONOMICAL, EFFECTIVE AND CONTINUOUS CONTROL OF EROSION AND WATER POLLUTION THROUGHOUT THE LIFE OF THE CONSTRUCTION PHASE.
2. THE TYPE OF EROSION CONTROL BARRIERS USED SHALL BE GOVERNED BY THE NATURE OF THE CONSTRUCTION OPERATION AND SOIL TYPE THAT WILL BE EXPOSED. SILTY AND CLAYEY MATERIAL USUALLY REQUIRE SOLID SEDIMENT BARRIERS TO PREVENT TURBID WATER DISCHARGE, WHILE SANDY MATERIAL MAY NEED ONLY SILT SCREENS OR HAY BALES TO PREVENT EROSION. FLOATING TURBIDITY CURTAINS SHALL BE USED IN OPEN WATER SITUATIONS. DIVERSION DITCHES OR SWALES MAY BE REQUIRED TO PREVENT TURBID STORM WATER RUNOFF FROM BEING DISCHARGED TO WETLANDS OR OTHER WATER BODIES. IT MAY BE NECESSARY TO EMPLOY A COMBINATION OF BARRIERS, DITCHES AND OTHER EROSION/TURBIDITY CONTROL MEASURES IF CONDITIONS WARRANT.
3. THE CONTRACTOR SHALL SCHEDULE HIS OPERATIONS SUCH THAT THE AREA OF UNPROTECTED ERODIBLE EARTH EXPOSED AT ANY ONE TIME IS NOT LARGER THAN THE MINIMUM AREA NECESSARY FOR EFFICIENT CONSTRUCTION OPERATIONS, AND THE DURATION OF EXPOSURE, UNCOMPLETED CONSTRUCTION TO THE ELEMENTS SHALL BE AS SHORT AS PRACTICABLE. CLEARING AND GRUBBING SHALL BE SO SCHEDULED AND PERFORMED THAT GRADING OPERATIONS CAN FOLLOW IMMEDIATELY THEREAFTER, AND GRADING OPERATIONS SHALL BE SCHEDULED AND PERFORMED THAT PERMANENT EROSION CONTROL FEATURES CAN FOLLOW IMMEDIATELY THEREAFTER IF CONDITIONS ON THE PROJECT PERMIT.
4. THE CONTRACTOR AND/OR OWNER'S REPRESENTATIVE SHALL PROVIDE ROUTINE MAINTENANCE OF PERMANENT AND TEMPORARY EROSION CONTROL FEATURES UNTIL THE PROJECT IS COMPLETE AND ALL BARE SOILS ARE STABILIZED.
5. ALL GREEN AND/OR DISTURBED AREAS TO BE SODDED/RESODDED WITH LIKE SOD.
6. ANY SOD PLACED ON SLOPES EXCEEDING 3:1 TO BE ANCHORED BY STAKES, NETS, AND/OR ENGINEER'S APPROVED METHOD.
7. REQUIRED TREE BARRICADES AND EROSION CONTROL MUST REMAIN INTACT THROUGHOUT CONSTRUCTION. ENCROACHMENT INTO OR FAILURE TO MAINTAIN THESE BARRICADES WILL RESULT IN ENFORCEMENT ACTION WHICH MAY INCLUDE CITATIONS AND/OR PERMIT REVOCATION AS PROVIDED BY LOCAL JURISDICTION

1. CONTRACTOR SHALL INSTALL EROSION CONTROL DEVICES PRIOR TO ANY OTHER CONSTRUCTION ACTIVITIES. THE DEVICE SHALL BE INSTALLED IN THE LOCATIONS ON THE DRAWINGS AND ANYWHERE ELSE THERE IS A POTENTIAL FOR EROSION AS SEDIMENT TO EXIT THE WORK AREA.
2. CONTRACTOR SHALL INSPECT INSTALLED EROSION CONTROL DEVICE WEEKLY DURING CONSTRUCTION AND AFTER HEAVY RAINS FOR DAMAGE. MAINTENANCE SHALL INCLUDE CLEANING BUILT-UP SEDIMENT BEHIND THE BARRIERS AND/OR REPLACING DAMAGED SECTIONS.
3. THE EROSION CONTROL DEVICE SHALL BE MAINTAINED BY THE CONTRACTOR UNTIL A PERMANENT STAND OF GRASS (OR OTHER PERMANENT STABILIZATION) IS ESTABLISHED.

NTS

ALL TREE ROOTS EXISTING WITHIN APPROVED IMPROVEMENT AREAS AND ORIGINATING FROM A PROTECTED TREE, SHALL BE SEVERED CLEAN AT THE LIMITS OF THE PRESERVED AREA WHERE INDICATED ON APPROVED CONSTRUCTION PLANS. ROOT PRUNING EQUIPMENT SELECTED WILL BE EQUIVALENT TO A DOSKO ROOT CUTTER. CONTACT NATURAL RESOURCES AT (727) 367-2735 TO SCHEDULE A ROOT PRUNING INSPECTION, PREFERABLY THE SAME DAY, PRIOR TO BACKFILLING THE AFFECTED ROOTS.

PAVING & GRADING NOTES

- A.

ALL DELETERIOUS SUBSURFACE MATERIAL (I.E. MUCK, PEAT, BURIED DEBRIS) IS TO BE EXCAVATED IN ACCORDANCE WITH THESE PLANS OR AS DIRECTED BY THE OWNER, THE OWNER'S ENGINEER, OR OWNER'S SOIL TESTING COMPANY. DELETERIOUS MATERIAL IS TO BE STOCKPILED OR REMOVED FROM THE SITE AS DIRECTED BY THE OWNER. EXCAVATED AREAS TO BE BACK FILLED WITH APPROVED MATERIALS AND COMPACTED AS SHOWN ON THESE PLANS. CONTRACTOR IS RESPONSIBLE FOR ACQUIRING ANY PERMITS THAT ARE NECESSARY FOR REMOVING DELETERIOUS MATERIAL FROM THE SITE. ENGINEER SHALL BE NOTIFIED OF ANY MATERIAL ENCOUNTERED.

B.

THE CONTRACTOR SHALL NOT SOCK PILE ANY DEBRIS, AND SOIL NEAR THE PROTECTIVE WETLAND AREAS OR PROTECTED TREES. THE CONTRACTOR SHALL NOTIFY THE OWNER AND ENGINEER REGARDING THE TEMPORARY STOCKPILE LOCATIONS FOR APPROVAL.

C.

THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROTECTING TRENCH EXCAVATIONS AGAINST COLLAPSE AND SHALL PROVIDE BRACING, SHEETING OR SHORING AS NECESSARY. DEWATERING METHODS SHALL BE USED AS REQUIRED TO KEEP TRENCHES DRY WHILE PIPE AND APPURTENANCES ARE BEING PLACED.

D.

ALL NECESSARY FILL AND EMBANKMENT THAT IS PLACED DURING CONSTRUCTION SHALL CONSIST OF MATERIAL SPECIFIED BY THE OWNER'S SOIL TESTING COMPANY OR ENGINEER AND SHALL BE PLACED AND COMPACTED ACCORDING TO THESE PLANS OR THE REFERENCED SOILS REPORT. THE CONTRACTOR IS RESPONSIBLE FOR ENSURING THAT ALL CONSTRUCTION ACTIVITIES, WHICH INCLUDE BUT ARE NOT LIMITED TO EARTHWORK ACTIVITIES, SUB GRADE PREPARATION, ETC. CONFORM TO THE GEOTECHNICAL REPORT.

E.

THE CONTRACTOR SHALL NOTIFY THE OWNER AND ENGINEER OF RECORD IMMEDIATELY IF UNSUITABLE SOIL IS ENCOUNTERED DURING EXCAVATION. UNSUITABLE SOIL SHALL NOT BE USED ON-SITE WITHOUT WRITTEN CONSENT FROM THE OWNER AND ENGINEER OF RECORD.

F.

CONTRACTOR IS TO PROVIDE EROSION CONTROL AND SEDIMENTATION BARRIERS IN ACCORDANCE WITH THE APPROVED EROSION CONTROL PLAN. ADDITIONAL EFFORTS MAY BECOME NECESSARY AS A RESULT OF THE MEANS AND METHODS OF CONSTRUCTION IN ORDER TO PREVENT SILTATION OF ADJACENT PROPERTY, STREETS, STORM SEWERS AND WATERWAYS. IF, IN THE OPINION OF THE ENGINEER OR LOCAL AUTHORITIES, EXCESSIVE QUANTITIES OF EARTH ARE BEING TRANSPORTED OFF-SITE EITHER BY NATURAL DRAINAGE OR BY VEHICULAR TRAFFIC, THE CONTRACTOR IS TO REMOVE SAID EARTH TO THE SATISFACTION OF THE ENGINEER OF RECORD AND THE LOCAL AUTHORITIES.

G.

THE CONTRACTOR SHALL CONSTRUCT A TEMPORARY GRAVEL DRIVEWAY ENTRANCE IN ACCORDANCE WITH FDEP REQUIREMENTS FOR EROSION CONTROL AND IN ACCORDANCE WITH FDOT ROAD AND BRIDGE SPECIFICATION MANUAL. THE TEMPORARY CONSTRUCTION ENTRANCE SHALL BE NO LESS THAN 18'X 60'X 8" AND MAY BE LARGER DEPENDING ON THE AREA OF THE PROJECT, THE SIZE AND AMOUNT OF TRUCK TRAFFIC OR AS DIRECTED BY THE LOCAL GOVERNING AGENCY OR AS INDICATED ON THESE CONSTRUCTION PLANS OR THE APPROVED EROSION CONTROL PLAN.

H.

IF WIND EROSION BECOMES SIGNIFICANT DURING CONSTRUCTION, THE CONTRACTOR SHALL STABILIZE THE AFFECTED AREA USING WATER BY: WATER TANK TRUCK (SPRINKLING), IRRIGATION OR OTHER ACCEPTABLE MEANS OR METHODS.

I.

REFER TO EROSION CONTROL NOTES AND EROSION CONTROL FENCING DETAIL FOR ADDITIONAL INFORMATION.

J.

REFER TO THE LATEST EDITION OF F.D.O.T. DESIGN STANDARDS FOR ADDITIONAL DETAILS AND SPECIFICATIONS. ANY REFERENCE TO "FDOT", "FDOT INDEX" OR "STANDARD INDEX" INCLUDED IN THIS PLAN SET REFERS TO THIS MANUAL.

K.

ALL MATERIALS SHALL CONFORM TO FDOT STANDARDS

L.

PROPOSED SPOT ELEVATIONS REPRESENT FINISHED PAVEMENT OR GROUND SURFACE GRADE UNLESS OTHERWISE NOTED ON DRAWINGS.

M.

CONTRACTOR SHALL PROVIDE A SMOOTH PAVEMENT TRANSITION BY SAW CUTTING AND REMOVING EXISTING PAVEMENT, MILLING, TACK COATING SURFACE AND MATCHING THE EXISTING PAVEMENT AT LOCATIONS WHERE NEW PAVEMENT MEETS EXISTING PAVEMENT. TRANSITION SHALL NOT BE LESS THAN 36" OR AS OTHERWISE SHOWN ON THE CONSTRUCTION PLANS OR REQUIRED BY LOCAL AGENCY.

N.

THE CONTRACTOR IS RESPONSIBLE FOR COORDINATING APPLICABLE SOILS AND PAVEMENT BASE TESTING. CONTRACTOR SHALL REVIEW AND SUBMIT TESTING REPORTS TO OWNER'S ENGINEER ON A WEEKLY BASIS. TESTS WILL BE REQUIRED PURSUANT WITH THE TESTING SCHEDULE REQUIRED BY THE GOVERNMENTAL AGENCY HAVING JURISDICTION OVER THIS WORK. UPON THE COMPLETION OF THIS WORK THE GEOTECHNICAL ENGINEER WILL SUBMIT CERTIFICATIONS TO THE OWNER'S ENGINEER STATING THAT ALL REQUIREMENTS HAVE BEEN MET. CONTRACTOR IS RESPONSIBLE FOR IMMEDIATELY CORRECTING ANY DEFICIENCIES FOUND BY THE TESTING.

O.

A QUALIFIED TESTING LABORATORY SELECTED OR APPROVED BY THE OWNER SHALL PERFORM ALL TESTING NECESSARY TO ASSURE COMPLIANCE OF THE IN PLACE MATERIALS AS REQUIRED BY THESE PLANS, SPECIFICATIONS AND THE VARIOUS AGENCIES. SHOULD ANY RETESTING BE REQUIRED DUE TO THE FAILURE OF ANY TESTS TO MEET THE MINIMUM REQUIREMENTS, THE CONTRACTOR SHALL BEAR ALL COSTS OF SAID RETESTING.

P.

MIXING IN PLACE OF SOIL CEMENT WILL NOT BE ALLOWED.

Q.

CONTRACTOR SHALL FINISH ALL EXPOSED BACK OF CURB FOR SURFACE IMPERFECTION (PITTED HOLES OR CREVICES).

R.

COMPACTED SUB-GRADE SHALL BE MECHANICALLY MIXED FOR STABILIZATION TO THE SPECIFIED DEPTH PRIOR TO GRADING, COMPACTION AND TESTING.

S.

CONTRACTOR TO PROVIDE A 1/2" TO 1" WIDE BITUMINOUS EXPANSION JOINT MATERIAL BETWEEN ANY CONCRETE OR SIMILAR SURFACES POURED OR PLACED DURING SEPARATE OCCURRENCES. THE EXPANSION JOINT MATERIAL MUST MATCH THE HEIGHT OR DEPTH OF THE SIDEWALK OR PAVEMENT CROSS SECTION.

T.

AN APPROVED PAVEMENT SEALER SHALL BE USED AT ABUTMENT OF CONCRETE WITH OTHER RELATED MATERIALS (CURB, BRICK, BLOCK, ETC.) OR AS DIRECTED BY THE ENGINEER OF RECORD.

U.

THE CONTRACTOR WILL STABILIZE ALL DISTURBED GROUND BY SEEDING/MULCHING, SOD OR OTHER APPROVED MATERIALS. SODDING AREAS SHALL BE AS INDICATED ON THE CONSTRUCTION PLANS AND/OR SPECIFICATIONS OR AS DIRECTED BY OWNER DURING BIDDING PROCESS. REFER TO "SODDING NOTES" FOR ADDITIONAL DETAILS. ANY DISTURBED AREAS SHALL BE ADDRESSED WITHIN ONE WEEK (OR SOONER) FOLLOWING CONSTRUCTION OF THE UNDERLYING ACTIVITY. THE CONTRACTOR SHALL MAINTAIN SUCH AREAS BY REPAIRING AND WATERING SOD OR SEEDED AREAS UNTIL THE AREA IS STABLE AND EROSION FREE.

V.

LIMITS OF SOD WITHIN STORMWATER PONDS SHALL BE WATER LEVEL AT TIME OF SODDING OR 2-FOOT BELOW THE DESIGN SEASONAL HIGH WATER LEVEL (SHW) AS SHOWN ON THE PLANS, WHICHEVER IS LOWER.

W.

THE CONTRACTOR SHALL TAKE MEASURES TO PREVENT EROSION OF THE POND BANKS AND OTHER DISTURBED AREAS. ANY DAMAGE FROM FAILURE TO ADEQUATELY STABILIZE, PROTECT OR MAINTAIN THESE AREAS SHALL BE THE SOLE RESPONSIBILITY OF THE CONTRACTOR. NEITHER THE ENGINEER OF RECORD NOR THE OWNER ARE RESPONSIBLE FOR THE MEANS AND METHODS OF ADEQUATELY STABILIZING THE PROJECT.

X.

THE CONTRACTOR SHALL NOT ALTER THE EXISTING HISTORICAL DRAINAGE PATTERNS IN REGARDS TO THE EXISTING PAVING CROSS SECTIONS, SIDEWALKS AND GRASS SWALES ON OR ADJACENT TO THE PROJECT UNLESS OTHERWISE DEPICTED ON THE CONSTRUCTION PLANS.
- DRAINAGE NOTES
- A.

STANDARD INDEXES REFER TO THE LATEST EDITION OF FDOT "ROADWAY AND TRAFFIC DESIGN STANDARDS" aka "DESIGN STANDARDS" AND/OR "FDOT INDEX". REFER TO THIS MANUAL FOR ADDITIONAL DETAILS AND INFORMATION NOT SHOWN OR REFERENCED ON THESE PLANS.

B.

ALL STORM SEWER PIPE SHALL BE CLASS III (ASTM C-76) UNLESS OTHERWISE NOTED ON PLANS.

C.

ALL DRAINAGE STRUCTURES SHALL BE IN ACCORDANCE WITH FDOT INDEX UNLESS OTHERWISE NOTED ON PLANS. STRUCTURE BOTTOM SIZES SHALL BE ADJUSTED OR MODIFIED PER FDOT INDEX WHEN LARGER PIPES ARE INDICATED.

D.

STORM STRUCTURES MAY NOT INDICATE THE NEED FOR SPECIALTY SIZING (I.E. J BOTTOMS). IT IS THE CONTRACTOR AND PRE-CASTERS RESPONSIBILITY TO PROVIDE ADEQUATE STRUCTURES MEETING THE APPLICABLE REQUIREMENTS AND SHALL BE INCLUDED IN THE BID.

E.

ALTERNATIVE DRAINAGE PIPE MATERIALS AND SUBSTITUTIONS MUST BE LISTED AS A BID ALTERNATE MATERIAL DURING THE INITIAL BIDDING PHASE FOR CONSIDERATION. SUBSTITUTION OF PIPE MATERIALS DURING THE CONSTRUCTION PHASE IS NOT PERMISSIBLE WITHOUT SPECIFIC WRITTEN APPROVAL FROM THE ENGINEER OF RECORD AND OWNER. THE USE OF PLASTIC STORMWATER PIPE MATERIALS (PVC, HDPE, ETC) SHALL REQUIRE THE USE OF WATERTIGHT BOOTED CONNECTIONS AT ALL STORMWATER STRUCTURES. NO GROUTING OF STRUCTURE OPENINGS WILL BE PERMITTED WHEN USING FLEXIBLE PIPE MATERIALS.

F.

PIPE LENGTHS SHOWN ARE APPROXIMATE AND MEASURED TO CENTER OF DRAINAGE STRUCTURE WITH THE EXCEPTION OF MITERED END SECTION (MES) AND FLARED END SECTION (FES) WHICH ARE NOT INCLUDED IN LENGTHS. THE CONTRACTOR SHALL VERIFY ALL QUANTITIES AS SHOWN ON THE PLANS OR BID SCHEDULE (IF PROVIDED BY OWNER) PRIOR TO FINALIZING THEIR SUBMITTAL OF BIDS/PROPOSAL, AND INFORM THE ENGINEER OF ANY DISCREPANCIES.

G.

ALL STORM DRAINAGE PIPING SHALL BE SUBJECT TO A VISUAL INSPECTION BY THE OWNER'S ENGINEER OR ENGINEER'S REPRESENTATIVE PRIOR TO THE PLACEMENT OF BACK FILL.

H.

THE CONTRACTOR MUST PROVIDE CCTV VIDEO (IN DVD FORMAT) OF THE NEWLY CONSTRUCTED STORMWATER PIPELINE FOR REVIEW AND ACCEPTANCE. THE CONTRACTOR SHALL PROVIDE AT LEAST 48 HOURS NOTIFICATION TO THE ENGINEER AND TO THE APPLICABLE AGENCIES TO SCHEDULE INSPECTIONS. PRIOR TO SUBMITTING VIDEOS TO THE ENGINEER FOR REVIEW, THE CONTRACTOR SHALL REVIEW THE VIDEOS FIRST FOR DISCREPANCIES AND FOR COMPLETENESS TO MAKE SURE THAT ALL PIPELINE SECTIONS ARE INCLUDED.

I.

THE CONTRACTOR SHALL PROVIDE EROSION CONTROL TO MAINTAIN AND PROTECT THE STORM DRAINAGE SYSTEM FROM MUD, DIRT, DEBRIS, ETC. THE SYSTEM SHALL BE PROTECTED UNTIL THE ADJACENT LAND AREAS ARE DEEMED STABLE AND WRITTEN FINAL ACCEPTANCE OF THE PROJECT HAS BEEN PROVIDED. THE CONTRACTOR MAY BE REQUIRED TO PRESSURE CLEAN PIPES AND INLETS FOR THESE PURPOSES.

J.

ALL FDOT DITCH BOTTOM INLETS IN THE PROPOSED PAVEMENT AREAS AND WITHIN THE DESIGNATED EASEMENTS OR PUBLIC ROW SHALL BE MODIFIED FOR TRAFFIC BEARING WITH HOT DIPPED GALVANIZED STEEL GRATES AND METAL ANGLE FRAMES SUPPORT FOR GRATES. ANGLE FRAME SHALL BE PART OF THE PRECAST CONCRETE STRUCTURES, INDICATED ON THE SHOP DRAWINGS AND THE PRECAST SHALL BE ACCORDANCE WITH FDOT SPECIFICATIONS.

K.

ALL DRAINAGE STRUCTURE STEEL GRATES AND COVERS TO BE TRAFFIC RATED FOR A MINIMUM H-20 LOADING.

L.

ALL MITERED END SECTIONS FOR SIDE DRAIN PIPES AT DRIVEWAY ENTRANCES ON COUNTY OR FDOT ROADWAYS MUST BE CONSTRUCTED WITH A CONCRETE TOE FOUNDATION IN ACCORDANCE WITH FDOT INDEX 273.

M.

NO POND/LAKE EXCAVATION (FOR ANY PURPOSE) SHALL EXTEND BEYOND OR BELOW THE PERMITTED DESIGN DEPTHS/ELEVATIONS SHOWN ON THE DRAWINGS. NO LOWER SEMI-CONFINING UNIT CLAYEY MATERIALS AND NO WEATHERED LIMESTONE MATERIALS SHALL BE EXCAVATED, REGARDLESS IF THESE MATERIALS ARE ENCOUNTERED WITHIN THE PERMITTED EXCAVATION DEPTHS/ELEVATIONS SHOWN ON THE PLANS. TEMPORARY DEWATERING DITCHES OR SUMPS (FOR POND/LAKE EXCAVATION) SHALL NOT EXTEND BELOW THE PERMITTED DESIGN DEPTHS/ELEVATIONS SHOWN ON THE DRAWINGS. IF ANY LOWER SEMI-CONFINING UNIT CLAYEY MATERIALS OR WEATHERED LIMESTONE MATERIALS ARE ENCOUNTERED ABOVE THE PERMITTED EXCAVATION DEPTHS/ELEVATIONS, THEN EXCAVATION OPERATIONS IN THAT POND/LAKE AREA SHALL IMMEDIATELY CEASE IN THE GENERAL AREA, AND THE GEOTECHNICAL CONSULTANT AND ENGINEER OF RECORD SHALL BE NOTIFIED TO PROVIDE SUBSEQUENT EVALUATIONS / RECOMMENDATIONS, AS APPROPRIATE, WHICH SHALL BE IMPLEMENTED BY THE CONTRACTOR. EPC (OR FDEP) MUST BE CONTACTED PRIOR TO ANY EXCAVATION OF CLAYS OR EXCEEDING THE PERMITTED EXCAVATION DEPTH.

STRUCTURAL FILL UNDER SUBGRADE NOTES

1.

STRUCTURAL FILL UNDER SUBGRADE SHALL BE COMPACTED TO A UNIFORM DENSITY OF NO LESS THAN 98% OF THE MODIFIED PROCTOR MAXIMUM DRY DENSITY PER ASTM D-1557 IN LIFTS NOT EXCEEDING 12".

2.

IF EXISTING SUBGRADE CANNOT OBTAIN LBR 40, MIXING MAY BE REQUIRED.

3.

MODIFICATIONS TO THE PAVEMENT SECTION MUST BE APPROVED BY THE ENGINEER PRIOR TO CONSTRUCTION

4.

ASPHALT MIX DESIGN MUST MEET CURRENT FDOT ROAD AND BRIDGE SPECIFICATIONS

NOTES:

1. MILLING AND RESURFACING LIMITS: 3'-0" FOR RESIDENTIAL ROADWAYS; 25'-0" FOR ALL OTHER TYPES OF ROADWAYS. SHALL INCLUDE ENTIRE LANE WIDTH.

2. BACKFILL FOR TRENCH SHALL BE PLACED IN 8" COMPACTED LAYERS TO 100% OF MAXIMUM DENSITY AS DETERMINED BY AASHTO T-99. (EXCAVATABLE FLOWABLE FILL OPTION IS SUBJECT TO COUNTY ENGINEER'S APPROVAL). TEST REPORTS ARE REQUIRED AND SHALL BE SUBMITTED TO PINELLAS COUNTY.

3. BASE MATERIAL SHALL BE LIME ROCK OR CRUSHED CONCRETE (MIN. LBR 100) AND SHALL BE PLACED IN 6" COMPACTED LAYERS TO 95% OF MAXIMUM DENSITY AS DETERMINED BY AASHTO T-180 (MODIFIED) (TEST REPORTS ARE REQUIRED AND SHALL BE SUBMITTED TO PINELLAS COUNTY).

4. AS AN ALTERNATIVE TO COMPACTED BASE AND IN KEY AREAS, FULL-LIFT ASPHALTIC CONCRETE, FINE TRAFFIC LEVEL C TYPES SP-9.5 OR 12.5, SHALL BE PLACED IN 8" COMPACTED LAYERS WITH A MINIMUM THICKNESS EQUAL TO THE EXISTING BASE (6" MIN.).

5. ASPHALTIC CONCRETE PAVEMENT JOINTS SHALL BE SAW-CUT AND ALL SURFACES TACK COATED.

6. ASPHALT SURFACE SHALL BE CONSISTENT WITH EXISTING GRADE, IN ACCORDANCE WITH PINELLAS COUNTY SPECIFICATIONS. THE FOLLOWING ROADWAY CLASSIFICATION TYPE/THICKNESS ARE REQUIRED: ARTERIAL-5" MIN. TYPE SP-12.5 FINE TRAFFIC LEVEL "C", COLLECTOR-2" MIN. TYPE SP-12.5 FINE TRAFFIC LEVEL "C", RESIDENTIAL-1/2" MIN. TYPE SP-9.5 TRAFFIC LEVEL "C" (TEST REPORTS ARE REQUIRED AND SHALL BE SUBMITTED TO PINELLAS COUNTY).

7. OVERLAY OF CONSTRUCTION SCARS TO PAVEMENT AND TRENCH SHALL BE REQUIRED AS DIRECTED BY THE COUNTY ENGINEER.

8. EXCAVATION SHALL COMPLY WITH THE TRENCH SAFETY ACT REQUIREMENTS.

9. INSTALL DEW COMPACTABLE MATERIAL AROUND THE PIPE.

10. ALL MATERIAL, WORK AND TESTING SHALL MEET PINELLAS COUNTY STANDARD SPECIFICATIONS.

11. CONTRACTOR SHALL RESTORE PAVEMENT TO MATCH THE GRADES THAT EXISTED PRIOR TO CONSTRUCTION. ANY ADDITIONAL SURVEY NECESSARY TO ENSURE THAT THIS REQUIREMENT IS MET SHALL BE PERFORMED AT THE CONTRACTOR'S EXPENSE.

GENERAL NOTES

- U-TYPE CONCRETE ENDWALL ENERGY DISSIPATOR IS TO BE CONSTRUCTED PER STANDARD PLANS 430-012 EXCEPT AS MODIFIED BY THESE PLANS.
- CHAMFER ALL EXPOSED EDGES 3/4".
- CONCRETE SHALL BE CLASS IV, EXCEPT ASTM C478 (4000 PSI) CONCRETE MAY BE SUBSTITUTED FOR PRECAST ITEMS MANUFACTURED IN PLANTS MEETING THE REQUIREMENTS OF SECTION 449 OF THE SPECIFICATIONS.
- REINFORCING STEEL SHALL HAVE 3" MIN. COVER.
- ENDWALL TO BE PAID FOR UNDER THE CONTRACT UNIT PRICE FOR CLASS IV CONCRETE (ENDWALLS), CY AND REINFORCING STEEL (ROADWAY), LB. RIPRAP TO BE PAID FOR UNDER THE CONTRACT UNIT PRICE FOR RUBBLE RIPRAP (BANK & SHORE), CY. COST OF PLASTIC FILTER FABRIC TO BE INCLUDED IN THE CONTRACT UNIT PRICE FOR RIPRAP.
- ALL BOLLARDS ARE 6" DIAMETER GROUT FILLED SCH 40 PVC PIPE WITH 8" EDGE TO EDGE SPACING.
- BOLLARDS TO EXTEND 24" BELOW EXISTING GRADE.
- THE STRUCTURE SHALL BE PLACED IN THE DRY. EXCAVATE TO FIRM SOIL AND BACKFILL AS NEEDED WITH NO. 57 STONE.
- ALL JOINTS AROUND EACH EXISTING OUTFALL PIPE OPENING SHOULD BE SEALED WITH A NON-SHRINK GROUT COMPOUND.
- THE SOLID COMPOSITE PILING SHALL BE MANUFACTURED WITH HDPE AND REINFORCED WITH FIBERGLASS ELEMENTS. PILING SHALL BE MOLDED IN ONE PIECE PER SPECIFIED SIZE IN THE PLANS. ALL MATERIALS WILL HAVE UV ADDITIVES TO PREVENT THE DETERIORATION OF THE PILING FROM EXPOSURE TO UV LIGHT. HDPE WILL BE MADE UP OF RECYCLED MATERIAL; BOTH POST INDUSTRIAL AND POST CONSUMER, EXCLUDING ADDITIVES AND COLORANTS. THE PILING WILL NOT ROT, SPLIT, CRACK, OR SPLINTER FOR A MINIMUM OF 50 YEARS. FINISHED PILINGS SHALL BE RESISTANT TO TERMITES, MARINE BORERS, SALT SPRAY, OIL, AND FUNGUS.

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

Title of Agreement

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and (Vendor Name Here). (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Standard Form Addendum. The attached Standard Form Addendum, which contains all the Florida Statutorily required provisions applicable to this Agreement, is attached hereto as Exhibit "A" and its provisions modify and supplement this Agreement.
3. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:
 - a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit "B") in the amount of \$().
 - b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
 - c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the

exception of changes caused by inclement weather.

- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.
 - e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptancy by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.

8. Warranties.
- a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective.
 - b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 12 months of the agreement.
10. Term. [This Agreement will remain in effect for a period of (3) three years with (2) two, (1) one year extensions from the Effective Date.]
11. Effective date. The “Effective Date” of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
- a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in

accordance with the payment schedule provided in the attached proposal, City shall pay Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.

16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additionally named insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, such sum being specifically found by Contractor to be sufficient consideration for this indemnification, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages

compensation or benefits payable by or for the Contractor or any subcontractor under Workers' Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved, and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity."

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor's funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified

public accountant selected by the City. The Contractor must allow the City to inspect, examine and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Standard Form Addendum (Exhibit “A”)
- b. Request for Bid (Exhibit “B”)
- c. Vendor Proposal (Exhibit C)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

As to Contractor:

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney’s fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of

counterparts, each of which so executed and delivered shall be deemed to be an original and all of which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the Section 15 of the Standard Form Addendum, Exhibit "A", and that the facts stated in it are true.

CITY OF ST. PETE BEACH, FLORIDA
STANDARD CONTRACT ADDENDUM

THIS STANDARD CONTRACT ADDENDUM is made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth certain mandatory limitations on indemnification and liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed,

renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

Amber LaRowe

City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance Indemnification. Contractor agrees to indemnify and hold the City harmless against any and all claims, damage awards, and causes of action arising from the contractor's failure to comply with the public records disclosure requirements of Section 119.07(1), Florida Statutes, or by contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorneys' fees and costs arising therefrom. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of this section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status

of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. Contractor hereby certifies that Contractor is not listed on any of the following: (i) the Scrutinized Companies that Boycott Israel List, (ii) Scrutinized Companies with Activities in Sudan List, or (iii) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". CONTRACTOR shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under

[section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause.”

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties’ actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys’ Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys’ fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor’s social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor’s social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

“Coercion” means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably

assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;

4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

5. Causing or threatening to cause financial harm to any person;

6. Enticing or luring any person by fraud or deceit; or

7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

A. None.

II. CONTRACTOR'S BID SUBMITTAL

The company that is submitting a bid declares that it has extensive experience in 36th Avenue Roadway and Stormwater Repair.

The undersigned, as Bidder, hereby declares that the only person or persons interested in the Bid as principal or principals are named herein, and that no person other than herein mentioned has any interest in the Bid or in the Agreement to be entered into; that this Bid or Agreement is made without connection with any other person, company, or parties making a Bid; and that it is in all respects fair and in good faith without collusion or fraud.

The Bidder further declares that they have examined the site of the work and informed themselves fully in regard to all conditions pertaining to the place where the work is to be done; that they have examined the Plans and Specifications for the work and Contract Documents relative thereto, and have read all special provisions furnished prior to the opening of bids; and that they have satisfied themselves relative to the materials to be supplied and work to be performed.

The Bidder proposes and agrees, if the Bid is accepted, to contract with the City of St. Pete Beach, Florida, in the form of an Agreement specified for "**36th Avenue Roadway and Stormwater Repair.**" in St. Pete Beach, Florida, in full and complete accordance with the shown, noted, described, and reasonably intended requirements of the Plans, Specifications, and Contract Documents, to the full and entire satisfaction of the City of St. Pete Beach, Florida.

The successful bidder shall be required to utilize the template Agreement in this Request for Bids (RFB) and any questions regarding the Agreement must be addressed during the RFB process before submittal. The City reserves the right to respond or not respond to questions in the form of an addendum.

The Bidder proposes to furnish all materials, equipment, labor, and perform the work submitted in their bid schedule for the City of St. Pete Beach "**36th Avenue Roadway and Stormwater Repair.**".

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV - OFFICERS: Section 12. Power of Attorney.

Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII - Execution of Contracts: Section 5. Surety Bonds and Undertakings.

Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation - The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Nathan J. Zangerle, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization - By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 30 day of July, 2025.

By: Renee C. Llewellyn
Renee C. Llewellyn, Assistant Secretary

Re: Letter of Bondability for Harris-McBurney Company

To Whom It May Concern:

Please be advised that we are the surety bond agents for Harris-McBurney Company. As such, we have enjoyed an excellent relationship with this firm as they have completed all contractual obligations in an acceptable fashion and have taken care of all pay obligations in a timely manner.

We have established a bond line for Harris-McBurney Company in the amount of \$15,000,000.00 per single project with a \$30,000,000.00 aggregate limit. This program is in place through The Ohio Casualty Insurance Company rated "A" (Class XV) by A.M. Best and appears on the U.S. Treasury Circular 570 of approved sureties.

We don't hesitate to recommend this fine company to you. If you should have any further questions, please don't hesitate to contact me.

Sincerely,
ProSure Group

David B. Shick

ADDENDUM 3

36th Avenue Roadway and Stormwater Repairs

Issued 07/24/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 07/30/2025, via Bonfire or DemandStar, at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answers and Revised Bid Form

1. The plans indicate a proposed seawall. There are no details for a proposed seawall. Please provide information on the proposed seawall. – The proposed seawall and end wall will be constructed by others as a separate Request for Bid, although they will have to be constructed together. The PM for the City will work with each vendor to coordinate.
2. There is no pay item for the proposed seawall. Where do we include these costs? Will a pay item(s) be added? – See answer to #1 above.
3. The U-Endwall detail on Sheet C-11 does not have a structure number and there is no associated pay item. Where do we include these costs? Will a pay item be added? – See answer to #1 above.
4. There are solid composite piles indicated in the U-Endwall detail on Sheet C-11. Where do we include these costs? Will a pay item be added? – See answer to #1 above.
5. There appears to be a new handicap ramp with detectable domes. Where do we include the cost for the detectable domes? Will a pay item be added? – See revised bid form.
6. How will Pay Item No. 1.03, Const. Stakeout/Record Survey, be measured? Does it make more sense to be a lump sum (LS) pay item? – See revised bid form.

VI. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO § 287.133 (3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: Gerry L Gilbert , President

(Print individual's name and title)

for: Harris-McBurney Company

(Print name of entity submitting sworn statement)

at: 2120 North US HWY 301, Tampa, FL 33619

(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

38-2278214

(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

Not Applicable

(SSN)

by the individual signing this sworn statement:

President

(Signature)

2. I understand that a "public entity crime" as defined in § 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in § 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in § 287.133 (1)(a), Fla. Stat., means:
- A predecessor or successor of a person convicted of a public entity crime or
 - An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who

knowingly enters into a joint venture with a person who has been convicted of a public crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

VII. NON-COLLUSION AFFADAVIT

STATE OF Florida
COUNTY OF Hillsborough

I state that I Gerry L Gilbert, President of Harris-McBurney Company,
(Name and Title) (Name of Firm)

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. Harris-McBurney Company, its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material and important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

EXHIBIT “D”

Public Assistance Grant Supplement

Public Assistance Grant Supplement

1. Applicability of this Exhibit; Conflicts.

- a. This Exhibit shall be fully incorporated into and made a part of the Agreement, as if the terms contained in this Exhibit were fully re-stated within the Agreement itself.
- b. This Exhibit shall apply: (a) in addition to anything contained in the Contract Documents; and (b) notwithstanding anything contained in the Contract Documents to the contrary. No other provision of the Contract Documents shall serve to limit or restrict the obligations imposed upon the parties in this Exhibit.
- c. In the event of a conflict between anything contained in this Exhibit and anything contained elsewhere in the Contract Documents, this Exhibit shall control and take precedence.
- d. Contractor's agreement to the terms contained in this Exhibit is a material inducement for Contractor to enter into the Agreement.
- e. If this Exhibit is attached to a Purchase Order, the term "Agreement" as used herein shall mean and refer to such Purchase Order to which this Exhibit is attached, and the term "Contract Documents" shall refer to all documents attached to and made a part of such Purchase Order.

2. Defined terms.

- a. For purposes of this Exhibit, the following definitions shall apply, in addition to any terms defined elsewhere in the Contract Documents:
 - i. The terms "recipient" and "non-Federal entity," and the term "applicant" as used in Section 3(a)(8) herein, shall have the same meaning as the term "Owner" as used in the Agreement;
 - ii. The term "contract" as used herein shall have the same meaning as the term "Contract" as used in the Agreement; and
 - iii. The term "contractor" or "prime contractor" as used herein shall have the same meaning as the term "Contractor" as used in the Agreement.
 - iv. The term "internal controls" means a process, implemented by a non-Federal entity, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (a) Effectiveness and efficiency of operations; (b) Reliability of reporting for internal and external used; and (c) Compliance with applicable laws and regulations. 2 CFR §200.61
 - v. The term "supplies" means all tangible personal property other than those described in 2 CFR §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the

non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 CFR §200.94

- vi. The term “disallowed costs” means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award. 2 CFR §200.31
- vii. The term “equipment” means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. 2 CFR §200.33

3. Equal Employment Opportunity (41 C.F.R. Part 60-1.4(b)).

a. During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (a) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors

violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

- (b) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148)

The Contractor agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act, as amended; the provisions of contract work hours; the Safety Standards Act; the Copeland "Anti-Kickback" Act (40 U.S.C. 276, 327-333); and all other applicable federal, state, and local laws and regulations pertaining to labor standards insofar as such acts apply to the performance of this Agreement. The Contractor shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the County for review upon request.

5. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred thousand dollars (\$100,000.00):

Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708).

Contractors engaged in contracts in excess of Two Thousand and 00/100 Dollars (\$2,000.00) shall comply with Federal requirements of the United States Department of Labor under 29 C. F. R., Parts 1, 3, 5, 6, and 7. All Contractors will comply with the following:

a. Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in 29 C.F.R. § 5.5(b)(1) the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in 29 C.F.R. § 5.5(b)(1), in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in 29 C.F.R. § 5.5(b)(1).

(3) *Withholding for unpaid wages and liquidated damages.* The Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in 29 C.F.R. § 5.5(b)(2).

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4) and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4).

6. Procurement of Recovered Materials (2 C.F.R. § 200.322)

The Contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

7. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred fifty thousand dollars (\$150,000.00):

Clean Air Act and the Federal Water Pollution Control Act (42 U.S.C. §§ 7401-7671q and 33 U.S.C. §§ 1251-1387).

a. Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal awarding agency and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

4. Section 3 Clause

A. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are Subrecipients of HUD assistance for housing.

B. The Parties to this contract agree to comply with HUD's regulations in 24 C.F.R. part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The Contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section

3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The Contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. part 135. The Contractor will not subcontract with any subcontractor where the Contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. part 135.

E. The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's obligations under 24 C.F.R. part 135.

F. Noncompliance with HUD's regulations in 24 C.F.R. part 135 may result in sanctions, termination of this contract for default and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with Section 3 covered Indian housing assistance, Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. § 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

b. Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

8. Debarment and Suspension

a. Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with Executive Orders 12549 and 12689, and 2 C.F.R. pt. 180, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by Owner. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to Owner, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

9. Lobbying Prohibition

- a. No funds or other resources received under this Agreement may be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.
- b. Required Certification. Contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in

connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Signature of Contractor's Authorized Official

Name and Title of Contractor's Authorized Official

Date

10. Hatch Act

The Contractor agrees that no funds provided, nor personnel employed under the Agreement, shall be in any way or any extent engaged in the conduct of political activities I violation of Chapter 15 of Title V of the U.S.C.

11. Conflict of Interest

The Contractor shall abide by the provisions of 24 C.F.R., 570.611 and 2 C.F.R., 200.112. The Contractor shall maintain no present or future financial interest, direct or indirect, which would

conflict in any manner or degree with the performance of services required under this Agreement as indicated in 2 C.F.R., 200.318.

12. Religious Activities

The Contractor agrees that funds provided will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization, in accordance with the Federal regulations specified in 24 C.F.R., 570.200(j).

13. Access to Records

- a. Access to Records. The following access to records requirements apply to this contract:

(1) The Contractor, including all of its employees or agents, contractors, subcontractors and consultants to be paid from funds provided under this Agreement, agrees to provide the Department of Economic Opportunity (DEO), the Chief Financial Officer of the State of Florida, The Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or representatives of the Federal government or their duly authorized representatives, the Florida Division of Emergency Management, Owner, Pasco County, Florida, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions at reasonable times. "Reasonable" shall ordinarily mean during normal business hours of 8 a.m. to 5 p.m., local time, Monday through Friday.

(2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

(3) The Contractor agrees to provide Pasco County, Florida or its authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

(4) In compliance with the Disaster Recovery Act of 2018, the Owner and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by Pasco County, Florida or the Comptroller General of the United States.

(5) The Contractor shall include the aforementioned recordkeeping requirements in all approved contracts, subcontracts, and assignments.

14. Bonding Requirements

The Contractor agrees that related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 and Appendix 11; and if the contract is for construction or facility improvement it must also include the Federal bonding requirements 2 C.F.R. § 200.325.

15. Employment Eligibility Verification

- a. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires DEO contracts in excess of nominal value to expressly require the Contractor to:
 - i. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Subrecipient during the Agreement term; and,
 - ii. Include in all contracts under this Agreement the requirement that contractors, subcontractors, and consultants performing work or providing services pursuant to this Agreement use the E-Verify system to verify the employment eligibility of all new employees hired by the contractors, subcontractors, and consultants during the term of the contract.
- b. The Department of Homeland Security's E-Verify system can be found at: <http://www.uscis.gov/e-verify>
- c. If the Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Agreement.

16. DHS Seal, Logo, and Flags

The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific Pasco County, Florida pre-approval.

17. Compliance with Federal Law, Regulations, and Executive Orders

- a. This is an acknowledgement that Pasco County, Florida financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, Pasco County, Florida policies, procedures, and directives.

18. No Obligation by Federal Government

- a. The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

19. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

20. Procurement By Non-Competitive Proposals

- a. Policy:
 - i. It is the policy of BayCare Health System Inc. to follow the Uniform Federal Guidance 2 CFR 200.320 in regard to procurement by noncompetitive proposals (Sole Source Purchasing). Procurement by noncompetitive proposals is

procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source
 - (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
 - (3) The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity
 - (4) After solicitation of several sources, competition is determined inadequate.
- ii. The procurement must be necessary for the program, project, research or other circumstance supported by the grant; not reasonably available and accessible of the type normally charged as a direct cost to existing sponsored agreements and purchased in accordance with other Institutional policies and procedures.

21. In the Event of a Non-Emergent Procurement the PD/PI Should Complete:

- a. **Cost Price Analysis Form** which includes contractor's total cost proposal or price to determine which are allowable, show their direct relation to the requirements and, reasonableness; and complete the related BayCare **Cost Analysis Worksheet** to support the proposed budget or quotation outlined in the Cost Price Analysis Form. Completion of these forms by the originating department will document that a Cost Analysis has been conducted.
- b. If no additional vendors were available to conduct a comparison against using the Cost Price Analysis Form, please also complete and attach the **Sole Source Justification Form**.
- c. **Responsible Contractor Form**: to document that any contractors have been reviewed and approved for their compliance with Uniform Guidance, Title 2, Subtitle A, Chapter II, Part 200, Subpart D, §200.318, section H.
- d. In addition, related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 & Appendix 11; and if the contract is for construction or facility improvement also include the Federal bonding requirements 2 C.F.R. § 200.325.

22. Build America Buy America Act (BABA)

- a. The Contractor shall comply with the requirements under the Build America, Buy America Act when using Federal funds for the purchase of iron, steel, manufactured products, and construction materials permanently incorporated into infrastructure projects as applicable pursuant to the Build America, Buy America Act. All iron, steel, manufactured products

and construction materials used under a federally grant funded project must be produced in the United States as applicable pursuant BABA. The requirements of this section must be included in all sub-awards including all contracts and purchase orders for work or products under this award.

- b. For purposes of this section:
 - i. “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - ii. “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

23. Contracting with Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms. 2 C.F.R. § 200.321

- a. Contractors will take all necessary affirmative steps to assure that minority business, women's business enterprises, and labor surplus area firms are used when possible.
- b. Affirmative steps must include:
 - i. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - ii. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - iii. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
 - iv. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
 - v. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
 - vi. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (i) through (v) of this section.

24. Compliance with Copeland “Anti-Kickback”

- a. Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as appropriate instructions may require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

25. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment.
2 C.F.R. § 200.216

- a. Under this Agreement, grant funds will not be obligated or expended to:
 - (1) Procure or obtain;
 - (2) Extend or renew a contract to procure or obtain; or
 - (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - A. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - B. Telecommunications or video surveillance services provided by such entities or using such equipment.
 - C. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.
 - (4) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
 - (5) For more information, See 2 C.F.R. § 200.471.

26. Historic Artifact Discovery

If prehistoric or historic artifacts, such as pottery or ceramics, projectile points, dugout canoes, metal implements, historic building materials, or any other physical remains that could be associated with Native American, early European, or American settlement are encountered at any time within the project site area, the permitted project shall cease all activities involving subsurface disturbance in the vicinity of the discovery. The applicant shall contact the Florida Department of State, Division of Historical Resources, Compliance Review Section at (850)-245-6333. Project activities shall not resume without verbal and/or written authorization. In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately, and the proper authorities notified in accordance with Section 872.05, Florida Statutes.

The terms in this Exhibit are hereby agreed upon by the Contractor as of this 31st day of
July _____, 2025.

Signed: _____

**CITY COMMISSION MEETING
CITY OF ST. PETE BEACH
COMMISSION CHAMBERS**

Agenda Report

Agenda Title Name: Authorize the City Manager to execute a Services Agreement with KM2H, LLC for the 36th Avenue Seawall Repair capital improvement project in the amount of \$373,290.50

Action Request: Motion to authorize the City Manager to execute a Services Agreement with KM2H, LLC for the 36th Avenue Seawall Repair capital improvement project in the amount of \$373,290.50.

Strategic Objective: Reliable Infrastructure

Date: September 22, 2025

Prepared By: Camden Mills, Public Services Director

Through: Frances Robustelli, City Manager

Summary of Issue: The City publicly advertised a Request for Bid (RFB) for qualified, licensed marine contractors with the expertise and capabilities to replace the existing seawall at the eastern terminus of 36th Avenue and East Maritana Drive. Two responsive sealed bids were received on July 10, 2025. KM2H, LLC was determined to be the lowest responsive and responsible bidder meeting all City qualification requirements.

The 36th Avenue project was ranked priority #4 in the FY 2025 capital improvement plan.

The contract provides all labor, materials, equipment, and skills necessary to complete the seawall replacement portion of the project. An accompanying agenda report is included for the roadway and stormwater portion of the project.

Funding: GL 250-5650 Resiliency Capital Improvements (\$373,290.50). The bid received is within budgeted funds and includes 10% contingency.

Attachments: 1. Services Agreement - Seawall

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

36th Avenue Seawall Repair

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and KM2H, LLC.. (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Standard Form Addendum. The attached Standard Form Addendum, which contains all the Florida Statutorily required provisions applicable to this Agreement, is attached hereto as Exhibit "A" and its provisions modify and supplement this Agreement.
3. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:
 - a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit "B") in the amount of **\$373,290.50**.
 - b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
 - c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the exception of changes caused by inclement weather.

- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.
 - e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.

8. Warranties.
- a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective.
 - b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 6 months of the agreement.
10. Term. This Agreement will remain in effect for a period of (6) Months. from the Effective Date.
11. Effective date. The “Effective Date” of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
- a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in accordance with the payment schedule provided in the attached proposal, City shall pay

Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.

16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additionally named insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, such sum being specifically found by Contractor to be sufficient consideration for this indemnification, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages compensation or benefits payable by or for the Contractor or any subcontractor under Workers'

Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved, and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity."

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor's funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified public accountant selected by the City. The Contractor must allow the City to inspect, examine

and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Standard Form Addendum (Exhibit "A")
- b. Request for Bid (Exhibit "B")
- c. Vendor Proposal (Exhibit C)
- d. FEMA Addendum (Exhibit D)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

As to Contractor:

KM2H, LLC.
1224 Blackrush Dr.
Tarpon Springs, FL 34689

As to City:

City Manager
City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney's fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of

counterparts, each of which so executed and delivered shall be deemed to be an original and all of which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the Section 15 of the Standard Form Addendum, Exhibit "A", and that the facts stated in it are true.

CITY OF ST. PETE BEACH, FLORIDA
STANDARD CONTRACT ADDENDUM

THIS ADDENDUM modifies that certain contract for services made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the

nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

City Clerk/Public Records Custodian

cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of the previous section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Breach during Emergency Recovery Period. Pursuant to Sec. 252.505, Fla. Stat., if vendor breaches this agreement during an emergency recovery period (1-year period beginning upon Governor's initial declaration of a natural emergency) Contractor shall pay a \$5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages.

19. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

II. CONTRACTOR'S BID SUBMITTAL

The company that is submitting a bid declares that it has extensive experience in Seawall Repair.

The undersigned, as Bidder, hereby declares that the only person or persons interested in the Bid as principal or principals are named herein, and that no person other than herein mentioned has any interest in the Bid or in the Agreement to be entered into; that this Bid or Agreement is made without connection with any other person, company, or parties making a Bid; and that it is in all respects fair and in good faith without collusion or fraud.

The Bidder further declares that they have examined the site of the work and informed themselves fully in regard to all conditions pertaining to the place where the work is to be done; that they have examined the Plans and Specifications for the work and Contract Documents relative thereto, and have read all special provisions furnished prior to the opening of bids; and that they have satisfied themselves relative to the materials to be supplied and work to be performed.

The Bidder proposes and agrees, if the Bid is accepted, to contract with the City of St. Pete Beach, Florida, in the form of an Agreement specified for **"36th Avenue Seawall Repair"** in St. Pete Beach, Florida, in full and complete accordance with the shown, noted, described, and reasonably intended requirements of the Plans, Specifications, and Contract Documents, to the full and entire satisfaction of the City of St. Pete Beach, Florida.

The successful bidder shall be required to utilize the template Agreement in this Request for Bids (RFB) and any questions regarding the Agreement must be addressed during the RFB process before submittal. The City reserves the right to respond or not respond to questions in the form of an addendum.

The Bidder proposes to furnish all materials, equipment, labor, and perform the work submitted in their bid schedule for the City of St. Pete Beach **"36th Avenue Seawall Repair"**.

IV. GENERAL CONTRACT TERMS

REQUEST FOR BID

The City of St. Pete Beach is submitting this RFB for the purpose of soliciting bids from qualified, licensed contractors with the expertise and capabilities to repair the existing **36th Avenue Seawall**. Contractor to provide all labor, materials, equipment, and skills necessary to complete the 36th Avenue eastern terminus seawall repair in accordance with the design plans and specifications. Scope of work includes seawall construction.

LOCATIONS

The City of St. Pete Beach is soliciting bids from qualified Contractors for the **36th Avenue Seawall**.

BID SUBMITTALS

Bid documents must include a signed/notarized Contractor's Bid Submittal (Page 3), Fee Schedule, References, Contractor's license and insurance certificates, and Public Entity Criminal Affidavit. The Contractor shall submit one electronic bid via Bonfire or DemandStar. If a link is needed to either, please contact the City Procurement Manager at jtaylor@stpetebeach.org.

BIDDER INFORMATION

All Contractors must contact the City's Procurement Manager, in writing via e-mail (jtaylor@stpetebeach.org), with their intention to bid, along with their company name and contact information at least five (5) business days before the bid package is due. The City is not responsible for any Addendums or other supplementary information that is not received due to non-submittal of the aforementioned information. Please refer back to the city website (<http://www.stpetebeach.org/news-and-links/city-projects.html>) for additional project information as it becomes available. The City reserves the right to decide whether to answer addendums or not. The City is not required to provide any additional information.

MANDATORY PRE-BID MEETING

A **MANDATORY** pre-bid meeting will be held on **06/18/2025 at 11:00 AM EST** Via TEAMS Call. Please contact the City's Procurement Manager (jtaylor@stpetebeach.org) for a meeting invitation and link to the Pre-bid Meeting.

WRITTEN REQUESTS FOR INTERPRETATIONS/CLARIFICATIONS

No oral interpretations will be made to any firms as to the meaning of the scope of work or any other contract documents included in this **RFB**. All questions pertaining to the terms and conditions or scope of work of this Request for Bid (**RFB**) must be sent in writing (e-mail is acceptable) to the City Procurement Manager and shall be received no later than **10:00 EST on 07/02/2025**. Responses to questions may be handled as an Addendum if the response would provide clarification to the requirements of the **RFB**. All such Addenda shall become a part of the contract documents. The City will not be responsible for any other explanation or interpretation of the proposed **RFB** made or given prior to the award of the contract. The City will not respond to questions received after the specified deadline. The City reserves the right to respond to any and all questions but is not required to do so.

BID PACKAGES

Sealed bids will be accepted by the City until **7/10/2025 at 9:00 AM EST** (Deadline). No bids shall be accepted by the City after this deadline – **NO EXCEPTIONS**. Bid Packages must be electronically submitted via Bonfire or DemandStar. If a link is needed for either site, please contact the Procurement Manager @ jtaylor@stpetebeach.org. All Bidders are invited to attend this bid opening.

Clearly marked as: “**36th Avenue Seawall Repair**”

SCOPE OF WORK

Contractor to provide all labor, materials, equipment, and skills necessary to complete the 36th Avenue eastern terminus seawall repair in accordance with the design plans and specifications. Scope of work includes roadway, storm drainage, and seawall construction.

DETAILED SPECIFICATIONS

Contractor to provide all labor, materials, equipment, and skills necessary to complete the 36th Avenue eastern terminus seawall repair in accordance with the design plans and specifications. Scope of work includes seawall construction.

Standard work hours shall be from 7:30 AM until 6:00 PM, Monday through Saturday. No work shall take place on Sundays or on official City holidays without prior approval by the City Manager or designee at least 1 week prior to the scheduled work. A list of current official City holidays can be found on the City's Human Resources website at <http://www.stpetebeach.org/hr/holidays.html>. Contractor will coordinate scheduling of work with the City's Project Manager and City's Inspector. |

ADDITIONAL WORK DETAILS

Contractors or people wishing to bid on this project are licensed, bondable and insured in accordance to the City's requirements. The Contractor will furnish all necessary labor, materials, tools, equipment and supplies to complete the scope of work. Bid must also include all costs for licenses, permits and any material disposal fees.

Bidders shall bring questions, discrepancies, omissions, conflicts, or doubt as to meaning of any part of Contract Documents to the attention of the City of St Pete Beach Public Works Department at least ten (10) business days before bid submittal deadline. Clarification of intent of Contract Documents, if necessary, shall be made available to bidders in the form of an Addendum. Failure to request clarification of interpretation of Contract Documents shall not relieve bidders of their responsibilities to perform the work.

The City of St. Pete Beach reserves the right to reject any or all bids or parts of bids, or accept any bid or part thereof deemed to be in the best interests to the City of St. Pete Beach.

STATEMENT OF WORK

The Contractor shall furnish and pay the cost, including sales tax and all other applicable taxes, licenses, permits and fees, of all the necessary materials not furnished by the City and shall furnish and pay for all the superintendence, labor, tools, equipment, transportation, and perform all the work required for the execution of all services listed in the Bidder's Proposal and Bid Form attached hereto and in strict accordance with the Plans, Specifications, and requirements of the City of St. Pete Beach which are attached hereto and made a part hereof, and any amendments thereto and such supplemental Plans and Specifications which may hereafter be approved.

BEGINNING DATE

The Contractor is expected to be available to start immediately following contract execution.

COMPLETION OF WORK

The work will be completed and ready for final inspection within (6) months from contract execution. |

EXAMINATION OF SITE

Bidders may visit specific areas with advanced notice.

ASSURANCES

The responding Contractor shall provide a statement of assurance that the Contractor is not presently in violation of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida, and ordinances and regulations of the City of St. Pete Beach will apply.

TRAFFIC CONTROL AND STAGING AREA

Contractor shall include all costs associated with vehicular and pedestrian traffic control and maintenance during the project. Contractor shall be responsible for providing a staging area. The location of this area must be approved by the City Manager or designee. The Contractor will be required to control the area including any additional fencing or barricades and Contractor will be responsible for the restoration of this and all other staging areas provided by the City.

ASSIGNMENT AND TRANSFER OF CONTRACT

The Contractor shall not assign or transfer this Agreement or any part thereof or any interest therein without consent in writing of the City and the Contractor's Surety, and any such assignment or transfer without such written consent shall be null and void.

SUBCONTRACTS

The Contractor shall not subcontract this Agreement or any part thereof or any interest therein without consent in writing of the City and the Contractor's Surety. Any Subcontractor approved by the City will be subject to the same standards and qualifications as stated in this Contract.

PERFORMANCE PAYMENT BOND

60% of Bid Total |

LIQUIDATED DAMAGES

If the work embraced by this Contract is not completed on or before the date set for completion or any extension thereof, the actual damages for the delay will be impossible to determine and in lieu thereof, the Contractor shall pay to the City fixed, agreed, and liquidated damages in the amount of either Five-Hundred Dollars (\$500) per day for each calendar day of delay until the work is satisfactorily completed.

PAYMENT

Payment shall be made to the Contractor for work performed under this Contract for the quantities of work as determined in accordance with Payments for Work Completed and Payments Withheld of this Contract. Payment for extra work will be made in accordance with the Changes in Work, Contract Amount, and Contract Time sections below.

CHANGES IN THE WORK

Without invalidating the Contract, the City may, at any time or from time to time, order additions, deletions or revisions in the work authorized by written Change Orders or directives. Upon receipt of a Change Order, the Contractor will proceed with the work involved. All such work shall be executed under the applicable conditions of the Contract documents. If any Change Order causes an increase or decrease in the Contract Amount or any extension or shortening of the Contract Time, an equitable adjustment will be made.

Additional Work performed by the Contractor without authorization of a Change Order will not entitle them to an increase in the Contract Amount or any extension of the Contract Time, except in the case of an emergency (subject to approval by City Manager or designee).

It is the Contractor's responsibility to notify their Surety of any changes affecting the general scope of the Work or change of the Contract Amount and the amount of the applicable bonds shall be adjusted accordingly, and an amended bond document furnished to the City. In the event the City directs the Contractor to make a change in the Work, and if the City and the Contractor do not arrive at a mutually acceptable increase or decrease in the Contract Amount, the contractor shall not use any such lack of mutual acceptance as a basis or cause to stop or otherwise delay the progress or the execution and completion of any of the work ordered, directed or required pursuant to the Contract Documents.

If the Contractor believes an event or situation has occurred which justifies a change in the Contract Amount or Contract Time, he shall deliver a written notice to the City Manager or designee. Each such written notice shall be delivered promptly and no later than fifteen (15) business days after the Contractor first discovered the occurrence. The Contractor shall be deemed to have waived the right to collect any and all costs incurred more than fifteen (15) business days prior to the date of delivery of the written notice and shall be deemed to have waived the right to seek an extension of the Contract Time with respect to any delay in the Progress Schedule which accrued more than fifteen (15) business days prior to the date of delivery of the written notice.

Any such notice shall include sufficient detail to explain the basis of entitlement to a claim for an adjustment to the Contract Amount of Contract Time. When requested by the City Manager or designee, the Contractor shall furnish any additional information and details as may be required to determine the facts or allegations involved, which shall be provided within fifteen (15) business days of the request unless a longer time period

is allowed by the City Manager or designee.

The Contractor shall prepare bids detailing proposed adjustments to Contract Amount and/or Contract Time and submit them to the City Manager or designee within fifteen (15) business days of the City's issuance of a proposed Change Order or the Contractor's submitting a written notice of a change or claim for an adjustment to the Contract Amount or Contract Time. Contractor's bids shall be irrevocable for a period of at least sixty (60) business days after receipt by the City. Any delay in the submittal of a complete, adequate and acceptable bid will not justify an increase in Contract Amount or Contract Time. Contractor agrees that it shall give the City access to any and all of Contractor's and Subcontractors' books, records and other materials relating to proposed Change Orders and other claims for adjustment to Contract Amount or Contract Time.

CHANGE OF CONTRACT AMOUNT

The Contract Amount constitutes the total compensation payable to the Contractor for performing the Work. All duties, responsibilities and obligations assigned to or undertaken by the Contractor shall be at his expense without change in the Contract Amount. The Contract Amount may only be changed by written Change Order issued by the City. Any claim for an increase in the Contract Amount shall be in writing and delivered to the City Manager or designee within fifteen (15) business days of the occurrence of the event giving rise to the claim.

All claims for adjustment in the Contract Amount shall be determined by the City Manager or designee. However, no claim for an adjustment to the Contract Amount will be considered for unforeseeable causes that were beyond the fault or negligence of the Contractor or his Subcontractors or supplier such as acts of God, floods, riots, etc. This restriction does not restrict submission of claims for additional Contract Time due to events of this nature. Any change in the Contract Amount shall be incorporated in a Change Order.

Contractor bids or claims shall cover all aspects of the Work involved and shall be fully documented and itemized as to all costs, quantities and charges for overhead and profit. Amounts for Subcontractors or Suppliers at any tier shall be similarly supported. When determining Subcontractors' costs, the methods to be used shall be those used for the Contractor's costs, except that the term "Subcontractor" shall replace the term "Contractor," context permitting.

Changes in Contract Amount for extensions in Contract Time shall exclude costs that are unaffected or do not relate to the extension in Contract Time, such as: (a) operating costs of construction equipment assigned to the Work on a continuing basis, (b) operating costs and owned/rental costs of construction equipment (crane used for specific lifts, concrete pump used for specific pours, etc.), and (c) fully paid site facilities, tools, etc.

The value of any Work covered by a Change Order or of any claim for an increase or decrease in the Contract Amount where the Work involved is covered by unit prices contained in the Contract Documents shall be determined by application of unit prices to the quantities of the items involved. If the quantities originally contemplated are so changed in a proposed Change Order, that application of the Unit Prices to the quantities proposed will cause substantial inequity to the City or the Contractor, the applicable unit price(s) shall be equitably adjusted by mutual agreement.

If the value of work covered by a Change Order cannot be established or mutually agreed to utilizing previously established unit rates, the value shall be determined by the City on the basis of an estimate of the out-of-pocket cost and percentages that are acceptable to the City for overhead and profit. The out-of-pocket cost shall only include those direct costs which are needed to perform the work such as labor (including payroll taxes, fringe benefits, labor burden and workers' insurance), materials, equipment, and

other incidental out-of-pocket construction costs directly involved in the work, including but not limited to small tools, expendables and material costs but shall not include project management or project supervisory costs unless the Change Order includes an increase in the Contract time.

In such case, the Contractor will submit in the form prescribed by the City an itemized cost breakdown together with supporting data.

The amount of credit to be allowed by the Contractor to the City for any such change which results in a net decrease in cost, will be the amount of the actual net decrease as determined by the City. When both additions and credits are involved in any one change, the combined overhead and profit shall be figured on the basis of the net increase, if any.

To be eligible for consideration, the Contractor's written claim for a change in the Contract price, including claim(s) from sub-contractors, shall include an itemized cost breakdown with supporting data as described below:

- A. For labor: Provide written documentation from the Contractor and Subcontractors or others as appropriate in the form of a detailed breakdown by each labor classification involved indicating the number of hours of Work involved and the hourly payroll rate applicable to each to substantiate the basis and amount of the direct labor cost. The direct labor cost may be increased to provide an allowance for indirect payroll costs (labor burden), such as payroll taxes, fringe benefits, and workers insurance after all premium discounts, rebates and other appropriate reductions have been taken.
- B. For material, supplies, equipment, furnishings, etc., to be installed or included in the Work: Provide written documentation from the Contractor and Subcontractors, suppliers, etc., to substantiate the basis and amount of the various cost items involved. Material costs shall reflect the Contractor's reasonably anticipated net actual cost after consideration of trade discounts and volume rebates.
- C. For construction equipment: Provide written documentation in the form of a detailed breakdown by each construction equipment category, indicating the applicable unit rates (i.e., dollar amount per hour, dollar amount per day etc.,) and the number of hours, days, etc. to substantiate the basis and amount of the construction equipment out-of-pocket costs.

CHANGE OF CONTRACT TIME

The Contract Time may only be changed by written Change Order. Any claim for an extension in the Contract Time shall be in writing and include an analysis of the Progress Schedule as further described in the Specifications and shall be delivered to the City Manager or designee within fifteen (15) business days of the occurrence of the event giving rise to the claim. All claims for adjustment in the Contract Time shall be determined by the City Manager or designee. Any change in the Contract Time resulting from any such claim shall be incorporated in a Change Order. The Contract Time may be extended for an amount equal to time lost due to unforeseeable causes beyond the control of the Contractor (and his Subcontractors and Suppliers) if he makes a claim therefrom. Such delays shall include, but not be restricted to, acts or neglect by any separate Contractor employed by the City; fires; floods; labor disputes; epidemics; or acts of God.

All time limits stated in the Contract Documents are of the essence to the Contract. The stated time limits are agreed to be adequate to complete the work, including the procurement, manufacture and delivery of all material and equipment required, and account for any and all potential impact, delays, disruptions and costs that may be expected.

CITY'S RIGHT TO DIRECT PURCHASE

The City has reserved the right to purchase certain items and materials for this project directly in an effort to save applicable sales tax in compliance with Florida Law.

The City will issue purchase orders directly to the vendors supplying the equipment being directly purchased by the City for this project. Each Purchase Order will be accompanied by the City's Certificate of Exemption and a Certificate of Entitlement. All direct purchase vendor invoices will be issued to the City of St. Pete Beach and the City will issue payment to each direct purchase vendor from City funds. The City will take title to the equipment at time of delivery from the vendor and will issue a separate Certificate of Entitlement for each purchase order.

The Contractor shall assist the City with receipt of materials furnished by the City in accordance with these Special Provisions including, but not limited to, verifying correct quantities, verifying documents of orders in a timely manner, providing and obtaining all warranties and guarantees required by the Contract Documents, assist with inspection of the goods at the time of delivery and notify the City immediately of any deficiencies noted. It is understood that the owner assumes the risk of damage or loss during the time that the building materials are physically stored at the job site prior to their installation or incorporation into the project. The Contractor shall coordinate with the City regarding the delivery schedules, sequence of delivery, loading orientation, and other arrangements normally required by the Contractor for the particular material furnished.

As City Furnished Materials are delivered to the job site and accepted by the City, the City shall notify the Contractor who will assist the City to visually inspect all shipments from the suppliers. The City will approve the vendor's invoice for material delivered upon adequate inspection and recommendation of the Contractor. The City shall assure that each delivery of City Furnished Materials is accompanied by documentation adequate to identify the Purchase Order against which the purchase is made and Contract Documents including but not limited to Contract, Plans, Specifications, and approved Shop Drawings. This documentation may consist of a delivery ticket, bill of lading and an invoice from the supplier conforming to the Purchase Order together with such additional information as the City may deem necessary.

PAYMENTS FOR WORK COMPLETED

Partial payments will be made as the work progresses (if applicable) at the end of each calendar month, or as soon thereafter as practicable on estimates made by the City Manager or designee and as approved by the City, provided that the Contractor is performing the overall job in a diligent manner. In making partial payments, there shall be retained five percent (5%) on the amount of each estimate until final completion and acceptance of all work covered by the Contract. Upon completion and acceptance of the work, the City Manager or designee shall issue a certificate that the work has been completed and accepted by them under the conditions of the Contract and shall make and approve the final estimate of the work. The entire balance found to be due the Contractor, including that retained by the City, should be paid to the Contractor. Such payment shall be conditioned, however, upon the submission by the Contractor of evidence satisfactory to the City that all claims for labor, material, and any other outstanding indebtedness in connection with the Contract have been paid. Such payment shall also be conditioned upon approval and acceptance of the construction and improvements by the City.

If after the work has been substantially completed, full completion thereof is materially delayed through no fault of the Contractor and the City Manager or designee so certifies, the City shall upon the Certificate of the City Manager or designee, and without terminating the Contract make payment for the balance due for that portion of the work fully completed and accepted. Such payment shall be made under the terms and

conditions governing final payment, except that it shall not constitute a waiver of claim. If such delay occurs and payment is made under this clause, the Contractor shall nevertheless be prepared to complete the work in a timely manner upon the remedy or removal of such delay, and shall be bound under this Contract for the completion of such work unless this Contract is otherwise terminated. All payments will be made in accordance with the Local Government Prompt Payment Act, Chapter 218, Florida Statutes.

PAYMENTS WITHHELD

The City Manager or designee may withhold, or, on account of subsequently discovered evidence, nullify the whole or part of any estimate to such extent as may be necessary to protect the City from loss on account of:

- a) Defective work not remedied
- b) Claims and/or liens filed or reasonable evidence indicating probable filing of claims
- c) Failure of the Contractor to make payments properly to Subcontractors or for material or labor
- d) A reasonable doubt that the Contract can be completed for the balance then unpaid
- e) Damage to another Contractor
- f) Failure of the Contractor to keep their work progressing in accordance with their time schedule

FINAL PAYMENTS

Upon the completion and acceptance of the work, the City Manager or designee shall issue a certificate that designates that the whole work provided for in this Contract has been completed and accepted by him under the conditions and the terms thereof and shall make the final estimate of the work. After issuance of the certificate, the entire balance found to be due the Contractor, including said retained percentage by the City in accordance with existing state laws as may be retained lawfully by said City, shall pay excepting such sums to the Contractor.

Before the approval of the final payment, the Contractor shall submit evidence satisfactory to the City that states that all payrolls, materials, bills and outstanding indebtedness in connection with this Contract have been paid.

LIENS

If at any time there shall be evidence of any lien or claim for which the City might become liable and which is chargeable to the Contractor, the City shall have the right to retain out of any payment then due or thereafter to become due, an amount sufficient for complete indemnification against such lien or claim. In the event the City has already paid to the Contractor all sums due under this contract or the balance remaining unpaid is insufficient to protect the City, the Contractor and his Surety shall be liable to the City for any loss so sustained.

RESPONSIBILITY OF THE CITY MANAGER OR DESIGNEE

The term "City Manager or designee" wherever used in the Contract shall be the City of St. Pete Beach or its duly authorized representative. Notices of any change in the City Manager or designee shall be given in writing by the City to the Contractor. The City Manager or designee shall have full authority to interpret the Plans and Specifications and shall determine the amount, quality, and acceptance of the work and

supplies to be paid for under the Contract and every question relative to the fulfillment of the terms and provisions therein. It shall be the duty of the City Manager or designee to enforce the Plans and Specifications in a fair and unbiased manner. If a variation from any requirements is allowed the City Manager or designee shall grant the same in writing with the reasons for his action outlined, and such action will not invalidate or change the Contract in any other manner.

INTENT OF PLANS AND SPECIFICATIONS

The Contractor shall keep on the job a copy of the Plans and Specifications and shall at any time give the City Manager or designee access thereto. Anything mentioned in the Specifications and not shown on the Plans or shown on the Plans and not mentioned in the Specifications, shall be of like effect as if shown or mentioned in both. The Contractor shall not take advantage of any errors, discrepancies or omissions that may exist in the Plans and Specifications but shall immediately call them to the attention of the City Manager or designee whose interpretation or correction thereof shall be conclusive. Should a conflict occur between the General Specifications and any Supplemental Specifications and/or Plans, the latter shall govern.

LICENSES AND PERMITS

The Contractor shall obtain and pay for all necessary City licenses and work permits and shall faithfully comply with all laws, ordinances and regulations, (Federal, State or local) which may be applicable to the operations to be conducted hereunder, except for those permits obtained by the City. Notwithstanding the provisions above, the contractor is responsible for non-compliance of all permit requirements, including all fines resulting from Contractor's non-compliance of said requirements.

Chapter II, Section II-4, "Registration of Licenses Obtained From Other Municipalities:" "Persons, partnerships, corporations, or other business entities doing business with the City who are not required to obtain a City occupational license, but who must have either a State or County or Municipal occupational license from another municipality, shall register such occupational license with St. Pete Beach Community Development Department. The City may charge a fee for such registration." The Contractor shall be responsible for obtaining all City, County, State and Federal permits required by those government agencies and must provide documentation of receipt of those permits prior to project commencement. This shall include a notice to commence work letter and the applicable fee, if required. Any sub-contractor hired by the contractor awarded the project, MUST also register their license with the City.

SUPERINTENDENCE

The Contractor shall constantly superintend all the work embraced in this Contract in person or by a responsible agent who shall have in writing, full authority to act for them and to carry out all the instructions given by the City Manager or designee.

LABOR PROVISIONS

The Contractor and his Subcontractors shall discharge, whenever ordered to do so by the City Manager or designee, any employee who is disorderly or whose conduct in the opinion of the City Manager or designee is detrimental to the prosecution of the work. No person whose age or physical condition is such as to make this employment dangerous to his/her health and safety or to the health and safety of others shall be employed on the work, and in no event shall any persons under the age of sixteen (16) years be employed.

INSURANCE

The Contractor shall procure and maintain at his/her own expense, during the life of the Contract, liability insurance as hereinafter specified. All such insurance shall be subject to the approval of the City for adequacy of protection and shall include a provision preventing cancellation without twenty (20) business days prior notice to the City in writing. The City shall be included as an additional insured on all liability insurance. The liability insurance required is as follows: Contractor's General Public Liability and Property Damage Insurance issued to the Contractor and protecting the Contractor from all claims for personal injury, including death, and all claims for destruction of or damage to property, arising out of or in connection with any operations under this Contract, whether such operations be by the Contractor or by any Subcontractor hired by the Contractor or anyone directly or indirectly employed by the Contractor or hired by the Contractor.

The successful Contractor shall supply and maintain insurance which defends, indemnifies and holds harmless the City of St. Pete Beach, its officers, employees and agents from and against any and all liability, damage claims, demands, costs, judgments, fees, attorney's fees or loss arising directly out of acts or omissions hereunder by the Contractor or third party under the direction or control of the Contractor. Such general and excess liability coverage shall be primary to any other coverage carried by the City of St Pete Beach. Contractor must furnish the City with Certificate of Insurance prior to commencement of work. An approved Certificate of Insurance furnished by the Contractor's carrier to guarantee the Contractor being insured with the City of St Pete Beach must be named as a certificate holder for this contract. The following minimum coverage:

- Commercial General Liability Insurance \$1,000,000.00.
- Comprehensive General Liability Insurance of \$1,000,000.00 each occurrence.
- Personal Injury for \$1,000,000.00 each occurrence.
- Automobile Liability \$1,000,000.00.
- General Workers Compensation Insurance as required by Florida law.
- Longshore Harbor Workers Compensation Insurance

PROTECTION OF WORK AND PROPERTY

The Contractor shall continuously maintain adequate protection of all their work and materials from damage or theft and shall protect the City's property and all adjacent property from injury or loss arising in connection with activities under their Contract. The Contractor shall make good any such damage, injury, or loss, except such as may be caused by agents or employees of the City.

The Contractor shall take, use, provide, and maintain all necessary precautions, safeguards, and protection to prevent accidents, or injury to persons or property on, about, or adjacent to the site of the work. Should the situation arise that physical security is needed the Contractor will provide security on off days and holidays. The Contractor shall be responsible for all charges incurred with such action.

The Contractor shall post danger signs warning against any hazards created by the work being done under their Contract. They shall designate a responsible member of their organization on the work, whose duty shall be the prevention of accidents, and the name of the person so designated shall be reported to the City Manager or designee and City in writing. In an emergency affecting the safety of life, or of the work or adjoining property, the Contractor, without special instruction or authorization from the City Manager or designee, or City, is hereby permitted to act, at their own discretion, to prevent such threatened loss or

injury, and they must take such action if so instructed or authorized by the City Manager or designee. The Contractor shall also protect adjacent property as required by law.

PARKING

The Contractor shall arrange with City Manager or designee for temporary parking areas to accommodate construction personnel and construction equipment. Note that limited parking spaces are available in the City of St. Pete Beach. The Contractor will be asked to coordinate with the City's representative on site on a regular basis to minimize the impact on residents and visitors.

TRANSPORTATION, HANDLING AND STORAGE

The Contractor shall transport, handle, protect and store products in accordance with manufacturer's instructions and all environmental regulatory agencies.

VEHICLES

Business vehicles shall be identified on both sides with the name of the company.

ENVIRONMENTAL PROTECTION

It shall be the Contractor's responsibility to implement construction methods, best management practices, and erosion control methods that avoid water pollution as required by the State of Florida Department of Environmental Protection (FDEP), City of St. Pete Beach, and Pinellas County. Any Contractors in violation of the City of St. Pete Beach Regulations, Pinellas County Regulations, Florida Department of Environmental Protection Regulations, or any other regulatory agency regulations shall be the sole responsibility of the Contractor. The Contractor shall hold harmless the City of St. Pete Beach and the City Manager or designee from any fines and litigation resulting from the Contractor's actions. The Contractor shall pay all attorneys' fees, fines, penalties and any other such expenses resulting from the Contractor's actions. The Contractor shall provide all necessary measures to prevent any materials whatsoever from entering the waterway except for those materials, which are shown, on the plans as completed structures. The Contractor shall provide MSDS sheets to the City Manager or designee on all applicable materials before applying those materials. The Contractor shall secure the necessary education, certifications, licenses and permits required by state and local agencies to operate and manage a construction site, including but not limited to, FDEP requirements related to Coastal Construction Control Line. The Contractor shall abide by all rules and regulations set forth and required by the City of St. Pete Beach's MS4 NPDES Permit.

TIMELY DEMAND FOR STAKES AND INSTRUCTIONS

The Contractor shall provide reasonable and necessary materials, opportunities, and assistance for setting stakes and making measurements, including the furnishing of a rodman, or a chainman at intermittent times during the construction period. They shall not proceed until they have received such stakes and instructions as may be necessary as the work progresses. The work shall be done in strict conformity with such stakes and instructions. The Contractor shall carefully preserve benchmarks, reference points and stakes, and in case of willful or careless destruction, they will be charged with the resulting expense and shall be responsible for any mistakes that may be caused by their unnecessary loss or disturbance.

WORKMANSHIP

The Contractor acknowledges that they have satisfied themselves as to the nature and location of the work;

the general and local conditions including but not restricted to those bearing upon transportation, disposal, handling and storage of materials; availability of labor, water, electric power, roads; and uncertainties of weather, surface conditions, subsurface conditions, tides or similar physical conditions at the site, the character of equipment and facilities required to prosecute the work. Any failure by the Contractor to acquaint themselves with any aspect of the work or with any of the applicable conditions shall not relieve the Contractor from the responsibility to successfully perform the work under the Contract Documents, nor shall it be considered the basis for any claim for additional time or compensation.

UTILITIES

The Contractor shall anticipate all underground obstructions such as water lines, gas lines, sewer lines, utility lines, or any other public or private facilities and debris. In all cases where existing utility lines may be interfered with by the work, the Contractor shall give a minimum of thirty-six (36) hours' notice to the owners of such utilities, to permit them to relocate the lines prior to construction. No extra payment shall be allowed for the removal, replacement, repair or possible increased cost caused by underground obstructions. The location of existing structures and utilities provided in the plans are approximate only. Any damage to existing structures to remain or work of any kind shall be repaired or restored promptly by, and at the expense of the Contractor.

The Contractor shall at all times protect all desirable trees, plants, curbs, sidewalks, irrigation components, and structures not requiring removal to accomplish the work, whether or not they are shown on the plans. The Contractor must contact the City to obtain tree removal permits for the removal of any tree not identified for removal in the Project Plans.

In matters of restoration, all materials, construction, and workmanship shall be acceptable to, and approved by the City of St. Pete Beach and the City Manager or designee. No changes in size, shape, configuration, location, materials, or construction shall be made without prior written authorization from the City Manager or designee. Any demolition debris and other debris shall be hauled offsite and properly disposed of by the Contractor and shall be inclusive to the prices as stated in the BID SCHEDULE, unless otherwise stipulated as part of the project to remain.

No interruption of ingress and egress to private property shall be made unless the Contractor has made prior arrangements acceptable to the owner of the affected property. The City Manager or designee shall notify affected residents/property owners of impending activity or inconvenience via door hanger.

The Contractor shall provide all traffic control devices utilized during construction and meet the requirements set forth in the Florida State Department of Transportation "Manual on Traffic Control and Safe Practices for Street and Highway Construction, Maintenance, and Utility Operations."

CLEANING UP

Upon completion or termination of the work the Contractor shall, as directed by the City Manager or designee, remove from the vicinity of the work all equipment and temporary structures, waste materials and rubbish resulting from his operations, leaving the premises in a neat and presentable condition. All debris generated by the Contractor will be removed before leaving the area. All areas will be raked to remove smaller debris. All surrounding sidewalks, parking lots and roadways will be cleared of any dust or debris generated by the Contractor. In the event of their failure to do so, the City at the expense of the Contractor may do the same, and their Surety shall be responsible.

