

**CITY COMMISSION MEETING
CITY OF ST. PETE BEACH
COMMISSION CHAMBERS**

155 Corey Avenue
St. Pete Beach, FL 33706

Monday, September 22, 2025
6:00 PM

Call to Order
Pledge of Allegiance
Roll Call

REGULAR MEETING

1. Approval of the Agenda -

Action Request: Motion to approve the September 22, 2025 agenda.

2. Presentations -

- a. Representative Linda Chaney Check Presentation**
- b. Hurricane Recovery and Preparedness Update**
- c. Potential amendments to regulations for substantial improvement (elevation and living level reconstruction) of single-family residences**
- d. Wastewater Inflow & Infiltration Updates**

3. Audience Comments -

Public participation is encouraged. If you wish to address the City Commission, please fill out a speaker's card and provide it to the City Clerk. Once you are called, please come to the podium and state your name and address for the record. Comments shall be limited to 3 minutes and shall be limited to non-public hearing items on the agenda. Public comment on agenda items will be allowed when that item is called. If you plan to make a presentation as part of your public comment, the presentation must be provided to the City Clerk 24- hours in advance of the meeting.

4. Consent -

- a. Approval of the September 8, 2025 Budget and Regular Commission Meeting Minutes**
- b. Authorize the ratification of the tentative collective bargaining agreement (CBA) reached between City Administration and the International Association of Firefighters (IAFF) Local 4966 for the period October 1, 2025 – September 30, 2028.**

- c. Authorize the City Manager to execute Amendment 1 to the Advanced Life Support (ALS) First Responder Agreement with the Pinellas County EMS Authority for FY25-26, Including Funding Adjustment, Rescue Captain Implementation, Traffic Preemption System, and FDLE Criminal Background Screening Requirements**
- d. Authorize the City Manager to execute a Professional Auditing Services agreement not to exceed \$60,500 annually and Non-attest Services for the FY2025 Audit not to exceed \$34,000 annually**
- e. Approval of First Amendment to City Clerk Employment Agreement – Cost of Living Adjustment (COLA) Provision**
- f. Approve a Special Event Permit with street closure and alcohol consumption for the annual Belle Vista Halloween Block Party scheduled for October 31, 2025.**
- g. Approve a Special Event permit with street closure for VDubs Beach Bash (Volkswagen car show) scheduled for November 15, 2025.**
- h. Authorize the City Manager to execute Change Order 3 for the Master Pump Station 1 Rehabilitation Project with TLC Diversified Inc. in the amount of \$137,322.76.**
- i. Authorize the City Manager to execute the Continuing Contract for Professional Design Services with Adeas-Q, LLC, for three years.**
- j. Authorize the City Manager to execute the Continuing Contract for Professional Design Services with Advanced Engineering Design, Inc., for three years.**
- k. Authorize the City Manager to execute the Continuing Contract for Professional Design Services with Halff Associates, Inc., for three years.**
- l. Authorize the City Manager to execute the Continuing Contract for Professional Design Services with NorthStar Consulting Group, Inc., for three years.**
- m. Authorize the City Manager to execute the Continuing Contract for Professional Design Services with Cummins Cederberg, Inc for three years.**
- n. Authorize the City Manager to execute a Services Agreement with Harris-McBurney Company for the 36th Avenue Roadway and Stormwater capital improvement project in the amount of \$329,145.36**
- o. Authorize the City Manager to execute a Services Agreement with KM2H, LLC for the 36th Avenue Seawall Repair capital improvement project in the amount of \$373,290.50**
- p. Authorize the City Manager to execute a Services Agreement with Florida Parking, Inc., DBA Yellow Dawg., for citywide street paving in the amount of \$500,000.00 annually.**
- q. Approve the Purchase of Fire Department Bunker Gear from American Public Safety in the amount of \$31,301.10.**

5. Ordinances -

a. Public Hearing: Final Reading Ordinance 2025-18: Establishing the Millage Rate for Fiscal Year 2026

AN ORDINANCE OF THE CITY OF ST. PETE BEACH, FLORIDA ESTABLISHING THE MILLAGE RATE FOR FISCAL YEAR 2026, BEGINNING OCTOBER 1, 2025 AND ENDING SEPTEMBER 30, 2026; PROVIDING AND ANNOUNCING THE NAME OF THE TAXING AUTHORITY, THE ROLLED-BACK MILLAGE RATE, THE PERCENTAGE INCREASE OVER THE ROLLED-BACK MILLAGE RATE, AND THE MILLAGE RATE TO BE LEVIED; PROVIDING FOR READING IN ITS ENTIRETY; AND PROVIDING FOR AN EFFECTIVE DATE.

Action Request: Motion to approve Ordinance 2025-18, establishing the millage rate as 3.0913 mills for Fiscal Year 2026.

b. Public Hearing: Final Reading Ordinance 2025-19: Adopting the Budget for Fiscal Year 2026

AN ORDINANCE OF THE CITY OF ST. PETE BEACH, FLORIDA ADOPTING THE BUDGET FOR FISCAL YEAR 2026, BEGINNING OCTOBER 1, 2025 AND ENDING SEPTEMBER 30, 2026; PROVIDING FOR THE INCORPORATION OF THE ADOPTED CAPITAL BUDGET AS THE CAPITAL IMPROVEMENT ELEMENT OF THE COMPREHENSIVE PLAN; PROVIDING FOR READING IN ITS ENTIRETY; AND PROVIDING FOR AN EFFECTIVE DATE.

Action Request: Motion to approve the final reading of Ordinance 2025-19, adopting the budget for Fiscal Year 2026

c. Final Reading of Ordinance 2025-17: Specifying elevation requirements for replacement of flood-damaged equipment associated with non-substantially improved and non-substantially damaged buildings

AN ORDINANCE OF THE CITY OF ST. PETE BEACH, FLORIDA FOR THE PURPOSE OF AMENDING CODE OF ORDINANCES CHAPTER 98 – BUILDINGS AND BUILDING REGULATIONS, TO SPECIFY MINIMUM ELEVATION STANDARDS FOR REPLACEMENT OF FLOOD-DAMAGED EXTERIOR EQUIPMENT AND APPLIANCES NOT ASSOCIATED WITH A SUBSTANTIALLY IMPROVED OR DAMAGED BUILDING; PROVIDING FOR CODIFICATION; CONFLICTS; SEVERABILITY; CORRECTION OF SCRIVENER'S ERROR; CONSTRUCTION; PUBLICATION; AND AN EFFECTIVE DATE.

Action Request: Motion to adopt Ordinance 2025-17.

6. Action Items -

a. Authorize the City Manager to execute a Services Agreement with Rowland, Inc. for Sewer System Cleaning and Inspection Services in the amount not to exceed \$2,000,000 annually.

7. Items for Discussion -

8. City Clerk, City Manager, City Attorney and City Commission Reports -

9. Adjournment -

APPEAL: In accordance with 286.0105, Florida Statute (Notices of meetings and hearings must advise that a record is required to appeal), if a person decides to appeal any decision made by this committee, board, agency, or commission with respect to any matter considered at this meeting or hearing, he or she will need a record of the proceedings, and that, for such purpose, he or she may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

AMERICANS WITH DISABILITIES ACT (ADA): In accordance with the Americans with Disabilities Act and Florida Statutes, if any person with a disability defined by the ADA needs special accommodation to participate in this proceeding, then not later than two business days prior to the proceeding, he or she should contact City Hall at (727) 367-2735.

PUBLIC COMMENT INSTRUCTIONS FOR THOSE NOT PHYSICALLY PRESENT:

The City has made accommodations for those who cannot be physically present or do not feel comfortable appearing in person. If a member of the public would like to provide comments for the meetings, they may do so in the following ways:

- Email the City Clerk by 12:00 p.m. on the day of the meeting at cityclerk@stpetebeach.org
- Leave a voicemail message by calling **727.363.9225** by 12:00 p.m. the day of the meeting

In your three (3) minute or less comment, please be sure to include your name and address for the record.

The public is cordially invited to attend this meeting.
All agenda material is available for review at City Hall or www.stpetebeach.org.

PROCLAMATION

HONORING REPRESENTATIVE LINDA CHANEY FOR HER SUPPORT OF PASS-A-GRILLE FIRE STATION 22

WHEREAS, the safety, resilience, and well-being of the residents and visitors of the City of St. Pete Beach are of the utmost importance to our community; and

WHEREAS, the St. Pete Beach Fire Station 22 serves as a vital lifeline to the southernmost neighborhoods of the city, providing critical emergency response and lifesaving services; and

WHEREAS, the modernization and continued operation of Fire Station 22 is essential to maintaining high-quality emergency services and preparing our community to meet the needs of the future; and

WHEREAS, the State of Florida, through the leadership and advocacy of Representative Linda Chaney, secured an appropriation of \$3 million for the St. Pete Beach Fire Station 22; and

WHEREAS, this investment represents more than financial support—it demonstrates a shared commitment to public safety, community resilience, and the strength of the partnership between the State of Florida and the City of St. Pete Beach; and

WHEREAS, the City of St. Pete Beach recognizes and sincerely appreciates Representative Chaney's dedication, leadership, and ongoing support for the needs of our city and its residents;

NOW, THEREFORE, I, Adrian Petrila, Mayor of the City of St. Pete Beach, Florida, do hereby proclaim our deepest gratitude and recognition to Representative Linda Chaney for her commitment to public safety and her efforts to ensure a safer and more sustainable future for the residents, visitors, and neighborhoods of St. Pete Beach, and particularly for her advocacy in securing the funding for Pass-A-Grille Fire Station 22.

IN WITNESS WHEREOF, I have here unto set my hand and caused the great Seal of the City of St Pete Beach, Florida, to be affixed this _ day of ___ 2025.

Adrian Petrila, Mayor

**CITY COMMISSION MEETING
CITY OF ST. PETE BEACH
COMMISSION CHAMBERS**

Agenda Report

Agenda Title Name: Potential amendments to regulations for substantial improvement (elevation and living level reconstruction) of single-family residences

Action Request:

Strategic Objective: Recovery, Resiliency & Sustainability

Date: September 22, 2025

Prepared By: Brandon Berry, Senior Planner

Through: Frances Robustelli, City Manager

Summary of Issue: This is a followup from the September 8th meeting to discuss options for allowing stair encroachment into required yards during the in-place elevation of a single-family residence, or when converting an existing living level below the floodplain to parking, storage and access, with reconstruction above, which are treated the same under the Land Development Code. These types of permits have increased from approximately one per year in 2024 and prior, to 35 to-date for the year starting January 1st. While many homeowners are able to comply with the required yard regulations due to the existing setbacks on the lot, some have homes that were constructed prior to municipal incorporation and lack a sufficient front yard to allow for stairs to be installed without encroaching into the required setback, which is 17 feet for open stairs regardless of the residence's existing setbacks.

Staff also seeks City Commission direction on what they consider to be supplemental items related to substantial improvement of a residence when the project involves only the elevation or reconstruction of the same square footage of living space above the floodplain, where such does not constitute a completely new building. These items include the following:

- Allowing stairs to encroach no closer to the front property line than the established front setback

of the primary structure, or up to seven feet into the required yard (minimum ten-foot setback) when the front door is established at and proposed to remain at the front of the structure. Currently, the Land Development Code requires all stairs to meet a 17-foot front setback, even if the home is established at and will remain within a lesser setback following elevation. Furthermore, for those homes with less than a 24-foot front setback, where the front door is located on the front of the home facing the street, allowing a seven-foot encroachment would allow for a Florida Building Code-compliant run of stairs with a landing and switchback design. The switchback design with landing has been requested by some contractors and homeowners to allow for a break in the run of stairs for those seeking accessibility and a softer ascent and descent.

- Allowing for a one-time exemption to allow pools, gazebos, and deck covers that encroach into required yards to remain in place following substantial improvement of the primary residence. This would not allow these structures to be replaced or reconstructed within a required yard setback, but would allow them to remain in place following substantial improvement in the case that the structure(s) did not sustain significant damage during the 2024 storms.
- Allow for the in-place elevation of ancillary equipment like condensers and generators when the residence is being elevated in place or the living level reconstructed above the floodplain. This option was granted to non-substantially improved homes during the 2024 revisions to the Land Development Code authorizing in-place elevation to allow for accommodation of a Florida Building Code requirement, but was not extended to substantially-improved residences or redeveloped residences. This subject change would extend only to substantially-improved residences.
- Allow for an increase in shed square footage from 80 square feet to 120 square feet. Staff has received several requests from property owners over the past several years requesting this change, and Staff is finding that many property owners have sheds that exceed allowable square footage by 20 to 40 square feet, necessitating removal at time of substantial improvement of

the primary residence.

This item was reviewed by the Planning Board at their September 15th meeting. Comments included the following:

- Board members generally supported allowing both proposed stair encroachments, even when the homeowner accommodated an interior staircase, as they found it was unreasonable to expect guests and deliveries to use interior stairs for access. However, one member requested that stairs be an open foundation design to lessen the visual massing impact on the neighborhood. Another member also wanted to ensure that encroaching stairs did not eliminate on-site required parking.
- Board members supported allowing in-place elevation of ancillary equipment like AC and generators.
- Board members were divided on allowing sheds to increase in size to 120 square feet, with one member stating it could present a danger during storms, and others stating they did not have significant concerns about the additional square footage.
- Board members were also divided on allowing above-ground structures to remain following substantial improvement to the primary residence, with one member stating that pools should be able to remain in setbacks, but gazebos and deck covers should be made conforming.

Funding: N/A

Attachments: 1. Staff Presentation

Front yard stair encroachment and general Land Development Code cleanup

Issue

- St. Pete Beach received an average of one elevation or residential conversion and reconstruction above the floodplain permit per year prior to 2025.
- Since January 1, the City has received 35 requests, with many more expected in the near future.
- The Land Development Code was modified in late 2024 to allow for in-place elevation or conversion with reconstruction, but required all additions to meet required zoning district setbacks.
- Staff was directed by the City Commission to review stair setback requirements when a home is being elevated in place or converted and reconstructed. Does not apply to redevelopment

Existing Standard

All additions must meet the required setbacks, even if the residence is nonconforming to setbacks.

Proposed Standard

Open stairs may encroach to the existing, nonconforming, front setback.

Existing Standard

All additions must meet the required setbacks, even if the residence is nonconforming to setbacks.

Proposed Standard

Open stairs may encroach up to seven feet into the front setback from the location of the front door of the residence, not to have a setback of less than 10 feet.

Recent example: Living level reconstructed, stairs installed at the front of the home (<10')

Recent example:
Living level
reconstructed, stairs
installed at recessed
entry

Recent example:
New redevelopment
with stair
encroachment
(variance request) –
would not be
impacted by these
changes as drafted

Additional Considerations

- Maximum width of landing at the front of the structure.
 - Limited to prevent becoming a significant additional mass, out of character with the neighborhood.
 - Florida Building Code requires only the width of the door to be accommodated.
- No independent roof overhangs
 - Stairs may be covered by incidental extension of the primary roof eaves.
- Limitations on exterior stairs when interior stairs are provided?

Other Proposed Code Updates

- Allowing for in-place elevation of nonconforming, permitted, ancillary equipment (A/C condensers, generators) located within the side yard setback when substantially improving.
- Increasing shed square footage from 80 sq. ft. to 120 sq. ft.
- Allowing a one-time exemption for pools, gazebos, and deck covers to remain in required setbacks when the home, only, is substantially improved.
 - Would not apply to structures crossing property lines or in easements.

Planning Board Input Received 9/15/25

- The Planning Board supported:
 - Both proposed types of stair encroachment, even when stairs are also accommodated interior to the structure.
 - Stairs should be an open base design when within the front setback to assist with massing issues.
 - Front landing should be limited to the size necessary to allow access.
 - Allowing in-place elevation of exterior equipment during substantial improvement.
- Board Members were divided on:
 - Allowing larger sheds.
 - Allowing gazebos and deck covers to remain following substantial improvement of the primary residence, but did support pools remaining.

City Commission Input

Staff seeks City Commission input on the following:

- Allowing stairs to encroach during elevation/conversion to:
 - The existing, nonconforming, front setback of the residence;
 - No less than ten feet from the front property line, provided stairs encroach no more than seven feet into the required front yard.
- Allowing in-place elevation of equipment during substantial improvement.
- Allowing gazebos, deck covers and pools to remain when the primary residence is substantially improved;
- Increasing shed size from 80 to 120 square feet.

Next Steps

Following input, Staff will draft an ordinance for Planning Board recommendation at their October meeting, with the ordinance being brought forward to first reading at a future City Commission meeting.

**City Commission Budget Meeting
September 8, 2025
6:00 p.m.**

ELECTED OFFICIALS PRESENT:

Adrian Petrilă, Mayor
Karen Marriott, Vice Mayor, Commissioner, District 1
Lisa Robinson, Commissioner, District 2
Betty Rzewnicki, Commissioner, District 3
Jon Maldonado, Commissioner, District 4

STAFF PRESENT:

Frances Robustelli, City Manager
Ralf Brookes, City Attorney
Renee Rose, City Clerk
Devon Schmidt, Finance Director

Mayor Petrilă called the meeting to order at 6:00 p.m., followed by the Pledge of Allegiance.

1. APPROVAL OF THE AGENDA

Motion: Vice Mayor Marriott moved, Commissioner Maldonado seconded, and the motion carried 5-0 to approve the September 8, 2025 City Commission Budget Meeting Agenda.

2. PUBLIC COMMENT

No members of the public came forward.

3. ORDINANCES

a. First reading of Ordinance 2025-18: Establishing the Millage Rate for Fiscal Year 2026

AN ORDINANCE OF THE CITY OF ST. PETE BEACH, FLORIDA ESTABLISHING THE MILLAGE RATE FOR FISCAL YEAR 2026, BEGINNING OCTOBER 1, 2025 AND ENDING SEPTEMBER 30, 2026; PROVIDING AND ANNOUNCING THE NAME OF THE TAXING AUTHORITY, THE ROLLED-BACK MILLAGE RATE, THE PERCENTAGE INCREASE OVER THE ROLLED-BACK MILLAGE RATE, AND THE MILLAGE RATE TO BE LEVIED; PROVIDING FOR READING IN ITS ENTIRETY; AND PROVIDING FOR AN EFFECTIVE DATE.

Finance Director Devon Schmidt provided a presentation which is made part of the meeting record. The ordinance proposes a millage rate of 3.0913 mills per \$1,000 of taxable value, which is 8.889% below the rolled-back rate of 3.1189 mills, representing approximately \$140,000 less in ad valorem revenue. She said this reflect the Commission's decision to keep the millage rate unchanged for FY2026 to ease the financial burden on residents following the hurricanes. She provided a review of millage changes across City, County, School, EMS, and other districts from 2020–2025. She explained the calculation of projected ad valorem revenue: applying the adopted millage rate to taxable value and factoring in the 4% discount (with an estimated 70% utilization), resulting in projected millage revenue of approximately \$15.1 million for FY2026.

PUBLIC COMMENT

No members of the public came forward.

Motion: Commissioner Rzewnicki moved, Vice Mayor Marriott seconded, and the motion carried 5-0 to approve the first reading of Ordinance 2025-18: Establishing the Millage Rate as 3.0913 for Fiscal Year 2026.

b. First reading of Ordinance 2025-19: Adopting the Budget for Fiscal Year 2026

AN ORDINANCE OF THE CITY OF ST. PETE BEACH, FLORIDA ADOPTING THE BUDGET FOR FISCAL YEAR 2026, BEGINNING OCTOBER 1, 2025 AND ENDING SEPTEMBER 30, 2026; PROVIDING FOR THE INCORPORATION OF THE ADOPTED CAPITAL BUDGET AS THE CAPITAL IMPROVEMENT ELEMENT OF THE COMPREHENSIVE PLAN; PROVIDING FOR READING IN ITS

ENTIRETY; AND PROVIDING FOR AN EFFECTIVE DATE.

Finance Director Devon Schmidt provided a presentation which is made part of the meeting record. She noted that the budget was developed through five workshops, with input from the Finance Budget Review Committee (FBRC), and all items had been reviewed in prior sessions.

For governmental funds, the budget reflects \$67.2 million in revenues and \$86.7 million in expenditures. For proprietary (enterprise) funds, total revenues are \$23.3 million with \$36 million in expenditures. Including all revenues, transfers, and expenditures across all funds, the FY2026 budget totals \$90.6 million in revenues and \$122.8 million in expenditures, with the difference of \$32.2 million covered by existing fund balances for one-time capital projects. The budget authorizes 159.6 FTE positions, with the largest staffing allocations in Fire/EMS (44 FTEs) and Public Services. She highlighted several capital projects being reappropriated into FY2026, including the Community Center seawall replacement, Watershed Management Plan, 36th Avenue seawall replacement, Merry Pier bait shack rebuild, Don Cesar baffle structures and outfall improvements, tide check valve replacements, four-wheel drive vehicles in the Building Fund, and the City Hall audio-visual project.

The FY2026 Capital Improvement Plan totals \$58.7 million, broken down as follows:

- \$134,000 – General Fund Capital
- \$195,000 – Building Fund
- \$5.7 million – Resiliency Fund
- \$31.2 million – Capital Improvement Fund
- \$1 million – Fleet Fund
- \$15.5 million – Wastewater Fund
- \$700,000 – Reclaimed Water Fund
- \$3.8 million – Stormwater Fund
- \$300,000 – Parking Fund

Ms. Schmidt said the budget is a “living document” and can be amended as needed by Commission action.

Mayor Petrila said that while no additional questions were raised tonight, the FY2026 budget has been thoroughly reviewed in prior workshops, including a detailed discussion lasting over an hour and a half at the last meeting. The lack of questions is because they’ve already gone through all the iterations of the budget.

PUBLIC COMMENT

No members of the public came forward.

Motion: Commissioner Rzewnicki moved, Commissioner Maldonado seconded, and the motion carried 5-0 to approve the first reading of Ordinance 2025-19.

Mayor Petrila noted it was appropriate that Commissioner Rzewnicki made the motion to approve the budget, recognizing her long-term efforts that led to inclusion of key stormwater and resiliency projects, like tidal check valves, seawalls, and baffle boxes, particularly benefiting the Don Cesar neighborhood and Belle Vista area. Commissioner Rzewnicki appreciated staff’s work in aligning Commission priorities with resident feedback and for the years of workshops and planning that made these projects possible.

4. ACTION ITEMS

a. Resolution 2025-20: Establish Rate of Stormwater Service Assessments

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF ST. PETE BEACH, FLORIDA, ESTABLISHING THE RATE OF STORMWATER SERVICE ASSESSMENTS; APPROVING STORMWATER SERVICE NON-AD VALOREM ASSESSMENT ROLLS; AND PROVIDING FOR CONFLICTS, SEVERABILITY, AND AN EFFECTIVE DATE.

Finance Director Devon Schmidt provided a presentation which is made part of the meeting record. These non-ad valorem property assessments are imposed each year to fund the operation and maintenance of the City's stormwater infrastructure and are collected on residents' property tax bills. The assessment process follows a procedure similar to adoption of the millage rate and budget. The assessment structure includes two tiers:

- Tier 1 – A flat per-parcel assessment to cover general program costs.
- Tier 2 – A variable assessment based on impervious surface area, using an Equivalent Residential Unit (ERU) of 3,813 square feet, which represents the average impervious area of a single-family parcel.

For FY2026 (beginning October 1, 2025), no changes are proposed to the existing assessment rates. The Tier 1 rate will remain at \$64.32 per parcel, and the Tier 2 rate will remain at \$119.43 per ERU.

PUBLIC COMMENT

No members of the public came forward.

Motion: Vice Mayor Marriott moved, Commissioner Robinson seconded, and the motion carried 5-0 to approve Resolution 2025-20.

Mayor Petrila adjourned the meeting at 6:15pm.

MINUTES APPROVED: SEPTEMBER 22, 2025

RENEE ROSE
CITY CLERK

ADRIAN PETRILA
MAYOR

**City Commission Meeting
September 8, 2025
6:00 p.m.**

ELECTED OFFICIALS PRESENT:

Adrian Pettila, Mayor
Karen Marriott, Vice Mayor, Commissioner, District 1
Lisa Robinson, Commissioner, District 2
Betty Rzewnicki, Commissioner, District 3
Jon Maldonado, Commissioner, District 4

STAFF PRESENT:

Frances Robustelli, City Manager	Adam Poirrier, Assistant City Manager
Ralf Brookes, City Attorney	Camden Mills, Public Services Director
Renee Rose, City Clerk	Laura Canary, Community Development Director

Mayor Pettila called the meeting to order at 6:15 p.m., followed by the Pledge of Allegiance.

1. APPROVAL OF THE AGENDA

Mayor Pettila requested to move item 4a to the beginning of the meeting. Commissioner Robinson requested to add CUP administration and SB180 as discussion items. Vice Mayor Marriott requested to add front setback code as a discussion item.

Motion: **Commissioner Robinson moved, Vice Mayor Marriott seconded, and the motion carried 5-0 to approve the September 8, 2025 City Commission Agenda, as amended.**

ACTION ITEMS

a. Authorize the City Manager to execute the Pinellas County Sheriff's Office interlocal agreement with the Pinellas County Sheriff's Office for law enforcement services from October 1, 2025 - September 30, 2026 in the amount of \$3,506,472.00

Assistant City Manager Adam Poirrier shared a presentation that was made part of the meeting record. The city originally entered into this agreement under the Florida Interlocal Cooperation Act in FY2013 when the City transitioned from its own police department. The contract, then just over \$2 million, has grown as staffing levels and personnel costs have increased. The agreement provides law enforcement services including patrol, marine patrol, beach enforcement, detectives, dispatch services, and school crossing guards. Current staffing includes 10 patrol deputies, four sergeants, and two community policing deputies. To control costs for FY2026, two key adjustments were made: reducing community policing deputies from three back to two (in line with comparable municipalities) and lowering the cap on secondary employment for additional deputies (e.g., beach patrols) from \$250,000 to \$150,000, based on actual use. The contract was also updated to clearly define the roles of community policing officers, formally documenting expectations. With these adjustments, the FY2026 contract cost is \$3.5 million, with monthly payments of just under \$300,000. This reflects only a 0.05% increase (\$1,800) over the prior year. Without the reductions, the cost would have been \$3.7 million, a 7% increase. The contract is renewed on an annual basis, with a 90-day termination clause, and an automatic 120-day extension if not renewed. The agreement maintains a strong law enforcement partnership, provides high-quality services, and reflects fiscal responsibility.

Sheriff Gualtieri addressed the commission, noting that when the City transitioned to contracting with the Sheriff's Office in 2013, the first year alone resulted in approximately \$4.5 million in cost savings. The arrangement continues to provide economies of scale, effective services, and flexibility at a reasonable cost. Contracting allows St. Pete Beach to adjust staffing levels as needed, reducing costs while still ensuring the ability to surge resources during peak demand periods, such as spring break or major events. He said St. Pete Beach remains a safe community, with tourism as a key driver requiring strong law enforcement presence. He noted the continued use of beach patrols to address quality-of-life concerns, ensuring fairness while taking enforcement action when necessary. His team is committed to maintaining public safety.

Discussion included the importance of community policing, noting feedback from neighborhood associations about visibility, communication, and enforcement of ordinances. Deputy patrol presence in neighborhoods had recently increased, and there was encouragement to maintain visibility and connections with residents. Community policing officers attending neighborhood meetings would help residents feel heard and safe. Sheriff Gualtieri said that while patrol coverage varies depending on calls for service, deputies are present citywide and will continue efforts to strengthen visibility in the south end. He reported that theft incidents citywide are down 23% compared to last year, and overall crime is down 26%. He outlined the office's philosophy of balancing fairness with enforcement: over the past year deputies dedicated 1,855 hours to ordinance enforcement, resulting in 55 citations and 1,300 warnings, with only 16 repeat offenders documented. Discussion further acknowledged the statistics showing crime reduction but expressed concern over recent crime alerts and requested stronger training for deputies on noise ordinance enforcement and better communication with Code Enforcement. Discussion commended proactive policing efforts, encouraged residents to formally report noise complaints, and praised the flexibility in staffing during peak periods. The Commission expressed appreciation for the interlocal agreement and the level of public safety provided to the community.

PUBLIC COMMENT

No members of the public came forward.

Motion: Commissioner Maldonado moved, Commissioner Rzewnicki seconded, and the motion carried 5-0 to authorize the City Manager to execute the Pinellas County Sheriff's Office interlocal agreement with the Pinellas County Sheriff's Office for law enforcement services from October 1, 2025 - September 30, 2026 in the amount of \$3,506,472.00.

2. PUBLIC COMMENT

No members of the public came forward.

3. CONSENT

- a. Approval of the August 19, 2025 City Commission Meeting Minutes, the August 26, 2025 Budget Workshop #5 Minutes, and the August 26, 2025 City Commission Meeting Minutes
- b. Authorize the City Manager to execute the NeoGOV contract agreement with Governmentjobs.com DBA NeoGOV to add Payroll Services. The contract term is 34 months to Co-term this added service with the master services agreement that was authorized at the June 10, 2025 meeting. The cost of the Payroll Services contract over the three-year term is \$17,612.50.
- c. Approve the Services Agreement with Morelli Landscaping, Inc., for citywide specialized landscaping services in the amount of \$150,000.00.
- d. Approve the Services Agreement with KM2H, LLC for citywide as-needed seawall repair in the amount not to exceed \$500,000.00 annually.

Discussion noted concerns with the plant species list in the Morelli Landscaping contract, which included invasive species such as fountain grass. It was suggested that the city ensure landscaping contracts align with existing ordinances and prioritize native species, consistent with the city's broader environmental goals and dune stewardship efforts. City Manager Robustelli said the Public Services Director has committed to share the native plant list with the Dune Savers group and won't include invasive species on city projects.

Motion: Vice Mayor Marriott moved, Commissioner Robinson seconded, and the motion carried 5-0 to approve the August 19, 2025 City Commission Consent Agenda.

4. ACTION ITEMS

a. Authorize the City Manager to execute the Pinellas County Sheriff's Office interlocal agreement with the Pinellas County Sheriff's Office for law enforcement services from October 1, 2025 - September 30, 2026 in the amount of \$3,506,472.00

b. Resolution 2025-22: Authorizing the City Manager to execute the North Beach Historic Survey Grant Agreement

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF ST. PETE BEACH, FLORIDA, AUTHORIZING THE CITY MANAGER TO EXECUTE THE NORTH BEACH HISTORIC SURVEY GRANT AGREEMENT, INCLUDING ANY AMENDMENTS WITH THE STATE OF FLORIDA DEPARTMENT OF STATE, DIVISION OF HISTORICAL RESOURCES, AND PROVIDING AN EFFECTIVE DATE.

Community Development Director Laura Canary explained that this grant represents the next phase of funding for the City's historic survey work. Once the survey is completed, staff will provide the Commission with a comprehensive update tying together completed efforts, concurrent initiatives such as Elevate Florida's historical surveys, and identifying any gaps. The goal is to show how the survey results relate to redevelopment planning. The resolution formally accepts the grant funds.

PUBLIC COMMENT

No members of the public came forward.

Motion: Vice Mayor Marriott moved, Commissioner Robinson seconded, and the motion carried 5-0 to adopt Resolution 2025-22.

c. Final Reading of Resolution 2025-19: Expanding the Corey Landing Green Reuse (Brownfield) Area established under Resolution 2022-23 to include 75 Corey Avenue and 85 Corey Circle

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF ST. PETE BEACH, FLORIDA, MAKING FINDINGS; EXPANDING THE COREY LANDING GREEN REUSE AREA BY INCLUDING PROPERTY LOCATED AT 75 COREY AVENUE AND 85 COREY CIRCLE, ST. PETE BEACH, FLORIDA AND IDENTIFIED BY PARCEL ID NOS. 36-31-15-30672-063-0230, AND 36-31-15-13590-000-0010, PURSUANT TO SECTION 376.80(2)(C), FLORIDA STATUTES, FOR THE PURPOSE OF REHABILITATION, JOB CREATION, AND PROMOTING ECONOMIC REDEVELOPMENT; AUTHORIZING THE CITY OF ST. PETE BEACH TO NOTIFY THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION OF SAID DESIGNATION; PROVIDING AN EFFECTIVE DATE.

PUBLIC COMMENT

No members of the public came forward.

Motion: Vice Mayor Marriott moved, Commissioner Maldonado seconded, and the motion carried 5-0 to adopt Resolution 2025-19.

5. ITEMS FOR DISCUSSION

a. CUP Administration

Discussion included time and administrative effort required for CUP review and enforcement. It was noted that CUPs provide opportunities for negotiation on behalf of residents and the city but also create ongoing demands on staff. It was asked whether the \$500 application fee adequately covers these costs, particularly for enforcement activities such as after-hours code compliance, and suggested that fees should reflect the complexity of applications. Staff confirmed that the fee study is underway and will benchmark this against other communities. Discussion also included the need for differentiated fees, recognizing that some CUPs require extensive review and multiple resubmissions, while others are less complex, and long-term administrative costs after CUP approval, noting that residents should not bear the burden of those expenses. Staff are developing a tracking and enforcement process for current CUPs, including addressing expirations, violations, and the potential for Commission review and removal if conditions are not met. Staff confirmed that the fee study is examining both initial and ongoing administrative costs and the need to account for post-approval workload.

b. SB180

Commissioner Robinson has received emails regarding SB180, but also wanted the City Manager to address a chloride issue. City Manager Robustelli presented data from the City of St. Petersburg showing elevated chloride levels entering its Northwest Water Reclamation Facility from St. Pete Beach's wastewater collection system. Chloride levels have steadily increased since 2018 and have exceeded contractual limits since 2021, likely due to saltwater intrusion through inflow and infiltration (I&I). A prior 2016 study identified compromised pipes and manholes, and the City is now implementing a wastewater capital improvement plan to address these issues. Staff have also begun bi-weekly coordination meetings with St. Petersburg and will present a detailed report at the next meeting. Discussion highlighted concern that this issue had not been presented earlier, given its severity, and requested information on when the problem was first identified, the timeline for corrective action, and whether the City can monitor chloride levels locally at pump and lift stations. Repairs will be costly. Discussion also connected the chloride issue to broader infrastructure challenges, including stormwater drainage and the limitations imposed by SB180. There were questions about the City's readiness for additional development given current system deficiencies and noted that some communities are pursuing legal challenges or moratoria in response to SB180. Concerns were also raised about how this information affects prior approvals for conditional use permits and development concurrency evaluations. City Manager Robustelli said St. Petersburg cannot disconnect service, but they could take legal action if contract provisions are violated. The City intends to remain a good partner and committed to funding necessary improvements. All future development will still be subject to concurrency evaluations to ensure system adequacy, with developers responsible for costs associated with additional capacity if needed.

c. Front Setback Code

The discussion focused on recurring variance requests before the Board of Adjustment related to exterior front staircases encroaching into required setbacks. It was noted that existing setback standards were developed when homes were built at grade and did not account for elevated construction now required for flood resilience. There was concern that the Board of Adjustment is being asked to consider increasing numbers of staircase variances, particularly for new construction where variances are difficult to justify. The discussion proposed the need to review the land development code to allow reasonable flexibility for stair placement, balancing neighborhood character, right-of-way considerations, neighbor impacts, and the opportunity to align setback standards with broader resiliency needs, including fill allowances in low-lying areas. City Manager Robustelli explained the process for amending the code, beginning with a presentation to the Commission for direction, followed by ordinance drafting. Commissioners expressed urgency given the high number of demolition permits and rebuilds and requested that staff prioritize this review. Staff confirmed that a presentation could be brought forward in October, with the potential for an emergency ordinance specifically addressing hurricane-impacted homes.

6. CITY CLERK, CITY MANAGER, CITY ATTORNEY, AND CITY COMMISSION REPORTS

City Clerk – nothing to report

Frances Robustelli, City Manager – There is no change in status on the Publix project. They are reviewing options and may have an update within a month. The Upham Beach renourishment project is scheduled to begin on Sept. 15, and construction will last about a month. Dune construction is not included in this effort.

City Attorney Brookes – He reported the first successful implementation of the recently adopted nuisance abatement ordinance at 191 73rd Avenue. The property was cleaned and brought into compliance before contractors were scheduled to intervene, demonstrating the effectiveness of the ordinance. He appreciated the property owners and tenants for their cooperation.

Commissioner Maldonado – He reported that while some property values are decreasing and others are increasing, a point of contact has been established with the Pinellas County Property Appraiser's Office. This information has been provided to staff to explore holding a workshop or issuing a community advisory to help

residents better understand how property valuations are determined.

Commissioner Rzewnicki – She reported that there’s a Belle Vista community meeting on October 9th at 7:00pm at the triangle park. The Don Cesar Property Owners Corporation invites the city to the 100th anniversary event on November 2nd at the Don Cesar Hotel. The invitation and details are at <https://dcpoc.org/>.

Commissioner Robinson – She is hosting library hours on September 16th at 5:00pm.

Vice Mayor Marriott – nothing to report

Mayor Petrila – He announced that the fall concert series is starting again at Horan Park in October. He will attend the next meeting remotely.

Mayor Petrila adjourned the meeting at 7:27pm.

MINUTES APPROVED: SEPTEMBER 22, 2025

CITY OF ST. PETE BEACH
COMMISSION CHAMBERS**

Agenda Report

Agenda Title Name: Authorize the ratification of the tentative collective bargaining agreement (CBA) reached between City Administration and the International Association of Firefighters (IAFF) Local 4966 for the period October 1, 2025 – September 30, 2028.

Action Request: Motion to authorize the ratification of the tentative collective bargaining agreement between City Administration and the International Association of Firefighters (IAFF) Local 4966 for the period October 1, 2025 – September 30, 2028.

Strategic Objective: Operational Excellence

Date: September 22, 2025

Prepared By: Adam Poirrier, District Chief

Through: Frances Robustelli, City Manager

Summary of Issue: Authorization is requested to ratify the tentative contract agreement reached between City administration and the IAFF for the period October 1, 2025 – September 30, 2028.

Negotiations began in February 2025, ultimately the parties were successful in reaching a tentative agreement on a new CBA, which includes the following key changes:

1. Pay Plan

For FY26, the pay plan has been completely changed with the top end salaries increased by 3%, the distance between steps increased to 5%, and the total steps reduced to 9 for Inspector, Firefighter/EMT, and Firefighter/Paramedic, and reduced to 6 for Lieutenant/EMT and Lieutenant/Paramedic. Wage reopeners will occur for FY27 and FY28. Additional increases have been made to extra pay for special assignments and certifications.

These changes are intended to maintain the City's competitiveness with nearby communities and are

generally consistent with average wages for the fire departments of Treasure Island, Madeira Beach, Seminole, South Pasadena, Gulfport, Lealman, and St. Petersburg.

The cost of the pay plan changes and increases are approximately \$128,651 and have been included in the proposed FY26 budget. Additionally, 42% of the increase will be covered by the Advanced Life Support-First Responder contract with Pinellas County.

2. Holidays

Employees working on City recognized holidays will now be eligible for an additional twelve hours of pay to compensate them for serving our community while other City employees are off.

The cost of the holiday changes and increases are approximately \$17,497 and have been included in the proposed FY26 budget. Additionally, 49% of the increase will be covered by the Advanced Life Support-First Responder contract with Pinellas County.

3. Post Retirement Health Plan

The City and IAFF will jointly work to implement a post-retirement health plan by October 1st, 2026. The plan will be funded by member contributions and a PTO buyback option as defined in the tentative CBA.

4. Legal Changes

The entire CBA was reviewed by the City's contract labor attorney, Colleen Flynn from Johnson Pope, Bokor, Ruppel, & Burns LLP. for legal sufficiency and updated as recommended.

5. Administrative Changes

To ensure fiscal responsibility and long-term efficient and effective operations of fire and EMS services, several administrative changes were made. These changes included the following:

- Enhanced approval process for Paid Time Off (PTO) and Exchange of Duty Requests
- Techniques to minimize the use of Unscheduled PTO
- Overtime call back procedure update to ensure fairness and unit availability

Funding:

Expenditures will increase as stated in the Summary and have been included in the proposed FY26 budget. As mentioned, over 40% of anticipated cost increases will be covered by the Advanced Life Support-First Responder contract with Pinellas County.

ARTICLE 1: PREAMBLE

1.1 Parties.

In accordance with the State of Florida Public Employee Collective Bargaining Statute, this Agreement is entered into by and between the City of St. Pete Beach, a municipality in the State of Florida, hereinafter called the "City", and the International Association of Fire Fighters, Local 4966, hereinafter referred to as the "Union". This Collective Bargaining Agreement is applicable for members as defined in Certificate Number 176 issued to the International Association of Fire Fighters, Local 4966, in accordance with the certification granted by the Public Employee Relations Commission on December 15, 1975 and amended and clarified on September 29, 1986 and October 4, 2006.

1.2 Purpose.

The purpose of this Agreement is to promote and maintain harmonious and cooperative relationships between the City and the members, both individually and collectively, and the Union; to provide an orderly and peaceful means for resolving differences which arise concerning the interpretation or application of this Agreement.

ARTICLE 2: RECOGNITION

2.1 Recognition of Union.

The City of St. Pete Beach hereby recognizes the International Association of Fire Fighters, Local 4966, as the exclusive representative for the purpose of collective bargaining with respect to wages, hours and other terms and conditions of employment for all members in the bargaining unit.

2.2 Bargaining Unit.

The bargaining unit for which this recognition is accorded is defined in the certification granted by the Public Employee Relations Commission on December 15, 1975 and amended and clarified on September 29, 1986 and October 4, 2006 comprised of all part-time and full-time members within the City of St. Pete Beach Fire Department employed in the classifications of firefighters/EMT, firefighter/paramedics, fire inspectors, up to and including EMT and Paramedic lieutenants. All other members, in other ranks and positions, shall be excluded from this bargaining unit.

2.3 Recognition by Union.

The International Association of Fire Fighters, Local 4966, hereby recognizes the City of St. Pete Beach City Manager or his/her representative as the City's representative for the purpose of collective bargaining.

2.4 Members.

Whenever "Union" member is mentioned in this contract it shall mean a person that has taken the oath of Local 4966 and pays dues to the Local; otherwise "member" shall mean a member of the bargaining unit covered by this Agreement.

ARTICLE 3: MANAGEMENT RIGHTS

3.1 General.

The Union recognizes the prerogative of the City to operate and manage its affairs in all respects in accordance with its responsibilities. The powers or authority which the City has not officially abridged, delegated or modified by this Agreement are retained by the City. The City retains the right, subject to the limitations specifically expressed in this contract, to establish and implement rules and procedures, in accordance with applicable laws, governmental regulations and the provisions of the City Personnel Manual including, but not limited to, the following:

- A. To determine the organization of City government.
- B. To determine the purpose of each of its constituent agencies and/or departments.
- C. To exercise control and discretion over the organization and efficiency of operations of the City.
- D. To set standards for services to be offered to the public.
- E. To manage and direct the members of the City, including the establishment of work hours as provided in this Agreement.
- F. To hire, examine, classify, promote, train, transfer, assign, schedule and retain members in positions with the City.
- G. To suspend, demote, discharge or take other disciplinary action against members for just cause.
- H. To increase, reduce, change, modify or alter the composition and size of the work force, including the right to relieve members from duties because of lack of work, funds or other legitimate reasons.
- I. To determine the location, methods, means and personnel by which operations are to be conducted, including the right to contract and subcontract existing and future work.
- J. To determine the number of members to be employed by the City.
- K. To establish, change or modify the number, types and grades of positions, and members assigned to an organization, unit, department or project.
- L. To establish, change, or modify duties, tasks, responsibilities or requirements within job descriptions in the interest of efficiency, economy, technological change or operating requirements.
- M. To establish, implement and maintain an effective internal security practice.
- N. To promulgate, implement, delete, and enforce any rules concerning member practices or working conditions.

3.2 Emergencies.

If determined by the City Commission that a civil emergency condition exists, including, but not limited to, riots, civil disorders, hurricane or tornado conditions, epidemics, public employee strikes or other similar catastrophes, the City Manager may suspend PTO and other leaves of absence during the time of the declared emergency. All other provisions of the Agreement shall remain in effect, except processing of grievances may be delayed until the emergency condition ceases.

- 3.3** The exercise of such rights shall not preclude employees or their representatives from raising grievances, should decisions on the above matters have the practical consequence of violating the terms and conditions of any collective bargaining agreement in force or any civil or career service regulation.

ARTICLE 4: STRIKES AND PICKETING

4.1 Strikes Prohibited.

Members covered by this Agreement, the Union or its officers, agents and representatives, agree that Section 447.505, of the Florida Public Employees Collective Bargaining Statute prohibit them individually or collectively as public members from participating in a strike against the City of St. Pete Beach, the City, by instigating or supporting in any manner, a strike. Any violation of this section shall subject the violator(s) to the penalties as provided for by law, and the provisions of the City's Personnel Rules and Regulations.

4.2 Penalties.

Any member covered by this Agreement who participates in, is a party to or promotes any of the actions outlined in Section 4.1 shall be subject to disciplinary action up to and including discharge.

ARTICLE 5: NON-DISCRIMINATION

5.1. No Illegal Discrimination.

Neither the City, the Union, nor its members shall unlawfully discriminate against any employee with regard to Union membership or activities or on the basis of age, race, color, sex, religion, national origin, disability, genetic information or any other category protected by applicable law.

5.2. Probationary Employees.

All new members on probationary status shall be eligible for membership in the Union.

5.3. Non-Union Members.

Nothing in this Article is intended to waive the Union's right to decline representation of a nonunion member in the processing of a grievance in accordance with applicable law.

ARTICLE 6: ABSENCE FROM DUTY FOR UNION BUSINESS

6.1 Definitions.

For the purpose of this Article, Union Officials shall be defined as the President, Vice President, Secretary, District Vice President, and Treasurer or their Designee of the International Association of Fire Fighters, Local 4966.

6.2 Union Business.

- A. Up to one (1) employee Union official as defined in Section 6.1 above shall be granted up to three (3) consecutive shifts or days for forty (40) hour employees without pay to attend off-duty IAFF conferences and business provided the employee (1) requests such leave not less than seventy-two hours (72) in advance, and (2) receives permission from the Chief. In situations that could not be foreseen by the employee, the Chief may waive or lessen the request requirement.
- B. The Union steward on the shift shall be allowed to investigate a matter which could rise to the level of a contractual grievance during down time without loss of pay so long as it does not interfere with operations or the work of other on-duty employees, provided this privilege may be withdrawn by the Chief in the event it is abused.
- C. Off-duty Union stewards shall be permitted access to the station during down time to conduct Union business so long as the Chief determines it does not adversely affect operations or interfere with the work of on-duty employees.
- D. Up to three (3) employees will be relieved from duty without loss of pay to engage in collective bargaining negotiations with the City Manager's negotiating team, provided there is no overtime cost to the City to fulfill the Departmental manning requirements.
- E. Approved leaves under this section may be cancelled by the Chief in case of a civil emergency or to ensure proper manning as necessary to ensure public safety and fulfillment of the Departmental mission.

6.3 Other Union Business.

The Chief may agree that activities of Union officials other than as provided in Article 9, will not result in a loss of pay if he determines the absence from duty will not affect efficient operations.

6.4 Union Pool and Trade Time.

- A. Union members shall contribute four (4) hours annually of PTO leave towards a pool of time which may be drawn upon at the discretion of the Union. Donations of PTO leave to this pool must be in increments of four (4) hours and processed in writing upon Union forms. Transfers shall be made upon notification to Human Resources by the Union. The Union will notify the Chief, or his designee, as to disbursement of Union pool time.
- B. Pool time may be disbursed by the Union for the following reasons:
 - 1. Any unpaid activity covered by Section 6.2 above or under Article 9.
 - 2. Approved unpaid absences due to the employee's membership on a pension board for a retirement plan sponsored by the City.
- C. Any other off-duty, non-paid activity directly related to the representation of City employees

in the bargaining unit covered by this Agreement. The Union shall provide the City with an accounting of pool time on or before October 15 of each year.

ARTICLE 7: CHECKOFF

7.1 **Written Authorization.**

Members covered by this Agreement may authorize the City, in writing, to deduct Union dues from their pay and four (4) hours of PTO. Said authorization shall be on a form that meets the requirements of law which shall be supplied by the Union.

7.2 **Continuation.**

Members participating in the dues payroll deduction program may continue to do so as long as the Union remains the certified bargaining agent for the members.

7.3 **Amount.**

The Union shall certify in writing to the City any change in Union dues to be deducted from the wages of members who have authorized such deductions. This request by the Union shall be submitted at least one (1) month in advance of the effective date of any changes.

7.4 **Remittance of Dues.**

Union dues shall be deducted by the City every pay period [twenty-six (26) times annually] and the funds deducted shall be remitted to the Treasurer of the Union within thirty (30) calendar days thereafter.

7.5 **Hold Harmless.**

The Union shall indemnify, defend, and hold the City harmless against any and all claims, demands, suits, or other forms of liability that shall arise out of, or by reason of, action taken or not taken by the City on account of the payroll deductions. The Union agrees that in case of error, proper adjustment, if any, will be made by the City with the affected employee.

7.6 **Revocation.**

The member will provide both the City and the Union with a thirty (30) day notice prior to any and all Union dues revocation. The payroll deduction shall be revocable by the member notifying the City and the IAFF in writing.

ARTICLE 8: REPRESENTATION

8.1 Stewards.

There may be one (1) Union steward for each shift.

8.2 Solicitation by Union.

Solicitation of membership and the collection of Union money shall not be engaged in during duty hours.

8.3 Solicitation for Charities.

Solicitation for recognized charitable organizations may be conducted during duty hours with prior written approval of the City.

8.4 Use of Department Meeting Room.

Requests for use of the Fire Department meeting room shall be made in writing to the Fire Chief at least twenty-four (24) hours prior to the requested meeting date.

8.5 Change in Policy, Order or Rule.

Prior to implementing and/or changing a special order, general order, training order, SOP, SDP or City PRR, affecting union members, a copy shall be made available to the Union

ARTICLE 9: GRIEVANCE AND ARBITRATION PROCEDURE

9.1 General.

- A. The purpose of this Article is to establish procedures for the fair, expeditious, and orderly adjustment of grievances and is to be used only for the settlement of disputes between the City and employee, or group of members, involving the interpretation or application of this Agreement, including disciplinary action. If the dispute involves the interpretation or application of this Agreement, an employee shall have the option of utilizing the grievance procedures contained in the PRR or the grievance procedure established under this Article. In no case shall the employee use both procedures.
- B. A grievance is defined as a claim of a misinterpretation, misapplication or violation of the specific terms of this Agreement.
- C. A grievance may be submitted under this procedure by one (1) or more aggrieved members or by the Union as a general or class grievance when the matter being grieved involves issues common to more than one (1) employee. A Union general grievance shall be initially submitted at Step Two to the Chief within ten (10) calendar days of the occurrence of the matter from which the grievance arose.
- D. A grievance not submitted within the time limits as prescribed for every step shall be considered untimely. A grievance not appealed to the next step within the time limits established by this grievance procedure shall be considered either settled on the basis of the last answer provided by the City or that the grievant elected not to proceed any further. A grievance not answered within the limits prescribed for the City at each step shall entitle the employee or Union to advance the grievance to the next step. The time limits prescribed herein may be extended by mutual agreement of the Union and City.
- E. The requirements in Steps One through Three for written grievances and answers shall not preclude the aggrieved employee, the Union, if applicable, and the City from orally discussing and resolving the grievance.
- F. A grievant may be accompanied by a Union representative at any time during the grievance procedure. The City will attempt to accommodate all parties in the processing of grievances.
- G. Time spent by members and Union representatives in processing grievances on City property through Step 3 while on duty, shall not result in a loss of wages or benefits, provided they shall conduct themselves at all times so as to not interfere with their work, the work of other members or the operations of the Department, and they shall obtain permission from their immediate supervisor when they are going to be away from their work station for more than ten (10) minutes.
- H. Nothing in this Article shall preclude the appointment of designees in the reasonable absence of the Chief or City Manager.

9.2 Grievance Procedure.

- A. Step One - The aggrieved employee, with or without representation, or the Union shall submit a written grievance to his immediate supervisor within ten (10) calendar days after the occurrence of the matter from which the grievance arose. The written grievance at this step, and all steps hereafter, shall contain the following information:
 - 1. A statement of the grievance, including the date of occurrence, and details, and facts upon which the grievance is based.

2. The article (and section as appropriate) of this Agreement alleged to have been violated.
3. The action, remedy or solution requested by the employee.
4. The signature of the aggrieved employee, or the Union representative in case of class grievances.
5. The date submitted.

The immediate supervisor shall meet with the grievant within seven (7) calendar days of receipt of the written grievance, to discuss and seek a solution to the grievance. Within seven (7) calendar days after the meeting, the immediate supervisor shall give his answer in writing to the grievant.

- B. Step Two - If the grievance is not resolved at Step One, the aggrieved employee may submit a written appeal to the Chief within seven (7) calendar days after receipt of the immediate supervisor's written answer.

Within seven (7) calendar days after receipt of the written appeal, the Chief will meet with the aggrieved employee and/or the Union representative to discuss and seek a solution to the grievance. Within seven (7) calendar days after this meeting, the Chief shall give his written decision to the grievant.

- C. Step Three - If the grievance is not resolved at Step Two, the aggrieved employee may submit a written appeal to the City Manager within seven (7) calendar days after the Chief's, or his designee's, written answer. The City Manager shall meet with the aggrieved employee, and/or the Union representative, and the Chief within seven (7) calendar days of receipt of the written appeal to discuss and seek a resolution of the grievance. Within fourteen (14) calendar days after this meeting, the City Manager shall give his written answer to the grievant and/or the Union representative.

Verbal warnings and written warnings are subject to the grievance procedure only through Step Three, City Manager, and not subject to arbitration.

9.3 **Arbitration Referral.**

- A. If the grievance is not resolved at Step Three, the Union may, within fourteen (14) calendar days after receipt of the Step Three written response, submit a written request for arbitration to the City Manager. Employees shall not be entitled to arbitrate grievances unless the Union refuses to arbitrate an employee's grievance solely because the employee is not a Union member in which event the employee shall be entitled to arbitrate under the same conditions and financial obligations as the Union.
- B. The parties agree, within ten (10) calendar days after the date of receipt of the arbitration request, a list of seven (7) qualified neutrals shall be requested by the Union from the Federal Mediation and Conciliation Service (FMCS) or if FMCS will not provide arbitrators the request will be made to the American Arbitration Association. All arbitrators must reside in Florida or agree to charge travel expenses as if they resided in Tampa, Florida. Within five (5) calendar days after receipt of the list, the parties shall meet and alternately cross out names on the list, and the remaining name shall be the arbitrator. A coin shall be tossed to determine who shall cross out the first name.
- C. The arbitrator shall not have the power to add to, subtract from, modify, or alter the terms of this Agreement, and shall confine his decision solely to the interpretation or application of this Agreement. The arbitrator shall not have authority to determine any issues not submitted to him. The arbitrator shall not award any monetary relief to any employee who has not filed a timely written grievance under Section 9.2(A)

- D. Subject to applicable law, the decision of the arbitrator shall be final and binding upon the aggrieved employee and/or the Union, and the City.
- E. The arbitrator's fee and expenses and the fees for the appearance of the court reporter along with the costs associated with the arbitrator's copy of the transcript (if requested) shall be borne equally by the parties to the arbitration.
- F. Attendance at any arbitration procedure and the compensation of participants or witnesses shall be the responsibility of the party requesting the participants or the witnesses. Either party desiring transcripts of the arbitration hearing shall be responsible for the cost of such transcripts. Each party shall be responsible for their own attorney's fees and costs.
- G. The arbitrator shall be requested to render his decision as quickly as possible.
- H. In deciding any grievance resulting in retroactive adjustment, such adjustment shall be limited to the date of the initial occurrence, which gave rise to the need for adjustment.
- I. Upon receipt of the arbitrator's award, corrective action, if any shall be implemented as soon as possible, but in any event not later than fifteen (15) calendar days after receipt of the arbitrator's decision, unless either party appeals.

9.4 Limitations.

Claims of a violation of any law, including those referred to in Articles 5, 13 and Section 10.1 shall be subject to the grievance procedure but shall not be subject to arbitration without the written consent of both the Union and the City.

ARTICLE 10: MEMBER RIGHTS

10.1 **Firefighter Rights.**

The City shall comply with "The Firefighters Bill of Rights", "Garrity Rights" and "Weingarten Rights".

10.2 **Resignation.**

A member under investigation shall not be told that if he does not resign from the department criminal charges will be brought against him.

10.3 **Discipline.**

No member shall be disciplined or discharged without just cause.

10.4 **Inspection and Copying.**

All members shall have the right to inspect and make copies of their personnel records.

10.5 **Adverse Action.**

No adverse action shall be taken against a member because he exercises rights provided in this Article.

10.6 **Relieved From Duty.**

Employees relieved from duty for alleged violations of the law and/or departmental and/or personnel rules and regulations shall remain on full salary and allowances until the pre-disciplinary hearing is concluded so long as the employee and his representative are available within five (5) calendar days of notice of the possible disciplinary action but may thereafter be placed on leave with pay until the Chief makes his final decision as to what disciplinary action, if any, is to be taken.

ARTICLE 11: BULLETIN BOARDS AND CITY E-MAIL

11.1 Location and Size.

At each fire station a Union bulletin board may be erected and maintained by Union Officials. The bulletin boards shall not exceed eight (8) square feet in area and shall be rectangular. Each bulletin board shall be located in the lounge area. The bulletins may be used only for posting:

- A. Notices of Union recreational and social affairs.
- B. Notices of Union elections and results of elections.
- C. Notices of Union appointments and other official business.
- D. Notices of Union meetings.

In addition, IAFF members who have access to City computers may receive e-mail copies of Union business posted on the assigned bulletin board.

11.2 Signing.

All notices posted shall be signed by a Union Official as defined in Article 6.1 of this Agreement.

11.3 Filing with Chief.

Duplicate copies of all notices posted and e-mails sent shall be submitted to the Fire Chief for his/her file. Any material found on the Union bulletin boards not on file with the Fire Chief or not signed by a member of the Union executive board shall be removed by any Fire Department officer.

11.4 Condition and Costs.

All costs incident to preparing and posting Union notices and maintaining Union bulletin boards will be borne by the Union. The Union is responsible for maintaining the Union bulletin boards in an orderly condition.

ARTICLE 12: BEREAVEMENT LEAVE

12.1 Paid Leave.

Members covered by this Agreement shall be granted, upon approval of the City, up to twenty-four (24) hours off with pay at the straight time rate in the event of a death in the member's immediate family. This twenty-four (24) hour period will be charged for the time the employee is away from work in increments of not less than eight (8) hours and within 30 days. For out-of-state funerals, the member will be granted an additional twenty-four (24) hours off with pay for attendance at the funeral for up to a maximum of forty-eight (48) hours.

Members who work a forty (40) hour week will be entitled to up to twenty-four (24) hours with pay if the funeral is in the State of Florida and up to forty (40) hours with pay if the funeral is out-of-state.

Should the City's Personnel Rules and Regulations (PRR) be revised as it relates to Bereavement Leave during the term of this Agreement, members will receive any benefit enhancements over and above items defined by this Agreement.

12.2 Member's Immediate Family.

For the purpose of this Article, the member's immediate family shall be defined as spouse, domestic partner, children, parent, brother, sister, in-laws (father, mother, grandmother, grandfather, brother, sister, son or daughter), any relative living in the same household, stepparent, stepchild, stepbrother or sister, grandmother, grandfather, grandchild, and legal guardian.

12.3 Charging.

Bereavement leave shall not be charged to PTO, except as specifically provided in Section 12.4.

12.4 Additional Time.

Should a member require time in addition to that provided in Section 12.1 of this Article, the member may request additional time from the Fire Chief, or his/her designee. Upon approval by the Chief, any additional time used shall be charged to PTO, provided the member has accrued sufficient time, otherwise the member shall be considered in a leave without pay status.

12.5 Requirements for Pay.

If requested, the member shall provide the Fire Chief with proof of death in his/her immediate family and that he attended the funeral or matters associated with the death before compensation is approved.

ARTICLE 13: MILITARY LEAVE

- 13.1.** A military leave of absence will be provided to members who are absent from work because of service in the U.S. uniformed services in accordance with federal (USERRA) and state law. In order to be eligible for military leave, advance notice of the need for leave and a copy of the military orders is required, unless military service necessity prevents such notice or it is otherwise impossible.

ARTICLE 14: COURT ATTENDANCE AND DEPOSITIONS

14.1 Witness Leave for the City.

Subject to Article 9, members who appear as witnesses on behalf of the City or who are subpoenaed as a witness in a matter which involves City business in which the City is not a party in any judicial or administrative proceeding, including deposition, standby, or who are directed by the City to testify in any proceeding shall have all such time treated as compensable work time. Members are required to report in by phone to the District Chief prior to the start and upon conclusion of any subpoenaed time if required to attend on off shift days.

14.2 Other Court-Related Leave.

- A. Subject to 14.1 above, those members who become plaintiffs or defendants in personal litigation or who testify or appear on behalf of parties and other persons except the City are not eligible for leave with pay unless they request and utilize approved leave as defined by this agreement.
- B. Unless they are parties in the action, members subpoenaed by the Florida State Attorney's Office as witnesses for the State shall receive their normal pay less any witness fees received from the State under the same conditions as applied to jury duty under Section 14.3(A)-(D).

14.3 Jury Leave.

For members called to jury duty, the City shall make up the difference between a regular full-time member's pay for his normal schedule provided the member:

- A. Advises the Chief no later than three (3) working days before he is to report for jury duty or when he is first advised, whichever first occurs.
- B. Returns to duty each day he is released from jury duty when two (2) or more hours remain on his scheduled work day or shift unless he gets permission from the Chief, or his designee, not to return.
- C. Provides the City with a copy of his check for jury pay.
- D. A member who attends court or serves jury duty under the conditions described in paragraph 14.1 above while utilizing PTO shall be allowed to reinstate PTO hours served in court providing satisfactory evidence of the time served on such duty is presented to the City.

14.4 Return to Work.

Members who attend court or any other legal or administrative proceeding for only a portion of a regularly scheduled work day are expected to report to their supervisor when excused or released.

14.5 Reporting.

A member subpoenaed to attend court, give a deposition, attend any administrative hearing, or serve jury duty shall promptly notify his immediate supervisor so that arrangements can be made for his absence.

ARTICLE 15: LEAVE

15.1 Definition.

Paid Time Off (PTO) is an all-inclusive flexible time off policy in place of traditional individual vacation, sick, injury, and personal leave programs. It does not apply to Jury Duty or bereavement leave. PTO is an employee benefit. It is a program to allow employees an established amount of paid absence without regard to the reason, however subject to the requirements and restrictions set forth below.

15.2 Eligibility.

All full-time employees will be eligible to accrue PTO time. No other employees, including Part-time employees shall accrue PTO.

15.3 Usage of Leave.

PTO leave may be used for the following purposes (subject to 15.5 below):

- A. Approved.
- B. Bona fide sickness or injury.
- C. Absence for any number of personal reasons, such as:
 - 1. Medical and dental appointments and treatment which is necessary during working hours.
 - 2. Absences for personal business which cannot be conducted during off duty hours.
 - 3. Holidays other than those observed by the City as official holidays.
 - 4. Maternity/paternity leave.
 - 5. Caring for immediate family members who are ill.
 - 6. Any other approved absence.
- D. To supplement FMLA leave, or a Workers' Compensation absence, only to the extent necessary to make up the difference in all compensation received from any source and the employee's straight time weekly earnings or salary whichever applies.

15.4 Accrual.

- A. Commencing the first payroll following ratification of this Agreement, full-time employees shall accrue PTO leave each payroll as provided in 15.4(C) below:
- B. New hires will be eligible to begin accruing as of their date of hire. Hours available may be used with no waiting period.
- C. Accrual Rates.

<u>Completed Continuous Months of Service</u>	<u>Bi-weekly Accrual</u>	<u>Annual Accrual</u>	<u>Max Accrual End of FY</u>
0 to 59 months	7.385 hours	192 hours	360 hours

60 to 119 months	9.692 hours	252 hours	420 hours
120 + months	12.000 hours	312 hours	480 hours

- D. Should the City's Personnel Rules and Regulations (PRR) be revised as it relates to Accrual Rates during the term of this Agreement, members will receive any benefit enhancements over and above items defined by this Agreement.

15.5 Approval.

- A. Initial PTO request and Kelly Days will be selected via an Annual Leave Selections process based on seniority. The selection process will be defined in an approved SDP with an implementation goal of no later than October 1st, 2026. Once the annual leave selection process is completed, routine requests will be accepted on a first-come-first-serve basis.
- B. In order to ensure effective operational scheduling, PTO time should be requested as far in advance as possible, but in no event less than one (1) workday before the leave is to commence unless the failure to make a timely request is determined by the employee's department director to be for reasons beyond the control of the employee if it does not cause overtime. Scheduled PTO may be taken with less advance notice if an available slot remains.
- C. In the case of unforeseen sickness or injury of the employee or an immediate family member, the employee must advise his/her supervisor or Department Director as soon as possible, but not later than one hour before the employee's scheduled reporting time unless prohibited from doing so for reasons determined by management to be beyond the control of the employee.
- D. When a leave is for FMLA or an absence resulting in three (3) consecutive days, or two consecutive shifts for Fire Department personnel due to sickness or injury, the employee must provide a medical return to work approval from a medical doctor or other health care professional acceptable to management to return to work.
- E. Approval may be withdrawn to meet manning requirements or operational needs.

15.6 Charging Time.

PTO time will be charged for the time the employee is away from work in increments of not less than one (1) hour, except in the case of an excused absence under Section 15.5(B) or FMLA under Section 15.5(C). The minimum shall be one half (1/2) hour.

15.7 Unused PTO Time.

Employees may carry over unused PTO hours from one fiscal year to the next to a maximum of 360 hours (for employees with less than 5 years of service), 420 hours (for employees with more than 5 years but less than 10 years) and 480 hours (for employees with more than 10 years of service). Hours in excess of these maximums at the end of the fiscal year will be forfeited.

15.8 Payment of Unused PTO.

- A. Subject to subparagraph D below, upon any form of separation from City employment, employees are entitled to compensation for any balance of unused PTO hours to a maximum of 240 hours (for employees with less than 5 years of service), 300 hours (for employees with more than 5 years but less than 10 years), and 360 hours (for employees with more than 10 years of service).

- B. Should an employee die while in service, any balance of unused PTO hours will be paid to the designated beneficiary listed on the form for his/her employee's City life insurance.
- C. Payment shall be at the employee's base hourly rate at time of employment termination.
- D. An employee terminated for any of the following reasons shall not be entitled to be paid unused PTO hours at the time of severance:
 - 1. Use of official position for personal advantage.
 - 2. Making false claims or intentional misrepresentation in an attempt to obtain sickness or accident benefits, Workers' Compensation, or any other benefit.
 - 3. Concerted curtailment, restriction of production, or interference with work in or about the City's work stations including, but not limited to, instigating, leading, or participating in any walkout, strike, sit down, stand-in, slowdown, or refusal to return to work at the scheduled time for the scheduled shift.
 - 4. Possession, use, sale, attempt to sell, or procure illegal controlled substances at any time whether on or off City property or whether on or off duty; and possession, use, sale or attempt to sell or procure alcoholic beverages while on duty, or City property, while operating or riding in or on City equipment. Police Officers transporting controlled substances or alcohol as evidence are excluded from this provision.
 - 5. Stealing from the City.
 - 6. Intentionally causing the City to be found in violation of Federal or State law.

15.9 Responsible Use Incentive.

- A. A Responsible Use Incentive Pilot Program will be in place for FY26 and reevaluated for FY27 as a component of other reopened articles.
- B. To reward members that manage their PTO leave, for each 12-month period that a member does not utilize Unscheduled PTO, those members will be awarded \$500. The 12-month period begins on October 1st.

15.10 Kelly Days.

- A. Members will be given a twenty-four (24) hour shift off with pay every thirteenth (13th) shift, but no more than nine (9) in any fiscal year.
- B. Forty (40) hour employees will not be eligible to receive Kelly Days.

15.11 Unused Sick Leave Balance.

- A. Members with sick leave balances as of the date of ratification of this agreement will be retained and only be available for use in a "catastrophic" situation. Catastrophic is defined as any illness, or illness related to the care for an immediate family member or relative living in the same household, lasting longer than seven (7) consecutive working days, or three (3) consecutive shifts for fire personnel. To receive payment, the employee will be required to submit forms the City requires to be completed and a medical excuse acceptable to the City.

Upon separation of employment, or death while in service, the hours remaining in the employee's sick leave bank will be paid out at the employee's then current hourly rate based on the formula set forth below in subsection B, provided there shall be no pay out if:

1. An employee who resigns and does not give at least fourteen (14) calendar days written notice of the intention to resign; or
2. An employee terminated for a reason listed in 15.8 (d) above

Years of Service	% of Sick Leave Payment
0-9 years	0%
10-14 years	30%
15-19 years	40%
20 + years	50%

B. Sick Leave Payment at Death

In the event of the employee's death, the amount of Unused Sick Leave Balance to which the employee would be entitled to in 15.9(B) above will be paid to the designated beneficiary listed on the form for his/her City life insurance.

15.12 Catastrophic Illness Leave.

There shall be a catastrophic sick leave bank (CSLB) into which and from which participating members are eligible to draw in the case of catastrophic illness or injury once they have exhausted all accumulated sick leave as follows:

- A. The parties will continue to jointly administer the CSLB according to the following guidelines:
 1. Participation shall be established by fifty-six (56) hour members contributing twenty-four (24) hours and forty (40) hour members contributing eight (8) hours of their PTO to the CSLB.
 2. Participants must have been continuously employed as a member for one (1) year, but not more than three (3) years. Fifty- six (56) hour members must have at least ninety-six (96) hours of accumulated PTO and forty (40) hour members must have 36 hours of accumulated PTO. Participants must have authorized the City in writing to transfer their contribution and such authorization shall remain effective until withdrawn by written notice to the City Administrative Services Director and the Union.
 3. The City will transfer the contributions to the CSLB.
 4. Hours contributed become property of the CSLB and cannot be refunded.
- B. A Committee of three (3) members of the bargaining unit appointed by the elected officials of Local 4966, IAFF, shall administer the CSLB. All disputes arising from the implementation of this section shall be resolved by the Committee, which shall have final authority.
 1. The Committee shall notify the Human Resources Administrator when a member applies and is accepted to participate in the CSLB.
- C. Participants may withdraw from the bank according to the following procedures:
 1. The participant must produce a physician's certification stating they suffer from a personal debilitating illness or injury and has used all unused sick leave balance. The City reserves the right to require a second physician's opinion.

2. Maximum withdrawal(s) for any one (1) illness, injury or complications arising thereof, shall be eight hundred and six (806) hours. The maximum withdrawal(s) may be increased by mutual agreement between the City and the Union. Withdrawals shall be granted in increments of sixty-seven point two (67.2) hours. Allocations shall be determined by the Committee upon written applications accompanied by a doctor's certificate of incapacity to return to work.
 3. Hours used from the bank may not result in double compensation when combined with other benefits such as Workers' Compensation.
 4. The Committee shall develop such additional rules, restrictions and procedures as necessary to efficiently administer the program and prevent abuse.
 5. Subject to the provisions of this Article, the City shall disburse withdrawals approved in writing by the Committee at the participant's regular straight time rate of pay.
 6. Participants shall accrue all benefits while in CSLB.
- D. There shall be no contribution to the CSLB which shall cause the CSLB to exceed three thousand five hundred (3,500) hours, provided employees not in the CSLB can make the minimum contribution as provided in Section 15.10(A)(1) in order to become members of the CSLB.
- E. Progression of Leave Benefits.

In the event an employee is unable to work due to a non-job-related injury or illness, the employee will utilize leave in the following order:

First: The first two consecutive 24-hour shifts following the off-duty injury/illness, the employee shall receive full base pay utilizing accumulated PTO.

Second: From the third consecutive shift following the off-duty injury-illness through the completion of the twenty-fourth (24th) week following the injury/illness, the employee shall receive sixty percent (60%) of pre-injury base pay as a taxable benefit as provided by CSLB and supplemental leave benefits necessary to bring total compensation including CSLB up to one hundred percent (100%) of per injury/illness base pay levels, using leave in the following order:

1. Any hours remaining in the employee's accumulated unused sick leave bank must be exhausted prior entering catastrophic leave, then
2. Any PTO hours the employee has remaining may be used to supplement the employees pay to one hundred percent (100%) of pre injury/illness levels through the end of the CSLB period.

ARTICLE 16: HOLIDAYS

16.1. Holidays.

- A. Holidays recognized by the City under the PRR are normal workdays for employees on a Section 7(k) schedule. However, members are eligible for the benefits noted in Article 16, section 16.1 when working any holidays recognized by the City under the PRR.
- B. Employees working (including members working an Exchange of Duty Time) on a recognized holiday (24-hour shift that starts on a recognized holiday) shall receive an additional twelve (12) hours of pay at their current hourly rate.
- C. To receive the holiday pay as noted in section 16.1(B), employees cannot utilize Unscheduled PTO the shift immediately prior to the recognized holiday or the shift immediately after the recognized holiday.
- D. If additional holidays are recognized during the term of this contract and added to the PRR, members will be eligible for the same holiday benefits as noted in Article 16, section 16.1.
- E. Forty (40) hour employees shall be granted those City recognized holidays as listed in the PRR.

16.2. Personal Leave Day.

Employees on a Section 7(k) schedule will be entitled to two (2) paid Personal Leave Days each FY, provided, they have been employed six (6) consecutive months. The Personal Leave Day shall be treated procedurally in the same manner as scheduled PTO requests (they must be in writing and approved by the City). Should the member not be able to take the Personal Leave Day during the contractual year because of scheduling by the City, they will be paid twenty-four (24) hours pay at their straight time rate, at the end of the contract year, otherwise Personal Leave Days not taken by the end of the FY shall be lost.

Forty-hour members will be entitled to two (2) paid Personal Leave Days each FY, provided, they have been employed six (6) consecutive months. The personal day shall be taken as a full day and requested in writing on the proper leave form prior to the chosen day. The personal leave day shall be treated as a holiday and therefore is not subject to accrual. The day will be used in the fiscal year, unless departmental management denies the request due to scheduling problems. In this event, the employee shall be compensated for the personal day (at their straight time rate) to which the employee was entitled but not able to use prior to the end of the fiscal year.

16.3. Special Holidays.

- A. Members covered by this Labor Agreement shall also enjoy all special holidays that are observed by the Employer during the term of this Agreement. Special Holidays are defined as non-regularly scheduled holidays established through City Commission action to commemorate a special event or occasion not regularly provided in other Employer documents.
- B. Any special holidays granted per Section 16.3 shall be compensated monetarily for fifty-six (56) hour work week employees at twelve (12) hours regular pay.

ARTICLE 17: GENERAL LEAVE WITHOUT PAY

17.1. Leave of Absence Without Pay Except FMLA Leave.

For leaves without pay, except FMLA leave, or as otherwise provided in this Agreement, the following shall apply:

- A. A regular full-time employee may be granted leave of absence without pay for a period not to exceed one (1) year (inclusive of FMLA leave) for sickness, disability or other reasons considered by the City to be in its best interest. Such leave shall require the prior approval of the Chief and the City Manager.
- B. If for any reason the leave of absence without pay is granted, such leave may subsequently be withdrawn, and the employee recalled to service if determined to be operationally necessary by the City.
- C. All members on leave of absence without pay are subject to these rules.
 - 1. Subject to applicable law, leave without pay shall be granted only when the City determines it will not adversely affect the interests of the City.
 - 2. Failure of a member to return to work upon expiration of approved leave shall result in termination from the City, absent any unforeseen circumstances as determined by the City Manager.
 - 3. A member granted a leave of absence without pay, and who wishes to return before the leave period has expired, must make a request to return early to the Chief as soon as possible to discuss the possible return to work.
 - 4. No PTO leave, or holiday pay will be accrued or earned by a member for the time that the member is on leave without pay.
 - 5. A member, who obtains employment elsewhere, while on authorized leave of absence without pay, will be terminated by the City unless approval has been obtained in advance from the Chief and City Manager.
- D. A member returning from a leave of absence without pay shall be entitled to employment in the same department and position as when the leave began, providing an opening exists. If no vacancies exist, the member may be offered a lesser position for which he is considered by the City to be qualified. If no such vacancies exist at the time, the member may be terminated or the leave extended at the option of the City.

17.2. Effect of Leaves on Insurance Coverage.

- A. Compensable Leave. The City shall continue the employee's group life and hospitalization insurance during compensable leave of absence provided the employee pays his share of the premium.
- B. Workers' Compensation. The City shall continue the employee's group life, dental and hospitalization insurance during an unpaid leave of absence due to a valid Workers' Compensation injury or illness, provided the employee pays his share of the premium, if applicable. If the employee's claim is later determined by law to be invalid, the employee shall reimburse the City for all premiums paid in his behalf during the injury. Failure to repay the City such premium upon demand or under terms agreeable to the City will result in termination of employment, and loss of

accumulated PTO, sick and vacation leave to the extent necessary to cover the reimbursement. To the extent not fully reimbursed, the City may collect the premiums by any means allowed by law.

- C. Other Non-Compensable Leave. If an employee is on an unpaid leave of any type other than FMLA leave, he shall be responsible to pay the full premium for group life and hospitalization insurance beginning the month in which the leave began. The employee shall be entitled to continue coverage for the period of the leave provided he pays the premiums subject to any restrictions imposed by the insurance carrier.

18.1. Residency.

Members covered by this Agreement may reside wherever they wish provided it does not adversely affect their ability to report to work as scheduled and on time.

18.2. Prevailing Rights.

- A. Members covered by this Agreement are entitled to the benefits and rights of and subject to the responsibilities of the Personnel Manual of the City, which are not covered in this Agreement. Disputes under the PRR, except for disciplinary matters, shall be resolved under Section 13 of the PRR and not under Article 9 of this Agreement. If any conflicts occur between this Agreement and the City PRR, this Agreement shall take precedence. All rights, privileges and working conditions enjoyed by the members at the present time, which are not included or addressed in this Agreement shall be presumed to be reasonable and proper and shall not be changed arbitrarily or capriciously which shall mean without any reasonable business or operational reason.
- B. The City has the right to adopt and to change General Orders and Departmental Regulations, which are not in violation of any specific provision of this Agreement, and to enforce same. At the time of drafting of General Orders or amendments to General Orders, written input shall be requested from the Union and any input given by the Union shall remain as an attachment to the proposed General Order until adoption by the City.
- C. Members shall be furnished with a copy of any written reprimand, which they shall be required to sign. Signature of the reprimand shall serve as acknowledgment of receipt only and shall not constitute acceptance of the disciplinary action.
- D. The Union shall be allowed consultation privileges in the establishment of criteria upon which merit increases and bonus awards are granted.
- E. At the City's option, members covered by this Collective Bargaining Agreement shall be entitled to enjoy the benefits resulting from participation in special member programs that are observed by the City during the term of this Agreement. Special member participation programs shall be defined as infrequent or sporadic public service activities, for example: donations of blood to blood banks, nonprofit fund-raising affairs, etc.

18.3. Appendices and Amendments.

No appendices and/or amendments can be made to this Agreement unless they are lettered, dated and signed by the Union and the City and properly ratified.

18.4. Printing of Agreement.

The Employer will make available an electronic copy of this Agreement for all members of the bargaining unit through the Employer's website and internal electronic files.

18.5. Workers' Compensation.

- A. The City will supplement Workers' Compensation for up to three (3) months at the employee's regular straight time rate of pay. This supplement is limited to the number of hours of the employee's regular schedule. After three (3) months, the employee may use accumulated but unused PTO, vacation and sick leave from the frozen banks leave to supplement Workers' Compensation subject to the limitations set forth in this Agreement.

- B. Injury or compensable illness shall be determined to have been incurred while on duty with the City only if such injury is a compensable injury under Florida's Workers' Compensation Law.
- C. Length of disability shall be determined by the City's physician in accordance with the Workers' Compensation Law.
- D. PTO accrual shall continue for a maximum of twelve (12) months for members who are receiving worker's compensation benefits due to a compensable on-the-job injury or compensable illness unless placed on leave without pay status.
- E. If the member's claim is later determined by law to be invalid, the member shall reimburse the City for supplemental compensation received and as to benefits received or accrued, he shall be treated as having been on unpaid leave of absence; provided, he shall not be required to repay accrued PTO leave used to supplement Workers' Compensation. Failure to repay the City upon demand or under terms agreeable to the City will result in termination of employment, and loss of accumulated PTO leave to the extent necessary to cover the reimbursement. To the extent not fully reimbursed, the City may collect by any means allowed by law.

18.6. Light Duty.

- A. If a member is released by a physician for "light duty", return to light duty shall be at the option of the City based on its operational needs. Light duty is not guaranteed, and the City shall not be required to create a position or work to accommodate a light duty request. If there is a position vacant at the time of the light duty request, for which the member is qualified and meets the requirements outlined by the member's physician, the member may be temporarily placed in that position. Refusal to accept a light-duty assignment by the City Manager, or his designee, which the member is capable of performing in accordance with applicable law will result in termination of employment.
- B. The member will be paid his normal hourly rate for light duty work; provided; members on a Section 7(k) schedule in the Fire Department who are assigned light duty on another schedule shall have their normal hourly rate multiplied by 1.40.
- C. No PTO leave will be charged for those hours worked while on light duty.

18.7. Maternity Leave.

- A. Maternity leave is a period of approved absence for incapacitation related to pregnancy and follows the specified rules outlined in the Family/Medical Leave Act.
- B. The time when a pregnant woman should leave or return to work will be determined on an individual basis and will depend on the physical condition of the particular employee and the nature of the employee's job.
 - 1. An employee will be permitted to continue to work as long as the conditions of the pregnancy do not adversely impair the employee's work performance or health. The judgment of the Department Director and the City Manager concerning the beginning of maternity leave shall be based on the written medical opinion of the employee's physician, the nature of the job and/or the employee's ability to perform essential tasks.
 - 2. The date an employee shall return to work following maternity leave may be based on a medical statement from a certified physician stating that the employee is able to perform the essential tasks of the employee's position. It shall be the responsibility of the employee to obtain and submit the physician's medical statement.

18.8. Uniforms.

All uniforms, shorts, T-shirts, Job shirts, safety shoes, belts, hats, and protective clothing and devices (i.e., helmets, face protection, etc.) required by the City to be worn on duty by members covered by this Agreement shall continue to be furnished without cost to the members by the City, with the exception of IRS taxing requirements. However, if the member loses or abuses any of the furnished clothing or equipment, the costs for replacement of such shall be borne by the member.

18.9. Indemnification.

To the extent allowed by applicable law, the City shall provide a defense in all suits against members covered by this Agreement and protect said members from any liability as long as they are acting within the scope and authority of their employment.

18.10. Damaged Personal Property.

- A. Prescription eyeglasses, contact lenses, hearing aids, and watches of members that are lost, damaged or destroyed in the line of duty, except through member negligence, shall be replaced or repaired at the City's expense subject to the following restrictions. The City shall not be held responsible for any other personal property, which is lost, damaged or destroyed in the line of duty.
 - 1. The maximum reimbursement for prescription eyeglasses, contact lenses and hearing aids shall be the cost of replacing the precise item with one of equal quality or two hundred fifty dollars (\$250.00), whichever is less.
 - 2. The maximum reimbursement for watches shall be the cost of replacing the item with one of equal quality or one hundred fifty dollars (\$150.00), whichever is less.
 - 3. Requests for reimbursement for the lost or damaged personal property shall be made in writing to the member's immediate supervisor during the work shift in which the article of personal property was damaged or lost.
 - 4. Except when lost, the item for which reimbursement is sought must be turned in along with the written request for reimbursement.
 - 5. Reimbursement for lost or damaged personal property must be approved by the City.

18.11. Outside Employment.

- A. Members will not engage in outside employment which may in any way hinder the proper performance of their public employment duties or impair the efficiency of the Fire Department as determined by the City.
- B. No member shall engage in outside employment with, render services for, any person or business transacting business with any agency or department of the City without approval of the Chief.
- C. Members who engage in secondary employment shall do so only with approval of the Chief and the understanding and acceptance that their primary duty obligation and responsibilities are to the City. Members who engage in secondary employment will provide a source of telephone communications with the place of off-duty employment, and such information shall be kept current at all times.
- D. All members are subject to call at any time for emergencies for mandatory overtime duty, and no secondary employment may interfere with this obligation. Members may be subject to disciplinary action under this section if they fail to report for emergency or overtime duty after being ordered to do so.

- E. The City may require proof of Workers' Compensation coverage by the outside employer when the employee works for an employer other than himself. A member shall not drive any City owned vehicle to his outside employment, nor take any City owned equipment to said employment.
- F. Members may not work at outside employment while on an unpaid leave of absence from the City, except with the authorization of the Chief.
- G. Members who are injured while working another job or jobs are required to notify the Chief, or his designee, immediately.

18.12. Letters of Recommendation.

- A. The members and/or the Union shall not make comments to prospective employers of members who have retired from or otherwise terminated employment with the City. All communication with prospective employers about former employees shall be by City Manager, or his designee.
- B. The City agrees that a member shall have the right to include in the member's official personnel record a written and signed refutation (including signed witness statements) of any material the member considers to be detrimental.

18.13. Ordinances.

The City shall notify the Union of any ordinance to be enacted by the City prior to its adoption if such ordinance may affect the working conditions, benefits or retirement of the members.

18.14. Group Insurance and Carousel Benefit Program.

- A. Group Insurance
 - 1. Health Insurance. The Employer shall provide health insurance selected by the Employer to include dependent coverage at the option of the employee. In the event that more than one (1) plan is offered, the Employer shall pay the individual premium cost for the lowest plan offered.
 - 2. Dependent Coverage. The employee shall have the choice of plans offered by the Employer and shall be responsible for the premium cost for dependent coverage not paid by the Employer.
 - 3. Life Insurance. The Employer will provide life insurance coverage for employees in the amount of one times the employee's annual base salary. This coverage will be in addition to any life insurance required by state law, if any, for a particular classification or group of employees.
 - 4. Retirees. Upon retirement under a City sponsored retirement plan, a retiree shall be allowed to continue participation in the City Group Medical Plan for himself and his dependents at his own cost under conditions acceptable to the City as to payment, subject to the terms of the Plan and applicable law.

B. Carousel Benefits Program

1. A member may elect not to participate in the City Group Medical Insurance Plan upon proof acceptable to the City that the member is covered by another health plan.
2. A member wishing to opt out of the City Group Medical Insurance Plan shall complete the forms and supply proof of other coverage with the Personnel Office.
3. If approved by the City, the member will be paid the same as other City employees who opt out in lieu of Group Medical Insurance coverage for those weeks he would have been covered by the City plan but for his opt out.
4. The member may utilize the amount received as he wishes, including participating in voluntary benefit plans offered by the City.
5. It is the obligation of the member to advise the City in writing immediately in the event the member no longer has other Group Medical Insurance or the plan on which the City allowing the opt out has changed.
6. The City reserves the right to withdraw its approval of a member's opts out at any time for failure to provide satisfactory proof of alternative coverage, and to change benefit options available to all City members.

18.15. Educational Reimbursement Program.

Section 27 – Educational Incentives and Benefits – of the City PRR is attached hereto and incorporated herein as a part of Appendix III.

18.16. Travel Pay.

When a member is ordered to report to another station after reporting to the member's regular duty station and the member used his/her personal vehicle to travel to the other station, the member shall be paid mileage in accordance with GSA standards for personal vehicle use for the actual miles traveled from the regularly assigned duty station to alternate duty station. Payment shall be made from petty cash or by check at the City's option.

18.17. Drugs and Alcohol.

- A. PRR Section 26 is attached hereto and made a part hereof as part of Appendix II.
- B. A member shall have the right to have a Union representative present at any meeting with management involving their possible violation of this Section provided that no undue delay is caused.

18.18. Smoking and Use of Tobacco Products.

- A. The City agrees to hire only members who do not smoke or use tobacco products on or off duty.
- B. Smoking or using any tobacco product, on or off duty shall be grounds for immediate dismissal.
- C. Other than provided above, PRR Section 26.01 shall apply to members.

18.19. Section 457 Plan.

Employees of the City shall be afforded the option of participating in an IRS qualified retirement program governed by the Internal Revenue Code 457 offered to other City employees, which shall include the IAFF Financial Corporation 457 Plan, provided it is and remains IRS qualified. Employees will be entitled to transfer 457 Plan assets to the plan of choice without penalty by the City. Any additional cost of this IAFF 457 Plan over and above the cost of the current plans shall be borne by the Union. Unless otherwise provided by applicable law, the City shall have no obligation under this IAFF 457 Plan other than to make employee contributions to the Plan from the employee's City earnings as allowed by law and as directed in writing by the employee.

ARTICLE 19: INOCULATION

- 19.1.** The City agrees to pay reasonable expenses for inoculation or immunization shots for members and the member's immediate family residing in the member's household when such becomes necessary as a result of said member's exposure to contagious diseases in the line of duty. The member shall make all reasonable efforts to have this service performed at no cost by the County Health Department or other agency.

ARTICLE 20: HEALTH AND SAFETY

20.1 Safety Committee.

- A. In accordance with provisions of Florida Statutes Florida Firefighters Occupation Safety and Health Act 633.502 - 633.536, Management will provide and maintain safe working conditions. The Union Local 4966 will cooperate and encourage the employees to work in a safe manner.
- B. In accordance with F.S. 633.522, 69A-62.402, 69A-62.403, F.A.C, there shall be established a joint Health and Safety Committee which shall be comprised of five (5) members.
- C. Management shall determine the length of tenure for all members of the safety committee and ensure that the number of management representatives shall not exceed the number of firefighter employee representatives.
- D. Management shall identify the firefighter employee representatives for the safety committee from firefighter employees who are volunteers or who are elected from their co-workers. When sufficient firefighter employee representation is not otherwise met, management shall select and appoint firefighter employees to the committee.
- E. The Health and Safety Committee shall meet no less than quarterly. Special meetings may also be called at other times by a majority of the committee or as the City or Union request. Such special meetings may supersede regularly scheduled quarterly meetings.
- F. The purpose of such meetings shall reflect the purpose established by Florida Statutes section 633.
- G. The committee shall elect a chair and maintain accurate minutes and communicate the location and availability of the minutes to all firefighter employees. Safety committee records, or true copies thereof, shall be maintained by management for a period of not less than three calendar years. A majority of members shall constitute a quorum and is required before official business may be transacted at a meeting. The City and Union encourage the committee to distribute information germane to the health and safety of the Fire Department members as approved by the committee and Fire Chief.
- H. The committee shall serve in an advisory capacity to the Fire Chief. Any recommendations made by this committee shall not be binding upon management and final action regarding any such recommendation, either to accept or reject the recommendation as submitted, shall be in the sole discretion of the Fire Chief. However, all decisions of the Fire Chief regarding said recommendations will be given, in writing, within thirty (30) days of receipt of the recommendation from the committee.
- I. The committee shall also provide a report to the Fire Chief, prior to budget preparation regarding concerns about facilities, apparatus, equipment and clothing. In order to achieve the goals of providing the best available protective equipment for all employees, all new clothing and equipment which features a design change shall be submitted to the joint health and safety committee.
- J. The department shall work towards incorporation of NFPA (National Fire Protection Agency) 1500 Standard on a voluntary basis. The committee chair shall be responsible for maintaining the NFPA 1500 Fire Department Occupation Safety and Health Program tracking system, updating annually no later than February 1st. This updating shall identify costs, justifications, and funding source(s)

for new safety programs and equipment required to meet the objectives of NFPA 1500. Equipment purchased under this provision shall comply with NFPA Standards in effective at time of order.

K. Duties and Functions of the Safety Committee

1. Establish and communicate procedures for conducting internal safety inspections of the workplace. When approved by the firefighter employer, these procedures shall be used to evaluate the effectiveness of engineering, administrative, and personal protective control measures provided by the firefighter employer to protect firefighter employees from recognized hazards in the work and work environment;
2. Establish and communicate procedures approved by the firefighter employer by which the firefighter employer shall investigate all workplace accidents, safety-related incidents, reportable injuries, illnesses, diseases, and fatalities;
3. Evaluate the effectiveness of and recommend improvements to the firefighter employer's safety rules, policies, and procedures for accident and illness prevention programs in the workplace and, when approved by the firefighter employer, ensure that written updates and changes to rules, policies, and procedures of the safety programs are completed;
4. Establish and communicate guidelines for the training of members on the requirements of this rule chapter;
5. Post the scheduled date, time, and location of committee meetings in a conspicuous place where firefighter employees normally gather;
6. Provide minutes of the committee meetings in a conspicuous place where firefighter employees normally gather and provide a copy thereof to individual firefighter employees upon written request; and,
7. Retain in the workplace all original written communications between the firefighter employer and the committee, or true copies thereof, for a period of not less than three calendar years.

20.2 Recommendations.

The City shall make reasonable efforts to provide and maintain safe working conditions. To this end, the Union shall cooperate and encourage the members to work in a safe manner. The City shall receive and consider written recommendations with respect to safety matters from any member, the Safety Committee or the Union collectively and respond in writing within thirty (30) working days.

20.3 Equipment and Devices.

The City shall provide proper and necessary safety equipment and devices are deemed necessary by the City. Such equipment and devices, where provided, shall be used. Failure by members to utilize provided equipment or devices shall be subject to disciplinary measures.

20.4 Return of Uniforms and Equipment.

In the event a member leaves the employ of the department, the member shall return all uniforms and safety equipment to the department.

20.5 Reporting.

Members shall immediately report any and all unsafe or potentially unsafe conditions to the Chief, or his designee. After discussion with the Chief, the Safety Committee may report to the City Manager any condition it considers unsafe that has not been resolved in a reasonable time by the Chief.

ARTICLE 21: SENIORITY, LAYOFF AND RECALL

21.1 Definitions.

- A. City seniority shall be defined as the length of time since the member's most recent date of employment or re-employment with the City. City seniority shall be used for purposes of determining service awards and other matters based on length of continuous service with the City.
- B. Classification seniority shall be defined as length of continuous employment in a classification. Classification seniority shall be used in a consideration for layoff, recall, merit reviews and promotions.
- C. Departmental seniority shall be defined as length of continuous employment in the Fire Department. Departmental seniority shall be used for the purpose of scheduling vacations.
- D. Classification shall be defined as a group of members who share similar work duties as established by the City, i.e., Firefighter/EMT, Firefighter/Paramedic, Lieutenant/EMT, Lieutenant/Paramedic, etc.

21.2 Seniority Accrual.

Unless the law requires otherwise, seniority shall accrue during active pay status and during leaves without pay status, which do not exceed thirty (30) consecutive calendar days. Leaves of absence without pay for periods in excess of thirty (30) consecutive calendar days shall cause the seniority dates to be adjusted.

(EXAMPLE: If a member takes a leave of absence without pay for a six (6) month period and then returns to work, the member's seniority does not include the six (6) months period of leave without pay.)

21.3 Probation.

- A. All new members shall be placed on twelve (12) months probation in accordance with the following:
 - 1. Upon graduation from the Fire Academy, or
 - 2. From the date of hire if the new member has previously fulfilled the requirements of the State of Florida Firefighters Standards Council; or
 - 3. From the date of promotion if the member has been promoted or reclassified.
- B. Members on probation under A (1) and (2) above serve at the will and pleasure of the City.
- C. In the event a promotional appointee is found to be unable or unwilling to perform the duties of the position to which the member was promoted, the member shall be returned to the position and status held immediately before the promotion, if the position is vacant; or the member may be transferred to a vacancy within the same pay range subject to the approval of the Chief. If there are no vacancies, the member may seek to bump under Section 21.5 and if unable to do so will be dismissed but may be considered for any future vacancies for which the member is qualified.
- D. Extension of probation. Members out on leave or working light duty, while on probation will have the probationary period extended, on a day-by-day basis equal to the amount of leave time taken light duty time worked. Members shall not be removed from initial or promotional probation without the express, written approval by the Chief and City Manager.

Loss of Seniority.

Seniority shall be preserved except in the following cases:

- A. Separation from employment.
- B. Layoff exceeding twelve (12) months.
- C. Absence without authorized leave for two (2) work shift(s).
- D. Failure to report to the City the intention of returning to work within three (3) calendar days of receipt of certified mail of a recall offer notice.
- E. Failure to return from Military Leave within the time limits prescribed by law.

21.4 Layoff/Bumping.

- A. In the event of a layoff, the City shall notify the Union as far in advance as possible.
- B. There shall be three (3) classifications under this section, being Firefighter/Paramedic, Firefighter/EMT and Lieutenant.
- C. In the event the City decides to lay off members within a classification, the Chief will determine the number to be laid off, and the City will first lay off those members employed on a probationary basis in the classification.
- D. If further layoffs are necessary, selection from among regular, full-time members in the classification shall be made as follows:

Classification seniority shall be determinative as between employees the Chief determines have the same ability and skills to perform the work.

- E. The senior Lieutenant, who would otherwise be laid off, depending on whether he is a Paramedic or an EMT, may bump the junior Firefighter/Paramedic or Firefighter/EMT over whom he has departmental seniority, provided the Chief determines he is qualified to perform all of the remaining work.
- F. The senior Firefighter/Paramedic who would otherwise be laid off may bump the junior Firefighter/EMT employee over whom he has departmental seniority, provided the Chief determines he is qualified to perform all of the remaining work.
- G. The employee who bumps into a lower classification under paragraphs (E) or (F) above shall be paid in the classification to which he bumps just as if he were demoted.

21.5 Recall.

- A. Subject to Section 21.7 below, members in layoff status shall retain reemployment rights for twelve (12) months and shall have preference to employment over other outside applicants on eligibility lists.
- B. Recall shall be by job classification in reverse order of layoff so long as the employee to be recalled is qualified to perform the job.
- C. Recall shall be made by certified mail to the last address in the City's records. Within three (3) calendar days of receipt, the laid off member must advise the City in writing of the intention of

returning to work. Return will be arranged between the Chief and the member but must be within fourteen (14) calendar days of the member contact with the Chief unless the Chief agrees otherwise. If there is no response from the member within ten (10) calendar days from the date of mailing, the employee shall no longer have recall rights and shall be re-employed only at the option of the City.

- D. A laid off member who is temporarily unable to accept recall due to medical reasons, as certified by an attending physician, may request to be placed in a leave of absence without pay status for a period not to exceed thirty (30) calendar days.
- E. A member recalled within twelve (12) months of the layoff date shall keep the same seniority dates as had existed before the layoff.

21.6 Permanent Layoffs.

In some cases, the City may utilize a layoff under circumstances where there is no reasonable expectation to return to work. Such layoffs will be designated permanent and the members laid off shall not be eligible for recall.

- A. Full-time members who have completed their initial probationary period and who are scheduled to be permanently laid off for lack of work, funds or other reasons where there is no fault on the part of the member shall be eligible to receive severance pay as follows:
 - 1. One (1) week of pay at their straight time hourly rate or salary, whichever applies, less statutory deductions, for each full year of service as an employee of St. Pete Beach, capped at twelve (12) weeks.
 - 2. The member's last annual performance evaluation must be satisfactory or better and the member must be on active duty not on leave of absence or suspension without pay.
 - 3. The member must have unsuccessfully sought to bump, unless there is no job to which the member may bump covered under this Agreement.
 - 4. The member must execute a release of all claims drafted by the city, including the right to file a grievance under this Agreement, as well as any and all judicial and/or administrative claims.
- B. Members who have recall rights may elect to retain recall rights in lieu of severance pay as provided in this Section.

ARTICLE 22: PROMOTIONS AND TRANSFERS

22.1 Promotion.

- A. The City shall establish and maintain promotional criteria upon which promotional examination shall be made. The Union shall be allowed consultation privileges in the establishment of such criteria. All promotions shall be based upon formal examination, which is to include both written and oral elements.
- B. Promotions shall be based upon the requirements of the job position to be filled and the qualifications of the persons under consideration. The City shall include at least the following qualities in the promotional criteria:
 - 1. Post high school education including fire service training courses.
 - 2. Administration, management or supervisory training or experience in the fire service or related field.
 - 3. Responsible experience in the fire service or related field.
 - 4. Performance evaluations.
- C. All members with the minimum qualifications shall be eligible to take promotional examinations.
 - 1. The selection shall be made as follows: Written, oral and practical examinations shall be given by the Chief, or his designees.
 - 2. Notice of the examinations, a listing of the study materials, the minimum qualifications for taking the examinations, and the minimum qualifying score on the examinations, if any, shall be posted on the Departmental bulletin boards not less than sixty (60) days prior to the first examination in the series.
 - 3. The Chief shall select from among the five (5) candidates with the highest total scores on the examinations when a permanent vacancy arises.
 - 4. Members on the promotion list will be removed if they are disciplined by suspension without pay, or demotion.
 - 5. The list shall be valid for eighteen (18) months.
- D. A member who is promoted to a position in a higher grade shall receive an increase in pay. The new pay shall be at the pay step within the new pay grade, which is a minimum of five percent (5%) above the member's current pay step. Progression of the member from the current step to the next higher step in the pay plan shall continue in accordance with APPENDIX I of this Agreement on the individual member's anniversary date in the new classification.
- E. A member who receives a lateral transfer to a new position at the same grade level shall not be eligible for an increase in pay. The lateral transfer shall not affect the anniversary date in classification.
- F. A member who is demoted to a position in a lower grade shall receive a decrease in pay to the STEP in the new classification necessary to reduce the member's pay by not less than five percent (5%). The new pay shall be frozen for two (2) calendar years following the demotion or until the new pay is equal to or less than the appropriate pay STEP for the new position wherein the member shall be entitled to progress from the demoted STEP to the next higher STEP in the pay plan in accordance with Section 24.2 of this Agreement.

22.2 Transfers.

- A. All members in this bargaining unit shall have the right to request a transfer to any vacant position.
- B. Except for promotions under Section 22.1, when a position is vacant in the Fire Department, members desiring transfers to that position must submit written transfer requests to their lieutenant prior to the position being advertised.
- C. All transfer requests must show present assignment, desired assignment and date of request. Transfer request will be kept on file for six (6) months and may be renewed if requested in writing by the member.
- D. Departmental seniority shall be considered when filling a position by transfer. Final authority for any transfer rests with the City.
- E. When a member is transferred from Firefighter EMT to Firefighter Paramedic the member shall move to the corresponding step in the Firefighter Paramedic Pay Plan (e.g. Step 4 Firefighter EMT to Step 4 Firefighter Paramedic). The transfer shall not change the employee's anniversary date.
- F. Members promoted from Firefighter EMT or Firefighter Paramedic to Lieutenant will be subject to the terms defined in 22.1(D) of this Article (22).

ARTICLE 23: WORK WEEK AND OVERTIME

23.1 Hours Worked.

- A. The workweek shall consist of seven (7) consecutive days, commencing on Monday at 12 o'clock midnight and ending the following Sunday at 11:59 PM.
- B. The work period shall be two hundred twelve (212) hours in a twenty-eight (28) day work cycle with a normal schedule of twenty-four (24) hours on and forty-eight (48) hours off.
- C. Work hours include all time a member is required to be on duty or on the Employer's premises, or at a prescribed work place, provided time spent in attendance at educational courses, meetings or seminars shall not be considered work hours unless said educational time is mandatorily required by the Employer. Continuing education courses, attended for the purpose of maintaining state or county certification shall not be considered as work hours if the member has not availed himself/herself of the opportunity to attend such course while on duty. Administration reserves the right to consider special circumstances.
- D. Those members in the classification of Fire Inspector will be on a forty (40) hour per week schedule. The work week shall be Monday through Friday, beginning at 0800 hour and ending at 1700 hour with a one (1) hour lunch period, unless otherwise mutually agreed to by the employee and departmental management.
- E. Members ordered back to work (Mandatory Overtime) during the Response Phase, as defined in the City's Comprehensive Emergency Management Plan, of a declared disaster by the Mayor, Governor, or U.S. President shall be paid at the time and a half rate for hours worked outside of their normal scheduled shifts.

23.2 Overtime.

- A. Overtime
 - 1. FLSA Overtime

Members are paid overtime at one and one-half (1 1/2) their regular rate for all hours worked in excess of two hundred twelve (212) in a twenty-eight (28) day work period.
 - 2. Premium Overtime

Members are paid overtime at one and one-half (1 1/2) their regular rate for all hours in excess of their regular schedule in the fourteen (14) day work period.
 - 3. Time Counted

Actual hours worked ("sweat hours"), PTO, Kelly days, conference/training time, special assignments made pursuant to Section 23.6 below and jury duty shall be considered as hours worked for determining eligibility for overtime under subsections (A)(1) and (A)(2) above. No other time such as unscheduled PTO and personal days shall be considered as hours worked.
- B. Regular Rate

The regular rate for members shall be calculated by dividing their base annual salary by 2912.
- C. Duplication

There shall be no duplication or pyramiding of overtime or overtime and premium pay.

D. Overtime Call Back (Voluntary)

1. Voluntary overtime will be accomplished utilizing a rotating list. This list will be established based on the current overtime list at the implementation of the contract. Members hired after the implementation of the contract will be added to the top of the list once eligible for overtime.
2. When overtime is determined to be needed for the following shift, overtime requirements will be published by noon daily with results posted as close to 4pm as possible. If additional overtime assignment(s) are determined to be needed after the initial published requirements, the additional need(s) will be published.
3. Members will be eligible to volunteer for a full twenty-four (24) hour overtime assignment, or in increments of twelve (12) hours (0800-2000 or 2000-0800) for a twenty-four (24) hour shift.
4. The eligible member(s) who volunteers and is(are) highest on the rotating overtime list will be awarded the overtime position(s), with preference given to the member who volunteers for a full twenty-four (24) hour overtime assignment even if the member(s) is lower than a member(s) who volunteers for an increment of twelve (12) hours.

Members who accept overtime assignments of twelve (12) hours or more, will move to the bottom of the rotating overtime list. Overtime assignments of less than twelve (12) hours will not cause members to move.

E. Overtime Call Back (Mandatory)

1. If overtime requirements cannot be filled utilizing voluntary overtime, mandatory overtime will be utilized. Mandatory overtime will be accomplished utilizing the same rotating overtime list.
2. Mandatory overtime will be assigned to the first eligible member(s) on the top of the rotating overtime list. Members who are required to work mandatory overtime will be notified as soon as practical.
3. Member(s) who are required to work mandatory overtime will have the option to be moved to the bottom of the rotating overtime list or remain in the same position.
4. For purposes of this section only, mandatory overtime will be paid at the time and one-half (1 ½) rate regardless of any time off in the pay cycle.
5. Members who are scheduled for twenty-four (24) hours leave on their next shift shall not be eligible for mandatory overtime unless all other options on the rotating overtime list have been exhausted.
6. Members who are working overtime or on an exchange for duty will not be eligible for mandatory overtime unless all other options on the rotating list have been exhausted.
7. Members will not be required to work more than twenty-four (24) hours in a single pay period unless all other options on the rotating overtime list have been exhausted.

23.3 Work Schedule of Shift Changes and Transfers.

It is the intent of this Agreement that the City shall not transfer members or make work schedule or shift changes unless it is necessary for the efficient or effective operation of the Fire Department. Whenever

possible, transfers of work schedule or shift changes shall be announced ten (10) calendar days before the change is to take place. Further, the City agrees to consider departmental seniority in developing of work schedule or shift changes whenever practical.

23.4 Exchange of Duty Time.

Upon approval by the Chief, or his designee, members may exchange on-duty time under the following conditions:

- A. There would be no additional burden or expense upon the City.
- B. The request shall be made in writing on an approved Exchange of Duty Time form to the Fire Chief, or his designee
- C. The exchange must be approved by the Fire Chief, or his designee prior to the exchange.
- D. Each exchange of time shall be limited to one (1) twenty-four (24) hour period.
- E. Under no circumstance are employees permitted to pay back any exchange of duty time monetarily. All exchanges must be made in a way that the employees trade equal duty hours.
- F. Probationary employees, excluding those serving a probationary period due to a promotion or lateral move (EMT to Paramedic), will not be permitted to exchange duty days until they are eligible for overtime unless special permission is granted by the Fire Chief or designee.
- G. The member being relieved shall not be eligible for Workers' Compensation or other associated benefits, which would ordinarily be connected with an on-duty injury but shall be eligible to receive the regular salary for the fill-in period.
- H. The person working the time shall be covered by all applicable benefits in case of on-duty injury while filling in but shall not receive compensation for the fill-in period.
- I. The member agreeing to fill-in for another shall remain on duty for the full period of time. Time off for the member filling in shall be permitted only in cases of emergency or sickness.
- J. The member who agrees to work exchange of duty time will bear all responsibility for not filling the position on the day that they agreed to work and will be charged with Unscheduled PTO for all hours.
- K. Members shall be allowed trade a "Kelly Day" within shift if done during the same FLSA cycle under the conditions as specified in this article.

23.5 Relief.

It is the intent of the City to provide relief at any working incident, which exceeds four (4) hours.

23.6 Special Event Detail.

- A. Any type of function or special event within the corporate limits of St. Pete Beach, which would require extra fire or EMS services (as determined by the Employer) to assist with said function or special event shall utilize members before requesting assistance from any other fire or EMS organization.

- B. Members assigned to a special event that is subject to city reimbursement shall be paid at the Reimbursable Overtime Rate of fifty (50) dollars per hour worked. All other special events shall be subject to normal overtime requirements. Should the reimbursement rate that the city charges for special events increase during this contract, the city will increase the Reimbursable Overtime Rate accordingly, after factoring in employer costs.
- C. When operationally feasible, special events will be posted three (3) days in advance. Selection from employees who sign up for the event will be made by job classification seniority. If sufficient employees do not sign up, employees will be mandatory assigned in accordance with overtime call-back procedures.
- D. Special events worked under Section 23.6(A) for outside entities or the City shall be considered as hours worked for determining eligibility for overtime pay.
- E. As a means by which to compensate members for the inconvenience resulting from a cancellation of a special event within twenty-four (24) hours of the start time, members will be compensated for one (1) hour at the Reimbursable Overtime Rate for events subject to city reimbursement and at the members time and a half (1 ½) rate for all other events.

ARTICLE 24: PAY PLAN

24.1 Annual Base Salary and Classifications.

- A. Members covered by this Agreement shall be paid in accordance with the Pay Plan during the term of this Agreement. The Pay Plan for the period of this contract is set forth in Appendix I.
- B. Firefighter/EMT status shall be considered to be the minimum requirement for employment with the City. Status in other classifications shall determine eligibility for manning in the other classifications.

Members assigned to other classifications shall be expected to retain their eligibility for their respective assignments. Should a member fail to retain eligibility in an assigned classification, the member shall be reassigned to another status for which the member is eligible in accordance with the provisions of Article 21, Seniority, Layoff and Recall, provided a position in another classification for which the member is eligible is available. Should a position not be available, the member shall be terminated or, at the discretion of the City, transferred to another department or division.

- C. A firefighter is a member who meets the minimum standards established for a firefighter by the State of Florida.
- D. A firefighter/EMT is a member who has successfully completed and passed an EMT training program recognized by the department and who has met such other qualifications as may be established by the State of Florida to be an EMT.
- E. A firefighter/Paramedic is a member who has successfully completed and passed a paramedic training program recognized by the department and who has met such other qualifications as may be established by the State of Florida to be a paramedic.
- F. A Lieutenant is a member who works in a supervisory position over shift personnel and will be classified as an EMT or Paramedic based on his current qualifications established by the department and the State of Florida for such certification.

24.2 Progression in the Pay Plan.

The City shall complete a performance evaluation on each employee annually on or before the employee's anniversary date. The annual performance evaluation shall determine the member's eligibility to progress in the Pay Plan. The City shall be entitled to change the method of the performance evaluation unilaterally. Progression of the Pay Plan during this contract period in a fiscal year (FY) will be as follows:

- A. For FY 2026: Members will be placed in the new pay plan, illustrated in Appendix I Pay Plan, at the closest STEP that ensures a minimum of a 3% increase. Members will progress to the next higher STEP on their anniversary date.
- B. For FY 2027: The contract will be reopened to address Article 24/Appendix I.
- C. For FY 2028: The contract will be reopened to address Article 24/Appendix I.
- D. Employees have no expectation of any increase in their wages or benefits, including STEP increases, after the date of the termination of this Agreement absent a successor agreement or final action by the Legislative Body of the City pursuant to FS 447.403, providing for such increases or improvements.

E. Members shall only be awarded steps as outlined in the attached plan.

24.3 Extra Pay for Special Assignments or Certifications.

Employees shall be eligible for special pay based on State of Florida certification or special assignment by the Fire Chief as follows:

Certification	Eligibility	Extra Pay	MAX/MIN Employees
Engine and Truck Driver	When assigned	\$1.00 per hour	N/A
Acting Lt.	When assigned	\$2.00 per hour for hours worked in acting capacity	N/A
Acting Captain	When assigned	\$2.50 per hour for hours worked in acting capacity	N/A
Acting District Chief	When assigned	\$3.00 per hour for hours worked in acting capacity	N/A
Pump Operator (State of Florida Certification Required)	Must be a cleared department driver	\$50.00 per month	Active driver for the department ONLY
Fire Officer I (State of Florida Certification Required)	Must be a cleared department acting officer	\$50.00 per month	Active acting officers ONLY
Fire Officer II (State of Florida Certification Required)	Must be a cleared department acting officer	\$50.00 per month	Active acting officers ONLY

A. Loss of Certification or removal from noted assignment will result in cessation of extra pay.

B. Employees are required to provide evidence satisfactory to the City of current certification and to notify the Chief immediately upon the loss of any certification.

ARTICLE 25: ENTIRE AGREEMENT

- 25.1** The parties acknowledge that, during the negotiations, which resulted in this Agreement, each had the right and opportunity to make proposals with respect to subjects or matters not removed by law from the area of collective bargaining. The understanding and agreements arrived at by the parties after the exercise of such right and opportunity are set forth in this Agreement.
- 25.2** By mutual agreement, discussions may be held during the contract period on any subject.

ARTICLE 26: SAVINGS CLAUSE

- 26.1** If any article or section of this Agreement should be found invalid, unlawful or not enforceable, by reason of any existing or subsequently enacted legislation or by judicial authority, all other articles and sections of this Agreement shall remain in full force and effect for the duration of the Agreement.

Both the City of St. Pete Beach and the International Association of Firefighters believe, and intend, that all provisions relating to pay, overtime pay, holiday pay, bonus pay, and time worked, are in full compliance with the Fair Labor Standards Act as administered by the Wage and Hour Division of the U.S. Department of Labor. All parties to this agreement for themselves and the bargaining unit agree that in the interpretation of this collective bargaining agreement, the greatest weight shall be given towards an interpretation which results in compliance with all applicable wage and hour provisions.

- 26.2** In the event of invalidation of any article or section of this agreement through legislative actions or enforceable rulings from a state or federal court both the City and Union agree to meet within thirty (30) calendar days of such determination for the purpose of arriving at a mutually satisfactory replacement for such article or section.
- 26.3** Whenever the male gender is referred to in this Agreement, it shall be construed to include both male and female members.
- 26.4** Should any State Statute numbers change during the term of this Agreement, both the City and the Union agree to meet and replace the changed State Statute number with the new State Statute number which corresponds to the subject matter in the Agreement.

ARTICLE 27: PENSION

- 27.1.** The City and the Union agree that the CITY OF ST. PETE BEACH FIREFIGHTERS' RETIREMENT SYSTEM shall remain unchanged unless changed through mutual consent of the City and the Union.

The following changes shall be proposed by Ordinance to take effect October 1, 2023:

1. City-funded benefit accrual rate ("multiplier") shall increase from 2.75 to 3.00.
2. Member-funded contribution rate shall remain 4.00%.
3. Elimination of voluntary member-funded 3.400 multiplier.
4. St. Pete Beach Firefighters' Retirement System shall be closed to new members after September 30, 2023.
5. All represented employees hired on or after October 1, 2023 shall participate in the Florida Retirement System.
6. Cost of living increase and eligibility will remain the same at no cost to the pension plan participants.

ARTICLE 28: POST EMPLOYMENT HEALTH PLAN

28.1. General Terms.

During the terms of this contract, with a joint IAFF and City goal of October 1st, 2026, members will be afforded the option of entering into a Post employment Health Plan governed by the Internal Revenue Code. NPPFA Benefits will establish said program and shall administer the Retirement Healthcare Funding Plan (RHFP). It is, however, understood that the City will honor the unions funding agreement as stipulated in the union contract.

28.2. Participation

Upon implementation of the RHFP, members will be afforded a one-time, lifetime opt-out of participating in the plan. Upon approval of this benefit, a member will have a 30 day “opt-out” period. If a member fails to exercise the opt-out option within 30 days, in writing to the City, then the said member will be enrolled in the plan for the entirety of their career. All future members covered by this agreement will be mandatorily enrolled in the RHFP.

28.3. Funding Agreement.

- A. At a member’s cost, the union will develop groups and determine their contribution requirements as a percentage of their annual payroll by September 1st of each year for an October 1st implementation.
- B. Employees can utilize a PTO buy back option annually to fund their Post Retirement Healthcare Plan up to a maximum PTO dollar value of \$2,500.00.
- C. Employees must maintain a minimum of 96 hours in their PTO bank.
- D. Employees utilizing four (4) or more days of Unscheduled PTO in the previous twelve (12) month period prior to the PTO buy back are ineligible for this benefit.

ARTICLE 29: DURATION OF CONTRACT

This contract shall be effective upon ratification by the bargaining unit and the City Commission and shall remain in full force and effect until September 30, 2028.

APPENDIX II: SECTION 26 - DRUG-FREE WORKPLACE AND ALCOHOL POLICY

26.01. Policy

The City's Drug-free Workplace Policy is aimed at insuring "0" tolerance to illegal drugs at all times and its Alcohol-Free Policy to "0" tolerance under circumstances that affect or might affect the safety and well-being of employees, citizens and others, or the effective operation of City business. In addition, all employees required to have a Commercial Driver's License (CDL) under Chapter 49 CFR Part 383 are subject to controlled substance and alcohol testing rules established by the Federal Highway Administration (FHWA) under the Omnibus Transportation Employee Testing Act of 1991 (revised February 1994), in accordance with 49 CFR, Parts 40, 383, 392, 4, and 392.5 regulatory penalties for infractions are in addition to disciplinary action including termination of employment.

26.02. Prohibitions

- A. *Illegal controlled substances.* The City prohibits the use, distribution, possession, manufacture, cultivation, sale or attempt to sell or distribute illegal controlled substances at any time whether on or off duty, whether on or off City property. Illegal controlled substances are defined by applicable State and Federal laws.
- B. *Alcohol abuse.* Employees of the City are prohibited from using or possessing alcohol while on duty; while on City premises; while driving a City vehicle, operating a piece of City equipment, or being transported in City vehicles at any time; reporting to work under the influence of alcohol; or, from otherwise using alcohol in a manner at any time which adversely affects the business interests of the City.

26.03. Use of Illegal Drugs

The use of legal drugs, that is drugs prescribed by licensed physicians for a specific medical purpose, is often necessary. However, such drugs can and often do have a direct impact on the vigilance, judgment and/or coordination of the employee and adversely affect the employee's job performance and the employee's ability to work in a safe and efficient manner. This is particularly true in safety-sensitive assignments involving the operation of motor vehicles and other moving equipment. Therefore, an employee for whom a licensed physician or dentist prescribes a controlled substance, must advise the supervisor immediately in order that an evaluation can be made on the impact, if any, on the safe and efficient operation of the City.

26.04. Testing

- A. Substances Tested For: Employees will be subject to drug testing for the detection of the following illegal drugs/drug groups, as well as others that may from time to time be declared illegal by state or federal law:
1. Amphetamines
 2. Barbiturates
 3. Benzodiazepines
 4. Cannabinoids (marijuana)
 5. Cocaine
 6. Methadone
 7. Methaqualone
 8. Opiates (heroin, morphine, codeine)
 9. Phencyclidine (pcp)
 10. Propoxyphene
- B. Testing for Illegal Controlled Substances – Classes of Employees/Circumstances, subject to applicable law:
1. Employees in special risk and safety sensitive positions.
 - a. Special risk and safety sensitive employees include all employees in all classifications of requiring a CDL license, and firefighter EMTs and firefighter Paramedics regardless of their rank. Other employees who are considered special risk or safety sensitive shall be notified of said status in writing.
 - b. Candidates and employees are subject to testing on the same basis as other employees under Section 26.04(B)(2), except no reasonable suspicion is required for testing such employees for illegal controlled substances for:
 - (1) Any accident involving any personal injury that results in a worker's compensation claim or serious damage to property occurs.
 - (2) As otherwise allowed or required by law, provided unless required by law, there shall be no random drug testing except in conjunction with rehabilitation under Section 26.08.
 2. Non-Safety Sensitive/Special Risk Employees.
 - a. When an employee is involved at any time directly in an equipment or vehicular work-related accident, any accident on-the-job, or in any unsafe and/or negligent maintenance or operation of the City's equipment or vehicles at any time where in the opinion of the City Manager the employee was at fault or the employee's conduct contributed to the accident and there is reasonable suspicion to believe the employee was in violation of Section 26.02(A) or (B).
 - b. When reasonable suspicion exists to believe the employee is using drugs or alcohol in violation of this policy. Reasonable suspicion is a belief by two (2) or more supervisors or managers that an employee is using or has used drugs or alcohol in violation of this policy drawn from specific objective and articulable facts and reasonable inferences drawn from those facts in light of experience. Among other things, such facts and inferences may be based upon:

- (1) Observable phenomena while at work, such as direct observation of drug use or of physical symptoms or manifestation of being under the influence of a drug or alcohol;
- (2) Abnormal conduct or erratic behavior while at work or a significant deterioration in work performance;
- (3) A report of drug use;
- (4) Evidence that an individual has tampered with a drug test during his employment with the City;
- (5) Information that an employee has caused, contributed to, or been involved in an accident while at work;
- (6) Evidence that an employee has used, possessed, manufactured, cultivated, sold, solicited, or transferred drugs;
- (7) Frequent absences from work without a satisfactory explanation.

c. Employee Rights – When testing to determine the presence of illegal controlled substances under subparagraphs (1) and (2) above:

- (1) Employees and job candidates have the right to consult with the testing laboratory for technical information regarding prescription and non-prescription medications. The name, address and telephone number of the testing laboratory will be provided to the employee or job applicant upon request.
- (2) All test results will be kept confidential and will only be provided to managerial employees on a need-to-know basis.
- (3) For tests under Section 26.04(B)(1)(b)(1) and (2), Employer shall meet with and inform an employee that, in the opinion of the Employer, there is a basis for reasonable suspicion and of the Employer's intention to schedule a drug or alcohol screen or test. At said meeting, the Employer shall consider the comments of the employee regarding the matter and shall then make a final determination of whether to proceed and require the screen or test.
- (4) Employee may upon his request have a representative present at said meeting; however, the meeting shall not be delayed because the employee wishes to have a specific representative present. If it is determined by the Employer that a drug or alcohol screen or test will be required, the employee shall be immediately escorted to the appropriate facility for the test. Refusal by the employee to submit to said test may be grounds for disciplinary action, including termination of employment.
- (5) If the employee is in a collective bargaining unit, the representative in subparagraph (4) above may be a Union representative.
- (6) Procedures for testing for the presence of illegal controlled substances shall be conducted consistent with the provisions of *Florida Statute* 440.102(5)(a) through (o) and (6) for alcohol, a positive result is 0.02, or greater. For drugs, a positive result is in accordance with the detection levels established by HRS guidelines.

(7) The common and chemical names of the substances identified in Sub-section A above, a copy of *Florida Statute* 440.102(5) and (6) and a list of local drug rehabilitation programs is available from HR.

26.05. Reporting and conviction of alleged crimes including drugs and alcohol

- A. All employees must report to their supervisor any arrest, indictment or conviction of a drug or alcohol related violation or alleged violation of law not later than the next workday after they become aware of it. Failure to so report may result in immediate termination.
- B. Upon conviction of a crime involving illegal drugs, the employee will be immediately terminated.
- C. Without regard to prosecution or conviction by appropriate governmental entities, the City may, at its option, conduct its own independent investigation to determine whether or not there has been a violation of the City's drug and/or alcohol policy. If, in the opinion of the City, it believes a violation has occurred, it will take whatever disciplinary action it deems appropriate regardless of the ultimate outcome of any criminal case that may be brought against the employee.

26.06. Discipline for violation of work policy

Employees who violate this policy or who are directed to take a physical examination, blood, breathalyzer, urinalysis or other test allowed by law, and refuse or fail to do so when and as directed; or who, after having taken such examination and/or test are determined to have utilized illegal controlled substance at any time or to have violated the City's Alcohol Abuse Policy, shall be subject to immediate termination; provided, however, if the presence of an illegal controlled substance is established as a result of the test, the employee may, within five (5) working days of receipt of written notification of a positive result, request an opportunity to explain the result to the City and/or the medical review officer.

26.07. Employee injured on the job

Any employee injured on the job who refuses to submit to a drug test, or has a positive confirmation test, in addition to other provision of the policy, may forfeit his eligibility for all workers' compensation medical and indemnity benefits depending on applicable law.

26.08. Employee Assistance Program

The City has an Employee Assistance Program (EAP) with one of its missions being to assist employees who voluntarily report drug or alcohol related problems, which have not yet adversely affected their job or City operations. The City may require any employee in violation of this policy, whether he voluntarily reports his problem or not, to participate in the EAP or other medical and rehabilitative assistance programs as a condition for continued employment. For further information regarding the EAP, contact the HR Office.

- A. *Employees Who Voluntarily Ask for Help.* Employees with drug or alcohol related problems who wish assistance through the EAP may contact the EAP provider on a confidential basis or through the HR Office. If the request is made through the HR Office, City referrals will be made only upon execution by the employee of a release to the EAP provider to keep HR advised as to the employee's attendance and progress in the rehabilitation program. If the employee has a satisfactory performance record and is otherwise qualified to perform his job, the City may grant the employee an unpaid leave of absence for a period determined by the City to participate in a City approved treatment or rehabilitative program. Such a leave will be granted only one (1) time. This employee will be responsible for all expenses resulting from the treatment or program to the extent they are not covered by insurance.

- B. *Other Employees.* In the event the City discovers a violation of this drug or alcohol policy, or an alcohol-related problem that adversely affects or may adversely affect the employee's performance or the City business, the City may proceed to discipline the employee up to and including discharge, or at its option, require the employee to undergo approved medical or rehabilitative assistance. The City may grant the employee leave with or without pay to participate in a rehabilitation program, including referral to the City EAP program. Such leave may be granted only one (1) time. Allowing of rehabilitation under the City EAP program will be conditioned on the execution of a consent by the employee to allow the EAP provider, or persons providing medical or rehabilitative assistance to keep HR advised of the employee's attendance and the success of rehabilitation. The employee will be responsible for all expenses resulting from the treatment or rehabilitation to the extent they are not covered by insurance.
- C. *Return to work.* Employees who are granted a leave of absence under paragraph A or B above must successfully complete all EAP, medical and other rehabilitative requirements established by the City within a reasonable amount of time. A successfully rehabilitated employee who has been granted a leave of absence under A above shall be returned to his former job provided he successfully completed rehabilitation within the period of his leave. Return is also conditioned on maintaining all certifications required of the job. Employees who successfully complete rehabilitation under B above within the period of his leave will be returned to his former job if vacant, but if not to any vacancy which the City considers him qualified to perform, if any, and if there is none he shall be terminated.
- D. *Re-testing.* Employees allowed to return to work from an illegal controlled substance problem shall be subject to re-testing any time without notice and must submit to such test as and when directed by the City for one (1) year after they have been free of illegal drugs as determined by the City, or its designee.

26.09. Reporting Violation of Policy

- A. *Reporting violations.* It is the obligation of every employee of the City to report violations of the City's drug and alcohol abuse policies. Failure to report may subject employees to discipline up to and including termination.
- B. *Good faith reports.* Any employee who in good faith, based upon reasonable suspicion or observation, reports an alleged violation of these policies, or any supervisory or managerial employee who investigates or take action in good faith based on reasonable suspicion or observation shall not be harassed, retaliated against, or discriminated against in any manner for making reports, participating in the investigation or because of any reasonable action he takes as a result of the investigation.
- C. *Bad faith claims.* Any knowingly false reporting of a violation of the policies set forth herein shall subject the employee to immediate termination.

26.10. Coordination with HR Office

All action taken by members of management under this Section 26 of the PRR must be coordinated through the HR Administrator to ensure compliance with all applicable laws.

APPENDIX III: SECTION 27 - EDUCATIONAL REIMBURSEMENT PROGRAM AND INCENTIVE PAY

27.01 Tuition

The City may authorize payment for tuition for courses it considers will be helpful to successful completion of the mission of the City subject to budgetary constraints as follows:

- A. The City Manager, or his designee, shall determine if the course or curriculum is related to the employee's job or contributes to the long-range value of the employee to the City.
- B. If the course is reimbursable through some other source, then provisions of the City's education tuition payment plan shall not apply.
- C. Based on budgetary constraints, the City Commission shall budget a set annual amount for tuition reimbursement. Once that amount is dispersed, no other reimbursement requests will be approved.

27.02 Eligibility

- A. Full-time employment with the City at least one (1) year, unless the City Manager grants an exception.
- B. The educational training can be at the post high school or adult educational levels.
- C. No more than two (2) courses per quarter or semester (or equivalent period of time) may be reimbursed.
- D. No employee will be reimbursed for more than six (6) classes in a calendar year unless previously approved by the City Manager.

27.03 Requests and Payments

- A. The employee who wishes to participate in the program must submit a completed application to their Director prior to new fiscal budgets being finalized. In order to process the request in a timely manner, employees should make every effort to request necessary funding as soon as school schedules are released. Failure to obtain approval in advance may result in requests for reimbursement being denied. HR will notify employees when applications are due.
- B. Employees are encouraged to attend any accredited technical or trade school, Florida College or University; however, tuition reimbursement shall be paid at the Public College or University tuition rate (see application). Correspondence schools will not be considered for tuition reimbursement. Employees shall not be reimbursed for mileage or personal expenses unless they are required by the City Manager, or his designee, to take the course.
- C. The employee shall submit to the HR Office the final grade, certification, or degree (if applicable) and paid receipts in order to receive reimbursement. Students utilizing financial assistance and that have deferred payment until a later date can request payments be made directly to the lender. Failure to disclose FAFSA or other financing for school is a Group II disciplinary offense.

D. Tuition Reimbursement will be made according to the following matrix:

1. Grade A = 100%
2. Grade B = 75%
3. Grade C = 50%
4. Grade D or below: 0%
5. Grade P = 100%

27.04 Repayment by the Employee

The employee who receives any funds under this program shall be required to work for the City for at least one (1) year from date money is received or shall reimburse the City for every dollar received upon termination. The City reserves the right to withhold the money owed from any final paycheck upon separation subject only to applicable law. The City Manager may excuse repayment in whole or in part for circumstances he determines to be extenuating and justifiable.

27.05 Schedules

The City will attempt to rearrange work schedules for classes if it does not interrupt the normal workflow.

27.06 Incentive Pay

When the State or other governmental agency mandates additional pay for a class of employees and funds or reimburses the City for same, the City will provide the incentive pay to those employees who meet and maintain the qualifications to receive the incentive pay. Department Directors are required to advise the HR Office of employees in their Department who are eligible for such pay.

Agenda Report

Agenda Title Name: Authorize the City Manager to execute Amendment 1 to the Advanced Life Support (ALS) First Responder Agreement with the Pinellas County EMS Authority for FY25-26, Including Funding Adjustment, Rescue Captain Implementation, Traffic Preemption System, and FDLE Criminal Background Screening Requirements

Action Request: Motion to authorize the City Manager to execute Amendment 1 to the Advanced Life Support (ALS) First Responder Agreement with the Pinellas County EMS Authority for FY25-26

Strategic Objective: Operational Excellence

Date: September 22, 2025

Prepared By: Jim Kilpatrick, Fire Chief

Through: Frances Robustelli, City Manager

Summary of Issue: In an effort to provide seamless, effective, and efficient ALS first response to emergency incidents in Pinellas County, the Pinellas County EMS Authority contracts to various municipalities to provide services. The current agreement between the City of St. Pete Beach and the Authority expires on September 30, 2026.

The agreement obligates the Authority to provide funding for the reasonable and customary costs associated with the provision of emergency medical services. The Contractor's funding for FY24-25 totaled \$3,312,030 and the FY25-26 budget request is \$3,748,208. The extraordinary cost increase is \$436,178 or 13.2%. The full budget increase of \$436,178 includes \$270,336 to fully implement the Rescue Captain position approved in the 2024 ALS First Responder Agreement. With the approval of the respective boards, the Contractor (City) and the Authority (County) beginning on October 1, 2025, the Authority will compensate the City in the amount of the City's submitted budget for EMS. The amendment

further provides for a Traffic Preemption System provided and maintained by the Authority (Pinellas County) to override the normal operation of traffic signals during emergency responses. In addition, the agreement also provides for criminal background screenings through the Florida Department of Law Enforcement (FDLE) to ensure that all personnel that have access to the 911 system are cleared to the Criminal Justice Information Services (CJIS) Level 2 requirements.

ALS FIRST RESPONDER AGREEMENT AMENDMENT NO. 1

THIS FIRST AMENDMENT amending the Emergency Medical Services ALS First Responder Agreement, made this _____ day of _____ 2025, between the CITY OF ST. PETE BEACH, a Florida municipal corporation ("Contractor"), and the PINELLAS COUNTY EMERGENCY MEDICAL SERVICES AUTHORITY, a special district ("Authority").

In consideration of the mutual benefits set forth below, the parties agree as follows:

1. Contractor currently contracts with the Authority to provide Advanced Life Support (ALS) First Responder Services. The Contractor and the Authority are currently parties to the Emergency Medical Services ALS First Responder Agreement, dated October 1, 2024, which contract is referred to herein as the "Agreement".
2. Section 701(h) of the Agreement provides for an extraordinary budget increase which must be negotiated and approved prior to the beginning of the next fiscal year in the event any proposed budget submitted by the Contractor should exceed three (3%) percent of the prior Fiscal Year's budget. The Contractor's funding for FY24-25 totaled \$3,312,030 and the FY25-26 budget request is \$3,748,208. The extraordinary cost increase is \$436,178 or 13.2%. The full budget increase of \$436,178 includes \$270,336 to fully implement the Rescue Captain position approved in the 2024 ALS First Responder Agreement.
3. The Authority hereby agrees to and has funded and authorized the Contractor's budget request of \$3,748,208 for FY25-26, which change is reflected on Appendix A hereto.
4. Vehicle maintenance for Authority funded ALS Engines, Squads, and Ladder Trucks are allowable costs may be included in budgets

submitted in accordance with Section 701(b) less 20% for non-EMS activity. Vehicle maintenance for Authority funded Medic Units and Rescue Units are allowable costs may be included in budgets submitted in accordance with Section 701(b) at 100%.

5. Authority and Contractor agree to update Appendix E as amended.
6. Except as is otherwise set out herein, the Contractor and the Authority agree that upon approval by the respective Boards of the Contractor and the Authority and upon signing this Amendment, all terms of the Agreement will remain in full force and effect.
7. Contractor and Authority agree that the effective date is October 1, 2025.

Personnel Reimbursement Process and Forms

702(b) CME Instructors

Follow the then current Authority provided process as outlined below.

Authority staff may update the process and/or forms.

702(c) Public Education

Submit the then current Authority provided reimbursement form.

Authority staff may update the process and/or forms.

702(d) Countywide Quality Improvement Committees

Submit the then current Authority provided reimbursement form.

Authority staff may update the process and/or forms.

702(e) Advanced Practice Paramed Training

Submit the then current Authority provided reimbursement form.

Authority staff may update the process and/or forms.

Processing CME Instructor Reimbursement Invoices

The following are the instructions for a Contractor to submit for Instructor reimbursement.

1. Open a new Excel "EMS Instructor Reimbursement Form."
 - a. Choose from one of the two tabs, 1-25 or 1-75 entries.
2. Open the Aladtec program.
 - a. In the "Reports" menu, select "Scheduled Time Report."
 - b. In the filter, choose your department.
 - c. Select the time frame you are seeking reimbursement
 - i. Make sure the start time is 00:00 and the end time is 23:45
 - d. Click the "Export CSV" button
 - e. Open the CSV file and copy the data from line 3 down (do not include the headers)
 - f. Paste this information into the open Excel file
3. Enter your information in the form.
 - a. The first entry is the type of reimbursement:
 - i. Straight Time (ST) is when the instructor is paid straight time.
 - ii. Overtime (OT) is when the instructor is paid overtime.
 - iii. Backfill (BF) is when someone other than the instructor is paid while the instructor is teaching.
 - iv. No Reimbursement (NR) is when the Contractor is not seeking reimbursement for the instructor's hours.
 - b. "Backfill Name" is the member providing the backfill for the instructor.
 - c. "Hourly Rate w/benefits" is the rate at which the contractor seeks reimbursable hours (\$75 per hour cap). If the time type is backfill, the rate is that of the member providing the backfill. If no reimbursement is being sought, then this is left blank.
 - d. The total cost is automatically calculated and totaled at the bottom.
4. Save the form as a PDF and sign at the bottom.
5. Return to the "scheduled Time Report" in Aladtec and click the "print" button in the upper right corner. Save(Print) this report as a PDF.
6. Combine your invoice, the "EMS Instructor Reimbursement Form," and the Aladtec report into one PDF.
7. Send the signed PDF to EMSInstructorlogistics@co.pinellas.fl.us within 20 days following the last day of each month.

**CITY COMMISSION MEETING
CITY OF ST. PETE BEACH
COMMISSION CHAMBERS**

Agenda Report

Agenda Title Name: Authorize the City Manager to execute a Professional Auditing Services agreement not to exceed \$60,500 annually and Non-attest Services for the FY2025 Audit not to exceed \$34,000 annually

Action Request: Motion to authorize the City Manager to execute a Professional Auditing Services agreement not to exceed \$60,500 annually and Non-attest Services for the FY2025 Audit not to exceed \$34,000 annually

Strategic Objective: Operational Excellence

Date: September 22, 2025

Prepared By: Devon Schmidt, Director of Finance

Through: Frances Robustelli, City Manager

Summary of Issue: The City of St. Pete Beach is required to engage an independent certified public accounting firm to conduct its annual financial audit in accordance with Florida Statutes and generally accepted auditing standards. In addition to the annual audit, the City has requested non-attest services to support financial operations. These services include preparation of year-end schedules, reconciliations to the general ledger system, and assistance with the implementation of accounting standards.

Staff recommends approval to execute contracts with James Moore & Co. P.L. for both annual audit services and non-attest services. These agreements will ensure the City continues to meet statutory obligations, maintain compliance with applicable standards, and receive professional financial guidance to support transparent and effective fiscal management.

Funding: For FY2025, the professional auditing contract with James Moore remains \$60,500 against a \$64,500 budget, leaving \$4,000 available. Non-attest services remain \$34,000 against a \$60,000 budget, with

\$26,000 remaining. Both services are within budget.

2. FY 2025 Non-Attest Services

August 27, 2025

To the Honorable Mayor and City Commissioners,
City of St. Pete Beach, Florida:

You have requested that we audit the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of St. Pete Beach, Florida (the City) as of September 30, 2025, 2026 and 2027, and for the years then ended, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In addition, if applicable, we will audit the City's compliance over major federal award programs and major state projects for the years ended September 30, 2025, 2026 and 2027. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter. Our audits will be conducted with the objectives of our expressing an opinion on each opinion unit and an opinion on compliance regarding the City's major federal award programs and major state projects.

The objectives of our audit of the financial statements are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (GAAS), and in accordance with Government Auditing Standards, and the provisions of Chapter 10.550, Rules of the State of Florida, Office of the Auditor General, will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

The objectives of our compliance audit are to obtain sufficient appropriate audit evidence to form an opinion and report at the level specified in the governmental audit requirement about whether the City complied in all material respects with the applicable compliance requirements and identify audit and reporting requirements specified in the governmental audit requirement that are supplementary to GAAS and Government Auditing Standards, if any, and perform procedures to address those requirements.

Accounting principles generally accepted in the United States of America (U.S. GAAP), as promulgated by the Governmental Accounting Standards Board (GASB) require that supplementary information, such as management's discussion and analysis (MD&A) or budgetary comparison information, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the required supplementary information (RSI) in accordance with auditing standards generally accepted in the United States of America (GAAS). These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation, and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI. The following RSI is required by U.S. GAAP. This RSI will be subjected to certain limited procedures but will not be audited:

1. Management's discussion and analysis
2. Budgetary comparison schedules

3. Pension and OPEB schedules (as applicable)

Supplementary information other than RSI will accompany the City's basic financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the basic financial statements and perform certain additional procedures, including comparing and reconciling the supplementary information to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and additional procedures in accordance with GAAS. We intend to provide an opinion on whether the following supplementary information is presented fairly in all material respects in relation to the basic financial statements as a whole:

1. Nonmajor fund combining schedules
2. Budgetary comparison schedules
3. Schedule of revenues and expenses – Emergency Medical Services
4. Schedule of expenditures of federal awards and state financial assistance (if applicable)

Also, the document we submit to you will include the following other additional information which will not be subjected to the auditing procedures applied in our audit of the basic financial statements:

1. Introductory section
2. Statistical section

Data Collection Form

If applicable, prior to the completion of our engagement, we will complete the sections of the Data Collection Form that are our responsibility, if the Data Collection Form is applicable. The form will summarize our audit findings, amounts and conclusions. It is management's responsibility to submit a reporting package including financial statements, schedule of expenditure of federal awards, summary schedule of prior audit findings and corrective action plan along with the Data Collection Form to the federal audit clearinghouse. The financial reporting package must be text searchable, unencrypted, and unlocked. Otherwise, the reporting package will not be accepted by the federal audit clearinghouse. We will assist you in the electronic submission and certification. You may request from us copies of our report for you to include with the reporting package submitted to pass-through entities.

The Data Collection Form, if applicable, is required to be submitted within the earlier of 30 days after receipt of our auditors' reports or nine months after the end of the audit period, unless specifically waived by a federal cognizant or oversight agency for audits. Data Collection Forms submitted untimely are one of the factors in assessing programs at a higher risk.

Audit of the Financial Statements

We will conduct our audits in accordance with GAAS and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America (if applicable); the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards* (Uniform Guidance) (if applicable); Section 215.97, Florida Statutes, *Florida Single Audit Act* (if applicable), and the provisions of Chapter 10.550, Rules of the State of Florida, Office of the Auditor General (if applicable). As part of an audit of financial statements in accordance with GAAS, and in accordance with Government Auditing Standards, and the provisions of Chapter 10.550, Rules of the State of Florida, Office of the

Auditor General, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with U.S. GAAS and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America, and the provisions of Chapter 10.550, Rules of the State of Florida, Office of the Auditor General. Please note that the determination of abuse is subjective and *Government Auditing Standards* does not require auditors to detect abuse.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any other periods.

We will issue a written report upon completion of our audit of the City's basic financial statements. Our report will be addressed to the governing body of the City. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s) to our auditors' report, or if necessary, withdraw from the engagement. If our opinions on the basic financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

In accordance with the requirements of *Government Auditing Standards*, we will also issue a written report describing the scope of our testing over internal control over financial reporting and over compliance with laws, regulations, and provisions of grants and contracts, including the results of that testing. However, providing an opinion on internal control and compliance over financial reporting will not be an objective of the audit and, therefore, no such opinion will be expressed.

We also will issue a written report as required by Chapter 10.550, Rules of the State of Florida, Office of the Auditor General upon completion of our audit.

Reporting on Key Audit Matters

Management has not requested that we communicate key audit matters in our auditors' report for this fiscal year.

Significant Risks Identified

We have identified the following preliminary significant risks of material misstatement as part of our audit planning, which are being communicated to comply with auditing standards and do not represent any specific finding and/or concerns related to the audit:

- Override of internal controls by management
- Improper revenue recognition due to fraud
- Improper use of restricted resources

Our final communication of significant risks identified will take place upon completion of our audit.

Audit(s) of Major Program and/or Major Project Compliance

If applicable, our audit(s) of the City's major federal award program(s) and/or state project(s) compliance will be conducted in accordance with the requirements of the Single Audit Act, as amended; the Uniform Guidance; and Chapter 10.550, Rules of the State of Florida, Office of the Auditor General; and will include tests of accounting records, a determination of major programs and/or projects in accordance with the Uniform Guidance, Chapter 10.550, Rules of the State of Florida, Office of the Auditor General, and other procedures we consider necessary to enable us to express such an opinion on major federal award program and/or major state project compliance and to render the required reports. We cannot provide assurance that an unmodified opinion on compliance will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or withdraw from the engagement.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether material noncompliance with applicable laws and regulations, the provisions of contracts and grant agreements applicable to major federal award programs, and the applicable compliance requirements occurred, whether due to fraud or error, and express an opinion on the City's compliance based on the audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of the federal programs as a whole.

Our procedures will consist of determining major federal programs and, performing the applicable procedures described in the U.S. Office of Management and Budget OMB Compliance Supplement for the types of compliance requirements that could have a direct and material effect on each of the City's major programs, and performing such other procedures as we consider necessary in the circumstances. The purpose of those procedures will be to express an opinion on the City's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Also, as required by the Uniform Guidance, we will obtain an understanding of the City's internal control over compliance relevant to the audit in order to design and perform tests of controls to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each of the City's major federal award programs. Our tests will be less in scope than would be necessary to render an opinion on these controls and, accordingly, no opinion will be expressed in our report. However, we will communicate to you, regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we have identified during the audit.

Chapter 10.550, Rules of the State of Florida, Office of the Auditor General requires that we also plan and perform the audit to obtain reasonable assurance about whether material noncompliance with applicable laws and regulations, the provisions of contracts and grant agreements applicable to major state projects, and the applicable compliance requirements occurred, whether due to fraud or error, and express an opinion on the City's compliance based on the audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and Chapter 10.550, Rules of the State of Florida, Office of the Auditor General, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of the state projects as a whole.

Our procedures will consist of tests of transactions and other applicable procedures described in the State of Florida State Projects Compliance Supplement for the types of compliance requirements that could have a direct and material effect on each of the Organization's major state projects, and performing such other procedures as we consider necessary in the circumstances. The purpose of these procedures will be to express an opinion on the City's compliance with requirements applicable to each of its major state projects in our report on compliance issued pursuant to Chapter 10.550, Rules of the State of Florida, Office of the Auditor General.

Also, as required by Chapter 10.550, Rules of the State of Florida, Office of the Auditor General, we will obtain an understanding of the City's internal control over compliance relevant to the audit in order to design and perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major state project. Our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to Chapter 10.550, Rules of the State of Florida, Office of the Auditor General. However, we will communicate to you, regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we have identified during the audit.

As part of a compliance audit in accordance with GAAS, and in accordance with Government Auditing Standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

We will issue a report on compliance that will include an opinion or disclaimer of opinion regarding the City's major federal award programs and/or major state projects, and a report on internal controls over compliance that will report any significant deficiencies and material weaknesses identified; however, such report will not express an opinion on internal control.

Management's Responsibilities

Our audit will be conducted on the basis that management acknowledge and understand that they have responsibility:

1. For the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America;
2. For the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error;
3. For identifying, in its accounts, all federal awards received and state financial assistance expended during the period and the federal programs under which they were received;
4. For maintaining records that adequately identify the source and application of funds for federally funded activities;
5. For preparing the schedule of expenditures of federal awards and/or state financial assistance (including notes and noncash assistance received) in accordance with the Uniform Guidance (if applicable) and Chapter 10.550, Rules of the State of Florida, Office of the Auditor General requirements (if applicable);
6. For the design, implementation, and maintenance of internal control over federal awards, state financial assistance, and compliance;
7. For establishing and maintaining effective internal control over federal awards and state financial assistance that provides reasonable assurance that the City is managing federal awards and state projects in compliance with federal and state statutes, regulations, and the terms and conditions of the federal awards and state financial assistance;
8. For identifying and ensuring that the City complies with federal laws and state statutes, regulations, and the terms and conditions of federal award programs and state financial assistance projects and implementing systems designed to achieve compliance with applicable federal and state statutes, regulations, rules, provisions of contracts or grant agreements, and the terms and conditions of federal award programs and state financial assistance projects;
9. For disclosing accurately, currently, and completely the financial results of each federal award and major state project in accordance with the requirements of the award;
10. For identifying and providing report copies of previous audits, attestation engagements, or other studies that directly relate to the objectives of the audit, including whether related recommendations have been implemented;
11. For taking prompt action when instances of noncompliance are identified;
12. For addressing the findings and recommendations of auditors, for establishing and maintaining a process to track the status of such findings and recommendations and taking corrective action on reported audit findings from prior periods and preparing a summary schedule of prior audit findings;
13. For following up and taking corrective action on current year audit findings and preparing a corrective action plan for such findings;
14. For submitting the reporting package and data collection form to the appropriate parties;

15. For making the auditor aware of any significant contractor relationships where the contractor is responsible for program compliance;
16. To provide us with:
 - a. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, including the disclosures, and relevant to federal award programs and state financial assistance projects, such as records, documentation, and other matters;
 - b. Additional information that we may request from management for the purpose of the audit;
 - c. Unrestricted access to persons within the City and others from whom we determine it necessary to obtain audit evidence.
 - d. A written acknowledgement of all the documents that management expects to issue that will be included in the annual report and the planned timing and method of issuance of that annual report; and
 - e. A final version of the annual report (including all the documents that, together, comprise the annual report) in a timely manner prior to the date of the auditors' report
17. For adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current year period(s) under audit are immaterial, both individually and in the aggregate, to the financial statements as a whole;
18. For acceptance of nonattest services, including identifying the proper party to oversee nonattest work;
19. For maintaining adequate records, selecting and applying accounting principles, and safeguarding assets;
20. For informing us of any known or suspected fraud affecting the City involving management, employees with significant role in internal control and others where fraud could have a material effect on compliance;
21. For the accuracy and completeness of all information provided;
22. For taking reasonable measures to safeguard protected personally identifiable and other sensitive information;
23. For confirming your understanding of your responsibilities as defined in this letter to us in your management representation letter; and
24. For identifying and ensuring that the City complies with applicable laws, regulations, contracts, agreements, and grants.
25. Additionally, it is management's responsibility to follow up and take corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan. The summary schedule of prior audit findings should be available for our review on the first day of fieldwork.

With regard to the supplementary information referred to above, you acknowledge and understand your responsibility (a) for the preparation of the supplementary information in accordance with the applicable criteria, (b) to provide us with the appropriate written representations regarding supplementary information, (c) to include our report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information, and (d) to present the supplementary information with the audited financial statements, or if the supplementary information will not be presented with the audited financial statements, to make the audited financial statements readily available to the intended users of the supplementary information no later than the date of issuance by you of the supplementary information and our report thereon.

As part of our audit process, we will request from management written confirmation concerning representations made to us in connection with the audit.

Additional Examination Engagements

You have requested that we examine the City's compliance for the fiscal years ended September 30, 2025, 2026, and 2027, with the following statutes (collectively, "the Statutes"):

- Section 218.415, Florida Statutes, *Local Government Investment Policies*

We are pleased to confirm our acceptance and our understanding of this direct examination engagement by means of this letter. Our examination will be conducted with the objective of obtaining reasonable assurance by evaluating whether the City complied in all material respects with the Statutes and performing other procedures to obtain sufficient appropriate evidence to express an opinion in a written practitioner's report that conveys the results of our evaluation.

Practitioner Responsibilities

We will conduct our examination in accordance with the attestation standards established by the AICPA. An examination involves performing procedures to obtain attest evidence about whether the City complied with the Statutes, in all material respects. An examination involves performing procedures to obtain evidence about the City's compliance with the Statutes. The nature, timing, and extent of procedures selected depend on the practitioner's judgment, including the assessment of the risks of material misstatement of the underlying subject matter, whether due to fraud or error.

Because of the inherent limitations of an examination engagement, together with the inherent limitations of internal control, an unavoidable risk exists that some material misstatements may not be detected, even though the examination is properly planned and performed in accordance with the attestation standards. However, we will inform you of any material noncompliance with laws or regulations, uncorrected misstatements, fraud, and when relevant to the underlying subject matter or subject matter information, internal control deficiencies that comes to our attention, unless clearly inconsequential.

Management Responsibilities

Our examination will be conducted on the basis that management and, when appropriate, those charged with governance, acknowledge and understand that they have responsibility:

1. For ensuring the City complies with the Statutes;
2. For the design, implementation, and maintenance of internal control to prevent, or detect and correct, misstatement of or noncompliance with the Statutes, due to fraud or error;
3. For selecting the criteria for the evaluation of the City's compliance with the Statutes;
4. Determining that such criteria are suitable, will be available to the intended users, and are appropriate for the purpose of the engagement; and
5. To provide us with:
 - a. Access to all information of which management is aware that is relevant to compliance with the Statutes, such as records, documentation, and other matters and that you are responsible for the accuracy and completeness of that information;
 - b. Additional information that we may request from management for the purpose of the examination; and
 - c. Unrestricted access to persons within the City from whom we determine it necessary to obtain attest evidence.

As part of our examination process, we will request from you written confirmation concerning representations made to us in connection with the examination.

Reporting

We will issue a written report upon completion of our examination of the City's compliance with the Statutes. Our report will be addressed to the governing body. We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion, add an emphasis-of-matter or other-matter paragraph(s), or withdraw from the engagement.

Nonattest Services

We will perform the following nonattest services: preparation of financial statements (if requested), preparation of schedule of expenditures of federal awards and state financial assistance and data collection form (if applicable), preparation of annual financial report (if requested). With respect to any nonattest services we perform, we will not assume management responsibilities on behalf of the City. However, we will provide advice and recommendations to assist management of the City in performing its responsibilities. The City's management is responsible for (a) making all management decisions and performing all management functions; (b) assigning a competent individual (Devon Schmidt) to oversee the services; (c) evaluating the adequacy of the services performed; (d) evaluating and accepting responsibility for the results of the services performed; and (e) establishing and maintaining internal controls, including monitoring ongoing activities.

Our responsibilities and limitations of the engagement are as follows. We will perform the services in accordance with applicable professional standards. This engagement is limited to the services previously outlined. Our firm, in its sole professional judgment, reserves the right to refuse to do any procedure or take any action that could be construed as making management decisions or assuming management responsibilities, including determining account coding and approving journal entries. Our firm may advise the City with regard to different matters, but the City must make all decisions with regard to those matters.

Any nonattest services performed by us do not constitute an audit performed in accordance with *Government Auditing Standards*.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any documents or support for any other transactions we select for testing.

We do not host, are not the custodian of, and accept no responsibility for your financial and non-financial data. You acknowledge that you have sole responsibility for the storage and preservation of your financial and non-financial data.

During the course of the audit, we may observe opportunities for economy in, or improved controls over, your operations. We will bring such matters to the attention of the appropriate level of management, either orally or in writing.

You agree to inform us of facts that may affect the financial statements of which you may become aware during the period from the date of the auditors' report to the date the financial statements are issued.

Zach Chalifour is the service leader for the audit services specified in this letter. The service leader's responsibilities include supervising the services performed as part of this engagement and signing or authorizing another qualified firm representative to sign the reports.

Our fees for the audit of the financial statements and related services, including expenses, for each of the fiscal years included in this engagement are as follows:

Year Ending September 30,	Audit Fee	Preparation of Financial Statements	Single Audit Fee per major program (if applicable)	Annual Financial Report (if requested)	ERP Conversion Procedures*
2025	\$45,000	\$5,000	\$4,000	\$2,500	-
2026	\$47,250	\$5,000	\$4,000	\$2,500	\$3,000
2027	\$49,500	\$5,000	\$4,000	\$2,500	-

*Anticipated ERP conversion effective for fiscal year 2026. Fee will be applicable in the year of conversion to account for additional audit procedures.

Our ability to provide services in accordance with our estimated fees depends on the quality, timeliness, and accuracy of the City's records, and, for example, the number of general ledger adjustments required as a result of our work. We will also need your personnel to be readily available during the engagement to respond in a timely manner to our requests. Lack of preparation, poor records, general ledger adjustments and/or untimely assistance may result in an increase of our fees.

We will not increase the fee over the agreed amount as long as the scope of the audit is consistent with the scope outlined in the Request for Proposal. The City is not completely in control of the scope of work for future years. Significant required changes may be mandated by federal, state, other regulatory agencies or accounting and auditing standards boards or by significant staff changes within the City. For these reasons, if the scope of the audit changes significantly from the scope outlined in the RFP, we would present for approval, prior to commencing work, why an adjustment in fee is warranted.

This engagement may be terminated by either party for noncompliance with the terms as noted in this engagement letter. The parties will provide 60 days' notice of their intention to terminate the engagement. Upon completion of this engagement with the audit for the year ended September 30, 2027, new engagements can be entered into for an additional three-year period, at the option of both parties. Any such engagements will be evidenced by a new engagement letter.

At the conclusion of our audit engagement, we will communicate to those charged with governance the following significant findings from the audit:

- Our view about the qualitative aspects of the City's significant accounting practices;
- Significant difficulties, if any, encountered during the audit;
- Uncorrected misstatements, other than those we believe are trivial, if any;
- Disagreements with management, if any;
- Other findings or issues, if any, arising from the audit that are, in our professional judgment, significant and relevant to those charged with governance regarding their oversight of the financial reporting process;
- Material, corrected misstatements that were brought to the attention of management as a result of our audit procedures;
- Representations we requested from management;
- Management's consultations with other accountants, if any; and
- Significant issues, if any, arising from the audit that were discussed, or the subject of correspondence, with management.

In accordance with the requirements of *Government Auditing Standards*, we have attached a copy of our latest external peer review report of our firm for your consideration and files.

The audit documentation for this engagement is the property of James Moore & Co., P.L. and constitutes confidential information. However, we may be requested to make certain audit documentation available to a grantor or their designee, a federal or state agency providing direct or indirect funding, or the U.S. Government Accountability Office pursuant to authority given to it by laws or regulation, or to peer reviews. If requested, access to such audit documentation will be provided under the supervision of James Moore & Co., P.L. personnel. We will notify you of any such request. Furthermore, upon request, we may provide copies of selected audit documentation to these agencies and regulators. The regulators and agencies may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

In the normal course of business, we use the services of third-parties and individual contractors, which are not employees of James Moore & Co., P.L. Those services are performed at various levels and in various aspects our engagements including bookkeeping, tax return preparation, consulting, audit and other attest services and clerical and data entry functions. It is possible that during the course of the engagement we may utilize such third-party and individual contractor sources. Additionally, the engagement will, of necessity, require us to handle confidential information and we expect third-party service providers and individual contractors to maintain the confidentiality of such information. To be reasonably assured that unauthorized release of confidential client information does not occur, we require those individuals and third-party service providers to enter into a written agreement to maintain the confidentiality of such information. Your acceptance of this arrangement acknowledges and accepts our handling of confidential information including access by third-party and individual service providers.

This engagement letter includes the attached James Moore & Co., P.L. Standard Terms and Conditions as Attachment A which is incorporated and made a part of this engagement letter by reference.

We appreciate the opportunity to be of service to the City of St. Pete Beach, Florida and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the enclosed copy and return it to us.

Very truly yours,

JAMES MOORE & CO., P.L.

RESPONSE:

This letter correctly sets forth the understanding of the City of St. Pete Beach, Florida.

CERTIFIED PUBLIC ACCOUNTANTS AND BUSINESS ADVISORS

Report on the Firm's System of Quality Control

April 23, 2024

To the Members of
James Moore & Co., P.L.
and the Peer Review Committee of the Florida Institute of CPAs

We have reviewed the system of quality control for the accounting and auditing practice of James Moore & Co., P.L. (the firm) in effect for the year ended October 31, 2023. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing and complying with a system of quality control to provide the firm with reasonable assurance of performing and reporting in conformity with the requirements of applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported on in conformity with the requirements of applicable professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of and compliance with the firm's system of quality control based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including compliance audits under the Single Audit Act, and audits of employee benefit plans.

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of James Moore & Co., P.L. in effect for the year ended October 31, 2023, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)* or *fail*. James Moore & Co., P.L. has received a peer review rating of *pass*.

**Attachment A James Moore and Co., P.L.
Standard Terms and Conditions**

The terms and conditions set forth below are incorporated into the engagement letter pursuant to which James Moore & Co., P.L. ("JMCO", the "Firm", us and we) will provide services.

1. **Management's Responsibilities** – Management of Client is responsible for establishing and maintaining an effective internal control system. JMCO services may include advice and recommendations which management may or may not adopt. Client's management shall be fully and solely responsible for applying independent business judgment with respect to the services and work product provided by JMCO, to make implementation decisions, if any, and to determine further courses of action with respect to any matters addressed in any advice, recommendations, services, reports, or other work product or deliveries to Client. Management is responsible for the safeguarding of assets, the proper recording of transactions in the books of accounts, the substantial accuracy of the financial records, and the full and accurate disclosure of all relevant facts affecting the engagement to JMCO. Client should retain all the documents, canceled checks, and other data that form the basis of income and deductions. If the engagement also includes tax services, these records may be necessary to prove the accuracy and completeness of tax returns to a taxing authority. Client has final responsibility for the tax return(s) and therefore should review the return(s) carefully before signing and filing.
2. **Responsible Person** – Client designates the individual signing the engagement letter ("Representative") as the individual to whom JMCO should look to provide information, communicate, and answer questions. Client understands that JMCO will rely on the Representative designated above and that decisions by the Representative may be beneficial to some and detrimental to others. JMCO is directed to rely on the Representative for all Client decisions including but not limited to tax treatments, allocation of income and expense items, tax elections and accounting treatments. All communication with the Representative is deemed to be communication with Client.
3. **Advice in Writing** – JMCO only provides advice for Client to rely upon in writing. Casual discussions of tax, accounting or other issues and informal communication are not advice upon which Client can rely. Client agrees that the only advice from JMCO upon which Client may rely is written advice received from JMCO on our letterhead or via e-mail individually addressed to Representative or an individual member of the Client (newsletters and the like are not advice upon which Client may rely).
4. **Unencrypted E-Mail Use Authorized for Communication** – In connection with this engagement, JMCO may communicate with Client or others via e-mail transmission. As e-mails can be intercepted and read, disclosed, or otherwise used or communicated by an unintended third party, or may not be delivered to each of the parties to whom they are directed and only to such parties, JMCO cannot guarantee or warrant that e-mails from JMCO will be properly delivered and read only by the addressee. Therefore, JMCO specifically disclaims and waives any liability or responsibility whatsoever for interception or unintentional disclosure or communication of e-mail transmissions or for the unauthorized use or failed delivery of e-mails transmitted by JMCO in connection with the performance of this engagement. In that regard, Client agrees that JMCO shall have no liability for any loss or damage to any person or entity resulting from the use of e-mail transmissions, including any consequential, incidental, direct, indirect, or special damages, such as loss of revenues or anticipated profits, or disclosure or communication of confidential or proprietary information. During the term of this engagement Client may elect by notification in writing to JMCO to suspend or terminate the use of e-mail. Similarly, text messages present special issues for our profession, and we ask that you refrain from engaging with JMCO via text message.
5. **Cooperation** – Client agrees to cooperate with JMCO in the performance of JMCO services for the Client, including providing JMCO with reasonable facilities and timely access to Client's data, information and personnel. Client shall be responsible for the performance of Client's employees and agents and for the accuracy and completeness of all data and information provided to JMCO for purposes of this engagement. In the event that JMCO is unable to obtain required information on a timely basis JMCO may revise its estimate of fees, alter the services required and/or terminate the engagement.

6. **Payment of Invoices** – JMCO will bill Client for professional services, expenses, and out-of-pocket costs on a monthly basis. Payment is due within 30 days of the date on the billing statement. JMCO reserves the right to suspend work or terminate the engagement in the event that payment is not received within 30 days of the date on the billing statement. JMCO may also suspend work or terminate the engagement if information furnished is not satisfactory for JMCO to perform work on a timely basis. JMCO will notify Client if work is suspended or terminated. If JMCO elects to terminate or suspend the engagement for nonpayment or for any other reason provided for in this letter, the engagement will be deemed to have been completed for purposes of payment due from Client. Upon written notification of termination or suspension, even if JMCO has not released work product, Client will be obligated to compensate JMCO for all time expended and to reimburse JMCO for all out-of-pocket costs through the date of termination or suspension. Suspension of work or termination of services may result in missed deadlines, penalties/interest along with other consequences and Client agrees that suspended work or termination of services shall not entitle Client to recover damages from JMCO. All fees, charges and other amounts payable to JMCO hereunder do not include any sales, use, value added or other applicable taxes, tariffs or duties, payment of which shall be the sole responsibility of Client, excluding any applicable taxes based on JMCO's net income or taxes arising from the employment or independent contractor relationship between JMCO and JMCO's personnel. A late payment charge of 1½% per month will be assessed on any balance that remains unpaid after deduction of current payments, credits, and allowances after 90 days from the date of billing. This is an Annual Percentage Rate of 18%.
7. **Electronic Data Communication** - In the interest of facilitating our services to you, JMCO may send data over the Internet, store electronic data via computer software applications hosted remotely on the Internet, or allow access to data through third-party vendors' secured portals or clouds. Electronic data that is confidential to Client may be transmitted or stored using these methods. We may use third-party service providers to store or transmit this data. In using these data communication and storage methods, JMCO employs measures designed to maintain data security. We use reasonable efforts to keep such communications and data access secure in accordance with our obligations under applicable laws and professional standards. We also require all of our third-party vendors to do the same. You recognize and accept that we have no control over the unauthorized interception or breach of any communications or data once it has been sent or has been subject to unauthorized access, notwithstanding all reasonable security measures employed by us or our third-party vendors. You consent to our use of these electronic devices and applications and submission of confidential client information to third-party service providers during this engagement.
8. **Confidential & Proprietary Information** – Client and JMCO both acknowledge and agree that all information communicated by one party (the "Disclosing Party") to the other (the "Receiving Party") in connection with this engagement shall be received in confidence, shall be used only for purposes of this engagement, and no such confidential information shall be disclosed by the Receiving Party or its agents or personnel without the prior written consent of the other party. Except to the extent otherwise required by applicable law or professional standards, the obligations under this section do not apply to information that: (a) is or becomes generally available to the public other than as a result of disclosure by the Receiving Party, (b) was known to the Receiving Party or had been previously possessed by the Receiving Party without restriction against disclosure at the time of receipt thereof by the Receiving Party, (c) was independently developed by the Receiving Party without violation of this engagement letter or (d) Client and JMCO agree from time to time to disclose. Each party shall be deemed to have met its nondisclosure obligations under this paragraph as long as it exercises the same level of care to protect the other's information, except to the extent that applicable law, regulations or professional standards impose a higher requirement. JMCO may retain, subject to the terms of this Paragraph, one copy of Client's confidential information required for compliance with applicable professional standards or internal policies. If either Client or JMCO receives a subpoena or other validly issued administrative or judicial demand requiring it to disclose the other party's confidential information, such party shall (if permitted to do so) provide written notice to the other of such demand in order to permit it to seek a protective order. So long as the notifying party gives notice as provided herein, the notifying party shall be entitled to comply with such demands to the extent permitted by law, subject to any protective order or the like that may have been entered into in the matter. In the event that Client wishes to assert a privilege or Client fails to respond and JMCO asserts the privilege on Client's behalf, Client agrees to pay for all expenses incurred by JMCO in defending the privilege, including, by way of illustration only, JMCO's attorney's fees, court costs, outside adviser's costs, penalties and fines imposed as a result of Client asserting the privilege or Client's direction to JMCO to assert the privilege. JMCO's techniques, judgments, methodology, and practices relating to its engagement practices are agreed by Client and JMCO to constitute proprietary confidential business information in the nature of trade secrets, security measures, systems and procedures which are in the nature of competitive interests which would impair the competitive business of JMCO should the information be released. Notwithstanding the foregoing, the terms of this paragraph shall not apply to contravene any statute or regulation.

9. **Disclosures** – Certain communications involving advice are privileged and not subject to disclosure. By disclosing the contents of those communications to anyone, or by turning over information about those communications to the government, Client, Client’s employees or Client’s agents may be waiving this privilege. To protect this right to privileged communication, please consult with JMCO or an attorney prior to disclosing any information about JMCO advice. Should Client determine that it is appropriate for JMCO to disclose any potentially privileged communication; Client agrees to provide JMCO with written, advance authority to make that disclosure. We will not respond to any request from banks, mortgage brokers or others for verification of any information. We do not communicate with third parties or provide them with copies of your information.
10. **Tax Services** – If the engagement letter specifically includes providing tax services the following provisions apply to the tax services for this engagement:
- a. Tax services do not include verification of the information you submit to us although we may ask that you clarify certain information. Our tax work does not include any procedures designed to detect fraud, theft or illegal acts.
 - b. We will prepare the tax returns identified in the scope of the engagement letter solely for filing with the Internal Revenue Service (“IRS”), state, and local tax authorities. Our tax work is not intended to benefit or influence any third party, either to obtain credit or for any other purpose.
 - c. Unless otherwise noted, we will perform our services in accordance with the Statement on Standards for Tax Services (“SSTs”) issued by the American Institute of Certified Public Accountants and U.S. Treasury Department Circular 230 (“Circular 230”) along with the Internal Revenue Code, accompanying Regulations, Treasury Department pronouncements and applicable state laws, rules and regulations.
 - d. We will not hold your property in trust for you, or otherwise accept fiduciary duties in the performance of the engagement.
 - e. We will use our professional judgment to resolve questions in your favor where a tax law is unclear, provided that we have a reasonable belief that there is substantial authority for doing so. If there are conflicting interpretations of the law, we will explain the possible positions that may be taken on your return. We will follow the position you request, provided it is consistent with our understanding of the applicable tax code, tax laws, tax regulations, and their interpretations. If the IRS, state or local tax authorities later contest the position you select, additional tax, interest, and penalties may be assessed. We assume no liability, and you hereby release us from any liability, including but not limited to, additional tax, interest, penalties, and related professional fees.
 - f. If additional accounting or bookkeeping assistance is required for the purpose of preparing tax returns that work will be an additional fee.
 - g. If, during our work, we discover information that affects prior-year tax returns, we will make you aware of the facts. However, we cannot be responsible for identifying all items that may affect prior-year returns. If you become aware of such information during the year, please contact us to discuss the best resolution of the issue. We will be happy to prepare appropriate amended returns as a separate engagement.
 - h. This engagement does not include responding to inquiries by any governmental agency or tax authority. If your tax return is selected for examination or audit, you may be requested to produce documents, records, or other evidence to substantiate the items of income and deduction shown on a tax return. If you request our assistance in responding to such an inquiry, and we agree to represent you, we will confirm this engagement in a separate Statement of Work.
 - i. As tax return preparers, we are prohibited from signing a tax return unless we have a reasonable belief that there is substantial authority for a tax position taken on the tax return or we have a reasonable basis for the tax return position taken on the return and we disclose this tax position in a separate attachment to the tax return.
 - j. The law imposes substantial penalties on taxpayers and tax advisors for failure to disclose listed and other reportable transactions on Form 8886, Reportable Transaction Disclosure Statement. In general, reportable transactions are potentially abusive transactions identified by the IRS that have a primary purpose of tax avoidance, including but not limited to listed transactions, confidential transactions, transactions with contractual protection, loss transactions, and transactions of interest. Furthermore, the law imposes substantial penalties on taxpayers and tax advisors for failure to disclose tax shelters on Form 8271, Investor Reporting of a Tax Shelter Registration Number. You agree to advise us of any tax shelters and/or reportable transactions identified in tax reference materials. Unless a reportable transaction is more likely than not to be sustained on its merits, IRC §6662A, Imposition of Accuracy-Related Penalty on Understatements with Respect to Reportable Transactions, requires us to disclose the reportable transaction in a separate attachment to the tax return. Similarly, unless a tax shelter is more likely than not to be sustained on its merits, IRC §6662(d)(2)(C)(ii), Imposition of Accuracy-Related Penalty on Underpayments, requires us to disclose tax shelters in a separate attachment to the

tax return. If you do not consent to a required disclosure, we reserve the right to withdraw from the engagement, and you agree to compensate us for our services to the date of withdrawal.

- k. For series 1040 tax returns, we will not disclose your confidential tax information to another tax return preparer other than required by law or regulation without your consent. For tax returns other than the 1040 series, you authorize us to disclose your current year tax return information to our affiliates located outside the United States for the purposes of assisting us in preparation of your current year tax return. You acknowledge that by signing this engagement letter you consent that your current year non-1040 series tax return information will be disclosed to tax return preparers abroad when those affiliates are engaged to assist in preparation of your tax return.
- l. You will provide us financial information and supporting data necessary to prepare your tax returns. You must provide us accurate and complete information. Income, gains and losses from all sources, including those outside the U.S., is required. You agree and accept the burden that the consequences of inadequate documentation may include disallowance of tax benefits.
- m. You are responsible for ensuring that personal expenses, if any, are segregated from business expenses and that expenses such as meals, travel, vehicle use, gifts, and related expenses are supported by documentation and records required by the IRS and other tax authorities. In preparing your returns, we rely on your representations that we have been informed of all bartering transactions and that you understand and have complied with the documentation requirements for your expenses and deductions. At your written request, we are available to provide you with written answers to your questions on the types of supporting records required.
- n. On June 21, 2018, the U.S. Supreme Court reversed the long-standing physical presence nexus standard in South Dakota v. Wayfair, Inc. et. al. This decision significantly changed the landscape of sales and use tax compliance, especially for online sellers. If you wish to understand the impact of the decision on your business, please so advise and we will confirm this in a separate Statement of Work.
- o. You are responsible for determining your tax filing obligations with any state or local tax authorities, including, but not limited to, income, franchise, sales, use, property or unclaimed property taxes. You agree that we have no responsibility to research these obligations or to inform you of them. Therefore, we will only prepare the tax returns for the entities and tax agencies listed in the engagement letter, unless you notify us in writing of any changes. Please contact us if you require assistance in determining your state and local tax filing obligations.
- p. You are responsible for informing us of all foreign transactions, assets owned directly or indirectly, including but not limited to, financial accounts with foreign institutions, other foreign non-account investments, and ownership of any foreign entities, regardless of amount. If upon review of the information you have provided to us, including information that comes to our attention, we believe that you may have additional filing obligations, we will notify you. Failure to timely file the required forms may result in substantial civil and/or criminal penalties. You agree to provide us with complete and accurate information regarding any foreign investments in which you have a direct or indirect interest, or over which you have signature authority, during the tax years to which this engagement applies. The foreign reporting requirements are very complex. If you have any questions regarding the application of the reporting requirements for your foreign interests or activities, please ask us and we will respond in writing. Only advice that is in writing may be relied upon. We assume no liability for penalties associated with the failure to file or untimely filing of any of these forms.
- q. You are responsible for complying with the tax filing requirements of any other country. You acknowledge and agree that we have no responsibility to raise these issues with you.
- r. You are responsible for advising us of any changes in ownership so we can properly reflect those on the tax returns.
- s. The IRS permits you to authorize us to discuss, on a limited basis, aspects of your return for one year after the return's due date. Your consent to such a discussion is evidenced by checking a box on the return. Unless you tell us otherwise, we will check that box authorizing the IRS to discuss your return with us.
- t. By executing this engagement letter, you consent to JMCO using your tax return information to send to you, by any medium: firm newsletters, surveys, press releases, information concerning firm seminars and nontax-related services, and any other communication sent to some or all of the firm's clients. This consent shall be valid for five years. The disclosure will include name, address and tax return form type and you acknowledge, by signing this engagement letter, that you have the right to consent to a disclosure of less information, but have decided, without coercion, that you consent to the disclosure of name, address and tax return form type. This consent is not conditioned on our providing services to you.
- u. It may become necessary to apply for an extension of the filing deadline if there are unresolved issues or delays in processing, or if we do not receive all the necessary information from you on a timely basis. Applying for an extension of time to file may extend the time available for a government agency to undertake an audit of your return or may extend the statute of limitations to file a legal action. All taxes

owed are due by the original filing due date. Additionally, extensions may affect your liability for penalties and interest or compliance with governmental or other deadlines.

- v. Federal, state and local taxing authorities impose various penalties and interest charges for non-compliance with tax laws and regulations, including failure to file or late filing of returns and underpayment of taxes. You, as the taxpayer, remain responsible for the payment of all taxes, penalties and interest charges imposed by tax authorities.
- w. You authorize that any and all information furnished to us for or in connection with the preparation of tax returns other than 1040 series returns under this engagement letter may, for a period of up to three years from the date of this engagement letter, be disclosed to our designated third-party services, located outside the United States, engaged directly or indirectly in providing tax planning or preparation of tax returns. If you wish to request a limited disclosure of tax return information, you must inform us.
- x. There are specific tax implications of investing in digital assets (e.g., virtual currencies such as Bitcoin, non-fungible tokens, virtual real estate and similar assets). The IRS and some other jurisdictions consider these to be property for tax purposes. As such, any transactions in, or transactions that use, digital assets are subject to the same general tax principles that apply to other property transactions.
- y. If you transacted in digital assets during the tax year, you may have tax consequences and/or additional reporting obligations associated with such transactions. You agree to provide us with complete and accurate information regarding any transactions in, or transactions that have used, digital assets during the applicable tax year. If you have any questions regarding your digital assets and/or transactions, please ask us, and we will respond in writing.
- z. Centralized Partnership Audit Regime Under the Bipartisan Budget Act of 2015(BBA) - You are encouraged to seek the advice of your attorney for matters related to the BBA. The regime of partnership (and entities that file 1065 series returns) audits was substantially changed in 2018 as part of the BBA. Form 1065 partnership pass-thru entity filers are generally audited and assessed at the entity level under the BBA. Some partnership filing entities are eligible to opt out of the BBA while other entities may elect to opt in. Each year a partnership must consider (if it is eligible) whether to opt in or out of the BBA. Your attorney can help with this election. If this engagement is for a pass-thru entity subject to these audit rules, our engagement does not include advising on whether to opt in or opt out of the BBA. If you choose to opt in to the BBA and will so elect on your tax filing, we will require additional information to complete the return. If you choose to opt in, the entity will need to designate an individual (and it may also designate an entity) to serve as partnership representative and provide the address and telephone number of that individual so designated.

11. Force Majeure – Neither Client nor JMCO shall be liable for any delays resulting from circumstances or causes beyond our reasonable control, including, without limitation, fire or other casualty, act of God, epidemic, strike or labor dispute, war or other violence, or any law, order or requirement of any government agency or authority.

12. Indemnification – Client, its officers and directors hereby agrees to indemnify; agrees to pay for the defense (with counsel of JMCO's choosing) of JMCO, (including JMCO's principals, employees and authorized agents) and agrees to hold JMCO harmless from any and all suits, claims, actions, proceedings, liabilities, judgments, losses and costs whatsoever (including but not limited to attorneys' fees and litigation costs) arising in connection with any services performed or products provided by JMCO pursuant to, or under the cover of this engagement letter (Indemnity) as described in this paragraph. This Indemnity relates only to circumstances (1) in which there is a knowing misrepresentation by Client and/or its management relating to this engagement (2) arising out of or relating to claims by Client's employees or former employees/contractors for our critiques of employee performance (3) third party use of JMCO work product and (4) posting or dissemination of partial and/or inaccurate copies of our reports and/or workproduct.as described in 24 below. The foregoing indemnity is intended to apply to the extent not contrary to applicable law and/or regulations governing the provision of professional services. This provision shall survive the termination of this engagement for a period of five years. **Notwithstanding the foregoing, the provisions of this paragraph shall not apply to Client when JMCO provides attest services to a Securities Exchange Commission Registrant Public Entity, Employee Benefit Plan, Bank, Credit Union or any other entity for which the terms of this paragraph shall be prohibited by law or regulation.**

13. Errors, Fraud, Theft, Embezzlement, Illegal Acts – Unless our engagement letter specifically obligates JMCO to search for fraud, theft, embezzlement and/or illegal acts, JMCO services cannot be relied upon to disclose errors, fraud, theft, embezzlement or other illegal acts that may exist, nor will we be responsible for the impact on our services of incomplete, missing, or withheld information, or mistaken or fraudulent data provided from any source or sources. However, we will inform you of any material errors, fraudulent financial reporting, or misappropriation of assets that come to our attention. Client is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing JMCO about all known or suspected fraud affecting Client involving: (1) management, (2) employees who have

significant roles in internal control, and (3) others where the fraud could have a material effect on the financial information. Client responsibilities include informing JMCO of Client knowledge of any allegations of fraud or suspected fraud affecting Client received in communications from employees, former employees, regulators, or others. In addition, Client is responsible for identifying and ensuring that the Client complies with applicable laws and regulations.

14. **Document Retention and Ownership** – The parties agree that JMCO will endeavor to retain documents and records in accordance with the Firm's Record Retention and Destruction Policy. Client agrees that after the specified period of retention expires (typically seven (7) years), documents and records may not be available. However, the related engagement records will not be destroyed regardless of the retention period, if JMCO has knowledge of potential or pending legal action and/or investigation by a regulatory agency, and it has been determined by the Firm that the records in question are relevant to said legal action and/or investigation. If it is determined that the records in question are relevant to the legal action and/or investigation, the Firm will impose a litigation hold on the records thereby suspending the scheduled destruction of the records. As potential or pending legal action or an investigation may not be public knowledge, we request that you inform us of any such legal action or investigation in a timely manner. Likewise, we request that you inform us when all legal action or investigation has been concluded so that the Firm can release the litigation hold and the records related to our engagement can be destroyed in accordance with our Record Retention and Destruction Policy. JMCO does not retain original client records or documents. Records prepared by us specifically for you as part of this engagement (for example, financial statements and other financial reports, tax returns, general ledgers, depreciation schedules, etc.) and other supporting records prepared by JMCO (for example, adjusting entries and related support, data combining schedules, calculations supporting amounts in tax returns and financial statements, letters, memos and electronic mail, etc.) will remain part of the engagement records. When any records are returned or provided to you, it is your responsibility to retain and protect them for possible future use, including potential examination by any government or regulatory agencies. JMCO owns and retains the rights to JMCO's internal working papers; any information created by JMCO is not the property of Client. In the event that documents are requested by the Representative or any other individual considered by law or regulation to be our client we will furnish the documents readily available in the Client file in a .pdf format (which shall not include any obligation on JMCO's part to undertake a search of JMCO's electronic document and email files) to the requesting party. The privacy policy of JMCO is available on our website at JMCO.com/privacy-policy/
15. **Hosting of Client Data** – JMCO does not Host, is not the custodian of, and accepts no responsibility for Client financial and non-financial data. Client acknowledges that it has sole responsibility for the storage and preservation of its financial and non-financial data.
16. **Brokerage Information** - From time-to-time Client may arrange and/or provide information to JMCO that includes investment holdings, transactions, arbitrage positions and investment strategies in addition to other asset holdings. JMCO utilizes information provided for purposes of financial statements and tax filings. JMCO does not provide investment analysis, strategies and/or risk analysis of investment portfolios. A JMCO affiliate, James Moore Wealth Management, LLC, a registered investment advisor, does provide investment advice under the terms of separate engagement understandings. Clients desiring services from James Moore Wealth Management, LLC should establish a separate understanding for those services. JMCO does not share information with James Moore Wealth Management, LLC, absent a specific written understanding with Client. Client agrees that this engagement does not include evaluation of investments, transaction and strategies.
17. **Professional Standards** – JMCO will perform this engagement in accordance with the professional standards applicable to the engagement including those standards promulgated by the American Institute of Certified Public Accountants. In the event that issues arise that present a conflict of interest and/or a potential for breach of professional standards it may become necessary to terminate or suspend services of this engagement. We will notify you if this issue arises.
18. **Use of Third-Party Providers** – In the normal course of business, JMCO uses the services of third-parties and individual contractors, which are not employees of JMCO. Some third-party providers are located inside, and some are outside the United States. You may notify us that you do not wish to have your work done by third-party providers, which may delay the completion of services and increase the price for services to amounts in excess of initial estimates. Those third-party services are performed at various levels and in various aspects of JMCO's engagements including bookkeeping, tax return preparation, consulting, audit and other attest services and clerical and data entry functions. It is possible that during the course of the engagement JMCO may utilize such third-party and individual contractor sources. Additionally, the engagement will, of necessity, require JMCO to handle confidential information and JMCO expects third-party service

providers and individual contractors to maintain the confidentiality of such information. To be reasonably assured that unauthorized release of confidential client information does not occur, JMCO requires those individuals and third-party service providers to enter into a written agreement to maintain the confidentiality of such information. Client acceptance of this arrangement acknowledges and accepts our handling of confidential Client information including access by third-party and individual service providers.

19. **Information Shared with Professional Service Affiliates.** JMCO's professional service affiliates include James Moore Advisory, LLC which offers professional services including Human Resources, Technology and Data Analytics. From time-to-time JMCO shares information about entity (not individuals) clients such as name, address, email address, industry identifiers, enterprise size, contacts and phone number information with our professional service affiliates in connection with outreach programs to inform of services available through JMCO and its affiliates. No other information is shared with our affiliates unless you engage an affiliate to provide services at which time information necessary to provide services is shared between JMCO and its professional service affiliates. By signing the engagement letter, you expressly consent to the sharing of general information with JMCO's professional service affiliates about JMCO entity clients. If you do not agree to the sharing of information with our professional service affiliates, inform us and we will not share identified information.
20. **Limitation of Liability and Actions** – Neither party may assert against the other party any claim in connection with this engagement unless the asserting party has given the other party written notice of the claim within one (1) year after the asserting party first knew or should have known of the facts giving rise to such claim. Notwithstanding anything to the contrary, JMCO's maximum aggregate liability in this engagement (regardless of the nature of the any claim asserted, including contract, statute, any form of negligence, tort, strict liability or otherwise and whether asserted by Client, JMCO or others) shall be limited to twice the sum of the fees paid to JMCO during the term of this annual engagement. In no event shall JMCO be liable for consequential, incidental, special or punitive loss, damage or expense (including, without limitation, lost profits, opportunity costs, etc.) even if JMCO had been advised of their possible existence. This provision shall survive the termination of this engagement letter. **Notwithstanding the foregoing, the provisions of this paragraph shall not apply to Client when JMCO provides attest services to a Securities Exchange Commission Registrant Public Entity, Employee Benefit Plan, Bank, Credit Union or any other entity for which the terms of this paragraph shall be prohibited by law or regulation.**
21. **Mediation** – Prior to resorting to arbitration or litigation that may arise regarding the meaning, performance or enforcement of this engagement or any prior engagement the parties agree to attempt resolution of any dispute in mediation administered by and conducted under the rules of the American Arbitration Association (AAA) in mediation session(s) in Alachua County, Florida. Unless the parties agree in writing to the contrary, the parties will engage in the mediation process in good faith once a written request to mediate has been given by any party to the engagement. The results of any such mediation shall be binding only upon agreement of each party to be bound. Each party may disclose any facts to the other party or to the mediator that it in good faith considers reasonably necessary to resolve the dispute. However, all such disclosures shall be deemed in furtherance of settlement efforts and shall not be admissible in any subsequent proceeding against the disclosing party. Except as agreed to in writing by both parties, the mediator shall keep confidential all information disclosed during mediation. The mediator shall not act as a witness for either party in any subsequent proceeding between the parties. The costs of any mediation proceeding shall be shared equally by the participating parties. If, for any reason, the matter is not resolved within ninety days after the first request for mediation, then mediation shall not be required under the terms of this engagement letter.
22. **Binding Arbitration** – All disputes not resolved by mediation (as described above) arising out of and/or related to the services and/or relationship with JMCO and Client will be resolved through binding arbitration. **The parties agree that they are irrevocably voluntarily waiving the right to a trial by jury by entering into this voluntary binding arbitration agreement.** The arbitration proceeding shall take place in Alachua County, Florida. The arbitration shall be governed by the provisions of the laws of Florida (except if there is no applicable state law providing for such arbitration, then the Federal Arbitration Act shall apply) and the substantive law of Florida shall be applied without reference to conflicts of law rules. In any arbitration instituted hereunder, the proceedings shall proceed in accordance with the then current Arbitration Rules for Professional Accounting and Related Disputes or, if none, then the Commercial Rules of the American Arbitration Association (AAA), except that discovery shall be limited to identification of witnesses, exchange of expert reports, deposition of experts only, exchange of documents in the Client file and interrogatories and shall not include any exchange of e-mail or any requirement to produce or search for e-mail. Any Dispute regarding discovery, or the relevance or scope thereof, shall be determined by the Arbitration Panel (as defined below). For amounts in dispute less than One Million Dollars, the arbitration shall be conducted before a single arbitrator appointed as a neutral by the AAA. The single arbitrator shall be both a licensed attorney and a licensed certified public accountant at the time of appointment as the arbitrator. If the amount in dispute is One Million Dollars or more, the arbitration shall be conducted before a panel of three persons, all panel

members must be members of the AAA's panel of neutrals with one arbitrator selected by each party (party selection shall be completed within twenty days of receipt of the panel nominees from the AAA or, failing party selection the panel members shall be appointed by the AAA), and the third member of the panel will be selected by the AAA will be licensed as a certified public accountant at the time of appointment to the panel (the "Arbitration Panel"). The party-selected arbitrators shall be treated as neutrals. The Arbitration Panel shall have no authority to award non-monetary or equitable relief, but nothing herein shall be construed as a prohibition against a party from pursuing non-monetary or equitable relief in a state or federal court. The parties also waive the right to punitive damages and the arbitrators shall have no authority to award such damages or any other damages that are not strictly compensatory in nature. In rendering their award, the Arbitration Panel shall issue a reasoned award. The Arbitration Panel is directed to award attorneys' fees and costs along with the costs of the arbitration proceeding to the prevailing party as determined by the Arbitration Panel. The confidentiality provisions applicable to mediation shall also apply to arbitration. The award issued by the Arbitration Panel may be confirmed in a judgment by any federal or state court of competent jurisdiction. In no event shall a demand for arbitration be made after the date on which the initiation of the legal or equitable proceeding on the same dispute would be barred by the applicable statute of limitations or statute of repose or this engagement letter. For the purposes of applying the statute of limitations or repose or this engagement letter, receipt of a written demand for arbitration by the AAA shall be deemed the initiation of the legal or equitable proceeding based on such dispute. **In agreeing to arbitration, we both acknowledge that each of us is giving up the right to have the dispute decided in a court of law before a judge or jury and instead we are accepting the use of arbitration for resolution.**

23. **Employees** – Both Client and JMCO agree that they will not employ any employee of the other within one year of the employee's last day of employment with the other, unless mutually agreed upon in writing. Employment of a former employee within one year of the employee leaving the other party may cause significant economic losses and/or breach of professional standards for JMCO and potential economic loss and/or potential conflicts of interest for Client. If this provision is breached, the hiring party will pay 3 months' salary of the employee to the non-hiring party.
24. **Posting and Distribution of Information** – Except when dissemination is required by a public records law, JMCO's permission is required prior to distribution or posting of JMCO work product. If Client plans to distribute or post online any of JMCO's work product, a copy of the document, reproduction master or proof will be submitted to JMCO not less than seven days prior to distribution or posting to provide JMCO sufficient time for our reading and approval prior to distribution or posting. If, in our professional judgment, the circumstances require, we may withhold our written consent. Client agrees that prior to posting an electronic copy of any of JMCO's work product, including but not limited to financial statements and our report(s) thereon, that Client will ensure that there are no differences in content between the electronic version posted and the original signed version provided to management by JMCO.
25. **Independent Contractor** - Client and JMCO are both independent contractors and neither Client nor JMCO are, or shall be considered to be, an agent, distributor or representative of the other. Neither Client nor JMCO shall act or represent itself, directly or by implication, as an agent of the other or in any manner assume or create any obligation on behalf, or in the name of, the other.
26. **Assignment** – Neither party may assign any of its rights or obligations under the terms of this engagement without the prior written consent to the other.
27. **Additional Work** – From time-to-time Client may request that JMCO undertake to complete additional work. In the event that such work is undertaken without a separate written engagement understanding then the terms of this engagement letter including these Standard Terms and Conditions shall govern the additional work.
28. **Notice/Waiver** – The parties agree that notice is effective between the parties is made through any of the following: E-mail acknowledged as received by the party to which it was addressed, Certified Mail to the most recent address of the parties, hand delivery of written document via courier. No waiver of any provision of these Standard Terms and Conditions and the engagement letter will constitute a waiver of any prior, concurrent or subsequent failure of either party to comply with the provision hereof and no waiver will be effective unless made in writing.
29. **Withdrawal** – JMCO may elect to suspend or terminate services rendered under the terms of the engagement for any reason or no reason at all. Client may elect to terminate services rendered under the terms of the engagement for any reason or no reason at all.
30. **Corporate Transparency Act/Beneficial Ownership Reporting** - Beginning January 1, 2024, some entities are required to make filings disclosing beneficial ownership interests. These filings are frequently due within thirty days of some transactions. Violations of these reporting obligations are subject to serious

punishment. Assisting you with your compliance with the Corporate Transparency Act (“CTA”), including beneficial ownership information (“BOI”) reporting, is not within the scope of this engagement. You have sole responsibility for your compliance with the CTA, including its BOI reporting requirements and the collection of relevant ownership information. You agree that we shall have no liability resulting from your failure to comply with CTA. Information regarding the BOI reporting requirements can be found at <https://www.fincen.gov/boi>. Consider consulting with legal counsel if you have questions regarding the applicability of the CTA’s reporting requirements and issues surrounding the collection of relevant ownership information.

31. **Entire Understanding** – This engagement letter constitutes the entire understanding between the parties regarding the JMCO services and supersedes all prior understandings relating to JMCO services. No amendment, modification, waiver or discharge of the terms of this engagement letter shall be valid unless in writing and signed by authorized representatives of both parties. This understanding has been entered into solely between Client and JMCO, and no third-party beneficiaries are created hereby. In the event any provision(s) of the terms of this document shall be invalidated or otherwise deemed unenforceable, such finding shall not cause the remainder of this document to become unenforceable. The proper venue for all actions involving the relationship between JMCO and Client are the tribunals of principal jurisdiction in Alachua County, Florida. This document may be transmitted in electronic format and shall not be denied legal effect solely because it was formed or transmitted, in whole or in part, by electronic record; however, this document must then remain capable of being retained and accurately reproduced, from time to time, by electronic record by the parties and all other persons or entities required by law. An electronically transmitted signature or acknowledgment will be deemed an acceptable original for purposes of binding the party providing such electronic signature.

September 9, 2025

City of St. Pete Beach, Florida
155 Corey Avenue
St. Pete Beach, FL 33706

This letter is provided in connection with our engagement letter for audit services dated August 27, 2025, to audit the financial statements of the City of St. Pete Beach, Florida (the City). For the year ended September 30, 2025, you have requested our assistance with year-end schedules, reconciliations to accounting general ledger system, and implementation of accounting standards. Listed below is the requested assistance with year-end schedules and reconciliations to accounting general ledger system:

Area of Training	Scope and Timing of Training	Fee	Assistance Requested?
Compensated absences	September & October – Working with City personnel for obtaining City reports regarding leave accruals, and implementation of GASB 101, <i>Compensated Absences</i>	\$3,000	
Leases and Subscription Based Information Technology Arrangements	September & October – Working with City personnel for the following determinations: - Identifying leases and/or potential leases. - Making final determinations related to subjective assumptions surrounding lease options, renewals, and other variable activity impacting the final lease asset and liability calculations. - Posting all year-end lease accounting adjustments to the City's accounting system. *All annual supporting lease schedules will be presented to you for approval. Should you desire to take over the responsibility for all future updates, we utilize a cloud-base software for which your account could be transferred to you for direct billing by the third-party software provider.	\$2,000 *Base fee for our cloud base software unrelated to training will be \$500	
Debt	September & October – Working with City personnel for coding and classification of debt payments made through the year and differences related to governmental activities accounting and proprietary fund accounting.	\$3,000	
Receivables	November & December - Working with City personnel for cash to accrual adjustments related to the State Revenue Accrual entries (2 months lag), unbilled receivables, and receivables due from other governments by doing testing procedures over subsequent receipts received for fiscal year cutoff.	\$5,000	
SEFA	November & December – Working with City personnel for preparation of SEFA schedule. This will be done based on reconciliations to intergovernmental revenue, alongside the subsequent receipt and receivables	\$3,000	

	work. We will also work with City personnel in pulling down FLAIR reports, as well as running check disbursements for vendors that were associated with grant funds.		
Accounts payable	December - Working with City personnel for cash to accrual adjustments related to subsequent disbursements and proper cutoff of fiscal years to record accounts payable.	\$3,000	
Pension Plans and OPEB: General Fire Police FRS	January & February - Working with City personnel after Florida Retirement System ACFR posted (estimated for January release) alongside actuary reports received for 3 independent pension plans and OPEB for allocation of liability estimations and journal entries.	\$5,000	
Fixed assets	September – Working with City personnel to review vendor listing from cash disbursements check register to associate long term projects (i.e. capitalized projects). Additionally, working with City personnel to reach out to Department Heads to determine new projects that occurred in fiscal year October/November – Working with City personnel to review PY fixed asset listing and working with Department Heads to determine useful live remaining November – Based on September work of new projects occurring in the fiscal year, working with City personnel to review GL coding for capital outlay December – Working with City personnel to reconcile capital outlay expenditures with fixed asset additions, alongside data entry of additions into the fixed asset software	\$10,000	

Other Audit Matters

We will perform the following nonattest services: assistance with preparation of financial statements, schedule of expenditures of federal awards and state financial assistance, preparation of data collection form, assistance of fixed asset and depreciation schedules (if requested), assistance with year-end schedules and reconciliations to accounting general ledger system (as requested), and assistance with lease calculation. With respect to any nonattest services we perform, the City's management is responsible for (a) making all management decisions and performing all management functions; (b) assigning a competent individual (Devon Schmidt) to oversee the services; (c) evaluating the adequacy of the services performed; (d) evaluating and accepting responsibility for the results of the services performed; and (e) establishing and maintaining internal controls, including monitoring ongoing activities.

This communication is for informational purposes only and to further document our understanding of services to be provided and has no impact on the initial fees established in our engagement letter dated August 27, 2025, except as noted above.

This information is intended solely for the information of use of City Commission and management, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

A handwritten signature in cursive script that reads "James Moore & Co., P.L.".

JAMES MOORE & CO., P.L.

RESPONSE:

This letter correctly sets forth the understanding of the City of St. Pete Beach, Florida.

**CITY COMMISSION MEETING
CITY OF ST. PETE BEACH
COMMISSION CHAMBERS**

Agenda Report

Agenda Title Name: Approval of First Amendment to City Clerk Employment Agreement – Cost of Living Adjustment (COLA) Provision

Action Request: Motion to approve the First Amendment to the City Clerk Employment Agreement

Strategic Objective: Operational Excellence

Date: September 22, 2025

Prepared By: Renee Rose, City Clerk

Through:

Summary of Issue:

Staff requests Commission approval of a contract amendment to the City Clerk's Employment Agreement to establish that, beginning September 29, 2025, the City Clerk's base salary will increase by the same percentage and on the same effective date as any cost of living adjustment (COLA) granted to general and management employees. This update aligns the City Clerk position with the City's organization-wide COLA practice and provides transparent, consistent treatment for this charter officer.

The current City Clerk contract does not expressly address COLA. Each year the Commission may approve a COLA for general and management employees as part of the budget process. The proposed amendment ties the City Clerk's base salary to that same COLA percentage.

Funding: The City Clerk's current base salary is \$95,000.10. Applying the 2.6% COLA results in an increase of \$2,470.00, bringing the new base salary to \$97,470.10 effective September 29, 2025. This adjustment has been reflected in the FY26 budget. Funding will be from the City Clerk operating budget.

Attachments: 1. First Addendum to City Clerk Contract Agreement

**CITY OF ST. PETE BEACH, FLORIDA
FIRST ADDENDUM TO CITY CLERK EMPLOYMENT AGREEMENT**

THIS FIRST ADDENDUM TO CITY MANAGER EMPLOYMENT AGREEMENT (the “Addendum”) is made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, FLORIDA, a Florida municipal corporation (the “City”), and the City Clerk, RENEE ROSE an individual (the “Employee”) (collectively the “Parties”), concerning that certain City of St. Pete Beach, Florida City Manager Employment Agreement, dated _____ (“Agreement”).

W I T N E S S E T H:

WHEREAS, City and Employee desire to amend the Agreement pursuant to Section 1.2 of the Agreement, which expressly authorizes the Parties to amend the Agreement by executing a written amendment signed by both Parties.

NOW, THEREFORE, in consideration of the mutual covenants and conditions contained herein, the receipt and adequacy of which is hereby acknowledged, the Parties agree as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail. For purposes of the amendments set forth in this Addendum, additions are set forth in underlined (underlined) text, and deletions are set forth in strikethrough (~~strikethrough~~) text.

2. Section 1.2 of the Agreement shall be amended as follows:

Section 1.2 The City will pay and compensate the Employee the base annual salary of \$95,000.10. The term of this Contract is for one year from the Effective Date, subject to the right of the City Commission to terminate Employee by majority vote of the City Commission. Each subsequent year for the term of this Contract, the City Commission shall complete a review of the Employee’s performance hereunder approximately sixty (60) days prior to the Renewal Term expressed in section 3.0 herein. The City Commission may grant a salary increase that it deems appropriate, following the annual review. The compensation of the City Clerk shall be fixed by the Commission and shall not be reduced during her tenure, except as a part of a general salary cutback. Employee recognizes and acknowledges that she is an employee at will, and that this Contract provides any and all remedies available to Employee in the event it is terminated. Employee’s base salary shall be increased as of September 29, 2025 to match any increase granted for cost of living adjustments (COLA) at the same COLA percentage increase as the general and management employees.

3. Effective Date. This Addendum shall become effective upon the date that this Addendum is signed by both Parties.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the days and year indicated below and the signatories below to bind the parties set forth herein.

Step Four

As the Applicant, I hereby accept and understand the responsibility to oversee all contractors, vendors, or parties affiliated with the event and to insure compliance with the special event guide, the event rules guidelines, requirements for tents and all policies, rules, regulations, and code provisions of the City of St. Pete Beach. I understand that any violations may result in immediate cancellation and revocation of the Event permits. I further certify that all the facts contained in this request are accurate.

No advertising for the event shall occur until this Special Event permit has been approved by City staff and Commission.

If any information is found to be false, incomplete or misrepresented, such fact is just cause for the immediate revocation of any permit issued. In addition, failure to correct any on-site conditions or code violation as identified by City Staff will result in revocation of the permit and/or code enforcement fines.

For events on Public property, I agree to obtain and furnish the City of St. Pete Beach with a certificate of general liability insurance in the amount of at least one million dollars (\$1,000,000) or greater as deemed satisfactory by the city. The insurance must name the City of St. Pete Beach as an additional insured.

I understand incomplete application or any outstanding financial obligations with any department within the City of St. Pete Beach may result in a denial of my request.

Step Five

CITY OF ST. PETE BEACH
HOLD HARMLESS AGREEMENT AND RELEASE
FOR SPECIAL EVENT AND STREET CLOSURE PERMITS

This is an Agreement (the "Agreement") entered into by and between the CITY OF ST. PETE BEACH (hereinafter "CITY") and Michael & Sarah Wheaton (hereinafter "Permit Holder"). The City and Permit Holder together shall be referred to as the "parties."

WHEREAS, Permit Holder desires to host Special Event or Street Closure activities as provided by the CITY; and

WHEREAS, Permit Holder desires to host said activities and acknowledges that it may be subject to risks; and

WHEREAS, Permit Holder is willing to host said activities and agrees to hold the CITY harmless.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto agree to the following:

1. The foregoing recitals are true and correct and incorporated herein by reference.
2. To the extent permitted by law, Permit Holder agrees to indemnify, hold harmless and defend the CITY, its members, officers, employees, agents, and assigns from and against all losses, claims, damages, suits, actions, demands, or liability and expense, including reasonable attorney's fees and costs of litigation through all appellate proceedings in connection with any and all claims whatsoever including but not limited to; personal injuries, property damage, including loss of use, or equitable relief, including but not limited to injunctive relief or declaratory judgment relief caused by the negligent or deliberate act or omission of Permit Holder or anyone else for who Permit Holder's acts may be liable. Permit Holder's liability hereunder shall include all attorneys' fees and costs incurred by the CITY in the enforcement of this indemnification provision. This provision includes claims made by Permit Holder, patrons of the event, and any other entity or individual participating in the event against the CITY.
3. Permit Holder hereby releases and discharges the CITY, its members, officers, employees and agents (hereinafter, collectively "Releasees" and individually "Releasee") from, and waive with respect to each Releasee, and covenants not to sue any Releasee for any and all liabilities, damages and expenses, including but not limited to attorney's fees, of any nature whatsoever arising from participation in said activities.
4. Permit Holder acknowledges that they have had a full opportunity to review this Hold Harmless Agreement and Release, have read and understand this Release, and have the opportunity for this Hold Harmless Agreement and Release to be reviewed by their attorney if desired. Permit

Holder further acknowledges and represents that they, the undersigned, have full authority to execute this Hold Harmless Agreement and Release, and are bound by this Hold Harmless Agreement and Release.

5. Permit Holder freely and voluntarily assumes all risk of loss or injury arising from hosting said activities whether due to their negligence or the negligence or intentional acts of others.
6. Permit Holder agrees not to represent themselves as a CITY employee or CITY affiliate.
7. Both parties agree to comply with all federal, state, and other applicable laws. Nothing herein shall be construed as a waiver of sovereign immunity, or the limitations set forth in Section 768.28, Florida Statutes.
8. If any one or more of the provisions of this Hold Harmless Agreement and Release shall be held to be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby. The parties recognize that the Hold Harmless Agreement and Release has been the result of negotiations of both parties. This Hold Harmless Agreement and Release shall not be construed or interpreted in any way against any one party on the basis that party drafted this Hold Harmless Agreement and Release.
9. This Hold Harmless Agreement and Release and any extensions, amendments, or attachments related hereto are public records subject to Chapter 119, Florida Statutes.
10. This Agreement may be executed and delivered in any number of counterparts, each of which so executed and delivered shall be deemed to be an original and all of which shall constitute one in the same instrument.

IN WITNESS WHEREOF, the parties have executed this Agreement on the day and year set forth below.

EVANSTON INSURANCE COMPANY

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – DESIGNATED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:
COMMERCIAL GENERAL LIABILITY COVERAGE FORM

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):

City of St Pete Beach
155 Corey Ave
St Pete Beach FL 33706

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule of this endorsement, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by the acts or omissions of any insured listed under Paragraph **1.** or **2.** of Section II – Who Is An Insured:

- 1.** In the performance of your ongoing operations; or
- 2.** In connection with your premises owned by or rented to you.

However:

- 1.** The insurance afforded to such additional insured only applies to the extent permitted by law; and
- 2.** If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following is added to Section III – Limits Of Insurance:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable Limits of Insurance shown in the Declarations; whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

All other terms and conditions remain unchanged.

Agenda Report

Agenda Title Name: Approve a Special Event permit with street closure for VDubs Beach Bash (Volkswagen car show) scheduled for November 15, 2025.

Action Request: Approve the Special Event permit application with street closure for VDubs Beach Bash (a Volkswagen car show) on November 15, 2025.

Strategic Objective: Community Prosperity

Date: September 22, 2025

Prepared By: Mandy Edmunds, Operations Manager

Through: Frances Robustelli, City Manager

Summary of Issue: Staff is requesting the approval of a special event permit with street closures on 9th and 10th Avenue between Pass-A-Grille Way and Gulf Way for Salty Dub's Vdubs Beach Bash car show.

The event date is Saturday, November 15, 2025. Salty Dub has provided the application, site plan, Certificate of Insurance and Hold Harmless agreement for the event. The estimated attendance at this event is 100 cars and +150 spectators. The set-up starts at 7:30am and clean up after 3pm. Alcohol will not be sold.

Permit fees will be \$350 for the event permit (non-resident event - over 249 participants anticipated), \$660 for Sheriff fees (5 hour event @ \$132/hr) and \$625 EMS fees (5 hour event @ \$125/hr).

This event is fully funded by the applicant and is not co-sponsored by the City.

Funding: This event is fully funded by the applicant and is not co-sponsored by the City.

Step Four

As the Applicant, I hereby accept and understand the responsibility to oversee all contractors, vendors, or parties affiliated with the event and to insure compliance with the special event guide, the event rules guidelines, requirements for tents and all policies, rules, regulations, and code provisions of the City of St. Pete Beach. I understand that any violations may result in immediate cancellation and revocation of the Event permits. I further certify that all the facts contained in this request are accurate.

No advertising for the event shall occur until this Special Event permit has been approved by City staff and Commission.

If any information is found to be false, incomplete or misrepresented, such fact is just cause for the immediate revocation of any permit issued. In addition, failure to correct any on-site conditions or code violation as identified by City Staff will result in revocation of the permit and/or code enforcement fines.

For events on Public property, I agree to obtain and furnish the City of St. Pete Beach with a certificate of general liability insurance in the amount of at least one million dollars (\$1,000,000) or greater as deemed satisfactory by the city. The insurance must name the City of St. Pete Beach as an additional insured.

I understand incomplete application or any outstanding financial obligations with any department within the City of St. Pete Beach may result in a denial of my request.

Step Five

Salty Dub's Vdubs Beach Bash on Pass-a-Grille Beach 2025 Site Plan

Welcome to Salty Dub's Vdubs Beach Bash on Pass-a-Grille Beach 2025, a premier Volkswagen car show at the scenic Pass-a-Grille Beach, Florida on Saturday ~~October 4~~, Nov 15 2025. The event is free to the public and will be held from 10 am to 3 pm. There will also be an associated beach clean-up at 8am. This site map ensures a well-organized and enjoyable experience for participants, vendors, and spectators while maintaining ADA accessibility and Fire Marshal compliance. The map (Exhibit A) includes the following designated areas:

- Vehicle Display Area: Space for over 100 Volkswagen vehicles, featuring classic, custom, and modern builds.
- Vendor Area: 10X10 vendor booths, positioned to encourage high foot traffic and easy access to merchandise, food, and the beach.
- Vendor Parking Area
- Sponsor Showcase: Premium sponsor area with high visibility placement.
- DJ Booth: Centrally located to provide music and announcements throughout the day, enhancing the beachside festival vibe.

This layout is designed to balance crowd flow, sponsor visibility, and vehicle display impact, all within the scenic beachfront setting of Pass-a-Grille. It ensures a memorable and well-organized experience for participants, vendors, and attendees alike.

We hold an event liability insurance policy with a minimum of \$1,000,000 per occurrence and a \$2,000,000 general aggregate for each of our events, supplied by CPH Insurance.

CITY OF ST. PETE BEACH
HOLD HARMLESS AGREEMENT AND RELEASE
FOR SPECIAL EVENT AND STREET CLOSURE PERMITS

This is an Agreement (the "Agreement") entered into by and between the CITY OF ST. PETE BEACH (hereinafter "CITY") and Sally Dub LLC (hereinafter "Permit Holder"). The City and Permit Holder together shall be referred to as the "parties."

WHEREAS, Permit Holder desires to host Special Event or Street Closure activities as provided by the CITY; and

WHEREAS, Permit Holder desires to host said activities and acknowledges that it may be subject to risks; and

WHEREAS, Permit Holder is willing to host said activities and agrees to hold the CITY harmless.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto agree to the following:

1. The foregoing recitals are true and correct and incorporated herein by reference.
2. To the extent permitted by law, Permit Holder agrees to indemnify, hold harmless and defend the CITY, its members, officers, employees, agents, and assigns from and against all losses, claims, damages, suits, actions, demands, or liability and expense, including reasonable attorney's fees and costs of litigation through all appellate proceedings in connection with any and all claims whatsoever including but not limited to; personal injuries, property damage, including loss of use, or equitable relief, including but not limited to injunctive relief or declaratory judgment relief caused by the negligent or deliberate act or omission of Permit Holder or anyone else for who Permit Holder's acts may be liable. Permit Holder's liability hereunder shall include all attorneys' fees and costs incurred by the CITY in the enforcement of this indemnification provision. This provision includes claims made by Permit Holder, patrons of the event, and any other entity or individual participating in the event against the CITY.
3. Permit Holder hereby releases and discharges the CITY, its members, officers, employees and agents (hereinafter, collectively "Releasees" and individually "Releasee") from, and waive with respect to each Releasee, and covenants not to sue any Releasee for any and all liabilities, damages and expenses, including but not limited to attorney's fees, of any nature whatsoever arising from participation in said activities.
4. Permit Holder acknowledges that they have had a full opportunity to review this Hold Harmless Agreement and Release, have read and understand this Release, and have the opportunity for this Hold Harmless Agreement and Release to be reviewed by their attorney if desired. Permit

Holder further acknowledges and represents that they, the undersigned, have full authority to execute this Hold Harmless Agreement and Release, and are bound by this Hold Harmless Agreement and Release.

5. Permit Holder freely and voluntarily assumes all risk of loss or injury arising from hosting said activities whether due to their negligence or the negligence or intentional acts of others.
6. Permit Holder agrees not to represent themselves as a CITY employee or CITY affiliate.
7. Both parties agree to comply with all federal, state, and other applicable laws. Nothing herein shall be construed as a waiver of sovereign immunity, or the limitations set forth in Section 768.28, Florida Statutes.
8. If any one or more of the provisions of this Hold Harmless Agreement and Release shall be held to be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby. The parties recognize that the Hold Harmless Agreement and Release has been the result of negotiations of both parties. This Hold Harmless Agreement and Release shall not be construed or interpreted in any way against any one party on the basis that party drafted this Hold Harmless Agreement and Release.
9. This Hold Harmless Agreement and Release and any extensions, amendments, or attachments related hereto are public records subject to Chapter 119, Florida Statutes.
10. This Agreement may be executed and delivered in any number of counterparts, each of which so executed and delivered shall be deemed to be an original and all of which shall constitute one in the same instrument.

IN WITNESS WHEREOF, the parties have executed this Agreement on the day and year set forth below.

Agenda Report

Agenda Title Name: Authorize the City Manager to execute Change Order 3 for the Master Pump Station 1 Rehabilitation Project with TLC Diversified Inc. in the amount of \$137,322.76.

Action Request: Motion to authorize the City Manager to execute Change Order 3 for the Master Pump Station 1 Rehabilitation Project with TLC Diversified Inc. in the amount of \$137,322.76.

Strategic Objective: Recovery, Resiliency & Sustainability

Date: September 22, 2025

Prepared By: Camden Mills, Public Services Director

Through: Frances Robustelli, City Manager

Summary of Issue: The City of St. Pete Beach Master Pump Station 1 Rehabilitation Project aims to rehabilitate the existing master pump station, increase its pumping capacity, and upgrade the backup generation and power service.

On January 14th, 2025, the City approved Change Order 1, which included the contractor's installation of an Automatic Transfer Switch (ATS).

On January 28th, 2025, the City approved Change Order 2, which included that the contractor also provide the ATS equipment and coordinate specifications with the manufacturer.

Change order 3 proposes additional force main piping in roadway and underground electrical improvements, material cost increases from tariffs, and storage and transport of city purchased equipment.

The proposed amount for Change Order 3 is \$137,322.76, which falls within the project's budgeted contingency.

Funding: 101-5671 Wastewater Pump Station 1
(\$1,906,574.64 available balance)

Attachments:

Agenda Report

Agenda Title Name: Authorize the City Manager to execute the Continuing Contract for Professional Design Services with Adeas-Q, LLC, for three years.

Action Request: Motion to authorize the City Manager to execute the Continuing Contract for Professional Design Services with Adeas-Q, LLC, for three years and to authorize the City Manager to execute the Contract.

Strategic Objective: Operational Excellence

Date: September 22, 2025

Prepared By: Camden Mills, Public Services Director

Through: Frances Robustelli, City Manager

Summary of Issue: The City publicly advertised a Request for Qualifications (RFQ) for Engineering and Consulting Services, and a total of 29 firms submitted proposals for evaluation on May 6, 2025. The City's RFQ evaluation committee recommended 7 firms for continuing contracts to support budgeted capital improvement projects throughout the City. Adeas-Q, LLC. was selected to provide services related to transportation.

This contract shall expire three (3) years after the effective date and may be extended for up to two (2) additional one (1) year periods.

Funding: Task orders will be issued project by project on an as-needed basis, subject to budgeted funds, within the Consultant's Competitive Negotiation Act (CCNA), established under Florida Statute 287.055.

CITY OF ST. PETE BEACH, FLORIDA
Continuing Contract for Professional Design Services

ADEAS-Q, LLC-Transportation

This is a Contract (the “Contract”) entered into by and between the City of St. Pete Beach (hereinafter "CITY") and Adeas-Q, LLC. (hereinafter "CONSULTANT"). The CITY and CONSULTANT together shall be referred to as the “Parties.”

WHEREAS, the CITY desires to retain the CONSULTANT to perform Continuing Professional Design Services- Transportation for the CITY, more fully described below in the “scope of services” section.

WHEREAS, the CITY desires to employ the CONSULTANT for the Continuing Professional Design Services- Transportation and other services upon the terms and conditions hereinafter set forth, and the CONSULTANT is desirous of performing such services upon such terms and conditions.

WHEREAS, the CONSULTANT has been selected to perform these professional services pursuant to the provisions of the “Consultants’ Competitive Negotiation Act” in Section 287.055; Florida Statutes, and all applicable CITY rules, regulations and policies.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

SECTION 1 – GENERAL.

- 1.1 The above recitals are true and correct, and incorporated as part of this Contract.
- 1.2 CONSULTANT shall be defined herein to include all principals of the firm of, including full time employees, professionals or otherwise, and all servants, agents, employees and/or subconsultants retained by the CONSULTANT to perform its obligations hereunder. Subconsultants shall be reviewed and approved by the CITY prior to Notice to Proceed with their prospective work assignments.
- 1.3 “Professional services” means those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered surveying and mapping, as defined by the laws of the state, or those performed by any architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.

- 1.4 Prior to the start of any work under this Contract, the CONSULTANT will have submitted to the CITY a detailed resume of key engineering personnel that will be involved in performing services requested by the CITY. The CITY hereby acknowledges its acceptance of such personnel to perform services under this Contract. At any time hereafter that the CONSULTANT desires to change the key personnel in an active assignment, it shall submit the qualifications of the new personnel to the CITY for prior approval. Key personnel shall include principals-in-charge, project managers and project engineers. The provisions of this Section do not apply to personnel temporarily assigned to perform service under this Contract for durations of one (1) week or less.
- 1.5 The CONSULTANT acknowledges that the CITY has retained other consultants, engineering and otherwise, and the coordination between said consultants and the CONSULTANT may be necessary from time to time for the successful completion of the Assignments. The CONSULTANT agrees to provide such coordination as necessary within the Scope of Services.
- 1.6 The CONSULTANT acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Contract.
- 1.7 The CONSULTANT will maintain an adequate and competent staff of professionally qualified persons throughout the performance of this Contract to ensure acceptable and timely completion of the Assignment.
- 1.8 Requirements for sealing all plans, reports and documents prepared by the CONSULTANT shall be governed by the laws and regulations of the State of Florida and the requirements of any regulatory agency, if required.
- 1.9 This Contract may be executed by the parties in counterpart originals with the same force and effect as if fully and simultaneously executed as a single original document. The "Effective Date" of this Contract shall be the date this Contract has been executed by all parties.

SECTION 2 – SCOPE OF SERVICES.

- 2.1 The CONSULTANT shall diligently and in a professional and timely manner perform the work included in the Scope of Services as listed generally in the Request for Qualifications (RFQ) attached and incorporated in this Contract as Exhibit A. Unless modified in writing by the parties hereto, duties of the CONSULTANT shall not be construed to exceed those services specifically set forth herein.
- 2.2 GENERAL. The CONSULTANT agrees to perform those services described in Exhibit A – RFQ, dated 3/19/2025, which is attached hereto and made a part hereof.
- 2.3 ADDITIONAL SERVICE. The CITY and the CONSULTANT agree that there may be certain additional services required to be performed by the CONSULTANT during the

performance of the Scope of Services that cannot be defined sufficiently at the time of execution of this Contract. Such services shall be authorized in writing as Task Orders and shall be undertaken only under terms of formal amendments to this Contract.

- 2.4 **TASK ORDERS.** Additional services to be provided by the CONSULTANT shall be authorized in writing as Task Orders. Task Orders to be provided shall be prepared on the form delineated as Exhibit B - which is attached hereto and made a part hereof. Each Task Order shall include: a detailed description of the work to be performed; a schedule of completion (including phases) for the work authorized; and the amount and method of compensation. Task Orders shall be dated and serially numbered annually. The Task Orders may contain additional instructions or provisions specific to the authorized work for the purpose of expanding upon certain aspects of this Contract pertinent to the work to be undertaken. Such supplemental instructions or provisions shall not be construed as a modification of this contract.
- 2.5 The CITY Manager or his/her designee may authorize Task Orders for services under this continuing contract, which are equal to or less than limits prescribed for Continuing Contracts under the provision of F.S. 287.055(g) or limits set by the CITY's rules, regulations, and policies. Professional fees under such specified Task Orders shall be based on a written proposal from the CONSULTANT as may be requested in writing by the CITY's designated representative, who shall process the proposal through the appropriate departments at the CITY. A single unitary task may not be divided into more than one task for the purpose of qualifying for authorization hereunder. Nothing in this paragraph is intended to limit any other rights, responsibilities, and duties of the parties under any other provision of this continuing contract.

SECTION 3 – CITY'S RIGHTS AND RESPONSIBILITIES.

The CITY shall provide the service described below in a timely fashion at no cost to the CONSULTANT:

- 3.1 Furnish the CONSULTANT with existing data, records, maps, plans, specifications, reports, fiscal data and other information that is available in the CITY's files, necessary or useful to the CONSULTANT for the performance of the assignment. All of the documents conveyed by the CITY shall be and remain the property of the CITY and shall be returned to the CITY upon completion of the assignment to be performed by the CONSULTANT.
- 3.2 Make CITY personnel available when required and necessary to assist the CONSULTANT. The availability and necessity of said personnel to assist the CONSULTANT shall be determined solely at the discretion of the CITY.
- 3.3 Provide access to and make provisions for the CONSULTANT to enter upon the project lands as required for the CONSULTANT within a reasonable time, to perform surveys, observations and other work as necessary to complete the assignment.

- 3.4 Examine all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and render written decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- 3.5 Transmit instructions, relevant information and provide interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- 3.6 Give prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any development that affects the scope of timing of the CONSULTANT's services or becomes aware of any defect or changes necessary in the work of the CONSULTANT.
- 3.7 Arrange for submission of necessary permits/applications to governmental bodies as prepared by the CONSULTANT.
- 3.8 Furnish approvals and permits from all governmental authorities having jurisdiction and such approvals and consents from others as may be necessary for completion of the assignment not covered under the assignment.

SECTION 4 – COMPENSATION.

- 4.1 **GENERAL.** Compensation to the CONSULTANT for services performed pursuant to this Contract shall be in accordance with the following method or compensation, as defined and indicated a the "Lump Sum Method."

The type and amount of compensation for each Task Order shall be described on the Task Order form included in "Exhibit B."

4.2 LUMP SUM METHOD

- a. Lump Sum compensation shall be the total fixed price amount payable under the Lump Sum Method (including all payroll costs, overhead costs, other direct costs, fees, subconsultants' and specialist costs), for the services to be provided in the Task Order unless there is a change in the scope of the work, or other conditions stipulated in the Task Order, and the Task Order is modified by both the CITY and CONSULTANT to reflect the change(s) by formal amendment to this Contract.
- b. Payment to the CONSULTANT for services performed under a Task Order under the Lump Sum Method shall be monthly in proportion to the percentage of work completed during the month as proposed by the CONSULTANT and accepted by the CITY.

- 4.3 **INVOICE PROCESSING.** Invoices received by the CITY will be processed for payment within thirty (30) days of receipt of invoice. CONSULTANT will be notified of questionable items contained in the invoices within fifteen (15) days of receipt by the

CITY with an explanation of the deficiencies. The CITY will make an effort to resolve all questionable items contained in the CONSULTANT's invoices within thirty (30) days of receipt of the invoices by the CITY. At the end of the thirty (30) day period, the CITY shall pay the CONSULTANT the invoice amount less any unresolved questionable items. Invoices are to be forwarded directly to the initiating CITY representative.

- 4.4 **PAYMENT IN THE EVENT OF CONTRACT TERMINATION OR SUSPENSION.** In the event that a Task Order or this Contract is terminated or canceled, or the CONSULTANT's services suspended on a Task Order or this Contract, prior to completion, payment shall be made in accordance with the provisions of this Contract.
- 4.5 **ADDITIONAL COMPENSATION FOR CHANGE IN SCOPE OF ASSIGNMENT.** If instructed to do so by CITY, the CONSULTANT shall change or revise work that has been performed, and if such work is not required as a result of error, omission or negligence of the CONSULTANT, the CONSULTANT may be entitled to additional compensation. The additional compensation shall be requested by the CONSULTANT on a revised fee quotation proposal which must be submitted to the CITY for prior approval. The additional compensation, if any, shall be agreed upon before commencement of any such additional work and shall be incorporated into the assignment by formal amendment or Task Order to this Contract.

SECTION 5 - WORK COMMENCEMENT/IMPLEMENTATION SCHEDULE/LENGTH OF CONTRACT.

- 5.1 **WORK COMMENCEMENT.** The CONSULTANT shall commence work on each authorized Task Order within ten (10) days after receipt by the CONSULTANT of a written Notice-To-Proceed from the CITY's Designated Representative. If the CONSULTANT fails to commence work within the ten (10) day period, then the CITY shall have the right to seek other firms for the Assignment, unless the delay is due to no fault of the CONSULTANT.
- 5.2 **IMPLEMENTATION SCHEDULE.** The CONSULTANT must complete its work in accordance with the time schedule specified in the applicable Task Order/Assignment. In the event the work of the CONSULTANT is delayed due to no fault of the CONSULTANT, which delays the completion of any Task Order of the Assignment, the CONSULTANT is entitled to an appropriate extension of the contract time for the specific Task Order. Additional compensation to the CONSULTANT will be negotiated to the mutual agreement of the CITY and the CONSULTANT in the event such delay causes any Task Order's costs to increase for reasons beyond the CONSULTANT's control.
- 5.3 **TERM.** This Contract shall expire three (3) years after the effective date of this Contract and may be extended for up to two (2) additional one (1) year periods, not to exceed five (5) years maximum, upon written mutual consent of the CITY and the CONSULTANT.
- 5.4 **CONTINUING CONTRACT.** In accordance with 287.055 (g), this is a "continuing contract" for professional services entered into in accordance with all procedures of this act between the CITY and the CONSULTANT, whereby the CONSULTANT shall

provide professional services to the CITY for projects in which construction or professional costs do not exceed the statutory limitations imposed. Additionally, the CONSULTANT shall provide for work of a specified nature as outlined in Exhibit A of this Contract as required by the CITY.

SECTION 6 - CITY'S "DESIGNATED" REPRESENTATIVE.

- 6.1 GENERAL. The CITY hereby designates the CITY Manager or his/her designee to represent the CITY in all matters pertaining to and arising from the work and performance of this contract. The CITY Manager or designee shall have the following responsibilities:
- a. Examination of all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and rendering, in writing, decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
 - b. Transmission of instructions, receipt of information and interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
 - c. Giving prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any defects or changes necessary in the project.
 - d. Following the CONSULTANT's preparation of any necessary applications to governmental bodies, to arrange for submission of all applications.
 - e. When appropriate, authorizing Task Orders equal to or less than limits prescribed for Continuing Contracts pursuant to the provisions of FS 287.055(g) and applicable rules, regulations, r policies of the City.

SECTION 7 - CHANGES IN SCOPE.

- 7.1 The CITY or the CONSULTANT may request changes in the Scope of Services of a Task Order. Such change(s), including any increase or decrease in the amount of the CONSULTANT's compensation for any Task Order pursuant to this Contract, which are mutually agreed upon by and between the CITY and the CONSULTANT, shall be incorporated by written formal amendment.

SECTION 8 - TERMINATION OF CONTRACT.

- 8.1 TERMINATION BY CITY FOR CAUSE. The CITY may terminate this Contract for any one or more of the following reasons:
- a. If adequate progress on any phase of the assignment is not being made by the CONSULTANT as a direct result of the CONSULTANT's failure to perform.

- b. The quality of the services performed by the CONSULTANT is not in conformance with commonly accepted design codes and standards, standards of the CITY and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Contract, and the particular services involved are considered by the CITY to be essential to the proper completion of any Assignment.
- c. The CONSULTANT or any employee or agent of the CONSULTANT is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any work that has been performed by the CONSULTANT.
- d. The CONSULTANT becomes involved in either voluntary or involuntary bankruptcy proceedings, or makes an assignment for the benefit of creditors.
- e. The CONSULTANT violates the Standards of Conduct provisions of this Contract herein.
- f. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
- g. Sub-standard or non-performance of Agreement.
- h. The City wishes to terminate at any time and for any reason, upon giving sixty (60) days prior written notice to the CONSULTANT.

8.2 TERMINATION BY CONSULTANT FOR CAUSE. The CONSULTANT may cancel this Contract for the following reasons:

- a. The CITY fails to meet its obligations and responsibilities as contained in the sections of this Contract describing the CITY's Rights and Responsibilities.
- b. The CITY fails to pay the CONSULTANT in accordance with this Contract.
- c. In the event of either of the causes described in this Contract, the CONSULTANT may send a certified letter requesting that the CITY show cause why the Contract should not be terminated. If adequate assurances are not given to the CONSULTANT within fifteen (15) days of the receipt by the CITY of said show cause notice, then the CONSULTANT may consider the CITY to be in default, and may immediately terminate this Contract.

8.3 TERMINATION BY CITY WITHOUT CAUSE. Notwithstanding any other provision of this Contract, the CITY shall have the right at any time to terminate this Contract in its entirety without cause, or terminate by specific Assignment without cause, provided that ten (10) days prior written notice is given to the CONSULTANT of the CITY's intent to terminate. In the event that a Task Order is terminated, The CITY shall identify the specific Task Order(s) being terminated and the specific Task Order(s) to be continued to completion pursuant to the provisions of this Contract. This Contract will remain in full

force and effect as to all authorized Task Orders which are to be continued to completion under this type of arrangement.

8.4 PAYMENT IN THE EVENT OF TERMINATION. In the event this Contract or any Assignment is terminated or canceled prior to final completion without cause, payment for unpaid portion of the services provided by the CONSULTANT to the date of termination and any additional services thereafter will be determined by negotiation between the CITY and the CONSULTANT. No amount shall be allowed for anticipated profit on unperformed services or other work. In the event of termination for cause, the CITY may adjust any payment to take into account any additional direct costs to be incurred by the CITY due to such default.

8.5 ACTION FOLLOWING TERMINATION

- a. Upon receipt of notice of termination, given by either party, the terminated party shall promptly discontinue all services and other work, unless the notice provides otherwise.
- b. In the case of the CITY terminating the CONSULTANT, the CONSULTANT shall within ten (10) days or any extension thereto as may be mutually agreed to, deliver or otherwise make available to the CITY all reports, drawings, plans, specifications and other data and documents that have been obtained or prepared by the CONSULTANT in performing the Services under this Contract, regardless of whether the work on such documents has been completed or is in progress and said documents shall remain the property of the CITY. Notwithstanding the foregoing, the CONSULTANT shall not be held liable for the accuracy or reliability of any partially completed work delivered in accordance with this provision.