DEFECTIVE WORK OR MATERIAL

The Contractor shall promptly remove from the premises all work and materials condemned by the City Manager or designee as failing to conform to the Contract, whether incorporated or not, and the Contractor shall promptly replace and re-execute his own work in accordance with the Contract and without expense to the City and shall bear the expense of making good all work of other Contractors destroyed or damaged by such removal or replacement.

If the Contractor does not remove such condemned work or materials within a reasonable time after notice, the City may remove them and store the materials at the expense of the Contractor. If the Contractor does not pay the expense of such removal within ten (10) business days' time thereafter, the City may, upon thirty (30) business days written notice sell such materials at auction or at private sale and shall account for the net proceeds thereof after deducting all the costs and expenses that should have been borne by the Contractor.

DISPUTE RESOLUTION

The Contract shall be construed under Florida law. The parties agree that all controversies, claims and other matters in question between the parties arising out of or relating to this Contract or its breach shall be resolved through mediation. Upon notice of any party to the Contract of a dispute, question or controversy, the parties shall agree to the appointment of a qualified mediator. A qualified mediator is a person who has received at least forty (40) hours of mediation training and has actual experience as a mediator in resolving contract disputes. If the dispute, question or controversy is not resolved through mediation within sixty (60) business days of a notice of the dispute between the parties, the City reserves the right to seek resolution through court action.

INDEMNIFICATION

In consideration of the payment of ten dollars (\$10.00) as part of the above purchase price, Contractor shall indemnify, defend, and hold harmless the City, its officers and employees, from liabilities, damages, losses and costs, including but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the responding firm and any persons employed or utilized by the responding firm in the performance of the Contract.

GENERAL WARRANTY

Neither the final certificate nor any provision in the Contract Documents nor partial or entire occupancy of the premises by the City shall constitute an acceptance of work not done in accordance with the Contract Documents or relieve the Contractor of liability in respect to any express warranties or responsibility for faulty materials or workmanship. The Contractor shall remedy any defects in the work and pay for any damage to other work resulting therefrom that shall appear within a period of eighteen (18) months from the date of final acceptance of the work, unless a longer period is specified. The City shall give notice of observed defects with reasonable promptness.

LAND OF CITY, USE OF, BY CONTRACTOR

The City shall provide the land upon which the work under this Contract is to be done, and will, so far as is convenient, permit the Contractor to use as much of the land as is required for the erection of temporary construction facilities and storage of materials, together with the right of access to same, but beyond this, the Contractor shall provide, at his/her cost and expense, any additional land required. It will be the responsibility of the Contractor to repair or restore to the satisfaction of the City, at their own expense, any

damage to land used for the above stated activities or any other activities approved by the City.

OTHER WORK

Wherever work being done by the City or by other Contractors is contiguous to work covered by this Contract, the respective rights of the various interests involved shall be established by the City Manager or designee to secure the completion of the various portions of the work in general harmony.

OTHER CONTRACTS

The City may award other Contracts. The Contractor shall fully cooperate with such other Contractors and carefully fit his/her own work to that provided under other Contracts, as may be with the performance of work by any other Contractor or City.

COOPERATIVE PURCHASING

Pursuant to their own governing laws and subject to the agreement of the Contractor, governmental entities may make purchases under the terms and conditions contained in the executed Contract, if agreed to by Contractor. Such purchases are independent of the Contract between the City and the Contractor, and the City is not a party to these transactions. Agencies seeking to make purchases under this Contract are required to follow the requirements of Rule 60A-1.045(5), F.A.C.

DELAYS AND EXTENSION OF TIME

If the Contractor should be delayed at any time in the progress of the work by an act or neglect of the City or the City Manager or designee, or of any employee of either, or by any separate Contractor employed by the City, or by changes ordered in the work, or by strike, lockouts, fire, unusual delay in transportation, unavoidable casualties, or any cases beyond the Contractor's control, or by delay authorized by the City Manager or designee, or by any cause which the City Manager or designee shall decide to justify the delay, then the time of completion shall be extended for such reasonable time as the City Manager or designee may decide. No such extension shall be made for a delay that occurs more than five (5) business days before a claim is made in writing to the City Manager or designee. In the case of a continued cause of delay, only one (1) claim is necessary. This section does not exclude the recovery of damages for delay by either party under other provisions in the Contract Documents.

CITY'S RIGHT TO TAKE OVER THE WORK

If the Contractor shall be adjudged bankrupt, or if they should make a general assignment for the benefit of its creditors, or if a receiver should be appointed to take over their affairs, or if they should fail to prosecute their work with due diligence and carry the work forward in accordance with its' work schedule and the time limits set forth in the Contract Documents, or if they should fail to substantially perform one or more of the provisions of the Contact Documents to be performed by them, the City may serve written notice on the Contractor and the Surety on its' performance bond, stating the City's intention to exercise one of the remedies hereinafter set forth and the grounds upon which the City bases its right to exercise such remedy. In any event, unless the matter complained of is satisfactorily cleared within ten (10) business days after the service of such notice, the City may, without prejudice to any other right or remedy exercise one of such remedies at once; having first obtained a certificate from the City Manager or designee that such sufficient cause exists to justify such action.

The City may terminate the services of the Contractor, which termination shall take effect immediately upon service of notice thereof on the Contractor and their Surety, whereupon the Surety shall have the right to take over and perform the Contract. If the Surety does not commence performance of the Contract within ten (10) ten days after service of the notice of termination, the City may itself take over the work, take possession of and use all materials, tools, equipment, and appliances on the premises and prosecute the work to completion by such means as it shall deem best. In the event of such termination of their service, the Contractor shall not be entitled to any further payment under their Contract until the work is completed and accepted. If the City takes over the work and the unpaid Contract balance exceeds the cost of completing the work, including compensation for damages or expenses incurred by the City through the default of the Contractor, the excess unpaid Contract balance shall be paid to the Contractor. If the City takes over the work and the unpaid Contract balance does not exceed the cost of completing the work, including compensation for damages or expenses incurred by the City through the default of the Contractor, the Contractor and his Surety shall pay the difference to the City. The City Manager or designee shall certify such cost, expenses, and damages.

The City may take control of the work and either make good the deficiencies of the Contractor itself or direct the activities of the Contractor in doing so, employing such additional help as the City deems advisable. In such event, the City shall be entitled to collect from the Contractor and his Surety, or to deduct from any payment then or thereafter due the Contractor, the costs incurred by it through the default of the Contractor, provided the City Manager or designee approves the amount thus charged to the Contractor.

The City may require the Surety on the Contractor's bond to take control of the work at once and see to it that all deficiencies of the Contractor are made good with due diligence. As between the City and the Surety, the entire cost of making good such deficiencies shall be borne by the Surety. If the Surety takes over the work, either upon termination of the services of the Contractor or upon instructions from the City to do so, the provisions of the Contract Documents shall govern in respect to the work done by the Surety, the Surety being substituted for the Contractor as to such provisions, including provisions as to the payment for the work and provisions of this section as to the right of the City to do the work itself or to take control of the work.

RIGHT OF OCCUPANCY

The City shall have the right, if necessary, to take possession of and to use any completed or partially completed portions of the work, if such use be approved by the City Manager or designee even if the time for completing the entire work or such portions of the work has not expired and even if the work has not been finally accepted. Such possession and use shall not constitute an acceptance of such possession and use if it materially interferes with the Contractor's operations. The City shall also have the right to enter the premises with the Contractor for the purpose of doing work not covered by its Contract.

ACCEPTANCE

Final inspection and acceptance of the work shall be made for the City by the City Manager or designee. Such inspection shall be made as soon as practical after the Contractor has notified the City in writing that the work is ready for such inspection.

WAIVER

It is expressly understood and agreed that any waiver granted by the City Manager or designee of any term, provision, or covenants of the Contract shall not constitute a precedent or breach of the same or any other terms, provisions, or covenants of the Contract. Neither the acceptance of the work by the City nor the

payment of all or any part of the sum due the Contractor hereunder shall constitute a waiver by the City of any claim which the City may have against the Contractor or Surety under this Contract or otherwise.

INSPECTION

The City Manager or designee and his representative shall, at all times, have access to the work during its construction and shall be furnished with every reasonable facility for ascertaining that the stock and materials used and employed, and the workmanship, are in accordance with the requirements and intentions of the Plans. All work done and all materials furnished shall be subject to their inspection and approval by the City Manager or his designee. If any work should be covered up without approval or consent of City Manager or designee, it must, if required by the City Manager or designee, be uncovered for examination at the Contractor's expense.

The City Manager or designee may order re-examination of questioned work and if so ordered, the Contractor must uncover the work. If such work were found in accordance with the Contract Documents, the City shall pay the cost of re-examination and replacement. If such work be found not in accordance with the Contract Documents, the Contractor shall pay such costs unless they show that the defect in the work was caused by another Contractor, and in that event, the City shall pay such cost.

The inspection of the work shall not relieve the Contractor of any of their obligations to fulfill their Contract as prescribed, and defective work shall be made good and unsuitable materials shall be rejected, notwithstanding that such defective work and materials have been previously overlooked and accepted on estimates for payment. All work shall be tested to the satisfaction of the City Manager or designee before acceptance.

BID REVIEW AND CONTRACT AWARD

Failure to submit all documents requested at the time of bid may deem the Contractor's bid ineligible for award. The City of St. Pete Beach reserves the right to reject any or all bids or parts of bids or accept any bid or part thereof deemed to be in the best interests to the City of St. Pete Beach. The City shall be the sole final judge of qualifications of the bidder to perform service and reserves the exclusive right to accept or reject any bids as it deems to be in the best interests of the City. The City may waive any informality.

LOCAL, STATE AND FEDERAL COMPLAINEE REQUIREMENTS

The laws of the State of Florida do apply to any purchase made under this Request for Bid. Proposers shall comply with all local, state, and federal directives, orders and laws as applicable to their bid and subsequent contracts include but not limited to Equal Employment Opportunity, Minority Business Enterprise, and OSHA as applicable to this contract.

Compliance with Fla. Stat. 448.095:

- Contractor agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp>, to verify the employment eligibility of all employees hired on or after January 1, 2021 during the term of this Agreement.
- Subcontractors (i) Contractor shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement. (ii) Subcontractors shall provide Contractor with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat.

448.095 (iii) Contractor shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.

- Contractor must provide evidence of compliance with Fla. Stat. 448.05 by January 1, 2021. Evidence may consist of, but is not limited to, providing notice of Contractor's E-Verify number.
- Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Contractor may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs (if necessary). Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public agreement for a period of 1 year after date of termination.

RESERVES THE RIGHT

The City reserves the right to accept or reject any and/or all bids, to waive irregularities and technicalities, and to request re-submission. If only one bid is received by the bid date and time listed, the bid may or may not be rejected by the City depending upon bid review and the needs of the City.

The City reserves the right to select a firm with or without additional interviews and may decide to select any of the firms submitting bids. The City reserves the right to award the contract to a responsible proposer submitting a responsible bid, with a resulting negotiated agreement which is most advantageous and in the best interest of the City.

Proposers, bidders, their agents, and associates shall not contact or solicit any City Commission member, City employee, or official regarding this RFB during any phase of the bidding process. Failure to comply with the provision may result in disqualification of the bidder, at the option of the City. Only that individual listed, or an approved designee, as the contact person for this RFB shall be contacted.

SUBMITTAL WITHDRAWAL

After submittals are opened, corrections or modifications to submittals are not permitted, but a responding firm may be permitted to withdraw an erroneous submittal prior to the award by the City Commission, if the following is established:

- That the responding firm acted in good faith in submitting the submittal;
- That in preparing the submittal there was an error of such magnitude that enforcement of the submittal would work severe hardship upon the respondent;
- That the error was not the result of gross negligence or willful inattention on the part of the respondent;
- That the error was discovered and communicated to the City within twenty-four (24) hours of submittal opening, along with a request for permission to withdraw the submittal; or
- The responding firm submits documentation and an explanation of how the error was made.

CONE OF SILENCE

Respondents to this solicitation or persons acting on their behalf may not contact, between the release of the solicitation and the end of the 72-hour period following the agency posting the notice of intended award,

excluding Saturdays, Sundays, and state holidays, any employee or officer of the executive or legislative branch concerning any aspect of this solicitation, except in writing to the procurement officer or as provided in the solicitation documents. Violation of this provision may be grounds for rejecting a response.

TERMINATION

The resulting contract may be canceled by the City when:

- Sufficient funds are not available to continue its full and faithful performance of this contract.
- There is sub-standard or non-performance of contract.
- The City wishes to terminate at any time and for any reason, upon giving thirty (30) days prior written notice to the other party.

The resulting contract may be canceled by either party in the event of substantial failure to perform in accordance with the terms by the other party through no fault of the terminating party.

FISCAL NON-FUNDING

If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel this Agreement immediately upon written notice to the vendor.

PROJECT RECORDS

The awarded firm shall maintain auditable records concerning the procurement to account for all receipts and expenditures, and to document compliance with the Contract. These records shall be kept in accordance with generally accepted accounting methods, and the City of St. Pete Beach reserves the right to determine the record-keeping method in the event of non-conformity. These records shall be maintained for three (3) years after final payment has been made and shall be readily available to City personnel with reasonable notice, and to other persons in accordance with the Florida Public Disclosure Statutes. Additionally, the awarded firm shall abide by and comply with Florida Statutes regarding public records. Specifically, the firm shall be aware of the provisions found in Section 119.0701, Florida Statutes.

Upon completion of the project, all reports, studies, recommendations, forms, and other project specific information will need to be submitted in paper and in an electronic file format (.PDF, .JPEG) on CD or USB storage device.

[]

V. REFERENCES & MINIMUM QUALIFICATIONS

Provide at least three (3) or more professional, business references with which you have contracted to provide similar services in the past five (5) years. Include the name of the person, its organization, telephone number, fax number, and e-mail address. Include any governmental agencies, with the same contact and descriptive information for which you have provided similar service within the past five (5) years.

Provide a brief description of the history and capabilities of the firm. Describe the types of projects or services the firm performs/has performed and the dollar value of each. Provide information regarding your firm's ability to complete this project. Demonstrate that the firm's personnel have experience with similar projects.

Identify all unresolved and ongoing claims and disputes against your firm in excess of \$500,000. Include any claims against the principals of your firm or any claims your company may have against a third party. Provide a history of litigation, including the outcomes, for the past five (5) years.

The responding firm shall provide a statement of assurance that the firm is not presently in violations of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida and ordinances and regulations of the City of St. Pete Beach will apply.

Provide the overall bonding capacity for the company and provide a history of any claims against the bidder's previous bonds for the past five (5) years.

The City shall be the sole final judge of qualifications of bidder to perform service and reserves the exclusive right to accept or reject any bid as it deems to be in the best interests of the City. The City reserves the right to make such investigation, as it deems necessary, to determine the ability of any proposer to perform the work or service requested. Failure to comply with the requirements of this section may be grounds for rejecting a response.

VI. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO § 287.133 (3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: _____
(Print individual's name and title)

for: _____
(Print name of entity submitting sworn statement)

at: _____
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in § 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in § 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in § 287.133 (1)(a), Fla. Stat., means:
- a. A predecessor or successor of a person convicted of a public entity crime or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who

knowingly enters into a joint venture with a person who has been convicted of a public crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☐ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

VII. NON-COLLUSION AFFADAVIT

STATE OF _____

COUNTY OF _____

I state that I _____ of _____,
(Name and Title) (Name of Firm)

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. _____, its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material and important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

VIII. SPECIFICATIONS

IX. SAMPLE AGREEMENT

(Sample Agreement behind this page.)

EXHIBIT “B”

(Place Request for Bid behind this page)

Exhibit “C”

(Place Vendor’s Bid Behind this Page)

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

Title of Agreement

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and (Vendor Name Here). (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Standard Form Addendum. The attached Standard Form Addendum, which contains all the Florida Statutorily required provisions applicable to this Agreement, is attached hereto as Exhibit "A" and its provisions modify and supplement this Agreement.
3. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:
 - a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit "B") in the amount of \$().
 - b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
 - c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the

exception of changes caused by inclement weather.

- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.
 - e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptancy by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.

8. Warranties.
- a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective.
 - b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 12 months of the agreement.
10. Term. [This Agreement will remain in effect for a period of (3) three years with (2) two, (1) one year extensions from the Effective Date.]
11. Effective date. The “Effective Date” of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
- a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in

accordance with the payment schedule provided in the attached proposal, City shall pay Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.

16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additionally named insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, such sum being specifically found by Contractor to be sufficient consideration for this indemnification, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages

compensation or benefits payable by or for the Contractor or any subcontractor under Workers' Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved, and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity."

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor's funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified

public accountant selected by the City. The Contractor must allow the City to inspect, examine and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Standard Form Addendum (Exhibit “A”)
- b. Request for Bid (Exhibit “B”)
- c. Vendor Proposal (Exhibit C)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

As to Contractor:

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney’s fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of

counterparts, each of which so executed and delivered shall be deemed to be an original and all of which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the Section 15 of the Standard Form Addendum, Exhibit "A", and that the facts stated in it are true.

EXHIBIT “A”

CITY OF ST. PETE BEACH, FLORIDA
STANDARD CONTRACT ADDENDUM

THIS STANDARD CONTRACT ADDENDUM is made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth certain mandatory limitations on indemnification and liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed,

renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

Amber LaRowe

City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance Indemnification. Contractor agrees to indemnify and hold the City harmless against any and all claims, damage awards, and causes of action arising from the contractor's failure to comply with the public records disclosure requirements of Section 119.07(1), Florida Statutes, or by contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorneys' fees and costs arising therefrom. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of this section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status

of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. Contractor hereby certifies that Contractor is not listed on any of the following: (i) the Scrutinized Companies that Boycott Israel List, (ii) Scrutinized Companies with Activities in Sudan List, or (iii) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". CONTRACTOR shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under

[section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause.”

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties’ actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys’ Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys’ fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor’s social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor’s social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

“Coercion” means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably

assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;

4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

5. Causing or threatening to cause financial harm to any person;

6. Enticing or luring any person by fraud or deceit; or

7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

A. None.

THE INFORMATION SHOWN ON THESE DRAWINGS INDICATING SIZE, TYPE AND LOCATION OF UNDERGROUND, SURFACE, AND AERIAL UTILITIES IS NOT GUARANTEED TO BE EXACT OR COMPLETE. THE CONTRACTOR SHALL CONTACT THE SUNSHINE STATE "ONE CALL" AT 1-800-432-4770 48 HOURS PRIOR TO BEGINNING ANY EXCAVATION FOR EXISTING UTILITY LOCATIONS. THE CONTRACTOR SHALL ALSO BE FULLY RESPONSIBLE FOR FIELD VERIFYING LOCATIONS AND ELEVATIONS OF ALL EXISTING UTILITIES AFFECTED BY CONSTRUCTION FOR THIS PROJECT IN ORDER TO AVOID DAMAGING THOSE UTILITIES, AND SHALL IMMEDIATELY ARRANGE FOR REPAIR AND RESTORATION OF CONTRACTOR DAMAGED UTILITIES TO THE UTILITY COMPANY'S APPROVAL AT THE EXPENSE OF THE CONTRACTOR.

FILE NAME: A:\4200s42109\028\LD\ADD\IC-PLAN-GNTS-42109_028.dwg DATE: December 19, 2024, TIME: 10:19 AM, USER: ah4948 AVO: 42109.028

PAVING AND GRADING NOTES:

- ALL DELETERIOUS SUBSURFACE MATERIAL (I.E. MUCK, PEAT, BURIED DEBRIS) IS TO BE EXCAVATED IN ACCORDANCE WITH THESE PLANS OR AS DIRECTED BY THE OWNER, THE OWNER'S ENGINEER, OR OWNER'S SOIL TESTING COMPANY. DELETERIOUS MATERIAL IS TO BE STOCKPILED OR REMOVED FROM THE SITE AS DIRECTED BY THE OWNER. EXCAVATED AREAS TO BE BACK FILLED WITH APPROVED MATERIALS AND COMPACTED AS SHOWN ON THESE PLANS. CONTRACTOR IS RESPONSIBLE FOR ACQUIRING ANY PERMITS NECESSARY FOR REMOVING DELETERIOUS MATERIAL FROM THE SITE. ENGINEER SHALL BE NOTIFIED OF ANY MATERIAL ENCOUNTERED.
- THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROTECTING TRENCH EXCAVATIONS AGAINST COLLAPSE AND SHALL PROVIDE BRACING, SHEETING OR SHORING AS NECESSARY. DEWATERING METHODS SHALL BE USED AS REQUIRED TO KEEP TRENCHES DRY WHILE PIPE AND APPURTENANCES ARE BEING PLACED.
- ALL NECESSARY FILL AND EMBANKMENT THAT IS PLACED DURING CONSTRUCTION SHALL CONSIST OF MATERIAL SPECIFIED BY THE OWNER'S SOIL TESTING COMPANY OR ENGINEER AND SHALL BE PLACED AND COMPACTED ACCORDING TO THESE PLANS OR THE REFERENCED SOILS REPORT. THE CONTRACTOR IS RESPONSIBLE FOR ENSURING THAT ALL CONSTRUCTION ACTIVITIES, WHICH INCLUDE BUT ARE NOT LIMITED TO EARTHWORK ACTIVITIES, SUB GRADE PREPARATION, ETC. CONFORM TO THE STRICTER OF THE CITY OF ST.PETE BEACH, FDOT STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION (LATEST EDITION), AND THE PROJECT GEOTECHNICAL REPORT.
- THE CONTRACTOR SHALL NOTIFY THE OWNER AND ENGINEER OF RECORD IMMEDIATELY IF UNSUITABLE SOIL IS ENCOUNTERED DURING EXCAVATION. UNSUITABLE SOIL SHALL NOT BE USED ON-SITE WITHOUT WRITTEN CONSENT FROM THE OWNER AND ENGINEER OF RECORD.
- PROPOSED SPOT ELEVATIONS REPRESENT FINISHED PAVEMENT OR GROUND SURFACE GRADE UNLESS OTHERWISE NOTED ON DRAWINGS.
- CONTRACTOR SHALL PROVIDE A SMOOTH PAVEMENT TRANSITION BY SAW CUTTING AND REMOVING EXISTING PAVEMENT, MILLING, TACK COATING SURFACE, AND MATCHING THE EXISTING PAVEMENT AT LOCATIONS WHERE NEW PAVEMENT MEETS EXISTING PAVEMENT. TRANSITION SHALL NOT BE LESS THAN 36" OR AS OTHERWISE SHOWN ON THE CONSTRUCTION PLANS OR REQUIRED BY THE AUTHORITY HAVING JURISDICTION (AHJ).
- THE CONTRACTOR IS RESPONSIBLE FOR COORDINATING APPLICABLE SOILS AND PAVEMENT BASE TESTING. CONTRACTOR SHALL REVIEW AND SUBMIT TESTING REPORTS TO OWNER'S ENGINEER ON A WEEKLY BASIS. TESTS WILL BE REQUIRED PURSUANT WITH THE TESTING SCHEDULE REQUIRED BY THE GOVERNMENTAL AGENCY HAVING JURISDICTION OVER THIS WORK. UPON THE COMPLETION OF THIS WORK THE GEOTECHNICAL ENGINEER WILL SUBMIT CERTIFICATIONS TO THE OWNER'S ENGINEER STATING THAT ALL REQUIREMENTS HAVE BEEN MET. CONTRACTOR IS RESPONSIBLE FOR IMMEDIATELY CORRECTING ANY DEFICIENCIES FOUND BY THE TESTING.
- A QUALIFIED TESTING LABORATORY SELECTED OR APPROVED BY THE OWNER SHALL PERFORM ALL TESTING NECESSARY TO ASSURE COMPLIANCE OF THE IN-PLACE MATERIALS AS REQUIRED BY THESE PLANS, SPECIFICATIONS AND THE AUTHORITIES HAVING JURISDICTION. SHOULD ANY RETESTING BE REQUIRED DUE TO THE FAILURE OF ANY TESTS TO MEET THE MINIMUM REQUIREMENTS, THE CONTRACTOR SHALL BEAR ALL COSTS OF SAID RETESTING.
- MIXING IN PLACE OF SOIL CEMENT WILL NOT BE ALLOWED. PLANT PRODUCED ON-SITE (I.E. VIA A PUG MILL) IS ALLOWABLE.
- CONTRACTOR TO UTILIZE SAME PAVEMENT BASE OPTION MATERIAL FOR ALL PAVING WITHIN PROJECT.
- CONTRACTOR SHALL FINISH ALL EXPOSED BACK OF CURB FOR SURFACE IMPERFECTION (PITTED HOLES OR CREVICES).
- COMPACTED SUB-GRADE SHALL BE MECHANICALLY MIXED FOR STABILIZATION TO THE SPECIFIED DEPTH PRIOR TO GRADING, COMPACTION, AND TESTING AS NECESSARY TO ACHIEVE THE MINIMUM INDICATED LBR.
- CONTRACTOR TO PROVIDE A 1/2" TO 1" WIDE BITUMINOUS EXPANSION JOINT MATERIAL BETWEEN ANY CONCRETE OR SIMILAR SURFACES POURED OR PLACED DURING SEPARATE OCCURENCES. THE EXPANSION JOINT MATERIAL SHALL MATCH THE HEIGHT OR DEPTH OF THE SIDEWALK OR PAVEMENT CROSS SECTION.
- UNLESS OTHERWISE NOTED, ALL CONCRETE SIDEWALK AND/OR PAVEMENT SHALL HAVE A MINIMUM ULTIMATE COMPRESSIVE STRENGTH OF 3,000 PSI (28-DAY), BE REINFORCED WITH SYNTHETIC FIBER REINFORCING MEETING ASTM C116 (NYCON LOCAL MESH OR APPROVED EQUAL), AND BE TREATED WITH A CURING COMPOUND MEETING ASTM C309 REQUIREMENTS, UNLESS LOCAL AGENCY REQUIREMENTS ARE MORE STRINGENT.
- THE CONTRACTOR SHALL STABILIZE ALL DISTURBED GROUND BY SEEDING/MULCHING, SOD, OR OTHER APPROVED MATERIALS. SWALES AND OTHER AREAS SUBJECT TO FLOWING WATER SHALL BE SODDED. SLOPES FLATTER THAN 6:1 MAY BE STABILIZED VIA SEED/MULCH AND SLOPES 6:1 OR STEEPER SHALL BE SODDED (3:1 OR STEEPER MUST BE STAKED). ADDITIONAL AREAS REQUIRING SOD SHALL BE AS INDICATED ON THE CONSTRUCTION PLANS, AND/OR SPECIFICATIONS, OR AS DIRECTED BY OWNER DURING BIDDING PROCESS. ANY DISTURBED AREAS SHALL BE STABILIZED WITHIN ONE WEEK (OR SOONER) FOLLOWING CONSTRUCTION OF THE UNDERLYING ACTIVITY. THE CONTRACTOR SHALL MAINTAIN SUCH AREAS BY REPAIRING AND WATERING UNTIL THE AREA IS STABLE AND EROSION FREE. ANY DAMAGE FROM FAILURE TO ADEQUATELY STABILIZE, PROTECT, OR MAINTAIN THESE AREAS SHALL BE THE SOLE RESPONSIBILITY OF THE CONTRACTOR. NEITHER THE ENGINEER OF RECORD NOR THE OWNER IS RESPONSIBLE FOR THE MEANS AND METHODS OF ADEQUATELY STABILIZING THE PROJECT.
- LIMITS OF SOD WITHIN STORMWATER PONDS SHALL BE WATER LEVEL AT TIME OF SODDING OR THE DESIGN SEASONAL HIGH WATER LEVEL (SHW) AS SHOWN ON THE PLANS, WHICHEVER IS LOWER.
- THE CONTRACTOR SHALL NOT ALTER THE EXISTING HISTORICAL DRAINAGE PATTERNS IN REGARD TO THE EXISTING PAVING CROSS SECTIONS, SIDEWALKS AND GRASS SWALES ON OR ADJACENT TO THE PROJECT UNLESS SPECIFICALLY DEPICTED ON THE CONSTRUCTION PLANS.
- ASPHALT TYPES AND MIX DESIGN SHALL BE FDOT STANDARD PER FDOT MATERIALS SPECIFICATIONS. LIFTS SHALL MEET THE MINIMUM AND MAXIMUM ALLOWABLE PER PAVEMENT TYPE AS PERMITTED BY FDOT. NO CHANGE ORDERS WILL BE ALLOWED RESULTING FROM A NEED FOR MULTIPLE LIFTS TO ACHIEVE THE REQUIRED PAVEMENT THICKNESS.
- ALL CURB CUT RAMPS TO BE CONSTRUCTED PER FLORIDA DEPARTMENT OF TRANSPORTATION STANDARDS (FDOT INDEX 522-002) AND BE ADA COMPLIANT INCLUDING USE OF TRUNCATED DOME TACTILE SURFACE.
- CURBING WILL BE PLACED AT THE EDGE OF ALL PAVEMENT, AS SHOWN ON THE PLANS.
- TERMINATION OF BOTH FDOT TYPE "F" AND TYPE "D" CURB SHALL INCLUDE A 3' TRANSITION TO FLUSH UNLESS OTHERWISE NOTED ON THE CONSTRUCTION DRAWINGS.
- LIMEROCK AND COMPACTED BASE MUST BE REMOVED FROM ALL LANDSCAPE AREAS. SITE CONTRACTOR SHALL COORDINATE WITH LANDSCAPE CONTRACTOR REGARDING BACKFILL WITHIN LANDSCAPE ISLANDS. BACKFILL VOLUME TO BE ADJUSTED TO ACCOUNT FOR ADMIXTURE REQUIREMENTS SHOWN ON LANDSCAPE PLANS. LANDSCAPE BEDS TO BE FINE GRADED TO PROVIDE POSITIVE DRAINAGE PRIOR TO INSTALLATION OF PLANT MATERIAL.

SITE PLAN AND COORDINATE GEOMETRY NOTES:

- ALL POINTS AND MONUMENTS SHALL BE SURVEYED UPON MOBILIZATION TO VERIFY THEIR ACCURACY. ANY DISCREPANCIES DISCOVERED MUST BE BROUGHT TO THE ATTENTION OF THE ENGINEER OF RECORD IN WRITING PRIOR TO CONSTRUCTION.
- MONUMENTS AND OTHER SURVEY CONTROL POINTS SHALL BE PROTECTED FROM DAMAGE AND DISTURBANCE. IF ANY CONTROL POINTS ARE DAMAGED OR DISTURBED, IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO NOTIFY THE ENGINEER OF RECORD AND REPLACE THE CONTROL POINTS TO THEIR ORIGINAL CONDITION AT THEIR OWN EXPENSE.
- REFER TO SURVEY FOR ELEVATION DATUM INFORMATION.
- LOCATIONS, ELEVATIONS, AND DIMENSIONS OF EXISTING UTILITIES, STRUCTURES AND OTHER FEATURES ARE SHOWN ACCORDING TO THE BEST INFORMATION AVAILABLE AT THE TIME OF PREPARATION OF THESE PLANS. THE CONTRACTOR SHALL FIELD VERIFY THE LOCATIONS, ELEVATIONS AND DIMENSIONS OF ALL EXISTING UTILITIES, STRUCTURES AND OTHER FEATURES AFFECTING THE PROPOSED WORK.
- ALL DIMENSIONS SHOWN ON PLAN ARE TO FACE OF BUILDING, EDGE OF PAVEMENT, FACE OF CURB, OR CENTERLINE OF STRUCTURE, UNLESS NOTED OTHERWISE.
- DIGITAL OR ELECTRONIC REPRESENTATION OF THESE CONSTRUCTION PLANS DOES NOT CONSTITUTE A COORDINATE CONTROL MAP OR MATHEMATICALLY CONTROLLED INFORMATION FOR THE USE OF CONSTRUCTION STAKEOUT. IT IS THE RESPONSIBILITY OF THE CONTRACTOR AND/OR THE CONTRACTOR'S SURVEYOR TO ENSURE THAT ANY DIGITAL OR ELECTRONIC REPRESENTATION OF THESE PLANS IS IN COMPLETE CONFORMANCE WITH ALL OF THE NOTATIONS, SPECIFICATIONS, DETAILS, AND OTHER DATA APPEARING ON OR AS MAY BE DERIVED FROM THESE CONSTRUCTION PLANS.

DRAINAGE NOTES:

- ALL STORM SEWER PIPE SHALL BE CLASS III UNLESS OTHERWISE NOTED ON PLANS.
 - ALTERNATIVE DRAINAGE PIPE MATERIALS AND SUBSTITUTIONS MUST BE LISTED AS A BID ALTERNATE MATERIAL DURING THE INITIAL BIDDING PHASE FOR CONSIDERATION. SUBSTITUTION OF PIPE MATERIALS DURING THE CONSTRUCTION PHASE IS NOT PERMISSIBLE WITHOUT SPECIFIC WRITTEN APPROVAL FROM THE ENGINEER OF RECORD AND OWNER.
 - IF SPECIFIED, HDPE PIPE SHALL BE SMOOTH INTERIOR, CORRUGATED EXTERIOR, WITH INTEGRAL GASKETED WATER-TIGHT JOINT MEETING ASTM F 477 AND ASTM D 3212.
 - IF SPECIFIED, POLYPROPYLENE PIPE (PP) SHALL BE DUAL WALL (SMOOTH INTERIOR, CORRUGATED EXTERIOR) WITH INTEGRAL BELLS MEETING EITHER (ASTM F2736, ASTM F2881, OR AASHTO M330). PIPE SHALL HAVE GASKETED JOINTS MEETING ASTM D3212 REQUIREMENTS (10.8 PSI). SPIGOTS SHALL HAVE INTEGRAL GASKETS MEETING THE REQUIREMENTS OF ASTM F477. PIPE MATERIAL SHALL BE AN IMPACT MODIFIED COPOLYMER MEETING THE MATERIAL REQUIREMENTS OF ASTM F2736, SECTION 4, ASTM F2881, SECTION 5 AND AASHTO M330, SECTION 6.1 FOR THE RESPECTIVE DIAMETERS.
 - THE USE OF FLEXIBLE STORMWATER PIPE MATERIALS (PVC, HDPE, ETC) SHALL REQUIRE THE USE OF WATERTIGHT "BOOTED" CONNECTIONS AT ALL STORMWATER STRUCTURES, IE . COMPRESSION GASKET, FLEXIBLE BOOT, GROUTED WATERSTOP, OR OTHER MANUFACTURER APPROVED METHOD. NO GROUTING OF STRUCTURE OPENINGS WILL BE PERMITTED WHEN USING FLEXIBLE PIPE MATERIALS.
 - ALL FLEXIBLE PIPE SHALL BE INSTALLED IN ACCORDANCE WITH MANUFACTURER'S REQUIREMENTS. CONTRACTOR SHALL PROVED ENGINEER OF RECORD A COPY OF MATERIAL TEST LAB REPORTS FOR ALL BACKFILL MATERIAL AND DENSITY TESTS PRIOR TO LAMPING / INSPECTING THE STORM SYSTEM. ANY SEGMENTS WITHOUT ADEQUATE DOCUMENTATION SHALL BE REMOVED AND REINSTALLED AT THE CONTRACTOR'S EXPENSE.
- DRAINAGE STRUCTURES SHALL BE IN ACCORDANCE WITH FDOT INDEX UNLESS OTHERWISE NOTED ON PLANS. STRUCTURE BOTTOM SIZES SHALL BE ADJUSTED OR MODIFIED PER FDOT INDEX WHEN LARGER PIPES ARE INDICATED.
- STORM STRUCTURE LABELS ON THE CONSTRUCTION DRAWINGS MAY NOT INDICATE THE NEED FOR SPECIALTY SIZING (I.E. J BOTTOMS). IT IS THE CONTRACTOR AND PRE-CASTERS RESPONSIBILITY TO PROVIDE ADEQUATE STRUCTURES MEETING THE APPLICABLE REQUIREMENTS AND SHALL BE INCLUDED IN THE BASE BID.
- PIPE LENGTHS SHOWN ARE APPROXIMATE AND MEASURED TO CENTER OF DRAINAGE STRUCTURE WITH THE EXCEPTION OF MITERED END SECTION (MES) AND FLARED END SECTION (FES) WHICH ARE NOT INCLUDED IN LENGTHS. THE CONTRACTOR SHALL VERIFY ALL QUANTITIES AS SHOWN ON THE PLANS OR BID SCHEDULE (IF PROVIDED BY OWNER) PRIOR TO FINALIZING THEIR SUBMITTAL OF BIDS/PROPOSAL AND INFORM THE ENGINEER OF ANY DISCREPANCIES.
- PIPE ENDS SHALL BE ADJUSTED TO DAYLIGHT DURING INITIAL CONSTRUCTION OF THE PIPELINE. THIS MAY REQUIRE THE REMOVAL OR ADDITION OF PIPE SECTIONS.
- ALL STORM DRAINAGE PIPING SHALL BE SUBJECT TO A VISUAL INSPECTION BY THE OWNER'S ENGINEER OR ENGINEER'S REPRESENTATIVE PRIOR TO THE PLACEMENT OF BACK FILL.
- THE CONTRACTOR MUST PROVIDE CCTV VIDEO (IN DVD OR OTHER DIGITAL FORMAT) OF THE NEWLY CONSTRUCTED STORMWATER PIPELINE FOR REVIEW AND ACCEPTANCE. PRIOR TO SUBMITTING VIDEOS TO THE ENGINEER FOR REVIEW, THE CONTRACTOR SHALL REVIEW THE VIDEOS FIRST FOR DISCREPANCIES AND FOR COMPLETENESS TO MAKE SURE THAT ALL PIPELINE SECTIONS ARE INCLUDED.
- THE CONTRACTOR SHALL PROVIDE EROSION CONTROL TO MAINTAIN AND PROTECT THE STORM DRAINAGE SYSTEM FROM MUD, DIRT, DEBRIS, ETC. THE SYSTEM SHALL BE PROTECTED UNTIL THE ADJACENT LAND AREAS ARE DEEMED STABLE AND WRITTEN FINAL ACCEPTANCE OF THE PROJECT HAS BEEN PROVIDED. THE CONTRACTOR MAY BE REQUIRED TO PRESSURE CLEAN PIPES AND INLETS FOR FINAL ACCEPTANCE.
- ALL FDOT DITCH BOTTOM INLETS IN THE PROPOSED PAVEMENT AREAS AND WITHIN THE DESIGNATED EASEMENTS OR PUBLIC ROW SHALL BE MODIFIED FOR TRAFFIC BEARING (H-20) WITH HOT DIPPED GALVANIZED RETICULINE STEEL GRATES AND METAL ANGLE FRAMES SUPPORT FOR GRATES. ANGLE FRAME SHALL BE PART OF THE PRECAST CONCRETE STRUCTURES, INDICATED ON THE SHOP DRAWINGS, AND THE PRECAST SHALL BE ACCORDANCE WITH FDOT SPECIFICATIONS (INCLUDING EYEBOLT & CHAIN).
- ALL EXISTING STRUCTURES TO BE MODIFIED AS REQUIRED TO MEET H-20 LOAD RATING AND ADJUSTED TO MEET PROPOSED GRADE. PRIVATE MANHOLES TO BE LABELED "STORM" AND MANHOLES LOCATED WITHIN PUBLIC RIGHT-OF-WAY OR EASEMENTS SHALL HAVE THE GOVERNING AGENCY MASCOT & LETTERING.
- ALL MITERED END SECTIONS FOR SIDE DRAIN PIPES AT DRIVEWAY ENTRANCES ON PUBLIC (MUNICIPAL OR FDOT) ROADWAYS MUST BE CONSTRUCTED WITH A CONCRETE TOE FOUNDATION IN ACCORDANCE WITH FDOT INDEX 430-022.
- NO POND/LAKE EXCAVATION (FOR ANY PURPOSE) SHALL EXTEND BEYOND OR BELOW THE PERMITTED DESIGN DEPTHS/ELEVATIONS SHOWN ON THE DRAWINGS. NO LOWER SEMI-CONFINING UNIT CLAYEY MATERIALS AND NO WEATHERED LIMESTONE MATERIALS SHALL BE EXCAVATED, REGARDLESS IF THESE MATERIALS ARE ENCOUNTERED WITHIN THE PERMITTED EXCAVATION DEPTHS/ELEVATIONS SHOWN ON THE PLANS. TEMPORARY DEWATERING DITCHES OR SUMPS (FOR POND/LAKE EXCAVATION) SHALL NOT EXTEND BELOW THE PERMITTED DESIGN DEPTHS/ELEVATIONS SHOWN ON THE DRAWINGS. IF ANY LOWER SEMI-CONFINING UNIT CLAYEY MATERIALS OR WEATHERED LIMESTONE MATERIALS ARE ENCOUNTERED ABOVE THE PERMITTED EXCAVATION DEPTHS/ELEVATIONS, THEN EXCAVATION OPERATIONS IN THAT POND/LAKE AREA SHALL IMMEDIATELY CEASE IN THE GENERAL AREA, AND THE GEOTECHNICAL CONSULTANT AND ENGINEER OF RECORD SHALL BE NOTIFIED TO PROVIDE SUBSEQUENT EVALUATIONS / RECOMMENDATIONS, AS APPROPRIATE, WHICH SHALL BE IMPLEMENTED BY THE CONTRACTOR. EPC (OR FDEP) MUST BE CONTACTED PRIOR TO ANY EXCAVATION OF CLAYS OR EXCEEDING THE PERMITTED EXCAVATION DEPTH.
- JOINTS OF STORM SEWER SHALL BE STAGGERED FOR CROSSINGS OF SANITARY SEWER WITH LESS THAN 18 INCHES OF VERTICAL CLEARANCE SO THAT THE PIPE BELL IS NOT LOCATED AT THE CROSSING.
- AS A COST SAVINGS MEASURE STORM STRUCTURES WITH MULTIPLE PIPE CONNECTIONS MAY BE OFFSET FROM THE CENTER OF THE STRUCTURE TO REDUCE THE OVERALL STRUCTURE SIZE. CONTRACTOR IS TO COORDINATE OFFSET CONNECTIONS WITH APPROPRIATE SUBCONTRACTORS INCLUDING PROJECT SURVEYOR.

TRAFFIC CONTROL GENERAL NOTES:

- THE MAINTENANCE OF TRAFFIC SHALL CONFORM TO THE "MANUAL OF UNIFORM TRAFFIC CONTROL DEVICES FOR STREETS AND HIGHWAYS" (MUTCD- LATEST EDITION) AND FLORIDA DEPARTMENT OF TRANSPORTATION "STANDARD PLANS" (LATEST EDITION).
- THE MINIMUM TEMPORARY LANE WIDTH ALLOWED WILL BE 10 FEET.
- CONTRACTOR SHALL NOTIFY THE LOCAL AUTHORITIES HAVING JURISDICTION (ENGINEERING, LAW ENFORCEMENT, EMERGENCY SERVICES, SCHOOL BOARD, ETC.) AND THE ENGINEER OF RECORD A MINIMUM OF 24 HOURS IN ADVANCE OF ANY PROPOSED LANE CLOSURES AND/OR DETOURS.
- TEMPORARY REFLECTIVE PAVEMENT MARKERS SHALL BE PROVIDED ON ALL TEMPORARY LANE LINES AND MEDIAN EDGE LINES IN ACCORDANCE WITH FDOT INDEXES.
- ALL TRAFFIC LANES MUST REMAIN OPEN FOR TRAFFIC DURING A HURRICANE EVACUATION NOTICE OR OTHER CATASTROPHIC EVENTS AND SHALL REMAIN OPEN FOR THE DURATION OF THE EVACUATION / EVENT AS DIRECTED BY THE ENGINEER OF RECORD OR LOCAL JURISDICTION.
- THE CONTRACTOR SHALL MAINTAIN AND KEEP STREET NAME IDENTIFICATION VISIBLE DURING CONSTRUCTION OPERATIONS IN ORDER TO FACILITATE EMERGENCY VEHICLE TRAFFIC.
- THE CONTRACTOR SHALL PROVIDE AT LEAST THREE (3) DAYS ADVANCE WRITTEN NOTICE TO PROPERTY OWNER'S IMPACTED BY PROPOSED TEMPORARY CLOSURE OR RELOCATION OF EXISTING DRIVEWAYS.

SIGNING AND PAVEMENT MARKING NOTES:

- ALL TRAFFIC CONTROL MARKINGS AND DEVICES SHALL CONFORM TO THE PROVISIONS SET FORTH IN THE "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES" (MUTCD) PREPARED BY THE U.S. DEPARTMENT OF TRANSPORTATION FEDERAL HIGHWAY ADMINISTRATION (LATEST EDITION) AND THE "FDOT STANDARD PLANS" (LATEST EDITION).
- ALL FLORIDA ROUTE MARKERS MUST CONFORM TO FDOT DESIGN STANDARDS INDEX 700-102.
- PAVEMENT MARKINGS SHALL BE PLACED AS SHOWN IN THE PLANS AND THE APPROPRIATE FDOT DESIGN STANDARDS INDEX. ANY DISCREPANCIES SHALL BE BROUGHT TO THE ATTENTION OF THE ENGINEER OF RECORD IN WRITING.
- IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO VERIFY THE LENGTH OF COLUMN (POST) SUPPORTS IN THE FIELD PRIOR TO FABRICATION. COLUMN HEIGHTS AND DIMENSION SHALL CONFORM TO FDOT STANDARDS.
- RAISED PAVEMENT MARKERS (RPM'S) SHALL BE INSTALLED PER FDOT INDEX 706-001.
- PAINT ALL MEDIAN NOSES AND RAISED ISLAND NOSES REFLECTIVE WHITE OR REFLECTIVE YELLOW (COLOR INDICATED IN THE PLANS). ABSENCE OF A CALLOUT RELATED TO THIS DETAIL DOES NOT ELIMINATE THIS REQUIREMENT.
- CAUTION MUST BE EXERCISED WHILE RELOCATING EXISTING SIGNS SO AS TO PREVENT DAMAGE TO THE SIGNS. IF THE SIGNS ARE DAMAGED BEYOND USE, AS DETERMINED BY THE ENGINEER OR LOCAL AGENCY HAVING JURISDICTION THEN THEY SHALL BE REPLACED BY THE CONTRACTOR AT THEIR EXPENSE. IF SIGNS ARE IN POOR CONDITION PRIOR TO REMOVAL, THE ENGINEER OF RECORD AND OWNER SHALL BE NOTIFIED IN WRITING AND ADVISED OF ANY POTENTIAL CHANGE ORDER.
- ANY EXISTING SIGN TO REMAIN THAT ARE DISTURBED DURING CONSTRUCTION OR RELOCATED SHALL BE RESET TO CURRENT FDOT STANDARDS FOR HEIGHT, OFFSET, AND METHOD OF INSTALLATION. IF THE EXISTING SIGN CANNOT BE RELOCATED DURING THE CONSTRUCTION IMPROVEMENTS, THE CONTRACTOR SHOULD TAKE CAREFUL PRECAUTION TO STORE AND PROTECT THE EXISTING SIGN UNTIL THE SIGN CAN BE INSTALLED AT ITS FINAL LOCATION. COST OF THIS WORK SHALL BE REFLECTED IN THE BID ITEM FOR RELATED WORK.
- THE SIGN LOCATIONS SHOWN ON THE PLANS ARE SCHEMATIC. ACTUAL SIGNS SHOULD BE INSTALLED IN ACCORDANCE WITH MUTCD PLACEMENT CRITERIA OR AS DIRECTED BY EITHER THE AUTHORITY HAVING JURISDICTION OR THE ENGINEER OF RECORD.
- ALL ROUTE MARKER AUXILIARIES SHALL MATCH THE COLOR COMBINATION OF THE RESPECTIVE MARKER WHICH THEY SUPPLEMENT.
- CONTRACTOR SHALL USE W-SHAPE STEEL POSTS FOR MULTI-POST SIGNS. ALL COLUMNS (POSTS) FOR SINGLE COLUMN SIGNS SHALL BE ALUMINUM ROUND TUBE (UNLESS OTHERWISE NOTED IN THE PLANS OR REQUIRED BY THE LOCAL JURISDICTION).
- ANY EXISTING MULTI-POST AND OVERHEAD SIGNS WITHIN THE PROJECT LIMITS SHALL REMAIN UNLESS OTHERWISE NOTED IN THE PLANS.
- ALL SINGLE COLUMN SIGNS WITHIN THE LIMITS OF CLEARING AND GRUBBING SHALL BE REMOVED UNLESS OTHERWISE NOTED IN THE PLANS.
- THE CONTRACTOR SHALL APPLY THERMOPLASTIC AS THE FINAL ROADWAY TRAFFIC STRIPES AND MARKINGS A MINIMUM OF 14 DAYS AFTER THE FIRST APPLICATION OF PAINT BUT PRIOR TO FINAL ACCEPTANCE OF THE PROJECT. THERMOPLASTIC SHALL BE LEAD-FREE, NON-SOLVENT BASED, COMPLIANT WITH SECTION 711-001 OF THE STANDARD SPECIFICATIONS, AND LISTED ON APL.
- ON CONCRETE SURFACES, INCLUDING BRIDGE DECKS, ALL SKIP STRIPE PAVEMENT MARKINGS SHALL BE ALTERNATE WHITE (THERMOPLASTIC) AND BLACK (PAINT) (10' WHITE/10' BLACK/20' SKIP).
- PARKING LOT STRIPING AND SIGNAGE SHALL CONFORM TO FDOT STANDARDS. REGULAR PARKING SPACE STRIPES SHALL BE 4-INCH WIDE WHITE PAINT (UNLESS OTHERWISE SPECIFIED). HANDICAPPED PARKING SPACES SHALL BE STRIPED IN ACCORDANCE WITH FDOT INDEX 711-001 EXCEPT BLUE PAINTED STRIPE SHALL BE 4-INCH WIDE. STOP BARS, CROSS WALKS, PAVEMENT ARROWS, AND PAVEMENT TEXT SHALL BE WHITE THERMOPLASTIC (UNLESS OTHERWISE SPECIFIED) THERMOPLASTIC SHALL BE LEAD-FREE, NON-SOLVENT BASED, COMPLIANT WITH SECTION 711 OF THE STANDARD SPECIFICATIONS, AND LISTED ON APL. PAINTED PAVEMENT MARKINGS SHALL COMPLY WITH SECTION 710 OF THE STANDARD SPECIFICATIONS, INCLUDE TWO COATS APPLIED 14 DAYS APART, AND BE LISTED ON APL. WHEN STRIPING WITH WHITE ON CONCRETE SURFACES THE CONTRACTOR SHALL APPLY BLACK PAINT FIRST ON THE PAVEMENT PRIOR TO PAINTING WHITE STRIPING.
- ACCESSIBLE PARKING SPACES, CROSSWALKS, STRIPING, AND ARROWS SHALL BE MARKED AND SIGNED IN ACCORDANCE WITH FDOT INDEX 711-001 (UNLESS OTHERWISE NOTED).
- ALL PAVEMENT MARKING TO BE REMOVED SHALL BE PERFORMED BY HYDROBLASTING (UNLESS PROHIBITED BY THE AHJ).

SAFETY NOTES:

- DURING THE CONSTRUCTION AND MAINTENANCE OF THIS PROJECT, ALL SAFETY REGULATIONS ARE TO BE ENFORCED. THE CONTRACTOR OR HIS REPRESENTATIVE SHALL BE RESPONSIBLE FOR THE CONTROL AND SAFETY OF THE TRAVELING PUBLIC AND THE SAFETY OF HIS/HER PERSONNEL.
- CONTRACTOR SHALL COMPLY WITH ALL OCCUPATION SAFETY AND HEALTH REGULATIONS AS WELL AS THE ENVIRONMENTAL PROTECTION LAWS. LABOR SAFETY REGULATIONS SHALL CONFORM TO THE PROVISIONS SET FORTH BY OSHA IN THE FEDERAL REGISTER OF THE DEPARTMENT OF TRANSPORTATION.
- NEITHER THE ENGINEER OF RECORD NOR OWNER ARE RESPONSIBLE FOR PROJECT SAFETY.
- THE CONTRACTOR'S MAINTENANCE OF TRAFFIC (MOT) PLAN MUST BE PREPARED BY A PROFESSIONAL WITH FDOT ADVANCED MOT CERTIFICATION. THE PLAN MUST THEN BE SUBMITTED AND APPROVED BY APPLICABLE GOVERNING AGENCIES PRIOR TO BEGINNING ANY CONSTRUCTION ACTIVITIES WITHIN OR IMMEDIATELY ADJACENT TO THE EXISTING RIGHT-OF-WAY.
- CONTRACTOR SHALL PROVIDE AND MAINTAIN THEIR OWN SAFETY EQUIPMENT IN ACCORDANCE WITH ITS HEALTH & SAFETY PROGRAM AND ALL OTHER APPLICABLE LEGAL AND HEALTH AND SAFETY REQUIREMENTS. THE CONTRACTOR IS ALSO RESPONSIBLE FOR PROVIDING ITS EMPLOYEES AND SUBCONTRACTORS WITH ADEQUATE INFORMATION AND TRAINING TO ENSURE THAT ALL EMPLOYEES AND SUBCONTRACTORS AND SUBCONTRACTOR'S EMPLOYEES COMPLY WITH ALL APPLICABLE SAFETY CODE REQUIREMENTS.
- ALL EXCAVATIONS BY THE CONTRACTOR SHALL CONFORM TO THE REQUIREMENTS OF THE DEPARTMENT OF LABOR'S OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION RULES AND REGULATIONS AND FLORIDA TRENCH SAFETY ACT.
- THE CONTRACTOR SHALL EXERCISE EXTREME CAUTION IN AREAS OF BURIED UTILITIES AND SHALL PROVIDE AT LEAST 48 HOURS NOTICE TO THE UTILITY COMPANIES PRIOR TO CONSTRUCTION TO OBTAIN FIELD LOCATIONS OF EXISTING UNDERGROUND UTILITIES. CALL SUNSHINE 811 BEFORE YOU DIG.
- IT SHALL BE THE SOLE RESPONSIBILITY OF THE CONTRACTOR TO COMPLY WITH AND ENFORCE ALL APPLICABLE SAFETY REGULATIONS. THE ABOVE INFORMATION HAS BEEN PROVIDED FOR THE CONTRACTOR'S INFORMATION ONLY AND DOES NOT IMPLY THAT THE OWNER OR ENGINEER WILL INSPECT AND/OR ENFORCE SAFETY REGULATIONS.

1. STORM ELEVATIONS PER SURVEY 06-30-2023
2. UTILITY LOCATIONS PER SURVEY 06-30-2023
AND SUE LEVEL-A 11-15-2023 AND 11-29-2023

1. THE INSTALLATION OF TEMPORARY EROSION CONTROL BARRIERS SHALL BE COORDINATED WITH THE CONSTRUCTION OF THE PERMANENT EROSION CONTROL FEATURES TO THE EXTENT NECESSARY TO ASSURE ECONOMICAL, EFFECTIVE AND CONTINUOUS CONTROL OF EROSION AND WATER POLLUTION THROUGHOUT THE LIFE OF THE CONSTRUCTION PHASE.
2. THE TYPE OF EROSION CONTROL BARRIERS USED SHALL BE GOVERNED BY THE NATURE OF THE CONSTRUCTION OPERATION AND SOIL TYPE THAT WILL BE EXPOSED. SILTY AND CLAYEY MATERIAL USUALLY REQUIRE SOLID SEDIMENT BARRIERS TO PREVENT TURBID WATER DISCHARGE, WHILE SANDY MATERIAL MAY NEED ONLY SILT SCREENS OR HAY BALES TO PREVENT EROSION. FLOATING TURBIDITY CURTAINS SHALL BE USED IN OPEN WATER SITUATIONS. DIVERSION DITCHES OR SWALES MAY BE REQUIRED TO PREVENT TURBID STORM WATER RUNOFF FROM BEING DISCHARGED TO WETLANDS OR OTHER WATER BODIES. IT MAY BE NECESSARY TO EMPLOY A COMBINATION OF BARRIERS, DITCHES AND OTHER EROSION/TURBIDITY CONTROL MEASURES IF CONDITIONS WARRANT.
3. THE CONTRACTOR SHALL SCHEDULE HIS OPERATIONS SUCH THAT THE AREA OF UNPROTECTED ERODIBLE EARTH EXPOSED AT ANY ONE TIME IS NOT LARGER THAN THE MINIMUM AREA NECESSARY FOR EFFICIENT CONSTRUCTION OPERATIONS, AND THE DURATION OF EXPOSED, INCOMPLETE CONSTRUCTION OF THE ELEMENTS SHALL BE AS SHORT AS PRACTICABLE. CLEARING AND GRUBBING SHALL BE SO SCHEDULED AND PERFORMED THAT GRADING OPERATIONS CAN FOLLOW IMMEDIATELY THEREAFTER, AND GRADING OPERATIONS SHALL BE SCHEDULED AND PERFORMED THAT PERMANENT EROSION CONTROL FEATURES CAN FOLLOW IMMEDIATELY THEREAFTER IF CONDITIONS ON THE PROJECT PERMIT.
4. THE CONTRACTOR AND/OR OWNER'S REPRESENTATIVE SHALL PROVIDE ROUTINE MAINTENANCE OF PERMANENT AND TEMPORARY EROSION CONTROL FEATURES UNTIL THE PROJECT IS COMPLETE AND ALL BARED SOILS ARE STABILIZED.
5. ALL GREEN AND/OR DISTURBED AREAS TO BE SODDED/RESODDED WITH LIKE SOD.
6. ANY SOD PLACED ON SLOPES EXCEEDING 3:1 TO BE ANCHORED BY STAKES, NETS, AND/OR ENGINEER'S APPROVED METHOD.
7. REQUIRED TREE BARRICADES AND EROSION CONTROL MUST REMAIN INTACT THROUGHOUT CONSTRUCTION. ENCROACHMENT INTO OR FAILURE TO MAINTAIN THESE BARRICADES WILL RESULT IN ENFORCEMENT ACTION WHICH MAY INCLUDE CITATIONS AND/OR PERMIT REVOCATION AS PROVIDED BY LOCAL JURISDICTION

1. CONTRACTOR SHALL INSTALL EROSION CONTROL DEVICES PRIOR TO ANY OTHER CONSTRUCTION ACTIVITIES. THE DEVICE SHALL BE INSTALLED IN THE LOCATIONS ON THE DRAWINGS AND ANYWHERE ELSE THERE IS A POTENTIAL FOR EROSION AS SEDIMENT TO EXIT THE WORK AREA.
2. CONTRACTOR SHALL INSPECT INSTALLED EROSION CONTROL DEVICE WEEKLY DURING CONSTRUCTION AND AFTER HEAVY RAINS FOR DAMAGE. MAINTENANCE SHALL INCLUDE CLEANING BUILT-UP SEDIMENT BEHIND THE BARRIERS AND/OR REPLACING DAMAGED SECTIONS.
3. THE EROSION CONTROL DEVICE SHALL BE MAINTAINED BY THE CONTRACTOR UNTIL A PERMANENT STAND OF GRASS (OR OTHER PERMANENT STABILIZATION) IS ESTABLISHED.

NTS

ALL TREE ROOTS EXISTING WITHIN APPROVED IMPROVEMENT AREAS AND ORIGINATING FROM A PROTECTED TREE, SHALL BE SEVERED CLEAN AT THE LIMITS OF THE PRESERVED AREA WHERE INDICATED ON APPROVED CONSTRUCTION PLANS. ROOT PRUNING EQUIPMENT SELECTED WILL BE EQUIVALENT TO A DOSKO ROOT CUTTER. CONTACT NATURAL RESOURCES AT (727) 367-2735 TO SCHEDULE A ROOT PRUNING INSPECTION, PREFERABLY THE SAME DAY, PRIOR TO BACKFILLING THE AFFECTED ROOTS.

The first two steps are the most important. The first step is to identify the problem. The second step is to define the problem. The third step is to identify the causes of the problem. The fourth step is to identify the effects of the problem. The fifth step is to identify the stakeholders involved in the problem. The sixth step is to identify the resources available to solve the problem. The seventh step is to identify the constraints on the problem. The eighth step is to identify the risks associated with the problem. The ninth step is to identify the opportunities associated with the problem. The tenth step is to identify the solutions to the problem.

PAVING & GRADING NOTES

- A.

ALL DELETERIOUS SUBSURFACE MATERIAL (I.E. MUCK, PEAT, BURIED DEBRIS) IS TO BE EXCAVATED IN ACCORDANCE WITH THESE PLANS OR AS DIRECTED BY THE OWNER, THE OWNER'S ENGINEER, OR OWNER'S SOIL TESTING COMPANY. DELETERIOUS MATERIAL IS TO BE STOCKPILED OR REMOVED FROM THE SITE AS DIRECTED BY THE OWNER. EXCAVATED AREAS TO BE BACK FILLED WITH APPROVED MATERIALS AND COMPACTED AS SHOWN ON THESE PLANS. CONTRACTOR IS RESPONSIBLE FOR ACQUIRING ANY PERMITS THAT ARE NECESSARY FOR REMOVING DELETERIOUS MATERIAL FROM THE SITE. ENGINEER SHALL BE NOTIFIED OF ANY MATERIAL ENCOUNTERED.

B.

THE CONTRACTOR SHALL NOT SOCK PILE ANY DEBRIS, AND SOIL NEAR THE PROTECTIVE WETLAND AREAS OR PROTECTED TREES. THE CONTRACTOR SHALL NOTIFY THE OWNER AND ENGINEER REGARDING THE TEMPORARY STOCKPILE LOCATIONS FOR APPROVAL.

C.

THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROTECTING TRENCH EXCAVATIONS AGAINST COLLAPSE AND SHALL PROVIDE BRACING, SHEETING OR SHORING AS NECESSARY. DEWATERING METHODS SHALL BE USED AS REQUIRED TO KEEP TRENCHES DRY WHILE PIPE AND APPURTENANCES ARE BEING PLACED.

D.

ALL NECESSARY FILL AND EMBANKMENT THAT IS PLACED DURING CONSTRUCTION SHALL CONSIST OF MATERIAL SPECIFIED BY THE OWNER'S SOIL TESTING COMPANY OR ENGINEER AND SHALL BE PLACED AND COMPACTED ACCORDING TO THESE PLANS OR THE REFERENCED SOILS REPORT. THE CONTRACTOR IS RESPONSIBLE FOR ENSURING THAT ALL CONSTRUCTION ACTIVITIES, WHICH INCLUDE BUT ARE NOT LIMITED TO EARTHWORK ACTIVITIES, SUB GRADE PREPARATION, ETC. CONFORM TO THE GEOTECHNICAL REPORT.

E.

THE CONTRACTOR SHALL NOTIFY THE OWNER AND ENGINEER OF RECORD IMMEDIATELY IF UNSUITABLE SOIL IS ENCOUNTERED DURING EXCAVATION. UNSUITABLE SOIL SHALL NOT BE USED ON-SITE WITHOUT WRITTEN CONSENT FROM THE OWNER AND ENGINEER OF RECORD.

F.

CONTRACTOR IS TO PROVIDE EROSION CONTROL AND SEDIMENTATION BARRIERS IN ACCORDANCE WITH THE APPROVED EROSION CONTROL PLAN. ADDITIONAL EFFORTS MAY BECOME NECESSARY AS A RESULT OF THE MEANS AND METHODS OF CONSTRUCTION IN ORDER TO PREVENT SILTATION OF ADJACENT PROPERTY, STREETS, STORM SEWERS AND WATERWAYS. IF, IN THE OPINION OF THE ENGINEER OR LOCAL AUTHORITIES, EXCESSIVE QUANTITIES OF EARTH ARE BEING TRANSPORTED OFF-SITE EITHER BY NATURAL DRAINAGE OR BY VEHICULAR TRAFFIC, THE CONTRACTOR IS TO REMOVE SAID EARTH TO THE SATISFACTION OF THE ENGINEER OF RECORD AND THE LOCAL AUTHORITIES.

G.

THE CONTRACTOR SHALL CONSTRUCT A TEMPORARY GRAVEL DRIVEWAY ENTRANCE IN ACCORDANCE WITH FDEP REQUIREMENTS FOR EROSION CONTROL AND IN ACCORDANCE WITH FDOT ROAD AND BRIDGE SPECIFICATION MANUAL. THE TEMPORARY CONSTRUCTION ENTRANCE SHALL BE NO LESS THAN 18'X 60'X 8" AND MAY BE LARGER DEPENDING ON THE AREA OF THE PROJECT, THE SIZE AND AMOUNT OF TRUCK TRAFFIC OR AS DIRECTED BY THE LOCAL GOVERNING AGENCY OR AS INDICATED ON THESE CONSTRUCTION PLANS OR THE APPROVED EROSION CONTROL PLAN.

H.

IF WIND EROSION BECOMES SIGNIFICANT DURING CONSTRUCTION, THE CONTRACTOR SHALL STABILIZE THE AFFECTED AREA USING WATER BY: WATER TANK TRUCK (SPRINKLING), IRRIGATION OR OTHER ACCEPTABLE MEANS OR METHODS.

I.

REFER TO EROSION CONTROL NOTES AND EROSION CONTROL FENCING DETAIL FOR ADDITIONAL INFORMATION.

J.

REFER TO THE LATEST EDITION OF F.D.O.T. DESIGN STANDARDS FOR ADDITIONAL DETAILS AND SPECIFICATIONS. ANY REFERENCE TO "FDOT", "FDOT INDEX" OR "STANDARD INDEX" INCLUDED IN THIS PLAN SET REFERS TO THIS MANUAL.

K.

ALL MATERIALS SHALL CONFORM TO FDOT STANDARDS

L.

PROPOSED SPOT ELEVATIONS REPRESENT FINISHED PAVEMENT OR GROUND SURFACE GRADE UNLESS OTHERWISE NOTED ON DRAWINGS.

M.

CONTRACTOR SHALL PROVIDE A SMOOTH PAVEMENT TRANSITION BY SAW CUTTING AND REMOVING EXISTING PAVEMENT, MILLING, TACK COATING SURFACE AND MATCHING THE EXISTING PAVEMENT AT LOCATIONS WHERE NEW PAVEMENT MEETS EXISTING PAVEMENT. TRANSITION SHALL NOT BE LESS THAN 36" OR AS OTHERWISE SHOWN ON THE CONSTRUCTION PLANS OR REQUIRED BY LOCAL AGENCY.

N.

THE CONTRACTOR IS RESPONSIBLE FOR COORDINATING APPLICABLE SOILS AND PAVEMENT BASE TESTING. CONTRACTOR SHALL REVIEW AND SUBMIT TESTING REPORTS TO OWNER'S ENGINEER ON A WEEKLY BASIS. TESTS WILL BE REQUIRED PURSUANT WITH THE TESTING SCHEDULE REQUIRED BY THE GOVERNMENTAL AGENCY HAVING JURISDICTION OVER THIS WORK. UPON THE COMPLETION OF THIS WORK THE GEOTECHNICAL ENGINEER WILL SUBMIT CERTIFICATIONS TO THE OWNER'S ENGINEER STATING THAT ALL REQUIREMENTS HAVE BEEN MET. CONTRACTOR IS RESPONSIBLE FOR IMMEDIATELY CORRECTING ANY DEFICIENCIES FOUND BY THE TESTING.

O.

A QUALIFIED TESTING LABORATORY SELECTED OR APPROVED BY THE OWNER SHALL PERFORM ALL TESTING NECESSARY TO ASSURE COMPLIANCE OF THE IN PLACE MATERIALS AS REQUIRED BY THESE PLANS, SPECIFICATIONS AND THE VARIOUS AGENCIES. SHOULD ANY RETESTING BE REQUIRED DUE TO THE FAILURE OF ANY TESTS TO MEET THE MINIMUM REQUIREMENTS, THE CONTRACTOR SHALL BEAR ALL COSTS OF SAID RETESTING.

P.

MIXING IN PLACE OF SOIL CEMENT WILL NOT BE ALLOWED.

Q.

CONTRACTOR SHALL FINISH ALL EXPOSED BACK OF CURB FOR SURFACE IMPERFECTION (PITTED HOLES OR CREVICES).

R.

COMPACTED SUB-GRADE SHALL BE MECHANICALLY MIXED FOR STABILIZATION TO THE SPECIFIED DEPTH PRIOR TO GRADING, COMPACTION AND TESTING.

S.

CONTRACTOR TO PROVIDE A 1/2" TO 1" WIDE BITUMINOUS EXPANSION JOINT MATERIAL BETWEEN ANY CONCRETE OR SIMILAR SURFACES POURED OR PLACED DURING SEPARATE OCCURRENCES. THE EXPANSION JOINT MATERIAL MUST MATCH THE HEIGHT OR DEPTH OF THE SIDEWALK OR PAVEMENT CROSS SECTION.

T.

AN APPROVED PAVEMENT SEALER SHALL BE USED AT ABUTMENT OF CONCRETE WITH OTHER RELATED MATERIALS (CURB, BRICK, BLOCK, ETC.) OR AS DIRECTED BY THE ENGINEER OF RECORD.

U.

THE CONTRACTOR WILL STABILIZE ALL DISTURBED GROUND BY SEEDING/MULCHING, SOD OR OTHER APPROVED MATERIALS. SODDING AREAS SHALL BE AS INDICATED ON THE CONSTRUCTION PLANS AND/OR SPECIFICATIONS OR AS DIRECTED BY OWNER DURING BIDDING PROCESS. REFER TO "SODDING NOTES" FOR ADDITIONAL DETAILS. ANY DISTURBED AREAS SHALL BE ADDRESSED WITHIN ONE WEEK (OR SOONER) FOLLOWING CONSTRUCTION OF THE UNDERLYING ACTIVITY. THE CONTRACTOR SHALL MAINTAIN SUCH AREAS BY REPAIRING AND WATERING SOD OR SEEDED AREAS UNTIL THE AREA IS STABLE AND EROSION FREE.

V.

LIMITS OF SOD WITHIN STORMWATER PONDS SHALL BE WATER LEVEL AT TIME OF SODDING OR 2-FOOT BELOW THE DESIGN SEASONAL HIGH WATER LEVEL (SHW) AS SHOWN ON THE PLANS, WHICHEVER IS LOWER.

W.

THE CONTRACTOR SHALL TAKE MEASURES TO PREVENT EROSION OF THE POND BANKS AND OTHER DISTURBED AREAS. ANY DAMAGE FROM FAILURE TO ADEQUATELY STABILIZE, PROTECT OR MAINTAIN THESE AREAS SHALL BE THE SOLE RESPONSIBILITY OF THE CONTRACTOR. NEITHER THE ENGINEER OF RECORD NOR THE OWNER ARE RESPONSIBLE FOR THE MEANS AND METHODS OF ADEQUATELY STABILIZING THE PROJECT.

X.

THE CONTRACTOR SHALL NOT ALTER THE EXISTING HISTORICAL DRAINAGE PATTERNS IN REGARDS TO THE EXISTING PAVING CROSS SECTIONS, SIDEWALKS AND GRASS SWALES ON OR ADJACENT TO THE PROJECT UNLESS OTHERWISE DEPICTED ON THE CONSTRUCTION PLANS.
- DRAINAGE NOTES
- A.

STANDARD INDEXES REFER TO THE LATEST EDITION OF FDOT "ROADWAY AND TRAFFIC DESIGN STANDARDS" aka "DESIGN STANDARDS" AND/OR "FDOT INDEX". REFER TO THIS MANUAL FOR ADDITIONAL DETAILS AND INFORMATION NOT SHOWN OR REFERENCED ON THESE PLANS.

B.

ALL STORM SEWER PIPE SHALL BE CLASS III (ASTM C-76) UNLESS OTHERWISE NOTED ON PLANS.

C.

ALL DRAINAGE STRUCTURES SHALL BE IN ACCORDANCE WITH FDOT INDEX UNLESS OTHERWISE NOTED ON PLANS. STRUCTURE BOTTOM SIZES SHALL BE ADJUSTED OR MODIFIED PER FDOT INDEX WHEN LARGER PIPES ARE INDICATED.

D.

STORM STRUCTURES MAY NOT INDICATE THE NEED FOR SPECIALTY SIZING (I.E. J BOTTOMS). IT IS THE CONTRACTOR AND PRE-CASTERS RESPONSIBILITY TO PROVIDE ADEQUATE STRUCTURES MEETING THE APPLICABLE REQUIREMENTS AND SHALL BE INCLUDED IN THE BID.

E.

ALTERNATIVE DRAINAGE PIPE MATERIALS AND SUBSTITUTIONS MUST BE LISTED AS A BID ALTERNATE MATERIAL DURING THE INITIAL BIDDING PHASE FOR CONSIDERATION. SUBSTITUTION OF PIPE MATERIALS DURING THE CONSTRUCTION PHASE IS NOT PERMISSIBLE WITHOUT SPECIFIC WRITTEN APPROVAL FROM THE ENGINEER OF RECORD AND OWNER. THE USE OF PLASTIC STORMWATER PIPE MATERIALS (PVC, HDPE, ETC) SHALL REQUIRE THE USE OF WATERTIGHT BOOTED CONNECTIONS AT ALL STORMWATER STRUCTURES. NO GROUTING OF STRUCTURE OPENINGS WILL BE PERMITTED WHEN USING FLEXIBLE PIPE MATERIALS.

F.

PIPE LENGTHS SHOWN ARE APPROXIMATE AND MEASURED TO CENTER OF DRAINAGE STRUCTURE WITH THE EXCEPTION OF MITERED END SECTION (MES) AND FLARED END SECTION (FES) WHICH ARE NOT INCLUDED IN LENGTHS. THE CONTRACTOR SHALL VERIFY ALL QUANTITIES AS SHOWN ON THE PLANS OR BID SCHEDULE (IF PROVIDED BY OWNER) PRIOR TO FINALIZING THEIR SUBMITTAL OF BIDS/PROPOSAL, AND INFORM THE ENGINEER OF ANY DISCREPANCIES.

G.

ALL STORM DRAINAGE PIPING SHALL BE SUBJECT TO A VISUAL INSPECTION BY THE OWNER'S ENGINEER OR ENGINEER'S REPRESENTATIVE PRIOR TO THE PLACEMENT OF BACK FILL.

H.

THE CONTRACTOR MUST PROVIDE CCTV VIDEO (IN DVD FORMAT) OF THE NEWLY CONSTRUCTED STORMWATER PIPELINE FOR REVIEW AND ACCEPTANCE. THE CONTRACTOR SHALL PROVIDE AT LEAST 48 HOURS NOTIFICATION TO THE ENGINEER AND TO THE APPLICABLE AGENCIES TO SCHEDULE INSPECTIONS. PRIOR TO SUBMITTING VIDEOS TO THE ENGINEER FOR REVIEW, THE CONTRACTOR SHALL REVIEW THE VIDEOS FIRST FOR DISCREPANCIES AND FOR COMPLETENESS TO MAKE SURE THAT ALL PIPELINE SECTIONS ARE INCLUDED.

I.

THE CONTRACTOR SHALL PROVIDE EROSION CONTROL TO MAINTAIN AND PROTECT THE STORM DRAINAGE SYSTEM FROM MUD, DIRT, DEBRIS, ETC. THE SYSTEM SHALL BE PROTECTED UNTIL THE ADJACENT LAND AREAS ARE DEEMED STABLE AND WRITTEN FINAL ACCEPTANCE OF THE PROJECT HAS BEEN PROVIDED. THE CONTRACTOR MAY BE REQUIRED TO PRESSURE CLEAN PIPES AND INLETS FOR THESE PURPOSES.

J.

ALL FDOT DITCH BOTTOM INLETS IN THE PROPOSED PAVEMENT AREAS AND WITHIN THE DESIGNATED EASEMENTS OR PUBLIC ROW SHALL BE MODIFIED FOR TRAFFIC BEARING WITH HOT DIPPED GALVANIZED STEEL GRATES AND METAL ANGLE FRAMES SUPPORT FOR GRATES. ANGLE FRAME SHALL BE PART OF THE PRECAST CONCRETE STRUCTURES, INDICATED ON THE SHOP DRAWINGS AND THE PRECAST SHALL BE ACCORDANCE WITH FDOT SPECIFICATIONS.

K.

ALL DRAINAGE STRUCTURE STEEL GRATES AND COVERS TO BE TRAFFIC RATED FOR A MINIMUM H-20 LOADING.

L.

ALL MITERED END SECTIONS FOR SIDE DRAIN PIPES AT DRIVEWAY ENTRANCES ON COUNTY OR FDOT ROADWAYS MUST BE CONSTRUCTED WITH A CONCRETE TOE FOUNDATION IN ACCORDANCE WITH FDOT INDEX 273.

M.

NO POND/LAKE EXCAVATION (FOR ANY PURPOSE) SHALL EXTEND BEYOND OR BELOW THE PERMITTED DESIGN DEPTHS/ELEVATIONS SHOWN ON THE DRAWINGS. NO LOWER SEMI-CONFINING UNIT CLAYEY MATERIALS AND NO WEATHERED LIMESTONE MATERIALS SHALL BE EXCAVATED, REGARDLESS IF THESE MATERIALS ARE ENCOUNTERED WITHIN THE PERMITTED EXCAVATION DEPTHS/ELEVATIONS SHOWN ON THE PLANS. TEMPORARY DEWATERING DITCHES OR SUMPS (FOR POND/LAKE EXCAVATION) SHALL NOT EXTEND BELOW THE PERMITTED DESIGN DEPTHS/ELEVATIONS SHOWN ON THE DRAWINGS. IF ANY LOWER SEMI-CONFINING UNIT CLAYEY MATERIALS OR WEATHERED LIMESTONE MATERIALS ARE ENCOUNTERED ABOVE THE PERMITTED EXCAVATION DEPTHS/ELEVATIONS, THEN EXCAVATION OPERATIONS IN THAT POND/LAKE AREA SHALL IMMEDIATELY CEASE IN THE GENERAL AREA, AND THE GEOTECHNICAL CONSULTANT AND ENGINEER OF RECORD SHALL BE NOTIFIED TO PROVIDE SUBSEQUENT EVALUATIONS / RECOMMENDATIONS, AS APPROPRIATE, WHICH SHALL BE IMPLEMENTED BY THE CONTRACTOR. EPC (OR FDEP) MUST BE CONTACTED PRIOR TO ANY EXCAVATION OF CLAYS OR EXCEEDING THE PERMITTED EXCAVATION DEPTH.

STRUCTURAL FILL UNDER SUBGRADE NOTES

1.

STRUCTURAL FILL UNDER SUBGRADE SHALL BE COMPACTED TO A UNIFORM DENSITY OF NO LESS THAN 98% OF THE MODIFIED PROCTOR MAXIMUM DRY DENSITY PER ASTM D-1557 IN LIFTS NOT EXCEEDING 12".

2.

IF EXISTING SUBGRADE CANNOT OBTAIN LBR 40, MIXING MAY BE REQUIRED.

3.

MODIFICATIONS TO THE PAVEMENT SECTION MUST BE APPROVED BY THE ENGINEER PRIOR TO CONSTRUCTION

4.

ASPHALT MIX DESIGN MUST MEET CURRENT FDOT ROAD AND BRIDGE SPECIFICATIONS

NOTE
TYPE D CURB TO BE CONSTRUCTED IN
ACCORDANCE WITH FDOT INDEX 520-001

GENERAL NOTES

1. U-TYPE CONCRETE ENDWALL ENERGY DISSIPATOR IS TO BE CONSTRUCTED PER STANDARD PLANS 430-012 EXCEPT AS MODIFIED BY THESE PLANS.
2. CHAMFER ALL EXPOSED EDGES 3/4".
3. CONCRETE SHALL BE CLASS IV, EXCEPT ASTM C478 (4000 PSI) CONCRETE MAY BE SUBSTITUTED FOR PRECAST ITEMS MANUFACTURED IN PLANTS MEETING THE REQUIREMENTS OF SECTION 449 OF THE SPECIFICATIONS.
4. REINFORCING STEEL SHALL HAVE 3" MIN. COVER.
5. ENDWALL TO BE PAID FOR UNDER THE CONTRACT UNIT PRICE FOR CLASS IV CONCRETE (ENDWALLS), CY AND REINFORCING STEEL (ROADWAY), LB. RIPRAP TO BE PAID FOR UNDER THE CONTRACT UNIT PRICE FOR RUBBLE RIPRAP (BANK & SHORE), CY. COST OF PLASTIC FILTER FABRIC TO BE INCLUDED IN THE CONTRACT UNIT PRICE FOR RIPRAP.
6. ALL BOLLARDS ARE 6" DIAMETER GROUT FILLED SCH 40 PVC PIPE WITH 8" EDGE TO EDGE SPACING.
7. BOLLARDS TO EXTEND 24" BELOW EXISTING GRADE.
8. THE STRUCTURE SHALL BE PLACED IN THE DRY. EXCAVATE TO FIRM SOIL AND BACKFILL AS NEEDED WITH NO. 57 STONE.
9. ALL JOINTS AROUND EACH EXISTING OUTFALL PIPE OPENING SHOULD BE SEALED WITH A NON-SHRINK GROUT COMPOUND.
10. THE SOLID COMPOSITE PILING SHALL BE MANUFACTURED WITH HDPE AND REINFORCED WITH FIBERGLASS ELEMENTS. PILING SHALL BE MOLDED IN ONE PIECE PER SPECIFIED SIZE IN THE PLANS. ALL MATERIALS WILL HAVE UV ADDITIVES TO PREVENT THE DETERIORATION OF THE PILING FROM EXPOSURE TO UV LIGHT. HDPE WILL BE MADE UP OF RECYCLED MATERIAL; BOTH POST INDUSTRIAL AND POST CONSUMER, EXCLUDING ADDITIVES AND COLORANTS. THE PILING WILL NOT ROT, SPLIT, CRACK, OR SPLINTER FOR A MINIMUM OF 50 YEARS. FINISHED PILINGS SHALL BE RESISTANT TO TERMITES, MARINE BORERS, SALT SPRAY, OIL, AND FUNGUS.

C-13

1. GENERAL NOTES

- 1.1. THE GOVERNING CODE FOR THIS PROJECT IS THE FLORIDA BUILDING CODE 7th EDITION (2020). THIS CODE PRESCRIBES WHICH EDITION OF EACH REFERENCE STANDARD APPLIES TO THIS PROJECT. UNLESS OTHERWISE NOTED, ALL WORK AND MATERIALS SHALL CONFORM WITH THE GOVERNING BUILDING CODE AND ALL OTHER APPLICABLE FEDERAL, STATE AND LOCAL CODES, STANDARDS, REGULATIONS AND LAWS.
- 1.2. THE CONTRACTOR SHALL COORDINATE ALL CONTRACT DOCUMENTS WITH FIELD CONDITIONS, DIMENSIONS, AND PROJECT SHOP DRAWINGS PRIOR TO CONSTRUCTION. DO NOT SCALE DRAWINGS, USE ONLY PRINTED DIMENSIONS. REPORT ANY DISCREPANCIES OR FIELD CONDITIONS ENCOUNTERED IN CONFLICT WITH THE DRAWINGS IN WRITING TO THE ARCHITECT AND/OR ENGINEER PRIOR TO PROCEEDING WITH WORK. DO NOT CHANGE SIZE OR LOCATION OF STRUCTURAL MEMBERS WITHOUT WRITTEN INSTRUCTIONS FROM THE ARCHITECT OR ENGINEER OF RECORD.
- 1.3. THE STRUCTURE SHOWN ON THESE DRAWINGS IS SELF-SUPPORTING ONLY IN ITS COMPLETED FORM. THE DESIGN, ADEQUACY, SAFETY AND STABILITY OR ERECTION BRACING, FORMWORK, SHORING, AND TEMPORARY SUPPORTS ARE THE SOLE RESPONSIBILITY OF THE CONTRACTOR.
- 1.4. DETAILS LABELED AS "TYPICAL" APPLY TO ALL SITUATIONS THAT ARE THE SAME OR SIMILAR TO THOSE SPECIFICALLY REFERENCED, WHETHER OR NOT THEY ARE KEYED IN AT EACH LOCATION.
- 1.5. THE CONTRACTOR SHALL PROTECT ADJACENT PROPERTY, HIS OWN WORK, AND THE GENERAL PUBLIC FROM HARM. THE CONTRACTOR IS SOLELY RESPONSIBLE FOR CONSTRUCTION MEANS AND METHODS, AND JOBSITE SAFETY INCLUDING ALL OSHA REQUIREMENTS. THE STRUCTURAL ENGINEER OF RECORD HAS NO AUTHORITY TO EXERCISE ANY CONTROL OVER ANY CONSTRUCTION PERSONNEL RELATED TO THEIR WORK OR ANY HEALTH OR SAFETY PRECAUTIONS.
2. SHOP DRAWING SUBMITTAL & REVIEW
- 2.1. SHOP DRAWINGS ARE REQUIRED FOR THE FOLLOWING ITEMS, AT A MINIMUM:
- REINFORCING BARS
CONCRETE MIX DESIGN
- 2.2. ALL SUBMISSIONS OF SHOP DRAWINGS FOR REVIEW SHALL BE MADE ELECTRONICALLY.
- 2.3. ALLOW TEN (10) WORKING DAYS FOR REVIEW OF EACH SHOP DRAWING COMMENCING THE NEXT WORKING DAY AFTER RECEIPT. CONTRACTOR SHALL PLAN SCHEDULE ACCORDINGLY TO ACCOMMODATE THIS REVIEW TIME.
- 2.4. SHOP DRAWINGS REVIEW IS FOR GENERAL CONFORMANCE WITH THE DESIGN CONCEPT. CORRECTIONS OR COMMENTS MADE ON THIS REVIEW DO NOT RELIEVE THE CONTRACTOR OF RESPONSIBILITY FOR ERRORS AND OMISSIONS, NOR FROM COMPLIANCE WITH THE PLANS AND SPECIFICATIONS. CORRECTIONS OR COMMENTS DO NOT AUTHORIZE AN INCREASE IN THE CONSTRUCTION BUDGET.
- 2.5. REVIEW OF SHOP DRAWINGS DOES NOT CONSTITUTE ACCEPTANCE OF DEVIATIONS FROM CONTRACT DOCUMENTS OR PREVIOUS SHOP DRAWING REVIEW COMMENTS UNLESS SPECIFICALLY NOTED THEREIN BY THE ENGINEER OF RECORD.
- 2.6. CONTRACTOR RESPONSIBILITIES PRIOR TO SUBMITTING A SHOP DRAWING OR ANY RELATED MATERIAL TO THE ENGINEER:
- 2.6.1. REVIEW EACH SUCH SUBMISSION FOR CONFORMANCE WITH THE MEANS, METHODS, TECHNIQUES, SEQUENCES AND OPERATIONS OF CONSTRUCTION, AND SAFETY PRECAUTIONS AND PROGRAMS INCIDENTAL THERETO WHICH ARE SOLELY THE RESPONSIBILITY OF THE CONTRACTOR.
- 2.6.2. REVIEW AND APPROVE EACH SET PRIOR TO SUBMISSION WHICH SHALL INCLUDE VERIFICATION OF ALL DIMENSIONS AND GENERAL CONFORMANCE WITH THE CONSTRUCTION DOCUMENTS.
- 2.7. THE CONTRACTOR IS FULLY RESPONSIBLE FOR ANY AND ALL CHANGES OR DELAYS CAUSED BY SUBMITTING INCOMPLETE SHOP DRAWINGS AND SHALL NOT BEGIN CONSTRUCTION OR FABRICATION WITHOUT RECEIPT OF REVIEWED SHOP DRAWINGS.

4. SOIL PROPERTIES & SUPERIMPOSED LOADS

MOIST UNIT WEIGHT	= 130 PCF
ANGLE OF INTERNAL FRICTION	= 30 DEGREES
ACTIVE PRESSURE COEF.	= 0.33
PASSIVE PRESSURE COEF.	= 3.00
COHESION	= 0 PSF

4. EARTHWORK FOR STRUCTURES

- 4.1. ALLOWABLE SOIL BEARING CAPACITY IS ASSUMED TO BE 2,000 PSF ON UNDISTURBED SOILS OR COMPACTED STRUCTURAL FILL. CONTRACTOR SHALL OBTAIN THE SERVICES OF A QUALIFIED GEOTECHNICAL ENGINEER TO PERFORM ALL NECESSARY TESTING, VERIFY THE BEARING CAPACITY OF THE SOILS, AND MAKE RECOMMENDATIONS FOR SITE PREPARATION.
- 4.2. UNLESS NOTED OTHERWISE IN THE GEOTECHNICAL REPORT, ALL SOIL BELOW SLABS ON GRADE AND FOOTINGS SHALL BE COMPACTED TO A DEPTH OF 12 INCHES AT OPTIMUM MOISTURE CONTENT TO 95% OF THE MODIFIED PROCTOR, ASTM D1557. FILL SHALL BE PLACED AND COMPACTED IN LIFTS NO GREATER THAN 12 INCHES.
- 4.3. PROVIDE DENSITY TESTS IN COMPACTED SUBGRADE AND FOR EACH LIFT OF FILL AS FOLLOWS:
- 4.3.1. FOR EACH 3,000 SQ FT OF BUILDING AREA
- 4.3.2. FOR EVERY 300 LINEAR FT OF STRIP FOOTING OR GRADE BEAM
- 4.3.3. FOR EVERY THIRD COLUMN FOOTING

5. FORMWORK

- 5.1. DESIGN, ERECTION AND REMOVAL OF FORMWORK, AND SHORING AND RESHORING IS SOLELY THE RESPONSIBILITY OF THE CONTRACTOR.
- 5.2. CONSTRUCTION, ERECTION, AND REMOVAL OF FORMWORK SHALL BE IN ACCORDANCE WITH ACI 301 AND 347.

6. REINFORCEMENT

- 6.1. ALL REINFORCING STEEL SHALL BE INTERMEDIATE GRADE BILLET STEEL CONFORMING TO ASTM A615, GRADE 60, WITH THE FOLLOWING MINIMUM SPLICE LENGTH.
- 6.1.1. CONCRETE REINFORCEMENT = SEE PROVIDED LAP SCHEDULE
- 6.1.2. MASONRY REINFORCEMENT = 48 BAR DIAMETERS U.N.O.
- 6.2. PROVIDE ADDITIONAL HORIZONTAL CORNER BARS TO MATCH MAIN HORIZONTAL REINFORCING STEEL AT ALL BEAMS, OR WALL INTERSECTIONS, CORNERS AND OTHER CONCRETE DIRECTIONAL CHANGES, INCLUDING FOOTINGS.
- 6.3. ALL BENDS, AND 90° AND 180° HOOKED BARS SHALL BE FABRICATED IN ACCORDANCE WITH ACI AND AS INDICATED IN THE STANDARD DETAILS.
- 6.4. REINFORCING SHALL BE ACCURATELY PLACED, RIGIDLY SUPPORTED AND FIRMLY TIED IN PLACE, WITH APPROPRIATE BAR SUPPORTS AND SPACERS.
- 6.5. WHERE SPECIFIED, PROVIDE PLAIN, COLD-DRAWN ELECTRICALLY-WELDED WIRE REINFORCEMENT CONFORMING TO ASTM A 1064. SUPPLY IN FLAT SHEETS ONLY. LAP SPLICE TWO CROSS WIRES PLUS TWO INCHES.

7. CONCRETE

- 7.1. ALL CONCRETE CONSTRUCTION SHALL COMPLY WITH ACI 301 AND 318 AND CRSI STANDARDS.
- 7.2. STRUCTURAL CONCRETE SHALL HAVE A MINIMUM ULTIMATE COMPRESSIVE DESIGN STRENGTH (F_c') IN 28 DAYS OF 6,000 PSI.
- 7.3. CONTRACTOR SHALL MAKE SETS OF FOUR ACCEPTANCE CYLINDERS FOR STRENGTH TESTING FOR EACH 50 CUBIC YARDS OF CONCRETE PLACED. CYLINDERS SHALL BE MADE IN ACCORDANCE WITH ASTM C31 AND C172. TESTING SHALL BE PERFORMED BY AN ACI CERTIFIED TESTING LABORATORY AND SHALL BE PAID FOR BY THE CONTRACTOR. CONTRACTOR SHALL IMMEDIATELY NOTIFY THE ARCHITECT AND/OR STRUCTURAL ENGINEER OF ANY TEST NOT MEETING THE REQUIREMENTS OF THE SPECIFIED TESTS. COPIES OF REPORTS DOCUMENTING THE TEST RESULTS SHALL BE MAINTAINED BY THE CONTRACTOR AND MADE AVAILABLE UPON REQUEST.

BAR SIZE	REBAR LAP SPLICE LENGTHS					
	f' _c = 3,000 PSI		f' _c = 4,000 PSI		f' _c = 5,000 PSI	
	CLASS A	CLASS B	CLASS A	CLASS B	CLASS A	CLASS B

#10	10 3/4"	1'-5"	1'-10 1/4"	1'-10"	20"	17"	15"
#11	12"	1'-7"	1'-2 3/4"	2'-1"	22"	19"	17"

- REBAR STANDARD HOOK NOTES:
1. D = FINISHED BEND DIAMETERS.
2. REFER TO ACI 315 FOR ALTERNATE BEND PATTERN DIMENSIONS AND REQUIREMENTS.
3. ASTM A767 REQUIRES THAT BARS BENT COLD PRIOR TO HOT DIP GALVANIZING MUST BE FABRICATED TO A MINIMUM BEND DIAMETER EQUAL TO 7 INCHES FOR #7 BAR AND 8 INCHES FOR #8 BAR.

8. HELICAL STEEL PILE

- 8.1. DESIGN HELICAL PILES FOR THE DEAD, LIVE AND LATERAL LOADS INDICATED ON THE DRAWINGS. LOAD COMBINATIONS WILL BE IN ACCORDANCE WITH THE APPLICABLE BUILDING CODE.
- 8.2. THE MINIMUM FACTOR OF SAFETY FOR THE DESIGN OF THE HELICAL PILE SYSTEM AND ALL ITS COMPONENTS SHALL BE 2.0.
- 8.3. FOOTING SIZES AND LOCATIONS SHOWN ARE BASED UPON ASSUMPTIONS OF THE HELICAL PILE SYSTEM COMPONENTS, CONFIGURATIONS AND LOADS.
- 8.4. ALL PILES AND COMPONENTS SHALL BE HOT DIPPED GALVANIZED IN ACCORDANCE WITH ASTM A153.
- 7.9. INSTALLATION TORQUE AT ONE-FOOT INTERVALS FOR THE FINAL 10 FEET.
- 7.10. INSTALLATION EQUIPMENT
- 7.10.1. EQUIPMENT SHALL BE HYDRAULIC POWER DRIVEN TORQUE MOTOR CAPABLE OF APPLYING ADEQUATE DOWN PRESSURE (CROWD) AND TORQUE SIMULTANEOUSLY WHILE MAINTAINING PROPER PILE ALIGNMENT.
- 7.10.2. A DIGITAL TORQUE INDICATOR SHALL BE USED TO CONTINUOUSLY RECORD INSTALLATION TORQUES.
- 7.11. PILES SHALL BE INSTALLED TO THE TORQUE AND MINIMUM DEPTH INDICATED ON THE SCHEDULE. TOP OF PILE ELEVATIONS ARE INDICATED ON THE PLAN.
- 7.12. PILE INSTALLATION LOG - THE CONTRACTOR SHALL PROVIDE THE OWNER COPIES OF THE INSTALLATION RECORD WHICH SHALL INCLUDE:
- 7.12.1. PROJECT NAME
- 7.12.2. DATE AND TIME OF INSTALLATION
- 7.12.3. PILE IDENTIFICATION NUMBER
- 7.12.4. MANUFACTURER'S SKEW NUMBER FOR PILE COMPONENTS INCLUDING LEAD SECTION, EXTENSIONS AND NUMBER AND SIZE OF HELICAL PLATES.
- 7.12.5. TOTAL LENGTH OF INSTALLED PILE
- 7.12.6. CUT-OFF ELEVATION

EXHIBIT “C”

(Place Vendor’s Proposal Behind this Page)

II. CONTRACTOR'S BID SUBMITTAL

The company that is submitting a bid declares that it has extensive experience in Seawall Repair.

The undersigned, as Bidder, hereby declares that the only person or persons interested in the Bid as principal or principals are named herein, and that no person other than herein mentioned has any interest in the Bid or in the Agreement to be entered into; that this Bid or Agreement is made without connection with any other person, company, or parties making a Bid; and that it is in all respects fair and in good faith without collusion or fraud.

The Bidder further declares that they have examined the site of the work and informed themselves fully in regard to all conditions pertaining to the place where the work is to be done; that they have examined the Plans and Specifications for the work and Contract Documents relative thereto, and have read all special provisions furnished prior to the opening of bids; and that they have satisfied themselves relative to the materials to be supplied and work to be performed.

The Bidder proposes and agrees, if the Bid is accepted, to contract with the City of St. Pete Beach, Florida, in the form of an Agreement specified for **"36th Avenue Seawall Repair"** in St. Pete Beach, Florida, in full and complete accordance with the shown, noted, described, and reasonably intended requirements of the Plans, Specifications, and Contract Documents, to the full and entire satisfaction of the City of St. Pete Beach, Florida.

The successful bidder shall be required to utilize the template Agreement in this Request for Bids (RFB) and any questions regarding the Agreement must be addressed during the RFB process before submittal. The City reserves the right to respond or not respond to questions in the form of an addendum.

The Bidder proposes to furnish all materials, equipment, labor, and perform the work submitted in their bid schedule for the City of St. Pete Beach **"36th Avenue Seawall Repair"**.

III. Equipment List

36th Avenue Seawall Repair BID FORM						
The estimated quantities shown in the Bid Form are approximate and provided for informational purposes to aid in preparing Bid Proposals and to show the approximate scope of the work to be performed. The contractor shall perform their own quantity take-off and shall submit a bid showing the items of ALL work, unit prices, and lump sum price for all work. Any variations from the estimated quantities shall not entitle the bidder to an adjustment in the unit price or any additional compensation.						
Item No.	Description	Estimated Quantity	Bid Quantity	Unit	Unit Cost	Total
1.00	<u>GENERAL CONDITIONS</u>					
1.01	Mobilization	1		LS	\$34,100.00	\$34,100.00
1.02	Maintenance of Traffic	1		LS	\$8,800.00	\$8,800.00

VI. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO § 287.133 (3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: Martin Hoegg - President
(Print individual's name and title)

for: KM2H, LLC
(Print name of entity submitting sworn statement)

at: 1224 Blackrush Dr., Tarpon Springs, FL 34689
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

82-0672700
(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in § 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in § 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in § 287.133 (1)(a), Fla. Stat., means:
- a. A predecessor or successor of a person convicted of a public entity crime or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who

knowingly enters into a joint venture with a person who has been convicted of a public crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

STATE OF FLORIDA
COUNTY OF Pinellas

STATE OF Florida
COUNTY OF Pinellas

I state that I Martin Hoegg of KM2H, LLC,

(Name and Title)

(Name of Firm) |

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. KM2H, LLC, its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material and important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

RE: City of St Pete Beach 36th Ave Seawall Repair Project Solicitations – References & Qualifications

Dear Mr. Taylor,

We are pleased to submit our letter of qualification as a general contractor specializing in heavy civil and heavy marine construction projects for cities and counties throughout the state of Florida. With a steadfast commitment to quality and safety, our company has established a strong reputation for delivering successful project outcomes while adhering to strict timelines and budgets.

Our primary strength lies in our experienced employees, who are the backbone of our organization. Our team consists of highly skilled professionals with extensive expertise in various aspects of heavy construction, including but not limited to: Site development and grading, bridge and roadway construction, marine construction and drainage improvements.

We take pride in our collaborative approach, working closely with local governments, engineering firms, and subcontractors to ensure that each project meets the unique needs of the community it serves. Our commitment to safety is paramount, and we adhere to all local, state, and federal regulations to create a secure work environment for our employees and the public.

Throughout our years of operation and working as a team, we have successfully completed numerous projects throughout Florida, demonstrating our capability to handle large and small-scale assignments while maintaining the highest standards of quality. The key employees that will work on this project have been working together for over 7 years on various FDOT, County and City projects (even prior to KM2H). I would like to highlight our project team's vast experience, that has successfully completed numerous concrete repair projects on bridges, fixed and floating concrete docks/ piers and seawalls. Our experienced staff provides the technical knowledge and hands-on experience necessary to deliver successful concrete repair solutions in marine settings while adhering to the environmental regulations. We understand the importance of timely completion and effective communication, which is why we prioritize transparency and collaboration with all stakeholders involved.

We appreciate your consideration and look forward to the opportunity to collaborate on this service project. Please feel free to reach out if you require any additional information or would like to discuss how our qualifications align with your needs.

V. References & Qualification questions:

- a) Firm and Personal Experience: See attached Resumes of Key personal: President/ PM Martin Hoegg, General Superintendent Yesis Nieves and Concrete Work Superintendent Manuel Cruz.
- b) Unresolved and ongoing claims: NONE
- c) The responding firm shall provide a statement of assurance that the firm is not presently in violations of any statutes or regulatory rules that might have an impact on the firm's operations. I Martin Hoegg President of KM2H, LLC confirm that KM2H is not in violation with any statutes or regulatory rules that may impact the firm's operation or our ability to execute this contract.
- d) Our bonding capacity at this moment is \$3.0M and we never had any claim against our bonding company. Our bonding Agent is Angelo Zervos / President of Zervos Insurety services. Email angelo@zervosins.com – Office 248-289-4450

We hope our submitted clarifications answer all your questions and demonstrate our long history and work experience in Heavy Civil and Marine construction. As the already contracted vendor for the City of St Pete Beach to perform sidewalk repair services, we hope to expand our services offered to the City by adding the 36th Ave Seawall Repair Project.

Regards,

Martin Hoegg
President

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

FLORIDA - COMMERCIAL GENERAL LIABILITY PLUS COVERAGE

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

**1. EXTENDED WATERCRAFT LIABILITY
SECTION I - COVERAGES, COVERAGE A -
BODILY INJURY AND PROPERTY DAMAGE**

LIABILITY, 2. Exclusions is amended. Exclusion **g.(2)** is deleted and replaced by the following exclusion.

(2) A watercraft you do not own that is:

(a) Less than 50 feet long; and

(b) Not being used to carry persons or property for a charge;

**2. BROADENED SUPPLEMENTARY PAYMENTS
SUPPLEMENTARY PAYMENTS - COVERAGES A
AND B, Paragraph 1.d. is amended.**

The amount we will pay for the actual loss of earnings is increased from \$250 per day to \$400 per day.

**3. ADDITIONAL PRODUCTS-COMPLETED
OPERATIONS AGGREGATE LIMIT**

If the endorsement, EXCLUSION - PRODUCTS-COMPLETED OPERATIONS HAZARD, CG 21 04, is not attached to this policy, then the following provision is added to **SECTION III - LIMITS OF INSURANCE**.

Commencing with the effective date of this policy, we will provide one additional Products-Completed Operations Aggregate Limit, for each annual period, equal to the amount of the Products-Completed Operations Aggregate Limit shown in the Declarations. The maximum Products-Completed Operations Aggregate Limit for any annual period will be no more than two times the original Products-Completed Operations Aggregate Limit.

4. PERSONAL INJURY EXTENSION

a. If the endorsement EXCLUSION - PERSONAL AND ADVERTISING INJURY, CG 21 38, is attached to this policy, then this provision, **4. PERSONAL INJURY EXTENSION**, does not apply.

b. If the endorsement EXCLUSION - PERSONAL AND ADVERTISING INJURY, CG 21 38, is not attached to this policy:

**(1) SECTION I - COVERAGES, COVERAGE
B - PERSONAL AND ADVERTISING**

INJURY LIABILITY, 2. Exclusions is amended. The following exclusion is added.

This insurance does not apply to:

Americans With Disabilities Act (ADA)

"Personal and advertising injury" arising directly or indirectly out of any action or omission that violates or is alleged to violate:

(1) The Americans With Disabilities Act (ADA), including any amendment of or addition to such law;

(2) Any federal rule or regulation promulgated to implement the ADA and its amendments and additions; or

(3) Any federal, state, or local statute, ordinance or regulation, other than the ADA and its amendments and additions, that prohibits discrimination on the basis of disability relating to the use of, access to, or enjoyment of:

(a) Facilities used as, or designated or constructed for use as places of public accommodation;

(b) Facilities used as, or designated and constructed for use as a commercial facility;

(c) Telecommunication systems;

(d) Telephones;

(e) Internet;

(f) Websites; or

(g) Televisions.

(2) SECTION V - DEFINITIONS is amended.

Paragraph 14. "Personal and advertising injury" is deleted and replaced by the following definition.

14. "Personal and advertising injury" means injury including consequential "bodily injury", arising out of one or more of the following offenses:

- a. False arrest, detention or imprisonment;
- b. Malicious prosecution;
- c. The wrongful eviction from, wrongful entry into, or invasion of the right of private occupancy of a room, dwelling or premises that a person occupies, committed by or on behalf of its owner, landlord or lessor;
- d. Oral or written publication, in any manner, of material that slanders or libels a person or organization or disparages a person's or organization's goods, products or services;
- e. Oral or written publication, in any manner, of material that violates a person's right of privacy;
- f. The use of another's advertising idea in your "advertisement";
- g. Infringing upon another's copyright, trade dress or slogan in your "advertisement"; or
- h. Discrimination, humiliation, sexual harassment and any violation of civil rights caused by such discrimination, humiliation or sexual harassment.

5. BROADENED KNOWLEDGE OF OCCURRENCE
SECTION IV - COMMERCIAL GENERAL
LIABILITY CONDITIONS, 2. Duties In The Event
Of Occurrence, Offense, Claim Or Suit is

amended. The following condition is added.

Paragraphs a. and b. of this condition will not serve to deny any claim for failure to provide us with notice as soon as practicable after an "occurrence" or an offense which may result in a claim:

- a. If the notice of a new claim is given to your "employee"; and
- b. That "employee" fails to provide us with notice as soon as practicable.

This exception shall not apply to you or to any officer, director, partner, risk manager or insurance manager of yours.

6. DAMAGE TO PREMISES RENTED TO YOU
a. SECTION I - COVERAGES, COVERAGE A -
BODILY INJURY AND PROPERTY DAMAGE
LIABILITY, 2. Exclusions is amended.

- (1) The last paragraph is deleted and replaced by the following paragraph.
Exclusions c. through n. do not apply to damage by fire, lightning, explosion, smoke or water damage to premises rented to you or temporarily occupied by you with permission of the owner. A separate limit of insurance applies to this coverage as described in **6. DAMAGE TO PREMISES RENTED TO YOU, b. Limits of Insurance.**
- (2) The following additional exclusions apply to "property damage" arising out of water damage to premises rented to you or temporarily occupied by you with permission of the owner.
 - (a) "Property damage" to:
 - 1) The interior of the premises caused by or resulting from rain or snow, whether driven by wind or not; or
 - 2) Heating, air conditioning, plumbing or fire protection systems, or other equipment or appliances.
 - (b) "Property damage" caused by or resulting from any of the following:
 - 1) Mechanical breakdown, including bursting or rupture caused by centrifugal force;
 - 2) Cracking, settling, expansion or shrinking;
 - 3) Smoke or smog;
 - 4) Birds, insects, rodents or other animals;
 - 5) Wear and tear;
 - 6) Corrosion, rust, decay, fungus, deterioration, hidden or latent defect or any quality in property that causes such property to destroy or damage itself; or
 - 7) Water that flows or leaks from any heating, air conditioning, plumbing or fire protection system caused by or resulting from freezing, unless:
 - a) You make a reasonable effort to maintain heat in the building or structure; or
 - b) You drain the equipment and shut off the water supply if the heat is not maintained.
 - (c) "Property damage" caused directly or indirectly by any of the following:
 - 1) Water that backs up from a drain or sewer;
 - 2) Mud flow or mudslide;
 - 3) Volcanic eruption, explosion or effusion;

- 4) Any earth movement, such as earthquake, landslide, mine subsidence, earth sinking, earth rising or earth shifting;
 - 5) Regardless of the cause, flood, surface water, waves, tides, tidal waves, storm surge, overflow of any body of water, or their spray, all whether wind driven or not; or
 - 6) Water under the ground surface pressing on, or seeping or flowing through:
 - a) Walls, foundations, floors or paved surfaces;
 - b) Basements, whether paved or not; or
 - c) Doors, windows or other openings.
- (d) "Property damage" for which the insured is obligated to pay as damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the insured would have in the absence of this contract or agreement.
- b. **Limits of Insurance**
SECTION III - LIMITS OF INSURANCE is amended. Paragraph 6. is deleted and replaced by the following paragraph.
6. The most we will pay under Coverage A for damages because of "property damage" to premises rented to you or temporarily occupied by you with permission of the owner arising out of or caused by fire, lightning, explosion, smoke and water damage is the amount shown in the Declarations under Damage to Premises Rented to You.
- c. **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS, 4. Other Insurance,** Paragraph b. is amended. The word fire is amended to include fire, lightning, explosion, smoke or water damage.
7. **BLANKET ADDITIONAL INSURED - LESSOR OF LEASED EQUIPMENT**
- a. (1) **SECTION II - WHO IS AN INSURED** is amended to include as an additional insured any person or organization with whom you have agreed:
- (a) In a written contract or agreement, executed prior to loss, to name as an additional insured; or
 - (b) In an oral contract or agreement, executed prior to loss, to name as an additional insured only if a Certificate of Insurance was issued prior to loss
- indicating that the person or organization was an additional insured.
- (2) This provision applies only with respect to liability for:
- (a) "Bodily injury";
 - (b) "Property damage"; or
 - (c) "Personal and advertising injury" caused in whole or in part, by your maintenance, operation or use of equipment leased to you by such person or organization.
- b. With respect to the insurance afforded to an additional insured, this insurance does not apply to any "occurrence" which takes place after the equipment lease expires.
- c. **SECTION III - LIMITS OF INSURANCE** is amended. The following provision is added for purposes of this endorsement only. The Limits of Insurance for the additional insured are those specified in the written contract or agreement between the insured and the lessor, not to exceed the limits provided in this policy. These limits are inclusive of and not in addition to the Limits of Insurance shown in the Declarations.
8. **BLANKET ADDITIONAL INSURED - MANAGERS OR LESSORS OF PREMISES**
- a. **SECTION II - WHO IS AN INSURED** is amended to include as an additional insured any person or organization with whom you have agreed:
- (1) In a written contract or agreement, executed prior to loss, to name as an additional insured; or
 - (2) In an oral contract or agreement, executed prior to loss, to name as an additional insured only if a Certificate of Insurance was issued prior to loss indicating that the person or organization was an additional insured
- but only with respect to liability arising out of the ownership, maintenance or use of that part of the premises leased to you.
- b. The provision is subject to the following additional exclusions.
- (1) Any "occurrence" which takes place after you cease to be a tenant in that premises.
 - (2) Structural alterations, new construction or demolition operations performed by or on behalf of the additional insured.
- c. **SECTION III - LIMITS OF INSURANCE** is amended. The following provision is added for purposes of this endorsement only. The Limits of Insurance for the additional insured are those specified in the written contract or agreement between the insured and

the manager or lessor of the premises, not to exceed the limits provided in this policy. These limits are inclusive of and not in addition to the Limits of Insurance shown in the Declarations.

9. NEWLY FORMED OR ACQUIRED ORGANIZATIONS

SECTION II - WHO IS AN INSURED is amended.

Paragraph **3.** is deleted and replaced by the following paragraph.

- 3.** Any organization you newly acquire or form, other than a partnership, joint venture or limited liability company, and over which you maintain ownership or majority interest, will qualify as a Named Insured if there is no other similar insurance available to that organization.

However:

- a.** Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier.
- b.** Coverage **A** does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and
- c.** Coverage **B** does not apply to "personal and advertising injury" arising out of an offense

committed before you acquired or formed the organization.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

10. BLANKET WAIVER OF SUBROGATION SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS is amended. The

following provision is added to **8. Transfer Of Rights Of Recovery Against Others To Us.**

When you have agreed to waive your right of subrogation in a written contract, executed prior to loss, with any person or organization, we waive any right of recovery we may have against such person or organization because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard".

All other policy terms and conditions apply.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

PRIMARY AND NONCONTRIBUTORY – OTHER INSURANCE CONDITION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

The following is added to the **Other Insurance** Condition and supersedes any provision to the contrary:

Primary And Noncontributory Insurance

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured under your policy provided that:

- (1)** The additional insured is a Named Insured under such other insurance; and
- (2)** You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured.

NAMED INSURED: KM2H, LLC
POLICY NUMBER: 5288425500

66160 (12-17)

ADDITIONAL INSURED
PRIMARY NONCONTRIBUTORY - BLANKET COVERAGE
Commercial Umbrella Policy

It is agreed:

CONDITIONS, I. Other Insurance is amended. The following provision is added.

However, if there is other insurance for any person or organization, other than the Named Insured, which covers liability for **your** operations, contribution from such other insurance shall not be sought by **us** when:

1. There is a written agreement between **you** and such person or organization specifying that this insurance

shall be primary and without right of contribution; and

2. Such written agreement was in force prior to any **bodily injury, property damage, personal injury or advertising injury.**

All other policy terms and conditions apply.

**BLANKET WAIVER OF TRANSFER OF RIGHTS
OF RECOVERY AGAINST OTHERS TO US**
Commercial Umbrella Policy

It is agreed:

CONDITIONS, M. Transfer of Rights of Recovery Against Others To Us is amended. The following provision is added.
When **you** have agreed to waive **your** right of subrogation in a written contract, executed prior to loss, with any person or organization, **we** waive any right of recovery **we** may have against the person or organization

because of payments **we** make for injury or damage arising out of **your** ongoing operations or **your work** done under a contract with that person or organization and included in the **products-completed operations hazard**.

All other policy terms and conditions apply.

EXHIBIT “D”

Public Assistance Grant Supplement

Public Assistance Grant Supplement

1. Applicability of this Exhibit; Conflicts.

- a. This Exhibit shall be fully incorporated into and made a part of the Agreement, as if the terms contained in this Exhibit were fully re-stated within the Agreement itself.
- b. This Exhibit shall apply: (a) in addition to anything contained in the Contract Documents; and (b) notwithstanding anything contained in the Contract Documents to the contrary. No other provision of the Contract Documents shall serve to limit or restrict the obligations imposed upon the parties in this Exhibit.
- c. In the event of a conflict between anything contained in this Exhibit and anything contained elsewhere in the Contract Documents, this Exhibit shall control and take precedence.
- d. Contractor's agreement to the terms contained in this Exhibit is a material inducement for Contractor to enter into the Agreement.
- e. If this Exhibit is attached to a Purchase Order, the term "Agreement" as used herein shall mean and refer to such Purchase Order to which this Exhibit is attached, and the term "Contract Documents" shall refer to all documents attached to and made a part of such Purchase Order.

2. Defined terms.

- a. For purposes of this Exhibit, the following definitions shall apply, in addition to any terms defined elsewhere in the Contract Documents:
 - i. The terms "recipient" and "non-Federal entity," and the term "applicant" as used in Section 3(a)(8) herein, shall have the same meaning as the term "Owner" as used in the Agreement;
 - ii. The term "contract" as used herein shall have the same meaning as the term "Contract" as used in the Agreement; and
 - iii. The term "contractor" or "prime contractor" as used herein shall have the same meaning as the term "Contractor" as used in the Agreement.
 - iv. The term "internal controls" means a process, implemented by a non-Federal entity, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (a) Effectiveness and efficiency of operations; (b) Reliability of reporting for internal and external used; and (c) Compliance with applicable laws and regulations. 2 CFR §200.61
 - v. The term "supplies" means all tangible personal property other than those described in 2 CFR §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the

non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 CFR §200.94

- vi. The term “disallowed costs” means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award. 2 CFR §200.31
- vii. The term “equipment” means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. 2 CFR §200.33

3. Equal Employment Opportunity (41 C.F.R. Part 60-1.4(b)).

a. During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (a) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors

violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

- (b) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148)

The Contractor agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act, as amended; the provisions of contract work hours; the Safety Standards Act; the Copeland "Anti-Kickback" Act (40 U.S.C. 276, 327-333); and all other applicable federal, state, and local laws and regulations pertaining to labor standards insofar as such acts apply to the performance of this Agreement. The Contractor shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the County for review upon request.

5. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred thousand dollars (\$100,000.00):

Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708).

Contractors engaged in contracts in excess of Two Thousand and 00/100 Dollars (\$2,000.00) shall comply with Federal requirements of the United States Department of Labor under 29 C. F. R., Parts 1, 3, 5, 6, and 7. All Contractors will comply with the following:

a. Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in 29 C.F.R. § 5.5(b)(1) the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in 29 C.F.R. § 5.5(b)(1), in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in 29 C.F.R. § 5.5(b)(1).

(3) *Withholding for unpaid wages and liquidated damages.* The Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in 29 C.F.R. § 5.5(b)(2).

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4) and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4).

6. Procurement of Recovered Materials (2 C.F.R. § 200.322)

The Contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

7. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred fifty thousand dollars (\$150,000.00):

Clean Air Act and the Federal Water Pollution Control Act (42 U.S.C. §§ 7401-7671q and 33 U.S.C. §§ 1251-1387).

a. Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal awarding agency and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

4. Section 3 Clause

A. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are Subrecipients of HUD assistance for housing.

B. The Parties to this contract agree to comply with HUD's regulations in 24 C.F.R. part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The Contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section

3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The Contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. part 135. The Contractor will not subcontract with any subcontractor where the Contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. part 135.

E. The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's obligations under 24 C.F.R. part 135.

F. Noncompliance with HUD's regulations in 24 C.F.R. part 135 may result in sanctions, termination of this contract for default and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with Section 3 covered Indian housing assistance, Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. § 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

b. Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

8. Debarment and Suspension

a. Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with Executive Orders 12549 and 12689, and 2 C.F.R. pt. 180, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by Owner. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to Owner, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

9. Lobbying Prohibition

- a. No funds or other resources received under this Agreement may be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.
- b. Required Certification. Contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in

connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Signature of Contractor's Authorized Official

Name and Title of Contractor's Authorized Official

Date

10. Hatch Act

The Contractor agrees that no funds provided, nor personnel employed under the Agreement, shall be in any way or any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C.

11. Conflict of Interest

The Contractor shall abide by the provisions of 24 C.F.R., 570.611 and 2 C.F.R., 200.112. The Contractor shall maintain no present or future financial interest, direct or indirect, which would

conflict in any manner or degree with the performance of services required under this Agreement as indicated in 2 C.F.R., 200.318.

12. Religious Activities

The Contractor agrees that funds provided will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization, in accordance with the Federal regulations specified in 24 C.F.R., 570.200(j).

13. Access to Records

- a. Access to Records. The following access to records requirements apply to this contract:
 - (1) The Contractor, including all of its employees or agents, contractors, subcontractors and consultants to be paid from funds provided under this Agreement, agrees to provide the Department of Economic Opportunity (DEO), the Chief Financial Officer of the State of Florida, The Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or representatives of the Federal government or their duly authorized representatives, the Florida Division of Emergency Management, Owner, Pasco County, Florida, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions at reasonable times. "Reasonable" shall ordinarily mean during normal business hours of 8 a.m. to 5 p.m., local time, Monday through Friday.
 - (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
 - (3) The Contractor agrees to provide Pasco County, Florida or its authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.
 - (4) In compliance with the Disaster Recovery Act of 2018, the Owner and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by Pasco County, Florida or the Comptroller General of the United States.
 - (5) The Contractor shall include the aforementioned recordkeeping requirements in all approved contracts, subcontracts, and assignments.

14. Bonding Requirements

The Contractor agrees that related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 and Appendix 11; and if the contract is for construction or facility improvement it must also include the Federal bonding requirements 2 C.F.R. § 200.325.

15. Employment Eligibility Verification

- a. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires DEO contracts in excess of nominal value to expressly require the Contractor to:
 - i. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Subrecipient during the Agreement term; and,
 - ii. Include in all contracts under this Agreement the requirement that contractors, subcontractors, and consultants performing work or providing services pursuant to this Agreement use the E-Verify system to verify the employment eligibility of all new employees hired by the contractors, subcontractors, and consultants during the term of the contract.
- b. The Department of Homeland Security's E-Verify system can be found at: <http://www.uscis.gov/e-verify>
- c. If the Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Agreement.

16. DHS Seal, Logo, and Flags

The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific Pasco County, Florida pre-approval.

17. Compliance with Federal Law, Regulations, and Executive Orders

- a. This is an acknowledgement that Pasco County, Florida financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, Pasco County, Florida policies, procedures, and directives.

18. No Obligation by Federal Government

- a. The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

19. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

20. Procurement By Non-Competitive Proposals

- a. Policy:
 - i. It is the policy of BayCare Health System Inc. to follow the Uniform Federal Guidance 2 CFR 200.320 in regard to procurement by noncompetitive proposals (Sole Source Purchasing). Procurement by noncompetitive proposals is

procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source
 - (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
 - (3) The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity
 - (4) After solicitation of several sources, competition is determined inadequate.
- ii. The procurement must be necessary for the program, project, research or other circumstance supported by the grant; not reasonably available and accessible of the type normally charged as a direct cost to existing sponsored agreements and purchased in accordance with other Institutional policies and procedures.

21. In the Event of a Non-Emergent Procurement the PD/PI Should Complete:

- a. **Cost Price Analysis Form** which includes contractor's total cost proposal or price to determine which are allowable, show their direct relation to the requirements and, reasonableness; and complete the related BayCare **Cost Analysis Worksheet** to support the proposed budget or quotation outlined in the Cost Price Analysis Form. Completion of these forms by the originating department will document that a Cost Analysis has been conducted.
- b. If no additional vendors were available to conduct a comparison against using the Cost Price Analysis Form, please also complete and attach the **Sole Source Justification Form**.
- c. **Responsible Contractor Form:** to document that any contractors have been reviewed and approved for their compliance with Uniform Guidance, Title 2, Subtitle A, Chapter II, Part 200, Subpart D, §200.318, section H.
- d. In addition, related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 & Appendix 11; and if the contract is for construction or facility improvement also include the Federal bonding requirements 2 C.F.R. § 200.325.

22. Build America Buy America Act (BABA)

- a. The Contractor shall comply with the requirements under the Build America, Buy America Act when using Federal funds for the purchase of iron, steel, manufactured products, and construction materials permanently incorporated into infrastructure projects as applicable pursuant to the Build America, Buy America Act. All iron, steel, manufactured products

and construction materials used under a federally grant funded project must be produced in the United States as applicable pursuant BABA. The requirements of this section must be included in all sub-awards including all contracts and purchase orders for work or products under this award.

- b. For purposes of this section:
 - i. “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - ii. “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

23. Contracting with Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms. 2 C.F.R. § 200.321

- a. Contractors will take all necessary affirmative steps to assure that minority business, women's business enterprises, and labor surplus area firms are used when possible.
- b. Affirmative steps must include:
 - i. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - ii. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - iii. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
 - iv. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
 - v. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
 - vi. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (i) through (v) of this section.

24. Compliance with Copeland “Anti-Kickback”

- a. Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as appropriate instructions may require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

25. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment.
2 C.F.R. § 200.216

- a. Under this Agreement, grant funds will not be obligated or expended to:
 - (1) Procure or obtain;
 - (2) Extend or renew a contract to procure or obtain; or
 - (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - A. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - B. Telecommunications or video surveillance services provided by such entities or using such equipment.
 - C. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.
 - (4) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
 - (5) For more information, See 2 C.F.R. § 200.471.

26. Historic Artifact Discovery

If prehistoric or historic artifacts, such as pottery or ceramics, projectile points, dugout canoes, metal implements, historic building materials, or any other physical remains that could be associated with Native American, early European, or American settlement are encountered at any time within the project site area, the permitted project shall cease all activities involving subsurface disturbance in the vicinity of the discovery. The applicant shall contact the Florida Department of State, Division of Historical Resources, Compliance Review Section at (850)-245-6333. Project activities shall not resume without verbal and/or written authorization. In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately, and the proper authorities notified in accordance with Section 872.05, Florida Statutes.

The terms in this Exhibit are hereby agreed upon by the Contractor as of this 1 day of August, 2025.

**CITY COMMISSION MEETING
CITY OF ST. PETE BEACH
COMMISSION CHAMBERS**

Agenda Report

Agenda Title Name: Authorize the City Manager to execute a Services Agreement with Florida Parking, Inc., DBA Yellow Dawg., for citywide street paving in the amount of \$500,000.00 annually.

Action Request: Motion to authorize the City Manager to execute a Services Agreement with Florida Parking, Inc., DBA Yellow Dawg., for citywide street paving in the amount of \$500,000.00 annually.

Strategic Objective: Reliable Infrastructure

Date: September 22, 2025

Prepared By: Camden Mills, Public Services Director

Through: Frances Robustelli, City Manager

Summary of Issue: The City publicly advertised a Request for Bid (RFB) for citywide street paving services and received two responsive sealed bids on May 13, 2025. Florida Parking, Inc. d/b/a Yellow Dawg was determined to be the lowest responsive and responsible bidder meeting all City qualification requirements.

The contract will provide not to exceed unit-prices for street paving services citywide. Street paving projects will be prioritized based on the 2025 pavement network present status report completed April 1, 2025.

Work will be issued by work order on an as-needed basis, in an amount not to exceed \$500,000 per year, subject to budgeted funds.

The initial agreement term is three (3) years, with up to two (2) additional one-year (1) renewal options upon mutual agreement and annual appropriation.

The City did not perform street paving in FY 2023 or FY 2024. The City spent \$437,756.00 for these services in FY 2022 with Asphalt Paving Systems, Inc.

Funding:

FY 26 Roadway Rehabilitation CIP Project (\$500,000)

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

City-Wide Street Paving

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and Florida Parking Inc., d.b.a. Yellow Dawg. (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Standard Form Addendum. The attached Standard Form Addendum, which contains all the Florida Statutorily required provisions applicable to this Agreement, is attached hereto as Exhibit "A" and its provisions modify and supplement this Agreement.
3. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:
 - a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit "B") in the amount of **Not to exceed \$500,000 per calendar year**.
 - b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
 - c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the exception of changes caused by inclement weather.

- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.
 - e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.

8. Warranties.
- a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective.
 - b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 12 months of the agreement.
10. Term. [This Agreement will remain in effect for a period of (3) three years with (2) two, (1) one year extensions from the Effective Date.]
11. Effective date. The “Effective Date” of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
- a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in accordance with the payment schedule provided in the attached proposal, City shall pay

Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.

16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additionally named insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, such sum being specifically found by Contractor to be sufficient consideration for this indemnification, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages compensation or benefits payable by or for the Contractor or any subcontractor under Workers'

Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved, and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity."

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor's funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified public accountant selected by the City. The Contractor must allow the City to inspect, examine

and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Standard Form Addendum (Exhibit "A")
- b. Request for Bid (Exhibit "B")
- c. Vendor Proposal (Exhibit C)
- d. FEMA Addendum (Exhibit D)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

As to Contractor:

Florida Parking Inc., d.b.a. Yellow Dawg
1396 Seabreeze Street
Clearwater, FL 33756

As to City:

City Manager
City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney's fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of

counterparts, each of which so executed and delivered shall be deemed to be an original and all of which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the Section 15 of the Standard Form Addendum, Exhibit "A", and that the facts stated in it are true.

CITY OF ST. PETE BEACH, FLORIDA
STANDARD CONTRACT ADDENDUM

THIS ADDENDUM modifies that certain contract for services made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the

nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

City Clerk/Public Records Custodian

cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of the previous section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Breach during Emergency Recovery Period. Pursuant to Sec. 252.505, Fla. Stat., if vendor breaches this agreement during an emergency recovery period (1-year period beginning upon Governor's initial declaration of a natural emergency) Contractor shall pay a \$5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages.

19. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

II. CONTRACTOR'S BID SUBMITTAL

The company that is submitting a bid declares that it has extensive experience in **City Wide Street Paving**.

The undersigned, as Bidder, hereby declares that the only person or persons interested in the Bid as principal or principals are named herein, and that no person other than herein mentioned has any interest in the Bid or in the Agreement to be entered into; that this Bid or Agreement is made without connection with any other person, company, or parties making a Bid; and that it is in all respects fair and in good faith without collusion or fraud.

The Bidder further declares that they have examined the site of the work and informed themselves fully in regard to all conditions pertaining to the place where the work is to be done; that they have examined the Plans and Specifications for the work and Contract Documents relative thereto, and have read all special provisions furnished prior to the opening of bids; and that they have satisfied themselves relative to the materials to be supplied and work to be performed.

The Bidder proposes and agrees, if the Bid is accepted, to contract with the City of St. Pete Beach, Florida, in the form of an Agreement specified for **"City Wide Street Paving"** in St. Pete Beach, Florida, in full and complete accordance with the shown, noted, described, and reasonably intended requirements of the Plans, Specifications, and Contract Documents, to the full and entire satisfaction of the City of St. Pete Beach, Florida.

The successful bidder shall be required to utilize the template Agreement in this Request for Bids (RFB) and any questions regarding the Agreement must be addressed during the RFB process before submittal. The City reserves the right to respond or not respond to questions in the form of an addendum.

The Bidder proposes to furnish all materials, equipment, labor, and perform the work submitted in their bid schedule for the City of St. Pete Beach **"City Wide Street Paving"**.

IV. GENERAL CONTRACT TERMS

REQUEST FOR BID

The City of St. Pete Beach intends to contract the services of an experienced, qualified contractor to perform City Wide Street Paving when and as needed |

LOCATIONS

The City of St. Pete Beach is soliciting bids from qualified Contractors for **City Wide Street Paving**.

BID SUBMITTALS

Bid documents must include a signed/notarized Contractor's Bid Submittal (Page 3), Fee Schedule, References, Contractor's license and insurance certificates, and Public Entity Criminal Affidavit. The Contractor shall submit electronic Bids only via Bonfire or DemandStar. Please contact the Procurement Manager at jtaylor@stpetebeach.org if you need a link. Please include a valid email address.

BIDDER INFORMATION

All Contractors must contact the City's Procurement Manager, in writing via e-mail (jtaylor@stpetebeach.org), with their intention to bid, along with their company name and contact information at least five (5) business days before the bid package is due. The City is not responsible for any Addendums or other supplementary information that is not received due to non-submittal of the aforementioned information. Please refer back to the city website (<http://www.stpetebeach.org/news-and-links/city-projects.html>) for additional project information as it becomes available. The City reserves the right to decide whether to answer addendums or not. The City is not required to provide any additional information.

MANDATORY PRE-BID MEETING

A **MANDATORY** pre-bid meeting will be held on **05/24/2025 at 1:30 PM EST** via Microsoft Teams Video conference/Teleconference. Please contact the City's Procurement Manager (jtaylor@stpetebeach.org) for a meeting invitation and Microsoft Teams Meeting instructions.

WRITTEN REQUESTS FOR INTERPRETATIONS/CLARIFICATIONS

No oral interpretations will be made to any firms as to the meaning of the scope of work or any other contract documents included in this **RFB**. All questions pertaining to the terms and conditions or scope of work of this Request for Bid (**RFB**) must be sent in writing (e-mail is acceptable) to the City Procurement Manager and shall be received no later than **10:00 EST on 05/07/2025**. Responses to questions may be handled as an Addendum if the response would provide clarification to the requirements of the **RFB**. All such Addenda shall become a part of the contract documents. The City will not be responsible for any other explanation or interpretation of the proposed **RFB** made or given prior to the award of the contract. The City will not respond to questions received after the specified deadline. The City reserves the right to respond to any and all questions but is not required to do so.

BID PACKAGES

Sealed bids will be accepted by the City until **05/13/2025 at 9:00 AM EST** (Deadline). No bids shall be

accepted by the City after this deadline – NO EXCEPTIONS. Bid Packages must be delivered Electronically either to Bonfire or DemandStar. Please contact jtaylor@stpetebeach.org if a link is required.

Clearly marked as: “**City Wide Street Paving**”

CONTACT INFORMATION

John Taylor – Procurement Manager

Mailing Address - 155 Corey Avenue, St. Pete Beach, Florida 33706

Office Phone - (727) 363-9279

E-mail - jtaylor@stpetebeach.org

SCOPE OF WORK

Street Paving throughout the City on an as needed basis. This will include any markings, changes and added items as needed by the City Engineer and the Streets Department..

DETAILED SPECIFICATIONS

Detailed work sheets will be required for each paving event outlining all items that were paved, including locations, cross streets etc..

Standard work hours shall be from 7:30 AM until 6:00 PM, Monday through Saturday. No work shall take place on Sundays or on official City holidays without prior approval by the City Manager or designee at least 1 week prior to the scheduled work. A list of current official City holidays can be found on the City’s Human Resources website at <http://www.stpetebeach.org/hr/holidays.html>. Contractor will coordinate scheduling of work with the City’s Project Manager and City’s Inspector. |

ADDITIONAL WORK DETAILS

Contractors or persons wishing to bid on this project are licensed, bondable and insured in accordance to the City’s requirements. The Contractor will furnish all necessary labor, materials, tools, equipment and supplies to complete the scope of work. Bid must also include all costs for licenses, permits and any material disposal fees.

Bidder must include notification to residents with door hang tags one week prior to paving event.

Bidders shall bring questions, discrepancies, omissions, conflicts, or doubt as to meaning of any part of Contract Documents to the attention of the City of St Pete Beach Public Works Department at least ten (10) business days before bid submittal deadline. Clarification of intent of Contract Documents, if necessary, shall be made available to bidders in the form of an Addendum. Failure to request clarification of interpretation of Contract Documents shall not relieve bidders of their responsibilities to perform the work.

The City of St. Pete Beach reserves the right to reject any or all bids or parts of bids, or accept any bid or part thereof deemed to be in the best interests to the City of St. Pete Beach.

STATEMENT OF WORK

The Contractor shall furnish and pay the cost, including sales tax and all other applicable taxes, licenses, permits and fees, of all the necessary materials not furnished by the City and shall furnish and pay for all the superintendence, labor, tools, equipment, transportation, and perform all the work required for the execution of all services listed in the Bidder’s Proposal and Bid Form attached hereto and in strict accordance with the Plans, Specifications, and requirements of the City of St. Pete Beach which are attached

hereto and made a part hereof, and any amendments thereto and such supplemental Plans and Specifications which may hereafter be approved.

BEGINNING DATE

The Contractor is expected to be available to start immediately following contract execution.

COMPLETION OF WORK

The work will be completed and ready for final inspection within three (3) years from contract execution. With the option to renew for two (2) additional 1-year periods. |

EXAMINATION OF SITE

Bidders may visit specific areas with advanced notice.

ASSURANCES

The responding Contractor shall provide a statement of assurance that the Contractor is not presently in violation of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida, and ordinances and regulations of the City of St. Pete Beach will apply.

TRAFFIC CONTROL AND STAGING AREA

Contractor shall include all costs associated with vehicular and pedestrian traffic control and maintenance during the project. Contractor shall be responsible for providing a staging area. The location of this area must be approved by the City Manager or designee. The Contractor will be required to control the area including any additional fencing or barricades and Contractor will be responsible for the restoration of this and all other staging areas provided by the City.

ASSIGNMENT AND TRANSFER OF CONTRACT

The Contractor shall not assign or transfer this Agreement or any part thereof or any interest therein without consent in writing of the City and the Contractor's Surety, and any such assignment or transfer without such written consent shall be null and void.

SUBCONTRACTS

The Contractor shall not subcontract this Agreement or any part thereof or any interest therein without consent in writing of the City and the Contractor's Surety. Any Subcontractor approved by the City will be subject to the same standards and qualifications as stated in this Contract.

PERFORMANCE PAYMENT BOND

Not required for this contract. |

LIQUIDATED DAMAGES

If the work embraced by this Contract is not completed on or before the date set for completion or any extension thereof, the actual damages for the delay will be impossible to determine and in lieu thereof, the Contractor shall pay to the City fixed, agreed, and liquidated damages in the amount of either Five-Hundred

Dollars (\$500) per day for each calendar day of delay until the work is satisfactorily completed.

PAYMENT

Payment shall be made to the Contractor for work performed under this Contract for the quantities of work as determined in accordance with Payments for Work Completed and Payments Withheld of this Contract. Payment for extra work will be made in accordance with the Changes in Work, Contract Amount, and Contract Time sections below.

CHANGES IN THE WORK

Without invalidating the Contract, the City may, at any time or from time to time, order additions, deletions or revisions in the work authorized by written Change Orders or directives. Upon receipt of a Change Order, the Contractor will proceed with the work involved. All such work shall be executed under the applicable conditions of the Contract documents. If any Change Order causes an increase or decrease in the Contract Amount or any extension or shortening of the Contract Time, an equitable adjustment will be made.

Additional Work performed by the Contractor without authorization of a Change Order will not entitle them to an increase in the Contract Amount or any extension of the Contract Time, except in the case of an emergency (subject to approval by City Manager or designee).

It is the Contractor's responsibility to notify their Surety of any changes affecting the general scope of the Work or change of the Contract Amount and the amount of the applicable bonds shall be adjusted accordingly, and an amended bond document furnished to the City. In the event the City directs the Contractor to make a change in the Work, and if the City and the Contractor do not arrive at a mutually acceptable increase or decrease in the Contract Amount, the contractor shall not use any such lack of mutual acceptance as a basis or cause to stop or otherwise delay the progress or the execution and completion of any of the work ordered, directed or required pursuant to the Contract Documents.

If the Contractor believes an event or situation has occurred which justifies a change in the Contract Amount or Contract Time, he shall deliver a written notice to the City Manager or designee. Each such written notice shall be delivered promptly and no later than fifteen (15) business days after the Contractor first discovered the occurrence. The Contractor shall be deemed to have waived the right to collect any and all costs incurred more than fifteen (15) business days prior to the date of delivery of the written notice and shall be deemed to have waived the right to seek an extension of the Contract Time with respect to any delay in the Progress Schedule which accrued more than fifteen (15) business days prior to the date of delivery of the written notice.

Any such notice shall include sufficient detail to explain the basis of entitlement to a claim for an adjustment to the Contract Amount or Contract Time. When requested by the City Manager or designee, the Contractor shall furnish any additional information and details as may be required to determine the facts or allegations involved, which shall be provided within fifteen (15) business days of the request unless a longer time period is allowed by the City Manager or designee.

The Contractor shall prepare bids detailing proposed adjustments to Contract Amount and/or Contract Time and submit them to the City Manager or designee within fifteen (15) business days of the City's issuance of a proposed Change Order or the Contractor's submitting a written notice of a change or claim for an adjustment to the Contract Amount or Contract Time. Contractor's bids shall be irrevocable for a period of at least sixty (60) business days after receipt by the City. Any delay in the submittal of a complete, adequate and acceptable bid will not justify an increase in Contract Amount or Contract Time. Contractor agrees that it shall give the City access to any and all of Contractor's and Subcontractors' books, records and

other materials relating to proposed Change Orders and other claims for adjustment to Contract Amount or Contract Time.

CHANGE OF CONTRACT AMOUNT

The Contract Amount constitutes the total compensation payable to the Contractor for performing the Work. All duties, responsibilities and obligations assigned to or undertaken by the Contractor shall be at his expense without change in the Contract Amount. The Contract Amount may only be changed by written Change Order issued by the City. Any claim for an increase in the Contract Amount shall be in writing and delivered to the City Manager or designee within fifteen (15) business days of the occurrence of the event giving rise to the claim.

All claims for adjustment in the Contract Amount shall be determined by the City Manager or designee. However, no claim for an adjustment to the Contract Amount will be considered for unforeseeable causes that were beyond the fault or negligence of the Contractor or his Subcontractors or supplier such as acts of God, floods, riots, etc. This restriction does not restrict submission of claims for additional Contract Time due to events of this nature. Any change in the Contract Amount shall be incorporated in a Change Order.

Contractor bids or claims shall cover all aspects of the Work involved and shall be fully documented and itemized as to all costs, quantities and charges for overhead and profit. Amounts for Subcontractors or Suppliers at any tier shall be similarly supported. When determining Subcontractors' costs, the methods to be used shall be those used for the Contractor's costs, except that the term "Subcontractor" shall replace the term "Contractor," context permitting.

Changes in Contract Amount for extensions in Contract Time shall exclude costs that are unaffected or do not relate to the extension in Contract Time, such as: (a) operating costs of construction equipment assigned to the Work on a continuing basis, (b) operating costs and owned/rental costs of construction equipment (crane used for specific lifts, concrete pump used for specific pours, etc.), and (c) fully paid site facilities, tools, etc.

The value of any Work covered by a Change Order or of any claim for an increase or decrease in the Contract Amount where the Work involved is covered by unit prices contained in the Contract Documents shall be determined by application of unit prices to the quantities of the items involved. If the quantities originally contemplated are so changed in a proposed Change Order, that application of the Unit Prices to the quantities proposed will cause substantial inequity to the City or the Contractor, the applicable unit price(s) shall be equitably adjusted by mutual agreement.

If the value of work covered by a Change Order cannot be established or mutually agreed to utilizing previously established unit rates, the value shall be determined by the City on the basis of an estimate of the out-of-pocket cost and percentages that are acceptable to the City for overhead and profit. The out-of-pocket cost shall only include those direct costs which are needed to perform the work such as labor (including payroll taxes, fringe benefits, labor burden and workers' insurance), materials, equipment, and other incidental out-of-pocket construction costs directly involved in the work, including but not limited to small tools, expendables and material costs but shall not include project management or project supervisory costs unless the Change Order includes an increase in the Contract time.

In such case, the Contractor will submit in the form prescribed by the City an itemized cost breakdown together with supporting data.

The amount of credit to be allowed by the Contractor to the City for any such change which results in a net decrease in cost, will be the amount of the actual net decrease as determined by the City. When both

additions and credits are involved in any one change, the combined overhead and profit shall be figured on the basis of the net increase, if any.

To be eligible for consideration, the Contractor's written claim for a change in the Contract price, including claim(s) from sub-contractors, shall include an itemized cost breakdown with supporting data as described below:

- A. For labor: Provide written documentation from the Contractor and Subcontractors or others as appropriate in the form of a detailed breakdown by each labor classification involved indicating the number of hours of Work involved and the hourly payroll rate applicable to each to substantiate the basis and amount of the direct labor cost. The direct labor cost may be increased to provide an allowance for indirect payroll costs (labor burden), such as payroll taxes, fringe benefits, and workers insurance after all premium discounts, rebates and other appropriate reductions have been taken.
- B. For material, supplies, equipment, furnishings, etc., to be installed or included in the Work: Provide written documentation from the Contractor and Subcontractors, suppliers, etc., to substantiate the basis and amount of the various cost items involved. Material costs shall reflect the Contractor's reasonably anticipated net actual cost after consideration of trade discounts and volume rebates.
- C. For construction equipment: Provide written documentation in the form of a detailed breakdown by each construction equipment category, indicating the applicable unit rates (i.e., dollar amount per hour, dollar amount per day etc.) and the number of hours, days, etc. to substantiate the basis and amount of the construction equipment out-of-pocket costs.

CHANGE OF CONTRACT TIME

The Contract Time may only be changed by written Change Order. Any claim for an extension in the Contract Time shall be in writing and include an analysis of the Progress Schedule as further described in the Specifications and shall be delivered to the City Manager or designee within fifteen (15) business days of the occurrence of the event giving rise to the claim. All claims for adjustment in the Contract Time shall be determined by the City Manager or designee. Any change in the Contract Time resulting from any such claim shall be incorporated in a Change Order. The Contract Time may be extended for an amount equal to time lost due to unforeseeable causes beyond the control of the Contractor (and his Subcontractors and Suppliers) if he makes a claim therefrom. Such delays shall include, but not be restricted to, acts or neglect by any separate Contractor employed by the City; fires; floods; labor disputes; epidemics; or acts of God.

All time limits stated in the Contract Documents are of the essence to the Contract. The stated time limits are agreed to be adequate to complete the work, including the procurement, manufacture and delivery of all material and equipment required, and account for any and all potential impact, delays, disruptions and costs that may be expected.

CITY'S RIGHT TO DIRECT PURCHASE

The City has reserved the right to purchase certain items and materials for this project directly in an effort to save applicable sales tax in compliance with Florida Law.

The City will issue purchase orders directly to the vendors supplying the equipment being directly purchased by the City for this project. Each Purchase Order will be accompanied by the City's Certificate of Exemption and a Certificate of Entitlement. All direct purchase vendor invoices will be issued to the City of St. Pete Beach and the City will issue payment to each direct purchase vendor from City funds. The City

will take title to the equipment at time of delivery from the vendor and will issue a separate Certificate of Entitlement for each purchase order.

The Contractor shall assist the City with receipt of materials furnished by the City in accordance with these Special Provisions including, but not limited to, verifying correct quantities, verifying documents of orders in a timely manner, providing and obtaining all warranties and guarantees required by the Contract Documents, assist with inspection of the goods at the time of delivery and notify the City immediately of any deficiencies noted. It is understood that the owner assumes the risk of damage or loss during the time that the building materials are physically stored at the job site prior to their installation or incorporation into the project. The Contractor shall coordinate with the City regarding the delivery schedules, sequence of delivery, loading orientation, and other arrangements normally required by the Contractor for the particular material furnished.

As City Furnished Materials are delivered to the job site and accepted by the City, the City shall notify the Contractor who will assist the City to visually inspect all shipments from the suppliers. The City will approve the vendor's invoice for material delivered upon adequate inspection and recommendation of the Contractor. The City shall assure that each delivery of City Furnished Materials is accompanied by documentation adequate to identify the Purchase Order against which the purchase is made and Contract Documents including but not limited to Contract, Plans, Specifications, and approved Shop Drawings. This documentation may consist of a delivery ticket, bill of lading and an invoice from the supplier conforming to the Purchase Order together with such additional information as the City may deem necessary.

PAYMENTS FOR WORK COMPLETED

Partial payments will be made as the work progresses (if applicable) at the end of each calendar month, or as soon thereafter as practicable on estimates made by the City Manager or designee and as approved by the City, provided that the Contractor is performing the overall job in a diligent manner. In making partial payments, there shall be retained five percent (5%) on the amount of each estimate until final completion and acceptance of all work covered by the Contract. Upon completion and acceptance of the work, the City Manager or designee shall issue a certificate that the work has been completed and accepted by them under the conditions of the Contract and shall make and approve the final estimate of the work. The entire balance found to be due the Contractor, including that retained by the City, should be paid to the Contractor. Such payment shall be conditioned, however, upon the submission by the Contractor of evidence satisfactory to the City that all claims for labor, material, and any other outstanding indebtedness in connection with the Contract have been paid. Such payment shall also be conditioned upon approval and acceptance of the construction and improvements by the City.

If after the work has been substantially completed, full completion thereof is materially delayed through no fault of the Contractor and the City Manager or designee so certifies, the City shall upon the Certificate of the City Manager or designee, and without terminating the Contract make payment for the balance due for that portion of the work fully completed and accepted. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of claim. If such delay occurs and payment is made under this clause, the Contractor shall nevertheless be prepared to complete the work in a timely manner upon the remedy or removal of such delay, and shall be bound under this Contract for the completion of such work unless this Contract is otherwise terminated. All payments will be made in accordance with the Local Government Prompt Payment Act, Chapter 218, Florida Statutes.

PAYMENTS WITHHELD

The City Manager or designee may withhold, or, on account of subsequently discovered evidence, nullify

the whole or part of any estimate to such extent as may be necessary to protect the City from loss on account of:

- a) Defective work not remedied
- b) Claims and/or liens filed or reasonable evidence indicating probable filing of claims
- c) Failure of the Contractor to make payments properly to Subcontractors or for material or labor
- d) A reasonable doubt that the Contract can be completed for the balance then unpaid
- e) Damage to another Contractor
- f) Failure of the Contractor to keep their work progressing in accordance with their time schedule

FINAL PAYMENTS

Upon the completion and acceptance of the work, the City Manager or designee shall issue a certificate that designates that the whole work provided for in this Contract has been completed and accepted by him under the conditions and the terms thereof and shall make the final estimate of the work. After issuance of the certificate, the entire balance found to be due the Contractor, including said retained percentage by the City in accordance with existing state laws as may be retained lawfully by said City, shall pay excepting such sums to the Contractor.

Before the approval of the final payment, the Contractor shall submit evidence satisfactory to the City that states that all payrolls, materials, bills and outstanding indebtedness in connection with this Contract have been paid.

LIENS

If at any time there shall be evidence of any lien or claim for which the City might become liable and which is chargeable to the Contractor, the City shall have the right to retain out of any payment then due or thereafter to become due, an amount sufficient for complete indemnification against such lien or claim. In the event the City has already paid to the Contractor all sums due under this contract or the balance remaining unpaid is insufficient to protect the City, the Contractor and his Surety shall be liable to the City for any loss so sustained.

RESPONSIBILITY OF THE CITY MANAGER OR DESIGNEE

The term "City Manager or designee" wherever used in the Contract shall be the City of St. Pete Beach or its duly authorized representative. Notices of any change in the City Manager or designee shall be given in writing by the City to the Contractor. The City Manager or designee shall have full authority to interpret the Plans and Specifications and shall determine the amount, quality, and acceptance of the work and supplies to be paid for under the Contract and every question relative to the fulfillment of the terms and provisions therein. It shall be the duty of the City Manager or designee to enforce the Plans and Specifications in a fair and unbiased manner. If a variation from any requirements is allowed the City Manager or designee shall grant the same in writing with the reasons for his action outlined, and such action will not invalidate or change the Contract in any other manner.

INTENT OF PLANS AND SPECIFICATIONS

The Contractor shall keep on the job a copy of the Plans and Specifications and shall at any time give the

City Manager or designee access thereto. Anything mentioned in the Specifications and not shown on the Plans or shown on the Plans and not mentioned in the Specifications, shall be of like effect as if shown or mentioned in both. The Contractor shall not take advantage of any errors, discrepancies or omissions that may exist in the Plans and Specifications but shall immediately call them to the attention of the City Manager or designee whose interpretation or correction thereof shall be conclusive. Should a conflict occur between the General Specifications and any Supplemental Specifications and/or Plans, the latter shall govern.

LICENSES AND PERMITS

The Contractor shall obtain and pay for all necessary City licenses and work permits and shall faithfully comply with all laws, ordinances and regulations, (Federal, State or local) which may be applicable to the operations to be conducted hereunder, except for those permits obtained by the City. Notwithstanding the provisions above, the contractor is responsible for non-compliance of all permit requirements, including all fines resulting from Contractor's non-compliance of said requirements.

Chapter II, Section II-4, "Registration of Licenses Obtained From Other Municipalities:" "Persons, partnerships, corporations, or other business entities doing business with the City who are not required to obtain a City occupational license, but who must have either a State or County or Municipal occupational license from another municipality, shall register such occupational license with St. Pete Beach Community Development Department. The City may charge a fee for such registration." The Contractor shall be responsible for obtaining all City, County, State and Federal permits required by those government agencies and must provide documentation of receipt of those permits prior to project commencement. This shall include a notice to commence work letter and the applicable fee, if required. Any sub-contractor hired by the contractor awarded the project, MUST also register their license with the City.

SUPERINTENDENCE

The Contractor shall constantly superintend all the work embraced in this Contract in person or by a responsible agent who shall have in writing, full authority to act for them and to carry out all the instructions given by the City Manager or designee.

LABOR PROVISIONS

The Contractor and his Subcontractors shall discharge, whenever ordered to do so by the City Manager or designee, any employee who is disorderly or whose conduct in the opinion of the City Manager or designee is detrimental to the prosecution of the work. No person whose age or physical condition is such as to make this employment dangerous to his/her health and safety or to the health and safety of others shall be employed on the work, and in no event shall any persons under the age of sixteen (16) years be employed.

INSURANCE

The Contractor shall procure and maintain at his/her own expense, during the life of the Contract, liability insurance as hereinafter specified. All such insurance shall be subject to the approval of the City for adequacy of protection and shall include a provision preventing cancellation without twenty (20) business days prior notice to the City in writing. The City shall be included as an additional insured on all liability insurance. The liability insurance required is as follows: Contractor's General Public Liability and Property Damage Insurance issued to the Contractor and protecting the Contractor from all claims for personal injury, including death, and all claims for destruction of or damage to property, arising out of or in connection with any operations under this Contract, whether such operations be by the Contractor or by any Subcontractor hired by the Contractor or anyone directly or indirectly employed by the Contractor or

hired by the Contractor.

The successful Contractor shall supply and maintain insurance which defends, indemnifies and holds harmless the City of St. Pete Beach, its officers, employees and agents from and against any and all liability, damage claims, demands, costs, judgments, fees, attorney's fees or loss arising directly out of acts or omissions hereunder by the Contractor or third party under the direction or control of the Contractor. Such general and excess liability coverage shall be primary to any other coverage carried by the City of St Pete Beach. Contractor must furnish the City with Certificate of Insurance prior to commencement of work. An approved Certificate of Insurance furnished by the Contractor's carrier to guarantee the Contractor being insured with the City of St Pete Beach must be named as a certificate holder for this contract. The following minimum coverage:

- Commercial General Liability Insurance \$1,000,000.00.
- Comprehensive General Liability Insurance of \$1,000,000.00 each occurrence.
- Personal Injury for \$1,000,000.00 each occurrence.
- Automobile Liability \$1,000,000.00.
- General Workers Compensation Insurance as required by Florida law.
- Longshore Harbor Workers Compensation Insurance

PROTECTION OF WORK AND PROPERTY

The Contractor shall continuously maintain adequate protection of all their work and materials from damage or theft and shall protect the City's property and all adjacent property from injury or loss arising in connection with activities under their Contract. The Contractor shall make good any such damage, injury, or loss, except such as may be caused by agents or employees of the City.

The Contractor shall take, use, provide, and maintain all necessary precautions, safeguards, and protection to prevent accidents, or injury to persons or property on, about, or adjacent to the site of the work. Should the situation arise that physical security is needed the Contractor will provide security on off days and holidays. The Contractor shall be responsible for all charges incurred with such action.

The Contractor shall post danger signs warning against any hazards created by the work being done under their Contract. They shall designate a responsible member of their organization on the work, whose duty shall be the prevention of accidents, and the name of the person so designated shall be reported to the City Manager or designee and City in writing. In an emergency affecting the safety of life, or of the work or adjoining property, the Contractor, without special instruction or authorization from the City Manager or designee, or City, is hereby permitted to act, at their own discretion, to prevent such threatened loss or injury, and they must take such action if so instructed or authorized by the City Manager or designee. The Contractor shall also protect adjacent property as required by law.

PARKING

The Contractor shall arrange with City Manager or designee for temporary parking areas to accommodate construction personnel and construction equipment. Note that limited parking spaces are available in the City of St. Pete Beach. The Contractor will be asked to coordinate with the City's representative on site on a regular basis to minimize the impact on residents and visitors.

TRANSPORTATION, HANDLING AND STORAGE

The Contractor shall transport, handle, protect and store products in accordance with manufacturer's instructions and all environmental regulatory agencies.

VEHICLES

Business vehicles shall be identified on both sides with the name of the company.

ENVIRONMENTAL PROTECTION

It shall be the Contractor's responsibility to implement construction methods, best management practices, and erosion control methods that avoid water pollution as required by the State of Florida Department of Environmental Protection (FDEP), City of St. Pete Beach, and Pinellas County. Any Contractors in violation of the City of St. Pete Beach Regulations, Pinellas County Regulations, Florida Department of Environmental Protection Regulations, or any other regulatory agency regulations shall be the sole responsibility of the Contractor. The Contractor shall hold harmless the City of St. Pete Beach and the City Manager or designee from any fines and litigation resulting from the Contractor's actions. The Contractor shall pay all attorneys' fees, fines, penalties and any other such expenses resulting from the Contractor's actions. The Contractor shall provide all necessary measures to prevent any materials whatsoever from entering the waterway except for those materials, which are shown, on the plans as completed structures. The Contractor shall provide MSDS sheets to the City Manager or designee on all applicable materials before applying those materials. The Contractor shall secure the necessary education, certifications, licenses and permits required by state and local agencies to operate and manage a construction site, including but not limited to, FDEP requirements related to Coastal Construction Control Line. The Contractor shall abide by all rules and regulations set forth and required by the City of St. Pete Beach's MS4 NPDES Permit.

TIMELY DEMAND FOR STAKES AND INSTRUCTIONS

The Contractor shall provide reasonable and necessary materials, opportunities, and assistance for setting stakes and making measurements, including the furnishing of a rodman, or a chainman at intermittent times during the construction period. They shall not proceed until they have received such stakes and instructions as may be necessary as the work progresses. The work shall be done in strict conformity with such stakes and instructions. The Contractor shall carefully preserve benchmarks, reference points and stakes, and in case of willful or careless destruction, they will be charged with the resulting expense and shall be responsible for any mistakes that may be caused by their unnecessary loss or disturbance.

WORKMANSHIP

The Contractor acknowledges that they have satisfied themselves as to the nature and location of the work; the general and local conditions including but not restricted to those bearing upon transportation, disposal, handling and storage of materials; availability of labor, water, electric power, roads; and uncertainties of weather, surface conditions, subsurface conditions, tides or similar physical conditions at the site, the character of equipment and facilities required to prosecute the work. Any failure by the Contractor to acquaint themselves with any aspect of the work or with any of the applicable conditions shall not relieve the Contractor from the responsibility to successfully perform the work under the Contract Documents, nor shall it be considered the basis for any claim for additional time or compensation.

UTILITIES

The Contractor shall anticipate all underground obstructions such as water lines, gas lines, sewer lines, utility lines, or any other public or private facilities and debris. In all cases where existing utility lines may be interfered with by the work, the Contractor shall give a minimum of thirty-six (36) hours' notice to the owners of such utilities, to permit them to relocate the lines prior to construction. No extra payment shall be allowed for the removal, replacement, repair or possible increased cost caused by underground obstructions. The location of existing structures and utilities provided in the plans are approximate only. Any damage to existing structures to remain or work of any kind shall be repaired or restored promptly by, and at the expense of the Contractor.

The Contractor shall at all times protect all desirable trees, plants, curbs, sidewalks, irrigation components, and structures not requiring removal to accomplish the work, whether or not they are shown on the plans. The Contractor must contact the City to obtain tree removal permits for the removal of any tree not identified for removal in the Project Plans.

In matters of restoration, all materials, construction, and workmanship shall be acceptable to, and approved by the City of St. Pete Beach and the City Manager or designee. No changes in size, shape, configuration, location, materials, or construction shall be made without prior written authorization from the City Manager or designee. Any demolition debris and other debris shall be hauled offsite and properly disposed of by the Contractor and shall be inclusive to the prices as stated in the BID SCHEDULE, unless otherwise stipulated as part of the project to remain.

No interruption of ingress and egress to private property shall be made unless the Contractor has made prior arrangements acceptable to the owner of the affected property. The City Manager or designee shall notify affected residents/property owners of impending activity or inconvenience via door hanger.

The Contractor shall provide all traffic control devices utilized during construction and meet the requirements set forth in the Florida State Department of Transportation "Manual on Traffic Control and Safe Practices for Street and Highway Construction, Maintenance, and Utility Operations."

CLEANING UP

Upon completion or termination of the work the Contractor shall, as directed by the City Manager or designee, remove from the vicinity of the work all equipment and temporary structures, waste materials and rubbish resulting from his operations, leaving the premises in a neat and presentable condition. All debris generated by the Contractor will be removed before leaving the area. All areas will be raked to remove smaller debris. All surrounding sidewalks, parking lots and roadways will be cleared of any dust or debris generated by the Contractor. In the event of their failure to do so, the City at the expense of the Contractor may do the same, and their Surety shall be responsible.

DEFECTIVE WORK OR MATERIAL

The Contractor shall promptly remove from the premises all work and materials condemned by the City Manager or designee as failing to conform to the Contract, whether incorporated or not, and the Contractor shall promptly replace and re-execute his own work in accordance with the Contract and without expense to the City and shall bear the expense of making good all work of other Contractors destroyed or damaged by such removal or replacement.

If the Contractor does not remove such condemned work or materials within a reasonable time after notice, the City may remove them and store the materials at the expense of the Contractor. If the Contractor does

not pay the expense of such removal within ten (10) business days' time thereafter, the City may, upon thirty (30) business days written notice sell such materials at auction or at private sale and shall account for the net proceeds thereof after deducting all the costs and expenses that should have been borne by the Contractor.

DISPUTE RESOLUTION

The Contract shall be construed under Florida law. The parties agree that all controversies, claims and other matters in question between the parties arising out of or relating to this Contract or its breach shall be resolved through mediation. Upon notice of any party to the Contract of a dispute, question or controversy, the parties shall agree to the appointment of a qualified mediator. A qualified mediator is a person who has received at least forty (40) hours of mediation training and has actual experience as a mediator in resolving contract disputes. If the dispute, question or controversy is not resolved through mediation within sixty (60) business days of a notice of the dispute between the parties, the City reserves the right to seek resolution through court action.

INDEMNIFICATION

In consideration of the payment of ten dollars (\$10.00) as part of the above purchase price, Contractor shall indemnify, defend, and hold harmless the City, its officers and employees, from liabilities, damages, losses and costs, including but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the responding firm and any persons employed or utilized by the responding firm in the performance of the Contract.

GENERAL WARRANTY

Neither the final certificate nor any provision in the Contract Documents nor partial or entire occupancy of the premises by the City shall constitute an acceptance of work not done in accordance with the Contract Documents or relieve the Contractor of liability in respect to any express warranties or responsibility for faulty materials or workmanship. The Contractor shall remedy any defects in the work and pay for any damage to other work resulting therefrom that shall appear within a period of eighteen (18) months from the date of final acceptance of the work, unless a longer period is specified. The City shall give notice of observed defects with reasonable promptness.

LAND OF CITY, USE OF, BY CONTRACTOR

The City shall provide the land upon which the work under this Contract is to be done, and will, so far as is convenient, permit the Contractor to use as much of the land as is required for the erection of temporary construction facilities and storage of materials, together with the right of access to same, but beyond this, the Contractor shall provide, at his/her cost and expense, any additional land required. It will be the responsibility of the Contractor to repair or restore to the satisfaction of the City, at their own expense, any damage to land used for the above stated activities or any other activities approved by the City.

OTHER WORK

Wherever work being done by the City or by other Contractors is contiguous to work covered by this Contract, the respective rights of the various interests involved shall be established by the City Manager or designee to secure the completion of the various portions of the work in general harmony.

OTHER CONTRACTS

The City may award other Contracts. The Contractor shall fully cooperate with such other Contractors and carefully fit his/her own work to that provided under other Contracts, as may be with the performance of work by any other Contractor or City.

COOPERATIVE PURCHASING

Pursuant to their own governing laws and subject to the agreement of the Contractor, governmental entities may make purchases under the terms and conditions contained in the executed Contract, if agreed to by Contractor. Such purchases are independent of the Contract between the City and the Contractor, and the City is not a party to these transactions. Agencies seeking to make purchases under this Contract are required to follow the requirements of Rule 60A-1.045(5), F.A.C.

DELAYS AND EXTENSION OF TIME

If the Contractor should be delayed at any time in the progress of the work by an act or neglect of the City or the City Manager or designee, or of any employee of either, or by any separate Contractor employed by the City, or by changes ordered in the work, or by strike, lockouts, fire, unusual delay in transportation, unavoidable casualties, or any cases beyond the Contractor's control, or by delay authorized by the City Manager or designee, or by any cause which the City Manager or designee shall decide to justify the delay, then the time of completion shall be extended for such reasonable time as the City Manager or designee may decide. No such extension shall be made for a delay that occurs more than five (5) business days before a claim is made in writing to the City Manager or designee. In the case of a continued cause of delay, only one (1) claim is necessary. This section does not exclude the recovery of damages for delay by either party under other provisions in the Contract Documents.

CITY'S RIGHT TO TAKE OVER THE WORK

If the Contractor shall be adjudged bankrupt, or if they should make a general assignment for the benefit of its creditors, or if a receiver should be appointed to take over their affairs, or if they should fail to prosecute their work with due diligence and carry the work forward in accordance with its' work schedule and the time limits set forth in the Contract Documents, or if they should fail to substantially perform one or more of the provisions of the Contract Documents to be performed by them, the City may serve written notice on the Contractor and the Surety on its' performance bond, stating the City's intention to exercise one of the remedies hereinafter set forth and the grounds upon which the City bases its right to exercise such remedy. In any event, unless the matter complained of is satisfactorily cleared within ten (10) business days after the service of such notice, the City may, without prejudice to any other right or remedy exercise one of such remedies at once; having first obtained a certificate from the City Manager or designee that such sufficient cause exists to justify such action.

The City may terminate the services of the Contractor, which termination shall take effect immediately upon service of notice thereof on the Contractor and their Surety, whereupon the Surety shall have the right to take over and perform the Contract. If the Surety does not commence performance of the Contract within ten (10) ten days after service of the notice of termination, the City may itself take over the work, take possession of and use all materials, tools, equipment, and appliances on the premises and prosecute the work to completion by such means as it shall deem best. In the event of such termination of their service, the Contractor shall not be entitled to any further payment under their Contract until the work is completed and accepted. If the City takes over the work and the unpaid Contract balance exceeds the cost of

completing the work, including compensation for damages or expenses incurred by the City through the default of the Contractor, the excess unpaid Contract balance shall be paid to the Contractor. If the City takes over the work and the unpaid Contract balance does not exceed the cost of completing the work, including compensation for damages or expenses incurred by the City through the default of the Contractor, the Contractor and his Surety shall pay the difference to the City. The City Manager or designee shall certify such cost, expenses, and damages.