8.6 SUSPENSION

- a. The performance of the CONSULTANT's service under any provision of this Contract may be suspended by the CITY at any time. In the event the CITY suspends the performance of the CONSULTANT's services hereunder, the CITY shall so notify the CONSULTANT in writing, such suspension becoming effective upon the date of its receipt by the CONSULTANT, and CITY shall promptly pay to the CONSULTANT all fees which have become due and payable to the CONSULTANT to the effective date of such suspension. The CITY shall thereafter have no further obligation for payment to the CONSULTANT for the suspended services unless and until the CITY notifies the CONSULTANT that the services of the CONSULTANT called for hereunder are to be resumed. Upon receipt of written notice from the CITY that the CONSULTANT's services hereunder are to be resumed, the CONSULTANT shall complete the services of the CONSULTANT called for in this Contract and the CONSULTANT shall, in that event, be entitled to payment of the remaining unpaid compensation which becomes payable to the CONSULTANT under this Contract, same to be payable at the times and in the number specified herein. In no event will the compensation

or any part thereof become due or payable to the CONSULTANT under this Contract unless and until the CONSULTANT has attained that state of work where the same would be due and payable to the CONSULTANT under the provisions of this Contract.

- b. If the aggregate time of the CITY's suspension(s) of the CONSULTANT's Services under any Task Order of this Contract exceeds sixty (60) days, then the CONSULTANT and the CITY shall, upon request of the CONSULTANT, meet to assess the services performed hereunder up to the time of such meeting, the services remaining to be performed and the total compensation paid to the CONSULTANT hereunder and, during such meeting, shall have the option of negotiating a change in compensation to be paid to the CONSULTANT for the balance of the Services to be performed hereunder. No increase in compensation to the CONSULTANT shall be allowed unless it is based upon clear and convincing evidence of an increase in the CONSULTANT's costs attributable to the aforesaid suspension(s).

SECTION 9 - CLAIMS AND DISPUTES/REMEDIES.

- 9.1 CLAIMS AND DISPUTES. Any claims, disputes and/or matters in question between the parties arising out of or relating to this Contract, including claims for extra compensation, shall be filed in writing by the aggrieved party to the other party within forty-five (45) days of its occurrence. Should such claims not be formally submitted within said forty-five (45) day period, the aggrieved party agrees not to make such claim against the other party at any time in the future. Should any claim or dispute not be mutually resolved between the parties within sixty (60) days thereafter, the aggrieved party shall then seek to resolve the matter in accordance with the "Remedies" provisions of this Contract.
- 9.2 REMEDIES. Except as provided in Section 9.1 herein, all claims, disputes and/or matters in question between the CITY and the CONSULTANT arising out of or relating to this Contract, or the breach of it will be decided by Mediation if the parties hereto mutually agree, or in a court of competent jurisdiction. Venue for any dispute or formal litigation concerning this contract shall be in the appropriate court with territorial jurisdiction over the City of St. Pete Beach, Florida. In the event of a dispute or litigation, each party to such dispute or litigation shall be solely responsible for its own attorneys' fees and costs. This contract shall not be construed for or against any party hereto, without regard to which party is wholly or partly responsible for its drafting.

SECTION 10 - INDEMNITY AND INSURANCE.

- 10.1 GENERAL. To the fullest extent permitted by Florida law, the CONSULTANT shall indemnify and hold harmless the CITY and its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONSULTANT and other persons employed or utilized by the Consultant in the performance of the contract.

10.2 INSURANCE. The CONSULTANT will possess or obtain and continuously maintain the following insurance coverage, from a company or companion authorized to do business in the State of Florida, and will provide Certificates of insurance to the CITY, evidencing such insurance, within fifteen (15) days following the CONSULTANT's receipt of Notice to Proceed on the Assignment from the CITY. The insurance coverage shall contain a provision, which requires that prior to any changes or material alterations in the coverage, except aggregate coverage, thirty (30) days prior written notice will be given to the CITY. Specific insurance requirements may include:

- a. WORKER'S COMPENSATION. The CONSULTANT must provide Worker's Compensation for all employees at the site location, and in case any work is subcontracted, will require the Subcontractor to provide Worker's Compensation for all of its employees.
- b. COMMERCIAL GENERAL LIABILITY. The CONSULTANT must provide coverage for all operations as detailed in the Scope of Services including, but not limited to, Contractual, Products and completed Operations and Personal Injury. The limits will be not less than \$2,000,000 Combined Single Limit (CSL) or its equivalent.
- c. AUTOMOBILE LIABILITY. The CONSULTANT must provide coverage for all owned and non-owned vehicles for limits of not less than \$1,000,000 CSL or its equivalent.
- d. PROFESSIONAL LIABILITY INSURANCE. Annual Professional Liability Insurance must be maintained with coverage in an amount as detailed in the City of St. Pete Beach Request for Qualifications (RFQ) titled "Engineering and Consulting Services". Said Professional Liability Insurance shall provide for all sums which the CONSULTANT shall be obligated to pay as damages for claims arising out of negligent performance by the CONSULTANT, or any person or subcontractor employed by the CONSULTANT, in conjunction with this Contract. This insurance shall also be maintained for a minimum of three (3) years after completion of the CONSULTANT's services and/or construction and acceptance of the facilities designed by the CONSULTANT under the scope of this Contract including any amendment thereto.
- e. CERTIFICATES OF INSURANCE. The CONSULTANT shall furnish all Certificates of Insurance forwarded directly to the following:

City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

with information copied to the Designated Representative identified in this Contract. The Certificates shall clearly indicate that the CONSULTANT has obtained insurance of the type, amount and classification required by these provisions.

SECTION 11 - NEGOTIATION DATA.

11.1 The CONSULTANT hereby certifies, covenants and warrants that accounting documentation and supporting data which has established compensation provided for in this Contract are accurate, complete and current as of the date of negotiation of the compensation terms contained in this Contract. It is further agreed that the CONSULTANT's compensation under this Contract may be adjusted to exclude any significant sums where the CITY determines the CONSULTANT's compensation was increased due to inaccurate or incomplete wage rates and other factual unit costs. All such price adjustments shall be made prior to the end of this Contract. Records of costs incurred under the terms of this Contract shall be maintained and made available to the CITY during the period of this Contract and for five (5) years after final payment is made.

11.2 Copies of these documents and records shall be furnished upon request to the CITY at no cost. For the purpose of this Section, the end of this Contract shall be deemed to be the date of final acceptance of the work by the CITY.

SECTION 12 - OWNER OF DOCUMENTS.

12.1 It is understood and agreed that all documents, including detailed reports, plans, original drawings, survey field notebooks and all other data other than working papers, prepared or obtained by the CONSULTANT in connection with its services hereunder, shall be delivered to, or shall become the property of the CITY prior to final payment to the CONSULTANT. The CONSULTANT shall retain reproducible copies of all Documents for its files at Direct Reimbursable Cost. All Documents including drawings prepared by the CONSULTANT pursuant to this Contract are instruments of service in respect to the services described in the Assignment. Any reuse without written verification or adaptation by the CONSULTANT for the specific purpose intended will be at CITY's sole risk and without liability or legal exposure to the CONSULTANT; and the CITY shall indemnify to the maximum extent permitted by law and hold harmless the CONSULTANT from all claims, damages, losses and expenses including attorney's and expert's fees arising out of or resulting therefrom. Any such verification or adaptation by the CONSULTANT will entitle the CONSULTANT to further compensation at rates to be agreed upon by the CITY and the CONSULTANT.

12.2 Any Documents given to or prepared or assembled by the CONSULTANT and its subcontractors under this Contract shall be kept solely as property of the CITY and shall not be made available to any individuals or organizations without the prior written approval of the CITY.

12.3 The CONSULTANT may maintain copies of all work performed under this Contract for the CITY.

12.4 The CONSULTANT shall not publish any information concerning this project without the prior written consent of the CITY.

12.5 The CONSULTANT should abide by the Florida Public Records law, more fully described in “Exhibit C.”

SECTION 13 - STANDARDS OF CONDUCT.

13.1 CONSULTANT EMPLOYEES. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this Contract and that the CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee working solely for the CONSULTANT any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award of making of this Contract.

13.2 EMPLOYMENT ELIGIBILITY. The Consultant shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security’s E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.
- b. Subcontractors (i) Consultant shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Consultant with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Consultant’s E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of one (1) year after date of termination.

- 13.3 **CONSULTANT COMPLIANCE WITH LAWS.** The CONSULTANT shall comply with all Federal, State and local laws and ordinances in effect on the date of this Contract and applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex or national origin in the performance of work under this Contract.
- 13.4 **CONFLICT OF INTEREST.** The CONSULTANT hereby certifies that no undisclosed conflict of interest exists with respect to the present Contract, including any conflicts that may be due to representation of other clients, other contractual relationships of the CONSULTANT, or any interest in property which the CONSULTANT may have. The CONSULTANT further certifies that any apparent conflict of interest that arises during the term of the Contract will be immediately disclosed in writing to the CITY. Violation of this Section will be considered as Justification for immediate termination of this Contract under the provisions of Section 8.1.
- 13.5 **REMOVAL OF EMPLOYEE.** The CITY is empowered to require the CONSULTANT to remove any employee or representative of the CONSULTANT from working on this Assignment which the CITY determines is not satisfactorily performing his assigned duties or is demonstrating improper conduct. The CITY shall notify the CONSULTANT in writing of the CITY's objections prior to the CONSULTANT's removal of any employee or representative.
- 13.6 **PUBLICATION.** The CONSULTANT shall not publish any documents or release information to the media without prior approval of the CITY.

SECTION 14 - ACCESS TO RECORDS/AUDIT.

- 14.1 **RECORDS MAINTENANCE.** The CONSULTANT shall maintain books, records, documents, time and costs accounts and other evidence directly related to its performance of services under this Contract. All time records and cost data shall be maintained in accordance with generally accepted accounting practices. The CONSULTANT shall also maintain the financial information and data necessary to determine overhead rates in accordance with the requirements of Federal and State regulatory agencies and this Contract. The CITY, or any of its duly authorized representatives, shall have access within forty-eight (48) hours to such books, records, documents and other evidence for inspection, audit and copying. Copying of CONSULTANT's books, records, documents, time records and cost accounts and other evidence shall be at the CITY's expense.
- 14.2 **ACCESS TO RECORDS.** The CONSULTANT shall maintain and allow access to the records required under this Section for a period of five (5) years after the completion of the services provided under this Contract and date of final payment for said services, or date of termination of this Contract as may have been exercised under the terms of this Contract.

SECTION 15 - CODES AND DESIGN STANDARDS.

- 15.1 All of the services to be performed by the CONSULTANT shall in the minimum be in accordance with commonly accepted design codes and standards, standards of the CITY and the requirements of any Federal and/or State regulatory agencies in effect as of the date of this Contract. The CONSULTANT shall be responsible for keeping apprised of any changing codes or requirements, which requirements must be applied to the Assignment to be performed under this Contract. Any new codes or requirements becoming effective subsequent to the effective date of this Contract that require an additional level of effort to be performed by the CONSULTANT beyond that covered under the scope of this Contract shall be subject to negotiation for an increase in scope and compensation by an amendment to this Contract.

SECTION 16 - ASSIGNABILITY

- 16.1 The CONSULTANT shall not sublet, assign or transfer any interest in this Contract, without prior written approval of the CITY, provided that claims for the money due or to become due the CONSULTANT from the CITY under this Contract may be assigned to a bank, trust company or other financial institution without such CITY approval. Notice of any such assignment or transfer shall be furnished promptly to the CITY.

SECTION 17 - CONTROLLING LAWS

- 17.1 This Contract is to be governed by the laws of the State of Florida.

SECTION 18 - FORCE MAJEURE

- 18.1 Neither party shall be considered in default in performance of its obligations hereunder to the extent that performance of such obligations, or any of them, is delayed or prevented by Force Majeure. Force Majeure shall include, but not be limited to, hostility revolution, civil commotion, strike, epidemic, fire, flood, wind, earthquake, explosion, any law, proclamation, regulation or ordinance or other act of government, or any act of God or any cause whether of the same or different nature, existing or future; provided that the cause whether or not enumerated in this Section is beyond the control and without the fault or negligence of the party seeking relief under this Section.

SECTION 19 - EXTENT OF CONTRACT

- 19.1 This Contract, together with the RFQ titled "Engineering and Consulting Services" (issued 3/19/2025), the proposal submitted 4/23/2023, and the Exhibits hereinafter identified and listed in this Section 19, incorporated herein and made a part hereof by this reference, constitute the entire Agreement between the CITY and the CONSULTANT and supersede all prior written or oral understandings in connection therewith. This Contract may only be amended, supplemented or modified by a formal Amendment or Change Order to this Contract. The Exhibits supplemental to and made a part of this Contract are as follows:

Exhibit A: Scope of Services.

Exhibit B: Task Order Form.

IN WITNESS WHEREOF, the Parties have executed this Contract on the day and year set forth below.

REQUEST FOR QUALIFICATIONS

Engineering and Consulting Services |

REQUEST FOR QUALIFICATIONS SUMMARY

The City of St. Pete Beach is accepting sealed Summary of Qualifications (SOQ) submittals from qualified firms for Engineering and Consulting Services. The City will be selecting at least five (5) firms or more for a three (3) year term with two (2) one-year contract renewal options. |

SUBMITTER INFORMATION

All Submitters must contact the City's Procurement Manager, in writing via e-mail (jtaylor@stpetebeach.org), with their intention to submit, along with their company name and contact information at least ten business days before the submittals are due. The City is not responsible for any Addendums or other supplementary information that is not received due to non-submittal of the aforementioned information. Please refer back to the city website (<http://www.stpetebeach.org/>) for additional project information as it becomes available. The City reserves the right to decide whether to provide addendums or not. The City is not required to provide any additional information.

MANDATORY PRE-SUBMITTAL MEETING

A **MANDATORY** pre-submittal meeting will be held **3/26/2025 at 11:00 AM EST** via TEAMS Video conference/Teleconference. Please contact the City's Procurement Manager (jtaylor@stpetebeach.org) for a meeting invitation and TEAMS Meeting instructions.

QUALIFICATIONS SUBMITTALS

Submittal documents must include all items listed under the Submission Instructions Section of the Request for Qualifications (RFQ).

Submissions should be made electronically either to DemandStar or Bonfire by the due date. Only electronic submissions will be accepted.

The deadline for submissions is at Time **9:00 AM EST on 4/23/2025 (Deadline)**. Any electronic qualifications not received by this deadline will not be accepted – NO EXCEPTIONS.

Clearly marked Each Submittal with the service type you are bidding on.

Electronic submissions will be publicly opened and read right after the submittal deadline.

Openings are typically opened in Commission Chambers and are open to the public to witness, if desired.

Phone - (727) 363-9279

E-mail - jtaylor@stpetebeach.org |

WRITTEN REQUESTS FOR INTERPRETATIONS/CLARIFICATIONS

No oral interpretations will be made to any firms as to the meaning of the scope of work or any other contract documents included in this RFQ. All questions pertaining to the terms and conditions or scope of work of this Request for Qualification (RFQ) must be sent in writing (e-mail is acceptable) to the City Procurement Manager and shall be received no later than **10:00 AM EST on 4/16/2025**. Responses to questions may be handled as an Addendum if the response would provide clarification to the requirements of the **RFQ**. All such Addenda shall become a part of the contract documents. The City will not be responsible for any other explanation or interpretation of the proposed **RFQ** made or given prior to the award of the contract. The City will not respond to questions received after the specified deadline. The City reserves the right to respond to any and all questions but is not required to do so.

SCOPE OF WORK

The scope of work consists of providing project specific civil engineering, architectural, mapping and other related services for the City on an as-needed basis for miscellaneous current and future projects. As this contract is issued in accordance with Florida Statutes 287.055, the Consultants' Competitive Negotiation Act, projects issued under the awarded contracts will be limited to those in accordance with limits established for a "continuing contract". The City anticipates awarding multiple contracts within the following categories:

- A. General Engineering Design Services
 - a. Roads including asphalt, concrete, shell permeable alternatives and multimodal implementation.
 - b. Bridges, components above and below the water line including rehabilitation or replacement of all components and inspections.
 - c. Asbestos, lead based paint, petroleum and other hazardous, toxic radioactive waste investigations and remediation services.
 - d. Geotechnical soil investigations.
 - e. Stormwater including all components of conveyance systems for gravity flow and force main pump systems.
 - f. Sanitary including all components of conveyance systems for gravity flow, force main flow, pump stations, lift stations, and air release. All requirements for operational control of pump and lift stations including power and electronic controls.
 - g. Electrical requirements including conventional facilities, transmission, distribution, alternative power sources and emergency power alternatives.
 - h. Vertical Building Construction and Renovation
 - i. All functional aspects
 - 1. Roofing
 - 2. Doors
 - 3. Windows
 - 4. Plumbing
 - 5. HVAC
 - 6. Flooring
 - 7. Electrical
 - 8. Communications
 - 9. Interior and exterior functionality design etc. including LEED technology implementation techniques up to and including certification.
- B. Transportation Planning and Design Services
 - a. Transportation planning for multi-modal forms of transportation (separate or integrated) including pedestrian, bicycle, scooter, skateboard, electric bicycle, motorcycle, internal combustion engine vehicles, hybrid vehicles, electric vehicles, alternative power source vehicles, service vehicles, oversized vehicles and any other means of transportation.

- b. Traffic engineering including management of multi-modal forms of transportation, traffic control, traffic counts and any form of a traffic study or traffic evaluation.
- C. Architectural Design Services
 - a. Building design
 - i. New and renovations, including facilities associated with government services such as
 - 1. City Hall
 - 2. Recreational
 - 3. Library
 - 4. Public Works
 - ii. Inclusion of public art on any type of infrastructure including buildings, walls, streets, sidewalks, parks, seawalls and any other infrastructure.
 - b. Landscaping Design
 - i. Parks
 - ii. Gardens
 - iii. Parking lots
 - iv. Right of ways
 - v. Mechanical heat reduction techniques applicable to hard infrastructure such as streets and sidewalks and soft infrastructure utilizing shade canopy concepts.
- D. Survey Services
 - a. Building
 - b. Land
 - c. Easements, rights of way
 - d. Platting research
- E. Marine Facilities
 - a. Seawalls including concrete, vinyl, sheet pile and living shoreline
 - b. Piers
 - c. Docks, floating or static
 - d. Pilings, individual or group replacement
 - e. Pilings supporting waterway signage, including signage and mountings
 - f. Beach pedestrian and vehicle access ways
 - g. Sand dune restoration, nourishment and preservation techniques including plantings
- F. Community Development and Planning Services
 - a. Plans Review
 - b. Building Inspections
 - c. Permit Review
 - d. Fire and Safety Inspectors
 - e. Workload management assistance, cost for employee support for a-d above
- G. Urban Development Planning
 - a. Comprehensive Plan Review
- H. ADA Compliance Review and Implementation Planning
 - a. Website Compliance
 - b. Physical Compliance
 - c. Review of projects for compliance
 - d. Investigating complaints and recommending corrective action.
- I. Financial Services
 - a. Grant
 - i. Acquisition
 - ii. Identification
 - iii. Writing
 - iv. Submissions
 - v. Management review
 - b. Investor Services

- c. Insurance Policy Review and recommendations, medical, dental, facility, vehicle and other applicable to City management
- d. Financial Audit Services
- e. Risk Management for insurance claims
- J. Information Technology Services
- K. Soil and Material Testing
 - a. Perform foundation excavations to perform design bearing pressure.
 - b. Perform fill density testing of backfill material compaction
 - c. Provide field inspection of reinforced Concrete structures
 - d. Provide concrete and grout material testing services to ensure compliance of materials and placement methods with the contract documents
 - e. Provide proof-rolling observations and corrective recommendations/Ground Water presence and corrective action recommendations if necessary
 - f. Soil boring for soil type identification and rock
 - g. Others related soil and material inspections, other specialty inspection services (masonry, steel reinforcement, asphaltic pavement, etc.
 - h. In-place density test
 - i. Modified proctor tests
 - j. Three (3) point LBR tests
 - k. Compressive strength tests for concrete cylinders
 - l. Environmental Testing/monitoring/ (asbestos, lead, water contamination, pollution/chemical testing, and other environmental
 - m. Other tests that may be required.
 - i. All geotechnical and Material Testing will be performed under the direct supervision of a Licensed Professional Engineer in the St. of Florida.
 - ii. All testing shall be performed in accordance with United States Bureau of Reclamation (USBR or their ASTM or AASHTO equivalent Test.
 - iii. Contractors shall provide certified personnel to perform all field and laboratory testing services. Include all safety and training and all other pertinent laboratory training.
 - iv. Contractor is responsible for vehicular transportation to and from each project site including collection and hauling of all test specimens, as required.
 - v. Contractor shall possess all computer hardware, software , printers/plotters, scanners, copiers and trained personnel to provide digital or hard copy test results including field notes, sketches, electronic data files, AutoCAD exhibits, maps certified test results, etc. ...as requested by the City.
 - vi. Other test requirements as requested by the City of St. Pete Beach.

Each Submitter must identify in its submittal which categories it wants to be considered and evaluated for. Each submitter may identify more than one category if it can provide said services.

Consulting firms will be working on an as-needed basis, and this contract does not guarantee the consultants selected a minimum number of projects. Consulting firms may also be asked to provide engineers for emergency inspections following a natural disaster. The City reserves the right to issue separate engineering contracts for specific services at the city's sole discretion.

The consulting firm shall assist the City towards solutions to engineering problems and the approach or technique to be used towards accomplishing the City's objective for each project or assignment. The engineering services may include, but not be limited to, design, surveys, reviews, construction specifications, emergency inspections, and permitting. |

MINIMUM QUALIFICATIONS

SOQs will be considered from firms normally engaged in implementing the services requested. To be eligible for award, submitters must:

1. Be licensed in the State of Florida
2. Possess a minimum of five (5) years' experience in performing similar work
3. Have completed three (3) projects in the past five (5) years of a similar size, scope and complexity (See Section III for sample projects anticipated to be issued as Task Orders under awarded contracts).

Submitters shall present their SOQ as outlined in the submission instructions section of this document. Respondents must have adequate organization, facilities, equipment and personnel to ensure prompt and efficient service to the City of St. Pete Beach. The City reserves the right, before recommending any award, to inspect the facilities and organization or to take any other action necessary to determine ability to perform in accordance with the specifications, terms, and conditions of the Contract. The City of St. Pete Beach will determine whether the evidence of the ability to perform is satisfactory and reserves the right to reject all SOQs.

SUBMISSION INSTRUCTIONS

The purpose of this section is to provide information related to the qualifications of interested firms to perform the service requested herein. Response to all subsets of this section is mandatory. Failure to provide the requested information may result in a submittal being deemed non-responsive. A non-responsive submittal will not receive further consideration. Upon submission, all submittals become the property of the City of St. Pete Beach and are subject to public records laws. All expenses, including travel expenses for interviews, incurred in the preparation of the submittal shall be borne by the submitter.

The following information shall be provided in the order detailed:

- a. **Title Page** - List the RFQ subject, the name of the firm, local address, telephone number, name of contact person, and e-mail address of contact person.
- b. **Table of Contents** – Include a clear identification of the material included in the submittal by page number.
- c. **Letter of Interest** – Limit one (1) page. Make a positive commitment to perform the required work. Also provide the name(s) of the person(s) who will be authorized to make representation for your firm, their title, telephone number, and e-mail address.
- d. **Statement of Qualifications and Profile of Firm** – Limit eight (8) pages. State the size of staff, number of registered professionals and overall experience of the assigned staff for this assignment. Include technical background, experience information, and other applicable data on proposed personnel and any proposed sub-consultants. Include an organizational chart of the project team and describe the communication processes to be used within the project team. State whether your firm is local, national or international in size. Give the location of the office from which the work is to be done.
- e. **Services Approach** – Limit five (5) pages. Include a general synopsis of the firm's approach and understanding of the work required. Include the firm's Quality Assurance Control program or policy.
- f. **References** - Limit ten (10) pages. Provide information for those projects which have been successfully completed which are similar to those required under this assignment. Please include projects recently completed within the last five (5) years. Additionally, document that the respondent has provided services for three (3) contracts to other local governments similar to this contract. References shall include:

- i. Client name, address, phone number, e-mail address.
 - ii. Description of the scope of the work.
 - iii. Month and Year the project was started and completed.
 - iv. Total cost and professional service fees paid.
 - v. Role of the firm and the responsibilities.
- g. **Insurance Requirements** – Provide proof of insurance in accordance with the insurance requirements section included in this RFQ.

Full resumes are to be attached as exhibits to the Submittal. Please provide the brief descriptions and information as stated. Additional exhibits to the submittal are acceptable, however, any attachments provided do not take the place of the written requirements as listed above. Resumes are not to exceed two (2) pages per person.

Please direct all technical inquiries concerning this RFQ in writing to the City Contact listed above. Questions must be submitted no later than ten (10) days prior to the submittal due date.

EVALUATION AND SELECTION OF CONSULTANT

A City review team will evaluate each firm's SOQ based upon the criteria stated in this RFQ and the ability to execute the services. As part of the evaluation process, the team may request a sit-down interview with prospective firms. Following the evaluation process, the City will then select the firm(s) considered most qualified. The successful firm(s) will be required to enter into a contract similar to the one included in this RFQ. The City reserves the right to negotiate modifications to any SOQ that it deems acceptable. The City reserves the right to terminate negotiations in the event it deems the progress towards a contract to be insufficient.

Submittals will be evaluated in accordance with the criteria listed below:

- Qualification of the Project Team
- Qualifications of the Sub-Consultants
- Firm's Experience Working on Public Works Projects
- Firm's Experience Working with the City of St. Pete Beach
- Quality Assurance Control Program/Policy
- Applicable Project References that reflect and demonstrate the Firm's competence in the design/engineering focuses requested by the City.
- Applicable Contract References that reflect and demonstrate the Firm's past performance on other local government contracts.
- Location of Firm
- Quality of SOQ – firm met all requirements requested under Submission of Submittals

RESERVES THE RIGHT

The City reserves the right to reject any and all submittals, or any part of any submittal, to waive any irregularities or informalities in any submittal, and to accept that submittal which is deemed to be the most qualified and in the best interest of the City. The City of St. Pete Beach reserves the right to establish additional contracts that may be similar in nature to any contract resulting for this Request for Qualifications as best serves the needs of the City.

DESIGNATED CONTACT

The awarded firm shall appoint a person to act as a primary contact with the City. This person or back-up shall be readily available during normal working hours by phone or in person and shall be knowledgeable of the terms of the RFQ and the services being requested.

INSURANCE REQUIREMENTS

Include in proof of Insurance furnished by the firm's carrier to guarantee the engineering firm is insured.

The awarded firm must file with the City of St Pete Beach certificates of insurance prior to commencement of work evidencing the City as a certificate holder as additionally insured with the following minimum coverage:

Commercial General Liability Insurance coverage, including but not limited to premises operations, products/completed operations, product liability, contractual liability, personal injury, death in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 general aggregate.

Commercial Automobile Liability Insurance for any owned, non-owned, hired or borrowed automobile in the minimum amount of \$1,000,000 combined single limit.

Worker's Compensation/Employer's Liability Insurance as required by Florida Law for all applicable employees, agent, representatives and subcontractors, if any.

Professional Liability Insurance the Consultant will carry professional liability Errors and Omissions Insurance during the terms of this Agreement which will cover liability for any damage or non- performance on account of any error, omission, or other provable negligence caused by the Consultant in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 general aggregate

INDEMNIFICATION

The Respondent shall hold harmless the City, its officers and employees, from liabilities, damages, losses and costs, including but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Respondent and any persons employed or utilized by the Respondent in the performance of the Contract.

ASSURANCES

The responding firm shall provide a statement of assurance that the firm is not presently in violations of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida and ordinances and regulations of the City of St. Pete Beach will apply.

LOCAL, STATE AND FEDERAL COMPLIANCE REQUIREMENTS

The Consultant shall comply with all local, state, and federal directives, orders and laws as applicable to the Contract.

Compliance with Fla. Stat. 448.095:

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Consultant must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp>, to verify the employment eligibility of all employees hired on or after January 1, 2021 during the term of this Agreement.
- b. Subconsultants:
 - i. Consultant shall also require all subconsultants performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement.
 - ii. Subconsultants shall provide Consultant with an affidavit stating the subconsultant does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095

- iii. Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat.448.05 by January 1, 2021. Evidence may consist of, but is not limited to, providing notice of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs (if necessary). Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of 1 year after date of termination.

PROJECT RECORDS

The awarded firm shall maintain auditable records concerning the procurement to account for all receipts and expenditures, and to document compliance with the Contract. These records shall be kept in accordance with generally accepted accounting methods, and the City of St. Pete Beach reserves the right to determine the record-keeping method in the event of non-conformity. These records shall be maintained for three (3) years after final payment has been made and shall be readily available to City personnel with reasonable notice, and to other persons in accordance with the Florida Public Disclosure Statutes.

Upon completion of the project, all reports, studies, recommendations, forms, and other project specific information will need to be submitted in paper and in an electronic file format (PDF) on USB storage device or web-based archive.

DEVIATIONS FROM SPECIFICATIONS

Respondents shall clearly indicate, as applicable, all areas in which the items/services proposed do not fully comply with the requirements of this RFQ. The decision as to whether an item fully complies with the stated requirements rests solely with the City.

NO COLLUSION

By offering a submission to this Request for Qualifications, the responder certifies that no attempt has been made or will be made by the responder to induce any other person or firm to submit or not to submit a submission for the purpose of restricting competition. The only person(s) or principals(s) interested in this submission are named therein and that no person other than those therein mentioned has/have any interest in this submission or in agreement to be entered. Any prospective firm should make an affirmative statement in its proposals to the effect that, to its knowledge, its retention would not result in a conflict of interest with any party.

BACKGROUND CHECKS

The Code of Ordinances may require a Consultant or sub-consultant who performs work in or on City property to provide a criminal background check for any employee of the company who will do the work in or on city property. Criminal background checks shall mean a level (1) one background check as defined by F.S. § 435.03. The Consultant shall, at its expense, obtain a criminal background check for each of its employees having access to City property prior to beginning the work, and depending on the contract's term, on an annual basis thereafter. The Consultant must ensure a similar background check has been done of its subconsultants' employees who will have access to City property.

The Consultant shall be required to submit an affidavit on the form provided certifying that background checks

shall be completed for all employees who will perform work on city property. The Consultant shall conduct the background checks prior to any work being performed. Consultant shall maintain such records during the contract period and for one year thereafter and shall make such records available for inspection and verification by City.

If such a check reveals a conviction or a plea of nolo contendere, regardless of when the plea or conviction occurred, which includes a felony or misdemeanor involving terrorist behavior, violence, use of a dangerous weapon, crimes of moral turpitude or breach of trust/fiduciary responsibility or which raises concerns about building, system, or personal security or is otherwise a job-related crime, the awarded Proposer shall not assign the individual to any City property. If such a check reveals any of the foregoing after access has already been granted, any access privileges already granted shall be immediately revoked and shall not be reinstated without the City's express written authorization. In the event that the Proposer intends to hire new personnel to perform the required services, the background checks should be initiated at the time of the hire.

The City reserves the right to approve or disapprove whether the Consultant's employees perform the services for the City. Disapproval would apply solely to this contract and shall have no bearing on the Proposer's employment of an individual outside of this contract.

CONE OF SILENCE

During the course of a competitive solicitation, a Cone of Silence shall apply as follows:

A Cone of Silence shall be in effect during a Competitive Solicitation beginning upon the advertisement for requests for proposals, requests for qualifications and competitive bids. The Cone of Silence shall terminate at the time the City Commission makes final award of a bid or gives final approval of a contract or contract amendment, rejects all bids or responses to the Competitive Solicitation, or takes other action which ends the Competitive Solicitation. The Cone of Silence shall continue through the negotiation phase for requests for proposals and requests for qualifications and shall not end until the Commission gives final approval of the contract.

Any person or entity that seeks a contract, contract amendment, award, recommendation, or approval related to a Competitive Solicitation or that is subject to being evaluated or having its response evaluated in connection with a Competitive Solicitation, including a person or entity's representative shall not have any communication with any City Commissioner, the City Manager and their respective support staff or any person or group of persons appointed or designated by the City Commission or the City Manager to evaluate, select, or make a recommendation to the City Commission or the City Manager regarding a Competitive Solicitation.

The Cone of Silence shall not apply to written or oral communications with legal counsel for the City or the Purchasing Manager for the City.

Any action in violation of this section shall be cause for disqualification of the bid or the proposal. The determination of a violation shall be made by the City.

PUBLIC RECORDS/CONFIDENTIAL INFORMATION

Florida law provides that municipal records shall at all times be open for personal inspection by any person, unless otherwise exempt. Information and materials received by the City in connection with a Proposer's response shall be deemed to be public records subject to public inspection. However, certain exemptions to the public records law are statutorily provided for in Section 119.07, Florida Statutes. Florida Statutes provide an exemption from public records law for sealed bids, proposals, or replies received by an agency pursuant to a competitive solicitation until such time as the agency provides notice of an intended decision or until 30 days after opening the bids, proposals, or final replies, whichever is earlier.

If the Proposer believes any of the information contained in the response is exempt from the Public Records Law,

then the Proposer must in the response specifically identify the material which is deemed to be exempt and cite the legal authority for the exemption, otherwise, the City will treat all materials received as public records.

PUBLIC ENTITY CRIMES INFORMATION STATEMENT

A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a Proposer, supplier, sub-consultant, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for category two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

CONFLICT OF INTEREST

The Proposer acknowledges and confirms that they presently have no interest and shall not acquire any interest, directly or indirectly, which would conflict in any manner or degree with the performance of the services hereunder. The Proposer further covenants that no person having any such known interest shall be employed or conveyed an interest, directly or indirectly, in the contract.

No contract will be awarded to a Proposer who has City elected officials, officers or employees affiliated with it, unless the Proposer has fully complied with current Florida Statutes and City Ordinances relating to this issue. Proposers must disclose any such affiliation. Failure to disclose any such affiliation will result in disqualification of the Proposer and removal of the Proposer from the City's Proposer's List and prohibit the proposer from engaging in any business with the City.

TERMINATION

The resulting contract may be canceled by the City when:

- Sufficient funds are not available to continue its full and faithful performance of the contract.
- Sub-standard or non-performance of contract.
- The City wishes to terminate at any time and for any reason, upon giving thirty (30) days prior written notice to the Consultant.

FISCAL NON-FUNDING

If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Contract immediately upon written notice to the Consultant.

SUBMITTAL WITHDRAWAL

After submittals are opened, corrections or modifications to submittals are not permitted, but a respondent may be permitted to withdraw an erroneous submittal prior to the award by the City Commission, if the following is established:

- a. The respondent acted in good faith in submitting the submittal;
- b. In preparing the submittal there was an error of such magnitude that enforcement of the submittal would result in severe hardship upon the respondent;

- c. The error was not the result of gross negligence or willful inattention on the part of the respondent;
- d. The error was discovered and communicated to the City within twenty-four (24) hours of submittal opening, along with a request for permission to withdraw the submittal; and
- e. The respondent submits documentation and an explanation of how the error was made.

TAXES, FEES, CODES, LICENSING

The Consultant shall be responsible for payment of all required permits, licenses, taxes, or fees associated with the project. The Consultant shall also be responsible for compliance with all applicable codes, laws, and regulations.

CONTRACT MODIFICATIONS

The Continuing Contract for Professional Design Services by which the selected contractors will be bound by is attached. Any requested changes must be negotiated and completed during the solicitation process via addendums. No changes to the contract will be made after the submittal deadline.

III. SERVICE TYPES

Some of the Services required of the Consultant within the technical areas identified above include, but are not limited to, the following:

- Prepare feasibility and conceptual planning documents.
- Provide research, attendance at meetings, and preparation of presentation materials, reports and correspondence.
- Prepare and/or assist with the preparation of grant applications and attendance at meetings with grant officials.
- Assist in the review and development of ordinances.
- Provide public education/notification assistance.
- Prepare engineering designs, calculations, plans and specifications, contract bid documents, and cost estimates.
- Prepare base maps, preliminary layouts, estimates of probable costs, engineering analysis and alternatives as requested.
- Submit construction documents as needed to the City and other agencies having an interest or jurisdiction over the project.
- Prepare short-term and long-term planning documents, master plans, or provide input to the City's master plans, capital improvement program, and maintenance needs.
- Participate in construction administration as required by the City.
- Prepare formal or informal feasibility studies as necessary to assist the City in responding to capital improvement needs.
- Analysis of existing infrastructure and available capacity to serve proposed capital improvement projects.
- Prepare legal descriptions, exhibits, and surveys.
- Provide expert witness testimony.
- Prepare appropriate permitting documents and obtain and/or assist the City in obtaining permits from applicable agencies.
- Represent the City with regulatory agencies.
- Prepare periodic project status reports.
- Prepare and furnish bidding documents and assist the City in the preparation of other related documents.
- Attend bid openings, prepare bid tabulation sheets, and assist the City in the evaluation of bids or proposals.
- Issue addenda as appropriate to clarify, correct, or change the bidding documents.
- Participate in pre-construction conference as requested by the City.
- Review and determine acceptability of construction submittals, including shop drawings, progress schedule, schedule of values, etc.
- Review and provide recommendations to request for information, request for changes, and claims to the City arising during construction activities.
- Make periodic construction site visits for the purpose of determining general compliance with the approved drawings, plans, and specifications as requested by the City.
- Review as-built drawings provided by the construction contractor and provide written comments to the City.
- Provide services related to construction administration and inspections, and/or specialty inspection.
- Provide project management services and act as an extension of the City's staff for the design, bidding, and construction management of municipal projects as requested by the City.

IV. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES
THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER
OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: _____
(Print individual's name and title)

for: _____
(Print name of entity submitting sworn statement)

at: _____
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in Section 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid, proposal, reply, or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Section 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in Section 287.133 (1)(a), Fla. Stat., means:
- a. A predecessor or successor of a person convicted of a public entity crime or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☐ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLA. STAT., FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

VI. Sample Agreement

Behind this page

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

Title of Agreement

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and (Vendor Name Here). (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Standard Form Addendum. The attached Standard Form Addendum, which contains all the Florida Statutorily required provisions applicable to this Agreement, is attached hereto as Exhibit "A" and its provisions modify and supplement this Agreement.
3. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:
 - a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit "B") in the amount of \$().
 - b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
 - c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the exception of changes caused by inclement weather.

- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.
 - e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.

8. Warranties.
- a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective.
 - b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 12 months of the agreement.
10. Term. This Agreement will remain in effect for a period of (3) three years with (2) two, (1) one year extensions from the Effective Date.]
11. Effective date. The “Effective Date” of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
- a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in accordance with the payment schedule provided in the attached proposal, City shall pay

Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.

16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additionally named insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, such sum being specifically found by Contractor to be sufficient consideration for this indemnification, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages compensation or benefits payable by or for the Contractor or any subcontractor under Workers'

Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved, and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity."

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor's funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified public accountant selected by the City. The Contractor must allow the City to inspect, examine

and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Standard Form Addendum (Exhibit “A”)
- b. Request for Bid (Exhibit “B”)
- c. Vendor Proposal (Exhibit C)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

As to Contractor:

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney’s fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of counterparts, each of which so executed and delivered shall be deemed to be an original and all of

which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the Section 15 of the Standard Form Addendum, Exhibit "A", and that the facts stated in it are true.

EXHIBIT “A”

CITY OF ST. PETE BEACH, FLORIDA
STANDARD CONTRACT ADDENDUM

THIS STANDARD CONTRACT ADDENDUM is made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth certain mandatory limitations on indemnification and liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the

nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

Amber LaRowe
City Clerk/Public Records Custodian
cityclerk@stpetebeach.org

Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance Indemnification. Contractor agrees to indemnify and hold the City harmless against any and all claims, damage awards, and causes of action arising from the contractor's failure to comply with the public records disclosure requirements of Section 119.07(1), Florida Statutes, or by contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorneys' fees and costs arising therefrom. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of this section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with

Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. Contractor hereby certifies that Contractor is not listed on any of the following: (i) the Scrutinized Companies that Boycott Israel List, (ii) Scrutinized Companies with Activities in Sudan List, or (iii) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". CONTRACTOR shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

- A. None.

ADDENDUM I

CCNA-Engineering and Design RFQ

Issued 03/27/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Attendees List (on Next Page)

Mandatory Pre-Bid Meeting
RFQ: Engineering and Consulting Services
Attendees List
March 26, 2025
11:00 AM

1. Dennis Kile – Greenman Pederson (GPI)
2. Alistair Brice – Halff
3. Alberto Miron – Applied Research Associates (ARA)
4. Teresa Beckham – Team Fishel
5. Brett Warner – NorthStar Contracting Group
6. Howard Hartung – Hyatt Survey Services, Inc.
7. Russell Hyatt – Hyatt Survey Services
8. Sarah Davenport – Traffic & Mobility Consultants
9. Farrah McBride – Tierra
10. Ernie Hoch – Jones Edmunds
11. Steve Darman – Team Fishel
12. Bonni Funt – TSFGeo
13. Chris Bridges – BCC Eng
14. Rosa Villarreal – Team Fishel
15. Lia Young – NorthStar Contracting Group,
16. Kai Belew – LJA Engineering,
17. Cat Olnick – Cummins Cederberg Coastal & Marine Engineering
18. Rob Rosner – Florida Design Consultants
19. Tracey Burghy - Willdan Engineering
20. Marilyn Etheridge - Master Consulting Engineers
21. Ronald Stein - Willdan Engineering
22. Victoria Haney - MES Group
23. Matthew Ivie - Ayres Associates Inc
24. Walter Nickel - Wright-Pierce,
25. Jonathan Langston - George F. Young
26. Christopher Gamache - Stantec
27. Mim Hall - Gahagan & Bryant Associates (GBA)
28. Terri Cook - Pennoni
29. Nick Charnas – Halff
30. Justin Keller – Advanced Engineering & Design, Inc.
31. Danielle Joyce - Transpology (WBE),
32. Kyle Matheny - Kimley-Horn and Associates
33. Herbert Raybourn - RESPEC
34. Sara Hoffman - LJA Engineering
35. Allison Shaw - David Mason
36. Robin Crawford - Bayer United Engineering Consultants
37. Dana Whitaker - CivilSurv Design Group
38. Daniel Hoeflich - Volkert
39. Michelle Eguia - Colliers Engineering & Design

40. Nick Harrison - American Structurepoint,
41. Cody Stewart - Advanced Engineering & Design, Inc.
42. Tim Harley - Weston & Sampson
43. Patrick O'Connor - American Structurepoint, Inc.
44. Dikran Kalaydjian - Land & Water Engineering Science
45. Brandyn Littleton – Halff
46. Nik Gervais - Gervais Ventures
47. Quinlyn Lally - CMTA, Inc.
48. Sean Lahav - Halff,
49. Gresham Neal - Ayres Associates,
50. Jason Collins - ADEAS-Q,
51. Sarah Head - Halff
52. Karina Tijerino - BCC Engineering
53. Rafal Kadaj - Advanced Engineering & Design, Inc
54. Mayur Patel - GPI, Inc.
55. Aaron Getchell - Halff Associates, Inc.
56. Elie Araj - Applied Sciences Consulting
57. Andrea Hall - Professional Service Industries, Inc.
58. Caitlin Caserta - Tectonic Engineering
59. Greg Stevens - Colliers Engineering & Design
60. Awet Tsegay- Pennoni
61. Leslie Cleveland - Stantec Consulting Services Inc
62. Kara Rider - Goodwyn Mills Cawood
63. Soctt Stannard - Goodwyn Mills Cawood
64. Tom Burke – Stantec
65. Christian Chandler – Atkins Realis
66. Greg Stannard - Goodwyn Mills Cawood, LLC
67. Martin Steffen - Halff
68. Jason Sheridan - Pennoni Associates, Inc
69. Joseph Foster - J Foster Consulting
70. Antonio Serbia - PE, Wright-Pierce
71. Bruno Arriola - DRMP
72. Daniel Rundle - Certa Building Solutions
73. Toni Farber - Master Consulting, Inc
74. Alisa Folden - Mead & Hunt
75. Awet Tsegay - Pennoni Associates,
76. Elaina Burton - DRMP
77. Codi Barron - Applied Sciences Consulting, Inc
78. Gabe Luger PE - Certa Building Solutions
79. Gustavo Llanos - BCC Engineering, LLC
80. Luis Mendez - Certa Building Solutions
81. Scott Garth - DRMP
82. Michael Gomez - Tectonic Engineering Consultants
83. Chris Albers - Wunderlich-Malec Engineering
84. Christina Newcomb - Applied Sciences

ADDENDUM II

CCNA-Engineering and Design RFQ

Issued 03/31/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Conflicts: By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

ADDENDUM V

CCNA-Engineering and Design RFQ

Issued 04/02/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer from Pre-Bid Meeting

Questions and Answers from Pre-Bid Meeting

Will the City elaborate on item "J. Information Technology Services" so the consultants can ensure the correct experiences and staff are included in their response? **This has been taken off the RFQ per Addendum 3.**

➤ You stated in the meeting that at least 5 companies will be awarded. Is that 5 companies total or 5 companies for each discipline? **Total of 5 or more depending on the need of the City.**

➤ Do you need to be able to provide all services listed under each category? I.e. Could an MEP Engineering Design firm just submit for just Category A, Subcategory h – 4. Plumbing; 5. HVAC; 7. Electrical; 8. Communications. **We will look at this on an as needed basis in the needs of the City. If a category truly needs only one vendor, then that is what the City will strive for. In other areas, we may split a category depending on the number of bidders we have.**

➤ Is there more information regarding the evaluation and scoring? Are all the criteria of equal weight? **In most scoring situations we look at years in business, background of staff, references, previous projects etc. They are not equal scoring. Some will be worth 50% others worth 5 % for instance.**

➤ Can you tell us who were the previous RFQ winners? **The last time this was bid was in 2020. Winners were Kimely Horn, Halff, Stantec, Hyatt, George F Young, Cardno**

➤ Will SBE/DBE certifications be a factor in the grading criteria for this solicitation? **No. SBE/DBE certification will not be a factor.**

➤ If submitting for multiple services, do we need to submit a package for each service? **Can be a combined Package as long as each section is noted.**

➤ If submitting for multiple services, is the page limit for each service or the entire package? **Each Service**

➤ Is this meeting mandatory for attendance by subconsultants also, or just prime firms? **Just Prime Firms**

- Is there a forecast of anticipated upcoming projects? Projects are budgeted each year for the upcoming year starting the first of Oct. All projects are approved or disapproved by the Commission.
- Is this utilizing Florida's new Continuing Services limit of projects under \$7.5 million? Yes
- Will any other municipalities piggy-back off of this contract? All of St. Pete Beaches Contracts can be Piggyback'd onto. There is no interest at this time from any municipality to do so.
- Is design build a desired category? No. design-build projects will be competitively bid separately from the CCNA contract.
- What City staff will be on the evaluation committee? It will be the Department Directors as well as the Acting Assist. City Manager
- Since the prime consultant has the opportunity to submit on select disciplines, does the City expect that subconsultants will be utilized on his contract? That is Correct
- Any bonding requirements for design build? N/A
- Will the addendum include a list of attendees to this presubmittal meeting? YES. It will be a separate addendum. This was posted on Addendum 1

Category F. Community Development and Planning Services has a workload management assistance section. Please provide a better description of what is required for this service. This has been taken off the RFQ per Addendum 4

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM V

CCNA-Engineering and Design RFQ

Issued 04/09/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer

1. Do tabs count toward the overall page count? – **No.**
2. Can we list continuing service contracts for project experience if the overall contract is ongoing but tasks underneath it are completed? – **Yes.**
3. Please confirm if the 10 pages for references and similar projects should be used for 10 projects, or if there is a certain number of projects the City would like to see. –
There is not a certain number of projects the City would like to see. A minimum of (3) contracts to other local governments like this contract are required.

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM VII

CCNA-Engineering and Design RFQ

Issued 04/09/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer

Extension of due date on last page.

Please confirm which sections get increased page numbers based on the number of categories pursued. For example, if a firm pursues main categories A, B, C, D, are all section page limits increased to 4 times the original limit? Does this make the Letter of Interest 4 pages, Statement of Qualifications and Profile of Firm 24 pages, Services Approach 20 pages, and References 40 pages? Also, does this include the sub-categories (a, b, c, d, e, etc) or just the main categories (A, B, C, D, etc)?

Title Page = 1 page

Table of Contents = 1 page

Letter of Interest = 1 page

Statement of Qualifications and Profile of Firm = 8 pages

Services Approach = 5 pages per service category pursuing (A, B, C, D, E, F, G, H, I, J, K).

References = 10 pages

Insurance Requirements = minimum necessary

Resumes = 2 pages per person

In regard to the latest addendum 6, Q#3, below, can you provide clarification on whether you are looking for one-off project examples or continuing contracts only for the reference section? The verbiage is a bit confusing. Also, do we need to be the prime firm on our references, or can we be a subconsultant? – **One-off project examples or relevant continuing contract examples are both acceptable. If you're not the prime firm on your references, please specify that.**

.Please confirm if the 10 pages for references and similar projects should be used for 10 projects, or if there is a certain number of projects the City would like to see. –

There is not a certain number of projects the City would like to see. A minimum of (3) contracts to other local governments like this contract are required."

Would the City please consider reissuing and replacing the sample contract with one which consists of terms and conditions relevant to design professional services and compliant with Florida Statutes? The sample agreement provided in this RFP has terms and conditions that are not in compliance with Florida Statutes, including Section 17 Indemnification which is in conflict with the Indemnification provision stated in the RFQ. The sample contract terms and conditions apply to construction contractor work and are not relevant to design professional services. – **This will be updated and an amendment will be published under a separate Addendum #**

Would the City please consider removing the Addendum II conflicts requirement, issued on 03/31/2025? We believe that this provision is unreasonable to comply with for all multidisciplinary engineering firms both presently or during the term of the contract that may work with the Florida Department of Transportation, Pinellas County Utilities, Forward Pinellas, Duke Energy, Frontier, Pinellas County Transportation, and City of St. Petersburg. The Addendum #2 will be changed. It will be added in another addendum

Can the organizational chart that is required to be included in Section d. Statement of Qualifications and Profile of the Firm be included on an 11" x 17" page in order to allow extra space in which to fully highlight the strengths of our project team? – **Yes.**

It seems like category K. Soil and Material Testing is part of Category A. General Engineering Design Services via item d. Geotechnical Soil Investigations. Are these two categories one and the same? **Please disregard Category A.d. and only respond to Category K.**

Extension of Due date: This RFQ has been extended two weeks. The due date for submissions will now be May 6th at 9:00 AM EST. Opening will be held on the same day at 10:00 AM

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM VIII

CCNA-Engineering and Design RFQ

Issued 04/21/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 05/06/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Change to Addendum 2 should read as follows:

Conflicts: By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity (other than to a governmental agency, quasi-governmental agency, or utility company), on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity (other than to a governmental agency, quasi-governmental agency, or utility company), as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

ADDENDUM IX

CCNA-Engineering and Design RFQ

Issued 04/22/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 05/06/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Corrected Sample Contract

CITY OF ST. PETE BEACH, FLORIDA
Continuing Contract for Professional Design Services

[Insert consultant and/or purpose for contract]

This is a Contract (the "Contract") entered into by and between the City of St. Pete Beach (hereinafter "CITY") and [insert consultant's corporate name] (hereinafter "CONSULTANT"). The CITY and CONSULTANT together shall be referred to as the "Parties."

WHEREAS, the CITY desires to retain the CONSULTANT to perform Continuing Professional Design Services for the CITY, more fully described below in the "scope of services" section.

WHEREAS, the CITY desires to employ the CONSULTANT for the Continuing Professional Design Services and other services upon the terms and conditions hereinafter set forth, and the CONSULTANT is desirous of performing such services upon such terms and conditions.

WHEREAS, the CONSULTANT has been selected to perform these professional services pursuant to the provisions of the "Consultants' Competitive Negotiation Act" in Section 287.055; Florida Statutes, and all applicable CITY rules, regulations and policies.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

SECTION 1 – GENERAL.

- 1.1 The above recitals are true and correct, and incorporated as part of this Contract.
- 1.2 CONSULTANT shall be defined herein to include all principals of the firm of, including full time employees, professionals or otherwise, and all servants, agents, employees and/or subconsultants retained by the CONSULTANT to perform its obligations hereunder. Subconsultants shall be reviewed and approved by the CITY prior to Notice to Proceed with their prospective work assignments.
- 1.3 "Professional services" means those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered surveying and mapping, as defined by the laws of the state, or those performed by any architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.

- 1.4 Prior to the start of any work under this Contract, the CONSULTANT will have submitted to the CITY a detailed resume of key engineering personnel that will be involved in performing services requested by the CITY. The CITY hereby acknowledges its acceptance of such personnel to perform services under this Contract. At any time hereafter that the CONSULTANT desires to change the key personnel in an active assignment, it shall submit the qualifications of the new personnel to the CITY for prior approval. Key personnel shall include principals-in-charge, project managers and project engineers. The provisions of this Section do not apply to personnel temporarily assigned to perform service under this Contract for durations of one (1) week or less.
- 1.5 The CONSULTANT acknowledges that the CITY has retained other consultants, engineering and otherwise, and the coordination between said consultants and the CONSULTANT may be necessary from time to time for the successful completion of the Assignments. The CONSULTANT agrees to provide such coordination as necessary within the Scope of Services.
- 1.6 The CONSULTANT acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Contract.
- 1.7 The CONSULTANT will maintain an adequate and competent staff of professionally qualified persons throughout the performance of this Contract to ensure acceptable and timely completion of the Assignment.
- 1.8 Requirements for sealing all plans, reports and documents prepared by the CONSULTANT shall be governed by the laws and regulations of the State of Florida and the requirements of any regulatory agency, if required.
- 1.9 This Contract may be executed by the parties in counterpart originals with the same force and effect as if fully and simultaneously executed as a single original document. The "Effective Date" of this Contract shall be the date this Contract has been executed by all parties.

SECTION 2 – SCOPE OF SERVICES.

- 2.1 The CONSULTANT shall diligently and in a professional and timely manner perform the work included in the Scope of Services as listed generally in the Request for Qualifications (RFQ) attached and incorporated in this Contract as Exhibit A. Unless modified in writing by the parties hereto, duties of the CONSULTANT shall not be construed to exceed those services specifically set forth herein.
- 2.2 GENERAL. The CONSULTANT agrees to perform those services described in Exhibit A – RFQ, dated **Click or tap to enter a date.**, which is attached hereto and made a part hereof.
- 2.3 ADDITIONAL SERVICE. The CITY and the CONSULTANT agree that there may be certain additional services required to be performed by the CONSULTANT during the

performance of the Scope of Services that cannot be defined sufficiently at the time of execution of this Contract. Such services shall be authorized in writing as Task Orders and shall be undertaken only under terms of formal amendments to this Contract.

- 2.4 TASK ORDERS. Additional services to be provided by the CONSULTANT shall be authorized in writing as Task Orders. Task Orders to be provided shall be prepared on the form delineated as Exhibit B - which is attached hereto and made a part hereof. **[DON'T FORGET TO ATTACH YOUR TASK ORDER FORM AS EXHIBIT B. WE DISCUSSED THIS WITH MIKE WHO SAID YOU COULD PREPARE A STANDARD ASSIGNMENT LETTER AND THEN DELETE THIS SENTENCE]**. Each Task Order shall include: a detailed description of the work to be performed; a schedule of completion (including phases) for the work authorized; and the amount and method of compensation. Task Orders shall be dated and serially numbered annually. The Task Orders may contain additional instructions or provisions specific to the authorized work for the purpose of expanding upon certain aspects of this Contract pertinent to the work to be undertaken. Such supplemental instructions or provisions shall not be construed as a modification of this contract.
- 2.5 The CITY Manager or his/her designee may authorize Task Orders for services under this continuing contract, which are equal to or less than limits prescribed for Continuing Contracts under the provision of F.S. 287.055(g) or limits set by the CITY's rules, regulations, and policies. Professional fees under such specified Task Orders shall be based on a written proposal from the CONSULTANT as may be requested in writing by the CITY's designated representative, who shall process the proposal through the appropriate departments at the CITY. A single unitary task may not be divided into more than one task for the purpose of qualifying for authorization hereunder. Nothing in this paragraph is intended to limit any other rights, responsibilities, and duties of the parties under any other provision of this continuing contract.

SECTION 3 – CITY'S RIGHTS AND RESPONSIBILITIES.

The CITY shall provide the service described below in a timely fashion at no cost to the CONSULTANT:

- 3.1 Furnish the CONSULTANT with existing data, records, maps, plans, specifications, reports, fiscal data and other information that is available in the CITY's files, necessary or useful to the CONSULTANT for the performance of the assignment. All of the documents conveyed by the CITY shall be and remain the property of the CITY and shall be returned to the CITY upon completion of the assignment to be performed by the CONSULTANT.
- 3.2 Make CITY personnel available when required and necessary to assist the CONSULTANT. The availability and necessity of said personnel to assist the CONSULTANT shall be determined solely at the discretion of the CITY.
- 3.3 Provide access to and make provisions for the CONSULTANT to enter upon the project lands as required for the CONSULTANT within a reasonable time, to perform surveys, observations and other work as necessary to complete the assignment.

- 3.4 Examine all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and render written decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- 3.5 Transmit instructions, relevant information and provide interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- 3.6 Give prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any development that affects the scope of timing of the CONSULTANT's services or becomes aware of any defect or changes necessary in the work of the CONSULTANT.
- 3.7 Arrange for submission of necessary permits/applications to governmental bodies as prepared by the CONSULTANT.
- 3.8 Furnish approvals and permits from all governmental authorities having jurisdiction and such approvals and consents from others as may be necessary for completion of the assignment not covered under the assignment.

SECTION 4 – COMPENSATION.

- 4.1 GENERAL. Compensation to the CONSULTANT for services performed pursuant to this Contract shall be in accordance with the following method or compensation, as defined and indicated in the "Lump Sum Method."

The type and amount of compensation for each Task Order shall be described on the Task Order form included in "Exhibit 3."

4.2 LUMP SUM METHOD

- a. Lump Sum compensation shall be the total fixed price amount payable under the Lump Sum Method (including all payroll costs, overhead costs, other direct costs, fees, subconsultants' and specialist costs), for the services to be provided in the Task Order unless there is a change in the scope of the work, or other conditions stipulated in the Task Order, and the Task Order is modified by both the CITY and CONSULTANT to reflect the change(s) by formal amendment to this Contract.
- b. Payment to the CONSULTANT for services performed under a Task Order under the Lump Sum Method shall be monthly in proportion to the percentage of work completed during the month as proposed by the CONSULTANT and accepted by the CITY.

- 4.3 INVOICE PROCESSING. [YOU MAY WANT TO BE SURE FINANCE HANDLES YOUR PURCHASE ORDERS THIS WAY. PLEASE DELETE SENTENCE UPON COMPLETION OF DRAFTING.] Invoices received by the CITY will be processed for

payment within thirty (30) days of receipt of invoice. CONSULTANT will be notified of questionable items contained in the invoices within fifteen (15) days of receipt by the CITY with an explanation of the deficiencies. The CITY will make an effort to resolve all questionable items contained in the CONSULTANT's invoices within thirty (30) days of receipt of the invoices by the CITY. At the end of the thirty (30) day period, the CITY shall pay the CONSULTANT the invoice amount less any unresolved questionable items. Invoices are to be forwarded directly to the initiating CITY representative.

- 4.4 **PAYMENT IN THE EVENT OF CONTRACT TERMINATION OR SUSPENSION.** In the event that a Task Order or this Contract is terminated or canceled, or the CONSULTANT's services suspended on a Task Order or this Contract, prior to completion, payment shall be made in accordance with the provisions of this Contract.
- 4.5 **ADDITIONAL COMPENSATION FOR CHANGE IN SCOPE OF ASSIGNMENT.** If instructed to do so by CITY, the CONSULTANT shall change or revise work that has been performed, and if such work is not required as a result of error, omission or negligence of the CONSULTANT, the CONSULTANT may be entitled to additional compensation. The additional compensation shall be requested by the CONSULTANT on a revised fee quotation proposal which must be submitted to the CITY for prior approval. The additional compensation, if any, shall be agreed upon before commencement of any such additional work and shall be incorporated into the assignment by formal amendment or Task Order to this Contract.

SECTION 5 - WORK COMMENCEMENT/IMPLEMENTATION SCHEDULE/LENGTH OF CONTRACT.

- 5.1 **WORK COMMENCEMENT.** The CONSULTANT shall commence work on each authorized Task Order within ten (10) days after receipt by the CONSULTANT of a written Notice-To-Proceed from the CITY's Designated Representative. If the CONSULTANT fails to commence work within the ten (10) day period, then the CITY shall have the right to seek other firms for the Assignment, unless the delay is due to no fault of the CONSULTANT.
- 5.2 **IMPLEMENTATION SCHEDULE.** The CONSULTANT must complete its work in accordance with the time schedule specified in the applicable Task Order/Assignment. In the event the work of the CONSULTANT is delayed due to no fault of the CONSULTANT, which delays the completion of any Task Order of the Assignment, the CONSULTANT is entitled to an appropriate extension of the contract time for the specific Task Order. Additional compensation to the CONSULTANT will be negotiated to the mutual agreement of the CITY and the CONSULTANT in the event such delay causes any Task Order's costs to increase for reasons beyond the CONSULTANT's control.
- 5.3 **TERM.** This Contract shall expire three (3) years after the effective date of this Contract and may be extended for up to two (2) additional one (1) year periods, not to exceed five (5) years maximum, upon written mutual consent of the CITY and the CONSULTANT.
- 5.4 **CONTINUING CONTRACT.** In accordance with 287.055 (g), this is a "continuing contract" for professional services entered into in accordance with all procedures of this act between

the CITY and the CONSULTANT, whereby the CONSULTANT shall provide professional services to the CITY for projects in which construction or professional costs do not exceed the statutory limitations imposed. Additionally, the CONSULTANT shall provide for work of a specified nature as outlined in Exhibit A of this Contract as required by the CITY.

SECTION 6 - CITY'S "DESIGNATED" REPRESENTATIVE.

6.1 GENERAL. The CITY hereby designates the CITY Manager or his/her designee to represent the CITY in all matters pertaining to and arising from the work and performance of this contract. The CITY Manager or designee shall have the following responsibilities:

- a. Examination of all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and rendering, in writing, decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- b. Transmission of instructions, receipt of information and interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- c. Giving prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any defects or changes necessary in the project.
- d. Following the CONSULTANT's preparation of any necessary applications to governmental bodies, to arrange for submission of all applications.
- e. When appropriate, authorizing Task Orders equal to or less than limits prescribed for Continuing Contracts pursuant to the provisions of FS 287.055(g) and applicable rules, regulations, and policies of the City.

SECTION 7 - CHANGES IN SCOPE.

7.1 The CITY or the CONSULTANT may request changes in the Scope of Services of a Task Order. Such change(s), including any increase or decrease in the amount of the CONSULTANT's compensation for any Task Order pursuant to this Contract, which are mutually agreed upon by and between the CITY and the CONSULTANT, shall be incorporated by written formal amendment.

SECTION 8 - TERMINATION OF CONTRACT.

8.1 TERMINATION BY CITY FOR CAUSE. The CITY may terminate this Contract for any one or more of the following reasons:

- a. If adequate progress on any phase of the assignment is not being made by the CONSULTANT as a direct result of the CONSULTANT's failure to perform.

- b. The quality of the services performed by the CONSULTANT is not in conformance with commonly accepted design codes and standards, standards of the CITY and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Contract, and the particular services involved are considered by the CITY to be essential to the proper completion of any Assignment.
- c. The CONSULTANT or any employee or agent of the CONSULTANT is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any work that has been performed by the CONSULTANT.
- d. The CONSULTANT becomes involved in either voluntary or involuntary bankruptcy proceedings, or makes an assignment for the benefit of creditors.
- e. The CONSULTANT violates the Standards of Conduct provisions of this Contract herein.
- f. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
- g. Sub-standard or non-performance of Agreement.
- h. The City wishes to terminate at any time and for any reason, upon giving sixty (60) days prior written notice to the CONSULTANT.

8.2 TERMINATION BY CONSULTANT FOR CAUSE. The CONSULTANT may cancel this Contract for the following reasons:

- a. The CITY fails to meet its obligations and responsibilities as contained in the sections of this Contract describing the CITY's Rights and Responsibilities.
- b. The CITY fails to pay the CONSULTANT in accordance with this Contract.
- c. In the event of either of the causes described in this Contract, the CONSULTANT may send a certified letter requesting that the CITY show cause why the Contract should not be terminated. If adequate assurances are not given to the CONSULTANT within fifteen (15) days of the receipt by the CITY of said show cause notice, then the CONSULTANT may consider the CITY to be in default, and may immediately terminate this Contract.

8.3 TERMINATION BY CITY WITHOUT CAUSE. Notwithstanding any other provision of this Contract, the CITY shall have the right at any time to terminate this Contract in its entirety without cause, or terminate by specific Assignment without cause, provided that ten (10) days prior written notice is given to the CONSULTANT of the CITY's intent to terminate. In the event that a Task Order is terminated, The CITY shall identify the specific Task Order(s) being terminated and the specific Task Order(s) to be continued to completion pursuant to the provisions of this Contract. This Contract will remain in full force and effect

as to all authorized Task Orders which are to be continued to completion under this type of arrangement.

- 8.4 PAYMENT IN THE EVENT OF TERMINATION. In the event this Contract or any Assignment is terminated or canceled prior to final completion without cause, payment for unpaid portion of the services provided by the CONSULTANT to the date of termination and any additional services thereafter will be determined by negotiation between the CITY and the CONSULTANT. No amount shall be allowed for anticipated profit on unperformed services or other work. In the event of termination for cause, the CITY may adjust any payment to take into account any additional direct costs to be incurred by the CITY due to such default.

8.5 ACTION FOLLOWING TERMINATION

- a. Upon receipt of notice of termination, given by either party the terminated party shall promptly discontinue all services and other work unless the notice provides otherwise.
- b. In the case of the CITY terminating the CONSULTANT, the CONSULTANT shall within ten (10) days or any extension thereto as may be mutually agreed to, deliver or otherwise make available to the CITY all reports, drawings, plans, specifications and other data and documents that have been obtained or prepared by the CONSULTANT in performing the Services under this Contract, regardless of whether the work on such documents has been completed or is in progress and said documents shall remain the property of the CITY. Notwithstanding the foregoing, the CONSULTANT shall not be held liable for the accuracy or reliability of any partially completed work delivered in accordance with this provision.

8.6 SUSPENSION

- a. The performance of the CONSULTANT's service under any provision of this Contract may be suspended by the CITY at any time. In the event the CITY suspends the performance of the CONSULTANT's services hereunder, the CITY shall so notify the CONSULTANT in writing, such suspension becoming effective upon the date of its receipt by the CONSULTANT, and CITY shall promptly pay to the CONSULTANT all fees which have become due and payable to the CONSULTANT to the effective date of such suspension. The CITY shall thereafter have no further obligation for payment to the CONSULTANT for the suspended services unless and until the CITY notifies the CONSULTANT that the services of the CONSULTANT called for hereunder are to be resumed. Upon receipt of written notice from the CITY that the CONSULTANT's services hereunder are to be resumed, the CONSULTANT shall complete the services of the CONSULTANT called for in this Contract and the CONSULTANT shall, in that event, be entitled to payment of the remaining unpaid compensation which becomes payable to the CONSULTANT under this Contract, same to be payable at the times and in the number specified herein. In no event will the compensation or any part thereof become due or payable to the CONSULTANT

under this Contract unless and until the CONSULTANT has attained that state of work where the same would be due and payable to the CONSULTANT under the provisions of this Contract.

- b. If the aggregate time of the CITY's suspension(s) of the CONSULTANT's Services under any Task Order of this Contract exceeds sixty (60) days, then the CONSULTANT and the CITY shall, upon request of the CONSULTANT, meet to assess the services performed hereunder up to the time of such meeting, the services remaining to be performed and the total compensation paid to the CONSULTANT hereunder and, during such meeting, shall have the option of negotiating a change in compensation to be paid to the CONSULTANT for the balance of the Services to be performed hereunder. No increase in compensation to the CONSULTANT shall be allowed unless it is based upon clear and convincing evidence of an increase in the CONSULTANT's costs attributable to the aforesaid suspension(s).

SECTION 9 - CLAIMS AND DISPUTES/REMEDIES.

- 9.1 CLAIMS AND DISPUTES. Any claims, disputes and/or matters in question between the parties arising out of or relating to this Contract, including claims for extra compensation, shall be filed in writing by the aggrieved party to the other party within forty-five (45) days of its occurrence. Should such claims not be formally submitted within said forty-five (45) day period, the aggrieved party agrees not to make such claim against the other party at any time in the future. Should any claim or dispute not be mutually resolved between the parties within sixty (60) days thereafter, the aggrieved party shall then seek to resolve the matter in accordance with the "Remedies" provisions of this Contract.
- 9.2 REMEDIES. Except as provided in Section 9.1 herein, all claims, disputes and/or matters in question between the CITY and the CONSULTANT arising out of or relating to this Contract, or the breach of it will be decided by Mediation if the parties hereto mutually agree, or in a court of competent jurisdiction. Venue for any dispute or formal litigation concerning this contract shall be in the appropriate court with territorial jurisdiction over the City of St. Pete Beach, Florida. In the event of a dispute or litigation, each party to such dispute or litigation shall be solely responsible for its own attorneys' fees and costs. This contract shall not be construed for or against any party hereto, without regard to which party is wholly or partly responsible for its drafting.

SECTION 10 - INDEMNITY AND INSURANCE.

- 10.1 GENERAL. To the fullest extent permitted by Florida law, the CONSULTANT shall indemnify and hold harmless the CITY and its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONSULTANT and other persons employed or utilized by the Consultant in the performance of the contract.
- 10.2 INSURANCE. The CONSULTANT will possess or obtain and continuously maintain the following insurance coverage, from a company or companion authorized to do business in

the State of Florida, and will provide Certificates of insurance to the CITY, evidencing such insurance, within fifteen (15) days following the CONSULTANT's receipt of Notice to Proceed on the Assignment from the CITY. The insurance coverage shall contain a provision, which requires that prior to any changes or material alterations in the coverage, except aggregate coverage, thirty (30) days prior written notice will be given to the CITY. Specific insurance requirements may include:

- a. **WORKER'S COMPENSATION.** The CONSULTANT must provide Worker's Compensation for all employees at the site location, and in case any work is subcontracted, will require the Subcontractor to provide Worker's Compensation for all of its employees.
- b. **COMMERCIAL GENERAL LIABILITY.** The CONSULTANT must provide coverage for all operations as detailed in the Scope of Services including, but not limited to, Contractual, Products and completed Operations and Personal Injury. The limits will be not less than \$2,000,000 Combined Single Limit (CSL) or its equivalent.
- c. **AUTOMOBILE LIABILITY.** The CONSULTANT must provide coverage for all owned and non-owned vehicles for limits of not less than \$1,000,000 CSL or its equivalent.
- d. **PROFESSIONAL LIABILITY INSURANCE.** Annual Professional Liability Insurance must be maintained with coverage in an amount as detailed in the City of St. Pete Beach Request for Qualification (RFQ) titled "Engineering and Consulting Services". Said Professional Liability Insurance shall provide for all sums which the CONSULTANT shall be obligated to pay as damages for claims arising out of negligent performance by the CONSULTANT, or any person or subcontractor employed by the CONSULTANT, in conjunction with this Contract. This insurance shall also be maintained for a minimum of three (3) years after completion of the CONSULTANT's services and/or construction and acceptance of the facilities designed by the CONSULTANT under the scope of this Contract including any amendment thereto.
- e. **CERTIFICATES OF INSURANCE.** The CONSULTANT shall furnish all Certificates of Insurance forwarded directly to the following:

City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

with information copied to the Designated Representative identified in this Contract. The Certificates shall clearly indicate that the CONSULTANT has obtained insurance of the type, amount and classification required by these provisions.

SECTION 11 - NEGOTIATION DATA.

11.1 The CONSULTANT hereby certifies, covenants and warrants that accounting documentation and supporting data which has established compensation provided for in this Contract are accurate, complete and current as of the date of negotiation of the compensation terms contained in this Contract. It is further agreed that the CONSULTANT's compensation under this Contract may be adjusted to exclude any significant sums where the CITY determines the CONSULTANT's compensation was increased due to inaccurate or incomplete wage rates and other factual unit costs. All such price adjustments shall be made prior to the end of this Contract. Records of costs incurred under the terms of this Contract shall be maintained and made available to the CITY during the period of this Contract and for five (5) years after final payment is made.

11.2 Copies of these documents and records shall be furnished upon request to the CITY at no cost. For the purpose of this Section, the end of this Contract shall be deemed to be the date of final acceptance of the work by the CITY.

SECTION 12 - OWNER OF DOCUMENTS.

12.1 It is understood and agreed that all documents, including detailed reports, plans, original drawings, survey field notebooks and all other data other than working papers, prepared or obtained by the CONSULTANT in connection with its services hereunder, shall be delivered to, or shall become the property of the CITY prior to final payment to the CONSULTANT. The CONSULTANT shall retain reproducible copies of all Documents for its files at Direct Reimbursable Cost. All Documents including drawings prepared by the CONSULTANT pursuant to this Contract are instruments of service in respect to the services described in the Assignment. Any reuse without written verification or adaptation by the CONSULTANT for the specific purpose intended will be at CITY's sole risk and without liability or legal exposure to the CONSULTANT; and the CITY shall indemnify to the maximum extent permitted by law and hold harmless the CONSULTANT from all claims, damages, losses and expenses including attorney's and expert's fees arising out of or resulting therefrom. Any such verification or adaptation by the CONSULTANT will entitle the CONSULTANT to further compensation at rates to be agreed upon by the CITY and the CONSULTANT.

12.2 Any Documents given to or prepared or assembled by the CONSULTANT and its subcontractors under this Contract shall be kept solely as property of the CITY and shall not be made available to any individuals or organizations without the prior written approval of the CITY.

12.3 The CONSULTANT may maintain copies of all work performed under this Contract for the CITY.

12.4 The CONSULTANT shall not publish any information concerning this project without the prior written consent of the CITY.

12.5 The CONSULTANT should abide by the Florida Public Records law, more fully described in "Exhibit C."

SECTION 13 - STANDARDS OF CONDUCT.

13.1 CONSULTANT EMPLOYEES. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this Contract and that the CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee working solely for the CONSULTANT any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award of making of this Contract.

13.2 EMPLOYMENT ELIGIBILITY. The Consultant shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.
- b. Subcontractors (i) Consultant shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Consultant with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of one (1) year after date of termination.

13.3 CONSULTANT COMPLIANCE WITH LAWS. The CONSULTANT shall comply with all Federal, State and local laws and ordinances in effect on the date of this Contract and applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex or national origin in the performance of work under this Contract.

13.4 CONFLICT OF INTEREST. The CONSULTANT hereby certifies that no undisclosed conflict of interest exists with respect to the present Contract, including any conflicts that may be due to representation of other clients, other contractual relationships of the CONSULTANT, or any interest in property which the CONSULTANT may have. The CONSULTANT further certifies that any apparent conflict of interest that arises during the term of the Contract will be immediately disclosed in writing to the CITY. Violation of this Section will be considered as Justification for immediate termination of this Contract under the provisions of Section 8.1.

13.5 REMOVAL OF EMPLOYEE. The CITY is empowered to require the CONSULTANT to remove any employee or representative of the CONSULTANT from working on this Assignment which the CITY determines is not satisfactorily performing his assigned duties or is demonstrating improper conduct. The CITY shall notify the CONSULTANT in writing of the CITY's objections prior to the CONSULTANT's removal of any employee or representative.

13.6 PUBLICATION. The CONSULTANT shall not publish any documents or release information to the media without prior approval of the CITY.

SECTION 14 - ACCESS TO RECORDS/AUDIT.

14.1 RECORDS MAINTENANCE. The CONSULTANT shall maintain books, records, documents, time and costs accounts and other evidence directly related to its performance of services under this Contract. All time records and cost data shall be maintained in accordance with generally accepted accounting practices. The CONSULTANT shall also maintain the financial information and data necessary to determine overhead rates in accordance with the requirements of Federal and State regulatory agencies and this Contract. The CITY, or any of its duly authorized representatives, shall have access within forty-eight (48) hours to such books, records, documents and other evidence for inspection, audit and copying. Copying of CONSULTANT's books, records, documents, time records and cost accounts and other evidence shall be at the CITY's expense.

14.2 ACCESS TO RECORDS. The CONSULTANT shall maintain and allow access to the records required under this Section for a period of five (5) years after the completion of the services provided under this Contract and date of final payment for said services, or date of termination of this Contract as may have been exercised under the terms of this Contract.

SECTION 15 - CODES AND DESIGN STANDARDS.

15.1 All of the services to be performed by the CONSULTANT shall in the minimum be in accordance with commonly accepted design codes and standards, standards of the CITY and the requirements of any Federal and/or State regulatory agencies in effect as of the date of this Contract. The CONSULTANT shall be responsible for keeping apprised of any changing codes or requirements, which requirements must be applied to the Assignment to be performed under this Contract. Any new codes or requirements becoming effective subsequent to the effective date of this Contract that require an additional level of effort to be performed by the CONSULTANT beyond that covered under the scope of this Contract

shall be subject to negotiation for an increase in scope and compensation by an amendment to this Contract.

SECTION 16 - ASSIGNABILITY

16.1 The CONSULTANT shall not sublet, assign or transfer any interest in this Contract, without prior written approval of the CITY, provided that claims for the money due or to become due the CONSULTANT from the CITY under this Contract may be assigned to a bank, trust company or other financial institution without such CITY approval. Notice of any such assignment or transfer shall be furnished promptly to the CITY.

SECTION 17 - CONTROLLING LAWS

17.1 This Contract is to be governed by the laws of the State of Florida.

SECTION 18 - FORCE MAJEURE

18.1 Neither party shall be considered in default in performance of its obligations hereunder to the extent that performance of such obligations, or any of them, is delayed or prevented by Force Majeure. Force Majeure shall include, but not be limited to, hostility revolution, civil commotion, strike, epidemic, fire, flood, wind, earthquake, explosion, any law, proclamation, regulation or ordinance or other act of government, or any act of God or any cause whether of the same or different nature, existing or future; provided that the cause whether or not enumerated in this Section is beyond the control and without the fault or negligence of the party seeking relief under this Section.

SECTION 19 - EXTENT OF CONTRACT

19.1 This Contract, together with the RFQ titled "[insert name of RFQ]" (issued [Click or tap to enter a date.]), the proposal submitted [Click or tap to enter a date.], and the Exhibits hereinafter identified and listed in this Section 19, incorporated herein and made a part hereof by this reference, constitute the entire Agreement between the CITY and the CONSULTANT and supersede all prior written or oral understandings in connection therewith. This Contract may only be amended, supplemented or modified by a formal Amendment or Change Order to this Contract. The Exhibits supplemental to and made a part of this Contract are as follows:

- Exhibit A: Scope of Services.
- Exhibit B: Task Order Form.
- Exhibit C: Addendum

IN WITNESS WHEREOF, the Parties have executed this Contract on the day and year set forth below.

CITY OF ST. PETE BEACH, FLORIDA **STANDARD CONTRACT ADDENDUM**

THIS ADDENDUM modifies the contract for services made and entered into this _____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor” to include the following terms of this contract Addendum:

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the Contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**
City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220

155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. **Public Records Compliance.** Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of the previous section.

4. **Compliance/Consistency with Section 768.28, Fla. Stat.** Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. **Non-appropriation.** City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. **E-Verify Compliance.** By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. **Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes.** Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section

287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or

proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding,

pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Additional Terms. Notwithstanding any of other provisions to the contrary, the parties agree as follows:

A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

John Taylor
Procurement Manager
City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

RE: Summary of Qualifications
CCNA 3/2025 – Engineering and Consulting Services

Dear Mr. Taylor:

ADEAS-Q is pleased to submit this proposal bringing our expertise to achieve the City's mobility goals. Specifically, our expertise is directed at two technical areas:

- **Transportation Planning and Design Services**
- **Urban Development Planning**

We are proud to work with resilient local governments throughout the Tampa Bay region, where we call home. **ADEAS-Q** has a reputation of using technical justification to achieve public consensus. Our transformational project experience demonstrates solid project evaluations and adaptive public involvement. We have been involved with the planning, traffic analysis, design, and/or public involvement on high-profile initiatives. More importantly, **ADEAS-Q** develops realistic improvements that get implemented.

Because our staff has well-rounded experience and diversified credentials, we can provide an efficient team to keep a project task within budget. We pride ourselves on being cooperative administration partners with the City towards creating a team atmosphere. **ADEAS-Q** is also free from potential conflict-of-interest. Therefore, we can focus directly on the needs of St. Pete Beach.

To ensure a comprehensive approach, **ADEAS-Q** has assembled a team of trusted experts including the following subconsultants:

Vrana Consulting, Inc (DBE/SBE): Public involvement and education

Alex Roark Engineering (DBE): Design and production assistance

National Data & Surveying Services: Data collection and big data analysis

As President of **ADEAS-Q**, and your Project Manager, I will be the central point of contact. I can answer any question regarding contract administration, personnel, scope of services, fee negotiations, and quality assurance. **I have full corporate authority** for providing our commitment and can be reached anytime at 813-495-7382 or at jcollins@adeas-q.com.

Our expertise has been proven to solve problems, and to also save our clients' money. We welcome the opportunity to discuss how our team can support St. Pete Beach. Thank you for your time and consideration.

Sincerely,

ADEAS-Q

Jason S. Collins, Ph.D., P.E., AICP
President

D - STATEMENT OF QUALIFICATIONS AND PROFILE OF FIRM

ADEAS-Q offers independent consulting services, which include short and long-range planning, project development and design, implementation, as well as the maintenance and operations of transportation infrastructure. We started our company with the intent of using technical justification for creating consensus on transportation projects. Specifically, our experience offers the following types of solutions from projects performed for Florida clients:

Transportation Planning and Design

- Multi-modal Form Planning
- Multi-modal Capacity Analysis
- Complete Street/Intersection Design
- Signalization
- Traffic Control
- Traffic Counts
- Pedestrian Access Utilization
- Big Data Analysis
- Traffic Simulation and Modeling
- Signal Warrant Studies
- Multi-way Stop Warrant Studies
- Concurrency Impact Assessments
- Project Development & Environment (PD&E)
- Traffic Engineering
- Systems Management & Operations (TSM&O)
- Quick-Build Solutions
- Congestion and Access Management

Urban Development Planning

- Comprehensive Plan Updates
- Land Use Analysis
- Zoning Reviews
- Long-term Master Plans
- Community Engagement
- Site Analysis
- Feasibility Studies
- Design Guidelines
- Streetscapes
- Transit-Orientated Development
- GIS Mapping
- Roundabout Evaluations: Planning and Engineering
- Grant Applications
- Land-Use and Transportation Policy
- Master Plans and Neighborhood Plans
- Parking Consulting

Our staff has a 27+ year history of evaluating (and implementing) special initiatives throughout Florida and the United States. We have managed the development, feasibility and/or the public involvement on high-profile initiatives. Many of these initiatives required the endorsement of Florida DOT, the County, the MPO, and other agency coordination approvals. This experience also includes significant public outreach efforts that identify the “pros/cons” of innovative alternatives.

Our broad experiences bridge across both engineering and planning, which helps create consensus between different City departments. Our existing clients have recognized how **ADEAS-Q**

is a reliable resource for progressive new ideas. Our team provides the complete variety of experience to transform good ideas into realistic solutions.

We provide independent and unbiased technical guidance. We offer a team free of conflict from special interests or other agencies. Our approach uses a customized evaluation for each project. We are more than advocates, we provide expert witness testimony. Our expertise has proven to solve problems, and to save valuable time. Our team

provides a staff of 12 people with six registered professionals. In size we are a **LOCAL** firm.

The **ADEAS-Q** Team has access to the most up-to-date computer software/hardware available for collecting and analyzing data that helps produce planning, design, and/or operational solutions resulting in great customer service. **ADEAS-Q** has full capabilities, and our staff is proficient in the following software packages toward this project:

Facilities and Capabilities – Our team’s knowledge of various traffic engineering and planning design software packages needed for this RFQ allows for an evaluation of complex intersections, congested corridors, and each neighborhood’s identity; thus allowing us to evaluate facilities influenced by the City of St. Pete Beach’s unique thoroughfare layout and land-use patterns.

Project Team Software Capabilities		
AutoCAD	Trimble Sketch-Up	StreetLightData
ESRI ArcGIS	MicroStation	Gravity Model
FSUTMS –TBRPM	AutoTurn	TransModeler
Cube Voyager	InRoads	Microsoft Project Professional
Synchro/Sim Traffic	GuideSigns	ITE Trip Generation
VISUM/VISSIM	GeoPAK	ESRI ArcMap
Highway Capacity Software (HCS)	ARTTAB, ARTPLAN, Q/LOS	Google Earth
SIDRA	TransCAD	Microsoft Office

Office Location

ADEAS-Q is headquartered in Tampa, Florida, which is located within about 35 minutes from St. Pete Beach City Hall. We operate under Florida law and jurisdiction, with a special emphasis of wanting to continuously serve clients located within Florida.

The work for this contract will be conducted from the office located 23 miles away at:

ADEAS-Q

**201 East Kennedy Boulevard
Suite 950
Tampa, FL 33602**

ADEAS-Q operates as a corporation founded in 2010 (15 years ago) by Jason Collins, Ph.D., P.E., AICP. Dr. Collins currently serves as the President of the firm with other well-qualified professionals who understand emerging mobility trends for the 21st Century. The firm has never changed ownership, nor has experienced negative changes in the mode of conducting business such as downsizing, bankruptcy proceedings, or filings. Our proposed project team and organization has the intention of complete responsiveness within the proposal of terms, conditions, and technical aspects of this RFQ.

ADEAS-Q is pre-qualified for nine (9) different work categories by the Florida Department of Transportation. We are an approved **Small Business Enterprise (SBE)** by the State of Florida and the City of Tampa. Our collaborative network of staff is uniquely qualified to manage transportation projects throughout the entire review process, as our staff has multiple credentials. More company information is available at our website www.ADEAS-Q.com.

*Current office location in Tampa
from where work will be done.*

Team Members Permanently Assigned to Florida Project Office (including subs):

Jason Collins, Ph.D., P.E., AICP
Sarah Boynton
Blanca Garcia
Tammy Vrana, AICP
Drew Roark, P.E., CTL
Tony Alex, P.E.
David Nunez
Abdiel Mateo
John Greist

Communication Process

Our Project Manager, Jason Collins, Ph.D., P.E., AICP will be the central point of contact on all tasks for the City. He can answer any question regarding contract administration, personnel, scope of services, fee negotiations, and quality assurance. **Dr. Collins has full corporate authority** for providing our services and can be reached anytime:

Jason Collins, Ph.D., P.E., AICP
(813) 495-7382
jcollins@adeas-q.com

ADEAS-Q has developed the following implementation timeline illustrating how services will be initiated and how they will be provided:

Project Schedule and Communication Process

* The amount of time to complete tasks will vary depending upon the complexity of the assigned work order.

Proposed Personnel

Principal-in-Charge/Project Manager – **Dr. Jason S. Collins, Ph.D., P.E., AICP** is responsible for developing the company's engineering and planning activities. Dr. Collins has a 27-year history of managing special projects for local governments throughout Florida. Dr. Collins takes great pride in providing quality technical services, while also being a cooperative administrative partner to the Client. As the President of **ADEAS-Q**, Dr. Collins is responsible for directing the firm's administration, marketing, and production efforts.

Dr. Collins is nationally recognized, having written seven publications and received awards within various professional organizations. He has clear insight into urban mobility needs and provides expert witness testimony.

Dr. Collins received a B.E. degree from Vanderbilt University and a M.S. degree in Civil/Transportation Engineering from the University of South Florida. He then received a Ph.D. degree in Transportation Engineering from the University of South Florida, where he was enrolled in the Interdisciplinary Program for Economics, Engineering, and Public Administration. Dr. Collins is an active member of the American Institute of Certified Planners (AICP), the Institute of Transportation Engineers (ITE), and the National Society of Professional Engineers.

Dr. Collins specializes in consensus building for area-wide transportation projects which necessitate the interaction of multiple public agencies.

Quality Assurance – Anthony Buczek, P.E., PTOE is a professional transportation engineer specializing in multimodal urban design, traffic analysis, and safety for all modes of travel. As a city traffic engineer, he developed and constructed urban transportation solutions that prioritize people walking, bicycling, and using transit that also kept traffic moving and enhanced the streetscape. He has worked in a variety of contexts from downtown main streets to urban multilane state arterials and implementing fixed route transit. He has developed creative solutions to the challenges of integrating multimodal accommodations in high-traffic environments including signal timing solutions, roundabouts, medians, transit, and pedestrian-friendly channelization techniques. Mr. Buczek's professional focus is the development of workable solutions to support access for all users while supporting the land use vision.

Mr. Buczek participates on federal NCHRP committees focused on improving the highway design process, functional classification, flexible design standards, and pedestrian/bicycle planning.

Sarah Boynton specializes in project communications development, as well as managing the administration and data collection of projects, together with other company initiatives. As a licensed real estate agent, she also can recognize influencing trends between traffic operations, property access, development zoning, and land use planning. She has a variety of capabilities that include in-house production support with different computer software programs. She provides direction on the company website updates, and helps develop the **ADEAS-Q** company newsletter distribution.

Subconsultants

Tammy Vrana, AICP - With 37 years of experience engaging communities on behalf of Florida local governments, MPOs, and FDOT Districts, Tammy brings a wealth of expertise to planning, project development, and design phase projects. She is adept at working across disciplines and with diverse stakeholders to identify community issues, opportunities, and consensus-driven solutions. Tammy specializes in outreach, education, and participation tools and techniques to increase public awareness and involvement that informs decision making and helps build support for plans, projects, and programs.

John Greist is the Florida Area Manager for National Data & Survey (NDS). His experience includes field operation, project coordination, and scheduling/employee management. He has successfully managed large turning movement count projects, machine counts, and he has also assisted in the successful coordination and collection of specialized studies throughout Florida.

Kevin Deal is the Chief Operating Officer for National Data & Survey (NDS). He has amassed a great deal of experience in every aspect of the traffic data collection industry. His experience includes field operations, administrative operations, programs development research & development, and companywide quality control. He has successfully managed over 2,500 projects from inception to completion which have at times included customized study development as well as customized deliverables.

Drew Roark, P.E., CTL has 29 years of experience in the transportation consulting industry. He has performed and reviewed transportation impact studies for numerous Developments of Regional Impact (DRI) throughout the state of Florida. His experience also includes supervising data collection programs, coordination with local review agencies, preparing traffic signal warrant reports, modeling of future traffic volumes using the FSUTMS model, impact fee studies and preliminary roadway design.

Tony Alex, P.E. is a design engineer who specializes in the planning and final design for various roadway projects. His vast project background includes the reconstruction of multiple-lane facilities and city street improvements, as well as project development and environment (PD&E) studies. His expertise includes vertical and horizontal geometric design, quantity and cost estimation, traffic control planning, traffic calming design, natural features inventory, permit application preparation, and storm drain design.

Organizational Chart

* Denotes local Florida office.

Jason Collins, Ph.D., P.E., AICP is in charge and responsible for day-to-day communication and coordination with the City.

E - SERVICE APPROACH

The City of St. Pete Beach is searching for the most qualified team. We understand every project has unique situations requiring customized recommendations. Our synergy of services gives us an edge by dealing with transportation issues from a comprehensive approach.

As with each of our projects, our senior staff is directly involved. **ADEAS-Q** provides a “boutique” style of transportation planning and engineering services. This eliminates unnecessary overhead so that our senior staff can focus on production efforts. The benefit to our Clients is a better ability to **meet time and budget requirements**. These factors help reduce our corporate overhead and administration costs, which are cost savings carried over to the City.

Our experience helps the City of St. Pete Beach by managing this contract from concept development through traffic operations, design, and maintenance. Our customized approach to each project ensures context sensitive solutions. Our professionals thrive on **innovation**, as they are **recognized experts** in the transportation field. Our work is “truth tested” in the field with documented accuracy. **ADEAS-Q** requires a zero-learning curve. This combination of experience creates efficiencies that improve the project schedule and that reduce costs.

A key toward meeting these priorities will be collaborating between planning and engineering. Therefore, the City requires a transportation firm that not only provides technically defensible analyses and high-quality reports, but one that can also communicate well and build consensus throughout the neighborhoods. This firm then must excel in the ability to provide tangible recommendations that are constructible.

*This **combination of qualifications** is where **ADEAS-Q** is **uniquely qualified**.*

“I am glad to say that the analysis and recommendations Jason provided have been well respected by other technical reviewers from around the Country.”

Both the City of Sarasota and the Florida DOT have continued to reference this Study. Many of the recommendations are now moving forward to final design and construction.”

John Czerepak
Florida DOT Project Manager
Downtown Sarasota Mobility Study

Understanding the Work Required

Our team will support the work of both the City's Planning and new Public Services Department. Our broad range of experience will help focus upon the following priorities:

- Multi-modal mobility
- Complex data analysis
- Community engagement
- Travel demand modeling
- Capacity analysis
- Design accuracy

"ADEAS-Q provides a very robust and innovative approach towards multimodal transportation systems."

Nelson Galeano, P.E., PTP, PTOE
Division Manager
Manatee County

We support the expansion of transportation options throughout the entire City by documenting the following:

- Multimodal system components
- Preserve existing travel times and throughputs
- Guide segment and intersection designs

Future transportation options include connected vehicles, more rideshare options, expanded transit service, more bicycle infrastructure, etc. Our approach recognizes the growing integration of roadway infrastructure design, curbside management, and mobile technology architecture. We will also focus on finding locations that help the City's unique grid system.

Developing improvements that do not create additional traffic delay is a key factor toward obtaining consensus. Much additional capacity for already developed cities in the 21st Century comes by expanding multimodal options, in attempts to reduce the number of cars for short, local trips. Traffic calming by reducing free-flow speeds has also been a growing priority. Fortunately, **ADEAS-Q** has had recent success on these types of projects that require a combination of expertise between traffic engineering, public involvement, and urban design. Research will also include how other communities are engaging the public on new mobility and change. Peer cities are facing many of the same challenges already present:

- A car-centric culture
- Rigid regulations and standards
- Resistance to new uses for existing infrastructure
- Wide seasonal travel demand patterns
- High priority for protecting natural assets

Engage the Community

Our experience has witnessed that public involvement can often seem more like a competition of values rather than an opportunity for problem solving and idea sharing among community members. It's time for a new approach; one that broadens input, builds trust, improves message delivery techniques, and accelerates successful project implementations.

The key to identifying alternatives will be first to gain public acceptance that there is a problem, and that there are realistic solutions available. This will be a key first step on how to educate the public. Understanding items like context design will be helpful when reviewing alternatives within and outside of Downtown.

Our team is committed to delivering dynamic and impactful community engagement designed to foster a clear understanding of and broad support for study recommendations.

In addition, our team can coordinate public meetings with the governmental, commercial, and residential stakeholders, as well as provide innovative outreach activities and materials such as interactive webinars, 2-D and 3-D visualizations, and aerial drone video to enhance the educational component of the public engagement approach to the proposed improvements.

St. Pete Beach Future Land Use Map

Project staff conducting public event public meetings. This is a public workshop led by Dr. Jason Collins, Ph.D., P.E., AICP.

3-D visualization example on Blvd/Arts from the Sarasota Transportation Master Plan managed by ADEASQ. This project has since been approved and funded for construction.

Our end product is not just a technical report of evaluation and recommendations, but rather a collaboration of detailed analysis that documents the approval from other agencies that move initiatives into funding project development and design efforts, and ultimately construction.

The creativity on our team will help lead to fresh ideas. Keeping an “open mind” without predetermined solutions is key. Being patient and letting ideas grow during the process has been how our other clients have been successful. Special creativity is needed when the City already has a built out roadway system with constrained public right-of-way limits.

Transportation Context Classifications as Adopted by the State of Florida. ADEAS-Q will review adopted policies, such as the Comprehensive Plan, as part of our evaluations.

For each alternative, the **ADEAS-Q** team can create an evaluation matrix upon request to help identify the best alternative. The ability to identify cost estimates, constructability, funding sources, and the dis/advantages associated with each option will help identify the best alternative for the City. A sample evaluation matrix is provided below:

EVALUATION MATRIX FOR EACH ALTERNATIVE

OPTION	Cost Estimate	Time Frame to Construct	Funding Sources	Advantages	Dis-advantages	Recommendation
Type 1						
Type 2						
Type 3						
Other						

ADEAS-Q takes great pride in running a client-based practice, one that places great emphasis on project management to help promote client satisfaction in **time**, **cost**, and **quality**. In summary, each member of our proposed team has exceptional transportation planning and traffic engineering credentials:

- Our team is well qualified. Each task will be covered by a member of our team who has experience within the subject area.
- Our team has the capability to provide staff redundancy on each task. This helps ensure smooth project schedules and enhanced quality review.
- Also, our staff has a wide variety of experience, which will help ensure that the appropriate person is working on the appropriate task.
- We have the necessary resources and time to complete multiple tasks simultaneously.

Quality Assurance Control

The reputation of professional service firms' rests on the quality of service that clients receive. **ADEAS-Q** has instituted a **Quality Systems Manual** that details our pragmatic approach to project management and is designed to enhance and continually improve the quality of our services through meeting the requirements for the City of Bonita Springs.

Additionally, we have adopted the Florida Department of Transportation (FDOT) process of task implementation and review, circa 2024. Each task work item is required to have staff redundancy to perform quality assurance reviews prior to any project deliverable. Also, each project task item is to be performed and monitored by a licensed professional with prior experience to the task under consideration.

ADEAS-Q uses a systematic process of checking that the product and service being developed meets specified requirements. **ADEAS-Q** applies **Quality Assurance** to verify that requirements and goals for a service or activity will be fulfilled. It is the systematic measurement, comparison with a standard, monitoring of processes and an associated feedback loop that confers error prevention that **ADEAS-Q** uses in every project.

Together, these programs help ensure that **ADEAS-Q** is providing reliable and trustworthy services...**ON SCHEDULE AND ON BUDGET.**

"In summary, the Florida DOT has greatly benefited from working with Jason. His highly advanced technical capabilities make him a trusted resource."

He is also very well organized and efficient while focusing strongly on client services. His communication skills then provide a clear message of expectations."

Each task that I have worked on with Jason has been a success."

John Zielinski
Intermodal Systems Supervisor
Florida DOT - District 5

ADEAS-Q puts an emphasis on providing quality services toward customer referrals. Our US 41 PD&E Study Sarasota was awarded Project of the Year by the Florida Engineering Society. Our staff serves on National Cooperative Highway Research Committees and has also been published by the United States Transportation Research Board (TRB), Institute of Transportation Engineers (ITE), and the American Planning Association (APA). Our projects, and several of our sub-consultant projects, have received awards from APA, the Federal Transit Administration (FTA), and the Congress for New Urbanism (CNU). Our staff are also currently serving as Chairperson of the Tampa Downtown Partnership's *Urban Design and Transportation Committees*.

ADEAS-Q's VISSIM Microsimulation of six roundabouts approved along the Sarasota US 41 Multimodal Corridor. These recommendations and initial designs developed by **ADEAS-Q** have since been constructed and received the "Project of the Year" from the Florida Engineering Society.

"The work that was performed by ADEAS-Q was professional and constructive. ADEAS-Q was a great resource..."

Aaron Kaster, EI
Project Manager
Florida DOT – District One

F - REFERENCES

ADEAS-Q's diverse project experience includes a wide variety of clients located within seventeen (17) municipalities, four (4) Florida DOT Districts, and thirteen (13) counties, each located in Florida. **ADEAS-Q** has been providing services for eight (8) contracts to other local governments similar to this contract. **ADEAS-Q's** experience includes managing library on-call contracts for the following local government clients, all within the last five (5) years:

- City of Bonita Springs
- City of Tampa
- City of Naples
- City of Saint Petersburg
- City of Sarasota
- City of Fort Myers
- Manatee County
- Sarasota County

Information for similarly completed successful projects are provided on the following pages. We consider a satisfied and repeat clientele to be the most rewarding type of accomplishment:

"You (Jason Collins) have a masterful way of controlling what can be an emotionally charged audience, and then directing the stakeholders toward a constructive discussion using technical justification.

...and we would definitely recommend you to other potential clients."

Steven Stancel, AICP
Former Chief Planner
City of Sarasota, Florida

"Excellent firm and outstanding project manager. Exceptional from a regulatory perspective... Would absolutely hire again for future projects."

Carl Karakos, P.E.
Transportation Engineer
City of Fort Myers

"This makes a lot of sense. You (Jason Collins) bring a lot to the table."

Karen Kress, AICP
Transportation Manager
Tampa Downtown Partnership

"I find that he (Dr. Jason Collins) is extremely professional and knowledgeable in understanding the needs of the client, communicating with lay people, and providing quality technical reports and studies."

Paula Wiggins, P.E., MBA
Transportation Planning Manager
Sarasota County Government

"ADEAS-Q did a great job coordinating with multiple stakeholders...10 out of 10."

Ben Money, P.E.
Former Project Manager
City of Tampa, Florida

Miscellaneous Transportation Engineering and Planning Services – Sarasota, FL

Client: City of Sarasota
Ms. Alyssa Thomas, PE
Assistant City Engineer
1565 First Street
Sarasota, FL 34236
(941) 365-2200

"100 out of 100."

Alyssa Thomas, P.E.

Contract Term: Continuing Services
Contract Value: Task Order Contract

"Both for roadway designs and traffic studies, the work of ADEAS-Q is standing the test of time on our most important corridors."

Dan Ohrenstein, PE, LEED AP BD+C
Former Assistant City Engineer
City of Sarasota

Background:

This miscellaneous services contract includes conducting traffic impact studies, traffic circulation reviews, and mobility plan updates for the City of Sarasota. These evaluations are conducted consistent with the City's Comprehensive Plan, which correlates to an evaluation philosophy "to move people, not just vehicles" throughout the City limits. Therefore, an emphasis on multi-modal project site plan mitigation to help balance the priority of vehicles, pedestrians, bicycles, and transit improvements are anticipated. A variety of tasks are completed under this miscellaneous contract, with some of the highlighted project tasks provided on other project sheets.

Within the last eight years, **ADEAS-Q** has successfully completed 27 various task orders working continuously for the City. Company staff has had a continuous 23-year working relation with the City that has participated in the identification, development, and implementation for many of the City's long-range transportation redevelopment goals and objectives.

Tasks Include:

- Traffic Surveys and Data Collection
- Traffic Impact Analyses
- Multi-modal Site Plan Circulation Reviews
- Bicycle Route Planning
- Roundabout Feasibility Evaluations
- Design Plans
- Travel Demand Modeling
- Truck Route Study and Ordinance Update
- Capital Improvement Plan (CIP) Development
- Comprehensive Plan Review
- Geographic Information System (GIS) Mapping
- Mobility Fee Evaluations
- Capacity Analyses and 3-D Microsimulation

General Transportation Services – Saint Petersburg, FL

Client: City of Saint Petersburg
Ms. Ziba Mohammadi, P.E.
Project Manager
One Fourth Street North
St. Petersburg, FL 33701
(727) 892-5341

"Very easy to work with and reliable."

Ziba Mohammadi, P.E.
Former Project Manager
City of Saint Petersburg

Contract Term: Continuing Services

Contract Value: Task Order Contract

Background:

ADEAS-Q has served the City of Saint Petersburg as a general engineering consultant. This contract focuses on providing technical assistance for bicycle/pedestrian improvements, developments of regional impact (DRI), and traffic calming projects located within the City.

Saint Petersburg is the State of Florida's fifth largest city by population. The City is widely known for emphasizing quality and innovative transportation improvements with an extensive neighborhood traffic calming program. These improvements require guidance toward providing a balance of aesthetics and function for all modes of transportation.

Tasks Covered under this Contract Include:

- Technical evaluations and pilot studies
- Permitting and compliance with Federal, State, and City regulations
- Preparation of biddable and constructible documents
- Designs (conceptual, preliminary, detailed)
- Program development
- Construction services assistance
- Grant assistance
- Expert witness testimony
- Intermodal facility planning

"Very well put together final package."

Brejesh Prayman, P.E.
Department Manager
City of St. Petersburg

Manatee County Miscellaneous Transportation Services – Bradenton, FL

Client: Manatee County Public Works Dept
Mr. Nelson Galeano, P.E., PTP, PTOE
Transportation Systems Engineer
1022 26th Avenue East
Bradenton, FL 34208
(941) 748-4501

Contract Term: Continuing Services

Contract Value: Task Order Contract

Background:

ADEAS-Q provides ongoing transportation planning services to Manatee County as assigned. The purpose of this on-call miscellaneous services contract is to provide additional assistance that supplements County department staff capabilities. These services have ranged from reviewing transportation impact studies for proposed development and land use amendments to preparing grant applications and transportation related maps.

“ADEAS-Q provides a very robust and innovative approach towards multimodal transportation systems.”

Nelson Galeano, P.E., PTP, PTOE
Transportation Systems Engineer
Manatee County DPW –
Planning Section

Tasks Covered under this Contract Include:

- Network alternatives analyses using travel demand models
- Evaluate feasibility of planned transportation improvements
- Prepare traffic reports for capital improvement projects
- Perform multimodal quality/level of service analyses
- Produce review comment reports and draft approval letters
- Provide subject matter expert testimony
- Roadway capacity analyses and microsimulation
- Prepare maps using GIS
- Develop federal and state grant applications

Citywide Transportation Master Plan – Sarasota, FL

Client: City of Sarasota
Ms. Alvimarie Corales, AICP
Chief Transportation Planner
1565 First Street
Sarasota, FL 34236
(941) 365-2200

Contract Term: 18 Months (6/2019 – 1/2021)

Contract Value: \$400,000

“Very professional. We are very pleased with the project management.”

Colleen McGue, AICP
Former Chief Transportation Planner
City of Sarasota

Background:

ADEAS-Q managed the first ever Citywide Transportation Master Plan in the City of Sarasota. **ADEAS-Q** was selected over many well-respected and international consulting firms to work on this exciting project. Referred as “Sarasota in Motion,” this Master Plan is focused on a unique public involvement approach, and the ability to harness future technology architecture into planning for the transportation infrastructure. Other items of significance include the preservation of capacity while providing robust multimodal facilities that can accommodate large-scale redevelopment throughout the City.

ADEAS-Q is very proud to be associated with this project. More information is available at www.sarasotainmotion.com.

Activities Included:

- Public Involvement
- Traffic Operations Analyses
- Crash Analyses
- Multimodal Facility Analyses
- Travel Demand Modeling
- Transit Service Evaluation
- Alternatives Development
- Implementation Plan

Complete Street/Intersection Implementation Plan – Naples, FL

Client: City of Naples
Mr. Dan Ohrenstein, P.E., PTOE
Director – Streets & Stormwater Dept.
295 Riverside Circle
Naples, FL 34102
(239) 213-5003

Contract Term: Six Months – (1/2020 – 6/2020)

Contract Value: \$75,000 – completed within budget

Background:

ADEAS-Q worked with the recently adopted Complete Streets Policy intended to guide City improvements. This initiative evaluates complete street improvements implemented through the roadway resurfacing program for locations previously identified in the City's Capital Improvement Program. These improvements are then considered for inclusion into a previously committed maintenance project. In return, this effort helps to automatically integrate multi-modal transportation from maintenance projects and enables the community's desire for a more livable and walkable environment.

ADEAS-Q was also tasked to evaluate recent traffic volumes, survey data, crash data, aesthetics, and multi-modal access and to determine whether the existing traffic signals are still the best design alternative. Other evaluated alternatives included stop-control and roundabouts. This task included developing an evaluation matrix to help prioritize the recommended improvement for each existing span-wire location.

Activities Included:

- Crash History Evaluation
- Conduct Field Reviews
- Perform a Road Safety Audit (RSA)
- Review Traffic Analysis
- Develop Project Alternatives
- Identify Multimodal Improvements
- Public Involvement
- Report Development

"Yes, I can attest to the great work performed by ADEAS-Q. Jason and his team provide an outstanding level of professional service and are quite knowledgeable in their field. Jason is a wonderful communicator and has presented on controversial projects to our City Council with much success."

Gregg Strakaluse, P.E.
Former Director – Streets & Stormwater Dept.
City of Naples

Siesta Key Transportation Study – Sarasota County, FL

Client: Sarasota County Public Works
Mr. Kwamena Sankah, P.E., MBA
Transportation Planning Manager
1001 Sarasota Center Boulevard
Sarasota, FL 34240
(941) 861-0769

Contract Term: Four Months (3/2020 – 7/2020)

Contract Value: \$40,000

Background:

The purpose of the Siesta Key Transportation Study is to examine the feasibility of improving the transportation infrastructure, including the traffic operation and circulation to/from Siesta Key. The study documents existing issues and develops a strategy to alleviate the traffic concerns. A variety of elements including traffic patterns, destination points, multi-modal alternatives, and parking needs were being considered.

This strategy is intended to be a multi-phase approach. The objective of this Phase One is to develop a template of feasible improvements that should be considered for more detailed investment. Developing preliminary alternatives and project descriptions with an action plan and cost estimates is included.

Activities Include:

- Public Involvement
- Traffic Operations Analysis
- Climate Resistance
- Implementation Plan
- Alternatives Analysis
- Cost Estimation

"99/100....It was a pleasure working with Dr. Collins and his team at ADEAS-Q. His professionalism and depth of knowledge is incredible. Our stakeholder meetings were highly successful with his leadership."

Kwamena Sankah, P.E., MBA
Project Manager
Sarasota County, Florida

Downtown Safety Enhancements – Tampa, FL

Client: City of Tampa, Florida
Mr. Cal Hardie, P.E.
Capital Projects Manager
306 E. Jackson Street – 6th Floor
Tampa, FL 33602

Contract Term: Continuing Four Months (3/2020 –

Contract Value: \$50,000 \$40,000

“They (ADEAS-Q) provided exceptional service. We would certainly recommend them....”

Cal Hardie, P.E.
Former Capital Projects Manager
City of Tampa

Background:

The City of Tampa has a comprehensive program to address system wide traffic safety improvements through a partnership with the Florida DOT. An updated review of downtown intersections was undertaken to identify and to prioritize opportunities for installing curb extensions. A variety of factors that influence safety and comfort for people crossing streets were documented for each intersection. The 129 intersections in the study area were prioritized to identify where curb extensions are currently feasible, or are feasible with minor revisions to lane alignments. The goal to meet the State’s Complete Streets Policy through continued development was implemented via this project and included the following activities:

- Creation of custom priority evaluation
- Development of proposal materials for grant funding
- Evaluate design and construction factors
- Benefit/Cost Analysis

“Dutch Style” Roundabout Design – Tampa, FL

Client: City of Tampa
Robert Hatton, P.E.
Project Manager
306 East Jackson Street, 4E
Tampa, FL 33602
(813) 274-3280

Contract Term: 16 months (3/2022 – 7/2023)

Contract Value: \$454,000 – completed within budget

Background:

“The product they provide has gone above my expectations, they have been able to provide a lot of design adjustments in a short timeframe in order to meet deadlines and find unique solutions....”

Robert Hatton, P.E.
Project Manager
City of Tampa

Doyle Carlton Drive serves as an important north-south thoroughfare for areas next to the developing Arts and Riverwalk sections of Downtown. While there is an emphasis for improved pedestrian and multi-modal connectivity, the Laurel Street intersection at Doyle Carlton Drive has an auto-centric suburban style infrastructure and traffic control. The current infrastructure is outdated and in conflict with the objectives for this redeveloping neighborhood.

This “Dutch” Roundabout provides a high level of service to motor vehicle traffic while dramatically improving the intersection for people walking and bicycling. A dedicated cycle track and raised crosswalks are unique elements. Significant opportunities for a strong connection with the Tampa Riverwalk and better efficiency of public space are provided.

This will create an artistic gateway between two neighborhoods across the Hillsborough River. Consideration for traffic with the adjacent drawbridge was also included.

Project Activities Included:

- Complete Engineering Design
- Traffic Operations
- Cost Estimation
- Public Engagement
- Multi-modal Accommodations
- Parking Analysis
- Grant Application Assistance
- LAP Coordination
- Complex Drainage Design

Morgan Street & Whiting Street Intersection Design – Tampa, FL

Client: Mr. Brandon Campbell, P.E., PTOE
City of Tampa
Transportation and Stormwater Services
1104 E. Twiggs Street
Tampa, FL 33602
Phone: (813) 274-7932

Contract Term: Continuing Services
Contract Value: \$69,700 – Completed on Budget

Background:

ADEAS-Q provided professional engineering services for the City of Tampa to upgrade the existing traffic signal at the intersection of Morgan Street & Whiting Street. The project includes providing sidewalk and crosswalk improvements necessary to accommodate Americans with Disabilities Act (ADA) criteria at the intersection. Due to limited right-of-way the number of traffic signal mast arm poles was reduced to minimize conflicts with existing utilities. Pedestrian signals were maintained also.

Activities include:

- Full topographic and subsurface utility survey
- Property boundary survey
- Geotechnical evaluation
- Full signalization and pavement marking plans
- Develop layout design with curb extensions
- Upgrade drainage structures
- ADA upgrades
- Construction cost estimates
- Coordination with private utility providers
- Construction information requests
- Shop drawing and record drawing review

After construction

Before construction

The **ADEAS-Q** team excels in helping the City meet the goals set for WMBE and/or SLBE participation. **ADEAS-Q** is recognized by the City of Tampa's Minority and Small Business Development Department as a certified SLBE, and also the State of Florida. A copy of the existing certificate is provided below:

Our team also will meet additional M/WBE procurement goals under Florida Statutes 287.09451 by utilizing M/WBE subconsultant firms with significant contribution roles for this project. **Vrana Consulting, Inc** and **Alex Roark Engineering, PLLC** are also both certified M/WBE and DBE by the State of Florida, respectively.

IV. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES
THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER
OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: Jason Collins
(Print individual's name and title)

for: ADEASQ, LLC
(Print name of entity submitting sworn statement)

at: 201 E. Kennedy Blvd #950, Tampa, FL 33602
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

27-368-7248
(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

[Signature]
(Signature)

2. I understand that a "public entity crime" as defined in Section 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid, proposal, reply, or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Section 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in Section 287.133 (1)(a), Fla. Stat., means:
- A predecessor or successor of a person convicted of a public entity crime or
 - An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).
- ☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.
- ☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.
- ☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLA. STAT., FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

STATE OF FLORIDA
COUNTY OF Alachua

The foregoing instrument was sworn to (or affirmed), subscribed, and acknowledged before me by means of ☐ physical presence or ☐ online notarization, this 16 day of July, 2025, by Joyon Scott Collins, who is personally known to me or has produced Driver's license as identification.

V. NON-COLLUSION AFFADAVIT

STATE OF Florida
COUNTY OF Hillsborough

I state that I, Jason Collins of ADEAS-Q, LLC,
(Name and Title) (Name of Firm)

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication, or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. ADEAS-Q, its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material, important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

(Print, Type, Stamp, or Commissioned Name of Notary Public)

Interested Clients frequently ask what is behind the company name “**ADEAS-Q.**” Knowing that the company name is many times the first impression that a Client may see, we thought it was important that our company name signify the core values of the product that we provide. *Everybody* on our team who works on a project *takes personal ownership* toward the success of each task.