The City may take control of the work and either make good the deficiencies of the Contractor itself or direct the activities of the Contractor in doing so, employing such additional help as the City deems advisable. In such event, the City shall be entitled to collect from the Contractor and his Surety, or to deduct from any payment then or thereafter due the Contractor, the costs incurred by it through the default of the Contractor, provided the City Manager or designee approves the amount thus charged to the Contractor.

The City may require the Surety on the Contractor's bond to take control of the work at once and see to it that all deficiencies of the Contractor are made good with due diligence. As between the City and the Surety, the entire cost of making good such deficiencies shall be borne by the Surety. If the Surety takes over the work, either upon termination of the services of the Contractor or upon instructions from the City to do so, the provisions of the Contract Documents shall govern in respect to the work done by the Surety, the Surety being substituted for the Contractor as to such provisions, including provisions as to the payment for the work and provisions of this section as to the right of the City to do the work itself or to take control of the work.

RIGHT OF OCCUPANCY

The City shall have the right, if necessary, to take possession of and to use any completed or partially completed portions of the work, if such use be approved by the City Manager or designee even if the time for completing the entire work or such portions of the work has not expired and even if the work has not been finally accepted. Such possession and use shall not constitute an acceptance of such possession and use if it materially interferes with the Contractor's operations. The City shall also have the right to enter the premises with the Contractor for the purpose of doing work not covered by its Contract.

ACCEPTANCE

Final inspection and acceptance of the work shall be made for the City by the City Manager or designee. Such inspection shall be made as soon as practical after the Contractor has notified the City in writing that the work is ready for such inspection.

WAIVER

It is expressly understood and agreed that any waiver granted by the City Manager or designee of any term, provision, or covenants of the Contract shall not constitute a precedent or breach of the same or any other terms, provisions, or covenants of the Contract. Neither the acceptance of the work by the City nor the payment of all or any part of the sum due the Contractor hereunder shall constitute a waiver by the City of any claim which the City may have against the Contractor or Surety under this Contract or otherwise.

INSPECTION

The City Manager or designee and his representative shall, at all times, have access to the work during its construction and shall be furnished with every reasonable facility for ascertaining that the stock and materials used and employed, and the workmanship, are in accordance with the requirements and intentions of the Plans. All work done and all materials furnished shall be subject to their inspection and

approval by the City Manager or his designee. If any work should be covered up without approval or consent of City Manager or designee, it must, if required by the City Manager or designee, be uncovered for examination at the Contractor's expense.

The City Manager or designee may order re-examination of questioned work and if so ordered, the Contractor must uncover the work. If such work were found in accordance with the Contract Documents, the City shall pay the cost of re-examination and replacement. If such work be found not in accordance with the Contract Documents, the Contractor shall pay such costs unless they show that the defect in the work was caused by another Contractor, and in that event, the City shall pay such cost.

The inspection of the work shall not relieve the Contractor of any of their obligations to fulfill their Contract as prescribed, and defective work shall be made good and unsuitable materials shall be rejected, notwithstanding that such defective work and materials have been previously overlooked and accepted on estimates for payment. All work shall be tested to the satisfaction of the City Manager or designee before acceptance.

BID REVIEW AND CONTRACT AWARD

Failure to submit all documents requested at the time of bid may deem the Contractor's bid ineligible for award. The City of St. Pete Beach reserves the right to reject any or all bids or parts of bids or accept any bid or part thereof deemed to be in the best interests to the City of St. Pete Beach. The City shall be the sole final judge of qualifications of the bidder to perform service and reserves the exclusive right to accept or reject any bids as it deems to be in the best interests of the City. The City may waive any informality.

LOCAL, STATE AND FEDERAL COMPLAINE REQUIREMENTS

The laws of the State of Florida do apply to any purchase made under this Request for Bid. Proposers shall comply with all local, state, and federal directives, orders and laws as applicable to their bid and subsequent contracts include but not limited to Equal Employment Opportunity, Minority Business Enterprise, and OSHA as applicable to this contract.

Compliance with Fla. Stat. 448.095:

- Contractor agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp>, to verify the employment eligibility of all employees hired on or after January 1, 2021 during the term of this Agreement.
- Subcontractors (i) Contractor shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement. (ii) Subcontractors shall provide Contractor with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095 (iii) Contractor shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- Contractor must provide evidence of compliance with Fla. Stat. 448.05 by January 1, 2021. Evidence may consist of, but is not limited to, providing notice of Contractor's E-Verify number.
- Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Contractor may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same

services and rebidding costs (if necessary). Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public agreement for a period of 1 year after date of termination.

RESERVES THE RIGHT

The City reserves the right to accept or reject any and/or all bids, to waive irregularities and technicalities, and to request re-submission. If only one bid is received by the bid date and time listed, the bid may or may not be rejected by the City depending upon bid review and the needs of the City.

The City reserves the right to select a firm with or without additional interviews and may decide to select any of the firms submitting bids. The City reserves the right to award the contract to a responsible proposer submitting a responsible bid, with a resulting negotiated agreement which is most advantageous and in the best interest of the City.

Proposers, bidders, their agents, and associates shall not contact or solicit any City Commission member, City employee, or official regarding this RFB during any phase of the bidding process. Failure to comply with the provision may result in disqualification of the bidder, at the option of the City. Only that individual listed, or an approved designee, as the contact person for this RFB shall be contacted.

SUBMITTAL WITHDRAWAL

After submittals are opened, corrections or modifications to submittals are not permitted, but a responding firm may be permitted to withdraw an erroneous submittal prior to the award by the City Commission, if the following is established:

- That the responding firm acted in good faith in submitting the submittal;
- That in preparing the submittal there was an error of such magnitude that enforcement of the submittal would work severe hardship upon the respondent;
- That the error was not the result of gross negligence or willful inattention on the part of the respondent;
- That the error was discovered and communicated to the City within twenty-four (24) hours of submittal opening, along with a request for permission to withdraw the submittal; or
- The responding firm submits documentation and an explanation of how the error was made.

CONE OF SILENCE

Respondents to this solicitation or persons acting on their behalf may not contact, between the release of the solicitation and the end of the 72-hour period following the agency posting the notice of intended award, excluding Saturdays, Sundays, and state holidays, any employee or officer of the executive or legislative branch concerning any aspect of this solicitation, except in writing to the procurement officer or as provided in the solicitation documents. Violation of this provision may be grounds for rejecting a response.

TERMINATION

The resulting contract may be canceled by the City when:

- Sufficient funds are not available to continue its full and faithful performance of this contract.

- There is sub-standard or non-performance of contract.
- The City wishes to terminate at any time and for any reason, upon giving thirty (30) days prior written notice to the other party.

The resulting contract may be canceled by either party in the event of substantial failure to perform in accordance with the terms by the other party through no fault of the terminating party.

FISCAL NON-FUNDING

If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel this Agreement immediately upon written notice to the vendor.

PROJECT RECORDS

The awarded firm shall maintain auditable records concerning the procurement to account for all receipts and expenditures, and to document compliance with the Contract. These records shall be kept in accordance with generally accepted accounting methods, and the City of St. Pete Beach reserves the right to determine the record-keeping method in the event of non-conformity. These records shall be maintained for three (3) years after final payment has been made and shall be readily available to City personnel with reasonable notice, and to other persons in accordance with the Florida Public Disclosure Statutes. Additionally, the awarded firm shall abide by and comply with Florida Statutes regarding public records. Specifically, the firm shall be aware of the provisions found in Section 119.0701, Florida Statutes.

Upon completion of the project, all reports, studies, recommendations, forms, and other project specific information will need to be submitted in paper and in an electronic file format (.PDF, .JPEG) on CD or USB storage device.

[]

V. REFERENCES & MINIMUM QUALIFICATIONS

Provide at least three (3) or more professional, business references with which you have contracted to provide similar services in the past five (5) years. Include the name of the person, its organization, telephone number, fax number, and e-mail address. Include any governmental agencies, with the same contact and descriptive information for which you have provided similar service within the past five (5) years.

Provide a brief description of the history and capabilities of the firm. Describe the types of projects or services the firm performs/has performed and the dollar value of each. Provide information regarding your firm's ability to complete this project. Demonstrate that the firm's personnel have experience with similar projects.

Identify all unresolved and ongoing claims and disputes against your firm in excess of \$500,000. Include any claims against the principals of your firm or any claims your company may have against a third party. Provide a history of litigation, including the outcomes, for the past five (5) years.

The responding firm shall provide a statement of assurance that the firm is not presently in violations of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida and ordinances and regulations of the City of St. Pete Beach will apply.

Provide the overall bonding capacity for the company and provide a history of any claims against the

bidder's previous bonds for the past five (5) years.

The City shall be the sole final judge of qualifications of bidder to perform service and reserves the exclusive right to accept or reject any bid as it deems to be in the best interests of the City. The City reserves the right to make such investigation, as it deems necessary, to determine the ability of any proposer to perform the work or service requested. Failure to comply with the requirements of this section may be grounds for rejecting a response.

VI. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO § 287.133 (3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: _____
(Print individual's name and title)

for: _____
(Print name of entity submitting sworn statement)

at: _____
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in § 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in § 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in § 287.133 (1)(a), Fla. Stat., means:
- a. A predecessor or successor of a person convicted of a public entity crime or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who

knowingly enters into a joint venture with a person who has been convicted of a public crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☐ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

VIII. SPECIFICATIONS

All work shall conform to the most current Pinellas County Standard specifications, regulations, and details.

Where required work is not covered by Pinellas County Specifications, regulations, and details, the most current FOOT specifications, regulations, and details shall be used, unless otherwise specified.

IX. SAMPLE AGREEMENT

(Sample Agreement behind this page.)

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

[Enter Contract Name]

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and Vendor Name. (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Public Records. The Contractor shall abide by the legal requirements set forth in Florida Statutes, Section 119.0701 and incorporated herein as Exhibit A. **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTORS' DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (City Clerk, City of St. Pete Beach, Florida, 727-363-9220, cityclerk@stpetebeach.org, 155 Corey Avenue, St. Pete Beach, Florida 33706).**
3. Employment Eligibility. The Contractor shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

a. Contractor agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.

b. Subcontractors (i) Contractor shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Contractor with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Contractor shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.

c. Contractor must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Contractor's E-Verify number.

d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Contractor may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public agreement for a period of one (1) year after date of termination.

4. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:

- a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit B) in the amount of \$(enter \$ amount).
- b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
- c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the exception of changes caused by inclement weather.
- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.

- e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.
8. Warranties.
- a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be

considered defective.

- b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 12 months of the agreement.
10. Term. This Agreement will remain in effect for a period of [enter date] from the Effective Date.
11. Effective date. The “Effective Date” of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
- a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in accordance with the payment schedule provided in the attached proposal, City shall pay Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.
16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount

of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additional insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages compensation or benefits payable by or for the Contractor or any subcontractor under Workers' Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved,

and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: “An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity.”

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City’s employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker’s Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor’s activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor’s funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified public accountant selected by the City. The Contractor must allow the City to inspect, examine and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Florida public records law (Exhibit “A”)
- b. Request for Bid (Exhibit “B”)

c. Vendor Proposal (Exhibit C)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

As to Contractor:

With Copy To:

Insert Vendor email address

As to City:

City Manager
City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

With Copy To:

cityattorney@stpetebeach.org

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney's fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of counterparts, each of which so executed and delivered shall be deemed to be an original and all of which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

EXHIBIT “A”

Florida Public Records Law

119.0701 Contracts; public records; request for contractor records; civil action.

(1) **DEFINITIONS.** —For purposes of this section, the term:

(a) “Contractor” means an individual, partnership, corporation, or business entity that enters into a contract for services with a public agency and is acting on behalf of the public agency as provided under s. 119.011(2).

(b) “Public agency” means a state, county, district, authority, or municipal officer, or department, division, board, bureau, commission, or other separate unit of government created or established by law.

(2) **CONTRACT REQUIREMENTS.** —In addition to other contract requirements provided by law, each public agency contract for services entered into or amended on or after July 1, 2016, must include:

(a) The following statement, in substantially the following form, identifying the contact information of the public agency’s custodian of public records in at least 14-point boldfaced type:

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR’S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (telephone number, e-mail address, and mailing address).

(b) A provision that requires the contractor to comply with public records laws, specifically to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency’s custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency’s custodian of public records, in a format that is compatible with the information technology systems of the public agency.

II. CONTRACTOR'S BID SUBMITTAL

The company that is submitting a bid declares that it has extensive experience in **City Wide Street Paving**.

The undersigned, as Bidder, hereby declares that the only person or persons interested in the Bid as principal or principals are named herein, and that no person other than herein mentioned has any interest in the Bid or in the Agreement to be entered into; that this Bid or Agreement is made without connection with any other person, company, or parties making a Bid; and that it is in all respects fair and in good faith without collusion or fraud.

The Bidder further declares that they have examined the site of the work and informed themselves fully in regard to all conditions pertaining to the place where the work is to be done; that they have examined the Plans and Specifications for the work and Contract Documents relative thereto, and have read all special provisions furnished prior to the opening of bids; and that they have satisfied themselves relative to the materials to be supplied and work to be performed.

The Bidder proposes and agrees, if the Bid is accepted, to contract with the City of St. Pete Beach, Florida, in the form of an Agreement specified for "**City Wide Street Paving**" in St. Pete Beach, Florida, in full and complete accordance with the shown, noted, described, and reasonably intended requirements of the Plans, Specifications, and Contract Documents, to the full and entire satisfaction of the City of St. Pete Beach, Florida.

The successful bidder shall be required to utilize the template Agreement in this Request for Bids (RFB) and any questions regarding the Agreement must be addressed during the RFB process before submittal. The City reserves the right to respond or not respond to questions in the form of an addendum.

The Bidder proposes to furnish all materials, equipment, labor, and perform the work submitted in their bid schedule for the City of St. Pete Beach "**City Wide Street Paving**".

Street Paving RFB. This is from Yellow Dawg or Florida Parking. The other vendor, Preferred Materials did not resubmit a complete pricing schedule. Yellow Dawg did which is attached. Even with the completed price list Yellow Dawg is still under by approximately 1.5 million. Just wanted to send you this so you would have the updated pricing for Yellow Dawg.

Thank You.

IV. GENERAL CONTRACT TERMS

REQUEST FOR BID

The City of St. Pete Beach intends to contract the services of an experienced, qualified contractor to perform City Wide Street Paving when and as needed

LOCATIONS

The City of St. Pete Beach is soliciting bids from qualified Contractors for **City Wide Street Paving**.

BID SUBMITTALS

Bid documents must include a signed/notarized Contractor's Bid Submittal (Page 3), Fee Schedule, References, Contractor's license and insurance certificates, and Public Entity Criminal Affidavit. The Contractor shall submit electronic Bids only via Bonfire or DemandStar. Please contact the Procurement Manager at jtaylor@stpetebeach.org if you need a link. Please include a valid email address.

BIDDER INFORMATION

All Contractors must contact the City's Procurement Manager, in writing via e-mail (jtaylor@stpetebeach.org), with their intention to bid, along with their company name and contact information at least five (5) business days before the bid package is due. The City is not responsible for any Addendums or other supplementary information that is not received due to non-submittal of the aforementioned information. Please refer back to the city website (<http://www.stpetebeach.org/news-and-links/city-projects.html>) for additional project information as it becomes available. The City reserves the right to decide whether to answer addendums or not. The City is not required to provide any additional information.

MANDATORY PRE-BID MEETING

A **MANDATORY** pre-bid meeting will be held on **05/24/2025 at 1:30 PM EST** via Microsoft Teams Video conference/Teleconference. Please contact the City's Procurement Manager (jtaylor@stpetebeach.org) for a meeting invitation and Microsoft Teams Meeting instructions.

WRITTEN REQUESTS FOR INTERPRETATIONS/CLARIFICATIONS

No oral interpretations will be made to any firms as to the meaning of the scope of work or any other contract documents included in this **RFB**. All questions pertaining to the terms and conditions or scope of work of this Request for Bid (**RFB**) must be sent in writing (e-mail is acceptable) to the City Procurement Manager and shall be received no later than **10:00 EST on 05/07/2025**. Responses to questions may be handled as an Addendum if the response would provide clarification to the requirements of the **RFB**. All such Addenda shall become a part of the contract documents. The City will not be responsible for any other explanation or interpretation of the proposed **RFB** made or given prior to the award of the contract. The City will not respond to questions received after the specified deadline. The City reserves the right to respond to any and all questions but is not required to do so.

BID PACKAGES

Sealed bids will be accepted by the City until **05/13/2025 at 9:00 AM EST** (Deadline). No bids shall be

V020922

accepted by the City after this deadline – NO EXCEPTIONS. Bid Packages must be delivered Electronically either to Bonfire or DemandStar. Please contact jtaylor@stpetebeach.org if a link is required.

Clearly marked as: "City Wide Street Paving"

CONTACT INFORMATION

John Taylor – Procurement Manager

Mailing Address - 155 Corey Avenue, St. Pete Beach, Florida 33706

Office Phone - (727) 363-9279

E-mail - jtaylor@stpetebeach.org

SCOPE OF WORK

Street Paving throughout the City on an as needed basis. This will include any markings, changes and added items as needed by the City Engineer and the Streets Department..

DETAILED SPECIFICATIONS

Detailed work sheets will be required for each paving event outlining all items that were paved, including locations, cross streets etc..

Standard work hours shall be from 7:30 AM until 6:00 PM, Monday through Saturday. No work shall take place on Sundays or on official City holidays without prior approval by the City Manager or designee at least 1 week prior to the scheduled work. A list of current official City holidays can be found on the City's Human Resources website at <http://www.stpetebeach.org/hr/holidays.html>. Contractor will coordinate scheduling of work with the City's Project Manager and City's Inspector.

ADDITIONAL WORK DETAILS

Contractors or persons wishing to bid on this project are licensed, bondable and insured in accordance to the City's requirements. The Contractor will furnish all necessary labor, materials, tools, equipment and supplies to complete the scope of work. Bid must also include all costs for licenses, permits and any material disposal fees.

Bidder must include notification to residents with door hang tags one week prior to paving event.

Bidders shall bring questions, discrepancies, omissions, conflicts, or doubt as to meaning of any part of Contract Documents to the attention of the City of St Pete Beach Public Works Department at least ten (10) business days before bid submittal deadline. Clarification of intent of Contract Documents, if necessary, shall be made available to bidders in the form of an Addendum. Failure to request clarification of interpretation of Contract Documents shall not relieve bidders of their responsibilities to perform the work.

The City of St. Pete Beach reserves the right to reject any or all bids or parts of bids, or accept any bid or part thereof deemed to be in the best interests to the City of St. Pete Beach.

STATEMENT OF WORK

The Contractor shall furnish and pay the cost, including sales tax and all other applicable taxes, licenses, permits and fees, of all the necessary materials not furnished by the City and shall furnish and pay for all the superintendence, labor, tools, equipment, transportation, and perform all the work required for the execution of all services listed in the Bidder's Proposal and Bid Form attached hereto and in strict accordance with the Plans, Specifications, and requirements of the City of St. Pete Beach which are attached

hereto and made a part hereof, and any amendments thereto and such supplemental Plans and Specifications which may hereafter be approved.

BEGINNING DATE

The Contractor is expected to be available to start immediately following contract execution.

COMPLETION OF WORK

The work will be completed and ready for final inspection within three (3) years from contract execution. With the option to renew for two (2) additional 1-year periods.

EXAMINATION OF SITE

Bidders may visit specific areas with advanced notice.

ASSURANCES

The responding Contractor shall provide a statement of assurance that the Contractor is not presently in violation of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida, and ordinances and regulations of the City of St. Pete Beach will apply.

TRAFFIC CONTROL AND STAGING AREA

Contractor shall include all costs associated with vehicular and pedestrian traffic control and maintenance during the project. Contractor shall be responsible for providing a staging area. The location of this area must be approved by the City Manager or designee. The Contractor will be required to control the area including any additional fencing or barricades and Contractor will be responsible for the restoration of this and all other staging areas provided by the City.

ASSIGNMENT AND TRANSFER OF CONTRACT

The Contractor shall not assign or transfer this Agreement or any part thereof or any interest therein without consent in writing of the City and the Contractor's Surety, and any such assignment or transfer without such written consent shall be null and void.

SUBCONTRACTS

The Contractor shall not subcontract this Agreement or any part thereof or any interest therein without consent in writing of the City and the Contractor's Surety. Any Subcontractor approved by the City will be subject to the same standards and qualifications as stated in this Contract.

PERFORMANCE PAYMENT BOND

Not required for this contract.

LIQUIDATED DAMAGES

If the work embraced by this Contract is not completed on or before the date set for completion or any extension thereof, the actual damages for the delay will be impossible to determine and in lieu thereof, the Contractor shall pay to the City fixed, agreed, and liquidated damages in the amount of either Five-Hundred

Dollars (\$500) per day for each calendar day of delay until the work is satisfactorily completed.

PAYMENT

Payment shall be made to the Contractor for work performed under this Contract for the quantities of work as determined in accordance with Payments for Work Completed and Payments Withheld of this Contract. Payment for extra work will be made in accordance with the Changes in Work, Contract Amount, and Contract Time sections below.

CHANGES IN THE WORK

Without invalidating the Contract, the City may, at any time or from time to time, order additions, deletions or revisions in the work authorized by written Change Orders or directives. Upon receipt of a Change Order, the Contractor will proceed with the work involved. All such work shall be executed under the applicable conditions of the Contract documents. If any Change Order causes an increase or decrease in the Contract Amount or any extension or shortening of the Contract Time, an equitable adjustment will be made.

Additional Work performed by the Contractor without authorization of a Change Order will not entitle them to an increase in the Contract Amount or any extension of the Contract Time, except in the case of an emergency (subject to approval by City Manager or designee).

It is the Contractor's responsibility to notify their Surety of any changes affecting the general scope of the Work or change of the Contract Amount and the amount of the applicable bonds shall be adjusted accordingly, and an amended bond document furnished to the City. In the event the City directs the Contractor to make a change in the Work, and if the City and the Contractor do not arrive at a mutually acceptable increase or decrease in the Contract Amount, the contractor shall not use any such lack of mutual acceptance as a basis or cause to stop or otherwise delay the progress or the execution and completion of any of the work ordered, directed or required pursuant to the Contract Documents.

If the Contractor believes an event or situation has occurred which justifies a change in the Contract Amount or Contract Time, he shall deliver a written notice to the City Manager or designee. Each such written notice shall be delivered promptly and no later than fifteen (15) business days after the Contractor first discovered the occurrence. The Contractor shall be deemed to have waived the right to collect any and all costs incurred more than fifteen (15) business days prior to the date of delivery of the written notice and shall be deemed to have waived the right to seek an extension of the Contract Time with respect to any delay in the Progress Schedule which accrued more than fifteen (15) business days prior to the date of delivery of the written notice.

Any such notice shall include sufficient detail to explain the basis of entitlement to a claim for an adjustment to the Contract Amount or Contract Time. When requested by the City Manager or designee, the Contractor shall furnish any additional information and details as may be required to determine the facts or allegations involved, which shall be provided within fifteen (15) business days of the request unless a longer time period is allowed by the City Manager or designee.

The Contractor shall prepare bids detailing proposed adjustments to Contract Amount and/or Contract Time and submit them to the City Manager or designee within fifteen (15) business days of the City's issuance of a proposed Change Order or the Contractor's submitting a written notice of a change or claim for an adjustment to the Contract Amount or Contract Time. Contractor's bids shall be irrevocable for a period of at least sixty (60) business days after receipt by the City. Any delay in the submittal of a complete, adequate and acceptable bid will not justify an increase in Contract Amount or Contract Time. Contractor agrees that it shall give the City access to any and all of Contractor's and Subcontractors' books, records and

other materials relating to proposed Change Orders and other claims for adjustment to Contract Amount or Contract Time.

CHANGE OF CONTRACT AMOUNT

The Contract Amount constitutes the total compensation payable to the Contractor for performing the Work. All duties, responsibilities and obligations assigned to or undertaken by the Contractor shall be at his expense without change in the Contract Amount. The Contract Amount may only be changed by written Change Order issued by the City. Any claim for an increase in the Contract Amount shall be in writing and delivered to the City Manager or designee within fifteen (15) business days of the occurrence of the event giving rise to the claim.

All claims for adjustment in the Contract Amount shall be determined by the City Manager or designee. However, no claim for an adjustment to the Contract Amount will be considered for unforeseeable causes that were beyond the fault or negligence of the Contractor or his Subcontractors or supplier such as acts of God, floods, riots, etc. This restriction does not restrict submission of claims for additional Contract Time due to events of this nature. Any change in the Contract Amount shall be incorporated in a Change Order.

Contractor bids or claims shall cover all aspects of the Work involved and shall be fully documented and itemized as to all costs, quantities and charges for overhead and profit. Amounts for Subcontractors or Suppliers at any tier shall be similarly supported. When determining Subcontractors' costs, the methods to be used shall be those used for the Contractor's costs, except that the term "Subcontractor" shall replace the term "Contractor," context permitting.

Changes in Contract Amount for extensions in Contract Time shall exclude costs that are unaffected or do not relate to the extension in Contract Time, such as: (a) operating costs of construction equipment assigned to the Work on a continuing basis, (b) operating costs and owned/rental costs of construction equipment (crane used for specific lifts, concrete pump used for specific pours, etc.), and (c) fully paid site facilities, tools, etc.

The value of any Work covered by a Change Order or of any claim for an increase or decrease in the Contract Amount where the Work involved is covered by unit prices contained in the Contract Documents shall be determined by application of unit prices to the quantities of the items involved. If the quantities originally contemplated are so changed in a proposed Change Order, that application of the Unit Prices to the quantities proposed will cause substantial inequity to the City or the Contractor, the applicable unit price(s) shall be equitably adjusted by mutual agreement.

If the value of work covered by a Change Order cannot be established or mutually agreed to utilizing previously established unit rates, the value shall be determined by the City on the basis of an estimate of the out-of-pocket cost and percentages that are acceptable to the City for overhead and profit. The out-of-pocket cost shall only include those direct costs which are needed to perform the work such as labor (including payroll taxes, fringe benefits, labor burden and workers' insurance), materials, equipment, and other incidental out-of-pocket construction costs directly involved in the work, including but not limited to small tools, expendables and material costs but shall not include project management or project supervisory costs unless the Change Order includes an increase in the Contract time.

In such case, the Contractor will submit in the form prescribed by the City an itemized cost breakdown together with supporting data.

The amount of credit to be allowed by the Contractor to the City for any such change which results in a net decrease in cost, will be the amount of the actual net decrease as determined by the City. When both

additions and credits are involved in any one change, the combined overhead and profit shall be figured on the basis of the net increase, if any.

To be eligible for consideration, the Contractor's written claim for a change in the Contract price, including claim(s) from sub-contractors, shall include an itemized cost breakdown with supporting data as described below:

- A. For labor: Provide written documentation from the Contractor and Subcontractors or others as appropriate in the form of a detailed breakdown by each labor classification involved indicating the number of hours of Work involved and the hourly payroll rate applicable to each to substantiate the basis and amount of the direct labor cost. The direct labor cost may be increased to provide an allowance for indirect payroll costs (labor burden), such as payroll taxes, fringe benefits, and workers insurance after all premium discounts, rebates and other appropriate reductions have been taken.
- B. For material, supplies, equipment, furnishings, etc., to be installed or included in the Work: Provide written documentation from the Contractor and Subcontractors, suppliers, etc., to substantiate the basis and amount of the various cost items involved. Material costs shall reflect the Contractor's reasonably anticipated net actual cost after consideration of trade discounts and volume rebates.
- C. For construction equipment: Provide written documentation in the form of a detailed breakdown by each construction equipment category, indicating the applicable unit rates (i.e., dollar amount per hour, dollar amount per day etc.) and the number of hours, days, etc. to substantiate the basis and amount of the construction equipment out-of-pocket costs.

CHANGE OF CONTRACT TIME

The Contract Time may only be changed by written Change Order. Any claim for an extension in the Contract Time shall be in writing and include an analysis of the Progress Schedule as further described in the Specifications and shall be delivered to the City Manager or designee within fifteen (15) business days of the occurrence of the event giving rise to the claim. All claims for adjustment in the Contract Time shall be determined by the City Manager or designee. Any change in the Contract Time resulting from any such claim shall be incorporated in a Change Order. The Contract Time may be extended for an amount equal to time lost due to unforeseeable causes beyond the control of the Contractor (and his Subcontractors and Suppliers) if he makes a claim therefrom. Such delays shall include, but not be restricted to, acts or neglect by any separate Contractor employed by the City; fires; floods; labor disputes; epidemics; or acts of God.

All time limits stated in the Contract Documents are of the essence to the Contract. The stated time limits are agreed to be adequate to complete the work, including the procurement, manufacture and delivery of all material and equipment required, and account for any and all potential impact, delays, disruptions and costs that may be expected.

CITY'S RIGHT TO DIRECT PURCHASE

The City has reserved the right to purchase certain items and materials for this project directly in an effort to save applicable sales tax in compliance with Florida Law.

The City will issue purchase orders directly to the vendors supplying the equipment being directly purchased by the City for this project. Each Purchase Order will be accompanied by the City's Certificate of Exemption and a Certificate of Entitlement. All direct purchase vendor invoices will be issued to the City of St. Pete Beach and the City will issue payment to each direct purchase vendor from City funds. The City

will take title to the equipment at time of delivery from the vendor and will issue a separate Certificate of Entitlement for each purchase order.

The Contractor shall assist the City with receipt of materials furnished by the City in accordance with these Special Provisions including, but not limited to, verifying correct quantities, verifying documents of orders in a timely manner, providing and obtaining all warranties and guarantees required by the Contract Documents, assist with inspection of the goods at the time of delivery and notify the City immediately of any deficiencies noted. It is understood that the owner assumes the risk of damage or loss during the time that the building materials are physically stored at the job site prior to their installation or incorporation into the project. The Contractor shall coordinate with the City regarding the delivery schedules, sequence of delivery, loading orientation, and other arrangements normally required by the Contractor for the particular material furnished.

As City Furnished Materials are delivered to the job site and accepted by the City, the City shall notify the Contractor who will assist the City to visually inspect all shipments from the suppliers. The City will approve the vendor's invoice for material delivered upon adequate inspection and recommendation of the Contractor. The City shall assure that each delivery of City Furnished Materials is accompanied by documentation adequate to identify the Purchase Order against which the purchase is made and Contract Documents including but not limited to Contract, Plans, Specifications, and approved Shop Drawings. This documentation may consist of a delivery ticket, bill of lading and an invoice from the supplier conforming to the Purchase Order together with such additional information as the City may deem necessary.

PAYMENTS FOR WORK COMPLETED

Partial payments will be made as the work progresses (if applicable) at the end of each calendar month, or as soon thereafter as practicable on estimates made by the City Manager or designee and as approved by the City, provided that the Contractor is performing the overall job in a diligent manner. In making partial payments, there shall be retained five percent (5%) on the amount of each estimate until final completion and acceptance of all work covered by the Contract. Upon completion and acceptance of the work, the City Manager or designee shall issue a certificate that the work has been completed and accepted by them under the conditions of the Contract and shall make and approve the final estimate of the work. The entire balance found to be due the Contractor, including that retained by the City, should be paid to the Contractor. Such payment shall be conditioned, however, upon the submission by the Contractor of evidence satisfactory to the City that all claims for labor, material, and any other outstanding indebtedness in connection with the Contract have been paid. Such payment shall also be conditioned upon approval and acceptance of the construction and improvements by the City.

If after the work has been substantially completed, full completion thereof is materially delayed through no fault of the Contractor and the City Manager or designee so certifies, the City shall upon the Certificate of the City Manager or designee, and without terminating the Contract make payment for the balance due for that portion of the work fully completed and accepted. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of claim. If such delay occurs and payment is made under this clause, the Contractor shall nevertheless be prepared to complete the work in a timely manner upon the remedy or removal of such delay, and shall be bound under this Contract for the completion of such work unless this Contract is otherwise terminated. All payments will be made in accordance with the Local Government Prompt Payment Act, Chapter 218, Florida Statutes.

PAYMENTS WITHHELD

The City Manager or designee may withhold, or, on account of subsequently discovered evidence, nullify

the whole or part of any estimate to such extent as may be necessary to protect the City from loss on account of:

- a) Defective work not remedied
- b) Claims and/or liens filed or reasonable evidence indicating probable filing of claims
- c) Failure of the Contractor to make payments properly to Subcontractors or for material or labor
- d) A reasonable doubt that the Contract can be completed for the balance then unpaid
- e) Damage to another Contractor
- f) Failure of the Contractor to keep their work progressing in accordance with their time schedule

FINAL PAYMENTS

Upon the completion and acceptance of the work, the City Manager or designee shall issue a certificate that designates that the whole work provided for in this Contract has been completed and accepted by him under the conditions and the terms thereof and shall make the final estimate of the work. After issuance of the certificate, the entire balance found to be due the Contractor, including said retained percentage by the City in accordance with existing state laws as may be retained lawfully by said City, shall pay excepting such sums to the Contractor.

Before the approval of the final payment, the Contractor shall submit evidence satisfactory to the City that states that all payrolls, materials, bills and outstanding indebtedness in connection with this Contract have been paid.

LIENS

If at any time there shall be evidence of any lien or claim for which the City might become liable and which is chargeable to the Contractor, the City shall have the right to retain out of any payment then due or thereafter to become due, an amount sufficient for complete indemnification against such lien or claim. In the event the City has already paid to the Contractor all sums due under this contract or the balance remaining unpaid is insufficient to protect the City, the Contractor and his Surety shall be liable to the City for any loss so sustained.

RESPONSIBILITY OF THE CITY MANAGER OR DESIGNEE

The term "City Manager or designee" wherever used in the Contract shall be the City of St. Pete Beach or its duly authorized representative. Notices of any change in the City Manager or designee shall be given in writing by the City to the Contractor. The City Manager or designee shall have full authority to interpret the Plans and Specifications and shall determine the amount, quality, and acceptance of the work and supplies to be paid for under the Contract and every question relative to the fulfillment of the terms and provisions therein. It shall be the duty of the City Manager or designee to enforce the Plans and Specifications in a fair and unbiased manner. If a variation from any requirements is allowed the City Manager or designee shall grant the same in writing with the reasons for his action outlined, and such action will not invalidate or change the Contract in any other manner.

INTENT OF PLANS AND SPECIFICATIONS

The Contractor shall keep on the job a copy of the Plans and Specifications and shall at any time give the

City Manager or designee access thereto. Anything mentioned in the Specifications and not shown on the Plans or shown on the Plans and not mentioned in the Specifications, shall be of like effect as if shown or mentioned in both. The Contractor shall not take advantage of any errors, discrepancies or omissions that may exist in the Plans and Specifications but shall immediately call them to the attention of the City Manager or designee whose interpretation or correction thereof shall be conclusive. Should a conflict occur between the General Specifications and any Supplemental Specifications and/or Plans, the latter shall govern.

LICENSES AND PERMITS

The Contractor shall obtain and pay for all necessary City licenses and work permits and shall faithfully comply with all laws, ordinances and regulations, (Federal, State or local) which may be applicable to the operations to be conducted hereunder, except for those permits obtained by the City. Notwithstanding the provisions above, the contractor is responsible for non-compliance of all permit requirements, including all fines resulting from Contractor's non-compliance of said requirements.

Chapter II, Section II-4, "Registration of Licenses Obtained From Other Municipalities:" "Persons, partnerships, corporations, or other business entities doing business with the City who are not required to obtain a City occupational license, but who must have either a State or County or Municipal occupational license from another municipality, shall register such occupational license with St. Pete Beach Community Development Department. The City may charge a fee for such registration." The Contractor shall be responsible for obtaining all City, County, State and Federal permits required by those government agencies and must provide documentation of receipt of those permits prior to project commencement. This shall include a notice to commence work letter and the applicable fee, if required. Any sub-contractor hired by the contractor awarded the project, MUST also register their license with the City.

SUPERINTENDENCE

The Contractor shall constantly superintend all the work embraced in this Contract in person or by a responsible agent who shall have in writing, full authority to act for them and to carry out all the instructions given by the City Manager or designee.

LABOR PROVISIONS

The Contractor and his Subcontractors shall discharge, whenever ordered to do so by the City Manager or designee, any employee who is disorderly or whose conduct in the opinion of the City Manager or designee is detrimental to the prosecution of the work. No person whose age or physical condition is such as to make this employment dangerous to his/her health and safety or to the health and safety of others shall be employed on the work, and in no event shall any persons under the age of sixteen (16) years be employed.

INSURANCE

The Contractor shall procure and maintain at his/her own expense, during the life of the Contract, liability insurance as hereinafter specified. All such insurance shall be subject to the approval of the City for adequacy of protection and shall include a provision preventing cancellation without twenty (20) business days prior notice to the City in writing. The City shall be included as an additional insured on all liability insurance. The liability insurance required is as follows: Contractor's General Public Liability and Property Damage Insurance issued to the Contractor and protecting the Contractor from all claims for personal injury, including death, and all claims for destruction of or damage to property, arising out of or in connection with any operations under this Contract, whether such operations be by the Contractor or by any Subcontractor hired by the Contractor or anyone directly or indirectly employed by the Contractor or

hired by the Contractor.

The successful Contractor shall supply and maintain insurance which defends, indemnifies and holds harmless the City of St. Pete Beach, its officers, employees and agents from and against any and all liability, damage claims, demands, costs, judgments, fees, attorney's fees or loss arising directly out of acts or omissions hereunder by the Contractor or third party under the direction or control of the Contractor. Such general and excess liability coverage shall be primary to any other coverage carried by the City of St Pete Beach. Contractor must furnish the City with Certificate of Insurance prior to commencement of work. An approved Certificate of Insurance furnished by the Contractor's carrier to guarantee the Contractor being insured with the City of St Pete Beach must be named as a certificate holder for this contract. The following minimum coverage:

- Commercial General Liability Insurance \$1,000,000.00.
- Comprehensive General Liability Insurance of \$1,000,000.00 each occurrence.
- Personal Injury for \$1,000,000.00 each occurrence.
- Automobile Liability \$1,000,000.00.
- General Workers Compensation Insurance as required by Florida law.
- Longshore Harbor Workers Compensation Insurance

PROTECTION OF WORK AND PROPERTY

The Contractor shall continuously maintain adequate protection of all their work and materials from damage or theft and shall protect the City's property and all adjacent property from injury or loss arising in connection with activities under their Contract. The Contractor shall make good any such damage, injury, or loss, except such as may be caused by agents or employees of the City.

The Contractor shall take, use, provide, and maintain all necessary precautions, safeguards, and protection to prevent accidents, or injury to persons or property on, about, or adjacent to the site of the work. Should the situation arise that physical security is needed the Contractor will provide security on off days and holidays. The Contractor shall be responsible for all charges incurred with such action.

The Contractor shall post danger signs warning against any hazards created by the work being done under their Contract. They shall designate a responsible member of their organization on the work, whose duty shall be the prevention of accidents, and the name of the person so designated shall be reported to the City Manager or designee and City in writing. In an emergency affecting the safety of life, or of the work or adjoining property, the Contractor, without special instruction or authorization from the City Manager or designee, or City, is hereby permitted to act, at their own discretion, to prevent such threatened loss or injury, and they must take such action if so instructed or authorized by the City Manager or designee. The Contractor shall also protect adjacent property as required by law.

PARKING

The Contractor shall arrange with City Manager or designee for temporary parking areas to accommodate construction personnel and construction equipment. Note that limited parking spaces are available in the City of St. Pete Beach. The Contractor will be asked to coordinate with the City's representative on site on a regular basis to minimize the impact on residents and visitors.

TRANSPORTATION, HANDLING AND STORAGE

The Contractor shall transport, handle, protect and store products in accordance with manufacturer's instructions and all environmental regulatory agencies.

VEHICLES

Business vehicles shall be identified on both sides with the name of the company.

ENVIRONMENTAL PROTECTION

It shall be the Contractor's responsibility to implement construction methods, best management practices, and erosion control methods that avoid water pollution as required by the State of Florida Department of Environmental Protection (FDEP), City of St. Pete Beach, and Pinellas County. Any Contractors in violation of the City of St. Pete Beach Regulations, Pinellas County Regulations, Florida Department of Environmental Protection Regulations, or any other regulatory agency regulations shall be the sole responsibility of the Contractor. The Contractor shall hold harmless the City of St. Pete Beach and the City Manager or designee from any fines and litigation resulting from the Contractor's actions. The Contractor shall pay all attorneys' fees, fines, penalties and any other such expenses resulting from the Contractor's actions. The Contractor shall provide all necessary measures to prevent any materials whatsoever from entering the waterway except for those materials, which are shown, on the plans as completed structures. The Contractor shall provide MSDS sheets to the City Manager or designee on all applicable materials before applying those materials. The Contractor shall secure the necessary education, certifications, licenses and permits required by state and local agencies to operate and manage a construction site, including but not limited to, FDEP requirements related to Coastal Construction Control Line. The Contractor shall abide by all rules and regulations set forth and required by the City of St. Pete Beach's MS4 NPDES Permit.

TIMELY DEMAND FOR STAKES AND INSTRUCTIONS

The Contractor shall provide reasonable and necessary materials, opportunities, and assistance for setting stakes and making measurements, including the furnishing of a rodman, or a chainman at intermittent times during the construction period. They shall not proceed until they have received such stakes and instructions as may be necessary as the work progresses. The work shall be done in strict conformity with such stakes and instructions. The Contractor shall carefully preserve benchmarks, reference points and stakes, and in case of willful or careless destruction, they will be charged with the resulting expense and shall be responsible for any mistakes that may be caused by their unnecessary loss or disturbance.

WORKMANSHIP

The Contractor acknowledges that they have satisfied themselves as to the nature and location of the work; the general and local conditions including but not restricted to those bearing upon transportation, disposal, handling and storage of materials; availability of labor, water, electric power, roads; and uncertainties of weather, surface conditions, subsurface conditions, tides or similar physical conditions at the site, the character of equipment and facilities required to prosecute the work. Any failure by the Contractor to acquaint themselves with any aspect of the work or with any of the applicable conditions shall not relieve the Contractor from the responsibility to successfully perform the work under the Contract Documents, nor shall it be considered the basis for any claim for additional time or compensation.

UTILITIES

The Contractor shall anticipate all underground obstructions such as water lines, gas lines, sewer lines, utility lines, or any other public or private facilities and debris. In all cases where existing utility lines may be interfered with by the work, the Contractor shall give a minimum of thirty-six (36) hours' notice to the owners of such utilities, to permit them to relocate the lines prior to construction. No extra payment shall be allowed for the removal, replacement, repair or possible increased cost caused by underground obstructions. The location of existing structures and utilities provided in the plans are approximate only. Any damage to existing structures to remain or work of any kind shall be repaired or restored promptly by, and at the expense of the Contractor.

The Contractor shall at all times protect all desirable trees, plants, curbs, sidewalks, irrigation components, and structures not requiring removal to accomplish the work, whether or not they are shown on the plans. The Contractor must contact the City to obtain tree removal permits for the removal of any tree not identified for removal in the Project Plans.

In matters of restoration, all materials, construction, and workmanship shall be acceptable to, and approved by the City of St. Pete Beach and the City Manager or designee. No changes in size, shape, configuration, location, materials, or construction shall be made without prior written authorization from the City Manager or designee. Any demolition debris and other debris shall be hauled offsite and properly disposed of by the Contractor and shall be inclusive to the prices as stated in the BID SCHEDULE, unless otherwise stipulated as part of the project to remain.

No interruption of ingress and egress to private property shall be made unless the Contractor has made prior arrangements acceptable to the owner of the affected property. The City Manager or designee shall notify affected residents/property owners of impending activity or inconvenience via door hanger.

The Contractor shall provide all traffic control devices utilized during construction and meet the requirements set forth in the Florida State Department of Transportation "Manual on Traffic Control and Safe Practices for Street and Highway Construction, Maintenance, and Utility Operations."

CLEANING UP

Upon completion or termination of the work the Contractor shall, as directed by the City Manager or designee, remove from the vicinity of the work all equipment and temporary structures, waste materials and rubbish resulting from his operations, leaving the premises in a neat and presentable condition. All debris generated by the Contractor will be removed before leaving the area. All areas will be raked to remove smaller debris. All surrounding sidewalks, parking lots and roadways will be cleared of any dust or debris generated by the Contractor. In the event of their failure to do so, the City at the expense of the Contractor may do the same, and their Surety shall be responsible.

DEFECTIVE WORK OR MATERIAL

The Contractor shall promptly remove from the premises all work and materials condemned by the City Manager or designee as failing to conform to the Contract, whether incorporated or not, and the Contractor shall promptly replace and re-execute his own work in accordance with the Contract and without expense to the City and shall bear the expense of making good all work of other Contractors destroyed or damaged by such removal or replacement.

If the Contractor does not remove such condemned work or materials within a reasonable time after notice, the City may remove them and store the materials at the expense of the Contractor. If the Contractor does

not pay the expense of such removal within ten (10) business days' time thereafter, the City may, upon thirty (30) business days written notice sell such materials at auction or at private sale and shall account for the net proceeds thereof after deducting all the costs and expenses that should have been borne by the Contractor.

DISPUTE RESOLUTION

The Contract shall be construed under Florida law. The parties agree that all controversies, claims and other matters in question between the parties arising out of or relating to this Contract or its breach shall be resolved through mediation. Upon notice of any party to the Contract of a dispute, question or controversy, the parties shall agree to the appointment of a qualified mediator. A qualified mediator is a person who has received at least forty (40) hours of mediation training and has actual experience as a mediator in resolving contract disputes. If the dispute, question or controversy is not resolved through mediation within sixty (60) business days of a notice of the dispute between the parties, the City reserves the right to seek resolution through court action.

INDEMNIFICATION

In consideration of the payment of ten dollars (\$10.00) as part of the above purchase price, Contractor shall indemnify, defend, and hold harmless the City, its officers and employees, from liabilities, damages, losses and costs, including but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the responding firm and any persons employed or utilized by the responding firm in the performance of the Contract.

GENERAL WARRANTY

Neither the final certificate nor any provision in the Contract Documents nor partial or entire occupancy of the premises by the City shall constitute an acceptance of work not done in accordance with the Contract Documents or relieve the Contractor of liability in respect to any express warranties or responsibility for faulty materials or workmanship. The Contractor shall remedy any defects in the work and pay for any damage to other work resulting therefrom that shall appear within a period of eighteen (18) months from the date of final acceptance of the work, unless a longer period is specified. The City shall give notice of observed defects with reasonable promptness.

LAND OF CITY, USE OF, BY CONTRACTOR

The City shall provide the land upon which the work under this Contract is to be done, and will, so far as is convenient, permit the Contractor to use as much of the land as is required for the erection of temporary construction facilities and storage of materials, together with the right of access to same, but beyond this, the Contractor shall provide, at his/her cost and expense, any additional land required. It will be the responsibility of the Contractor to repair or restore to the satisfaction of the City, at their own expense, any damage to land used for the above stated activities or any other activities approved by the City.

OTHER WORK

Wherever work being done by the City or by other Contractors is contiguous to work covered by this Contract, the respective rights of the various interests involved shall be established by the City Manager or designee to secure the completion of the various portions of the work in general harmony.

OTHER CONTRACTS

The City may award other Contracts. The Contractor shall fully cooperate with such other Contractors and carefully fit his/her own work to that provided under other Contracts, as may be with the performance of work by any other Contractor or City.

COOPERATIVE PURCHASING

Pursuant to their own governing laws and subject to the agreement of the Contractor, governmental entities may make purchases under the terms and conditions contained in the executed Contract, if agreed to by Contractor. Such purchases are independent of the Contract between the City and the Contractor, and the City is not a party to these transactions. Agencies seeking to make purchases under this Contract are required to follow the requirements of Rule 60A-1.045(5), F.A.C.

DELAYS AND EXTENSION OF TIME

If the Contractor should be delayed at any time in the progress of the work by an act or neglect of the City or the City Manager or designee, or of any employee of either, or by any separate Contractor employed by the City, or by changes ordered in the work, or by strike, lockouts, fire, unusual delay in transportation, unavoidable casualties, or any cases beyond the Contractor's control, or by delay authorized by the City Manager or designee, or by any cause which the City Manager or designee shall decide to justify the delay, then the time of completion shall be extended for such reasonable time as the City Manager or designee may decide. No such extension shall be made for a delay that occurs more than five (5) business days before a claim is made in writing to the City Manager or designee. In the case of a continued cause of delay, only one (1) claim is necessary. This section does not exclude the recovery of damages for delay by either party under other provisions in the Contract Documents.

CITY'S RIGHT TO TAKE OVER THE WORK

If the Contractor shall be adjudged bankrupt, or if they should make a general assignment for the benefit of its creditors, or if a receiver should be appointed to take over their affairs, or if they should fail to prosecute their work with due diligence and carry the work forward in accordance with its' work schedule and the time limits set forth in the Contract Documents, or if they should fail to substantially perform one or more of the provisions of the Contract Documents to be performed by them, the City may serve written notice on the Contractor and the Surety on its' performance bond, stating the City's intention to exercise one of the remedies hereinafter set forth and the grounds upon which the City bases its right to exercise such remedy. In any event, unless the matter complained of is satisfactorily cleared within ten (10) business days after the service of such notice, the City may, without prejudice to any other right or remedy exercise one of such remedies at once; having first obtained a certificate from the City Manager or designee that such sufficient cause exists to justify such action.

The City may terminate the services of the Contractor, which termination shall take effect immediately upon service of notice thereof on the Contractor and their Surety, whereupon the Surety shall have the right to take over and perform the Contract. If the Surety does not commence performance of the Contract within ten (10) ten days after service of the notice of termination, the City may itself take over the work, take possession of and use all materials, tools, equipment, and appliances on the premises and prosecute the work to completion by such means as it shall deem best. In the event of such termination of their service, the Contractor shall not be entitled to any further payment under their Contract until the work is completed and accepted. If the City takes over the work and the unpaid Contract balance exceeds the cost of

completing the work, including compensation for damages or expenses incurred by the City through the default of the Contractor, the excess unpaid Contract balance shall be paid to the Contractor. If the City takes over the work and the unpaid Contract balance does not exceed the cost of completing the work, including compensation for damages or expenses incurred by the City through the default of the Contractor, the Contractor and his Surety shall pay the difference to the City. The City Manager or designee shall certify such cost, expenses, and damages.

The City may take control of the work and either make good the deficiencies of the Contractor itself or direct the activities of the Contractor in doing so, employing such additional help as the City deems advisable. In such event, the City shall be entitled to collect from the Contractor and his Surety, or to deduct from any payment then or thereafter due the Contractor, the costs incurred by it through the default of the Contractor, provided the City Manager or designee approves the amount thus charged to the Contractor.

The City may require the Surety on the Contractor's bond to take control of the work at once and see to it that all deficiencies of the Contractor are made good with due diligence. As between the City and the Surety, the entire cost of making good such deficiencies shall be borne by the Surety. If the Surety takes over the work, either upon termination of the services of the Contractor or upon instructions from the City to do so, the provisions of the Contract Documents shall govern in respect to the work done by the Surety, the Surety being substituted for the Contractor as to such provisions, including provisions as to the payment for the work and provisions of this section as to the right of the City to do the work itself or to take control of the work.

RIGHT OF OCCUPANCY

The City shall have the right, if necessary, to take possession of and to use any completed or partially completed portions of the work, if such use be approved by the City Manager or designee even if the time for completing the entire work or such portions of the work has not expired and even if the work has not been finally accepted. Such possession and use shall not constitute an acceptance of such possession and use if it materially interferes with the Contractor's operations. The City shall also have the right to enter the premises with the Contractor for the purpose of doing work not covered by its Contract.

ACCEPTANCE

Final inspection and acceptance of the work shall be made for the City by the City Manager or designee. Such inspection shall be made as soon as practical after the Contractor has notified the City in writing that the work is ready for such inspection.

WAIVER

It is expressly understood and agreed that any waiver granted by the City Manager or designee of any term, provision, or covenants of the Contract shall not constitute a precedent or breach of the same or any other terms, provisions, or covenants of the Contract. Neither the acceptance of the work by the City nor the payment of all or any part of the sum due the Contractor hereunder shall constitute a waiver by the City of any claim which the City may have against the Contractor or Surety under this Contract or otherwise.

INSPECTION

The City Manager or designee and his representative shall, at all times, have access to the work during its construction and shall be furnished with every reasonable facility for ascertaining that the stock and materials used and employed, and the workmanship, are in accordance with the requirements and intentions of the Plans. All work done and all materials furnished shall be subject to their inspection and

approval by the City Manager or his designee. If any work should be covered up without approval or consent of City Manager or designee, it must, if required by the City Manager or designee, be uncovered for examination at the Contractor's expense.

The City Manager or designee may order re-examination of questioned work and if so ordered, the Contractor must uncover the work. If such work were found in accordance with the Contract Documents, the City shall pay the cost of re-examination and replacement. If such work be found not in accordance with the Contract Documents, the Contractor shall pay such costs unless they show that the defect in the work was caused by another Contractor, and in that event, the City shall pay such cost.

The inspection of the work shall not relieve the Contractor of any of their obligations to fulfill their Contract as prescribed, and defective work shall be made good and unsuitable materials shall be rejected, notwithstanding that such defective work and materials have been previously overlooked and accepted on estimates for payment. All work shall be tested to the satisfaction of the City Manager or designee before acceptance.

BID REVIEW AND CONTRACT AWARD

Failure to submit all documents requested at the time of bid may deem the Contractor's bid ineligible for award. The City of St. Pete Beach reserves the right to reject any or all bids or parts of bids or accept any bid or part thereof deemed to be in the best interests to the City of St. Pete Beach. The City shall be the sole final judge of qualifications of the bidder to perform service and reserves the exclusive right to accept or reject any bids as it deems to be in the best interests of the City. The City may waive any informality.

LOCAL, STATE AND FEDERAL COMPLAINE REQUIREMENTS

The laws of the State of Florida do apply to any purchase made under this Request for Bid. Proposers shall comply with all local, state, and federal directives, orders and laws as applicable to their bid and subsequent contracts include but not limited to Equal Employment Opportunity, Minority Business Enterprise, and OSHA as applicable to this contract.

Compliance with Fla. Stat. 448.095:

- Contractor agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp>, to verify the employment eligibility of all employees hired on or after January 1, 2021 during the term of this Agreement.
- Subcontractors (i) Contractor shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement. (ii) Subcontractors shall provide Contractor with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095 (iii) Contractor shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- Contractor must provide evidence of compliance with Fla. Stat. 448.05 by January 1, 2021. Evidence may consist of, but is not limited to, providing notice of Contractor's E-Verify number.
- Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Contractor may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same

services and rebidding costs (if necessary). Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public agreement for a period of 1 year after date of termination.

RESERVES THE RIGHT

The City reserves the right to accept or reject any and/or all bids, to waive irregularities and technicalities, and to request re-submission. If only one bid is received by the bid date and time listed, the bid may or may not be rejected by the City depending upon bid review and the needs of the City.

The City reserves the right to select a firm with or without additional interviews and may decide to select any of the firms submitting bids. The City reserves the right to award the contract to a responsible proposer submitting a responsible bid, with a resulting negotiated agreement which is most advantageous and in the best interest of the City.

Proposers, bidders, their agents, and associates shall not contact or solicit any City Commission member, City employee, or official regarding this RFB during any phase of the bidding process. Failure to comply with the provision may result in disqualification of the bidder, at the option of the City. Only that individual listed, or an approved designee, as the contact person for this RFB shall be contacted.

SUBMITTAL WITHDRAWAL

After submittals are opened, corrections or modifications to submittals are not permitted, but a responding firm may be permitted to withdraw an erroneous submittal prior to the award by the City Commission, if the following is established:

- That the responding firm acted in good faith in submitting the submittal;
- That in preparing the submittal there was an error of such magnitude that enforcement of the submittal would work severe hardship upon the respondent;
- That the error was not the result of gross negligence or willful inattention on the part of the respondent;
- That the error was discovered and communicated to the City within twenty-four (24) hours of submittal opening, along with a request for permission to withdraw the submittal; or
- The responding firm submits documentation and an explanation of how the error was made.

CONE OF SILENCE

Respondents to this solicitation or persons acting on their behalf may not contact, between the release of the solicitation and the end of the 72-hour period following the agency posting the notice of intended award, excluding Saturdays, Sundays, and state holidays, any employee or officer of the executive or legislative branch concerning any aspect of this solicitation, except in writing to the procurement officer or as provided in the solicitation documents. Violation of this provision may be grounds for rejecting a response.

TERMINATION

The resulting contract may be canceled by the City when:

- Sufficient funds are not available to continue its full and faithful performance of this contract.

- There is sub-standard or non-performance of contract.
- The City wishes to terminate at any time and for any reason, upon giving thirty (30) days prior written notice to the other party.

The resulting contract may be canceled by either party in the event of substantial failure to perform in accordance with the terms by the other party through no fault of the terminating party.

FISCAL NON-FUNDING

If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel this Agreement immediately upon written notice to the vendor.

PROJECT RECORDS

The awarded firm shall maintain auditable records concerning the procurement to account for all receipts and expenditures, and to document compliance with the Contract. These records shall be kept in accordance with generally accepted accounting methods, and the City of St. Pete Beach reserves the right to determine the record-keeping method in the event of non-conformity. These records shall be maintained for three (3) years after final payment has been made and shall be readily available to City personnel with reasonable notice, and to other persons in accordance with the Florida Public Disclosure Statutes. Additionally, the awarded firm shall abide by and comply with Florida Statutes regarding public records. Specifically, the firm shall be aware of the provisions found in Section 119.0701, Florida Statutes.

Upon completion of the project, all reports, studies, recommendations, forms, and other project specific information will need to be submitted in paper and in an electronic file format (.PDF, .JPEG) on CD or USB storage device.

V. REFERENCES & MINIMUM QUALIFICATIONS

Provide at least three (3) or more professional, business references with which you have contracted to provide similar services in the past five (5) years. Include the name of the person, its organization, telephone number, fax number, and e-mail address. Include any governmental agencies, with the same contact and descriptive information for which you have provided similar service within the past five (5) years.

Provide a brief description of the history and capabilities of the firm. Describe the types of projects or services the firm performs/has performed and the dollar value of each. Provide information regarding your firm's ability to complete this project. Demonstrate that the firm's personnel have experience with similar projects.

Identify all unresolved and ongoing claims and disputes against your firm in excess of \$500,000. Include any claims against the principals of your firm or any claims your company may have against a third party. Provide a history of litigation, including the outcomes, for the past five (5) years.

The responding firm shall provide a statement of assurance that the firm is not presently in violations of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida and ordinances and regulations of the City of St. Pete Beach will apply.

Provide the overall bonding capacity for the company and provide a history of any claims against the

bidder's previous bonds for the past five (5) years.

The City shall be the sole final judge of qualifications of bidder to perform service and reserves the exclusive right to accept or reject any bid as it deems to be in the best interests of the City. The City reserves the right to make such investigation, as it deems necessary, to determine the ability of any proposer to perform the work or service requested. Failure to comply with the requirements of this section may be grounds for rejecting a response.

SWORN STATEMENT – PUBLIC ENTITY CRIMES

1. This sworn statement is submitted to: City of St. Pete Beach

by:

ment is submitted to: City of St. Pete Beach
Patrick Carr President
 (Print individual's name and title)

for:

Florida Parking Inc DBA Yellow Dots
(Print name of entity submitting sworn statement)

at:

1396 Seabreeze St. Clearwater, FL 33756
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

45 - 2465106

(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in § 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in § 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in § 287.133 (1)(a), Fla. Stat., means:
 - a. A predecessor or successor of a person convicted of a public entity crime or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who

knowingly enters into a joint venture with a person who has been convicted of a public crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(c), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement (indicate which statement applies).

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

VII. NON-COLLUSION AFFIDAVIT

STATE OF Florida

COUNTY OF Pinellas

I state that Patrick Carr President of Florida Parking Inc.

(Name and Title)

(Name of Firm)

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. Florida Parking, its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material and important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

VIII. SPECIFICATIONS

All work shall conform to the most current Pinellas County Standard specifications, regulations, and details.

Where required work is not covered by Pinellas County Specifications, regulations, and details, the most current FOOT specifications, regulations, and details shall be used, unless otherwise specified.

IX. SAMPLE AGREEMENT

(Sample Agreement behind this page.)

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

[Enter Contract Name]

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and Vendor Name, (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Public Records. The Contractor shall abide by the legal requirements set forth in Florida Statutes, Section 119.0701 and incorporated herein as Exhibit A. **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTORS' DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (City Clerk, City of St. Pete Beach, Florida, 727-363-9220, cityclerk@stpetebeach.org, 155 Corey Avenue, St. Pete Beach, Florida 33706).**
3. Employment Eligibility. The Contractor shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

a. Contractor agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.

b. Subcontractors (i) Contractor shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Contractor with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Contractor shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.

c. Contractor must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Contractor's E-Verify number.

d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Contractor may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public agreement for a period of one (1) year after date of termination.

4. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:

- a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit B) in the amount of \$(enter \$ amount).
- b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
- c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the exception of changes caused by inclement weather.
- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.

- e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.
8. Warranties.
- a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be

considered defective.

- b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 12 months of the agreement.
10. Term. This Agreement will remain in effect for a period of [enter date] from the Effective Date.
11. Effective date. The "Effective Date" of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
- a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in accordance with the payment schedule provided in the attached proposal, City shall pay Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.
16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount

of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additional insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages compensation or benefits payable by or for the Contractor or any subcontractor under Workers' Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved,

and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity."

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor's funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified public accountant selected by the City. The Contractor must allow the City to inspect, examine and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Florida public records law (Exhibit "A")
- b. Request for Bid (Exhibit "B")

c. Vendor Proposal (Exhibit C)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

As to Contractor:

With Copy To:

Insert Vendor email address

As to City:

City Manager
City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

With Copy To:

cityattorney@stpetebeach.org

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney's fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of counterparts, each of which so executed and delivered shall be deemed to be an original and all of which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

EXHIBIT "A"

Florida Public Records Law

119.0701 Contracts; public records; request for contractor records; civil action.

(1) **DEFINITIONS.** —For purposes of this section, the term:

(a) "Contractor" means an individual, partnership, corporation, or business entity that enters into a contract for services with a public agency and is acting on behalf of the public agency as provided under s. 119.011(2).

(b) "Public agency" means a state, county, district, authority, or municipal officer, or department, division, board, bureau, commission, or other separate unit of government created or established by law.

(2) **CONTRACT REQUIREMENTS.** —In addition to other contract requirements provided by law, each public agency contract for services entered into or amended on or after July 1, 2016, must include:

(a) The following statement, in substantially the following form, identifying the contact information of the public agency's custodian of public records in at least 14-point boldfaced type:

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (telephone number, e-mail address, and mailing address).

(b) A provision that requires the contractor to comply with public records laws, specifically to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

ADDENDUM I

City Wide Street Repaving Services

Issued 05/13/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 05/20/2025, via

Bonfire or DemandStar, at which time

they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Extend Bid opening until 5/20/2025 at 9:00 AM. Opening will be at 1:00 PM same day.

Questions:

1. Bid Item #20 should have a unit of GAL. #21 should be SY #23 should be TN #24 should be SY #25 should be GAL #26 should be TN #27 should be SY #28 should be TN #30 should be SY Can you please take a look at these items – Bid form has been updated accordingly.

2. Bid items # 21 and #22 are both Micro-surface applications, but item #21 has a unit description of "GAL" and item #22 has a unit description of "SY". Which one is correct? – SY is correct.
3. Bid item #9 SP-9.5 FC and bid item #11 SP-12.5 FC. Are these just the top lift of asphalt, and that's why they are labeled as friction course? Will these follow the FDOT spec section 334? Or, are these a true friction course material that will require polymer modifiers like PG76-22? – Bid items have been updated accordingly.
4. The bid form only has unit prices and doesn't extend out to a total. How is this contract going to be awarded? I will put out an addendum with a new sheet which totals the items.
5. Does every bid item have to be quoted? There are specialty bid items that we would not normally quote. Can we say "no bid" on specific items? If you do not wish to be on specific items that is fine, but that would limit your chances of being awarded with other companies that may bid the entire list.

Street Paving RFB. This is from Yellow Dawg or Florida Parking. The other vendor, Preferred Materials did not resubmit a complete pricing schedule. Yellow Dawg did which is attached. Even with the completed price list Yellow Dawg is still under by approximately 1.5 million. Just wanted to send you this so you would have the updated pricing for Yellow Dawg.

Thank You.

Public Assistance Grant Supplement

Public Assistance Grant Supplement

1. Applicability of this Exhibit; Conflicts.

- a. This Exhibit shall be fully incorporated into and made a part of the Agreement, as if the terms contained in this Exhibit were fully re-stated within the Agreement itself.
- b. This Exhibit shall apply: (a) in addition to anything contained in the Contract Documents; and (b) notwithstanding anything contained in the Contract Documents to the contrary. No other provision of the Contract Documents shall serve to limit or restrict the obligations imposed upon the parties in this Exhibit.
- c. In the event of a conflict between anything contained in this Exhibit and anything contained elsewhere in the Contract Documents, this Exhibit shall control and take precedence.
- d. Contractor's agreement to the terms contained in this Exhibit is a material inducement for Contractor to enter into the Agreement.
- e. If this Exhibit is attached to a Purchase Order, the term "Agreement" as used herein shall mean and refer to such Purchase Order to which this Exhibit is attached, and the term "Contract Documents" shall refer to all documents attached to and made a part of such Purchase Order.

2. Defined terms.

- a. For purposes of this Exhibit, the following definitions shall apply, in addition to any terms defined elsewhere in the Contract Documents:
 - i. The terms "recipient" and "non-Federal entity," and the term "applicant" as used in Section 3(a)(8) herein, shall have the same meaning as the term "Owner" as used in the Agreement;
 - ii. The term "contract" as used herein shall have the same meaning as the term "Contract" as used in the Agreement; and
 - iii. The term "contractor" or "prime contractor" as used herein shall have the same meaning as the term "Contractor" as used in the Agreement.
 - iv. The term "internal controls" means a process, implemented by a non-Federal entity, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (a) Effectiveness and efficiency of operations; (b) Reliability of reporting for internal and external used; and (c) Compliance with applicable laws and regulations. 2 CFR §200.61
 - v. The term "supplies" means all tangible personal property other than those described in 2 CFR §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the

non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 CFR §200.94

- vi. The term “disallowed costs” means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award. 2 CFR §200.31
- vii. The term “equipment” means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. 2 CFR §200.33

3. Equal Employment Opportunity (41 C.F.R. Part 60-1.4(b)).

a. During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (a) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors

violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

- (b) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148)

The Contractor agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act, as amended; the provisions of contract work hours; the Safety Standards Act; the Copeland "Anti-Kickback" Act (40 U.S.C. 276, 327-333); and all other applicable federal, state, and local laws and regulations pertaining to labor standards insofar as such acts apply to the performance of this Agreement. The Contractor shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the County for review upon request.

5. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred thousand dollars (\$100,000.00):

Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708).

Contractors engaged in contracts in excess of Two Thousand and 00/100 Dollars (\$2,000.00) shall comply with Federal requirements of the United States Department of Labor under 29 C. F. R., Parts 1, 3, 5, 6, and 7. All Contractors will comply with the following:

a. Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in 29 C.F.R. § 5.5(b)(1) the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in 29 C.F.R. § 5.5(b)(1), in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in 29 C.F.R. § 5.5(b)(1).

(3) *Withholding for unpaid wages and liquidated damages.* The Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in 29 C.F.R. § 5.5(b)(2).

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4) and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4).

6. Procurement of Recovered Materials (2 C.F.R. § 200.322)

The Contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

7. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred fifty thousand dollars (\$150,000.00):

Clean Air Act and the Federal Water Pollution Control Act (42 U.S.C. §§ 7401-7671q and 33 U.S.C. §§ 1251-1387).

a. Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal awarding agency and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

4. Section 3 Clause

A. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are Subrecipients of HUD assistance for housing.

B. The Parties to this contract agree to comply with HUD's regulations in 24 C.F.R. part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The Contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section

3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The Contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. part 135. The Contractor will not subcontract with any subcontractor where the Contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. part 135.

E. The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's obligations under 24 C.F.R. part 135.

F. Noncompliance with HUD's regulations in 24 C.F.R. part 135 may result in sanctions, termination of this contract for default and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with Section 3 covered Indian housing assistance, Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. § 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

b. Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

8. Debarment and Suspension

a. Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with Executive Orders 12549 and 12689, and 2 C.F.R. pt. 180, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by Owner. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to Owner, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

9. Lobbying Prohibition

- a. No funds or other resources received under this Agreement may be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.
- b. Required Certification. Contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in

connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Signature of Contractor's Authorized Official

Name and Title of Contractor's Authorized Official

Date

10. Hatch Act

The Contractor agrees that no funds provided, nor personnel employed under the Agreement, shall be in any way or any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C.

11. Conflict of Interest

The Contractor shall abide by the provisions of 24 C.F.R., 570.611 and 2 C.F.R., 200.112. The Contractor shall maintain no present or future financial interest, direct or indirect, which would

conflict in any manner or degree with the performance of services required under this Agreement as indicated in 2 C.F.R., 200.318.

12. Religious Activities

The Contractor agrees that funds provided will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization, in accordance with the Federal regulations specified in 24 C.F.R., 570.200(j).

13. Access to Records

- a. Access to Records. The following access to records requirements apply to this contract:

(1) The Contractor, including all of its employees or agents, contractors, subcontractors and consultants to be paid from funds provided under this Agreement, agrees to provide the Department of Economic Opportunity (DEO), the Chief Financial Officer of the State of Florida, The Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or representatives of the Federal government or their duly authorized representatives, the Florida Division of Emergency Management, Owner, Pasco County, Florida, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions at reasonable times. "Reasonable" shall ordinarily mean during normal business hours of 8 a.m. to 5 p.m., local time, Monday through Friday.

(2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

(3) The Contractor agrees to provide Pasco County, Florida or its authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

(4) In compliance with the Disaster Recovery Act of 2018, the Owner and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by Pasco County, Florida or the Comptroller General of the United States.

(5) The Contractor shall include the aforementioned recordkeeping requirements in all approved contracts, subcontracts, and assignments.

14. Bonding Requirements

The Contractor agrees that related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 and Appendix 11; and if the contract is for construction or facility improvement it must also include the Federal bonding requirements 2 C.F.R. § 200.325.

15. Employment Eligibility Verification

- a. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires DEO contracts in excess of nominal value to expressly require the Contractor to:
 - i. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Subrecipient during the Agreement term; and,
 - ii. Include in all contracts under this Agreement the requirement that contractors, subcontractors, and consultants performing work or providing services pursuant to this Agreement use the E-Verify system to verify the employment eligibility of all new employees hired by the contractors, subcontractors, and consultants during the term of the contract.
- b. The Department of Homeland Security's E-Verify system can be found at: <http://www.uscis.gov/e-verify>
- c. If the Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Agreement.

16. DHS Seal, Logo, and Flags

The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific Pasco County, Florida pre-approval.

17. Compliance with Federal Law, Regulations, and Executive Orders

- a. This is an acknowledgement that Pasco County, Florida financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, Pasco County, Florida policies, procedures, and directives.

18. No Obligation by Federal Government

- a. The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

19. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

20. Procurement By Non-Competitive Proposals

- a. Policy:
 - i. It is the policy of BayCare Health System Inc. to follow the Uniform Federal Guidance 2 CFR 200.320 in regard to procurement by noncompetitive proposals (Sole Source Purchasing). Procurement by noncompetitive proposals is

procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source
 - (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
 - (3) The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity
 - (4) After solicitation of several sources, competition is determined inadequate.
- ii. The procurement must be necessary for the program, project, research or other circumstance supported by the grant; not reasonably available and accessible of the type normally charged as a direct cost to existing sponsored agreements and purchased in accordance with other Institutional policies and procedures.

21. In the Event of a Non-Emergent Procurement the PD/PI Should Complete:

- a. **Cost Price Analysis Form** which includes contractor's total cost proposal or price to determine which are allowable, show their direct relation to the requirements and, reasonableness; and complete the related BayCare **Cost Analysis Worksheet** to support the proposed budget or quotation outlined in the Cost Price Analysis Form. Completion of these forms by the originating department will document that a Cost Analysis has been conducted.
- b. If no additional vendors were available to conduct a comparison against using the Cost Price Analysis Form, please also complete and attach the **Sole Source Justification Form**.
- c. **Responsible Contractor Form:** to document that any contractors have been reviewed and approved for their compliance with Uniform Guidance, Title 2, Subtitle A, Chapter II, Part 200, Subpart D, §200.318, section H.
- d. In addition, related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 & Appendix 11; and if the contract is for construction or facility improvement also include the Federal bonding requirements 2 C.F.R. § 200.325.

22. Build America Buy America Act (BABA)

- a. The Contractor shall comply with the requirements under the Build America, Buy America Act when using Federal funds for the purchase of iron, steel, manufactured products, and construction materials permanently incorporated into infrastructure projects as applicable pursuant to the Build America, Buy America Act. All iron, steel, manufactured products

and construction materials used under a federally grant funded project must be produced in the United States as applicable pursuant BABA. The requirements of this section must be included in all sub-awards including all contracts and purchase orders for work or products under this award.

- b. For purposes of this section:
 - i. “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - ii. “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

23. Contracting with Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms. 2 C.F.R. § 200.321

- a. Contractors will take all necessary affirmative steps to assure that minority business, women's business enterprises, and labor surplus area firms are used when possible.
- b. Affirmative steps must include:
 - i. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - ii. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - iii. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
 - iv. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
 - v. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
 - vi. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (i) through (v) of this section.

24. Compliance with Copeland “Anti-Kickback”

- a. Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as appropriate instructions may require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

25. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment.
2 C.F.R. § 200.216

- a. Under this Agreement, grant funds will not be obligated or expended to:
 - (1) Procure or obtain;
 - (2) Extend or renew a contract to procure or obtain; or
 - (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - A. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - B. Telecommunications or video surveillance services provided by such entities or using such equipment.
 - C. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.
 - (4) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
 - (5) For more information, See 2 C.F.R. § 200.471.

26. Historic Artifact Discovery

If prehistoric or historic artifacts, such as pottery or ceramics, projectile points, dugout canoes, metal implements, historic building materials, or any other physical remains that could be associated with Native American, early European, or American settlement are encountered at any time within the project site area, the permitted project shall cease all activities involving subsurface disturbance in the vicinity of the discovery. The applicant shall contact the Florida Department of State, Division of Historical Resources, Compliance Review Section at (850)-245-6333. Project activities shall not resume without verbal and/or written authorization. In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately, and the proper authorities notified in accordance with Section 872.05, Florida Statutes.

The terms in this Exhibit are hereby agreed upon by the Contractor as of this _____ day of _____, 2025.

Tampa, Florida 33602-5729

CITY OF ST. PETE BEACH 2025 PAVEMENT NETWORK PRESENT STATUS SUMMARY REPORT - DRAFT

The conclusions in the Report titled City of St. Pete Beach 2025 Pavement Network Present Status Summary Report - Draft are Stantec's professional opinion, as of the time of the Report, and concerning the scope described in the Report. The opinions in the document are based on conditions and information existing at the time the scope of work was conducted and do not take into account any subsequent changes. The Report relates solely to the specific project for which Stantec was retained and the stated purpose for which the Report was prepared. The Report is not to be used or relied on for any variation or extension of the project, or for any other project or purpose, and any unauthorized use or reliance is at the recipient's own risk.

Stantec has assumed all information received from the City of St. Pete Beach (the "Client") and third parties in the preparation of the Report to be correct. While Stantec has exercised a customary level of judgment or due diligence in the use of such information, Stantec assumes no responsibility for the consequences of any error or omission contained therein.

This Report is intended solely for use by the Client in accordance with Stantec's contract with the Client. While the Report may be provided by the Client to applicable authorities having jurisdiction and to other third parties in connection with the project, Stantec disclaims any legal duty based upon warranty, reliance or any other theory to any third party, and will not be liable to such third party for any damages or losses of any kind that may result.

1.0 PROJECT OVERVIEW

The City of St. Pete Beach (the City) is responsible for the maintenance and rehabilitation of approximately 76.5 lane-mi of roads. In order to assess the current condition of the City streets, a pavement condition survey was conducted by Stantec Consulting Services Inc. (Stantec) from January 30 to January 31, 2025.

The “fuel” for any pavement management analysis is the pavement condition data. Pavement distress, ride quality, and structural testing provide the important sets of data in determining the costs to maintain the City’s network. In addition, keeping this data up to date on an ongoing basis is the only true way of measuring how well a road network is performing over time.

To capture the pavement condition data on City streets, Stantec utilized its Road Tester 3000 (RT3000) vehicle. The RT3000 is a fully mobile solution specifically developed to accurately and efficiently collect pavement condition data. Integrated with lasers, inertial GPS, and high-definition digital imagery, the RT3000 simultaneously collected pavement profile, rutting, and surface distress data on the City’s streets.

The results of the pavement condition survey are expressed in terms of the PCI (Pavement Condition Index). The PCI is an industry standard evaluation of overall pavement condition. Ride quality and structural testing were not part of the 2025 scope of work.

Only sections that were surveyed are included in the reporting subset. There are 7 sections that were not surveyed, summarized in Table 1 below.

2.0 DATA COLLECTION

2.1 LASER CRACK MEASURING SYSTEM (LCMS)

Stantec's equipment also collected all physical pavement surface defects, utilizing the RT3000's downward imaging technology. The data was collected in accordance with *ASTM D 6433 – Standard Practice for Roads and Parking Lots Pavement Conditions Index Surveys*.

Stantec's LCMS system is composed of two high-resolution cameras and narrow spectrum (non-visible) infrared laser illuminators that are configured to capture pavement imagery up to thirteen feet (13 ft) in width, providing 0.025 in. resolution, at posted traffic speeds.

The laser illumination of the pavement surface results in the removal of shadows, sun glare, and the effects of pavement texture, thus providing superior resolution of the pavement surface. This technology enables the detection of Cracking distresses as low as 0.025 in. in width.

The resulting pavement images were synchronized with corresponding right-of-way images to provide a full set of digital imagery for accurately assessing the condition of the City's roads.

2.2 DISTRESS RATING PROTOCOLS

The collected pavement imagery was subsequently post-processed through Stantec's Imaging Workstation. Pavement condition was evaluated by highly trained technicians based on the type and amount of pavement defects or distresses observed in the imagery. All distresses were evaluated and categorized using the ASTM D6433-20 standard. The pavement defects which were evaluated are detailed in Table 2.

Table 2: ASTM Defects

FLEXIBLE PAVEMENTS	RIGID PAVEMENTS
• Alligator Cracking • Bleeding • Block Cracking • Bumps and Sags • Corrugation • Depression • Edge Cracking • Joint Reflection Cracking • Lane/Shoulder Drop Off • Longitudinal and Transverse Cracking • Patching and Utility Cut Patching • Polished Aggregate • Potholes • Railroad Crossing • Rutting • Shoving • Slippage Cracking • Swell • Raveling • Weathering	• Blow Up/Buckling • Corner Break • Divided Slab • Durability Crack • Faulting • Joint Seal • Lane/Shoulder Drop Off • Linear Cracking • Patching (Large) • Patching (Small) • Polished Aggregate • Popouts • Pumping • Punchouts • Railroad Crossing • Scaling • Shrinkage • Spalling Corner • Spalling Joint

Each defect or distress was measured on the basis of two components: severity and extent. **Severity** is defined as *‘How bad is the defect?’* in terms of the width or degree of wear associated with the condition. An example of a severity measurement includes the width of a crack.

The second component evaluated is the **extent**, or *‘How much is there?’* in terms of the quantity of the road impacted by the defect. Examples of measures used for extent include the length of transverse and longitudinal Cracking, or the pavement area affected by alligator Cracking.

Each distress was measured and tagged with a linear reference and corresponding GPS coordinates. The distress data was collected continuously and summarized for each pavement section. A **Pavement Condition Index (PCI)**, expressed as a 0 to 100 score, was computed for each road segment.

3.0 PAVEMENT CONDITION INDEX (PCI) ANALYSIS

The RT 3000 surface distress survey provided a rating of the severity and extent for twenty ASTM distresses in each road segment of the network. A Pavement Condition Index (PCI) score was then computed using the ASTM PCI model.

The ASTM PCI model uses a Distress Deduct methodology to compute a PCI score based on all of the observed distresses. This deduct model involves starting a road segment at a PCI of 100, assuming no distresses, and then deducting PCI points based on the severity and amount of each observed distress type. The amount of deducted points attributed to each observed distress type is weighted based on their relative influence on the overall condition and performance of a road.

For example, structural defects, such as Alligator Cracking, will have a greater influence (i.e., more deducts) on the PCI score as these defects indicate that the road is unable to support the current traffic, which potentially results in a more rapid deterioration of the road.

As previously noted, the PCI is an industry standard in terms of quantifying pavement condition and performance. Using the PCI 0-100 scale, the pavement condition of a road can be categorized into the ranges shown in Table 3.

Table 3: PCI Condition Category

PCI Range	Condition Category
>85-100	Good
>70-85	Satisfactory
>55-70	Fair
>40-55	Poor
>25-40	Very Poor
>10-25	Serious
0-10	Failed

From a performance, or “Level of Service” perspective, the PCI can also be categorized into various ranges as shown in Table 4.

Table 4: PCI Level of Service Category

PCI Range	Level of Service Category
>70-100	Adequate
>55-70	Degraded
0-55	Unsatisfactory

3.1 PRESENT STATUS RESULTS

The results of the pavement condition survey and subsequent PCI analysis shows that the network average PCI (weighted by lane-mi) for the City is **72.5**. Table 5 below shows the breakdown of average PCI scores by functional class across the City.

Table 5: PCI by Functional Class – Survey Network

Functional Class	LN-MI	Average of PCI ¹
Minor Arterials	0.8	92.2
Collectors	5.3	84.0
Locals	69.8	71.4
Survey Network	75.9	72.5

¹ Includes only sections with performance data

The distribution of PCI scores for the entire survey network is shown below in Figure 1. The network average PCI of **72.5** indicates that the network is in “Satisfactory” condition and considered to be providing an “Adequate” level of service. Minor Arterials have the highest PCI score at 92, followed by Collectors at 84.

Figure 1: PCI Distribution – Survey Network

CITY OF ST. PETE BEACH 2025 PAVEMENT NETWORK PRESENT STATUS SUMMARY REPORT - DRAFT

From a PCI level of service perspective, 45.9 lane-mi, or 60.5% of the network is operating at an “adequate” level of service with PCI scores above 70. Approximately 21.8 lane-mi, or 28.7% of the network, is operating at a “degraded” level of service (PCI 56-70 range). Conversely, 8.2 lane-mi, or 10.8% of the network, have PCI scores at 55 or less and are thus operating at an “unsatisfactory” level. These results are summarized by the Survey Network in Table 6 and by functional class in Table 7 below.

Table 6: PCI by Level of Service Category –Survey Network

PCI Range	Level of Service Category	Length (LN-MI)	% of Network ¹
>70-100	Adequate	45.9	60.5%
>55-70	Degraded	21.8	28.7%
0-55	Unsatisfactory	8.2	10.8%

¹ Includes only sections with performance data

Table 7: PCI by Level of Service Category and Functional Class

Functional Class	PCI Average	PCI Range	Level of Service Category	Length (LN-MI)	% of Functional Class ¹
Minor Arterials	92	>70-100	Adequate	0.8	100.0%
		>55-70	Degraded	0.0	0.0%
		0-55	Unsatisfactory	0.0	0.0%
Collectors	84	>70-100	Adequate	3.8	70.4%
		>55-70	Degraded	1.4	25.9%
		0-55	Unsatisfactory	0.2	3.7%
Locals	71	>70-100	Adequate	41.3	59.3%
		>55-70	Degraded	20.4	29.3%
		0-55	Unsatisfactory	8.0	11.5%

¹ Includes only sections with performance data

The average Distress Deduct values for the most commonly observed distresses on the sections surveyed in 2025 are as follows: Longitudinal and Transverse Cracking had the greatest influence on the PCI score by deducting an average of 10 PCI points from each pavement management section. The second most influential contributor to the network PCI score was Block Cracking with an average of 9 deduct points, followed by Alligator Cracking with an average of five (5) deduct points.

A map showing the PCI distribution across the City is provided in Appendix A.

The pavement condition results for all sections are summarized in Appendix B.

4.0 SUMMARY OF FINDINGS

After a pavement condition assessment on approximately 39 survey-mi of City roads, the network average Pavement Condition Index for the City of St. Pete Beach was found to be 72.5. In general terms the road network is in “Satisfactory” condition and considered to be providing an “Adequate” level of service based on industry standards.

The City’s current PCI is predominately influenced by the amount of Longitudinal & Transverse Cracking, which can be indicative of pavement fatigue, reflective cracking from an underlying layer, and/or cycles of daily temperature changes. The next most influential distresses are Block Cracking and Alligator Cracking, which can be caused by weakness in the surface, base or sub-grade; a surface or base that is too thin; poor drainage, or the combination of all three. As time goes on and traffic levels increase, roads with structural problems will have a greater rate of deterioration and will require more costly treatments to bring them back to an acceptable level of service.

Agenda Report

Agenda Title Name: Approve the Purchase of Fire Department Bunker Gear from American Public Safety in the amount of \$31,301.10.

Action Request: Motion to Approve the Purchase of Fire Department Bunker Gear from American Public Safety in the amount of \$31,301.10.

Strategic Objective: Resiliency

Date: September 22, 2025

Prepared By: Jim Kilpatrick, Fire Chief

Through: Frances Robustelli, City Manager

Summary of Issue: The Fire Department request approval to replace bunker gear that has reached the 10-year service limit set by NFPA 1851. The gear no longer meets safety requirements and must be updated to ensure firefighter protection and compliance.

Single Source Justification
09/12/2025

Single source justification, in alignment with Florida State Statute (Florida Statutes §287.057), the purchase was posted and advertised for seven (7) days, and no vendor contested the single source procurement. The reason for the single source procurement aligns with Sec. 2-290. - Single source procurement, stating that competitive bidding is not feasible or advantageous to the city. The single source is requested for standardization and consistency, ensuring all our gear is uniform. If a responder needs to replace only one piece of gear, it is advantageous and cost-effective for the City to avoid purchasing an entirely new uniform when only one piece is damaged or needs replacement. Standardization helps with bulk pricing and ensures safety protocols and identification consistency for our responders on the scene. Bidding the contract would require a replacement of all of our bunker gear instead

of replacement with gear with our existing vendor and would be considered cost prohibitive.

In this case, American Public Safety is the only representative of Lakeland Bunker Gear which is being used by the City. By continuing to use American Public Safety it will continue to provide continuity throughout the bunker gear and will mitigate safety concerns if other manufacturer bunker gear was used. It will also keep us compliant with NFPA 1851.

Funding:

Funds are allocated in FY25 fire budget line 5801-522-5526.

Agenda Report

Agenda Title Name: Public Hearing: Final Reading Ordinance 2025-18:
Establishing the Millage Rate for Fiscal Year 2026

Action Request: Motion to approve Ordinance 2025-18, establishing the
millage rate as 3.0913 mills for Fiscal Year 2026.

Strategic Objective: Operational Excellence

Date: September 22, 2025

Prepared By: Devon Schmidt, Director of Finance

Through: Frances Robustelli, City Manager

Summary of Issue: The City of St. Pete Beach is required to formally adopt
its millage rate for Fiscal Year 2026, in compliance with
Florida Statutes section 200.065. The ordinance
establishes a millage rate of 3.0913 mills per \$1,000 of
taxable value. For fiscal year 2026, the millage rate is
0.8889% lower than the rolled-back rate of 3.1189, or
\$140,229 in Ad Valorem revenue.

Funding: N/A

Attachments:

1. Millage Adoption Ordinance (1)
2. BIS Ord 2025-18 Establishing Millage Rate

Ordinance 2025-18

AN ORDINANCE OF THE CITY OF ST. PETE BEACH, FLORIDA ESTABLISHING THE MILLAGE RATE FOR FISCAL YEAR 2026, BEGINNING OCTOBER 1, 2025 AND ENDING SEPTEMBER 30, 2026; PROVIDING AND ANNOUNCING THE NAME OF THE TAXING AUTHORITY, THE ROLLED-BACK MILLAGE RATE, THE PERCENTAGE INCREASE OVER THE ROLLED-BACK MILLAGE RATE, AND THE MILLAGE RATE TO BE LEVIED; PROVIDING FOR READING IN ITS ENTIRETY; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Florida Statutes section 200.065 requires the adoption of the millage rate by separate vote prior to the adoption of the annual budget.

WHEREAS, Florida Statutes section 200.065 requires that prior to adoption of the millage-levy ordinance, the following be publicly announced: the name of the taxing authority, the rolled-back millage rate, the percentage increase over the rolled-back millage rate, and the millage rate to be levied.

WHEREAS, in no event may the millage rate adopted exceed the millage rate tentatively adopted.

NOW, THEREFORE, THE CITY COMMISSION OF THE CITY OF ST. PETE BEACH FLORIDA, HEREBY ORDAINS:

SECTION 1. The name of the taxing authority is the City of St. Pete Beach.

SECTION 2. The rolled-back millage rate for fiscal year 2026 is 3.1189

SECTION 3. The fiscal year 2026 proposed millage rate is 0.8889% lower than the rolled-back rate or \$140,229 dollars in Ad Valorem revenue.

SECTION 4. The millage rate to be levied for fiscal year 2026 shall be 3.0913 mills per \$1,000 of taxable value.

SECTION 5. This ordinance shall take effect immediately upon final adoption.

Business Impact Estimate

Proposed ordinance's title/reference:

ORDINANCE 2025-18: AN ORDINANCE OF THE CITY OF ST. PETE BEACH, FLORIDA ESTABLISHING THE MILLAGE RATE FOR FISCAL YEAR 2026, BEGINNING OCTOBER 1, 2025 AND ENDING SEPTEMBER 30, 2026; PROVIDING AND ANNOUNCING THE NAME OF THE TAXING AUTHORITY, THE ROLLED-BACK MILLAGE RATE, THE PERCENTAGE INCREASE OVER THE ROLLED-BACK MILLAGE RATE, AND THE MILLAGE RATE TO BE LEVIED; PROVIDING FOR READING IN ITS ENTIRETY; AND PROVIDING FOR AN EFFECTIVE DATE.

This Business Impact Estimate is provided in accordance with section 166.041(4), Florida Statutes. If one or more boxes are checked below, this means the City of St Pete Beach is of the view that a business impact estimate is not required by state law¹ for the proposed St Pete Beach ordinance, but the City of St Pete Beach is, nevertheless, providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☒ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant or other financial assistance accepted by the municipal government;
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
 - a. Part II of Chapter 163, Florida Statutes, relating to growth policy, county and municipal planning, and land development regulation, including zoning, development orders, development agreements and development permits;
 - b. Sections 190.005 and 190.046, Florida Statutes, regarding community development districts;
 - c. Section 553.73, Florida Statutes, relating to the Florida Building Code; or
 - d. Section 633.202, Florida Statutes, relating to the Florida Fire Prevention Code.

¹ See Section 166.041(4)(c), Florida Statutes.

In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the City St Pete Beach hereby publishes the following information:

1. Summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals and welfare):

Ordinance 2025-18 establishes the City of St. Pete Beach ad valorem millage rate for Fiscal Year 2026, beginning October 1, 2025, and ending September 30, 2026. The ordinance sets the millage rate at 3.0913 mills per \$1,000 of taxable value, which is 0.8889% lower than the rolled-back rate of 3.1189. This ensures that the City has a stable and predictable revenue source to fund municipal services, infrastructure, and programs that promote the health, safety, and welfare of residents, businesses, and visitors.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of St Pete Beach, if any:

- (a) An estimate of direct compliance costs that businesses may reasonably incur;
- (b) Any new charge or fee imposed by the proposed ordinance or for which businesses will be financially responsible; and
- (c) An estimate of the City of St Pete Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

The ordinance imposes no direct compliance obligations on private businesses. Property owners, including businesses, may experience changes in ad valorem tax liabilities consistent with the adopted millage rate, but no new compliance requirements are created. The ordinance does not impose any new charges, fees, or assessments on businesses. It solely establishes the City's ad valorem millage rate, which is a standard revenue source under Florida law. No new regulatory program or enforcement costs are created by this ordinance. The City does not expect to collect new revenues beyond ad valorem tax revenues associated with the adopted rate.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

All businesses owning taxable property in the City will be impacted to the extent of their assessed value under the adopted millage rate.

4. Additional information the governing body deems useful (if any):

The adopted millage rate of 3.0913 is an estimated reduction of approximately \$140,229 in ad valorem revenue compared to the rolled-back calculation. This ordinance ensures that the City continues to fund essential services such as public safety, sanitation, parks, transportation, and community development at stable levels. The impact on businesses is consistent with routine ad valorem taxation and does not impose new or extraordinary burdens beyond the customary property tax obligations.

Agenda Report

Agenda Title Name: Public Hearing: Final Reading Ordinance 2025-19:
Adopting the Budget for Fiscal Year 2026

Action Request: Motion to approve the final reading of Ordinance 2025-19, adopting the budget for Fiscal Year 2026

Strategic Objective: Operational Excellence

Date: September 22, 2025

Prepared By: Devon Schmidt, Director of Finance

Through: Frances Robustelli, City Manager

Summary of Issue: The fiscal year (FY) 2026 proposed budget document was discussed during five previous budget workshops starting May 13th2025 and concluding August 26, 2025. The first public hearing was held on September 8, 2026.

The fiscal year 2026 budget as presented provides for funding sources, including revenues and transfers in, totaling \$90,609,137, and funding uses, including expenditures and transfers out, totaling \$122,829,040. The excess of funding uses over funding sources in any fund results in the use of existing fund balance and net position available to balance the budget (total sources equal total uses, inclusive of available budgeted reserves).

Funding: N/A

Ordinance 2025-19

AN ORDINANCE OF THE CITY OF ST. PETE BEACH, FLORIDA ADOPTING THE BUDGET FOR FISCAL YEAR 2026, BEGINNING OCTOBER 1, 2025 AND ENDING SEPTEMBER 30, 2026; PROVIDING FOR THE INCORPORATION OF THE ADOPTED CAPITAL BUDGET AS THE CAPITAL IMPROVEMENT ELEMENT OF THE COMPREHENSIVE PLAN; PROVIDING FOR READING IN ITS ENTIRETY; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Florida Statutes section 166.241 requires the adoption of a budget each fiscal year (“FY”).

WHEREAS, the amount available from taxation and other sources, including balances brought forward from prior years, must equal the total appropriations for expenditures and reserves.

WHEREAS, the adopted budget must show for each fund, as required by law and sound financial practices, budgeted revenues and expenditures by organizational unit which are at least at the level of detail required for the annual financial report required under Florida Statutes section 218.32(1).

WHEREAS, the adopted budget must regulate expenditures of the municipality, and an officer of a municipal government may not expend or contract for expenditures in any fiscal year except as pursuant to the adopted budget.

WHEREAS, the City of St. Pete Beach FY 2026 budget is balanced; is presented at the level of detail required to file the annual financial report; and shall regulate expenditures of the City for the period beginning October 1, 2025 and ending September 30, 2026.

NOW, THEREFORE, THE CITY COMMISSION OF THE CITY OF ST. PETE BEACH FLORIDA, HEREBY ORDAINS:

SECTION 1. The FY 2026 budget document, attached hereto as Exhibit A (“the Budget”), is adopted by reference and is made part of this Ordinance.

SECTION 2. Upon adoption of the budget, the Capital Improvement Element of the City’s Comprehensive Plan is hereby updated to reflect the FY 2026 – FY 2030 Capital Improvement Plan.

SECTION 3. This Ordinance shall take effect immediately upon final adoption.

Business Impact Estimate

Proposed ordinance's title/reference:

ORDINANCE 2025-19: AN ORDINANCE OF THE CITY OF ST. PETE BEACH, FLORIDA ADOPTING THE BUDGET FOR FISCAL YEAR 2026, BEGINNING OCTOBER 1, 2025 AND ENDING SEPTEMBER 30, 2026; PROVIDING FOR THE INCORPORATION OF THE ADOPTED CAPITAL BUDGET AS THE CAPITAL IMPROVEMENT ELEMENT OF THE COMPREHENSIVE PLAN; PROVIDING FOR READING IN ITS ENTIRETY; AND PROVIDING FOR AN EFFECTIVE DATE.

This Business Impact Estimate is provided in accordance with section 166.041(4), Florida Statutes. If one or more boxes are checked below, this means the City of St Pete Beach is of the view that a business impact estimate is not required by state law¹ for the proposed St Pete Beach ordinance, but the City of St Pete Beach is, nevertheless, providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☒ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant or other financial assistance accepted by the municipal government;
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
 - a. Part II of Chapter 163, Florida Statutes, relating to growth policy, county and municipal planning, and land development regulation, including zoning, development orders, development agreements and development permits;
 - b. Sections 190.005 and 190.046, Florida Statutes, regarding community development districts;
 - c. Section 553.73, Florida Statutes, relating to the Florida Building Code; or
 - d. Section 633.202, Florida Statutes, relating to the Florida Fire Prevention Code.

¹ See Section 166.041(4)(c), Florida Statutes.

In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the City St Pete Beach hereby publishes the following information:

1. Summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals and welfare):

The ordinance satisfies a legal requirement to adopt an annual budget.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of St Pete Beach, if any:

- (a) An estimate of direct compliance costs that businesses may reasonably incur;
- (b) Any new charge or fee imposed by the proposed ordinance or for which businesses will be financially responsible; and
- (c) An estimate of the City of St Pete Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

The fiscal year 2026 budget as presented provides funding sources, including revenues and transfers in, totaling \$90,609,137 and funding uses, including expenditures and transfers out, totaling \$122,829,040. The difference of \$32,219,903 represents existing fund balance and net position available for use to balance the budget (total sources equal total uses, inclusive of available budgeted reserve).

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

The ordinance to adopt the annual budget for fiscal year 2026 has no direct financial impact to businesses within the City.

4. Additional information the governing body deems useful (if any):

None.

Honorable Mayor, Commissioners, and Residents of St. Pete Beach,

It is with great optimism and a deep sense of responsibility that I present the Budget for Fiscal Year 2025/2026. This budget is more than a financial plan, it is a vision for a resilient, vibrant, and inclusive future for our city.

A Year of Transformation and Opportunity

This year, we stand at a crossroads. The challenges before us ranging from economic headwinds and declining property values to the lingering impacts of hurricane are real. Yet, these challenges are matched by our community's resolve and our shared commitment to progress. We are not simply recovering; we are reimagining what St. Pete Beach can be. When we start this process and in future processes the Commission and the City residents will be shown each year what the costs are to run a premier City. The city has many outstanding capital projects needs, some exasperated by the storms and some that have remained unfunded. As part of this vision, the City Commission is proposed to maintain the current millage rate of 3.0913 mills, the same as the prior year. While the rolled-back rate is higher, this decision reflects a deliberate effort by the Commission and City staff to ease the financial burden on residents as they continue to recover from storm-related impacts.

- **Economic and Policy Challenges:** With a 3% decrease in property values and shifting economic conditions, we must be more strategic than ever in how we allocate resources and invest in our future. The budget is balanced at the current millage rate of 3.0913.

155 COREY AVE, ST. PETE BEACH, FL 33706
T: (727)-426-3521 E: FROBUSTELLI@STPETEBEACH.ORG

- **Infrastructure and Resilience:** Hurricanes Helene and Milton tested our city's infrastructure and spirit. Our response is bold: investing over \$38 million in capital improvements, from seawall and stormwater upgrades to facility enhancements that will protect us for generations to come.
- **Regulatory and Legislative Demands:** New state mandates require us to innovate in stormwater and wastewater management, and to raise the bar for transparency and public engagement.
- **Service Delivery and Staffing:** Rising costs and the need for organizational restructuring have prompted us to rethink how we deliver services ensuring we remain agile and responsive to community needs. We must continue to invest in our workforce and this year the City is piloting a reduced cost benefit program for the employees due to the renewal rates being flat. In addition, the City is keeping up with CPI offering employees the current regional rate.

Actions for a Stronger Tomorrow

- **Investing in Resilience:** We are prioritizing projects that will make our city safer, stronger, and more resilient protecting our shoreline, modernizing our facilities, and preparing for the future.
- **Modernizing Operations:** By implementing new innovative technology and utilization of AI to make us more efficient, accessible and transparent along with restructuring departments, we are building a government that is more efficient, transparent, and responsive. In 2025 the City adopted a flexible staffing model to meet the needs of our Citizens through the permitting process. In addition Finance, Human Resources and Information Technology are implementing three systems to generate transparency, optimization and efficiency.
- **Engaging Our Community:** Through expanded workshops, community meeting formats, surveys, and participatory budgeting, we are ensuring that every voice has the option to shape our path forward.
- **Diversifying Revenue:** We are actively studying our Parking, Stormwater, Wastewater and Reclaimed Water fees, as well as the Cities operating fees to enhance our enterprise fund revenues and seeking new grants and partnerships to fund our most critical needs. We are also exploring development impact fees and whether there is a need to right-size the financial impacts of development on our road network, stormwater and wastewater systems.

A Shift in Priorities, From Recovery to Resilience

Last year, our focus was on immediate recovery. This year, we are looking ahead to aligning our resources with a new strategic roadmap that integrates capital planning, operational budgeting, and performance management. We are moving from short-term fixes to long-term vision, from compliance to proactive leadership. This process is new to the city and will continue to evolve and expand, it is critical that City

2

Leadership and Commission uses the roadmap as our anchor for decision making. The budget incorporates the updated strategic roadmap focusing on five key areas:

- **Operational Excellence:** Deliver best-in-class customer service while supporting recovery efforts and proactive community needs through adaptable operations. Focus on securing sustainable revenue to fund current operations and future capital priorities. Promote cross-department collaboration to ensure efficient resource use, leverage emerging technologies to minimize rising costs of operations and maintain public infrastructure through proactive planning and monitoring.
- **Economic Development & Smart Growth:** Encourage sustainable, responsible tourism and residential appeal and development of “localism” policies to enhance the city's appeal while preserving its cultural and environmental integrity. Support diverse and affordable housing options for displaced residents. Create long-term planning strategies for sustainable growth and redevelopment of older properties. Implement strategies to manage development effectively, preventing overdevelopment and ensuring sustainable growth.
- **Reliable Infrastructure:** Improve traffic management and enhance road safety by implementing advanced traffic systems to optimize flow and reduce congestion. Upgrade sewer infrastructure with preventive maintenance and capital repair plans for reliable systems. Assess and reinforce sea wall infrastructure to protect against sea level rise and develop adaptive strategies for coastal areas. Upgrade and maintain wastewater systems for environmental safety and efficiency, and invest in road infrastructure improvements to enhance connectivity and resilience.
- **Recovery Resiliency & Sustainability:** Preserve beaches to support resident satisfaction and sustainable tourism. Promote eco-friendly practices and resilient infrastructure projects to enhance environmental sustainability and encourage community participation. Enhance emergency response plans, conduct regular training exercises, and establish community-based programs for disaster preparedness and recovery. Adopt a “build back better” approach to recovery, ensuring rebuilding efforts enhance resilience and sustainability. Develop policies that facilitate efficient and resilient rebuilding efforts, aligning with long-term sustainability and resilience goals.
- **Community Prosperity:** Preserve and enhance the small town and neighborhood atmosphere to foster a sense of community and belonging. Expand and improve recreational activities to promote health, wellness, and community engagement. Foster a vibrant community life by promoting and supporting a wide range of community activities and events. Preserve and restore historical properties to maintain the cultural heritage and historical integrity of the City.

Major Changes in Service, Fees, and Taxes

- **Service Levels:** We are restoring and enhancing critical services, especially in public safety, infrastructure, and recreation. Some departments will see increased staffing and resources, while others are being restructured for greater efficiency.
- **Fees and Taxes:** The millage rate remains flat, but with lower property values, community members and business will experience a small reduction in properties taxes for the fiscal year. We are reviewing our fees and utility rates to ensure fairness and sustainability.
- **Capital Outlay:** Our capital spending is increasing significantly, reflecting our commitment to resilience and long-term value and approach to 'building back better'. As well as the ability or move away from a 'break- fix' operation.

Looking Forward Together

This budget is a testament to the strength and unity of St. Pete Beach. It is a call to action to invest in our future, and to work together for the greater good. I am inspired by the dedication of our staff, the vision of our Commission, and the passion of our residents.

Together, we will rebuild a city that not only recovers but thrives. A city that is prepared for tomorrow, and a community where every resident can be proud to call St. Pete Beach home.

With gratitude,

Frances Robustelli

Frances Robustelli
City Manager

Community Overview

St. Pete Beach is situated at the southern tip of Pinellas County, Florida, west of St. Petersburg and just south of Treasure Island. Incorporated in 1957 through the merger of several communities—including Pass-A-Grille, Don CeSar, Belle Vista Beach, and adjoining unincorporated areas—the city has established itself as a premier beach destination. Notably, St. Pete Beach received TripAdvisor’s Travelers’ Choice award in 2021 and was recognized as the top-ranked beach in the United States that year.

Covering approximately 2.25 square miles and home to a year-round population of 9,064, St. Pete Beach draws visitors worldwide with its beaches, hotels, and historic landmarks. The city features a significant concentration of resorts and accommodations to support its robust tourist sector. In the most recent fiscal year, St. Pete Beach confronted substantial operational and financial challenges arising from Hurricanes Helene and Milton, which resulted in widespread infrastructure damage, disruptions to essential services, and increased demands on emergency response resources. As a result, there was a notable rise in expenditures for debris removal, facility repairs, and temporary service provisions.

In January 2008, Florida voters approved an amendment to the Save Our Homes legislation, enhancing property value exemptions and allowing portability of these exemptions. To manage the effects of property tax limitations, St. Pete Beach incrementally raised its millage rate, peaking in FY 2013 during a period of historically low taxable property values. Since recovering from the economic recession and housing market downturn, the city has gradually expanded staffing and services, maintaining a millage rate of 3.15 since FY 2015, which was reduced to 3.093 in FY 2024. Property values have rebounded significantly, increasing by an average annual rate of 7.6% since FY 2012.

Pinellas County voters renewed the Penny for Pinellas local option sales tax in November 2017. This 1% sales tax applies to the first \$5,000 of eligible purchases, excluding groceries and medications, and generates roughly \$1 million annually for St. Pete Beach through December 2030. Proceeds are designated exclusively for capital infrastructure projects and public safety vehicles.

In 2016, the City of St. Pete Beach implemented a development moratorium due to concerns about its sanitary sewer infrastructure. Substantial rehabilitation was required to restore adequate capacity within the wastewater collection system.

Statistical Profile

Population: 9,064 residents; Census data reports 8,832

Land Area: Approximately 2.25 square miles

Population Density: ~4,154 people per square mile

Median Age: 62.2 years (older than Florida's average of 42.6)

Race & Ethnicity: 89% White, 4% Hispanic, 1% Asian, 1% Black, 4% Two or more races

Households: 4,827

Average Household Size: 1.8 persons

Median Household Income: \$108,931

Per Capita Income: \$93,476

Poverty Rate: 7.6% (lower than state and metro averages)

Local Economy

St. Pete Beach's economy is heavily tourism-driven, with a concentration of **resorts, hotels, and accommodations**. The city faced financial challenges due to Hurricanes Helene and Milton, which impacted infrastructure and emergency services

The city has implemented **enterprise utility fees** (wastewater, reclaimed water, stormwater) and conducted comparative studies with surrounding municipalities to ensure fair and sustainable infrastructure funding

Government & Infrastructure

The city operates under a City Manager and Commission form of government municipal government structure, providing:

Emergency medical and fire services

Utilities

Zoning and code compliance

Community development

Recreation, parks, and libraries

Education, Culture & Recreation

The city emphasizes:

Small-town charm and community engagement

Cultural and recreational amenities such as parks, libraries, and beach access

Public safety and accessibility as core values

Transportation

Mean Travel Time to Work: 26.3 minutes

Transportation Modes: 62% drive alone, 7% carpool, 24% work from home

Healthcare & Public Safety

The city maintains emergency services and public safety infrastructure. Healthcare access is supported through regional providers, though specific facilities were not detailed in the internal sources.

Utilities & Capital Planning

The city has a robust **capital improvement plan** and asset management strategy, particularly for wastewater infrastructure. This Budget documents reflect ongoing adjustments to staffing and departmental priorities to meet community needs

FINANCIAL POLICIES

Purpose and Oversight:

The City of St. Pete Beach, Florida (the City) was incorporated in 1957 as a political subdivision of the State of Florida under a Council-Manager form of Government. The City is a municipal corporation with a five (5) member elected Board of Commissioners. The Board of Commissioners is governed by the City Charter and by state and local laws and regulations. The Board of Commissioners is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the City Manager. The City manages the following funds, during the budget development the City Manager recommended development of a new fund, this policy will be updated annually in accordance.

Fund Types Managed by the City

Governmental Funds

- **General Fund:** The General Fund serves as the City's primary operating fund, encompassing all financial resources not required by law or accounting standards to be reported in other funds. It supports essential programs and services such as EMS & Fire, Recreation and Aquatics, Law Enforcement Contracts, Administration, Community Development, and Internal Services.
- **Capital Improvement Projects Fund:** This fund manages debt service and capital expenditures and operates independently from, but in coordination with, the Capital Improvement Plan (CIP). Revenue sources include the City's share of Penny for Pinellas sales tax, transfers from the General Fund, and non-recurring items such as interlocal agreements and grants. Expenditures cover planning and engineering for major construction initiatives, CIP-identified capital outlay, and debt service obligations.
- **Multimodal Fund:** The Multimodal Fund records impact fee activities, which are one-time charges assessed at building permit issuance to equitably distribute the costs associated with new development. Governed by Pinellas County's multimodal impact fee code, these funds are dedicated to enhancing the City of St. Pete Beach's mobility systems—including bicycle, pedestrian, transit, and automobile infrastructure—and are restricted to public investment, excluding maintenance uses.
- **Building Fund:** This fund oversees plan review and inspection processes, ensuring compliance with Florida Building Codes and City Ordinances through construction document assessment and field inspections. Responsibilities extend to seawall, dock, and landscape inspections, issuance of Certificates of Occupancy and Completion, and the facilitation of pre-construction meetings with developers, architects, engineers, and contractors. The division also administers business licensing, including tax collection, business registration, inspections, and contractor registrations within the City.
- **Resiliency Fund:** Established to facilitate long-term infrastructure planning related to sea level rise, this fund is financed annually through property tax revenues. Over the next five years, its primary objective is to support the rehabilitation and elevation of the City's seawalls.

FINANCIAL POLICIES

- **Fleet Fund:** The Fleet Fund is a special revenue fund designed to enable effective financial planning for municipal vehicle replacement. It provides the framework for accumulating contributions from various governmental funds to ensure timely and systematic fleet renewal.

Proprietary Funds

The City reports three major proprietary funds, which are enterprise funds financed and operated in a manner similar to the private sector; the focus of these funds is cost recovery. Charges for service are designed to generate sufficient revenue to fund ongoing operations and capital improvements. Proprietary funds distinguish operating revenues and expenses from non-operating items; as a rule, those items which are inherently associated with the respective fund's activity are reported as operating items, while non-recurring items or those associated with financing (e.g., interest or amortization) are reported as non-operating.

- **Parking Fund:** Parking-related revenues play a substantial role in the City's overall operating budget. The newly established Parking Enterprise Fund is dedicated to monitoring both revenues from parking fees and their associated expenditures. In FY 2025, the City conducted a comprehensive analysis of its parking assets and related fee collection. For FY 2026, the City plans to implement recommendations derived from this analysis with the objective of enhancing annual revenues and maximizing the value of these assets. The overarching goal is to ensure that parking in St. Pete Beach remains fair, equitable, and beneficial for residents, visitors, local businesses, and the City as a whole.
- **Wastewater Fund:** The Wastewater Division operates, maintains, and repairs the municipal wastewater collection system, which includes 2.8 miles of force main, 41.5 miles of gravity lines, 751 manholes, three pump stations, and eighteen lift stations. The City transmits an average of 2.6 million gallons daily to the Water Reclamation Facility in St. Petersburg. Routine activities include pump station maintenance, fats, oils, and grease removal, as well as ongoing manhole and pipe inspection programs. Using a task order approach, staff address property owner requests and coordinate with Treasure Island, Pinellas County, and St. Petersburg. This fund encompasses all activities related to the sanitary sewer system. The City also contracts with St. Petersburg for sewage treatment and disposal. Operating revenues are derived from service charges, while operating expenses cover personnel, contractual obligations, and depreciation. Non-operating items consist of interest earnings and interest expenses.
- **Reclaimed Water Fund:** The Reclaimed Water team oversees the operation, repair, and maintenance of the reclaimed water system under contract with Pinellas County Utilities. Serving approximately 2,900 customers, the system delivers an average of 2.8 million gallons per day for irrigation purposes. Utilization of reclaimed water decreases potable water consumption, resulting in cost savings and reduced dependency on the regional drinking water supply. The team coordinates replacement of service lines with road projects, investigates leaks, arranges repairs, issues permits for connections or disconnections, and locates utilities for construction work. This fund accounts for the City's provision of

FINANCIAL POLICIES

reclaimed water services. Revenues are generated by service charges per City ordinance, while expenses include personnel costs, contractual maintenance fees, and depreciation. Non-operating items comprise interest earnings and interest expenses.

- **Stormwater Fund:** The Stormwater team manages, repairs, and maintains the stormwater infrastructure, including drain inlets, manholes, conveyance pipes, baffle boxes, tide flex valves, outfall devices, rock gardens, bio-swales, retention basins, and ponds. These facilities enhance water quality by naturally filtering debris and chemicals before reaching groundwater or the bay. This fund supports the City's stormwater management activities. Funding is provided through a stormwater assessment included on property tax bills. Operating revenues are collected from these assessments, and operating expenses relate to the maintenance of stormwater outfalls and drainage basins. Non-operating items include interest earnings and interest expenses.

Budget Policies and Procedures

- The City will comply with all Federal, State or local legal requirements pertaining to the operating budget, including the adoption of a balanced budget. A balanced budget is achieved when the amounts available from taxation and other sources, including amounts from fund balance carried over from prior fiscal years, equals the total appropriations for expenditures and reserves.
- The City will employ a structured budget preparation and formulation process that will be used to generate public engagement in a series of workshops. The process employed will ensure adequate citizen input and participation. In addition, the proposed balance budget shall be posted on the City website for review and comments. Furthermore, in compliance with Florida law two public hearings for the millage adoption and the budget will be conducted prior to Commission approval.
- The City will employ a structured expenditure and revenue forecasting system to allow for effective financial planning. Multi-year projections will be utilized in developing the operating budget.
- Essential services will receive first priority for funding. The City will attempt to maintain current service levels for all essential services. Unless the Commission determines new service levels are needed to meet resident needs, the average growth of the budget will follow regional CPI, with the exception of benefits and insurance.
- The City will identify low priority services for reduction or elimination, if necessary, before essential services.
- The City will consider the establishment of user fees as an alternative to service reductions or elimination.
- To maintain fiscal responsibility while minimizing disruption to the workforce, the City will strive to avoid layoffs of permanent employees when balancing the budget. Whenever feasible, personnel reductions will be achieved primarily through attrition.
- Layoffs may occur not only due to budget constraints but also as a result of organizational restructuring. In such cases, employees will be encouraged to participate in the recruitment process for open positions, ensuring transparency and

FINANCIAL POLICIES

opportunities for internal mobility. The City will pay for all current expenditures with operational current revenues and reserves. Long-term debt will not be used for funding current expenditures.

- The City will pay for all current expenditures with current revenues and reserves. Long-term debt will not be used for funding current expenditures.
- The City will avoid budgetary procedures that balance current expenditures at the expense of meeting future years' expenses, such as postponing necessary expenditures, accruing future years' revenues or rolling over short-term debt.
- The budget will provide for adequate maintenance and repair of capital and equipment and for their orderly replacement.
- The City will establish an equipment replacement fund and will charge the user fund annually for replacement of the equipment. The amount of the charge will provide funds for the projected future cost of replacing the equipment.
- The budget will provide sufficient funding to cover annual debt retirement costs.
- The City will consider technological and capital investment programs which are cost effective and which will reduce operating costs as high funding priorities.
- The City will maintain a budgetary control system to ensure adherence to the budget and will use a budget/encumbrance control system to ensure proper budgetary control.
- The City Finance Department will prepare regular reports comparing actual revenues and expenditures to budgeted amounts to the Commission.
- Where possible, the City will integrate service levels and performance measures within the budget. The budget will be developed by Strategic Plan Initiative. During the formation of the Strategic plan performance measures will be developed and tracked and reported in the annual budget cycle.
- At least annually a public auction will be held of surplus and obsolete property.
- The goal of all enterprise fund operations is to be self-supported and to pay administrative and other appropriate service charges to the General Fund for administrative support.
- The total number of employment positions (FTE's) approved in the annual operating budget may not be exceeded without prior approval of the City Commission.
- The City will coordinate the CIP budget and the operating budget in terms of operating costs associated with CIP items.
- The City will annually seek the Distinguished Budget Presentation Award offered by the Government Finance Officers Association (GFOA).

FINANCIAL POLICIES

BASIS OF BUDGETARY ACCOUNTING

- The annual budgets for the Governmental Funds are prepared and monitored in accordance with generally accepted accounting principles (GAAP) using the modified accrual basis of accounting. By reference to the above basis of financial accounting, the basis of budgetary accounting and financial accounting are identical. The annual budgets for Proprietary Funds are prepared and monitored in accordance with generally accepted accounting principles (GAAP) using the full accrual basis of accounting with certain modifications. These budgetary basis of accounting modifications, which are reconciling items from the above basis of financial accounting, are:
 1. Expenditures for principal payments on outstanding debt are budgeted as expenses.
 2. Expenditures for capitalizable fixed assets are budgeted as expenses.
 3. Depreciation expense is not a budgeted expense

DEVELOPING THE BUDGET

- Prior to September 1, the City Manager submits to the City Commission the proposed budget for the fiscal year beginning October 1. After conceptual approval by the Commission, two public hearings are held to receive input from the Public. After these hearings, but prior to October 1, the budget is adopted by resolution.

BUDGETARY ACCOUNTING

- Annual budgets are adopted by funds and departments for the following funds: General, Multimodal, Building, Resiliency, Fleet, Capital Improvement, Wastewater, Reclaimed Water, and Stormwater.
- The legal level of budgetary control is at the department level, since the City Manager may authorize the transfer of funds between line items within a department. By Ordinance, the City Commission may transfer unencumbered balances between departments or funds. The City Commission may also amend the adopted budget to provide supplemental appropriations or to revise budgetary estimates. Encumbrance accounting is employed in governmental funds. Encumbrances (i.e., purchase orders) outstanding at year end are reflected in assigned fund balance totals (i.e., “subsequent year’s budget”) and do not constitute expenditures or liabilities because the balances are re-appropriated and honored during the subsequent year.

FINANCIAL POLICIES

Fund Balance and Reserve Policies

- The City will establish an unassigned fund balance in the General Fund for emergency purposes and/or liquidity purposes of 25% of general fund expenditures to indicate that it is in sound financial condition.
- Aligned with GASB Statement No. 54:

- Minimum Unassigned Fund Balance Target: Maintain 25% of annual General Fund expenditures to ensure liquidity and resilience.
- Hurricane Emergency Contingency Reserve
 - Establish a Contingency Reserve Fund equal to 10% of General Fund expenditure.
 - Use only for declared emergencies under Florida Statutes §252.38.
 - Replenish within three fiscal years using surpluses, FEMA reimbursements, or insurance proceeds.
- Investment in Capital: Divert anything above the 25% operating General Fund Reserve and the 10% Contingency to Capital Projects based on priority of the Capital Project.

FINANCIAL POLICIES

- Unassigned fund balance will only be used for expenditures that are either non-recurring in nature or that have a benefit period longer than one operating period. Approval of the City Commission is necessary for this type of expenditure.
- All fund balances for budgeted funds will be presented in the annual budget.

Revenue Policies

- Each Fiscal Year the Commission shall be provided with the different millage rates for their consideration and determination of the proper millage. Property taxes are levied on October 1 of each year, on property values assessed on January 1 of the same year and are due and payable on March 31 of the following year. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. Taxes paid in March are not subject to discount. Delinquent taxes on real property bear interest at 18% per year. All unpaid taxes are delinquent on April 1 following the year in which they are assessed. On or about May 31 following the tax year, certificates are sold for all delinquent taxes on real property. Application for a tax deed on any unredeemed tax certificate may be made to the certificate holder after a period of two years. Unsold certificates are held by Pinellas County.
- The City will establish user charges and fees at a level closely related to the full cost of providing the services (i.e. direct, indirect and capital costs), taking into consideration similar charges/fees being levied by other organizations.
- The City will recalculate the full cost of activities supported by user fees to identify the impact of inflation and other cost increases and will revise user fees upon approval of the Commission.
- The targeting of specific revenues for special programs or projects is discouraged, as it promotes fiscal inflexibility. However, intergovernmental grant assistance will be targeted as much as possible toward capital improvements.
- The City will aggressively seek Federal and State grants and evaluate future local fiscal impacts.

Debt Policies

- The City will issue bonds only for capital improvements including infrastructure and equipment with a life in excess of four years.
- Whenever possible, the City will use special assessment, revenue, or self-supporting bonds instead of general obligation bonds.

FINANCIAL POLICIES

- The City will limit general obligation bonds to no greater than ten (10) percent of the non-exempt assessed valuation of the real property of the City.
 - The term of any bonds shall not exceed the useful life of the expenditure being financed.
 - The City will not issue notes or bonds to subsidize or finance current operations.
 - The City will publish and distribute an official statement for each bond issue.
 - If cost effective, the City will purchase private bond insurance at the time of issuance.
 - General obligation debt will not be used to finance the activities of enterprise funds whether of a capital or operating nature.
 - The City will defease existing bond issues if the resulting savings is significant.
 - The City will maintain an adequate debt service fund regarding each bond issue.
 - The City will seek to maintain high bond ratings in order that borrowing costs are minimized and access to credit is preserved.
-

Cash Management / Investment Policies

- The City will deposit all cash receipts within seventy-two hours of receipt.
 - The City will collect revenues aggressively, including past due bills of any type and will utilize an outside collection agency to accomplish this.
 - The City will maintain a prudent cash management and investment program in order to meet daily cash requirements, increase funds available for investment, and earn maximum rates of return on invested funds with appropriate security.
 - The City will follow its adopted investment/portfolio policy when handling public funds.
 - The Financial Department will present a quarterly report on investments to the City's Investment Committee.
 - Where permitted by law, the City will pool cash from each eligible fund for investment purposes.
-

FINANCIAL POLICIES

Accounting, Auditing & Financial Reporting

- An independent audit will be performed annually, including the issuance of a management letter.
- The City administration will promptly evaluate the audit management letter recommendations, determine the proper actions in response to these recommendations and complete, within established time frames, all actions that correct or otherwise resolve the matters included in the management letter.
- The City will produce financial reports in accordance with Generally Accepted Accounting Principles (GAAP).
- The City Commission will be provided monthly with budget reports comparing actual versus budgeted revenue and expense activity.
- The City will annually seek the Certificate of Achievement for Excellence in Financial Reporting award offered by the Government Finance Officers Association (GFOA).
- The City will maintain the highest level of accounting practices consistent with generally accepted accounting principles (GAAP) promulgated by the Government Accounting Standards Board (GASB).

Capital Improvement Plan Policies

- Capital assets, which include land and land rights, buildings and other land improvements, machinery and equipment, infrastructure and intangible assets are reported in the applicable governmental or business-type activity in the government-wide financial statements. The City defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life more than one year. These assets are capitalized at historical cost or estimated historical cost if actual cost information is not available. Additions, improvements and other capital outlays that significantly extend the useful life of the asset are also capitalized.
- As used in this section, the term depreciation includes amortization of intangible assets, which is computed on a straight-line basis. Depreciation is provided for in amounts sufficient to charge the cost of depreciable assets to operations over their estimated useful lives. Depreciation is not provided for construction in progress. The estimated useful lives of the assets are as follows:

Category	Estimated Useful Life
Buildings and other improvements	15 – 50 years
Furniture, machinery, and equipment	3 – 20 years
Infrastructure	12 – 40 years

City of St. Pete Beach, FL

FINANCIAL POLICIES

- The City will adopt the first year of a multi-year plan for capital improvements for Capital Projects and Equipment exceeding \$20,000, update it annually and make every attempt to complete all capital improvements in accordance with the plan.
 - The City will coordinate the development of the CIP budget with the development of the operating budget to ensure future operating expenditures and revenues associated with new capital improvements will be projected and incorporated into the current and future operating budgets.
 - The City will determine the least costly financing method available for all new capital improvement projects.
 - All projects in the City's Comprehensive Plan will be included in the Capital Improvement Plan. The City will utilize a priority ranking system for Capital Project.
 - The Finance budget Review Committee will review and evaluate each proposed and ongoing project, based on criteria established by the City Commission, prior to any project being included in the CIP.
 - The City will maintain its physical assets at a level adequate to protect the City's capital investment.
-

FY2026 Budget Calendar

Date	Staff Task Description	Date	Finance Budget Review Committee	Date	Commission Workshop
4/3/2025	Department heads or designee prepare and submit Next Year Capital Budget Forms for approval				
4/23/2025	Finance Director prepares Budget Workshop Deliverable #1 - Fund Balance/Net Position "Reserve" Analysis and Preliminary Capital Improvement Plan overview

General Fund Revenue:

Taxable Value and Ad Valorem Taxes: Ad valorem taxes result from the levy of taxes on personal tangible property and real property. The state constitution authorizes a city to levy up to 10 mills for citywide purposes on all taxable property within the City. All residents are allowed a \$25,000 exemption from the taxable value of their homesteaded property. Depending on the taxable value of a property, some residents can exempt up to \$50,000 of the taxable value. Each year the Pinellas County Property Appraiser provides each jurisdiction within the County with the certified property valuation (see chart below). State statutes require that local jurisdictions budget a minimum of 95% of estimated taxes based on the certified value. Based on historical trends approximately 70% of property owners submit their payment in November to take advantage of the 4% discount rate. This has been factored into the projection for FY2025 and FY2026.

Utility Taxes: The City imposes a 10% utility tax—the state-allowed maximum—on electricity, natural gas, fuel oil, and propane. For electricity, the tax base includes gross receipt taxes and municipal franchise fees but excludes most fuel costs, making revenues from this tax more stable than from franchise taxes. However, electric tax revenues fluctuate with weather and rate changes. In 2024, Duke Energy bills rose due to storm cost recovery, with the FPSC approving \$1.09 billion in recoveries, increasing a typical 1,000 kWh customer's bill by \$22.62/month as of March 2025. Bills also include other charges like energy, fuel, taxes, and fees. Revenue data is based on actual collections. The downward trend for 2025 is reflective of the losses of homes during Hurricane Helene and Milton as well as the closure of many hotels during repair.

Franchise Fee: The City of St. Pete Beach has a franchise agreement with Duke Energy Florida, LLC. This agreement grants the company the right to operate within the city's public rights-of-way. The City looked at historical trend analysis of prior years to derive the current revenue estimate for FY2025 and FY2026.

County EMS Reimbursement: The City of St. Pete Beach and Pinellas County have a formal agreement for emergency medical services (EMS) as part of a county-wide system. Structure: Pinellas County's EMS system is a two-tiered model. The City of St. Pete Beach Fire Department serves as the Advanced Life Support (ALS) first responder. This means they are the first to arrive on the scene of a medical emergency to provide immediate care. The County Provides Reimbursement for these services annually and they collect a separate mill from property taxes to fund the services.

Parking Revenue: Parking historically was included in the General Fund as a service in FY2026 the created a separate fund for Parking, as an enterprise fund. The transfer back into the general fund covers cost of street maintenance, beach maintenance as well as a portion of policing due to increased traffic. The City is undergoing a Parking Management plan and fee study. The Residents of St. Pete Beach do not pay for Parking.

State Half-Cent Sales Tax: The State of Florida levies and collects a 6% sales tax on qualifying retail purchases. A portion of the revenue collected is distributed to county and municipal governments. Current revenue projections are based on historical receipts and state provided estimates. Historical data has been updated to reflect actual revenues received. This information is collected from the state annually.

Nonrecurring Revenue General Fund

FEMA Reimbursements: The City incurred nearly \$9 million in costs from Hurricanes Helene and Milton. In FY 2025, it received \$3.8 million for Category A debris removal and expects another \$4 million in FY 2026 for Category B expenses. While not a usual revenue source, the City of St. Pete Beach will continue collaborating with FEMA for reimbursement.

Insurance Recovery: The City incurred nearly \$9 million in costs from Hurricanes Helene and Milton damages to city property was above and beyond this, this revenue to the general fund will be transferred to the capital projects fund to pay for building repairs such as damaged roofs, seawalls, gym and equipment.

Enterprise Fund Revenue:

Wastewater: In St. Pete Beach, wastewater charges are based on potable water usage. Customers pay a fixed monthly base rate for the first 3,000 gallons, with an additional charge for every 1,000 gallons used above that amount. The city buys wastewater treatment from St. Petersburg and passes those costs to residents, with rates set by ordinance and billed through the utility department as part of the overall utility bill.

Stormwater: The city has established that the amount of stormwater runoff generated by a property is directly proportional to the size of its impervious surfaces. Properties with more hard surfaces produce greater runoff, thereby increasing management costs.

Tiered System for Residential Properties: Single-family residential properties are subject to a tiered rate structure, with each property classified into a tier based on the square footage of its impervious area. Each tier corresponds to a predetermined monthly fee; for instance, properties with smaller impervious areas fall into lower tiers with reduced fees, whereas those with larger impervious surfaces are placed in higher tiers with increased fees.

Non-Residential and Commercial Properties: The billing system for commercial and non-single-family residential properties is likewise based on total impervious area. These properties are assessed using an "Equivalent Residential Unit" (ERU), representing the median impervious area of a single-family home. The total impervious area of the property is divided by the ERU value to determine the number of billing units, which is then multiplied by the base rate.

Fee Credits: Properties equipped with on-site stormwater management facilities, such as retention ponds, may qualify for fee credits. These credits acknowledge the property's contribution to reducing runoff and mitigating impacts on the municipal stormwater system.

Reclaimed Water: Fixed Fee: Residential properties are billed a flat monthly rate for one "Equivalent Residential Unit" (ERU). Commercial and Multi-Family Properties: These properties are billed based on the number of ERUs assigned to them, which is determined by the permeable square footage of the lot. They pay a different rate for the first ERU and a lower rate for each additional ERU.

Summary of Exenditures By Fund

Budget Summary

The FY 2025 budget is balanced including non-operational items such as interfund transfers, fund balance appropriations and external financing activity. The following summary distinguishes revenue (i.e., recurring operational items) from other sources such as transfers, financing arrangements, and fund balance appropriations. Similarly, expenditures (i.e., personnel, operating, capital outlay, and debt service) are distinguished from other uses such as transfers and fund balance appropriations

Strategic Road Map 2025-2027

Strategic Roadmap Formation:

The City of St. Pete Beach initiated a comprehensive strategic planning process beginning in December 2024, marking a deliberate shift from previous planning efforts that were largely operational rather than forward-looking and strategic. This Roadmap will serve as an anchor for the next two years allowing the organization to deploy strategic planning into the organization and align priorities of the commission with staff. The plan will continue to evolve with final phase involves staff returning to the Commission with a fully developed set of objectives and strategies. This presentation will mark the culmination of a year-long strategic journey, embedding accountability and performance metrics into the city's governance framework.

2025-2027

Strategic Roadmap

Why we
EXIST

Mission: The City of St. Pete Beach is committed to ensuring an optimal quality of life for its community by protecting our beaches and family-friendly environment while being respectful of our history.

What we
aspire to
BE

Vision: The City of St. Pete Beach strives to maintain our distinct sense of community values that fosters an environment of innovation, resiliency, sustainability and inspiration.

Strategic Road Map 2025-2027

Operational Excellence

1. Offer best in class customer service and support recovery initiatives and proactive community assistance consider a flexible operation to adapt to changing needs and priorities.
2. Identify and pursue short and long-term sustainable revenue sources that establish funding for operations and capital considerations now and in the future including the pursuit of legislative funding.
3. Foster strong collaboration among various departments to ensure cohesive and efficient resource allocation.
4. Develop maintenance plans, allocate resources, and monitor infrastructure and key operational efficiency to ensure well-maintained assets and operations.

Deliver best-in-class customer service while supporting recovery efforts and proactive community needs through adaptable operations. Focus on securing sustainable revenue to fund current operations and future capital priorities. Promote cross-department collaboration to ensure efficient resource use, and maintain public infrastructure through proactive planning and monitoring.

Recovery, Resiliency, & Sustainability

1. Ensure the preservation and enhancement of beaches to maintain appeal and support sustainable tourism.
2. Promote eco-friendly practices and green infrastructure projects to enhance environmental sustainability, mitigate climate change and encourage community participation in sustainability programs and initiatives.
3. Enhance emergency response plans and conduct regular training exercises and establish community-based programs to support disaster preparedness and recovery.
4. Adopt a "build back better" approach to recovery, ensuring that rebuilding efforts enhance resilience and sustainability and encourage innovative solutions and technologies in reconstruction projects.
5. Develop policies and partnerships that facilitate efficient and resilient rebuilding efforts and ensure that rebuilding policies align with long-term sustainability and resilience goals.

Preserve beaches to support resident satisfaction and sustainable tourism. Promote eco-friendly practices and green infrastructure projects to enhance environmental sustainability and encourage community participation. Enhance emergency response plans, conduct regular training exercises, and establish community-based programs for disaster preparedness and recovery. Adopt a "build back better" approach to recovery, ensuring rebuilding efforts enhance resilience and sustainability. Develop policies that facilitate efficient and resilient rebuilding efforts, aligning with long-term sustainability and resilience goals.

Community Prosperity

1. Preserve and enhance the small-town feel, atmosphere, and character of the neighborhoods to foster a sense of community and belonging.
2. Expand and improve recreational activities to promote health, wellness, and community engagement.
3. Foster a vibrant community life by promoting and supporting a wide range of community activities and events.
4. Preserve and restore historical properties to maintain the cultural heritage and historical integrity of the City.

Preserve and enhance the small town and neighborhood atmosphere to foster a sense of community and belonging. Expand and improve recreational activities to promote health, wellness, and community engagement. Foster a vibrant community life by promoting and supporting a wide range of community activities and events. Preserve and restore historical properties to maintain the cultural heritage and historical integrity of the City.

Reliable Infrastructure

1. Improve traffic management and enhance road safety. Implement advanced traffic management systems to optimize traffic flow and reduce congestion in collaboration with partner agencies.
2. Upgrade sewer infrastructure, implement preventive maintenance, and adopt infrastructure capital repair and replacement plan to ensure reliable and efficient sewer systems.
3. Assess and reinforce sea wall infrastructure to protect against sea level rise and develop adaptive strategies to mitigate the impacts of rising sea levels on coastal areas.
4. Upgrade and maintain wastewater and stormwater systems to ensure environmental safety and efficiency and invest in road infrastructure improvements to enhance connectivity and resilience.

Improve traffic management and enhance road safety by implementing advanced traffic systems to optimize flow and reduce congestion. Upgrade sewer infrastructure with preventive maintenance and capital repair plans for reliable systems. Assess and reinforce sea wall infrastructure to protect against sea level rise and develop adaptive strategies for coastal areas. Upgrade and maintain wastewater systems for environmental safety and efficiency, and invest in road infrastructure improvements to enhance connectivity and resilience.

Economic Development & Smart Growth

1. Encourage sustainable/responsible tourism and residential appeal and development to enhance the city's appeal while preserving its cultural and environmental integrity.
2. Ensure the Support availability of diverse and affordable housing options to support displaced residents and meet the community's needs.
3. Create and execute long-term planning strategies to support sustainable growth and development within the city. Facilitate the redevelopment of older properties to enhance neighborhoods and improve the living conditions for residents.
4. Implement strategies to manage development effectively, prevent overdevelopment and ensure sustainable growth.

Promote sustainable tourism and development to enhance the city's appeal while preserving its cultural and environmental integrity. Ensure diverse and affordable housing options for displaced residents. Create long-term planning strategies for sustainable growth and redevelopment of older properties. Implement strategies to manage development effectively, preventing overdevelopment and ensuring sustainable growth.

City Commission

By the Charter of the City of St. Pete Beach, the City Commission is vested with the legislative powers of the City. The City Commission consists of four Commissioners and a Mayor-Commissioner. Each Commissioner is elected by voters within his/her district and the Mayor is elected by voters throughout the City. The City Commission is empowered to approve and adopt the City's annual budget; adopt, amend and repeal ordinances and resolutions; levy taxes; grant, renew or extend franchises; set service or user fees for municipal services; authorize the borrowing of money; and appoint various Board and Committee members.

The City Commission appoints the City Manager, the City Clerk, and the City Attorney in accordance with the City Charter. They are also responsible for the establishment of goals and direction of the City and approve all policies for the City.

City Commission

City Commission

Adrian Petrilu Mayor

**Karen Marriott
Commissioner, District 1**

**Lisa Robinson Commissioner,
District 2**

**Betty Rzewnicki
Commissioner, District 3**

**Jon Maldonado
Commissioner, District 4**

 FY2026 Strategic Goals:

- > Ensure adherence to legislative guidelines in accordance with Florida Statutes
- > Foster transparency and access to public meetings and records
- > Assist departments in record management to ensure compliance with Florida records retention schedule
- > Continue to improve transparency through the use of electronic media by increasing documents available on the website
- > Efficiently manage City elections
- > Accurately record and carefully preserve and safeguard the legislative history of the City through a document preservation program
- > Provide record access to all employees through document imaging software

City Clerk

The Office of the City Clerk provides a variety of services for the City Commission, City staff and, most importantly, our citizens. We serve as the liaison between the City Commissioners and our residents, providing citizens with greater access to elected officials. We also serve as the primary administrative support to the Commissioners. The City Clerk's Office is responsible for receiving and processing public records requests.

✓ FY2025 Accomplishments:

- > Facilitated, noticed, attended and took public comment at 117 City and community meetings, workshops, and executive sessions; ensured compliance with notices, minutes, ordinances, proclamations and resolutions.
- > Worked across departments for Commission and Board agenda creation.
- > Advertised, facilitated and attended 30 bid openings.
- > Completed 361 public record requests from residents, attorneys, employees, governments, and the general public in an average of 3.2 days each.
- > Established the Recovery Task Force with the residents; facilitated and attended the required meetings, resulting in recommendations for future disasters.

🚩 FY2026 Strategic Goals:

- > Ensure Legal Compliance and Integrity in All Functions
- > Promote Transparency and Public Access to Government Information
- > Manage Municipal Elections with Accuracy and Integrity
- > Maintain and Improve Public Records Management
- > Provide Excellent Administrative Support to City Leadership and Advisory Boards
- > Enhance Operational Efficiency and Customer Service
- > Strengthen Communication and Outreach

City Manager

The City Manager is the Chief Administrative Officer. She is responsible for the overall daily operations of the City and for the delivery of high-quality services through the combined efforts of all the Departments. The City Manager is responsible to the City Commission for the administration of all City affairs placed in the City Manager's charge under the charter. The City Manager appoints all employees and administrative officials.

The City Administration provides overall direction and supervision for all departments and is responsible for advising and carrying out policies established by the City Commission. Activities include risk management, signing of contracts on behalf of the City and submitting the annual budget and capital program to the City Commission.

This Department has a Communications Manager, who is responsible for transmitting all information related to the City in both internal and external channels in a clear and truthful manner. In addition, the Department is the custodian of all the City's communication and social media channels.

In addition the department is currently responsible for the strategic oversight of Parking and Code Enforcement.

 FY2025 Accomplishments:

- > Develop financial alternatives to fund the sustainability plan for the City over the next year: initiated a Parking Study, and Enterprise Fee Study, and an Operational Fee Study
- > Continuous evaluation of the Organization to ensure maximum productivity with available resources
- > Continue to implement and pursue the goals established by the strategic plan, while continuing to update the plan

 FY2026 Strategic Goals:

- > Strategic Roadmap Delivery
- > Continued Recovery from Hurricanes
- > Culture Integration of Working Geniuses
- > Organizational Structure Review

Code Enforcement

The Code Enforcement Department protects the safety, integrity, and quality of life in St. Pete Beach through consistent but friendly enforcement of city codes. We focus on holding property owners and visitors accountable by addressing issues such as neglected properties, illegal short-term rentals, excessive noise, and storm-related damage.

Our enforcement efforts support neighborhood livability, safeguard wildlife through sea turtle conservation, and preserve the coastal charm of our community. Through education, visibility, and action, we ensure St. Pete Beach remains clean, compliant, and resilient.

City Attorney

The City of St. Pete Beach receives its legal guidance and representation through a contracted law firm that serves as the official City Attorney. This arrangement ensures that the City has access to experienced legal professionals without maintaining an in-house legal department.

The City Attorney's responsibilities include:

- ✦ **Legal Representation:** Acting as the attorney of record in all civil legal matters involving the City, its officials, or employees acting in their official capacity.
- ✦ **Litigation:** Initiating and defending civil lawsuits, including eminent domain proceedings, as authorized by the City Commission.
- ✦ **Advisory Role:** Providing legal advice to the City Commission, City Manager, and designated staff and boards through the City Manager's office.
- ✦ **Legal Opinions:** Issuing written legal opinions on matters related to city governance, including interpretation of the City Charter, ordinances, contracts, and state laws.
- ✦ **Document Review:** Reviewing and approving the legal form and sufficiency of all city ordinances, resolutions, contracts, and other legal instruments.
- ✦ **Meeting Attendance:** Attending all regular and special City Commission meetings unless excused by the Mayor.
- ✦ **Additional Duties:** Performing other legal tasks as assigned by the City Commission.

This contracted model allows the City to maintain high-quality legal oversight while managing costs and ensuring flexibility in addressing a wide range of municipal legal needs.

Community Development

The Community Development Department comprises two divisions: Building and Permitting and Planning and Zoning.

The Building & Permitting Division ensures development proposals comply with building codes and ordinances, regulations and standards set forth by the Florida Building Code and other regulatory agencies. The Department reviews building plans and oversees the City permit issuance process, performing prompt and thorough inspections at various stages of construction. The department also issues business tax receipts (formerly known as occupational licenses) to businesses operating in St. Pete Beach, register out-of-town contractors and businesses providing goods and services within the City limits and provides assistance to those wishing to start a business in the City.

The Planning and Zoning Division guides how land within the city is used and developed to make sure growth is orderly, safe, and consistent with the city's vision. Responsibilities include long-range planning, zoning administration, historic preservation and design review, community assistance in navigating the zoning code, permits and the development process, policy and code updates, and provides staff support to the Board of Adjustment, the Historic Preservation Board and the Planning Board, follow-up assistance to the City Commission and Special Magistrate and facilitating the Technical Review Committee meetings.

Community Development

Community Development

✓ **FY2025 Accomplishments:**

- > Managed a high volume of permit applications while refining policies and operational procedures to support the needs of the community.
- > Facilitated numerous Local Historic Designations, significantly contributing to the preservation of community heritage.
- > Revitalized the Historic Plaque Program, enhancing awareness and appreciation for the area's historical significance.
- > Developed a program where community volunteers are available in City Hall from 9am – 1pm to assist residents with navigating the permitting process.

🚩 **FY2026 Strategic Goals:**

- > Promote Sustainable Development
- > Strengthen Long-range Planning Initiatives
- > Facilitate Effective Policy Development
- > Ensure Compliance with Land Development Regulations
- > Support Advisory Boards and Committees
- > Foster Economic Development Opportunities

Planning & Zoning

Community Development Department ensures the future quality of life of City residents by providing professional assistance and expertise to elected officials, appointed boards, city management and citizens in the areas of Planning, Zoning, Land Use Management, economic development and strategic decision making.

Activities include:

- ✦ Research and planning to assist the City Commission in determining long-range strategies for future beautification, development, and redevelopment programs
- ✦ Facilitate required and discretionary Comprehensive Plan engagement and amendment processes.
- ✦ Concurrency Monitoring
- ✦ Inform the public and guide the policy development process
- ✦ Administer the zoning and variance processes
- ✦ Collect, organize, analyze, and interpret data and indicators regarding municipal conditions and determine consistency with City's Comprehensive Plan and Land Development Regulations
- ✦ Facilitate required and discretionary Comprehensive Plan engagement and amendment processes.
- ✦ Formulate and recommend procedures, guidelines, alternatives, code revisions, and priorities for implementing City codes and regulations
- ✦ Provides staff support to the Board of Adjustment, the Historic Preservation Board and the Planning Board, follow-up assistance to the City Commission and Special Magistrate and facilitating the Technical Review Committee meetings.

Innovation and Information Technology

The Information Technology Division is a strategic and collaborative partner dedicated to supporting the technological needs of over 100 employees across multiple City locations. Our mission is to move the City toward a secure, modern, and resilient technological future through exceptional service, innovative solutions, and proactive planning.

We provide subject matter expertise in existing platforms while guiding departments in evaluating and implementing new capabilities. As business enablers, we focus on delivering reliable infrastructure, responsive support, and pragmatic innovation that empowers City staff and enhances services for residents, visitors, and stakeholders.

Our vision is to create a connected, future-ready city through centralized technology management, agile operations, and a strong cybersecurity posture. With a commitment to continuous improvement, we aim to drive operational excellence and community impact through strategic investments in infrastructure, security, digital services, and customer experience.

Innovation and Information Technology

✓ FY2025 Accomplishments:

- > Successfully brought temporary facilities for Fire, Public Works, Recreation, and Community Services back online following storm impacts ensuring continuity of essential services.
- > Onboarded 61 staff, contractors, and volunteers from September to April, allowing teams to mobilize to meet significant demand.
- > Deployed Cloud-based RingCentral Phone System
- > Expanded communication channels, enabled smart routing, and maintained uninterrupted services for emergency operations.
- > Deployed mobile printing and began implementation of advanced SDE tools to enhance field operations and data access.

🚩 FY2026 Strategic Goals:

- > Modernize Service Delivery & Community Experience
 - > Modernize the City's digital ecosystem
 - > Deploy and optimize enterprise platforms
 - > Evaluate and expand software tools
 - > Identify and implement BPO (Business Process Optimization)
- > Infrastructure Resilience & Cybersecurity
 - > Eliminate single points of failure
 - > Strengthen the cybersecurity program
 - > Maintain and modernize the City's PC fleet and device infrastructure
 - > Ensure proactive lifecycle management
- > Innovation & Future-Ready Government by exploring and piloting AI and emerging technologies

Human Resources

The role of the Human Resources department is to attract, develop, and retain motivated talent to serve both internal and external customers with outstanding public service, to foster a culture of respect, professionalism and continuous innovation, to support both employees and leaders with policies, principles and practices that appeal to common values as a great place to work.

Human Resources

✓ **FY2025 Accomplishments:**

- > NEOGOV – HR Implementation: Introduced NeoGov, a public-sector 'Applicant Tracking System (ATS)' platform. This move revolutionized our HR recruitment processes, aligning them with modern standards and significantly enhanced efficiency for both applicants & internal customers.
- > HR High-Volume Staffing Support & Organizational Restructuring. The City hired 26 new employees in FY2025, promoted 14 employees from within and had 8 staff in 'Acting Leadership Role Assignments', enhancing leadership capacity.
- > Developed and implemented 'Limited Duration Temporary Employee' (LDTE) Staffing Model to support hurricane recovery
- > Developed and implemented a flexible staffing model to swiftly address fluctuating organizational needs, such as pre- and post-emergency scenarios. Seven (7) employees have been hired under this model, ensuring continued operational success during critical periods.

🚩 **FY2026 Strategic Goals:**

- > Enhance organizational effectiveness through the development of accurate job descriptions, workforce planning, and succession planning.
- > Recruit, select, onboard, and retain the best employees for open positions.
- > Enhance employee engagement through training, enhancing safety, and promoting employee well being.
- > Drive performance management by working with managers and employees to understand standards of performance, to mitigate issues, and support the provision of opportunities for City staff.

Finance & Administrative Services

The Finance Department provides competent and comprehensive financial services for the City to enable all departments to work in the best interests of our community. This Department provides relevant, timely financial information to the public, decision makers and to City management. The Finance Department is responsible for safeguarding the City's assets through appropriate controls. Programs include Accounting and Auditing, Operating and Capital Budgeting, Treasury and Investment Management, Debt Management and Procurement.

✓ FY2025 Accomplishments:

- > Modernized the City's financial infrastructure by implementing a new ERP system.
- > Strengthened organizational capacity by filling critical leadership roles.
- > Advanced budget excellence by using GFOA best practices.
- > Aligned resources with community priorities by launching a Budgeting for Outcomes framework.
- > Enhanced public engagement by introducing a series of budgeting workshops.
- > Reviewed cost structure by initiating a Fee Study to ensure equitable and data-driven cost recovery across City Services.

🚩 FY2026 Strategic Goals:

- > Modernize Financial Infrastructure
- > Strengthen Organizational Capacity and Capability
- > Advance Budget Excellence
- > Align Resources with Community Priorities
- > Enhance Public Engagement
- > Review and Optimize Cost Structures

Law Enforcement

The City of St. Pete Beach contracts with the Pinellas County Sheriff's Office (PCSO) to provide comprehensive law enforcement services. This partnership ensures that our community benefits from professional, full-service policing without the need to operate an independent police department.

The contract outlines the staffing and cost structure in detail, including:

- ✦ **Deputy Coverage:** Each law enforcement "post" (a 12-hour shift, 365 days a year)
- ✦ **Supervision:** Sergeants oversee daily operations, with one required per shift.
- ✦ **Specialized Support:** The contract also includes a detective, a public safety telecommunicator, and a school crossing guard. These roles are essential for investigations, emergency communications, and student safety.
- ✦ **Vehicles and Equipment:** Each post is assigned a vehicle, and costs are calculated based on mileage, fuel, maintenance, and replacement. Equipment costs are proportionally allocated based on the number of sworn posts.
- ✦ **Supervision and Indirect Costs:** Additional supervisory roles (like lieutenants) and support services (such as HR, legal, and fiscal) are included as indirect costs, proportionally allocated based on the city's share of total PCSO staffing.
- ✦ **Beach Enforcement:** The City may also request targeted beach patrols or other special services.

This contract model allows St. Pete Beach to maintain high-quality law enforcement services while leveraging the resources, training, and infrastructure of the larger county agency. It ensures fiscal responsibility and operational efficiency, tailored to the city's unique needs.

Fire Department

The St. Pete Beach Fire Department (SPBFD) responds to requests for service from two fire stations strategically located along our five-mile barrier island community. The SPBFD provides fire suppression, non-transport first-response emergency medical services, fire inspections based on the NFPA Life Safety Code, public education for fire safety, hurricane preparedness, pool safety, fall prevention, CPR training, free home fire safety surveys, and free smoke detectors and installation. The SPBFD currently operates two Advance Life Saving (ALS) rescue companies, an ALS squad company, an ALS truck company, a marine response unit, an EMS supervisor, and a district chief incident commander responding out of two strategically located fire stations. The SPBFD is a fully paid fire department consisting of a total of 44 members.

Fire Department

✓ **FY2025 Accomplishments:**

- > Newly implemented Light Marine Unit and EMS Captain position, fully funded by Pinellas County, reduces local costs and supports strategic goal of long-term fiscal sustainability through enhanced EMS response and external funding.
- > The Fire Department Open House promotes community engagement through interactive demos, safety education, and family-friendly activities supporting the city's goal of vibrant, connected neighborhoods.
- > The Fire Department's Hurricane Expo and stakeholder meeting with the FDEM Region 6 representative support the City's goal to enhance emergency response and disaster preparedness. These efforts help update response plans, engage the community, and provide vital resources to empower residents before, during, and after storms.

🚩 **FY2026 Strategic Goals:**

- > Continue analyzing our service delivery and deployment model to ensure the most effective and efficient public safety for the citizens and visitors of St. Pete Beach.
- > Seek opportunities to enhance operational efficiency while maintaining high service standards.
- > Identify and implement technology solutions that improve internal operations, emergency response, and community services.
- > Use data and technology tools to support decision-making, reporting, and transparency.
- > Focus on long-range planning to guide investments in stations, fleet, and equipment with an emphasis on resiliency, firefighter health, and community safety.
- > Prioritize projects that address future growth, storm preparedness, and operational sustainability.
- > Enhance training, mentoring, and succession planning to support a capable and adaptable workforce.
- > Be visible and active in the community through fire prevention, safety education, and preparedness programs.

Public Services

The Public Services Department is committed to providing high-quality infrastructure and services that promote the health, safety, and well-being of our community. St. Pete Beach's Public Services Department provides a variety of functions. The department is responsible for:

- > Engineering
- > Environmental Programs
- > Capital Projects
- > Public Properties (beaches, parks, facilities)
- > Streets and Utilities (reclaimed water, stormwater, wastewater)
- > Fleet (equipment and vehicles)

Public safety is the primary concern of the Public Services Department.

Public Services

Public Services

✓ **FY2025 Accomplishments:**

- > Received \$2 million in state funding to support wastewater pump station 1 improvements. Implementation of upgrades has begun.
- > Received over \$130,000 in state funding for the Don CeSar boat ramp feasibility study.
- > Secured \$625,000 state grant for Don CeSar stormwater outfall structure improvements.
- > Proposed storm-resistant materials for City facility repairs to help protect against future damage and increase longevity.
- > Designed improvements to protect critical wastewater stations from flooding.
- > Completed a road condition survey to help prioritize future street improvements.

🚩 **FY2026 Strategic Goals:**

- > Advance Long-Range Capital Planning
- > Leverage External Funding Opportunities
- > Enhance Service Delivery Through Operational Growth
- > Improve Efficiency Through Organizational Restructuring

Public Services: Administration

The Administration of the Public Services department provides engineering services, project oversight, plans the activities of the department, applies for and manages grant funding. Department leadership continues to refine our standardization of infrastructure maintenance requirements and ensures those requirements are met.

Public Services: Facilities Management

The Facilities Management unit works with all City Departments to monitor and maintain the City's facilities in a cost-effective manner.

This year our plans include:

- > Developing an energy efficiency and savings portfolio for all primary facilities and implementing a long-range plan to optimize energy efficiency.
- > Developing a facility maintenance portfolio for routine and capital maintenance and repair requirements for each facility.
- > Performing preventative maintenance for building systems including HVAC and controls, electrical, security, doors, and plumbing.
- > Monitoring routine maintenance contract performance including fire extinguisher, sprinkler head and alarm checks, elevator inspections, pest control, water and air filter changes, window cleaning and carpet cleaning.

Library Department

The St. Pete Beach Library contributes to the quality of life in the City by providing the community with intellectual, recreational, civic, and cultural engagement. The Library provides residents with access to physical and digital materials to satisfy their informational and recreational needs, support educational programs, and promote lifelong learning. Our membership in the Pinellas Public Library Cooperative ensures reciprocal borrowing among the 14 member libraries through a shared online catalog. A “Library of Things” collection has been expanded to include pickleball kits, a metal detector and other items.

The Library offers a variety of programming, including preschool story time, summer reading programs, adult book discussion groups, author’s visits, tech forums, relevant, topical presentations, special events, and thematic displays focused on Library collections and culture. We encourage civic participation via the Friends of St. Pete Beach Library and by offering volunteer opportunities. A full range of library services are available including circulation, reference assistance, reader’s advisory, access to and assistance with electronic/internet resources and technological devices, and current periodical subscriptions. The Library is open 6 days a week, year-round.

Library Department

Library Department

✓ **FY2025 Accomplishments:**

- > Navigated through the aftermath of two hurricanes with the Library remaining open and serving the public, with access to information, internet, Wi-Fi, and printing services.
- > Held a hurricane recovery fair with over 50 vendors.
- > Broadened the Library of Things collection by adding electronic devices for circulation, including: Blu-Ray player, CD player, DVD burner, and projector.
- > Reimagined hours of operation to increase meaningful programming.
- > Increased staff efficiency by incorporating time management software SNAP and Calendly.

🚩 **FY2026 Strategic Goals:**

- > Increase community accessibility to information and communication by offering Wi-Fi hotspots for borrowing.
- > Offer additional relevant technology classes that will improve the lives of our patrons.
- > Schedule weekly Technology Help sessions to provide free device assistance.
- > Take steps toward establishing a home borrower's program staffed by volunteers.

Resident Services

The Parks and Recreation Department was renamed the Resident Services Department to better reflect the scope of services provided. The Department continues to oversee recreation programs, aquatics, and community events, while the updated name emphasizes its broader mission of enhancing residents' quality of life through diverse programs and community initiatives.

The Department provides a plethora of programs for all ages and abilities. There is a licensed after school program, summer camp, pickle ball, dance, music, SilverSneakers, tae kwon do, zumba, art programs, and much more. Since 2020, the classes option for some programs are both virtual and in person.

The St. Pete Beach Family Aquatic Center is a year-round heated/chilled facility that consists of a six-lane swimming pool with an attached children's play area featuring several water features that spray, drop and squirt water.

We plan and produce Special Events all year round. The Concerts in the Park series, 4th of July Fireworks, Beach Clean-Ups, Holiday Boat Parade, and more are designed for all ages.

Resident Services

✓ **FY20256 Strategic Goals - Recreation:**

- > Enhance Community Health and Wellness
- > Improve Facility Usage and Efficiency
- > Expand Program Variety and Participation
- > Foster Community Engagement and Volunteerism
- > Ensure Staff Development and High-Quality Service

🚩 **FY2026 Strategic Goals - Aquatics:**

- > Promote Water Safety and Skill Development
- > Maintain a Safe and Clean Facility
- > Increase Community Participation
- > Recruit, Train, and Retain Qualified Staff
- > Operate Efficiently and Sustainably

Building Fund

The Building & Permitting division's mission is to protect the lives and safety of the public, preserve the quality of life in the City, and contribute to economic development through interpretation and enforcement of the Florida Building Codes and City Ordinances. This Building & Permitting division performs plan reviews and inspections. This includes the review of construction drawings and on-site field inspections for compliance with applicable Florida Building Codes and City Ordinances. Other inspections include seawalls, docks, and landscapes. This division issues Certificates of Occupancy and Certificates of Completion. Building and permitting staff hold pre-construction and development meetings in which they meet with developers, architects, engineers, and contractors to assist in the planning stages of future construction projects to help move forward economic development in the community. The division is responsible for licensing of all business operations within the City of St. Pete Beach. This includes the collection of taxes, registration, inspections of businesses and contractor registration.

The Resiliency Fund

The Resiliency Fund was created to help position the City plan for long-term infrastructure improvements related to sea level rise. Revenues are planned from the City's collected property taxes each year. The top priority of this fund over the next five years will be to support the rehabilitation and elevation of the City's seawalls..

The Multimodal Fund

The Multimodal Fund reports impact fee related activity. Impact fees are intended to recover the cost of servicing new development. They are non-recurring charges imposed at the time of building permit to provide for an equitable cost sharing arrangement between new development and existing taxpayers. This fee is based on Pinellas County's multimodal impact fee code, which governs the utilization of impact fees collected from development projects. Specifically, the funds collected from multimodal impact fees are to be used for projects that improve the capacity of the surrounding mobility system in the City of St. Pete Beach including bicycle, pedestrian, transit, and automobile purposes. These funds must be used for public investment, they cannot be used for maintenance purposes.

Capital Fund

The Capital Fund accounts for debt service and capital outlay. It is closely aligned with the Capital Improvement Plan (CIP) yet stands alone as its own self-balancing set of accounts. Revenue sources include the City's allocated share of Penny for Pinellas sales tax proceeds, transfers in from the General Fund, and non-recurring items such as interlocal agreements and grant awards. Expenditures include planning and engineering services required to initiate major construction projects, capital outlay identified in the CIP, and debt service.

Wastewater Enterprise Fund

The Wastewater Division operates, maintains and repairs the City-owned wastewater collection system. This system consists of 2.8 miles of force main, 41.5 miles of gravity lines, 751 manholes, 3 pump stations and 18 lift stations. The City transmits an average of 2.6 million gallons per day to the Water Reclamation Facility in the City of St. Petersburg. On a regular basis, we perform pump station maintenance including fats, oils and grease removal, and operate manhole and pipe inspection programs. Utilizing a task order maintenance program for system maintenance and repairs, staff responds to property owner requests for assistance with blockages and system locations. We maintain operational coordination with Treasure Island, Pinellas County and St. Petersburg.

Reclaimed Water Enterprise Fund

The Reclaimed Water team operates, repairs, and maintains the reclaimed water system through a contractual arrangement with Pinellas County Utilities. The system services approximately 2,900 customers delivering an average of 2.8 million gallons per day of water for irrigation. Utilization of Reclaimed Water reduces the consumption of potable water resulting in considerable savings for property owners. It also reduces the island's dependency on the regional drinking water supply. The City's team coordinates with road construction projects to replace service lines prior to major road paving projects. We investigate water leaks to determine source and coordinate repairs. The City issues permits to hook up or disconnect to the reclaimed water system. Finally, this unit perform utility locates for construction projects.

Stormwater Enterprise Fund

The Stormwater Water team operates, repairs, and maintains the stormwater system consisting of storm drain inlets, manholes, a pipe conveyance system, baffle boxes, tide flex valves, outfall devices and rock gardens. Bio-swales, retention basins and ponds that are designed to hold back stormwater are maintained through this Fund. This improves water quality by allowing solids, floating debris and chemicals to be cleaned out or absorbed in a natural water purification process before entering the ground water system or the bay.

Parking Fund

Parking related revenues have been significant to the overall operating budget. The newly formed Parking Enterprise Fund turns specific focus on revenue collected for parking related fees and their corresponding expenses. In FY 2025, the City performed an analysis of our parking assets and the related fees collected. In FY 2026, the City intends to implement recommendations made in the analysis to enhance annual revenues and maximize the value of this important asset to the City. Our overall goal is to make parking in St. Pete Beach a fair, equitable, positive experience that benefits residents and visitors, local businesses and the City as much as possible.