This way, we can say that without doubt we put our name behind everything that we do to be in business for you. More information behind the culture and philosophy of our company is available at our web site: **www.ADEAS-Q.com**

We adopt the following principles in our name for successful transportation projects:

Accessibility

Durability

Efficiency

Aesthetics

*Safety, and most importantly –
Quality*

Professional Synopsis

Anthony specializes in the development of context-sensitive streets and transportation solutions that encourage safe and comfortable access for all modes of travel. As a City traffic engineer, he led a number of urban street retrofit projects from public engagement to implementation. His professional focus is the development of workable solutions to support access for pedestrians, bicyclists, and transit users while supporting the land use vision. His project experience includes:

Citywide Transportation Master Plan, Sarasota, FL,
City of Sarasota

College St/Patton Ave One-Way Pair Conversion,
Asheville, NC, City of Asheville

8th Street Design Improvements, City of Naples, FL,
Grady-Minor

Burnside/Couch Street Multimodal One-Way Pair Conversion, Portland, OR, City of Portland

West Shore Blvd Complete Street Feasibility Analysis,
Tampa, FL, City of Tampa

Main Street Improvement Project, Sarasota, FL
City of Sarasota

Snell Isle Traffic Calming Plan, St. Petersburg, FL, City of St. Petersburg

Downtown Mobility Study, Venice, FL, City of Venice

Transportation Planning and Engineering Services
City of Naples

Traffic Impact Studies & Traffic Circulation Review
City of Sarasota

Snell Isle Traffic Calming Program, St. Petersburg, FL,
City of St. Petersburg

Treasure Island Causeway Improvements, Treasure Island, FL, MBI

Doyle Carlton Drive & Laurel Street Roundabout vs. AWSC Intersection Evaluation, City of Tampa

TIGER Grant Application, Anna Maria Island, FL
Manatee County

Downtown Intersection Improvements, Tampa, FL
City of Tampa

Colonial Boulevard Alternatives Analysis, City of Fort Myers and Lee County, FL, McCormick Taylor

Truck Route Study, Sarasota, FL, City of Sarasota

Rosemary Residential Overlay District CPA, Sarasota, FL, City of Sarasota

Manatee/Sixth Ave One-Way Pair Lane Repurposing, Bradenton, FL — Worked on a team developing a plan for making Manatee Avenue and 6th Avenue, the east-west one-way pair of three-lane streets in downtown Bradenton, more conducive downtown-oriented trips and pedestrian use. Performed concept development and traffic analysis associated with three alternatives for managing traffic downtown and participated in public involvement workshop.

Interstate 4 & Park Road, Plant City, FL — Responsible for traffic signal warrant studies to determine the need for traffic signals at the intersections of Park Road with the Interstate 4 ramps and frontage roads.

Interstate 75 & Bruce B. Downs Boulevard Interchange Simulation, Tampa, FL — Simulated traffic conditions for various interchange configuration scenarios with CORSIM in order to determine appropriate roadway improvements.

Grade Separation Study, Naples, FL — Developed GIS maps of Collier County identifying recommended grade separation locations in the greater Naples area.

Venice Hospital, Venice, FL — Served as project manager for the development of a travel time study used in the hospital's Certificate of Need application.

I-205 & Airport Way Interchange Study, Portland, OR — An interchange improvement project relieving a bottleneck at the intersection of two major commuter and freight routes near the international airport.

East Metro Connections Plan, Multnomah County, OR — Responsible for performing MMLoS and HSM analyses for a sub-area planning study involving a number of corridors in the suburbs of Portland.

College Street Gateway Boulevard and Roundabout Project, Asheville, NC — Developed and implemented a street reconstruction project for the "main street." Improved walking and biking conditions with a road diet, bicycle lanes, a landscaped median, a roundabout, improved pedestrian crossings, and the conversion of parallel parking to angle parking. Effort included oversight of construction.

Traffic Signal Optimization, Asheville, NC — Countywide review of traffic signal timing for vehicular mobility, progression, pedestrian access, and safety.

Main Street Green Street Project, Tigard, OR — Retrofit of the County's main street with improved sidewalks and crosswalks, "green street" treatments, parking, and a gateway feature.

Downtown Sarasota Mobility Study, Sarasota, FL, Florida DOT and City of Sarasota

Southwest Corridor LRT — Transportation and multimodal lead for multi-billion dollar light-rail project in Portland, OR and southwest suburbs, including traffic analysis and design, and supporting walking and bicycling facilities.

Lime Avenue Streetscape, Sarasota, FL — Involved in the preliminary design and traffic operations simulations associated with a streetscape project also intended to improve local traffic efficiency.

Pedestrian and Bicycle Master Plan, St. Petersburg, FL — Worked on a team developing a master plan for bicycle lanes and greenways throughout St. Petersburg. Experience included evaluation of streets for the feasibility of lane reductions and for the addition of bicycle lanes or greenways.

GIS Level of Service System, Florida DOT, Tampa Bay Region — Provided digital map-based district inventory of state highways and information pertaining to operating characteristics.

McCormick Place Redesign, Asheville, NC — Developed/implemented a corridor plan for this street on the edge of downtown serving the City's minor-league baseball stadium. Plan completed several existing gaps with wide sidewalks and street trees. Drastically reduced the pedestrian crossing distance at two intersections.

County Traffic Calming Program, Asheville, NC — Responsible for implementing the County's neighborhood traffic calming program, including conducting the public input process, working with neighborhoods to develop traffic calming plans, design of specific measures, and management of the implementation process.

Division Transit Project — Technical lead for BRT-type enhancement of bus service, including bus priority lanes, signal priority, enhanced stations, and improved routing.

Regional Transportation Safety Plan — Developed a data-driven plan for addressing existing safety challenges and recommended policy approaches to reducing fatal and severe injury crashes in the Portland metropolitan region.

Woodfin Street Redesign, Asheville, NC — Developed and managed implementation of a corridor plan for this street in downtown Asheville. The plan reduced the cross-section from 4 lanes with no on-street parking to 3 lanes with on-street parking on both sides and pedestrian crossings with refuge islands. Included public outreach, meetings with affected property owners, traffic counts and analysis, and oversight of construction.

Tammy Vrana, AICP

Principal | Vrana Consulting, Inc. | **Community Planning & Engagement**

OVERVIEW

With 37 years of experience engaging communities on behalf of Florida local governments, MPOs, and FDOT Districts, Tammy brings a wealth of expertise to planning-, project development-, and design-phase projects. She is adept at working across disciplines and with diverse stakeholders to identify community issues, opportunities, and consensus-driven solutions. Tammy specializes in outreach, education, and participation tools and techniques to increase public awareness and involvement that informs decision making and helps build support for plans, projects, and programs.

RELEVANT PROJECT EXPERIENCE

Subconsultant, St. Armands Parking Garage Design, City of Sarasota, (2017):

Coordinated outreach/ public workshops to obtain input/feedback on design concepts.

Subconsultant, Downtown Districts Parking Demand Study, City of St. Petersburg (2015):

Developed/implemented the public involvement plan. Organized opinion surveys outreach and public workshops to inform the study recommendations.

Subconsultant, US 41 from Myrtle St to MLK Jr Way Complete Streets PD&E Study and Design Projects, FDOT District 1 (2017-2019):

Conducted the community impact assessment; supported development/implementation of the public involvement plan.

Subconsultant, Channelside Drive Complete Street Design, City of Tampa (2017-Present).

Engaged diverse community groups including stakeholder groups in this high-profile entertainment district.

Subconsultant, Resilient Pinellas Action Plan, Pinellas County (2020-2023).

Led community engagement tasks to lay the foundation for the County's robust sustainability and resiliency plan. Supported strategy development and documentation.

Subconsultant, Greenways Master Plan Update, Hillsborough County (2022-2023).

Led community engagement tasks and supported the update of the 1996 plan. 2024 award.

Subconsultant, Gateway Master Plan, Forward Pinellas MPO (2018-2019).

Organized engagement for a 35-member study management team and community groups to explore regional mobility and connectivity, redevelopment, housing, and resiliency.

Subconsultant, Focus Group for Advantage Pinellas Long Range Transportation Plan, Forward Pinellas MPO (2018-2019).

Performed outreach, assembled focus group, organized meetings, and documented outcomes to inform the LRTP update.

Subconsultant, 118th Ave Trail Design Project, City of Pinellas Park (2023-2024).

Developed Community Awareness Plan. Led public engagement opportunities.

Subconsultant, Doyle Carlton St and Laurel St Roundabout Design, City of Tampa (2021-2023).

Developed the Community Awareness Plan and led public engagement activities for this Downtown project.

Subconsultant, Drew Street Complete Street Concept Plan, City of Clearwater (2017-2019).

Prepared grant application. Supported workshops and steering committee meetings.

Local Government Comprehensive Plans (1989-2024):

Prepared data analyses and needs assessments. Facilitated visioning, advisory group, and focus group sessions.

Subconsultant, GoingPLACES Mobility Plan and Transportation and Mobility Element, City of Zephyrhills (2024).

Conducted workshops and developed plan element.

TAMMY VRANA AICP | **VRANA CONSULTING INC** | PAGE 1

Charles Andrew (Drew) Roark P.E. CTL

Mr. Roark has 29 years of experience in the transportation consulting industry with over 15 years of senior management experience in the transportation consulting industry. He has experience from traffic data collection to directing the Transportation Sector for the Southeast US for large engineering firms. As is shown below, although Mr. Roark's experience is broad in many different areas within the industry, his technical specialties are primarily in the area of traffic engineering and planning. Mr. Roark has been directly involved with

multiple Project Development and Environment (PD&E) studies, managed specialty projects such as the Florida Department of Transportation Central Office Transportation Statistics Data Support project and the Florida Statewide Motor Carrier Compliance General Consultant contract. Mr. Roark is experienced in preparation and review of transportation impact studies for numerous Developments of Regional Impact (DRI) throughout the state of Florida. His experience has included preparation and supervision of data collection programs, coordination with local review agencies, preparation of traffic signal warrant reports, modeling of future traffic volumes using the FSUTMS model, calculations of projected impact fees including independent impact fee studies and preliminary roadway planning and design for maximizing safety and mobility.

RELEVANT PROJECT EXPERIENCE

- **Statewide Trip Generation Study, Florida Department of Transportation, Research Center -- Project Manager.** A statewide study investigating trip generation rates associated with Fast Food with drive through and Coffee Shops with drive through land uses. Study will compare the trip generation rates of 40 sites around the State of Florida in multiple context classifications as well as the service times and queueing from the site. The site will determine if different brands of the same land use exhibit different operating characteristics. The project is focused on the prevention of queueing into the adjacent roadway system and improving safety.
- **Transportation Impact Analyses.** Conducted transportation impact analysis for the following projects as well as over a dozen others in the Tallahassee Area:

Publix, Wakulla County, Florida
Florida Mall DRI, Orange County, Florida
Northbrook Development, Collier County, Florida
Sarasota Memorial Hospital, Sarasota County, Florida
Connerton DRI, Pasco County, Florida
Tampa Tech Park, Hillsborough County, Florida

- **City of Tallahassee Traffic Signal Management Plan (TSMP). Tallahassee, Florida. Traffic Engineer.** The TSMP is a process developed by FHWA to provide a framework for delivery of high-quality service to the public through an efficient and well-maintained traffic signal system. The City of Tallahassee's goals were to develop a Traffic Signal Strategic Business Plan which would provide a succinct description of all activities required for City staff to manage the traffic signal program, offer a basis for introducing new staff to the processes relevant to their roles, both inside and outside the program or City, illustrate to management and outside funding agencies the structured approach to traffic signal management, specify an approach to strategically shift design, maintenance and operations from reactionary to proactive and to effectively plan for needed capital improvements, as well as other goals.

Tony Alex P.E. – Senior Engineer 1

Tony is a design engineer who specializes in the roadway and highway design. He has experience in planning and final design for various roadway projects. His project background encompasses new corridors on new alignment, the reconstruction of multiple-lane facilities and interchanges, the widening of rural highways and urban arterials, and city street improvements. He has also worked on

project development and environment (PD&E) studies. His expertise includes vertical and horizontal geometric design, quantity and cost estimation, traffic control planning, traffic calming design, natural features inventory, permit application preparation, and storm drain design. Tony also has experience in GIS data analysis and mapping, intersection analysis, and AutoTURN analysis. He is proficient with MicroStation, GeoPak, ArcGIS planning and design software, MS Project, SureTrak, and Primavera project management software.

RELEVANT PROJECT EXPERIENCE

SR 8 (I-10) from East of Yellow River Relief Bridges to SR 85 | Okaloosa County, FL | FDOT-District 3

Project Manager/ / EOR for Roadway Design and Traffic Control Plan Design

The 5.13-mile multilane project consists of constructing an additional 12-foot travel lane in each direction of I-10. The existing twin bridges at the I-10 / SR 85 interchange are being replaced.

SR 388 from east of Burnt Mill Creek to SR 77 | Bay County, FL | FDOT-District 3

Project Manager/ / EOR for Roadway Design and Traffic Control Plan Design

Design and permitting services to convert a two-lane rural roadway into a four-lane suburban controlled-access highway, encompassing 4.8 miles of widening on the existing alignment and 1.7 miles of new roadway.

SR 8 (I-10) over East Choctaw River Relief Bridge No. 610063 | Washington County, FL | FDOT-District 3

Approach slab replacement project. Served as Senior Roadway Design Engineer/ EOR for roadway design and traffic control plan design.

Continuing Engineering Services | Leon County, FL | City of Tallahassee

Project Manager EOR and Lead Roadway Engineer for Continuing Engineering Services for the City of Tallahassee. The projects designed under this contract are

1. South Gadsden Street – Phase I
2. South Gadsden Street – Phase II
3. Zillah Street Pedestrian and Street Safety (PASS) Project

General Engineering Services Contract | Hillsborough County, FL

Roadway EOR for two Street Improvement Projects for Hillsborough County

1. Sligh Ave at Hesperides St
2. Providence Road at Watson Road

Years of Experience: 25

Education:

- Master of Science in Civil Engineering, University of Alabama 2003
- Master of Science in (Post Graduate) Construction Management, National Institute of Construction Management and Research 1999
- Bachelor of Science in Civil Engineering, University of Calicut 1995

Professional Registration:

- Professional Engineer: FL #62465

Certifications:

- Advanced Work Zone Traffic Control Plan Design
- Long Range Estimating User Training
- Specification Package Preparation Training
- Bentley Accredited ORD Designer

Areas of Expertise:

- Highway/Roadway Design
- Intersection Analysis/Design
- Interchange Design
- Bike/Ped Facility Planning/Design
- GIS Analysis/Mapping
- Project Management
- Plans, Specifications, and Estimates (PS&E)
- Pedestrian Crossing Design (At-Grade)
- Long Range Planning
- Trail Planning/Design
- Specification Development
- ADA Facility Evaluation/Design

John Greist

Transportation Data Analyst

Mr. Greist's expertise includes field operations, project coordination, project estimation, client management / communication and scheduling / employee management. He has successfully managed large turning movement count projects, machine tube counts, and has also assisted in the successful coordination and collection of specialized studies throughout Florida. He has also piloted several new types data collections.

EDUCATION

Bachelors in Business
Administration/Management
Florida International University

PROJECT EXPERIENCE

RICONDO

Fort Lauderdale Airport - 2023

- ❖ 100 Volume machine counts (additional Speed & Class ADTs with varying durations and 21 TMCs)

POLK COUNTY TPO/TINDALE OLIVER

Polk County 2019 Traffic Count Program - 2019

- ❖ 263 Speed & Volume machine counts (varying durations)

DAVID PLUMMER & ASSOCIATES

Miami Freedom Park Traffic Project- 2018

- ❖ 57 Turning movements counts with pedestrians, bicycles and heavy trucks
- ❖ 43 Speed & Volume machine counts (varying durations)

TAMPA DOWNTOWN PARTNERSHIP

12/2018

- ❖ 13 field techs doing parking occupancy for 25,000 public parking spots, public parking garages and on-street through the downtown Tampa, for 3-days

FDOT D4 Contract C9Y93 with Kimley-Horn

1/2021

- ❖ 30 Turning movements counts with pedestrians, bicycles and heavy trucks
- ❖ 8 Volume machine counts (varying durations)

PROJECT MANAGEMENT EXPERIENCE

SCHEDULING MANAGEMENT

19

DATA COLLECTION MANAGEMENT

6 All with NDS

Kevin Deal

CHIEF OPERATIONS OFFICER

BACKGROUND

Mr. Deal has amassed a great deal of experience in every aspect of the data collection industry. His expertise includes field operations, administrative operations, program development, R & D and companywide quality control. He has successfully managed over 35,000 projects from inception to completion which have at times included customized study development as well as customized deliverables. Mr. Deal oversees the annual collection of approximately 20,000 Turning Movement Counts, 25,000 Automatic Traffic Recorder Counts, and thousands of specialized studies.

PROJECT EXPERIENCE

OCTA (Orange County Transportation Authority) | Orange County, CA | 2005, 2007, 2009, 2011, 2013, 2015, 2021

In 2021, the contract requirements included:

- ❖ 101: 3-Day Turning movement counts
- ❖ 48hr Pedestrian/Bicycle/e-Scooter counts
- ❖ 50: 24hr Volume machine counts

Historically, the contract included:

- ❖ 200: (3-Day) Turning Movement Counts
- ❖ 12,000 miles: Travel Time runs (2015)

New York State DOT | New York, NY | 2021 - Current

NDS is the on-call traffic data collection company for NYCDOT. Annual data collection consists of approximately

- ❖ 2,800: 3-Day Class machine counts
- ❖ 2,500: 3-Day Volume machine counts
- ❖ 180: 50hr Non-Intrusive classification counts
- ❖ 100: Turning movement counts with varying collection requirements

New York City DOT | New York, NY | 2019 - Current

NDS is the on-call traffic data collection company for NYCDOT. Annual data collection consists of approximately

- ❖ 3,208: 7-day, 9-day, or 14-day Volume machine counts
- ❖ 2,860: 1-day, 2-day, or 3-day Turning movement counts requiring various hours of collection as well as sub-classification of vehicles and pedestrians.
- ❖ 606: 1-day, 2-day, or 3-day Pedestrian counts
- ❖ 719: 1-day, 2-day, or 3-day Bicycle counts of requiring various hours of collection as well as sub classification of cyclists.
- ❖ 184 Spot Speed Radar Counts

Los Angeles DOT | Los Angeles, CA | 2005 - Current

NDS is the on-call traffic data collection company for LADOT. Annual data collection consists of approximately

- ❖ 700: Average daily traffic counts
- ❖ 300: Turning movement counts requiring heavy trucks, buses (school vs. metro), pedestrians (adults vs. children), and bicycles.

Other studies such as travel time, parking, pedestrian and bicycle screenline counts, and spot-speed radar surveys

City of Sacramento | Sacramento, CA | 2005 – Current

NDS is the primary firm conducting all traffic counts for the City of Sacramento under a Master Services Agreement and has been since 1998. NDS annually collects approximately:

- ❖ 300: Speed machine locations
- ❖ 64: 4hr Turning movement counts

Florida Department of Transportation

RON DESANTIS
GOVERNOR

605 Suwannee Street
Tallahassee, FL 32399-0450

JARED W. PERDUE, P.E.
SECRETARY

July 23, 2024

Jason Collins, President
ADEAS-Q, LLC
201 East Kennedy Boulevard, Suite 950
Tampa, Florida 33602

Dear Mr. Collins:

The Florida Department of Transportation has reviewed your application for prequalification package and determined that the data submitted is adequate to technically prequalify your firm for the following professional services types of work per Rule 14-75, F.A.C.:

- 3.1 Minor Highway Design
- 6.1 Traffic Engineering Studies
- 6.2 Traffic Signal Timing
- 7.1 Signing, Pavement Marking and Channelization
- 7.3 Signalization
- 13.4 Systems Planning
- 13.5 Subarea/Corridor Planning
- 13.6 Land Planning/Engineering
- 13.7 Transportation Statistics

Your firm is now technically prequalified with the Department for Professional Services in the above referenced work types. Your firm may pursue projects in the referenced work types with fees estimated at less than \$500,000.00.* This status shall be valid until July 23, 2025, for contracting purposes.

*Limit for FDOT projects only

Should you have any questions, please feel free to contact me by email at carliayn.kell@dot.state.fl.us or by phone at 850-414-4597.

Sincerely,

Carliayn Kell

EXHIBIT “C”

CITY OF ST. PETE BEACH, FLORIDA **STANDARD CONTRACT ADDENDUM**

THIS ADDENDUM modifies that certain contract for services made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited

basis to enforce the requirements of the previous section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option

of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for “Foreign Countries of Concern”. If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires “Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a “foreign country of concern” if such interest, contract, grant or gift received from a “foreign country of concern” if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable “foreign country of concern” and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services”. Pursuant to Section 268.101(7), Fla. Stat.: “In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause.”

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties’ actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys’ Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys’ fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor’s social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any

subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Breach during Emergency Recovery Period. Pursuant to Sec. 252.505, Fla. Stat., if vendor breaches this agreement during an emergency recovery period (1-year period beginning upon Governor's initial declaration of a natural emergency) Contractor shall pay a \$5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages.

19. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

- A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the

EXHIBIT D

Public Assistance Grant Supplement

1. Applicability of this Exhibit; Conflicts.

- a. This Exhibit shall be fully incorporated into and made a part of the Agreement, as if the terms contained in this Exhibit were fully re-stated within the Agreement itself.
- b. This Exhibit shall apply: (a) in addition to anything contained in the Contract Documents; and (b) notwithstanding anything contained in the Contract Documents to the contrary. No other provision of the Contract Documents shall serve to limit or restrict the obligations imposed upon the parties in this Exhibit.
- c. In the event of a conflict between anything contained in this Exhibit and anything contained elsewhere in the Contract Documents, this Exhibit shall control and take precedence.
- d. Contractor's agreement to the terms contained in this Exhibit is a material inducement for Contractor to enter into the Agreement.
- e. If this Exhibit is attached to a Purchase Order, the term "Agreement" as used herein shall mean and refer to such Purchase Order to which this Exhibit is attached, and the term "Contract Documents" shall refer to all documents attached to and made a part of such Purchase Order.

2. Defined terms.

- a. For purposes of this Exhibit, the following definitions shall apply, in addition to any terms defined elsewhere in the Contract Documents:
 - i. The terms "recipient" and "non-Federal entity," and the term "applicant" as used in Section 3(a)(8) herein, shall have the same meaning as the term "Owner" as used in the Agreement;
 - ii. The term "contract" as used herein shall have the same meaning as the term "Contract" as used in the Agreement; and
 - iii. The term "contractor" or "prime contractor" as used herein shall have the same meaning as the term "Contractor" as used in the Agreement.
 - iv. The term "internal controls" means a process, implemented by a non-Federal entity, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (a) Effectiveness and efficiency of operations; (b) Reliability of reporting for internal and external used; and (c) Compliance with applicable laws and regulations. 2 CFR §200.61
 - v. The term "supplies" means all tangible personal property other than those described in 2 CFR §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the

non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 CFR §200.94

- vi. The term “disallowed costs” means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award. 2 CFR §200.31
- vii. The term “equipment” means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. 2 CFR §200.33

3. Equal Employment Opportunity (41 C.F.R. Part 60-1.4(b)).

a. During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (a) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors

violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

- (b) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148)

The Contractor agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act, as amended; the provisions of contract work hours; the Safety Standards Act; the Copeland "Anti-Kickback" Act (40 U.S.C. 276, 327-333); and all other applicable federal, state, and local laws and regulations pertaining to labor standards insofar as such acts apply to the performance of this Agreement. The Contractor shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the County for review upon request.

5. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred thousand dollars (\$100,000.00):

Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708).

Contractors engaged in contracts in excess of Two Thousand and 00/100 Dollars (\$2,000.00) shall comply with Federal requirements of the United States Department of Labor under 29 C. F. R., Parts 1, 3, 5, 6, and 7. All Contractors will comply with the following:

a. Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in 29 C.F.R. § 5.5(b)(1) the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in 29 C.F.R. § 5.5(b)(1), in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in 29 C.F.R. § 5.5(b)(1).

(3) *Withholding for unpaid wages and liquidated damages.* The Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in 29 C.F.R. § 5.5(b)(2).

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4) and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4).

6. **Procurement of Recovered Materials (2 C.F.R. § 200.322)**

The Contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

7. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred fifty thousand dollars (\$150,000.00):
Clean Air Act and the Federal Water Pollution Control Act (42 U.S.C. §§ 7401-7671q and 33 U.S.C. §§ 1251-1387).

- a. Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal awarding agency and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pinellas County, Florida.

4. Section 3 Clause

- A. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are Subrecipients of HUD assistance for housing.

- B. The Parties to this contract agree to comply with HUD's regulations in 24 C.F.R. part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

- C. The Contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section

3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The Contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. part 135. The Contractor will not subcontract with any subcontractor where the Contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. part 135.

E. The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's obligations under 24 C.F.R. part 135.

F. Noncompliance with HUD's regulations in 24 C.F.R. part 135 may result in sanctions, termination of this contract for default and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with Section 3 covered Indian housing assistance, Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. § 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

b. Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pinellas County, Florida.

8. Debarment and Suspension

a. Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with Executive Orders 12549 and 12689, and 2 C.F.R. pt. 180, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by Owner. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to Owner, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

9. Lobbying Prohibition

- a. No funds or other resources received under this Agreement may be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.
- b. Required Certification. Contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in

connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Signature of Contractor's Authorized Official

Name and Title of Contractor's Authorized Official

Date

10. Hatch Act

The Contractor agrees that no funds provided, nor personnel employed under the Agreement, shall be in any way or any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C.

11. Conflict of Interest

The Contractor shall abide by the provisions of 24 C.F.R., 570.611 and 2 C.F.R., 200.112. The Contractor shall maintain no present or future financial interest, direct or indirect, which would

conflict in any manner or degree with the performance of services required under this Agreement as indicated in 2 C.F.R., 200.318.

12. Religious Activities

The Contractor agrees that funds provided will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization, in accordance with the Federal regulations specified in 24 C.F.R., 570.200(j).

13. Access to Records

- a. Access to Records. The following access to records requirements apply to this contract:
 - (1) The Contractor, including all of its employees or agents, contractors, subcontractors and consultants to be paid from funds provided under this Agreement, agrees to provide the Department of Economic Opportunity (DEO), the Chief Financial Officer of the State of Florida, The Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or representatives of the Federal government or their duly authorized representatives, the Florida Division of Emergency Management, Owner, Pinellas County, Florida, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions at reasonable times. "Reasonable" shall ordinarily mean during normal business hours of 8 a.m. to 5 p.m., local time, Monday through Friday.
 - (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
 - (3) The Contractor agrees to provide Pinellas County, Florida or its authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.
 - (4) In compliance with the Disaster Recovery Act of 2018, the Owner and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by Pasco County, Florida or the Comptroller General of the United States.
 - (5) The Contractor shall include the aforementioned recordkeeping requirements in all approved contracts, subcontracts, and assignments.

14. Bonding Requirements

The Contractor agrees that related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 and Appendix 11; and if the contract is for construction or facility improvement it must also include the Federal bonding requirements 2 C.F.R. § 200.325.

15. Employment Eligibility Verification

- a. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires DEO contracts in excess of nominal value to expressly require the Contractor to:
 - i. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Subrecipient during the Agreement term; and,
 - ii. Include in all contracts under this Agreement the requirement that contractors, subcontractors, and consultants performing work or providing services pursuant to this Agreement use the E-Verify system to verify the employment eligibility of all new employees hired by the contractors, subcontractors, and consultants during the term of the contract.
- b. The Department of Homeland Security's E-Verify system can be found at: <http://www.uscis.gov/e-verify>
- c. If the Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Agreement.

16. DHS Seal, Logo, and Flags

The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific Pasco County, Florida pre-approval.

17. Compliance with Federal Law, Regulations, and Executive Orders

- a. This is an acknowledgement that Pasco County, Florida financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, Pasco County, Florida policies, procedures, and directives.

18. No Obligation by Federal Government

- a. The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

19. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

20. Procurement By Non-Competitive Proposals

- a. Policy:
 - i. It is the policy of City of St. Pete Beach, FL to follow the Uniform Federal Guidance 2 CFR 200.320 in regard to procurement by noncompetitive proposals (Sole Source Purchasing). Procurement by noncompetitive proposals is

procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source
 - (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
 - (3) The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity
 - (4) After solicitation of several sources, competition is determined inadequate.
- ii. The procurement must be necessary for the program, project, research or other circumstance supported by the grant; not reasonably available and accessible of the type normally charged as a direct cost to existing sponsored agreements and purchased in accordance with other Institutional policies and procedures.

21. In the Event of a Non-Emergent Procurement the PD/PI Should Complete:

- a. **Cost Price Analysis Form** which includes contractor's total cost proposal or price to determine which are allowable, show their direct relation to the requirements and, reasonableness; and complete the related City of St. Pete Beach, FL **Cost Analysis Worksheet** to support the proposed budget or quotation outlined in the Cost Price Analysis Form. Completion of these forms by the originating department will document that a Cost Analysis has been conducted.
- b. If no additional vendors were available to conduct a comparison against using the Cost Price Analysis Form, please also complete and attach the **Sole Source Justification Form**.
- c. **Responsible Contractor Form:** to document that any contractors have been reviewed and approved for their compliance with Uniform Guidance, Title 2, Subtitle A, Chapter II, Part 200, Subpart D, §200.318, section H.
- d. In addition, related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 & Appendix 11; and if the contract is for construction or facility improvement also include the Federal bonding requirements 2 C.F.R. § 200.325.

22. Build America Buy America Act (BABA)

- a. The Contractor shall comply with the requirements under the Build America, Buy America Act when using Federal funds for the purchase of iron, steel, manufactured products, and construction materials permanently incorporated into infrastructure projects as applicable pursuant to the Build America, Buy America Act. All iron, steel, manufactured products

and construction materials used under a federally grant funded project must be produced in the United States as applicable pursuant BABA. The requirements of this section must be included in all sub-awards including all contracts and purchase orders for work or products under this award.

- b. For purposes of this section:
 - i. “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - ii. “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

23. Contracting with Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms. 2 C.F.R. § 200.321

- a. Contractors will take all necessary affirmative steps to assure that minority business, women's business enterprises, and labor surplus area firms are used when possible.
- b. Affirmative steps must include:
 - i. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - ii. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - iii. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
 - iv. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
 - v. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
 - vi. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (i) through (v) of this section.

24. Compliance with Copeland “Anti-Kickback”

- a. Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as appropriate instructions may require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

25. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment.
2 C.F.R. § 200.216

- a. Under this Agreement, grant funds will not be obligated or expended to:
 - (1) Procure or obtain;
 - (2) Extend or renew a contract to procure or obtain; or
 - (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - A. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - B. Telecommunications or video surveillance services provided by such entities or using such equipment.
 - C. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.
 - (4) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
 - (5) For more information, See 2 C.F.R. § 200.471.

26. Historic Artifact Discovery

If prehistoric or historic artifacts, such as pottery or ceramics, projectile points, dugout canoes, metal implements, historic building materials, or any other physical remains that could be associated with Native American, early European, or American settlement are encountered at any time within the project site area, the permitted project shall cease all activities involving subsurface disturbance in the vicinity of the discovery. The applicant shall contact the Florida Department of State, Division of Historical Resources, Compliance Review Section at (850)-245-6333. Project activities shall not resume without verbal and/or written authorization. In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately, and the proper authorities notified in accordance with Section 872.05, Florida Statutes.

The terms in this Exhibit are hereby agreed upon by the Contractor as of this 25th day of August, 2025.

**CITY COMMISSION MEETING
CITY OF ST. PETE BEACH
COMMISSION CHAMBERS**

Agenda Report

Agenda Title Name: Authorize the City Manager to execute the Continuing Contract for Professional Design Services with Advanced Engineering Design, Inc., for three years.

Action Request: Motion to authorize the City Manager to execute the Continuing Contract for Professional Design Services with Advanced Engineering Design, Inc., for three years and to authorize the City Manager to execute the Contract.

Strategic Objective: Operational Excellence

Date: September 22, 2025

Prepared By: Camden Mills, Public Services Director

Through: Frances Robustelli, City Manager

Summary of Issue: The City publicly advertised a Request for Qualifications (RFQ) for Engineering and Consulting Services, and a total of 29 firms submitted proposals for evaluation on May 6, 2025. The City's RFQ evaluation committee recommended 7 firms for continuing contracts to support budgeted capital improvement projects throughout the City. Advanced Engineering Design, Inc. was selected to provide services related to general engineering, transportation, architectural and marine professional consultant services.

This contract shall expire three (3) years after the effective date and may be extended for up to two (2) additional one (1) year periods.

Funding: Task orders will be issued project by project on an as-needed basis, subject to budgeted funds, within the Consultant's Competitive Negotiation Act (CCNA), established under Florida Statute 287.055.

CITY OF ST. PETE BEACH, FLORIDA
Continuing Contract for Professional Design Services

ADVANCED ENGINEERING & DESIGN, INC.-General Engineering,
Transportation, Architectural and Marine

This is a Contract (the “Contract”) entered into by and between the City of St. Pete Beach (hereinafter “CITY”) and Advanced Engineering and Design, Inc. (hereinafter “CONSULTANT”). The CITY and CONSULTANT together shall be referred to as the “Parties.”

WHEREAS, the CITY desires to retain the CONSULTANT to perform Continuing Professional Design Services- General Engineering, Transportation, Architectural and Marine for the CITY, more fully described below in the “scope of services” section.

WHEREAS, the CITY desires to employ the CONSULTANT for the Continuing Professional Design Services, General Engineering, Transportation, Architectural and Marine and other services upon the terms and conditions hereinafter set forth, and the CONSULTANT is desirous of performing such services upon such terms and conditions.

WHEREAS, the CONSULTANT has been selected to perform these professional services pursuant to the provisions of the “Consultants’ Competitive Negotiation Act” in Section 287.055; Florida Statutes, and all applicable CITY rules, regulations and policies.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

SECTION 1 – GENERAL.

- 1.1 The above recitals are true and correct, and incorporated as part of this Contract.
- 1.2 CONSULTANT shall be defined herein to include all principals of the firm of, including full time employees, professionals or otherwise, and all servants, agents, employees and/or subconsultants retained by the CONSULTANT to perform its obligations hereunder. Subconsultants shall be reviewed and approved by the CITY prior to Notice to Proceed with their prospective work assignments.
- 1.3 “Professional services” means those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered surveying and mapping, as defined by the laws of the state, or those performed by any architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.

- 1.4 Prior to the start of any work under this Contract, the CONSULTANT will have submitted to the CITY a detailed resume of key engineering personnel that will be involved in performing services requested by the CITY. The CITY hereby acknowledges its acceptance of such personnel to perform services under this Contract. At any time hereafter that the CONSULTANT desires to change the key personnel in an active assignment, it shall submit the qualifications of the new personnel to the CITY for prior approval. Key personnel shall include principals-in-charge, project managers and project engineers. The provisions of this Section do not apply to personnel temporarily assigned to perform service under this Contract for durations of one (1) week or less.
- 1.5 The CONSULTANT acknowledges that the CITY has retained other consultants, engineering and otherwise, and the coordination between said consultants and the CONSULTANT may be necessary from time to time for the successful completion of the Assignments. The CONSULTANT agrees to provide such coordination as necessary within the Scope of Services.
- 1.6 The CONSULTANT acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Contract.
- 1.7 The CONSULTANT will maintain an adequate and competent staff of professionally qualified persons throughout the performance of this Contract to ensure acceptable and timely completion of the Assignment.
- 1.8 Requirements for sealing all plans, reports and documents prepared by the CONSULTANT shall be governed by the laws and regulations of the State of Florida and the requirements of any regulatory agency, if required.
- 1.9 This Contract may be executed by the parties in counterpart originals with the same force and effect as if fully and simultaneously executed as a single original document. The "Effective Date" of this Contract shall be the date this Contract has been executed by all parties.

SECTION 2 – SCOPE OF SERVICES.

- 2.1 The CONSULTANT shall diligently and in a professional and timely manner perform the work included in the Scope of Services as listed generally in the Request for Qualifications (RFQ) attached and incorporated in this Contract as Exhibit A. Unless modified in writing by the parties hereto, duties of the CONSULTANT shall not be construed to exceed those services specifically set forth herein.
- 2.2 GENERAL. The CONSULTANT agrees to perform those services described in Exhibit A – RFQ, dated 3/19/2025, which is attached hereto and made a part hereof.
- 2.3 ADDITIONAL SERVICE. The CITY and the CONSULTANT agree that there may be certain additional services required to be performed by the CONSULTANT during the

performance of the Scope of Services that cannot be defined sufficiently at the time of execution of this Contract. Such services shall be authorized in writing as Task Orders and shall be undertaken only under terms of formal amendments to this Contract.

- 2.4 **TASK ORDERS.** Additional services to be provided by the CONSULTANT shall be authorized in writing as Task Orders. Task Orders to be provided shall be prepared on the form delineated as Exhibit B - which is attached hereto and made a part hereof. Each Task Order shall include: a detailed description of the work to be performed; a schedule of completion (including phases) for the work authorized; and the amount and method of compensation. Task Orders shall be dated and serially numbered annually. The Task Orders may contain additional instructions or provisions specific to the authorized work for the purpose of expanding upon certain aspects of this Contract pertinent to the work to be undertaken. Such supplemental instructions or provisions shall not be construed as a modification of this contract.
- 2.5 The CITY Manager or his/her designee may authorize Task Orders for services under this continuing contract, which are equal to or less than limits prescribed for Continuing Contracts under the provision of F.S. 287.055(g) or limits set by the CITY's rules, regulations, and policies. Professional fees under such specified Task Orders shall be based on a written proposal from the CONSULTANT as may be requested in writing by the CITY's designated representative, who shall process the proposal through the appropriate departments at the CITY. A single unitary task may not be divided into more than one task for the purpose of qualifying for authorization hereunder. Nothing in this paragraph is intended to limit any other rights, responsibilities, and duties of the parties under any other provision of this continuing contract.

SECTION 3 – CITY'S RIGHTS AND RESPONSIBILITIES.

The CITY shall provide the service described below in a timely fashion at no cost to the CONSULTANT:

- 3.1 Furnish the CONSULTANT with existing data, records, maps, plans, specifications, reports, fiscal data and other information that is available in the CITY's files, necessary or useful to the CONSULTANT for the performance of the assignment. All of the documents conveyed by the CITY shall be and remain the property of the CITY and shall be returned to the CITY upon completion of the assignment to be performed by the CONSULTANT.
- 3.2 Make CITY personnel available when required and necessary to assist the CONSULTANT. The availability and necessity of said personnel to assist the CONSULTANT shall be determined solely at the discretion of the CITY.
- 3.3 Provide access to and make provisions for the CONSULTANT to enter upon the project lands as required for the CONSULTANT within a reasonable time, to perform surveys, observations and other work as necessary to complete the assignment.

- 3.4 Examine all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and render written decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- 3.5 Transmit instructions, relevant information and provide interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- 3.6 Give prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any development that affects the scope of timing of the CONSULTANT's services or becomes aware of any defect or changes necessary in the work of the CONSULTANT.
- 3.7 Arrange for submission of necessary permits/applications to governmental bodies as prepared by the CONSULTANT.
- 3.8 Furnish approvals and permits from all governmental authorities having jurisdiction and such approvals and consents from others as may be necessary for completion of the assignment not covered under the assignment.

SECTION 4 – COMPENSATION.

- 4.1 GENERAL. Compensation to the CONSULTANT for services performed pursuant to this Contract shall be in accordance with the following method or compensation, as defined and indicated a the "Lump Sum Method."

The type and amount of compensation for each Task Order shall be described on the Task Order form included in "Exhibit B."

4.2 LUMP SUM METHOD

- a. Lump Sum compensation shall be the total fixed price amount payable under the Lump Sum Method (including all payroll costs, overhead costs, other direct costs, fees, subconsultants' and specialist costs), for the services to be provided in the Task Order unless there is a change in the scope of the work, or other conditions stipulated in the Task Order, and the Task Order is modified by both the CITY and CONSULTANT to reflect the change(s) by formal amendment to this Contract.
- b. Payment to the CONSULTANT for services performed under a Task Order under the Lump Sum Method shall be monthly in proportion to the percentage of work completed during the month as proposed by the CONSULTANT and accepted by the CITY.

- 4.3 INVOICE PROCESSING-Invoices received by the CITY will be processed for payment within thirty (30) days of receipt of invoice. CONSULTANT will be notified of questionable items contained in the invoices within fifteen (15) days of receipt by the

CITY with an explanation of the deficiencies. The CITY will make an effort to resolve all questionable items contained in the CONSULTANT's invoices within thirty (30) days of receipt of the invoices by the CITY. At the end of the thirty (30) day period, the CITY shall pay the CONSULTANT the invoice amount less any unresolved questionable items. Invoices are to be forwarded directly to the initiating CITY representative.

4.4 **PAYMENT IN THE EVENT OF CONTRACT TERMINANATION OR SUSPENSION.** In the event that a Task Order or this Contract is terminated or canceled, or the CONSULTANT's services suspended on a Task Order or this Contract, prior to completion, payment shall be made in accordance with the provisions of this Contract.

4.5 **ADDITIONAL COMPENSATION FOR CHANGE IN SCOPE OF ASSIGNMENT.** If instructed to do so by CITY, the CONSULTANT shall change or revise work that has been performed, and if such work is not required as a result of error, omission or negligence of the CONSULTANT, the CONSULTANT may be entitled to additional compensation. The additional compensation shall be requested by the CONSULTANT on a revised fee quotation proposal which must be submitted to the CITY for prior approval. The additional compensation, if any, shall be agreed upon before commencement of any such additional work and shall be incorporated into the assignment by formal amendment or Task Order to this Contract.

SECTION 5 - WORK COMMENCEMENT/IMPLEMENTATION SCHEDULE/LENGTH OF CONTRACT.

5.1 **WORK COMMENCEMENT.** The CONSULTANT shall commence work on each authorized Task Order within ten (10) days after receipt by the CONSULTANT of a written Notice-To-Proceed from the CITY's Designated Representative. If the CONSULTANT fails to commence work within the ten (10) day period, then the CITY shall have the right to seek other firms for the Assignment, unless the delay is due to no fault of the CONSULTANT.

5.2 **IMPLEMENTATION SCHEDULE.** The CONSULTANT must complete its work in accordance with the time schedule specified in the applicable Task Order/Assignment. In the event the work of the CONSULTANT is delayed due to no fault of the CONSULTANT, which delays the completion of any Task Order of the Assignment, the CONSULTANT is entitled to an appropriate extension of the contract time for the specific Task Order. Additional compensation to the CONSULTANT will be negotiated to the mutual agreement of the CITY and the CONSULTANT in the event such delay causes any Task Order's costs to increase for reasons beyond the CONSULTANT's control.

5.3 **TERM.** This Contract shall expire three (3) years after the effective date of this Contract and may be extended for up to two (2) additional one (1) year periods, not to exceed five (5) years maximum, upon written mutual consent of the CITY and the CONSULTANT.

5.4 **CONTINUING CONTRACT.** In accordance with 287.055 (g), this is a "continuing contract" for professional services entered into in accordance with all procedures of this act between the CITY and the CONSULTANT, whereby the CONSULTANT shall

provide professional services to the CITY for projects in which construction or professional costs do not exceed the statutory limitations imposed. Additionally, the CONSULTANT shall provide for work of a specified nature as outlined in Exhibit A of this Contract as required by the CITY.

SECTION 6 - CITY'S "DESIGNATED" REPRESENTATIVE.

- 6.1 GENERAL. The CITY hereby designates the CITY Manager or his/her designee to represent the CITY in all matters pertaining to and arising from the work and performance of this contract. The CITY Manager or designee shall have the following responsibilities:
- a. Examination of all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and rendering, in writing, decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
 - b. Transmission of instructions, receipt of information and interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
 - c. Giving prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any defects or changes necessary in the project.
 - d. Following the CONSULTANT's preparation of any necessary applications to governmental bodies, to arrange for submission of all applications.
 - e. When appropriate, authorizing Task Orders equal to or less than limits prescribed for Continuing Contracts pursuant to the provisions of FS 287.055(g) and applicable rules, regulations, r policies of the City.

SECTION 7 - CHANGES IN SCOPE.

- 7.1 The CITY or the CONSULTANT may request changes in the Scope of Services of a Task Order. Such change(s), including any increase or decrease in the amount of the CONSULTANT's compensation for any Task Order pursuant to this Contract, which are mutually agreed upon by and between the CITY and the CONSULTANT, shall be incorporated by written formal amendment.

SECTION 8 - TERMINATION OF CONTRACT.

- 8.1 TERMINATION BY CITY FOR CAUSE. The CITY may terminate this Contract for any one or more of the following reasons:
- a. If adequate progress on any phase of the assignment is not being made by the CONSULTANT as a direct result of the CONSULTANT's failure to perform.

- b. The quality of the services performed by the CONSULTANT is not in conformance with commonly accepted design codes and standards, standards of the CITY and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Contract, and the particular services involved are considered by the CITY to be essential to the proper completion of any Assignment.
- c. The CONSULTANT or any employee or agent of the CONSULTANT is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any work that has been performed by the CONSULTANT.
- d. The CONSULTANT becomes involved in either voluntary or involuntary bankruptcy proceedings, or makes an assignment for the benefit of creditors.
- e. The CONSULTANT violates the Standards of Conduct provisions of this Contract herein.
- f. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
- g. Sub-standard or non-performance of Agreement.
- h. The City wishes to terminate at any time and for any reason, upon giving sixty (60) days prior written notice to the CONSULTANT.

8.2 TERMINATION BY CONSULTANT FOR CAUSE. The CONSULTANT may cancel this Contract for the following reasons:

- a. The CITY fails to meet its obligations and responsibilities as contained in the sections of this Contract describing the CITY's Rights and Responsibilities.
- b. The CITY fails to pay the CONSULTANT in accordance with this Contract.
- c. In the event of either of the causes described in this Contract, the CONSULTANT may send a certified letter requesting that the CITY show cause why the Contract should not be terminated. If adequate assurances are not given to the CONSULTANT within fifteen (15) days of the receipt by the CITY of said show cause notice, then the CONSULTANT may consider the CITY to be in default, and may immediately terminate this Contract.

8.3 TERMINATION BY CITY WITHOUT CAUSE. Notwithstanding any other provision of this Contract, the CITY shall have the right at any time to terminate this Contract in its entirety without cause, or terminate by specific Assignment without cause, provided that ten (10) days prior written notice is given to the CONSULTANT of the CITY's intent to terminate. In the event that a Task Order is terminated, The CITY shall identify the specific Task Order(s) being terminated and the specific Task Order(s) to be continued to completion pursuant to the provisions of this Contract. This Contract will remain in full

force and effect as to all authorized Task Orders which are to be continued to completion under this type of arrangement.

- 8.4 PAYMENT IN THE EVENT OF TERMINATION. In the event this Contract or any Assignment is terminated or canceled prior to final completion without cause, payment for unpaid portion of the services provided by the CONSULTANT to the date of termination and any additional services thereafter will be determined by negotiation between the CITY and the CONSULTANT. No amount shall be allowed for anticipated profit on unperformed services or other work. In the event of termination for cause, the CITY may adjust any payment to take into account any additional direct costs to be incurred by the CITY due to such default.

8.5 ACTION FOLLOWING TERMINATION

- a. Upon receipt of notice of termination, given by either party, the terminated party shall promptly discontinue all services and other work, unless the notice provides otherwise.
- b. In the case of the CITY terminating the CONSULTANT, the CONSULTANT shall within ten (10) days or any extension thereto as may be mutually agreed to, deliver or otherwise make available to the CITY all reports, drawings, plans, specifications and other data and documents that have been obtained or prepared by the CONSULTANT in performing the Services under this Contract, regardless of whether the work on such documents has been completed or is in progress and said documents shall remain the property of the CITY. Notwithstanding the foregoing, the CONSULTANT shall not be held liable for the accuracy or reliability of any partially completed work delivered in accordance with this provision.

8.6 SUSPENSION

- a. The performance of the CONSULTANT's service under any provision of this Contract may be suspended by the CITY at any time. In the event the CITY suspends the performance of the CONSULTANT's services hereunder, the CITY shall so notify the CONSULTANT in writing, such suspension becoming effective upon the date of its receipt by the CONSULTANT, and CITY shall promptly pay to the CONSULTANT all fees which have become due and payable to the CONSULTANT to the effective date of such suspension. The CITY shall thereafter have no further obligation for payment to the CONSULTANT for the suspended services unless and until the CITY notifies the CONSULTANT that the services of the CONSULTANT called for hereunder are to be resumed. Upon receipt of written notice from the CITY that the CONSULTANT's services hereunder are to be resumed, the CONSULTANT shall complete the services of the CONSULTANT called for in this Contract and the CONSULTANT shall, in that event, be entitled to payment of the remaining unpaid compensation which becomes payable to the CONSULTANT under this Contract, same to be payable at the times and in the number specified herein. In no event will the compensation

or any part thereof become due or payable to the CONSULTANT under this Contract unless and until the CONSULTANT has attained that state of work where the same would be due and payable to the CONSULTANT under the provisions of this Contract.

- b. If the aggregate time of the CITY's suspension(s) of the CONSULTANT's Services under any Task Order of this Contract exceeds sixty (60) days, then the CONSULTANT and the CITY shall, upon request of the CONSULTANT, meet to assess the services performed hereunder up to the time of such meeting, the services remaining to be performed and the total compensation paid to the CONSULTANT hereunder and, during such meeting, shall have the option of negotiating a change in compensation to be paid to the CONSULTANT for the balance of the Services to be performed hereunder. No increase in compensation to the CONSULTANT shall be allowed unless it is based upon clear and convincing evidence of an increase in the CONSULTANT's costs attributable to the aforesaid suspension(s).

SECTION 9 - CLAIMS AND DISPUTES/REMEDIES.

- 9.1 CLAIMS AND DISPUTES. Any claims, disputes and/or matters in question between the parties arising out of or relating to this Contract, including claims for extra compensation, shall be filed in writing by the aggrieved party to the other party within forty-five (45) days of its occurrence. Should such claims not be formally submitted within said forty-five (45) day period, the aggrieved party agrees not to make such claim against the other party at any time in the future. Should any claim or dispute not be mutually resolved between the parties within sixty (60) days thereafter, the aggrieved party shall then seek to resolve the matter in accordance with the "Remedies" provisions of this Contract.
- 9.2 REMEDIES. Except as provided in Section 9.1 herein, all claims, disputes and/or matters in question between the CITY and the CONSULTANT arising out of or relating to this Contract, or the breach of it will be decided by Mediation if the parties hereto mutually agree, or in a court of competent jurisdiction. Venue for any dispute or formal litigation concerning this contract shall be in the appropriate court with territorial jurisdiction over the City of St. Pete Beach, Florida. In the event of a dispute or litigation, each party to such dispute or litigation shall be solely responsible for its own attorneys' fees and costs. This contract shall not be construed for or against any party hereto, without regard to which party is wholly or partly responsible for its drafting.

SECTION 10 - INDEMNITY AND INSURANCE.

- 10.1 GENERAL. To the fullest extent permitted by Florida law, the CONSULTANT shall indemnify and hold harmless the CITY and its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONSULTANT and other persons employed or utilized by the Consultant in the performance of the contract.

10.2 INSURANCE. The CONSULTANT will possess or obtain and continuously maintain the following insurance coverage, from a company or companion authorized to do business in the State of Florida, and will provide Certificates of insurance to the CITY, evidencing such insurance, within fifteen (15) days following the CONSULTANT's receipt of Notice to Proceed on the Assignment from the CITY. The insurance coverage shall contain a provision, which requires that prior to any changes or material alterations in the coverage, except aggregate coverage, thirty (30) days prior written notice will be given to the CITY. Specific insurance requirements may include:

- a. WORKER'S COMPENSATION. The CONSULTANT must provide Worker's Compensation for all employees at the site location, and in case any work is subcontracted, will require the Subcontractor to provide Worker's Compensation for all of its employees.
- b. COMMERCIAL GENERAL LIABILITY. The CONSULTANT must provide coverage for all operations as detailed in the Scope of Services including, but not limited to, Contractual, Products and completed Operations and Personal Injury. The limits will be not less than \$2,000,000 Combined Single Limit (CSL) or its equivalent.
- c. AUTOMOBILE LIABILITY. The CONSULTANT must provide coverage for all owned and non-owned vehicles for limits of not less than \$1,000,000 CSL or its equivalent.
- d. PROFESSIONAL LIABILITY INSURANCE. Annual Professional Liability Insurance must be maintained with coverage in an amount as detailed in the City of St. Pete Beach Request for Qualifications (RFQ) titled "Engineering and Consulting Services". Said Professional Liability Insurance shall provide for all sums which the CONSULTANT shall be obligated to pay as damages for claims arising out of negligent performance by the CONSULTANT, or any person or subcontractor employed by the CONSULTANT, in conjunction with this Contract. This insurance shall also be maintained for a minimum of three (3) years after completion of the CONSULTANT's services and/or construction and acceptance of the facilities designed by the CONSULTANT under the scope of this Contract including any amendment thereto.
- e. CERTIFICATES OF INSURANCE. The CONSULTANT shall furnish all Certificates of Insurance forwarded directly to the following:

City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

with information copied to the Designated Representative identified in this Contract. The Certificates shall clearly indicate that the CONSULTANT has obtained insurance of the type, amount and classification required by these provisions.

SECTION 11 - NEGOTIATION DATA.

11.1 The CONSULTANT hereby certifies, covenants and warrants that accounting documentation and supporting data which has established compensation provided for in this Contract are accurate, complete and current as of the date of negotiation of the compensation terms contained in this Contract. It is further agreed that the CONSULTANT's compensation under this Contract may be adjusted to exclude any significant sums where the CITY determines the CONSULTANT's compensation was increased due to inaccurate or incomplete wage rates and other factual unit costs. All such price adjustments shall be made prior to the end of this Contract. Records of costs incurred under the terms of this Contract shall be maintained and made available to the CITY during the period of this Contract and for five (5) years after final payment is made.

11.2 Copies of these documents and records shall be furnished upon request to the CITY at no cost. For the purpose of this Section, the end of this Contract shall be deemed to be the date of final acceptance of the work by the CITY.

SECTION 12 - OWNER OF DOCUMENTS.

12.1 It is understood and agreed that all documents, including detailed reports, plans, original drawings, survey field notebooks and all other data other than working papers, prepared or obtained by the CONSULTANT in connection with its services hereunder, shall be delivered to, or shall become the property of the CITY prior to final payment to the CONSULTANT. The CONSULTANT shall retain reproducible copies of all Documents for its files at Direct Reimbursable Cost. All Documents including drawings prepared by the CONSULTANT pursuant to this Contract are instruments of service in respect to the services described in the Assignment. Any reuse without written verification or adaptation by the CONSULTANT for the specific purpose intended will be at CITY's sole risk and without liability or legal exposure to the CONSULTANT; and the CITY shall indemnify to the maximum extent permitted by law and hold harmless the CONSULTANT from all claims, damages, losses and expenses including attorney's and expert's fees arising out of or resulting therefrom. Any such verification or adaptation by the CONSULTANT will entitle the CONSULTANT to further compensation at rates to be agreed upon by the CITY and the CONSULTANT.

12.2 Any Documents given to or prepared or assembled by the CONSULTANT and its subcontractors under this Contract shall be kept solely as property of the CITY and shall not be made available to any individuals or organizations without the prior written approval of the CITY.

12.3 The CONSULTANT may maintain copies of all work performed under this Contract for the CITY.

12.4 The CONSULTANT shall not publish any information concerning this project without the prior written consent of the CITY.

12.5 The CONSULTANT should abide by the Florida Public Records law, more fully described in "Exhibit C."

SECTION 13 - STANDARDS OF CONDUCT.

13.1 CONSULTANT EMPLOYEES. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this Contract and that the CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee working solely for the CONSULTANT any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award of making of this Contract.

13.2 EMPLOYMENT ELIGIBILITY. The Consultant shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.
- b. Subcontractors (i) Consultant shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Consultant with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of one (1) year after date of termination.

- 13.3 **CONSULTANT COMPLIANCE WITH LAWS.** The CONSULTANT shall comply with all Federal, State and local laws and ordinances in effect on the date of this Contract and applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex or national origin in the performance of work under this Contract.
- 13.4 **CONFLICT OF INTEREST.** The CONSULTANT hereby certifies that no undisclosed conflict of interest exists with respect to the present Contract, including any conflicts that may be due to representation of other clients, other contractual relationships of the CONSULTANT, or any interest in property which the CONSULTANT may have. The CONSULTANT further certifies that any apparent conflict of interest that arises during the term of the Contract will be immediately disclosed in writing to the CITY. Violation of this Section will be considered as Justification for immediate termination of this Contract under the provisions of Section 8.1.
- 13.5 **REMOVAL OF EMPLOYEE.** The CITY is empowered to require the CONSULTANT to remove any employee or representative of the CONSULTANT from working on this Assignment which the CITY determines is not satisfactorily performing his assigned duties or is demonstrating improper conduct. The CITY shall notify the CONSULTANT in writing of the CITY's objections prior to the CONSULTANT's removal of any employee or representative.
- 13.6 **PUBLICATION.** The CONSULTANT shall not publish any documents or release information to the media without prior approval of the CITY.

SECTION 14 - ACCESS TO RECORDS/AUDIT.

- 14.1 **RECORDS MAINTENANCE.** The CONSULTANT shall maintain books, records, documents, time and costs accounts and other evidence directly related to its performance of services under this Contract. All time records and cost data shall be maintained in accordance with generally accepted accounting practices. The CONSULTANT shall also maintain the financial information and data necessary to determine overhead rates in accordance with the requirements of Federal and State regulatory agencies and this Contract. The CITY, or any of its duly authorized representatives, shall have access within forty-eight (48) hours to such books, records, documents and other evidence for inspection, audit and copying. Copying of CONSULTANT's books, records, documents, time records and cost accounts and other evidence shall be at the CITY's expense.
- 14.2 **ACCESS TO RECORDS.** The CONSULTANT shall maintain and allow access to the records required under this Section for a period of five (5) years after the completion of the services provided under this Contract and date of final payment for said services, or date of termination of this Contract as may have been exercised under the terms of this Contract.

SECTION 15 - CODES AND DESIGN STANDARDS.

- 15.1 All of the services to be performed by the CONSULTANT shall in the minimum be in accordance with commonly accepted design codes and standards, standards of the CITY and the requirements of any Federal and/or State regulatory agencies in effect as of the date of this Contract. The CONSULTANT shall be responsible for keeping apprised of any changing codes or requirements, which requirements must be applied to the Assignment to be performed under this Contract. Any new codes or requirements becoming effective subsequent to the effective date of this Contract that require an additional level of effort to be performed by the CONSULTANT beyond that covered under the scope of this Contract shall be subject to negotiation for an increase in scope and compensation by an amendment to this Contract.

SECTION 16 - ASSIGNABILITY

- 16.1 The CONSULTANT shall not sublet, assign or transfer any interest in this Contract, without prior written approval of the CITY, provided that claims for the money due or to become due the CONSULTANT from the CITY under this Contract may be assigned to a bank, trust company or other financial institution without such CITY approval. Notice of any such assignment or transfer shall be furnished promptly to the CITY.

SECTION 17 - CONTROLLING LAWS

- 17.1 This Contract is to be governed by the laws of the State of Florida.

SECTION 18 - FORCE MAJEURE

- 18.1 Neither party shall be considered in default in performance of its obligations hereunder to the extent that performance of such obligations, or any of them, is delayed or prevented by Force Majeure. Force Majeure shall include, but not be limited to, hostility revolution, civil commotion, strike, epidemic, fire, flood, wind, earthquake, explosion, any law, proclamation, regulation or ordinance or other act of government, or any act of God or any cause whether of the same or different nature, existing or future; provided that the cause whether or not enumerated in this Section is beyond the control and without the fault or negligence of the party seeking relief under this Section.

SECTION 19 - EXTENT OF CONTRACT

- 19.1 This Contract, together with the RFQ titled "Engineering and Consulting Services" (issued 3/19/2025), the proposal submitted 4/23/2025, and the Exhibits hereinafter identified and listed in this Section 19, incorporated herein and made a part hereof by this reference, constitute the entire Agreement between the CITY and the CONSULTANT and supersede all prior written or oral understandings in connection therewith. This Contract may only be amended, supplemented or modified by a formal Amendment or Change Order to this Contract. The Exhibits supplemental to and made a part of this Contract are as follows:

Exhibit A: Scope of Services.

Exhibit B: Task Order Form.

Exhibit C: 2025 Standard Addendum
Exhibit D: FEMA Grant Provisions

IN WITNESS WHEREOF, the Parties have executed this Contract on the day and year set forth below.

REQUEST FOR QUALIFICATIONS

Engineering and Consulting Services |

REQUEST FOR QUALIFICATIONS SUMMARY

The City of St. Pete Beach is accepting sealed Summary of Qualifications (SOQ) submittals from qualified firms for Engineering and Consulting Services. The City will be selecting at least five (5) firms or more for a three (3) year term with two (2) one-year contract renewal options. |

SUBMITTER INFORMATION

All Submitters must contact the City's Procurement Manager, in writing via e-mail (jtaylor@stpetebeach.org), with their intention to submit, along with their company name and contact information at least ten business days before the submittals are due. The City is not responsible for any Addendums or other supplementary information that is not received due to non-submittal of the aforementioned information. Please refer back to the city website (<http://www.stpetebeach.org/>) for additional project information as it becomes available. The City reserves the right to decide whether to provide addendums or not. The City is not required to provide any additional information.

MANDATORY PRE-SUBMITTAL MEETING

A **MANDATORY** pre-submittal meeting will be held **3/26/2025 at 11:00 AM EST** via TEAMS Video conference/Teleconference. Please contact the City's Procurement Manager (jtaylor@stpetebeach.org) for a meeting invitation and TEAMS Meeting instructions.

QUALIFICATIONS SUBMITTALS

Submittal documents must include all items listed under the Submission Instructions Section of the Request for Qualifications (RFQ).

Submissions should be made electronically either to DemandStar or Bonfire by the due date. Only electronic submissions will be accepted.

The deadline for submissions is at Time **9:00 AM EST on 4/23/2025 (Deadline)**. Any electronic qualifications not received by this deadline will not be accepted – NO EXCEPTIONS.

Clearly marked Each Submittal with the service type you are bidding on.

Electronic submissions will be publicly opened and read right after the submittal deadline.

Openings are typically opened in Commission Chambers and are open to the public to witness, if desired.

WRITTEN REQUESTS FOR INTERPRETATIONS/CLARIFICATIONS

No oral interpretations will be made to any firms as to the meaning of the scope of work or any other contract documents included in this RFQ. All questions pertaining to the terms and conditions or scope of work of this Request for Qualification (RFQ) must be sent in writing (e-mail is acceptable) to the City Procurement Manager and shall be received no later than **10:00 AM EST on 4/16/2025**. Responses to questions may be handled as an Addendum if the response would provide clarification to the requirements of the **RFQ**. All such Addenda shall become a part of the contract documents. The City will not be responsible for any other explanation or interpretation of the proposed **RFQ** made or given prior to the award of the contract. The City will not respond to questions received after the specified deadline. The City reserves the right to respond to any and all questions but is not required to do so.

SCOPE OF WORK

The scope of work consists of providing project specific civil engineering, architectural, mapping and other related services for the City on an as-needed basis for miscellaneous current and future projects. As this contract is issued in accordance with Florida Statutes 287.055, the Consultants' Competitive Negotiation Act, projects issued under the awarded contracts will be limited to those in accordance with limits established for a "continuing contract". The City anticipates awarding multiple contracts within the following categories:

- A. General Engineering Design Services
 - a. Roads including asphalt, concrete, shell permeable alternatives and multimodal implementation.
 - b. Bridges, components above and below the water line including rehabilitation or replacement of all components and inspections.
 - c. Asbestos, lead based paint, petroleum and other hazardous, toxic radioactive waste investigations and remediation services.
 - d. Geotechnical soil investigations.
 - e. Stormwater including all components of conveyance systems for gravity flow and force main pump systems.
 - f. Sanitary including all components of conveyance systems for gravity flow, force main flow, pump stations, lift stations, and air release. All requirements for operational control of pump and lift stations including power and electronic controls.
 - g. Electrical requirements including conventional facilities, transmission, distribution, alternative power sources and emergency power alternatives.
 - h. Vertical Building Construction and Renovation
 - i. All functional aspects
 - 1. Roofing
 - 2. Doors
 - 3. Windows
 - 4. Plumbing
 - 5. HVAC
 - 6. Flooring
 - 7. Electrical
 - 8. Communications
 - 9. Interior and exterior functionality design etc. including LEED technology implementation techniques up to and including certification.
- B. Transportation Planning and Design Services
 - a. Transportation planning for multi-modal forms of transportation (separate or integrated) including pedestrian, bicycle, scooter, skateboard, electric bicycle, motorcycle, internal combustion engine vehicles, hybrid vehicles, electric vehicles, alternative power source vehicles, service vehicles, oversized vehicles and any other means of transportation.

- b. Traffic engineering including management of multi-modal forms of transportation, traffic control, traffic counts and any form of a traffic study or traffic evaluation.
- C. Architectural Design Services
 - a. Building design
 - i. New and renovations, including facilities associated with government services such as
 - 1. City Hall
 - 2. Recreational
 - 3. Library
 - 4. Public Works
 - ii. Inclusion of public art on any type of infrastructure including buildings, walls, streets, sidewalks, parks, seawalls and any other infrastructure.
 - b. Landscaping Design
 - i. Parks
 - ii. Gardens
 - iii. Parking lots
 - iv. Right of ways
 - v. Mechanical heat reduction techniques applicable to hard infrastructure such as streets and sidewalks and soft infrastructure utilizing shade canopy concepts.
- D. Survey Services
 - a. Building
 - b. Land
 - c. Easements, rights of way
 - d. Platting research
- E. Marine Facilities
 - a. Seawalls including concrete, vinyl, sheet pile and living shoreline
 - b. Piers
 - c. Docks, floating or static
 - d. Pilings, individual or group replacement
 - e. Pilings supporting waterway signage, including signage and mountings
 - f. Beach pedestrian and vehicle access ways
 - g. Sand dune restoration, nourishment and preservation techniques including plantings
- F. Community Development and Planning Services
 - a. Plans Review
 - b. Building Inspections
 - c. Permit Review
 - d. Fire and Safety Inspectors
 - e. Workload management assistance, cost for employee support for a-d above
- G. Urban Development Planning
 - a. Comprehensive Plan Review
- H. ADA Compliance Review and Implementation Planning
 - a. Website Compliance
 - b. Physical Compliance
 - c. Review of projects for compliance
 - d. Investigating complaints and recommending corrective action.
- I. Financial Services
 - a. Grant
 - i. Acquisition
 - ii. Identification
 - iii. Writing
 - iv. Submissions
 - v. Management review
 - b. Investor Services

- c. Insurance Policy Review and recommendations, medical, dental, facility, vehicle and other applicable to City management
- d. Financial Audit Services
- e. Risk Management for insurance claims
- J. Information Technology Services
- K. Soil and Material Testing
 - a. Perform foundation excavations to perform design bearing pressure.
 - b. Perform fill density testing of backfill material compaction
 - c. Provide field inspection of reinforced Concrete structures
 - d. Provide concrete and grout material testing services to ensure compliance of materials and placement methods with the contract documents
 - e. Provide proof-rolling observations and corrective recommendations/Ground Water presence and corrective action recommendations if necessary
 - f. Soil boring for soil type identification and rock
 - g. Others related soil and material inspections, other specialty inspection services (masonry, steel reinforcement, asphaltic pavement, etc.
 - h. In-place density test
 - i. Modified proctor tests
 - j. Three (3) point LBR tests
 - k. Compressive strength tests for concrete cylinders
 - l. Environmental Testing/monitoring/ (asbestos, lead, water contamination, pollution/chemical testing, and other environmental
 - m. Other tests that may be required.
 - i. All geotechnical and Material Testing will be performed under the direct supervision of a Licensed Professional Engineer in the St. of Florida.
 - ii. All testing shall be performed in accordance with United States Bureau of Reclamation (USBR or their ASTM or AASHTO equivalent Test.
 - iii. Contractors shall provide certified personnel to perform all field and laboratory testing services. Include all safety and training and all other pertinent laboratory training.
 - iv. Contractor is responsible for vehicular transportation to and from each project site including collection and hauling of all test specimens, as required.
 - v. Contractor shall possess all computer hardware, software , printers/plotters, scanners, copiers and trained personnel to provide digital or hard copy test results including field notes, sketches, electronic data files, AutoCAD exhibits, maps certified test results, etc. ...as requested by the City.
 - vi. Other test requirements as requested by the City of St. Pete Beach.

Each Submitter must identify in its submittal which categories it wants to be considered and evaluated for. Each submitter may identify more than one category if it can provide said services.

Consulting firms will be working on an as-needed basis, and this contract does not guarantee the consultants selected a minimum number of projects. Consulting firms may also be asked to provide engineers for emergency inspections following a natural disaster. The City reserves the right to issue separate engineering contracts for specific services at the city's sole discretion.

The consulting firm shall assist the City towards solutions to engineering problems and the approach or technique to be used towards accomplishing the City's objective for each project or assignment. The engineering services may include, but not be limited to, design, surveys, reviews, construction specifications, emergency inspections, and permitting. |

MINIMUM QUALIFICATIONS

SOQs will be considered from firms normally engaged in implementing the services requested. To be eligible for award, submitters must:

1. Be licensed in the State of Florida
2. Possess a minimum of five (5) years' experience in performing similar work
3. Have completed three (3) projects in the past five (5) years of a similar size, scope and complexity (See Section III for sample projects anticipated to be issued as Task Orders under awarded contracts).

Submitters shall present their SOQ as outlined in the submission instructions section of this document. Respondents must have adequate organization, facilities, equipment and personnel to ensure prompt and efficient service to the City of St. Pete Beach. The City reserves the right, before recommending any award, to inspect the facilities and organization or to take any other action necessary to determine ability to perform in accordance with the specifications, terms, and conditions of the Contract. The City of St. Pete Beach will determine whether the evidence of the ability to perform is satisfactory and reserves the right to reject all SOQs.

SUBMISSION INSTRUCTIONS

The purpose of this section is to provide information related to the qualifications of interested firms to perform the service requested herein. Response to all subsets of this section is mandatory. Failure to provide the requested information may result in a submittal being deemed non-responsive. A non-responsive submittal will not receive further consideration. Upon submission, all submittals become the property of the City of St. Pete Beach and are subject to public records laws. All expenses, including travel expenses for interviews, incurred in the preparation of the submittal shall be borne by the submitter.

The following information shall be provided in the order detailed:

- a. **Title Page** - List the RFQ subject, the name of the firm, local address, telephone number, name of contact person, and e-mail address of contact person.
- b. **Table of Contents** – Include a clear identification of the material included in the submittal by page number.
- c. **Letter of Interest** – Limit one (1) page. Make a positive commitment to perform the required work. Also provide the name(s) of the person(s) who will be authorized to make representation for your firm, their title, telephone number, and e-mail address.
- d. **Statement of Qualifications and Profile of Firm** – Limit eight (8) pages. State the size of staff, number of registered professionals and overall experience of the assigned staff for this assignment. Include technical background, experience information, and other applicable data on proposed personnel and any proposed sub-consultants. Include an organizational chart of the project team and describe the communication processes to be used within the project team. State whether your firm is local, national or international in size. Give the location of the office from which the work is to be done.
- e. **Services Approach** – Limit five (5) pages. Include a general synopsis of the firm's approach and understanding of the work required. Include the firm's Quality Assurance Control program or policy.
- f. **References** - Limit ten (10) pages. Provide information for those projects which have been successfully completed which are similar to those required under this assignment. Please include projects recently completed within the last five (5) years. Additionally, document that the respondent has provided services for three (3) contracts to other local governments similar to this contract. References shall include:

- i. Client name, address, phone number, e-mail address.
 - ii. Description of the scope of the work.
 - iii. Month and Year the project was started and completed.
 - iv. Total cost and professional service fees paid.
 - v. Role of the firm and the responsibilities.
- g. **Insurance Requirements** – Provide proof of insurance in accordance with the insurance requirements section included in this RFQ.

Full resumes are to be attached as exhibits to the Submittal. Please provide the brief descriptions and information as stated. Additional exhibits to the submittal are acceptable, however, any attachments provided do not take the place of the written requirements as listed above. Resumes are not to exceed two (2) pages per person.

Please direct all technical inquiries concerning this RFQ in writing to the City Contact listed above. Questions must be submitted no later than ten (10) days prior to the submittal due date.

EVALUATION AND SELECTION OF CONSULTANT

A City review team will evaluate each firm's SOQ based upon the criteria stated in this RFQ and the ability to execute the services. As part of the evaluation process, the team may request a sit-down interview with prospective firms. Following the evaluation process, the City will then select the firm(s) considered most qualified. The successful firm(s) will be required to enter into a contract similar to the one included in this RFQ. The City reserves the right to negotiate modifications to any SOQ that it deems acceptable. The City reserves the right to terminate negotiations in the event it deems the progress towards a contract to be insufficient.

Submittals will be evaluated in accordance with the criteria listed below:

- Qualification of the Project Team
- Qualifications of the Sub-Consultants
- Firm's Experience Working on Public Works Projects
- Firm's Experience Working with the City of St. Pete Beach
- Quality Assurance Control Program/Policy
- Applicable Project References that reflect and demonstrate the Firm's competence in the design/engineering focuses requested by the City.
- Applicable Contract References that reflect and demonstrate the Firm's past performance on other local government contracts.
- Location of Firm
- Quality of SOQ – firm met all requirements requested under Submission of Submittals

RESERVES THE RIGHT

The City reserves the right to reject any and all submittals, or any part of any submittal, to waive any irregularities or informalities in any submittal, and to accept that submittal which is deemed to be the most qualified and in the best interest of the City. The City of St. Pete Beach reserves the right to establish additional contracts that may be similar in nature to any contract resulting for this Request for Qualifications as best serves the needs of the City.

DESIGNATED CONTACT

The awarded firm shall appoint a person to act as a primary contact with the City. This person or back-up shall be readily available during normal working hours by phone or in person and shall be knowledgeable of the terms of the RFQ and the services being requested.

INSURANCE REQUIREMENTS

Include in proof of Insurance furnished by the firm's carrier to guarantee the engineering firm is insured.

The awarded firm must file with the City of St Pete Beach certificates of insurance prior to commencement of work evidencing the City as a certificate holder as additionally insured with the following minimum coverage:

Commercial General Liability Insurance coverage, including but not limited to premises operations, products/completed operations, product liability, contractual liability, personal injury, death in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 general aggregate.

Commercial Automobile Liability Insurance for any owned, non-owned, hired or borrowed automobile in the minimum amount of \$1,000,000 combined single limit.

Worker's Compensation/Employer's Liability Insurance as required by Florida Law for all applicable employees, agent, representatives and subcontractors, if any.

Professional Liability Insurance the Consultant will carry professional liability Errors and Omissions Insurance during the terms of this Agreement which will cover liability for any damage or non- performance on account of any error, omission, or other provable negligence caused by the Consultant in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 general aggregate

INDEMNIFICATION

The Respondent shall hold harmless the City, its officers and employees, from liabilities, damages, losses and costs, including but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Respondent and any persons employed or utilized by the Respondent in the performance of the Contract.

ASSURANCES

The responding firm shall provide a statement of assurance that the firm is not presently in violations of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida and ordinances and regulations of the City of St. Pete Beach will apply.

LOCAL, STATE AND FEDERAL COMPLIANCE REQUIREMENTS

The Consultant shall comply with all local, state, and federal directives, orders and laws as applicable to the Contract.

Compliance with Fla. Stat. 448.095:

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Consultant must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp>, to verify the employment eligibility of all employees hired on or after January 1, 2021 during the term of this Agreement.
- b. Subconsultants:
 - i. Consultant shall also require all subconsultants performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement.
 - ii. Subconsultants shall provide Consultant with an affidavit stating the subconsultant does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095

- iii. Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat.448.05 by January 1, 2021. Evidence may consist of, but is not limited to, providing notice of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs (if necessary). Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of 1 year after date of termination.

PROJECT RECORDS

The awarded firm shall maintain auditable records concerning the procurement to account for all receipts and expenditures, and to document compliance with the Contract. These records shall be kept in accordance with generally accepted accounting methods, and the City of St. Pete Beach reserves the right to determine the record-keeping method in the event of non-conformity. These records shall be maintained for three (3) years after final payment has been made and shall be readily available to City personnel with reasonable notice, and to other persons in accordance with the Florida Public Disclosure Statutes.

Upon completion of the project, all reports, studies, recommendations, forms, and other project specific information will need to be submitted in paper and in an electronic file format (PDF) on USB storage device or web-based archive.

DEVIATIONS FROM SPECIFICATIONS

Respondents shall clearly indicate, as applicable, all areas in which the items/services proposed do not fully comply with the requirements of this RFQ. The decision as to whether an item fully complies with the stated requirements rests solely with the City.

NO COLLUSION

By offering a submission to this Request for Qualifications, the responder certifies that no attempt has been made or will be made by the responder to induce any other person or firm to submit or not to submit a submission for the purpose of restricting competition. The only person(s) or principals(s) interested in this submission are named therein and that no person other than those therein mentioned has/have any interest in this submission or in agreement to be entered. Any prospective firm should make an affirmative statement in its proposals to the effect that, to its knowledge, its retention would not result in a conflict of interest with any party.

BACKGROUND CHECKS

The Code of Ordinances may require a Consultant or sub-consultant who performs work in or on City property to provide a criminal background check for any employee of the company who will do the work in or on city property. Criminal background checks shall mean a level (1) one background check as defined by F.S. § 435.03. The Consultant shall, at its expense, obtain a criminal background check for each of its employees having access to City property prior to beginning the work, and depending on the contract's term, on an annual basis thereafter. The Consultant must ensure a similar background check has been done of its subconsultants' employees who will have access to City property.

The Consultant shall be required to submit an affidavit on the form provided certifying that background checks

shall be completed for all employees who will perform work on city property. The Consultant shall conduct the background checks prior to any work being performed. Consultant shall maintain such records during the contract period and for one year thereafter and shall make such records available for inspection and verification by City.

If such a check reveals a conviction or a plea of nolo contendere, regardless of when the plea or conviction occurred, which includes a felony or misdemeanor involving terrorist behavior, violence, use of a dangerous weapon, crimes of moral turpitude or breach of trust/fiduciary responsibility or which raises concerns about building, system, or personal security or is otherwise a job-related crime, the awarded Proposer shall not assign the individual to any City property. If such a check reveals any of the foregoing after access has already been granted, any access privileges already granted shall be immediately revoked and shall not be reinstated without the City's express written authorization. In the event that the Proposer intends to hire new personnel to perform the required services, the background checks should be initiated at the time of the hire.

The City reserves the right to approve or disapprove whether the Consultant's employees perform the services for the City. Disapproval would apply solely to this contract and shall have no bearing on the Proposer's employment of an individual outside of this contract.

CONE OF SILENCE

During the course of a competitive solicitation, a Cone of Silence shall apply as follows:

A Cone of Silence shall be in effect during a Competitive Solicitation beginning upon the advertisement for requests for proposals, requests for qualifications and competitive bids. The Cone of Silence shall terminate at the time the City Commission makes final award of a bid or gives final approval of a contract or contract amendment, rejects all bids or responses to the Competitive Solicitation, or takes other action which ends the Competitive Solicitation. The Cone of Silence shall continue through the negotiation phase for requests for proposals and requests for qualifications and shall not end until the Commission gives final approval of the contract.

Any person or entity that seeks a contract, contract amendment, award, recommendation, or approval related to a Competitive Solicitation or that is subject to being evaluated or having its response evaluated in connection with a Competitive Solicitation, including a person or entity's representative shall not have any communication with any City Commissioner, the City Manager and their respective support staff or any person or group of persons appointed or designated by the City Commission or the City Manager to evaluate, select, or make a recommendation to the City Commission or the City Manager regarding a Competitive Solicitation.

The Cone of Silence shall not apply to written or oral communications with legal counsel for the City or the Purchasing Manager for the City.

Any action in violation of this section shall be cause for disqualification of the bid or the proposal. The determination of a violation shall be made by the City.

PUBLIC RECORDS/CONFIDENTIAL INFORMATION

Florida law provides that municipal records shall at all times be open for personal inspection by any person, unless otherwise exempt. Information and materials received by the City in connection with a Proposer's response shall be deemed to be public records subject to public inspection. However, certain exemptions to the public records law are statutorily provided for in Section 119.07, Florida Statutes. Florida Statutes provide an exemption from public records law for sealed bids, proposals, or replies received by an agency pursuant to a competitive solicitation until such time as the agency provides notice of an intended decision or until 30 days after opening the bids, proposals, or final replies, whichever is earlier.

If the Proposer believes any of the information contained in the response is exempt from the Public Records Law,

then the Proposer must in the response specifically identify the material which is deemed to be exempt and cite the legal authority for the exemption, otherwise, the City will treat all materials received as public records.

PUBLIC ENTITY CRIMES INFORMATION STATEMENT

A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a Proposer, supplier, sub-consultant, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for category two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

CONFLICT OF INTEREST

The Proposer acknowledges and confirms that they presently have no interest and shall not acquire any interest, directly or indirectly, which would conflict in any manner or degree with the performance of the services hereunder. The Proposer further covenants that no person having any such known interest shall be employed or conveyed an interest, directly or indirectly, in the contract.

No contract will be awarded to a Proposer who has City elected officials, officers or employees affiliated with it, unless the Proposer has fully complied with current Florida Statutes and City Ordinances relating to this issue. Proposers must disclose any such affiliation. Failure to disclose any such affiliation will result in disqualification of the Proposer and removal of the Proposer from the City's Proposer's List and prohibit the proposer from engaging in any business with the City.

TERMINATION

The resulting contract may be canceled by the City when:

- Sufficient funds are not available to continue its full and faithful performance of the contract.
- Sub-standard or non-performance of contract.
- The City wishes to terminate at any time and for any reason, upon giving thirty (30) days prior written notice to the Consultant.

FISCAL NON-FUNDING

If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Contract immediately upon written notice to the Consultant.

SUBMITTAL WITHDRAWAL

After submittals are opened, corrections or modifications to submittals are not permitted, but a respondent may be permitted to withdraw an erroneous submittal prior to the award by the City Commission, if the following is established:

- a. The respondent acted in good faith in submitting the submittal;
- b. In preparing the submittal there was an error of such magnitude that enforcement of the submittal would result in severe hardship upon the respondent;

- c. The error was not the result of gross negligence or willful inattention on the part of the respondent;
- d. The error was discovered and communicated to the City within twenty-four (24) hours of submittal opening, along with a request for permission to withdraw the submittal; and
- e. The respondent submits documentation and an explanation of how the error was made.

TAXES, FEES, CODES, LICENSING

The Consultant shall be responsible for payment of all required permits, licenses, taxes, or fees associated with the project. The Consultant shall also be responsible for compliance with all applicable codes, laws, and regulations.

CONTRACT MODIFICATIONS

The Continuing Contract for Professional Design Services by which the selected contractors will be bound by is attached. Any requested changes must be negotiated and completed during the solicitation process via addendums. No changes to the contract will be made after the submittal deadline.

III. SERVICE TYPES

Some of the Services required of the Consultant within the technical areas identified above include, but are not limited to, the following:

- Prepare feasibility and conceptual planning documents.
- Provide research, attendance at meetings, and preparation of presentation materials, reports and correspondence.
- Prepare and/or assist with the preparation of grant applications and attendance at meetings with grant officials.
- Assist in the review and development of ordinances.
- Provide public education/notification assistance.
- Prepare engineering designs, calculations, plans and specifications, contract bid documents, and cost estimates.
- Prepare base maps, preliminary layouts, estimates of probable costs, engineering analysis and alternatives as requested.
- Submit construction documents as needed to the City and other agencies having an interest or jurisdiction over the project.
- Prepare short-term and long-term planning documents, master plans, or provide input to the City's master plans, capital improvement program, and maintenance needs.
- Participate in construction administration as required by the City.
- Prepare formal or informal feasibility studies as necessary to assist the City in responding to capital improvement needs.
- Analysis of existing infrastructure and available capacity to serve proposed capital improvement projects.
- Prepare legal descriptions, exhibits, and surveys.
- Provide expert witness testimony.
- Prepare appropriate permitting documents and obtain and/or assist the City in obtaining permits from applicable agencies.
- Represent the City with regulatory agencies.
- Prepare periodic project status reports.
- Prepare and furnish bidding documents and assist the City in the preparation of other related documents.
- Attend bid openings, prepare bid tabulation sheets, and assist the City in the evaluation of bids or proposals.
- Issue addenda as appropriate to clarify, correct, or change the bidding documents.
- Participate in pre-construction conference as requested by the City.
- Review and determine acceptability of construction submittals, including shop drawings, progress schedule, schedule of values, etc.
- Review and provide recommendations to request for information, request for changes, and claims to the City arising during construction activities.
- Make periodic construction site visits for the purpose of determining general compliance with the approved drawings, plans, and specifications as requested by the City.
- Review as-built drawings provided by the construction contractor and provide written comments to the City.
- Provide services related to construction administration and inspections, and/or specialty inspection.
- Provide project management services and act as an extension of the City's staff for the design, bidding, and construction management of municipal projects as requested by the City.

IV. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES
THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER
OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: _____
(Print individual's name and title)

for: _____
(Print name of entity submitting sworn statement)

at: _____
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in Section 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid, proposal, reply, or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Section 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in Section 287.133 (1)(a), Fla. Stat., means:
- a. A predecessor or successor of a person convicted of a public entity crime or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☐ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLA. STAT., FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

I state that I, _____ of _____,

(Name and Title)

(Name of Firm) |

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication, or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. _____, its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material, important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

VI. Sample Agreement

Behind this page

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

Title of Agreement

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and (Vendor Name Here). (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Standard Form Addendum. The attached Standard Form Addendum, which contains all the Florida Statutorily required provisions applicable to this Agreement, is attached hereto as Exhibit "A" and its provisions modify and supplement this Agreement.
3. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:
 - a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit "B") in the amount of \$().
 - b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
 - c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the exception of changes caused by inclement weather.

- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.
 - e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.

8. Warranties.
- a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective.
 - b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 12 months of the agreement.
10. Term. This Agreement will remain in effect for a period of (3) three years with (2) two, (1) one year extensions from the Effective Date.]
11. Effective date. The “Effective Date” of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
- a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in accordance with the payment schedule provided in the attached proposal, City shall pay

Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.

16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additionally named insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, such sum being specifically found by Contractor to be sufficient consideration for this indemnification, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages compensation or benefits payable by or for the Contractor or any subcontractor under Workers'

Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved, and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity."

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor's funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified public accountant selected by the City. The Contractor must allow the City to inspect, examine

and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Standard Form Addendum (Exhibit “A”)
- b. Request for Bid (Exhibit “B”)
- c. Vendor Proposal (Exhibit C)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

As to Contractor:

As to City:

City Manager
City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney’s fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of counterparts, each of which so executed and delivered shall be deemed to be an original and all of

which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the Section 15 of the Standard Form Addendum, Exhibit "A", and that the facts stated in it are true.

EXHIBIT “A”

CITY OF ST. PETE BEACH, FLORIDA
STANDARD CONTRACT ADDENDUM

THIS STANDARD CONTRACT ADDENDUM is made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth certain mandatory limitations on indemnification and liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the

nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

Amber LaRowe
City Clerk/Public Records Custodian
cityclerk@stpetebeach.org

Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance Indemnification. Contractor agrees to indemnify and hold the City harmless against any and all claims, damage awards, and causes of action arising from the contractor's failure to comply with the public records disclosure requirements of Section 119.07(1), Florida Statutes, or by contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorneys' fees and costs arising therefrom. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of this section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with

Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. Contractor hereby certifies that Contractor is not listed on any of the following: (i) the Scrutinized Companies that Boycott Israel List, (ii) Scrutinized Companies with Activities in Sudan List, or (iii) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". CONTRACTOR shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

- A. None.

ADDENDUM I

CCNA-Engineering and Design RFQ

Issued 03/27/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Attendees List (on Next Page)

Mandatory Pre-Bid Meeting
RFQ: Engineering and Consulting Services
Attendees List
March 26, 2025
11:00 AM

1. Dennis Kile – Greenman Pederson (GPI)
2. Alistair Brice – Halff
3. Alberto Miron – Applied Research Associates (ARA)
4. Teresa Beckham – Team Fishel
5. Brett Warner – NorthStar Contracting Group
6. Howard Hartung – Hyatt Survey Services, Inc.
7. Russell Hyatt – Hyatt Survey Services
8. Sarah Davenport – Traffic & Mobility Consultants
9. Farrah McBride – Tierra
10. Ernie Hoch – Jones Edmunds
11. Steve Darman – Team Fishel
12. Bonni Funt – TSFGeo
13. Chris Bridges – BCC Eng
14. Rosa Villarreal – Team Fishel
15. Lia Young – NorthStar Contracting Group,
16. Kai Belew – LJA Engineering,
17. Cat Olnick – Cummins Cederberg Coastal & Marine Engineering
18. Rob Rosner – Florida Design Consultants
19. Tracey Burghy - Willdan Engineering
20. Marilyn Etheridge - Master Consulting Engineers
21. Ronald Stein - Willdan Engineering
22. Victoria Haney - MES Group
23. Matthew Ivie - Ayres Associates Inc
24. Walter Nickel - Wright-Pierce,
25. Jonathan Langston - George F. Young
26. Christopher Gamache - Stantec
27. Mim Hall - Gahagan & Bryant Associates (GBA)
28. Terri Cook - Pennoni
29. Nick Charnas – Halff
30. Justin Keller – Advanced Engineering & Design, Inc.
31. Danielle Joyce - Transpology (WBE),
32. Kyle Matheny - Kimley-Horn and Associates
33. Herbert Raybourn - RESPEC
34. Sara Hoffman - LJA Engineering
35. Allison Shaw - David Mason
36. Robin Crawford - Bayer United Engineering Consultants
37. Dana Whitaker - CivilSurv Design Group
38. Daniel Hoeflich - Volkert
39. Michelle Eguia - Colliers Engineering & Design

40. Nick Harrison - American Structurepoint,
41. Cody Stewart - Advanced Engineering & Design, Inc.
42. Tim Harley - Weston & Sampson
43. Patrick O'Connor - American Structurepoint, Inc.
44. Dikran Kalaydjian - Land & Water Engineering Science
45. Brandyn Littleton – Halff
46. Nik Gervais - Gervais Ventures
47. Quinlyn Lally - CMTA, Inc.
48. Sean Lahav - Halff,
49. Gresham Neal - Ayres Associates,
50. Jason Collins - ADEAS-Q,
51. Sarah Head - Halff
52. Karina Tijerino - BCC Engineering
53. Rafal Kadaj - Advanced Engineering & Design, Inc
54. Mayur Patel - GPI, Inc.
55. Aaron Getchell - Halff Associates, Inc.
56. Elie Araj - Applied Sciences Consulting
57. Andrea Hall - Professional Service Industries, Inc.
58. Caitlin Caserta - Tectonic Engineering
59. Greg Stevens - Colliers Engineering & Design
60. Awet Tsegay- Pennoni
61. Leslie Cleveland - Stantec Consulting Services Inc
62. Kara Rider - Goodwyn Mills Cawood
63. Soctt Stannard - Goodwyn Mills Cawood
64. Tom Burke – Stantec
65. Christian Chandler – Atkins Realis
66. Greg Stannard - Goodwyn Mills Cawood, LLC
67. Martin Steffen - Halff
68. Jason Sheridan - Pennoni Associates, Inc
69. Joseph Foster - J Foster Consulting
70. Antonio Serbia - PE, Wright-Pierce
71. Bruno Arriola - DRMP
72. Daniel Rundle - Certa Building Solutions
73. Toni Farber - Master Consulting, Inc
74. Alisa Folden - Mead & Hunt
75. Awet Tsegay - Pennoni Associates,
76. Elaina Burton - DRMP
77. Codi Barron - Applied Sciences Consulting, Inc
78. Gabe Luger PE - Certa Building Solutions
79. Gustavo Llanos - BCC Engineering, LLC
80. Luis Mendez - Certa Building Solutions
81. Scott Garth - DRMP
82. Michael Gomez - Tectonic Engineering Consultants
83. Chris Albers - Wunderlich-Malec Engineering
84. Christina Newcomb - Applied Sciences

- 85. Adeola Adeyemi - George F Young

ADDENDUM II

CCNA-Engineering and Design RFQ

Issued 03/31/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Conflicts: By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer from Pre-Bid Meeting

Questions and Answers from Pre-Bid Meeting

Will the City elaborate on item "J. Information Technology Services" so the consultants can ensure the correct experiences and staff are included in their response? **This has been taken off the RFQ per Addendum 3.**

➤ You stated in the meeting that at least 5 companies will be awarded. Is that 5 companies total or 5 companies for each discipline? **Total of 5 or more depending on the need of the City.**

➤ Do you need to be able to provide all services listed under each category? I.e. Could an MEP Engineering Design firm just submit for just Category A, Subcategory h – 4. Plumbing; 5. HVAC; 7. Electrical; 8. Communications. **We will look at this on an as needed basis in the needs of the City. If a category truly needs only one vendor, then that is what the City will strive for. In other areas, we may split a category depending on the number of bidders we have.**

➤ Is there more information regarding the evaluation and scoring? Are all the criteria of equal weight? **In most scoring situations we look at years in business, background of staff, references, previous projects etc. They are not equal scoring. Some will be worth 50% others worth 5 % for instance.**

➤ Can you tell us who were the previous RFQ winners? **The last time this was bid was in 2020. Winners were Kimely Horn, Halff, Stantec, Hyatt, George F Young, Cardno**

➤ Will SBE/DBE certifications be a factor in the grading criteria for this solicitation? **No. SBE/DBE certification will not be a factor.**

➤ If submitting for multiple services, do we need to submit a package for each service? **Can be a combined Package as long as each section is noted.**

➤ If submitting for multiple services, is the page limit for each service or the entire package? **Each Service**

➤ Is this meeting mandatory for attendance by subconsultants also, or just prime firms? **Just Prime Firms**

- Is there a forecast of anticipated upcoming projects? Projects are budgeted each year for the upcoming year starting the first of Oct. All projects are approved or disapproved by the Commission.
- Is this utilizing Florida's new Continuing Services limit of projects under \$7.5 million? Yes
- Will any other municipalities piggy-back off of this contract? All of St. Pete Beaches Contracts can be Piggyback'd onto. There is no interest at this time from any municipality to do so.
- Is design build a desired category? No. design-build projects will be competitively bid separately from the CCNA contract.
- What City staff will be on the evaluation committee? It will be the Department Directors as well as the Acting Assist. City Manager
- Since the prime consultant has the opportunity to submit on select disciplines, does the City expect that subconsultants will be utilized on his contract? That is Correct
- Any bonding requirements for design build? N/A
- Will the addendum include a list of attendees to this presubmittal meeting? YES. It will be a separate addendum. This was posted on Addendum 1

Category F. Community Development and Planning Services has a workload management assistance section. Please provide a better description of what is required for this service. This has been taken off the RFQ per Addendum 4

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM V

CCNA-Engineering and Design RFQ

Issued 04/09/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer

1. Do tabs count toward the overall page count? – **No.**
2. Can we list continuing service contracts for project experience if the overall contract is ongoing but tasks underneath it are completed? – **Yes.**
3. Please confirm if the 10 pages for references and similar projects should be used for 10 projects, or if there is a certain number of projects the City would like to see. –
There is not a certain number of projects the City would like to see. A minimum of (3) contracts to other local governments like this contract are required.

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM VII

CCNA-Engineering and Design RFQ

Issued 04/09/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer

Extension of due date on last page.

Please confirm which sections get increased page numbers based on the number of categories pursued. For example, if a firm pursues main categories A, B, C, D, are all section page limits increased to 4 times the original limit? Does this make the Letter of Interest 4 pages, Statement of Qualifications and Profile of Firm 24 pages, Services Approach 20 pages, and References 40 pages? Also, does this include the sub-categories (a, b, c, d, e, etc) or just the main categories (A, B, C, D, etc)?

Title Page = 1 page

Table of Contents = 1 page

Letter of Interest = 1 page

Statement of Qualifications and Profile of Firm = 8 pages

Services Approach = 5 pages per service category pursuing (A, B, C, D, E, F, G, H, I, J, K).

References = 10 pages

Insurance Requirements = minimum necessary

Resumes = 2 pages per person

In regard to the latest addendum 6, Q#3, below, can you provide clarification on whether you are looking for one-off project examples or continuing contracts only for the reference section? The verbiage is a bit confusing. Also, do we need to be the prime firm on our references, or can we be a subconsultant? – **One-off project examples or relevant continuing contract examples are both acceptable. If you're not the prime firm on your references, please specify that.**

.Please confirm if the 10 pages for references and similar projects should be used for 10 projects, or if there is a certain number of projects the City would like to see. –

There is not a certain number of projects the City would like to see. A minimum of (3) contracts to other local governments like this contract are required."

Would the City please consider reissuing and replacing the sample contract with one which consists of terms and conditions relevant to design professional services and compliant with Florida Statutes? The sample agreement provided in this RFP has terms and conditions that are not in compliance with Florida Statutes, including Section 17 Indemnification which is in conflict with the Indemnification provision stated in the RFQ. The sample contract terms and conditions apply to construction contractor work and are not relevant to design professional services. – **This will be updated and an amendment will be published under a separate Addendum #**

Would the City please consider removing the Addendum II conflicts requirement, issued on 03/31/2025? We believe that this provision is unreasonable to comply with for all multidisciplinary engineering firms both presently or during the term of the contract that may work with the Florida Department of Transportation, Pinellas County Utilities, Forward Pinellas, Duke Energy, Frontier, Pinellas County Transportation, and City of St. Petersburg. The Addendum #2 will be changed. It will be added in another addendum

Can the organizational chart that is required to be included in Section d. Statement of Qualifications and Profile of the Firm be included on an 11" x 17" page in order to allow extra space in which to fully highlight the strengths of our project team? – **Yes.**

It seems like category K. Soil and Material Testing is part of Category A. General Engineering Design Services via item d. Geotechnical Soil Investigations. Are these two categories one and the same? **Please disregard Category A.d. and only respond to Category K.**

Extension of Due date: This RFQ has been extended two weeks. The due date for submissions will now be May 6th at 9:00 AM EST. Opening will be held on the same day at 10:00 AM

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM VIII

CCNA-Engineering and Design RFQ

Issued 04/21/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 05/06/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Change to Addendum 2 should read as follows:

Conflicts: By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity (other than to a governmental agency, quasi-governmental agency, or utility company), on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity (other than to a governmental agency, quasi-governmental agency, or utility company), as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM IX

CCNA-Engineering and Design RFQ

Issued 04/22/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 05/06/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Corrected Sample Contract

CITY OF ST. PETE BEACH, FLORIDA
Continuing Contract for Professional Design Services

[Insert consultant and/or purpose for contract]

This is a Contract (the "Contract") entered into by and between the City of St. Pete Beach (hereinafter "CITY") and [insert consultant's corporate name] (hereinafter "CONSULTANT"). The CITY and CONSULTANT together shall be referred to as the "Parties."

WHEREAS, the CITY desires to retain the CONSULTANT to perform Continuing Professional Design Services for the CITY, more fully described below in the "scope of services" section.

WHEREAS, the CITY desires to employ the CONSULTANT for the Continuing Professional Design Services and other services upon the terms and conditions hereinafter set forth, and the CONSULTANT is desirous of performing such services upon such terms and conditions.

WHEREAS, the CONSULTANT has been selected to perform these professional services pursuant to the provisions of the "Consultants' Competitive Negotiation Act" in Section 287.055; Florida Statutes, and all applicable CITY rules, regulations and policies.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

SECTION 1 – GENERAL.

- 1.1 The above recitals are true and correct, and incorporated as part of this Contract.
- 1.2 CONSULTANT shall be defined herein to include all principals of the firm of, including full time employees, professionals or otherwise, and all servants, agents, employees and/or subconsultants retained by the CONSULTANT to perform its obligations hereunder. Subconsultants shall be reviewed and approved by the CITY prior to Notice to Proceed with their prospective work assignments.
- 1.3 "Professional services" means those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered surveying and mapping, as defined by the laws of the state, or those performed by any architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.

- 1.4 Prior to the start of any work under this Contract, the CONSULTANT will have submitted to the CITY a detailed resume of key engineering personnel that will be involved in performing services requested by the CITY. The CITY hereby acknowledges its acceptance of such personnel to perform services under this Contract. At any time hereafter that the CONSULTANT desires to change the key personnel in an active assignment, it shall submit the qualifications of the new personnel to the CITY for prior approval. Key personnel shall include principals-in-charge, project managers and project engineers. The provisions of this Section do not apply to personnel temporarily assigned to perform service under this Contract for durations of one (1) week or less.
- 1.5 The CONSULTANT acknowledges that the CITY has retained other consultants, engineering and otherwise, and the coordination between said consultants and the CONSULTANT may be necessary from time to time for the successful completion of the Assignments. The CONSULTANT agrees to provide such coordination as necessary within the Scope of Services.
- 1.6 The CONSULTANT acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Contract.
- 1.7 The CONSULTANT will maintain an adequate and competent staff of professionally qualified persons throughout the performance of this Contract to ensure acceptable and timely completion of the Assignment.
- 1.8 Requirements for sealing all plans, reports and documents prepared by the CONSULTANT shall be governed by the laws and regulations of the State of Florida and the requirements of any regulatory agency, if required.
- 1.9 This Contract may be executed by the parties in counterpart originals with the same force and effect as if fully and simultaneously executed as a single original document. The "Effective Date" of this Contract shall be the date this Contract has been executed by all parties.

SECTION 2 – SCOPE OF SERVICES.

- 2.1 The CONSULTANT shall diligently and in a professional and timely manner perform the work included in the Scope of Services as listed generally in the Request for Qualifications (RFQ) attached and incorporated in this Contract as Exhibit A. Unless modified in writing by the parties hereto, duties of the CONSULTANT shall not be construed to exceed those services specifically set forth herein.
- 2.2 GENERAL. The CONSULTANT agrees to perform those services described in Exhibit A – RFQ, dated Click or tap to enter a date., which is attached hereto and made a part hereof.
- 2.3 ADDITIONAL SERVICE. The CITY and the CONSULTANT agree that there may be certain additional services required to be performed by the CONSULTANT during the

performance of the Scope of Services that cannot be defined sufficiently at the time of execution of this Contract. Such services shall be authorized in writing as Task Orders and shall be undertaken only under terms of formal amendments to this Contract.

- 2.4 TASK ORDERS. Additional services to be provided by the CONSULTANT shall be authorized in writing as Task Orders. Task Orders to be provided shall be prepared on the form delineated as Exhibit B - which is attached hereto and made a part hereof. **[DON'T FORGET TO ATTACH YOUR TASK ORDER FORM AS EXHIBIT B. WE DISCUSSED THIS WITH MIKE WHO SAID YOU COULD PREPARE A STANDARD ASSIGNMENT LETTER AND THEN DELETE THIS SENTENCE]**. Each Task Order shall include: a detailed description of the work to be performed; a schedule of completion (including phases) for the work authorized; and the amount and method of compensation. Task Orders shall be dated and serially numbered annually. The Task Orders may contain additional instructions or provisions specific to the authorized work for the purpose of expanding upon certain aspects of this Contract pertinent to the work to be undertaken. Such supplemental instructions or provisions shall not be construed as a modification of this contract.
- 2.5 The CITY Manager or his/her designee may authorize Task Orders for services under this continuing contract, which are equal to or less than limits prescribed for Continuing Contracts under the provision of F.S. 287.055(g) or limits set by the CITY's rules, regulations, and policies. Professional fees under such specified Task Orders shall be based on a written proposal from the CONSULTANT as may be requested in writing by the CITY's designated representative, who shall process the proposal through the appropriate departments at the CITY. A single unitary task may not be divided into more than one task for the purpose of qualifying for authorization hereunder. Nothing in this paragraph is intended to limit any other rights, responsibilities, and duties of the parties under any other provision of this continuing contract.

SECTION 3 – CITY'S RIGHTS AND RESPONSIBILITIES.

The CITY shall provide the service described below in a timely fashion at no cost to the CONSULTANT:

- 3.1 Furnish the CONSULTANT with existing data, records, maps, plans, specifications, reports, fiscal data and other information that is available in the CITY's files, necessary or useful to the CONSULTANT for the performance of the assignment. All of the documents conveyed by the CITY shall be and remain the property of the CITY and shall be returned to the CITY upon completion of the assignment to be performed by the CONSULTANT.
- 3.2 Make CITY personnel available when required and necessary to assist the CONSULTANT. The availability and necessity of said personnel to assist the CONSULTANT shall be determined solely at the discretion of the CITY.
- 3.3 Provide access to and make provisions for the CONSULTANT to enter upon the project lands as required for the CONSULTANT within a reasonable time, to perform surveys, observations and other work as necessary to complete the assignment.

- 3.4 Examine all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and render written decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- 3.5 Transmit instructions, relevant information and provide interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- 3.6 Give prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any development that affects the scope of timing of the CONSULTANT's services or becomes aware of any defect or changes necessary in the work of the CONSULTANT.
- 3.7 Arrange for submission of necessary permits/applications to governmental bodies as prepared by the CONSULTANT.
- 3.8 Furnish approvals and permits from all governmental authorities having jurisdiction and such approvals and consents from others as may be necessary for completion of the assignment not covered under the assignment.

SECTION 4 – COMPENSATION.

- 4.1 GENERAL. Compensation to the CONSULTANT for services performed pursuant to this Contract shall be in accordance with the following method or compensation, as defined and indicated in the "Lump Sum Method."

The type and amount of compensation for each Task Order shall be described on the Task Order form included in "Exhibit 3."

4.2 LUMP SUM METHOD

- a. Lump Sum compensation shall be the total fixed price amount payable under the Lump Sum Method (including all payroll costs, overhead costs, other direct costs, fees, subconsultants' and specialist costs), for the services to be provided in the Task Order unless there is a change in the scope of the work, or other conditions stipulated in the Task Order, and the Task Order is modified by both the CITY and CONSULTANT to reflect the change(s) by formal amendment to this Contract.
- b. Payment to the CONSULTANT for services performed under a Task Order under the Lump Sum Method shall be monthly in proportion to the percentage of work completed during the month as proposed by the CONSULTANT and accepted by the CITY.

- 4.3 INVOICE PROCESSING. [YOU MAY WANT TO BE SURE FINANCE HANDLES YOUR PURCHASE ORDERS THIS WAY. PLEASE DELETE SENTENCE UPON COMPLETION OF DRAFTING.] Invoices received by the CITY will be processed for

payment within thirty (30) days of receipt of invoice. CONSULTANT will be notified of questionable items contained in the invoices within fifteen (15) days of receipt by the CITY with an explanation of the deficiencies. The CITY will make an effort to resolve all questionable items contained in the CONSULTANT's invoices within thirty (30) days of receipt of the invoices by the CITY. At the end of the thirty (30) day period, the CITY shall pay the CONSULTANT the invoice amount less any unresolved questionable items. Invoices are to be forwarded directly to the initiating CITY representative.

- 4.4 **PAYMENT IN THE EVENT OF CONTRACT TERMINATION OR SUSPENSION.** In the event that a Task Order or this Contract is terminated or canceled, or the CONSULTANT's services suspended on a Task Order or this Contract, prior to completion, payment shall be made in accordance with the provisions of this Contract.
- 4.5 **ADDITIONAL COMPENSATION FOR CHANGE IN SCOPE OF ASSIGNMENT.** If instructed to do so by CITY, the CONSULTANT shall change or revise work that has been performed, and if such work is not required as a result of error, omission or negligence of the CONSULTANT, the CONSULTANT may be entitled to additional compensation. The additional compensation shall be requested by the CONSULTANT on a revised fee quotation proposal which must be submitted to the CITY for prior approval. The additional compensation, if any, shall be agreed upon before commencement of any such additional work and shall be incorporated into the assignment by formal amendment or Task Order to this Contract.

SECTION 5 - WORK COMMENCEMENT/IMPLEMENTATION SCHEDULE/LENGTH OF CONTRACT.

- 5.1 **WORK COMMENCEMENT.** The CONSULTANT shall commence work on each authorized Task Order within ten (10) days after receipt by the CONSULTANT of a written Notice-To-Proceed from the CITY's Designated Representative. If the CONSULTANT fails to commence work within the ten (10) day period, then the CITY shall have the right to seek other firms for the Assignment, unless the delay is due to no fault of the CONSULTANT.
- 5.2 **IMPLEMENTATION SCHEDULE.** The CONSULTANT must complete its work in accordance with the time schedule specified in the applicable Task Order/Assignment. In the event the work of the CONSULTANT is delayed due to no fault of the CONSULTANT, which delays the completion of any Task Order of the Assignment, the CONSULTANT is entitled to an appropriate extension of the contract time for the specific Task Order. Additional compensation to the CONSULTANT will be negotiated to the mutual agreement of the CITY and the CONSULTANT in the event such delay causes any Task Order's costs to increase for reasons beyond the CONSULTANT's control.
- 5.3 **TERM.** This Contract shall expire three (3) years after the effective date of this Contract and may be extended for up to two (2) additional one (1) year periods, not to exceed five (5) years maximum, upon written mutual consent of the CITY and the CONSULTANT.
- 5.4 **CONTINUING CONTRACT.** In accordance with 287.055 (g), this is a "continuing contract" for professional services entered into in accordance with all procedures of this act between

the CITY and the CONSULTANT, whereby the CONSULTANT shall provide professional services to the CITY for projects in which construction or professional costs do not exceed the statutory limitations imposed. Additionally, the CONSULTANT shall provide for work of a specified nature as outlined in Exhibit A of this Contract as required by the CITY.

SECTION 6 - CITY'S "DESIGNATED" REPRESENTATIVE.

6.1 GENERAL. The CITY hereby designates the CITY Manager or his/her designee to represent the CITY in all matters pertaining to and arising from the work and performance of this contract. The CITY Manager or designee shall have the following responsibilities:

- a. Examination of all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and rendering, in writing, decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- b. Transmission of instructions, receipt of information and interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- c. Giving prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any defects or changes necessary in the project.
- d. Following the CONSULTANT's preparation of any necessary applications to governmental bodies, to arrange for submission of all applications.
- e. When appropriate, authorizing Task Orders equal to or less than limits prescribed for Continuing Contracts pursuant to the provisions of FS 287.055(g) and applicable rules, regulations, and policies of the City.

SECTION 7 - CHANGES IN SCOPE.

7.1 The CITY or the CONSULTANT may request changes in the Scope of Services of a Task Order. Such change(s), including any increase or decrease in the amount of the CONSULTANT's compensation for any Task Order pursuant to this Contract, which are mutually agreed upon by and between the CITY and the CONSULTANT, shall be incorporated by written formal amendment.

SECTION 8 - TERMINATION OF CONTRACT.

8.1 TERMINATION BY CITY FOR CAUSE. The CITY may terminate this Contract for any one or more of the following reasons:

- a. If adequate progress on any phase of the assignment is not being made by the CONSULTANT as a direct result of the CONSULTANT's failure to perform.

- b. The quality of the services performed by the CONSULTANT is not in conformance with commonly accepted design codes and standards, standards of the CITY and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Contract, and the particular services involved are considered by the CITY to be essential to the proper completion of any Assignment.
- c. The CONSULTANT or any employee or agent of the CONSULTANT is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any work that has been performed by the CONSULTANT.
- d. The CONSULTANT becomes involved in either voluntary or involuntary bankruptcy proceedings, or makes an assignment for the benefit of creditors.
- e. The CONSULTANT violates the Standards of Conduct provisions of this Contract herein.
- f. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
- g. Sub-standard or non-performance of Agreement.
- h. The City wishes to terminate at any time and for any reason, upon giving sixty (60) days prior written notice to the CONSULTANT.

8.2 TERMINATION BY CONSULTANT FOR CAUSE. The CONSULTANT may cancel this Contract for the following reasons:

- a. The CITY fails to meet its obligations and responsibilities as contained in the sections of this Contract describing the CITY's Rights and Responsibilities.
- b. The CITY fails to pay the CONSULTANT in accordance with this Contract.
- c. In the event of either of the causes described in this Contract, the CONSULTANT may send a certified letter requesting that the CITY show cause why the Contract should not be terminated. If adequate assurances are not given to the CONSULTANT within fifteen (15) days of the receipt by the CITY of said show cause notice, then the CONSULTANT may consider the CITY to be in default, and may immediately terminate this Contract.

8.3 TERMINATION BY CITY WITHOUT CAUSE. Notwithstanding any other provision of this Contract, the CITY shall have the right at any time to terminate this Contract in its entirety without cause, or terminate by specific Assignment without cause, provided that ten (10) days prior written notice is given to the CONSULTANT of the CITY's intent to terminate. In the event that a Task Order is terminated, The CITY shall identify the specific Task Order(s) being terminated and the specific Task Order(s) to be continued to completion pursuant to the provisions of this Contract. This Contract will remain in full force and effect

as to all authorized Task Orders which are to be continued to completion under this type of arrangement.

- 8.4 PAYMENT IN THE EVENT OF TERMINATION. In the event this Contract or any Assignment is terminated or canceled prior to final completion without cause, payment for unpaid portion of the services provided by the CONSULTANT to the date of termination and any additional services thereafter will be determined by negotiation between the CITY and the CONSULTANT. No amount shall be allowed for anticipated profit on unperformed services or other work. In the event of termination for cause, the CITY may adjust any payment to take into account any additional direct costs to be incurred by the CITY due to such default.

8.5 ACTION FOLLOWING TERMINATION

- a. Upon receipt of notice of termination, given by either party the terminated party shall promptly discontinue all services and other work unless the notice provides otherwise.
- b. In the case of the CITY terminating the CONSULTANT, the CONSULTANT shall within ten (10) days or any extension thereto as may be mutually agreed to, deliver or otherwise make available to the CITY all reports, drawings, plans, specifications and other data and documents that have been obtained or prepared by the CONSULTANT in performing the Services under this Contract, regardless of whether the work on such documents has been completed or is in progress and said documents shall remain the property of the CITY. Notwithstanding the foregoing, the CONSULTANT shall not be held liable for the accuracy or reliability of any partially completed work delivered in accordance with this provision.

8.6 SUSPENSION

- a. The performance of the CONSULTANT's service under any provision of this Contract may be suspended by the CITY at any time. In the event the CITY suspends the performance of the CONSULTANT's services hereunder, the CITY shall so notify the CONSULTANT in writing, such suspension becoming effective upon the date of its receipt by the CONSULTANT, and CITY shall promptly pay to the CONSULTANT all fees which have become due and payable to the CONSULTANT to the effective date of such suspension. The CITY shall thereafter have no further obligation for payment to the CONSULTANT for the suspended services unless and until the CITY notifies the CONSULTANT that the services of the CONSULTANT called for hereunder are to be resumed. Upon receipt of written notice from the CITY that the CONSULTANT's services hereunder are to be resumed, the CONSULTANT shall complete the services of the CONSULTANT called for in this Contract and the CONSULTANT shall, in that event, be entitled to payment of the remaining unpaid compensation which becomes payable to the CONSULTANT under this Contract, same to be payable at the times and in the number specified herein. In no event will the compensation or any part thereof become due or payable to the CONSULTANT

under this Contract unless and until the CONSULTANT has attained that state of work where the same would be due and payable to the CONSULTANT under the provisions of this Contract.