Capital Improvement Plan - Multi-Year

	FY 2026 BUDGET	FY 2027 PLAN	FY 2028 PLAN	FY 2029 PLAN	FY 2030 PLAN
General					
001.5220.564000 Machinery And Equipment					
Apparatus Computer Replacement					
To maintain reliability and compatibility with current software systems, we are replacing two computers per year in our response apparatus. The new units provide faster processing speeds, improved connectivity, and enhanced durability to withstand the demands of emergency operations. This ongoing upgrade ensures our crews have access to vital dispatch information, mapping, and reporting tools with greater speed and efficiency, supporting safe and effective service delivery.					
CIP	\$10,000	\$10,000	\$10,000	\$10,000	\$10,000
Bunker Gear Replacement (Annual)					
To ensure maximum firefighter safety and compliance with industry standards, all structural turnout ensembles will be retired and replaced once they reach 10 years from their date of manufacture. NFPA 1851 "Standard on Selection, Care, and Maintenance of Protective Ensembles for Structural Fire Fighting and Proximity Fire Fighting"—mandates this 10 year service life to guard against unseen material degradation from heat exposure, contaminants, and mechanical wear. Our replacement program guarantees that no gear remains in service beyond its certified lifespan, keeping our crews protected with fully reliable equipment.					
CIP	50,000	50,000	50,000	50,000	50,000
MACH Alert System Station 23					
The MACH Alert System is an advanced station alerting solution designed to improve response times and enhance communication efficiency. It integrates directly with dispatch systems to deliver real-time alerts, station tones, voice dispatches, and lighting cues. The system automates station notifications, reduces stress through ramped audio, and ensures that crews receive accurate information quickly and reliably. By streamlining the alerting process, MACH supports faster turnout times and improves overall operational readiness.					
CIP	-	140,000	-	-	-
Portable Radio Replacement					
Advancements in portable radio technology have outpaced the capabilities of our current equipment. As a result, the radios we rely on for critical communication will soon no longer be supported or compatible with evolving systems. To maintain reliable, secure, and efficient communication especially during emergency responses it is essential to replace our outdated radios with modern units that meet current standards and ensure the safety of our personnel and the public.					
CIP	-	-	-	130,000	-
Replace Marine 23 Electronics Package					
Marine 23's electronics package will deliver precise navigation, clear detection, and reliable communications in demanding maritime conditions:					
• Chartplotter/GPS: High res touchscreen mapping for accurate waypoint guidance. • X Band Radar: Penetrates rain, fog, and darkness to reveal vessels and hazards. • VHF Radio w/ DSC: Secure voice comms and one touch distress signaling. • AIS: Real time tracking of nearby traffic to enhance collision avoidance. • Depth Sounder/Fishfinder: Accurate depth and seabed data for safe passage and search ops. • Autopilot Interface: Stabilizes course in rough seas, reducing crew fatigue. • Digital Compass: Magnetic heading backup for fail safe navigation.					
All components feature rugged, watertight housings and redundant power to ensure continuous operation. Intuitive controls and advanced functionality equip our team with the confidence, efficiency, and safety needed on every mission.					
CIP	-	-	-	-	15,000

Capital Improvement Plan - Multi-Year

	FY 2026 BUDGET	FY 2027 PLAN	FY 2028 PLAN	FY 2029 PLAN	FY 2030 PLAN
Replace Marine 23 Outboard Engines					
Given Marine 23's role in water rescue, emergency response, and marine patrol, ensuring dependable propulsion is essential for crew safety and operational readiness. Replacing the engines proactively in 2030 will help avoid in-service failures, reduce long-term maintenance costs, and maintain mission capability. New outboards will also offer improved fuel efficiency, lower emissions, and integration with updated marine electronics. This investment ensures continued serviceability through the next operational phase, reduces the risk of unexpected failures, and helps control long-term maintenance costs while maintaining the high reliability expected of front-line marine response assets.					
CIP	-	-	-	-	70,000
Replacement of Squad 22 Extrication Equipment					
To keep Squad 22 equipped with reliable, modern rescue tools, we are replacing outdated extrication gear with advanced tools for improved performance, safety, and efficiency. The new equipment includes:					
• R320 E3 Connect Ram (Tool & Extensions): A powerful hydraulic ram for pushing/pulling during extrications, with modular extensions for added reach.					
• SC 358 E3 Connect Combi Tool: A compact, powerful cutter/spreader for rapid deployment in varied rescue scenarios.					
• E3/EWXT 9Ah Battery (Saltwater Rated): High-capacity batteries built for reliable performance in extreme, wet conditions.					
• EWXT/E3 Charger: A compatible charging system to ensure all batteries are fully ready when needed.					
• StrongArm LE100: A versatile battery-powered tool for cutting, spreading, and prying in tactical and rescue operations.					
These upgrades ensure Squad 22 is equipped with the latest tools to perform faster, safer extrications and enhance emergency response.					
CIP	-	-	45,000	-	-
Self-Contained Breathing Apparatus (SCBA) Replacement					
Self-Contained Breathing Apparatus (SCBA) are critical life safety tools that provide firefighters with breathable air in hazardous environments. Modern SCBAs feature advanced safety enhancements, including integrated PASS alarms, heads-up displays, and improved ergonomic designs for increased comfort and mobility. These units protect personnel from smoke, toxic gases, and oxygen-deficient atmospheres, ensuring firefighter safety during fire suppression, hazardous materials incidents, and confined space operations. Regular replacement is essential to meet current safety standards and maintain operational readiness.					
22 packs with bottles, 22 extra bottles, 3 RIT packs, 50 Masks

301.5190.564000 Machinery And Equipment					
City-wide Camera and Security System					
The City is launching a comprehensive security initiative to install a modern camera and surveillance system across key city buildings and associated facilities. This investment is designed to enhance public safety, protect municipal assets, and promote a secure environment for residents, staff, and visitors.					
The upgraded system will support the City's efforts to:					
• Deter criminal activity. • Improve coordination with public safety personnel. • Improve situational awareness around municipal buildings and city led programs, contributing to a safer and more welcoming community. • Protect City staff and first responders by increasing security around operational facilities and service points.					
Disaster Recovery and Infrastructure Resilience					
Ensures local IT Service continuity and solution backup resilience during Internet outages0					
IT Innovation					
This project creates a flexible funding source to support technology improvements across departments. The goal is to invest in smart, efficient tools that help the City operate more effectively, serve the public faster, and reduce long-term costs. This fund empowers the City to respond to changing needs, improve customer service, and support staff with the right tools—without waiting for a separate budget cycle for every small but important innovation.					
CIP	20,000	100,000	100,000	100,000	100,000
NeoGov (Full suite of applications)					
The City is implementing NeoGov, a modern cloud-based system to manage human resources and payroll functions. This system will replace outdated tools and manual processes with a streamlined, all-in-one platform that handles everything from hiring and onboarding to payroll, performance evaluations, and employee records.

36th Avenue Seawall Replacement					
Replacement of deteriorated seawall at intersection of E Maritana Dr and 36th Avenue with new structure at 5 foot NAVD88 elevation with living shoreline enhancements. Additional stormwater inlets and pipes will be installed and the outfall will be replaced to decrease flooding.					
CIP	652,000	-	-	-	-
80th Avenue Living Shoreline					
Construction of design previously completed in FY20 for the installation of a living shoreline seawall project at the eastern end of the 80th Avenue Park. The existing seawall is rated at 4 out of 9, poor condition and has a cap elevation of 3.5 feet NAVD 88 which is below the City Code elevation of 5 feet. This elevation poses a threat of flooding the Boca Ceiga neighborhood as high tides continue to increase and sea level rise advances. In addition to the disrepair project.					
CIP	325,000	-	-	-	-
Don CeSar Boat Ramp Replacement					
The current boat ramp allows for storm surge flooding impacting the neighborhood and impacting vehicle movement. In FY25, the City completed grant funded project for an alternatives analysis and feasibility study to determine a location for the boat ramp, including rehabilitation of the existing boat ramp and an alternative location on Cabrillo Ave. The existing location was selected. Engineering design is planned for fiscal year 2026 with construction in fiscal year 2027. Disrepair. Restore

Capital Improvement Plan - Multi-Year

	FY 2026 BUDGET	FY 2027 PLAN	FY 2028 PLAN	FY 2029 PLAN	FY 2030 PLAN
Hurricane Damage Seawall Repairs					
Construction services for as-needed repairs. Post-storm engineering inspections identified deficiencies caused by the hurricanes. The seawalls observed consisted of concrete sheet piles with steel tie back rods and a reinforced concrete pile cap. One observed typical damage was soil wash out on the land side of the seawall due to leakage in the walls' joints. A second typical damage was soil washout on the landside of the wall due to wave action and storm surge. Repairs include soil backfill, flowable fill backfill, tie back rod replacement, sidewalk replacement. Locations include: 14th Ave, 18th Ave, 75th Ave, 78th Ave, 80th Ave, Fisherman's Park, Recreation Center, Boca Ciega Mini Park					
Pass-a-Grille Way Seawall Replacement					
Design, permitting and construction for the replacement of the existing 2,500 linear foot seawall and subsurface pressure grouting. The replacement seawall would be driven directly waterward of the existing wall. The area between the existing and proposed walls would be filled with flowable fill and the proposed concrete cap would be tied into the existing concrete cap. It is recommended the proposed wall be constructed using steel sheet piles to accommodate the increased height of 6 foot NAVD88 and applied surcharge loads from the sidewalk and roadway. It is also recommended the steel sheet piles have a Larssen knuckle system to help prevent intrusion through the wall joints. As part of this project, subsurface pressure grouting should be performed in areas where voids were encountered based on the March 2025 GPR scanning. Potential catastrophic. FEMA Funds.

Facility Emergency Backup Power Generation					
This program provides for the expansion of emergency backup power generator equipment to city-owned critical facilities. Fiscal year 2026 includes Fire Station 23 (\$650,000) and FY2027 City Hall (\$550,000). Fiscal Year 2028 includes Public Services. 2029 includes Community Center.					
Facility HVAC System Improvements					
This program provides for the scheduled and emergency repairs and end of useful life replacements of heat, ventilation, and air conditioning systems at city owned facilities. Recreation Center HVAC replacement in FY 25. New HVAC equipment for City Hall is scheduled for FY27 with necessary upgrades and configuration modifications for efficiency based on FY25 system evaluation.					
Facility LED Lighting Conversions					
Replacement of existing lighting with LED fixtures at various city-owned facilities. Fiscal year 2027 includes LED lighting at the Community Center Ballroom.					
Facility Roof Replacements					
Replacements due to damage from hurricanes Helene and Milton. City Hall (\$725,200.32), Community Center (\$572,776.23), Recreation Center-Aquatic Center (\$161,578.76), Public Services (\$668,854.25), Warren Webster (\$34,635.45). Contract has been executed with Cotton Global Disaster Solutions.					
CIP	2,200,000	-	-	-	-
Fire Station 22 Demolition + Construction					
Fire Station 22 was deemed significantly damaged following hurricanes Helene and Milton. Repairs and improvements to bring the facility to code compliance is not cost effective. The building is proposed to be replaced with a new facility that meets current building codes and operational needs of fire personnel.					
CIP	7,000,000	4,500,000	-	-	-
Fire Station 23 Painting					
Interior and exterior painting of Fire Station 23 facility. Painting bid shall include pressure washing building prior to applying exterior paint.					
CIP	-	25,000	25,000	-	-
Merry Pier Bait Shack Demolition					
The Merry Pier bait shack and the concrete patio have been designated as unsafe structures due to hurricane damage, and the city will need to demolish them. The electrical and plumbing systems connected to the bait shack also need to be removed. Coordination with the Florida Department of Environmental Protection (FDEP) is required for a permit exemption per the emergency declaration. The city has received three qualified bids for the demolition.					
CIP	62,529	-	-	-	-
Public Restroom Improvements					
This program provides for the as needed repairs and improvements to various restroom facilities at City parks. Fiscal Year 26 is scheduled to rehabilitation the public bathroom facility at Hurley Park.					
CIP	100,000	-	-	-	-
Public Services Building Improvements					
FY 25 roof replacement. FY 26 new locker and restroom facilities for the field staff, expanded second floor office space, renovated breakroom and kitchen area, and upgraded mechanical equipment.					
CIP	1,050,000	-	-	-	-
Upham Beach Concession Sanitary Sewer Pipe Replacement					
Replacement of the concession sanitary sewer line from the bathrooms to the point of connection to the city's gravity main. Storm related.

Boca Ciega Drive Reconstruction					
The pavement on Boca Ciega Drive is in poor condition, and the current reclaimed water services often break down, leading to leaks. The infrastructure is aging and has exceeded its useful life. This project will involve reconstructing the roadway, which includes restoring the base, paving with asphalt, replacing curbs, adding sidewalks, replacing utility services, and installing signage and striping. Additionally, the project will incorporate improvements to the stormwater system to reduce flooding. Design completion pending update based on City Commission direction. Estimated project cost for permitting, construction, and engineering inspection is \$7,000,000.					
CIP	2,675,000	2,675,000	-	-	-
Bridges Rehabilitation					
This program provides for the as-needed and systematic renovation and/or replacement of the City's bridges and structural components based on annual engineering evaluations of the structural integrity. The city's bridges are located at Vina Del Mar and Boca Ciega Isle.					
CIP	200,000	200,000	200,000	200,000	200,000
Corey Avenue Monument Signs					
Construction of monument signs on Corey Avenue, east and west of Gulf Blvd. Project was designed in FY 24. Scope includes striping, pavement markings, and new curb around the signs in addition to the sign installations. The new sign west of Gulf Blvd impacts existing parking on the north and south sides of Corey Ave due to site distance visibility standards. FDOT permitting required since impacting state right-of-way.

	FY 2026 BUDGET	FY 2027 PLAN	FY 2028 PLAN	FY 2029 PLAN	FY 2030 PLAN
Gulf Boulevard Utility Undergrounding					
In 2026, the Duke Energy and Spectrum are scheduled to complete underground utility energization for the Phase 1 portion of the Gulf Boulevard Undergrounding project from 55th Avenue to 75th Avenue. Phase 2, which has been divided into two smaller phases (A and B) is designed and ready for construction. Phase 2A is scheduled for construction in FY25 with construction completion anticipated in 2027. Phase 2B is scheduled to begin construction in FY2027 with construction completion in 2028. The Penny for Pinellas funding is dedicated specifically to this project only.					
CIP	1,443,000	6,300,000	-	-	-
Gulf Way Rehabilitation					
Design-build project delivery utilizing roadway resurfacing plans from FY 24 as a resource. Gulf Way right-of-way including beach wall, sidewalk, curb, and pavement were damaged by Hurricane Helene. The project scope of work includes reconstruction of the Gulf Way roadway from 1st Avenue to 22nd Avenue. This project includes new beach wall, road base, pavement, sidewalks, curbing, crosswalks, and ADA ramps where applicable. Mitigation measures will be considered for long-term resilience.					
CIP	3,000,000	-	-	-	-
Gulf Winds Drive Reconstruction					
The pavement conditions on Gulf Winds Drive are poor, and the existing reclaimed water services frequently break, causing leaks. The aging infrastructure has surpassed its useful life. The project will involve roadway reconstruction, including base restoration, asphalt paving, curb replacement, sidewalks, signage, and striping. This work will be coordinated with Duke Energy's electrical undergrounding as well as improvements to Pinellas County's water and reclaimed water mains. Design completion is pending update based on City Commission direction. Estimated project cost for permitting, construction, and engineering inspection is \$5,600,000.					
Hurricane Damage Right-of-Way Rehabilitation					
This project provides for the rehabilitation of right-of-way infrastructure including pavement, sidewalks, signage, striping, and lighting due to hurricane damage. Pavement damage was mainly found in areas affected by wave action and water intrusion, particularly in the Pass-a-Grille beach area, where sidewalks and paver installations suffered. The concrete there experienced heave and subsoil deterioration. Sunset Park also faced significant wave impact, leading to near-total pavement failure in the parking lot as the wave action compromised shore protection. On the east side of the island, 55th Street saw multiple damage points due to seawall failures, which further weakened the sub-base and caused pavement collapse. Throughout the city, sidewalks, signage, and lighting were also damaged, with effects worsened by storm surge near the shorelines. Repair - FEMA eligible.					
CIP	1,377,500	1,377,500	-	-	-
Right-of-Way Median Improvements					
This program provides for as-needed and systematic improvements to landscaped median islands within the right-of-way. FY 25 includes Blind Pass Road project with grant funding from the Florida Department of Transportation.					
CIP	185,000	-	-	-	-
Right-of-Way Signage Assessment Management					
This project provides for the inventory of existing right-of-way signage and prioritization plan for replacement. Collected data to be integrated into GIS for field services asset tracking and work order management system.					
CIP	-	50,000	-	-	-
Roadway Rehabilitation					
The City has approximately 40 miles of paved roadways as well as commercial, recreational, and park area parking lots. This Citywide program provides for the continued re-investment into maintaining the City's roadways at an overall level of service pavement condition index of satisfactory or better. The program provides for the milling, paving, replacement of curb and gutters, re-striping, and minor drainage improvements. The street paving will be coordinated with repairs to sanitary sewers, reclaimed water systems, and other subsurface utilities.

Belle Vista Mini Park Improvements					
FY 25 design, permitting, and construction of replacement public dock at Belle Vista Mini Park on Belle Vista Drive East. FY 26 scope of work includes repairs and replacement of deteriorating, aging infrastructure including stormwater pipe and seawall. Storm related					
CIP	100,000	-	-	-	-
Egan Park Site Improvements					
Restoration of the Egan Park ballfield and parking areas that were utilized as the debris management sites for Hurricanes Helene and Milton. Geotechnical investigation and soil sampling were completed in fiscal year 2025 to determine remediation and mitigation needs. FY 25 project includes soil replacement, land grading, irrigation, sodding, and environmental monitoring. FY 27-30 project considers improvements to Egan Park greenspace, tennis courts, field fencing, parking and traffic and bathrooms.					
Fishing Piers Rehabilitation					
This program provides for the as-needed repair and replacement of city-owned dock and pier structures. Fiscal year 2026 includes rehabilitation of 1st Avenue and 7th Avenue piers damaged by Hurricanes Helene and Milton. Storm related. Amenity vs Critical infrastructure.					
CIP	825,000	-	-	-	-
Horan Park Docks					
This project aims to revive a design concept from around 2013 that involves the installation of floating docks along the Community Center and Horan Park. The design will assess the feasibility of connecting these docks to a boardwalk or waterway trail at the east end of Corey Avenue. To support operational costs, metering may be implemented using technology similar to that used for public parking. The staff will explore available grant opportunities to fund this project.					
CIP	-	550,000	-	-	-
Playground Equipment Improvements					
This program provides for the as-needed and scheduled playground piece replacements. FY 27 Lazarillo Park and Hurley Park. FY28 Vina Del Mar Park and Liso Park.					
Total 301.5726.563000 Improvements Other Than Buildings	1,038,000	775,000	225,000	100,000	100,000
301.5727.563000 Improvements Other Than Buildings					
Dune and Beach Restoration					
Restoration of dunes and beach at city-owned property and to supplement the level of service provided by Pinellas County. Improvements may include dune plantings, erosion control, sand placement, exotic vegetation removal, and public access way rehabilitation.					
CIP	-	50,000	25,000	-	25,000

Capital Improvement Plan - Multi-Year

	FY 2026 BUDGET	FY 2027 PLAN	FY 2028 PLAN	FY 2029 PLAN	FY 2030 PLAN
Dune Walkover Replacements					
This program provides the design, permitting, and construction of new beach access dune walkovers to replace those damaged by storms or aging, which pose safety hazards. The improvements will include the use of composite materials, stainless steel or galvanized hardware, traction control mats, gentler inclines, and reinforced framing. The planned locations for fiscal year 2025 are at 2nd, 3rd, 4th, 6th, 7th, 51st, and 52nd Avenues. For fiscal year 2026, the locations will be 12th and 16th Avenues.					
CIP	709,000	-	-	-	-
Foot Shower & Drainage Improvements					
Replacement of foot shower equipment for public use and installation of drainage infrastructure to prevent erosion at the beach access locations in Pass-a-Grille Beach and Upham Beach.					
CIP	-	30,000	-	-	-

Wastewater					
401.5350.565000 Capital Improvements					
Asset Management Updates					
Asset Management may include GIS projects such as valve, lateral, and grease trap mapping updates, as well as updates to the asset management report, to include the City's stormwater and roadway infrastructure. The 2023 wastewater asset management plan recommended that GIS inventory be updated annually, and asset management report be updated every 5 years.					
CIP	\$250,000	\$25,000	\$25,000	\$25,000	\$200,000
Force Main 17 Replacement					
Design and construction for end of useful life replacement of force main 17. Force Main 17 discharges directly from Lift Station 17 to MH-251 located just west of S Maritana Drive along Don Jose Street. Force Main 17 receives flow from nearby residential areas. The 2023 wastewater asset management plan recommended this project for FY 26.					
CIP	500,000	-	-	-	-
Force Main 6 Replacement					
Design and construction for end of useful life replacement of force main 6. Force Main 6 discharges directly from Lift Station 6 to MH-166 located at 21st Avenue and Pass-A-Grille Way. Lift Station 6 receives flow from surrounding residential neighborhoods in the Vina Del Mar area. The 2023 wastewater asset management plan recommended this project for FY 24.					
CIP	400,000	-	-	-	-
Force Mains Assessment					
The City's force mains are maintained by City staff. The City of St. Pete Beach Force Main Post Assessment Report completed in 2018 identified the remaining service life of the City's force mains to establish a replacement schedule. The 2023 wastewater asset management report recommended a force main assessment is completed every 10 years until all force main replacements have been completed.					
CIP	-	100,000	-	-	-
Master Force Main 1 Replacement					
The design and construction of a redundant sub-aqueous force main and rehabilitation of the existing force main. Master force main 1 moves all wastewater flows from the City of St. Pete Beach to the City of St. Petersburg's facilities and Force Main 1 (FM 1) is the discharge force main from Pump Station 1 which serves as the master pump station for the entire sewer system in St. Pete Beach. Pump Station 1 is located at 8665 Boca Ciega Drive. The force main manifolds with the City of Treasure Island's force main at 79th Street South and Treasure Island Causeway. This force main ultimately delivers the combined flow from the City of St. Pete Beach and the City of Treasure Island to the City of St. Petersburg Pump Station 61. Pump Station 2 and Lift Stations 10, 11, 12, and 14 directly contribute flow to Pump Station 1. A preliminary design report is to be completed fiscal year 2025 with engineering design in fiscal year 2026. The construction cost is currently estimated at \$25M to \$30M.					
CIP	600,000	15,000,000	15,000,000	-	-
Pump & Lift Station Pumps Overhaul					
This program provides for the as-needed and scheduled repairs and replacements to the City's 45 Flygt pump fixed assets. The 2023 wastewater asset management plan recommends the following schedule for service repairs and overhauls: FY 26 Lift stations 2, 3, 6, 9. FY 27 Lift stations 8 and 16. FY 29 Lift station 13. FY 30 Lift stations 14, 15, 17. FY 31 Lift stations 4, 7, 10, 11, 18, 19, 20, 21.

	FY 2026 BUDGET	FY 2027 PLAN	FY 2028 PLAN	FY 2029 PLAN	FY 2030 PLAN
Sewer Smoke Testing					
Sewer smoke testing is performed to identify significant contributors of inflow and infiltration. This program can also help determine the location of any illegal connections to the system and other sources of stormwater inflow. It is recommended that the City perform smoke testing every five (5) years. It is recommended that a public relations program be in place to communicate when there is a possibility of smoke entering a home or a building during smoke testing. Smoke testing procedures should include how line segments are isolated, the maximum amount of line to be smoked at one time, and the weather conditions under which smoke testing is conducted. Dye testing may also be performed to confirm the results of smoke testing.					
CIP	-	-	-	150,000	-
Wastewater Collection System Improvements					
This program provides the as-needed and systematic improvements to lateral service lines, gravity mains, manholes, and cleanouts. The sanitary sewer system is made up of multiple sizes of pipes connected through a network of manholes to a single pump station, from which the flow is discharged off the island for treatment. An inflow and infiltration study conducted in 2016 found that most of the collection system's pipes and manholes are compromised and need repairs. Based on the average cost of repairs over the past three years, it is estimated that the entire system will require more than \$16,000,000 to reduce inflow and infiltration (I&I) flows to acceptable industry standards.					
CIP	1,900,000	500,000	500,000	500,000	500,000
Wastewater Model Capacity Report Update					
The City's wastewater system hydraulic model should be updated at a minimum of every five (5) years to reflect current flow data and changes to infrastructure throughout the City. Updates may need to occur more frequently in the event of significant changes to the infrastructure or an increase in flow from development/redevelopment.					
CIP	50,000	-	-	-	-
Wastewater System Cleaning & Inspection					
As a result of Hurricane Helene, significant sand and sediment was deposited into the gravity system, requiring cleaning. The City plans to solicit bids from qualified contractors to complete sewer system cleaning and CCTV inspection. The goal of the program is to clean the sanitary sewer system and clear grit accumulation resulting from Hurricane Helene. Additionally, this project aims to complete a comprehensive identification and inspection of pipes, manholes, and laterals in accordance with NASSCO certification standards, to ensure damages to the system are prioritized for repair and rehabilitation. The inspection data results will be utilized to prioritize repairs required throughout the City's wastewater system based on the risk of failure, deficiencies, and high contributors to inflow and infiltration. This program is a requirement per Senate Bill 1208					
CIP	2,000,000	-	-	750,000	-
Wastewater Transmission System Improvements					
This program provides as-needed and scheduled repairs, replacement, and upgrades of the City's force main pipes and related appurtenances. The City has identified several sanitary sewer force mains that need additional air-release valves (ARVs). These valves allow harmful sewer gasses to escape from the pipe, extending the lifespan of the pipes by reducing internal corrosion of the pipes. The goal of this program is to make repairs, and install additional ARVs at strategic locations on existing mains as determined in the FY23 Air Release Valve inspection report. The 2023 wastewater asset management plan recommended \$50,000 in FY 23 and \$100,000 in FY 24 for ARV replacements.

Pig Port Installation					
The reclaimed water system was installed in the early 1990's. A pig port is used for flushing the system. This project will inspect the system and provide for the design locations and installation of pig ports on the reclaimed water system for pipe cleaning and inspection purposes. Annual pigging (flushing) prevents pipe deterioration and the accumulation of debris and sediment in the reclaimed water system.

Stormwater					
403.5380.565800 Local Flooding Mitigation					
45th Avenue Drainage Improvements					
Design improvements to the City's stormwater infrastructure including pipe, outfalls, and detention/retention basins, and water quality improvements. This project proposes a new stormwater pump station to service the area from Lido Dr to Plaza Way along Lido Dr and 45th Ave. Design to be incorporated into the Boca Ciega Area resiliency adaptation planned for FY 29.					
CIP	\$100,000	\$-	\$-	\$-	\$-
Don CeSar Outfall Improvements Phase 2					
This project installs new seawalls, baffle structures, and tidal check valves at three outfall locations in the Don CeSar Place neighborhood: W Debazan Ave & S Maritana Dr, S Debazan Ave & E Maritana Dr, and 3500 E Maritana Dr. These three outfalls are the last outfalls in this neighborhood in need of rehabilitation. Scope of work includes elevating City owned seawalls to 5' NAVD88, installing vaulted tidal check valves, and baffle structures.					
CIP	1,250,000	-	-	-	-
Pass-a-Grille Way Tide Check Valve Replacements					
During the road rehabilitation project in 2016/2017, tide check valves were installed in the stormwater outfall pipes. Over the years, they have not been maintained due to the difficulty of access and have been observed to be failing during high tides, resulting in water flowing up through the pipe system and flooding the streets and properties along PAGW. This project will retrofit the outfall pipes by installing a specially designed tide check maintenance vault. Proper maintenance combined with the existing baffle boxes to divert debris that can jam the valve flap open will reduce the incidence of failure. Installation is at the street ends of 22nd Ave, 27th Ave, 28th Ave, 29th Ave and 30th Ave.

Total 403.5380.565800 Local Flooding Mitigation	1,675,000	-	-	-	-
403.5380.565003 Water Quality Improvement					
Belle Vista Baffle Structures					
This project installs new baffle structures at two outfall locations in the Belle Vista neighborhood: 41st Ave & Belle Vista Dr and E Belle Vista Dr & Belle Vista Dr. These stormwater systems at these two locations were recently reconstructed with Tidal Check Valves. These valves are frequently clogged with trash and landscape debris entering the storm system. The baffle structures will filter out any foreign material to increase the effectiveness of the tidal check valves. The valves will also be relocated away from the seawall face and into vaults to promote ease of maintenance and minimize an environment conducive to marine growth.					
CIP	400,000	-	-	-	-
Don CeSar Baffle Structures					
This project installs new baffle structures at five outfall locations in the Don CeSar Place neighborhood: Alhambra St & W Maritana Dr, Alfonso St & W Maritana Dr, 3107 W Maritana Dr, Don Jose St & S Maritana Dr, and 37th Ave & E Maritana Dr. These outfalls were recently reconstructed to an elevation of 5' NAVD88 with Tidal Check Valves. These valves are frequently clogged with trash and landscape debris entering the storm system. The baffle structures will filter out foreign material to increase the effectiveness of the tidal check valves. The valves will also be relocated away from the seawall face and into vaults to promote ease of maintenance and to minimize an environment conducive to marine growth. The city received a reimbursable grant of \$625,000 from FDEP.

Stormwater Drainage Manual					
The City drafted a stormwater drainage manual in FY 23 that was never completed or adopted. This project will update the FY 23 draft and complete the manual. The manual shall include engineering design standards and specifications for public and private stormwater infrastructure improvements based on the level of service requirements and planning parameters from the FY 25- 26 Watershed Management Master Plan. This manual will be used to update the City's land development code.					
Stormwater System Cleaning & Inspection					
Due to Hurricane Helene, large amounts of debris were deposited into the stormwater system, necessitating a thorough cleaning. The City plans to issue requests for bids from qualified contractors to perform cleaning and CCTV inspection of the stormwater system. The primary goal of this initiative is to remove the debris accumulation caused by the hurricane. Additionally, the project aims to conduct a comprehensive inspection of pipes and structures in accordance with NASSCO certification standards. This will help prioritize any necessary repairs and rehabilitation of the system. The program will provide citywide services in FY 26 and will be systematic thereafter, ensuring that the entire stormwater system is cleaned at least once every five years.

Resiliency Fund					
102.5380.563000 Improvements Other Than Buildings					
Don CeSar & Boca Ciega Area Resiliency Adaptation					
The Water Threats Analysis and Mitigation Study recommends long-term infrastructure improvements in the Don CeSar, Belle Vista, Lido, and Boca Ciega Isle neighborhoods to address sea level rise and stormwater flooding risks. Key strategies include elevating seawall crests to 5' NAVD88, installing backflow preventers, reconstructing neighborhood streets, and implementing stormwater pumping systems. The plan is based on projected sea level rise of 0.95 feet by 2050 and aims to meet a 100-year/24-hour storm level of service. Each neighborhood will receive a tailored system of stormwater basins, perimeter protections, and drainage infrastructure, totaling \$124.9 million in estimated construction costs over 10 years. These projects are designed to protect homes and infrastructure, improve mobility, and enhance neighborhood resiliency over the next generation. Don CeSar area planned for FY 26-30, Lido FY 31, Belle Vista FY 32-34, Boca Ciega Isle FY 35.					
CIP	\$800,000	\$6,720,000	\$18,675,000	\$2,975,000	\$1,730,000
Northeast Region Resiliency Adaptation					
The Northeast Region Water Threats Analysis evaluates flood risks from rainfall, tidal events, and projected 2050 sea level rise across the area spanning from Punta Vista Drive to 73rd Avenue. Modeling indicates that up to 64% of roadway intersections may experience flooding under future conditions, particularly in low-lying neighborhoods and along Corey Avenue, Bay Street, and Gulf Boulevard. Recommended mitigation strategies include stormwater pump stations, drainage improvements, and elevation of vulnerable infrastructure. These improvements aim to protect critical assets, ensure roadway accessibility, and increase neighborhood resiliency. The total project is estimated at \$42,000,000 over 10 years with 7 phases. Punta Vista area FY 27, 55th Avenue FY 28, 59th Avenue FY 29, 64th Avenue FY 30, Gulf Winds Drive FY 31, Sunset Way FY 33, Upham Beach FY 35.					
CIP	-	6,000,000	6,000,000	6,000,000	6,000,000
Northwest Region Resiliency Adaptation					
The Northwest Region Water Threats Analysis identifies major flood vulnerabilities and recommends infrastructure improvements across four sub-basin clusters: 90th Ave & Gulf Blvd (FY 27-29), 82nd Ave & Boca Ciega (FY 30), 75th Ave & Sunset Way (FY 31-32), and 78th Ave & Boca Ciega Dr (FY 33-35). The study proposes upgrades to approximately 14,500 linear feet of seawalls, installation of 35 tidal check valves, and select living shorelines to protect against sea level rise and King Tides up to 5 ft. NAVD88. To address inland stormwater flooding during 100-year rain events, four high-capacity pump stations and 25,000+ linear feet of drainage piping are recommended to convey stormwater out of the low-lying basins. The conceptual total construction costs for these improvements are estimated at \$37.6 million over 10 years, depending on design criteria. These projects aim to preserve property, maintain access and mobility, and improve resiliency across the City's northwest community.					
CIP	-	3,300,000	-	-	3,300,000
Pass-a-Grille & Vina Del Mar Resiliency Adaptation					
The Pass-a-Grille and Vina Del Mar Water Threats Analysis recommends \$18.2 million in flood mitigation improvements over the next 10 years to protect against sea level rise and major storm events. Key strategies include raising 1.86 miles of seawall to 5' NAVD88, installing six tidal check valves, and constructing six stormwater pump stations to reduce tidal and rainfall-driven flooding. In Vina Del Mar, 2.4 miles of residential streets are recommended to be elevated to improve drainage and meet level-of-service targets. The plan consolidates stormwater outfalls to reduce costs and improve system efficiency. These improvements are designed to safeguard mobility, property, and critical infrastructure in both neighborhoods. Pass-a-Grille FY 28-33. Vina Del Mar FY 34-35.					
CIP	-	-	2,350,000	2,350,000	2,350,000
Watershed Management Master Plan					
This Watershed Management Master Plan (WMMP) will replace the City's existing Stormwater Master Plan and is a requirement in the City's proposed Comprehensive Plan amendment, which will identify resiliency measures to mitigate the impacts of sea level rise to the City. With some localized areas under elevation 2.0 feet (NAVD88), mean sea level projections over the next several decades would result in drastic impacts to quality of life within the community. The project also includes a private seawall elevation survey. City has applied for \$125,000 grant funding from the Florida Department of Emergency Management.

Community Center Seawall Replacement					
Engineering, permitting, and construction services to replace the existing 970 linear feet of deteriorating seawalls at the Recreation Center and Horan Park. Replacement to include a resilient, sustainable shoreline solution that integrates flood protection, environmental enhancements, and public use elements. The project is cooperatively funded through the Florida Division of Emergency Management (FDEM) Hazard Mitigation Grant Program for design (\$113,070.90) and the Florida Department of Environmental Protection Resilient Florida Program for construction (\$750,000.00).					
CIP	3,250,000	-	-	-	-
Shoreline Protection Improvements					
The City owns 58 properties with artificial shoreline protection totaling approximately 8,589 linear feet. many of which have failed or are significantly degraded and no longer function properly. The Seawall Master Plan, completed in 2022, provides a prioritized schedule of repair and replacement locations. This program provides for the systematic replacement and/or upgrade of shoreline protection that has been determined to be below a satisfactory rating in its overall condition. New seawalls will be constructed at the new 5' above Mean Sea Level height requirement. Priority project locations include: 16th, 18th, 19th, 20th, 22nd, 27th, 28th, 30th Ave, S Debazan Ave, Belle Vista Mini Park, Boca Ciega Isle Mini Park, 50th, 55th, 59th, 77th, 78th, 79th, 83rd, 86th, 87th Ave, Egan Park FY 26 request includes improvements scheduled in asset management plan for FY 23, 24, and 25 that weren't budgeted/completed. Also includes FY 26 planned improvements

Glossary:**A**

- **Ad Valorem Tax:** A property tax based on the assessed value of real estate or personal property. In St. Pete Beach, this is a primary revenue source for the General Fund
- **Appropriation:** Authorization by the City Commission to make expenditures and incur obligations for specific purposes.

B

- **Balanced Budget:** A budget in which revenues and other sources equal expenditures and other uses, as required by law
- **Building Fund:** A special fund for revenues and expenditures related to building permits, inspections, and code compliance

C

- **Capital Fund:** Accounts for debt service and capital outlay, closely aligned with the Capital Improvement Plan (CIP)
- **Capital Improvement Plan (CIP):** A multi-year plan for major capital expenditures, including infrastructure, facilities, and equipment
- **Commission:** The elected legislative body of the City of St. Pete Beach, responsible for policy, budget adoption, and oversight
- **Contingency Reserve Fund:** A reserve set aside for emergencies, typically 10% of General Fund expenditures
- **CPI (Consumer Price Index):** A measure of inflation used to adjust budgets and employee compensation

D

- **Debt Service:** Payments of principal and interest on borrowed funds (bonds, loans)
- **Department:** Organizational units within the city government, such as Finance, Public Services, Fire & EMS, etc.

E

- **Enterprise Fund:** A fund used for operations financed and operated similarly to private business (e.g., Wastewater, Parking, Stormwater, Reclaimed Water)
- **Expenditure:** The cost of goods delivered or services rendered, whether paid or unpaid

F

- **FBRC (Finance and Budget Review Committee):** An advisory committee that reviews and makes recommendations on the city's budget and financial policies
- **FEMA (Federal Emergency Management Agency):** Federal agency providing disaster recovery funds, especially after hurricanes
- **Fleet Fund:** A special revenue fund for planning and replacing city vehicles
- **Fund Balance:** The difference between assets and liabilities in a fund at a specific point in time

G

- **GAAP (Generally Accepted Accounting Principles):** Standard framework of guidelines for financial accounting
- **General Fund:** The main operating fund for the city, supporting essential services
- **GFOA (Government Finance Officers Association):** Professional association promoting best practices in public finance.
- **Grant:** Funds received from another government or organization for a specific purpose.
- **Intergovernmental Revenue:** Funds received from other governmental units (state, county, federal)

M

- **Millage Rate:** The rate used to calculate property taxes, expressed in mills per dollar of taxable value
- **Modified Accrual Basis:** An accounting method that recognizes revenues when they become available and measurable and expenditures when liabilities are incurred.
- **Multimodal Fund:** Fund for impact fees related to transportation improvements (bicycle, pedestrian, transit, auto).

N

- **Non-Departmental:** Expenditures not allocated to a specific department, often citywide costs

O

- **Operating Expenditure:** Day-to-day expenses for running city services (salaries, supplies, utilities)

P

- **Penny for Pinellas:** A 1% local option sales tax dedicated to capital projects

- **Proprietary Fund:** A fund type used for business-like activities, including enterprise and internal service funds

R

- **Resiliency Fund:** Fund established for long-term infrastructure planning related to sea level rise and climate adaptation
- **Revenue:** Income received by the city from taxes, fees, grants, and other sources

S

- **Special Revenue Fund:** A fund used to account for specific revenue sources that are restricted to particular purposes
- **Stormwater Fund:** Fund for managing, repairing, and maintaining the city's stormwater infrastructure

T

- **TRIM (Truth in Millage):** Florida law requiring transparency in property tax rate changes and public hearings
- **Transfers:** Movements of money between funds, often for administrative or capital purposes

U

- **User Fees:** Charges to users for specific services (e.g., utility bills, recreation programs)

COMMISSION CHAMBERS**

Agenda Report

Agenda Title Name: Final Reading of Ordinance 2025-17: Specifying elevation requirements for replacement of flood-damaged equipment associated with non-substantially improved and non-substantially damaged buildings

Action Request: Motion to adopt Ordinance 2025-17.

Strategic Objective: Recovery, Resilience, and Sustainability

Date: September 22, 2025

Prepared By: Luke Curtis
Brandon Berry, Senior Planner

Through: Frances Robustelli, City Manager

Summary of Issue: This ordinance is intended to adopt a local building regulation to specify requirements for elevation of flood-damaged equipment above the required design flood elevation, when the building with which it is associated is not substantially damaged, improved, or already has its lowest floor elevated or floodproofed to that elevation.

Due to widespread damage throughout St. Pete Beach from the 2024 hurricanes and the need to replace exterior equipment and appliances such as condensers, an existing Florida Building Code requirement has required elevation of equipment by five or more feet in some locations, when the home itself is repaired and remains at or near grade. In some instances, this has caused significant hardship by conflicting with the roofline, or other existing building-mounted appurtenances, and has become a significant barrier to reoccupancy.

This amendment will not conflict with minimum FEMA requirements or affect the City's NFIP status. This amendment requires elevation to the lowest floor height, or four feet above grade, whichever is higher, for any elevated equipment that replaces equipment that has been damaged by flood when the associated

building is not substantially improved or damaged. This elevation requirement is intended to align with a proposed Florida Building Code amendment under consideration for the 2027 Florida Building Code. Substantially improved or damaged homes will be required to have their existing or replacement equipment elevated to or above the design flood elevation, as required by the Florida Building Code and FEMA regulations.

This amendment is brought forward under the understanding that the City will contemplate amendments to its Land Development Code proposed by the Florida Department of Emergency Management's consultant to align definitions and correct potential errors or inconsistencies. These amendments will be brought forward under separate ordinance cover.

2. Ord 2025-17 - Business Impact Statement

Ordinance 2025-17

AN ORDINANCE OF THE CITY OF ST. PETE BEACH, FLORIDA FOR THE PURPOSE OF AMENDING CODE OF ORDINANCES CHAPTER 98 – BUILDINGS AND BUILDING REGULATIONS, TO SPECIFY MINIMUM ELEVATION STANDARDS FOR REPLACEMENT OF FLOOD-DAMAGED EXTERIOR EQUIPMENT AND APPLIANCES NOT ASSOCIATED WITH A SUBSTANTIALLY IMPROVED OR DAMAGED BUILDING; PROVIDING FOR CODIFICATION; CONFLICTS; SEVERABILITY; CORRECTION OF SCRIVENER’S ERROR; CONSTRUCTION; PUBLICATION; AND AN EFFECTIVE DATE.

WHEREAS, buildings in the City of St. Pete Beach sustained catastrophic damage from Hurricanes Helene and Milton, with effects varying across the island; and

WHEREAS, many homeowners and businesses have been able to restore their structures within the substantial improvement and damage threshold, but face challenges stemming from the relocation of exterior equipment and appliances for which the Florida Building Code requires elevation above the base flood elevation level plus one foot, even when the floor of the home or business has often been maintained at several feet below it; and

WHEREAS, inability to restore residences and businesses with exterior equipment such as condensers poses a significant barrier to reoccupancy and rehabilitation of the community; and

WHEREAS, the City finds this language to be consistent with a proposal by the Florida Division of Emergency Management as an amendment to the 2027 Florida Building Code, and to not be adverse to federal or state floodplain management requirements or the City’s National Flood Insurance Program status, but also finds that a swift resolution to this challenge is necessary to continue community restoration efforts; and

WHEREAS, the City finds this amendment consistent with other standards within its Code of Ordinances.

NOW, THEREFORE, THE CITY COMMISSION OF THE CITY OF ST. PETE BEACH FLORIDA, HEREBY ORDAINS:

SECTION 1. Recitals. The above recitals (“Whereas” clauses) are hereby adopted as legislative findings, purpose and intent of the City Commission.

SECTION 2. The City Code of Ordinances is amended as shown in EXHIBIT A to this Ordinance.

SECTION 3. Codification. This Ordinance shall be codified in the Code of Ordinances of the City of St. Pete Beach.

SECTION 4. Conflicts. All ordinances or parts of ordinances, in conflict herewith are hereby repealed to the extent of any conflict with the Ordinance.

SECTION 5. Severability. The provisions of this Ordinance are declared to be severable, and if any section, sentence, word, clause or phrase of this Ordinance shall for any reason be held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining sections, sentences, words, clauses, and phrases of this Ordinance as they shall remain in effect, it being the legislative intent that this Ordinance shall stand notwithstanding the invalidity of any part.

SECTION 6. Scrivener's Error. The City Attorney may correct scrivener's errors found in this Ordinance by filing a corrected copy of this Ordinance with the City Clerk.

SECTION 7. Construction. This Ordinance is to be liberally construed to accomplish its objectives.

SECTION 8. Publication. This Ordinance shall be published in accordance with the requirements of law.

SECTION 9. Effective Date. This ordinance shall take effect immediately upon adoption.

FIRST READING: _____
SECOND READING: _____
PUBLIC HEARING: _____

CITY COMMISSION, CITY OF ST. PETE
BEACH, FLORIDA.

Adrian Petrilă, Mayor

I, Renee Rose, City Clerk of the City of St. Pete Beach, Florida, do hereby certify that the foregoing Ordinance was duly adopted in accordance with the provisions of applicable law this _____ day of _____, 2025.

Renee Rose, City Clerk

APPROVED AS TO FORM AND LEGAL SUFFICIENCY:

City Attorney

Exhibit A

Sec. 98-35. – ~~Reserved.~~ **FLORIDA BUILDING CODE, EXISTING; AMENDMENTS.**

(a) Flood damaged exterior equipment and exterior appliances. Unless part of substantial improvement, replacement of exterior equipment and exterior appliances that are damaged by flood shall be elevated to or above the same height above grade as the first floor of the building, or 4 ft above grade, whichever is higher. For nonresidential buildings and nonresidential portions of buildings, flood damaged exterior equipment shall be permitted to be located in an enclosure that is dry floodproofed to 4 ft above grade, or the same height above grade as the first floor of the building, whichever is higher, in accordance with the dry floodproofing requirements of ASCE 24 for attendant utilities and equipment.

Business Impact Estimate Form

This Business Impact Estimate Form is provided to document compliance with and exemption from the requirements of Sec. 166.041(4), Fla. Stat. If one or more boxes are checked below under “Applicable Exemptions”, this indicates that the City of St. Pete Beach has determined that Sec. 166.041(4), Fla. Stat., does not apply to the proposed ordinance and that a business impact estimate is not required by law. If no exemption is identified, a business impact estimate required by Sec. 166.041(4), Fla. Stat. will be provided in the “Business Impact Estimate” section below. In addition, even if one or more exemptions are identified, the City of St. Pete Beach may nevertheless choose to provide information concerning the proposed ordinance in the “Business Impact Estimate” section below. This Business Impact Estimate Form may be revised following its initial posting.

Proposed ordinance’s title/reference:

AN ORDINANCE OF THE CITY OF ST. PETE BEACH, FLORIDA FOR THE PURPOSE OF AMENDING CODE OF ORDINANCES CHAPTER 98 – BUILDINGS AND BUILDING REGULATIONS, TO SPECIFY MINIMUM ELEVATION STANDARDS FOR REPLACEMENT OF FLOOD-DAMAGED EXTERIOR EQUIPMENT AND APPLIANCES NOT ASSOCIATED WITH A SUBSTANTIALLY IMPROVED OR DAMAGED BUILDING; PROVIDING FOR CODIFICATION; CONFLICTS; SEVERABILITY; CORRECTION OF SCRIVENER’S ERROR; CONSTRUCTION; PUBLICATION; AND AN EFFECTIVE DATE.

Business Impact Estimate:

The City of St. Pete Beach hereby publishes the following information:

- 1. A summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals and welfare):**

This Ordinance adds language to the City’s building regulations chapter of the Code of Ordinances to specify elevation and floodproofing (for non-residential) requirements for replacement of flood-damaged equipment. This standard applies only when such structures are not substantially damaged and therefore not required to be elevated above the floodplain. The purpose is to supersede the current Florida Building Code requirement that such replacement equipment be elevated above the floodplain even if the associated structure is not, requiring equipment elevation of several feet in some instances. This amendment would specify that the equipment must be instead elevated to the greater of four feet or the finished floor height of the building, or installed in a floodproofed enclosure to that height. The public purpose is to meet the current requirement’s intent of

preserving such equipment from recurring, low-level flooding when the associated building is not substantially improved and elevated, while allowing for swifter reoccupancy following restoration of the dwelling or business after storm events, promoting the public health and welfare.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the municipality, including the following, if any:

(a) An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted:

Staff does not anticipate there to be any additional direct compliance costs from this ordinance. The Florida Building Code already requires elevation of replacements of flood-damaged equipment above the floodplain. Property- and business-owners will still have options to elevate that distance if desired, but when the base flood elevation is higher than either four feet above grade or the finished floor height of the building, the property owner can choose to instead elevate to that lower height or secure the equipment in a floodproofed enclosure to that height.

(b) Identification of any new charge or fee on businesses subject to the proposed ordinance, or for which businesses will be financially responsible:

There are no direct fees associated with this ordinance. Replacement of flood-damaged equipment requires a building permit, the cost for application of which is unchanged.

(c) An estimate of the municipality's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs:

There are no additional regulatory costs associated with this ordinance. Reviews currently and will continue to take place through the building permit application process.

3. A good faith estimate of the number of businesses likely to be impacted by the ordinance:

All businesses which sustained damage to exterior equipment from the recent hurricanes would be impacted by this ordinance.

4. Additional information the governing body determines may be useful (if any):

Not applicable.

Note: *The City's provision of information in the Business Impact Estimate section above, notwithstanding an applicable exemption, shall not constitute a waiver of the exemption or an admission that a business impact estimate is required by law for the proposed ordinance. The City's failure to check one or more exemptions below shall not constitute a waiver of the omitted exemption or an admission that the omitted exemption does not apply to the proposed ordinance under Sec. 166.041(4), Fla. Stat., Sec. 166.0411, Fla. Stat., or any other relevant provision of law.*

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

Sewer System Cleaning and Inspection Services

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and **ROWLAND (DE), LLC., dba ROWLAND, Inc.** (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Standard Form Addendum. The attached Standard Form Addendum, which contains all the Florida Statutorily required provisions applicable to this Agreement, is attached hereto as Exhibit "A" and its provisions modify and supplement this Agreement.
3. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:
 - a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit "B") in the amount of \$2,152,044.00 (yearly not to exceeds amount of \$2,000,000.00).
 - b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
 - c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the exception of changes caused by inclement weather.

- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.
 - e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.

8. Warranties.
- a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective.
 - b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 12 months of the agreement.
10. Term. This Agreement will remain in effect for a period of (3) three years with (2) two, (1) one year extensions from the Effective Date.]
11. Effective date. The “Effective Date” of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
- a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in accordance with the payment schedule provided in the attached proposal, City shall pay

Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.

16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additionally named insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, such sum being specifically found by Contractor to be sufficient consideration for this indemnification, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages compensation or benefits payable by or for the Contractor or any subcontractor under Workers'

Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved, and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity."

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor's funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified public accountant selected by the City. The Contractor must allow the City to inspect, examine

and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Standard Form Addendum (Exhibit "A")
- b. Request for Bid (Exhibit "B")
- c. Vendor Proposal (Exhibit C)
- d. FEMA Addendum (Exhibit D)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

As to Contractor:

Rowland (DE), LLC., dba Rowland, Inc.
8250 Bryan Dairy Road, Suite 100
Largo, FL 33777

As to City:

City Manager
City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

cityattorney@stpetebeach.org

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney's fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of

counterparts, each of which so executed and delivered shall be deemed to be an original and all of which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the Section 15 of the Standard Form Addendum, Exhibit "A", and that the facts stated in it are true.

CITY OF ST. PETE BEACH, FLORIDA
STANDARD CONTRACT ADDENDUM

THIS ADDENDUM modifies that certain contract for services made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the

nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

City Clerk/Public Records Custodian

cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of the previous section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Breach during Emergency Recovery Period. Pursuant to Sec. 252.505, Fla. Stat., if vendor breaches this agreement during an emergency recovery period (1-year period beginning upon Governor's initial declaration of a natural emergency) Contractor shall pay a \$5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages.

19. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

II. CONTRACTOR'S PROPOSAL SUBMITTAL

The company that is submitting a proposal declares that it has extensive experience in **Sewer Cleaning and Inspection**.

The undersigned, as Proposer, hereby declares that the only person or persons interested in the Proposal as principal or principals are named herein, and that no person other than herein mentioned has any interest in the Proposal or in the Agreement to be entered into; that this Proposal or Agreement is made without connection with any other person, company, or parties making a Proposal; and that it is in all respects fair and in good faith without collusion or fraud.

The Proposer further declares that they have examined the site of the work and informed themselves fully in regard to all conditions pertaining to the place where the work is to be done; that they have examined the Plans and Specifications for the work and Contract Documents relative thereto, and have read all special provisions furnished prior to the opening of proposals; and that they have satisfied themselves relative to the materials to be supplied and work to be performed.

The Proposer proposes and agrees, if the Proposal is accepted, to contract with the City of St. Pete Beach, Florida, in the form of an Agreement specified for **"Sewer Cleaning and Inspections"** in St. Pete Beach, Florida, in full and complete accordance with the shown, noted, described, and reasonably intended requirements of the Plans, Specifications, and Contract Documents, to the full and entire satisfaction of the City of St. Pete Beach, Florida.

The successful Proposer shall be required to utilize the template Agreement in this Request for Proposals (RFP) and any questions regarding the Agreement must be addressed during the RFP process before submittal. The City reserves the right to respond or not respond to questions in the form of an addendum.

The Proposer proposes to furnish all materials, equipment, labor, and perform the work submitted in their proposal schedule for the City of St. Pete Beach **Sewer Cleaning and Inspections**."

IV. GENERAL CONTRACT TERMS

REQUEST FOR PROPOSALS

The City of St. Pete Beach is submitting this RFP for potential companies for Sewer Cleaning and Inspection Services throughout the City.

REQUEST FOR PROPOSAL SUMMARY

The Contractor shall furnish all labor, material, equipment, and incidentals necessary for the Wastewater System CCTV Inspection and Cleaning including, but not limited to, temporary bypass pumping, maintenance of traffic, hydraulic root cutting and cleaning, heavy cleaning, removal of attached grease, grinding protruding break-in service connections, and remote televising and recording of the sewer location and condition.

PROPOSAL SUBMITTALS

Proposal documents must include a signed/notarized Contractor's Proposal Submittal (Page 3), Fee Schedule, References, Contractor's license and insurance certificates, and Public Entity Criminal Affidavit. The Contractor shall submit electronic proposals only. Bidders must submit electronically through online platforms Bonfire and DemandStar. When bidding electronically, only one copy should be submitted.

Proposal documents must include all items listed under the Proposal Submittal Instructions section of this RFP.

Electronic proposals must be submitted by **9:00 AM on 8/27/2025 (Deadline)**.

Clearly marked as: **"Sewer System Cleaning and Inspection Services"**

PROPOSER INFORMATION

All prospective Proposers must contact the City's Procurement Manager, in writing via e-mail (jtaylor@stpetebeach.org), with their intention to submit, along with their company name and contact information at least ten (10) business days before the proposal submittal deadline. The City is not responsible for any Addendums or other supplementary information that is not received due to non-submittal of the aforementioned information. Please refer back to the city website (<http://www.stpetebeach.org/news-and-links/city-projects.html>) for additional project information as it becomes available. The City reserves the right to decide whether to answer addendums or not. The City is not required to provide any additional information.

NON-MANDATORY PRE-PROPOSAL MEETING

A Mandatory pre-proposal meeting will be held on **07/30/2025 at 10:00 AM EST** via Zoom Video conference/Teleconference. Please contact the City's Procurement Manager (jtaylor@stpetebeach.org) for a meeting invitation and Zoom Meeting instructions. |

CONTACT INFORMATION

Procurement Manager - John Taylor

Mailing Address - 155 Corey Avenue, St. Pete Beach, Florida 33706

Office Phone - (727) 363-9279

E-mail - jtaylor@stpetebeach.org

SUBMISSION OF PROPOSALS

Proposers should follow the format specified in this RFP and structure their responses to follow the sequence of the Proposal Submittal Instructions when submitting a proposal. An Evaluation Committee will evaluate the proposals received based on responsiveness to the evaluation criteria below and price information provided on the fee schedule.

Proposer is advised that exceptions to any of the terms contained in this RFP or the service agreement must be identified in its response to the RFP. Failure to do so may lead the city to declare any such term non-negotiable. The proposer's desire to take exception to a non-negotiable term will not disqualify it from consideration for award.

EVALUATION CRITERIA

The evaluation criteria define the factors that will be used by an Evaluation Committee to evaluate responsible and qualified proposals. Proposers shall include sufficient information to allow the Evaluation Committee to thoroughly evaluate their proposals. The contract will be awarded to the proposer who is determined to be the most advantageous for the City.

The following criteria, in order of priority, will be considered in the evaluation of the proposal:

- The ability, capacity, and skill of the Proposer to perform the contract;
- The cost of the services provided, including any contract renewals;
- The performance of previous contracts and references;
- The sufficiency of the financial resources and ability of the Proposer to provide services for the term of the contract, including extensions; and
- Any other factors determined to be pertinent at the discretion of the Evaluation Committee.

PROPOSAL SUBMITTAL INSTRUCTIONS

Proposals shall include the following:

- A signed and notarized Proposer's Contract Proposal.
- A completed Fee Schedule. Note any exceptions.
- Current proof of insurance certificate.
- A letter from the surety company stating the contractor is bondable up to \$10,000.00 and upon activation following a disaster event a performance bond will be issued.
- A list of references and minimum qualifications as outlined in Section V.
- Include four (4) originals and one (1) unbound copy of the proposal package, along with a copy of the entire proposal on a USB Flash Drive in PDF format.

WRITTEN REQUESTS FOR INTERPRETATIONS/CLARIFICATIONS

No oral interpretations will be made to any firms as to the meaning of the scope of work or any other contract documents included in this **RFP**. All questions pertaining to the terms and conditions or scope of work of this Request for Proposal (**RFP**) must be sent in writing (e-mail directly to jtaylor@stpetebeach.org Only) to the City Procurement Manager and shall be received no later than **10:00 AM EST on 08/20/2025**.

Responses to questions may be handled as an Addendum if the response would provide clarification to the requirements of the **RFP**. All such Addenda shall become a part of the contract documents. The City will not be responsible for any other explanation or interpretation of the proposed **RFP** made or given prior to the award of the contract. The City will not respond to questions received after the specified deadline. The City reserves the right to respond to any and all questions but is not required to do so. If the Proposer discovered the opportunity through one of the two online platforms (Bonfire or DemandStar), do not submit questions through these platforms. Only questions emailed directly to the City Procurement Manager will be answered.

SCOPE OF WORK

The Contractor shall furnish all labor, material, equipment, and incidentals necessary for the Wastewater System CCTV Inspection and Cleaning including, but not limited to, temporary bypass pumping, maintenance of traffic, hydraulic root cutting and cleaning, heavy cleaning, removal of attached grease, grinding protruding break-in service connections, and remote televising and recording of the sewer location and condition.

The work shall also include furnishing all labor, material, and equipment necessary for site restoration, including but not limited to materials, power, light, heat, fuel, water, tools, appliances, equipment, supplies, shop drawings, working drawings, fill replacement, landscaping, irrigation, grading, pavement repair and replacement, and pavement striping. The Contractor is responsible for obtaining all required permits necessary for the work, including all applications and review fees, other than those permits which may have already been obtained. The Contractor shall perform and complete the work in a speedy and efficient manner consistent with safety of life and property and to the satisfaction of the City, and in strict accordance with the Contract Documents. The Contractor shall repair or restore all structures and property damaged or disturbed during performance of the work.

The cost of incidental work described in this General Section, for which there are no specific Contract Items, shall be considered as part of the general cost of doing the work and shall be included in the prices for the various Contract Items. No additional payment will be made.

The Contractor shall be solely responsible for the means and methods of construction and the adequacy of his workmanship, materials and equipment. **In addition, Vendor should provide updated GIS Inventory of Assets.**

As part of the comprehensive Wastewater System CCTV Inspection and Condition Assessment effort, the selected Contractor shall utilize or provide access to an **AI/ML-based sewer condition assessment platform** that complies with the most recent NASSCO PACP/LACP standards. This platform shall support automated data processing, risk-based recommendations, and long-term infrastructure planning.

A. Platform Capability and Data Processing Requirements:

The selected AI/ML platform must meet the following technical and operational requirements:

- **Data Upload and Processing:**
 - Upload of all raw inspection footage (video and metadata) to the AI-based condition analysis software platform.
 - Automated defect classification and tagging in accordance with NASSCO industry standards (PACP, MACP, and LACP codes).
 - Generation of segment-level **structural integrity ratings**, confidence scores for AI classifications, and defect severity rankings.
- **AI-Driven Repair Prioritization and Reporting:**
 - Generation of repair prioritization reports including:
 - Suggested maintenance and rehabilitation actions;
 - Segment-by-segment defect grades;
 - GIS-based condition mapping by zone or risk level.
 - Dashboard visualizations supporting infrastructure planning and budget prioritization.
- **QA/QC and Human Validation:**

- All AI-based outputs must be reviewed by a **certified NASSCO PACP inspector** to validate accuracy and recommend any overrides or adjustments.
- Platform must include a reviewer interface to support QA/QC, with audit logging of inspector modifications.
- **System Integrations:**
 - Must offer **native integration with Esri ArcGIS** for GIS-layer overlays and condition tracking.
 - Must support **integration capabilities with commercially available asset management systems.**

B. Subscription and Licensing Requirements:

To ensure affordability and long-term usability by the City, the chosen vendor platform must be licensed as follows:

1. **Annual Subscription Model** – Platform access must be available through a **fixed-cost annual subscription** suitable for a small to mid-sized municipality.
2. **Inclusive Pricing** – Subscription pricing shall include:
 - Unlimited or reasonably tiered inspection uploads;
 - Full use of the AI/ML condition analysis and reporting suite;
 - System access for both the Contractor and designated City personnel;
 - All software updates, maintenance, and Tier 1–2 technical support.
3. **No Proprietary Lock-In** – All inspection videos, defect codes, and output reports must be **exportable in standard PACP format**. There shall be no restrictions or additional fees for exporting or accessing data.

DETAILED SPECIFICATIONS

See Attached Technical Specifications

ADDITIONAL WORK DETAILS

Proposers or persons wishing to submit a proposal on this project shall be licensed, bondable and insured in accordance with the City's requirements. The Proposer will furnish all necessary labor, materials, tools, equipment and supplies to complete the scope of work. Proposal must also include all costs for licenses, permits and any material disposal fees.

Proposers shall bring questions, discrepancies, omissions, conflicts, or doubt as to meaning of any part of Contract Documents to the attention of the City of St Pete Beach Procurement Manager at least ten (10) business days before proposal submittal deadline. Clarification of intent of Contract Documents, if necessary, shall be made available to Proposers in the form of an Addendum. Failure to request clarification of interpretation of Contract Documents shall not relieve Proposers of their responsibilities to perform the work.

The City of St. Pete Beach reserves the right to reject any or all proposals or parts of proposals, or accept any proposal or part thereof deemed to be in the best interests to the City of St. Pete Beach.

STATEMENT OF WORK

The Proposer shall furnish and pay the cost, including sales tax and all other applicable taxes, licenses, permits and fees, of all the necessary materials not furnished by the City and shall furnish and pay for all the superintendence, labor, tools, equipment, transportation, and perform all the work required for the execution of all services listed in the Proposer's Proposal and Proposal Form attached hereto and in strict

accordance with the Plans, Specifications, and requirements of the City of St. Pete Beach which are attached hereto and made a part hereof, and any amendments thereto and such supplemental Plans and Specifications which may hereafter be approved.

BEGINNING DATE

The Proposer shall, within ten (10) business days after receipt of the Notice of Award and before commencement of any operations hereunder, execute the Agreement. Additionally, the Proposer shall, within twenty (20) business days after receipt of the Notice of Award, provide all required documentation to the City.

COMPLETION OF WORK

The work will be completed and ready for final inspection within three (3) years from contract execution. With the option to renew for two (2) additional 1-year periods. |

COSTS INCURRED BY PROPOSERS

All expenses involved with the preparation and submission of proposals to the City, or any work performed in connection therewith, shall be borne solely by the Proposers. No payment will be made for any responses received or for any other effort required of or made by; the Proposer's prior to contract commencement.

ORAL PRESENTATION

The City may require an oral presentation of the proposal at the Evaluation Committee's discretion. This could also include a formal interview of any and all members of the Proposer's contract management staff.

CONFLICT OF INTEREST

The Proposer represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance or services required hereunder, as provided for in FL Stat. 112.311. The Proposer further represents that no person having any interest shall be employed for said performance.

The Proposer shall promptly notify the City's representative, in writing, by certified mail, of all potential conflicts of interest for any prospective business association, interest, or other circumstance, which may influence or appear to influence the contractor's judgment or quality of services being provided hereunder. Such written notification shall identify the prospective business association, interest or circumstance, the nature of work that the Proposer may undertake and request an opinion of the city as to whether the association, interest or circumstance would, in the opinion of the City, constitute a conflict of interest if entered into by the Proposer. The City agrees to notify the Proposer of its opinion by certified mail within thirty days of receipt of notification by the Proposer.

LATE PROPOSAL OR MODIFICATIONS

Modifications in writing received prior to the time set for the proposal submittal will be accepted. Proposal modifications received after the time set for the proposal submittal will not be considered.

RELATED PARTIES AND MULTIPLE PROPOSALS

Where two (2) or more related parties each submit a proposal or multiple proposals are received from (1)

Proposer, for any such contract, such proposals shall be judged non-responsive. Related parties mean Proposers or the principles thereof, which have a direct or indirect ownership interest in another Proposer for the same contract or in which a parent company or the principles thereof where one (1) Proposer has a direct ownership interest in another Proposer for the same contract.

RIGHT TO AUDIT

The City of St. Pete Beach reserves the privilege of auditing a Proposer's record as such records relate to purchases or work between the City and said Proposer. Records should be maintained for three years from contract date.

VARIANCE FROM STANDARD TERMS & CONDITIONS

All standard terms and conditions stated throughout the RFP apply to this contract except as specifically stated. This should be fully understood by Proposers prior to submitting a proposal.

ASSIGNMENT

The Proposer shall perform this contract. No assignment or subcontracting shall be allowed without prior written consent of the City. If a Proposer intends to subcontract a portion of this work, the Proposer must disclose that intent in the proposal. In the event of a corporate acquisition and/or merger, the Contractor shall provide written notice to the City within thirty (30) business days of Proposer's notice of such action or upon the occurrence of said action, whichever occurs first. The right to terminate this contract, which shall not be unreasonably exercised by the City shall include but not be limited to, instances in which a corporate acquisition and/or merger represent a conflict of interest or are contrary to any local, state, or federal laws. Action by the City awarding a proposal to a firm that has disclosed its intent to assign or subcontract in its response to the RFP, without exception shall constitute approval for purpose of this Agreement.

LOBBYING

Lobbying of Evaluation Committee members, City employees, or elected officials regarding request for proposals, request for qualifications, bids or contracts, during the pendency of bid award or bid protest, by the bidder/proposer/protestor or any member of the bidder's/proposer's/protestor's staff, an agent of the bidder/proposer/protestor, or any person employed by any legal entity affiliated with representing an organization that is responding to the request for proposal, request for qualification, bid or contract, or has a pending bid protest is strictly prohibited either upon advertisement or on a date established by the City and shall be prohibited until either an award is final or the protest is finally resolved by the City Manager or Procurement Manager; provided, however, nothing herein shall prohibit a prospective bidder/proposer from contacting City departments to address situations such as clarification and/or questions related to the procurement process. For purposes of this provision, lobbying activities shall include but not be limited to, influencing or attempting to influence action or non-action in connection with any requests for proposal, request for qualification, bid or contract through direct or indirect oral or written communication or an attempt to obtain goodwill of persons and/or entities specified in this provision. Such actions may cause any request for proposal, request for qualification, bid or contract to be rejected.

ADDITIONAL REQUIREMENTS

The City reserves the right, by change order, to unilaterally add or delete locations/services, either collectively or individually, at the City's sole option, at any time after award has been made as may be deemed necessary or in the best interest of the City. In such case, the Proposer will be required to provide

or reduce services to this contract in accordance with the terms, conditions, and specifications.

SERVICES AGREEMENT

A written agreement incorporating the RFP and the successful proposal will be prepared by the City, signed by the successful Proposer, and presented to the City Commission for approval and signature.

INTEGRITY OF REQUEST FOR PROPOSAL DOCUMENTS

Proposers shall use the original RFP forms provided within the RFP and enter information in the spaces where a response is requested. Proposers may use an attachment as an addendum to the RFP forms if sufficient space is not available on the original form for the Proposer to enter a complete response. Any modifications or alterations to the original RFP documents by the Proposer, whether intentional or otherwise, will constitute grounds for rejection of the RFP. Any such modifications or alterations a Proposer wishes to propose must clearly be stated in the Proposer's RFP response and presented in the form of an addendum to the original RFP documents.

RESPONSIBILITY OF THE CITY MANAGER OR DESIGNEE

The term "City Manager or designee" wherever used in this Contract shall be the City of St. Pete Beach or its duly authorized representative. Notices of any change in the City Manager or designee shall be given in writing by the City to the Contractor. The City Manager or designee shall have full authority to interpret the contract and requirements and shall determine acceptance of the work under this Contract and every question relative to the fulfillment of the terms and provisions therein. It shall be the duty of the City Manager or designee to enforce the contract terms in a fair and unbiased manner.

If a variation from any requirements is allowed, the City Manager or designee shall grant the same in writing with the reasons for his action outlined, and such action will not invalidate or change the Contract in any other manner.

EXAMINATION OF SITE

Proposer shall carefully examine project site and be familiar with the work required for the project, investigate all site conditions that may affect execution of work as detailed in the construction documents. Contact the City's Procurement Manager or their designee for changes or alterations before proceeding.

ASSURANCES

The responding Proposer shall provide a statement of assurance that the Proposer is not presently in violation of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida, and ordinances and regulations of the City of St. Pete Beach will apply.

TRAFFIC CONTROL AND STAGING AREA

Proposer shall include all costs associated with vehicular and pedestrian traffic control and maintenance during the project. Proposer shall be responsible for providing a staging area. The location of this area must be approved by the City Manager or designee. The Proposer will be required to control the area including any additional fencing or barricades and Proposer will be responsible for the restoration of this and all other staging areas provided by the City.

ASSIGNMENT AND TRANSFER OF CONTRACT

The Proposer shall not assign or transfer this Agreement or any part thereof or any interest therein without consent in writing of the City and the Proposer's Surety, and any such assignment or transfer without such written consent shall be null and void.

SUBCONTRACTS

The Proposer shall not subcontract this Agreement or any part thereof or any interest therein without consent in writing of the City and the Proposer's Surety. Any Subcontractor approved by the City will be subject to the same standards and qualifications as stated in this Contract.

PERFORMANCE PAYMENT BOND

A Performance and Payment Bond will be required of the Awarded Proposer for any contract that is in excess of \$100,000.00 dollars and will be in an amount equal to 100 percent (100%) of the price specified in the Agreement. The bond(s) shall be executed by a surety company authorized to do business in the State of Florida, or otherwise secured in a manner satisfactory to the City for the protection of all persons supplying labor and material to the Proposer or its subcontractors for the performance of the work provided for in the contract. The expense of this bond shall be the responsibility of the Proposer.

If at any time a Surety on such bond becomes irresponsible or loses its right to do business in the State of Florida, the City may require another Surety that the Contractor shall furnish within ten (10) business days after receipt of written notice to do so. Evidence of authority of an attorney in fact, acting for the corporate Surety must be provided in the form of a certificate as to his power of attorney and to the effect that it is not terminated and remains in full force and effect on the date of the bond. The form of the bond shall be subject to approval by the City. |

LIQUIDATED DAMAGES

If the work embraced by this Contract is not completed on or before the date set for completion or any extension thereof, the actual damages for the delay will be impossible to determine and in lieu thereof, the Proposer shall pay to the City fixed, agreed, and liquidated damages in the amount of either Five-Hundred Dollars (\$500) per day for each calendar day of delay until the work is satisfactorily completed.

PAYMENT

Payment shall be made to the Proposer for work performed under this Contract for the quantities of work as determined in accordance with Payments for Work Completed and Payments Withheld of this Contract. Payment for extra work will be made in accordance with the Changes in Work, Contract Amount, and Contract Time sections below.

PERIOD OF PERFORMANCE

A twelve (12) month time limit shall apply to the period of performance.

CHANGES IN THE WORK

Without invalidating the Contract, the City may, at any time or from time to time, order additions, deletions

or revisions in the work authorized by written Change Orders or directives. Upon receipt of a Change Order, the Proposer will proceed with the work involved. All such work shall be executed under the applicable conditions of the Contract documents. If any Change Order causes an increase or decrease in the Contract Amount or any extension or shortening of the Contract Time, an equitable adjustment will be made.

Additional Work performed by the Proposer without authorization of a Change Order will not entitle them to an increase in the Contract Amount or any extension of the Contract Time, except in the case of an emergency (subject to approval by City Manager or designee).

It is the Proposer's responsibility to notify their Surety of any changes affecting the general scope of the Work or change of the Contract Amount and the amount of the applicable bonds shall be adjusted accordingly, and an amended bond document furnished to the City. In the event the City directs the Proposer to make a change in the Work, and if the City and the Proposer do not arrive at a mutually acceptable increase or decrease in the Contract Amount, the Proposer shall not use any such lack of mutual acceptance as a basis or cause to stop or otherwise delay the progress or the execution and completion of any of the work ordered, directed or required pursuant to the Contract Documents.

If the Proposer believes an event or situation has occurred which justifies a change in the Contract Amount or Contract Time, they shall deliver a written notice to the City Manager or designee. Each such written notice shall be delivered promptly and no later than fifteen (15) business days after the Proposer first discovered the occurrence. The Proposer shall be deemed to have waived the right to collect any and all costs incurred more than fifteen (15) business days prior to the date of delivery of the written notice and shall be deemed to have waived the right to seek an extension of the Contract Time with respect to any delay in the Progress Schedule which accrued more than fifteen (15) business days prior to the date of delivery of the written notice.

Any such notice shall include sufficient detail to explain the basis of entitlement to a claim for an adjustment to the Contract Amount or Contract Time. When requested by the City Manager or designee, the Proposer shall furnish any additional information and details as may be required to determine the facts or allegations involved, which shall be provided within fifteen (15) business days of the request unless a longer time period is allowed by the City Manager or designee.

The Proposer shall prepare proposals detailing proposed adjustments to Contract Amount and/or Contract Time and submit them to the City Manager or designee within fifteen (15) business days of the City's issuance of a proposed Change Order or the Proposer's submitting a written notice of a change or claim for an adjustment to the Contract Amount or Contract Time. Proposer's proposals shall be irrevocable for a period of at least sixty (60) business days after receipt by the City. Any delay in the submittal of a complete, adequate and acceptable proposal will not justify an increase in Contract Amount or Contract Time. Proposer agrees that it shall give the City access to any and all of Proposer's and Subcontractors' books, records and other materials relating to proposed Change Orders and other claims for adjustment to Contract Amount or Contract Time.

CHANGE OF CONTRACT AMOUNT

The Contract Amount constitutes the total compensation payable to the Proposer for performing the Work. All duties, responsibilities and obligations assigned to or undertaken by the Proposer shall be at his expense without change in the Contract Amount. The Contract Amount may only be changed by written Change Order issued by the City. Any claim for an increase in the Contract Amount shall be in writing and delivered to the City Manager or designee within fifteen (15) business days of the occurrence of the event giving rise to the claim.

All claims for adjustment in the Contract Amount shall be determined by the City Manager or designee. However, no claim for an adjustment to the Contract Amount will be considered for unforeseeable causes that were beyond the fault or negligence of the Proposer or his Subcontractors or supplier such as acts of God, floods, riots, etc. This restriction does not restrict submission of claims for additional Contract Time due to events of this nature. Any change in the Contract Amount shall be incorporated in a Change Order.

Proposer proposals or claims shall cover all aspects of the Work involved and shall be fully documented and itemized as to all costs, quantities and charges for overhead and profit. Amounts for Subcontractors or Suppliers at any tier shall be similarly supported. When determining Subcontractors' costs, the methods to be used shall be those used for the Proposer's costs, except that the term "Subcontractor" shall replace the term "Proposer," context permitting.

Changes in Contract Amount for extensions in Contract Time shall exclude costs that are unaffected or do not relate to the extension in Contract Time, such as: (a) operating costs of construction equipment assigned to the Work on a continuing basis, (b) operating costs and owned/rental costs of construction equipment (crane used for specific lifts, concrete pump used for specific pours, etc.), and (c) fully paid site facilities, tools, etc.

The value of any Work covered by a Change Order or of any claim for an increase or decrease in the Contract Amount where the Work involved is covered by unit prices contained in the Contract Documents shall be determined by application of unit prices to the quantities of the items involved. If the quantities originally contemplated are so changed in a proposed Change Order, that application of the Unit Prices to the quantities proposed will cause substantial inequity to the City or the Proposer, the applicable unit price(s) shall be equitably adjusted by mutual agreement.

If the value of work covered by a Change Order cannot be established or mutually agreed to utilizing previously established unit rates, the value shall be determined by the City on the basis of an estimate of the out-of-pocket cost and percentages that are acceptable to the City for overhead and profit. The out-of-pocket cost shall only include those direct costs which are needed to perform the work such as labor (including payroll taxes, fringe benefits, labor burden and workers' insurance), materials, equipment, and other incidental out-of-pocket construction costs directly involved in the work, including but not limited to small tools, expendables and material costs but shall not include project management or project supervisory costs unless the Change Order includes an increase in the Contract time.

In such case, the Proposer will submit in the form prescribed by the City an itemized cost breakdown together with supporting data.

The amount of credit to be allowed by the Proposer to the City for any such change which results in a net decrease in cost, will be the amount of the actual net decrease as determined by the City. When both additions and credits are involved in any one change, the combined overhead and profit shall be figured on the basis of the net increase, if any.

To be eligible for consideration, the Proposer's written claim for a change in the Contract price, including claim(s) from sub-contractors, shall include an itemized cost breakdown with supporting data as described below:

- A. For labor: Provide written documentation from the Proposer and Subcontractors or others as appropriate in the form of a detailed breakdown by each labor classification involved indicating the number of hours of Work involved and the hourly payroll rate applicable to each to substantiate the basis and amount of the direct labor cost. The direct labor cost may be increased to provide an allowance for indirect payroll costs (labor burden), such as payroll taxes, fringe benefits, and workers insurance after all premium discounts, rebates and other appropriate reductions have been taken.
- B. For material, supplies, equipment, furnishings, etc., to be installed or included in the Work: Provide written documentation from the Proposer and Subcontractors, suppliers, etc., to substantiate the basis and amount of the various cost items involved. Material costs shall reflect the Proposer's reasonably anticipated net actual cost after consideration of trade discounts and volume rebates.
- C. For construction equipment: Provide written documentation in the form of a detailed breakdown by each construction equipment category, indicating the applicable unit rates (i.e., dollar amount per hour, dollar amount per day etc.,) and the number of hours, days, etc. to substantiate the basis and amount of the construction equipment out-of-pocket costs.

CHANGE OF CONTRACT TIME

The Contract Time may only be changed by written Change Order. Any claim for an extension in the Contract Time shall be in writing and include an analysis of the Progress Schedule as further described in the Specifications and shall be delivered to the City Manager or designee within fifteen (15) business days of the occurrence of the event giving rise to the claim. All claims for adjustment in the Contract Time shall be determined by the City Manager or designee. Any change in the Contract Time resulting from any such claim shall be incorporated in a Change Order. The Contract Time may be extended for an amount equal to time lost due to unforeseeable causes beyond the control of the Proposer (and his Subcontractors and Suppliers) if he makes a claim therefrom. Such delays shall include, but not be restricted to, acts or neglect by any separate Proposer employed by the City; fires; floods; labor disputes; epidemics; or acts of God.

All time limits stated in the Contract Documents are of the essence to the Contract. The stated time limits are agreed to be adequate to complete the work, including the procurement, manufacture and delivery of all material and equipment required, and account for any and all potential impact, delays, disruptions and costs that may be expected.

CITY'S RIGHT TO DIRECT PURCHASE

The City has reserved the right to purchase certain items and materials for this project directly in an effort to save applicable sales tax in compliance with Florida Law.

The City will issue purchase orders directly to the vendors supplying the equipment being directly purchased by the City for this project. Each Purchase Order will be accompanied by the City's Certificate of Exemption and a Certificate of Entitlement. All direct purchase vendor invoices will be issued to the City of St. Pete Beach and the City will issue payment to each direct purchase vendor from City funds. The City will take title to the equipment at time of delivery from the vendor and will issue a separate Certificate of Entitlement for each purchase order.

The Proposer shall assist the City with receipt of materials furnished by the City in accordance with these Special Provisions including, but not limited to, verifying correct quantities, verifying documents of orders in a timely manner, providing and obtaining all warranties and guarantees required by the Contract Documents, assist with inspection of the goods at the time of delivery and notify the City immediately of

any deficiencies noted. It is understood that the owner assumes the risk of damage or loss during the time that the building materials are physically stored at the job site prior to their installation or incorporation into the project. The Proposer shall coordinate with the City regarding the delivery schedules, sequence of delivery, loading orientation, and other arrangements normally required by the Proposer for the particular material furnished.

As City Furnished Materials are delivered to the job site and accepted by the City, the City shall notify the Proposer who will assist the City to visually inspect all shipments from the suppliers. The City will approve the vendor's invoice for material delivered upon adequate inspection and recommendation of the Proposer. The City shall assure that each delivery of City Furnished Materials is accompanied by documentation adequate to identify the Purchase Order against which the purchase is made and Contract Documents including but not limited to Contract, Plans, Specifications, and approved Shop Drawings. This documentation may consist of a delivery ticket, bill of lading and an invoice from the supplier conforming to the Purchase Order together with such additional information as the City may deem necessary.

PAYMENTS FOR WORK COMPLETED

Partial payments will be made as the work progresses at the end of each calendar month, or as soon thereafter as practicable on estimates made by the City Manager or designee and as approved by the City, provided that the Proposer is performing the overall job in a diligent manner. In making partial payments, there shall be retained five percent (5%) on the amount of each estimate until final completion and acceptance of all work covered by the Contract. Upon completion and acceptance of the work, the City Manager or designee shall issue a certificate that the work has been completed and accepted by them under the conditions of the Contract and shall make and approve the final estimate of the work. The entire balance found to be due the Proposer, including that retained by the City, should be paid to the Proposer. Such payment shall be conditioned, however, upon the submission by the Proposer of evidence satisfactory to the City that all claims for labor, material, and any other outstanding indebtedness in connection with the Contract have been paid. Such payment shall also be conditioned upon approval and acceptance of the construction and improvements by the City.

If after the work has been substantially completed, full completion thereof is materially delayed through no fault of the Proposer and the City Manager or designee so certifies, the City shall upon the Certificate of the City Manager or designee, and without terminating the Contract make payment for the balance due for that portion of the work fully completed and accepted. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of claim. If such delay occurs and payment is made under this clause, the Proposer shall nevertheless be prepared to complete the work in a timely manner upon the remedy or removal of such delay, and shall be bound under this Contract for the completion of such work unless this Contract is otherwise terminated. All payments will be made in accordance with the Local Government Prompt Payment Act, Chapter 218, Florida Statutes.

PAYMENTS WITHHELD

The City Manager or designee may withhold, or, on account of subsequently discovered evidence, nullify the whole or part of any estimate to such extent as may be necessary to protect the City from loss on account of:

- a) Defective work not remedied
- b) Claims and/or liens filed or reasonable evidence indicating probable filing of claims
- c) Failure of the Proposer to make payments properly to Subcontractors or for material or labor

- d) A reasonable doubt that the Contract can be completed for the balance then unpaid
- e) Damage to another Proposer
- f) Failure of the Proposer to keep their work progressing in accordance with their time schedule

FINAL PAYMENTS

Upon the completion and acceptance of the work, the City Manager or designee shall issue a certificate that designates that the whole work provided for in this Contract has been completed and accepted by him under the conditions and the terms thereof and shall make the final estimate of the work. After issuance of the certificate, the entire balance found to be due the Proposer, including said retained percentage by the City in accordance with existing state laws as may be retained lawfully by said City, shall pay excepting such sums to the Proposer.

Before the approval of the final payment, the Proposer shall submit evidence satisfactory to the City that states that all payrolls, materials, bills and outstanding indebtedness in connection with this Contract have been paid.

LIENS

If at any time there shall be evidence of any lien or claim for which the City might become liable and which is chargeable to the Proposer, the City shall have the right to retain out of any payment then due or thereafter to become due, an amount sufficient for complete indemnification against such lien or claim. In the event the City has already paid to the Proposer all sums due under this contract or the balance remaining unpaid is insufficient to protect the City, the Proposer and his Surety shall be liable to the City for any loss so sustained.

RESPONSIBILITY OF THE CITY MANAGER OR DESIGNEE

The term "City Manager or designee" wherever used in the Contract shall be the City of St. Pete Beach or its duly authorized representative. Notices of any change in the City Manager or designee shall be given in writing by the City to the Proposer. The City Manager or designee shall have full authority to interpret the Plans and Specifications and shall determine the amount, quality, and acceptance of the work and supplies to be paid for under the Contract and every question relative to the fulfillment of the terms and provisions therein. It shall be the duty of the City Manager or designee to enforce the Plans and Specifications in a fair and unbiased manner. If a variation from any requirements is allowed the City Manager or designee shall grant the same in writing with the reasons for his action outlined, and such action will not invalidate or change the Contract in any other manner.

INTENT OF PLANS AND SPECIFICATIONS

The Proposer shall keep on the job a copy of the Plans and Specifications and shall at any time give the City Manager or designee access thereto. Anything mentioned in the Specifications and not shown on the Plans or shown on the Plans and not mentioned in the Specifications, shall be of like effect as if shown or mentioned in both. The Proposer shall not take advantage of any errors, discrepancies or omissions that may exist in the Plans and Specifications but shall immediately call them to the attention of the City Manager or designee whose interpretation or correction thereof shall be conclusive. Should a conflict occur between the General Specifications and any Supplemental Specifications and/or Plans, the latter shall govern.

LICENSES AND PERMITS

The Proposer shall obtain and pay for all necessary City licenses and work permits and shall faithfully comply with all laws, ordinances and regulations, (Federal, State or local) which may be applicable to the operations to be conducted hereunder, except for those permits obtained by the City. Notwithstanding the provisions above, the Proposer is responsible for non-compliance of all permit requirements, including all fines resulting from Proposer's non-compliance of said requirements.

Chapter II, Section II-4, "Registration of Licenses Obtained From Other Municipalities:" "Persons, partnerships, corporations, or other business entities doing business with the City who are not required to obtain a City occupational license, but who must have either a State or County or Municipal occupational license from another municipality, shall register such occupational license with St. Pete Beach Community Development Department. The City may charge a fee for such registration." The Proposer shall be responsible for obtaining all City, County, State and Federal permits required by those government agencies and must provide documentation of receipt of those permits prior to project commencement. This shall include a notice to commence work letter and the applicable fee, if required. Any sub-contractor hired by the Proposer awarded the project, MUST also register their license with the City.

SUPERINTENDENCE

The Proposer shall constantly superintend all the work embraced in this Contract in person or by a responsible agent who shall have in writing, full authority to act for them and to carry out all the instructions given by the City Manager or designee.

LABOR PROVISIONS

The Proposer and his Subcontractors shall discharge, whenever ordered to do so by the City Manager or designee, any employee who is disorderly or whose conduct in the opinion of the City Manager or designee is detrimental to the prosecution of the work. No person whose age or physical condition is such as to make this employment dangerous to his/her health and safety or to the health and safety of others shall be employed on the work, and in no event shall any persons under the age of sixteen (16) years be employed. The State of Florida prevailing wage law requires that the Proposer shall fully comply with all provisions contained in Section 215.19, "Schedule of Prevailing Wage Rates for Specified Public Construction." The wage rates set forth by such determination shall apply to this project.

INSURANCE

The Proposer shall procure and maintain at his/her own expense, during the life of the Contract, liability insurance as hereinafter specified. All such insurance shall be subject to the approval of the City for adequacy of protection and shall include a provision preventing cancellation without twenty (20) business days prior notice to the City in writing. The City shall be included as an additional insured on all liability insurance. The liability insurance required is as follows: Proposer's General Public Liability and Property Damage Insurance issued to the Proposer and protecting the Proposer from all claims for personal injury, including death, and all claims for destruction of or damage to property, arising out of or in connection with any operations under this Contract, whether such operations be by the Proposer or by any Subcontractor hired by the Proposer or anyone directly or indirectly employed by the Proposer or hired by the Proposer.

The successful Proposer shall supply and maintain insurance which defends, indemnifies and holds harmless the City of St. Pete Beach, its officers, employees and agents from and against any and all liability, damage claims, demands, costs, judgments, fees, attorney's fees or loss arising directly out of acts or omissions hereunder by the Proposer or third party under the direction or control of the Proposer. Such

general and excess liability coverage shall be primary to any other coverage carried by the City of St Pete Beach. Proposer must furnish the City with Certificate of Insurance prior to commencement of work. An approved Certificate of Insurance furnished by the Proposer's carrier to guarantee the Proposer being insured with the City of St Pete Beach must be named as a certificate holder for this contract. The following minimum coverage:

- Commercial General Liability Insurance \$1,000,000.00.
- Comprehensive General Liability Insurance of \$1,000,000.00 each occurrence.
- Personal Injury for \$1,000,000.00 each occurrence.
- Automobile Liability \$1,000,000.00.
- General Workers Compensation Insurance as required by Florida law.
- Longshore Harbor Workers Compensation Insurance

PROTECTION OF WORK AND PROPERTY

The Proposer shall continuously maintain adequate protection of all their work and materials from damage or theft and shall protect the City's property and all adjacent property from injury or loss arising in connection with activities under their Contract. The Proposer shall make good any such damage, injury, or loss, except such as may be caused by agents or employees of the City.

The Proposer shall take, use, provide, and maintain all necessary precautions, safeguards, and protection to prevent accidents, or injury to persons or property on, about, or adjacent to the site of the work. Should the situation arise that physical security is needed the Proposer will provide security on off days and holidays. The Proposer shall be responsible for all charges incurred with such action.

The Proposer shall post danger signs warning against any hazards created by the work being done under their Contract. They shall designate a responsible member of their organization on the work, whose duty shall be the prevention of accidents, and the name of the person so designated shall be reported to the City Manager or designee and City in writing. In an emergency affecting the safety of life, or of the work or adjoining property, the Proposer, without special instruction or authorization from the City Manager or designee, or City, is hereby permitted to act, at their own discretion, to prevent such threatened loss or injury, and they must take such action if so instructed or authorized by the City Manager or designee. The Proposer shall also protect adjacent property as required by law.

PARKING

The Proposer shall arrange with City Manager or designee for temporary parking areas to accommodate construction personnel and construction equipment. Note that limited parking spaces are available in the City of St. Pete Beach. The Proposer will be asked to coordinate with the City's representative on site on a regular basis to minimize the impact on residents and visitors.

TRANSPORTATION, HANDLING AND STORAGE

The Proposer shall transport, handle, protect and store products in accordance with manufacturer's instructions and all environmental regulatory agencies.

VEHICLES

Business vehicles shall be identified on both sides with the name of the company.

ENVIRONMENTAL PROTECTION

It shall be the Proposer's responsibility to implement construction methods, best management practices, and erosion control methods that avoid water pollution as required by the State of Florida Department of Environmental Protection (FDEP), City of St. Pete Beach, and Pinellas County. Any Proposers in violation of the City of St. Pete Beach Regulations, Pinellas County Regulations, Florida Department of Environmental Protection Regulations, or any other regulatory agency regulations shall be the sole responsibility of the Proposer. The Proposer shall hold harmless the City of St. Pete Beach and the City Manager or designee from any fines and litigation resulting from the Proposer's actions. The Proposer shall pay all attorneys' fees, fines, penalties and any other such expenses resulting from the Proposer's actions. The Proposer shall provide all necessary measures to prevent any materials whatsoever from entering the waterway except for those materials, which are shown, on the plans as completed structures. The Proposer shall provide MSDS sheets to the City Manager or designee on all applicable materials before applying those materials. The Proposer shall secure the necessary education, certifications, licenses and permits required by state and local agencies to operate and manage a construction site, including but not limited to, FDEP requirements related to Coastal Construction Control Line. The Proposer shall aproposale by all rules and regulations set forth and required by the City of St. Pete Beach's MS4 NPDES Permit.

TIMELY DEMAND FOR STAKES AND INSTRUCTIONS

The Proposer shall provide reasonable and necessary materials, opportunities, and assistance for setting stakes and making measurements, including the furnishing of a rodman, or a chainman at intermittent times during the construction period. They shall not proceed until they have received such stakes and instructions as may be necessary as the work progresses. The work shall be done in strict conformity with such stakes and instructions. The Proposer shall carefully preserve benchmarks, reference points and stakes, and in case of willful or careless destruction, they will be charged with the resulting expense and shall be responsible for any mistakes that may be caused by their unnecessary loss or disturbance.

WORKMANSHIP

The Proposer acknowledges that they have satisfied themselves as to the nature and location of the work; the general and local conditions including but not restricted to those bearing upon transportation, disposal, handling and storage of materials; availability of labor, water, electric power, roads; and uncertainties of weather, surface conditions, subsurface conditions, tides or similar physical conditions at the site, the character of equipment and facilities required to prosecute the work. Any failure by the Proposer to acquaint themselves with any aspect of the work or with any of the applicable conditions shall not relieve the Proposer from the responsibility to successfully perform the work under the Contract Documents, nor shall it be considered the basis for any claim for additional time or compensation.

UTILITIES

The Proposer shall anticipate all underground obstructions such as water lines, gas lines, sewer lines, utility lines, or any other public or private facilities and debris. In all cases where existing utility lines may be interfered with by the work, the Proposer shall give a minimum of thirty-six (36) hours' notice to the owners of such utilities, to permit them to relocate the lines prior to construction. No extra payment shall be allowed for the removal, replacement, repair or possible increased cost caused by underground obstructions. The location of existing structures and utilities provided in the plans are approximate only. Any damage to existing structures to remain or work of any kind shall be repaired or restored promptly by, and at the expense of the Proposer.

The Proposer shall at all times protect all desirable trees, plants, curbs, sidewalks, irrigation components, and structures not requiring removal to accomplish the work, whether or not they are shown on the plans. The Proposer must contact the City to obtain tree removal permits for the removal of any tree not identified for removal in the Project Plans.

In matters of restoration, all materials, construction, and workmanship shall be acceptable to, and approved by the City of St. Pete Beach and the City Manager or designee. No changes in size, shape, configuration, location, materials, or construction shall be made without prior written authorization from the City Manager or designee. Any demolition debris and other debris shall be hauled offsite and properly disposed of by the Proposer and shall be inclusive to the prices as stated in the PROPOSAL SCHEDULE, unless otherwise stipulated as part of the project to remain.

No interruption of ingress and egress to private property shall be made unless the Proposer has made prior arrangements acceptable to the owner of the affected property. The City Manager or designee shall notify affected residents/property owners of impending activity or inconvenience via door hanger.

The Proposer shall provide all traffic control devices utilized during construction and meet the requirements set forth in the Florida State Department of Transportation "Manual on Traffic Control and Safe Practices for Street and Highway Construction, Maintenance, and Utility Operations."

CLEANING UP

Upon completion or termination of the work the Proposer shall, as directed by the City Manager or designee, remove from the vicinity of the work all equipment and temporary structures, waste materials and rubbish resulting from his operations, leaving the premises in a neat and presentable condition. All debris generated by the Proposer will be removed before leaving the area. All areas will be raked to remove smaller debris. All surrounding sidewalks, parking lots and roadways will be cleared of any dust or debris generated by the Proposer. In the event of their failure to do so, the City at the expense of the Proposer may do the same, and their Surety shall be responsible.

DEFECTIVE WORK OR MATERIAL

The Proposer shall promptly remove from the premises all work and materials condemned by the City Manager or designee as failing to conform to the Contract, whether incorporated or not, and the Proposer shall promptly replace and re-execute his own work in accordance with the Contract and without expense to the City and shall bear the expense of making good all work of other Proposers destroyed or damaged by such removal or replacement.

If the Proposer does not remove such condemned work or materials within a reasonable time after notice, the City may remove them and store the materials at the expense of the Proposer. If the Proposer does not pay the expense of such removal within ten (10) business days' time thereafter, the City may, upon thirty (30) business days written notice sell such materials at auction or at private sale and shall account for the net proceeds thereof after deducting all the costs and expenses that should have been borne by the Proposer.

DISPUTE RESOLUTION

The Contract shall be construed under Florida law. The parties agree that all controversies, claims and other matters in question between the parties arising out of or relating to this Contract or its breach shall be resolved through mediation. Upon notice of any party to the Contract of a dispute, question or controversy, the parties shall agree to the appointment of a qualified mediator. A qualified mediator is a person who has received at least forty (40) hours of mediation training and has actual experience as a

mediator in resolving contract disputes. If the dispute, question or controversy is not resolved through mediation within sixty (60) business days of a notice of the dispute between the parties, the City reserves the right to seek resolution through court action.

INDEMNIFICATION

In consideration of the payment of ten dollars (\$10.00) as part of the above purchase price, Proposer shall indemnify, defend, and hold harmless the City, its officers and employees, from liabilities, damages, losses and costs, including but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the responding firm and any persons employed or utilized by the responding firm in the performance of the Contract.

GENERAL WARRANTY

Neither the final certificate nor any provision in the Contract Documents nor partial or entire occupancy of the premises by the City shall constitute an acceptance of work not done in accordance with the Contract Documents or relieve the Proposer of liability in respect to any express warranties or responsibility for faulty materials or workmanship. The Proposer shall remedy any defects in the work and pay for any damage to other work resulting therefrom that shall appear within a period of eighteen (18) months from the date of final acceptance of the work, unless a longer period is specified. The City shall give notice of observed defects with reasonable promptness.

LAND OF CITY, USE OF, BY PROPOSER

The City shall provide the land upon which the work under this Contract is to be done, and will, so far as is convenient, permit the Proposer to use as much of the land as is required for the erection of temporary construction facilities and storage of materials, together with the right of access to same, but beyond this, the Proposer shall provide, at his/her cost and expense, any additional land required. It will be the responsibility of the Proposer to repair or restore to the satisfaction of the City, at their own expense, any damage to land used for the above stated activities or any other activities approved by the City.

OTHER WORK

Wherever work being done by the City or by other Proposers is contiguous to work covered by this Contract, the respective rights of the various interests involved shall be established by the City Manager or designee to secure the completion of the various portions of the work in general harmony.

OTHER CONTRACTS

The City may award other Contracts. The Proposer shall fully cooperate with such other Proposers and carefully fit his/her own work to that provided under other Contracts, as may be with the performance of work by any other Proposer or City.

COOPERATIVE PURCHASING

Pursuant to their own governing laws and subject to the agreement of the Proposer, governmental entities may make purchases under the terms and conditions contained in the executed Contract, if agreed to by Proposer. Such purchases are independent of the Contract between the City and the Proposer, and the City is not a party to these transactions. Agencies seeking to make purchases under this Contract are required to follow the requirements of Rule 60A-1.045(5), F.A.C.

DELAYS AND EXTENSION OF TIME

If the Proposer should be delayed at any time in the progress of the work by an act or neglect of the City or the City Manager or designee, or of any employee of either, or by any separate Proposer employed by the City, or by changes ordered in the work, or by strike, lockouts, fire, unusual delay in transportation, unavoidable casualties, or any cases beyond the Proposer's control, or by delay authorized by the City Manager or designee, or by any cause which the City Manager or designee shall decide to justify the delay, then the time of completion shall be extended for such reasonable time as the City Manager or designee may decide. No such extension shall be made for a delay that occurs more than five (5) business days before a claim is made in writing to the City Manager or designee. In the case of a continued cause of delay, only one (1) claim is necessary. This section does not exclude the recovery of damages for delay by either party under other provisions in the Contract Documents.

CITY'S RIGHT TO TAKE OVER THE WORK

If the Proposer shall be adjudged bankrupt, or if they should make a general assignment for the benefit of its creditors, or if a receiver should be appointed to take over their affairs, or if they should fail to prosecute their work with due diligence and carry the work forward in accordance with its' work schedule and the time limits set forth in the Contract Documents, or if they should fail to substantially perform one or more of the provisions of the Contract Documents to be performed by them, the City may serve written notice on the Proposer and the Surety on its' performance bond, stating the City's intention to exercise one of the remedies hereinafter set forth and the grounds upon which the City bases its right to exercise such remedy. In any event, unless the matter complained of is satisfactorily cleared within ten (10) business days after the service of such notice, the City may, without prejudice to any other right or remedy exercise one of such remedies at once; having first obtained a certificate from the City Manager or designee that such sufficient cause exists to justify such action.

The City may terminate the services of the Proposer, which termination shall take effect immediately upon service of notice thereof on the Proposer and their Surety, whereupon the Surety shall have the right to take over and perform the Contract. If the Surety does not commence performance of the Contract within ten (10) ten days after service of the notice of termination, the City may itself take over the work, take possession of and use all materials, tools, equipment, and appliances on the premises and prosecute the work to completion by such means as it shall deem best. In the event of such termination of their service, the Proposer shall not be entitled to any further payment under their Contract until the work is completed and accepted. If the City takes over the work and the unpaid Contract balance exceeds the cost of completing the work, including compensation for damages or expenses incurred by the City through the default of the Proposer, the excess unpaid Contract balance shall be paid to the Proposer. If the City takes over the work and the unpaid Contract balance does not exceed the cost of completing the work, including compensation for damages or expenses incurred by the City through the default of the Proposer, the Proposer and his Surety shall pay the difference to the City. The City Manager or designee shall certify such cost, expenses, and damages.

The City may take control of the work and either make good the deficiencies of the Proposer itself or direct the activities of the Proposer in doing so, employing such additional help as the City deems advisable. In such event, the City shall be entitled to collect from the Proposer and his Surety, or to deduct from any payment then or thereafter due the Proposer, the costs incurred by it through the default of the Proposer, provided the City Manager or designee approves the amount thus charged to the Proposer.

The City may require the Surety on the Proposer's bond to take control of the work at once and see to it that all deficiencies of the Proposer are made good with due diligence. As between the City and the Surety, the entire cost of making good such deficiencies shall be borne by the Surety. If the Surety takes over the work, either upon termination of the services of the Proposer or upon instructions from the City to do so, the provisions of the Contract Documents shall govern in respect to the work done by the Surety, the Surety being substituted for the Proposer as to such provisions, including provisions as to the payment for the work and provisions of this section as to the right of the City to do the work itself or to take control of the work.

RIGHT OF OCCUPANCY

The City shall have the right, if necessary, to take possession of and to use any completed or partially completed portions of the work, if such use be approved by the City Manager or designee even if the time for completing the entire work or such portions of the work has not expired and even if the work has not been finally accepted. Such possession and use shall not constitute an acceptance of such possession and use if it materially interferes with the Proposer's operations. The City shall also have the right to enter the premises with the Proposer for the purpose of doing work not covered by its Contract.

ACCEPTANCE

Final inspection and acceptance of the work shall be made for the City by the City Manager or designee. Such inspection shall be made as soon as practical after the Proposer has notified the City in writing that the work is ready for such inspection.

WAIVER

It is expressly understood and agreed that any waiver granted by the City Manager or designee of any term, provision, or covenants of the Contract shall not constitute a precedent or breach of the same or any other terms, provisions, or covenants of the Contract. Neither the acceptance of the work by the City nor the payment of all or any part of the sum due the Proposer hereunder shall constitute a waiver by the City of any claim which the City may have against the Proposer or Surety under this Contract or otherwise.

INSPECTION

The City Manager or designee and his representative shall, at all times, have access to the work during its construction and shall be furnished with every reasonable facility for ascertaining that the stock and materials used and employed, and the workmanship, are in accordance with the requirements and intentions of the Plans. All work done and all materials furnished shall be subject to their inspection and approval by the City Manager or his designee. If any work should be covered up without approval or consent of City Manager or designee, it must, if required by the City Manager or designee, be uncovered for examination at the Proposer's expense.

The City Manager or designee may order re-examination of questioned work and if so ordered, the Proposer must uncover the work. If such work were found in accordance with the Contract Documents, the City shall pay the cost of re-examination and replacement. If such work be found not in accordance with the Contract Documents, the Proposer shall pay such costs unless they show that the defect in the work was caused by another Proposer, and in that event, the City shall pay such cost.

The inspection of the work shall not relieve the Proposer of any of their obligations to fulfill their Contract as prescribed, and defective work shall be made good and unsuitable materials shall be rejected, notwithstanding that such defective work and materials have been previously overlooked and accepted on

estimates for payment. All work shall be tested to the satisfaction of the City Manager or designee before acceptance.

PROPOSAL REVIEW AND CONTRACT AWARD

Failure to submit all documents requested at the time of proposal may deem the Proposer's proposal ineligible for award. The City of St. Pete Beach reserves the right to reject any or all proposals or parts of proposals. The contract shall be awarded by written notice to the responsible and responsive Contractor whose proposal is determined in writing to be the most advantageous to the City, taking into consideration the price and other criteria set forth in this request for proposals. The City may waive any informality.

LOCAL, STATE AND FEDERAL COMPLAINT REQUIREMENTS

The laws of the State of Florida do apply to any purchase made under this Request for Proposal. Proposers shall comply with all local, state, and federal directives, orders and laws as applicable to their proposal and subsequent contracts include but not limited to Equal Employment Opportunity, Minority Business Enterprise, and OSHA as applicable to this contract.

Compliance with Fla. Stat. 448.095:

- Proposer agrees to comply with all applicable portions of Fla. Stat. 448.095. Proposer must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp>, to verify the employment eligibility of all employees hired on or after January 1, 2021 during the term of this Agreement.
- Subcontractors (i) Proposer shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement. (ii) Subcontractors shall provide Proposer with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095 (iii) Proposer shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- Proposer must provide evidence of compliance with Fla. Stat. 448.05 by January 1, 2021. Evidence may consist of, but is not limited to, providing notice of Proposer's E-Verify number.
- Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Proposer may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and proposal costs (if necessary). Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Proposer, the Proposer may not be awarded a public agreement for a period of 1 year after date of termination.

RESERVES THE RIGHT

The City reserves the right to accept or reject any and/or all proposals, to waive irregularities and technicalities, and to request re-submission. If only one proposal is received by the proposal date and time listed, the proposal may or may not be rejected by the City depending upon proposal review and the needs of the City.

The City reserves the right to select a firm with or without additional interviews and may decide to select any of the firms submitting proposals. The City reserves the right to award the contract to a responsible proposer submitting a responsible proposal, with a resulting negotiated agreement which is most advantageous and in the best interest of the City.

Proposers, Proposers, their agents, and associates shall not contact or solicit any City Commission member, City employee, or official regarding this RFP during any phase of the proposalding process. Failure to comply with the provision may result in disqualification of the Proposer, at the option of the City. Only that individual listed, or an approved designee, as the contact person for this RFP shall be contacted.

SUBMITTAL WITHDRAWAL

After submittals are opened, corrections or modifications to submittals are not permitted, but a responding firm may be permitted to withdraw an erroneous submittal prior to the award by the City Commission, if the following is established:

- That the responding firm acted in good faith in submitting the submittal;
- That in preparing the submittal there was an error of such magnitude that enforcement of the submittal would work severe hardship upon the respondent;
- That the error was not the result of gross negligence or willful inattention on the part of the respondent;
- That the error was discovered and communicated to the City within twenty-four (24) hours of submittal opening, along with a request for permission to withdraw the submittal; or
- The responding firm submits documentation and an explanation of how the error was made.

CONE OF SILENCE

Respondents to this solicitation or persons acting on their behalf may not contact, between the release of the solicitation and the end of the 72-hour period following the agency posting the notice of intended award, excluding Saturdays, Sundays, and state holidays, any employee or officer of the executive or legislative branch concerning any aspect of this solicitation, except in writing to the procurement officer or as provided in the solicitation documents. Violation of this provision may be grounds for rejecting a response.

TERMINATION

The resulting contract may be canceled by the City when:

- Sufficient funds are not available to continue its full and faithful performance of this contract.
- There is sub-standard or non-performance of contract.
- The City wishes to terminate at any time and for any reason, upon giving thirty (30) days prior written notice to the other party.

The resulting contract may be canceled by either party in the event of substantial failure to perform in accordance with the terms by the other party through no fault of the terminating party.

FISCAL NON-FUNDING

If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel this Agreement immediately upon written notice to the vendor.

PROJECT RECORDS

The awarded firm shall maintain auditable records concerning the procurement to account for all receipts and expenditures, and to document compliance with the Contract. These records shall be kept in accordance with generally accepted accounting methods, and the City of St. Pete Beach reserves the right to determine the record-keeping method in the event of non-conformity. These records shall be maintained for three (3) years after final payment has been made and shall be readily available to City personnel with reasonable notice, and to other persons in accordance with the Florida Public Disclosure Statutes. Additionally, the awarded firm shall abide by and comply with Florida Statutes regarding public records. Specifically, the firm shall be aware of the provisions found in Section 119.0701, Florida Statutes.

Upon completion of the project, all reports, studies, recommendations, forms, and other project specific information will need to be submitted in paper and in an electronic file format (.PDF, .JPEG) on CD or USB storage device. | |

V. REFERENCES & MINIMUM QUALIFICATIONS

Provide at least three (3) or more professional, business references with which you have contracted to provide similar services in the past five (5) years. Include the name of the person, its organization, telephone number, fax number, and e-mail address. Include any governmental agencies, with the same contact and descriptive information for which you have provided similar service within the past five (5) years.

Provide a brief description of the history and capabilities of the firm. Describe the types of projects or services the firm performs/has performed and the dollar value of each. Provide information regarding your firm's ability to complete this project. Demonstrate that the firm's personnel have experience with similar projects.

Identify all unresolved and ongoing claims and disputes against your firm in excess of \$500,000. Include any claims against the principals of your firm or any claims your company may have against a third party. Provide a history of litigation, including the outcomes, for the past five (5) years.

The responding firm shall provide a statement of assurance that the firm is not presently in violations of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida and ordinances and regulations of the City of St. Pete Beach will apply.

Provide the overall bonding capacity for the company and provide a history of any claims against the Proposer's previous bonds for the past five (5) years.

The City shall be the sole final judge of qualifications of Proposer to perform service and reserves the exclusive right to accept or reject any proposal as it deems to be in the best interests of the City. The City reserves the right to make such investigation, as it deems necessary, to determine the ability of any proposer to perform the work or service requested. Failure to comply with the requirements of this section may be grounds for rejecting a response.

VI. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO § 287.133 (3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: _____
(Print individual's name and title)

for: _____
(Print name of entity submitting sworn statement)

at: _____
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in § 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any proposal or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in § 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in § 287.133 (1)(a), Fla. Stat., means:
- a. A predecessor or successor of a person convicted of a public entity crime or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who

knowingly enters into a joint venture with a person who has been convicted of a public crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which proposals or applies to proposal on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☐ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

STATE OF _____

COUNTY OF _____

I state that I _____ of _____,

(Name and Title)

(Name of Firm)

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. _____, its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material and important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

VIII. SPECIFICATIONS

IX. SAMPLE AGREEMENT

Sample Agreement behind this page.

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

Title of Agreement

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and (Vendor Name Here). (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Standard Form Addendum. The attached Standard Form Addendum, which contains all the Florida Statutorily required provisions applicable to this Agreement, is attached hereto as Exhibit "A" and its provisions modify and supplement this Agreement.
3. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:
 - a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit "B") in the amount of \$().
 - b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
 - c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the exception of changes caused by inclement weather.

- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.
 - e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.

8. Warranties.
- a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective.
 - b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 12 months of the agreement.
10. Term. This Agreement will remain in effect for a period of (3) three years with (2) two, (1) one year extensions from the Effective Date.]
11. Effective date. The “Effective Date” of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
- a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in accordance with the payment schedule provided in the attached proposal, City shall pay

Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.

16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additionally named insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, such sum being specifically found by Contractor to be sufficient consideration for this indemnification, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages compensation or benefits payable by or for the Contractor or any subcontractor under Workers'

Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved, and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity."

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor's funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified public accountant selected by the City. The Contractor must allow the City to inspect, examine

and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Standard Form Addendum (Exhibit “A”)
- b. Request for Bid (Exhibit “B”)
- c. Vendor Proposal (Exhibit “C”)
- d. FEMA (Exhibit “D”)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney’s fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of

counterparts, each of which so executed and delivered shall be deemed to be an original and all of which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the Section 15 of the Standard Form Addendum, Exhibit "A", and that the facts stated in it are true.

CITY OF ST. PETE BEACH, FLORIDA
STANDARD CONTRACT ADDENDUM

THIS ADDENDUM modifies that certain contract for services made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of the previous section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or

development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Breach during Emergency Recovery Period. Pursuant to Sec. 252.505, Fla. Stat., if vendor breaches this agreement during an emergency recovery period (1-year period beginning upon Governor's initial declaration of a natural emergency) Contractor shall pay a \$5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages.

19. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

EXHIBIT “D”
FEMA GRANT PROVISION

Public Assistance Grant Supplement

1. Applicability of this Exhibit; Conflicts.

- a. This Exhibit shall be fully incorporated into and made a part of the Agreement, as if the terms contained in this Exhibit were fully re-stated within the Agreement itself.
- b. This Exhibit shall apply: (a) in addition to anything contained in the Contract Documents; and (b) notwithstanding anything contained in the Contract Documents to the contrary. No other provision of the Contract Documents shall serve to limit or restrict the obligations imposed upon the parties in this Exhibit.
- c. In the event of a conflict between anything contained in this Exhibit and anything contained elsewhere in the Contract Documents, this Exhibit shall control and take precedence.
- d. Contractor's agreement to the terms contained in this Exhibit is a material inducement for Contractor to enter into the Agreement.
- e. If this Exhibit is attached to a Purchase Order, the term "Agreement" as used herein shall mean and refer to such Purchase Order to which this Exhibit is attached, and the term "Contract Documents" shall refer to all documents attached to and made a part of such Purchase Order.

2. Defined terms.

- a. For purposes of this Exhibit, the following definitions shall apply, in addition to any terms defined elsewhere in the Contract Documents:
 - i. The terms "recipient" and "non-Federal entity," and the term "applicant" as used in Section 3(a)(8) herein, shall have the same meaning as the term "Owner" as used in the Agreement;
 - ii. The term "contract" as used herein shall have the same meaning as the term "Contract" as used in the Agreement; and
 - iii. The term "contractor" or "prime contractor" as used herein shall have the same meaning as the term "Contractor" as used in the Agreement.
 - iv. The term "internal controls" means a process, implemented by a non-Federal entity, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (a) Effectiveness and efficiency of operations; (b) Reliability of reporting for internal and external used; and (c) Compliance with applicable laws and regulations. 2 CFR §200.61
 - v. The term "supplies" means all tangible personal property other than those described in 2 CFR §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the

non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 CFR §200.94

- vi. The term “disallowed costs” means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award. 2 CFR §200.31
- vii. The term “equipment” means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. 2 CFR §200.33

3. Equal Employment Opportunity (41 C.F.R. Part 60-1.4(b)).

a. During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (a) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors

violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

- (b) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148)

The Contractor agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act, as amended; the provisions of contract work hours; the Safety Standards Act; the Copeland "Anti-Kickback" Act (40 U.S.C. 276, 327-333); and all other applicable federal, state, and local laws and regulations pertaining to labor standards insofar as such acts apply to the performance of this Agreement. The Contractor shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the County for review upon request.

5. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred thousand dollars (\$100,000.00):

Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708).

Contractors engaged in contracts in excess of Two Thousand and 00/100 Dollars (\$2,000.00) shall comply with Federal requirements of the United States Department of Labor under 29 C. F. R., Parts 1, 3, 5, 6, and 7. All Contractors will comply with the following:

a. Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in 29 C.F.R. § 5.5(b)(1) the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in 29 C.F.R. § 5.5(b)(1), in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in 29 C.F.R. § 5.5(b)(1).

(3) *Withholding for unpaid wages and liquidated damages.* The Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in 29 C.F.R. § 5.5(b)(2).

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4) and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4).

6. Procurement of Recovered Materials (2 C.F.R. § 200.322)

The Contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

7. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred fifty thousand dollars (\$150,000.00):

Clean Air Act and the Federal Water Pollution Control Act (42 U.S.C. §§ 7401-7671q and 33 U.S.C. §§ 1251-1387).

a. Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal awarding agency and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

4. Section 3 Clause

A. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are Subrecipients of HUD assistance for housing.

B. The Parties to this contract agree to comply with HUD's regulations in 24 C.F.R. part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The Contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section

3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The Contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. part 135. The Contractor will not subcontract with any subcontractor where the Contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. part 135.

E. The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's obligations under 24 C.F.R. part 135.

F. Noncompliance with HUD's regulations in 24 C.F.R. part 135 may result in sanctions, termination of this contract for default and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with Section 3 covered Indian housing assistance, Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. § 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

b. Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

8. Debarment and Suspension

a. Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with Executive Orders 12549 and 12689, and 2 C.F.R. pt. 180, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by Owner. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to Owner, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

9. Lobbying Prohibition

- a. No funds or other resources received under this Agreement may be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.
- b. Required Certification. Contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in

connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Signature of Contractor's Authorized Official

Name and Title of Contractor's Authorized Official

Date

10. Hatch Act

The Contractor agrees that no funds provided, nor personnel employed under the Agreement, shall be in any way or any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C.

11. Conflict of Interest

The Contractor shall abide by the provisions of 24 C.F.R., 570.611 and 2 C.F.R., 200.112. The Contractor shall maintain no present or future financial interest, direct or indirect, which would

conflict in any manner or degree with the performance of services required under this Agreement as indicated in 2 C.F.R., 200.318.

12. Religious Activities

The Contractor agrees that funds provided will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization, in accordance with the Federal regulations specified in 24 C.F.R., 570.200(j).

13. Access to Records

- a. Access to Records. The following access to records requirements apply to this contract:

(1) The Contractor, including all of its employees or agents, contractors, subcontractors and consultants to be paid from funds provided under this Agreement, agrees to provide the Department of Economic Opportunity (DEO), the Chief Financial Officer of the State of Florida, The Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or representatives of the Federal government or their duly authorized representatives, the Florida Division of Emergency Management, Owner, Pasco County, Florida, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions at reasonable times. "Reasonable" shall ordinarily mean during normal business hours of 8 a.m. to 5 p.m., local time, Monday through Friday.

(2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

(3) The Contractor agrees to provide Pasco County, Florida or its authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

(4) In compliance with the Disaster Recovery Act of 2018, the Owner and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by Pasco County, Florida or the Comptroller General of the United States.

(5) The Contractor shall include the aforementioned recordkeeping requirements in all approved contracts, subcontracts, and assignments.

14. Bonding Requirements

The Contractor agrees that related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 and Appendix 11; and if the contract is for construction or facility improvement it must also include the Federal bonding requirements 2 C.F.R. § 200.325.

15. Employment Eligibility Verification

- a. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires DEO contracts in excess of nominal value to expressly require the Contractor to:
 - i. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Subrecipient during the Agreement term; and,
 - ii. Include in all contracts under this Agreement the requirement that contractors, subcontractors, and consultants performing work or providing services pursuant to this Agreement use the E-Verify system to verify the employment eligibility of all new employees hired by the contractors, subcontractors, and consultants during the term of the contract.
- b. The Department of Homeland Security's E-Verify system can be found at: <http://www.uscis.gov/e-verify>
- c. If the Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Agreement.

16. DHS Seal, Logo, and Flags

The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific Pasco County, Florida pre-approval.

17. Compliance with Federal Law, Regulations, and Executive Orders

- a. This is an acknowledgement that Pasco County, Florida financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, Pasco County, Florida policies, procedures, and directives.

18. No Obligation by Federal Government

- a. The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

19. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

20. Procurement By Non-Competitive Proposals

- a. Policy:
 - i. It is the policy of BayCare Health System Inc. to follow the Uniform Federal Guidance 2 CFR 200.320 in regard to procurement by noncompetitive proposals (Sole Source Purchasing). Procurement by noncompetitive proposals is

procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source
 - (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
 - (3) The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity
 - (4) After solicitation of several sources, competition is determined inadequate.
- ii. The procurement must be necessary for the program, project, research or other circumstance supported by the grant; not reasonably available and accessible of the type normally charged as a direct cost to existing sponsored agreements and purchased in accordance with other Institutional policies and procedures.

21. In the Event of a Non-Emergent Procurement the PD/PI Should Complete:

- a. **Cost Price Analysis Form** which includes contractor's total cost proposal or price to determine which are allowable, show their direct relation to the requirements and, reasonableness; and complete the related BayCare **Cost Analysis Worksheet** to support the proposed budget or quotation outlined in the Cost Price Analysis Form. Completion of these forms by the originating department will document that a Cost Analysis has been conducted.
- b. If no additional vendors were available to conduct a comparison against using the Cost Price Analysis Form, please also complete and attach the **Sole Source Justification Form**.
- c. **Responsible Contractor Form:** to document that any contractors have been reviewed and approved for their compliance with Uniform Guidance, Title 2, Subtitle A, Chapter II, Part 200, Subpart D, §200.318, section H.
- d. In addition, related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 & Appendix 11; and if the contract is for construction or facility improvement also include the Federal bonding requirements 2 C.F.R. § 200.325.

22. Build America Buy America Act (BABA)

- a. The Contractor shall comply with the requirements under the Build America, Buy America Act when using Federal funds for the purchase of iron, steel, manufactured products, and construction materials permanently incorporated into infrastructure projects as applicable pursuant to the Build America, Buy America Act. All iron, steel, manufactured products

and construction materials used under a federally grant funded project must be produced in the United States as applicable pursuant BABA. The requirements of this section must be included in all sub-awards including all contracts and purchase orders for work or products under this award.

- b. For purposes of this section:
 - i. “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - ii. “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

23. Contracting with Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms. 2 C.F.R. § 200.321

- a. Contractors will take all necessary affirmative steps to assure that minority business, women's business enterprises, and labor surplus area firms are used when possible.
- b. Affirmative steps must include:
 - i. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - ii. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - iii. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
 - iv. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
 - v. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
 - vi. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (i) through (v) of this section.

24. Compliance with Copeland “Anti-Kickback”

- a. Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as appropriate instructions may require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

25. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment.
2 C.F.R. § 200.216

- a. Under this Agreement, grant funds will not be obligated or expended to:
 - (1) Procure or obtain;
 - (2) Extend or renew a contract to procure or obtain; or
 - (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - A. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - B. Telecommunications or video surveillance services provided by such entities or using such equipment.
 - C. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.
 - (4) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
 - (5) For more information, See 2 C.F.R. § 200.471.

26. Historic Artifact Discovery

If prehistoric or historic artifacts, such as pottery or ceramics, projectile points, dugout canoes, metal implements, historic building materials, or any other physical remains that could be associated with Native American, early European, or American settlement are encountered at any time within the project site area, the permitted project shall cease all activities involving subsurface disturbance in the vicinity of the discovery. The applicant shall contact the Florida Department of State, Division of Historical Resources, Compliance Review Section at (850)-245-6333. Project activities shall not resume without verbal and/or written authorization. In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately, and the proper authorities notified in accordance with Section 872.05, Florida Statutes.

The terms in this Exhibit are hereby agreed upon by the Contractor as of this _____ day of _____, 2025.

THIS PAGE INTENTIONALLY LEFT BLANK

SECTION 1 - GENERAL

1.01 LOCATION OF THE WORK SITE AND ACCESS

Access to the work sites shall be over streets, and walkways. Any damage to existing pavement surface and base or other surface improvements outside the Contract Pay Limits, attributable to the Contractor's activities, shall be restored to like-new condition by the Contractor at the Contractor's expense.

The Project will take place throughout the City of St. Pete Beach (City) on the City's wastewater system. The wastewater system consists of approximately 38 miles of gravity sewer pipe primarily consisting of 8-inch through 24-inch VCP, PVC, and CIP.

1.02 SCOPE OF WORK

The Contractor shall furnish all labor, material, equipment, and incidentals necessary for the Wastewater System CCTV Inspection and Cleaning including, but not limited to, temporary bypass pumping, maintenance of traffic, hydraulic root cutting and cleaning, heavy cleaning, removal of attached grease, grinding protruding break-in service connections, and remote televising and recording of the sewer location and condition.

The work shall also include furnishing all labor, material, and equipment necessary for site restoration, including but not limited to materials, power, light, heat, fuel, water, tools, appliances, equipment, supplies, shop drawings, working drawings, fill replacement, landscaping, irrigation, grading, pavement repair and replacement, and pavement striping. The Contractor is responsible for obtaining all required permits necessary for the work, including all applications and review fees, other than those permits which may have already been obtained. The Contractor shall perform and complete the work in a speedy and efficient manner consistent with safety of life and property and to the satisfaction of the City, and in strict accordance with the Contract Documents. The Contractor shall repair or restore all structures and property damaged or disturbed during performance of the work.

The cost of incidental work described in this General Section, for which there are no specific Contract Items, shall be considered as part of the general cost of doing the work and shall be included in the prices for the various Contract Items. No additional payment will be made.

The Contractor shall be solely responsible for the means and methods of construction and the adequacy of his workmanship, materials and equipment.

1.03 PROJECT SUMMARY

Cleaning of the wastewater gravity collection system is part of an emergency response as a result of Hurricane Helene where significant sand and sediment was deposited into the gravity system, requiring cleaning. The goal of the program is to return the existing sanitary system to pre-storm conditions by cleaning and removing sand, grit, and debris from the system as a result of Hurricane Helene.

1.04 CONTRACT DRAWINGS AND SPECIFICATIONS

Where the Contract Drawings and Specifications are not in agreement, the Contract Drawings shall govern. The Contractor shall furnish all labor, equipment, and materials to construct the Project and all miscellaneous and appurtenant work complete in place as specifically described and included under said each Contract Pay Item as shown, specified, or directed by the Engineer in accordance with the obvious or expressed intent of the Contract.

The Technical Specifications for the Project that reference FDOT-SSRBC (Florida Department of Transportation - Standard Specifications for Road and Bridge Construction) pertain to the most recent edition at the date of issuance of these Specifications.

1.04.01 COPIES FURNISHED TO CONTRACTOR

The Contractor shall furnish each of the subcontractors, manufacturers, and material men such copies of the Contract Documents as may be required for their work. Additional copies of the Contract Drawings and Specifications, when requested, may be furnished to the Contractor at cost of reproduction.

1.04.02 SUPPLEMENTARY DRAWINGS

When, in the opinion of the City, it becomes necessary to explain more fully the work to be done or to illustrate the work further or to show any changes which may be required, drawings known as Supplementary Drawings, with specifications pertaining thereto, will be prepared by the Engineer and the City and provided to the Contractor.

1.04.03 CONTRACTOR TO CHECK CONTRACT DRAWINGS AND DATA

The Contractor shall verify all dimensions, quantities and details shown on the Contract Drawings, Supplementary Drawings, Schedules, Specifications or other data received from the City or the Engineer and shall notify the City and Engineer of all errors, omissions, conflicts, and discrepancies found therein. Failure to discover or correct errors, conflicts or discrepancies shall not relieve the Contractor of full responsibility for unsatisfactory work, faulty construction or improper operation resulting therefrom nor from rectifying such conditions at the Contractor's own expense. The Contractor shall assume all responsibility for the making of estimates of the size, kind, and quality of materials and equipment included in work to be done under the Contract with approval by the City.

1.05 WORK ORDERS

Assets to be cleaned and CCTV inspected shall have a Work Orders issued on individual Work Order form(s) or a Worklist (tabular list of multiple Work Orders and associated assets in Excel/PDF format) and will establish the timeline for required commencement and completion of the Work. Work Orders or Worklist will be issued in City approved format and delivered either electronically or by hard copy to the Contractor.

Each individual Work Order form, or Work Order (spreadsheet row) in a Worklist, will contain the available pertinent information for the associated asset(s) such as Work Order number, the

Technical Specifications
Section 1 – General
Sewer System Cleaning and Inspection

upstream and downstream manhole FID, pipe FID, lateral FID, nominal pipe diameter, approximate length of pipe, pipe material, and any other City comments describing requirements and specific directions for Work required.

Along with each individual Work Order form or Worklist, corresponding supplemental maps/drawings, which may consist of highlighted or notated Utility Atlas/GIS Map(s), will be issued to the Contractor showing the location of the assets, and any additional directions/requirements regarding the Work. The Contractor shall locate, uncover, and verify the manholes and access structures associated with each pipe segment to be inspected prior to commencing Work. The Map(s) issued represent the best practical information available regarding the location and layout of the existing utilities. The Contractor shall refer to them for general location of utilities with respect to property lines. The accuracy of the utility location information and dimensions are not guaranteed. The Contractor shall verify location and size of all existing utilities prior to starting the Work. Other Work Order formats may be used as determined by the City.

Work Orders for various tasks may require prioritization by the City or authorized city agent. The Contractor shall accomplish the Work in accordance with a given chronological sequence and amend the sequence of outstanding Work Orders as the City or authorized city agent deems necessary. The City or authorized city agent shall notify the Contractor in writing of any such changes and unless notified otherwise, the Contractor shall proceed with the Work in the order in which it was issued.

The City shall supply a list in writing of all authorized city agents if applicable.

The Contractor's superintendent or other City approved representative may attend monthly meetings with the City to discuss scheduling and sequencing of Work and receive prioritization of outstanding and future Work issued by the City to the Contractor. The day and time of month for these meetings shall be agreed to at the pre-construction meeting prior to the Contractor starting Work on the Project.

1.06 ESTIMATED QUANTITIES

The estimated quantities for the unit price Pay Items listed in the Proposal are to be considered as representative only and are to be used for the comparison of Bids and Pay Items and determining amounts for which the Bid and Construction Bonds shall be furnished. Even though the unit prices tendered by the Contractor are tendered for the scheduled quantities, the scheduled quantities of work to be performed and materials to be furnished may each be increased or decreased without in any way invalidating the Bid unit prices for those Pay Items. The City reserves the right to vary the estimated quantities or to delete the Work and the corresponding Contract Pay Items from the Contract. The Contractor will be compensated for Work actually performed as described in the Work Orders or authorized by the City, all in accordance with the unit prices or lump sum prices contained in the Proposal. The Bidder shall quote in the Proposal a unit price or lump sum price for which he will perform the Work for each of the Contract Pay Items.

1.07 CONTRACTOR RESPONSIBILITIES

Contractor shall provide an Account Manager, who will be readily available during normal business hours to administer the Agreement. Contractor is responsible for notifying the City with any changes in account manager or other Key Personnel. Account Manager's responsibilities shall include, but are not limited to, overseeing all aspects of implementation, servicing, reporting, and issue resolution.

Contractor shall have the facilities, capabilities, equipment, and staff to support services for the term of the Agreement and all equipment shall meet federal, state and local laws.

Contractor shall be responsible for ensuring that Contractor's staff follow all established safety regulations pertaining to the work to be performed per OSHA and/or City standards.

Contractor shall immediately remove any workers from performing services who have been deemed by the City as incompetent or disorderly.

1.08 CITY RESPONSIBILITIES

City shall provide a single point of contact (City Project Manager) to administer the Agreement.

City Representative shall assist with planning, strategy and objectives prior to performance of the Work, to include notifying the contractor when services are required, providing the location and address and providing access to the work site.

City Representative shall promptly respond to issues and inquiries so as not to hinder the progress, completion, or compensation for the Work.

City shall be responsible for the removal of dried debris after the dewatering process. Disposal fees shall be paid for by the City.

1.09 FIELD ENGINEERING

The Contractor shall establish and provide all vertical and horizontal control points for this Project including benchmarks. The Contractor shall provide the field layout surveying necessary to properly construct the work as indicated on the Contract Drawings.

All field layout surveying shall be performed under the supervision of a Professional Land Surveyor (Chapter 472, Florida Statutes). The Contractor shall submit the name and registration number of Surveyor as directed by the Engineer. The Engineer reserves the right to check all survey staking and to require adjustments or re-staking by the Contractor in the event that conflicts, or errors are detected.

1.10 SAFEGUARDING SURVEY MARKS

The Contractor shall safeguard all existing property monuments, benchmarks, and other survey marks adjacent to and within the Project limits and shall bear the cost of re-establishing them if disturbed or destroyed.

1.11 INSPECTION AUTHORITY

The City or Engineer has ultimate responsibility for contract administration and inspection for this Project. The City or Engineer may assign field inspection responsibilities to a Design Professional and/or City Inspector. Each step of construction is subject to review and acceptance by the City or Engineer prior to proceeding with a subsequent step.

During the progress of the Work and up to the date of final acceptance, the Contractor shall at all times afford representatives of the City, the County, the State, the Department of Environmental Protection, the Department of Transportation, the Department of Labor, or any other agency with jurisdiction, every reasonable, safe, and proper facility for observation of the work done or being done at the site, and also the manufacture or preparation of materials and equipment at the place of such manufacture or preparation.

The Project line of authority will be presented at the Preconstruction Conference.

1.12 PROJECT WORK HOURS/FIELD SUPERVISION

Normal work hours for the Project are Monday through Friday, 7:00 AM to 4:30 PM, excluding City designated holidays. Any work that needs to be completed outside of normal working hours must be coordinated with the City.

The Contractor shall designate and keep on site at all times during the Work, a competent resident Superintendent, employed by the Contractor. Such designation shall be made at the pre-construction meeting and shall include pertinent data as to address, phone numbers, etc. where said

Superintendent may be contacted at any time of the day or night.

The Superintendent shall not be replaced without written notice and approval by the City except under extraordinary circumstances. Upon approval by the City of such change, all pertinent data (as stated previously in this section) shall be given by the Contractor to the City regarding the replacement.

The Superintendent will be the Contractor's representative at the site and shall have the authority to act on behalf of the Contractor. All communications given to the Superintendent shall be as binding as if given to the Contractor.

1.13 PROJECT SCHEDULE

The Contractor shall commence Work on each Work Order within 10 consecutive calendar days after it is received by the Contractor (unless such time is extended in writing by the City). The Work shall be performed uninterrupted until completed. The Contractor shall be deemed to have

Technical Specifications
Section 1 – General
Sewer System Cleaning and Inspection

accepted responsibility for completion of all Work Orders by the contract term listed in the Agreement or the expiration of funds, whichever comes first, unless the Contractor notifies the City in writing within 10 consecutive calendar days after any Work Order is received by the Contractor.

The contractor's weekly crew locations shall be provided to the City in a City approved electronic file format and method (email) ahead of the start of any Work.

A Work Order with various tasks may require prioritization by the City. The Contractor shall accomplish the Work in accordance with a given specified sequence, if included in the Work Order, and amend the sequence of outstanding tasks as the City deems necessary. The City shall notify the Contractor in writing of any such changes and unless notified otherwise, the Contractor shall proceed with the Work in the order in which it was issued.

The City may order the Contractor to proceed with the Work at a faster rate or to add additional crew(s) should a backlog of Work Orders develop.

If the Work does not progress at a satisfactory rate, is otherwise deemed unsatisfactory by the City, or is not completed within the approved timeframe, the City in its sole discretion reserves the right to terminate the Contract and re-advertise the Work at any time. No additional compensation beyond the unit prices bid for Work completed will be allowed the Contractor because of such termination.

If the City requests the Contractor to perform Work outside of normal working hours as defined during the pre-construction meeting, the inspection fee will be waived and the Contractor compensated as provided under the General Conditions article headed "Changes in the Work."

1.14 MATERIALS AND EQUIPMENT

All materials, appliances, and types of construction shall be in accordance with the Technical Specifications and shall, in no event, be less than that necessary to conform to the requirements of any applicable laws, ordinances, and codes.

All materials and equipment to be incorporated into the Work shall be new, unused, and correctly designed. They shall be of standard first grade quality, produced by expert workmen, and be intended for the use for which they are offered. Materials or equipment which, in the opinion of the Engineer, are inferior or of a lower grade than indicated, specified, or required, will not be accepted.

Projects funded by the State Revolving Fund must comply with the requirements of the American Iron and Steel Requirement unless otherwise specified in the Contract Documents and approved by the Engineer.

1.15 MANUFACTURER

The names of proposed manufacturers, manufacturers' representatives, suppliers, and dealers who are to furnish materials, equipment, or other fittings, shall be submitted by the Contractor to the Engineer for review and acceptance. Such acceptance must be obtained before Shop Drawings will be accepted for review. All transactions with the manufacturer and subcontractors shall be through the Contractor.

Technical Specifications
Section 1 – General
Sewer System Cleaning and Inspection

Any two or more pieces of material or equipment of the same kind, type, or classification and being used for identical types of service, shall be made by the same manufacturer.

Projects funded by the State Revolving Fund must comply with the requirements of the American Iron and Steel Requirement unless otherwise specified in the Contract Documents and approved by the Engineer.

1.16 SAMPLES

The Contractor shall, when required, submit to the Engineer for review and acceptance, typical samples of material and appliances. The samples shall be properly identified by tags and shall be submitted sufficiently in advance of the time when they are to be incorporated into the Work so that rejections thereof will not cause delay. A letter of transmittal from the Contractor requesting approval shall accompany all such samples.

1.17 EQUIVALENT QUALITY

In the Contract Documents, whenever an article, material, apparatus, equipment, or process is called for by trade name or by name of a patentee, manufacturer, or dealer, or by reference to catalog of a manufacturer or dealer, it shall be understood as intending to mean and specify the article, material, apparatus, equipment, or process designated, or any equal thereto in quality, finish, design, efficiency, and durability, and equally serviceable for the purposes for which it is intended.

Whenever material or equipment is submitted for review as being equal to that specified, the submittal shall include sufficient information and data to demonstrate that the material or equipment conforms to the Contract requirements. The decision as to whether such material or equipment is equal to that specified shall be made by the Engineer.

Upon rejection of any material or equipment submitted as the equivalent of that specifically named in the Contract, the Contractor shall immediately proceed to furnish the designated material or equipment.

Neither the acceptance by the Engineer of alternate material or equipment as being equivalent to that specified, nor the furnishing of the material or equipment specified, shall in any way relieve the Contractor of responsibility for failure of the material or equipment, due to faulty design, material, or workmanship, to perform the functions required of them by the Contract Documents.

1.18 MATERIAL AND EQUIPMENT DELIVERY AND STORAGE

The Contractor shall deliver materials in ample quantities to ensure the most speedy and uninterrupted progress of the work to complete the work within the allotted time. The Contractor shall also coordinate deliveries to avoid delay in, or impediment of, the progress of the work of any related contractor. The Contractor shall provide space for storage of materials and equipment.

Pipe strung along roads and rights-of-way shall be placed in a manner that will not endanger or restrict pedestrian or vehicular traffic. Pipe strings shall not be allowed outside right-of-way limits.

1.19 SERVICE OF MANUFACTURER'S REPRESENTATIVE

The Contract amount shall include but is not limited to the cost of furnishing a competent and experienced representative of the equipment manufacturer who shall assist the Contractor, when required, to install, adjust, test, and place in operation the equipment in conformity with the Contract Documents. After the equipment is placed in operation, the representative shall make all adjustments and tests required by the Engineer to prove that the installed equipment is in proper and satisfactory operating condition. The representative shall instruct personnel as may be designated by the Engineer in the proper operation and maintenance of such equipment.

1.20 CONTAMINANTS CONTAINMENT/DISPOSITION

Prior to the installation of well points for dewatering, the Contractor shall visually inspect the work area for indications of existing ground water monitoring, wells, or metal caps at grade. The Contractor shall review the work area for monitoring wells or abandoned fuel tanks and shall notify the Engineer in writing if any of the above items exist.

During dewatering activities, contractor to test water for contaminants before discharge. If the water is odorous, contaminated, or discolored (excluding tannic acid or iron), the Contractor shall stop the dewatering activities and shall notify the Engineer in writing of such, and request direction.

When work activities encounter or expose any abnormal condition that may indicate the existence of a hazardous or toxic waste, work activities shall stop in the vicinity of the abnormal condition and the Contractor shall notify the Engineer immediately. The presence of tanks or barrels; discolored earth, metal, wood, or groundwater; visible fumes; abnormal odors; excessively hot earth; smoke; or other conditions that appear abnormal, may be signs of hazardous or toxic wastes and shall be treated with extraordinary caution.

Every effort shall be made by the Contractor to minimize the spread of any hazardous or toxic waste into uncontaminated areas.

The Contractor's operations shall not resume until directed in writing by the Engineer.

Disposition of the hazardous or toxic waste will be made in accordance with the requirements and regulations of any City, County, State, or Federal agency having jurisdiction.

1.21 PREVENTION, CONTROL, AND ABATEMENT OF EROSION AND WATER POLLUTION

The Contractor shall be responsible for prevention, control, and abatement of erosion, siltation, and water pollution resulting from construction of the Project until final acceptance of the Project.

The Contractor shall implement all appropriate turbidity management practices at the point of discharge into a storm sewer, gutter, or other conveyance to ensure that state water quality

standards are not violated at the point where the storm drain, gutter, or other conveyance discharges into a surface water.

All necessary provisions shall be taken to ensure compliance with the water quality standards of the State of Florida. Attention is called to Chapter 62-302, Florida Administrative Code, and in particular, the requirements that turbidity shall not exceed 29 NTUs above background level. Adequate silt containment procedures and equipment shall be used to control turbidity, at no additional cost to the City.

1.22 MAINTENANCE OF STORM DRAINAGE SYSTEM

The Contractor shall be responsible at all times to maintain the operation of existing stormwater facilities, or, when existing stormwater facilities are removed, to provide equivalent capacity alternate forms of stormwater removal adequate to prevent upstream flooding in excess of existing conditions. This responsibility shall include but is not limited to the installation of temporary connections, bypass pumping, or other temporary means necessary until the new drainage system is fully operational.

1.23 SPILL OR DISCHARGE OF WASTEWATER OR RECLAIMED WATER

The spill or discharge of any substance (e.g., wastewater, fully or partially treated reclaimed water, line or tank washwater, etc.) by Contractor or its employees, agents or subcontractors in violation of applicable laws ("Discharge") shall constitute a default of this Contract.

In the event of a Discharge, Contractor shall immediately:

- A. Report the Discharge to the City Representative and the City's Public Works Department (727-363- 9254)
- B. Control, contain, and stop the Discharge.

Within fifteen (15) days of a Discharge, the Contractor shall submit to the City a proposed corrective action plan for preventing future Discharges. Upon the City's acceptance of a corrective action plan, Contractor's compliance with such plan shall automatically become a term of the Contract. Contractor's failure to comply with the corrective action plan, or Contractor's failure to prepare a corrective action plan that is acceptable to the City, shall constitute a default of the Contract. Contractor's compliance with a corrective action plan shall not relieve Contractor of liability for damages as set forth below. In the event of a conflict between the Contract and the corrective action plan, the Contract shall prevail.

In addition to Contractor's indemnity obligations under the Contract that may arise in connection with a Discharge, Contractor agrees that the following damages will be readily ascertainable and that the appropriate remedy is the recovery of actual damages from Contractor. Such actual damages include: (i) damage to property (City and third-party) arising from a Discharge, (ii) fines imposed on the City by the Florida Department of Environmental Protection ("FDEP"), including fines imposed on the City pursuant to Consent Order OGC 16-1280 between the City and FDEP, and (iii) costs incurred by the City as a result of such Discharge, including costs imposed on the City pursuant to Consent Order OGC 16-1280 between the City and FDEP. In addition to those

Technical Specifications
Section 1 – General
Sewer System Cleaning and Inspection

readily ascertainable damages set forth above, the Contractor acknowledges that the City will suffer other indirect damages (including reputational damages) due to a Discharge that are not readily ascertainable and agrees that the Contractor shall pay the aggregate amount of \$5,000 per Discharge to the City as agreed reasonable and proportionate liquidated damages, not as a penalty. The parties acknowledge that the recovery of liquidated damages and actual damages constitutes a combination of remedies rather than an impermissible election of remedies under Florida law.

The City shall deduct all damages owed by Contractor pursuant to this paragraph from amounts due to Contractor under the Contract. In the event that the amount owed to Contractor is less than the amount of damages Contractor is required to pay the City pursuant to this paragraph, Contractor shall remit the amount of such damages owed to the City pursuant to this paragraph within ten (10) days after receipt of an invoice from the City.

The obligations and liabilities of Contractor resulting from a Discharge as set forth in this paragraph shall not limit Contractor's other obligations and liabilities set forth in the Contract or under applicable laws."

1.24 SEQUENCE OF OPERATION

1.24.01 GENERAL

The Sequence of Work shall in general conform to the following order:

1. The City or authorized city agent will determine the Work required and will issue the Contractor Work Orders authorizing cleaning and CCTV inspection work.
2. Upon receipt of the Work Orders from the City or authorized city agent and prior to commencing work, the Contractor shall obtain any applicable permits, private property entrance authorizations and develop and submit for approval a schedule for the Work detailing plans for pump around pumping and traffic control. Those pipe segments that are adjacent to each other shall be scheduled for cleaning and CCTV inspection at similar times to minimize the mobilization effort, pump around set-ups, and traffic control where feasible.
3. Perform neighborhood notification not less than 7 days prior to commencement of Work in the rights-of-way.
4. Setup and maintain bypass pumping as needed in accordance with Section 16 "Bypass Pumping"
5. Perform pipe, lateral, and access structure cleaning and inspection in accordance with the requirements of the Technical Specification Section 20 – "CCTV Inspection and Pipe Cleaning".
6. Remove bypass pumping setup and restore site to pre-inspection conditions.

1.24.02 MISCELLANEOUS

Utility Companies may be present on the work site adjusting their facilities and installing new facilities. The Contractor's work shall be scheduled in such a manner as to minimize conflicts with various utility companies.

Technical Specifications
Section 1 – General
Sewer System Cleaning and Inspection

The Contractor shall clean up the site for each phase of work in accordance with the Contract Documents and confine work and personnel to designated areas in accordance with the Specifications. Before proceeding to a subsequent phase of work, unless otherwise approved by the Engineer.

1.24.03 NO TIME EXTENSION

If the Engineer orders construction, or a phase of construction, to be stopped due to the Contractor's neglect to adhere to the Sequence of Operations as outlined herein, the Stop Work Order shall not constitute a basis for extension of time.

1.25 WORK IN STREETS AND HIGHWAYS

All work within streets and highways shall be subject to the regulations and requirements of the City of St. Pete Beach, FDOT, and all other agencies with jurisdiction of the streets and highways in the work limits.

Methods and materials of construction used in restoration within such streets and highways shall conform to the requirements, inspection, and acceptance of the duly authorized representatives of the appropriate agency having jurisdiction. Restoration Work shall include but not be limited to: removal and replacement of pavement, sidewalk, curb, and gutter; replacement of storm sewer facilities; excavation and backfilling; and storage of materials and equipment.

1.26 WORK ON PRIVATE PROPERTY AND USE OF PREMISES

The Contractor shall not trespass upon or in any way disturb private property without first obtaining written permission from the City to do so. In the event that, in the opinion of the Contractor, obtaining a temporary construction easement outside the limits of the right-of-way, of City-owned property, or of the easement(s) obtained by the City is necessary or desirable, it shall be the sole responsibility of the Contractor to obtain such easement from the owner of the property. If such easement is obtained by the Contractor, it shall contain provision to hold the City harmless from any operations of the Contractor within the easement limits. The Contractor shall not conduct construction operations on private property outside the limits of the right-of-way, of City-owned property, or of the easement(s) obtained by the City unless a copy of the Temporary Construction Easement Agreement is filed with the Engineer. It shall be the Contractor's responsibility to work equipment around poles, trees, or other obstructions and to do so at his own expense. The Contractor shall ensure all employees have a badge or visible identification during any time that they on the project site or within private property. This identification must be worn so that it is readily recognized and readable to the public.

Upon completion of work in easements, the Contractor shall, at no additional expense, restore the property, including all fences or other structures disturbed by his operations, to the full satisfaction of the City and shall obtain from the City a written release stating that restoration has been satisfactorily made. A copy of the completed written release shall be furnished to the City prior to payment. All items within the street right-of-way or sewer easement shall be removed, or removed and replaced, or restored as directed by the City.

1.27 PERMITS

Construction projects performed for the City will require licenses and permits in the same manner as private construction projects within the City.

The Contractor shall secure, at his expense, all licenses and permits, and shall comply with all applicable laws, regulations, and codes as required by the State of Florida and/or the City of St. Pete Beach whether performed by the Contractor or by others. The Contractor must be registered to complete such work within Pinellas County.

1.28 FIELD OFFICE AND APPURTENANT STRUCTURES

No field office or appurtenant structures by the Contractor, any subcontractor, or any material supplier, will be allowed on the Project site.

Space on City property or rights-of-way proposed to be used for storage and a field office for the Contractor shall be approved by the Engineer prior to installation providing such uses will not interfere in any manner with the construction of the work or the operation of existing facilities.

1.29 CONTRACTOR'S SIGN

No sign by the Contractor, any subcontractor, or any material supplier, will be allowed on the Project site.

1.30 MOBILIZATION

Mobilization shall include but is not limited to all preparatory work and operations necessary to begin the Project, including moving of personnel, equipment, traffic control, and all else necessary to commence work. The cost of bonds, insurance, shop drawings, and preconstruction expenses shall also be included.

If a separate Pay Item is included for mobilization, payment will be as specified for that Pay Item. If no Pay Item is included, costs for mobilization shall be included with the costs for the major Work items included in the Proposal.

1.31 WATER PURCHASE

Water used in connection with this Project must be coordinated with Pinellas County. Reclaimed water used in connection with this Project must be coordinated with the City.

1.32 TRAFFIC CONTROL

The Contractor shall provide required traffic controls under City observation. The Contractor shall notify the City's Project Manager a minimum of 2 working days prior to any construction affecting traffic flow. The Contractor shall be responsible for obtaining all permits required for the maintenance of traffic. A Maintenance of Traffic plan drawing shall be submitted for review by the

Technical Specifications
Section 1 – General
Sewer System Cleaning and Inspection

Engineer prior to each lane closure or opening during construction. All traffic control devices must be in place prior to starting work. All traffic control devices utilized during construction shall be provided by the Contractor and meet the requirements set forth in the latest revision of U.S. Department of Transportation Federal Highway Administration's "Manual on Uniform Traffic Control Devices for Streets and Highways", the Florida State Department of Transportation's "Standard Plans for Road and Bridge Construction", and all applicable state and local requirements. The cost of traffic control devices shall not be paid separately but shall be included in the other prices/items in the contract. The cost of maintenance of traffic shall be incidental to the contract and not measured for payment.

Failure or refusal, on the part of the Contractor, to install, maintain and/or position traffic control devices promptly, fully, and in an acceptable manner, shall be sufficient cause for the City, after 24-hour notice, to perform the traffic control with its own organization, or to contract with any other individual, firm, or corporation to perform the required traffic control. All costs and expenses incurred thereby shall be charged against the defaulting Contractor, and the amount thereof deducted from any money due, or which may become due him, or shall be charged against the Contract Bond. Any Work performed as described by this paragraph, shall not relieve the Contractor in any way of his responsibility for the work performed by him.

The Contractor shall be responsible for maintaining local traffic at all times during all phases of this Project in a manner causing the least amount of inconvenience to abutting property owners. Work shall be performed so that vehicular traffic shall be maintained on with at least one 10-foot wide lane in each direction at all times. Temporary driveways, temporary roadways, or run around as may be necessary to provide vehicular access to and from the abutting properties shall be constructed, maintained, and subsequently removed by the Contractor as directed by the City. Temporary lanes shall be constructed with a minimum 1-inch thick asphaltic concrete surface over a 6-inch thick limerock base compacted to 98% of the maximum density in accordance with AASHTO T-180. The portion of the pavement not affected by the work shall be kept clear of all material and equipment. If at any time traffic has to be blocked (emergencies only), the Contractor shall notify the nearest fire, police departments and service departments.

Failure of the Contractor to comply with any of the above traffic control requirements may result in issuance of a stop work order until the violation is corrected. The Contractor shall hold harmless the Owner and all its representation from all suits, actions, of claims of any character brought on account of any injuries or damages sustained by any person or persons or property in the performance of this contract.

All maintenance of traffic in the FDOT right-of-way shall be in accordance with FDOT requirements.

1.33 TREE PROTECTION

Particular care shall be taken by the Contractor to protect trees during construction by erecting approved barricades to prevent unnecessary damage to trunk and roots during construction. Such barriers shall protect the area within the dripline.

Technical Specifications
Section 1 – General
Sewer System Cleaning and Inspection

The Contractor shall prune all branches that interfere with construction in accordance with American Forestry Association Standards. Roots over 2-inch diameter shall be preserved wherever possible. If root pruning is required, roots shall be cut cleanly.

Temporary soil deposits, concrete block, concrete wash, or solvents shall not be placed within the dripline. The grade within the dripline shall be preserved. If adjacent grade is altered, protective measures such as those described in the Florida State Division of Forestry "Tree Protection Manual for Builders and Developers" shall be constructed to protect the tree(s) from deleterious effects of the grade change.

Where injury to branches is unavoidable, the branches shall be sawed off neatly at the trunk or main branch, and the cut area shall be painted with approved tree paint immediately.

1.34 TREE REMOVAL AND REPLACEMENT

The Contractor shall obtain any necessary tree removal permit, shall furnish and replace trees as required, and shall perform this work in a manner conforming to all applicable provisions of said regulations or permit.

The cost of tree removal and obtaining the tree removal permits shall be included in the cost of the appropriate associated Contract Pay Item under which the work is to be performed. The Contractor shall remove trees as required and approved by the Engineer whether or not said trees are shown on the Contract Drawings. Trees that must be removed, except for Australian pine, Brazilian pepper, punk, and other exempt species, shall be replaced as directed. Replacement trees shall be of native species at least 8-feet tall and at least 3-inch caliper diameter. Where damage to trees caused by Contractor results in the tree being damaged beyond saving, the Contractor, at no additional expense, shall remove the trees and make restitution to the City.

1.35 UTILITIES

Prior to construction, the Contractor shall familiarize himself with the location of all existing utilities and facilities within the Project Site. The Contractor must take the necessary precautions for the protection of any utility encountered on the Project or the restoration of any utility damaged during the work.

If excavation is required, The Contractor shall notify, at least 48 hours before breaking ground, all public or private service corporations having wire, poles, pipes, conduit, manholes, or other structures that may be affected by this operation, including all structures which are affected and not shown on these plans. Utility companies shall be contacted by calling the utility notification center "Sunshine 811" at 1-800-432-4770. Owners which are not members of the state's One Call service must be called directly. The City will furnish to the Contractor the available records of City utilities. The Contractor shall locate and mark all City utilities for his reference and for use by utility companies. The Contractor shall act as the City's agent for locating and marking City underground utilities within the Project limits, in accordance with the Florida Underground Facilities Damage Prevention and Safety Act (FS 556).

Technical Specifications
Section 1 – General
Sewer System Cleaning and Inspection

In all cases where existing utility lines may be interfered with by the work, the Contractor shall give a minimum of 48 hours' notice (excluding Saturdays, Sundays, and legal holidays) to the owners of such utilities to permit them to relocate the lines prior to construction. Existing utilities have been shown on the Contract Drawings insofar as information is reasonably available. However, it will be the Contractor's responsibility to preserve all existing utilities whether shown on the Contract Drawings or not. All maintenance, repair, and replacement of existing utilities shall be in accordance with the rules and regulations of the various utility companies having jurisdiction. All existing storm sewers, driveway drains, surface drainpipes and other property, removed or damaged during construction shall be repaired and reconnected by the Contractor as directed by the City at no additional cost to the City.

1.36 NEIGHBORHOOD NOTIFICATION

Not less than 7 days prior to the commencement of Work in the rights-of-way, the Contractor shall notify all residents and businesses along the construction route with an approved printed door hanger notice indicating the scheduled date of construction, the type of work, and the Contractor's and Superintendent's name, address, and telephone number. The notice shall contain wording indicating that the property owners or businesses should remove from the rights-of-way any bush, flower, planting, landscaping materials, etc., that they wish to save. The door hanger text and a list of residents and businesses to which the notification has been delivered shall be compiled and submitted to the City prior to the Contractor commencing Work in a particular block. After such notification, any such item remaining in the rights-of-way and requiring removal shall be removed and disposed of by the Contractor. Restoration of such items will not be required of the Contractor, except for sodding of disturbed yard and parkway areas. However, the Contractor shall exercise reasonable caution in order to avoid damaging such items where possible.

1.37 SHOP, FIELD, AND LABORATORY TESTING

The Engineer may require testing by certified personnel of certain materials to be incorporated in the Work, such as: soils density, pavement, concrete pipe and appurtenances, and welds.

In the event any such testing is required by the Engineer; a detailed description will be found in these Technical Specifications concerned with the specific item of Work.

Where reference is made for design mixes, tests of materials, or work performed, or where in the opinion of the Engineer, tests are required to ascertain compliance with the Specifications, the Contractor shall have such tests made by an approved testing laboratory. No additional payment will be made for these tests.

1.38 SALVAGED MATERIALS

The Contractor shall not proceed with demolition of existing materials or equipment without review and acceptance from the Engineer for the method of disposal.

All materials which are not returned to the City yard shall be disposed in an approved disposal site. The Engineer may request confirmation of the site's approval for disposal of the specific materials.

Technical Specifications
Section 1 – General
Sewer System Cleaning and Inspection

Salvaged materials shall be loaded on Contractor trucks and returned to the Public Services yard at 7581 Boca Ciega Drive, St. Pete Beach, Florida. The City will designate the specific location at the yard for placement of salvaged materials by the Contractor.

The following materials shall be removed and returned by the Contractor: pumps and pump rails, and all other materials as directed by the Engineer.

1.39 TIME OF PERFORMANCE, SCHEDULING, AND LIQUIDATED DAMAGES

- A. Upon award of the contract, the Contractor shall CCTV at least three (3) segments or 1,000 feet of pipe, and perform at least four (4) manhole inspections, submitting the data to the City to verify that the CCTV database is compatible with the City's PACP, MACP, and LACP Database, and the deliverables are acceptable to the City. The City shall verify acceptability of the deliverables within fifteen (15) business days of receipt. After the City verifies compatibility of the database, the City shall then issue to the Contractor a written "Notice to Proceed" including a date for commencement of work. The Contractor shall begin work on the date stated in the written "Notice To Proceed" (but no later than 10 calendar days after receipt) with an adequate force and sufficient resources to demonstrate due diligence in the performance of the contract.
- B. It is understood that the bidder may have other contracts with the City during the period of this contract. By bidding this work, the bidder is agreeing to provide an adequate number of crews in order to perform the work concurrently with due diligence and as specified in his approved schedule.

1.40 PRE-CONSTRUCTION MEETING

- A. Following award of the contract and before starting any work the Contractor, job superintendent/project manager, and crew leader shall meet with the Owner. The Contractor will be notified of the date, time, and place of the meeting.
- B. Attendance:
 - 1. Owner
 - 2. Owners Inspector
 - 3. Engineer
 - 4. Contractor's Representative
 - 5. Contractor's Superintendent
 - 6. Major Subcontractors
 - 7. Major Suppliers
 - 8. Others, as appropriate
- C. Agenda:

1. Distribution and discussion of:
 - a. List of Major Subcontractors and Suppliers.
 - b. Projected Construction Schedules.
2. Critical Work Sequencing.
3. Major Equipment Deliveries and Priorities.
4. Project Coordination.
 - a. Designation of Responsible Personnel.
5. Procedures and processing of:
 - a. Field decisions.
 - b. Requests for Information.
 - c. Submittals.
 - d. Deliverables
 - e. Change Orders.
 - f. Applications for Payment.
6. Procedures for maintaining Record Documents.
 - a. FID Nomenclature and record keeping
7. Use of Premises:
 - a. Office, Work and Storage Areas.
 - b. Owner's Requirements.
8. Construction Facilities, Controls and Construction Aids.
9. Procedures for Reporting Sanitary Sewer Overflows (SSOs).
10. Temporary Utilities.

1.41 SUBSTANTIAL COMPLETION

The applicable items below must be accomplished in order to achieve Substantial Completion:

1. Entire sewer system including access structures, pipelines, and laterals have been cleaned and CCTV inspected.
2. All inspection data has been provided in an approved format and accepted by the City.
3. Utilities are properly functioning and operating normally.
4. Contractor has met acceptance conditions of all permits.
5. Project is accessible for intended use and by normal traffic.

1.42 PAYMENT

The City will pay the Contractor the Contract Price as provided in the Contract.

The City will make partial payments monthly as the Work proceeds based on accepted CCTV inspections. Payment requests shall be signed and submitted by the Contractor to the City Representative or designee as assigned at the pre-construction meeting.

Technical Specifications
Section 1 – General
Sewer System Cleaning and Inspection

The City will make payment to the Contractor not later than fifteen (15) business days after City approval of an of the Work performed by the Contractor. Partial payments will not be made more often than monthly.

It shall be the Contractor's responsibility at all times to monitor the total constructed quantities of all unit- priced Work and to promptly bring to the attention of the Engineer any Work which, if performed will approach, equal or exceed the total estimated quantity for the item(s) shown in the Purchase Order. Any Work performed by the Contractor in excess of the estimated quantity, without permission from the City or authorized city agent, may be done at the Contractor's expense.

If an improper payment request is submitted by the Contractor, the City shall notify the Contractor in writing and indicate the corrective action needed to make the payment request proper, within twenty (20) business days after receipt of the payment request by the City. Upon receipt of a corrected and proper request for payment, the City will make payment or notify the contractor in writing of corrective action needed, within ten (10) business days of receipt.

In the event this Article conflicts with the Local Government Prompt Payment Act, the provisions of such act shall control.

The City may, with prior notice to the Contractor, decline, reduce, or delay the processing of payment requests or, because of subsequently discovered evidence or subsequent observations, may nullify, delay or reduce the whole or any part of any payment previously issued, to such extent as may be necessary in the City's opinion to protect the City from loss because of one or more of the following conditions:

- A. Defective or damaged Work not being expediently remedied;
- B. Third party claims filed or evidence indicating probable filing of such claims;
- C. Written notice from the Surety that (i) its prior consent to the payment is revoked or (ii) that the City should withhold from the payment a specified amount (in addition to the regular retainage amount);
- D. Evidence that the Work cannot be completed for the unpaid balance of the Contract;
- E. Damage to the City or another contractor;
- F. Persistent failure to carry out the Work in accordance with the Contract;
- G. Persistent failure to comply with orders of the City;
- H. Failure of the Contractor to accelerate its Work to get back on schedule.

When the above condition(s) are removed, payment shall be made for amounts withheld because of them.

1.43 CLOSE-OUT PROCEDURES

- A. Progress Meetings: Project closeout will be completed in phases by Project. The

Owner will hold progress meetings at predetermined intervals, or as determined necessary by the Owner. Items covered in the meetings include the following.

1. Punch List: This list will detail all items requiring correction, repair, or improvements in order to be accepted. The Contractor will address these items within 7 calendar days or as specified by the Owner. Failure to complete punch list items will result in a stop work notice and delay of payment until completed to the satisfaction of the Owner.
2. Reports and Submittals: Final reports, post-tapes and other submittals previously described will be finalized and submitted.
3. Review of the status of pay estimates.
4. Issue project worksheets, as necessary.
5. Work scheduling issues.

1.44 PRE-QUALIFICATIONS

- A. The successful low bidder must have an onsite field supervisor with a minimum five (5) years of experience specializing in the cleaning and televising of sewers. A foreman for each crew performing cleaning and television inspection with a minimum of five years of experience specializing in that type of work may be substituted for the onsite field supervisor requirement. The Contractor shall provide the names, titles, phone numbers and addresses of a minimum of two references that can be used to verify this experience. The references must be contract managers or persons of authority over cleaning and televising work performed by the Contractor.
 1. The Contractor shall also provide 5 similar projects with cleaning and inspection equipment as proposed for this Project.
 2. The Contractor must have foreman or supervisors meeting all pre-qualifications for the duration of the contract.
- B. PACP, MACP, LACP Requirements
 1. Current NASSCO PACP, MACP, LACP certification of all CCTV operators, working on this Project will be required for all CCTV work.
 2. Database shall be an unmodified NASSCO-PACP (Current Version) Certified Access Database.
 3. CCTV Software shall be NASSCO-PACP (Current Version) certified.
 4. CCTV inspections (Video and Data Collected) will be conducted entirely in electronic format and uploaded to the consultant's online platform in NASSCO PACP/LACP Data Exchange Format (Version 7).
- C. Asset Management and Viewing Software must:
 1. Be provided to the City for use and enable the City to efficiently assess their wastewater collection system and to make decisions regarding its maintenance, rehabilitation, repair and replacement while documenting it.

2. Have a set of performance metrics and reports that are easily configurable to meet the requirements of the City.
3. Include the PACP coding and size of all sewer lines within the Project
4. Enable the City to prepare work orders, view inputted photographs and videos of the collection system and/or individual segments or components.
5. Provide a database inventory of the collection system that can be queried and capable of report preparation.
6. Allow full access to all tabular data while connected to, or disconnected from, the internet.
7. Software package must include costs for software upgrades, licensing fees, maintenance and support fees for up to three (3) years.

1.45 REQUEST FOR SUPPLEMENTARY INFORMATION

- A. It shall be the responsibility of the Contractor to make timely requests of the City for supplemental information, which should be furnished by City under the terms of this contract, and as required in the planning and execution of the work. Such requests may be submitted from time to time as the need approaches, but each shall be filed in ample time to permit appropriate action to be taken by all parties involved to avoid delay.
- B. Each request shall be in writing and list the various items and the latest day by which each will be required by the Contractor. The first list shall be submitted within two (2) weeks after contract award and shall be as complete as possible at that time. The Contractor shall, if required, furnish promptly any assistance and information the City may require in responding to these requests of the Contractor. The Contractor shall be fully responsible for all delays arising from failure to comply with this section.

1.46 PROPERTY DAMAGE

- A. The Contractor will be required to make repairs and/or clean the property immediately if there is any damage to private or public property caused by activities related to this contract.
- B. The Contractor shall immediately investigate any and all reports of sewage backing up into fixtures served by the sewer segment that is being cleaned or televised.

END OF SECTION

SECTION 2 - PAY ITEM DESCRIPTIONS

2.01 SCOPE

The scope of this section of the Contract Documents is to further define the items included in each Pay Item in the Bid Form section of the Contract Documents. Payment will be made based on the specified items included in the description in this section for each Pay Item.

All contract prices included in the Bid Form section will be full compensation for all shop drawings, working drawings, labor, materials, tools, equipment and incidentals necessary to complete the construction as shown on the Contract Drawings and/or as specified in the Contract Documents to be performed under this Contract. Actual quantities of each item bid on a unit price basis will be determined upon completion of the construction in the manner set up for each item in this section of the Specifications. Payment for all items listed in the Bid Form will constitute full compensation for all work shown and/or specified to be performed under this Contract.

2.02 ESTIMATED QUANTITIES

The quantities shown are approximate and are given only as a basis of calculation upon which the award of the Contract is to be made. The City does not assume any responsibility for the final quantities, nor shall the Contractor claim misunderstanding because of such estimate of quantities. Final payment will be made only for satisfactorily completed quantity of each item.