- b. If the aggregate time of the CITY's suspension(s) of the CONSULTANT's Services under any Task Order of this Contract exceeds sixty (60) days, then the CONSULTANT and the CITY shall, upon request of the CONSULTANT, meet to assess the services performed hereunder up to the time of such meeting, the services remaining to be performed and the total compensation paid to the CONSULTANT hereunder and, during such meeting, shall have the option of negotiating a change in compensation to be paid to the CONSULTANT for the balance of the Services to be performed hereunder. No increase in compensation to the CONSULTANT shall be allowed unless it is based upon clear and convincing evidence of an increase in the CONSULTANT's costs attributable to the aforesaid suspension(s).

SECTION 9 - CLAIMS AND DISPUTES/REMEDIES.

- 9.1 CLAIMS AND DISPUTES. Any claims, disputes and/or matters in question between the parties arising out of or relating to this Contract, including claims for extra compensation, shall be filed in writing by the aggrieved party to the other party within forty-five (45) days of its occurrence. Should such claims not be formally submitted within said forty-five (45) day period, the aggrieved party agrees not to make such claim against the other party at any time in the future. Should any claim or dispute not be mutually resolved between the parties within sixty (60) days thereafter, the aggrieved party shall then seek to resolve the matter in accordance with the "Remedies" provisions of this Contract.
- 9.2 REMEDIES. Except as provided in Section 9.1 herein, all claims, disputes and/or matters in question between the CITY and the CONSULTANT arising out of or relating to this Contract, or the breach of it will be decided by Mediation if the parties hereto mutually agree, or in a court of competent jurisdiction. Venue for any dispute or formal litigation concerning this contract shall be in the appropriate court with territorial jurisdiction over the City of St. Pete Beach, Florida. In the event of a dispute or litigation, each party to such dispute or litigation shall be solely responsible for its own attorneys' fees and costs. This contract shall not be construed for or against any party hereto, without regard to which party is wholly or partly responsible for its drafting.

SECTION 10 - INDEMNITY AND INSURANCE.

- 10.1 GENERAL. To the fullest extent permitted by Florida law, the CONSULTANT shall indemnify and hold harmless the CITY and its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONSULTANT and other persons employed or utilized by the Consultant in the performance of the contract.
- 10.2 INSURANCE. The CONSULTANT will possess or obtain and continuously maintain the following insurance coverage, from a company or companion authorized to do business in

the State of Florida, and will provide Certificates of insurance to the CITY, evidencing such insurance, within fifteen (15) days following the CONSULTANT's receipt of Notice to Proceed on the Assignment from the CITY. The insurance coverage shall contain a provision, which requires that prior to any changes or material alterations in the coverage, except aggregate coverage, thirty (30) days prior written notice will be given to the CITY. Specific insurance requirements may include:

- a. **WORKER'S COMPENSATION.** The CONSULTANT must provide Worker's Compensation for all employees at the site location, and in case any work is subcontracted, will require the Subcontractor to provide Worker's Compensation for all of its employees.
- b. **COMMERCIAL GENERAL LIABILITY.** The CONSULTANT must provide coverage for all operations as detailed in the Scope of Services including, but not limited to, Contractual, Products and completed Operations and Personal Injury. The limits will be not less than \$2,000,000 Combined Single Limit (CSL) or its equivalent.
- c. **AUTOMOBILE LIABILITY.** The CONSULTANT must provide coverage for all owned and non-owned vehicles for limits of not less than \$1,000,000 CSL or its equivalent.
- d. **PROFESSIONAL LIABILITY INSURANCE.** Annual Professional Liability Insurance must be maintained with coverage in an amount as detailed in the City of St. Pete Beach Request for Qualification (RFQ) titled "Engineering and Consulting Services". Said Professional Liability Insurance shall provide for all sums which the CONSULTANT shall be obligated to pay as damages for claims arising out of negligent performance by the CONSULTANT, or any person or subcontractor employed by the CONSULTANT, in conjunction with this Contract. This insurance shall also be maintained for a minimum of three (3) years after completion of the CONSULTANT's services and/or construction and acceptance of the facilities designed by the CONSULTANT under the scope of this Contract including any amendment thereto.
- e. **CERTIFICATES OF INSURANCE.** The CONSULTANT shall furnish all Certificates of Insurance forwarded directly to the following:

City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

with information copied to the Designated Representative identified in this Contract. The Certificates shall clearly indicate that the CONSULTANT has obtained insurance of the type, amount and classification required by these provisions.

SECTION 11 - NEGOTIATION DATA.

11.1 The CONSULTANT hereby certifies, covenants and warrants that accounting documentation and supporting data which has established compensation provided for in this Contract are accurate, complete and current as of the date of negotiation of the compensation terms contained in this Contract. It is further agreed that the CONSULTANT's compensation under this Contract may be adjusted to exclude any significant sums where the CITY determines the CONSULTANT's compensation was increased due to inaccurate or incomplete wage rates and other factual unit costs. All such price adjustments shall be made prior to the end of this Contract. Records of costs incurred under the terms of this Contract shall be maintained and made available to the CITY during the period of this Contract and for five (5) years after final payment is made.

11.2 Copies of these documents and records shall be furnished upon request to the CITY at no cost. For the purpose of this Section, the end of this Contract shall be deemed to be the date of final acceptance of the work by the CITY.

SECTION 12 - OWNER OF DOCUMENTS.

12.1 It is understood and agreed that all documents, including detailed reports, plans, original drawings, survey field notebooks and all other data, other than working papers, prepared or obtained by the CONSULTANT in connection with its services hereunder, shall be delivered to, or shall become the property of the CITY prior to final payment to the CONSULTANT. The CONSULTANT shall retain reproducible copies of all Documents for its files at Direct Reimbursable Cost. All Documents including drawings prepared by the CONSULTANT pursuant to this Contract are instruments of service in respect to the services described in the Assignment. Any reuse without written verification or adaptation by the CONSULTANT for the specific purpose intended will be at CITY's sole risk and without liability or legal exposure to the CONSULTANT; and the CITY shall indemnify to the maximum extent permitted by law and hold harmless the CONSULTANT from all claims, damages, losses and expenses including attorney's and expert's fees arising out of or resulting therefrom. Any such verification or adaptation by the CONSULTANT will entitle the CONSULTANT to further compensation at rates to be agreed upon by the CITY and the CONSULTANT.

12.2 Any Documents given to or prepared or assembled by the CONSULTANT and its subcontractors under this Contract shall be kept solely as property of the CITY and shall not be made available to any individuals or organizations without the prior written approval of the CITY.

12.3 The CONSULTANT may maintain copies of all work performed under this Contract for the CITY.

12.4 The CONSULTANT shall not publish any information concerning this project without the prior written consent of the CITY.

12.5 The CONSULTANT should abide by the Florida Public Records law, more fully described in "Exhibit C."

SECTION 13 - STANDARDS OF CONDUCT.

13.1 CONSULTANT EMPLOYEES. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this Contract and that the CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee working solely for the CONSULTANT any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award of making of this Contract.

13.2 EMPLOYMENT ELIGIBILITY. The Consultant shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.
- b. Subcontractors (i) Consultant shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Consultant with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of one (1) year after date of termination.

13.3 CONSULTANT COMPLIANCE WITH LAWS. The CONSULTANT shall comply with all Federal, State and local laws and ordinances in effect on the date of this Contract and applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex or national origin in the performance of work under this Contract.

13.4 CONFLICT OF INTEREST. The CONSULTANT hereby certifies that no undisclosed conflict of interest exists with respect to the present Contract, including any conflicts that may be due to representation of other clients, other contractual relationships of the CONSULTANT, or any interest in property which the CONSULTANT may have. The CONSULTANT further certifies that any apparent conflict of interest that arises during the term of the Contract will be immediately disclosed in writing to the CITY. Violation of this Section will be considered as Justification for immediate termination of this Contract under the provisions of Section 8.1.

13.5 REMOVAL OF EMPLOYEE. The CITY is empowered to require the CONSULTANT to remove any employee or representative of the CONSULTANT from working on this Assignment which the CITY determines is not satisfactorily performing his assigned duties or is demonstrating improper conduct. The CITY shall notify the CONSULTANT in writing of the CITY's objections prior to the CONSULTANT's removal of any employee or representative.

13.6 PUBLICATION. The CONSULTANT shall not publish any documents or release information to the media without prior approval of the CITY.

SECTION 14 - ACCESS TO RECORDS/AUDIT.

14.1 RECORDS MAINTENANCE. The CONSULTANT shall maintain books, records, documents, time and costs accounts and other evidence directly related to its performance of services under this Contract. All time records and cost data shall be maintained in accordance with generally accepted accounting practices. The CONSULTANT shall also maintain the financial information and data necessary to determine overhead rates in accordance with the requirements of Federal and State regulatory agencies and this Contract. The CITY, or any of its duly authorized representatives, shall have access within forty-eight (48) hours to such books, records, documents and other evidence for inspection, audit and copying. Copying of CONSULTANT's books, records, documents, time records and cost accounts and other evidence shall be at the CITY's expense.

14.2 ACCESS TO RECORDS. The CONSULTANT shall maintain and allow access to the records required under this Section for a period of five (5) years after the completion of the services provided under this Contract and date of final payment for said services, or date of termination of this Contract as may have been exercised under the terms of this Contract.

SECTION 15 - CODES AND DESIGN STANDARDS.

15.1 All of the services to be performed by the CONSULTANT shall in the minimum be in accordance with commonly accepted design codes and standards, standards of the CITY and the requirements of any Federal and/or State regulatory agencies in effect as of the date of this Contract. The CONSULTANT shall be responsible for keeping apprised of any changing codes or requirements, which requirements must be applied to the Assignment to be performed under this Contract. Any new codes or requirements becoming effective subsequent to the effective date of this Contract that require an additional level of effort to be performed by the CONSULTANT beyond that covered under the scope of this Contract

shall be subject to negotiation for an increase in scope and compensation by an amendment to this Contract.

SECTION 16 - ASSIGNABILITY

16.1 The CONSULTANT shall not sublet, assign or transfer any interest in this Contract, without prior written approval of the CITY, provided that claims for the money due or to become due the CONSULTANT from the CITY under this Contract may be assigned to a bank, trust company or other financial institution without such CITY approval. Notice of any such assignment or transfer shall be furnished promptly to the CITY.

SECTION 17 - CONTROLLING LAWS

17.1 This Contract is to be governed by the laws of the State of Florida.

SECTION 18 - FORCE MAJEURE

18.1 Neither party shall be considered in default in performance of its obligations hereunder to the extent that performance of such obligations, or any of them, is delayed or prevented by Force Majeure. Force Majeure shall include, but not be limited to, hostility revolution, civil commotion, strike, epidemic, fire, flood, wind, earthquake, explosion, any law, proclamation, regulation or ordinance or other act of government, or any act of God or any cause whether of the same or different nature, existing or future; provided that the cause whether or not enumerated in this Section is beyond the control and without the fault or negligence of the party seeking relief under this Section.

SECTION 19 - EXTENT OF CONTRACT

19.1 This Contract, together with the RFQ titled "[insert name of RFQ]" (issued [Click or tap to enter a date.]), the proposal submitted [Click or tap to enter a date.], and the Exhibits hereinafter identified and listed in this Section 19, incorporated herein and made a part hereof by this reference, constitute the entire Agreement between the CITY and the CONSULTANT and supersede all prior written or oral understandings in connection therewith. This Contract may only be amended, supplemented or modified by a formal Amendment or Change Order to this Contract. The Exhibits supplemental to and made a part of this Contract are as follows:

- Exhibit A: Scope of Services.
- Exhibit B: Task Order Form.
- Exhibit C: Addendum

IN WITNESS WHEREOF, the Parties have executed this Contract on the day and year set forth below.

CITY OF ST. PETE BEACH, FLORIDA **STANDARD CONTRACT ADDENDUM**

THIS ADDENDUM modifies the contract for services made and entered into this _____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the "City", and _____, hereinafter referred to as "Contractor" to include the following terms of this contract Addendum:

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the Contractor's compliance for Florida's Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency's statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of "foreign countries of concern" including, the People's Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People's Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such "foreign country of concern". Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those "foreign countries of concern" to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**
City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220

155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of the previous section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City, subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section

287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or

proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding,

pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Additional Terms. Notwithstanding any of other provisions to the contrary, the parties agree as follows:

A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

John Taylor
Procurement Manager
City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

Re: RFQ CCNA-3/2025
Engineering and Consulting Services Statement of Qualifications
Letter of Interest

Mr. Taylor,

The City of St. Pete Beach has requested qualifications from firms for engineering and consulting services. In response, we are pleased to submit the attached Statement of Qualifications from the Advanced Engineering & Design, Inc. team. Our diverse technical expertise equips us to address the multiple subdisciplines necessary to serve the City effectively. We propose to provide **General Engineering Design Services** and are committed to perform the work.

Advanced Engineering & Design, Inc. is confident that our project team can offer the City of St. Pete Beach:

- Extensive local design experience
- A proven, cost-effective project approach grounded in our past successes
- Resources for rapid response, including personnel, financial capacity, and equipment
- Strong regulatory expertise
- Exceptional client service
- Competitive billing rates

As a Small Business Enterprise (SBE), we have proudly served Pinellas County governmental entities for over two decades. We respectfully request your favorable consideration of our proposal. Please do not hesitate to contact me, the authorized representative of the firm, at (727) 526-9158 or via email at keller@aed-fl.com.

Sincerely,
Advanced Engineering & Design, Inc.

Justin V. Keller, PE, CFM, ENV SP
President

Statement of
Qualifications and Profile
of Firm

3931 68th Avenue North, Pinellas Park, FL 33781 • (727) 526-9158 • www.aed-fl.com

Advanced Engineering & Design, Inc., (AED) was founded in 1998 by William G. Reidy, P.E. after having worked with several large engineering firms. For nine years prior to forming Advanced Engineering & Design, Inc. (AED), Mr. Reidy served as Principal Engineer at Montgomery Watson, Inc., a recognized international leader in Water and Wastewater design-related projects. Mr. Reidy served as a National Product Line Leader in Civil Stormwater, Lift Station and Large Diameter Pipeline designs.

With an extensive level of experience in providing engineering services to municipal entities, Mr. Reidy continued to serve Tampa Bay municipalities even as a small start-up organization. Advanced Engineering & Design was able to offer “big company” capabilities and expertise to local cities at much lower billing rates. This philosophy, maintained to this day since 1998, has resulted in a very strong resume of municipal experience. AED has maintained continuous, long-term, relationships with municipalities.

AED’s focus is to provide superb client service and technical expertise at competitive billing rates. Working out of our corporate office in Pinellas Park, our staff is available to our clients, are responsive to our client’s needs and utilize a pro-active approach in providing strong technical expertise.

AED continues to expand the services we provide to our municipal clients. Services include, but are not limited to, the following:

- *Park / Recreational Facilities Design*
- *Construction Management / CEI Services*
- *Regulatory Permitting (Program & Project-Specific) (Multiple Agencies)*
- *Stormwater Design Services (Outfall Improvements, Roadway Level of Service Improvements, Channel Stabilization, LID, Etc.)*
- *Building Improvements / Minor Architectural Services*
- *Multimodal Improvements (Shared Use Trails, Complete Streets, Sidewalks, Transit Pull-In Bays, Etc.)*
- *Coastal Design / Marine Engineering (Seawalls, Boat Ramps, Docks, Dredging, Etc.)*
- *Regional Drainage Studies*
- *Watershed Management Plan Preparation*
- *Transportation Design Services (Level of Service Improvements, Intersection Improvements, RRR, Traffic Calming, Etc.)*
- *Pressure Pipe Analysis & Design (Open Cut / Trenchless, FDOT UWHC, County JPA, Etc.)*
- *Lift Station Rehabilitation (Master or Satellite)*
- *Sanitary Sewer Trunk / Collector Design & Rehabilitation (Open Cut / Trenchless)*
- *Infrastructure Mapping / GIS / Asset Management*
- *Funding Acquisition (SWFWMD CFI, EPA Grants, FDEP SRF, FDEP SWAG, Etc.)*

As a recognized Small Business Enterprise, AED has provided municipal design services for governmental entities for over two (2) decades. Our projects range in size and scope and we are able to tackle complex design challenges while being agile enough to complete minor tasks.

KEY STRENGTHS

AED is unique as we are a small firm able to provide a full suite of services to our municipal clientele. Subsequent sections of this document illustrate Advanced Engineering & Design, Inc.’s (AED) capabilities as it pertains to the analysis and design of infrastructure. However, we would like to highlight some intrinsic strengths of the firm not specifically identified elsewhere in this proposal.

CONSISTENCY

AED’s relationship with many Pinellas County clients is approaching two (2) decades and this is not by coincidence. Over a long period of time, our clients have seen our founding principles in action; honesty, transparency, accessibility and a commitment to providing superior client service. We have demonstrated the willingness to go above and beyond regardless of whether a task is included within our contract. We truly value the personal and professional relationships we have built with our clients and are hopeful for the opportunity to develop one with St. Pete Beach. Our corporate culture has resulted in many long tenured staff which brings stability and consistency to the project team.

TECHNICAL DIVERSITY

We believe that the firm's technical diversity is a strength that directly benefits the City in the design of any improvement. Often times, project scopes can be expanded upon to provide additional benefit to the Community in a cost-effective manner. AED has vast experience in an array of design disciplines. This could allow the City to achieve multiple goals in a single project with a single Small Business Enterprise.

FLEXIBILITY

AED is here to serve the City. Over the years, we have worked on large, complex design projects. However, we have also assisted our clients with smaller tasks. These tasks may entail basic field mapping activities, evaluating the condition of a bridge hanger system or designing minor structural supports. If procurement challenges are present, we have often assisted our clients in acting as a “pass through” entity. AED is extremely flexible in regards to scope and size of a project. No task is too small or too mundane for our firm as we recognize that serving as an extension of your staff requires involvement in tasks other than the design of large infrastructure elements.

AN EYE TOWARDS SUSTAINABILITY

Multiple Envision Sustainability Professionals are on the AED team. While every project will not seek verification, the framework of the program can help guide any improvement sought by the City.

Every project we are involved in focuses on the sustainability, reliability and resiliency of the improved infrastructure. Such considerations may entail presenting alternate design approaches to better protect against rising seas. Or, the design can focus on shorter term risks such as improving storm resiliency.

Our team recognizes that designing with these principles in mind is the only way to ensure that changing environmental conditions minimize the quality of life impacts to the public.

KEY TEAM MEMBERS & RESUMES

We take pride in the longevity of our key internal team members and longstanding relationships with our subconsultants. Maintaining consistency on a project team allows for workflows to be finely tuned resulting in a superior, more consistent, work product. The City can rest assured that no changes in key project personnel would occur after award should we be fortunate enough to be selected for this contract.

Brief resumes can be viewed in this section with representative projects identified. Detailed resumes are provided as exhibits to the proposal. Please note that all listed professional staff and subconsultants are properly licensed to work in Florida.

Justin V. Keller, P.E., CFM, ENV SP
President

Mr. Keller serves dual roles for the AED team. Mr. Keller has 20 years of project experience and has a considerable amount of experience in roadway, stormwater & utility design, permitting and construction. Within recent years, Mr. Keller has played a key role in large infrastructure improvement projects & has assisted municipal clients in funding, design & construction-related issues. Mr. Keller will serve as the City's primary contact for this contract. Mr. Keller prioritizes the client experience and believes open and honest communication is critical to a project's success.

- *Sr. Project Manager, City of Pinellas Park, Lift Station 30 24" Gravity Main Extension & 20" Force Main Replacement*
- *Sr. Project Manager, City of Gulfport, 58th Street Collector Road Drainage & Roadway Improvements*
- *Sr. Project Manager, City of Treasure Island, Terrain Modification Program Development, Code Updates & Implementation*
- *Sr. Project Manager, City of St. Petersburg, Lift Station Standards Development*
- *Sr. Project Manager, City of Largo, Church Creek Phase II Stormwater Pump Station Design*

Rafal S. Kadaj, P.E., ENV SP
Senior Project Engineer

Mr. Kadaj will serve as Senior Project Engineer for the Advanced Engineering & Design, Inc. team. With over a decade of experience, Mr. Kadaj specializes in the application of structural engineering practices as it pertains to vehicle and heavy equipment loading on existing and new infrastructure elements. Mr. Kadaj has extensive stormwater modeling experience and has been responsible for the preparation of Level of Service assessments which have been instrumental in securing grant funds.

Mr. Kadaj's knowledge of watershed modeling principles will be called upon for this contract. His experience in the preparation of new models and working within the confines of larger watershed models is an asset to the AED team.

- *Sr. Project Engineer, City of Clearwater, Old Clearwater Bay Roadway, Sidewalk, Drainage and Public Utility Improvements*
- *Sr. Project Engineer, City of Treasure Island, Watershed Management Plan*
- *Sr. Project Engineer, City of Seminole, Watershed Management Plan Peer Review Services*
- *Sr. Project Engineer, City of Seminole, Blossom Lake Park Shared Use Trail and Stormwater Improvements*
- *Sr. Project Engineer, Town of Kenneth City, Watershed Management Plan*

Martin Jansons, P.E.
Senior Project Engineer

Mr. Jansons brings a unique blend of skills to the AED team. His experience in serving in both lead design and project management roles provides him a profound understanding of what project success looks like. His past experience as a firm owner allowed him to seamlessly integrate with the AED team as he shares our passion for outstanding client service. Over the years, Mr. Jansons has successfully navigated his clients through construction challenges.

- *Sr. Project Engineer, City of Pinellas Park, Lift Station 30 Triplex Optimization & Rehabilitation*
- *Sr. Project Engineer, City of Treasure Island, Lift Station 8-10 10" Force Main Optimization & Replacement*
- *Sr. Project Engineer, Pinellas County, Maritana 12" HDD Subaqueous Crossing*
- *Sr. Project Engineer, City of Pinellas Park, Lift Station 5 10" Force Main Route Evaluation & Replacement*
- *Sr. Project Engineer, Pinellas County, Gladys St. 12" Water Main Improvements*

William G. Reidy, P.E.
Founder / Senior Project Engineer

As the founder, Mr. Reidy ensures that all deliverables align with the firm's guiding principles. Mr. Reidy is well qualified for these duties as he has over forty years of experience in the civil engineering field. His personal resume includes work on an array of municipal projects from feasibility studies to structural detailing. He is trained in the LEED accreditation process and understands the benefits of integrating sustainable design practices into our work. When serving in the Sr. Project Engineer role, his efforts will be focused on structural detailing and associated calculations.

- *Project Manager, City of Clearwater Mandalay Avenue Stormwater Improvements*
- *Project Manager, City of Pinellas Park Park Blvd. Phase IV Improvements*
- *Project Manager, City of St. Petersburg 46th Avenue JPA*
- *Project Manager, City of Gulfport Pasadena Yacht & Country Club Culvert Replacement*
- *Project Manager, City of St. Petersburg Campbell Park Sanitary Sewer Improvements*

Steven A. Torres, ACP, MCP
CAD & Technology Manager

Mr. Torres will serve as CAD/IT Manager for AED. He has thirty years of CAD drafting, design and IT experience, and is also an Autodesk certified Professional (ACP). Mr. Torres holds certificates as MCITP-SA, CCNA & Linux Administrator, served as President of the Tampa Bay Autodesk Users Group (TBAUG), and has a master's degree in Computer Information Systems. Mr. Torres will spearhead plan production for this contract. When Mr. Torres isn't leading plan production efforts, he is sharing his deep knowledge of AutoCAD by serving as an Adjunct Professor at St. Pete College.

- *City of Pinellas Park, Lift Station 7 8" Force Main Replacement*
- *City of Clearwater, Countryside Blvd. Emergency Ditch Stabilization & Wall System Design*
- *City of St. Petersburg, Lift Station SCADA Panel Upgrades*
- *City of Seminole, FY2024 Stormwater Improvements*
- *City of Seminole, Seminole City Center Collector Roadway Base & Wearing Surface Improvements*

Cody J. Stewart
Director of Resilience & Sustainability / Project Manager

Mr. Stewart's interdisciplinary background in engineering, environmental biology, and horticulture—spanning both academia and the private sector—provides him with the comprehensive technical expertise necessary to serve as our Director of Resiliency and Sustainability. His strong communication skills, complemented by extensive experience in GIS applications and asset management, have enabled him to support communities in assessing vulnerabilities and developing effective adaptation strategies. Additionally, his specialized knowledge in BMP design, monitoring, and optimization enhances AED's capacity to implement successful stormwater management projects.

- *Project Manager, City of Gulfport, Resilient Florida Vulnerability Assessment*
- *Project Manager, City of Madeira Beach, Terrain Modification Program Initial Development Support Services*
- *Project Manager, City of Seminole, FY2025 Stormwater Improvements*
- *Project Manager, City of Seminole, Resilient Florida Vulnerability Assessment*
- *Project Manager, City of Treasure Island, Resilient Florida Vulnerability Assessment*

Phillip Keyes, P.E.

Lead QA/QC Coordinator

Mr. Keyes has over 40 years of experience in civil engineering with a focus in the fields of water, wastewater, and stormwater infrastructure projects. He has served as a Project Manager and Design Engineer associated with facility planning, design, design reports, permitting applications, and construction oversight administration of numerous utility and civil related projects. He has also assisted clients in developing successful funding, grant packages, and negotiations of interlocal agreements. Mr. Keyes leads QA/QC for the AED team.

- *Lead QA/QC, Pinellas County, Belleair Bluffs Potable Water Main and Sanitary Sewer Improvements*
- *Lead QA/QC, Pinellas County, Forelok Road Force Main Improvements*
- *Lead QA/QC, C&T Contracting Services, Design-Build Support Services for Odor Control Installations*
- *Lead QA/QC, City of Clearwater, Gulf to Bay Estates Roadway, Sidewalk, Drainage and Public Utility Improvements*
- *Lead QA/QC, City of Pinellas Park, Lift Station 5 10" Force Main Route Evaluation & Replacement*

*Daniel R. Stowers, P.E.,
Senior Project Engineer*

With over fifty years of project experience, Mr. Stowers has extensive planning and design experience in various areas of expertise. Mr. Stowers serves as Senior Project Engineer on the AED team and assists in implementing quality control procedures.

Mr. Stowers specializes in structural evaluations and will assist the project team in determining anticipated loadings and the development of specialty details. For this contract, Mr. Stowers'

focus will be on structure design and product reviews.

- *Project Engineer, City of Clearwater Tropic Hills Outfall (Phases I & III)*
- *Project Engineer, City of St. Petersburg NWWRF Valve Vault*
- *Project Engineer, City of Largo 101st Street Stabilization*
- *Project Engineer, City of Belleair Bluffs Basin MR-1 Improvements*
- *Project Engineer, City of Largo Church Creek Stabilization*

*John F. Parks, P.E.
Senior Project Engineer*

Mr. Parks boasts a unique blend of public and private sector professional experience which allows him to tackle complex design tasks with a full understanding of the facility's life cycle. Designing with the end in mind is a priority for him. His first-hand experience with developing maintenance standard operating procedures provides the design team keen insight on what really works in the long term. His involvement in developing material and appurtenance standards is a reflection of his knowledge of each component of a system. Mr. Parks will serve in a Sr. Project Engineer role for this contract.

- *Sr. Project Engineer, City of Treasure Island, Satellite Lift Station Rehabilitation Phase II*
- *Sr. Project Engineer, TLC Diversified, Design-Build Support Services (Multiple Projects)*
- *Sr. Project Engineer, Pinellas County, Dolphin Drive 8" Water Main and Gravity Sewer Improvements*
- *Sr. Project Engineer, Bay Aristocrat Community, 8" Force Main Route Study and Replacement*
- *Sr. Project Engineer, City of St. Petersburg, Lift Station 85 30" Master Force Main (Multiple Packages)*

SUBCONSULTANTS

With this contract being multifaceted, technical expertise is required in a wide array of engineering study areas. AED will solicit the assistance of our subconsultant team to maximize the services we can offer St. Pete Beach. The companies identified on our team share the same core values as AED and essentially serve as extensions of our staff. Our goal is to ensure that the information provided to the subconsultant team be incorporated into the design effort in a seamless and logical manner.

We are please to announce that the majority of these partners are either Small Business Enterprises (SBE), minority-owned (MBE) or woman-owned (WBE) business enterprises. Please see below for brief writeups of certain subconsultants proposed for use in this contract.

Suncoast Land Surveying (Suncoast) has been providing complete surveying, utility location and mapping services to a wide range of clients since 1986. They have achieved a solid reputation for providing conscientious and reliable service to municipalities and private industries throughout the west coast of Florida for over 35 years. The firm is prepared to commit all the necessary resources for immediate staffing. Their firm employs highly experienced and well-qualified, Professional Land Surveyors, CAD drafting technicians, administrative assistants, field supervisors and field technicians. Kyle McClung, the firm's Senior Professional Land Surveyor, is a graduate of the University of Florida and holds a Bachelor of Science degree in Land Surveying.

Advanced Technological Systems (ATS) was formed specifically to provide a less expensive alternative to subsurface utility location. While maintaining a low overhead, ATS can provide subsurface utility engineering services at very competitive rates. Staffed by professionals with both utility designating/locating and design experience, ATS can perform all facets of subsurface utility engineering (SUE) work. The accurate mapping of existing underground utilities during the project design phase and/or prior to the start of construction, can reduce costly utility conflicts or construction delays associated with poorly marked utilities.

Florida Permitting is an environmental consulting firm based in Holmes Beach that provides professional environmental services in the Central Florida area. The firm specializes in environmental assessments, impact analyses, wetland delineation and all aspects of wetland mitigation, biological monitoring, habitat mapping and dredge and fill permitting.

Electrical Design Associates, Inc. is a consulting engineering firm specializing in electrical and instrumentation design for water and wastewater facilities primarily to the municipal sectors. The company was established in 1998. Dameion Donaldson, P.E. is the President and Owner of the firm. Electrical Design Associates maintains a Minority Business Enterprise (MBE) through multiple entities. They have staff including engineers, designers, field supervisors, and support personnel dedicated to the improvements of the water and wastewater treatment facilities in the communities they serve.

SERVICES APPROACH

The Advanced Engineering & Design Inc., team's project approach is to become intimately familiar with the City's overall goals and objectives while focusing on the particular project assigned under the contract. Having had an opportunity to serve Pinellas County municipalities (for decades), we have assembled a long list of relevant project experience and have become intimately familiar with municipal operating procedures for contract issuance & the bidding of completed designs.

Project Initiation

It will be the responsibility of the President, Justin Keller P.E., to become familiar with each task and to assign a Project Manager to manage each work assignment made under the contract. The President is ultimately responsible for the team's performance and the quality of the work product.

The Project Manager has the responsibility for overall management of a given work assignment, while Project Engineers, designated when a work assignment warrants an additional engineer, manage the day-to-day technical activities required to complete the project. However, the Project Engineers report to the Project Manager, who is responsible for major decisions regarding the project and is typically designated the Engineer of Record. The Project Manager is also responsible for client contact, through and with the assistance of, the President.

Project Design

Permitting

Typically, a Technician or Designer is also assigned to each project team where plans and specifications or reports are required. These individuals provide design assistance and supervise drafting and graphics efforts, working closely with and under the direction of the Project Manager.

Advertising & Bidding Assistance

Construction Services

The Project Manager will pay close attention to the quality of our product and will assign personnel specifically to the work assignment, according to their skill level and area of technical expertise. The assignment of individuals for quality control review will depend upon the type of project. The review personnel will not serve on the design team for the project reviewed. Once a specific project is assigned, the project team will determine a project approach specific to the work. The project approach is very likely to be similar in progression from project initiation to construction completion. However, we are aware that each project may have minor variations that require a customized project approach depending upon the City departments involved, the complexity of the assignment and the regulatory challenges that must be addressed. Our understanding of these variations has, and will continue to enable us to operate and serve effectively as the City's "consultant" or as an extension of the City's staff.

A typical project approach follows:

PROJECT INITIATION

PRELIMINARY DATA COLLECTION

The initial step for a new assignment is the data collection phase. This includes the initial meeting with the City's Project Manager. In this meeting, the project goals are identified and the sources of available information are identified. Often, one or more site visits are necessary in order to take photographs and to develop a better understanding of the site constraints that may exist. For infrastructure-related projects, the team's Project Manager will obtain available records and record drawings (if applicable). A clear understanding of the project goals and requirements allows for a comprehensive scope to be developed and for the most capable project team to be assembled.

When City staff presents contracts, projects and other information to the Council, staff memoranda highlights an agenda item's relevance to the City's overall goals & assesses the fiscal impact. AED is committed to serve as an extension of your staff and, when in the project initiation phase, we look to take a "big picture" approach and evaluate if other

betterment opportunities are present. Often times, slight scope modifications can be implemented early on in the project allowing for additional City goals to be met in a cost-effective manner.

Being able to recognize these opportunities early on is critical as this is the time when budgets and timelines are established. Additionally, highlighting the efficient expenditure of City funds improves public perception of the project.

SCOPE DEVELOPMENT

The foundation of any successful project is the development of a detailed and complete project scope. All participants must have a clear understanding of the project's objectives and how these objectives are to be achieved. A good scope of work addresses not only the work to be performed by the project team, but also any interrelated activities to be performed by others. The project schedule is also discussed so that a time line of project-related activities, or milestones can be incorporated into the work order. These steps clarify the responsibilities of all parties involved, including City staff.

Once a clear understanding of the City's goals and project requirements are obtained, the Project Manager will draft and submit a detailed contract for the work. The contract will include as attachments, a detailed scope of work, manpower and fee calculations, and a schedule for the completion of the work through construction completion. A draft project scope of services will be submitted to City staff for review to ensure that the City's needs for the project are met.

***"AED is committed to serve
as an extension of your
staff and...we look to take a
"big picture" approach..."***

KICKOFF MEETING

Upon finalization of the contract and after receipt of a Notice-to-Proceed, the Project Manager, in coordination with the City's Project Manager will schedule a kickoff meeting to formally begin the project. The goals of this meeting include the determination of the lines of communication for the duration of the project, a review of the project goals and objectives and other topics as required for the specific project. Funding partners are invited to attend this meeting.

SURVEY, GEOTECHNICAL AND SUBSURFACE UTILITY LOCATING WORK

Many projects will require work to be performed by surveyors, geotechnical engineers and Subsurface Utility Engineering (SUE) technicians. Part of the scope development for the project will be to identify the scope of work for these sub consultants. With a clear and concise overall scope of work, the coordination of work between different parts of the project team should run smoothly. The coordination with these sub consultants often will require additional site visits.

PRELIMINARY DESIGN

Often prior to authorizing the topographic survey data collection work, the design team will begin the preparation of a Basis of Design Report, a compilation of available information and the presentation of alternative designs (whether alternate pipe alignments or modified roadway treatments), sketches and preliminary cost estimates.

BASIS OF DESIGN REPORT

The Basis of Design Report (once reviewed and approved by City staff) serves in providing the design criteria, or guidelines for the design team to follow as the preliminary plans are prepared. If modeling is required as part of the scope of services (for stormwater infrastructure sizing), this information is also presented in the Basis of Design Report. If applicable, this information is shared with funding partners to demonstrate compliance with funding applications.

PRELIMINARY PERMITTING ACTIVITIES

During the preliminary design phase, it is often desirable to begin the required coordination with the regulatory agencies that have jurisdiction. By scheduling "pre-application" meetings early in the design process, the regulator's personal opinion or interpretation of a regulation can be documented early, hopefully to help expedite the formal review once the permit application package is completed and submitted.

FINAL DESIGN

DESIGN SUBMITTALS

After the preliminary design has been reviewed and approved by City staff, the design team will proceed with the development of the final design for the project. The final design will proceed in finalizing the alignment, confirming constructability and developing the required construction details and technical specifications.

CONSTRUCTION COST ESTIMATING

Estimates of construction cost will be prepared for each submittal throughout the design process. These estimates will be based upon pricing information obtained from construction guidelines, recent similar projects and from manufacturers. Interim submittals of the construction cost estimate will allow City staff to track the proposed project budget as the project proceeds. Each estimate will include a listing of the quantities for each pay item, in accordance with the pay item listings.

DESIGN REVIEW MEETINGS

Throughout the design process, review meetings will be held with City staff to assess the progress of the project, both in terms of schedule and budget. The review meetings will take place approximately two weeks after submittals.

PERMITTING ACTIVITIES

Permits will be prepared and submitted to the Southwest Florida Water Management District (SWFWMD) and/or the Florida Department of Transportation (if roadway Right-of-Way Utilization Permits become necessary), the U.S. Army Corps of Engineers (if involved) and other regulatory agencies, as required. Due to the relatively long permit process times, these permit applications are typically submitted prior to the 90% level of plan completion. Project team members make every effort to expedite the permitting process.

ADVERTISING AND BIDDING ASSISTANCE

PRE-BID MEETING

The Project Manager and key design team members will attend the Pre-Bid Meeting to either assist the City or to manage the meeting for the City. The project team members will respond to any technical questions posed during the meeting and will establish the lines of communication for further questions during the bidding process.

ASSISTANCE WITH ADDENDA

During the bidding process, items requiring additional clarification can be addressed through the issuance of addenda. Members of the project team will be available to respond to questions from manufacturers and contractors and to prepare addenda if required.

REVIEW OF BIDS

After bids are received by the City, members of the project team will assist City staff in reviewing the bids. The assistance may include the preparation and review of the bid tabulations, verification of contractor references, determination of bid responsiveness and other items resulting in the recommendation of award.

CONSTRUCTION SERVICES

PRE-CONSTRUCTION CONFERENCE

Once the contract has been awarded to a contractor, key members of the project team, including the Project Manager, will attend the pre-construction conference to assist City staff. Technical questions from the contractor will be addressed by the project team members. Any team member participating in construction administration services will be introduced. The lines of communication for the duration of construction will be established.

CONSTRUCTION ADMINISTRATION/ ENGINEERING & INSPECTION

A variety of members of the project team will be available to assist City staff in construction administration and resident inspection, if required. This assistance can include shop drawing processing and review, construction progress meetings, review of the contractor's schedule and schedule of values (if applicable), responses to the contractor's requests for information, processing of change orders, review of pay requests and review of claims.

PROJECT COMPLETION

The project team can also assist the City in project closeout, including a final inspection, creation of a punch list and the processing of final requests for payment, the preparation of record drawings and the tracking of all release of liens.

QUALITY CONTROL

Unlike other phases of the project (Start Up, Execution, etc.), which follow each other sequentially, Quality Assurance / Quality Control (QA/QC) starts with the development of the work scope and continues beyond the Closeout phase of the project. QA/QC is not a policy to catch mistakes; it's a policy to prevent mistakes from happening. QA/QC is not the responsibility of a single individual within the company but rather everyone within the company. Further, it is the responsibility of management to create and nurture a philosophy of quality in all areas of work. Advanced Engineering & Design, Inc. is committed to implementing this policy.

At the initial meeting and at subsequent project meetings, the company policy on QA/QC is affirmed through not only the creation of a project team, but more importantly through the inspiration of team spirit. The QA/QC policy recognizes that team members want to do the best work they can and make their strongest commitment to those systems or projects that they help to create.

In order for the team to give their very best, the Project Manager is accessible to every member of the team, encourages discussion of issues and gives credit to members of the team who offer good ideas. In essence, the Project Manager is responsible for helping to create a culture that breeds and recognizes quality. Quality means producing a product that meets, and perhaps exceeds, client needs and expectations; meets the schedule and stays within the budget. The City of Gulfport is the ultimate judge of quality and of overall performance.

A project team will be assigned by the Project Manager for each work assignment. The project team includes the individual(s) that will make up the QA/QC team.

At the initiation of each project, the full team will discuss the project goals and objectives and particular issues (special conditions) that might result in unique challenges during the performance of the project assignment. Each member is given their specific assignment, a detailed scope of services for the assignment and a listing of each of the team member's role.

To monitor schedule and budget, AED determines the monthly status of the project budget, progress and schedule of each task. All project documents are checked prior to being released to the Client. At key milestones, such as a major Document Submittal, a quality review is performed by the QA/QC team, who are not involved in the day-to-day project development. Performing reviews in a timely manner assures adherence to budget and schedule. The identification of errors, omissions, and inconsistencies and a systematic rather than haphazard checks for overall quality.

"Client feedback is an important tool ..."

Major Document Submittals implement AED's plan and specification review process which entails, but not is limited to, the following:

1. *Plan Note Applicability*
2. *Proper Delineation of the Construction Footprint*
3. *Assessment of Impacts on Existing Infrastructure (Proposed to Remain)*
4. *Confirmation of Material Suitability*
5. *General / Specific Detail Applicability & Inclusion*
6. *Project Quantities & Pay Item Descriptions Review*

7. Technical Specification Applicability & Inclusion

AED's extensive construction experience finds the above topics constitute the majority of construction "pitfalls" and corresponding impacts to a project's schedule and budget. Therefore, by having the QA/QC team focus on these plan/specification elements, AED is able to internally determine if suitable contract language is present to protect our clientele against change orders.

Client feedback is an important tool in the continuous improvement process. The Project Manager shares Client feedback with staff so that the project team can benefit from review commentary and to ensure that all recommendations are incorporated into the project work. AED utilizes a Project Quality Control Plan, and this document is used by the Quality Control team throughout the project.

Internal review sessions are also scheduled at project initiation. These intermediate evaluations allow for necessary design adjustments that will ultimately save time and possibly the unnecessary expenditure of manpower. The savings realized from implementation of the Quality Control Plan ultimately result in quicker project completions and stricter adherence to the project's goals. A functional QA/QC program should result in a construction plan set that clearly illustrates the project's goals. Client commentary received during the design phase should not highlight constructability concerns or identify inconsistencies with plan callouts, provided details and specifications. During the bidding process, an effective QA/QC plan should eliminate RFIs questioning the feasibility of the improvements. Key factors that would demonstrate an effective QA/QC program during the construction phase would be the lack of quantity overruns (unless scope revisions were made) and limited RFIs due to the plan's directives being clear and consistent. However, we believe that the true effectiveness of our QA/QC approach is determined by the City's ability to meet the defined project goals within the established budget.

3931 68th Avenue North, Pinellas Park, FL 33781 • (727) 526-9158 • www.aed-fl.com

ADVANCED ENGINEERING & DESIGN, INC. (AED) is uniquely qualified to serve as a General Services consultant for the City of St. Pete Beach. Throughout our two-plus decades in business, we have provided these services to many Pinellas County municipalities. Our strengths, technical diversity and a focus on the client experience, have resulted in AED remaining in this role cycle after cycle. In accordance with the Request for Qualifications, below are three (3) reference contracts provided to local governments within the past 5 years. Please note that, in addition to the below, we have a General Services contract with the following entities: City of Belleair Bluffs, City of Belleair Beach, City of Clearwater, City of Gulfport, Town of Kenneth City, City of Pinellas Park, City of Seminole and the City of South Pasadena.

CITY OF GULFPORT

Contact Information:

*Tom Nicholls, Public Works Director
2401 53rd Street South, Gulfport, FL 33707
(727) 893-1090, tnicholls@mygulfport.us*

Scope of work:

*General services including roadway, stormwater, potable water, wastewater and resiliency
2001*

Initial Contract Award:

Nov. 2020 - Nov. 2026

Current Contract Cycle:

\$423,052.04

Fees Paid (Current Cycle):

Firm Role and Responsibilities:

Engineer of record for designs, program manager, procurement support, construction manager and other roles depending on specific task

CITY OF MADEIRA BEACH

Contact Information:

*Megan Wepfer, Public Works Director
300 Municipal Drive, Madeira Beach, FL 33708
(727) 543-8154, mwepfer@madeirabeachfl.gov*

Scope of work:

*General services including roadway, stormwater and resiliency
2020*

Initial Contract Award:

Sept. 2023 - Sept. 2026

Current Contract Cycle:

\$126,015.97

Fees Paid (Current Cycle):

Firm Role and Responsibilities:

Engineer of record for designs, program manager, procurement support, construction manager and other roles depending on specific task

CITY OF LARGO

Contact Information:

*Jerald Woloszynski, PE, Engineering Services Director
201 Highland Avenue, Largo, FL 33770
(727) 587-6713, jwoloszy@largo.com*

Scope of work:

*General services including roadway, stormwater, wastewater, reclaimed water and resiliency
2004*

Initial Contract Award:

July 2024 – July 2029

Current Contract Cycle:

\$31,552.50

Fees Paid (Current Cycle):

Firm Role and Responsibilities:

Engineer of record for designs, procurement support, construction inspection and other roles depending on specific task

We recognize that not all work assignments issued under a General Services contract will be for multi-million-dollar infrastructure projects. AED maintains the corporate flexibility to take on smaller, limited fee assignments in addition to larger design efforts. This ability is key to effectively service in this role.

Please see subsequent pages for reference projects, categorized by design discipline, illustrating AED's technical diversity and design capabilities.

REFERENCES

**Project:****FY24 & FY25 STORMWATER IMPROVEMENTS****Summary of Scope:**

Through prior AED-led CIP planning efforts, this project addressed historic maintenance concerns throughout the City. The improvements entailed the construction of a piped conveyance system to replace roadside open conveyances, pipe replacement, structure installation and restoring design flow capacity to existing systems. Extensive resident coordination was required due to the scale of impacts and work location.

**Firm Responsibilities:**

Project conception, survey, design, permitting, resident coordination, Contract Document preparation, Bidding & CEI Services

Completion:

September 2025 (Projected)

Construction Cost:

\$1,579,380.00

Client Information:

City of Seminole, Rodney Due, Public Works Director
9199 113th Street, Seminole, FL 33772
(727) 397-6393, rdu@myseminole.com

Project:**CHURCH CREEK DRAINAGE IMPROVEMENTS (PHASES I-III)****Summary of Scope:**

Significant channel erosion was impacting play at the City of Largo's municipal golf course. Multiple stabilization efforts were attempted by City maintenance personnel in the years prior with little success. Permanent stabilization measures designed by AED for this 1,200 LF section of channel included an upland sheet pile retaining wall, a rip rap mattress and slope / cross section revisions to reduce the maximum velocity within the channel. Habitat loss, a focus of the permitting efforts through the SWFWMD and USACE, was mitigated for within the channel negating the need for off site mitigation. Phase II focused on the construction of a High-Flow bypass to address level of service while Phase III centered around replacing existing piping located within resident's yard. The piping replacement was fast-tracked and required extensive individualized resident outreach efforts.

Firm Responsibilities:

Survey, design, permitting, easement acquisition, resident coordination, Contract Document preparation, Bidding & CEI Services

Completion:

December 2024

Construction Cost:

\$ 2,712,978.88

Client Information:

City of Largo, Jerald Woloszynski, PE, Engineering Services Director
201 Highland Avenue, Largo, FL 33770
(727) 587-6713, jwoloszy@largo.com

**Project:****IMPLEMENTATION OF BMPs WITHIN THE SUNSET BEACH WATERSHED****Summary of Scope:**

AED was commissioned to perform the design of stormwater infrastructure improvements required to address flooding on West Gulf Blvd. & neighboring residential areas. Stormwater structures designed for this project incorporated stormwater treatment units as inclusion of these units into the design allowed for the City to receive funding assistance through the SWFWMD.

**Firm Responsibilities:**

Funding acquisition, survey, design, permitting, resident coordination, Contract Document preparation, Bidding & CEI Services

Completion:

September 2018

Construction Cost:

\$1,796,350.00

Client Information:

City of Treasure Island
Michael Helfrich, P.E., Director of Public Works
10451 Gulf Blvd., Treasure Island, FL 33706
(727) 547-4575, mhelfrich@mytreasureisland.org

STORMWATER LEVEL OF SERVICE IMPROVEMENTS

**Project:****CITY OF TREASURE ISLAND WMP****Summary of Scope:**

In an effort to better understand City-wide stormwater performance, the City of Treasure Island received funding through the Southwest Florida Water Management District's (SWFWMD) Cooperative Funding Initiative program for the preparation of a WMP. The predominant goals of the WMP are to assess and inventory existing stormwater infrastructure and perform preliminary design for multiple future CIP projects.

Firm Responsibilities: Funding Acquisition, Infrastructure Inventory & Assessment, WMP Preparation & Preliminary Design

Completion: December 2020

Construction Cost: N/A

Client Information: City of Treasure Island
Michael Helfrich, P.E., Public Works Director
10451 Gulf Blvd., Treasure Island, FL 33706
(727) 547-4575, mhelfrich@mytreasureisland.org

**Project:****CITY OF MADEIRA BEACH WMP****Summary of Scope:**

AED was commissioned to develop a stormwater infrastructure database, assess current system performance levels, recommend new system design requirements and present stormwater solutions when considering the impact of sea level rise. Partially funded through SWFWMD's Cooperative Funding Initiative, this study became the second barrier island WMP funded by the District.

Firm Responsibilities:

Funding Acquisition, Infrastructure Inventory & Assessment, WMP Preparation & Preliminary Design

Completion:

March 2025

Construction Cost:

N/A

Client Information:

City of Madeira Beach
Megan Wepfer, Public Works Director
300 Municipal Drive, Madeira Beach, FL 33708
(727) 543-8154, mwepfer@madeirabeachfl.gov

Project:**LAKE SEMINOLE WMP (PEER REVIEW)****Summary of Scope:**

Encompassing approx. 11 square-miles of densely populated urban area, the Lake Seminole watershed is an area where further understanding the stormwater network's performance is needed. As such, the City pursued the development of a Watershed Management Plan (WMP) with funding allocated from the District. AED was selected as the peer review entity to review Watershed Evaluation and Floodplain Analysis deliverables. Selection was based upon AED's past performance and development of prior WMPs.

Firm Responsibilities: Peer Review Services

Completion: December 2023

Construction Cost: N/A

Client Information: City of Seminole, Rodney Due, Public Works Director
9199 113th Street, Seminole, FL 33772
(727) 397-6393, rdue@myseminole.com

**Project:****CITY OF SEMINOLE VULNERABILITY ASSESSMENT****Summary of Scope:**

AED supported the City in receiving a grant to perform this critical assessment. The work will entail the development of a critical asset database, determining exposure of said facilities and understanding how different sets of future environmental projections will impact resident way of life. This work is being done using the City-wide H&H model allowing for a better understanding of how the City's built infrastructure adapts to these future changes.

**Firm Responsibilities:**

Funding acquisition, hydraulic analysis, public outreach & adaptation planning

Completion:

June 2026 (Projected)

Construction Cost:

N/A

Client Information:

City of Seminole, Rodney Due, Public Works Director
9199 113th Street, Seminole, FL 33772
(727) 397-6393, rdue@myseminole.com

Project:**TERRAIN MODIFICATION PROGRAM****Summary of Scope:**

This groundbreaking Program transitions the City from one where fill was not permitted to one where fill is highly encouraged. As a low lying barrier island, the City is proposing the use of fill as the predominant tool to offset the impacts of sea level rise. This Program entailed the development of a design manual as well as attendant ordinances to support the use of fill.

Firm Responsibilities:

Funding acquisition, program conception & development, ordinance review, ordinance development and implementation support

Completion:

April 2025

Construction Cost:

N/A

Client Information:

Michael Helfrich, PE, Public Works Director
10451 Gulf Blvd, Treasure Island, FL 33706
(727) 547-4575, mhelfrich@myTreasureIsland.org

**Project:****CITY OF SOUTH PASADENA VULNERABILITY ASSESSMENT****Summary of Scope:**

This vulnerability assessment will place a heightened focus on stormwater system impacts and level of service expectations moving forward. AED supported the City in acquiring funding for the project and the study is being done in accordance with Resilient Florida standards.

**Firm Responsibilities:**

Funding acquisition, hydraulic analysis, public outreach & adaptation planning

Completion:

June 2026 (Projected)

Construction Cost:

N/A

Client Information:

City of South Pasadena, Shawn Shimko, Public Works Director
6940 Hibiscus Avenue, South Pasadena, FL 33707
(727) 384-0701, SShimko@mysouthpasadena.com

**Project:****LIFT STATION NO. 11 REHABILITATION****Summary of Scope:**

This project entailed setting of a new wet well within the existing station's "shell", pump and piping replacement, influent gravity main replacement, generator / fuel tank assembly installation and other site improvements. Alternate design options were also prepared which proposed a new wet well (installed via open cut and caisson method). The relocation of a Duke Energy-owned transformer was also proposed. Utility investigation was needed to assess conflicts and determine the force main connection location.

Firm Responsibilities: Survey, design, permitting, Contract Document preparation, Bidding & CEI Services
Completion: June 2020
Construction Cost: \$1,678,985.00
Client Information: City of St. Petersburg, Diana Smilova, P.E., Design Manager
One Fourth Street North, St. Petersburg, FL 33701
(727) 893-4165, Diana.Smilova@stpete.org

**Project:****LIFT STATION STANDARDS****Summary of Scope:**

With over eighty (80) lift stations spread throughout the community, the City of St. Petersburg saw the need to develop standards for their station. AED was selected to prepare these documents not only due to our positive working relationship with the City but our diverse experience throughout Pinellas County. The standards focused on site, mechanical, electrical, instrumentation and structural elements of lift station design. Initial efforts focused on developing a station inventory and itemizing various station elements. As plans were developed, discipline-focused workshops were held to solicit feedback from key stakeholders. Supplemental coordination was also performed to ensure that all design preferences were properly incorporated within the package. AED personnel guided discussions and provided recommendations that have been implemented into current City protocol. Specification development was also a component of this effort.

Firm Responsibilities: Design & Contract Document preparation
Completion: March 2022
Construction Cost: N/A
Client Information: City of St. Petersburg, Diana Smilova, P.E., Design Manager
One Fourth Street North, St. Petersburg, FL 33701
(727) 893-4165, Diana.Smilova@stpete.org

Project:**MASTER PUMP STATION REHABILITATION****Summary of Scope:**

AED designed the rehabilitation of the City's triplex master wastewater pumping facility to replace inoperable and outdated equipment. AED's design efforts included pump selection, dry well piping layout, odor control technology selection & design, electrical & control improvements including the design of a climate controlled area to house sensitive electrical equipment, wet well wall repairs, wet well operating floor replacement, wet well lining system selection, overhead crane (manual and electrified) specification, floor coatings and other miscellaneous items. This project was located at 108th Ave. just east of Gulf Blvd. within the City of Treasure Island.

Firm Responsibilities: Funding acquisition, design, permitting, Contract Document preparation, Bidding & CEI Services
Completion: December 2013
Construction Cost: \$1,193, 154.75
Client Information: City of Treasure Island, Michael Helfrich, P.E.,
Director of Public Works
10451 Gulf Blvd., Treasure Island, FL 33706
(727) 547-4575, mhelfrich@mytreasureisland.org

**SANITARY SEWER IMPROVEMENTS (LIFT STATION)**

**Project:****LIFT STATION 5, 7 & 30 FORCE MAIN REPLACEMENT****Summary of Scope:**

Three (3) lift stations were identified as having force mains nearing the end of their service life. As such, AED was solicited to design the replacement of the force mains as a single work effort. Force main sizing varied throughout as the plans proposed 8", 10" and 16" force main in order to provide hydraulic equivalence. In total, the project proposed over 7,000 linear feet of force main. Due to the congested corridors and anticipated traffic impacts, trenchless installation was preferred by the City. AED designed the improvements to accommodate horizontal directional drilling (HDD) while ensuring that bore geometry could support the pipe material options desired by the City. Permitting was performed through the Florida Department of Transportation (FDOT), the Florida Department of Environmental Protection (FDEP) and Pinellas County.

**Firm Responsibilities:**

Design, Permitting, Contract Document preparation, Bidding & CEI Services

Completion:

March 2026 (Projected)

Construction Cost:

\$3,202,100.00 (Estimated)

Client Information:

City of Pinellas Park, Kyle Arrison,
Construction Services/Transportation & Stormwater Director
6250 82nd Avenue, Pinellas Park, FL 33781
(727) 369-5621, KArrison@pinellas-park.com

Project:**GULF TO BAY ESTATES GRAVITY SEWER IMPROVEMENTS****Summary of Scope:**

The City of Clearwater has experienced significant challenges in maintaining the gravity collection system within the Gulf to Bay Estates neighborhoods. Limited running slopes, coupled within the presence of undesirable material, resulted in the City determining that wholesale replacement of the collection system was warranted. Initial efforts focused on identifying where slope modifications could be made while ensuring that lateral connections could be made, utility conflicts could be minimized and upstream / downstream connection elevations could be held. Alignment alternatives were also presented along with associated bypass requirements. This improvement will be phased with a larger neighborhood improvement project.

Firm Responsibilities:

Design, Permitting, Contract Document preparation, Bidding & CEI Services

Completion:

March 2027 (Projected)

Construction Cost:

\$2,028,408.25 (Estimated)

Client Information:

City of Clearwater, Angel Rivera, PE, Engineering Manager
100 S. Myrtle Avenue, Clearwater, FL 33756
(727) 444-8077, angel.rivera@myclearwater.com

**Project:****CAMPBELL PARK SANITARY SEWER IMPROVEMENTS****Summary of Scope:**

AED was commissioned to design the relocation of a 42" sanitary sewer gravity main to place this facility on City-owned property and address corrosion and odor issues within the system. The design included large diameter gravity main (800 LF of 42" FRPMP), large diameter manholes (including exterior drops), existing infrastructure abandonment, new manhole connections & bypass plans. The project was located within Campbell Park (south of I-175) in St. Petersburg.

**Firm Responsibilities:**

Design, permitting, Pinellas County School Board coordination, Contract Document preparation, Bidding & CEI Services

Completion:

July 2013

Construction Cost:

\$703,600.00

Client Information:

City of St. Petersburg, Diana Smillova, P.E., Design Manager
One Fourth Street North, St. Petersburg, FL 33701
(727) 893-4165, diana.smillova@stpete.org

SANITARY SEWER IMPROVEMENTS (GRAVITY COLLECTION AND FORCE MAIN)

**Project:****TREASURE ISLAND CAUSEWAY IMPROVEMENTS****Summary of Scope:**

With an Annual Average Daily Traffic (AADT) volume approaching 30,000, the East Treasure Island Causeway serves as the predominant access to barrier island residential neighborhoods and the beaches of Treasure Island. This four-lane roadway was in need of rehabilitation due to damage caused by insufficient drainage. The City secured a State appropriation for \$1,200,000.00 and AED acquired an additional \$550,000.00 in funding through the Southwest Florida Water Management District (SWFWMD). AED developed a rehabilitation approach that improved drainage and rehabilitated the roadway's base in an effort to promote wearing surface longevity. Roadway signage and pavement markings were improved as well as sidewalk improvements to address accessibility concerns. Corridor beautification was addressed through roadside landscaping. The maintenance of traffic plan associated with the project was developed in a manner that minimizes travel delays associated with construction.

Firm Responsibilities: Funding acquisition, Design, Permitting, Contract Document preparation, Bidding & CEI Services
Completion: January 2022
Construction Cost: \$2,297,055.75
Client Information: City of Treasure Island, Michael Helfrich, P.E., Public Works Director
10451 Gulf Blvd., Treasure Island, FL 33706
(727) 547-4575, mhelfrich@mytreasureisland.org

**Project:****SEMINOLE CITY CENTER ROADWAY IMPROVEMENTS****Summary of Scope:**

The Seminole City Center is a heavily visit commercial development wedged between two (2) major arterial roadways. City-owned roadways that surround the development provide access to the development while serving as a thoroughfare between the two arterials. The condition of these roadways has deteriorated over time due to an insufficient structural number and extensive heavy vehicle usage. Proposed improvements entailed developing a roadway rehabilitation strategy that minimized while down-time while improving roadway longevity.

Firm Responsibilities: Design, Permitting, Contract Document preparation, Bidding & CEI Services
Completion: January 2022
Construction Cost: \$1,647,536.25
Client Information: City of Seminole, Rodney Due, Public Works Director
9199 113th Street, Seminole, FL 33772
(727) 397-6393, rdue@myseminole.com

Project:**PARK BLVD. PHASE IV IMPROVEMENTS****Summary of Scope:**

Limited parkway slope, a lack of drainage collection structures and backwater from an adjacent open ditch facility contributed to the adverse flooding conditions that plagued the Garnett & North Disston neighborhood. The City and AED identified roadway reconstruction, coupled with the development of neighborhood-wide stormwater collection system, as the most effective manner to address historical flooding. The project entailed the reconstruction of 2.5 miles of roadway, 2.3 miles of stormwater piping, 154 drainage structures, BMPs, 1.3 miles of sidewalk and over a mile of utility improvements.

Firm Responsibilities: Survey, design, Contract Document preparation, Bidding & CEI Services
Completion: August 2016
Construction Cost: \$5,535,641.28
Client Information: City of Pinellas Park
Bart Diebold, City Manager
5141 78th Avenue, Pinellas Park, FL 33781
(727) 369-0697, bdiebold@pinellas-park.com

**ROADWAY IMPROVEMENTS (MAJOR)**

**Project:****MARINA PARKING LOT IMPROVEMENTS****Summary of Scope:**

The City solicited AED to assist in repurposing a grassed area within the City's marina for long-term marine vessel storage. Coordination was performed with the City's Harbormaster to determine likely vessel size and ingress / egress preferences. With this information, AED prepared a storage configuration which considered life safety, vehicle maneuverability and anticipated revenue streams.

Project:**MULTIMODAL PAVEMENT MARKING IMPROVEMENTS****Summary of Scope:**

Pavement improvements were pursued on two (2) heavily traveled roadways within Pinellas Park requiring the development of a pavement marking plan. In an effort to promote multimodal transportation, pavement markings established a buffered bicycle lane on either side of the roadway. Evaluation of pavement marking options was AED's initial task. Conventional bicycle lanes, buffered bicycle lanes (multiple configurations) and a two-way cycle track were considered feasible options. Buffer width transitions were designed in locations where left-turn lanes were to be established due to public preference. Keyhole lanes and shared use lanes were strategically utilized where warranted.

**Project:****SUNSET BEACH LID PARKING IMPROVEMENTS****Summary of Scope:**

With maintenance frequency and costs increasing each year, a beach community was faced with the need to rehabilitate two (2) heavily used beachside parking lots. Years of material application and the resulting compaction from vehicle use rendered the parking lots impervious (in a practical sense and also in the opinion of the SWFWMD). This determination would have allowed for size in-kind reconstruction without a permit mandate to address water quality and quantity concerns. Regardless of this determination, the desire to incorporate LID techniques was noted early in the design stage. A high seasonal groundwater table restricted the depth-related effectiveness of the Best Management Practices (BMPs) proposed for use. This resulted in the need to construct a BMP treatment train rather than singular point treatment. The treatment train consisted of vegetated natural buffers, pervious pavement systems and rain gardens which were landscaped with drought-tolerant low maintenance plantings. Construction of the LID parking facilities resulted in a substantial reduction in the post-development TN & TP concentrations.

ROADWAY IMPROVEMENTS (MINOR)

**Project:****GULF TO BAY ESTATES PEDESTRIAN SAFETY IMPROVEMENTS****Summary of Scope:**

The lack of pedestrian facilities within an established neighborhood resulted in limited connectivity between the major roadways that bordered the Gulf to Bay Estates subdivision. To address this concern, AED is designing sidewalk improvements to ensure ADA compliance and fill connectivity gaps. The existing, relatively steep, slope of existing driveways requires extensive driveway reconstruction and associated access review for each impacted property.

**Project:****46TH AVENUE RECREATIONAL TRAIL****Summary of Scope:**

Centrally located within the Town, 46th Avenue is a County-owned roadway which provides access to many of the Town's amenities. This collector roadway was not at a width that would facilitate the installation of a bicycle lane. Therefore, to accommodate bicycle traffic on this heavily traveled roadway, the construction of a shared use trail was proposed. AED led the effort to secure funding through the Land and Water Conservation Fund (LWCF) for this recreational facility. Refuge areas, drop-off protection and the installation of a mid-block crossing were also scope elements incorporated into the project.

Firm Responsibilities: Funding acquisition, Design, Permitting, Contract Document preparation, Bidding & CEI Services
Completion: June 2021
Construction Cost: \$626,303.00
Client Information: Town of Kenneth City, Don King, Town Manager
6000 54th Avenue North, Kenneth City, FL 33709
(727) 498-8948, townmanager@kennethcityfl.org

Project:**59TH STREET SIDEWALK ADDITION****Summary of Scope:**

As the roadway connecting a gated community to the City's main collector, many pedestrians used 59th Street S. However, pedestrian facilities were not present and the roadway's width contributed to vehicle speeds exceeding posted limits. To mitigate for these pedestrian safety concerns, the City pursued the installation of a 6' concrete sidewalk within the eastern parkway. Project phasing required that multiple plan sets be created to allow for Contractor procurement as each segment was completed. The sidewalk alignment struck a balance between maximizing the offset from the roadway and protecting established vegetation.

Firm Responsibilities: Design, Permitting, Contract Document preparation, Bidding & CEI Services
Completion: September 2019
Construction Cost: \$ 304,017.00
Client Information: City of Gulfport, Tom Nicholls, Public Works Director
2401 53rd Street South, Gulfport, FL 33707
(727) 893-1090, tnicholls@mygulfport.us

**Project:****WOUNDED WARRIORS ABILITIES RANCH AT LURIE PARK****Summary of Scope:**

The City of Pinellas Park, in conjunction with the Wounded Warriors Abilities Ranch, pursued the development of a 10-acre parcel to provide wounded veterans with recreational opportunities. The parcel, located with PPWMD's Channel 4 basin (a tributary of Joe's Creek), was inundated by the 100-year floodplain and the topography of the site yielded negligible pre-development offsite runoff rates. Furthermore, the Joe's Creek model identified this parcel as a flood transfer site. Therefore, in lieu of typical pre-development post-development evaluation, stormwater management facilities were sized using the watershed-wide H&H model.

**Firm Responsibilities:**

Design, permitting, Contract Document preparation, Bidding & CEI Services

Completion:

June 2018

Construction Cost:

\$1,052,336.00

Client Information:

City of Pinellas Park, Bart Diebold, City Manager
5141 78th Avenue, Pinellas Park, FL 33781
(727) 369-0697, bdiebold@pinellas-park.com

Project:**BLOSSOM LAKE PARK IMPROVEMENTS****Summary of Scope:**

AED assisted the City of Seminole in reimagining a park located directly on the Pinellas Trail. Initial phases of the project entailed the development of diagrammatic figures identifying possible recreational elements for the park. Nearly 1-mile of multi-use trail was incorporated into the scope along with strategic pond relocation and other amenities.

Firm Responsibilities:

Design, Permitting, Contract Document preparation, Bidding & CEI Services

Completion:

November 2022

Construction Cost:

\$575,477.65

Client Information:

City of Seminole, Rodney Due, Public Works Director
9199 113th Street, Seminole, FL 33772
(727) 397-6393, rdue@myseminole.com

**Project:****BAYVIEW PARK BOARDWALK IMPROVEMENTS****Summary of Scope:**

An existing City boardwalk that parallels the Boca Ciega Bay shoreline was nearing the end of its service life. The City selected AED to provide design, bidding and construction services associated with the revitalization of this asset. Initial efforts focused on evaluating the condition of existing structural members to determine where reuse was possible. Construction plans were prepared which provided the Contractor with a detailed layout of the facilities. Decking patterns, radial cut locations and hardened connections were also elements of the set.

**Firm Responsibilities:**

Design, Permitting, Contract Document preparation, Bidding & CEI Services

Completion:

February 2020

Construction Cost:

**IV. PUBLIC ENTITY CRIMINAL AFFIDAVIT****SWORN STATEMENT – PUBLIC ENTITY CRIMES****PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES**

THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: JUSTIN KEWER, PRESIDENT
(Print individual's name and title)

for: ADVANCED ENGINEERING & DESIGN, INC.
(Print name of entity submitting sworn statement)

at: 3931 68TH AVE N, PINELLAS PARK FL 33781
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

59-7544089
(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in Section 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid, proposal, reply, or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Section 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in Section 287.133 (1)(a), Fla. Stat., means:
- A predecessor or successor of a person convicted of a public entity crime or
 - An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).
- ☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.
- ☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.
- ☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLA. STAT., FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

I state that I, JUSTIN KLEIN, PRESIDENT of ADVANCED ENGINEERING & DESIGN, INC.

(Name and Title)

(Name of Firm)

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication, or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. Adv. Eng. & Design, Inc., its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material, important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

	(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
	East Treasure Island Causeway Roadway & Drainage Improvements (City of Treasure Island, FL)	PROFESSIONAL SERVICES 2022	CONSTRUCTION (if applicable) 2022
a.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Manager for the structural rehabilitation of a 20,000 AADT roadway which serves as an evacuation route for the City. LID techniques were used to secure SWFWMD CFI funding and improve water quality while improving the roadways level of service for multiple storm events. (\$2,356,125.00)		
	46th Avenue Recreational Trail (Town of Kenneth City, FL)	PROFESSIONAL SERVICES 2020	CONSTRUCTION (if applicable) 2021
b.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Manager for the a significant corridor improvement within the Town. Multiple stakeholders were involved as State recreation grant funds assisted in the construction of a shared use path and county funds were leveraged to perform multiple stormwater and roadway improvements within the corridor. (\$1,090,598.00)		
	Lift Station No. 11, Snell Isle Blvd. Rehabilitation (City of St. Petersburg, FL)	PROFESSIONAL SERVICES 2020	CONSTRUCTION (if applicable) 2020
c.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Manager for the construction of a lift station rehabilitation including the installation of a new wet well (12'diameter within an existing concrete shell), pumps and piping, generator / fuel tank assembly and other site improvements. The project also entailed structural design elements such as wet well top slab design, elevated operations floor and a cast-inplace screening wall (12' height). (\$1,678,985.00)		
	Campbell Park Sanitary Sewer Improvements (City of St. Petersburg, FL)	PROFESSIONAL SERVICES 2013	CONSTRUCTION (if applicable) 2013
d.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Engineer for the replacement & realignment of an exist. 42" gravity sewer. The project entailed the construction of 450 LF of 42" FRPMP gravity sewer, 325 LF of 30"/36" FRPMP gravity sewer, three (3) large diameter manholes (6' & 8'-dia.) & design of a stormwater piping support system with limited clearance b/w the new sewer & an existing 60" storm pipe. (\$703,600.00)		
	Church Creek Drainage Improvements (Phases I-III) (City of Largo, FL)	PROFESSIONAL SERVICES 2024	CONSTRUCTION (if applicable) 2024
e.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Manager for the stabilization of an open channel facility (Phase I), development of a high-flow bypass system (Phase II) and construction of a pipe replacement on private property (Phase II). Permanent stabilization measures designed by AED for this 1,200 LF section of channel included an upland sheet pile retaining wall, a rip rap mattress and slope / cross section revisions to reduce the maximum velocity within the channel. Phase II proposed a bypass system which was not constructed due to cost-effectiveness and maintenance concerns. Phase III, currently under construction, required extensive resident coordination to address a pipe with historical maintenance challenges. Easement acquisition was required. (\$2,712,978.88)		
	Watershed Management Plan (City of Treasure Island, FL)	PROFESSIONAL SERVICES 2021	CONSTRUCTION (if applicable) N/A
f.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Manager for the development of a Watershed Management Plan with SWFWMD as a funding partner. Construction of an infrastructure geodatabase, defining level of service guidelines and providing project recommendations were elements of this project. This report served as the basis for the City's Terrain Modification Program which is currently in development. This groundbreaking program looks to require the use of fill in all future development to provide resiliency to future sea level rise impacts.

(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
S Maritana Dr or 21st Ave, St Pete Beach Cast Iron Subaqueous Crossing Water Main Replacement – 006169A, Pinellas County FL		PROFESSIONAL SERVICES 2025	CONSTRUCTION (if applicable) Ongoing
a.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Martin is serving as Design Lead in the construction of a new subaqueous crossing to the Vina Del Mar neighborhood in St. Pete Beach. At nearly 1,300 LF, this 12" main will run from Pass-a-Grille to improve water quality in the surrounding areas. Drilling operations will occur in a highly congested corridor directly adjacent to a popular beach parking location. In order to minimize disruptions to the public, the design considers the footprint of drilling activities which allows for traffic impacts to be mitigated prior to them being experienced. Project Cost: \$1,452,750.00		
(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
Lift Station 30 Rehabilitation & Force Main Improvements		PROFESSIONAL SERVICES 2025	CONSTRUCTION (if applicable) Ongoing
b.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Martin is serving as Design Lead in the rehabilitation of a 3 MGD lift station and the replacement of a 24" force main crossing underneath US 19. A reduction of pump performance, coupled with higher head pressures within the force main, resulted in this master station being unable to bypass offsite flows and instead forcing a repump. This project entails the replacement of three (3) pumps coupled with the rehabilitation of the wet well as well as new dry well piping. The project also entails crossing under US -19 with a 24" HDPE force main. Project Cost \$6,087,050.00

Force Main 8, 9 & 10 Improvements Treasure Island, FL		PROFESSIONAL SERVICES 2025	CONSTRUCTION (if applicable) 2025
c.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Martin served as Design Lead in the evaluation of three (3) lift stations with over a mile of force main (size varies) and the design of 2,500 LF of 12" force main. A satellite station, serving residential land uses on a "finger" island, was plagued with high wet well levels during the wet season. The station manifolded with another satellite station prior to its manifold with the master station's force main. Initial tasks entailed developing an extended period simulation model and calibrating this tool with information obtained via the City's SCADA. Design tasks entailed evaluating alignment alternatives, developing the force main profile and design of a manifold vault for the system. Project Cost: \$1,277,177.82		
(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
Preliminary Design - 2.0 MGD Wastewater Conveyance, Rockingham County Public Works (Virginia)		PROFESSIONAL SERVICES 2024	CONSTRUCTION (if applicable) N/A
d.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm Project Engineer for analysis of wastewater system options to transfer 1.0/2.5 MGD peak (1750 GPM) and 2.0/5.0 MGD peak (3500 GPM) from north of the City of Harrisonburg. The County currently contracts for limited capacity through the City system, ultimately discharging to the regional treatment facility to the south. Anticipated County development necessitates the significant additional capacity requirement. Two force main alignments were evaluated: 21,000 LF and one pumping facility, 32,000 LF and two pumping facilities. Total project cost: \$16 million - \$28 million.		
(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
McGaheysville Wastewater Plant Decommissioning (Rockingham County, Virginia)		PROFESSIONAL SERVICES 2016	CONSTRUCTION (if applicable) 2016
e.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm Martin served as Project Manager for this project which supported the decommissioning of a wastewater treatment facility. It was determined that decommissioning was the more cost-effective approach in lieu of upgrading treatment processes to meet Virginia DEQ requirement. Project goals centered around pumping flows from the old plant site to an existing gravity system at Pleasant Run. In total, the project required the design of three (3) new pump stations and over 10 miles of force main (12" and 16"). Various installation methods were used as trenchless crossings (jack and bore) were used at major roadway crossings and environmentally sensitive areas. Construction cost was \$6,613,400.00		
(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
Vina Del Mar Water Main Improvements (Pinellas County, FL)		PROFESSIONAL SERVICES 2025	CONSTRUCTION (if applicable) N/A
f.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Martin is serving as project engineer for the wholesale replacement of potable water within an upscale coastal neighborhood. Trenchless installation was proposed to reduce restoration costs and community impacts. Project Cost: (\$7,450,000.00 est.)		

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person)

12. NAME William G. Reidy, P.E.		13. ROLE IN THIS CONTRACT Founder / Sr. Project Engineer		14. YEARS EXPERIENCE	
				a. TOTAL 45	b. WITH CURRENT FIRM 26
15. FIRM NAME AND LOCATION (City and State) Advanced Engineering & Design, Inc., Pinellas Park, FL					
16. EDUCATION (Degree and Specialization) B.S.E. (Civil) 1980		17. CURRENT PROFESSIONAL REGISTRATION (State and Discipline) Florida PE #35605			
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) ASCE, FES, AWWA, FMCA, Advanced MOT, Confined Space Entry, LEED Professional Training					

19. RELEVANT PROJECTS

(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
Blossom Lake Park Recreational Trail (City of Seminole, FL)		PROFESSIONAL SERVICES 2022	CONSTRUCTION (if applicable) 2022
a.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Manager for the construction of nearly 1-mile of recreational trail within Blossom Lake Park. Pond modifications, parking lot improvements and specialty design measures to minimize impacts to adjacent trees were also an element of the project. The improvements were partially funded through a State recreation grant. (\$575,422.50)		
Marlin, Pine Tree and Southwind Roadway Improvements (City of Belleair Bluffs, FL)		PROFESSIONAL SERVICES 2024	CONSTRUCTION (if applicable) 2024
b.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Serving as Project Manager for the construction of nearly 1/2 mile of roadway improvements. This project further continued the City's efforts to standardize typical sections within the community. Design services included roadway alignment, grade adjustments to account for new curbing type, resident coordination, bidding and construction services. (\$715,897.25)		
Satellite Lift Station Replacement (Phase II) (City of Treasure Island, FL)		PROFESSIONAL SERVICES 2021	CONSTRUCTION (if applicable) 2021
c.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Manager for the rehabilitation of five (5) satellite stations. These duplex stations range from 5 HP to 10 HP with varying wet well sizes. Pumps and piping were replaced and repairs to existing wet liners were performed on an as-needed basis. Electrical controls were upgraded to adhere to the new AED-prepared standard. (\$1,608,466.00)		
Seminole Street Boat Ramp Lift Station (City of Clearwater, FL)		PROFESSIONAL SERVICES 2020	CONSTRUCTION (if applicable) 2020
d.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Manager for the design of a new simplex lift station serving a remote City park. The project entails system curve development and control panel design. Telemetry is to be a component of the station's controls.		
Stetson College of Law Pond Modifications (City of Gulfport, FL)		PROFESSIONAL SERVICES 2018	CONSTRUCTION (if applicable) 2018
e.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Manager for the modification of an existing stormwater management facility to accommodate the expansion of the College's chiller building. The project also entailed the addition of water quality volume and permitting through the Southwest Florida Water Management District. (\$300,075.25)		
Sunset Beach Ph VI Improvements (City of Treasure Island, FL)		PROFESSIONAL SERVICES 2018	CONSTRUCTION (if applicable) 2018
f.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Manager for the final phase of a multi-phased stormwater improvement project. The final phase focused on installing drainage facility on the predominant means of access to the Sunset Beach community. Drainage improvements needed to consider existing and future tidal impacts, outfall maintenance concerns, placement of collection structures on this uncurbed roadway and opportunities for water quality improvements. Two (2) pervious concrete parking lots with associated rain gardens were also constructed in conjunction with this project. Due to the significant traffic impacts, extensive resident coordination was performed during the design and construction phase. (\$2,322,674.00)

19. RELEVANT PROJECTS

(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
Church Creek Drainage Improvements (Phases I-III) (City of Largo, FL)		PROFESSIONAL SERVICES 2024	CONSTRUCTION (if applicable) 2024
a.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Senior Designer for the stabilization of an open channel facility (Phase I), development of a high-flow bypass system (Phase II) and construction of a pipe replacement on private property (Phase II). Permanent stabilization measures designed by AED for this 1,200 LF section of channel included an upland sheet pile retaining wall, a rip rap mattress and slope / cross section revisions to reduce the maximum velocity within the channel. Phase II proposed a bypass system which was not constructed due to cost-effectiveness and maintenance concerns. Phase III, currently under construction, required extensive resident coordination to address a pipe with historical maintenance challenges. Easement acquisition was required. (\$2,712,978.88)		
Sunset Beach Ph VI Improvements (City of Treasure Island, FL)		PROFESSIONAL SERVICES 2018	CONSTRUCTION (if applicable) 2018
b.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Senior Designer for the final phase of a multi-phased stormwater improvement project. The final phase focused on installing drainage facility on the predominant means of access to the Sunset Beach community. Drainage improvements needed to consider existing and future tidal impacts, outfall maintenance concerns, placement of collection structures on this uncurbed roadway and opportunities for water quality improvements. Two (2) pervious concrete parking lots with associated rain gardens were also constructed in conjunction with this project. Due to the significant traffic impacts, extensive resident coordination was performed during the design and construction phase. (\$2,322,674.00)		
Lift Station No. 11, Snell Isle Blvd. Rehabilitation (City of St. Petersburg, FL)		PROFESSIONAL SERVICES 2020	CONSTRUCTION (if applicable) 2020
c.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Senior Designer for the construction of a lift station rehabilitation including the installation of a new wet well (12'diameter within an existing concrete shell), pumps and piping, generator / fuel tank assembly and other site improvements. The project also entailed structural design elements such as wet well top slab design, elevated operations floor and a cast-inplace screening wall (12' height). (\$1,678,985.00)		
Lift Station Standard Plans Development (City of St. Petersburg, FL)		PROFESSIONAL SERVICES 2021	CONSTRUCTION (if applicable) 2021
d.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Senior Designer for the development of standard plans for the nearly 100 lift stations owned by the City. Initial tasks entailed creating a framework for the plans and "grouping" stations based upon system similarity. Standardization efforts focused on site layout, piping and wet well standards, electrical, instrumentation and control processes and structural elements.		
East Treasure Island Causeway Roadway & Drainage Improvements (City of Treasure Island, FL)		PROFESSIONAL SERVICES 2022	CONSTRUCTION (if applicable) 2022
e.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Senior Designer for the structural rehabilitation of a 20,000 AADT roadway which serves as an evacuation route for the City. LID techniques were used to secure SWFWMD CFI funding and improve water quality while improving the roadways level of service for multiple storm events. (\$2,356,125.00)		
46th Avenue Recreational Trail (Town of Kenneth City, FL)		PROFESSIONAL SERVICES 2020	CONSTRUCTION (if applicable) 2021
f.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Senior Designer for the a significant corridor improvement within the Town. Multiple stakeholders were involved as State recreation grant funds assisted in the construction of a shared use path and county funds were leveraged to perform multiple stormwater and roadway improvements within the corridor. (\$1,090,598.00)

19. RELEVANT PROJECTS

	(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES	CONSTRUCTION (if applicable)
a.	Stormwater BMP Inventory & Efficiency Study (City of Tampa) (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE	2023	N/A
	☐ Check if project performed with current firm Served as the Project Engineer and Environmental Scientist for this five-year study. Several stormwater BMP within the City of Tampa were inventoried with a focus on baffle boxes and stormwater ponds. Several baffle boxes were studied to determine their removal efficiencies. New operation and maintenance guidelines were developed for the City.		
b.	Hillsborough County Renewable Power Study (Hillsborough County) (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE	2024	N/A
	☐ Check if project performed with current firm Served as the Project Manager. The feasibility of constructing a solar array at the Valrico Wastewater Treatment Plant was evaluated. Six alternatives, including land and water installations, were evaluated. Each alternative was evaluated against six criteria (perming challenges, impacts to the existing facility, safety, accessibility, maintenance, and cost).		
c.	Temple Terrace Grant Management (City of Temple Terrace) (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE	Ongoing	N/A
	☐ Check if project performed with current firm Served as the Project Manager. Actively managed two HMGP grants and one state appropriation grant for the Temple Terrace Fire Department. Throughout the project, quarterly reports were submitted, bid documents were created for design/build efforts associated with grant funding, and coordination among other consultants was provided.		
d.	City of Tampa Vulnerability Assessment (City of Tampa) (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE	Ongoing	N/A
	☐ Check if project performed with current firm Cody assisted with data acquisition, GIS, technical writing, scripting, and FDEP coordination. The project provided the City with an in-depth review of how to adapt vulnerable critical assets to inform key decision-making and project prioritization to protect critical assets.		
e.	City of Treasure Island Vulnerability Assessment (City of Treasure Island) (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE	Ongoing	N/A
	☒ Check if project performed with current firm Served as the Project Manager. The project provided the City with an in-depth review of how to adapt vulnerable critical assets to inform key decision-making and project prioritization to protect critical assets.		
f.	City of Gulfport Vulnerability Assessment (City of Gulfport, FL) (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE	Ongoing	N/A
	☒ Check if project performed with current firm Served as the Project Manager. The project provided the City with an in-depth review of how to adapt vulnerable critical assets to inform key decision-making and project prioritization to protect critical assets.

(Complete one Section E for each key person)

12. NAME Phillip Keyes, P.E.		13. ROLE IN THIS CONTRACT Lead QA/QC Coordinator		14. YEARS EXPERIENCE	
				a. TOTAL 42	b. WITH CURRENT FIRM 2
15. FIRM NAME AND LOCATION (City and State) Advanced Engineering & Design, Inc., Pinellas Park, FL					
16. EDUCATION (Degree and Specialization) Bachelor of Science, Civil Engineering, University of Kentucky		17. CURRENT PROFESSIONAL REGISTRATION (State and Discipline) Florida PE #54953			
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) Water Environment Federation (WEF), National Society of Professional Engineers (NSPE)					

19. RELEVANT PROJECTS

	(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES	CONSTRUCTION (if applicable)
a.	Vina Del Mar Water Main Improvements (Pinellas County, FL)	2025	N/A
(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm			
Serving as Lead QC Coordinator for the wholesale replacement of potable water main on Vina Del Mar within St. Pete Beach. This project entails coordination with the City, assessing fire protection capabilities and bidding and construction services. Consultant coordination is also being performed in order to ensure system optimization. (\$7,450,000.00 est.)			
b.	Forelock/Mistwood Force Main Replacement from Lift Station 387 - 005219A (Pinellas County, FL)	2024	2024
(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm			
Phillip served as the project manager for the replacement of an existing 14" force main from Lift Station 387. Early in the project, modeling (performed using PCSWMM) identified a value engineering opportunity to reduce the proposed pipe size to 12". Design plans were prepared in accordance with County standard using PC Cadd Kit. Project Cost: \$2M			
c.	Woodside Heights Wastewater Retrofit (Leon County, FL)	2020	2020
(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm			
Phillip served as project engineer for the design of approximately 4,500 LF of 6-inch diameter force main and 10 HP/240 GPM duplex submersible pump station. The force main design also included approximately 400 LF of horizontal directional drill. Quality control was also provided for approximately 13,000 LF of 8-inch sanitary sewer collection system. This was the initial phase of a grant funded effort to reduce onsite septic systems within the Wakulla Springs Basin. Project Cost: \$3.9M			
d.	Sembler Pump Station (City of Tallahassee, FL)	2017	N/A
(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm			
Phillip served as project engineer for the design of approximately 11,000 LF of approximately 16-1inch force main and submersible master pump station that includes 3-105 HP pumps. The design provides for two pumps operating in parallel to provide a firm pumping capacity of approximately 3,000 GPM. Project Cost \$6.44M			
e.	NE & NW Sludge Transfer Force Mains, Pump Station and Odor Control (City of St. Petersburg, FL)	2019	2019
(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm			
Phillip provided QA/QC for the design of sludge pumping stations, force mains, and odor control units that transfers waste activated sludge from the Northwest and Northeast water reclamation facilities to the Southwest reclamation facility for treatment and disposal. The project included the design of approximately 16,000 LF of 4" and 20,300 LF of 6" HDPE directional drill, 2 odor control units at the force mains discharge locations, and transfer pump stations located at the 2 northern reclamation facilities. Project Cost: \$4.4M			
f.	Tarpon Springs Sanitary Sewer Improvements (City of Tarpon Springs, FL)	1989	1989
(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm			
Phillip served as project manager/engineer for the design of interceptor sewer and master pumping station and force main that discharges to the wastewater treatment plant south of the Anclote River. The master pumping station consisted of two, 100 HP, 2-speed pumps with a wet-well depth of approximately 25 feet, on-site generator, odor control, and telemetry system. The force main consisted of a 14-inch DIP with a portion attached to the U.S. Alternate 19 Bridge that crosses the Anclote River. The interceptor varied in size from 18-24" diameter. Project Cost: \$2.2M

19. RELEVANT PROJECTS

	(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES	CONSTRUCTION (if applicable)
a.	Blossom Lake Park Recreational Trail (City of Seminole, FL)	2022	2022
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Engineer for the construction of nearly 1-mile of recreational trail within Blossom Lake Park. Pond modifications, parking lot improvements and specialty design measures to minimize impacts to adjacent trees were also an element of the project. The improvements were partially funded through a State recreation grant. (\$575,422.50)		
b.	Marlin, Pine Tree and Southwind Roadway Improvements (City of Belleair Bluffs, FL)	2024	2024
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Serving as Project Engineer for the construction of nearly 1/2 mile of roadway improvements. This project further continued the City's efforts to standardize typical sections within the community. Design services included roadway alignment, grade adjustments to account for new curbing type, resident coordination, bidding and construction services. (\$715,897.25)		
c.	Satellite Lift Station Replacement (Phase II) (City of Treasure Island, FL)	2021	2021
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Engineer for the rehabilitation of five (5) satellite stations. These duplex stations range from 5 HP to 10 HP with varying wet well sizes. Pumps and piping were replaced and repairs to existing wet liners were performed on an as-needed basis. Electrical controls were upgraded to adhere to the new AED-prepared standard. (\$1,608,466.00)		
d.	Sunset Palms Trenchless Infrastructure Repair Program (City of Pinellas Park, FL)	2021	2021
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Engineer for the Sunset Palms Trenchless Infrastructure Repair Program. This project entailed the development of lining and structure coating standards for the Community's wastewater infrastructure. Program development, including specification preparation and priority identification, were also components of this work effort. (Varying Budget Allocated Each Year)		
e.	Wounded Warriors Abilities Ranch (City of Pinellas Park, FL)	2018	2018
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Senior Project Engineer for the development of a 10-acre construction debris site to provide wounded veterans with recreational opportunities. The parcel was inundated by the 100-year floodplain and required extensive hydraulic evaluation to account for the new runoff volumes and offsite flows as the site was identified as a flood transfer site. (\$985,000.00)		
f.	Gulf to Bay Blvd. Allen's Creek Improvements (City of Clearwater, FL)	2021	2021
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Engineer for a pipe replacement project in Allen's Creek. The City has two CMP pipes that convey flows from Allen's Creek across Gulf to Bay Blvd. Pipe replacement first started with review of the Allen's Creek WMP and corresponding model to ensure that long-term goals can be realized while still ensuring that today's impacts are mitigated for. The project proposed (2) 9'x7' box culverts within private property. Easement aquisition was needed (\$1,096,000.00)

19. RELEVANT PROJECTS

(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
Lift Station Standard Plans Development (City of St. Petersburg, FL)		PROFESSIONAL SERVICES 2021	CONSTRUCTION (if applicable) 2021
a.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Engineer for the development of standard plans for the nearly 100 lift stations owned by the City. Initial tasks entailed creating a framework for the plans and "grouping" stations based upon system similarity. Standardization efforts focused on site layout, piping and wet well standards, electrical, instrumentation and control processes and structural elements.		
(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
Dolphin Drive Utility Improvements (Pinellas County, FL)		PROFESSIONAL SERVICES 2021	CONSTRUCTION (if applicable) 2021
b.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Engineer for the Dolphin Drive Utility Improvements. Performed under a Joint Project Agreement (JPA) with the County, the project entailed potable water and wastewater upgrades in conjunction with roadway improvements proposed by the City. of Gravity sewer segments were proposed to be replaced where trenchless repair was determined to be impractical. Potable water improvements improved fire protection and services were reconstructed to accommodate new automatic meter reading (AMR) technology. (\$153,380.00)		
(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
Sunset Palms Trenchless Infrastructure Repair Program (City of Pinellas Park, FL)		PROFESSIONAL SERVICES 2021	CONSTRUCTION (if applicable) 2021
c.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Served as Project Engineer for the Sunset Palms Trenchless Infrastructure Repair Program. This project entailed the development of lining and structure coating standards for the Community's wastewater infrastructure. Program development, including specification preparation and priority identification, were also components of this work effort. (Varying Budget Allocated Each Year)		
(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
Lift Station 87 Childs Park Master (City of St. Petersburg, FL)		PROFESSIONAL SERVICES 2019	CONSTRUCTION (if applicable) 2019
d.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm Served as the City's in-house design of over three-miles of force main to provide wet weather flow transfer to reduce the likelihood of SSOs. This segment of force main traversed residential and commercial areas and designed proposing open cut and trenchless methods. Crossing of a FDOT roadway, two Pinellas County roadways and Bear Creek was required to utilize the preferred alignment. Permitting through the FDOT, Pinellas County and FDEP was performed. (\$10,396,000)		
(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
Town Shores Potable Water Improvements (City of Gulfport, FL)		PROFESSIONAL SERVICES 2022	CONSTRUCTION (if applicable) 2022
e.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm Serving as Project Engineer for the Town Shores Potable Water Improvements. This project is proposed to improve fire protection and water quality within a densely-populated portion of the City. Trenchless and open cut installation is proposed in effort to balance project cost, construction impacts and future maintenance obligations. (\$1,237,487.00)		
(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
Lift Station 85 30" Force Main (Part C) (City of St. Petersburg, FL)		PROFESSIONAL SERVICES 2015	CONSTRUCTION (if applicable) 2015
f.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☐ Check if project performed with current firm Served on the City's team for this project which included nearly two-miles of 30" ductile iron force main through downtown St. Petersburg. This new force main segment was installed via open cut through congested urban corridors. Construction scheduling navigated the multiple large-scale events that happened within the project's footprint. The initial phase also included establishing the overall alignment (to SWWRF) and hydraulic analysis. (\$7,500,000.00)

CITY OF ST. PETE BEACH, FLORIDA **STANDARD CONTRACT ADDENDUM**

THIS ADDENDUM modifies that certain contract for services made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited

basis to enforce the requirements of the previous section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option

of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for “Foreign Countries of Concern”. If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires “Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a “foreign country of concern” if such interest, contract, grant or gift received from a “foreign country of concern” if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable “foreign country of concern” and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services”. Pursuant to Section 268.101(7), Fla. Stat.: “In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause.”

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties’ actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys’ Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys’ fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor’s social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any

subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Breach during Emergency Recovery Period. Pursuant to Sec. 252.505, Fla. Stat., if vendor breaches this agreement during an emergency recovery period (1-year period beginning upon Governor's initial declaration of a natural emergency) Contractor shall pay a \$5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages.

19. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

- A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the

days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

EXHIBIT D

Public Assistance Grant Supplement

1. Applicability of this Exhibit; Conflicts.

- a. This Exhibit shall be fully incorporated into and made a part of the Agreement, as if the terms contained in this Exhibit were fully re-stated within the Agreement itself.
- b. This Exhibit shall apply: (a) in addition to anything contained in the Contract Documents; and (b) notwithstanding anything contained in the Contract Documents to the contrary. No other provision of the Contract Documents shall serve to limit or restrict the obligations imposed upon the parties in this Exhibit.
- c. In the event of a conflict between anything contained in this Exhibit and anything contained elsewhere in the Contract Documents, this Exhibit shall control and take precedence.
- d. Contractor's agreement to the terms contained in this Exhibit is a material inducement for Contractor to enter into the Agreement.
- e. If this Exhibit is attached to a Purchase Order, the term "Agreement" as used herein shall mean and refer to such Purchase Order to which this Exhibit is attached, and the term "Contract Documents" shall refer to all documents attached to and made a part of such Purchase Order.

2. Defined terms.

- a. For purposes of this Exhibit, the following definitions shall apply, in addition to any terms defined elsewhere in the Contract Documents:
 - i. The terms "recipient" and "non-Federal entity," and the term "applicant" as used in Section 3(a)(8) herein, shall have the same meaning as the term "Owner" as used in the Agreement;
 - ii. The term "contract" as used herein shall have the same meaning as the term "Contract" as used in the Agreement; and
 - iii. The term "contractor" or "prime contractor" as used herein shall have the same meaning as the term "Contractor" as used in the Agreement.
 - iv. The term "internal controls" means a process, implemented by a non-Federal entity, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (a) Effectiveness and efficiency of operations; (b) Reliability of reporting for internal and external used; and (c) Compliance with applicable laws and regulations. 2 CFR §200.61
 - v. The term "supplies" means all tangible personal property other than those described in 2 CFR §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the

non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 CFR §200.94

- vi. The term “disallowed costs” means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award. 2 CFR §200.31
- vii. The term “equipment” means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. 2 CFR §200.33

3. Equal Employment Opportunity (41 C.F.R. Part 60-1.4(b)).

a. During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (a) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors

violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

- (b) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148)

The Contractor agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act, as amended; the provisions of contract work hours; the Safety Standards Act; the Copeland "Anti-Kickback" Act (40 U.S.C. 276, 327-333); and all other applicable federal, state, and local laws and regulations pertaining to labor standards insofar as such acts apply to the performance of this Agreement. The Contractor shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the County for review upon request.

5. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred thousand dollars (\$100,000.00):

Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708).

Contractors engaged in contracts in excess of Two Thousand and 00/100 Dollars (\$2,000.00) shall comply with Federal requirements of the United States Department of Labor under 29 C. F. R., Parts 1, 3, 5, 6, and 7. All Contractors will comply with the following:

a. Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in 29 C.F.R. § 5.5(b)(1) the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in 29 C.F.R. § 5.5(b)(1), in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in 29 C.F.R. § 5.5(b)(1).

(3) *Withholding for unpaid wages and liquidated damages.* The Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in 29 C.F.R. § 5.5(b)(2).

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4) and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4).

6. **Procurement of Recovered Materials (2 C.F.R. § 200.322)**

The Contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

7. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred fifty thousand dollars (\$150,000.00):
Clean Air Act and the Federal Water Pollution Control Act (42 U.S.C. §§ 7401-7671q and 33 U.S.C. §§ 1251-1387).

- a. Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal awarding agency and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pinellas County, Florida.

4. Section 3 Clause

- A. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are Subrecipients of HUD assistance for housing.

- B. The Parties to this contract agree to comply with HUD's regulations in 24 C.F.R. part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

- C. The Contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section

3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The Contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. part 135. The Contractor will not subcontract with any subcontractor where the Contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. part 135.

E. The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's obligations under 24 C.F.R. part 135.

F. Noncompliance with HUD's regulations in 24 C.F.R. part 135 may result in sanctions, termination of this contract for default and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with Section 3 covered Indian housing assistance, Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. § 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

b. Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pinellas County, Florida.

8. Debarment and Suspension

a. Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with Executive Orders 12549 and 12689, and 2 C.F.R. pt. 180, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by Owner. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to Owner, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

9. Lobbying Prohibition

- a. No funds or other resources received under this Agreement may be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.
- b. Required Certification. Contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in

connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Signature of Contractor's Authorized Official

Name and Title of Contractor's Authorized Official

Date

10. Hatch Act

The Contractor agrees that no funds provided, nor personnel employed under the Agreement, shall be in any way or any extent engaged in the conduct of political activities I violation of Chapter 15 of Title V of the U.S.C.

11. Conflict of Interest

The Contractor shall abide by the provisions of 24 C.F.R., 570.611 and 2 C.F.R., 200.112. The Contractor shall maintain no present or future financial interest, direct or indirect, which would

conflict in any manner or degree with the performance of services required under this Agreement as indicated in 2 C.F.R., 200.318.

12. Religious Activities

The Contractor agrees that funds provided will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization, in accordance with the Federal regulations specified in 24 C.F.R., 570.200(j).

13. Access to Records

- a. Access to Records. The following access to records requirements apply to this contract:
 - (1) The Contractor, including all of its employees or agents, contractors, subcontractors and consultants to be paid from funds provided under this Agreement, agrees to provide the Department of Economic Opportunity (DEO), the Chief Financial Officer of the State of Florida, The Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or representatives of the Federal government or their duly authorized representatives, the Florida Division of Emergency Management, Owner, Pinellas County, Florida, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions at reasonable times. "Reasonable" shall ordinarily mean during normal business hours of 8 a.m. to 5 p.m., local time, Monday through Friday.
 - (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
 - (3) The Contractor agrees to provide Pinellas County, Florida or its authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.
 - (4) In compliance with the Disaster Recovery Act of 2018, the Owner and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by Pinellas County, Florida or the Comptroller General of the United States.
 - (5) The Contractor shall include the aforementioned recordkeeping requirements in all approved contracts, subcontracts, and assignments.

14. Bonding Requirements

The Contractor agrees that related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 and Appendix 11; and if the contract is for construction or facility improvement it must also include the Federal bonding requirements 2 C.F.R. § 200.325.

15. Employment Eligibility Verification

- a. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires DEO contracts in excess of nominal value to expressly require the Contractor to:
 - i. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Subrecipient during the Agreement term; and,
 - ii. Include in all contracts under this Agreement the requirement that contractors, subcontractors, and consultants performing work or providing services pursuant to this Agreement use the E-Verify system to verify the employment eligibility of all new employees hired by the contractors, subcontractors, and consultants during the term of the contract.
- b. The Department of Homeland Security's E-Verify system can be found at: <http://www.uscis.gov/e-verify>
- c. If the Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Agreement.

16. DHS Seal, Logo, and Flags

The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific Pinellas County, Florida pre-approval.

17. Compliance with Federal Law, Regulations, and Executive Orders

- a. This is an acknowledgement that Pinellas County, Florida financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, Pinellas County, Florida policies, procedures, and directives.

18. No Obligation by Federal Government

- a. The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

19. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

20. Procurement By Non-Competitive Proposals

- a. Policy:
 - i. It is the policy of City of St. Pete Beach, FL to follow the Uniform Federal Guidance 2 CFR 200.320 in regard to procurement by noncompetitive proposals (Sole Source Purchasing). Procurement by noncompetitive proposals is

procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source
 - (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
 - (3) The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity
 - (4) After solicitation of several sources, competition is determined inadequate.
- ii. The procurement must be necessary for the program, project, research or other circumstance supported by the grant; not reasonably available and accessible of the type normally charged as a direct cost to existing sponsored agreements and purchased in accordance with other Institutional policies and procedures.

21. In the Event of a Non-Emergent Procurement the PD/PI Should Complete:

- a. **Cost Price Analysis Form** which includes contractor's total cost proposal or price to determine which are allowable, show their direct relation to the requirements and, reasonableness; and complete the related City of St. Pete Beach, FL **Cost Analysis Worksheet** to support the proposed budget or quotation outlined in the Cost Price Analysis Form. Completion of these forms by the originating department will document that a Cost Analysis has been conducted.
- b. If no additional vendors were available to conduct a comparison against using the Cost Price Analysis Form, please also complete and attach the **Sole Source Justification Form**.
- c. **Responsible Contractor Form:** to document that any contractors have been reviewed and approved for their compliance with Uniform Guidance, Title 2, Subtitle A, Chapter II, Part 200, Subpart D, §200.318, section H.
- d. In addition, related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 & Appendix 11; and if the contract is for construction or facility improvement also include the Federal bonding requirements 2 C.F.R. § 200.325.

22. Build America Buy America Act (BABA)

- a. The Contractor shall comply with the requirements under the Build America, Buy America Act when using Federal funds for the purchase of iron, steel, manufactured products, and construction materials permanently incorporated into infrastructure projects as applicable pursuant to the Build America, Buy America Act. All iron, steel, manufactured products

and construction materials used under a federally grant funded project must be produced in the United States as applicable pursuant BABA. The requirements of this section must be included in all sub-awards including all contracts and purchase orders for work or products under this award.

- b. For purposes of this section:
 - i. “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - ii. “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

23. Contracting with Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms. 2 C.F.R. § 200.321

- a. Contractors will take all necessary affirmative steps to assure that minority business, women's business enterprises, and labor surplus area firms are used when possible.
- b. Affirmative steps must include:
 - i. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - ii. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - iii. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
 - iv. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
 - v. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
 - vi. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (i) through (v) of this section.

24. Compliance with Copeland “Anti-Kickback”

- a. Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as appropriate instructions may require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

25. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment.
2 C.F.R. § 200.216

- a. Under this Agreement, grant funds will not be obligated or expended to:
 - (1) Procure or obtain;
 - (2) Extend or renew a contract to procure or obtain; or
 - (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - A. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - B. Telecommunications or video surveillance services provided by such entities or using such equipment.
 - C. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.
 - (4) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
 - (5) For more information, See 2 C.F.R. § 200.471.

26. Historic Artifact Discovery

If prehistoric or historic artifacts, such as pottery or ceramics, projectile points, dugout canoes, metal implements, historic building materials, or any other physical remains that could be associated with Native American, early European, or American settlement are encountered at any time within the project site area, the permitted project shall cease all activities involving subsurface disturbance in the vicinity of the discovery. The applicant shall contact the Florida Department of State, Division of Historical Resources, Compliance Review Section at (850)-245-6333. Project activities shall not resume without verbal and/or written authorization. In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately, and the proper authorities notified in accordance with Section 872.05, Florida Statutes.

**CITY COMMISSION MEETING
CITY OF ST. PETE BEACH
COMMISSION CHAMBERS**

Agenda Report

Agenda Title Name: Authorize the City Manager to execute the Continuing Contract for Professional Design Services with Halff Associates, Inc., for three years.

Action Request: Motion to authorize the City Manager to execute the Continuing Contract for Professional Design Services with Halff Associates, Inc., for three years and to authorize the City Manager to execute the Contract.

Strategic Objective: Operational Excellence

Date: September 22, 2025

Prepared By: Camden Mills, Public Services Director

Through: Frances Robustelli, City Manager

Summary of Issue: The City publicly advertised a Request for Qualifications (RFQ) for Engineering and Consulting Services, and a total of 29 firms submitted proposals for evaluation on May 6, 2025. The City's RFQ evaluation committee recommended 7 firms for continuing contracts to support budgeted capital improvement projects throughout the City. Halff Associates, Inc. was selected to provide services related to general engineering, transportation, architectural, survey, marine, urban, and financial services.

This contract shall expire three (3) years after the effective date and may be extended for up to two (2) additional one (1) year periods.

Funding: Task orders will be issued project by project on an as-needed basis, subject to budgeted funds, within the Consultant's Competitive Negotiation Act (CCNA), established under Florida Statute 287.055.

CITY OF ST. PETE BEACH, FLORIDA
Continuing Contract for Professional Design Services

HALFF ASSOCIATES, INC – General Engineering, Transportation,
Architectural, Survey, Marine, Urban, Financial Services

This is a Contract (the “Contract”) entered into by and between the City of St. Pete Beach (hereinafter "CITY") and Halff Associates, Inc., (hereinafter "CONSULTANT"). The CITY and CONSULTANT together shall be referred to as the “Parties.”

WHEREAS, the CITY desires to retain the CONSULTANT to perform Continuing Professional Design Services- General Engineering, Transportation, Architectural, Survey, Marine, Urban, Financial Services for the CITY, more fully described below in the “scope of services” section.

WHEREAS, the CITY desires to employ the CONSULTANT for the Continuing Professional Design Services- General Engineering, Transportation, Architectural, Survey, Marine, Urban, Financial Services and other services upon the terms and conditions hereinafter set forth, and the CONSULTANT is desirous of performing such services upon such terms and conditions.

WHEREAS, the CONSULTANT has been selected to perform these professional services pursuant to the provisions of the “Consultants’ Competitive Negotiation Act” in Section 287.055; Florida Statutes, and all applicable CITY rules, regulations and policies.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

SECTION 1 – GENERAL.

- 1.1 The above recitals are true and correct, and incorporated as part of this Contract.
- 1.2 CONSULTANT shall be defined herein to include all principals of the firm of, including full time employees, professionals or otherwise, and all servants, agents, employees and/or subconsultants retained by the CONSULTANT to perform its obligations hereunder. Subconsultants shall be reviewed and approved by the CITY prior to Notice to Proceed with their prospective work assignments.
- 1.3 “Professional services” means those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered surveying and mapping, as defined by the laws of the state, or those performed by any architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.

- 1.4 Prior to the start of any work under this Contract, the CONSULTANT will have submitted to the CITY a detailed resume of key engineering personnel that will be involved in performing services requested by the CITY. The CITY hereby acknowledges its acceptance of such personnel to perform services under this Contract. At any time hereafter that the CONSULTANT desires to change the key personnel in an active assignment, it shall submit the qualifications of the new personnel to the CITY for prior approval. Key personnel shall include principals-in-charge, project managers and project engineers. The provisions of this Section do not apply to personnel temporarily assigned to perform service under this Contract for durations of one (1) week or less.
- 1.5 The CONSULTANT acknowledges that the CITY has retained other consultants, engineering and otherwise, and the coordination between said consultants and the CONSULTANT may be necessary from time to time for the successful completion of the Assignments. The CONSULTANT agrees to provide such coordination as necessary within the Scope of Services.
- 1.6 The CONSULTANT acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Contract.
- 1.7 The CONSULTANT will maintain an adequate and competent staff of professionally qualified persons throughout the performance of this Contract to ensure acceptable and timely completion of the Assignment.
- 1.8 Requirements for sealing all plans, reports and documents prepared by the CONSULTANT shall be governed by the laws and regulations of the State of Florida and the requirements of any regulatory agency, if required.
- 1.9 This Contract may be executed by the parties in counterpart originals with the same force and effect as if fully and simultaneously executed as a single original document. The "Effective Date" of this Contract shall be the date this Contract has been executed by all parties.

SECTION 2 – SCOPE OF SERVICES.

- 2.1 The CONSULTANT shall diligently and in a professional and timely manner perform the work included in the Scope of Services as listed generally in the Request for Qualifications (RFQ) attached and incorporated in this Contract as Exhibit A. Unless modified in writing by the parties hereto, duties of the CONSULTANT shall not be construed to exceed those services specifically set forth herein.
- 2.2 GENERAL. The CONSULTANT agrees to perform those services described in Exhibit A – RFQ, dated 3/19/2025, which is attached hereto and made a part hereof.

- 2.3 **ADDITIONAL SERVICE.** The CITY and the CONSULTANT agree that there may be certain additional services required to be performed by the CONSULTANT during the performance of the Scope of Services that cannot be defined sufficiently at the time of execution of this Contract. Such services shall be authorized in writing as Task Orders and shall be undertaken only under terms of formal amendments to this Contract.
- 2.4 **TASK ORDERS.** Additional services to be provided by the CONSULTANT shall be authorized in writing as Task Orders. Task Orders to be provided shall be prepared on the form delineated as Exhibit B - which is attached hereto and made a part hereof. Each Task Order shall include: a detailed description of the work to be performed; a schedule of completion (including phases) for the work authorized; and the amount and method of compensation. Task Orders shall be dated and serially numbered annually. The Task Orders may contain additional instructions or provisions specific to the authorized work for the purpose of expanding upon certain aspects of this Contract pertinent to the work to be undertaken. Such supplemental instructions or provisions shall not be construed as a modification of this contract.
- 2.5 The CITY Manager or his/her designee may authorize Task Orders for services under this continuing contract, which are equal to or less than limits prescribed for Continuing Contracts under the provision of F.S. 287.055(g) or limits set by the CITY's rules, regulations, and policies. Professional fees under such specified Task Orders shall be based on a written proposal from the CONSULTANT as may be requested in writing by the CITY's designated representative, who shall process the proposal through the appropriate departments at the CITY. A single unitary task may not be divided into more than one task for the purpose of qualifying for authorization hereunder. Nothing in this paragraph is intended to limit any other rights, responsibilities, and duties of the parties under any other provision of this continuing contract.

SECTION 3 – CITY'S RIGHTS AND RESPONSIBILITIES.

The CITY shall provide the service described below in a timely fashion at no cost to the CONSULTANT:

- 3.1 Furnish the CONSULTANT with existing data, records, maps, plans, specifications, reports, fiscal data and other information that is available in the CITY's files, necessary or useful to the CONSULTANT for the performance of the assignment. All of the documents conveyed by the CITY shall be and remain the property of the CITY and shall be returned to the CITY upon completion of the assignment to be performed by the CONSULTANT.
- 3.2 Make CITY personnel available when required and necessary to assist the CONSULTANT. The availability and necessity of said personnel to assist the CONSULTANT shall be determined solely at the discretion of the CITY.
- 3.3 Provide access to and make provisions for the CONSULTANT to enter upon the project lands as required for the CONSULTANT within a reasonable time, to perform surveys, observations and other work as necessary to complete the assignment.

- 3.4 Examine all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and render written decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- 3.5 Transmit instructions, relevant information and provide interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- 3.6 Give prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any development that affects the scope of timing of the CONSULTANT's services or becomes aware of any defect or changes necessary in the work of the CONSULTANT.
- 3.7 Arrange for submission of necessary permits/applications to governmental bodies as prepared by the CONSULTANT.
- 3.8 Furnish approvals and permits from all governmental authorities having jurisdiction and such approvals and consents from others as may be necessary for completion of the assignment not covered under the assignment.

SECTION 4 – COMPENSATION.

- 4.1 GENERAL. Compensation to the CONSULTANT for services performed pursuant to this Contract shall be in accordance with the following method or compensation, as defined and indicated a the "Lump Sum Method."

The type and amount of compensation for each Task Order shall be described on the Task Order form included in "Exhibit B."

4.2 LUMP SUM METHOD

- a. Lump Sum compensation shall be the total fixed price amount payable under the Lump Sum Method (including all payroll costs, overhead costs, other direct costs, fees, subconsultants' and specialist costs), for the services to be provided in the Task Order unless there is a change in the scope of the work, or other conditions stipulated in the Task Order, and the Task Order is modified by both the CITY and CONSULTANT to reflect the change(s) by formal amendment to this Contract.
- b. Payment to the CONSULTANT for services performed under a Task Order under the Lump Sum Method shall be monthly in proportion to the percentage of work completed during the month as proposed by the CONSULTANT and accepted by the CITY.

- 4.3 INVOICE PROCESSING: Invoices received by the CITY will be processed for payment within thirty (30) days of receipt of invoice. CONSULTANT will be notified of

questionable items contained in the invoices within fifteen (15) days of receipt by the CITY with an explanation of the deficiencies. The CITY will make an effort to resolve all questionable items contained in the CONSULTANT's invoices within thirty (30) days of receipt of the invoices by the CITY. At the end of the thirty (30) day period, the CITY shall pay the CONSULTANT the invoice amount less any unresolved questionable items. Invoices are to be forwarded directly to the initiating CITY representative.

4.4 **PAYMENT IN THE EVENT OF CONTRACT TERMINATION OR SUSPENSION.** In the event that a Task Order or this Contract is terminated or canceled, or the CONSULTANT's services suspended on a Task Order or this Contract, prior to completion, payment shall be made in accordance with the provisions of this Contract.

4.5 **ADDITIONAL COMPENSATION FOR CHANGE IN SCOPE OF ASSIGNMENT.** If instructed to do so by CITY, the CONSULTANT shall change or revise work that has been performed, and if such work is not required as a result of error, omission or negligence of the CONSULTANT, the CONSULTANT may be entitled to additional compensation. The additional compensation shall be requested by the CONSULTANT on a revised fee quotation proposal which must be submitted to the CITY for prior approval. The additional compensation, if any, shall be agreed upon before commencement of any such additional work and shall be incorporated into the assignment by formal amendment or Task Order to this Contract.

SECTION 5 - WORK COMMENCEMENT/IMPLEMENTATION SCHEDULE/LENGTH OF CONTRACT.

5.1 **WORK COMMENCEMENT.** The CONSULTANT shall commence work on each authorized Task Order within ten (10) days after receipt by the CONSULTANT of a written Notice-To-Proceed from the CITY's Designated Representative. If the CONSULTANT fails to commence work within the ten (10) day period, then the CITY shall have the right to seek other firms for the Assignment, unless the delay is due to no fault of the CONSULTANT.

5.2 **IMPLEMENTATION SCHEDULE.** The CONSULTANT must complete its work in accordance with the time schedule specified in the applicable Task Order/Assignment. In the event the work of the CONSULTANT is delayed due to no fault of the CONSULTANT, which delays the completion of any Task Order of the Assignment, the CONSULTANT is entitled to an appropriate extension of the contract time for the specific Task Order. Additional compensation to the CONSULTANT will be negotiated to the mutual agreement of the CITY and the CONSULTANT in the event such delay causes any Task Order's costs to increase for reasons beyond the CONSULTANT's control.