2.03 WORK OUTSIDE AUTHORIZED LIMITS

No payment will be made for work constructed outside the authorized limits of work.

2.04 MEASUREMENT STANDARDS

Unless otherwise specified for the particular items involved, all measurements of distance shall be taken horizontally or vertically.

2.05 AREA MEASUREMENTS

In the measurement of items to be paid for on the basis of area of finished work, the lengths and/or widths to be used in the calculations shall be the final dimensions measured along the surface of the completed work within the neat lines shown or designated.

2.06 LUMP SUM ITEMS

Where payment for items is shown to be paid for on a lump sum basis, no separate payment will be made for any item of work required to complete the lump sum items. Lump sum contracts shall be complete, tested and fully operable prior to request for final payment. Contractor may be required to provide a break-down of the lump sum totals.

2.07 PAY ITEM DESCRIPTIONS

Separate payment will be made for the items of work described herein and listed on the Bid Form.

Technical Specifications
Section 2 - Pay Item Descriptions
Sewer System Inspection and Cleaning

Any related work not specifically listed but required for satisfactory completion of the work shall be considered to be included in the scope of the appropriate listed work items.

No separate payment will be made for the incidental items not included in the Pay Item descriptions. The cost to complete such work shall be included in the applicable Pay Item unit cost. Final payments shall not be requested by the Contractor or made by the City until as-built (record) drawings have been submitted and approved by the City. Incidental items include, but are not limited to:

1. Shop Drawings, Working Drawings.
2. Clearing, grubbing and grading except as hereinafter specified.
3. Trench excavation, including necessary pavement removal and rock removal, except as otherwise specified.
4. Dewatering and disposal of surplus water.
5. Structural fill, backfill, and grading.
6. Replacement of unpaved roadways, and shrubbery plots.
7. Foundation and borrow materials, except as hereinafter specified.
8. Testing and placing system in operation.
9. Any material and equipment required to be installed and utilized for the tests.
10. Pipe, structures, pavement replacement, driveways and/or appurtenances included within the limits of lump sum work, unless otherwise shown.
11. Maintaining the existing quality of service during construction.
12. Appurtenant work as required for a complete and operable system.
13. Seeding and hydro mulching.
14. As-built Record Drawings, clean up, and miscellaneous work.
15. Maintenance of Traffic
16. Mobilization
17. Erosion and Sedimentation Control

PAY ITEM 1.1-1.8 – PIPE CLEANING AND CCTV INSPECTION

Payment for Pipe Cleaning and CCTV Inspection will be made per linear foot for the applicable pipe diameters listed in the Proposal, regardless of depth or overall length. Measurement will be from the upstream manhole to the downstream manhole centerlines. Payment shall include all materials, labor, equipment, and supplies necessary for; full segment CCTV inspection including any reverse setups where necessary dictated by field conditions; CCTV inspection data, video and log; normal cleaning which includes, but is not limited to the complete removal and disposal of all accumulated debris within the pipe including sludge, dirt, rocks, sand, rubble, and other materials and obstructions; restoration; and all other appurtenant work as specified. Payment also includes mobilization, demobilization, and customary traffic control.

1.6	18-INCH	LF
1.7	21-INCH	LF
1.8	24-INCH	LF

PAY ITEM 2.1-2.8 – SPECIALTY CLEANING

Payment for Specialty Cleaning will be made per linear foot for the applicable pipe diameters listed in the Proposal, regardless of depth or overall length. Measurement will be based on a minimum of 50 linear feet of pipe, or the actual length of the Specialty Cleaning performed, but not necessarily for the entire pipe segment length. Specialty Cleaning of only joints within a pipe segment, or portion thereof, shall count as 2.5 feet of equivalent pipe length (For Example: 400 feet of 8" pipe with 5 ft joints, clean all joints = 80 joints x 2.5 ft = 200 feet of specialty cleaning). Equivalent joint length shall not be counted in addition to the length of a pipe segment, or portion thereof, where continuous Specialty Cleaning has been performed. Payment shall include all materials, labor, equipment, and supplies necessary for Specialty Cleaning of pipe, and specifically includes, but is not limited to; the complete removal and disposal of all accumulated debris within the pipe including grease, roots, joint sealant, tuberculation, and other adherent deposits through the use of special equipment; restoration; and all other appurtenant work as specified. Specialty Cleaning is in addition to Normal Cleaning which is covered under Pay Items 1.1 through 1.8 depending on the nature of the work. Payment also includes mobilization, demobilization, and customary traffic control.

PAY ITEM	DESCRIPTION	UNITS

2.6	18-INCH	LF
2.7	21-INCH	LF
2.8	24-INCH	LF

PAY ITEM 3 – MANHOLE INSPECTION

Payment for all work included in this Pay Item will be made at the applicable Contract unit price bid for the pre- and post-cleaning Level 1 inspection of each manhole inspected as listed on the Bid Form. Submittal shall include color CCTV footage exported electronically in a NASSCO MACP compliant format. Payment will be made for each manhole Level 1 inspected and will represent full compensation for all labor, material, disposal, testing, and equipment required to complete these Pay Items.

PAY ITEM 4.1-4.3 – BYPASS PUMPING

Payment for all work included in this Pay Item will be made at the applicable Contract unit price bid for all bypass pumping necessary to complete the cleaning and inspection of the sewer system as listed on the Bid Form. Payment will be made for each day bypass pumping occurs and will represent full compensation for all labor, material, disposal, testing, and equipment required to complete these Pay Items.

(BID ALTERNATE) PAY ITEM 5.1 – LATERAL CLEANING AND CCTV INSPECTION

Payment for Lateral Cleaning and CCTV Inspection will be made per each for the applicable lateral diameters listed in the Proposal, regardless of depth or overall length. Payment shall include all materials, labor, equipment, and supplies necessary for; full segment CCTV inspection including any reverse setups where necessary dictated by field conditions; CCTV inspection data, video and log; normal cleaning which includes, but is not limited to the complete removal and disposal of all accumulated debris within the lateral including sludge, dirt, rocks, sand, rubble, and other materials and obstructions; restoration; and all other appurtenant work as specified. Payment also includes mobilization, demobilization, and customary traffic control.

END OF SECTION

**Technical Specifications
Section 2 - Pay Item Descriptions
Sewer System Inspection and Cleaning**

THIS PAGE INTENTIONALLY LEFT BLANK

SECTION 3 - SUBMITTALS

3.01 GENERAL

When used in the Contract Documents, the term "Shop Drawings" shall be considered to mean Contractor's plans for material and equipment which become an integral part of the Project. These drawings shall be complete and detailed. Shop Drawings shall consist of fabrication, drawings, setting drawings, schedule drawings, manufacturer's scale drawings, wiring and control diagrams. Cuts, catalogs, pamphlets, descriptive literature, performance data, and test data shall be considered only as supportive to required Shop Drawings as defined above.

Data on materials and equipment shall include, without limitation, materials and equipment lists, catalog sheets, cuts, performance curves, diagrams, materials of construction and similar descriptive material. Materials and equipment lists shall give, for each item thereon, the name and location of the supplier or manufacturer, trade name, catalog reference, size, finish and all other pertinent data. Submittal distribution will be by electronic submittal as coordinated during the Preconstruction Conference.

3.02 CONTRACTOR RESPONSIBILITIES

The Contractor shall submit to the City and Engineer for review and acceptance: working drawings, shop drawings, test reports and data on materials and equipment, and material samples (hereinafter in this section called samples) as are required for the proper control of work, including, but not limited to those working drawings, shop drawings, data and samples for materials and equipment specified elsewhere in the Specifications and in the Contract Drawings.

Drawings and schedules shall be checked and coordinated with the work of all trades involved before they are submitted for review by the City and the Engineer and shall bear the Contractor's stamp of approval and original signature as evidence of such checking and coordination. Drawings or schedules submitted without this stamp of approval and original signature shall be returned to the Contractor for resubmission.

If drawings show variations from Contract requirements because of standard shop practice or for other reasons, the Contractor shall describe such variations in his letter of transmittal. If acceptable, proper adjustment in the contract shall be implemented where appropriate. If the Contractor fails to describe such variations, he shall not be relieved of the responsibility of executing the work in accordance with the Contract, even though such drawings have been reviewed.

For all mechanical and electrical equipment furnished, the Contractor shall provide a list including the equipment name and address and telephone number of the manufacturer's representative and service company so that service and/or spare parts can be readily obtained.

All manufacturers or equipment suppliers who proposed to furnish equipment or products shall submit an installation list to the City along with the required shop drawings. The installation list shall include at least five installations where identical equipment has been installed and have been in operation for a period of at least one (1) year.

No materials or equipment shall be ordered, fabricated or shipped or any work performed until the Engineer reviews and returns to the Contractor the submittals as acceptable according to the

submittal review codes in Section 3.04.

3.03 SUBMITTAL NUMBERING

When submitting shop drawings or samples, utilize a unique numbering system of the Contractors choice. Subsequent resubmittals of a revised submittal shall be denoted with a letter, A-Z, indicating the resubmission of the same drawing (i.e. A=2nd submission, B=3rd submission, C=4th submission, etc.).

An example of a submittal numbering would be as follows: Submittal No. 5A - HDPE Pipe 6.03

1. 5A is the second submission of the 5th shop drawing submitted for the project
2. HDPE Pipe is the subject of the submittal
3. 6.05 is the Specification Section for HDPE Pressure Pipe

3.04 SUBMITTAL REVIEW

Submittals shall be transmitted in sufficient time to allow the Engineer at least twenty (20) working days for review and processing. The review of shop drawings, data and samples will be for general conformance with the design concept and Contract Documents. An acceptance of a submittal shall be interpreted to mean that the Engineer has no specific objections to the submitted material, subject to conformance with the Contract Drawings and Specifications. This is not to be construed as permitting any departure from the Contract requirements, relieving the Contractor of responsibility for any errors, including details, dimensions, and materials, or approving departures from details furnished by the City, except as otherwise provided herein.

Submittals will be returned to the Contractor under one (1) of the following codes:

- A. "NO EXCEPTIONS TAKEN" is assigned when there are no notations or comments on the submittal. When returned under this code the Contractor may release the equipment and/or material for manufacture.
- B. "CORRECTIONS NOTED". This code is assigned when a confirmation of the notations and comments IS NOT required by the Contractor. The Contractor may release the equipment or material for manufacture; however, all notations and comments must be incorporated into the final product.
- C. "REVISE AND RESUBMIT". This code is assigned when notations and comments are extensive enough to require a resubmittal of the package. The Contractor may release the equipment or material for manufacture; however, all notations and comments must be incorporated into the final product. This resubmittal is to address all comments, omissions and non-conforming items that were noted. Resubmittal is to be received by the Engineer within 15 Calendar Days of the date of the Engineer's transmittal requiring the resubmittal.
- D. "REJECTED" is assigned when the submittal does not meet the intent of the Contract Documents. The Contractor must resubmit the entire package revised to bring the submittal into conformance. It may be necessary to resubmit using a different manufacturer/vendor to meet the Contract Documents.
- E. "Filed as Received" is assigned when the submittal is for informational purposes only. No review or comments will be provided by the Engineer.

END OF SECTION

SECTION 7 - SURFACE RESTORATION

7.01 GENERAL

The Work in this section includes restoring and maintaining pavements and pavement bases, curbing, sidewalks, driveways, and grass surfaces that are disturbed, damaged, or destroyed during the course of the Work under this Contract.

The quality of workmanship and materials used in the restoration shall produce a surface equal to or better than the condition before the Work began.

Prior to restoration, the Contractor shall saw cut and remove all existing pavement within 2 feet of the edge of the excavation, or within such widths as may be ordered by the Engineer.

Compaction of soil and base materials shall be tested using the AASHTO T 180 method.

Surface restoration workmanship and materials shall conform to the applicable sections of the FDOT-SSRBC.

All dirt areas disturbed shall be restored with sod, unless otherwise specified.

7.02 ROADWAY RESTORATION

Where the installation of pipe or structures occurs within an existing roadway, the limits of excavation shall be saw cut leaving a straight and square edge. The upper portion of the trench backfill shall be replaced with a compacted shell, crushed (reclaimed) concrete, or limerock base as shown on the Contract Drawings, and paved to match the surrounding surface. Replacement base material shall be the same as the existing base. Roadway restoration shall conform to the detail for shown in the Contract Drawings.

7.03 TEMPORARY PAVEMENT

Immediately upon completion of backfilling, the pavement surfaces damaged or destroyed shall be temporarily restored by placing a shell (FDOT-SSRBC Section 911), crushed (reclaimed) concrete (FDOT-SSRBC Section 204 applicable sections), or limerock (FDOT-SSRBC Section 911) base on the backfilled, compacted subgrade, and an adequate temporary asphaltic patch as shown or as approved by the Engineer. Shell crushed (reclaimed) concrete, or limerock shall be used as a base for all bituminous pavements.

Temporary work shall be maintained in a suitable and safe condition for traffic until the permanent pavement is laid or until final acceptance of the Work.

7.04 SHELL BASE

Shell base shall be constructed on the prepared subgrade to not less than 98 percent of maximum density, in accordance with the requirements of FDOT-SSRBC Section 200. The minimum compacted thickness of shell base shall conform to the detail shown on the Contract Drawings.

7.05 LIMEROCK BASE

Limerock base shall be constructed on the prepared subgrade to not less than 98 percent of maximum density, in accordance with the requirements of FDOT-SSRBC Section 911. The minimum compacted thickness of limerock base shall conform to the detail shown on the Contract Drawings.

7.06 CRUSHED (RECLAIMED) CONCRETE BASE

Crushed (reclaimed) concrete base shall be constructed on the prepared subgrade to not less than 98 percent of maximum density, in accordance with the requirements of FDOT-SSRBC Section 204. The minimum compacted thickness of crushed (reclaimed) concrete base shall conform to detail shown on the Contract Drawings.

The minimum limerock bearing ratio (LBR) value shall be 150.

7.07 ASPHALTIC CONCRETE PAVEMENT

A prime coat shall be applied to the prepared base in accordance with FDOT-SSRBC Section 300 prior to permanent asphaltic concrete pavement.

Unless specified elsewhere, all permanent asphaltic concrete pavement replacement shall be constructed in accordance with the requirements of FDOT-SSRBC Sections 320, 330, 334, and 337. Surface types and compacted thickness shall conform to the detail shown on the Contract Drawings.

7.08 BRICK PAVEMENT

Construction of brick pavement shall follow the details as shown on the Contract Drawings and City standard practice using City standard paving brick or red clay brick conforming to ASTM C 32, Grade SS with City standard dimensions.

Brick street abutting asphalt pavement shall have a minimum 6-inch-wide flush Type A Header Curb.

7.09 CURB AND GUTTER

All permanent restoration of street curb, or curb and gutter, shall be of the same type and thickness as the curb, or curb and gutter, which abuts. The grade of the restored curb, or curb and gutter, shall conform to the grade of the existing adjacent curb, or curb and gutter, so that positive drainage is maintained.

7.10 CONCRETE SIDEWALK

The restoration and construction of concrete sidewalks shall conform to applicable requirements of FDOT-SSRBC Section 522 and the Contract Drawings and shall be constructed where shown on the Contract Drawings and directed by the City. Sidewalk expansion joints with bituminous filler shall be installed at a maximum of 50-foot intervals on center and struck joints shall be spaced equidistant with walk width (joints wider than 6 feet shall be spaced as directed by the City). Where new construction is to be tied into existing facilities, the old material is to be removed back to the

Technical Specifications
Section 7 – Surface Restoration
Sanitary Sewer Inspection and Cleaning

nearest construction joint, or sawcut to a straight line as directed by the City or Engineer. The soil under sidewalks and driveways shall be compacted to 98 percent of the maximum density.

New sidewalks shall be 4 inches thick. Concrete pour for walk construction shall be made only on dampened subgrade. A soft broom finish shall be given the walk surface as directed by the Engineer.

Sidewalks crossing driveways shall be constructed according to the Specifications for concrete driveways.

Curb ramps for physically handicapped shall be constructed at all locations where sidewalks cross the curb or where directed by the Engineer. Those existing sidewalks which are removed to accomplish associated work as a part of this Project shall be replaced with a curb ramp when the sidewalk crosses the curb. The cost of curb ramps shall be included in the appropriate proposal item for sidewalk restoration.

Where sidewalks are replaced, the replacement shall be the full width of the walk and the minimum length shall be 60 inches. Restoration of adjacent lawn is incidental to sidewalk replacement and no separate payment will be made therefore.

7.11 HEXAGON BLOCK SIDEWALK

The restoration and construction of hexagon block sidewalks shall conform to the details shown on the Contract Drawings and City standard practice using City standard hexagon blocks.

The soil under sidewalks and driveways shall be compacted to 98 percent of the maximum density. New hexagon block sidewalks shall be 2 inches thick.

Curb ramps for physically handicapped shall be constructed at all locations where sidewalks cross the curb, or where directed by the City or Engineer. Those existing sidewalks which are removed to accomplish associated work as a part of this Project shall be replaced with a curb ramp when the sidewalk crosses the curb. The cost of curb ramps shall be included in the appropriate Pay Item for sidewalk restoration.

Where sidewalks are replaced, the replacement shall be the full width of the walk. Restoration of adjacent grass is incidental to sidewalk replacement and no separate payment will be made therefore.

7.12 DRIVEWAY AND PARKING LOT

Except as otherwise specified, all permanent restoration of base and surface of driveways, parking aprons, and sidewalks shall match the materials, thicknesses, elevations, lines, and grades of the existing construction, all to the Engineer's satisfaction. Patching of Portland cement driveway areas will not be allowed between joints or dummy joints.

For areas where streets are to be paved, or where more than 50 percent of the driveway apron is disturbed, concrete or brick driveways shall be replaced in kind. All other driveways, including shell and dirt, shall be restored with an asphalt concrete surface from the street to the property line or front of sidewalk, as directed by the City or Engineer.

Technical Specifications
Section 7 – Surface Restoration
Sanitary Sewer Inspection and Cleaning

All base compaction under driveways shall be to a minimum density of 98 percent of the maximum density.

7.13 DRIVEWAY - ASPHALT

Residential asphalt driveway restoration shall include 1-inch thick asphaltic concrete surface over 2 inches of compacted sand-asphalt hot mix base, or 5 inches of compacted limerock or shell base.

Commercial asphalt driveway restoration shall be constructed of 1-inch thick asphaltic concrete surface over 8 inches of limerock base compacted in 2 lifts.

7.14 DRIVEWAY - CONCRETE

The restoration and construction of concrete driveways shall conform to applicable requirements of FDOT-SSRBC Section 522 and the Contract Drawings and shall be constructed where shown on the Contract Drawings and directed by the City or Engineer.

Residential concrete driveway restoration shall be 5 inches thick and shall include placing a single layer of 6-inch by 6-inch wire mesh (WWF 6 x 6 - W1.4 x W1.4).

Commercial concrete driveways shall be 6 inches thick with a double layer of 6-inch by 6-inch wire mesh (WWF 6 x 6 - W1.4 x W1.4).

7.15 DRIVEWAY - PEAGRAVEL

Where less than 50 percent of the driveway apron is disturbed, pea gravel driveways shall be restored to match the existing driveway. Pea gravel driveway restoration shall include asphalt treated shell base 5 inches thick after compaction to a minimum density of 98 percent of the maximum.

7.16 DRIVEWAY - SHELL

Where less than 50 percent of the driveway apron is disturbed, shell driveways shall be restored to match the existing driveway. Shell driveway restoration shall be 5 inches thick after compaction to a minimum density of 98 percent.

7.17 GRASS

7.17.01 SODDING

Sod shall be planted as soon as practical after paving, pipeline, or other work has been completed. Sodding shall always be used over seeding.

All work and materials shall meet the applicable requirements FDOT-SSRBC Section 570 (Sodding).

Sodding shall be done as directed by the Engineer, using only material which, in the opinion of the Engineer, is healthy and free of weeds, and (unless specified otherwise by the Engineer) of the same variety predominating at time of removal. Sod may be St. Augustine, Bahia, or other varieties as selected by the Engineer.

Sod shall be planted within 72 hours of being cut. Only moist, green sod having a virile root system may be planted. Sod shall be cut into adjacent sod to provide a smooth surface, and "top dressed" where necessary. Sod shall be rolled or tamped after planting to provide a uniform and consistent grade.

7.17.02 GRASS MAINTENANCE

The Contractor shall properly water and otherwise maintain all seeded and sodded areas for a minimum of 60 consecutive calendar days after completion of sodding operations. After the 60 days, and upon receipt of written request from the Contractor, the Engineer will inspect the areas for acceptance by the City. Any area that is washed or eroded, fails to show a uniform stand of healthy, vigorous grassing, or does not appear to be otherwise developing satisfactorily, shall be re-sodded and maintained until suitable for acceptance by the Engineer.

In the event that the stand of grass is found to be contaminated by weeds or other undesirable growth, the Contractor will be required to effectively eliminate such undesirable growth at his own expense.

7.18 EXPANSION JOINT MATERIAL

Expansion joint material for concrete pavement surfaces, including sidewalks and driveways, shall be the bituminous strip type, 1/2-inch thick, and shall conform to applicable requirements of FDOT-SSRBC Section 932.

END OF SECTION

**Technical Specifications
Section 7 – Surface Restoration
Sanitary Sewer Inspection and Cleaning**

THIS PAGE INTENTIONALLY LEFT BLANK

SECTION 16 - SANITARY SEWER BYPASS PUMPING

16.01 SCOPE OF WORK

The Contractor shall furnish all labor, materials, equipment and incidentals required to maintain existing and anticipated flows within the affected portion of the collection system throughout the construction period.

16.02 PUBLIC IMPACTS

The contractor shall not create a public nuisance due to excessive noise or dust, nor impact the public with flooding of adjacent lands, discharge of raw sewage, or release of other potential hazards, nor shall he encroach on or limit access to adjacent lands. No extra charge may be made for increased costs to the contractor due to any of the above.

16.03 SUBMITTALS

The Contractor shall, within 30 days of the date of the Notice to Proceed, submit to the Project Manager a detailed Bypass Pumping Plan for each site by-pass pumping will be needed. The Bypass Pumping Plan shall address all measures and systems to prevent a sanitary sewer overflow (SSO) as defined by the EPA. The Plan shall include as a minimum:

- A. Working drawings and sketches showing work location, pump location, piping layout & routing. Show all proposed encroachment and access impacts on adjacent properties or facilities.
- B. Pump, control, alarm and pipe specifications or catalog cuts. Detailed sketch of controls and alarm system.
- C. Power requirements and details on methods to provide by-pass power or fueling.
- D. Calculation and determination of response times to prevent an SSO after a high-water alarm.
- E. Procedures to be taken in case of power, pump, or piping failures; including contact names and numbers for emergency notifications.
- F. Frequency and specific responsibility for monitoring pump operation, fuel levels, pump maintenance and entire length of piping.

16.04 EQUIPMENT

- A. Pumps:
 - 1. By-pass pumping system shall consist of at least a primary pump and a backup pump. Each pump shall have a minimum pumping capacity of 150% of the anticipated peak flows. When bypassing a pump station, 150% of the lift station capacity (G.P.M. & T.D.H) shall be provided.
 - 2. Pumps shall be low noise or sound attenuated. The noise level at any operating condition, in any direction, shall not exceed 70dBA at a distance of twenty-three (23) feet (7 meters) from the pump and/or power source.

- B. Controls:

The by-pass pump system shall be equipped with automatic controls and an alarm system. The

Technical Specifications
Section 16 – Sanitary Sewer Bypass Pumping
Sewer System Inspection and Cleaning

automatic controls will automatically start the backup pump in the event of a high-water condition or failure of the primary pump. The alarm system will immediately notify the Contractor of a pump failure or high-water condition.

C. Pipe:

Pipe shall be of adequate size and capacity to match the pumps. Pipe type and materials will depend on the particulars of the site conditions and shall be detailed in the Bypass Pumping Plan. Contractor will provide all connections.

16.05 SITE CONDITIONS

Site conditions will vary by site. Contractor is responsible to determine and address requirements such as traffic control, excavation, connections & fittings, impacts on access to adjacent properties, routing and support of by-pass piping, etc., in the Bypass Pumping Plan.

16.06 ON-SITE MONITORING

- A. The Contractor shall have personnel experienced with the pumps and controls on site within the calculated response time to prevent an SSO after a high-water alarm.
- B. During by-pass operations, the Contractor shall have posted on site with the permit, a copy of the approved Plan and the name and 24-hour contact number of the primary response person, the job site superintendent, and the construction company owner.

16.07 OPERATIONS

- A. The Contractor is responsible for securing and providing power, fuel, site security, traffic control and all other supplies, materials and permits required for the by-pass pumping.
- B. Contractor shall demonstrate automatic pump switching and alarm system to the satisfaction of the City of St. Pete Beach, prior to beginning by-pass pumping.

Satisfactory demonstration shall be documented by the engineer's, PM's or the City's dated signature on the posted copy of the approved Bypass Pumping Plan.

16.08 DAMAGE RESTORATION & REMEDIATION

- A. The Contractor shall be responsible for any pre-pump notifications, all restoration of pre-pump conditions and any damage caused by by-pass operations.
- B. Should there be an SSO caused by or as a direct result of the by-pass pumping, the contractor is responsible for all immediate & long term response, notifications, clean up, mitigation, etc. Copies of all written response plans, notifications, documentation, mitigation plans, etc., shall be submitted to the City.

END OF SECTION

Technical Specifications
Section 16 – Sanitary Sewer Bypass Pumping
Sewer System Inspection and Cleaning

THIS PAGE INTENTIONALLY LEFT BLANK

SECTION 20 – CCTV INSPECTION AND PIPE CLEANING

20.01 SCOPE OF WORK

The essential portions of the proposed Work for the Project are summarized as follows:

The Contractor shall furnish all labor, material, equipment, and services necessary for cleaning of wastewater gravity collection system components to facilitate proper Closed Circuit Television (CCTV) video inspection in accordance with National Association of Sewer Service Companies (NASSCO) Pipeline Assessment Certification Program and Lateral Assessment Certification Program (PACP/LACP) standards. The Work shall be completed at locations identified on the Work Orders issued by the City of St. Pete Beach and inside the service area, and shall include, but is not limited to: cleaning, removal, and disposal of all sand, rubble, deposits, and other accumulated debris in the pipe, manholes, and laterals; Closed Circuit Television (CCTV) video inspection; maintenance of traffic; bypass pump around and/or diversion of wastewater flows; project site cleanup and restoration; and all other incidentals as required and directed by the City to complete the Work.

The list of anticipated Work locations under the Initial Term of this Project is not inclusive and may change as the City's prioritization schedule changes; however, it may represent the areas where cleaning and CCTV inspections are anticipated to be assigned under this Project.

All City assets will be identified using the established facility identification code (FID) for all inspection reports, geographical exhibits, data sets, and asset management tasks. Assets may include, but not be limited to, manholes, clean outs, gravity mains, force mains, air release valves, and conflict structures. Asset FIDs will be provided to the Contractor prior to the start of the inspection. Failure to utilize the FID could result in additional inspection at the Contractor's expense.

20.02 CLEANING OF GRAVITY COLLECTION SYSTEMS

A. GENERAL

The Work in this section includes cleaning of wastewater gravity collection system components prior to inspection to permit proper Closed Circuit Television (CCTV) video inspection. Gravity collection system components shall be defined as access structures (including manholes, inlets, vaults, junctions, wet wells, and end of line cleanout), and gravity main pipe segments between two adjacent access structures.

The Contractor shall furnish all materials, labor, equipment, and services necessary for cleaning of wastewater collection systems including, but not limited to: traffic control, locating access structures, removal of roots and other materials that require the use of specialty equipment defined as specialty cleaning, disposal of waste and sediment, surface restoration, and cleanup of the Work site.

The Contractor is advised that this Contract requires work in active wastewater collection systems and shall follow all federal, state and local requirements for safety in confined spaces. The Contractor shall conform to all guidelines by the Occupational Safety and Health Administration (OSHA) Federal Regulations; 29 CFR Ch. XVII, Section 1910.146 Confined Space Entry.

B. SUBMITTALS

The Contractor shall submit the cleaning equipment product data to the City Representative in accordance with Specification Section 03 - "Submittals".

C. PRODUCTS

a) Cleaning Equipment

1. The collection systems shall be cleaned with industry standard truck-mounted high velocity hydro-cleaning equipment. No mechanical bucket machinery will be acceptable for the cleaning process. The equipment shall be provided with a minimum of 600 ft of one-inch ID high-pressure hose with a selection of high velocity nozzles, as required for the normal cleaning and specialty cleaning operations.
2. The equipment shall have a minimum usable water capacity of 1000 gal. The pumps shall be capable of delivering a minimum 60 gpm at 3000 psi. Pressure to the nozzle shall be regulated by a relief valve, adjustable from 0 to 1,500 psi minimum. The nozzles shall produce a scouring action from 15 to 45 degrees in all size pipes to be cleaned. The equipment shall carry its own 1,000 gal water tank capable of holding corrosive or caustic cleaning or sanitizing chemicals, engines and pumps, and a hydraulically-driven hose reel. The equipment shall also include a high velocity washing hose for ancillary cleaning of the walls and floor of manholes. The hose shall have an adjustable nozzle capable of producing flow from a fine spray to a solid stream. All controls shall be located so that the equipment can be operated above ground.
3. The Contractor shall provide equipment capable of removing all sand, dirt, rocks and other debris to allow unobstructed CCTV inspection of all internal pipe surfaces.
4. The Contractor shall certify that backup cleaning equipment, including machines, devices, tools, etc., is available and can be delivered to the site within 24 hours.
5. The Contractor shall provide specialty cleaning equipment capable of mechanically removing all attached, hardened and/ or cemented debris including, but not limited to, roots, grease, calcification, tuberculation, joint sealant, other hardened or tightly adherent deposits, etc. which cannot be removed by the use of industry standard high velocity hydro-cleaning equipment alone. Specialty equipment shall include, but is not limited to, a root saw, spring blade root cutter chuck or approved equal. The use of specialty cleaning equipment may be waived by the City Representative where the Contractor's personnel can enter the pipe and manual removal is acceptable.

D. EXECUTION

a) Cleaning

1. After determining the preliminary requirements and the feasibility of effective CCTV inspection, the Contractor shall thoroughly clean all required access structures and pipe segments as required to permit an unrestricted inspection by industry standard CCTV inspection equipment. Particular emphasis shall be afforded the removal of accumulated grease, roots, sand, rocks, bricks, sludge and other debris so that the CCTV inspection will clearly show all portions of the pipe being inspected.

2. Particular care should be taken to avoid flooding house connections during hydro-cleaning operations. Any blockages of building service connections resulting from the cleaning or other items of work shall be removed by cleaning of the building connection by the Contractor, at his own expense. Any damage caused by flooding of building service connections shall be corrected by the Contractor, at his own expense.
3. Acceptance of pipe segment cleaning shall be made upon the successful completion of the CCTV inspection and shall be defined as removing sufficient material to permit an unrestricted view of the pipe internal surfaces and to ensure an effective rehabilitation of the pipe segment, all to the satisfaction of the City Representative. If CCTV inspection shows the cleaning to be unsatisfactory, the Contractor shall be required to repeat the cleaning and CCTV inspection of the pipe segment at no additional cost to the City.
4. Except during drought conditions, water required for the cleaning will be provided by the City at locations to be specified by the City. The City shall furnish and install water meters at all points where water is drawn from the City's supply. The City will charge a fee for the water used. A backflow prevention device shall be used to prevent contamination of the potable water system. The Contractor is responsible for any damage resulting from improper operation of hydrants. Do not use or obstruct a fire hydrant when there is a fire in the area.
5. The Contractor shall not waste water from the public water supply because of improper connections or from hydrants left open.
6. The Contractor shall remove all bricks, rocks, debris, sludge, dirt, sand, grease, roots and other materials from the pipe segment ordered to be cleaned, and collect and remove the resulting debris from the downstream manhole of the pipe segment. Passing waste material between manholes, causing accumulations of sand, system stoppages, or damage to the pumping equipment shall not be permitted. When necessary, a dam trap or weir and screen shall be temporarily installed in the downstream manhole in such manner that debris and solids shall be trapped and retained for subsequent removal.
7. During hydro-cleaning, the Contractor shall restrict the flow level in the pipe to a maximum of 50 percent of the pipe diameter.
8. Waste and debris cleaned from the pipe segment shall be removed at the downstream manhole by pumps or other means. The discharge and drainage stream shall be returned downstream to the wastewater collection system for disposal. Under no circumstances shall wastewater or solids be dumped onto the ground surface, street, or into ditches, catch basins or storm drains. All solid and semi-solid debris resulting from the cleaning operations shall be removed from the site and properly disposed of. The contractor is responsible for transporting the debris and must properly dispose of excess water from the debris as required by disposal site.
9. Where access to manholes in easements and rights-of-way is required, the Contractor shall obtain permission from the homeowner for equipment access. Refer to the Technical Specification Section 01 – "General".
10. Barricades and warning signs shall be used in work areas and around open manholes. The Contractor shall furnish and maintain traffic controls and safety devices as required. Employ satisfactory precautions to protect the pipe and manholes from damage that might be inflicted by improper selection of the cleaning process or improper use of the equipment. Immediately notify City Representative if fresh soil, pieces of pipe, or other visible signs of potential problems occur during cleaning operation. When using hydraulically propelled devices, take precautions to ensure that the water pressure created does not cause damage or flooding to public or private property. Do not surcharge the wastewater beyond the elevation that could cause overflow of wastewater into area waterways or buildings, or onto the ground.

11. The Contractor shall clean upstream reaches of the system before the downstream reaches are cleaned. Hydro-cleaning equipment shall typically be inserted in the downstream manhole of the pipe segment, and the cleaning work shall proceed from upstream to downstream. Winching equipment used shall not damage the pipe or manholes.

b) Cleaning Classification

1. Normal Cleaning includes the removal of sludge, sand, silt, rocks, gravel and other loose and non-adhering debris regardless of the amount in an unlimited number of passes and requires a minimum of two passes with the high velocity hydro-cleaning equipment. The first pass shall be restricted to 800 psi at the nozzle head. The second and subsequent passes shall be at 1200 psi.
2. Specialty Cleaning includes Normal Cleaning criteria and also consists of removal of all attached, hardened and/ or cemented debris including, but not limited to, roots, grease, calcification, tuberculation, joint sealant, other hardened or tightly adherent deposits, etc. which cannot be removed by the use of industry standard high velocity hydro-cleaning equipment alone. Specialty Cleaning consists of an unlimited number of passes using specialty cleaning equipment (or other methods as approved by the City Representative) in conjunction with high velocity hydro-cleaning equipment. All pipes shall be restored to at least 95 percent of their nominal diameter. Joint sealant shall be removed to within $\frac{1}{4}$ inch of the pipe wall. Specialty Cleaning only for the removal of excessive joint sealant will generally not be required until just prior to lining of the pipe segment (if necessary), unless the joint sealant prevents the passage of the CCTV inspection equipment. Specialty Cleaning shall only be undertaken when specifically authorized by the City Representative.

c) Final Acceptance of Pipe Cleaning

Acceptance of pipe segment cleaning shall be made upon the successful review of the CCTV inspection by the City Representative. If the CCTV inspection shows the cleaning to be unsatisfactory, the Contractor shall be required to repeat the cleaning and CCTV inspection of the pipe segment until the cleaning is shown to be satisfactory. Such repeat cleaning and CCTV inspection shall be made at the Contractor's expense.

20.03 CLOSED CIRCUIT TELEVISION INSPECTION

A. GENERAL

The Work in this section includes Closed Circuit Television (CCTV) video inspection of wastewater collection system gravity main pipe segments between adjacent access structures (including manholes, inlets, vaults, junctions, wet wells, and end of line cleanout) and sewer laterals. CCTV inspection shall be defined as video inspection of the pipe interior after cleaning. CCTV inspection shall identify the location of service connections and pipe segment defects that may require rehabilitation.

The Contractor shall furnish all materials, labor, equipment, and services necessary for CCTV video inspection of wastewater collection system pipe including, but not limited to: traffic control, locating access structures, bypass pumping and/ or diversion, delivery of video inspection data, surface restoration, and cleanup of the Work site.

The Contractor is advised that this Contract requires work in active wastewater collection

systems and shall follow all federal, state and local requirements for safety in confined spaces. The Contractor shall conform to all guidelines by the Occupational Safety and Health Administration (OSHA) Federal Regulations; 29 CFR Ch. XVII, Section 1910.146 Confined Space Entry.

B. QUALIFICATIONS

CCTV inspections shall be in accordance with the National Association of Sewer Service Companies (NASSCO) Pipeline Assessment Certification Program and Lateral Assessment Certification Program (PACP/LACP) standards and performed by NASSCO PACP/LACP certified inspectors. The Contractor shall have experience in the CCTV inspection of vitrified clay pipe, concrete pipe, and other pipe materials typically found in wastewater collection systems.

C. SUBMITTALS

Submitted CCTV inspections become the property of the City. The Contractor shall maintain a master copy of all CCTV inspection data until final acceptance of the project. The CCTV inspection video shall not be edited. The Contractor shall submit the following to the City Representative in accordance with Specification 02 – “Submittals”.

1. A complete listing of the number of and each major equipment type, including product brand name and product manufacturer, to be employed by the Contractor/Subcontractor. All equipment manufacturer's operational guidelines for the equipment to be used.
2. All final video and data from CCTV inspection surveys where payment is being requested shall be furnished on a portable Universal Serial Bus (USB) hard drive along with PDF reports of inspection surveys and be exported in a NASSCO PACP/LACP Data Exchange Format geodatabase Version 7 (PACPv7.gdb).
3. Prior to the beginning of any work, a sample PACP/LACP/MACP database and video demonstrating compliance with the requirements above shall be submitted to the City Representative

D. PRODUCTS

a) Equipment

1. **CCTV Equipment:** Select and use CCTV equipment that shall produce a high quality color video.
2. **Pipe Inspection Camera:** Produce a video using a pan-and-tilt, radial viewing, pipe inspection camera that pans ± 275 degrees and rotates 360 degrees. Use a camera with an accurate footage counter, which displays on the monitor the exact distance of the camera from the centerline of the starting manhole. Use a camera with camera height adjustment so that the camera lens is always centered at one-half the inside diameter in the pipe being televised. Only self-propelled cameras shall be used to provide an unobstructed view of the pipe. Provide a lighting system that allows the features and condition of the pipe to be clearly seen. A reflector in front of the camera may be required to enhance lighting in dark or large diameter pipe. The camera shall be operative in 100 percent humidity conditions. The camera, television monitor and other components of the video system shall be capable of producing a minimum 700-line resolution colored video picture. Picture quality and definition shall be to the satisfaction of the

City Representative, if unsatisfactory, equipment shall be removed and no payment made for an unsatisfactory inspection.

3. **Video:** Video shall be recorded and exported to a digital online database (PACPV7.gdb) and on a portable USB hard drive, as required by the City Representative.
 - a. Only one pipe segment inspection shall be permitted in each video file. The Contractor shall not be permitted to start a portion of a televised segment on one video file and finish on another. Reverse inspections shall be included in the same video file or may be in a separate video file.
 - b. Data exported to the digital online database shall include at minimum the following information:
 - 1) Project Name, Work Order Number and Site Location
 - 2) Contractor's name
 - 3) Lift Station Basin
 - 4) Video Filenames
 - 5) Date Submitted
4. The Contractor shall provide with each video an up-to-date PACP/LACP compliant report that shall include the header data, pipe defects, service connections, and PACP/LACP Condition Grading System ratings for the structural and operational & maintenance defects.
5. The Contractor shall provide a detailed header at the beginning of each video file and log sheet. At a minimum the header shall include:
 - a. Project Name, Project Number and Site Location
 - b. Contractor's Name
 - c. Operator's Name and PACP & LACP Certification Number
 - d. Inspection Date
 - e. Lift Station Basin Number (if applicable)
 - f. Gravity Main FID
 - g. Upstream and Downstream manhole FID
 - h. Street Name and Number (Mainline Inspections Only)
 - i. Upstream and Downstream Rim to Pipe Invert Depth (Mainline Inspections Only)
 - j. Upstream and Downstream Grade to Pipe Invert Depth (Mainline Inspections Only)
 - k. Survey Direction (Upstream or Downstream)
 - l. Method of Flow Control (Not controlled, bypass, or plugging)
 - m. Pipe Shape and Size
 - n. Pipe Total Length
 - o. Pipe Surveyed Length
 - p. Pipe Joint Length
 - q. Pipe Material
 - r. Lateral service address
 - s. Lateral GIS Location Tag Value or ID
 - t. Lateral pipe use
 - u. Lateral size
 - v. Lateral material
 - w. All concurrent data as outlined above for any reverse set ups with linking identifier as determined the City or authorized city agent.
7. The Contractor shall superimpose a footage counter on the screen that runs continuously during the course of each video file.

E. EXECUTION

a) Televising

1. After completion of cleaning in accordance with the requirements of Technical Specification headed "Cleaning of Gravity Collection Systems", conduct CCTV inspection of the pipe segment to document the condition of the pipe segment and to locate existing service connections. The CCTV inspections shall be of sufficient quality to evaluate the condition of the pipe in accordance with NASSCO PACP/LACP standards, locate the service connections, and verify cleaning.
2. Perform CCTV inspection of pipe segments as follows:
 - a. Perform post-cleaning CCTV inspection immediately after pipe cleaning and before any pipe rehabilitation work. Verify that the pipe is clean.
 - b. Collect inspection video at each service connection for an extended period to better understand the flow from each service connection. The camera shall be positioned at each service connection for a sufficient duration to determine the nature of flow and condition of the connection (minimum of 15-seconds). If a service connection is in use, the Contractor shall pause the inspection until domestic flow has ceased. Any service connection inspection deemed unacceptable by the City Representative shall be re-televised by the Contractor at no additional cost to the City.
 - c. Videos shall pan beginning and ending manholes including pipe connection area to demonstrate that all debris has been removed. Camera operator shall slowly pan each service connection, significant defects, clamped joints, and pipe material transitions.
 - d. The accuracy of the measurements for location of defects, service connections, etc. cannot be stressed too strongly. Marking on cable, or the like, which would require interpolation for depth of manhole, shall not be allowed. The footage measurement device shall be accurate to one-tenth of a foot over the entire length of the pipe segment being inspected. Prior to recording the location of a defect, service connection, etc., slack in the cable of the CCTV inspection camera shall be taken up to assure the measuring device is designating proper footage. Accuracy of the measurement device shall be checked daily by use of a walking meter, roll-a-tape, or other suitable means.
 - e. Camera distortions, inadequate lighting, dirty lens, blurred/ hazy picture, or excessive debris, or excessive water depth shall be cause for rejection of the CCTV inspection for that pipe segment. Any pipe segment CCTV inspection deemed unacceptable by the City Representative shall be re-televised and a new video and report provided by the Contractor at no additional cost to the City. Payment for CCTV inspection and subsequent rehabilitation shall not be made until the City Representative approves the quality of the video and logs.
3. CCTV inspection video shall be continuous for a pipe segment between manholes. Do not leave gaps in the video of a segment between manholes and do not show a single segment on more than one video, unless specifically allowed by the City Representative.
4. Where access to manholes in easements and rights-of-way is required, the Contractor shall obtain permission from the homeowner for equipment access. Refer to Specification 01 – "General".
5. The Contractor shall notify the City Representative of locations or pipe segments with defect scores of 5 to allow for prompt repair or replacement of the defective pipe.
6. During an inspection, unknown laterals or those without provided FIDs, shall receive a temporary designation based on the property addresses in which the lateral was inspected. For a property address (e.g., 123 Main Street) the temporary lateral designation shall be 123MainStreet (SSL1). A 2nd lateral found on the same property will have lateral designation

123MainStreet (SSL2). A new inspection shall be started for each lateral segment. The City will assign a permanent number at a later date.

7. In the event an unknown manhole is discovered during an inspection, the unknown manhole between upstream MH0021 and downstream MH0022 shall receive a temporary designation of MHA0021. A 2nd manhole found between the above manholes would be designated as MHB0021. A new inspection shall be started for each pipe segment. The City will assign a permanent number at a later date.

b) Flow Control

1. Perform CCTV inspection of one pipe segment at a time. Adequately control the flow in the segment being televised. The Contractor shall use pipe plugs in the upstream manhole to control the depth of flow where feasible. Do not exceed the depth of flow as follows:

Pipe Diameter (Inches)	Depth of Flow (Percent of Pipe Diameter)
6 - 10	10
12 - 24	15
>24	20

2. If the wastewater flow depth exceeds the maximum allowable during the CCTV inspection of a pipe segment, reduce the flow depth to an acceptable level by performing the CCTV inspection during minimum flow hours, by "Bypass Pumping", by high-velocity jet nozzle or other acceptable dewatering means. Video made while floating the camera is not acceptable.

c) Passage of CCTV Camera

1. Do not propel the television camera through the pipe segment at a speed greater than 30 feet per minute and no slower than 15 feet per minute unless the inspection is stopped for service connection or defect viewing.
2. If the camera is unable to pass an obstruction during CCTV inspection of a pipe segment, televise the segment from the other direction (reverse setup) in order to obtain a complete CCTV inspection of the segment.
 - a. When the camera is proceeding in the opposite direction in order to survey on either side of an obstruction and a second obstruction is encountered away from the first obstruction, the inspection may be terminated and the Contractor shall be paid for the length of the pipe segment inspected.
 - b. The City Representative makes no guarantee that pipe segments specified for CCTV inspection are clear for the passage of the Contractor's cleaning and CCTV equipment. Select the appropriate equipment, tools, and methods for securing safe passage of the equipment. The Contractor shall be responsible for all costs associated with the retrieval of cleaning and CCTV inspection equipment that become stuck in the system. These costs include, but are not limited to, "Bypass Pumping" and any resultant restoration, all in accordance with City standards. The City reserves the right to remove the Contractor's stuck equipment from the system if the Contractor fails to do so in a timely manner. All costs incurred by the City to remove the Contractor's stuck equipment from the system shall be paid by the Contractor.
3. Report any variations between previous reported (existing data) conditions and the actual

conditions encountered to the City Representative.

4. Provide a full 360-degree view of pipe, joints, defects and service connections. Conduct CCTV inspection separately from cleaning operations in order to provide a clear view unobstructed by splashing or dripping.

d) CCTV Inspection Data Submission Requirements

1. The Contractor shall upload all data in NASSCO PACP/LACP/MACP format to the City provided Info360 Asset geodatabase. The Contractor will be provided a dedicated login with appropriate field access permissions, enabling them to upload inspection data and media directly into the system.
2. The Contractor shall upload three (3) draft inspection reports to the Info360 Asset geodatabase for review by City/Engineer. Upon review and approval of the geodatabase submission data the Contractor may submit inspection reports as the data is collected or at minimum on a monthly basis.
3. All CCTV inspections shall be performed referencing the City's correct wastewater asset FIDs and use City standard file naming conventions. The City Representative may provide the City's asset master list to the Contractor (where requested). The Contractor may not alter or edit the City's asset master list without prior approval from the City Representative. All CCTV inspections shall be created referencing the City's lift station basin as the drainage area. All asset names and format used shall match City FID within the City's asset master list or Plans. Where asset names on maps (which may reference older style name ids) conflict with asset names on Work Orders or Worklist, the Work Order or Worklist name shall govern.
4. The CCTV inspection video files shall be encoded using MPEG1 or MPEG2 standards, or other as approved by City in writing, and shall be capable of producing a minimum 700 line resolution color video picture, 30 frames per second, and bitrate of 1.5 megabit per second. Extraneous video coverage before and after the completion of the pipe segment CCTV inspection shall be edited out by the Contractor to minimize the size of the associated digital video file.
5. Once inspections are completed and data is reconciled, an additional database must be exported in the universally compatible format (PACPV7.gdb) and included in the final deliverable package.

e) Field Quality Control

1. Contractor shall not allow wastewater or solids to be released from the wastewater system onto streets or into ditches, catch basins, stormwater drains, stormwater manholes, etc.
2. Acceptance of pipe cleaning and rehabilitation work is contingent upon the successful completion of the CCTV inspection. If the CCTV inspection video is not acceptable or shows that debris, solids, sand, grease, or grit remains in the pipe, the CCTV inspection and/ or cleaning shall be considered unsatisfactory. The cleaning and CCTV inspection of the pipe segment shall be repeated at the Contractor's expense until it is satisfactory.

END OF SECTION

Technical Specifications
Section 20 – CCTV Inspection and Pipe Cleaning
Sewer System Cleaning and Inspection

THIS PAGE INTENTIONALLY LEFT BLANK

SECTION 34 – NASSCO MANHOLE INSPECTION

34.01 GENERAL

- A. The Contractor shall perform visual inspections of the existing manholes and record any defect discovered. The visual inspection shall include surface photo, manhole cover and frame, chimney, walls, invert, and all appurtenances.
- B. The nature of the inspections shall be to verify the physical condition of the manhole and to provide a permanent record of the existing condition as it relates to dimensions, materials, obstructions, breakage, connections, and deterioration. Inspections may be performed by personnel entry or from the surface utilizing pole mounted camera equipment to visually inspect the chimney, cone, wall, bench, pipe seals and invert conditions, and conditions of connecting pipes.
- C. All City assets will be identified using the established facility identification code (FID) for all inspection reports, geographical exhibits, data sets and asset management tasks. Assets may include, but not be limited to, manholes, clean outs, gravity mains, force mains, air release valves, and conflict structures. Asset FIDs will be provided to the Contractor prior to the start of inspection. Failure to utilize the FID could result in additional inspection at the Contractors expense.

34.02 REQUIREMENTS

- A. The Contractor shall inspect the manhole surroundings and the manhole interior using visual means and a digital camera for documentation.
- B. All inspections shall be recorded.
- C. All inspection forms shall be scanned and submitted as .PDF files.
- D. All inspection data shall be entered into a NASSCO Manhole Assessment Certification Program (MACP) compliant geodatabase per Specification Section 20 "CCTV Inspection and Pipe Cleaning".
- E. The inspection photographs, report documents, and inspection database shall be in accordance with the specifications and NASSCO MACP.
- F. Contractor shall maintain a copy of all report materials. The Contractor shall provide comments as necessary to fully describe the existing condition of the manhole on the inspection forms.
- G. Contractor shall be responsible for modifications to equipment and/or inspection

Technical Specifications
Section 34 – Manhole Inspection
Sewer System Inspection and Cleaning

procedures to achieve City report requirements.

- H. No Work shall commence prior to approval of the submitted materials by the City. Once accepted, the report materials shall serve as a standard for the remaining work.

34.03 QUALITY ASSURANCE

- A. Use of PACP/MACP certified technicians to review/document defects in the office (post process) is acceptable.
- B. The CCTV Contractor must have an internal quality assurance/quality control (QA/QC) program in place and all inspection data shall be subjected to the procedures prior to submittal to the City. The City will perform QA/QC audits on submitted data.
- C. QA/QC shall be performed by NASSCO MACP and PACP certified personnel.

34.04 SHOP DRAWINGS AND SUBMITTALS

- A. Submittals shall be submitted to the City for review and acceptance prior to construction in accordance with Specification Section 03 - Submittals.
- B. The above deliverables shall be submitted to the City for approval.
- C. The manhole inspection reports and database shall be in accordance with the specifications and NASSCO MACP.

34.05 NOTIFICATION

The Contractor shall notify the City a minimum of 48-hours prior to performing any inspection work. The City may be present during part or all of the inspections. No payment will be made for inspections performed without proper schedule notification

34.06 EXECUTION

- A. The inspection crew shall mobilize to the site of the manhole inspection and immediately establish traffic control measures per City of St. Pete Beach and Florida Department of Transportation (FDOT) requirements as well as any measures required to protect pedestrians. The crew shall inspect each manhole and record required information.
- B. All manhole structures shall be located. Metal detectors shall be used to locate buried manholes. Once a buried manhole has been located, it shall be marked with paint and/or flagging, if necessary. All pertinent information available shall be recorded including area photo, address, etc. Contractor shall notify the City weekly with a list of those manholes that could not be fully inspected due to access issues.

Technical Specifications
Section 34 – Manhole Inspection
Sewer System Inspection and Cleaning

The City may arrange to have some or all these manholes exposed, or otherwise made accessible for full inspection. The City will notify Contractor of the status and may authorize re-inspection.

34.07 MANDATORY INSPECTION HEADER INFORMATION

Once the manhole is located, the following mandatory information shall be recorded on the inspection form. Note that the mandatory fields noted below are more inclusive than the MACP requirements. All available information shall be collected and recorded for those manholes that are buried, could not open, surcharged, etc.

1. Manhole Number (City of St. Pete Beach Asset Number)
2. Sheet number
3. Date
4. Time
5. Surveyor's Name
6. Certifications Number
7. Drainage area (tributary Pump Station Number)
8. Location (street number and name)
9. Downstream pipe length (feet)
10. Rim to grade (nearest 0.1 foot)
11. Pre-cleaning method (using approved MACP codes)
12. Location code (using approved MACP codes)
13. Manhole surface type (using approved MACP codes)
14. Potential for runoff (using approved MACP codes)
15. Access point type (using approved MACP codes)
16. Inspection status (using approved MACP codes)
17. Area photo image reference Internal photo image reference

34.08 MANHOLE COMPONENT OBSERVATIONS

The inspection crew shall complete all fields within the manhole component/observation section of the inspection form. The following information shall be collected:

1. Cover type (solid, vented, bolted)
2. Cover size (top surface diameter in inches)
3. Cover material
4. Number of vent holes
5. Cover/Frame fit (cover to frame fit, MACP codes)
6. Cover condition (MACP codes)
7. Cover insert type
8. Cover insert condition
9. Frame condition
10. Frame seal condition
11. Frame offset distance
12. Frame seal inflow

13. Wall material
14. Interior wall coating
15. Wall diameter
16. Bench present
17. Channel installed
18. Additional remarks relevant to the manhole

34.09 MANHOLE INTERIOR INSPECTION

The inspection crew shall determine the types of defects within the manhole, document each defect on the manhole form and take a photograph of each defect. The manhole chimney, cone, wall, bench, and channel shall be inspected for structural integrity, signs of I/I and the presence of roots. All documentation shall follow NASSCO MACP standards. Each defect will be documented on the inspection form with the following information:

1. Defect number
2. Component of manhole containing defect
3. Defect code (using approved MACP codes)
4. Image Reference (using City approved file naming structure)

34.10 CONNECTING PIPE DETAILS

Each pipe entering and exiting the manhole shall be photographed where possible and inspected to determine diameter, pipe material, debris levels, and rim to invert distance (to 0.1-feet). The pipe inspection will include the following information:

1. Pipe photo (using City approved file naming structure)
2. Pipe direction (incoming or outgoing)
3. Pipe clock positions (6:00 position = outgoing)
4. Pipe diameter
5. Pipe material (using PACP codes)
6. Rim to invert distance (measured to nearest 1/10th of a foot)
7. Pipe special condition (drops, force mains, etc. using approved MACP codes)
8. Debris depth
9. Connecting structure number; if manhole or cleanout, service line clock position, stub-out clock position, etc.
10. Pipe seal condition (using approved MACP codes)
11. Pipe seal roots (using approved MACP codes)
12. Observed pipe defects, obstructions, roots, etc. (using PACP codes)

34.11 MANHOLE SKETCH, MAP UPDATE, AND NOTES

The inspection crew shall complete the manhole plan view sketch noting all connecting pipes. Any special observations or notes may be added to the profile sketch on the field form. Influent and effluent lines in each manhole shall be compared to the existing map and corrections noted in the sketch section of the field form.

34.12 NOTIFICATION OF EMERGENCY CONDITIONS

Inspection crews shall immediately notify the City and/or on-site inspector of any defects posing imminent danger to the public (missing lids, covers broken during inspection, sink holes, etc.) and any observed pipe blockages or potential overflow conditions.

34.13 COMPLETION

Once the inspection is complete the field crew shall make certain the ring is clean and does not have any debris preventing a proper cover fit. The manhole lid shall be replaced, and any displaced items moved back into place.

A list of manholes that could not be fully inspected, along with the problem explanation, shall be forwarded to the City weekly throughout the inspection work. If the Contractor has completed accessible inspections, and the City authorizes, then Contractor may be required to re-mobilize at the same unit price and complete the requested inspections. All re-inspections will be at the same contracted unit price. Any map updates shall be consolidated and forwarded to the City with the submitted inspections.

34.14 PHOTOGRAPH REQUIREMENTS

A. During each inspection the following series of photographs shall be taken:

1. Photograph: During the inspection, a photograph shall be taken of the manhole cover showing location within the roadway, shoulder, or easement as appropriate. Photographs shall be taken of any indications of previous overflows such as watermarks and paper or other debris typical of sewer overflows. Surface photographs shall be oriented in the direction of the outgoing pipe to show the pipeline cover and easement condition. The area photographs should show the manhole visible in the foreground where possible. A minimum of 1 area photo is required.
2. Internal Photograph: Take a photograph of the manhole interior in plan view showing the general arrangement of the incoming and outgoing sewers, manhole walls, and other appurtenances. The internal condition photograph shall be oriented with the direction of the outgoing main line flow at the bottom of the photograph (6:00 position). A minimum of 1 internal photograph is required.
3. Manhole Defect Photographs: During manhole inspections digital photographs shall be taken of all defects. Photographs must clearly and accurately show each defect and correspond to defects and photo numbers logged on the manhole inspection form. A minimum of 1 photo for each observed defect is required.
4. Connecting Pipe Photographs: The camera should then be pointed into all incoming and outgoing pipes where possible to capture general conditions within the pipes. Any obvious blockages or defects should be noted using

PACP defect codes. A minimum of 1 photo of each incoming or outgoing pipe is required.

- B. During inspections manholes shall be free of steam, fog, water vapor, or other conditions that will impact the quality of photographs.
- C. All photographs shall adequately capture the manhole conditions and details of defects. Lighting and camera quality shall provide a clear, in-focus picture of the manhole interior, manhole defects, and manhole. The lighting shall provide uniform light free from shadows or hot spots.
- D. If larger than 640 x 480 resolution, then photo will be converted to 640 x 480. Photos less than 640 x 480 are not acceptable and converting upward to 640 x 480 is not acceptable. All photographs shall be resized to 640 x 480 resolution to minimize file size.
- E. The images shall be kept electronically, copied to a CD, DVD, or external hard drive. Photographs shall be named according to the photograph naming conventions included herein.
- F. All digital photographs shall be referenced on the manhole inspection form and electronic database.
- G. All digital photographs shall be renamed in accordance with a photo file naming convention. An example is shown below:
 - 1. Area Photo = Manhole ID, A, Photo Number, jpg
Example: 3965002A0001.jpg
Manhole: 39650002
A=Area Photo
Photo No.0001
 - 2. Internal Photo = Manhole ID, I, Photo Number, jpg
Example: 3965002I0001.jpg
Manhole: 3965002
I=Internal Photo
Photo No.0001
 - 3. Manhole Defect Photo = Manhole ID, M, Photo Number, jpg
Example: 3965002M0015
Manhole: 3965002
M=Manhole Defect Photo
Photo No. 0015
 - 4. Pipe Photo = Manhole ID, P, Photo Number, jpg
Example: 3965002P0002.jpg
Manhole: 3965002
P=Pipe Photo
Photo No. 0002

34.15 MANHOLE NUMBERING, FORMS, AND DEFECT CODES

The Contractor shall use the City manhole numbering system when performing the inspections for this Project. Manhole numbers will be provided by the City. Defect codes shall conform to those specified in the NASSCO MACP specification.

All City assets will be identified using the established facility identification code (FID) for all inspection reports, geographical exhibits, data sets and asset management tasks. Assets may include, but not be limited to, manholes, clean outs, gravity mains, force mains, air release valves, and conflict structures. Asset FIDs will be provided to the Contractor prior to the start of inspection. Failure to utilize the FID could result in additional inspection at the Contractors expense.

34.16 SITE RESTORATION

After inspecting manholes in an area, the work site shall be cleaned and restored to pre-Work conditions. If manhole is buried and exposed, then restore site by placing material back over exposed manhole. No re-sodding is anticipated or included in the pricing.

34.17 DELIVERABLES

The Contractor will be required to submit the following deliverables at the completion of inspection.

- A. During each inspection the following series of photographs shall be taken:
 - 1. Inspection session header information (see required fields above)
 - 2. Component observations
 - 3. Manhole inspection details including defects observed and photo image references
 - 4. Connecting pipe details
 - 5. Manhole plan view sketch
- B. Marked up field maps detailing map corrections and/or discrepancies noted during inspection.
- C. Inspection digital photograph in City approved format and resolution and assigned file names in accordance with the City standard during each inspection the following series of photographs shall be taken.
- D. All information and reports shall be exported to the electronic database described in technical specification Section 34.02.

END OF SECTION

EXHIBIT “C”

(Place Vendor’s Proposal Behind this Page)

II. CONTRACTOR'S PROPOSAL SUBMITTAL

The company that is submitting a proposal declares that it has extensive experience in **Sewer Cleaning and Inspection**.

The undersigned, as Proposer, hereby declares that the only person or persons interested in the Proposal as principal or principals are named herein, and that no person other than herein mentioned has any interest in the Proposal or in the Agreement to be entered into; that this Proposal or Agreement is made without connection with any other person, company, or parties making a Proposal; and that it is in all respects fair and in good faith without collusion or fraud.

The Proposer further declares that they have examined the site of the work and informed themselves fully in regard to all conditions pertaining to the place where the work is to be done; that they have examined the Plans and Specifications for the work and Contract Documents relative thereto, and have read all special provisions furnished prior to the opening of proposals; and that they have satisfied themselves relative to the materials to be supplied and work to be performed.

The Proposer proposes and agrees, if the Proposal is accepted, to contract with the City of St. Pete Beach, Florida, in the form of an Agreement specified for "**Sewer Cleaning and Inspections**" in St. Pete Beach, Florida, in full and complete accordance with the shown, noted, described, and reasonably intended requirements of the Plans, Specifications, and Contract Documents, to the full and entire satisfaction of the City of St. Pete Beach, Florida.

The successful Proposer shall be required to utilize the template Agreement in this Request for Proposals (RFP) and any questions regarding the Agreement must be addressed during the RFP process before submittal. The City reserves the right to respond or not respond to questions in the form of an addendum.

The Proposer proposes to furnish all materials, equipment, labor, and perform the work submitted in their proposal schedule for the City of St. Pete Beach **Sewer Cleaning and Inspections**."

Everest Reinsurance Company
461 Fifth Avenue, 4th Floor
New York, NY 10017-6234

August 20, 2025

The City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

RE: Rowland (DE) LLC
PROJECT: The City of St. Pete Beach - Sewer System Cleaning and Inspection

PROJECT ESTIMATE: \$10,000.00

To whom it may concern:

Everest Reinsurance Company is currently the surety company for Rowland (DE), LLC. Everest Reinsurance Company is rated "A+" (Superior); XV (greater than or equal to \$2 Billion) by A.M. Best, holds a certificate of authority as an acceptable surety to the U.S Department of Treasury and is licensed to do business in all fifty states.

Rowland (DE), LLC currently has surety capacity for single project of \$25 Million with an aggregate capacity of \$60 Million; however, we are willing to consider any bonding needs they may have. Issuance of bonds is subject to application of Everest Reinsurance Company's usual and customary underwriting standards and risk selection criteria, including, but not limited to, contract terms, conditions, bond forms, and confirmation of complete project financing.

Alliant Insurance Services, Inc. is the surety broker for Rowland (DE), LLC. Alliant is located at 40 Stanford Drive, 2nd Floor, Farmington, CT 06032. The Account Executive at Alliant is Russell Canterbury. His direct telephone number is (860) 269-2151 or email at rcanterbury@alliant.com.

This letter does not constitute assumption of liability. The issuance of bonds is a matter solely between the Surety and Contractor. We assume no liability to you or any third party by the issuance of this letter.

Best regards,

Jessica L. Piccirillo

Jessica L. Piccirillo
Attorney-in-Fact

**POWER OF ATTORNEY
EVEREST REINSURANCE COMPANY**

KNOW ALL PERSONS BY THESE PRESENTS: That Everest Reinsurance Company, a corporation of the State of Delaware ("Company") having its principal office located at 100 Everest Way, Warren, New Jersey, 07059, do hereby nominate, constitute, and appoint:

***Russell M. Canterbury, Jessica L. Piccirillo, Steven E. Susanin, Woodrow M. Baird, Diane Moraski, Victoria P. Lyons,
Kathleen M. Flanagan, Richard A. Leveroni***

its true and lawful Attorney(s)-in-fact to make, execute, attest, seal and deliver for and on its behalf, as surety, and as its act and deed, where required, any and all bonds and undertakings in the nature thereof, for the penal sum of no one of which is in any event to exceed UNLIMITED, reserving for itself the full power of substitution and revocation.

Such bonds and undertakings, when duly executed by the aforesaid Attorney(s)-in-fact shall be binding upon the Company as fully and to the same extent as if such bonds and undertakings were signed by the President and Secretary of the Company and sealed with its corporate seal.

This Power of Attorney is granted and is signed by facsimile under and by the authority of the following Resolutions adopted by the Board of Directors of Company ("Board") on April 21, 2016:

RESOLVED, that the President, any Executive Vice President, and any Senior Vice President are hereby appointed by the Board as authorized to make, execute, seal and deliver for and on behalf of the Company, any and all bonds, undertakings, contracts or obligations in surety or co-surety with others and that the Secretary or any Assistant Secretary of the Company be and that each of them hereby is authorized to attest to the execution of any such bonds, undertakings, contracts or obligations in surety or co-surety and attach thereto the corporate seal of the Company.

RESOLVED, FURTHER, that the President, any Executive Vice President, and any Senior Vice President are hereby authorized to execute powers of attorney qualifying the attorney named in the given power of attorney to execute, on behalf of the Company, bonds and undertakings in surety or co-surety with others, and that the Secretary or any Assistant Secretary of the Company be, and that each of them is hereby authorized to attest the execution of any such power of attorney, and to attach thereto the corporate seal of the Company.

RESOLVED, FURTHER, that the signature of such officers named in the preceding resolutions and the corporate seal of the Company may be affixed to such powers of attorney or to any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be thereafter valid and binding upon the Company with respect to any bond, undertaking, contract or obligation in surety or co-surety with others to which it is attached.

IN WITNESS WHEREOF, Everest Reinsurance Company has caused their corporate seals to be affixed hereto, and these presents to be signed by their duly authorized officers this 15th day of February 2023.

Everest Reinsurance Company

By: Anthony Romano, Senior Vice President

On this 15th day of February 2023, before me personally came Anthony Romano, known to me, who, being duly sworn, did execute the above instrument; that he knows the seal of said Company; that the seal affixed to the aforesaid instrument is such corporate seal and was affixed thereto; and that he executed said instrument by like order.

LINDA ROBINS
Notary Public, State of New York
No 01R06239736
Qualified in Queens County
Term Expires April 25, 2027

Linda Robins, Notary Public

I, Nicole Chase, Assistant Secretary of Everest Reinsurance Company do hereby certify that I have compared the foregoing copy of the Power of Attorney and affidavit, and the copy of the Section of the bylaws and resolutions of said Corporation as set forth in said Power of Attorney, with the ORIGINALS ON FILE IN THE HOME OFFICE OF SAID CORPORATION, and that the same are correct transcripts thereof, and of the whole of the said originals, and that the said Power of Attorney has not been revoked and is now in full force and effect.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said Company, this 20th day of August 2025.

By: Nicole Chase, Assistant Secretary

VI. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO § 287.133 (3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: Kevin Rowland - President
(Print individual's name and title)

for: Rowland (DE) LLC
(Print name of entity submitting sworn statement)

at: 8250 Bryan Dairy Rd, Suite 100 Largo, FL 33777
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

59-0978899
(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

K. D. Rowland
(Signature)

2. I understand that a "public entity crime" as defined in § 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any proposal or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in § 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in § 287.133 (1)(a), Fla. Stat., means:
- A predecessor or successor of a person convicted of a public entity crime or
 - An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who

knowingly enters into a joint venture with a person who has been convicted of a public crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which proposals or applies to proposal on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

STATE OF FLORIDA
COUNTY OF PINEELIAS

The foregoing instrument was sworn to (or affirmed), subscribed, and acknowledged before me by means of ☒ physical presence or ☐ online notarization, this 24th day of August, 2025, by Kevin D. Rowland, who is personally known to me or has produced _____ as identification.

VII. NON-COLLUSION AFFADAVIT

STATE OF Florida
COUNTY OF Pinellas

I state that I Kevin Rowland - President of Rowland (DE) LLC.,
(Name and Title) (Name of Firm)

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. Rowland (DE) LLC., its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material and important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

Name of Organization: Rowland (DE) LLC.

Email Address	Jcvach@associagulfcoast.com
Description of Work Performed (project type, services, dollar value)	Rowland provided CCTV and Cleaning services for 18,000+ LF of sanitary sewer at a mobile home park called Westwind 1. Post the initial services, they added internal spot repairs to be done by our CCTV/Cleaning crews which brought the project value to over \$200,000.00

2. Firm History & Capabilities

Briefly describe the history and capabilities of your firm:

Founded in 1983, Rowland Inc. has a long-standing reputation for excellence in open-cut utility repair and manhole rehabilitation across the greater Tampa Bay area, including contracts with the City of St. Pete Beach.

In 2023, Rowland expanded into CCTV inspection and pipeline cleaning, and between January–August 2025 completed more than twice the volume of work compared to its first year. We have successfully delivered projects throughout Florida and are currently assisting on a project in Georgia.

Today, Rowland Inc. serves as a comprehensive utility partner, offering open-cut repairs, manhole rehabilitation, CCTV inspection and cleaning, and trenchless CIPP rehabilitation to municipalities across the region.

3. Project Experience

Describe the types of projects or services the firm performs/has performed, including the dollar value of each. Provide information regarding your firm's ability to complete this project.

Rowland Inc.'s CCTV and Cleaning division has completed projects ranging in value from \$2,500 to \$500,000, serving apartment complexes, civil contractors, hospitals, and

municipalities across Florida and now in Georgia. Many of these projects required same-day response and completion, demonstrating our team's reliability and responsiveness.

In addition to sanitary and storm sewer inspection and cleaning, our crews are fully equipped to provide internal spot repairs, laser profiling, and sag removals, offering clients a complete range of pipeline rehabilitation support services.

4. Personnel Experience

Demonstrate that the firm's personnel have experience with similar projects:

With over 30 years of combined experience, our CCTV and Cleaning service line leaders have successfully completed projects across Florida for a variety of reputable companies. Their expertise and professionalism were the driving force behind Rowland Inc.'s decision to bring them onboard to establish this division, with the confidence it would uphold the quality our company is known for. From emergency vector services and utility locates, to pipe and manhole cleaning, spot repairs, and more, our team has the skills and proven ability to handle any assignment.

5. Claims & Litigation History

Identify all unresolved and ongoing claims and disputes against your firm in excess of \$500,000. Include any claims against the principals of your firm or any claims your company may have against a third party. Provide a history of litigation, including the outcomes, for the past five (5) years.

N/A

6. Assurance Statement

Provide a statement of assurance that the firm is not presently in violation of any statutes or regulatory rules that might have an impact on the firm's operations.

Our firm is not presently in violation of any statutes or regulatory rules.

7. Bonding Capacity

Provide the overall bonding capacity for the company and a history of any claims against the Proposer's previous bonds for the past five (5) years.

**Request for Taxpayer
Identification Number and Certification**

Go to www.irs.gov/FormW9 for instructions and the latest information.

Give form to the
requester. Do not
send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See Specific Instructions on page 3.	1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.) Rowland DE LLC		
	2 Business name/disregarded entity name, if different from above.		
	3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only one of the following seven boxes. ☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate ☒ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) C Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner. ☐ Other (see instructions)		
	4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3): Exempt payee code (if any) _____ Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any) _____ (Applies to accounts maintained outside the United States.)		
	3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions ☐		
5 Address (number, street, and apt. or suite no.). See instructions. 8250 Bryan Dairy Road, Suite 100		Requester's name and address (optional)	
6 City, state, and ZIP code Largo FL 33777			
7 List account number(s) here (optional)			

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number								
			-				-	
OR								
Employer identification number								
5	9	-	0	9	7	8	8	9

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

EXHIBIT “D”

Public Assistance Grant Supplement

Public Assistance Grant Supplement

1. Applicability of this Exhibit; Conflicts.

- a. This Exhibit shall be fully incorporated into and made a part of the Agreement, as if the terms contained in this Exhibit were fully re-stated within the Agreement itself.
- b. This Exhibit shall apply: (a) in addition to anything contained in the Contract Documents; and (b) notwithstanding anything contained in the Contract Documents to the contrary. No other provision of the Contract Documents shall serve to limit or restrict the obligations imposed upon the parties in this Exhibit.
- c. In the event of a conflict between anything contained in this Exhibit and anything contained elsewhere in the Contract Documents, this Exhibit shall control and take precedence.
- d. Contractor's agreement to the terms contained in this Exhibit is a material inducement for Contractor to enter into the Agreement.
- e. If this Exhibit is attached to a Purchase Order, the term "Agreement" as used herein shall mean and refer to such Purchase Order to which this Exhibit is attached, and the term "Contract Documents" shall refer to all documents attached to and made a part of such Purchase Order.

2. Defined terms.

- a. For purposes of this Exhibit, the following definitions shall apply, in addition to any terms defined elsewhere in the Contract Documents:
 - i. The terms "recipient" and "non-Federal entity," and the term "applicant" as used in Section 3(a)(8) herein, shall have the same meaning as the term "Owner" as used in the Agreement;
 - ii. The term "contract" as used herein shall have the same meaning as the term "Contract" as used in the Agreement; and
 - iii. The term "contractor" or "prime contractor" as used herein shall have the same meaning as the term "Contractor" as used in the Agreement.
 - iv. The term "internal controls" means a process, implemented by a non-Federal entity, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (a) Effectiveness and efficiency of operations; (b) Reliability of reporting for internal and external used; and (c) Compliance with applicable laws and regulations. 2 CFR §200.61
 - v. The term "supplies" means all tangible personal property other than those described in 2 CFR §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the

non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 CFR §200.94

- vi. The term “disallowed costs” means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award. 2 CFR §200.31
- vii. The term “equipment” means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. 2 CFR §200.33

3. Equal Employment Opportunity (41 C.F.R. Part 60-1.4(b)).

a. During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (a) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors

violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

- (b) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148)

The Contractor agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act, as amended; the provisions of contract work hours; the Safety Standards Act; the Copeland "Anti-Kickback" Act (40 U.S.C. 276, 327-333); and all other applicable federal, state, and local laws and regulations pertaining to labor standards insofar as such acts apply to the performance of this Agreement. The Contractor shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the County for review upon request.

5. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred thousand dollars (\$100,000.00):

Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708).

Contractors engaged in contracts in excess of Two Thousand and 00/100 Dollars (\$2,000.00) shall comply with Federal requirements of the United States Department of Labor under 29 C. F. R., Parts 1, 3, 5, 6, and 7. All Contractors will comply with the following:

a. Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in 29 C.F.R. § 5.5(b)(1) the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in 29 C.F.R. § 5.5(b)(1), in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in 29 C.F.R. § 5.5(b)(1).

(3) *Withholding for unpaid wages and liquidated damages.* The Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in 29 C.F.R. § 5.5(b)(2).

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4) and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4).

6. Procurement of Recovered Materials (2 C.F.R. § 200.322)

The Contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

7. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred fifty thousand dollars (\$150,000.00):

Clean Air Act and the Federal Water Pollution Control Act (42 U.S.C. §§ 7401-7671q and 33 U.S.C. §§ 1251-1387).

a. Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal awarding agency and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

4. Section 3 Clause

A. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are Subrecipients of HUD assistance for housing.

B. The Parties to this contract agree to comply with HUD's regulations in 24 C.F.R. part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The Contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section

3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The Contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. part 135. The Contractor will not subcontract with any subcontractor where the Contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. part 135.

E. The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's obligations under 24 C.F.R. part 135.

F. Noncompliance with HUD's regulations in 24 C.F.R. part 135 may result in sanctions, termination of this contract for default and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with Section 3 covered Indian housing assistance, Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. § 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

b. Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

8. Debarment and Suspension

a. Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with Executive Orders 12549 and 12689, and 2 C.F.R. pt. 180, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by Owner. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to Owner, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

9. Lobbying Prohibition

- a. No funds or other resources received under this Agreement may be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.
- b. Required Certification. Contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in

connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Signature of Contractor's Authorized Official

Name and Title of Contractor's Authorized Official

Date

10. Hatch Act

The Contractor agrees that no funds provided, nor personnel employed under the Agreement, shall be in any way or any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C.

11. Conflict of Interest

The Contractor shall abide by the provisions of 24 C.F.R., 570.611 and 2 C.F.R., 200.112. The Contractor shall maintain no present or future financial interest, direct or indirect, which would

conflict in any manner or degree with the performance of services required under this Agreement as indicated in 2 C.F.R., 200.318.

12. Religious Activities

The Contractor agrees that funds provided will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization, in accordance with the Federal regulations specified in 24 C.F.R., 570.200(j).

13. Access to Records

- a. Access to Records. The following access to records requirements apply to this contract:
 - (1) The Contractor, including all of its employees or agents, contractors, subcontractors and consultants to be paid from funds provided under this Agreement, agrees to provide the Department of Economic Opportunity (DEO), the Chief Financial Officer of the State of Florida, The Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or representatives of the Federal government or their duly authorized representatives, the Florida Division of Emergency Management, Owner, Pasco County, Florida, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions at reasonable times. "Reasonable" shall ordinarily mean during normal business hours of 8 a.m. to 5 p.m., local time, Monday through Friday.
 - (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
 - (3) The Contractor agrees to provide Pasco County, Florida or its authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.
 - (4) In compliance with the Disaster Recovery Act of 2018, the Owner and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by Pasco County, Florida or the Comptroller General of the United States.
 - (5) The Contractor shall include the aforementioned recordkeeping requirements in all approved contracts, subcontracts, and assignments.

14. Bonding Requirements

The Contractor agrees that related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 and Appendix 11; and if the contract is for construction or facility improvement it must also include the Federal bonding requirements 2 C.F.R. § 200.325.

15. Employment Eligibility Verification

- a. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires DEO contracts in excess of nominal value to expressly require the Contractor to:
 - i. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Subrecipient during the Agreement term; and,
 - ii. Include in all contracts under this Agreement the requirement that contractors, subcontractors, and consultants performing work or providing services pursuant to this Agreement use the E-Verify system to verify the employment eligibility of all new employees hired by the contractors, subcontractors, and consultants during the term of the contract.
- b. The Department of Homeland Security's E-Verify system can be found at: <http://www.uscis.gov/e-verify>
- c. If the Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Agreement.

16. DHS Seal, Logo, and Flags

The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific Pasco County, Florida pre-approval.

17. Compliance with Federal Law, Regulations, and Executive Orders

- a. This is an acknowledgement that Pasco County, Florida financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, Pasco County, Florida policies, procedures, and directives.

18. No Obligation by Federal Government

- a. The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

19. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

20. Procurement By Non-Competitive Proposals

- a. Policy:
 - i. It is the policy of BayCare Health System Inc. to follow the Uniform Federal Guidance 2 CFR 200.320 in regard to procurement by noncompetitive proposals (Sole Source Purchasing). Procurement by noncompetitive proposals is

procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source
 - (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
 - (3) The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity
 - (4) After solicitation of several sources, competition is determined inadequate.
- ii. The procurement must be necessary for the program, project, research or other circumstance supported by the grant; not reasonably available and accessible of the type normally charged as a direct cost to existing sponsored agreements and purchased in accordance with other Institutional policies and procedures.

21. In the Event of a Non-Emergent Procurement the PD/PI Should Complete:

- a. **Cost Price Analysis Form** which includes contractor's total cost proposal or price to determine which are allowable, show their direct relation to the requirements and, reasonableness; and complete the related BayCare **Cost Analysis Worksheet** to support the proposed budget or quotation outlined in the Cost Price Analysis Form. Completion of these forms by the originating department will document that a Cost Analysis has been conducted.
- b. If no additional vendors were available to conduct a comparison against using the Cost Price Analysis Form, please also complete and attach the **Sole Source Justification Form**.
- c. **Responsible Contractor Form:** to document that any contractors have been reviewed and approved for their compliance with Uniform Guidance, Title 2, Subtitle A, Chapter II, Part 200, Subpart D, §200.318, section H.
- d. In addition, related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 & Appendix 11; and if the contract is for construction or facility improvement also include the Federal bonding requirements 2 C.F.R. § 200.325.

22. Build America Buy America Act (BABA)

- a. The Contractor shall comply with the requirements under the Build America, Buy America Act when using Federal funds for the purchase of iron, steel, manufactured products, and construction materials permanently incorporated into infrastructure projects as applicable pursuant to the Build America, Buy America Act. All iron, steel, manufactured products

and construction materials used under a federally grant funded project must be produced in the United States as applicable pursuant BABA. The requirements of this section must be included in all sub-awards including all contracts and purchase orders for work or products under this award.

- b. For purposes of this section:
 - i. “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - ii. “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

23. Contracting with Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms. 2 C.F.R. § 200.321

- a. Contractors will take all necessary affirmative steps to assure that minority business, women's business enterprises, and labor surplus area firms are used when possible.
- b. Affirmative steps must include:
 - i. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - ii. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - iii. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
 - iv. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
 - v. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
 - vi. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (i) through (v) of this section.

24. Compliance with Copeland “Anti-Kickback”

- a. Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as appropriate instructions may require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

25. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment.
2 C.F.R. § 200.216

- a. Under this Agreement, grant funds will not be obligated or expended to:
 - (1) Procure or obtain;
 - (2) Extend or renew a contract to procure or obtain; or
 - (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - A. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - B. Telecommunications or video surveillance services provided by such entities or using such equipment.
 - C. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.
 - (4) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
 - (5) For more information, See 2 C.F.R. § 200.471.

26. Historic Artifact Discovery

If prehistoric or historic artifacts, such as pottery or ceramics, projectile points, dugout canoes, metal implements, historic building materials, or any other physical remains that could be associated with Native American, early European, or American settlement are encountered at any time within the project site area, the permitted project shall cease all activities involving subsurface disturbance in the vicinity of the discovery. The applicant shall contact the Florida Department of State, Division of Historical Resources, Compliance Review Section at (850)-245-6333. Project activities shall not resume without verbal and/or written authorization. In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately, and the proper authorities notified in accordance with Section 872.05, Florida Statutes.

The terms in this Exhibit are hereby agreed upon by the Contractor as of this 3RD day of SEPTEMBER, 2025.