5.3 **TERM.** This Contract shall expire three (3) years after the effective date of this Contract and may be extended for up to two (2) additional one (1) year periods, not to exceed five (5) years maximum, upon written mutual consent of the CITY and the CONSULTANT.

5.4 **CONTINUING CONTRACT.** In accordance with 287.055 (g), this is a "continuing contract" for professional services entered into in accordance with all procedures of this

act between the CITY and the CONSULTANT, whereby the CONSULTANT shall provide professional services to the CITY for projects in which construction or professional costs do not exceed the statutory limitations imposed. Additionally, the CONSULTANT shall provide for work of a specified nature as outlined in Exhibit A of this Contract as required by the CITY.

SECTION 6 - CITY'S "DESIGNATED" REPRESENTATIVE.

6.1 GENERAL. The CITY hereby designates the CITY Manager or his/her designee to represent the CITY in all matters pertaining to and arising from the work and performance of this contract. The CITY Manager or designee shall have the following responsibilities:

- a. Examination of all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and rendering, in writing, decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- b. Transmission of instructions, receipt of information and interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- c. Giving prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any defects or changes necessary in the project.
- d. Following the CONSULTANT's preparation of any necessary applications to governmental bodies, to arrange for submission of all applications.
- e. When appropriate, authorizing Task Orders equal to or less than limits prescribed for Continuing Contracts pursuant to the provisions of FS 287.055(g) and applicable rules, regulations, r policies of the City.

SECTION 7 - CHANGES IN SCOPE.

7.1 The CITY or the CONSULTANT may request changes in the Scope of Services of a Task Order. Such change(s), including any increase or decrease in the amount of the CONSULTANT's compensation for any Task Order pursuant to this Contract, which are mutually agreed upon by and between the CITY and the CONSULTANT, shall be incorporated by written formal amendment.

SECTION 8 - TERMINATION OF CONTRACT.

8.1 TERMINATION BY CITY FOR CAUSE. The CITY may terminate this Contract for any one or more of the following reasons:

- a. If adequate progress on any phase of the assignment is not being made by the CONSULTANT as a direct result of the CONSULTANT's failure to perform.

- b. The quality of the services performed by the CONSULTANT is not in conformance with commonly accepted design codes and standards, standards of the CITY and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Contract, and the particular services involved are considered by the CITY to be essential to the proper completion of any Assignment.
- c. The CONSULTANT or any employee or agent of the CONSULTANT is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any work that has been performed by the CONSULTANT.
- d. The CONSULTANT becomes involved in either voluntary or involuntary bankruptcy proceedings, or makes an assignment for the benefit of creditors.
- e. The CONSULTANT violates the Standards of Conduct provisions of this Contract herein.
- f. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
- g. Sub-standard or non-performance of Agreement.
- h. The City wishes to terminate at any time and for any reason, upon giving sixty (60) days prior written notice to the CONSULTANT.

8.2 TERMINATION BY CONSULTANT FOR CAUSE. The CONSULTANT may cancel this Contract for the following reasons:

- a. The CITY fails to meet its obligations and responsibilities as contained in the sections of this Contract describing the CITY's Rights and Responsibilities.
- b. The CITY fails to pay the CONSULTANT in accordance with this Contract.
- c. In the event of either of the causes described in this Contract, the CONSULTANT may send a certified letter requesting that the CITY show cause why the Contract should not be terminated. If adequate assurances are not given to the CONSULTANT within fifteen (15) days of the receipt by the CITY of said show cause notice, then the CONSULTANT may consider the CITY to be in default, and may immediately terminate this Contract.

8.3 TERMINATION BY CITY WITHOUT CAUSE. Notwithstanding any other provision of this Contract, the CITY shall have the right at any time to terminate this Contract in its entirety without cause, or terminate by specific Assignment without cause, provided that ten (10) days prior written notice is given to the CONSULTANT of the CITY's intent to terminate. In the event that a Task Order is terminated, The CITY shall identify the specific Task Order(s) being terminated and the specific Task Order(s) to be continued to completion pursuant to the provisions of this Contract. This Contract will remain in full

force and effect as to all authorized Task Orders which are to be continued to completion under this type of arrangement.

- 8.4 PAYMENT IN THE EVENT OF TERMINATION. In the event this Contract or any Assignment is terminated or canceled prior to final completion without cause, payment for unpaid portion of the services provided by the CONSULTANT to the date of termination and any additional services thereafter will be determined by negotiation between the CITY and the CONSULTANT. No amount shall be allowed for anticipated profit on unperformed services or other work. In the event of termination for cause, the CITY may adjust any payment to take into account any additional direct costs to be incurred by the CITY due to such default.

8.5 ACTION FOLLOWING TERMINATION

- a. Upon receipt of notice of termination, given by either party, the terminated party shall promptly discontinue all services and other work, unless the notice provides otherwise.
- b. In the case of the CITY terminating the CONSULTANT, the CONSULTANT shall within ten (10) days or any extension thereto as may be mutually agreed to, deliver or otherwise make available to the CITY all reports, drawings, plans, specifications and other data and documents that have been obtained or prepared by the CONSULTANT in performing the Services under this Contract, regardless of whether the work on such documents has been completed or is in progress and said documents shall remain the property of the CITY. Notwithstanding the foregoing, the CONSULTANT shall not be held liable for the accuracy or reliability of any partially completed work delivered in accordance with this provision.

8.6 SUSPENSION

- a. The performance of the CONSULTANT's service under any provision of this Contract may be suspended by the CITY at any time. In the event the CITY suspends the performance of the CONSULTANT's services hereunder, the CITY shall so notify the CONSULTANT in writing, such suspension becoming effective upon the date of its receipt by the CONSULTANT, and CITY shall promptly pay to the CONSULTANT all fees which have become due and payable to the CONSULTANT to the effective date of such suspension. The CITY shall thereafter have no further obligation for payment to the CONSULTANT for the suspended services unless and until the CITY notifies the CONSULTANT that the services of the CONSULTANT called for hereunder are to be resumed. Upon receipt of written notice from the CITY that the CONSULTANT's services hereunder are to be resumed, the CONSULTANT shall complete the services of the CONSULTANT called for in this Contract and the CONSULTANT shall, in that event, be entitled to payment of the remaining unpaid compensation which becomes payable to the CONSULTANT under this Contract, same to be payable at the times and in the number specified herein. In no event will the compensation

or any part thereof become due or payable to the CONSULTANT under this Contract unless and until the CONSULTANT has attained that state of work where the same would be due and payable to the CONSULTANT under the provisions of this Contract.

- b. If the aggregate time of the CITY's suspension(s) of the CONSULTANT's Services under any Task Order of this Contract exceeds sixty (60) days, then the CONSULTANT and the CITY shall, upon request of the CONSULTANT, meet to assess the services performed hereunder up to the time of such meeting, the services remaining to be performed and the total compensation paid to the CONSULTANT hereunder and, during such meeting, shall have the option of negotiating a change in compensation to be paid to the CONSULTANT for the balance of the Services to be performed hereunder. No increase in compensation to the CONSULTANT shall be allowed unless it is based upon clear and convincing evidence of an increase in the CONSULTANT's costs attributable to the aforesaid suspension(s).

SECTION 9 - CLAIMS AND DISPUTES/REMEDIES.

- 9.1 CLAIMS AND DISPUTES. Any claims, disputes and/or matters in question between the parties arising out of or relating to this Contract, including claims for extra compensation, shall be filed in writing by the aggrieved party to the other party within forty-five (45) days of its occurrence. Should such claims not be formally submitted within said forty-five (45) day period, the aggrieved party agrees not to make such claim against the other party at any time in the future. Should any claim or dispute not be mutually resolved between the parties within sixty (60) days thereafter, the aggrieved party shall then seek to resolve the matter in accordance with the "Remedies" provisions of this Contract.
- 9.2 REMEDIES. Except as provided in Section 9.1 herein, all claims, disputes and/or matters in question between the CITY and the CONSULTANT arising out of or relating to this Contract, or the breach of it will be decided by Mediation if the parties hereto mutually agree, or in a court of competent jurisdiction. Venue for any dispute or formal litigation concerning this contract shall be in the appropriate court with territorial jurisdiction over the City of St. Pete Beach, Florida. In the event of a dispute or litigation, each party to such dispute or litigation shall be solely responsible for its own attorneys' fees and costs. This contract shall not be construed for or against any party hereto, without regard to which party is wholly or partly responsible for its drafting.

SECTION 10 - INDEMNITY AND INSURANCE.

- 10.1 GENERAL. To the fullest extent permitted by Florida law, the CONSULTANT shall indemnify and hold harmless the CITY and its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONSULTANT and other persons employed or utilized by the Consultant in the performance of the contract.

10.2 INSURANCE. The CONSULTANT will possess or obtain and continuously maintain the following insurance coverage, from a company or companion authorized to do business in the State of Florida, and will provide Certificates of insurance to the CITY, evidencing such insurance, within fifteen (15) days following the CONSULTANT's receipt of Notice to Proceed on the Assignment from the CITY. The insurance coverage shall contain a provision, which requires that prior to any changes or material alterations in the coverage, except aggregate coverage, thirty (30) days prior written notice will be given to the CITY. Specific insurance requirements may include:

- a. WORKER'S COMPENSATION. The CONSULTANT must provide Worker's Compensation for all employees at the site location, and in case any work is subcontracted, will require the Subcontractor to provide Worker's Compensation for all of its employees.
- b. COMMERCIAL GENERAL LIABILITY. The CONSULTANT must provide coverage for all operations as detailed in the Scope of Services including, but not limited to, Contractual, Products and completed Operations and Personal Injury. The limits will be not less than \$2,000,000 Combined Single Limit (CSL) or its equivalent.
- c. AUTOMOBILE LIABILITY. The CONSULTANT must provide coverage for all owned and non-owned vehicles for limits of not less than \$1,000,000 CSL or its equivalent.
- d. PROFESSIONAL LIABILITY INSURANCE. Annual Professional Liability Insurance must be maintained with coverage in an amount as detailed in the City of St. Pete Beach Request for Qualifications (RFQ) titled "Engineering and Consulting Services". Said Professional Liability Insurance shall provide for all sums which the CONSULTANT shall be obligated to pay as damages for claims arising out of negligent performance by the CONSULTANT, or any person or subcontractor employed by the CONSULTANT, in conjunction with this Contract. This insurance shall also be maintained for a minimum of three (3) years after completion of the CONSULTANT's services and/or construction and acceptance of the facilities designed by the CONSULTANT under the scope of this Contract including any amendment thereto.
- e. CERTIFICATES OF INSURANCE. The CONSULTANT shall furnish all Certificates of Insurance forwarded directly to the following:

City of St. Pete Beach-City Clerk's Office
155 Corey Avenue
St. Pete Beach, FL 33706

with information copied to the Designated Representative identified in this Contract. The Certificates shall clearly indicate that the CONSULTANT has obtained insurance of the type, amount and classification required by these provisions.

SECTION 11 - NEGOTIATION DATA.

- 11.1 The CONSULTANT hereby certifies, covenants and warrants that accounting documentation and supporting data which has established compensation provided for in this Contract are accurate, complete and current as of the date of negotiation of the compensation terms contained in this Contract. It is further agreed that the CONSULTANT's compensation under this Contract may be adjusted to exclude any significant sums where the CITY determines the CONSULTANT's compensation was increased due to inaccurate or incomplete wage rates and other factual unit costs. All such price adjustments shall be made prior to the end of this Contract. Records of costs incurred under the terms of this Contract shall be maintained and made available to the CITY during the period of this Contract and for five (5) years after final payment is made.
- 11.2 Copies of these documents and records shall be furnished upon request to the CITY at no cost. For the purpose of this Section, the end of this Contract shall be deemed to be the date of final acceptance of the work by the CITY.

SECTION 12 - OWNER OF DOCUMENTS.

- 12.1 It is understood and agreed that all documents, including detailed reports, plans, original drawings, survey field notebooks and all other data other than working papers, prepared or obtained by the CONSULTANT in connection with its services hereunder, shall be delivered to, or shall become the property of the CITY prior to final payment to the CONSULTANT. The CONSULTANT shall retain reproducible copies of all Documents for its files at Direct Reimbursable Cost. All Documents including drawings prepared by the CONSULTANT pursuant to this Contract are instruments of service in respect to the services described in the Assignment. Any reuse without written verification or adaptation by the CONSULTANT for the specific purpose intended will be at CITY's sole risk and without liability or legal exposure to the CONSULTANT; and the CITY shall indemnify to the maximum extent permitted by law and hold harmless the CONSULTANT from all claims, damages, losses and expenses including attorney's and expert's fees arising out of or resulting therefrom. Any such verification or adaptation by the CONSULTANT will entitle the CONSULTANT to further compensation at rates to be agreed upon by the CITY and the CONSULTANT.
- 12.2 Any Documents given to or prepared or assembled by the CONSULTANT and its subcontractors under this Contract shall be kept solely as property of the CITY and shall not be made available to any individuals or organizations without the prior written approval of the CITY.
- 12.3 The CONSULTANT may maintain copies of all work performed under this Contract for the CITY.
- 12.4 The CONSULTANT shall not publish any information concerning this project without the prior written consent of the CITY.

12.5 The CONSULTANT should abide by the Florida Public Records law, more fully described in “Exhibit C.”

SECTION 13 - STANDARDS OF CONDUCT.

13.1 CONSULTANT EMPLOYEES. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this Contract and that the CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee working solely for the CONSULTANT any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award of making of this Contract.

13.2 EMPLOYMENT ELIGIBILITY. The Consultant shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security’s E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.
- b. Subcontractors (i) Consultant shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Consultant with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Consultant’s E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of one (1) year after date of termination.

13.3 CONSULTANT COMPLIANCE WITH LAWS. The CONSULTANT shall comply with all Federal, State and local laws and ordinances in effect on the date of this Contract and

applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex or national origin in the performance of work under this Contract.

13.4 CONFLICT OF INTEREST. The CONSULTANT hereby certifies that no undisclosed conflict of interest exists with respect to the present Contract, including any conflicts that may be due to representation of other clients, other contractual relationships of the CONSULTANT, or any interest in property which the CONSULTANT may have. The CONSULTANT further certifies that any apparent conflict of interest that arises during the term of the Contract will be immediately disclosed in writing to the CITY. Violation of this Section will be considered as Justification for immediate termination of this Contract under the provisions of Section 8.1.

13.5 REMOVAL OF EMPLOYEE. The CITY is empowered to require the CONSULTANT to remove any employee or representative of the CONSULTANT from working on this Assignment which the CITY determines is not satisfactorily performing his assigned duties or is demonstrating improper conduct. The CITY shall notify the CONSULTANT in writing of the CITY's objections prior to the CONSULTANT's removal of any employee or representative.

13.6 PUBLICATION. The CONSULTANT shall not publish any documents or release information to the media without prior approval of the CITY.

SECTION 14 - ACCESS TO RECORDS/AUDIT.

14.1 RECORDS MAINTENANCE. The CONSULTANT shall maintain books, records, documents, time and costs accounts and other evidence directly related to its performance of services under this Contract. All time records and cost data shall be maintained in accordance with generally accepted accounting practices. The CONSULTANT shall also maintain the financial information and data necessary to determine overhead rates in accordance with the requirements of Federal and State regulatory agencies and this Contract. The CITY, or any of its duly authorized representatives, shall have access within forty-eight (48) hours to such books, records, documents and other evidence for inspection, audit and copying. Copying of CONSULTANT's books, records, documents, time records and cost accounts and other evidence shall be at the CITY's expense.

14.2 ACCESS TO RECORDS. The CONSULTANT shall maintain and allow access to the records required under this Section for a period of five (5) years after the completion of the services provided under this Contract and date of final payment for said services, or date of termination of this Contract as may have been exercised under the terms of this Contract.

SECTION 15 - CODES AND DESIGN STANDARDS.

15.1 All of the services to be performed by the CONSULTANT shall in the minimum be in accordance with commonly accepted design codes and standards, standards of the CITY and the requirements of any Federal and/or State regulatory agencies in effect as of the

date of this Contract. The CONSULTANT shall be responsible for keeping apprised of any changing codes or requirements, which requirements must be applied to the Assignment to be performed under this Contract. Any new codes or requirements becoming effective subsequent to the effective date of this Contract that require an additional level of effort to be performed by the CONSULTANT beyond that covered under the scope of this Contract shall be subject to negotiation for an increase in scope and compensation by an amendment to this Contract.

SECTION 16 - ASSIGNABILITY

16.1 The CONSULTANT shall not sublet, assign or transfer any interest in this Contract, without prior written approval of the CITY, provided that claims for the money due or to become due the CONSULTANT from the CITY under this Contract may be assigned to a bank, trust company or other financial institution without such CITY approval. Notice of any such assignment or transfer shall be furnished promptly to the CITY.

SECTION 17 - CONTROLLING LAWS

17.1 This Contract is to be governed by the laws of the State of Florida.

SECTION 18 - FORCE MAJEURE

18.1 Neither party shall be considered in default in performance of its obligations hereunder to the extent that performance of such obligations, or any of them, is delayed or prevented by Force Majeure. Force Majeure shall include, but not be limited to, hostility revolution, civil commotion, strike, epidemic, fire, flood, wind, earthquake, explosion, any law, proclamation, regulation or ordinance or other act of government, or any act of God or any cause whether of the same or different nature, existing or future; provided that the cause whether or not enumerated in this Section is beyond the control and without the fault or negligence of the party seeking relief under this Section.

SECTION 19 - EXTENT OF CONTRACT

19.1 This Contract, together with the RFQ titled "Engineering and Consulting Services" (issued 3/19/2025), the proposal submitted 4/23/2025, and the Exhibits hereinafter identified and listed in this Section 19, incorporated herein and made a part hereof by this reference, constitute the entire Agreement between the CITY and the CONSULTANT and supersede all prior written or oral understandings in connection therewith. This Contract may only be amended, supplemented or modified by a formal Amendment or Change Order to this Contract. The Exhibits supplemental to and made a part of this Contract are as follows:

Exhibit A: Scope of Services.

Exhibit B: Task Order Form.

Exhibit C: 2025 Standard Addendum

Exhibit D: FEMA Grant Provisions

identified and listed in this Section 19, incorporated herein and made a part hereof by this reference, constitute the entire Agreement between the CITY and the CONSULTANT and supersede all prior written or oral understandings in connection therewith. This Contract may only be amended, supplemented or modified by a formal Amendment or Change Order to this Contract. The Exhibits supplemental to and made a part of this Contract are as follows:

Exhibit A: Scope of Services.

Exhibit B: Task Order Form.

Exhibit C: 2025 Standard Addendum

Exhibit D: FEMA Grant Provisions

IN WITNESS WHEREOF, the Parties have executed this Contract on the day and year set forth below.

Mr. John Taylor
Procurement Manager
City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

RE: RFQ for Engineering and Consulting Services

Dear Mr. Taylor and Members of the Evaluation Committee:

In the past year, the City of St. Pete Beach and your neighboring coastal communities faced significant impacts from hurricanes Helene and Milton, which resulted in extensive infrastructure damage and community disruptions. Despite setbacks, such as the closure of beloved local establishments, the community's resilience remains evident through successful recovery efforts like the revitalization of the Secret Garden at Upham Beach. As recovery progresses, innovative and sustainable engineering solutions are essential to rebuilding communities back better and stronger.

Halff is uniquely qualified for this contract. We are pleased to submit our Statement of Qualifications (SOQ) for Engineering and Consulting Services to the City of St. Pete Beach for General Engineering, Transportation Planning and Design, Architectural Design, Survey, Marine Facilities, Urban Development Planning, ADA Compliance and Implementation Review, Financial, and Soil and Material Testing Services. After working extensively on the current contract and reviewing your Capital Improvements Plan (CIP), we understand the critical issues facing the city and the need for community resilience.

Halff has successfully partnered with St. Pete Beach, Treasure Island, New Port Richey, Pinellas County, and over 50 other Florida municipalities to address similar infrastructure challenges. Our team's extensive experience includes stormwater modeling, drainage design, seawalls and living shorelines, corridor planning, roadway design, environmental permitting, and vertical construction. Our dedicated grant funding team is highly skilled in securing state and federal funds, including FEMA grants, enabling expedited project implementation without overextending your budget.

Alistair Brice, PE, your dedicated Project Manager, has a longstanding relationship with St. Pete Beach and a proven track record of delivering projects on schedule and within budget. The Halff team will bring value by:

- Proactively identifying innovative and resilient infrastructure solutions,
- Delivering projects that prioritize optimal benefit-cost ratios and longevity,
- Upholding high ethical standards of fairness, integrity, and transparency,
- Leveraging technology for optimal efficiency and effectiveness.

Brandyn D. Littleton, PWS, will serve as Principal-in-Charge. He is authorized to execute contract documents for Halff. We look forward to continuing to serve your community. Our team welcomes the opportunity to discuss our capabilities further and address any questions you may have.

Sincerely,

Brandyn D. Littleton, PWS
Vice President, Operations Manager

D. Statement of Qualifications and Firm Profile

COMPANY PROFILE

Halff is a full-service infrastructure consulting firm designed, engineered, planned, constructed and purposed for people. Since 1950, we've been creating smart solutions that improve lives and communities by turning ideas into reality. The firm provides services throughout the Southeast from 32 offices in Florida, Texas, Arkansas, Oklahoma, Louisiana and Arizona. The firm's staff of more than 1,450 includes engineers, planners, scientists, and surveyors. Halff is ranked #87 in *Engineering News-Record* magazine's list of the top 500 design firms in the United States.

The firm was founded in Dallas in 1950 by Albert H. Halff, PhD-Eng., PE. Today, Halff preserves Dr. Halff's legacy of integrity, dedication to client service, and commitment to quality. Halff develops smarter solutions for a variety of market sectors. No matter the size or scope of the project, every one of our solutions is designed with a single purpose: our client's success.

Halff was founded on a core tenet: Focus on people, treat them well and success will follow. It's no wonder, then, that our employees and the resultant culture define us. We are members of a company built on integrity, technical knowledge and commitment to client service.

HALFF'S UNIQUE QUALIFICATIONS

Halff understands there are many important attributes to consider when selecting a qualified engineering firm. Halff has assembled a highly qualified team with a proven history of working together and specialized experience in all aspects of any anticipated project. Our team is committed to successful projects and will apply our knowledge and experience to:

- Be available and immediately responsive
- Understand your objectives, goals and constraints
- Understand the regulatory and permitting requirements associated with the project
- Provide options for each design problem to enable the selection of solutions that best fit your needs

Stormwater Improvement Project Design

Halff has a 75+ year history of developing, evaluating, and designing successful stormwater capital improvement projects (CIPs). Our unique background in stormwater modeling, coupled with extensive practical experience in designing and constructing stormwater retrofit BMP projects, facilitates the development of sound technical solutions to stormwater-related concerns.

HALFF BY THE NUMBERS

Our projects have addressed various flooding, erosion, and water quality concerns. Over the years, we have earned a reputation for developing innovative, technically sound, and cost-effective solutions. In addition, our engineers routinely look for opportunities to maximize the benefits of the design solution (e.g., water quality improvement, alternative water supply, shoreline restoration, minimize excavation, etc.).

Value Engineering

As we proceed through final designs, brainstorming sessions and internal reviews are conducted by our design teams. Examples of cost savings realized as part of this process at Halff are below.

- **Ironbark Drive Flood Abatement:** Following conceptual design, additional geotechnical data was obtained to help optimize the final design and avoid limestone impacts. As part of this process, we were able to revise the design and save Pasco County approximately \$500K in construction costs.
- **Concord Rd./Violet St. Flood Control:** Refined 2D modeling allowed us to identify overland flow patterns and reduce the new pond's wall height, saving over \$200K from preliminary cost estimates.
- **S-355W Spillway:** Through the value engineering process, our team was able to revise design aspects and reduce the construction costs by over \$1M
- On multiple projects, we incorporated specialized high-capacity curb inlets that have saved our clients hundreds of thousands of dollars in construction costs and significantly reduced traffic disruptions.

On-Call/Emergency Design Services

Halff has a history of successful fast-tracked stormwater system design and analysis projects, ranging from repair of collapsed culverts, washouts, and failed stream banks to post-hurricane forensic analyses. For these projects, the schedule is critical, often due to emergency response funding time limits (NRCS) and/or public safety hazards. The Halff team is staffed with qualified individuals who can reach the City quickly (typically much less than an hour) and have the experience to identify concerns and develop design solutions within short time constraints. Our Project Manager and main Design Engineers have extensive project history in Pinellas County.

**Our people are individuals
with diverse, yet
complementary, professional
backgrounds. We know this
attribute, more than any
other, allows us to maintain
a loyal client base. We are
members of a company
built on integrity, technical
knowledge and commitment
to client service.**

“Our organization employed the services of Halff to provide post construction service at the Pasco County Ironbark Stormwater Pump Station project. Based on our experiences and satisfactory results, both past and present, we currently have several projects under design with Halff.”

Efrain Figueroa, Pasco County Public Works

Grant Applications and Management

Our staff includes **Lisa King**, a grants funding manager with over 30 years of experience assisting Florida municipalities obtain grant funding for CIP projects. Lisa has successfully obtained over \$300 million in grants for Florida local governments, including \$80 million in the past two years.

Green Infrastructure/LID

Green Infrastructure (GI) / Low-impact Development (LID) offers a means of incorporating structural Best Management Practices (BMPs) into the built environment to meet water quality, water quantity, and sustainability objectives while simultaneously creating aesthetically pleasing yet functional areas. Becoming more widespread in their application and use in public infrastructure, GI nonetheless offers unique challenges for municipalities to overcome to be successful, such as special maintenance considerations and public perception of each improvement. Halff employs and works with GI subject matter experts and designers who specialize in aesthetic/amenity components, as well as securing unique alternative funding.

Resiliency

Halff's Resilience Market serves as a focal point for interdisciplinary collaboration and innovation. The Market integrates expertise from all solution groups, including Infrastructure, Water, Mobility and Placemaking, to address the growing complexities of changing conditions. Halff's commitment to resilience extends throughout the entire lifecycle of community investments and decision-making. From initial planning and design phases through implementation and

ongoing monitoring, we are committed to developing responsive and adaptive solutions and capable of enduring long-term impacts. Halff integrates planning, design, engineering, and implementation to create resilient communities that can adapt and thrive in the face of current and future social-ecological challenges. We are committed to fostering interdisciplinary innovation, bringing together Infrastructure, Water, Mobility, and Placemaking expertise to address complex resilience challenges, verifying adaptive and flexible solutions across project lifecycles. Halff has also built a strong reputation in supporting communities nationwide in building community resilience, including leadership in FEMA's Risk MAP Program, Texas Regional Flood Plans, and the Resilient Florida Program, offering tailored, local resilience strategies for both coastal and inland areas.

“

We appreciate that we can count on [Halff] to develop the most practical design solutions for our stormwater related problems - meaning they are cost-effective and permittable. In our experience, not everyone does that.

**Mike Drozeck, PE, Orange County
Public Works**

”

PRIMARY OFFICE LOCATION

The Halff Tampa branch will fully execute this contract and is a little over 20 miles from the City of St. Pete Beach. Dedicated staff will always be available to the City. Dedicated office space for all the team members will be maintained in our Tampa office for the duration of the project. It is located at:

**1000 North Ashley Drive
Suite 900
Tampa, FL 33602**

Additional Halff offices are located in Tallahassee, Tavares, Orlando, Temple Terrace, Miramar Beach, Chipley, and Panama City Beach. Halff is supported by 1,450 employees in 32 offices, nationally.

ADDENDA ACKNOWLEDGEMENT

- We acknowledge receipt of Addendum No. 1, dated March 27, 2025.
- We acknowledge receipt of Addendum No. 2, dated March 31, 2025.
- We acknowledge receipt of Addendum No. 3, dated March 31, 2025.
- We acknowledge receipt of Addendum No. 4, dated April 1, 2025.
- We acknowledge receipt of Addendum No. 5, dated April 2, 2025.
- We acknowledge receipt of Addendum No. 6, dated April 9, 2025.
- We acknowledge receipt of Addendum No. 7, dated April 9, 2025.
- We acknowledge receipt of Addendum No. 8, dated April 21, 2025.
- We acknowledge receipt of Addendum No. 9, dated April 22, 2025.

Nick Charnas	QA/QC Manager	50%
Rob Ern, Jr.	Water/Wastewater	30%
Mark Troilo	Stormwater	30%
Martin Steffen	Landscape Architecture	50%
Justin Kimmich	Building Design	50%
Lisa King	Funding Services (Grants)	30%
Suzanne Osborne	Survey	30%
Nancy Lehr	Marine Facilities	30%

THE HALFF PROJECT TEAM

Halff's Tampa office has an established reputation for providing quality utility, stormwater and civil engineering services, planning, landscape architecture, urban design, construction engineering & inspection (CEI), transportation & mobility services, and geographic information systems (GIS) services throughout west-central Florida since 1987. Halff has expanded its Tampa team, experienced with St. Pete Beach, to include environmental science and water/wastewater engineering. Backed by other offices, we deliver drainage models for flood and resiliency analysis, with a dedicated team tailored to this contract. Additionally, Halff has partnered with these trusted specialty firms:

AREHNA Engineering, Inc. (AREHNA)

is a geotechnical engineering and materials testing firm known for delivering cost-effective solutions through close collaboration with clients and design teams. They've successfully supported various public and private sector projects, including work for the City of St. Pete Beach and other Florida municipalities. **Halff and Arehna are longstanding partners that deliver quality work.**

Alfred Benesch & Company (Benesch)

is a multi-disciplinary engineering and professional services firm specializing in infrastructure projects like roads, bridges, schools, parks, and airports. Since 1946, they've completed thousands of projects nationwide, focused on enhancing communities and connections. **Halff partnered with Benesch for their recognized expertise and deep knowledge in ADA compliance.**

Hyatt Survey (Hyatt)

is a woman-owned, full-service surveying and mapping firm with a highly experienced team. They've proudly served the City of St. Pete Beach and clients like the USACE, FDOT, Southwest Florida Water Management District (SFWMD), and several Florida counties. Hyatt is a certified WBE/MBE with the State of Florida and a DBE with FDOT. **Hyatt brings local knowledge and expertise to the City.**

KS Architecture (KSA)

is a full-service architecture firm located in the Tampa Bay area. Established in 2017, the Principals and staff of KSA bring more than five decades of combined experience through which they have continued to surpass the expectations of their clients with exceptional design solutions and excellent client services. **KSA has extensive expertise in creative solutions and innovative designs.**

moffatt & nichol

Moffatt & Nichol (M&N) is an employee-owned firm, and has served Florida since 1985 with offices statewide. They

specialize in marine, coastal, and port engineering, including structural design, planning, resiliency, and environmental services, with projects across Tampa, Florida, and the Caribbean. **Halff has teamed with M&N many times and considers them a leader in resilient coastal infrastructure.**

ORGANIZATIONAL CHART

LEADERSHIP TEAM

Halff is proposing our most uniquely qualified professionals that have the local knowledge and experience. We have structured a team that combines technical expertise with effective delivery. We strive to develop innovative solutions that are technically and environmentally sound. The organizational chart below demonstrates the staff's roles, responsibilities, and reporting structure. **Alistair Brice** will serve as the project manager and will be the City's point of contact.

Alistair Brice, PE

Alistair Brice has extensive experience in public works engineering, specializing in community infrastructure projects like roadways, stormwater systems, drainage, and site design. He successfully completes projects under this contract. He currently oversees construction documents, CAD design, civil site design, storm drainage calculations, and drainage reports.

Brandyn Littleton, PWS

Brandyn has over 20 years of experience supporting municipal engineering projects, specializing in environmental planning, NEPA documentation, wetland/WOTUS delineations, ecological assessments, MS4 compliance, environmental permitting, species surveys, vegetation assessments, habitat evaluations, streambank stabilization and restoration, floodplain analyses, tree inventories, and GIS-based asset management systems for infrastructure planning.

Nick Charnas, PE, CFM

As a senior civil engineer in Florida, Nick's experience spans the design and construction of projects focused on stormwater quality and quantity improvements, channel reinforcement, utility replacement and relocations, regulatory permitting, grant funding, public outreach, construction engineering and inspection (CEI), and construction administration.

Ben Prewitt, PE

Ben has extensive experience in project management, site development, utility systems, stormwater management, and roadway design. He has delivered projects from 1 to over 500 acres, involving multiple disciplines and stakeholders. Ben has also designed and served as engineer of record for permitting efforts across Florida, including marine structures.

SUPPORT STAFF FOR CITY OF ST. PETE BEACH

Under the leadership described above, the Halff Team has selected a knowledgeable team of in-house professionals with relevant experience to understand the objectives of the assignments, minimize the learning curve, and be responsive to meeting the project's needs.

Key personnel assigned to this project have been carefully selected to include professionals with the expertise and experience to excel at anticipated assignments:

Project Engineer | Rob Ern, Jr., PE

Rob's expertise involves collection, transmission, and distribution systems, design and permitting of WWTPs, WTPs, sewage pump stations, and water booster pump stations, utility master planning, and impact fee studies. His extensive utility experience in Florida on a variety of water projects translates to a practice leader who understands the complexities, requirements, and challenges of local infrastructure projects.

Project Engineer | Mark Troilo, PE

Mark has over 30 years of experience in water resources, specializing in stormwater management modeling and design. With a background in biology, limnology, and environmental engineering, he has worked on numerous major publicly funded stormwater management master plans and drainage design projects across Florida, ranging from a few acres to over 700 square miles.

Landscape Architecture | Martin Steffen, PLA, WEDG

Martin has been active in landscape architecture, site design, and land planning for over 10 years. His experience encompasses both private and public-sector projects. His project experience includes master planning services, special use permits, design for residential subdivisions, office and commercial site design, residential landscape design, and due diligence for eminent domain cases.

Environmental Permitting | Drew Sanders, WEDG

Drew has over 33 years of experience in environmental permitting for public and private projects. He specializes in project management, ecological assessments, habitat mapping, wetland delineation, species surveys, habitat restoration, and wetland mitigation design.

Financial (Grants) | Lisa King

Lisa has extensive experience in grant writing and administration for Florida local governments. She specializes in strategic grants planning and writing for emergency management, transportation, and water quality projects. Lisa has developed over 30 grant applications for programs like HMGP, CDBG-DR, CDBG-MIT, and BRIC, focusing on facility hardening, flood mitigation, and economic development.

Survey | Suzanne Osborne, PSM

Suzanne has extensive knowledge of the surveying process, writing of legal documents, field data collection, subdivision layout and control, QA/QC processes, and project management. Her surveying deliverables skillset includes sectional surveys, boundary and topographic, as-builts, subdivision layout and control, and highway and right of way surveys.

SUE | Nathan Simon

Nathan has extensive knowledge and hands-on experience in subsurface utility engineering (SUE), including electro-magnetic equipment, ground-penetrating radar, and vacuum excavation. His strong communication skills and multidisciplinary expertise enable effective collaboration with engineers, surveyors, utility owners, and contractors.

Transportation | Gary Phillips, AICP

Gary specializes in transportation planning, public engagement, project development, and conceptual design. He has managed transportation planning, traffic studies, PD&E, and conceptual design projects for clients including various state DOTs, FDOT, Florida's Turnpike Enterprise, and municipalities.

E. Services Approach

A. GENERAL ENGINEERING SERVICES APPROACH

Our team's approach is rooted in **practical, responsive, innovative and technically sound solutions** that support the City of St. Pete Beach's infrastructure priorities. We understand the complexity and urgency of continuing service contracts and have designed our team to be flexible, responsive, and capable across all requested service categories. Our discipline leads bring deep technical experience, and our delivery model emphasizes clear communication, proven expertise, and close coordination with City staff.

Halff's team has a long history of successfully completing public facility projects including fire stations, emergency operation centers, traffic management centers, libraries, recreation facilities and clubhouses, maintenance facilities, and courthouses. This work has included all aspects of planning, design, permitting and construction of the facilities. **Alistair Brice** and **Ben Prewitt** will lead the team from the Tampa office, with a combined experience of more than 30 years in public facility work. Our Public Works practice is made up of teams of experienced professionals, many with decades of experience working on municipal projects. We understand what keeps you up at night and bring innovative solutions to help you through these challenges. Through our organization and proven project management

techniques, we will deliver cost-effective, state-of-the-art, environmentally sensitive, and feasible planning and design solutions.

DELIVERY STRATEGY

Our Project Manager, **Alistair Brice**, will serve as the city's main point of contact and oversee all coordination. Alistair has been working with the city since 2017, so he is intimately familiar with the processes and programs in place.

He will initiate every task with a kick-off meeting to confirm the scope, budget, and schedule. Where the Task deems it necessary, Halff's discipline-specific task leads will schedule a site visit with the city engineer and city maintenance staff to fully understand the issues that are being experienced and develop a plan, discuss design solutions, and build consensus between city staff and the design team.

It is crucial that we see the problem in person and experience the problem from the perspective of the various stakeholders before developing our approach to a solution.

While some solutions may seem practical on paper, they don't always work as intended once installed in the field. That's why it's important to engage city maintenance staff early in the design process—walking through proposed modifications with them verifies that their insight is incorporated and they are part of the solution.

Likewise, community residents are the driving force behind the city's planned improvements. Public outreach and consistent communication about the design and schedule are critical to the project's success. We are committed to supporting this effort by preparing clear visual exhibits and presenting the plans to residents to provide a full understanding of the proposed approach and anticipated outcomes.

A Trusted Infrastructure Partner

We are focused on helping the City preserve, adapt, and improve its infrastructure with integrity and foresight. From routine inspections to capital planning and post-disaster response, we are ready to step in as a seamless extension of your team. With a flexible delivery model, deep bench of technical expertise, and genuine understanding of municipal operations, we are prepared to support the City of St. Pete Beach across all facets of project delivery.

Quality and Responsiveness

All deliverables undergo structured peer review by licensed professionals led by **Nick Charnas**. Our QA/QC process emphasizes technical accuracy, code compliance, and internal coordination across disciplines. Alistair and Ben maintain oversight of schedules, resource availability, and City communication to maintain responsiveness, even on short notice or emergency assignments. Our team has the staff, systems, and commitment to deliver consistent and dependable support for the duration of the contract.

The Halff Advantage

Halff offers the City the strength of a local partner backed by the deep resources of a regional leader. With extensive experience across Pinellas County and the Tampa Bay region, we understand the unique coastal challenges facing your community. As a recognized leader in stormwater engineering, Halff delivers innovative, resilient solutions grounded in real-world performance. Our team combines technical depth with a commitment to function and long-term value, using a wide range of advanced modeling and design platforms to tailor our work to each project's needs.

Halff's multidisciplinary expertise and reputation for excellence make us a trusted partner for municipalities throughout Florida. We are committed to bringing thoughtful design, responsive service, and proven results to every project, so that St. Pete Beach receives smart, effective infrastructure that stands the test of time.

Stormwater

Bolstered by the acquisition of Singhoffen & Associates, a pre-eminent water resources firm in Orlando, **the Halff team has extensive technical experience in comprehensive drainage master planning, urban and rural watershed studies, stormwater management and design, water quality analysis floodplain management, and flood risk reduction.** We have experience working at the local, state, and federal permitting levels, making our team uniquely qualified to provide quality products needed to meet various submittal requirements. Our extensive experience in stormwater planning and analyses also plays into our continued efforts to assist our clients with resiliency. Stormwater consulting will be conducted from the Halff offices in Tampa, Orlando, Tavares, and Jacksonville. With decades of experience in planning, designing and inspecting stormwater management facilities, the Halff team understands the nuances of designing constructable and maintainable control structures. Our projects include the detailed design of facilities that are accessible for maintenance and function as intended over time. Our stormwater designs regularly include detailed erosion and sediment control measures that have included a wide range of best management practices from basic silt fencing to advanced streambank protection. Halff engineers develop and update hydrology and hydraulic models daily, regularly applying Streamline Technologies' StormWise (formerly, ICPR), the USACE's HEC system, and EPA's SWMM and XPSWMM systems. Our engineers also apply SWMM's LID toolbox and UCF's BMPTrains software to evaluate a project's expected pollutant load reduction. Notably, Halff is currently working on stormwater master planning for the City of New Smyrna Beach and was recently selected by Volusia County to provide stormwater services.

State of Florida's New Nutrient Performance Criteria

The City must approach their stormwater CIP and best management practices (BMPs) under a new lens. The Halff team has the experience and capability of developing standardized BMP details, including denitrification BMPs, based on various applications (e.g., ditch bottom, pond perimeter, etc.) that could be used on multiple project assignments. This approach can reduce design and permitting time and potentially increase the rate of implementation.

Roadway

Reconstruction of existing roads in an urban environment like St. Pete Beach is a complex project involving design in multiple categories within Halff's expertise, including, but not limited to, horizontal and vertical geometry of road pavements, driveways and pedestrian facilities, landscape and hardscape, water and wastewater utilities, storm drainage, signage, pavement markings, traffic signals and street illumination. Halff also is well equipped to provide traffic and storm drainage analysis to support the designs. Our structural group can provide structural engineering services for roadway and drainage structures such as bridges, culverts, retaining walls, headwalls and inlets. Street pavements, driveways, and pedestrian facilities improvements will be designed to meet all applicable standards and regulations. **Halff will assess the condition of the existing water, wastewater, and drainage lines within the roadway reconstruction limits, review any future planned capacity improvements, and make recommendations for improvements to implement during the roadway reconstruction.** Because many city roadways connect to residential and commercial driveways, our design process will carefully evaluate slope and drainage to create improvements that do not negatively impact nearby properties. We will consider both conventional and trenchless replacement/rehabilitation methods and take roadway construction phasing into account in the development of the utility line designs to minimize the impact on the roadway construction schedule. The roadway reconstruction also provides an ideal time to assess and improve the accessibility of the utility lines. Our designs will endeavor to design the utility lines, valves, and manholes to minimize the impact of future operations and maintenance activities on traffic and to improve the safety of maintenance personnel from traffic. The Halff team is fully prepared to undertake this contract and any task assignment assigned by the City. Our key professional and technical staff have the availability to fully commit to requests by the City.

Sanitary/Wastewater

Infiltration and inflow (I&I) reflects the condition of a wastewater collection system, with older vitrified clay pipes being especially prone to cracks. Halff addresses I&I through a phased process: hydraulic modeling to identify high-I&I areas, targeted field investigations (smoke testing, CCTV), and rehabilitation planning. Repair methods include CIPP, open cut replacement, manhole coating, and hardware upgrades, prioritized by condition and risk.

Lift station rehabilitation may include structural repairs, pump and control upgrades, and SCADA or power improvements. Deputy practice leader **Rob Ern, Jr.** leads our Florida water/wastewater practice, which has 800 miles of wastewater infrastructure designed, including lift stations, plant expansions, and I&I reduction programs statewide.

Hydraulic Modeling

Halff has extensive experience in hydraulic modeling for water and wastewater systems, using software such as WaterCAD and SewerCAD (formerly Haestad Methods). WaterCAD enables Halff to design water system components that maintain adequate pressure and flow while minimizing costs for the owner. SewerCAD allows for the modeling of both pressurized forcemains and gravity systems using steady-state analysis and extended period simulations, incorporating standard peaking factors. While the city does not directly manage the potable or reclaimed water main systems, any proposed improvements that may affect this infrastructure must account for potential modifications or relocations. By using WaterCAD, Halff verifies these improvements minimize service disruptions and optimize system performance for residents. **Halff's expertise includes both building new hydraulic models and updating existing ones, with projects ranging from a few dozen to over 10,000 connections.** In addition to WaterCAD and SewerCAD, Halff also utilizes other modeling platforms, including InfoWater and InfoWorks.

Electrical

At Halff, we have a professional team specializing in electrical system designs tailored for water distribution and wastewater treatment. We meticulously analyze your unique requirements, considering capacity, redundancy, and environmental sustainability factors. **Our expertise extends to optimizing pump stations, control systems, and instrumentation for water distribution systems to achieve reliable and energy-efficient water flow.** We endeavor

to implement cutting-edge electrical designs and innovative electrical solutions that enhance the resilience and performance of your water or wastewater system.

Halff's Expertise in SCADA System Assessments

At Halff, we pride ourselves on our extensive expertise in conducting comprehensive SCADA (Supervisory Control and Data Acquisition) system assessments. Our team is adept at identifying and addressing deficiencies in functionality, safety, and energy efficiency within these critical systems.

Identifying Deficiencies

Our thorough assessments are designed to pinpoint areas where SCADA systems may fall short. We meticulously evaluate each system to uncover any weaknesses that could impact operational performance, safety protocols, or energy consumption. By identifying these deficiencies, we help our clients enhance the reliability and efficiency of their SCADA systems.

Collaborative Engineering Approach

Our controls and telecom engineers work together to design resilient SCADA networks using fiber and radio, for efficient, secure, and reliable operations.

Long-Term Strategic Planning

Beyond immediate improvements, Halff is committed to developing long-term strategies for our clients. We work with them to establish standards that embody sustained performance and adaptability. Our strategic planning services are tailored to meet the unique needs of each client for a roadmap of future growth and development.

Environmental Remediation

Halff's approach to environmental projects is to drive them forward safely, cost-effectively, and without prompting from the City of St. Pete Beach project managers. **Halff begins each environmental project with the end in sight that includes upfront planning with all of the stakeholders, especially the regulators.** The goal of any environmental project is to

receive regulatory closure without years and years of ongoing monitoring and numerous rounds of responding to agency comments. Therefore, it is critical to have an agreed-upon plan within the regulatory guidelines to achieve closure in a reasonable time. Safety in an office or a field setting is an important part of Halff's culture and approach to environmental projects. Halff only uses experienced subcontractors who have acceptable safety records, with Florida licenses, and are able to accommodate project budgets and schedules. Even though health and safety plans, safety audits, and safety training might not be deliverables, Halff believes that these safety-related items add value for the City of St. Pete Beach. The goal of Halff and its subcontractors to provide safety-first, excellent service within budget and on schedule. Providing the City of St. Pete Beach with cost-effective services is another important part of Halff's project approach. Running environmental projects with well-defined scopes and realistic schedules allow Halff to operate with cost transparency and good financial hygiene. This builds trust with the City of St. Pete Beach so there are no surprise change-orders, no unexpected budget demands, and no surprises during invoicing cycles. Once the need for site remediation or corrective actions has been determined, the Halff team will complete an evaluation of remedial alternatives. Specific regulatory program requirements and response action objectives will be incorporated into the evaluation of alternatives. These alternatives will consider a variety of cost, logistical, regulatory, and time frame parameters. This up-front evaluation will help develop an approach that is satisfactory to the regulatory agencies and which optimizes the goals and objectives of the City.

Environmental Permitting

Our approach to conducting the ecological evaluation for wetland, aquatic resources, and threatened and endangered species required for assisting with the design and permitting of improvements for the City of St. Pete Beach will be to:

1. Provide an initial desktop evaluation of the project area and adjacent habitat and environmental resources.
2. Conduct the necessary wetland and shoreline delineation and in-water benthic resource survey. Halff will map the location of the ecological resources (e.g., wetlands, submerged aquatic vegetation and hardbottom resources).
3. Halff will conduct the necessary wildlife surveys and document the findings.
4. We will prepare concise and complete environmental permitting support documents and exhibits.
5. Halff will provide supplemental environmental information as required by the regulatory agencies to obtain the required construction permits.
6. review the final permit conditions for specific conditions and compliance measures for avoidance or agency negotiations for conditions that may significantly affect project construction methods, schedule, or costs.

Led by **Drew Sanders** in our Tampa office, Halff's scientists will use wetland and species survey data to refine project designs and minimize impacts on natural resources. They will prepare permit applications and supporting documents for the Southwest Florida Water Management District (ERP) and the US Army Corps of Engineers (Standard or Nationwide Permit). If required, Manatee Protection and Bald Eagle Nest Monitoring Plans will be included. Halff will evaluate mitigation needs using the Uniform Mitigation Assessment Method (UMAM), advise on the best mitigation option, and aim to use existing mitigation banks. If credits aren't available, onsite habitat alternatives will be explored. Halff will address any requests for additional information and coordinate with agencies like FWC, FWS, and others to verify permits meet project goals without unnecessary compliance burdens.

QUALITY CONTROL

At Halff, implementing a quality review process is an essential component of our workflow. We have established a toolbox of quality control best practices and lessons learned that have evolved from our firm's lengthy history of serving public clients and delivering excellence and exceptional value. **Our Quality Management Program is founded on a commitment to achieve consistent performance through continuous improvement as well as the delivery of quality work that is on schedule and within budget.**

Nick Charnas, PE will manage the quality control review of the team's deliverables, overseeing QA/QC efforts by personnel within each individual discipline. During project quality control, Nick will focus on document integrity, accuracy, coordination between disciplines, and compliance with jurisdictional codes and ordinance requirements. We at Halff express our commitment to delivering comprehensive engineering solutions that meet and exceed the City of St. Pete Beach's requirements. Our team at Halff is confident in our ability to execute City projects, while incorporating robust quality control methodologies, adhering to internal QA/QC processes and procedures, and providing innovative energy-efficient designs.

Quality Control Methodology

At Halff, we prioritize quality throughout every project we undertake. Our quality control methodology is designed to verify the customary standards of workmanship and adherence to industry best practices. Our approach includes:

1. **Comprehensive Document Review:** We will conduct meticulous reviews of all design and construction documents to identify any potential errors, omissions, or discrepancies before they become issues in the field.
2. **Site Inspections and Audits:** Regular on-site inspections and audits will be performed to assess construction quality, compliance with plans and specifications, and conformance to safety regulations.
3. **Testing and Verification:** Our team will work with staff and contractors to oversee testing and verification of critical systems and components to confirm their functionality and efficiency.

INTERNAL QA/QC PROCESS AND PROCEDURES

To uphold our commitment to excellence, we have established internal QA/QC processes and procedures that our team strictly adheres to. These processes encompass the following:

1. **Multi-Disciplinary Review:** Our staff from different disciplines collaboratively review design elements, identifying opportunities for integration and optimization.
2. **Peer Review:** All designs undergo a peer review process to encourage constructive feedback and improve overall design quality.
3. **Continuous Training and Development:** Our staff participate in regular training and professional development programs to stay abreast of the latest industry trends and technologies.

B. TRANSPORTATION PLANNING & DESIGN SERVICES APPROACH

Halff has successfully completed multimodal transportation planning

and design projects for numerous municipalities, which involve transportation planning, project development, traffic engineering, intersection analysis, signal design, roundabout feasibility, intelligent transportation systems, and much more. From analysis to operation, our Multimodal Transportation Planning and Analysis teams have the experience required to provide the services requested by the City of St. Pete Beach in the RFQ. From micromobility to electric vehicles, bicycle and pedestrian facility planning and design, and complete streets policies and principles, the Halff team has the expertise to complete the required Task Work Orders within the agreed upon budget and schedule.

Bicycle and Pedestrian Facilities

Halff has planned and designed over 100 miles of bike and pedestrian trails and more than 50 major parks across Florida and Texas, many featuring community branding and wayfinding. Our collaborative, client-focused approach emphasizes stakeholder engagement and implementable designs. With decades of experience in trail planning, design, permitting, and construction, we guide stakeholders through key considerations—location, safety, access, materials, and environmental challenges—to shape effective trail connections. We use 2D/3D visuals to communicate concepts clearly.

Our designs follow key standards, including FDOT manuals, the Florida Greenbook, MUTCD, and AASHTO guidelines. Accurate data collection and management are central to our process, with all sources verified, cross-referenced, and documented to support sound analysis and decision-making.

Access Management

Transportation facilities serve two key functions: mobility (efficient movement) and access (entry to properties or systems). For vehicles, these needs often compete, requiring careful planning to balance them. However, for bicyclists and pedestrians, access and mobility complement each other—improved access leads to safer, more direct routes. Poor access can increase conflict points and unsafe behaviors.

Halff has experience evaluating access management based on roadway function and context, while supporting balanced, multimodal mobility.

Mobility and Demand Management

Transportation Demand Management (TDM) uses strategies to expand travel options, reduce reliance on single-occupant vehicles, and minimize congestion and environmental impacts. Its focus now includes bike/pedestrian safety, mobility for underserved populations, and adapting to emerging transportation technologies. Halff can help the City develop a coordinated, equitable TDM framework, backed by data analysis and tailored strategies to support local and regional mobility goals.

Feasibility Studies

Feasibility Studies are utilized to evaluate project alternatives by comparing the project's potential effect on the social, cultural, natural, and physical resources. In addition, a feasibility study typically includes coordination with resource and regulatory agencies and the public, as well as developing a cost summary for comparison purposes. The information contained in a feasibility study is used to assist with preparing a PD&E or moving directly into design of the recommended or preferred alternative. The Halff team has completed dozens of feasibility studies for trails, pedestrian and bicycle facilities, roadways, transit and other infrastructure investments.

Complete Streets

Complete Streets serve the transportation needs of transportation system users of all ages and abilities, including pedestrians, bicyclists, transit riders, motorists, and freight handlers. With a Complete Streets approach, every non-limited access state roadway project is uniquely planned and designed to serve the context of that roadway and the safety, comfort, and mobility of all users. Halff's team has extensive experience designing projects using context sensitive, complete streets approach that builds on flexibility and innovation to verify roadway planning and design consider community needs.

Safety Assessments

Halff offers comprehensive safety services, including crash analysis, safety countermeasure design, traffic impact studies, sidewalk design, and traffic control, signal, and signage plans. With over 30 years in Tallahassee, we bring deep local knowledge and strong relationships with municipalities and FDOT.

C. ARCHITECTURAL DESIGN SERVICES APPROACH

a. BUILDING DESIGN

Kimmich | Smith Architecture, LLC has developed a unique, structured process that fosters

communication and coordination between clients, consultants, and the design team. This approach integrates clear expectations that are set early with detailed feedback, which is addressed throughout the project lifecycle.

KSA recognizes the common frustrations experienced by clients in the architectural and construction industries—such as poor communication, missed program elements, and design teams that fail to prioritize client goals. These issues often result in delays, added costs, and strained relationships among stakeholders.

To combat the industry-wide status quo, KSA has created a specialized methodology called P.I.E.S. (Project Integration Executed Successfully). This process aligns each client's goals and needs with the design team's creative vision and technical skills, along with the construction team's practical expertise. The result is a collaborative, transparent, and efficient project execution.

At the heart of the PIES process is thorough early-stage due diligence. KSA uses custom project-specific questionnaires to gather essential information to outline a clear path forward for design and coordination. Clients receive regular updates, including weekly progress reports and milestone deliverables, supported by follow-up meetings to keep everyone informed. An urgency-based communication system allows clients to flag priority issues for immediate attention, promoting responsiveness from the design team.

Internally, KSA reviews projects against initial client questionnaires, quality control checklists, and code compliance standards. Coordination with consultants and engineers is continuous, supporting accuracy and alignment with client expectations.

KSA also incorporates a Design Assist methodology, involving a qualified General Contractor during the design phase. This early collaboration allows for cost estimating, constructability reviews, and insights on material availability. Ideally, subcontractors are engaged as well, offering technical feedback that minimizes surprises, RFIs, and change orders during construction—ultimately leading to a more streamlined and cost-effective build.

The implementation of the PIES process results in projects that are more aligned with client goals, completed on schedule, and delivered with significantly less stress. KSA's commitment to responsiveness, transparency, and integration distinguishes its approach from traditional, often fragmented design workflows.

Each project is unique, and the PIES process is tailored accordingly—whether expanded or condensed—based on the specific needs, program requirements, and scale of the project.

b. LANDSCAPE ARCHITECTURE DESIGN SERVICES APPROACH

Halff recognizes the significance of landscape architecture in various projects. By collaborating with other team members within this proposal, Halff provides a holistic approach to any project. This interdisciplinary collaboration allows for fresh perspectives and innovative solutions that align with budget constraints. Our team has experience working on a wide range of projects, including but not limited to master planning, parks, and streetscape designs. Through our experience, we understand the importance of not only considering a design within the project limits but also its relationship with the adjacent neighborhood and region. We focus on establishing the intended user and envisioning the final product.

Landscape Architecture projects will be led by **Martin Steffen** in our Tampa office. We believe in the power of ideas and use them to imagine, plan, and design enduring places such as multipurpose parks, bike and pedestrian trails, and beautiful streetscapes. Our design's focus is on the interrelationship between the built environment, landscapes that surround it, people who come, and prosperity these landscape architecture designs create today and for future generations. For the last 36 years, the primary focus of the Halff Planning and Landscape Architectural (PLA) practice has been working with public agencies. Our PLA municipal work includes streetscape projects, municipal building landscape enhancements, parks, sports complexes, trails, park and trail planning, citywide park and trail master planning, third-party park related review services and program management.

On all landscape architectural projects for public agencies, we understand the importance of adherence to codes and standards. Our PLA personnel have a clear understanding of industry best practices. On all of our public agency projects we focus on how our recommendations and design decisions will impact the citizens. This philosophy encourages engagement between our team, the City, and stakeholders to collectively work together with a shared purpose and end goal in mind.

D. SURVEY SERVICES APPROACH

Hyatt will spearhead all survey field and office work necessary for design and permitting. Halff has a long and successful working

relationship with Hyatt. Hyatt has been providing services in Florida for decades and will use seasoned crews from their Tampa office on this contract. The team's specialties include all types of land surveys, maintenance mapping, boundary surveys, topographic surveys, and route surveys for roads and transmission lines. Halff's **Suzanne Osborne, PSM** will assist the Hyatt team. Hyatt Survey's Approach to provide on-going land surveying and mapping services is outlined below:

A. Planning Phase

Hyatt Survey will collaborate with the client to determine the most efficient, cost-effective approach for each Work Assignment. The Project Manager will oversee all tasks to verify client goals are met, with all services managed by Hyatt Survey for the duration of the contract. Any deviations will be submitted for client approval.

The Project Manager will coordinate with the client's representative to review findings and confirm the proposed approach.

B. Production Phase

1. **Project Setup:** Project details including manager, client, location, scope, fees, and schedule are entered into Hyatt Survey's database.
2. **Preliminary Research:** The project manager retrieves horizontal/vertical control and boundary data using sources such as NGS, LABINS, government field notes, or client records.
3. **Planning & Crew Assignment:** Equipment and methodology are selected, and the appropriate field crew is assigned.
4. **Field Briefing & Control Recovery:** The crew is briefed, visits the site with the project manager to review conditions, and recovers control points before beginning data collection.

5. **Field Oversight:** The project manager conducts periodic field checks to maintain quality and accuracy.
6. **Data Management:** Crews download data and scan field notes daily; upon completion, all files are compiled and delivered to the office.
7. **QA/QC & Processing:** Office staff performs QA/QC checks and processes survey data to meet project specs and standards.
8. **CAD Preparation:** Raw data is converted to field book files and imported into CAD for drawing creation.
9. **Final Drafting:** CAD files and reports are prepared in accordance with client specifications.
10. **Progress Monitoring:** Weekly reviews during fieldwork and drafting maintain quality control and adherence to deadlines.

C. Quality Management Plan

Hyatt Survey Services, Inc. upholds a strong commitment to Quality Assurance and Quality Control (QA/QC) in all aspects of its operations, making sure of timely, accurate, and cost-effective deliverables for every client. Our QA/QC plan applies to both field and office efforts and is built around qualified personnel, detailed planning, and ongoing oversight.

D. Field Quality Control

All field staff are thoroughly trained, briefed on the scope of work, and equipped with detailed project files, including control data and safety information. The project manager assists with initial mobilization and performs periodic site visits for quality and efficiency. Field data is collected electronically and uploaded daily to safeguard against data loss.

E. Office Quality Control

Our office team includes licensed surveyors and certified technicians, all experienced in CAD and data processing. Each project is thoroughly reviewed for technical compliance and data accuracy before drafting begins. Field data is verified and bench runs are manually checked. The project manager oversees final product development and checks that all client feedback is addressed prior to final submittal.

E. MARINE FACILITIES SERVICES APPROACH

Moffatt & Nichol (M&N) has provided waterfront infrastructure

services for local, state, federal, and private clients, since being founded in 1945 to provide design engineering services to the United States Navy and the growing recreational and commercial waterfront around the United States and throughout the world.

Today, the firm has grown to more than 40 offices around the world, including a local office in Tampa, and is consistently ranked among the top firms for "Port and Marine Facility Design" by Engineering News-Record. Supporting waterfront infrastructure has been our core business for more than 75 years. M&N remains tightly focused on our primary mission—providing excellence in service for marine planning and engineering, design, and construction.

We have specific experience in the Marine Facilities called for in this RFQ, including:

- seawalls, including concrete, vinyl,
- sheet pile and living shorelines,
- piers,
- floating and fixed docks,
- pile supported structures
- beach and vehicle access
- sand dune restoration, nourishment & preservation

Waterfront Structure & Marina Planning Design

M&N is recognized throughout the world for our role in the evolution of modern marina and small craft harbor design. We have been involved in the planning and design of urban waterfront projects worldwide, with our role

typically focused on the waterfront structures and facilities of such developments. This comprehensive understanding enables M&N to act as the preferred adviser and technical consultant on projects and due diligence transactions for a wide variety of clients in the infrastructure sector, including marina operators and owners, port authorities, governments, investment banks and the wider financial community.

Planning Phase

M&N will collaborate with Halff to determine the most appropriate approach to meet the vision the City of St. Pete Beach has for the project and how best to serve the community. **Nancy Lehr** will oversee all tasks, gather in-house experience, and verify the client's overall goals are met on time and on budget.

Production Phase:

1. **Fieldwork** – good field data is the foundation of effective planning and design and a key step in preparing clear design documents. M&N will collaborate with Halff, the team, and the city to review data needs and develop an efficient and effective plan for gathering data.
2. **Permitting** – Waterfront permitting is a delicate balance between needs and wants of the boaters and good stewardship of the environment. We approach permitting as a partnership to enhance the waterfront for all through thoughtful discussion and collaboration.
3. **Engineering Design** – Beginning with a Basis of Design, this acts as the outline for all background data, codes and assumptions used during design. Typically, once we have reached the 30% design to reflect overall plan and typical sections, these act as a base for permit level drawings. Moving through other design phases, we progress drawings and specifications to add more detail and document the entire construction process.
4. **Quality Control and Quality Assurance** - Quality Control and Assurance are fundamental to our Team's philosophy. We have a strong track record of meeting client expectations regarding project quality, budget and schedule. This is a reputation our team is proud to uphold. M&N is one of the leading engineering and environmental consulting firms in the world. A cornerstone of this reputation is our commitment to quality. We are also ISO 9001-certified the entire company with routine audits on project management and quality control.

Ability to Meet Schedules and Deadlines

M&N places a high value on meeting delivery schedules. A schedule is established for each project and critical dates are identified at the outset. Milestones and delivery dates are monitored not only by the Project Manager, but also by the Principal-in-Charge. M&N will deliver this project's products on time.

G. URBAN DEVELOPMENT PLANNING SERVICES APPROACH

Halff assembled a planning team of seasoned professionals with expertise in every aspect of comprehensive planning and design. We believe in having a core group of highly experienced professionals who can be with the City throughout a comprehensive effort from beginning to end. Halff team members assigned to any planning efforts are extremely well qualified in the following areas: comprehensive planning, green ways planning, development review impacts, urban planning, zoning, the public hearing process, master planning, companion plans, land use issues, special and conditional issues, subdivision regulations, growth management regulations, and public involvement.

Planning services will be provided from our Tampa office, led by **Isabelle Albert, AICP**. Our planners are committed to shaping and revitalizing communities through ideas that generate economic growth and create sustainable solutions. Halff's award-winning comprehensive plans, parks master plans, corridor plans, downtown planning, active transportation plans, streetscapes, and master-planned communities focus on the relationship between people, planet, prosperity, and place. These strategic visions, influenced by public engagement, help imagine the future.

THE HALFF ADVANTAGE

- Halff's talented professionals are involved early in the process to develop a plan that seamlessly integrates built elements with the natural environment.
- We achieve resident buy-in of a vision through meeting facilitation and public input when required.
- We offer a multitude of planning services.

PEOPLE
We transform the lives of the people we serve. Our ideas serve the people who use them through an informed understanding of their needs and desires for moving forward.

PLACE
Our legacy is embodied in the places we bring to life. Our ideas create inspiring and usable places that foster strong, lasting connections for the people who use them.

PLANET
We are stewards of our environment. Our ideas preserve and conserve our most valued assets and focus on creating sustainable and resilient outcomes.

PROSPERITY
We understand that an enduring future must also be fiscally sustaining. Our ideas embrace the difficult decisions necessary to create opportunities to grow and create lasting value.

**OUR CORE VALUE PILLARS:
PEOPLE, PLACE, PLANET, AND PROSPERITY**

H. ADA COMPLIANCE REVIEW & IMPLEMENTATION PLANNING

SERVICES APPROACH

Benesch's ADA Experience

Benesch will lead ADA Compliance. The Benesch ADA practice began in 1990 to help cities deal with the myriads of requirements and issues that are critical to successfully design, provide, and maintain accessible services to people of all abilities.

Their primary goal has been to develop practical and implementable solutions to maintain accessibility for all of our clients' stakeholders. Achieving this goal has been facilitated through the experience and knowledge of dedicated ADA Compliance staff, consisting of PEs, AICPs, and AI/PEs.

As a result, Benesch is capable of and committed to providing our clients with solutions that are specific to their community and contribute to a successful and accessible experience for their residents, visitors, and staff, both today and in the future. Benesch offers ADA Compliance, planning, and support in a wide variety of topics, including:

- Website and Online Information
- Physical Compliance
- Review of projects for compliance
- Investigating complaints and recommending corrective action
- Website and Online Information

Benesch will review the City of St Pete Beach's website and online information services for inconsistencies in color contrast, text characteristics and text-to-speech coding for compliance with Section 508 of the Rehabilitation Act and Web Content Accessibility Guidelines (WCAG). Our ADA Specialists have found that software-only testing of websites and online materials only detects a fraction of the WCAG deficiencies. Therefore, our best practices for a full WCAG audit include using a combination of specialized software to automatically scan the websites and online materials, followed by a manual review of the front-end code and a thorough examination by our ADA

specialists using human assistive technology, such as the JAWS screen reader, to fully test and determine what elements within each of these websites and services are compliant and which elements need to be improved.

Recommendations for the City's website will be documented in a detailed Web Accessibility Audit report and will include information on the individual elements that are not in compliance.

Investigating Complaints and Recommending Corrective Action

ADA enforcement is often complaint-driven, and many issues escalate to the DOJ after being ignored at the local level. Benesch can act as a mediator between the City and complainants, helping investigate and resolve valid concerns early. This proactive approach can prevent costly DOJ involvement and improve outcomes for all affected.

Physical Compliance

Benesch's ADA experts understand the legal complexities of accessibility standards, including the 2010 ADA Standards and Florida Accessibility Code. We offer cost-effective solutions from assessments to post-construction review. Our ICC-certified staff are nationally recognized for ADA compliance expertise, providing qualified support. Benesch is ready to help St. Pete Beach address existing and future ADA needs, promoting accessibility for all.

Review of Projects for Compliance

Benesch's PEs and certified AI/PEs are experienced in reviewing construction documents for compliance with ADA, FAC, PROWAG, and other accessibility standards. Our thorough reviews catch issues early, helping prevent costly post-construction fixes. This expertise can help St. Pete Beach avoid common accessibility oversights.

I. FINANCIAL SERVICES APPROACH

Halff is intimately familiar with the processes and requirements of all locally administered state-funded

grant programs. Having an in-house and Florida-based full-service Grant Administration team, design team and CEI team, we are frequently called upon to support counties, cities, municipalities, and planning organizations with the preparation, facilitation or implementation of grant-funded projects. Funding support will be provided by our Tampa and Jacksonville offices. Halff understands that the ongoing implementation of the City's CIP program is an expensive and prolonged effort. It may need to take advantage of a variety of funding sources and strategies to implement the necessary projects that will provide the infrastructure and facilities to achieve the City's overall goals.

Our staff includes **Lisa King, GPC**, an experienced grants funding manager with more than 30 years of experience assisting Florida municipalities obtain grant funding for capital improvement infrastructure projects. Lisa has successfully obtained over \$300 million in grants for Florida local governments, including Seminole County, the City of Umatilla, Panama City, and Pasco County. In addition to helping the City obtain funding, she will also be responsible for verifying that any project involving grant funding adheres to the grant-specific requirements throughout the life of the project.

Halff's funding resources team can develop a funding strategy to match your priorities with ideal grant and loan options, prepositioning applications for success. The team reviews current capital improvement plans (CIP) and other local plans, meets with your team to gather priorities and lists of projects "sitting on the shelf," and develops a roadmap for grant success. Focusing on the right grants and loans for your project can reduce hours spent reviewing grant notices that do not fit your needs. **Halff guides your team to local, state, and federal grants, and identifies which make sense for the St. Pete Beach community.**

K. SOIL & MATERIAL TESTING SERVICES APPROACH

AREHNA has successfully

provided engineering services on multiple Continuing Services and District-Wide contracts for Design, Minor Design, Minor Bridge Repair, Drainage and Landscape, as well as Geotechnical and Materials Testing contracts for the City of St. Pete Beach, Pinellas County, FDOT and has a thorough knowledge of the City's specifications when dealing with unique challenges such as dewatering, foundation selection and constructability considerations, such as noise and vibration considerations. **The primary considerations that we have identified for this contract are as follows:**

- **Communication** - Upon receipt of a Task Work Order (TWO), AREHNA will coordinate with the Project Manager to gain an understanding of the project as well as develop and refine the scope, schedule and specific requirements. We will work closely with the Project Manager and the project design team, carefully consider project information, and provide the most cost-effective solutions to the challenges faced on each TWO.
- **Scheduling** - Typically TWOs for this type of contract require quick turnaround time. AREHNA's in-house drilling and pavement coring capabilities gives us control of our schedule and the ability to meet the most aggressive project schedules.
- **Safety** - Our investigations within the ROW will adhere to the standard indices to keep our workers and the travelling public safe. Proper permits will be obtained, and utilities will be coordinated, so that there are no conflicts with our boring locations.
- **Innovation** - Considerations for construction techniques that reduce vibrations near existing structures. Use of geophysics to characterize sites, when applicable.
- **Cost Saving** - Review and incorporation of existing geotechnical data, optimized foundation design.
- **Knowledge** - Extensive experience with site characterization and mitigating geotechnical-related issues and subsurface conditions throughout the City.

City of St. Pete Beach General Services

Description of Client: City of St. Pete Beach | St. Pete Beach, FL

Description of Services Provided:

BOCA CIEGA DRIVE STREET AND DRAINAGE IMPROVEMENTS

The project scope included development of engineering plans and contract documents for drainage improvements within the study area. An ICPR model was created to analyze the existing piping network as well as the proposed pipe/inlet sizing and regrading of the street.

36TH AVENUE SEAWALL REPAIR

Halff was authorized by the client to provide design and permitting services for a living seawall at the outfall of 36th Avenue.

This project's primary goals include repairing the existing seawall along Boca Ciega Bay in St. Pete Beach, raise the seawall elevation two feet to prevent future damage from sea level rise, and to beautify and naturalize the wall with a living shoreline in front of the seawall.

DUNE DRIVE CROSSOVER REPLACEMENT

The City has requested Halff to develop a BODR to address improvements to the existing headwalls, demolishing/removal of the existing 51st Avenue structure and reconstruction of a new ADA compliant pedestrian cross-over. The 52nd Avenue crossing will be evaluated for complete removal and replacement, or demolition/removal/reconstruction of the structure deck and railing. This crossover was designed for vehicle loads as per the existing structure (The City provided the design vehicle criteria). An Alternative Material Evaluation was provided for each of the crossovers. Halff evaluated four (4) alternative materials for each crossing.

DON CESAR AND BOCA CIEGA AREA AREA-WATER THREATS ANALYSIS AND MITIGATION STUDY

This project involved focusing on five geographic areas to be studied as part of the Water Threats Analysis and Recommended Mitigation Project implementation to address increased flooding risks projected as a result of sea level rise. This strategy included water threats to the island and considered transportation mobility, critical infrastructure protection, private property preservation and economic stability. The five geographic areas included: North, Northeast, Don Cesar and Boca Ciega, Pass-A-Grille, and Gulf Coast.

Pinellas County Utilities General Services Agreement

Description of Client: Pinellas County | Pinellas County, FL

Description of Services Provided:

Provided engineering services for the implementation of the Utilities Department CIP on an as-needed basis. Projects included pipelines, facilities, and operations related to water, sanitary sewer, and reclaimed water utilities. Required work may include mapping/GIS services, planning, and construction management.

PUMP STATION 387 FORELOCK ROAD FORCE MAIN REPLACEMENT

This project included the replacement of approximately 5,500 linear feet of 12" PVC force main via a combination of horizontal directional drilling and open-cut construction methods.

54TH AVE N 24-INCH FORCE MAIN

Halff provided modeling, design, permitting, and construction administration for the replacement of 1,400 feet of deteriorating 24-inch PCCP force main along 54th Avenue, which connects to a 30-inch main at the South Cross Bayou Treatment Plant. Due to intermittent failures, Pinellas County is replacing the PCCP with fusible PVC. Halff's replacement design reflects this material change. During this ongoing design and permitting, Halff produced a modeling report showing improved system head and reduced total dynamic head (TDH) by about two feet at Lift Station 126, while maintaining a flow rate of 5,383 GPM. Most of the new 24-inch PVC force mains were installed via horizontal directional drilling (HDD), especially where it crosses Saint Joe's Creek—a USACE-regulated wetland. Halff is actively coordinating with USACE to secure the necessary Construction Sub-aqueous Utility and Transmission Line permit.

53RD AVE N FORCE MAIN

Halff provided professional engineering design, hydraulic modeling, bid phase, and construction phase services for the replacement of an existing 20" and 24" prestressed concrete cylinder pipe (PCCP) force main of 2,860LF in 53rd Avenue N, from Duhmee Road to a point of connection east of Seminole Boulevard.

Pinellas County Continuing Engineering Services

Description of Client: Pinellas County Public Works Division of Environmental Management and Stormwater | Pinellas County, FL

Description of Services Provided:

COUNTY-WIDE H&H MODELING

Halff created a county-wide H&H model (ICPR4) for 52 watersheds to forecast flooding for planning purposes. We simulated 20 synthetic storm events, identifying flood depths at 5,000+ locations. By correlating gage elevations with flood risks, floodplain managers can proactively anticipate flooding. A county-wide model was compiled and running within two months. We assessed more than 98,000 locations along with buildings and roadways. Future work includes refining the model for real-time flood forecasting.

PEER REVIEWS

The County routinely turns to Halff for our modeling expertise in large watershed master plans. Our peer review included a GIS comments geodatabase consolidating feedback, responses, and actions, along with a summary report. Recent peer review projects for the County included Anclote River WMP, Lake Tarpon, and Brooker Creek watershed within the last three years.

BAYPOINTE STORMWATER PARK AND CONSERVATION AREA

Halff is currently conducting stormwater park design for the Baypointe Stormwater and Conservation Area. The project aims to convert a closed golf course into a stormwater park to mitigate extensive flooding in the surrounding areas. Our team prepared a 228-acre H&H model and developed five conceptual park designs, which were presented to the community. The final design, currently underway, includes pedestrian trails, landscape design, and a combination of wet ponds, dry ponds, and filtration trenches. The design also considers soil remediation recommendations.

LIVING SHORELINES

As part of the County's water quality improvement and shoreline stabilization efforts, Halff designed and implemented the Ozona and Philippe Park Living Shorelines. Both included permitting through the SWFWMD and USACE and development of construction plans. The Ozona Living Shoreline was installed during just several volunteer installation days. Construction was completed in 2022.

City of Clermont Continuing Services Contract

Description of Client: City of Clermont | Clermont, FL

Description of Services Provided:

CDBG ROAD AND STORMWATER IMPROVEMENT PLANS

Halff redesigned the road section on Bloxom, installing standard F curbs and ADA-compliant sidewalks, repairing driveways, and connecting to a stormwater collection system leading to a permitted pond. The project included upgrading a 2-inch water main to a 6-inch one more than 2,000 feet in length. Halff also provided CDBG grant funding assistance, FDEP permitting, SJRWMD drainage exemption preparation, and construction administration services.

DOWNTOWN STREETSCAPE PHASE 1, 2, AND 3

Halff provided survey, engineering design, project coordination, and construction management for the City of Clermont's Downtown Master Plan. The Streetscape Phase 1 project on Osceola Avenue aimed to enhance parking, walkability, and safety for pedestrians and cyclists. Key features included a designated meeting area, landscaping, pavers, traffic calming, improved stormwater, potable water, sanitary sewer systems, event electrical power and lighting, and integration of the Legacy Loop bike trail.

CITY OF CLERMONT BOAT RAMP

The boat ramp project was 8.68 acres of project area. It included two double boat ramps, finger piers next to the ramps and a 10-slip floating dock system for temporary mooring. Site work also included realignment of the coast-to-coast trail around the perimeter of the site, 100 parking spaces for trucks and trailers, handicap parking, and a restroom facility. Permitting was with both SJRWMD and USACE.

SUNBURST LANE WTP EXPANSION

The project included the construction of two new well houses, installation of new well pumps for the lower Floridan wells, construction of a new 2.0-mg ground storage tank, pH adjustment system, and yard piping modifications. Halff provided project administration services, surveying, environmental and geotechnical investigations, final design, permitting, bidding assistance, and construction administration services.

City of Treasure Island Engineering/Mapping/ Landscape Architectural Services

Description of Client: City of Treasure Island | Treasure Island, FL

Description of Services Provided:

TREASURE ISLAND CAUSEWAY MEDIANS

Treasure Island Causeway is a 1.5 mile main thoroughfare into the City of Treasure Island that has recently been under construction for roadway improvements. As a main entry into the coastal community, the City desired to include an enhanced landscape design within the medians.

Halff initially developed two conceptual designs with renderings, plant photo board, estimated costs, and blooming calendar for a public meeting. Both designs utilized Florida friendly plants and principals, City staff coordination, and resident input to develop a Signature Plant Palette for branding purposes to be used at key locations that encompasses a variety of color and seasonal interests throughout the year (i.e. foliage, flowers). In addition to incorporating FDOT safety criteria, resident safety concerns, and providing safety measures for maintenance personnel. Developed a city-wide planting palette that will focus on native plants and providing a detailed spreadsheet with local availability, installation size and spacing, mature size, maintenance level, notable characteristic, growing preferences, and recommended uses.

City of Edgewater Continuing Services Contract

Description of Client: City of Edgewater | Edgewater, FL

Description of Services Provided:

EELS GROVE ROAD DRAINAGE STUDY

Halff conducted a topographic survey of Eels Grove Road from the Cows Creek Road intersection to the CSI driveway, covering approximately 3,700 feet. They located existing utilities, storm drainage, sanitary structures, swales, berms, grade breaks, buildings, and equipment, and depicted them in a Civil 3D file. They determined the full right of way along Eels Grove Road and created a 1-foot digital terrain model using NAVD 1988 vertical datum. Halff observed the site, including the stormwater conveyance system, to understand drainage patterns. They used survey data to assess if the City discharged stormwater to adjacent properties and identified potential flooding solutions. Halff provided a technical memorandum to the City.

GALVANIZED STEEL WATER MAIN REPLACEMENT

Halff provided engineering design, survey, permitting, construction bid documents, and construction administration to replace approximately 14,000 lf of 2-inch galvanized pipe with 6-inch pipe in Edgewater. They conducted a topographic survey to establish public rights of way, surface and subsurface utilities, storm drainage, and sanitary system information, including spot elevations for one-foot contour intervals.

FISHING PIER AT MENARD MAY PARK

Halff provided survey and engineering services for the reconstruction of the Menard May Park Fishing Pier, which was damaged by Hurricane Ian. The project involves removing and replacing approximately 1,007 lf of wood structure fishing pier. Since this is a pier replacement due to hurricane damage, the pier is being replaced in the same place with same number of piles and is exempt from permitting. Funded by FEMA, the scope includes furnishing all materials, equipment, and labor to demolish the existing pier and construct a new one. The new construction features wood piles, a wood structure and guard rail system, pier lighting, a concrete sidewalk to the wood pier, and rebuilding the rock revetment that was eroded by Hurricane Ian.

Total Value of Services

Provided: \$4.4 million

Project Start Date: April 2017

Project Completion Date:
December 2024

Scope: General engineering services

Firm role: Prime consultant

Description of Services Provided:

LAKE DAVID PARK IMPROVEMENTS

The project scope included design, permitting, bidding, and construction administration for a splash pad, restroom building, playground equipment replacement, parking lot improvements, and site electrical enhancements. Halff conducted surveys, provided a conceptual splash pad design to allow contractor collaboration with the City, and handled electrical and architectural design, construction bid documents, and administration services.

SILVER EAGLE RECLAIMED STORAGE TANK

Halff provided engineering services for constructing a new 1.5-mgd concrete ground storage tank and an additional high-service pump. They conducted an as-built site survey at the Silver Eagle site to verify existing improvements for the final design and provided all required soil boring locations and elevations. Halff prepared final engineering drawings to make sure the new and existing tanks “float” at the same level and handled all FDEP permitting and construction oversight.

SR 50, SAMPLEY ROAD FORCE MAIN

Halff handled utility locating, route survey, final design, permitting, project bidding, and construction management for a new 13,300-lf, 12-inch PVC force main from CR 565A and SR 50 to Sampey Road WWTP. The new force main parallels an existing one and diverts flow from two lift stations to optimize system performance. Halff also reviewed the existing pumps’ design points at the lift stations to assess the need for replacements due to the new force main.

EAGLE RIDGE PHASE III

Halff provided surveying, design, permitting, bidding and construction oversight for this project which consisted of nearly 7.6 miles of 12-inch reclaimed water transmission main between the City’s two wastewater treatment plants (WWTP). In addition, new pumping facilities were designed and constructed at each plant facility to transfer the reclaimed water between facilities. One 500-gpm, 25-hp vertical turbine pump installed at the Sampey WWTP and one additional, 500-gpm, 50-hp horizontal split-case pump installed at the Sunshine WWTP.

City of New Port Richey Continuing Services

Description of Client: City of New Port Richey | New Port Richey, FL

Description of Services Provided:

NEW PORT RICHEY DOWNTOWN ENHANCEMENTS PROJECT

Halff has been involved in the planning and design process for several projects within the City of New Port Richey. One such project was a City enhancement project, where our main focus was to enhance the City's downtown corridor. The project was anchored by establishing two gateways on the east and west ends of Main Street as well as a third near the City's southern limits and used street trees along with a unified plant palette to activate and unify these spaces. Halff participated in several public forums during project development, which led to the creation of an edible garden, the southern gateway, and identified several areas adjacent to the City's downtown that would further enhance the City's core.

GLORIA SWANSON PARKING LOT AND TRAFFIC STUDY

Like many downtowns, New Port Richey is currently experiencing a shortage in parking. We conducted a parking study to help the City identify areas of opportunity. These areas were evaluated based on location to downtown, parking demand, and existing features such as adjacent parking lots, on-street parking, and right of way width. The study was concluded with a report that outlined our findings and suggestions, as well as provided multiple conceptual alternatives and probable costs for the identified areas of opportunity. Eventually the study led to the redesign of the Gloria Swanson Parking lot.

GRAND BOULEVARD MULTI-USE PATH

Grand Boulevard is a key access corridor to the City of New Port Richey for both normal day-to-day traffic and numerous special events throughout the year. This new north-south pathway will connect to existing east-west facilities linking US 19 to this key gateway to the City. The pathway will be generally 10 feet in width, with some portions being eight or nine feet wide due to right of way or other physical constraints. In addition to facilitating multi-modal uses, enhanced drainage, utility relocations and coordination with ongoing commercial businesses will also be required. This new ADA-compliant pathway will require the installation of new curbing and limited milling and resurfacing along Grand Boulevard. Traffic control will provide for continued operation of the roadway throughout construction. When completed, this multi-use path will enhance pedestrian and bicycle transportation, and provide increased connectivity as the City continues its revitalization.

Pasco County Continuing Services Contract

Description of Client: Pasco County Public Works Department | New Port Richey, FL

Singhofen & Associates, Inc. has been working continuously for Pasco County since 2013 under consecutive Continuing Stormwater Engineering Services contracts. Over the past 10 years under these continuing services contracts, SAI has conducted projects ranging from feasibility studies to conceptual design development to final design and construction documents. More detailed information about some of these projects is presented below.

Description of Services Provided:

SMALL AREA STUDIES AND DESIGN ALTERNATIVE ANALYSES

SAI has conducted numerous small area studies and flood mitigation alternative analyses for the County. These projects typically begin with an existing conditions model, development of conceptual designs to mitigate the flooding, and a detailed evaluation of the proposed designs. Some examples of these types of projects that have been completed within the past 5 years are below:

IRONBARK DRIVE FLOOD ABATEMENT PROJECT

SAI developed numerous design alternatives to address severe flooding in the Ironbark subdivision. Design alternatives involved making use of an abandoned rapid infiltration basin, expanding existing ponds, and design of a pump station outfall for the landlocked basin. Conceptual designs were completed in 2017, and final design and preparation of construction plans were subsequently performed under a separate project-specific contract. Construction began in early 2023 and is currently underway.

GRIFFIN PARK FLOOD MITIGATION

The Griffin Park community experiences frequent flooding. SAI developed four conceptual designs, including removing a berm in the Bear Creek flowpath, construction of new outfalls, and construction of a new pond to provide additional storage. SAI modeled each design alternative, along with existing conditions, and performed a Benefit-Cost Analysis (BCA) using SWFWMD's Stormwater Improvement Flood Protection BCA Tool. The recommended design had a BCA as high as 4.0. Final deliverables were submitted in 2019.

GENERAL ENGINEERING SERVICES

Alistair Brice, PE

Alistair Brice brings many years of experience in public works engineering with a rich background in enhancing community infrastructure. His expertise has supported a variety of projects, such as roadways, stormwater systems, drainage, and land development. As a graduate in civil engineering from the University of South Florida, Alistair currently assists in preparing construction documents and utilizes computer-aided drafting and design. His responsibilities include utility design, site grading, performing calculations and designs for storm drainage, and preparing drainage reports.

REPRESENTATIVE PROJECT EXPERIENCE

City of St. Pete Beach, General Engineering Services, St. Pete Beach, FL. Project Manager responsible for overseeing Halff's contract for General Engineering Services for the City of St. Pete Beach. Halff was selected by the City of St. Pete Beach in January of 2017 to provide general engineering services related to public works projects, which include street and drainage improvements, a sea level adaptation plan, seawall repair, environmental permitting and more.

City of St. Pete Beach, Don Jose Seawall Street Repairs, St. Pete Beach, FL. Alistair served as a Civil Engineer on this project. This project involved design and permitting services for a living seawall at the outfall of 36th Avenue. The roadway improvements involved pavement regrading, installation of new storm structures, and reconfiguration of the intersection. The seawall improvements included pushing back the wall to allow for a living shoreline area, as well as erosion control at the outfall. This configuration allowed for native Florida plantings on either side of the seawall, which was a significantly enhanced end treatment.

Pasco County, Anclote River Park, Holiday, FL. Project Manager and Civil Engineer responsible for internal and external team coordination, site engineering, program management, and managing day-to-day client expectations for one of Pasco County's most utilized park. This waterfront park is enjoyed by many and is known for its boat access, recreational activities, and providing an overall family-friendly park experience.

City of New Port Richey Street Improvements Program, New Port Richey, FL. Civil Engineer responsible for the field review and analysis of roadway deterioration of aging street network and minor stormwater issues. He created construction plans for limits of removing/replacing asphalt and base material or milling/overlaying asphalt, including striping of roadway to conform with FDOT Design standards.

Tampa, FL

EDUCATIONMS, Applied Geography,
University of North TexasBS, Geography,
University of North Texas**REGISTRATION**Professional Wetland Scientist,
Texas No. 2909**Brandyn Littleton, PWS**

Over his 20-year career, Brandyn has provided environmental services, GIS modeling and mapping, permitting support, project management, and interdisciplinary design support to a wide spectrum of projects including public infrastructure (stormwater, transportation, utilities, parks, and trails), ecological restoration, electrical transmission, energy development, residential/commercial/industrial development, and comprehensive planning. In his role as Operations Manager for Halff's Tampa office he is responsible for verifying that we meet and exceed our client's needs and expectations by connecting our Tampa Bay regional expertise with the resources and institutional knowledge of over 1,500 employees across the southeast.

REPRESENTATIVE PROJECT EXPERIENCE

City of St. Pete Beach, General Engineering Services, St. Pete Beach, FL. Principal-in-Charge responsible for overseeing Halff's contract for General Engineering Services for the City of St. Pete Beach. Halff was selected by the City of St. Pete Beach in January of 2017 to provide general engineering services related to public works projects, which include street and drainage improvements, a sea level adaptation plan, seawall repair, environmental permitting and more.

Harris County, Cedar Bayou Bond Implementation Program, Harris County, TX. Environmental team lead for a Harris County Flood Control District Flood Risk Reduction Study, advancing preliminary engineering, design, and permitting for six flood mitigation and channel restoration projects under the bond program. Brandyn developed a desktop methodology for wetland and stream constraint assessments, engaged in public meetings and agency coordination, crafted permitting strategies, contributed to natural channel design concepts, conducted aquatic surveys and relocation plans, and guided alternatives analysis.

Pasco County, Anclote River Park, Holiday, FL.

Principal-in-Charge responsible for overseeing and managing the comprehensive redesign and expansion of one of Pasco County's premier waterfront parks. This role involves oversight of the Halff team, identifying and allocating project management and production resources, and verifying adherence to the schedule of deliverables.

Groundworks Jacksonville, Hogans Creek Restoration,

Jacksonville, FL. Environmental QA/QC responsible for providing environmental services for the development of the 30% stream restoration design of Hogans Creek in downtown Jacksonville. The goal of this project is to reduce flooding, improve water quality, and provide access and recreational opportunities along the creek. Preliminary plans are currently being shared with the community to gather input that will be incorporated into the iterative design process. The Trail Master Plan improved the crossing conditions along the existing Hogans Creek greenway, and enhancing the overall quality of the greenway system.

Ben Prewitt, PE

Ben has extensive experience in the areas of project management, land development, utility systems planning and design, stormwater management, and roadway design. Ben has successfully delivered projects ranging from one acre to more than 500 acres, involving multiple disciplines and stakeholders. He has also designed and served as Engineer-of-Record for permitting efforts throughout the State of Florida, as well as for various marine structures, such as seawalls, docks, boat lifts, and water control structures.

REPRESENTATIVE PROJECT EXPERIENCE

City of St. Pete Beach, General Engineering Services, St. Pete Beach, FL.

Project Manager responsible for leading the team in a continuing services contract including roadway, drainage, and utility design services for multiple projects within the City. Environmental permitting and engineers' estimates have also been included.

54th Avenue North 24-Inch Force Main Replacement, Pinellas County, FL.

Project Manager/Engineer-of-Record for the modeling, design, permitting, and construction administration of 1,400 feet of deteriorating 24-inch PCCP force main along 54th Avenue, discharging into a 30-inch main at South Cross Bayou Treatment Plant. Due to pipe failures, Pinellas County opted to replace it with fusible PVC, and Halff developed the replacement design accordingly.

Pinellas County, Duhme Road 20-Inch Force Main Replacement, Pinellas County, FL.

Project Manager/Engineer-of-Record responsible for providing professional engineering design, hydraulic modeling, bid phase, and construction phase services for the replacement of an existing 20-inch prestressed concrete cylinder pipe (PCCP) force main in Duhme Road from 53rd Avenue N to American Legion Drive, with an approximate length of 3,800 linear feet. The existing force main, along with the portion of the pipeline that extends through 53rd Avenue N to the east of Seminole Boulevard, was deteriorated, so the County decided to replace these pipes to avoid pipe failures in Duhme Road. After performing a hydraulic study, Halff demonstrated that the existing pipe size of 20 inches is adequate for the system's operating conditions for dry- and wet-weather conditions. Therefore, the replacement of the force main is being designed with a 20-inch PVC pipe to be installed via a combination of trenchless method, horizontal directional drilling, and open cut.

City of New Port Richey, Grand Blvd. Streetscape & Trail Conceptual Design, New Port Richey, FL.

Project Manager/Engineer of Record that included civil/site engineering and permitting. The new north-south, ADA-compliant multi-use path connected existing east-west routes, linking US 19 to a key city gateway. The path was 10-feet-wide, with some narrower sections due to space constraints. The project included utility relocations, improved drainage, new curbing, limited resurfacing on Grand Boulevard, and coordination with local businesses.

CERTIFICATION

Certified Floodplain Manager (CFM),
Florida No. US-17-09708

Nick Charnas, PE, CFM

Nick serves as the Director of Water Resources at Halff, bringing extensive experience in leading multidisciplinary teams on public projects for large municipalities. His role encompasses overseeing operations, guaranteeing projects adhere to schedule and budget, scoping, client management, and proposal pursuits. Nick's collaborative leadership style promotes innovation and efficiency, while his client-centric approach and talent for mentoring have significantly contributed to the success of numerous high-profile projects. As a senior civil engineer in Florida, Nick's experience spans the design and construction of projects focused on stormwater quality and quantity improvements, stormwater pump stations, channel reinforcement, utility replacement and relocations, regulatory permitting, grant funding, public outreach, construction engineering and inspection (CEI), and construction administration.

REPRESENTATIVE PROJECT EXPERIENCE**City of St. Pete Beach, 45th Avenue Stormwater Pump Station,**

St. Pete Beach, FL. Nick is serving as a Civil Engineer on the project.

The project includes a gravity storm sewer along Lido Avenue and 45th Avenue that is designed to pass through a baffle box for treatment before discharging to a stormwater pump station with an ultimate outfall into Boca Ciega Bay via force main. This storm sewer system will close off the existing stormsewer outfall adjacent to Plaza Way and add or repair stormsewer structures as needed. The stormwater pump station is being designed to handle the peak flow rate from the 25-year, 24-hour design storm. The project is in the design phase.

Pasco County, Holiday Hill Stormwater Pump Station, Pasco

County, FL. Nick served as the Project Manager and Civil Engineer. This project provides flood abatement to the Holiday Hill Subdivision located in the west central area of Pasco County. Improvements consist of the expansion of the existing stormwater management pond, utility conflict design, and stormwater pump station design to improve the storage and conveyance of the stormwater runoff. Construction was completed in 2022.

City of St. Petersburg, Bartlett Park and 7th Street South

Stormwater Improvements, St. Petersburg, FL. After Nick successfully

assisted the City of St. Petersburg with obtaining approximately \$1.2 MM in grant funding from SWFWMD for this flood protection and water quality improvement project, he helped prepare design plans, permit applications, and cost estimates. The project included bioswales with biosorption activated media, a baffle box, a large box culvert conveyance system, roadway improvements, and a 6-inch diameter watermain replacement. Necessary permitting was completed in 12 business days within a complex watershed and urban corridor. Design was fast-tracked for the benefit of the City to meet SWFWMD funding requirements.

Rob Ern, Jr., PE, DBIA

Rob has 30 years of water and wastewater engineering experience. His experience includes civil engineering project management and has applied his knowledge to a variety of utility related projects as well as all aspects and phases of design – from preliminary to final. Rob's project portfolio includes the design and permitting of wastewater treatment plants, water treatment plants, sewage pump stations, water booster pump stations, collection, transmission and distribution systems, as well as master planning of utility facilities and impact fee studies. Additionally, he also assists clients with funding utility projects through the State Revolving Fund (SRF) Program. As the City Utility Engineer for multiple municipalities, Rob has created Utility Design Standards and Land Development Regulations. Rob is also thoroughly knowledgeable regarding development applications on behalf of his municipal clients to verify compatibility with current codes and regulations.

REPRESENTATIVE PROJECT EXPERIENCE**Pinellas County, Engineering Services During Construction, Clearwater, FL.**

Engineer on this project, responsible for identifying and reducing sources of domestic wastewater and I&I in select mobile home communities (MHCs) with failing systems that had caused sewer overflows. The County upgraded infrastructure in 14 MHCs—over 2,400 homes—connecting them to new County-owned systems. Improvements included 60,000 feet of sewer mains, 150 manholes, two pump stations, and 90,000 feet of laterals.

SSU/SEWWCA, Pipeline Project, The Villages, FL. Principal-in-Charge and EOR responsible for the pipeline design that increases in diameter the closer the pipes get to the water treatment plant due to more capital lift stations pumping into the pipelines, and also to allow for anticipated future capital lift stations to pump into the system. The project included 5,200 LF of water main, 59,900 LF of reclaimed water main, and 46,600 LF of wastewater force main.

City of Edgewater, Galvanized Steel Water Main Replacement, Edgewater, FL. Principal-in-Charge responsible for systematically replacing galvanized water mains and water services that were at the end of their useful life to proactively prevent water leaks and improve water pressure. Halff provided a record survey and underground utility locates to locate all existing above and below-grade improvements along the route in support of the water main design and water services to meet all FDEP and City of Edgewater utility design requirements.

City of Mount Dora, Eastern Service Area Water Treatment Plant, Mount Dora, FL. Principal-in-Charge responsible for assisting with the new 4.0-mgd water treatment plant with an ultimate capacity of 7.0 mgd. Treatment includes iron sequestration, aeration, and disinfection. Plant also included two new 12-inch wells, ground storage, and variable frequency drive (VFD) controlled high-service pumping. Halff also provided the construction management of three miles of 16-inch capital water line.

Michael has 18 years of experience in water utility engineering, project management, and permitting for public and private clients. He has extensive knowledge of permitting through various agencies including FDEP, and FDOT. His engineering skill set includes water and wastewater treatment plant design and permitting, sewage pump station design, collection, transmission, distribution and reclaimed water system design and permitting, design-build utility construction, construction engineering inspection, utility master planning, grant application development and funding, multiple project delivery methods including design/bid/build, design/build and project manager-at-risk.

REPRESENTATIVE PROJECT EXPERIENCE**Pinellas County, Engineering Services During Construction, Clearwater, FL.**

Engineer on this project, responsible for identifying and reducing sources of domestic wastewater and I&I in select mobile home communities (MHCs) with failing systems that had caused sewer overflows. The County upgraded infrastructure in 14 MHCs—over 2,400 homes—connecting them to new County-owned systems. Improvements included 60,000 feet of sewer mains, 150 manholes, two pump stations, and 90,000 feet of laterals.

The Villages, SSU WTP #1, The Villages, FL. Project Manager responsible for stormwater calculations and water management district permitting. This project included design, permitting and construction administration services for a new 5.0 MGD, MDD WTP constructed to serve The Villages. The WTP consists of two Lower Floridan wells, packed tower aeration with sulfuric acid for pH adjustment, odor control, transfer pumping, sodium hypochlorite disinfection, a prestressed ground storage tank, and high-service pumping facilities. Project also included standby power, pump building, electrical, SCADA, and controls.

City of Mount Dora, Reclaimed Water Interconnect with City of Apopka, Mount Dora, FL. Project Manager responsible for the the City of Apopka in addressing a reclaimed water supply imbalance between Apopka and the City of Mount Dora. Apopka often had an excess of reclaimed water, while Mount Dora experienced shortages. To resolve this, Halff designed a reclaimed water line that provided a cost-effective solution for both cities, balancing the supply more efficiently than the original plan for a reservoir.

FDOT District 5, SR 46 Utility Design, Mount Dora, FL. Project Manager responsible for leading the detailed design drawings for the construction of a new 16-inch waterline, 16-inch reclaimed waterline, dual 8-inch and 16-inch force mains, and 12-inch gravity sewer constructed within the FDOT right of way. The fast-track design was completed in three months to allow the construction to be completed prior to FDOT beginning their construction. In total there was: 9,400LF of 16" water main, 2,500 LF of 12" water main, 9,400 LF of 12" reclaimed water main, 7,300 LF of 16" wastewater force main, 6,700 LF of 8" wastewater force main and 2,000 LF of 12" wastewater gravity sewer.

Mark has over 38 years of experience in the water resources field in stormwater management modeling and design. He has been involved in numerous major publicly funded watershed H&H model development and drainage design projects ranging in size from a few acres to over 1,800-mi². He brings extensive expertise in stormwater modeling using various tools such as ICPR (1D and 2D), suite of HEC models (HEC-RAS, HEC-HMS, HEC-GeoRAS, etc.), SWMM, and CHAN. His experience includes floodplain mapping, level of service evaluation, flood mitigation design, environmental restoration, water quality analyses and design, and presentation of study results to the public. For over 15 years, he provided technical support for the users of the hydrodynamic model, ICPR on behalf of Streamline Technologies, Inc. Mark is considered a subject matter expert in surface water modeling and is routinely requested for lectures on the subject, delivering over 50 workshops, roundtables, and presentations on the methodologies to surface water modeling and design, including sea level rise and groundwater implications.

REPRESENTATIVE PROJECT EXPERIENCE**Ironbark Drive Stormwater Pump Station and Flood Abatement Project, Pasco County, FL.**

Halff was responsible for conducting a detailed evaluation of existing conditions and developing design alternatives to mitigate flooding in this landlocked residential area. Mark was responsible for providing modeling oversight and technical direction during the course of the project. Mark also directed the migration of the model to ICPR4, development of 2D features to represent overland flow conditions, and integration of groundwater elements. The project is currently under construction.

County-wide Model and Flood Forecasting Tool Development, Pinellas County, FL.

The project involved 5 main tasks: 1. Combining the County's existing H&H models into a single 1D ICPR4 model (161 mi²), 2. Development of a 2D rapid flood hazard assessment (RFHA) model for the remaining areas of the county (~78 mi²), 3. Combining all into a single H&H model, 4. Simulation of 20 different storm scenarios, mapping floodplains across the County, and flood depths at over 5,000 locations, and 5. Correlation of flood conditions to gage elevations across the county for proactive flood management efforts. The county-wide model was successfully developed within an extremely aggressive 2-month time frame. Mr. Troilo was responsible for directing the model development efforts and conducting QC reviews of model data & results.

City-Wide Stormwater Management Master Plan and Design

Implementation, Palm Coast, FL. As the Lead Hydrologist and Sr. Civil Engineer, Mark was responsible for all aspects of this phased project including project management, hydrologic and hydraulic modeling, flooding design alternative development, cost estimates, master planning, and report development.

Robert Gaylord, PE

Robert has over 30 years of experience managing and designing civil and mechanical engineering projects, including civil infrastructure design, stormwater pump stations, flood control, erosion control, and natural systems restoration. He has extensive experience managing large project teams on projects with numerous stakeholders. Robert is known for executing projects on time and within agreed upon budgets. He has designed numerous award-winning flood mitigation projects. In addition, he has managed erosion control projects involving canal design using gabions, sheet pile walls, large block, and concrete walls. His extensive engineering experience includes the design of new and expanded drainage systems, roadways, sidewalks, parks, water, wastewater and reuse utilities, pump stations, and complex aerial utility crossings, as well as preparation of construction plans, cost estimates, specifications, and permit applications. Robert also has extensive experience in administering the construction and implementation of project designs.

REPRESENTATIVE PROJECT EXPERIENCE

Ironbark Drive Stormwater Pump Station and Flood Abatement Project, Pasco County, FL. This residential area of the county is characterized by landlocked ponds and persistent flooding. Robert was responsible for conducting a detailed evaluation of the existing condition and developing a series of design alternatives to mitigate the flooding. The recommended design solution included expanding two existing stormwater ponds and the nearby inactive rapid infiltration basin (RIB), pump station and force main design for recovery of the RIB, and design of a new secondary drainage system. Robert worked on the design alternative development and evaluation. He collaborated with the County on the designs and presented Halff's recommendations. To optimize the design, Halff collected additional geotechnical and survey data to better refine the model. As part of this process, we were able to revise the design and save the County an estimated \$700,000 in construction costs.

Fellsmere Farms Pump Station, Indian River County, FL. Robert served as Design Engineer for the design of two 150,000-gpm (335 cfs) pumping stations. Each station consisted of 3 submersible pumps lifting water approximately 20-ft over the berm into either an outlet sump or diversion sump that allowed water to flow in different directions depending on current water needs. The diversion structure consisted of 20-ft high MSE walls with a concrete bottom, 66-in diameter pipes, and sluice gates to direct the flow. Both pump stations included flap gates to prevent backflow, diesel generators with fuel tanks, and secondary containment. Robert was responsible for design, specifications, and field inspections.

MacDill AFB Airfield Drainage Design and Environmental Mitigation, Tampa, FL. As the Engineer of Record on this design-build project, SAI was responsible for the development of a drainage design to reduce the amount of flooding adjacent to the runways located on MacDill AFB and eliminate Bird Aircraft Strike Hazards (BASH).

Duane Booth, PE

Duane has extensive experience in drainage, stormwater, roadway engineering, and project management for public and private land development including utilities, site layout, grading, and permitting. He has extensive knowledge of permitting through various agencies including FDEP, SJRWMD, and FDOT. His engineering skillset includes street and highway design, parks and recreation design, municipal water and wastewater infrastructure master planning and design, urban/rural subdivision planning and design, stormwater design, flood studies, and FEMA map revisions.

REPRESENTATIVE PROJECT EXPERIENCE

Round Lake Road Flood Study, Lake County, FL. A Flood Study and Flood Storage design for Lake County. Area of concern was the southwest corner of Round Lake Road and Wolf Branch Road. Contributing basin extended north of Wolf Branch Road and included several nurseries along Britt Road that drain into a creek that flows under Wolf Branch Rd into wooded area. Halff modeled the 100-year storm event in existing conditions and proposed/designed a 2-pond system to provide additional flood storage to eliminate or minimize flooding to Round Lake Road.

CR 455 Engineering and Design Services, Lake County, FL. Lead Engineer for engineering design, permitting, utility coordination, and post-design services. Our team designed a 4,400-lf, four-lane divided, urban roadway with four-foot bike lanes, a 12.5-foot multipurpose trail, and a 5-foot sidewalk within a 120-foot right of way with alignment to the original section of CR 455. The plans were designed to meet all Lake County and FDOT design requirements. Stormwater design for the roadway included water quality modeling/analysis meeting SJRWMD nutrient loading criteria for nitrogen and phosphorus removal. Hydraulic Modeling of the 25-year, 96-hour storm event for basin without positive discharge. Modeling of a 10-year storm event for stormwater collection system (pipes and inlets) to convey stormwater to the stormwater management ponds, and gutter spread calculations. This project was permitted with St. Johns River Water Management District.

Orange Avenue Improvements, Lake County, FL. Project Manager for design, survey, permitting and construction administration services for stormwater drainage improvements to Orange Avenue and East Lake Street located in the City of Umatilla. Improvements included dry retention, sediment traps with exfiltration, stormwater outfall pipe along East Lake Street connecting to Trowell Avenue storm system, reconstruction of roadway, curbing and sidewalk. This project lies within the Hicks Ditch Basin which is a direct contributing tributary to Trout Lake and Lake Eustis. In addition to minimizing localized flooding, this project reduced the pollutant loading to Lake Umatilla and subsequent downstream areas. It also corrected localized flooding caused from stormwater drainage issues and also improved pedestrian walkways. The two streets border the Umatilla High School and the project was a joint venture with FDEP grant funding and in-kind services from Lake County Schools.

Mark Llewellyn, Jr., PE

Mark Llewellyn, Jr. has 21 years of experience in various areas of civil engineering, including transportation planning, site feasibility, regulatory permitting, traffic engineering and modeling, roadway design, signalization design, intelligent transportation systems design, and roundabout feasibility and design. He has extensive experience developing sustainable projects in highly urbanized settings to safely accommodate all modes of travel. His responsibilities include the management of continuing services contracts and transportation projects, as well as the design and permitting of various projects. As a hands on project manager, he is heavily involved in the production of construction documents, coordination of work efforts, and communicating directly with clients.

REPRESENTATIVE PROJECT EXPERIENCE

Blueprint Intergovernmental Agency, Airport Gateway, Tallahassee, Florida. Mark served as the Project Manager for the initial planning and design efforts of the Airport Gateway and currently serves as the Project Principle. This project will benefit the Tallahassee International Airport through significantly improved access and connectivity to the downtown Tallahassee area. Mark oversees the planning and design of several roadway corridors and trails, public engagement, stakeholder coordination, traffic and stormwater evaluations, and roadway/roundabout design efforts. This project includes over seven miles of roadway and over 12 miles sidewalks, trails, and bicycle lanes.

City of Tallahassee, Capital Cascades Development, Tallahassee, FL. Mark served as the Traffic EOR for the largest redevelopment project in Tallahassee. His services included modeling traffic impacts to the downtown area, designing roadway modifications including change in direction for segments of Bloxham and Gadsden Streets, signalization modifications, and designing improvements for the anticipated increase of pedestrians and bicyclists.

FAMU, FAMU Way, Tallahassee, FL. Mark served as Project Manager responsible for supporting the planning and design of the FAMU Way Extension which included the preparation of alternative roadway alignments, shared use path alignments and intersection configurations. Graphics and Analyses were conducted on alternatives including evaluations of the pedestrian, bicyclist, and vehicle impacts of each alternative. Mark served as lead roadway design engineer for Phase 2, and as the Project Manager and EOR for Phase 3 of this premier corridor project. Mark performed extensive utility coordination, and permitting services for FDOT, CSX, DHR, COT, and DEP. Mark currently serves as Project Principal for the design of FAMU Way Phase IV.

EDUCATIONBS, Biology,
University of South Florida**REGISTRATION**Waterfront Edge Design Guidelines
(WEDG) Associate**Drew Sanders, WEDG**

Drew is highly experienced in environmental permitting that encompasses a wide range of public and private projects. His areas of specialization include project management, environmental permitting, ecological assessments, and habitat mapping of terrestrial and aquatic systems, plant and wildlife surveys, listed species surveys, photo interpretation, wetland delineation and hydroperiod assessment, habitat restoration and management, and wetland mitigation design.

REPRESENTATIVE PROJECT EXPERIENCE

Pasco County, Anclote River Park, Pasco County, FL. Environmental Scientist responsible for providing project management for the renovation and expansion of the Anclote River Park. As a part of the project, Drew is providing assistance with wetland delineations, habitat mapping, seagrass and mangrove surveys, and wildlife surveys in support of the park improvement project. Assistance with public meetings, regulatory agency coordination, and environmental permitting for wetland and wildlife is also being provided.

City of Jacksonville, Hogans Creek Restoration, Jacksonville, FL. Environmental Scientist responsible for providing environmental services for the development of the 30% stream restoration design of Hogans Creek in downtown Jacksonville. The goal of this project is to reduce flooding, improve water quality, and provide access and recreational opportunities along the creek. Preliminary plans are currently being shared with the community to gather input that will be incorporated into the iterative design process. The Trail Master Plan includes improving the crossing conditions along the existing Hogans Creek greenway and enhancing the overall quality of the greenway to match the established design standard for the entire Emerald Trail system.

FDEP, Butler Mill Creek Realignment, Tallahassee, FL. Environmental Scientist responsible for assisting with the development of a vegetation restoration plan and environmental permitting to support the realignment of the creek from its man-altered path through Lake Jackson Mounds State Park to its approximate historic channel location. The creek realignment was needed to address erosion and to maintain the integrity of several sensitive cultural resources in the park.

Pasco County, Resilient Pasco, Pasco County, FL. Environmental Scientist responsible for this comprehensive initiative focused on establishing priorities for resilience and sustainability, developing a risk and vulnerability assessment, producing a resilience and sustainability action plan, and developing a living shorelines plan. Halff is currently in the process of navigating the project where a dedicated team of resilience professionals are leading the development of a comprehensive inventory of critical and regionally significant assets in support of the vulnerability assessment. Environmental scientists and field surveyors are evaluating options and strategies for integrating nature-based solutions and living shorelines into local sites that are publicly owned and maintained.

REPRESENTATIVE PROJECT EXPERIENCE

USACE Tulsa District, Tinker-Altus, Polyfluoroalkyl Substances (PFAS) Phase I Remedial Investigations (RIs), Oklahoma City, OK.

Project Manager. Halff created Phase I PFAS RIs at Tinker Air Force Base (AFB) to complete the lateral and vertical site characterization for over 30 aqueous film-forming foam (AFFF) release areas. The objectives of the base-wide Phase I Remedial Investigation (RIs) is to develop a comprehensive understanding of the nature and extent of PFAS in soil, groundwater, sediment, and surface water; determine the source strength of residual soil contamination; and develop comprehensive conceptual site models (CSMs) to include identifying migration pathways and potential exposure pathways.

USACE Tulsa District, PFAS Remedial Investigation for the Lone Star Army Ammunition Plant, Texarkana, TX.

Project Manager for conducting a Phase I RI to characterize the nature and extent of per- and PFAS at eight potential release areas of legacy PFOS-based AFFF. The PFAS RI is being conducted for the USCAE Tulsa District under an \$6.48M (without options) task order. The scope of work includes soil sampling; sediment and surface water sampling; lysimeter installation and soil porewater sampling; and monitoring well installation and sampling. The field and laboratory data will be compiled into a digital CSM that will include a thorough source characterization, complete horizontal and vertical delineation of PFAS-impacted media, and fate and transport models.

USACE Tulsa District, Red River Army Depot PFAS RI,

New Boston, TX. Project Manager for the for conducting a Phase I Remedial Investigation to characterize the nature and extent of per- and polyfluoroalkyl substances (PFAS) at six potential release areas of legacy PFOS-based AFFF. The PFAS RI is being conducted for the USACE Tulsa District under an \$5.87M (without options) task order. The scope of work includes soil sampling; sediment and surface water sampling; lysimeter installation and soil porewater sampling; and monitoring well installation and sampling. The field and laboratory data will be compiled into a digital CSM that will include a thorough source characterization, complete horizontal and vertical delineation of PFAS-impacted media, and fate and transport models.

Gini Connolly brings GIS experience to the Information Management team. As the previous GIS Manager for the City of Hurst for 15 years, Gini has a wide variety of local government GIS knowledge specializing in the collection and use of geographic utility data, and the implementation of software applications utilizing geographic data, including asset management and land planning applications.

REPRESENTATIVE PROJECT EXPERIENCE

Texas Water Development, Trinity Regional Flood Plan, Corsicana, Texas. GIS Specialist responsible for the GIS portions of the Region 3 Trinity Regional Flood Plan that will be rolled into the first-ever State Flood Plan. Halff is working closely with the Trinity Regional Flood Planning Group, which consists of volunteers who represent a variety of interest categories to develop a flood plan representative of the region. The Trinity Regional Flood Plan is a bottom up approach to flood planning that incorporates local floodplain management and flood mitigation projects to reduce future flood losses.

Sheppard Air Force Base / Storm Water Survey (SLA Architects), Wichita Falls, Texas. QA/QC Manager responsible for quality control management for the system wide storm drain GIS inventory and condition assessment efforts in advance of system wide hydraulic modeling.

Texas General Land Office, LRGV Pedestrian Egress Study, Weslaco, Texas. GIS Specialist who conducted an evaluation of how populations in vulnerable, flood prone areas can evacuate to shelters on foot or alternative means of mobility, during a high-rainfall, flash flood, and high-tide events. The project included the collection and assessment of land use, mobility networks, transportation infrastructure, socioeconomic data, traffic count and emergency responder data.

Town of Northlake, Online Development Tracking Map, Northlake, Texas. Project Manager responsible for the updates and enhancements to the Town's water, sewer and storm asset inventories and geodatabase schemas to enable the location-based asset management software, Cartegraph and new key performance indicators. Halff hosts the Town's asset inventories in an Esri hosted solution web app and corresponding web services. Web services had to be redesigned to accommodate Cartegraph and field data entry. Town staff is now able to efficiently manage their systems of assets in a centralized dashboard understanding costs and ability to prioritize future improvements. Lubbock County / Asset Management Inventory; Lubbock, Texas. Technical Advisor for the Heath geodatabase development and hosting responsible for proposed phasing of projects based on City needs. A Data Update and Maintenance Plan was developed to document suggested phasing and realistic, useful cadence of data.

Gabriel has been involved in electrical engineering design, construction management and project management for municipalities, government and commercial facilities. He has acquired extensive experience in power system design and construction administration for K-12 and higher education renovation projects. Gabriel is also responsible for managing the QA/QC program for the Halff MEP practice. Gabriel has a proven track record of verifying compliance with industry standards and incorporating considerations of reliability, redundancy, energy efficiency and climate consciousness in his designs.

REPRESENTATIVE PROJECT EXPERIENCE

South Texas College (STC), Science, Technology, Engineering, and Math STEM Building - Pecan Campus, McAllen, TX. Engineer responsible for the electrical systems design and construction administration. Coordinated power utilities with the power company as well as the design of the electrical distribution system to building, emergency power backup system, lighting systems, lighting control systems, and fire alarm system. This project involved designing the mechanical, electrical, and plumbing for a 50,000-square-foot, 2-story building. The project is part of the STC \$159 million bond program. The STEM building was constructed for the anticipated student growth.

City of Edinburg, U.S. Highway North 281 Water Distribution System Improvements, Edinburg, TX. Engineer on this project, which consisted of water distribution system improvements along highway 281, between SH 186 and FM 490. This project was triggered by a TxDOT project along Highway 281 that forced the removal of existing water lines conflicting with ongoing highway improvements. The distribution system improvements involved removing existing PVC and AC lines, and replacing them with 45,000 LF of 8" and 17,500 LF of PVC lines with all its pertaining valves, fire hydrants, service connections, etc. The project also consisted of the design of a new pump station for the City of Edinburg to service the communities in the same vicinity.

Brownsville Public Utilities Board (BPUB), Lift Station Rehabilitation Packet 2, Brownsville, TX. Engineer responsible for the electrical, instrumentation, and controls design of nine existing sanitary sewer lift station upgrades. BPUB provides water and wastewater services to the City of Brownsville and the surrounding area. The wastewater collection system has 179 active lift stations which have been in service for many years and are showing signs of significant corrosion and electrical equipment needing safer operable equipment. Electrical upgrades incorporated new electrical distribution equipment, explosion proof raceway design, corrosive resistive equipment rack, portable generator docking station, and a motor starter panel. Instrumentation and controls design included a operator local control panel design at low voltage to increase operate safety.

Martin Steffen, PLA, WEDG

Martin has been active in landscape architecture, site design, and land planning for more than 12 years. His experience encompasses both private and public-sector projects. Martin's experience includes master planning services, streetscape design, regional and neighborhood park design, sports complexes, and site design as well as due diligence for eminent domain cases.

REPRESENTATIVE PROJECT EXPERIENCE

City of St. Pete Beach, Pass-a-Grille Park and Street Landscaping, St. Pete Beach, FL. Landscape Architect responsible for this project located in Pass-a-Grille Beach. Martin incorporated new gathering spaces, shade options, site furnishings, and improved pedestrian circulation while preserving the park's history, and many existing amenities that residents enjoy using. Halff performed inventory and analysis, conceptual designs, public outreach landscape and hardscape enhancements, and construction documents with interval design review with the client.

Pasco County, Anclote River Park and Trail, Pasco County, FL.

Landscape Architect responsible for internal design coordination, site design, program management, overall amenity design, and maintaining client relationships for one of Pasco County's most utilized park. This waterfront park is enjoyed by many and is known for its boat access, recreational activities, and providing an overall family-friendly park experience.

City of New Port Richey, Gloria Swanson Parking Lot Expansion, New Port Richey, FL.

Landscape Architect responsible for providing landscape and irrigation improvements to Gloria Swanson Parking lot to provide overflow parking for the historic La Hacienda Hotel as well as the recently renovated Simms Park. Design included working with engineers on parking lot layout and providing landscape enhancements for streetscape which served as the main entrance to the hotel and park. Care was taken to re-use existing trees on site where possible. The City of New Port Richey has designated a majority of its City as a Community Redevelopment Area (CRA). Halff conducted a parking study along, and parallel to, Main Street extending from US 19 to the west and Madison Avenue to the east to confirm that the City has adequate parking to support existing uses, as well as planning for future growth in the Downtown District.

Blueprint Intergovernmental Agency, Airport Gateway Corridor and Trail, Tallahassee, FL.

Landscape Architect responsible for the planning and design of several roadway corridors and trails leading to downtown Tallahassee. Halff has completed public engagement, technical, and administrative coordination; data gathering; preliminary reviews (cultural, environmental, geotechnical); sociocultural effects; traffic and stormwater evaluation; and conceptualization. Covering over seven miles of roadway and over 12 miles of sidewalks, trails, and bicycle lanes, the Airport Gateway intended to substantially improve transportation in our community.

He has managed various PD&E studies over the last two decades and worked for and developed outstanding relationships with the Florida Department of Transportation (FDOT), Florida's Turnpike Enterprise, Alabama DOT, Mississippi DOT, Texas DOT, the Florida Department of Environmental Protection (FDEP), and numerous municipalities throughout Florida. Gary is extremely knowledgeable about the National Environmental Policy Act (NEPA) process having been responsible for writing and reviewing many of the updates and revisions to the current FDOT PD&E Manual and participated in the development of the Efficient Transportation Decision Making (ETDM) process.

REPRESENTATIVE PROJECT EXPERIENCE

Blueprint Intergovernmental Agency, Airport Gateway Stages 1 and 2, Tallahassee, FL. Project Manager responsible for this Southwest Tallahassee areawide transportation study that includes a broad range of improvements to the various segments of the Airport Gateway corridors. The purpose of this initial effort was to collect the necessary engineering and environmental data to analyze various segment improvements and to advance a subset of recommended alternatives to the next stage of project development, which will include design services, permitting and public engagement. Halff serves as the prime consultant for this transportation improvement project which includes over 7 miles of roadway and 12 miles of sidewalks, trails, and bicycle lanes.

Capital Region Transportation Planning Agency (CRTPA), Congestion Management Plan, Tallahassee, FL.

Project Manager for updating the 2018 CMP in line with FHWA guidelines, focusing on evaluating congestion and identifying strategies to improve recurring and non-recurring delays on CRTPA's critical corridors. The update includes project identification to address congestion and safety, performance management requirements for MPOs, and tasks such as data collection, preliminary reviews, and conceptual planning. Spanning over seven miles of roadway and 12 miles of sidewalks, trails, and bike lanes, the Airport Gateway aims to significantly enhance local transportation.

City of Leesburg, Tav Lee Trail PD&E, Leesburg, FL.

Planner responsible for providing all tasks necessary to obtain Federal Highway Administration (FHWA) approval under the National Environmental Policy Act (NEPA) for the Tav-Lee Trail. Halff will analyze and assess the trails impact on the social, economic, cultural, natural, and physical environment, in order to develop the location and design concept of the trail in accordance with FDOT policy, procedures, and requirements.

David Muntean, Jr., PE

Dave is experienced in transportation engineering, planning, major bridge research & permitting, pre-cast concrete segmental inspection, and project management experience with particular emphasis on traffic operations analyses, intersection and roadway safety improvements, bridge project development, corridor studies, DRI/traffic impact studies and review, origin-destination studies, ITS Project Management, expert testimony, and numerous data collection studies. He has managed multidisciplinary teams on major and minor infrastructure projects and led workshop sessions with governmental agencies regarding roadway, data collection, analyses, and safety recommendations.

Transportation Study Reviews, City of St. Pete Beach, St. Pete Beach, FL. Dave served as the lead senior reviewer and expert witness for professional engineering services to review traffic methodology and traffic impact studies submitted by Applicants to redevelop/expand two large developments (Tradewinds and Postcard Inn) along Gulf Boulevard. Tasks involved detail technical reviews and discussions on trip generation, study area determination, existing and proposed operational analyses on impacted roadways and intersections, public meetings, related citizen inquiries, a multi-part quasi-judicial hearing, documentation, and coordination with City staff.

Congestion Management Plan Update, Capital Region

Transportation Planning Agency (CRTPA), Tallahassee, FL. Dave served as Senior Traffic Engineer to evaluate safety issues with an emphasis on fatalities and serious injury crashes for the region's top 10 rural and top 10 urban worst roadway segments as well as the top 10 worst intersections. Crash data were analyzed and potential countermeasures/solutions likely to resolve problem crash types were identified for each location. Various elements of safety were involved, including, but not limited to, access management, signal operations, pedestrians, high speeds, roadway geometry, roadway maintenance, sight distances, and failure to obey traffic control.

CR 2321 and Titus Road Preliminary Intersection Improvement Evaluation, Bay County Public Works Department, Bay County, FL.

The project evaluated potential intersection improvements to the intersection of CR 2321 and Titus Road based on future high-growth traffic conditions and consideration of alternative intersection design configurations. Within the study area, Halff also provides services to review Development Order Application packages submitted to Bay County, the review of which includes, but is not limited to, traffic engineering related submittals, traffic impact studies, turn lane analyses, signal warrant studies, roadway/intersection studies, safety studies, and access management studies.

Jim Miller, PE

Jim is an accomplished engineer with a diverse portfolio encompassing the design of buildings, retaining walls, foundations, bridges, and miscellaneous structures. With a wealth of experience in reinforced concrete design, prestressed concrete design, and structural steel design, Jim brings a comprehensive skill set to each project he undertakes. His exceptional communication skills enable him to articulate complex issues and present innovative solutions, making him an asset in navigating decision-making processes involving multiple stakeholders.

North Texas Tollway Authority (NTTA), Dallas North Tollway (DNT)

4th Lane Expansion, Plano, TX. Engineer responsible for design and construction documents for the widening of four existing bridges along a 2.5-mile distance of Dallas North Tollway (DNT). Design uses TxDOT Prestressed Girders and Aesthetic Inverted T Bents. Widening also include flaring deck edges, site visibility constraints, and vertical clearance limitations. Rapid growth in the North Dallas area over several years created significant congestion on DNT. Halff provided engineering services for a capacity improvement for 3.4 miles of the DNT in Plano, Texas. Services includes preparing PS&E for modifications of the main lanes and ramps along the DNT, widening of the existing DNT main lanes, design of electronic tolling gantries, addition of an electronically tolled entrance and exit ramp, relocation of existing fiber optic cable trunk lines and laterals, ITS elements, and maintenance of ITS and tolling elements, executive offices, a Board Room and several conference rooms, and auxiliary spaces for the executives and the marketing department.

Ben E. Keith Beers, Dallas Campus Master Plan, Dallas, TX. Engineer responsible for construction drawings of two typically reinforced concrete slab-on-grade foundations for pre-fabricated metal buildings

Bexar County, Bulverde Road Reconstruction (Phase 5), San

Antonio, TX. Project Manager responsible for the design and supervision of construction drawings for a 175-foot-long retaining wall. Construction phase service included construction observation, shop drawing submittal review, response to RFIs, and change orders. The purpose of this project was to improve the current level of service by adding capacity within the project corridor. Additional project benefits included improved pavement structure, safety, and the removal of the roadway facility from the existing 100-year floodplain while adhering to the standards outlined in the City of San Antonio Unified Development Code (UDC).

City of Leander, Veterans Park Phase 2; Leander, TX. This project included development of a Veteran's park in Leander, Texas. The park is centered around a duck pond and adjacent to the Leander Public Library. The park contains a Veterans Memorial wall, and Memorial flag plaza, and a labyrinth containing the POW/MIA flag.

Professional Certification Institute**Lisa King, GPC**

Lisa has more than 33 years of experience in providing grant writing and grant administration consulting services to local governments in Florida. She is specialized in projects related to the life cycle of water, transportation, and resilience including emergency management and mitigation. Lisa has successfully obtained over \$300 million in grants to Florida local governments.

REPRESENTATIVE PROJECT EXPERIENCE**Pasco County, Grant Consulting Services, Pasco County, FL.**

Grant Specialist providing comprehensive grant writing services since 2019. Funding Resource Strategy development. Highlights of successful projects include: Multiple applications for HMGP stormwater and drainage projects. CDBG-MIT and BRIC applications for critical facility hardening. Technical assistance on HLMP. Technical assistance on American Rescue Plan and Infrastructure Investment and Jobs Act funding.

City of Panama, City Grant Consulting Services, Panama City, FL.

Grant Specialist providing comprehensive grant writing services since 1992. Funding Resource Strategy development. Highlights of successful projects include: Resilient Florida Vulnerability Assessment, Environmental land acquisition of three parks (Oaks by the Bay, Venetia Sunset and Sweetbay Wetlands Preserve) Multiple park development projects through FRDAP, CPI and LWCF programs. Restoration of historic properties such as the McKenzie House and Panama City Publishing Company, Multiple planning efforts funded through CPI and DEO's CPTA. Technical assistance on BRIC, CDBG-DR and CDBG-MIT. Technical assistance on American Rescue Plan and Infrastructure Investment and Jobs Act funding.

Seminole County, Grant Consulting Services, Seminole County, FL.

Grant Specialist providing comprehensive grant writing services since 2014. Funding Resource Strategy development. Highlights of successful projects include: Multiple HMGP projects associated with Hurricanes Matthew and Irma for drainage and stormwater projects. Applications for CDBG-MIT and BRIC. Pending applications for Resilient Florida Planning and Implementation and HMGP-COVID. Technical assistance on American Rescue Plan and Infrastructure Investment and Jobs Act funding.

City of Arcadia, Grant Consulting Services, Arcadia, FL.

Grant Specialist providing comprehensive grant writing services since 2017. Highlights of successful projects include: Multiple HMGP projects associated with Hurricanes Matthew and Irma. Applications for CDBG-MIT Stormwater. Multiple successful Historic Preservation grant projects for building restoration planning and implementation. 1926 City Hall, vacant for 15 years being restored with grant funding. Pending application for FDEP Wastewater grant for WWTP replacement.

Leah Aidif

Leah has experience in project and contract management, grant administration, NRCS programming, NEPA, Tribal relations, data analysis, and technical writing. She is specialized in projects related to environmental conservation and contract compliance.

REPRESENTATIVE PROJECT EXPERIENCE

Resilient Florida, City of DeLand Vulnerability Assessment and Adaptation Plan, City of DeLand, FL. Responsible for application development. DeLand was awarded \$185,000 in 2023 to complete a Vulnerability Assessment and Adaption Plan for the City.

Florida Job Growth Grant, Umatilla Industrial Park Road/Water-Wastewater/Stormwater Service Expansion Phase II. Grant Specialist responsible for developing the grant application for the Lake Ferns Industrial Park expansion project. Funding from this grant will go towards the City's new Lake Ferns Industrial Park – a foundational development in supporting Umatilla, a Rural Economic Development Initiative (REDI) community, diversify their economy and improve quality of life. The new industrial park that will not only allow existing businesses to grow, but also bring close to 300 new jobs for the community. **Grant Award: \$4.8 million**

Conservation Compliance Coordinator, Seminole Tribe of Florida, Inc. In her role as the compliance coordinator with the Seminole Tribe of Florida, Inc., Leah was responsible for managing NRCS programming on the Brighton and Big Cypress Reservations. She was able to resolve a 7+ year backlog worth about \$3 million of NRCS EQIP contracts to avoid penalties. In order to accomplish these goals, she excelled in contract, project, and compliance management.

Native American Agricultural Fund Grant. Leah her team helped the Seminole Tribe of Florida Inc. secure funding to develop a cattle program accounting system to provide tribal producers access to accounting information on a timely basis and provide tribal cattle owners the opportunity to mitigate risk and make informed business decisions. **Grant Award: \$200,000**

Bureau of Indian Affairs Invasive Species Program. Leah and her team helped the Seminole Tribe of Florida, Inc. secure funding for noxious weed management across all Seminole reservations in Florida. There are many federally listed noxious weeds on the reservations that are negatively impacting the reservation lands; this money allowed the tribe to work on management plans and eradication of many of these noxious weeds. **Grant Award: \$250,000**

Florida No. 43368**CERTIFICATIONS**National Council of Examiners for
Engineering & Surveying No. 54618ICC Accessibility Inspector/Plans
Examiner No. 8203944Registered Accessibility Specialist,
TX No. 1674**Bryan Weinstein, PE, AI/PE**

Bryan is an ADA Compliance Engineer with 23 years of experience specializing in State and Federal ADA codes for parks, facilities, public rights-of-way, and Transition Plans. A certified Accessibility Inspector/Plans Examiner, he has assessed numerous sites, authored Transition Plans, and supported agencies like the Maryland Transit Administration and South Florida Regional Transportation Authority. He contributed to FDOT's Accessing Transit Design Handbook, provides ADA training nationwide, and developed tools for efficient field data collection.

REPRESENTATIVE PROJECT EXPERIENCE**Manatee County, Countywide ADA Transition Plan, Manatee County, FL.**

As Project Manager and ADA Compliance Engineer, Bryan developed a multi-year assessment schedule to accommodate the large number of County facilities and a limited budget, allowing for phased evaluations each year. He has completed assessments of most of the County's high-use buildings and parks, and has also led ADA trainings and focus groups to support ongoing compliance and community engagement.

City of Pinellas Park, FL, ADA Transition Plan, Pinellas Park, FL.

As ADA Compliance Engineer, Bryan led the development of a comprehensive ADA self-evaluation and Transition Plan for the City of Pinellas Park, covering 57 buildings, 11 parks, 200 miles of sidewalk, and the City's website and policies. Public input was gathered through a city-wide online survey and multiple outreach efforts to maintain community engagement and support. The project was completed on time and under budget, allowing for additional ADA staff training and the creation of general ADA checklists to assist City staff with future assessments.

Town of Fort Myers, ADA Transition Plan, Fort Myers Beach, FL,

Project Manager responsible for conducting assessments of facilities, parks, and pedestrian infrastructure including crosswalks and curb ramps, reviewing Town policies, programs, and procedures and town website using WCAG 2.0 website standards, and presenting findings to integrate public comments into final comprehensive ADA Transition Plan.

Lake County, LakeXpress ADA Transition Plan, Lake County, FL.

Project Manager responsible for assessing the County's bus stops and connecting sidewalks for ADA compliance. Data collected was used to formulate recommendations and cost estimates to mitigate barriers to accessibility. Assessment reports were provided for each stop and connecting portion of sidewalk and curb ramp.

University of Florida**CERTIFICATIONS**American Institute of Certified
Planners No. 34720Accessibility Inspector/Plans
Examiner (International Code
Council) No. 92072059**Amanda Harig, AICP, AI/PE**

Amanda is a Planner in Benesch's American with Disabilities Act (ADA) Compliance Solutions area focusing on the development of ADA Transition Plans, ADA training modules, bus stop accessibility studies and connectivity studies, and data collection. Her roles in the ADA Transition Plan process include the development of the plan format, creation of applicable maps using ArcGIS Online, ADA compliance research and data evaluation. She has experience creating and presenting ADA trainings discussing the ADA design standards, communication procedures, and historical context.

REPRESENTATIVE PROJECT EXPERIENCE**City of Clearwater, Clearwater ADA Transition Plan, Clearwater, FL.**

Amanda assisted Benesch in conducting 89 facility assessments, 7,845 curb ramps assessments, a right-of-way assessment and four City staff trainings to update the City's current ADA Transition Plan and educate staff on the intricacies of the ADA. The transition plan incorporated sustainability principles and human-centered design elements to allow for heightened accessibility.

Manatee County, Countywide ADA Transition Plan, Manatee County, FL.

Due to number of facilities needed to be assessed and County's limited budget, a multi-year assessment schedule developed to assess portion of County's facilities each year. In addition to having completed the assessment of the majority of the County's high-use buildings and parks, ADA Trainings and focus groups have been held.

Space Coast Area Transit, Bus Stop ADA Training,

Brevard County, FL. Amanda assessed over 2000 bus stops and assisted in the development of a bus stop ADA Transition Plan. She developed and presented at in-person and virtual trainings that detailed the accessibility requirements of bus stop benches and boarding alighting pads, as they relate to compliance with the ADA and Florida Accessibility Code (FAC) requirements, and facilitated in-person assessment practice at three local bus stops. The training also discussed third party bench requirements, accessibility of construction zones, and plans review.

Lee County Transit (LeeTran), Bus Stop ADA Accessibility Study and Transition Plan, Lee County, FL.

Amanda assisted in conducting an ADA Assessment for all 1,750+/- bus stops, park-and-ride facility, three major transfer centers for LeeTran. These bus stops serve 23 bus routes in the off-season and 26 during season. The ADA Bus Stop Accessibility Study will identify all non-compliant infrastructure and produce an ADA Transition Plan to help identify a strategy to implement required improvements.

Professional Surveyor and Mapper,
FL No. LS6120

Suzanne Osborne, PSM

Suzanne has a diverse and comprehensive skillset in the field of surveying. Her experience encompasses various types of surveys and deliverables, indicating a strong understanding of both the theoretical and practical aspect of surveying work. This experience and knowledge can be valuable in various projects involving land development, municipal/ infrastructure planning, and legal matters related to property boundaries. As a Team Leader, she plays a crucial role in guiding and managing a team of surveying professionals to successfully complete projects as she oversees the planning, execution, and completion of surveying projects. This includes allocating resources, setting timelines, and verifying that projects are delivered on schedule and within budget.

REPRESENTATIVE PROJECT EXPERIENCE

Phase 4 Water Main Replacement, Groveland, FL. Project Surveyor responsible for analyzing monumentation, determining right of way, and gathering topographic information for approximately 3 miles of this comprehensive project. Additional responsibilities included collaboration with engineers and other stakeholders to define scope and fees. The primary objectives of this project were to enhance water quality, improve fire flow capabilities, and to establish a connected water system within the City.

US 27 Water Main Extension, Leesburg, FL. Project Surveyor responsible for analyzing monumentation, determining right of way, and gathering topographic information for approximately 4 miles, in support of this substantial water main extension project.

Mayport Wastewater Treatment Plant, Jacksonville, FL. Project Surveyor responsible for the coordination and management of this project including accurate and highly detailed topographic data in support of the wastewater treatment plant modifications.

Sheriff's Organization Evidence Warehouse, Lake County, FL.

Project Surveyor responsible for the boundary and topographic surveys in support of engineering design, permitting, and construction administration services for an 18,700-sf warehouse situated on 10 acres.

8th Street Pier, Clermont, FL. Project Surveyor responsible for conducting a bathymetric survey to map the underwater topography for the proposed marina at the 8th Street Pier. In addition to underwater mapping, Suzanne also performed a topographic survey of the landward property surrounding the proposed marina. The primary objective of the marina project in the City of Clermont is to enhance lake utilization and boost the economic impact to the City's downtown waterfront.

Survey

EXPERIENCE

36 Years

EDUCATIONBS, Surveying and Mapping,
University of Florida**REGISTRATION**Professional Surveyor and Mapper,
FL No. LS5303**Russell Hyatt, PSM**

Russell has over 36 years of surveying experience with a four-year degree in Surveying and Mapping. His project experience has included commercial / municipal development surveys and geodetic surveys and beach/channel/port hydrographic surveys. Russell has extensive experience providing survey services to local, state and federal agencies such as the Pinellas, Hillsborough, Manatee, Sarasota, and Charlotte Counties, Florida Department of Transportation, Florida Department of Environmental Protection and the U.S. Army Corps of Engineers-Jacksonville District.

REPRESENTATIVE PROJECT EXPERIENCE**Hillsborough County, Cypress Street Outfall, Hillsborough**

County, FL. Russell was the Project Manager for the Right of Way and Topographic survey on Cass Street, Rome Avenue, Gray Street & Cypress Street (approx. 8,500LF total). The survey limits extended to a point 5 feet beyond each right of way line or to the project area limits where accessible. This included locating up to 5,000LF of jurisdictional wetland flagging and preparation of a DTM/TIN model and contour lines. Up to 30 easement descriptions and sketches were also required.

City of Tampa, Himes Avenue at Idlewild Avenue and Lambright

Street, Tampa, FL. Hyatt Survey provided survey and mapping services. Russell was the Project Manager for Himes Avenue at Idlewild Ave and Lambright Street with tasks for this project including Horizontal/Vertical Control Surveys, Right of Way Survey, Staking, Alignment of Existing R/W lines, Reference Points, Topographic survey, Drainage Survey, Control Survey, Parcel Sketches, Work Zone Safety, QA/QC, Supervision and Coordination, along with Legal Descriptions.

Hillsborough County, Lindawoods Street & Beth Court ROW and Topographic Survey, Hillsborough County, FL.

Russell performed a Topographic ROW Survey of the the limits of the topographic/DTM. Hyatt Survey located visible aboveground site improvements, utilities and appurtenances. Underground utilities were graphically depicted on the survey drawing(s). Hyatt Survey determined the site elevations of fifty (50) foot grid, at grade breaks, at changes in direction on curbing/paving within the project description.

ROLE SUE

EXPERIENCE 20 Years Total

EDUCATION HSD, Palm Harbor Preparatory

Nathan Simon

As a manager, Nathan was responsible for hiring and training SUE staff to accommodate to the needs of clients. He managed the day-to-day functions of projects for FDOT, military bases, power plants, schools, directional drill companies, private development, counties, cities, and other municipalities in Florida.

REPRESENTATIVE PROJECT EXPERIENCE

Port Tampa Bay, Geographic Information System (GIS) Utility Data Collection, Tampa, FL.

SUE Manager responsible for providing coordination and oversight of all SUE field activities for this year-long project to designate utilities within a large section of Hookers' Point for Port Tampa Bay. Utilities were designated and surveyed for inclusion in a GIS database deliverable for the Port. Nathan assisted Port Tampa Bay with locating and collecting data for all subsurface and above-ground utility appurtenances including fiber optic, water, stormwater, electric, natural gas, and ammonia. His SUE team designated all subsurface utilities within the project area which were then mapped by the surveying team. In Phase 1, a GIS database was developed to house all of the locations and required attribution. The Esri Local Government Model was used as a template, but heavily modified to fit the needs of locating underground utilities. Phase 2 involved the population of the GIS database using the Port's as-builts. Used ArcGIS for AutoCAD and Trimble Business Center to directly populate the GIS database from the as-builts.

Manatee County, Continuing Services, Manatee County, FL.

SUE Manager responsible for providing various SUE services to the County under a continuing services task work order contract. Projects performed under this contract involved subsurface utility investigations, designations, and excavation in support of roadway design, pipeline design, and water treatment plant design projects.

City of Tampa, Water Street, Tampa, FL.

SUE Manager responsible for providing coordination and oversight of all SUE field activities for over 64 acres of intense urban development. The project designated all utilities within 2.5 miles of downtown. Vacuum excavation of utilities was performed in advance of utility design to support roadway improvements and realignment of the street network. Additional vacuum excavations were performed during the construction phase for clearance of mast-arm pole foundations. The timing for this project required the management and coordination of multiple SUE teams and extensive coordination with surveying staff to confirm the complete mapping of all designated and excavated utilities.

Isabelle Albert, AICP

Isabelle has more than 25 years of experience with urban planning, zoning, and the public hearing process. She provides professional services related to land use issues, special and conditional uses, as well as zoning, community planning, subdivision regulations, and growth management regulations. Her previous experience as Principal Planner for Hillsborough County provides a unique understanding of local planning issues.

REPRESENTATIVE PROJECT EXPERIENCE

Escambia County Comprehensive Plan Review, Escambia County, FL.

Project Manager responsible for assisting in the data and analysis of the County's Comprehensive Plan, land use, zoning, population growth, existing residential development and the consideration for new residential development within the rural areas of Escambia (comprised of +/- 60% of the land). Analysis of the County's agricultural land, businesses and economy played a vital factor in determining where the County could potentially direct growth while preserving these agricultural lands within the rural area. Halff provided suggested revisions to their Comprehensive Plan and presented to the general public through workshops as well as the County's Planning Agencies.

Walden Lake, Plant City, FL. Project manager responsible for conceptual master planning of the Walden Lake Golf and Country Club in the City of Plant City. The project consisted of redevelopment of the terminated golf course area with a community that includes a variety of housing styles and a mixed-use town center. The 2,060-acre development was at the southeast of Turkey Creek Road and Sydney Road. The golf course was approximately on 290 acres.

Hillsborough County, Urban Service Area Expansion, Hillsborough County, FL.

Project manager responsible for multiple privately initiated Comprehensive Plan Amendments which lead to the expansion of the Urban Service Area within Hillsborough County approved by the Board of County Commissioners. The amendments included data and analysis, community outreach, county staff coordination and presenting at public hearings. This outcome will play a huge factor in directing our county's development growth for years to come.

City of Wimauma, Council Growers Planned Development,

Wimauma, FL. Project manager responsible for the development entitlements of a 638 +/- acre site in Wimauma, Florida. This project the first project reviewed under the new Wimauma Village Residential (WVR-2) future land use category regulations in the Hillsborough County Comprehensive Plan. The new WVR-2 regulations are very detailed and extensive in the types of developments permitted and the way they are designed. The regulations also do not allow for any variations or waiver requests. The project included a Planned Development rezoning to permit 1,816 residential units, neighborhood centers, a public school, and various recreational amenities and parks.

Brice Pinson

Brice has nine years of experience in A/E marketing for public- and private-sector clients throughout Florida. She transitioned into an urban/community planning role, providing professional services related to zoning and land use issues, community planning, real estate due diligence, and growth management regulations. Brice also leads many of Halff's public involvement meetings, giving her the insight into what policies will be best for Orange City stakeholders.

REPRESENTATIVE PROJECT EXPERIENCE

Hillsborough County, Urban Service Area Expansion, Hillsborough County, FL. Project planner responsible for multiple privately initiated Comprehensive Plan Amendments which lead to the expansion of the Urban Service Area within Hillsborough County approved by the Board of County Commissioners. The amendments included data and analysis, community outreach, county staff coordination and presenting at public hearings. This outcome will play a huge factor in directing our county's development growth for years to come.

City of Wimauma, Council Growers Planned Development, Wimauma, FL. Project planner responsible for the development entitlements of a 638 +/- acre site in Wimauma, Florida. This project was particularly challenging as it was the first project reviewed under the new Wimauma Village Residential (WVR-2) future land use category regulations in the Hillsborough County Comprehensive Plan. The new WVR-2 regulations are very detailed and extensive in the types of developments permitted and the way they are designed. The regulations also do not allow for any variations or waiver requests. The project included a Planned Development rezoning to permit 1,816 residential units, neighborhood centers, a public school, and various recreational amenities and parks.

City of Tampa, The Landing at Riverwalk Mixed-Use Development, Tampa, FL. Project planner for obtaining the entitlements for a vertical mixed-use development on a 1.27 +/- acre site within the City of Tampa. To reach the client's goal, a Comprehensive Plan Amendment was required in order to increase the permitted request for density, as well as appropriately transition land uses. A rezoning to a Planned Development and an alley right-of-way vacation was also required. The scope of the Comprehensive Plan Amendment, Planned Development rezoning, and right-of-way vacation application processes included preparing all application materials including site plans and project narratives, coordinating with other consultants for architecture, traffic, and landscape architecture/arborist services, meetings and negotiations with Hillsborough County Planning Commission and City of Tampa Development and Growth Management staff, community outreach, and representing the client at public hearings before the City Commissioners.

Jessica McRory, PE, LEED AP

Jessica has managed the geotechnical aspects of testing, design and construction for over a thousand engineering projects over the last 21 years. Her involvement has included analysis and evaluation of soil conditions pertaining to new construction design, as well as ongoing construction projects. Project experience has ranged from task order contracts to large FDOT projects. Other responsibilities have included coordinating geotechnical field and laboratory testing, as well as construction materials testing services. Evaluations have included soil and groundwater conditions, determining soil bearing capacity and consolidation characteristics and analyzing the performance of various types of foundation systems. She has provided recommendations for shallow foundations, various ground improvement techniques and deep foundation systems including driven piles, drilled shafts and augercast piles.

REPRESENTATIVE PROJECT EXPERIENCE

St. Pete Beach, Engineering and Consulting Services, St. Pete Beach, FL. Jessica and AREHNA supported this task order contract on an as-needed basis. Projects included roadway, bridge and intersection improvements, water and wastewater, stormwater and drainage, facilities, parks and seawalls. Task included a new 36-foot by 18-foot elevated platform that will house the new backup generator and a 5,600 gallon tank for the existing pump station. Jessica served as the Contract Manager and provided project oversight, field and laboratory coordination and site recommendations.

St. Pete Beach, 36th Avenue Seawall Repair, St. Pete Beach, FL. Jessica served as the Project Manager responsible for project oversight, coordinating and overseeing drilling and laboratory testing programs, providing recommendations, engineering analysis and reporting. This project consisted of replacing an approximately 30 LF section of concrete seawall with a living shoreline.

City of St. Petersburg, Geotechnical Materials Testing and Inspection Continuing Services Contract, St. Petersburg, FL. Jessica coordinated and oversaw drilling and laboratory testing programs and performed engineering analysis and reporting. The work included a variety of transportation and utility replacement projects.

Consulting Services for Stormwater Management Services, St. Petersburg, FL. Jessica served as a Project Manager and AREHNA provided geotechnical engineering support services as a subconsultant on this stormwater improvements task order contract. Multiple sites throughout the city were identified as flood prone areas with insufficient drainage. The purpose of our geotechnical study was to obtain information on the general subsurface conditions at the proposed project sites.

**moffatt & nichol****Nancy Lehr, PE, APMP**

Nancy has an extensive career spanning over 18 years of professional experience in marine structural and coastal engineering along the East Coast US, Caribbean, Ohio, and Texas coasts. She has both managed and worked on many types of marine structural projects including large port rehabilitation, marina layout and design, dredging, dredged material management, bulkhead and sheet-pile wall design, pile foundation structures, plans and specifications, and construction administration and observation. As a project manager for dozens of large and small marine structural engineering projects, she utilizes her background in structural and coastal engineering to provide an efficient design for both structural design loading and loads induced by coastal elements such as storm surge, breaking waves, and wind driven waves. She provides clients with a hands-on approach and prides herself on being responsive to client needs and expectations, and conscience of both design and construction costs.

REPRESENTATIVE PROJECT EXPERIENCE**City of Clearwater Engineer of Record (EOR) On-Call Services, Clearwater, FL.**

M&N was selected to provide Marine/Coastal and Seawall project as part of an on-call contract for Engineer of Record Consulting Services for a period of 4 years. M&N will provide a variety of projects for the City, including feasibility studies, market analysis, repair and rehabilitation design, marine and coastal engineering design, and emergency response inspections and assessments of marine facilities. Nancy was the Project Manager for multiple task orders on this contract including:

- City of Clearwater Harbor Marina Wave Attenuator Replacement
- Clearwater Harbor Marina Post-Hurricane Assessment
- Clearwater Harbor Marina North Basin Hurricane Repairs

Billfish Marina Reconstruction and Rehabilitation Project, Fort Lauderdale, FL.

Senior structural engineer overseeing structural design elements for the redevelopment of the Billfish Marina to handle mega-yachts for repair. Billfish Marina is a 7-acre yacht repair facility in need of upgrades. The main structural design elements include upgraded bulkheads to handle a 500-Ton travel lift, realignment of floating docks, upgraded pavements for the repair yard and improved drainage systems. Provided structural design and analysis oversight for the bulkhead and travel lift piers.

City of Port Richey Engineering Services Project On-Call Contract, City of Port Richey, Port Richey, FL.

Project manager and engineer of record for two task orders through a General Engineering Services contract. Led project tasks that included channel marker replacement along the Pithlachascotee (Cotee) River, channel extension design for Channel 20 and associated seagrass mitigation. Nancy oversaw the design and calculations for the associated pieces of each of the separate task orders.

Isaac Canner, PE

As a waterfront structural engineer, Isaac Canner regularly provides inspection, planning, analysis, design, construction documents, and bid/post-construction-award services for repair, rehabilitation, and modernization of waterfront facilities. Typical waterfront structure projects have included piers, wharves, bulkheads, quay walls, fender/mooring systems, and floating docks for the U.S. Navy, government agencies, port authorities, and other clients. Also, as an ADCI-certified commercial diver, Isaac is an integral part of M&N's Inspection and Rehabilitation practice providing extensive experience with waterfront facility inspection and condition assessment.

REPRESENTATIVE PROJECT EXPERIENCE

Bird Key Yacht Club, Bird Key Yacht Club Marina Renovation, Tampa, FL. Project engineer responsible for the replacement of existing Marina, including docks, bulkhead, utilities, boat lifts, marina fuel system, water, sewer and electrical utilities, and maintenance dredging. Project tasks included preparation of a design-build request for proposal package, performance design requirements, concept drawings, and local, state, and federal permit applications for in-water work.

City of Tampa, Julian B. Lane Park Renovation. Tampa, FL. Structural engineer for the assessment of existing concrete sheet pile bulkheads, and the design of new bulkheads, walkways and docks as part of redevelopment of a 23-acre park along the Hillsborough River in Tampa. The waterfront elements of the park are geared towards increasing public access to the waterfront, including non-motorized boat launches, transient boat docks, and water taxi stops.

Port Tampa Bay, General Engineering Services Contract, Tampa, FL. Structural engineer and task manager for multiple task orders under PTB's General Engineering Consultants Contract. Task orders have included engineering design and preparation of construction documents, construction support services, waterfront structural inspections, and preparation of condition assessment reports.

City of Tampa, Citywide Dock Design Report, Tampa, FL. Project manager and lead structural engineer for assessment of more than 30 boardwalks, docks, and footbridges at 10 city parks around Tampa. A report was prepared with an asset inventory of the structures for planning future maintenance and capital improvement projects. The report included condition ratings, repair recommendations, and opinions of probable construction cost for planning for the repair and/or replacement of each structure.

Mike Herrman, PE

Mike's responsibilities include serving as project engineer or project manager on a wide range of waterfront, marina, coastal processes, environmental restoration, shore protection, and navigation improvement projects. He conducts marina feasibility and market assessment studies for boating regions throughout the US, the Caribbean, and Central America. Related design experience includes planning, engineering, environmental impact assessments, including marina water quality assessments, permit facilitation, and construction support services. Specific design experience includes design of navigation, dredging, dock systems and marina related elements.

REPRESENTATIVE PROJECT EXPERIENCE

City of Sarasota, Sarasota Bayfront – “The Bay,” Sarasota, FL.

Planner responsible for waterfront activation for the project master plan. Attended early public sessions to garner feedback on site opportunities then used that feedback to develop a waterfront activation program that included water taxi and ferry access as well as day docking for recreational boating while maintaining functionality at the existing boat ramp facility. The waterfront also includes personal watercraft launching and use areas. Worked with the lead consultant and owner to gather public input on the various concepts and used that feedback to refine the preferred concept. Mike assisted with the organization and presentation to a local boating working group to further vet the waterfront activation concepts.

City of Clearwater, Clearwater Comprehensive Boating Plan, Clearwater, FL.

Project manager and lead analyst responsible for developing a comprehensive boating plan to elevate the City of Clearwater's Downtown Marina into a regional boating destination. The plan identified other regional boating destinations and identified features of those facilities to determine those common to boating destinations.

St. Petersburg Transient Dock Wind and Wave Study, St.

Petersburg, FL. Project Manager responsible for analyzing wind and wave data for Tampa Bay to develop localized wave conditions for a 20-slip transient dock to support day visitors to downtown St. Petersburg. Also prepared a Boating Infrastructure Grant Program application for approximately \$1,000,000 to support design and construction of the dock. Services included performing spectral wave modeling of Tampa Bay in the project vicinity along with localized Boussinesq wave modeling of the harbor where the docks will be located. The results of the study were used to develop performance specifications for floating transient docks. The grant application was approved, and the City is moving forward with design and permitting of the docks.

City of Tampa Docks and Boardwalks Assessment, Tampa, FL. Quality assurance reviewer for City of Tampa project to inspect and evaluate select City owned dock and boardwalk structures located throughout the City. Reviewed the prepared report for completeness against the agreed scope and verified the technical accuracy of the report conclusions.

Exhibit B - Forms

PUBLIC ENTITY CRIMINAL AFFIDAVIT

IV. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES
THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER
OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: Brandyn Littleton,
(Print individual's name and title)

for: Half Associates, Inc.
(Print name of entity submitting sworn statement)

at: 1000 N. Ashley Drive, Suite 900, Tampa, FL 33602
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

75-1308699
(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in Section 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid, proposal, reply, or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Section 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in Section 287.133 (1)(a), Fla. Stat., means:
 - a. A predecessor or successor of a person convicted of a public entity crime or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).
- ☐ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.
- ☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.
- ☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLA. STAT., FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

NON-COLLUSION AFFIDAVIT

V. NON-COLLUSION AFFADAVIT

STATE OF Florida
COUNTY OF Hillsborough

I state that I, Brandyn Littleton of Halff Associates,
(Name and Title) (Name of Firm)

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication, or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. Halff Associates, its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material, important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

Name of Organization: Halff Associates Inc.

II. GENERAL CONDITIONS

REQUEST FOR QUALIFICATIONS

Engineering and Consulting Services |

REQUEST FOR QUALIFICATIONS SUMMARY

The City of St. Pete Beach is accepting sealed Summary of Qualifications (SOQ) submittals from qualified firms for Engineering and Consulting Services. The City will be selecting at least five (5) firms or more for a three (3) year term with two (2) one-year contract renewal options. |

SUBMITTER INFORMATION

All Submitters must contact the City's Procurement Manager, in writing via e-mail (jtaylor@stpetebeach.org), with their intention to submit, along with their company name and contact information at least ten business days before the submittals are due. The City is not responsible for any Addendums or other supplementary information that is not received due to non-submittal of the aforementioned information. Please refer back to the city website (<http://www.stpetebeach.org/>) for additional project information as it becomes available. The City reserves the right to decide whether to provide addendums or not. The City is not required to provide any additional information.

MANDATORY PRE-SUBMITTAL MEETING

A **MANDATORY** pre-submittal meeting will be held **3/26/2025** at **11:00 AM EST** via TEAMS Video conference/Teleconference. Please contact the City's Procurement Manager (jtaylor@stpetebeach.org) for a meeting invitation and TEAMS Meeting instructions.

QUALIFICATIONS SUBMITTALS

Submittal documents must include all items listed under the Submission Instructions Section of the Request for Qualifications (RFQ).

Submissions should be made electronically either to DemandStar or Bonfire by the due date. Only electronic submissions will be accepted.⁹

The deadline for submissions is at Time **9:00 AM EST on 4/23/2025 (Deadline)**. Any electronic qualifications not received by this deadline will not be accepted – NO EXCEPTIONS.

Clearly marked Each Submittal with the service type you are bidding on.

Electronic submissions will be publicly opened and read right after the submittal deadline.

Openings are typically opened in Commission Chambers and are open to the public to witness, if desired.

CONTACT INFORMATION

John Taylor – Procurement Manager

Mailing Address - 155 Corey Avenue, St. Pete Beach, Florida 33706

Phone - (727) 363-9279

E-mail - jtaylor@stpetebeach.org |

WRITTEN REQUESTS FOR INTERPRETATIONS/CLARIFICATIONS

No oral interpretations will be made to any firms as to the meaning of the scope of work or any other contract documents included in this RFQ. All questions pertaining to the terms and conditions or scope of work of this Request for Qualification (RFQ) must be sent in writing (e-mail is acceptable) to the City Procurement Manager and shall be received no later than **10:00 AM EST on 4/16/2025**. Responses to questions may be handled as an Addendum if the response would provide clarification to the requirements of the **RFQ**. All such Addenda shall become a part of the contract documents. The City will not be responsible for any other explanation or interpretation of the proposed **RFQ** made or given prior to the award of the contract. The City will not respond to questions received after the specified deadline. The City reserves the right to respond to any and all questions but is not required to do so.

SCOPE OF WORK

The scope of work consists of providing project specific civil engineering, architectural, mapping and other related services for the City on an as-needed basis for miscellaneous current and future projects. As this contract is issued in accordance with Florida Statutes 287.055, the Consultants' Competitive Negotiation Act, projects issued under the awarded contracts will be limited to those in accordance with limits established for a "continuing contract". The City anticipates awarding multiple contracts within the following categories:

A. General Engineering Design Services

- a. Roads including asphalt, concrete, shell permeable alternatives and multimodal implementation.
- b. Bridges, components above and below the water line including rehabilitation or replacement of all components and inspections.
- c. Asbestos, lead based paint, petroleum and other hazardous, toxic radioactive waste investigations and remediation services.
- d. Geotechnical soil investigations.
- e. Stormwater including all components of conveyance systems for gravity flow and force main pump systems.
- f. Sanitary including all components of conveyance systems for gravity flow, force main flow, pump stations, lift stations, and air release. All requirements for operational control of pump and lift stations including power and electronic controls.
- g. Electrical requirements including conventional facilities, transmission, distribution, alternative power sources and emergency power alternatives.
- h. Vertical Building Construction and Renovation
 - i. All functional aspects
 1. Roofing
 2. Doors
 3. Windows
 4. Plumbing
 5. HVAC
 6. Flooring
 7. Electrical
 8. Communications
 9. Interior and exterior functionality design etc. including LEED technology implementation techniques up to and including certification.

B. Transportation Planning and Design Services

- a. Transportation planning for multi-modal forms of transportation (separate or integrated) including pedestrian, bicycle, scooter, skateboard, electric bicycle, motorcycle, internal combustion engine vehicles, hybrid vehicles, electric vehicles, alternative power source vehicles, service vehicles, oversized vehicles and any other means of transportation.

- b. Traffic engineering including management of multi-modal forms of transportation, traffic control, traffic counts and any form of a traffic study or traffic evaluation.
- C. Architectural Design Services
 - a. Building design
 - i. New and renovations, including facilities associated with government services such as
 - 1. City Hall
 - 2. Recreational
 - 3. Library
 - 4. Public Works
 - ii. Inclusion of public art on any type of infrastructure including buildings, walls, streets, sidewalks, parks, seawalls and any other infrastructure.
 - b. Landscaping Design
 - i. Parks
 - ii. Gardens
 - iii. Parking lots
 - iv. Right of ways
 - v. Mechanical heat reduction techniques applicable to hard infrastructure such as streets and sidewalks and soft infrastructure utilizing shade canopy concepts.
- D. Survey Services
 - a. Building
 - b. Land
 - c. Easements, rights of way
 - d. Platting research
- E. Marine Facilities
 - a. Seawalls including concrete, vinyl, sheet pile and living shoreline
 - b. Piers
 - c. Docks, floating or static
 - d. Pilings, individual or group replacement
 - e. Pilings supporting waterway signage, including signage and mountings
 - f. Beach pedestrian and vehicle access ways
 - g. Sand dune restoration, nourishment and preservation techniques including plantings
- F. Community Development and Planning Services
 - a. Plans Review
 - b. Building Inspections
 - c. Permit Review
 - d. Fire and Safety Inspectors
 - e. Workload management assistance, cost for employee support for a-d above
- G. Urban Development Planning
 - a. Comprehensive Plan Review
- H. ADA Compliance Review and Implementation Planning
 - a. Website Compliance
 - b. Physical Compliance
 - c. Review of projects for compliance
 - d. Investigating complaints and recommending corrective action.
- I. Financial Services
 - a. Grant
 - i. Acquisition
 - ii. Identification
 - iii. Writing
 - iv. Submissions
 - v. Management review
 - b. Investor Services

- c. Insurance Policy Review and recommendations, medical, dental, facility, vehicle and other applicable to City management
- d. Financial Audit Services
- e. Risk Management for insurance claims
- J. Information Technology Services
- K. Soil and Material Testing
 - a. Perform foundation excavations to perform design bearing pressure.
 - b. Perform fill density testing of backfill material compaction
 - c. Provide field inspection of reinforced Concrete structures
 - d. Provide concrete and grout material testing services to ensure compliance of materials and placement methods with the contract documents
 - e. Provide proof-rolling observations and corrective recommendations/Ground Water presence and corrective action recommendations if necessary
 - f. Soil boring for soil type identification and rock
 - g. Others related soil and material inspections, other specialty inspection services (masonry, steel reinforcement, asphaltic pavement, etc.
 - h. In-place density test
 - i. Modified proctor tests
 - j. Three (3) point LBR tests
 - k. Compressive strength tests for concrete cylinders
 - l. Environmental Testing/monitoring/ (asbestos, lead, water contamination, pollution/chemical testing, and other environmental
 - m. Other tests that may be required.
 - i. All geotechnical and Material Testing will be performed under the direct supervision of a Licensed Professional Engineer in the St. of Florida.
 - ii. All testing shall be performed in accordance with United States Bureau of Reclamation (USBR or their ASTM or AASHTO equivalent Test.
 - iii. Contractors shall provide certified personnel to perform all field and laboratory testing services. Include all safety and training and all other pertinent laboratory training.
 - iv. Contractor is responsible for vehicular transportation to and from each project site including collection and hauling of all test specimens, as required.
 - v. Contractor shall possess all computer hardware, software , printers/plotters, scanners, copiers and trained personnel to provide digital or hard copy test results including field notes, sketches, electronic data files, AutoCAD exhibits, maps certified test results, etc. ...as requested by the City.
 - vi. Other test requirements as requested by the City of St. Pete Beach.

Each Submitter must identify in its submittal which categories it wants to be considered and evaluated for. Each submitter may identify more than one category if it can provide said services.

Consulting firms will be working on an as-needed basis, and this contract does not guarantee the consultants selected a minimum number of projects. Consulting firms may also be asked to provide engineers for emergency inspections following a natural disaster. The City reserves the right to issue separate engineering contracts for specific services at the city's sole discretion.

The consulting firm shall assist the City towards solutions to engineering problems and the approach or technique to be used towards accomplishing the City's objective for each project or assignment. The engineering services may include, but not be limited to, design, surveys, reviews, construction specifications, emergency inspections, and permitting. |

MINIMUM QUALIFICATIONS

SOQs will be considered from firms normally engaged in implementing the services requested. To be eligible for award, submitters must:

1. Be licensed in the State of Florida
2. Possess a minimum of five (5) years' experience in performing similar work
3. Have completed three (3) projects in the past five (5) years of a similar size, scope and complexity (See Section III for sample projects anticipated to be issued as Task Orders under awarded contracts).

Submitters shall present their SOQ as outlined in the submission instructions section of this document. Respondents must have adequate organization, facilities, equipment and personnel to ensure prompt and efficient service to the City of St. Pete Beach. The City reserves the right, before recommending any award, to inspect the facilities and organization or to take any other action necessary to determine ability to perform in accordance with the specifications, terms, and conditions of the Contract. The City of St. Pete Beach will determine whether the evidence of the ability to perform is satisfactory and reserves the right to reject all SOQs.

SUBMISSION INSTRUCTIONS

The purpose of this section is to provide information related to the qualifications of interested firms to perform the service requested herein. Response to all subsets of this section is mandatory. Failure to provide the requested information may result in a submittal being deemed non-responsive. A non-responsive submittal will not receive further consideration. Upon submission, all submittals become the property of the City of St. Pete Beach and are subject to public records laws. All expenses, including travel expenses for interviews, incurred in the preparation of the submittal shall be borne by the submitter.

The following information shall be provided in the order detailed:

- a. **Title Page** - List the RFQ subject, the name of the firm, local address, telephone number, name of contact person, and e-mail address of contact person.
- b. **Table of Contents** – Include a clear identification of the material included in the submittal by page number.
- c. **Letter of Interest** – Limit one (1) page. Make a positive commitment to perform the required work. Also provide the name(s) of the person(s) who will be authorized to make representation for your firm, their title, telephone number, and e-mail address.
- d. **Statement of Qualifications and Profile of Firm** – Limit eight (8) pages. State the size of staff, number of registered professionals and overall experience of the assigned staff for this assignment. Include technical background, experience information, and other applicable data on proposed personnel and any proposed sub-consultants. Include an organizational chart of the project team and describe the communication processes to be used within the project team. State whether your firm is local, national or international in size. Give the location of the office from which the work is to be done.
- e. **Services Approach** – Limit five (5) pages. Include a general synopsis of the firm's approach and understanding of the work required. Include the firm's Quality Assurance Control program or policy.
- f. **References** - Limit ten (10) pages. Provide information for those projects which have been successfully completed which are similar to those required under this assignment. Please include projects recently completed within the last five (5) years. Additionally, document that the respondent has provided services for three (3) contracts to other local governments similar to this contract. References shall include:

- i. Client name, address, phone number, e-mail address.
 - ii. Description of the scope of the work.
 - iii. Month and Year the project was started and completed.
 - iv. Total cost and professional service fees paid.
 - v. Role of the firm and the responsibilities.
- g. **Insurance Requirements** – Provide proof of insurance in accordance with the insurance requirements section included in this RFQ.

Full resumes are to be attached as exhibits to the Submittal. Please provide the brief descriptions and information as stated. Additional exhibits to the submittal are acceptable, however, any attachments provided do not take the place of the written requirements as listed above. Resumes are not to exceed two (2) pages per person.

Please direct all technical inquiries concerning this RFQ in writing to the City Contact listed above. Questions must be submitted no later than ten (10) days prior to the submittal due date.

EVALUATION AND SELECTION OF CONSULTANT

A City review team will evaluate each firm's SOQ based upon the criteria stated in this RFQ and the ability to execute the services. As part of the evaluation process, the team may request a sit-down interview with prospective firms. Following the evaluation process, the City will then select the firm(s) considered most qualified. The successful firm(s) will be required to enter into a contract similar to the one included in this RFQ. The City reserves the right to negotiate modifications to any SOQ that it deems acceptable. The City reserves the right to terminate negotiations in the event it deems the progress towards a contract to be insufficient.

Submittals will be evaluated in accordance with the criteria listed below:

- Qualification of the Project Team
- Qualifications of the Sub-Consultants
- Firm's Experience Working on Public Works Projects
- Firm's Experience Working with the City of St. Pete Beach
- Quality Assurance Control Program/Policy
- Applicable Project References that reflect and demonstrate the Firm's competence in the design/engineering focuses requested by the City.
- Applicable Contract References that reflect and demonstrate the Firm's past performance on other local government contracts.
- Location of Firm
- Quality of SOQ – firm met all requirements requested under Submission of Submittals

RESERVES THE RIGHT

The City reserves the right to reject any and all submittals, or any part of any submittal, to waive any irregularities or informalities in any submittal, and to accept that submittal which is deemed to be the most qualified and in the best interest of the City. The City of St. Pete Beach reserves the right to establish additional contracts that may be similar in nature to any contract resulting for this Request for Qualifications as best serves the needs of the City.

DESIGNATED CONTACT

The awarded firm shall appoint a person to act as a primary contact with the City. This person or back-up shall be readily available during normal working hours by phone or in person and shall be knowledgeable of the terms of the RFQ and the services being requested.

INSURANCE REQUIREMENTS

Include in proof of Insurance furnished by the firm's carrier to guarantee the engineering firm is insured.

The awarded firm must file with the City of St Pete Beach certificates of insurance prior to commencement of work evidencing the City as a certificate holder as additionally insured with the following minimum coverage:

Commercial General Liability Insurance coverage, including but not limited to premises operations, products/completed operations, product liability, contractual liability, personal injury, death in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 general aggregate.

Commercial Automobile Liability Insurance for any owned, non-owned, hired or borrowed automobile in the minimum amount of \$1,000,000 combined single limit.

Worker's Compensation/Employer's Liability Insurance as required by Florida Law for all applicable employees, agent, representatives and subcontractors, if any.

Professional Liability Insurance the Consultant will carry professional liability Errors and Omissions Insurance during the terms of this Agreement which will cover liability for any damage or non- performance on account of any error, omission, or other provable negligence caused by the Consultant in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 general aggregate

INDEMNIFICATION

The Respondent shall hold harmless the City, its officers and employees, from liabilities, damages, losses and costs, including but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Respondent and any persons employed or utilized by the Respondent in the performance of the Contract.

ASSURANCES

The responding firm shall provide a statement of assurance that the firm is not presently in violations of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida and ordinances and regulations of the City of St. Pete Beach will apply.

LOCAL, STATE AND FEDERAL COMPLIANCE REQUIREMENTS

The Consultant shall comply with all local, state, and federal directives, orders and laws as applicable to the Contract.

Compliance with Fla. Stat. 448.095:

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Consultant must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp/>, to verify the employment eligibility of all employees hired on or after January 1, 2021 during the term of this Agreement.
- b. Subconsultants:
 - i. Consultant shall also require all subconsultants performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement.
 - ii. Subconsultants shall provide Consultant with an affidavit stating the subconsultant does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095

- iii. Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat.448.05 by January 1, 2021. Evidence may consist of, but is not limited to, providing notice of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs (if necessary). Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of 1 year after date of termination.

PROJECT RECORDS

The awarded firm shall maintain auditable records concerning the procurement to account for all receipts and expenditures, and to document compliance with the Contract. These records shall be kept in accordance with generally accepted accounting methods, and the City of St. Pete Beach reserves the right to determine the record-keeping method in the event of non-conformity. These records shall be maintained for three (3) years after final payment has been made and shall be readily available to City personnel with reasonable notice, and to other persons in accordance with the Florida Public Disclosure Statutes.

Upon completion of the project, all reports, studies, recommendations, forms, and other project specific information will need to be submitted in paper and in an electronic file format (PDF) on USB storage device or web-based archive.

DEVIATIONS FROM SPECIFICATIONS

Respondents shall clearly indicate, as applicable, all areas in which the items/services proposed do not fully comply with the requirements of this RFQ. The decision as to whether an item fully complies with the stated requirements rests solely with the City.

NO COLLUSION

By offering a submission to this Request for Qualifications, the responder certifies that no attempt has been made or will be made by the responder to induce any other person or firm to submit or not to submit a submission for the purpose of restricting competition. The only person(s) or principals(s) interested in this submission are named therein and that no person other than those therein mentioned has/have any interest in this submission or in agreement to be entered. Any prospective firm should make an affirmative statement in its proposals to the effect that, to its knowledge, its retention would not result in a conflict of interest with any party.

BACKGROUND CHECKS

The Code of Ordinances may require a Consultant or sub-consultant who performs work in or on City property to provide a criminal background check for any employee of the company who will do the work in or on city property. Criminal background checks shall mean a level (1) one background check as defined by F.S. § 435.03. The Consultant shall, at its expense, obtain a criminal background check for each of its employees having access to City property prior to beginning the work, and depending on the contract's term, on an annual basis thereafter. The Consultant must ensure a similar background check has been done of its subconsultants' employees who will have access to City property.

The Consultant shall be required to submit an affidavit on the form provided certifying that background checks

shall be completed for all employees who will perform work on city property. The Consultant shall conduct the background checks prior to any work being performed. Consultant shall maintain such records during the contract period and for one year thereafter and shall make such records available for inspection and verification by City.

If such a check reveals a conviction or a plea of nolo contendere, regardless of when the plea or conviction occurred, which includes a felony or misdemeanor involving terrorist behavior, violence, use of a dangerous weapon, crimes of moral turpitude or breach of trust/fiduciary responsibility or which raises concerns about building, system, or personal security or is otherwise a job-related crime, the awarded Proposer shall not assign the individual to any City property. If such a check reveals any of the foregoing after access has already been granted, any access privileges already granted shall be immediately revoked and shall not be reinstated without the City's express written authorization. In the event that the Proposer intends to hire new personnel to perform the required services, the background checks should be initiated at the time of the hire.

The City reserves the right to approve or disapprove whether the Consultant's employees perform the services for the City. Disapproval would apply solely to this contract and shall have no bearing on the Proposer's employment of an individual outside of this contract.

CONE OF SILENCE

During the course of a competitive solicitation, a Cone of Silence shall apply as follows:

A Cone of Silence shall be in effect during a Competitive Solicitation beginning upon the advertisement for requests for proposals, requests for qualifications and competitive bids. The Cone of Silence shall terminate at the time the City Commission makes final award of a bid or gives final approval of a contract or contract amendment, rejects all bids or responses to the Competitive Solicitation, or takes other action which ends the Competitive Solicitation. The Cone of Silence shall continue through the negotiation phase for requests for proposals and requests for qualifications and shall not end until the Commission gives final approval of the contract.

Any person or entity that seeks a contract, contract amendment, award, recommendation, or approval related to a Competitive Solicitation or that is subject to being evaluated or having its response evaluated in connection with a Competitive Solicitation, including a person or entity's representative shall not have any communication with any City Commissioner, the City Manager and their respective support staff or any person or group of persons appointed or designated by the City Commission or the City Manager to evaluate, select, or make a recommendation to the City Commission or the City Manager regarding a Competitive Solicitation.

The Cone of Silence shall not apply to written or oral communications with legal counsel for the City or the Purchasing Manager for the City.

Any action in violation of this section shall be cause for disqualification of the bid or the proposal. The determination of a violation shall be made by the City.

PUBLIC RECORDS/CONFIDENTIAL INFORMATION

Florida law provides that municipal records shall at all times be open for personal inspection by any person, unless otherwise exempt. Information and materials received by the City in connection with a Proposer's response shall be deemed to be public records subject to public inspection. However, certain exemptions to the public records law are statutorily provided for in Section 119.07, Florida Statutes. Florida Statutes provide an exemption from public records law for sealed bids, proposals, or replies received by an agency pursuant to a competitive solicitation until such time as the agency provides notice of an intended decision or until 30 days after opening the bids, proposals, or final replies, whichever is earlier.

If the Proposer believes any of the information contained in the response is exempt from the Public Records Law,

then the Proposer must in the response specifically identify the material which is deemed to be exempt and cite the legal authority for the exemption, otherwise, the City will treat all materials received as public records.

PUBLIC ENTITY CRIMES INFORMATION STATEMENT

A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a Proposer, supplier, sub-consultant, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for category two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

CONFLICT OF INTEREST

The Proposer acknowledges and confirms that they presently have no interest and shall not acquire any interest, directly or indirectly, which would conflict in any manner or degree with the performance of the services hereunder. The Proposer further covenants that no person having any such known interest shall be employed or conveyed an interest, directly or indirectly, in the contract.

No contract will be awarded to a Proposer who has City elected officials, officers or employees affiliated with it, unless the Proposer has fully complied with current Florida Statutes and City Ordinances relating to this issue. Proposers must disclose any such affiliation. Failure to disclose any such affiliation will result in disqualification of the Proposer and removal of the Proposer from the City's Proposer's List and prohibit the proposer from engaging in any business with the City.

TERMINATION

The resulting contract may be canceled by the City when:

- Sufficient funds are not available to continue its full and faithful performance of the contract.
- Sub-standard or non-performance of contract.
- The City wishes to terminate at any time and for any reason, upon giving thirty (30) days prior written notice to the Consultant.

FISCAL NON-FUNDING

If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Contract immediately upon written notice to the Consultant.

SUBMITTAL WITHDRAWAL

After submittals are opened, corrections or modifications to submittals are not permitted, but a respondent may be permitted to withdraw an erroneous submittal prior to the award by the City Commission, if the following is established:

- a. The respondent acted in good faith in submitting the submittal;
- b. In preparing the submittal there was an error of such magnitude that enforcement of the submittal would result in severe hardship upon the respondent;

- c. The error was not the result of gross negligence or willful inattention on the part of the respondent;
- d. The error was discovered and communicated to the City within twenty-four (24) hours of submittal opening, along with a request for permission to withdraw the submittal; and
- e. The respondent submits documentation and an explanation of how the error was made.

TAXES, FEES, CODES, LICENSING

The Consultant shall be responsible for payment of all required permits, licenses, taxes, or fees associated with the project. The Consultant shall also be responsible for compliance with all applicable codes, laws, and regulations.

CONTRACT MODIFICATIONS

The Continuing Contract for Professional Design Services by which the selected contractors will be bound by is attached. Any requested changes must be negotiated and completed during the solicitation process via addendums. No changes to the contract will be made after the submittal deadline.

III. SERVICE TYPES

Some of the Services required of the Consultant within the technical areas identified above include, but are not limited to, the following:

- Prepare feasibility and conceptual planning documents.
- Provide research, attendance at meetings, and preparation of presentation materials, reports and correspondence.
- Prepare and/or assist with the preparation of grant applications and attendance at meetings with grant officials.
- Assist in the review and development of ordinances.
- Provide public education/notification assistance.
- Prepare engineering designs, calculations, plans and specifications, contract bid documents, and cost estimates.
- Prepare base maps, preliminary layouts, estimates of probable costs, engineering analysis and alternatives as requested.
- Submit construction documents as needed to the City and other agencies having an interest or jurisdiction over the project.
- Prepare short-term and long-term planning documents, master plans, or provide input to the City's master plans, capital improvement program, and maintenance needs.
- Participate in construction administration as required by the City.
- Prepare formal or informal feasibility studies as necessary to assist the City in responding to capital improvement needs.
- Analysis of existing infrastructure and available capacity to serve proposed capital improvement projects.
- Prepare legal descriptions, exhibits, and surveys.
- Provide expert witness testimony.
- Prepare appropriate permitting documents and obtain and/or assist the City in obtaining permits from applicable agencies.
- Represent the City with regulatory agencies.
- Prepare periodic project status reports.
- Prepare and furnish bidding documents and assist the City in the preparation of other related documents.
- Attend bid openings, prepare bid tabulation sheets, and assist the City in the evaluation of bids or proposals.
- Issue addenda as appropriate to clarify, correct, or change the bidding documents.
- Participate in pre-construction conference as requested by the City.
- Review and determine acceptability of construction submittals, including shop drawings, progress schedule, schedule of values, etc.
- Review and provide recommendations to request for information, request for changes, and claims to the City arising during construction activities.
- Make periodic construction site visits for the purpose of determining general compliance with the approved drawings, plans, and specifications as requested by the City.
- Review as-built drawings provided by the construction contractor and provide written comments to the City.
- Provide services related to construction administration and inspections, and/or specialty inspection.
- Provide project management services and act as an extension of the City's staff for the design, bidding, and construction management of municipal projects as requested by the City.

IV. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES
THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER
OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: _____
(Print individual's name and title)

for: _____
(Print name of entity submitting sworn statement)

at: _____
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in Section 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid, proposal, reply, or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Section 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in Section 287.133 (1)(a), Fla. Stat., means:
- a. A predecessor or successor of a person convicted of a public entity crime or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☐ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLA. STAT., FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

CITY OF ST. PETE BEACH, FLORIDA
Continuing Contract for Professional Design Services

[Insert consultant and/or purpose for contract]

This is a Contract (the “Contract”) entered into by and between the City of St. Pete Beach (hereinafter "CITY") and [insert consultant’s corporate name] (hereinafter "CONSULTANT"). The CITY and CONSULTANT together shall be referred to as the “Parties.”

WHEREAS, the CITY desires to retain the CONSULTANT to perform Continuing Professional Design Services for the CITY, more fully described below in the “scope of services” section.

WHEREAS, the CITY desires to employ the CONSULTANT for the Continuing Professional Design Services and other services upon the terms and conditions hereinafter set forth, and the CONSULTANT is desirous of performing such services upon such terms and conditions.

WHEREAS, the CONSULTANT has been selected to perform these professional services pursuant to the provisions of the “Consultants’ Competitive Negotiation Act” in Section 287.055; Florida Statutes, and all applicable CITY rules, regulations and policies.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

SECTION 1 – GENERAL.

- 1.1 The above recitals are true and correct, and incorporated as part of this Contract.
- 1.2 CONSULTANT shall be defined herein to include all principals of the firm of, including full time employees, professionals or otherwise, and all servants, agents, employees and/or subconsultants retained by the CONSULTANT to perform its obligations hereunder. Subconsultants shall be reviewed and approved by the CITY prior to Notice to Proceed with their prospective work assignments.
- 1.3 “Professional services” means those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered surveying and mapping, as defined by the laws of the state, or those performed by any architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.

- 1.4 Prior to the start of any work under this Contract, the CONSULTANT will have submitted to the CITY a detailed resume of key engineering personnel that will be involved in performing services requested by the CITY. The CITY hereby acknowledges its acceptance of such personnel to perform services under this Contract. At any time hereafter that the CONSULTANT desires to change the key personnel in an active assignment, it shall submit the qualifications of the new personnel to the CITY for prior approval. Key personnel shall include principals-in-charge, project managers and project engineers. The provisions of this Section do not apply to personnel temporarily assigned to perform service under this Contract for durations of one (1) week or less.
- 1.5 The CONSULTANT acknowledges that the CITY has retained other consultants, engineering and otherwise, and the coordination between said consultants and the CONSULTANT may be necessary from time to time for the successful completion of the Assignments. The CONSULTANT agrees to provide such coordination as necessary within the Scope of Services.
- 1.6 The CONSULTANT acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Contract.
- 1.7 The CONSULTANT will maintain an adequate and competent staff of professionally qualified persons throughout the performance of this Contract to ensure acceptable and timely completion of the Assignment.
- 1.8 Requirements for sealing all plans, reports and documents prepared by the CONSULTANT shall be governed by the laws and regulations of the State of Florida and the requirements of any regulatory agency, if required.
- 1.9 This Contract may be executed by the parties in counterpart originals with the same force and effect as if fully and simultaneously executed as a single original document. The "Effective Date" of this Contract shall be the date this Contract has been executed by all parties.

SECTION 2 – SCOPE OF SERVICES.

- 2.1 The CONSULTANT shall diligently and in a professional and timely manner perform the work included in the Scope of Services as listed generally in the Request for Qualifications (RFQ) attached and incorporated in this Contract as Exhibit A. Unless modified in writing by the parties hereto, duties of the CONSULTANT shall not be construed to exceed those services specifically set forth herein.
- 2.2 GENERAL. The CONSULTANT agrees to perform those services described in Exhibit A – RFQ, dated [Click or tap to enter a date.](#), which is attached hereto and made a part hereof.

- 2.3 **ADDITIONAL SERVICE.** The CITY and the CONSULTANT agree that there may be certain additional services required to be performed by the CONSULTANT during the performance of the Scope of Services that cannot be defined sufficiently at the time of execution of this Contract. Such services shall be authorized in writing as Task Orders and shall be undertaken only under terms of formal amendments to this Contract.
- 2.4 **TASK ORDERS.** Additional services to be provided by the CONSULTANT shall be authorized in writing as Task Orders. Task Orders to be provided shall be prepared on the form delineated as Exhibit B - which is attached hereto and made a part hereof. **[DON'T FORGET TO ATTACH YOUR TASK ORDER FORM AS EXHIBIT B. WE DISCUSSED THIS WITH MIKE WHO SAID YOU COULD PREPARE A STANDARD ASSIGNMENT LETTER AND THEN DELETE THIS SENTENCE].** Each Task Order shall include: a detailed description of the work to be performed; a schedule of completion (including phases) for the work authorized; and the amount and method of compensation. Task Orders shall be dated and serially numbered annually. The Task Orders may contain additional instructions or provisions specific to the authorized work for the purpose of expanding upon certain aspects of this Contract pertinent to the work to be undertaken. Such supplemental instructions or provisions shall not be construed as a modification of this contract.
- 2.5 The CITY Manager or his/her designee may authorize Task Orders for services under this continuing contract, which are equal to or less than limits prescribed for Continuing Contracts under the provision of F.S. 287.055(g) or limits set by the CITY's rules, regulations, and policies. Professional fees under such specified Task Orders shall be based on a written proposal from the CONSULTANT as may be requested in writing by the CITY's designated representative, who shall process the proposal through the appropriate departments at the CITY. A single unitary task may not be divided into more than one task for the purpose of qualifying for authorization hereunder. Nothing in this paragraph is intended to limit any other rights, responsibilities, and duties of the parties under any other provision of this continuing contract.

SECTION 3 – CITY'S RIGHTS AND RESPONSIBILITIES.

The CITY shall provide the service described below in a timely fashion at no cost to the CONSULTANT:

- 3.1 Furnish the CONSULTANT with existing data, records, maps, plans, specifications, reports, fiscal data and other information that is available in the CITY's files, necessary or useful to the CONSULTANT for the performance of the assignment. All of the documents conveyed by the CITY shall be and remain the property of the CITY and shall be returned to the CITY upon completion of the assignment to be performed by the CONSULTANT.
- 3.2 Make CITY personnel available when required and necessary to assist the CONSULTANT. The availability and necessity of said personnel to assist the CONSULTANT shall be determined solely at the discretion of the CITY.

- 3.3 Provide access to and make provisions for the CONSULTANT to enter upon the project lands as required for the CONSULTANT within a reasonable time, to perform surveys, observations and other work as necessary to complete the assignment.
- 3.4 Examine all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and render written decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- 3.5 Transmit instructions, relevant information and provide interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- 3.6 Give prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any development that affects the scope of timing of the CONSULTANT's services or becomes aware of any defect or changes necessary in the work of the CONSULTANT.
- 3.7 Arrange for submission of necessary permits/applications to governmental bodies as prepared by the CONSULTANT.
- 3.8 Furnish approvals and permits from all governmental authorities having jurisdiction and such approvals and consents from others as may be necessary for completion of the assignment not covered under the assignment.

SECTION 4 – COMPENSATION.

- 4.1 GENERAL. Compensation to the CONSULTANT for services performed pursuant to this Contract shall be in accordance with the following method or compensation, as defined and indicated a the "Lump Sum Method."

The type and amount of compensation for each Task Order shall be described on the Task Order form included in "Exhibit B."

4.2 LUMP SUM METHOD

- a. Lump Sum compensation shall be the total fixed price amount payable under the Lump Sum Method (including all payroll costs, overhead costs, other direct costs, fees, subconsultants' and specialist costs), for the services to be provided in the Task Order unless there is a change in the scope of the work, or other conditions stipulated in the Task Order, and the Task Order is modified by both the CITY and CONSULTANT to reflect the change(s) by formal amendment to this Contract.
- b. Payment to the CONSULTANT for services performed under a Task Order under the Lump Sum Method shall be monthly in proportion to the percentage of work completed during the month as proposed by the CONSULTANT and accepted by the CITY.

- 4.3 **INVOICE PROCESSING.** [YOU MAY WANT TO BE SURE FINANCE HANDLES YOUR PURCHASE ORDERS THIS WAY. PLEASE DELETE SENTENCE UPON COMPLETION OF DRAFTING.] Invoices received by the CITY will be processed for payment within thirty (30) days of receipt of invoice. CONSULTANT will be notified of questionable items contained in the invoices within fifteen (15) days of receipt by the CITY with an explanation of the deficiencies. The CITY will make an effort to resolve all questionable items contained in the CONSULTANT's invoices within thirty (30) days of receipt of the invoices by the CITY. At the end of the thirty (30) day period, the CITY shall pay the CONSULTANT the invoice amount less any unresolved questionable items. Invoices are to be forwarded directly to the initiating CITY representative.
- 4.4 **PAYMENT IN THE EVENT OF CONTRACT TERMINANATION OR SUSPENSION.** In the event that a Task Order or this Contract is terminated or canceled, or the CONSULTANT's services suspended on a Task Order or this Contract, prior to completion, payment shall be made in accordance with the provisions of this Contract.
- 4.5 **ADDITIONAL COMPENSATION FOR CHANGE IN SCOPE OF ASSIGNMENT.** If instructed to do so by CITY, the CONSULTANT shall change or revise work that has been performed, and if such work is not required as a result of error, omission or negligence of the CONSULTANT, the CONSULTANT may be entitled to additional compensation. The additional compensation shall be requested by the CONSULTANT on a revised fee quotation proposal which must be submitted to the CITY for prior approval. The additional compensation, if any, shall be agreed upon before commencement of any such additional work and shall be incorporated into the assignment by formal amendment or Task Order to this Contract.

SECTION 5 - WORK COMMENCEMENT/IMPLEMENTATION SCHEDULE/LENGTH OF CONTRACT.

- 5.1 **WORK COMMENCEMENT.** The CONSULTANT shall commence work on each authorized Task Order within ten (10) days after receipt by the CONSULTANT of a written Notice-To-Proceed from the CITY's Designated Representative. If the CONSULTANT fails to commence work within the ten (10) day period, then the CITY shall have the right to seek other firms for the Assignment, unless the delay is due to no fault of the CONSULTANT.
- 5.2 **IMPLEMENTATION SCHEDULE.** The CONSULTANT must complete its work in accordance with the time schedule specified in the applicable Task Order/Assignment. In the event the work of the CONSULTANT is delayed due to no fault of the CONSULTANT, which delays the completion of any Task Order of the Assignment, the CONSULTANT is entitled to an appropriate extension of the contract time for the specific Task Order. Additional compensation to the CONSULTANT will be negotiated to the mutual agreement of the CITY and the CONSULTANT in the event such delay causes any Task Order's costs to increase for reasons beyond the CONSULTANT's control.

- 5.3 TERM. This Contract shall expire three (3) years after the effective date of this Contract and may be extended for up to two (2) additional one (1) year periods, not to exceed five (5) years maximum, upon written mutual consent of the CITY and the CONSULTANT.
- 5.4 CONTINUING CONTRACT. In accordance with 287.055 (g), this is a “continuing contract” for professional services entered into in accordance with all procedures of this act between the CITY and the CONSULTANT, whereby the CONSULTANT shall provide professional services to the CITY for projects in which construction or professional costs do not exceed the statutory limitations imposed. Additionally, the CONSULTANT shall provide for work of a specified nature as outlined in Exhibit A of this Contract as required by the CITY.

SECTION 6 - CITY’S “DESIGNATED” REPRESENTATIVE.

- 6.1 GENERAL. The CITY hereby designates the CITY Manager or his/her designee to represent the CITY in all matters pertaining to and arising from the work and performance of this contract. The CITY Manager or designee shall have the following responsibilities:
- a. Examination of all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and rendering, in writing, decisions indicating the CITY’s approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
 - b. Transmission of instructions, receipt of information and interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
 - c. Giving prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any defects or changes necessary in the project.
 - d. Following the CONSULTANT’s preparation of any necessary applications to governmental bodies, to arrange for submission of all applications.
 - e. When appropriate, authorizing Task Orders equal to or less than limits prescribed for Continuing Contracts pursuant to the provisions of FS 287.055(g) and applicable rules, regulations, r policies of the City.

SECTION 7 - CHANGES IN SCOPE.

- 7.1 The CITY or the CONSULTANT may request changes in the Scope of Services of a Task Order. Such change(s), including any increase or decrease in the amount of the CONSULTANT’s compensation for any Task Order pursuant to this Contract, which are mutually agreed upon by and between the CITY and the CONSULTANT, shall be incorporated by written formal amendment.

SECTION 8 - TERMINATION OF CONTRACT.

8.1 TERMINATION BY CITY FOR CAUSE. The CITY may terminate this Contract for any one or more of the following reasons:

- a. If adequate progress on any phase of the assignment is not being made by the CONSULTANT as a direct result of the CONSULTANT's failure to perform.
- b. The quality of the services performed by the CONSULTANT is not in conformance with commonly accepted design codes and standards, standards of the CITY and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Contract, and the particular services involved are considered by the CITY to be essential to the proper completion of any Assignment.
- c. The CONSULTANT or any employee or agent of the CONSULTANT is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any work that has been performed by the CONSULTANT.
- d. The CONSULTANT becomes involved in either voluntary or involuntary bankruptcy proceedings, or makes an assignment for the benefit of creditors.
- e. The CONSULTANT violates the Standards of Conduct provisions of this Contract herein.
- f. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
- g. Sub-standard or non-performance of Agreement.
- h. The City wishes to terminate at any time and for any reason, upon giving sixty (60) days prior written notice to the CONSULTANT.

8.2 TERMINATION BY CONSULTANT FOR CAUSE. The CONSULTANT may cancel this Contract for the following reasons:

- a. The CITY fails to meet its obligations and responsibilities as contained in the sections of this Contract describing the CITY's Rights and Responsibilities.
- b. The CITY fails to pay the CONSULTANT in accordance with this Contract.
- c. In the event of either of the causes described in this Contract, the CONSULTANT may send a certified letter requesting that the CITY show cause why the Contract should not be terminated. If adequate assurances are not given to the CONSULTANT within fifteen (15) days of the receipt by the CITY of said show cause notice, then the CONSULTANT may consider the CITY to be in default, and may immediately terminate this Contract.

8.3 TERMINATION BY CITY WITHOUT CAUSE. Notwithstanding any other provision of this Contract, the CITY shall have the right at any time to terminate this Contract in its entirety without cause, or terminate by specific Assignment without cause, provided that ten (10) days prior written notice is given to the CONSULTANT of the CITY's intent to terminate. In the event that a Task Order is terminated, The CITY shall identify the specific Task Order(s) being terminated and the specific Task Order(s) to be continued to completion pursuant to the provisions of this Contract. This Contract will remain in full force and effect as to all authorized Task Orders which are to be continued to completion under this type of arrangement.

8.4 PAYMENT IN THE EVENT OF TERMINATION. In the event this Contract or any Assignment is terminated or canceled prior to final completion without cause, payment for unpaid portion of the services provided by the CONSULTANT to the date of termination and any additional services thereafter will be determined by negotiation between the CITY and the CONSULTANT. No amount shall be allowed for anticipated profit on unperformed services or other work. In the event of termination for cause, the CITY may adjust any payment to take into account any additional direct costs to be incurred by the CITY due to such default.

8.5 ACTION FOLLOWING TERMINATION

- a. Upon receipt of notice of termination, given by either party, the terminated party shall promptly discontinue all services and other work, unless the notice provides otherwise.
- b. In the case of the CITY terminating the CONSULTANT, the CONSULTANT shall within ten (10) days or any extension thereto as may be mutually agreed to, deliver or otherwise make available to the CITY all reports, drawings, plans, specifications and other data and documents that have been obtained or prepared by the CONSULTANT in performing the Services under this Contract, regardless of whether the work on such documents has been completed or is in progress and said documents shall remain the property of the CITY. Notwithstanding the foregoing, the CONSULTANT shall not be held liable for the accuracy or reliability of any partially completed work delivered in accordance with this provision.

8.6 SUSPENSION

- a. The performance of the CONSULTANT's service under any provision of this Contract may be suspended by the CITY at any time. In the event the CITY suspends the performance of the CONSULTANT's services hereunder, the CITY shall so notify the CONSULTANT in writing, such suspension becoming effective upon the date of its receipt by the CONSULTANT, and CITY shall promptly pay to the CONSULTANT all fees which have become due and payable to the CONSULTANT to the effective date of such suspension. The CITY shall thereafter have no further obligation for payment to the CONSULTANT for the suspended services unless and until the CITY notifies the CONSULTANT that the services of

the CONSULTANT called for hereunder are to be resumed. Upon receipt of written notice from the CITY that the CONSULTANT's services hereunder are to be resumed, the CONSULTANT shall complete the services of the CONSULTANT called for in this Contract and the CONSULTANT shall, in that event, be entitled to payment of the remaining unpaid compensation which becomes payable to the CONSULTANT under this Contract, same to be payable at the times and in the number specified herein. In no event will the compensation or any part thereof become due or payable to the CONSULTANT under this Contract unless and until the CONSULTANT has attained that state of work where the same would be due and payable to the CONSULTANT under the provisions of this Contract.

- b. If the aggregate time of the CITY's suspension(s) of the CONSULTANT's Services under any Task Order of this Contract exceeds sixty (60) days, then the CONSULTANT and the CITY shall, upon request of the CONSULTANT, meet to assess the services performed hereunder up to the time of such meeting, the services remaining to be performed and the total compensation paid to the CONSULTANT hereunder and, during such meeting, shall have the option of negotiating a change in compensation to be paid to the CONSULTANT for the balance of the Services to be performed hereunder. No increase in compensation to the CONSULTANT shall be allowed unless it is based upon clear and convincing evidence of an increase in the CONSULTANT's costs attributable to the aforesaid suspension(s).

SECTION 9 - CLAIMS AND DISPUTES/REMEDIES.

- 9.1 CLAIMS AND DISPUTES. Any claims, disputes and/or matters in question between the parties arising out of or relating to this Contract, including claims for extra compensation, shall be filed in writing by the aggrieved party to the other party within forty-five (45) days of its occurrence. Should such claims not be formally submitted within said forty-five (45) day period, the aggrieved party agrees not to make such claim against the other party at any time in the future. Should any claim or dispute not be mutually resolved between the parties within sixty (60) days thereafter, the aggrieved party shall then seek to resolve the matter in accordance with the "Remedies" provisions of this Contract.
- 9.2 REMEDIES. Except as provided in Section 9.1 herein, all claims, disputes and/or matters in question between the CITY and the CONSULTANT arising out of or relating to this Contract, or the breach of it will be decided by Mediation if the parties hereto mutually agree, or in a court of competent jurisdiction. Venue for any dispute or formal litigation concerning this contract shall be in the appropriate court with territorial jurisdiction over the City of St. Pete Beach, Florida. In the event of a dispute or litigation, each party to such dispute or litigation shall be solely responsible for its own attorneys' fees and costs. This contract shall not be construed for or against any party hereto, without regard to which party is wholly or partly responsible for its drafting.

SECTION 10 - INDEMNITY AND INSURANCE.

10.1 GENERAL. To the fullest extent permitted by Florida law, the CONSULTANT shall indemnify and hold harmless the CITY and its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONSULTANT and other persons employed or utilized by the Consultant in the performance of the contract.

10.2 INSURANCE. The CONSULTANT will possess or obtain and continuously maintain the following insurance coverage, from a company or companion authorized to do business in the State of Florida, and will provide Certificates of insurance to the CITY, evidencing such insurance, within fifteen (15) days following the CONSULTANT's receipt of Notice to Proceed on the Assignment from the CITY. The insurance coverage shall contain a provision, which requires that prior to any changes or material alterations in the coverage, except aggregate coverage, thirty (30) days prior written notice will be given to the CITY. Specific insurance requirements may include:

- a. WORKER'S COMPENSATION. The CONSULTANT must provide Worker's Compensation for all employees at the site location, and in case any work is subcontracted, will require the Subcontractor to provide Worker's Compensation for all of its employees.
- b. COMMERCIAL GENERAL LIABILITY. The CONSULTANT must provide coverage for all operations as detailed in the Scope of Services including, but not limited to, Contractual, Products and completed Operations and Personal Injury. The limits will be not less than \$2,000,000 Combined Single Limit (CSL) or its equivalent.
- c. AUTOMOBILE LIABILITY. The CONSULTANT must provide coverage for all owned and non-owned vehicles for limits of not less than \$1,000,000 CSL or its equivalent.
- d. PROFESSIONAL LIABILITY INSURANCE. Annual Professional Liability Insurance must be maintained with coverage in an amount as detailed in the City of St. Pete Beach Request for Qualifications (RFQ) titled "Engineering and Consulting Services". Said Professional Liability Insurance shall provide for all sums which the CONSULTANT shall be obligated to pay as damages for claims arising out of negligent performance by the CONSULTANT, or any person or subcontractor employed by the CONSULTANT, in conjunction with this Contract. This insurance shall also be maintained for a minimum of three (3) years after completion of the CONSULTANT's services and/or construction and acceptance of the facilities designed by the CONSULTANT under the scope of this Contract including any amendment thereto.
- e. CERTIFICATES OF INSURANCE. The CONSULTANT shall furnish all Certificates of Insurance forwarded directly to the following:

City of St. Pete Beach

155 Corey Avenue
St. Pete Beach, FL 33706

with information copied to the Designated Representative identified in this Contract. The Certificates shall clearly indicate that the CONSULTANT has obtained insurance of the type, amount and classification required by these provisions.

SECTION 11 - NEGOTIATION DATA.

11.1 The CONSULTANT hereby certifies, covenants and warrants that accounting documentation and supporting data which has established compensation provided for in this Contract are accurate, complete and current as of the date of negotiation of the compensation terms contained in this Contract. It is further agreed that the CONSULTANT's compensation under this Contract may be adjusted to exclude any significant sums where the CITY determines the CONSULTANT's compensation was increased due to inaccurate or incomplete wage rates and other factual unit costs. All such price adjustments shall be made prior to the end of this Contract. Records of costs incurred under the terms of this Contract shall be maintained and made available to the CITY during the period of this Contract and for five (5) years after final payment is made.

11.2 Copies of these documents and records shall be furnished upon request to the CITY at no cost. For the purpose of this Section, the end of this Contract shall be deemed to be the date of
final acceptance of the work by the CITY.

SECTION 12 - OWNER OF DOCUMENTS.

12.1 It is understood and agreed that all documents, including detailed reports, plans, original drawings, survey field notebooks and all other data other than working papers, prepared or obtained by the CONSULTANT in connection with its services hereunder, shall be delivered to, or shall become the property of the CITY prior to final payment to the CONSULTANT. The CONSULTANT shall retain reproducible copies of all Documents for its files at Direct Reimbursable Cost. All Documents including drawings prepared by the CONSULTANT pursuant to this Contract are instruments of service in respect to the services described in the Assignment. Any reuse without written verification or adaptation by the CONSULTANT for the specific purpose intended will be at CITY's sole risk and without liability or legal exposure to the CONSULTANT; and the CITY shall indemnify to the maximum extent permitted by law and hold harmless the CONSULTANT from all claims, damages, losses and expenses including attorney's and expert's fees arising out of or resulting therefrom. Any such verification or adaptation by the CONSULTANT will entitle the CONSULTANT to further compensation at rates to be agreed upon by the CITY and the CONSULTANT.

12.2 Any Documents given to or prepared or assembled by the CONSULTANT and its subcontractors under this Contract shall be kept solely as property of the CITY and shall

not be made available to any individuals or organizations without the prior written approval of the CITY.

12.3 The CONSULTANT may maintain copies of all work performed under this Contract for the CITY.

12.4 The CONSULTANT shall not publish any information concerning this project without the prior written consent of the CITY.

12.5 The CONSULTANT should abide by the Florida Public Records law, more fully described in "Exhibit C."

SECTION 13 - STANDARDS OF CONDUCT.

13.1 CONSULTANT EMPLOYEES. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this Contract and that the CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee working solely for the CONSULTANT any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award of making of this Contract.

13.2 EMPLOYMENT ELIGIBILITY. The Consultant shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.
- b. Subcontractors (i) Consultant shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Consultant with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be

liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of one (1) year after date of termination.

13.3 **CONSULTANT COMPLIANCE WITH LAWS.** The CONSULTANT shall comply with all Federal, State and local laws and ordinances in effect on the date of this Contract and applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex or national origin in the performance of work under this Contract.

13.4 **CONFLICT OF INTEREST.** The CONSULTANT hereby certifies that no undisclosed conflict of interest exists with respect to the present Contract, including any conflicts that may be due to representation of other clients, other contractual relationships of the CONSULTANT, or any interest in property which the CONSULTANT may have. The CONSULTANT further certifies that any apparent conflict of interest that arises during the term of the Contract will be immediately disclosed in writing to the CITY. Violation of this Section will be considered as Justification for immediate termination of this Contract under the provisions of Section 8.1.

13.5 **REMOVAL OF EMPLOYEE.** The CITY is empowered to require the CONSULTANT to remove any employee or representative of the CONSULTANT from working on this Assignment which the CITY determines is not satisfactorily performing his assigned duties or is demonstrating improper conduct. The CITY shall notify the CONSULTANT in writing of the CITY's objections prior to the CONSULTANT's removal of any employee or representative.

13.6 **PUBLICATION.** The CONSULTANT shall not publish any documents or release information to the media without prior approval of the CITY.

SECTION 14 - ACCESS TO RECORDS/AUDIT.

14.1 **RECORDS MAINTENANCE.** The CONSULTANT shall maintain books, records, documents, time and costs accounts and other evidence directly related to its performance of services under this Contract. All time records and cost data shall be maintained in accordance with generally accepted accounting practices. The CONSULTANT shall also maintain the financial information and data necessary to determine overhead rates in accordance with the requirements of Federal and State regulatory agencies and this Contract. The CITY, or any of its duly authorized representatives, shall have access within forty-eight (48) hours to such books, records, documents and other evidence for inspection, audit and copying. Copying of CONSULTANT's books, records, documents, time records and cost accounts and other evidence shall be at the CITY's expense.

14.2 ACCESS TO RECORDS. The CONSULTANT shall maintain and allow access to the records required under this Section for a period of five (5) years after the completion of the services provided under this Contract and date of final payment for said services, or date of termination of this Contract as may have been exercised under the terms of this Contract.

SECTION 15 - CODES AND DESIGN STANDARDS.

15.1 All of the services to be performed by the CONSULTANT shall in the minimum be in accordance with commonly accepted design codes and standards, standards of the CITY and the requirements of any Federal and/or State regulatory agencies in effect as of the date of this Contract. The CONSULTANT shall be responsible for keeping apprised of any changing codes or requirements, which requirements must be applied to the Assignment to be performed under this Contract. Any new codes or requirements becoming effective subsequent to the effective date of this Contract that require an additional level of effort to be performed by the CONSULTANT beyond that covered under the scope of this Contract shall be subject to negotiation for an increase in scope and compensation by an amendment to this Contract.

SECTION 16 - ASSIGNABILITY

16.1 The CONSULTANT shall not sublet, assign or transfer any interest in this Contract, without prior written approval of the CITY, provided that claims for the money due or to become due the CONSULTANT from the CITY under this Contract may be assigned to a bank, trust company or other financial institution without such CITY approval. Notice of any such assignment or transfer shall be furnished promptly to the CITY.

SECTION 17 - CONTROLLING LAWS

17.1 This Contract is to be governed by the laws of the State of Florida.

SECTION 18 - FORCE MAJEURE

18.1 Neither party shall be considered in default in performance of its obligations hereunder to the extent that performance of such obligations, or any of them, is delayed or prevented by Force Majeure. Force Majeure shall include, but not be limited to, hostility revolution, civil commotion, strike, epidemic, fire, flood, wind, earthquake, explosion, any law, proclamation, regulation or ordinance or other act of government, or any act of God or any cause whether of the same or different nature, existing or future; provided that the cause whether or not enumerated in this Section is beyond the control and without the fault or negligence of the party seeking relief under this Section.

SECTION 19 - EXTENT OF CONTRACT

19.1 This Contract, together with the RFQ titled “insert name of RFQ” (issued [Click or tap to enter a date.]), the proposal submitted [Click or tap to enter a date.], and the Exhibits hereinafter

IN WITNESS WHEREOF, the Parties have executed this Contract on the day and year set forth below.

CITY OF ST. PETE BEACH, FLORIDA **STANDARD CONTRACT ADDENDUM**

THIS ADDENDUM modifies that certain contract for services made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited

basis to enforce the requirements of the previous section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option

of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for “Foreign Countries of Concern”. If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires “Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a “foreign country of concern” if such interest, contract, grant or gift received from a “foreign country of concern” if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable “foreign country of concern” and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services”. Pursuant to Section 268.101(7), Fla. Stat.: “In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause.”

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties’ actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys’ Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys’ fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor’s social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any

subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Breach during Emergency Recovery Period. Pursuant to Sec. 252.505, Fla. Stat., if vendor breaches this agreement during an emergency recovery period (1-year period beginning upon Governor's initial declaration of a natural emergency) Contractor shall pay a \$5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages.

19. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

- A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the

days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer from Pre-Bid Meeting

Questions and Answers from Pre-Bid Meeting

Will the City elaborate on item "J. Information Technology Services" so the consultants can ensure the correct experiences and staff are included in their response? **This has been taken off the RFQ per Addendum 3.**

➤ You stated in the meeting that at least 5 companies will be awarded. Is that 5 companies total or 5 companies for each discipline? **Total of 5 or more depending on the need of the City.**

➤ Do you need to be able to provide all services listed under each category? I.e. Could an MEP Engineering Design firm just submit for just Category A, Subcategory h – 4. Plumbing; 5. HVAC; 7. Electrical; 8. Communications. **We will look at this on an as needed basis in the needs of the City. If a category truly needs only one vendor, then that is what the City will strive for. In other areas, we may split a category depending on the number of bidders we have.**

➤ Is there more information regarding the evaluation and scoring? Are all the criteria of equal weight? **In most scoring situations we look at years in business, background of staff, references, previous projects etc. They are not equal scoring. Some will be worth 50% others worth 5 % for instance.**

➤ Can you tell us who were the previous RFQ winners? **The last time this was bid was in 2020. Winners were Kimely Horn, Halff, Stantec, Hyatt, George F Young, Cardno**

➤ Will SBE/DBE certifications be a factor in the grading criteria for this solicitation? **No. SBE/DBE certification will not be a factor.**

➤ If submitting for multiple services, do we need to submit a package for each service? **Can be a combined Package as long as each section is noted.**

➤ If submitting for multiple services, is the page limit for each service or the entire package? **Each Service**

➤ Is this meeting mandatory for attendance by subconsultants also, or just prime firms? **Just Prime Firms**

- Is there a forecast of anticipated upcoming projects? Projects are budgeted each year for the upcoming year starting the first of Oct. All projects are approved or disapproved by the Commission.
- Is this utilizing Florida's new Continuing Services limit of projects under \$7.5 million? Yes
- Will any other municipalities piggy-back off of this contract? All of St. Pete Beaches Contracts can be Piggyback'd onto. There is no interest at this time from any municipality to do so.
- Is design build a desired category? No. design-build projects will be competitively bid separately from the CCNA contract.
- What City staff will be on the evaluation committee? It will be the Department Directors as well as the Acting Assist. City Manager
- Since the prime consultant has the opportunity to submit on select disciplines, does the City expect that subconsultants will be utilized on his contract? That is Correct
- Any bonding requirements for design build? N/A
- Will the addendum include a list of attendees to this presubmittal meeting? YES. It will be a separate addendum. This was posted on Addendum 1

Category F. Community Development and Planning Services has a workload management assistance section. Please provide a better description of what is required for this service. This has been taken off the RFQ per Addendum 4

CITY OF ST. PETE BEACH, FLORIDA
STANDARD CONTRACT ADDENDUM

THIS ADDENDUM modifies that certain contract for services made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the

nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

City Clerk/Public Records Custodian

cityclerk@stpetebeach.org
Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of the previous section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Breach during Emergency Recovery Period. Pursuant to Sec. 252.505, Fla. Stat., if vendor breaches this agreement during an emergency recovery period (1-year period beginning upon Governor's initial declaration of a natural emergency) Contractor shall pay a \$5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages.

19. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

ADDENDUM V

CCNA-Engineering and Design RFQ

Issued 04/09/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer

1. Do tabs count toward the overall page count? – **No.**
2. Can we list continuing service contracts for project experience if the overall contract is ongoing but tasks underneath it are completed? – **Yes.**
3. Please confirm if the 10 pages for references and similar projects should be used for 10 projects, or if there is a certain number of projects the City would like to see. –
There is not a certain number of projects the City would like to see. A minimum of (3) contracts to other local governments like this contract are required.

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM VII

CCNA-Engineering and Design RFQ

Issued 04/09/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer

Extension of due date on last page.

Please confirm which sections get increased page numbers based on the number of categories pursued. For example, if a firm pursues main categories A, B, C, D, are all section page limits increased to 4 times the original limit? Does this make the Letter of Interest 4 pages, Statement of Qualifications and Profile of Firm 24 pages, Services Approach 20 pages, and References 40 pages? Also, does this include the sub-categories (a, b, c, d, e, etc) or just the main categories (A, B, C, D, etc)?

Title Page = 1 page

Table of Contents = 1 page

Letter of Interest = 1 page

Statement of Qualifications and Profile of Firm = 8 pages

Services Approach = 5 pages per service category pursuing (A, B, C, D, E, F, G, H, I, J, K).

References = 10 pages

Insurance Requirements = minimum necessary

Resumes = 2 pages per person

In regard to the latest addendum 6, Q#3, below, can you provide clarification on whether you are looking for one-off project examples or continuing contracts only for the reference section? The verbiage is a bit confusing. Also, do we need to be the prime firm on our references, or can we be a subconsultant? – **One-off project examples or relevant continuing contract examples are both acceptable. If you're not the prime firm on your references, please specify that.**

.Please confirm if the 10 pages for references and similar projects should be used for 10 projects, or if there is a certain number of projects the City would like to see. –

There is not a certain number of projects the City would like to see. A minimum of (3) contracts to other local governments like this contract are required."

Would the City please consider reissuing and replacing the sample contract with one which consists of terms and conditions relevant to design professional services and compliant with Florida Statutes? The sample agreement provided in this RFP has terms and conditions that are not in compliance with Florida Statutes, including Section 17 Indemnification which is in conflict with the Indemnification provision stated in the RFQ. The sample contract terms and conditions apply to construction contractor work and are not relevant to design professional services. – **This will be updated and an amendment will be published under a separate Addendum #**

Would the City please consider removing the Addendum II conflicts requirement, issued on 03/31/2025? We believe that this provision is unreasonable to comply with for all multidisciplinary engineering firms both presently or during the term of the contract that may work with the Florida Department of Transportation, Pinellas County Utilities, Forward Pinellas, Duke Energy, Frontier, Pinellas County Transportation, and City of St. Petersburg. The Addendum #2 will be changed. It will be added in another addendum

Can the organizational chart that is required to be included in Section d. Statement of Qualifications and Profile of the Firm be included on an 11" x 17" page in order to allow extra space in which to fully highlight the strengths of our project team? – **Yes.**

It seems like category K. Soil and Material Testing is part of Category A. General Engineering Design Services via item d. Geotechnical Soil Investigations. Are these two categories one and the same? **Please disregard Category A.d. and only respond to Category K.**

Extension of Due date: This RFQ has been extended two weeks. The due date for submissions will now be May 6th at 9:00 AM EST. Opening will be held on the same day at 10:00 AM

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM VIII

CCNA-Engineering and Design RFQ

Issued 04/21/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 05/06/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Change to Addendum 2 should read as follows:

Conflicts: By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity (other than to a governmental agency, quasi-governmental agency, or utility company), on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity (other than to a governmental agency, quasi-governmental agency, or utility company), as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

ADDENDUM IX

CCNA-Engineering and Design RFQ

Issued 04/22/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 05/06/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Corrected Sample Contract

CITY OF ST. PETE BEACH, FLORIDA
Continuing Contract for Professional Design Services

[Insert consultant and/or purpose for contract]

This is a Contract (the "Contract") entered into by and between the City of St. Pete Beach (hereinafter "CITY") and [insert consultant's corporate name] (hereinafter "CONSULTANT"). The CITY and CONSULTANT together shall be referred to as the "Parties."

WHEREAS, the CITY desires to retain the CONSULTANT to perform Continuing Professional Design Services for the CITY, more fully described below in the "scope of services" section.

WHEREAS, the CITY desires to employ the CONSULTANT for the Continuing Professional Design Services and other services upon the terms and conditions hereinafter set forth, and the CONSULTANT is desirous of performing such services upon such terms and conditions.

WHEREAS, the CONSULTANT has been selected to perform these professional services pursuant to the provisions of the "Consultants' Competitive Negotiation Act" in Section 287.055; Florida Statutes, and all applicable CITY rules, regulations and policies.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

SECTION 1 – GENERAL.

- 1.1 The above recitals are true and correct, and incorporated as part of this Contract.
- 1.2 CONSULTANT shall be defined herein to include all principals of the firm of, including full time employees, professionals or otherwise, and all servants, agents, employees and/or subconsultants retained by the CONSULTANT to perform its obligations hereunder. Subconsultants shall be reviewed and approved by the CITY prior to Notice to Proceed with their prospective work assignments.
- 1.3 "Professional services" means those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered surveying and mapping, as defined by the laws of the state, or those performed by any architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.

- 1.4 Prior to the start of any work under this Contract, the CONSULTANT will have submitted to the CITY a detailed resume of key engineering personnel that will be involved in performing services requested by the CITY. The CITY hereby acknowledges its acceptance of such personnel to perform services under this Contract. At any time hereafter that the CONSULTANT desires to change the key personnel in an active assignment, it shall submit the qualifications of the new personnel to the CITY for prior approval. Key personnel shall include principals-in-charge, project managers and project engineers. The provisions of this Section do not apply to personnel temporarily assigned to perform service under this Contract for durations of one (1) week or less.
- 1.5 The CONSULTANT acknowledges that the CITY has retained other consultants, engineering and otherwise, and the coordination between said consultants and the CONSULTANT may be necessary from time to time for the successful completion of the Assignments. The CONSULTANT agrees to provide such coordination as necessary within the Scope of Services.
- 1.6 The CONSULTANT acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Contract.
- 1.7 The CONSULTANT will maintain an adequate and competent staff of professionally qualified persons throughout the performance of this Contract to ensure acceptable and timely completion of the Assignment.
- 1.8 Requirements for sealing all plans, reports and documents prepared by the CONSULTANT shall be governed by the laws and regulations of the State of Florida and the requirements of any regulatory agency, if required.
- 1.9 This Contract may be executed by the parties in counterpart originals with the same force and effect as if fully and simultaneously executed as a single original document. The "Effective Date" of this Contract shall be the date this Contract has been executed by all parties.

SECTION 2 – SCOPE OF SERVICES.

- 2.1 The CONSULTANT shall diligently and in a professional and timely manner perform the work included in the Scope of Services as listed generally in the Request for Qualifications (RFQ) attached and incorporated in this Contract as Exhibit A. Unless modified in writing by the parties hereto, duties of the CONSULTANT shall not be construed to exceed those services specifically set forth herein.
- 2.2 GENERAL. The CONSULTANT agrees to perform those services described in Exhibit A – RFQ, dated Click or tap to enter a date., which is attached hereto and made a part hereof.
- 2.3 ADDITIONAL SERVICE. The CITY and the CONSULTANT agree that there may be certain additional services required to be performed by the CONSULTANT during the

performance of the Scope of Services that cannot be defined sufficiently at the time of execution of this Contract. Such services shall be authorized in writing as Task Orders and shall be undertaken only under terms of formal amendments to this Contract.

- 2.4 TASK ORDERS. Additional services to be provided by the CONSULTANT shall be authorized in writing as Task Orders. Task Orders to be provided shall be prepared on the form delineated as Exhibit B - which is attached hereto and made a part hereof. **[DON'T FORGET TO ATTACH YOUR TASK ORDER FORM AS EXHIBIT B. WE DISCUSSED THIS WITH MIKE WHO SAID YOU COULD PREPARE A STANDARD ASSIGNMENT LETTER AND THEN DELETE THIS SENTENCE]**. Each Task Order shall include: a detailed description of the work to be performed; a schedule of completion (including phases) for the work authorized; and the amount and method of compensation. Task Orders shall be dated and serially numbered annually. The Task Orders may contain additional instructions or provisions specific to the authorized work for the purpose of expanding upon certain aspects of this Contract pertinent to the work to be undertaken. Such supplemental instructions or provisions shall not be construed as a modification of this contract.
- 2.5 The CITY Manager or his/her designee may authorize Task Orders for services under this continuing contract, which are equal to or less than limits prescribed for Continuing Contracts under the provision of F.S. 287.055(g) or limits set by the CITY's rules, regulations, and policies. Professional fees under such specified Task Orders shall be based on a written proposal from the CONSULTANT as may be requested in writing by the CITY's designated representative, who shall process the proposal through the appropriate departments at the CITY. A single unitary task may not be divided into more than one task for the purpose of qualifying for authorization hereunder. Nothing in this paragraph is intended to limit any other rights, responsibilities, and duties of the parties under any other provision of this continuing contract.

SECTION 3 – CITY'S RIGHTS AND RESPONSIBILITIES.

The CITY shall provide the service described below in a timely fashion at no cost to the CONSULTANT:

- 3.1 Furnish the CONSULTANT with existing data, records, maps, plans, specifications, reports, fiscal data and other information that is available in the CITY's files, necessary or useful to the CONSULTANT for the performance of the assignment. All of the documents conveyed by the CITY shall be and remain the property of the CITY and shall be returned to the CITY upon completion of the assignment to be performed by the CONSULTANT.
- 3.2 Make CITY personnel available when required and necessary to assist the CONSULTANT. The availability and necessity of said personnel to assist the CONSULTANT shall be determined solely at the discretion of the CITY.
- 3.3 Provide access to and make provisions for the CONSULTANT to enter upon the project lands as required for the CONSULTANT within a reasonable time, to perform surveys, observations and other work as necessary to complete the assignment.

- 3.4 Examine all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and render written decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- 3.5 Transmit instructions, relevant information and provide interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- 3.6 Give prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any development that affects the scope of timing of the CONSULTANT's services or becomes aware of any defect or changes necessary in the work of the CONSULTANT.
- 3.7 Arrange for submission of necessary permits/applications to governmental bodies as prepared by the CONSULTANT.
- 3.8 Furnish approvals and permits from all governmental authorities having jurisdiction and such approvals and consents from others as may be necessary for completion of the assignment not covered under the assignment.

SECTION 4 – COMPENSATION.

- 4.1 GENERAL. Compensation to the CONSULTANT for services performed pursuant to this Contract shall be in accordance with the following method or compensation, as defined and indicated in the "Lump Sum Method."

The type and amount of compensation for each Task Order shall be described on the Task Order form included in "Exhibit 5."

4.2 LUMP SUM METHOD

- a. Lump Sum compensation shall be the total fixed price amount payable under the Lump Sum Method (including all payroll costs, overhead costs, other direct costs, fees, subconsultants' and specialist costs), for the services to be provided in the Task Order unless there is a change in the scope of the work, or other conditions stipulated in the Task Order, and the Task Order is modified by both the CITY and CONSULTANT to reflect the change(s) by formal amendment to this Contract.
- b. Payment to the CONSULTANT for services performed under a Task Order under the Lump Sum Method shall be monthly in proportion to the percentage of work completed during the month as proposed by the CONSULTANT and accepted by the CITY.

- 4.3 INVOICE PROCESSING. [YOU MAY WANT TO BE SURE FINANCE HANDLES YOUR PURCHASE ORDERS THIS WAY. PLEASE DELETE SENTENCE UPON COMPLETION OF DRAFTING.] Invoices received by the CITY will be processed for

payment within thirty (30) days of receipt of invoice. CONSULTANT will be notified of questionable items contained in the invoices within fifteen (15) days of receipt by the CITY with an explanation of the deficiencies. The CITY will make an effort to resolve all questionable items contained in the CONSULTANT's invoices within thirty (30) days of receipt of the invoices by the CITY. At the end of the thirty (30) day period, the CITY shall pay the CONSULTANT the invoice amount less any unresolved questionable items. Invoices are to be forwarded directly to the initiating CITY representative.

- 4.4 **PAYMENT IN THE EVENT OF CONTRACT TERMINATION OR SUSPENSION.** In the event that a Task Order or this Contract is terminated or canceled, or the CONSULTANT's services suspended on a Task Order or this Contract, prior to completion, payment shall be made in accordance with the provisions of this Contract.
- 4.5 **ADDITIONAL COMPENSATION FOR CHANGE IN SCOPE OF ASSIGNMENT.** If instructed to do so by CITY, the CONSULTANT shall change or revise work that has been performed, and if such work is not required as a result of error, omission or negligence of the CONSULTANT, the CONSULTANT may be entitled to additional compensation. The additional compensation shall be requested by the CONSULTANT on a revised fee quotation proposal which must be submitted to the CITY for prior approval. The additional compensation, if any, shall be agreed upon before commencement of any such additional work and shall be incorporated into the assignment by formal amendment or Task Order to this Contract.

SECTION 5 - WORK COMMENCEMENT/IMPLEMENTATION SCHEDULE/LENGTH OF CONTRACT.

- 5.1 **WORK COMMENCEMENT.** The CONSULTANT shall commence work on each authorized Task Order within ten (10) days after receipt by the CONSULTANT of a written Notice-To-Proceed from the CITY's Designated Representative. If the CONSULTANT fails to commence work within the ten (10) day period, then the CITY shall have the right to seek other firms for the Assignment, unless the delay is due to no fault of the CONSULTANT.
- 5.2 **IMPLEMENTATION SCHEDULE.** The CONSULTANT must complete its work in accordance with the time schedule specified in the applicable Task Order/Assignment. In the event the work of the CONSULTANT is delayed due to no fault of the CONSULTANT, which delays the completion of any Task Order of the Assignment, the CONSULTANT is entitled to an appropriate extension of the contract time for the specific Task Order. Additional compensation to the CONSULTANT will be negotiated to the mutual agreement of the CITY and the CONSULTANT in the event such delay causes any Task Order's costs to increase for reasons beyond the CONSULTANT's control.
- 5.3 **TERM.** This Contract shall expire three (3) years after the effective date of this Contract and may be extended for up to two (2) additional one (1) year periods, not to exceed five (5) years maximum, upon written mutual consent of the CITY and the CONSULTANT.
- 5.4 **CONTINUING CONTRACT.** In accordance with 287.055 (g), this is a "continuing contract" for professional services entered into in accordance with all procedures of this act between

the CITY and the CONSULTANT, whereby the CONSULTANT shall provide professional services to the CITY for projects in which construction or professional costs do not exceed the statutory limitations imposed. Additionally, the CONSULTANT shall provide for work of a specified nature as outlined in Exhibit A of this Contract as required by the CITY.

SECTION 6 - CITY'S "DESIGNATED" REPRESENTATIVE.

6.1 GENERAL. The CITY hereby designates the CITY Manager or his/her designee to represent the CITY in all matters pertaining to and arising from the work and performance of this contract. The CITY Manager or designee shall have the following responsibilities:

- a. Examination of all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and rendering, in writing, decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- b. Transmission of instructions, receipt of information and interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- c. Giving prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any defects or changes necessary in the project.
- d. Following the CONSULTANT's preparation of any necessary applications to governmental bodies, to arrange for submission of all applications.
- e. When appropriate, authorizing Task Orders equal to or less than limits prescribed for Continuing Contracts pursuant to the provisions of FS 287.055(g) and applicable rules, regulations, and policies of the City.

SECTION 7 - CHANGES IN SCOPE.

7.1 The CITY or the CONSULTANT may request changes in the Scope of Services of a Task Order. Such change(s), including any increase or decrease in the amount of the CONSULTANT's compensation for any Task Order pursuant to this Contract, which are mutually agreed upon by and between the CITY and the CONSULTANT, shall be incorporated by written formal amendment.

SECTION 8 - TERMINATION OF CONTRACT.

8.1 TERMINATION BY CITY FOR CAUSE. The CITY may terminate this Contract for any one or more of the following reasons:

- a. If adequate progress on any phase of the assignment is not being made by the CONSULTANT as a direct result of the CONSULTANT's failure to perform.

- b. The quality of the services performed by the CONSULTANT is not in conformance with commonly accepted design codes and standards, standards of the CITY and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Contract, and the particular services involved are considered by the CITY to be essential to the proper completion of any Assignment.
- c. The CONSULTANT or any employee or agent of the CONSULTANT is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any work that has been performed by the CONSULTANT.
- d. The CONSULTANT becomes involved in either voluntary or involuntary bankruptcy proceedings, or makes an assignment for the benefit of creditors.
- e. The CONSULTANT violates the Standards of Conduct provisions of this Contract herein.
- f. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
- g. Sub-standard or non-performance of Agreement.
- h. The City wishes to terminate at any time and for any reason, upon giving sixty (60) days prior written notice to the CONSULTANT.

8.2 TERMINATION BY CONSULTANT FOR CAUSE. The CONSULTANT may cancel this Contract for the following reasons:

- a. The CITY fails to meet its obligations and responsibilities as contained in the sections of this Contract describing the CITY's Rights and Responsibilities.
- b. The CITY fails to pay the CONSULTANT in accordance with this Contract.
- c. In the event of either of the causes described in this Contract, the CONSULTANT may send a certified letter requesting that the CITY show cause why the Contract should not be terminated. If adequate assurances are not given to the CONSULTANT within fifteen (15) days of the receipt by the CITY of said show cause notice, then the CONSULTANT may consider the CITY to be in default, and may immediately terminate this Contract.

8.3 TERMINATION BY CITY WITHOUT CAUSE. Notwithstanding any other provision of this Contract, the CITY shall have the right at any time to terminate this Contract in its entirety without cause, or terminate by specific Assignment without cause, provided that ten (10) days prior written notice is given to the CONSULTANT of the CITY's intent to terminate. In the event that a Task Order is terminated, The CITY shall identify the specific Task Order(s) being terminated and the specific Task Order(s) to be continued to completion pursuant to the provisions of this Contract. This Contract will remain in full force and effect

as to all authorized Task Orders which are to be continued to completion under this type of arrangement.

- 8.4 PAYMENT IN THE EVENT OF TERMINATION. In the event this Contract or any Assignment is terminated or canceled prior to final completion without cause, payment for unpaid portion of the services provided by the CONSULTANT to the date of termination and any additional services thereafter will be determined by negotiation between the CITY and the CONSULTANT. No amount shall be allowed for anticipated profit on unperformed services or other work. In the event of termination for cause, the CITY may adjust any payment to take into account any additional direct costs to be incurred by the CITY due to such default.

8.5 ACTION FOLLOWING TERMINATION

- a. Upon receipt of notice of termination, given by either party the terminated party shall promptly discontinue all services and other work unless the notice provides otherwise.
- b. In the case of the CITY terminating the CONSULTANT, the CONSULTANT shall within ten (10) days or any extension thereto as may be mutually agreed to, deliver or otherwise make available to the CITY all reports, drawings, plans, specifications and other data and documents that have been obtained or prepared by the CONSULTANT in performing the Services under this Contract, regardless of whether the work on such documents has been completed or is in progress and said documents shall remain the property of the CITY. Notwithstanding the foregoing, the CONSULTANT shall not be held liable for the accuracy or reliability of any partially completed work delivered in accordance with this provision.

8.6 SUSPENSION

- a. The performance of the CONSULTANT's service under any provision of this Contract may be suspended by the CITY at any time. In the event the CITY suspends the performance of the CONSULTANT's services hereunder, the CITY shall so notify the CONSULTANT in writing, such suspension becoming effective upon the date of its receipt by the CONSULTANT, and CITY shall promptly pay to the CONSULTANT all fees which have become due and payable to the CONSULTANT to the effective date of such suspension. The CITY shall thereafter have no further obligation for payment to the CONSULTANT for the suspended services unless and until the CITY notifies the CONSULTANT that the services of the CONSULTANT called for hereunder are to be resumed. Upon receipt of written notice from the CITY that the CONSULTANT's services hereunder are to be resumed, the CONSULTANT shall complete the services of the CONSULTANT called for in this Contract and the CONSULTANT shall, in that event, be entitled to payment of the remaining unpaid compensation which becomes payable to the CONSULTANT under this Contract, same to be payable at the times and in the number specified herein. In no event will the compensation or any part thereof become due or payable to the CONSULTANT

under this Contract unless and until the CONSULTANT has attained that state of work where the same would be due and payable to the CONSULTANT under the provisions of this Contract.

- b. If the aggregate time of the CITY's suspension(s) of the CONSULTANT's Services under any Task Order of this Contract exceeds sixty (60) days, then the CONSULTANT and the CITY shall, upon request of the CONSULTANT, meet to assess the services performed hereunder up to the time of such meeting, the services remaining to be performed and the total compensation paid to the CONSULTANT hereunder and, during such meeting, shall have the option of negotiating a change in compensation to be paid to the CONSULTANT for the balance of the Services to be performed hereunder. No increase in compensation to the CONSULTANT shall be allowed unless it is based upon clear and convincing evidence of an increase in the CONSULTANT's costs attributable to the aforesaid suspension(s).

SECTION 9 - CLAIMS AND DISPUTES/REMEDIES.

- 9.1 CLAIMS AND DISPUTES. Any claims, disputes and/or matters in question between the parties arising out of or relating to this Contract, including claims for extra compensation, shall be filed in writing by the aggrieved party to the other party within forty-five (45) days of its occurrence. Should such claims not be formally submitted within said forty-five (45) day period, the aggrieved party agrees not to make such claim against the other party at any time in the future. Should any claim or dispute not be mutually resolved between the parties within sixty (60) days thereafter, the aggrieved party shall then seek to resolve the matter in accordance with the "Remedies" provisions of this Contract.
- 9.2 REMEDIES. Except as provided in Section 9.1 herein, all claims, disputes and/or matters in question between the CITY and the CONSULTANT arising out of or relating to this Contract, or the breach of it will be decided by Mediation if the parties hereto mutually agree, or in a court of competent jurisdiction. Venue for any dispute or formal litigation concerning this contract shall be in the appropriate court with territorial jurisdiction over the City of St. Pete Beach, Florida. In the event of a dispute or litigation, each party to such dispute or litigation shall be solely responsible for its own attorneys' fees and costs. This contract shall not be construed for or against any party hereto, without regard to which party is wholly or partly responsible for its drafting.

SECTION 10 - INDEMNITY AND INSURANCE.

- 10.1 GENERAL. To the fullest extent permitted by Florida law, the CONSULTANT shall indemnify and hold harmless the CITY and its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONSULTANT and other persons employed or utilized by the Consultant in the performance of the contract.
- 10.2 INSURANCE. The CONSULTANT will possess or obtain and continuously maintain the following insurance coverage, from a company or companion authorized to do business in

the State of Florida, and will provide Certificates of insurance to the CITY, evidencing such insurance, within fifteen (15) days following the CONSULTANT's receipt of Notice to Proceed on the Assignment from the CITY. The insurance coverage shall contain a provision, which requires that prior to any changes or material alterations in the coverage, except aggregate coverage, thirty (30) days prior written notice will be given to the CITY. Specific insurance requirements may include:

- a. **WORKER'S COMPENSATION.** The CONSULTANT must provide Worker's Compensation for all employees at the site location, and in case any work is subcontracted, will require the Subcontractor to provide Worker's Compensation for all of its employees.
- b. **COMMERCIAL GENERAL LIABILITY.** The CONSULTANT must provide coverage for all operations as detailed in the Scope of Services including, but not limited to, Contractual, Products and completed Operations and Personal Injury. The limits will be not less than \$2,000,000 Combined Single Limit (CSL) or its equivalent.
- c. **AUTOMOBILE LIABILITY.** The CONSULTANT must provide coverage for all owned and non-owned vehicles for limits of not less than \$1,000,000 CSL or its equivalent.
- d. **PROFESSIONAL LIABILITY INSURANCE.** Annual Professional Liability Insurance must be maintained with coverage in an amount as detailed in the City of St. Pete Beach Request for Qualification (RFQ) titled "Engineering and Consulting Services". Said Professional Liability Insurance shall provide for all sums which the CONSULTANT shall be obligated to pay as damages for claims arising out of negligent performance by the CONSULTANT, or any person or subcontractor employed by the CONSULTANT, in conjunction with this Contract. This insurance shall also be maintained for a minimum of three (3) years after completion of the CONSULTANT's services and/or construction and acceptance of the facilities designed by the CONSULTANT under the scope of this Contract including any amendment thereto.
- e. **CERTIFICATES OF INSURANCE.** The CONSULTANT shall furnish all Certificates of Insurance forwarded directly to the following:

City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

with information copied to the Designated Representative identified in this Contract. The Certificates shall clearly indicate that the CONSULTANT has obtained insurance of the type, amount and classification required by these provisions.

SECTION 11 - NEGOTIATION DATA.

11.1 The CONSULTANT hereby certifies, covenants and warrants that accounting documentation and supporting data which has established compensation provided for in this Contract are accurate, complete and current as of the date of negotiation of the compensation terms contained in this Contract. It is further agreed that the CONSULTANT's compensation under this Contract may be adjusted to exclude any significant sums where the CITY determines the CONSULTANT's compensation was increased due to inaccurate or incomplete wage rates and other factual unit costs. All such price adjustments shall be made prior to the end of this Contract. Records of costs incurred under the terms of this Contract shall be maintained and made available to the CITY during the period of this Contract and for five (5) years after final payment is made.

11.2 Copies of these documents and records shall be furnished upon request to the CITY at no cost. For the purpose of this Section, the end of this Contract shall be deemed to be the date of final acceptance of the work by the CITY.

SECTION 12 - OWNER OF DOCUMENTS.

12.1 It is understood and agreed that all documents, including detailed reports, plans, original drawings, survey field notebooks and all other data other than working papers, prepared or obtained by the CONSULTANT in connection with its services hereunder, shall be delivered to, or shall become the property of the CITY prior to final payment to the CONSULTANT. The CONSULTANT shall retain reproducible copies of all Documents for its files at Direct Reimbursable Cost. All Documents including drawings prepared by the CONSULTANT pursuant to this Contract are instruments of service in respect to the services described in the Assignment. Any reuse without written verification or adaptation by the CONSULTANT for the specific purpose intended will be at CITY's sole risk and without liability or legal exposure to the CONSULTANT; and the CITY shall indemnify to the maximum extent permitted by law and hold harmless the CONSULTANT from all claims, damages, losses and expenses including attorney's and expert's fees arising out of or resulting therefrom. Any such verification or adaptation by the CONSULTANT will entitle the CONSULTANT to further compensation at rates to be agreed upon by the CITY and the CONSULTANT.

12.2 Any Documents given to or prepared or assembled by the CONSULTANT and its subcontractors under this Contract shall be kept solely as property of the CITY and shall not be made available to any individuals or organizations without the prior written approval of the CITY.

12.3 The CONSULTANT may maintain copies of all work performed under this Contract for the CITY.

12.4 The CONSULTANT shall not publish any information concerning this project without the prior written consent of the CITY.

12.5 The CONSULTANT should abide by the Florida Public Records law, more fully described in "Exhibit C."

SECTION 13 - STANDARDS OF CONDUCT.

13.1 CONSULTANT EMPLOYEES. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this Contract and that the CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee working solely for the CONSULTANT any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award of making of this Contract.

13.2 EMPLOYMENT ELIGIBILITY. The Consultant shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.
- b. Subcontractors (i) Consultant shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Consultant with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of one (1) year after date of termination.

13.3 CONSULTANT COMPLIANCE WITH LAWS. The CONSULTANT shall comply with all Federal, State and local laws and ordinances in effect on the date of this Contract and applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex or national origin in the performance of work under this Contract.

- 13.4 CONFLICT OF INTEREST. The CONSULTANT hereby certifies that no undisclosed conflict of interest exists with respect to the present Contract, including any conflicts that may be due to representation of other clients, other contractual relationships of the CONSULTANT, or any interest in property which the CONSULTANT may have. The CONSULTANT further certifies that any apparent conflict of interest that arises during the term of the Contract will be immediately disclosed in writing to the CITY. Violation of this Section will be considered as Justification for immediate termination of this Contract under the provisions of Section 8.1.
- 13.5 REMOVAL OF EMPLOYEE. The CITY is empowered to require the CONSULTANT to remove any employee or representative of the CONSULTANT from working on this Assignment which the CITY determines is not satisfactorily performing his assigned duties or is demonstrating improper conduct. The CITY shall notify the CONSULTANT in writing of the CITY's objections prior to the CONSULTANT's removal of any employee or representative.
- 13.6 PUBLICATION. The CONSULTANT shall not publish any documents or release information to the media without prior approval of the CITY.

SECTION 14 - ACCESS TO RECORDS/AUDIT.

- 14.1 RECORDS MAINTENANCE. The CONSULTANT shall maintain books, records, documents, time and costs accounts and other evidence directly related to its performance of services under this Contract. All time records and cost data shall be maintained in accordance with generally accepted accounting practices. The CONSULTANT shall also maintain the financial information and data necessary to determine overhead rates in accordance with the requirements of Federal and State regulatory agencies and this Contract. The CITY, or any of its duly authorized representatives, shall have access within forty-eight (48) hours to such books, records, documents and other evidence for inspection, audit and copying. Copying of CONSULTANT's books, records, documents, time records and cost accounts and other evidence shall be at the CITY's expense.
- 14.2 ACCESS TO RECORDS. The CONSULTANT shall maintain and allow access to the records required under this Section for a period of five (5) years after the completion of the services provided under this Contract and date of final payment for said services, or date of termination of this Contract as may have been exercised under the terms of this Contract.

SECTION 15 - CODES AND DESIGN STANDARDS.

- 15.1 All of the services to be performed by the CONSULTANT shall in the minimum be in accordance with commonly accepted design codes and standards, standards of the CITY and the requirements of any Federal and/or State regulatory agencies in effect as of the date of this Contract. The CONSULTANT shall be responsible for keeping apprised of any changing codes or requirements, which requirements must be applied to the Assignment to be performed under this Contract. Any new codes or requirements becoming effective subsequent to the effective date of this Contract that require an additional level of effort to be performed by the CONSULTANT beyond that covered under the scope of this Contract

shall be subject to negotiation for an increase in scope and compensation by an amendment to this Contract.

SECTION 16 - ASSIGNABILITY

16.1 The CONSULTANT shall not sublet, assign or transfer any interest in this Contract, without prior written approval of the CITY, provided that claims for the money due or to become due the CONSULTANT from the CITY under this Contract may be assigned to a bank, trust company or other financial institution without such CITY approval. Notice of any such assignment or transfer shall be furnished promptly to the CITY.

SECTION 17 - CONTROLLING LAWS

17.1 This Contract is to be governed by the laws of the State of Florida.

SECTION 18 - FORCE MAJEURE

18.1 Neither party shall be considered in default in performance of its obligations hereunder to the extent that performance of such obligations, or any of them, is delayed or prevented by Force Majeure. Force Majeure shall include, but not be limited to, hostility revolution, civil commotion, strike, epidemic, fire, flood, wind, earthquake, explosion, any law, proclamation, regulation or ordinance or other act of government, or any act of God or any cause whether of the same or different nature, existing or future; provided that the cause whether or not enumerated in this Section is beyond the control and without the fault or negligence of the party seeking relief under this Section.

SECTION 19 - EXTENT OF CONTRACT

19.1 This Contract, together with the RFQ titled "[insert name of RFQ]" (issued [Click or tap to enter a date.]), the proposal submitted [Click or tap to enter a date.], and the Exhibits hereinafter identified and listed in this Section 19, incorporated herein and made a part hereof by this reference, constitute the entire Agreement between the CITY and the CONSULTANT and supersede all prior written or oral understandings in connection therewith. This Contract may only be amended, supplemented or modified by a formal Amendment or Change Order to this Contract. The Exhibits supplemental to and made a part of this Contract are as follows:

- Exhibit A: Scope of Services.
- Exhibit B: Task Order Form.
- Exhibit C: Addendum

CITY OF ST. PETE BEACH, FLORIDA **STANDARD CONTRACT ADDENDUM**

THIS ADDENDUM modifies the contract for services made and entered into this _____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the "City", and _____, hereinafter referred to as "Contractor" to include the following terms of this contract Addendum:

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor's compliance for Florida's Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency's statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of "foreign countries of concern" including, the People's Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People's Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such "foreign country of concern". Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those "foreign countries of concern" to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**
City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220

155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. **Public Records Compliance.** Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of the previous section.

4. **Compliance/Consistency with Section 768.28, Fla. Stat.** Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. **Non-appropriation.** City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City, subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. **E-Verify Compliance.** By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. **Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes.** Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section

287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or

proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding,

pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

EXHIBIT D

Public Assistance Grant Supplement

1. Applicability of this Exhibit; Conflicts.

- a. This Exhibit shall be fully incorporated into and made a part of the Agreement, as if the terms contained in this Exhibit were fully re-stated within the Agreement itself.
- b. This Exhibit shall apply: (a) in addition to anything contained in the Contract Documents; and (b) notwithstanding anything contained in the Contract Documents to the contrary. No other provision of the Contract Documents shall serve to limit or restrict the obligations imposed upon the parties in this Exhibit.
- c. In the event of a conflict between anything contained in this Exhibit and anything contained elsewhere in the Contract Documents, this Exhibit shall control and take precedence.
- d. Contractor's agreement to the terms contained in this Exhibit is a material inducement for Contractor to enter into the Agreement.
- e. If this Exhibit is attached to a Purchase Order, the term "Agreement" as used herein shall mean and refer to such Purchase Order to which this Exhibit is attached, and the term "Contract Documents" shall refer to all documents attached to and made a part of such Purchase Order.

2. Defined terms.

- a. For purposes of this Exhibit, the following definitions shall apply, in addition to any terms defined elsewhere in the Contract Documents:
 - i. The terms "recipient" and "non-Federal entity," and the term "applicant" as used in Section 3(a)(8) herein, shall have the same meaning as the term "Owner" as used in the Agreement;
 - ii. The term "contract" as used herein shall have the same meaning as the term "Contract" as used in the Agreement; and
 - iii. The term "contractor" or "prime contractor" as used herein shall have the same meaning as the term "Contractor" as used in the Agreement.
 - iv. The term "internal controls" means a process, implemented by a non-Federal entity, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (a) Effectiveness and efficiency of operations; (b) Reliability of reporting for internal and external used; and (c) Compliance with applicable laws and regulations. 2 CFR §200.61
 - v. The term "supplies" means all tangible personal property other than those described in 2 CFR §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the

non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 CFR §200.94

- vi. The term “disallowed costs” means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award. 2 CFR §200.31
- vii. The term “equipment” means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. 2 CFR §200.33

3. Equal Employment Opportunity (41 C.F.R. Part 60-1.4(b)).

a. During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (a) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors

violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

- (b) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148)

The Contractor agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act, as amended; the provisions of contract work hours; the Safety Standards Act; the Copeland "Anti-Kickback" Act (40 U.S.C. 276, 327-333); and all other applicable federal, state, and local laws and regulations pertaining to labor standards insofar as such acts apply to the performance of this Agreement. The Contractor shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the County for review upon request.

5. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred thousand dollars (\$100,000.00):

Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708).

Contractors engaged in contracts in excess of Two Thousand and 00/100 Dollars (\$2,000.00) shall comply with Federal requirements of the United States Department of Labor under 29 C. F. R., Parts 1, 3, 5, 6, and 7. All Contractors will comply with the following:

a. Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in 29 C.F.R. § 5.5(b)(1) the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in 29 C.F.R. § 5.5(b)(1), in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in 29 C.F.R. § 5.5(b)(1).

(3) *Withholding for unpaid wages and liquidated damages.* The Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in 29 C.F.R. § 5.5(b)(2).

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4) and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in 29 C.F.R. § 5.5(b)(1) through (4).

6. **Procurement of Recovered Materials (2 C.F.R. § 200.322)**

The Contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

7. The following paragraph, including all subparts, shall apply if the total compensation under the Agreement, including all change orders, exceeds one hundred fifty thousand dollars (\$150,000.00):

Clean Air Act and the Federal Water Pollution Control Act (42 U.S.C. §§ 7401-7671q and 33 U.S.C. §§ 1251-1387).

a. Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal awarding agency and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

4. Section 3 Clause

A. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are Subrecipients of HUD assistance for housing.

B. The Parties to this contract agree to comply with HUD's regulations in 24 C.F.R. part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The Contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section

3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The Contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 C.F.R. part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. part 135. The Contractor will not subcontract with any subcontractor where the Contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. part 135.

E. The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's obligations under 24 C.F.R. part 135.

F. Noncompliance with HUD's regulations in 24 C.F.R. part 135 may result in sanctions, termination of this contract for default and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with Section 3 covered Indian housing assistance, Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. § 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

b. Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Owner and understands and agrees that the Owner will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided through Pasco County, Florida.

8. Debarment and Suspension

a. Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with Executive Orders 12549 and 12689, and 2 C.F.R. pt. 180, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by Owner. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to Owner, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

9. Lobbying Prohibition

- a. No funds or other resources received under this Agreement may be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.
- b. Required Certification. Contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in

connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Signature of Contractor's Authorized Official

Name and Title of Contractor's Authorized Official

Date

10. Hatch Act

The Contractor agrees that no funds provided, nor personnel employed under the Agreement, shall be in any way or any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C.

11. Conflict of Interest

The Contractor shall abide by the provisions of 24 C.F.R., 570.611 and 2 C.F.R., 200.112. The Contractor shall maintain no present or future financial interest, direct or indirect, which would

conflict in any manner or degree with the performance of services required under this Agreement as indicated in 2 C.F.R., 200.318.

12. Religious Activities

The Contractor agrees that funds provided will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization, in accordance with the Federal regulations specified in 24 C.F.R., 570.200(j).

13. Access to Records

- a. Access to Records. The following access to records requirements apply to this contract:
 - (1) The Contractor, including all of its employees or agents, contractors, subcontractors and consultants to be paid from funds provided under this Agreement, agrees to provide the Department of Economic Opportunity (DEO), the Chief Financial Officer of the State of Florida, The Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or representatives of the Federal government or their duly authorized representatives, the Florida Division of Emergency Management, Owner, Pasco County, Florida, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions at reasonable times. "Reasonable" shall ordinarily mean during normal business hours of 8 a.m. to 5 p.m., local time, Monday through Friday.
 - (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
 - (3) The Contractor agrees to provide Pasco County, Florida or its authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.
 - (4) In compliance with the Disaster Recovery Act of 2018, the Owner and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by Pasco County, Florida or the Comptroller General of the United States.
 - (5) The Contractor shall include the aforementioned recordkeeping requirements in all approved contracts, subcontracts, and assignments.

14. Bonding Requirements

The Contractor agrees that related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 and Appendix 11; and if the contract is for construction or facility improvement it must also include the Federal bonding requirements 2 C.F.R. § 200.325.

15. Employment Eligibility Verification

- a. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires DEO contracts in excess of nominal value to expressly require the Contractor to:
 - i. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Subrecipient during the Agreement term; and,
 - ii. Include in all contracts under this Agreement the requirement that contractors, subcontractors, and consultants performing work or providing services pursuant to this Agreement use the E-Verify system to verify the employment eligibility of all new employees hired by the contractors, subcontractors, and consultants during the term of the contract.
- b. The Department of Homeland Security's E-Verify system can be found at: <http://www.uscis.gov/e-verify>
- c. If the Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Agreement.

16. DHS Seal, Logo, and Flags

The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific Pasco County, Florida pre-approval.

17. Compliance with Federal Law, Regulations, and Executive Orders

- a. This is an acknowledgement that Pasco County, Florida financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, Pasco County, Florida policies, procedures, and directives.

18. No Obligation by Federal Government

- a. The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

19. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

20. Procurement By Non-Competitive Proposals

- a. Policy:
 - i. It is the policy of BayCare Health System Inc. to follow the Uniform Federal Guidance 2 CFR 200.320 in regard to procurement by noncompetitive proposals (Sole Source Purchasing). Procurement by noncompetitive proposals is

procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source
 - (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
 - (3) The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity
 - (4) After solicitation of several sources, competition is determined inadequate.
- ii. The procurement must be necessary for the program, project, research or other circumstance supported by the grant; not reasonably available and accessible of the type normally charged as a direct cost to existing sponsored agreements and purchased in accordance with other Institutional policies and procedures.

21. In the Event of a Non-Emergent Procurement the PD/PI Should Complete:

- a. **Cost Price Analysis Form** which includes contractor's total cost proposal or price to determine which are allowable, show their direct relation to the requirements and, reasonableness; and complete the related BayCare **Cost Analysis Worksheet** to support the proposed budget or quotation outlined in the Cost Price Analysis Form. Completion of these forms by the originating department will document that a Cost Analysis has been conducted.
- b. If no additional vendors were available to conduct a comparison against using the Cost Price Analysis Form, please also complete and attach the **Sole Source Justification Form**.
- c. **Responsible Contractor Form**: to document that any contractors have been reviewed and approved for their compliance with Uniform Guidance, Title 2, Subtitle A, Chapter II, Part 200, Subpart D, §200.318, section H.
- d. In addition, related contracts must include the required contract clauses outlined in 2 C.F.R. § 200.326 & Appendix 11; and if the contract is for construction or facility improvement also include the Federal bonding requirements 2 C.F.R. § 200.325.

22. Build America Buy America Act (BABA)

- a. The Contractor shall comply with the requirements under the Build America, Buy America Act when using Federal funds for the purchase of iron, steel, manufactured products, and construction materials permanently incorporated into infrastructure projects as applicable pursuant to the Build America, Buy America Act. All iron, steel, manufactured products

and construction materials used under a federally grant funded project must be produced in the United States as applicable pursuant BABA. The requirements of this section must be included in all sub-awards including all contracts and purchase orders for work or products under this award.

- b. For purposes of this section:
 - i. “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - ii. “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

23. Contracting with Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms. 2 C.F.R. § 200.321

- a. Contractors will take all necessary affirmative steps to assure that minority business, women's business enterprises, and labor surplus area firms are used when possible.
- b. Affirmative steps must include:
 - i. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - ii. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - iii. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
 - iv. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
 - v. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
 - vi. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (i) through (v) of this section.

24. Compliance with Copeland “Anti-Kickback”

- a. Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as appropriate instructions may require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

25. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment.
2 C.F.R. § 200.216

- a. Under this Agreement, grant funds will not be obligated or expended to:
 - (1) Procure or obtain;
 - (2) Extend or renew a contract to procure or obtain; or
 - (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - A. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - B. Telecommunications or video surveillance services provided by such entities or using such equipment.
 - C. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.
 - (4) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
 - (5) For more information, See 2 C.F.R. § 200.471.

26. Historic Artifact Discovery

If prehistoric or historic artifacts, such as pottery or ceramics, projectile points, dugout canoes, metal implements, historic building materials, or any other physical remains that could be associated with Native American, early European, or American settlement are encountered at any time within the project site area, the permitted project shall cease all activities involving subsurface disturbance in the vicinity of the discovery. The applicant shall contact the Florida Department of State, Division of Historical Resources, Compliance Review Section at (850)-245-6333. Project activities shall not resume without verbal and/or written authorization. In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately, and the proper authorities notified in accordance with Section 872.05, Florida Statutes.

The terms in this Exhibit are hereby agreed upon by the Contractor as of this 11th day of August, 2025.

Signed: 

Print Name: BRANDYN D. LITTLETON

**CITY COMMISSION MEETING
CITY OF ST. PETE BEACH
COMMISSION CHAMBERS**

Agenda Report

Agenda Title Name: Authorize the City Manager to execute the Continuing Contract for Professional Design Services with NorthStar Consulting Group, Inc., for three years.

Action Request: Motion to authorize the City Manager to execute the Continuing Contract for Professional Design Services with NorthStar Consulting Group, Inc., for three years and to authorize the City Manager to execute the Contract.

Strategic Objective: Operational Excellence

Date: September 22, 2025

Prepared By: Camden Mills, Public Services Director

Through: Frances Robustelli, City Manager

Summary of Issue: The City publicly advertised a Request for Qualifications (RFQ) for Engineering and Consulting Services, and a total of 29 firms submitted proposals for evaluation on May 6, 2025. The City's RFQ evaluation committee recommended 7 firms for continuing contracts to support budgeted capital improvement projects throughout the City. NorthStar Consulting Group, Inc. was selected to provide services related to general engineering, architectural, soils and materials.

This contract shall expire three (3) years after the effective date and may be extended for up to two (2) additional one (1) year periods.

Funding: Task orders will be issued project by project on an as-needed basis, subject to budgeted funds, within the Consultant's Competitive Negotiation Act (CCNA), established under Florida Statute 287.055.

CITY OF ST. PETE BEACH, FLORIDA
Continuing Contract for Professional Design Services

NORTHSTAR CONSULTING GROUP, INC.-General Engineering,
Architectural, Soil and Material

This is a Contract (the “Contract”) entered into by and between the City of St. Pete Beach (hereinafter "CITY") and NorthStar Consulting Group, Inc. (hereinafter "CONSULTANT"). The CITY and CONSULTANT together shall be referred to as the “Parties.”

WHEREAS, the CITY desires to retain the CONSULTANT to perform Continuing Professional Design Services- General Engineering, Architectural, Soil and Material for the CITY, more fully described below in the “scope of services” section.

WHEREAS, the CITY desires to employ the CONSULTANT for the Continuing Professional Design Services- General Engineering, Architectural, Soil and Material and other services upon the terms and conditions hereinafter set forth, and the CONSULTANT is desirous of performing such services upon such terms and conditions.

WHEREAS, the CONSULTANT has been selected to perform these professional services pursuant to the provisions of the “Consultants’ Competitive Negotiation Act” in Section 287.055; Florida Statutes, and all applicable CITY rules, regulations and policies.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

SECTION 1 – GENERAL.

- 1.1 The above recitals are true and correct, and incorporated as part of this Contract.
- 1.2 CONSULTANT shall be defined herein to include all principals of the firm of, including full time employees, professionals or otherwise, and all servants, agents, employees and/or subconsultants retained by the CONSULTANT to perform its obligations hereunder. Subconsultants shall be reviewed and approved by the CITY prior to Notice to Proceed with their prospective work assignments.
- 1.3 “Professional services” means those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered surveying and mapping, as defined by the laws of the state, or those performed by any architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.

- 1.4 Prior to the start of any work under this Contract, the CONSULTANT will have submitted to the CITY a detailed resume of key engineering personnel that will be involved in performing services requested by the CITY. The CITY hereby acknowledges its acceptance of such personnel to perform services under this Contract. At any time hereafter that the CONSULTANT desires to change the key personnel in an active assignment, it shall submit the qualifications of the new personnel to the CITY for prior approval. Key personnel shall include principals-in-charge, project managers and project engineers. The provisions of this Section do not apply to personnel temporarily assigned to perform service under this Contract for durations of one (1) week or less.
- 1.5 The CONSULTANT acknowledges that the CITY has retained other consultants, engineering and otherwise, and the coordination between said consultants and the CONSULTANT may be necessary from time to time for the successful completion of the Assignments. The CONSULTANT agrees to provide such coordination as necessary within the Scope of Services.
- 1.6 The CONSULTANT acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Contract.
- 1.7 The CONSULTANT will maintain an adequate and competent staff of professionally qualified persons throughout the performance of this Contract to ensure acceptable and timely completion of the Assignment.
- 1.8 Requirements for sealing all plans, reports and documents prepared by the CONSULTANT shall be governed by the laws and regulations of the State of Florida and the requirements of any regulatory agency, if required.
- 1.9 This Contract may be executed by the parties in counterpart originals with the same force and effect as if fully and simultaneously executed as a single original document. The "Effective Date" of this Contract shall be the date this Contract has been executed by all parties.

SECTION 2 – SCOPE OF SERVICES.

- 2.1 The CONSULTANT shall diligently and in a professional and timely manner perform the work included in the Scope of Services as listed generally in the Request for Qualifications (RFQ) attached and incorporated in this Contract as Exhibit A. Unless modified in writing by the parties hereto, duties of the CONSULTANT shall not be construed to exceed those services specifically set forth herein.
- 2.2 GENERAL. The CONSULTANT agrees to perform those services described in Exhibit A – RFQ, dated 3/19/2025, which is attached hereto and made a part hereof.
- 2.3 ADDITIONAL SERVICE. The CITY and the CONSULTANT agree that there may be certain additional services required to be performed by the CONSULTANT during the

performance of the Scope of Services that cannot be defined sufficiently at the time of execution of this Contract. Such services shall be authorized in writing as Task Orders and shall be undertaken only under terms of formal amendments to this Contract.

- 2.4 **TASK ORDERS.** Additional services to be provided by the CONSULTANT shall be authorized in writing as Task Orders. Task Orders to be provided shall be prepared on the form delineated as Exhibit B - which is attached hereto and made a part hereof each Task Order shall include: a detailed description of the work to be performed; a schedule of completion (including phases) for the work authorized; and the amount and method of compensation. Task Orders shall be dated and serially numbered annually. The Task Orders may contain additional instructions or provisions specific to the authorized work for the purpose of expanding upon certain aspects of this Contract pertinent to the work to be undertaken. Such supplemental instructions or provisions shall not be construed as a modification of this contract.
- 2.5 The CITY Manager or his/her designee may authorize Task Orders for services under this continuing contract, which are equal to or less than limits prescribed for Continuing Contracts under the provision of F.S. 287.055(g) or limits set by the CITY's rules, regulations, and policies. Professional fees under such specified Task Orders shall be based on a written proposal from the CONSULTANT as may be requested in writing by the CITY's designated representative, who shall process the proposal through the appropriate departments at the CITY. A single unitary task may not be divided into more than one task for the purpose of qualifying for authorization hereunder. Nothing in this paragraph is intended to limit any other rights, responsibilities, and duties of the parties under any other provision of this continuing contract.

SECTION 3 – CITY'S RIGHTS AND RESPONSIBILITIES.

The CITY shall provide the service described below in a timely fashion at no cost to the CONSULTANT:

- 3.1 Furnish the CONSULTANT with existing data, records, maps, plans, specifications, reports, fiscal data and other information that is available in the CITY's files, necessary or useful to the CONSULTANT for the performance of the assignment. All of the documents conveyed by the CITY shall be and remain the property of the CITY and shall be returned to the CITY upon completion of the assignment to be performed by the CONSULTANT.
- 3.2 Make CITY personnel available when required and necessary to assist the CONSULTANT. The availability and necessity of said personnel to assist the CONSULTANT shall be determined solely at the discretion of the CITY.
- 3.3 Provide access to and make provisions for the CONSULTANT to enter upon the project lands as required for the CONSULTANT within a reasonable time, to perform surveys, observations and other work as necessary to complete the assignment.

- 3.4 Examine all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and render written decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- 3.5 Transmit instructions, relevant information and provide interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- 3.6 Give prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any development that affects the scope of timing of the CONSULTANT's services or becomes aware of any defect or changes necessary in the work of the CONSULTANT.
- 3.7 Arrange for submission of necessary permits/applications to governmental bodies as prepared by the CONSULTANT.
- 3.8 Furnish approvals and permits from all governmental authorities having jurisdiction and such approvals and consents from others as may be necessary for completion of the assignment not covered under the assignment.

SECTION 4 – COMPENSATION.

- 4.1 GENERAL. Compensation to the CONSULTANT for services performed pursuant to this Contract shall be in accordance with the following method or compensation, as defined and indicated a the "Lump Sum Method."

The type and amount of compensation for each Task Order shall be described on the Task Order form included in "Exhibit B."

4.2 LUMP SUM METHOD

- a. Lump Sum compensation shall be the total fixed price amount payable under the Lump Sum Method (including all payroll costs, overhead costs, other direct costs, fees, subconsultants' and specialist costs), for the services to be provided in the Task Order unless there is a change in the scope of the work, or other conditions stipulated in the Task Order, and the Task Order is modified by both the CITY and CONSULTANT to reflect the change(s) by formal amendment to this Contract.
- b. Payment to the CONSULTANT for services performed under a Task Order under the Lump Sum Method shall be monthly in proportion to the percentage of work completed during the month as proposed by the CONSULTANT and accepted by the CITY.

- 4.3 INVOICE PROCESSING: Invoices received by the CITY will be processed for payment within thirty (30) days of receipt of invoice. CONSULTANT will be notified of questionable items contained in the invoices within fifteen (15) days of receipt by the

CITY with an explanation of the deficiencies. The CITY will make an effort to resolve all questionable items contained in the CONSULTANT's invoices within thirty (30) days of receipt of the invoices by the CITY. At the end of the thirty (30) day period, the CITY shall pay the CONSULTANT the invoice amount less any unresolved questionable items. Invoices are to be forwarded directly to the initiating CITY representative.

4.4 **PAYMENT IN THE EVENT OF CONTRACT TERMINATION OR SUSPENSION.** In the event that a Task Order or this Contract is terminated or canceled, or the CONSULTANT's services suspended on a Task Order or this Contract, prior to completion, payment shall be made in accordance with the provisions of this Contract.

4.5 **ADDITIONAL COMPENSATION FOR CHANGE IN SCOPE OF ASSIGNMENT.** If instructed to do so by CITY, the CONSULTANT shall change or revise work that has been performed, and if such work is not required as a result of error, omission or negligence of the CONSULTANT, the CONSULTANT may be entitled to additional compensation. The additional compensation shall be requested by the CONSULTANT on a revised fee quotation proposal which must be submitted to the CITY for prior approval. The additional compensation, if any, shall be agreed upon before commencement of any such additional work and shall be incorporated into the assignment by formal amendment or Task Order to this Contract.

SECTION 5 - WORK COMMENCEMENT/IMPLEMENTATION SCHEDULE/LENGTH OF CONTRACT.

5.1 **WORK COMMENCEMENT.** The CONSULTANT shall commence work on each authorized Task Order within ten (10) days after receipt by the CONSULTANT of a written Notice-To-Proceed from the CITY's Designated Representative. If the CONSULTANT fails to commence work within the ten (10) day period, then the CITY shall have the right to seek other firms for the Assignment, unless the delay is due to no fault of the CONSULTANT.

5.2 **IMPLEMENTATION SCHEDULE.** The CONSULTANT must complete its work in accordance with the time schedule specified in the applicable Task Order/Assignment. In the event the work of the CONSULTANT is delayed due to no fault of the CONSULTANT, which delays the completion of any Task Order of the Assignment, the CONSULTANT is entitled to an appropriate extension of the contract time for the specific Task Order. Additional compensation to the CONSULTANT will be negotiated to the mutual agreement of the CITY and the CONSULTANT in the event such delay causes any Task Order's costs to increase for reasons beyond the CONSULTANT's control.

5.3 **TERM.** This Contract shall expire three (3) years after the effective date of this Contract and may be extended for up to two (2) additional one (1) year periods, not to exceed five (5) years maximum, upon written mutual consent of the CITY and the CONSULTANT.

5.4 **CONTINUING CONTRACT.** In accordance with 287.055 (g), this is a "continuing contract" for professional services entered into in accordance with all procedures of this act between the CITY and the CONSULTANT, whereby the CONSULTANT shall

provide professional services to the CITY for projects in which construction or professional costs do not exceed the statutory limitations imposed. Additionally, the CONSULTANT shall provide for work of a specified nature as outlined in Exhibit A of this Contract as required by the CITY.

SECTION 6 - CITY'S "DESIGNATED" REPRESENTATIVE.

- 6.1 GENERAL. The CITY hereby designates the CITY Manager or his/her designee to represent the CITY in all matters pertaining to and arising from the work and performance of this contract. The CITY Manager or designee shall have the following responsibilities:
- a. Examination of all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and rendering, in writing, decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
 - b. Transmission of instructions, receipt of information and interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
 - c. Giving prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any defects or changes necessary in the project.
 - d. Following the CONSULTANT's preparation of any necessary applications to governmental bodies, to arrange for submission of all applications.
 - e. When appropriate, authorizing Task Orders equal to or less than limits prescribed for Continuing Contracts pursuant to the provisions of FS 287.055(g) and applicable rules, regulations, r policies of the City.

SECTION 7 - CHANGES IN SCOPE.

- 7.1 The CITY or the CONSULTANT may request changes in the Scope of Services of a Task Order. Such change(s), including any increase or decrease in the amount of the CONSULTANT's compensation for any Task Order pursuant to this Contract, which are mutually agreed upon by and between the CITY and the CONSULTANT, shall be incorporated by written formal amendment.

SECTION 8 - TERMINATION OF CONTRACT.

- 8.1 TERMINATION BY CITY FOR CAUSE. The CITY may terminate this Contract for any one or more of the following reasons:
- a. If adequate progress on any phase of the assignment is not being made by the CONSULTANT as a direct result of the CONSULTANT's failure to perform.

- b. The quality of the services performed by the CONSULTANT is not in conformance with commonly accepted design codes and standards, standards of the CITY and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Contract, and the particular services involved are considered by the CITY to be essential to the proper completion of any Assignment.
- c. The CONSULTANT or any employee or agent of the CONSULTANT is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any work that has been performed by the CONSULTANT.
- d. The CONSULTANT becomes involved in either voluntary or involuntary bankruptcy proceedings, or makes an assignment for the benefit of creditors.
- e. The CONSULTANT violates the Standards of Conduct provisions of this Contract herein.
- f. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
- g. Sub-standard or non-performance of Agreement.
- h. The City wishes to terminate at any time and for any reason, upon giving sixty (60) days prior written notice to the CONSULTANT.

8.2 TERMINATION BY CONSULTANT FOR CAUSE. The CONSULTANT may cancel this Contract for the following reasons:

- a. The CITY fails to meet its obligations and responsibilities as contained in the sections of this Contract describing the CITY's Rights and Responsibilities.
- b. The CITY fails to pay the CONSULTANT in accordance with this Contract.
- c. In the event of either of the causes described in this Contract, the CONSULTANT may send a certified letter requesting that the CITY show cause why the Contract should not be terminated. If adequate assurances are not given to the CONSULTANT within fifteen (15) days of the receipt by the CITY of said show cause notice, then the CONSULTANT may consider the CITY to be in default, and may immediately terminate this Contract.

8.3 TERMINATION BY CITY WITHOUT CAUSE. Notwithstanding any other provision of this Contract, the CITY shall have the right at any time to terminate this Contract in its entirety without cause, or terminate by specific Assignment without cause, provided that ten (10) days prior written notice is given to the CONSULTANT of the CITY's intent to terminate. In the event that a Task Order is terminated, The CITY shall identify the specific Task Order(s) being terminated and the specific Task Order(s) to be continued to completion pursuant to the provisions of this Contract. This Contract will remain in full

force and effect as to all authorized Task Orders which are to be continued to completion under this type of arrangement.

- 8.4 PAYMENT IN THE EVENT OF TERMINATION. In the event this Contract or any Assignment is terminated or canceled prior to final completion without cause, payment for unpaid portion of the services provided by the CONSULTANT to the date of termination and any additional services thereafter will be determined by negotiation between the CITY and the CONSULTANT. No amount shall be allowed for anticipated profit on unperformed services or other work. In the event of termination for cause, the CITY may adjust any payment to take into account any additional direct costs to be incurred by the CITY due to such default.

8.5 ACTION FOLLOWING TERMINATION

- a. Upon receipt of notice of termination, given by either party, the terminated party shall promptly discontinue all services and other work, unless the notice provides otherwise.
- b. In the case of the CITY terminating the CONSULTANT, the CONSULTANT shall within ten (10) days or any extension thereto as may be mutually agreed to, deliver or otherwise make available to the CITY all reports, drawings, plans, specifications and other data and documents that have been obtained or prepared by the CONSULTANT in performing the Services under this Contract, regardless of whether the work on such documents has been completed or is in progress and said documents shall remain the property of the CITY. Notwithstanding the foregoing, the CONSULTANT shall not be held liable for the accuracy or reliability of any partially completed work delivered in accordance with this provision.

8.6 SUSPENSION

- a. The performance of the CONSULTANT's service under any provision of this Contract may be suspended by the CITY at any time. In the event the CITY suspends the performance of the CONSULTANT's services hereunder, the CITY shall so notify the CONSULTANT in writing, such suspension becoming effective upon the date of its receipt by the CONSULTANT, and CITY shall promptly pay to the CONSULTANT all fees which have become due and payable to the CONSULTANT to the effective date of such suspension. The CITY shall thereafter have no further obligation for payment to the CONSULTANT for the suspended services unless and until the CITY notifies the CONSULTANT that the services of the CONSULTANT called for hereunder are to be resumed. Upon receipt of written notice from the CITY that the CONSULTANT's services hereunder are to be resumed, the CONSULTANT shall complete the services of the CONSULTANT called for in this Contract and the CONSULTANT shall, in that event, be entitled to payment of the remaining unpaid compensation which becomes payable to the CONSULTANT under this Contract, same to be payable at the times and in the number specified herein. In no event will the compensation

or any part thereof become due or payable to the CONSULTANT under this Contract unless and until the CONSULTANT has attained that state of work where the same would be due and payable to the CONSULTANT under the provisions of this Contract.

- b. If the aggregate time of the CITY's suspension(s) of the CONSULTANT's Services under any Task Order of this Contract exceeds sixty (60) days, then the CONSULTANT and the CITY shall, upon request of the CONSULTANT, meet to assess the services performed hereunder up to the time of such meeting, the services remaining to be performed and the total compensation paid to the CONSULTANT hereunder and, during such meeting, shall have the option of negotiating a change in compensation to be paid to the CONSULTANT for the balance of the Services to be performed hereunder. No increase in compensation to the CONSULTANT shall be allowed unless it is based upon clear and convincing evidence of an increase in the CONSULTANT's costs attributable to the aforesaid suspension(s).

SECTION 9 - CLAIMS AND DISPUTES/REMEDIES.

- 9.1 CLAIMS AND DISPUTES. Any claims, disputes and/or matters in question between the parties arising out of or relating to this Contract, including claims for extra compensation, shall be filed in writing by the aggrieved party to the other party within forty-five (45) days of its occurrence. Should such claims not be formally submitted within said forty-five (45) day period, the aggrieved party agrees not to make such claim against the other party at any time in the future. Should any claim or dispute not be mutually resolved between the parties within sixty (60) days thereafter, the aggrieved party shall then seek to resolve the matter in accordance with the "Remedies" provisions of this Contract.
- 9.2 REMEDIES. Except as provided in Section 9.1 herein, all claims, disputes and/or matters in question between the CITY and the CONSULTANT arising out of or relating to this Contract, or the breach of it will be decided by Mediation if the parties hereto mutually agree, or in a court of competent jurisdiction. Venue for any dispute or formal litigation concerning this contract shall be in the appropriate court with territorial jurisdiction over the City of St. Pete Beach, Florida. In the event of a dispute or litigation, each party to such dispute or litigation shall be solely responsible for its own attorneys' fees and costs. This contract shall not be construed for or against any party hereto, without regard to which party is wholly or partly responsible for its drafting.

SECTION 10 - INDEMNITY AND INSURANCE.

- 10.1 GENERAL. To the fullest extent permitted by Florida law, the CONSULTANT shall indemnify and hold harmless the CITY and its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONSULTANT and other persons employed or utilized by the Consultant in the performance of the contract.

10.2 INSURANCE. The CONSULTANT will possess or obtain and continuously maintain the following insurance coverage, from a company or companion authorized to do business in the State of Florida, and will provide Certificates of insurance to the CITY, evidencing such insurance, within fifteen (15) days following the CONSULTANT's receipt of Notice to Proceed on the Assignment from the CITY. The insurance coverage shall contain a provision, which requires that prior to any changes or material alterations in the coverage, except aggregate coverage, thirty (30) days prior written notice will be given to the CITY. Specific insurance requirements may include:

- a. WORKER'S COMPENSATION. The CONSULTANT must provide Worker's Compensation for all employees at the site location, and in case any work is subcontracted, will require the Subcontractor to provide Worker's Compensation for all of its employees.
- b. COMMERCIAL GENERAL LIABILITY. The CONSULTANT must provide coverage for all operations as detailed in the Scope of Services including, but not limited to, Contractual, Products and completed Operations and Personal Injury. The limits will be not less than \$2,000,000 Combined Single Limit (CSL) or its equivalent.
- c. AUTOMOBILE LIABILITY. The CONSULTANT must provide coverage for all owned and non-owned vehicles for limits of not less than \$1,000,000 CSL or its equivalent.
- d. PROFESSIONAL LIABILITY INSURANCE. Annual Professional Liability Insurance must be maintained with coverage in an amount as detailed in the City of St. Pete Beach Request for Qualifications (RFQ) titled "Engineering and Consulting Services". Said Professional Liability Insurance shall provide for all sums which the CONSULTANT shall be obligated to pay as damages for claims arising out of negligent performance by the CONSULTANT, or any person or subcontractor employed by the CONSULTANT, in conjunction with this Contract. This insurance shall also be maintained for a minimum of three (3) years after completion of the CONSULTANT's services and/or construction and acceptance of the facilities designed by the CONSULTANT under the scope of this Contract including any amendment thereto.
- e. CERTIFICATES OF INSURANCE. The CONSULTANT shall furnish all Certificates of Insurance forwarded directly to the following:
City of St. Pete Beach-City Clerk's Office
155 Corey Avenue
St. Pete Beach, FL 33706
with information copied to the Designated Representative identified in this Contract. The Certificates shall clearly indicate that the CONSULTANT has obtained insurance of the type, amount and classification required by these provisions.

SECTION 11 - NEGOTIATION DATA.

11.1 The CONSULTANT hereby certifies, covenants and warrants that accounting documentation and supporting data which has established compensation provided for in this Contract are accurate, complete and current as of the date of negotiation of the compensation terms contained in this Contract. It is further agreed that the CONSULTANT's compensation under this Contract may be adjusted to exclude any significant sums where the CITY determines the CONSULTANT's compensation was increased due to inaccurate or incomplete wage rates and other factual unit costs. All such price adjustments shall be made prior to the end of this Contract. Records of costs incurred under the terms of this Contract shall be maintained and made available to the CITY during the period of this Contract and for five (5) years after final payment is made.

11.2 Copies of these documents and records shall be furnished upon request to the CITY at no cost. For the purpose of this Section, the end of this Contract shall be deemed to be the date of final acceptance of the work by the CITY.

SECTION 12 - OWNER OF DOCUMENTS.

12.1 It is understood and agreed that all documents, including detailed reports, plans, original drawings, survey field notebooks and all other data other than working papers, prepared or obtained by the CONSULTANT in connection with its services hereunder, shall be delivered to, or shall become the property of the CITY prior to final payment to the CONSULTANT. The CONSULTANT shall retain reproducible copies of all Documents for its files at Direct Reimbursable Cost. All Documents including drawings prepared by the CONSULTANT pursuant to this Contract are instruments of service in respect to the services described in the Assignment. Any reuse without written verification or adaptation by the CONSULTANT for the specific purpose intended will be at CITY's sole risk and without liability or legal exposure to the CONSULTANT; and the CITY shall indemnify to the maximum extent permitted by law and hold harmless the CONSULTANT from all claims, damages, losses and expenses including attorney's and expert's fees arising out of or resulting therefrom. Any such verification or adaptation by the CONSULTANT will entitle the CONSULTANT to further compensation at rates to be agreed upon by the CITY and the CONSULTANT.

12.2 Any Documents given to or prepared or assembled by the CONSULTANT and its subcontractors under this Contract shall be kept solely as property of the CITY and shall not be made available to any individuals or organizations without the prior written approval of the CITY.

12.3 The CONSULTANT may maintain copies of all work performed under this Contract for the CITY.

12.4 The CONSULTANT shall not publish any information concerning this project without the prior written consent of the CITY.

12.5 The CONSULTANT should abide by the Florida Public Records law, more fully described in “Exhibit C.”

SECTION 13 - STANDARDS OF CONDUCT.

13.1 CONSULTANT EMPLOYEES. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this Contract and that the CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee working solely for the CONSULTANT any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award of making of this Contract.

13.2 EMPLOYMENT ELIGIBILITY. The Consultant shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security’s E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.
- b. Subcontractors (i) Consultant shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Consultant with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Consultant’s E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of one (1) year after date of termination.

- 13.3 **CONSULTANT COMPLIANCE WITH LAWS.** The CONSULTANT shall comply with all Federal, State and local laws and ordinances in effect on the date of this Contract and applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex or national origin in the performance of work under this Contract.
- 13.4 **CONFLICT OF INTEREST.** The CONSULTANT hereby certifies that no undisclosed conflict of interest exists with respect to the present Contract, including any conflicts that may be due to representation of other clients, other contractual relationships of the CONSULTANT, or any interest in property which the CONSULTANT may have. The CONSULTANT further certifies that any apparent conflict of interest that arises during the term of the Contract will be immediately disclosed in writing to the CITY. Violation of this Section will be considered as Justification for immediate termination of this Contract under the provisions of Section 8.1.
- 13.5 **REMOVAL OF EMPLOYEE.** The CITY is empowered to require the CONSULTANT to remove any employee or representative of the CONSULTANT from working on this Assignment which the CITY determines is not satisfactorily performing his assigned duties or is demonstrating improper conduct. The CITY shall notify the CONSULTANT in writing of the CITY's objections prior to the CONSULTANT's removal of any employee or representative.
- 13.6 **PUBLICATION.** The CONSULTANT shall not publish any documents or release information to the media without prior approval of the CITY.

SECTION 14 - ACCESS TO RECORDS/AUDIT.

- 14.1 **RECORDS MAINTENANCE.** The CONSULTANT shall maintain books, records, documents, time and costs accounts and other evidence directly related to its performance of services under this Contract. All time records and cost data shall be maintained in accordance with generally accepted accounting practices. The CONSULTANT shall also maintain the financial information and data necessary to determine overhead rates in accordance with the requirements of Federal and State regulatory agencies and this Contract. The CITY, or any of its duly authorized representatives, shall have access within forty-eight (48) hours to such books, records, documents and other evidence for inspection, audit and copying. Copying of CONSULTANT's books, records, documents, time records and cost accounts and other evidence shall be at the CITY's expense.
- 14.2 **ACCESS TO RECORDS.** The CONSULTANT shall maintain and allow access to the records required under this Section for a period of five (5) years after the completion of the services provided under this Contract and date of final payment for said services, or date of termination of this Contract as may have been exercised under the terms of this Contract.

SECTION 15 - CODES AND DESIGN STANDARDS.

- 15.1 All of the services to be performed by the CONSULTANT shall in the minimum be in accordance with commonly accepted design codes and standards, standards of the CITY and the requirements of any Federal and/or State regulatory agencies in effect as of the date of this Contract. The CONSULTANT shall be responsible for keeping apprised of any changing codes or requirements, which requirements must be applied to the Assignment to be performed under this Contract. Any new codes or requirements becoming effective subsequent to the effective date of this Contract that require an additional level of effort to be performed by the CONSULTANT beyond that covered under the scope of this Contract shall be subject to negotiation for an increase in scope and compensation by an amendment to this Contract.

SECTION 16 - ASSIGNABILITY

- 16.1 The CONSULTANT shall not sublet, assign or transfer any interest in this Contract, without prior written approval of the CITY, provided that claims for the money due or to become due the CONSULTANT from the CITY under this Contract may be assigned to a bank, trust company or other financial institution without such CITY approval. Notice of any such assignment or transfer shall be furnished promptly to the CITY.

SECTION 17 - CONTROLLING LAWS

- 17.1 This Contract is to be governed by the laws of the State of Florida.

SECTION 18 - FORCE MAJEURE

- 18.1 Neither party shall be considered in default in performance of its obligations hereunder to the extent that performance of such obligations, or any of them, is delayed or prevented by Force Majeure. Force Majeure shall include, but not be limited to, hostility revolution, civil commotion, strike, epidemic, fire, flood, wind, earthquake, explosion, any law, proclamation, regulation or ordinance or other act of government, or any act of God or any cause whether of the same or different nature, existing or future; provided that the cause whether or not enumerated in this Section is beyond the control and without the fault or negligence of the party seeking relief under this Section.

SECTION 19 - EXTENT OF CONTRACT

- 19.1 This Contract, together with the RFQ titled "Engineering and Consulting Services" (issued 3/19/2025), the proposal submitted 4/25/2025, and the Exhibits hereinafter identified and listed in this Section 19, incorporated herein and made a part hereof by this reference, constitute the entire Agreement between the CITY and the CONSULTANT and supersede all prior written or oral understandings in connection therewith. This Contract may only be amended, supplemented or modified by a formal Amendment or Change Order to this Contract. The Exhibits supplemental to and made a part of this Contract are as follows:

Exhibit A: Scope of Services.

Exhibit B: Task Order Form.

Exhibit C: 2025 Standard Addendum
Exhibit D: FEMA Grant Provisions

IN WITNESS WHEREOF, the Parties have executed this Contract on the day and year set forth below.

REQUEST FOR QUALIFICATIONS

Engineering and Consulting Services |

REQUEST FOR QUALIFICATIONS SUMMARY

The City of St. Pete Beach is accepting sealed Summary of Qualifications (SOQ) submittals from qualified firms for Engineering and Consulting Services. The City will be selecting at least five (5) firms or more for a three (3) year term with two (2) one-year contract renewal options. |

SUBMITTER INFORMATION

All Submitters must contact the City's Procurement Manager, in writing via e-mail (jtaylor@stpetebeach.org), with their intention to submit, along with their company name and contact information at least ten business days before the submittals are due. The City is not responsible for any Addendums or other supplementary information that is not received due to non-submittal of the aforementioned information. Please refer back to the city website (<http://www.stpetebeach.org/>) for additional project information as it becomes available. The City reserves the right to decide whether to provide addendums or not. The City is not required to provide any additional information.

MANDATORY PRE-SUBMITTAL MEETING

A **MANDATORY** pre-submittal meeting will be held **3/26/2025 at 11:00 AM EST** via TEAMS Video conference/Teleconference. Please contact the City's Procurement Manager (jtaylor@stpetebeach.org) for a meeting invitation and TEAMS Meeting instructions.

QUALIFICATIONS SUBMITTALS

Submittal documents must include all items listed under the Submission Instructions Section of the Request for Qualifications (RFQ).

Submissions should be made electronically either to DemandStar or Bonfire by the due date. Only electronic submissions will be accepted.

The deadline for submissions is at Time **9:00 AM EST on 4/23/2025 (Deadline)**. Any electronic qualifications not received by this deadline will not be accepted – NO EXCEPTIONS.

Clearly marked Each Submittal with the service type you are bidding on.

Electronic submissions will be publicly opened and read right after the submittal deadline.

Openings are typically opened in Commission Chambers and are open to the public to witness, if desired.

Phone - (727) 363-9279

E-mail - jtaylor@stpetebeach.org |

WRITTEN REQUESTS FOR INTERPRETATIONS/CLARIFICATIONS

No oral interpretations will be made to any firms as to the meaning of the scope of work or any other contract documents included in this RFQ. All questions pertaining to the terms and conditions or scope of work of this Request for Qualification (RFQ) must be sent in writing (e-mail is acceptable) to the City Procurement Manager and shall be received no later than **10:00 AM EST on 4/16/2025**. Responses to questions may be handled as an Addendum if the response would provide clarification to the requirements of the **RFQ**. All such Addenda shall become a part of the contract documents. The City will not be responsible for any other explanation or interpretation of the proposed **RFQ** made or given prior to the award of the contract. The City will not respond to questions received after the specified deadline. The City reserves the right to respond to any and all questions but is not required to do so.

SCOPE OF WORK

The scope of work consists of providing project specific civil engineering, architectural, mapping and other related services for the City on an as-needed basis for miscellaneous current and future projects. As this contract is issued in accordance with Florida Statutes 287.055, the Consultants' Competitive Negotiation Act, projects issued under the awarded contracts will be limited to those in accordance with limits established for a "continuing contract". The City anticipates awarding multiple contracts within the following categories:

- A. General Engineering Design Services
 - a. Roads including asphalt, concrete, shell permeable alternatives and multimodal implementation.
 - b. Bridges, components above and below the water line including rehabilitation or replacement of all components and inspections.
 - c. Asbestos, lead based paint, petroleum and other hazardous, toxic radioactive waste investigations and remediation services.
 - d. Geotechnical soil investigations.
 - e. Stormwater including all components of conveyance systems for gravity flow and force main pump systems.
 - f. Sanitary including all components of conveyance systems for gravity flow, force main flow, pump stations, lift stations, and air release. All requirements for operational control of pump and lift stations including power and electronic controls.
 - g. Electrical requirements including conventional facilities, transmission, distribution, alternative power sources and emergency power alternatives.
 - h. Vertical Building Construction and Renovation
 - i. All functional aspects
 - 1. Roofing
 - 2. Doors
 - 3. Windows
 - 4. Plumbing
 - 5. HVAC
 - 6. Flooring
 - 7. Electrical
 - 8. Communications
 - 9. Interior and exterior functionality design etc. including LEED technology implementation techniques up to and including certification.
- B. Transportation Planning and Design Services
 - a. Transportation planning for multi-modal forms of transportation (separate or integrated) including pedestrian, bicycle, scooter, skateboard, electric bicycle, motorcycle, internal combustion engine vehicles, hybrid vehicles, electric vehicles, alternative power source vehicles, service vehicles, oversized vehicles and any other means of transportation.

- b. Traffic engineering including management of multi-modal forms of transportation, traffic control, traffic counts and any form of a traffic study or traffic evaluation.
- C. Architectural Design Services
 - a. Building design
 - i. New and renovations, including facilities associated with government services such as
 - 1. City Hall
 - 2. Recreational
 - 3. Library
 - 4. Public Works
 - ii. Inclusion of public art on any type of infrastructure including buildings, walls, streets, sidewalks, parks, seawalls and any other infrastructure.
 - b. Landscaping Design
 - i. Parks
 - ii. Gardens
 - iii. Parking lots
 - iv. Right of ways
 - v. Mechanical heat reduction techniques applicable to hard infrastructure such as streets and sidewalks and soft infrastructure utilizing shade canopy concepts.
- D. Survey Services
 - a. Building
 - b. Land
 - c. Easements, rights of way
 - d. Platting research
- E. Marine Facilities
 - a. Seawalls including concrete, vinyl, sheet pile and living shoreline
 - b. Piers
 - c. Docks, floating or static
 - d. Pilings, individual or group replacement
 - e. Pilings supporting waterway signage, including signage and mountings
 - f. Beach pedestrian and vehicle access ways
 - g. Sand dune restoration, nourishment and preservation techniques including plantings
- F. Community Development and Planning Services
 - a. Plans Review
 - b. Building Inspections
 - c. Permit Review
 - d. Fire and Safety Inspectors
 - e. Workload management assistance, cost for employee support for a-d above
- G. Urban Development Planning
 - a. Comprehensive Plan Review
- H. ADA Compliance Review and Implementation Planning
 - a. Website Compliance
 - b. Physical Compliance
 - c. Review of projects for compliance
 - d. Investigating complaints and recommending corrective action.
- I. Financial Services
 - a. Grant
 - i. Acquisition
 - ii. Identification
 - iii. Writing
 - iv. Submissions
 - v. Management review
 - b. Investor Services

- c. Insurance Policy Review and recommendations, medical, dental, facility, vehicle and other applicable to City management
- d. Financial Audit Services
- e. Risk Management for insurance claims
- J. Information Technology Services
- K. Soil and Material Testing
 - a. Perform foundation excavations to perform design bearing pressure.
 - b. Perform fill density testing of backfill material compaction
 - c. Provide field inspection of reinforced Concrete structures
 - d. Provide concrete and grout material testing services to ensure compliance of materials and placement methods with the contract documents
 - e. Provide proof-rolling observations and corrective recommendations/Ground Water presence and corrective action recommendations if necessary
 - f. Soil boring for soil type identification and rock
 - g. Others related soil and material inspections, other specialty inspection services (masonry, steel reinforcement, asphaltic pavement, etc.
 - h. In-place density test
 - i. Modified proctor tests
 - j. Three (3) point LBR tests
 - k. Compressive strength tests for concrete cylinders
 - l. Environmental Testing/monitoring/ (asbestos, lead, water contamination, pollution/chemical testing, and other environmental
 - m. Other tests that may be required.
 - i. All geotechnical and Material Testing will be performed under the direct supervision of a Licensed Professional Engineer in the St. of Florida.
 - ii. All testing shall be performed in accordance with United States Bureau of Reclamation (USBR or their ASTM or AASHTO equivalent Test.
 - iii. Contractors shall provide certified personnel to perform all field and laboratory testing services. Include all safety and training and all other pertinent laboratory training.
 - iv. Contractor is responsible for vehicular transportation to and from each project site including collection and hauling of all test specimens, as required.
 - v. Contractor shall possess all computer hardware, software , printers/plotters, scanners, copiers and trained personnel to provide digital or hard copy test results including field notes, sketches, electronic data files, AutoCAD exhibits, maps certified test results, etc. ...as requested by the City.
 - vi. Other test requirements as requested by the City of St. Pete Beach.

Each Submitter must identify in its submittal which categories it wants to be considered and evaluated for. Each submitter may identify more than one category if it can provide said services.

Consulting firms will be working on an as-needed basis, and this contract does not guarantee the consultants selected a minimum number of projects. Consulting firms may also be asked to provide engineers for emergency inspections following a natural disaster. The City reserves the right to issue separate engineering contracts for specific services at the city's sole discretion.

The consulting firm shall assist the City towards solutions to engineering problems and the approach or technique to be used towards accomplishing the City's objective for each project or assignment. The engineering services may include, but not be limited to, design, surveys, reviews, construction specifications, emergency inspections, and permitting. |

MINIMUM QUALIFICATIONS

SOQs will be considered from firms normally engaged in implementing the services requested. To be eligible for award, submitters must:

1. Be licensed in the State of Florida
2. Possess a minimum of five (5) years' experience in performing similar work
3. Have completed three (3) projects in the past five (5) years of a similar size, scope and complexity (See Section III for sample projects anticipated to be issued as Task Orders under awarded contracts).

Submitters shall present their SOQ as outlined in the submission instructions section of this document. Respondents must have adequate organization, facilities, equipment and personnel to ensure prompt and efficient service to the City of St. Pete Beach. The City reserves the right, before recommending any award, to inspect the facilities and organization or to take any other action necessary to determine ability to perform in accordance with the specifications, terms, and conditions of the Contract. The City of St. Pete Beach will determine whether the evidence of the ability to perform is satisfactory and reserves the right to reject all SOQs.

SUBMISSION INSTRUCTIONS

The purpose of this section is to provide information related to the qualifications of interested firms to perform the service requested herein. Response to all subsets of this section is mandatory. Failure to provide the requested information may result in a submittal being deemed non-responsive. A non-responsive submittal will not receive further consideration. Upon submission, all submittals become the property of the City of St. Pete Beach and are subject to public records laws. All expenses, including travel expenses for interviews, incurred in the preparation of the submittal shall be borne by the submitter.

The following information shall be provided in the order detailed:

- a. **Title Page** - List the RFQ subject, the name of the firm, local address, telephone number, name of contact person, and e-mail address of contact person.
- b. **Table of Contents** – Include a clear identification of the material included in the submittal by page number.
- c. **Letter of Interest** – Limit one (1) page. Make a positive commitment to perform the required work. Also provide the name(s) of the person(s) who will be authorized to make representation for your firm, their title, telephone number, and e-mail address.
- d. **Statement of Qualifications and Profile of Firm** – Limit eight (8) pages. State the size of staff, number of registered professionals and overall experience of the assigned staff for this assignment. Include technical background, experience information, and other applicable data on proposed personnel and any proposed sub-consultants. Include an organizational chart of the project team and describe the communication processes to be used within the project team. State whether your firm is local, national or international in size. Give the location of the office from which the work is to be done.
- e. **Services Approach** – Limit five (5) pages. Include a general synopsis of the firm's approach and understanding of the work required. Include the firm's Quality Assurance Control program or policy.
- f. **References** - Limit ten (10) pages. Provide information for those projects which have been successfully completed which are similar to those required under this assignment. Please include projects recently completed within the last five (5) years. Additionally, document that the respondent has provided services for three (3) contracts to other local governments similar to this contract. References shall include:

- i. Client name, address, phone number, e-mail address.
 - ii. Description of the scope of the work.
 - iii. Month and Year the project was started and completed.
 - iv. Total cost and professional service fees paid.
 - v. Role of the firm and the responsibilities.
- g. **Insurance Requirements** – Provide proof of insurance in accordance with the insurance requirements section included in this RFQ.

Full resumes are to be attached as exhibits to the Submittal. Please provide the brief descriptions and information as stated. Additional exhibits to the submittal are acceptable, however, any attachments provided do not take the place of the written requirements as listed above. Resumes are not to exceed two (2) pages per person.

Please direct all technical inquiries concerning this RFQ in writing to the City Contact listed above. Questions must be submitted no later than ten (10) days prior to the submittal due date.

EVALUATION AND SELECTION OF CONSULTANT

A City review team will evaluate each firm's SOQ based upon the criteria stated in this RFQ and the ability to execute the services. As part of the evaluation process, the team may request a sit-down interview with prospective firms. Following the evaluation process, the City will then select the firm(s) considered most qualified. The successful firm(s) will be required to enter into a contract similar to the one included in this RFQ. The City reserves the right to negotiate modifications to any SOQ that it deems acceptable. The City reserves the right to terminate negotiations in the event it deems the progress towards a contract to be insufficient.

Submittals will be evaluated in accordance with the criteria listed below:

- Qualification of the Project Team
- Qualifications of the Sub-Consultants
- Firm's Experience Working on Public Works Projects
- Firm's Experience Working with the City of St. Pete Beach
- Quality Assurance Control Program/Policy
- Applicable Project References that reflect and demonstrate the Firm's competence in the design/engineering focuses requested by the City.
- Applicable Contract References that reflect and demonstrate the Firm's past performance on other local government contracts.
- Location of Firm
- Quality of SOQ – firm met all requirements requested under Submission of Submittals

RESERVES THE RIGHT

The City reserves the right to reject any and all submittals, or any part of any submittal, to waive any irregularities or informalities in any submittal, and to accept that submittal which is deemed to be the most qualified and in the best interest of the City. The City of St. Pete Beach reserves the right to establish additional contracts that may be similar in nature to any contract resulting for this Request for Qualifications as best serves the needs of the City.

DESIGNATED CONTACT

The awarded firm shall appoint a person to act as a primary contact with the City. This person or back-up shall be readily available during normal working hours by phone or in person and shall be knowledgeable of the terms of the RFQ and the services being requested.

INSURANCE REQUIREMENTS

Include in proof of Insurance furnished by the firm's carrier to guarantee the engineering firm is insured.

The awarded firm must file with the City of St Pete Beach certificates of insurance prior to commencement of work evidencing the City as a certificate holder as additionally insured with the following minimum coverage:

Commercial General Liability Insurance coverage, including but not limited to premises operations, products/completed operations, product liability, contractual liability, personal injury, death in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 general aggregate.

Commercial Automobile Liability Insurance for any owned, non-owned, hired or borrowed automobile in the minimum amount of \$1,000,000 combined single limit.

Worker's Compensation/Employer's Liability Insurance as required by Florida Law for all applicable employees, agent, representatives and subcontractors, if any.

Professional Liability Insurance the Consultant will carry professional liability Errors and Omissions Insurance during the terms of this Agreement which will cover liability for any damage or non- performance on account of any error, omission, or other provable negligence caused by the Consultant in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 general aggregate

INDEMNIFICATION

The Respondent shall hold harmless the City, its officers and employees, from liabilities, damages, losses and costs, including but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Respondent and any persons employed or utilized by the Respondent in the performance of the Contract.

ASSURANCES

The responding firm shall provide a statement of assurance that the firm is not presently in violations of any statutes or regulatory rules that might have an impact on the firm's operations. All applicable laws and regulations of the State of Florida and ordinances and regulations of the City of St. Pete Beach will apply.

LOCAL, STATE AND FEDERAL COMPLIANCE REQUIREMENTS

The Consultant shall comply with all local, state, and federal directives, orders and laws as applicable to the Contract.

Compliance with Fla. Stat. 448.095:

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Consultant must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp>, to verify the employment eligibility of all employees hired on or after January 1, 2021 during the term of this Agreement.
- b. Subconsultants:
 - i. Consultant shall also require all subconsultants performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement.
 - ii. Subconsultants shall provide Consultant with an affidavit stating the subconsultant does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095

- iii. Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat.448.05 by January 1, 2021. Evidence may consist of, but is not limited to, providing notice of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs (if necessary). Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of 1 year after date of termination.

PROJECT RECORDS

The awarded firm shall maintain auditable records concerning the procurement to account for all receipts and expenditures, and to document compliance with the Contract. These records shall be kept in accordance with generally accepted accounting methods, and the City of St. Pete Beach reserves the right to determine the record-keeping method in the event of non-conformity. These records shall be maintained for three (3) years after final payment has been made and shall be readily available to City personnel with reasonable notice, and to other persons in accordance with the Florida Public Disclosure Statutes.

Upon completion of the project, all reports, studies, recommendations, forms, and other project specific information will need to be submitted in paper and in an electronic file format (PDF) on USB storage device or web-based archive.

DEVIATIONS FROM SPECIFICATIONS

Respondents shall clearly indicate, as applicable, all areas in which the items/services proposed do not fully comply with the requirements of this RFQ. The decision as to whether an item fully complies with the stated requirements rests solely with the City.

NO COLLUSION

By offering a submission to this Request for Qualifications, the responder certifies that no attempt has been made or will be made by the responder to induce any other person or firm to submit or not to submit a submission for the purpose of restricting competition. The only person(s) or principals(s) interested in this submission are named therein and that no person other than those therein mentioned has/have any interest in this submission or in agreement to be entered. Any prospective firm should make an affirmative statement in its proposals to the effect that, to its knowledge, its retention would not result in a conflict of interest with any party.

BACKGROUND CHECKS

The Code of Ordinances may require a Consultant or sub-consultant who performs work in or on City property to provide a criminal background check for any employee of the company who will do the work in or on city property. Criminal background checks shall mean a level (1) one background check as defined by F.S. § 435.03. The Consultant shall, at its expense, obtain a criminal background check for each of its employees having access to City property prior to beginning the work, and depending on the contract's term, on an annual basis thereafter. The Consultant must ensure a similar background check has been done of its subconsultants' employees who will have access to City property.

The Consultant shall be required to submit an affidavit on the form provided certifying that background checks

shall be completed for all employees who will perform work on city property. The Consultant shall conduct the background checks prior to any work being performed. Consultant shall maintain such records during the contract period and for one year thereafter and shall make such records available for inspection and verification by City.

If such a check reveals a conviction or a plea of nolo contendere, regardless of when the plea or conviction occurred, which includes a felony or misdemeanor involving terrorist behavior, violence, use of a dangerous weapon, crimes of moral turpitude or breach of trust/fiduciary responsibility or which raises concerns about building, system, or personal security or is otherwise a job-related crime, the awarded Proposer shall not assign the individual to any City property. If such a check reveals any of the foregoing after access has already been granted, any access privileges already granted shall be immediately revoked and shall not be reinstated without the City's express written authorization. In the event that the Proposer intends to hire new personnel to perform the required services, the background checks should be initiated at the time of the hire.

The City reserves the right to approve or disapprove whether the Consultant's employees perform the services for the City. Disapproval would apply solely to this contract and shall have no bearing on the Proposer's employment of an individual outside of this contract.

CONE OF SILENCE

During the course of a competitive solicitation, a Cone of Silence shall apply as follows:

A Cone of Silence shall be in effect during a Competitive Solicitation beginning upon the advertisement for requests for proposals, requests for qualifications and competitive bids. The Cone of Silence shall terminate at the time the City Commission makes final award of a bid or gives final approval of a contract or contract amendment, rejects all bids or responses to the Competitive Solicitation, or takes other action which ends the Competitive Solicitation. The Cone of Silence shall continue through the negotiation phase for requests for proposals and requests for qualifications and shall not end until the Commission gives final approval of the contract.

Any person or entity that seeks a contract, contract amendment, award, recommendation, or approval related to a Competitive Solicitation or that is subject to being evaluated or having its response evaluated in connection with a Competitive Solicitation, including a person or entity's representative shall not have any communication with any City Commissioner, the City Manager and their respective support staff or any person or group of persons appointed or designated by the City Commission or the City Manager to evaluate, select, or make a recommendation to the City Commission or the City Manager regarding a Competitive Solicitation.

The Cone of Silence shall not apply to written or oral communications with legal counsel for the City or the Purchasing Manager for the City.

Any action in violation of this section shall be cause for disqualification of the bid or the proposal. The determination of a violation shall be made by the City.

PUBLIC RECORDS/CONFIDENTIAL INFORMATION

Florida law provides that municipal records shall at all times be open for personal inspection by any person, unless otherwise exempt. Information and materials received by the City in connection with a Proposer's response shall be deemed to be public records subject to public inspection. However, certain exemptions to the public records law are statutorily provided for in Section 119.07, Florida Statutes. Florida Statutes provide an exemption from public records law for sealed bids, proposals, or replies received by an agency pursuant to a competitive solicitation until such time as the agency provides notice of an intended decision or until 30 days after opening the bids, proposals, or final replies, whichever is earlier.

If the Proposer believes any of the information contained in the response is exempt from the Public Records Law,

then the Proposer must in the response specifically identify the material which is deemed to be exempt and cite the legal authority for the exemption, otherwise, the City will treat all materials received as public records.

PUBLIC ENTITY CRIMES INFORMATION STATEMENT

A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a Proposer, supplier, sub-consultant, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for category two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

CONFLICT OF INTEREST

The Proposer acknowledges and confirms that they presently have no interest and shall not acquire any interest, directly or indirectly, which would conflict in any manner or degree with the performance of the services hereunder. The Proposer further covenants that no person having any such known interest shall be employed or conveyed an interest, directly or indirectly, in the contract.

No contract will be awarded to a Proposer who has City elected officials, officers or employees affiliated with it, unless the Proposer has fully complied with current Florida Statutes and City Ordinances relating to this issue. Proposers must disclose any such affiliation. Failure to disclose any such affiliation will result in disqualification of the Proposer and removal of the Proposer from the City's Proposer's List and prohibit the proposer from engaging in any business with the City.

TERMINATION

The resulting contract may be canceled by the City when:

- Sufficient funds are not available to continue its full and faithful performance of the contract.
- Sub-standard or non-performance of contract.
- The City wishes to terminate at any time and for any reason, upon giving thirty (30) days prior written notice to the Consultant.

FISCAL NON-FUNDING

If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Contract immediately upon written notice to the Consultant.

SUBMITTAL WITHDRAWAL

After submittals are opened, corrections or modifications to submittals are not permitted, but a respondent may be permitted to withdraw an erroneous submittal prior to the award by the City Commission, if the following is established:

- a. The respondent acted in good faith in submitting the submittal;
- b. In preparing the submittal there was an error of such magnitude that enforcement of the submittal would result in severe hardship upon the respondent;

- c. The error was not the result of gross negligence or willful inattention on the part of the respondent;
- d. The error was discovered and communicated to the City within twenty-four (24) hours of submittal opening, along with a request for permission to withdraw the submittal; and
- e. The respondent submits documentation and an explanation of how the error was made.

TAXES, FEES, CODES, LICENSING

The Consultant shall be responsible for payment of all required permits, licenses, taxes, or fees associated with the project. The Consultant shall also be responsible for compliance with all applicable codes, laws, and regulations.

CONTRACT MODIFICATIONS

The Continuing Contract for Professional Design Services by which the selected contractors will be bound by is attached. Any requested changes must be negotiated and completed during the solicitation process via addendums. No changes to the contract will be made after the submittal deadline.

III. SERVICE TYPES

Some of the Services required of the Consultant within the technical areas identified above include, but are not limited to, the following:

- Prepare feasibility and conceptual planning documents.
- Provide research, attendance at meetings, and preparation of presentation materials, reports and correspondence.
- Prepare and/or assist with the preparation of grant applications and attendance at meetings with grant officials.
- Assist in the review and development of ordinances.
- Provide public education/notification assistance.
- Prepare engineering designs, calculations, plans and specifications, contract bid documents, and cost estimates.
- Prepare base maps, preliminary layouts, estimates of probable costs, engineering analysis and alternatives as requested.
- Submit construction documents as needed to the City and other agencies having an interest or jurisdiction over the project.
- Prepare short-term and long-term planning documents, master plans, or provide input to the City's master plans, capital improvement program, and maintenance needs.
- Participate in construction administration as required by the City.
- Prepare formal or informal feasibility studies as necessary to assist the City in responding to capital improvement needs.
- Analysis of existing infrastructure and available capacity to serve proposed capital improvement projects.
- Prepare legal descriptions, exhibits, and surveys.
- Provide expert witness testimony.
- Prepare appropriate permitting documents and obtain and/or assist the City in obtaining permits from applicable agencies.
- Represent the City with regulatory agencies.
- Prepare periodic project status reports.
- Prepare and furnish bidding documents and assist the City in the preparation of other related documents.
- Attend bid openings, prepare bid tabulation sheets, and assist the City in the evaluation of bids or proposals.
- Issue addenda as appropriate to clarify, correct, or change the bidding documents.
- Participate in pre-construction conference as requested by the City.
- Review and determine acceptability of construction submittals, including shop drawings, progress schedule, schedule of values, etc.
- Review and provide recommendations to request for information, request for changes, and claims to the City arising during construction activities.
- Make periodic construction site visits for the purpose of determining general compliance with the approved drawings, plans, and specifications as requested by the City.
- Review as-built drawings provided by the construction contractor and provide written comments to the City.
- Provide services related to construction administration and inspections, and/or specialty inspection.
- Provide project management services and act as an extension of the City's staff for the design, bidding, and construction management of municipal projects as requested by the City.

IV. PUBLIC ENTITY CRIMINAL AFFIDAVIT

SWORN STATEMENT – PUBLIC ENTITY CRIMES

PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES
THE FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER
OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to: City of St. Pete Beach

by: Brent W. Anderson
(Print individual's name and title)

for: NorthStar Contracting Group, Inc.
(Print name of entity submitting sworn statement)

at: 2916 S. Falkenburg Rd., Riverivew, FL 33578
(Business address)

and (if applicable), its Federal Employer Identification Number (FEIN):

13-3879343

(FEIN)

or, if the entity has no FEIN, include the Social Security Number:

(SSN)

by the individual signing this sworn statement:

(Signature)

2. I understand that a "public entity crime" as defined in Section 287.133 (1)(g), Fla. Stat., means a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States including, but not limited to, any bid, proposal, reply, or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Section 287.133 (1)(b), Fla. Stat., means a finding of guilt or a conviction of public entity crime with or without an adjudication of guilt in any Federal or State trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in Section 287.133 (1)(a), Fla. Stat., means:
- A predecessor or successor of a person convicted of a public entity crime or
 - An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one (1) person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under the arm's length agreement, shall be a prima facie case that one (1) person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133 (1)(e), Fla. Stat., means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the **statement which I have marked below is true** in relation to the entity submitting this sworn statement (indicate which statement applies).

☐ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement or one (1) or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Office of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICE FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THE PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLA. STAT., FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

V. NON-COLLUSION AFFADAVIT

STATE OF Florida
COUNTY OF Hillsborough County

I state that I, Brent W. Anderson of NorthStar Contracting Group, Inc.
(Name and Title) (Name of Firm)

am authorized to make this affidavit on behalf of my firm and its owner, directors and officers. I am the person responsible in my firm for the price(s) and amount(s) of this Response, and the preparation of the Response. I state that:

1. The price(s) and amount(s) of this Response have been arrived at independently and without consultation, communication, or agreement with any other Provider, potential provider, Proposal, or potential Proposal.
2. Neither the price(s) nor the amount(s) of this Response, and neither the approximate price(s) nor approximate amount(s) of this Response, have been disclosed to any other firm or person who is a Provider, potential Provider, Proposal, or potential Proposal, and they will not be disclosed before Proposal opening.
3. No attempt has been made or will be made to induce any firm or persons to refrain from submitting a Response for this contract, or to submit a price(s) higher than the prices in this Response, or to submit any intentionally high or noncompetitive price(s) or other form of complementary Response.
4. The Response of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Response.
5. NorthStar, its affiliates, subsidiaries, officers, director, and employees (Name of Firm) are not currently under investigation, by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to Proposal, on any public contract, except as follows:

I state that I and the named firm understand and acknowledge that the above representations are material, important, and will be relied on by the State of Florida for which this Response is submitted. I understand and my firm understands that any misstatement in this affidavit is, and shall be treated as, fraudulent concealment from the State of Florida of the true facts relating to the submission of responses for this contract.

VI. Sample Agreement

Behind this page

CITY OF ST. PETE BEACH, FLORIDA
SERVICES AGREEMENT

Title of Agreement

This is an Agreement (the "Agreement") entered into by and between the **CITY OF ST. PETE BEACH** (hereinafter "City") and (Vendor Name Here). (hereinafter "Contractor"). The City and Contractor together shall be referred to as the "parties."

WHEREAS, The City properly issued a Request for Bids, attached and incorporated hereto as Exhibit "B" and the City Commission authorized the selection of Contractor at its [Insert Date] public hearing.

WHEREAS, City desires to purchase from Contractor the services described in this Agreement.

WHEREAS, Contractor is in the business of providing the services described herein, and has submitted an appropriate proposal to the City to provide the same.

WHEREAS, this Agreement has been properly approved by the appropriate authority of the City and the Contractor.

NOW, THEREFORE, upon the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree to the following:

1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
2. Standard Form Addendum. The attached Standard Form Addendum, which contains all the Florida Statutorily required provisions applicable to this Agreement, is attached hereto as Exhibit "A" and its provisions modify and supplement this Agreement.
3. Scope of Services. The Contractor must perform all work for the City required by the contract documents as set forth below:
 - a. Contractor will furnish all labor, materials, and equipment necessary as indicated in the Request for Bids (Exhibit "B") in the amount of \$().
 - b. Contractor must supervise the work force to ensure that all workers conduct themselves and perform their work in a safe and professional manner. Contractor must comply with all OSHA safety rules and regulations in the operation of equipment and in the performance of the work. Contractor must at all times have a competent field supervisor on the job site to enforce these policies and procedures at the Contractor's expense.
 - c. Contractor will provide the City with seventy-two (72) hours written notice prior to the beginning of work under this Agreement and prior to any schedule change with the exception of changes caused by inclement weather.

- d. Contractor must comply with any and all Federal, State, and local laws and regulations now in effect, or hereinafter enacted during the term of this Agreement, which are applicable to the Contractor, its employees, agents or subcontractors, if any, with respect to the work and services described herein. The Contractor further warrants that there has been no violation of copyrights or patent rights either in the United States of America or in foreign countries in connection with the work of the contract.
 - e. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective. Contractor further warrants that all goods, materials and workmanship furnished, whether furnished by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted. Last, Contractor warrants all material and workmanship for a minimum of (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the City, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor will, after receipt of a written notice from the City to do so, promptly correct the work.
5. Damages. Time is of the essence in the performance of this Agreement. City shall be entitled to liquidated damages in the amount of \$500 per day, for each day after the date set forth in paragraph 10, that Contractor has failed to properly and completely deliver all goods or provide all service specified herein. The Contractor specifically acknowledges that the foregoing sum is reasonable and does not constitute a penalty.
6. Remedies.
- a. Damages. The City reserves the right to recover any ascertainable actual damages incurred as a result of the failure of the Contractor to perform in accordance with the requirements of this Agreement, or for losses sustained by the city resultant from the Contractor's failure to perform in accordance with the requirements of this Agreement.
 - b. Correction of Work. If, in the judgment of the City, work provided by the Contractor does not conform to the requirements of this Agreement, or if the work exhibits poor workmanship, the city reserves the right to require that the Contractor correct all deficiencies in the work to bring the work into conformance without additional cost to the City, and/or replace any personnel who fail to perform in accordance with the requirements of this Agreement. The City is the sole judge of non-conformance and the quality of workmanship.
7. Waiver of Liens. Prior to final payment of the Contract Sum, a final waiver of lien must be submitted by all suppliers, subcontractors, and/or Contractors who worked on the project that is the subject of this Agreement.

8. Warranties.
- a. Warranty of Title. Contractor warrants to the City that all goods and materials furnished under the contract will be new unless otherwise specified and that Contractor possesses good, clear, and marketable title to said goods and there are no pending liens, claims, or encumbrances whatsoever against said goods. All work not conforming to these requirements, including substitutions not properly approved and authorized may be considered defective.
 - b. Warranty of Specifications. The Contractor warrants that all goods, materials, workmanship furnished, whether by the Contractor or its subcontractors and suppliers, will comply with the specifications, drawings and other descriptions supplied or adopted.
 - c. Warranty of Merchantability. The Contractor warrants all material and workmanship for a minimum of one (1) year from date of project completion and acceptance by the City. If within one (1) year after acceptance by the city, or within such larger period of time as may be described by law any of the work is found to be defective or not in accordance with the contract documents, the Contractor must after receipt of a written notice from the City to do so, promptly correct the work unless the City has previously given the Contractor a written acceptance of such condition.
9. Completion Date. Contractor shall provide the services, described herein to be completed within the first 12 months of the agreement.
10. Term. This Agreement will remain in effect for a period of (3) three years with (2) two, (1) one year extensions from the Effective Date.]
11. Effective date. The “Effective Date” of this Agreement shall be the date this Agreement has been executed by all parties.
12. Termination. This Agreement may be canceled by the City when:
- a. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
 - b. Sub-standard or non-performance of Agreement.
 - c. The City wishes to terminate the Agreement at any time and for any reason, upon giving thirty (30) days prior written notice to the Contractor.
13. Fiscal Non-funding. If funds for the requested services described herein are not appropriated via the annual budget adoption process, the City reserves the right to cancel the Agreement immediately upon written notice to the Contractor.
14. Non-Exclusivity. Contractor acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Agreement.
15. Compensation. Upon Contractor's satisfactory full performance of the services or in accordance with the payment schedule provided in the attached proposal, City shall pay

Contractor, as full consideration for services provided in this Agreement and more specifically in Exhibit B.

16. Insurance. To the extent that this Agreement requires Contractor to provide any services of any kind, Contractor and all of Contractor's subcontractors shall maintain public liability insurance in a combined single limit for bodily injury and property damage in the amount of not less than \$1,000,000.00, satisfactory to the City Manager, naming the City as an additionally named insured and providing coverage up through and including the final performance of any services provided herein. Contractor and all of Contractor's subcontractors shall maintain in full force and effect a policy of worker's compensation insurance for all of Contractor's employees in accordance with applicable state and federal law. Said insurance coverage shall include employer's liability with a single limit of \$100,000.00 per accident or occurrence. Contractor shall present City with a certificate for all the foregoing insurance, at the time of executing this Agreement and at such other times requested by the City.

The Contractor waives all rights against the City, its consultants, separate contractors, if any, and any of its subcontractors, agents and employees, for any and all damages caused to the extent covered by insurance described herein and obtained pursuant to this Section or other property insurance applicable to the services and product provided under this Agreement. The City shall require of the Contractor, Contractor's consultants, separate contractors, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waiver of subrogation by endorsement otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

17. Indemnification. In consideration of the payment of ten dollars as part of the compensation described herein, such sum being specifically found by Contractor to be sufficient consideration for this indemnification, Contractor shall indemnify, defend and hold the City harmless for itself, its past/present/future elected and appointed officials, its employees, agents and assigns, from and against any and all losses, claims, damages, suits, actions, liability or demands, including attorneys' fees and costs of litigation through all appellate proceedings, arising from the performance or non-performance of this Agreement, whether caused in part by the City or not, and in connection with violations of copyrighted or trademarked materials used by Contractor, loss of life, bodily or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with the operations of the Contractor or its officers, employees, agents, subcontractors, or independent Contractors, excepting only such loss of life, bodily or personal injury, or property damage solely attributable to the gross negligence or willful misconduct of the City or its elected or appointed officials and employees. In any and all claims against the City, or any of their agents or employees by any employee of the Contractor any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph is not limited in any way by any limitation in this amount or type of damages compensation or benefits payable by or for the Contractor or any subcontractor under Workers'

Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing contained herein is intended nor may it be construed, to waive City's rights and immunities under the common law or Section 768.28, Florida Statutes, as amended from time to time; nor will anything included herein be construed as consent to be sued by any third parties in any matter arising out of this Agreement. To the extent considered necessary by the Contract Administrator and the City Attorney, any sums due Contractor under this Agreement may be retained by the City until all of the City's claims subject to this indemnification obligation have been settled or otherwise resolved, and any amount withheld is not subject to payment of interest by the City. The above provisions will survive the termination or expiration of this Agreement and will pertain to any occurrence during the term of this Agreement, even though the claim may be made after the termination or expiration hereof.

18. Discriminatory Vendor List. Contractor hereby acknowledges its continuous duty to disclose to the City if the Contractor or any of its affiliates, as defined by Section 287.134 (1)(a), Florida Statutes, are placed on the Discriminatory Vendor List. Pursuant to Section 287-134 (2)(a), Florida Statutes: "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to a public entity; may not submit a bid or proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity."

19. Independent Contractor. This Agreement does not create an employee/employer relationship between the parties. It is the intent of the parties that the Contractor is an independent contractor under this Agreement and not the City's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Contractor will retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement will be those of Contractor, which policies of Contractor will not conflict with City, State, or United States policies, rules, or regulations relating to the use of Contractor's funds provided for herein. The contractor agrees that it is a separate and independent enterprise from the City, that it had full opportunity to find other business, that it has made its own investment in it business, and that it will utilize a high level of skill necessary to perform the work. This Agreement must not be construed as creating any joint employment relationship between the Contractor and the City and the City will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums.

20. Audit Rights. The City reserves the right to audit the records of the Contractor for the commodities and/or services provided under the contract at any time during the performance and term of the contract and for a period of five (5) years after completion and acceptance by the City. If required by the City, the Contractor agrees to submit to an audit by an independent certified public accountant selected by the City. The Contractor must allow the City to inspect, examine

and review the records of the Contractor in relation to this Agreement at any an all times during normal business hours during the term of the Agreement.

21. Exhibits. The following Exhibits shall be attached, incorporated, and made a part of this Agreement:

- a. Standard Form Addendum (Exhibit “A”)
- b. Request for Bid (Exhibit “B”)
- c. Vendor Proposal (Exhibit C)

22. Notices. All notices sent pursuant to this Agreement shall be given in writing via certified mail or overnight courier and shall be delivered to the following addresses:

As to Contractor:

23. Conflicts and Severability. To the extent that any terms in the attached proposal conflict with the terms of this Agreement, the terms of this Agreement shall control and supersede such conflicting terms in the attached proposal, to the extent of such conflict. If any section, part of section, paragraph, clause, phrase, or word of this Agreement is declared invalid, the remaining provisions of this Agreement shall not be affected.

24. Amendments. This document and exhibits embody the entire Agreement of the parties. There are no promises, terms, conditions, or representations binding on either party hereto, other than those contained herein; and this document shall supersede all previous communications, representations, and/or agreements between the parties hereto, whether written or oral. This Agreement shall not be modified by any oral statement, communication, Agreement, course of conduct, or by anything other than a writing signed by the parties. This Agreement may be amended or modified only in writing signed by all parties hereto.

25. Jurisdiction, Venue, Attorney Fees. This Agreement shall be governed and construed according to the laws of Florida, and venue for any action arising herefrom shall be in Pinellas County, Florida. The prevailing party in any action to enforce or interpret this Agreement shall be entitled to reasonable attorney’s fees incurred through all appellate proceedings.

26. Assignment. This Agreement shall be binding upon the parties, their successors, assigns, and legal representatives. Contractor shall not assign or otherwise transfer any of the rights or duties under this Agreement, without the express written consent of the City.

27. Counterparts. This Agreement may be executed and delivered in any number of counterparts, each of which so executed and delivered shall be deemed to be an original and all of

which shall constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, with such facsimile, scanned and electronic signatures having the same legal effect as original signatures.

28. Authority. Contractor hereby acknowledges that the person executing this Agreement on behalf of Contractor has the full authority to do so and to bind Contractor to the terms hereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year set forth below.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the Section 15 of the Standard Form Addendum, Exhibit "A", and that the facts stated in it are true.

EXHIBIT “A”

CITY OF ST. PETE BEACH, FLORIDA
STANDARD CONTRACT ADDENDUM

THIS STANDARD CONTRACT ADDENDUM is made and entered into this ____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor”, concerning that certain agreement dated the ____ day of August, 2024 (“Agreement”) and titled _____.

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth certain mandatory limitations on indemnification and liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the

nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

Amber LaRowe
City Clerk/Public Records Custodian
cityclerk@stpetebeach.org

Phone: 727-363-9220
155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance Indemnification. Contractor agrees to indemnify and hold the City harmless against any and all claims, damage awards, and causes of action arising from the contractor's failure to comply with the public records disclosure requirements of Section 119.07(1), Florida Statutes, or by contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements, including, but not limited to, any third party claims or awards for attorneys' fees and costs arising therefrom. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of this section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with

Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section 287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. Contractor hereby certifies that Contractor is not listed on any of the following: (i) the Scrutinized Companies that Boycott Israel List, (ii) Scrutinized Companies with Activities in Sudan List, or (iii) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". CONTRACTOR shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding, pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Additional Terms. Notwithstanding any of other provision to the contrary, the parties agree as follows:

- A. None.

Questions and Answer from Pre-Bid Meeting

Questions and Answers from Pre-Bid Meeting

Will the City elaborate on item "J. Information Technology Services" so the consultants can ensure the correct experiences and staff are included in their response? **This has been taken off the RFQ per Addendum 3.**

➤ You stated in the meeting that at least 5 companies will be awarded. Is that 5 companies total or 5 companies for each discipline? **Total of 5 or more depending on the need of the City.**

➤ Do you need to be able to provide all services listed under each category? I.e. Could an MEP Engineering Design firm just submit for just Category A, Subcategory h – 4. Plumbing; 5. HVAC; 7. Electrical; 8. Communications. **We will look at this on an as needed basis in the needs of the City. If a category truly needs only one vendor, then that is what the City will strive for. In other areas, we may split a category depending on the number of bidders we have.**

➤ Is there more information regarding the evaluation and scoring? Are all the criteria of equal weight? **In most scoring situations we look at years in business, background of staff, references, previous projects etc. They are not equal scoring. Some will be worth 50% others worth 5 % for instance.**

➤ Can you tell us who were the previous RFQ winners? **The last time this was bid was in 2020. Winners were Kimely Horn, Halff, Stantec, Hyatt, George F Young, Cardno**

➤ Will SBE/DBE certifications be a factor in the grading criteria for this solicitation? **No. SBE/DBE certification will not be a factor.**

➤ If submitting for multiple services, do we need to submit a package for each service? **Can be a combined Package as long as each section is noted.**

➤ If submitting for multiple services, is the page limit for each service or the entire package? **Each Service**

➤ Is this meeting mandatory for attendance by subconsultants also, or just prime firms? **Just Prime Firms**

- Is there a forecast of anticipated upcoming projects? Projects are budgeted each year for the upcoming year starting the first of Oct. All projects are approved or disapproved by the Commission.
- Is this utilizing Florida's new Continuing Services limit of projects under \$7.5 million? Yes
- Will any other municipalities piggy-back off of this contract? All of St. Pete Beaches Contracts can be Piggyback'd onto. There is no interest at this time from any municipality to do so.
- Is design build a desired category? No. design-build projects will be competitively bid separately from the CCNA contract.
- What City staff will be on the evaluation committee? It will be the Department Directors as well as the Acting Assist. City Manager
- Since the prime consultant has the opportunity to submit on select disciplines, does the City expect that subconsultants will be utilized on his contract? That is Correct
- Any bonding requirements for design build? N/A
- Will the addendum include a list of attendees to this presubmittal meeting? YES. It will be a separate addendum. This was posted on Addendum 1

Category F. Community Development and Planning Services has a workload management assistance section. Please provide a better description of what is required for this service. This has been taken off the RFQ per Addendum 4

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM V

CCNA-Engineering and Design RFQ

Issued 04/09/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer

1. Do tabs count toward the overall page count? – **No.**
2. Can we list continuing service contracts for project experience if the overall contract is ongoing but tasks underneath it are completed? – **Yes.**
3. Please confirm if the 10 pages for references and similar projects should be used for 10 projects, or if there is a certain number of projects the City would like to see. –
There is not a certain number of projects the City would like to see. A minimum of (3) contracts to other local governments like this contract are required.

155 Corey Avenue
St. Pete Beach, FL 33706-1839
www.stpetebeach.org

ADDENDUM VII

CCNA-Engineering and Design RFQ

Issued 04/09/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 04/23/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Questions and Answer

Extension of due date on last page.

Please confirm which sections get increased page numbers based on the number of categories pursued. For example, if a firm pursues main categories A, B, C, D, are all section page limits increased to 4 times the original limit? Does this make the Letter of Interest 4 pages, Statement of Qualifications and Profile of Firm 24 pages, Services Approach 20 pages, and References 40 pages? Also, does this include the sub-categories (a, b, c, d, e, etc) or just the main categories (A, B, C, D, etc)?

Title Page = 1 page

Table of Contents = 1 page

Letter of Interest = 1 page

Statement of Qualifications and Profile of Firm = 8 pages

Services Approach = 5 pages per service category pursuing (A, B, C, D, E, F, G, H, I, J, K).

References = 10 pages

Insurance Requirements = minimum necessary

Resumes = 2 pages per person

In regard to the latest addendum 6, Q#3, below, can you provide clarification on whether you are looking for one-off project examples or continuing contracts only for the reference section? The verbiage is a bit confusing. Also, do we need to be the prime firm on our references, or can we be a subconsultant? – **One-off project examples or relevant continuing contract examples are both acceptable. If you're not the prime firm on your references, please specify that.**

.Please confirm if the 10 pages for references and similar projects should be used for 10 projects, or if there is a certain number of projects the City would like to see. –

There is not a certain number of projects the City would like to see. A minimum of (3) contracts to other local governments like this contract are required."

Would the City please consider reissuing and replacing the sample contract with one which consists of terms and conditions relevant to design professional services and compliant with Florida Statutes? The sample agreement provided in this RFP has terms and conditions that are not in compliance with Florida Statutes, including Section 17 Indemnification which is in conflict with the Indemnification provision stated in the RFQ. The sample contract terms and conditions apply to construction contractor work and are not relevant to design professional services. – **This will be updated and an amendment will be published under a separate Addendum #**

Would the City please consider removing the Addendum II conflicts requirement, issued on 03/31/2025? We believe that this provision is unreasonable to comply with for all multidisciplinary engineering firms both presently or during the term of the contract that may work with the Florida Department of Transportation, Pinellas County Utilities, Forward Pinellas, Duke Energy, Frontier, Pinellas County Transportation, and City of St. Petersburg. The Addendum #2 will be changed. It will be added in another addendum

Can the organizational chart that is required to be included in Section d. Statement of Qualifications and Profile of the Firm be included on an 11" x 17" page in order to allow extra space in which to fully highlight the strengths of our project team? – **Yes.**

It seems like category K. Soil and Material Testing is part of Category A. General Engineering Design Services via item d. Geotechnical Soil Investigations. Are these two categories one and the same? **Please disregard Category A.d. and only respond to Category K.**

Extension of Due date: This RFQ has been extended two weeks. The due date for submissions will now be May 6th at 9:00 AM EST. Opening will be held on the same day at 10:00 AM

155 Corey Avenue
St. Pete Beach, FL 33706-1839

ADDENDUM IX

CCNA-Engineering and Design RFQ

Issued 04/22/2025

Note that this Addendum does not change the bid due date and time as stated in the above referenced RFB. Sealed bids still must be received by 9:00 AM on 05/06/2025, in the Office of the City Clerk, 155 Corey Avenue, St. Pete Beach Florida at which time they will be publicly opened and read. All bidders are invited to attend this bid opening, which will be held immediately following the closing time specified. Bids received after the deadline will not be accepted.

Corrected Sample Contract

CITY OF ST. PETE BEACH, FLORIDA
Continuing Contract for Professional Design Services

[Insert consultant and/or purpose for contract]

This is a Contract (the "Contract") entered into by and between the City of St. Pete Beach (hereinafter "CITY") and [insert consultant's corporate name] (hereinafter "CONSULTANT"). The CITY and CONSULTANT together shall be referred to as the "Parties."

WHEREAS, the CITY desires to retain the CONSULTANT to perform Continuing Professional Design Services for the CITY, more fully described below in the "scope of services" section.

WHEREAS, the CITY desires to employ the CONSULTANT for the Continuing Professional Design Services and other services upon the terms and conditions hereinafter set forth, and the CONSULTANT is desirous of performing such services upon such terms and conditions.

WHEREAS, the CONSULTANT has been selected to perform these professional services pursuant to the provisions of the "Consultants' Competitive Negotiation Act" in Section 287.055; Florida Statutes, and all applicable CITY rules, regulations and policies.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

SECTION 1 – GENERAL.

- 1.1 The above recitals are true and correct, and incorporated as part of this Contract.
- 1.2 CONSULTANT shall be defined herein to include all principals of the firm of, including full time employees, professionals or otherwise, and all servants, agents, employees and/or subconsultants retained by the CONSULTANT to perform its obligations hereunder. Subconsultants shall be reviewed and approved by the CITY prior to Notice to Proceed with their prospective work assignments.
- 1.3 "Professional services" means those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered surveying and mapping, as defined by the laws of the state, or those performed by any architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.

- 1.4 Prior to the start of any work under this Contract, the CONSULTANT will have submitted to the CITY a detailed resume of key engineering personnel that will be involved in performing services requested by the CITY. The CITY hereby acknowledges its acceptance of such personnel to perform services under this Contract. At any time hereafter that the CONSULTANT desires to change the key personnel in an active assignment, it shall submit the qualifications of the new personnel to the CITY for prior approval. Key personnel shall include principals-in-charge, project managers and project engineers. The provisions of this Section do not apply to personnel temporarily assigned to perform service under this Contract for durations of one (1) week or less.
- 1.5 The CONSULTANT acknowledges that the CITY has retained other consultants, engineering and otherwise, and the coordination between said consultants and the CONSULTANT may be necessary from time to time for the successful completion of the Assignments. The CONSULTANT agrees to provide such coordination as necessary within the Scope of Services.
- 1.6 The CONSULTANT acknowledges that the City may enter into agreements with other consultants or may have its own employees complete the work for services similar to the services that are subject to this Contract.
- 1.7 The CONSULTANT will maintain an adequate and competent staff of professionally qualified persons throughout the performance of this Contract to ensure acceptable and timely completion of the Assignment.
- 1.8 Requirements for sealing all plans, reports and documents prepared by the CONSULTANT shall be governed by the laws and regulations of the State of Florida and the requirements of any regulatory agency, if required.
- 1.9 This Contract may be executed by the parties in counterpart originals with the same force and effect as if fully and simultaneously executed as a single original document. The "Effective Date" of this Contract shall be the date this Contract has been executed by all parties.

SECTION 2 – SCOPE OF SERVICES.

- 2.1 The CONSULTANT shall diligently and in a professional and timely manner perform the work included in the Scope of Services as listed generally in the Request for Qualifications (RFQ) attached and incorporated in this Contract as Exhibit A. Unless modified in writing by the parties hereto, duties of the CONSULTANT shall not be construed to exceed those services specifically set forth herein.
- 2.2 GENERAL. The CONSULTANT agrees to perform those services described in Exhibit A – RFQ, dated **Click or tap to enter a date.**, which is attached hereto and made a part hereof.
- 2.3 ADDITIONAL SERVICE. The CITY and the CONSULTANT agree that there may be certain additional services required to be performed by the CONSULTANT during the

performance of the Scope of Services that cannot be defined sufficiently at the time of execution of this Contract. Such services shall be authorized in writing as Task Orders and shall be undertaken only under terms of formal amendments to this Contract.

- 2.4 TASK ORDERS. Additional services to be provided by the CONSULTANT shall be authorized in writing as Task Orders. Task Orders to be provided shall be prepared on the form delineated as Exhibit B - which is attached hereto and made a part hereof. **[DON'T FORGET TO ATTACH YOUR TASK ORDER FORM AS EXHIBIT B. WE DISCUSSED THIS WITH MIKE WHO SAID YOU COULD PREPARE A STANDARD ASSIGNMENT LETTER AND THEN DELETE THIS SENTENCE]**. Each Task Order shall include: a detailed description of the work to be performed; a schedule of completion (including phases) for the work authorized; and the amount and method of compensation. Task Orders shall be dated and serially numbered annually. The Task Orders may contain additional instructions or provisions specific to the authorized work for the purpose of expanding upon certain aspects of this Contract pertinent to the work to be undertaken. Such supplemental instructions or provisions shall not be construed as a modification of this contract.
- 2.5 The CITY Manager or his/her designee may authorize Task Orders for services under this continuing contract, which are equal to or less than limits prescribed for Continuing Contracts under the provision of F.S. 287.055(g) or limits set by the CITY's rules, regulations, and policies. Professional fees under such specified Task Orders shall be based on a written proposal from the CONSULTANT as may be requested in writing by the CITY's designated representative, who shall process the proposal through the appropriate departments at the CITY. A single unitary task may not be divided into more than one task for the purpose of qualifying for authorization hereunder. Nothing in this paragraph is intended to limit any other rights, responsibilities, and duties of the parties under any other provision of this continuing contract.

SECTION 3 – CITY'S RIGHTS AND RESPONSIBILITIES.

The CITY shall provide the service described below in a timely fashion at no cost to the CONSULTANT:

- 3.1 Furnish the CONSULTANT with existing data, records, maps, plans, specifications, reports, fiscal data and other information that is available in the CITY's files, necessary or useful to the CONSULTANT for the performance of the assignment. All of the documents conveyed by the CITY shall be and remain the property of the CITY and shall be returned to the CITY upon completion of the assignment to be performed by the CONSULTANT.
- 3.2 Make CITY personnel available when required and necessary to assist the CONSULTANT. The availability and necessity of said personnel to assist the CONSULTANT shall be determined solely at the discretion of the CITY.
- 3.3 Provide access to and make provisions for the CONSULTANT to enter upon the project lands as required for the CONSULTANT within a reasonable time, to perform surveys, observations and other work as necessary to complete the assignment.

- 3.4 Examine all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and render written decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- 3.5 Transmit instructions, relevant information and provide interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- 3.6 Give prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any development that affects the scope of timing of the CONSULTANT's services or becomes aware of any defect or changes necessary in the work of the CONSULTANT.
- 3.7 Arrange for submission of necessary permits/applications to governmental bodies as prepared by the CONSULTANT.
- 3.8 Furnish approvals and permits from all governmental authorities having jurisdiction and such approvals and consents from others as may be necessary for completion of the assignment not covered under the assignment.

SECTION 4 – COMPENSATION.

- 4.1 GENERAL. Compensation to the CONSULTANT for services performed pursuant to this Contract shall be in accordance with the following method or compensation, as defined and indicated in the "Lump Sum Method."

The type and amount of compensation for each Task Order shall be described on the Task Order form included in "Exhibit 3."

4.2 LUMP SUM METHOD

- a. Lump Sum compensation shall be the total fixed price amount payable under the Lump Sum Method (including all payroll costs, overhead costs, other direct costs, fees, subconsultants' and specialist costs), for the services to be provided in the Task Order unless there is a change in the scope of the work, or other conditions stipulated in the Task Order, and the Task Order is modified by both the CITY and CONSULTANT to reflect the change(s) by formal amendment to this Contract.
- b. Payment to the CONSULTANT for services performed under a Task Order under the Lump Sum Method shall be monthly in proportion to the percentage of work completed during the month as proposed by the CONSULTANT and accepted by the CITY.

- 4.3 INVOICE PROCESSING. [YOU MAY WANT TO BE SURE FINANCE HANDLES YOUR PURCHASE ORDERS THIS WAY. PLEASE DELETE SENTENCE UPON COMPLETION OF DRAFTING.] Invoices received by the CITY will be processed for

payment within thirty (30) days of receipt of invoice. CONSULTANT will be notified of questionable items contained in the invoices within fifteen (15) days of receipt by the CITY with an explanation of the deficiencies. The CITY will make an effort to resolve all questionable items contained in the CONSULTANT's invoices within thirty (30) days of receipt of the invoices by the CITY. At the end of the thirty (30) day period, the CITY shall pay the CONSULTANT the invoice amount less any unresolved questionable items. Invoices are to be forwarded directly to the initiating CITY representative.

- 4.4 **PAYMENT IN THE EVENT OF CONTRACT TERMINATION OR SUSPENSION.** In the event that a Task Order or this Contract is terminated or canceled, or the CONSULTANT's services suspended on a Task Order or this Contract, prior to completion, payment shall be made in accordance with the provisions of this Contract.
- 4.5 **ADDITIONAL COMPENSATION FOR CHANGE IN SCOPE OF ASSIGNMENT.** If instructed to do so by CITY, the CONSULTANT shall change or revise work that has been performed, and if such work is not required as a result of error, omission or negligence of the CONSULTANT, the CONSULTANT may be entitled to additional compensation. The additional compensation shall be requested by the CONSULTANT on a revised fee quotation proposal which must be submitted to the CITY for prior approval. The additional compensation, if any, shall be agreed upon before commencement of any such additional work and shall be incorporated into the assignment by formal amendment or Task Order to this Contract.

SECTION 5 - WORK COMMENCEMENT/IMPLEMENTATION SCHEDULE/LENGTH OF CONTRACT.

- 5.1 **WORK COMMENCEMENT.** The CONSULTANT shall commence work on each authorized Task Order within ten (10) days after receipt by the CONSULTANT of a written Notice-To-Proceed from the CITY's Designated Representative. If the CONSULTANT fails to commence work within the ten (10) day period, then the CITY shall have the right to seek other firms for the Assignment, unless the delay is due to no fault of the CONSULTANT.
- 5.2 **IMPLEMENTATION SCHEDULE.** The CONSULTANT must complete its work in accordance with the time schedule specified in the applicable Task Order/Assignment. In the event the work of the CONSULTANT is delayed due to no fault of the CONSULTANT, which delays the completion of any Task Order of the Assignment, the CONSULTANT is entitled to an appropriate extension of the contract time for the specific Task Order. Additional compensation to the CONSULTANT will be negotiated to the mutual agreement of the CITY and the CONSULTANT in the event such delay causes any Task Order's costs to increase for reasons beyond the CONSULTANT's control.
- 5.3 **TERM.** This Contract shall expire three (3) years after the effective date of this Contract and may be extended for up to two (2) additional one (1) year periods, not to exceed five (5) years maximum, upon written mutual consent of the CITY and the CONSULTANT.
- 5.4 **CONTINUING CONTRACT.** In accordance with 287.055 (g), this is a "continuing contract" for professional services entered into in accordance with all procedures of this act between

the CITY and the CONSULTANT, whereby the CONSULTANT shall provide professional services to the CITY for projects in which construction or professional costs do not exceed the statutory limitations imposed. Additionally, the CONSULTANT shall provide for work of a specified nature as outlined in Exhibit A of this Contract as required by the CITY.

SECTION 6 - CITY'S "DESIGNATED" REPRESENTATIVE.

6.1 GENERAL. The CITY hereby designates the CITY Manager or his/her designee to represent the CITY in all matters pertaining to and arising from the work and performance of this contract. The CITY Manager or designee shall have the following responsibilities:

- a. Examination of all reports, sketches, drawings, estimates, proposals and other documents presented by the CONSULTANT and rendering, in writing, decisions indicating the CITY's approval or disapproval within a reasonable time so as not to materially delay the work of the CONSULTANT.
- b. Transmission of instructions, receipt of information and interpretation and definition of CITY policies and decisions with respect to design, materials and other matters pertinent to the work covered by this Contract.
- c. Giving prompt written notice to the CONSULTANT whenever the CITY observes, or otherwise becomes aware of, any defects or changes necessary in the project.
- d. Following the CONSULTANT's preparation of any necessary applications to governmental bodies, to arrange for submission of all applications.
- e. When appropriate, authorizing Task Orders equal to or less than limits prescribed for Continuing Contracts pursuant to the provisions of FS 287.055(g) and applicable rules, regulations, and policies of the City.

SECTION 7 - CHANGES IN SCOPE.

7.1 The CITY or the CONSULTANT may request changes in the Scope of Services of a Task Order. Such change(s), including any increase or decrease in the amount of the CONSULTANT's compensation for any Task Order pursuant to this Contract, which are mutually agreed upon by and between the CITY and the CONSULTANT, shall be incorporated by written formal amendment.

SECTION 8 - TERMINATION OF CONTRACT.

8.1 TERMINATION BY CITY FOR CAUSE. The CITY may terminate this Contract for any one or more of the following reasons:

- a. If adequate progress on any phase of the assignment is not being made by the CONSULTANT as a direct result of the CONSULTANT's failure to perform.

- b. The quality of the services performed by the CONSULTANT is not in conformance with commonly accepted design codes and standards, standards of the CITY and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Contract, and the particular services involved are considered by the CITY to be essential to the proper completion of any Assignment.
- c. The CONSULTANT or any employee or agent of the CONSULTANT is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any work that has been performed by the CONSULTANT.
- d. The CONSULTANT becomes involved in either voluntary or involuntary bankruptcy proceedings, or makes an assignment for the benefit of creditors.
- e. The CONSULTANT violates the Standards of Conduct provisions of this Contract herein.
- f. Sufficient funds are not available to continue its full and faithful performance to the Agreement.
- g. Sub-standard or non-performance of Agreement.
- h. The City wishes to terminate at any time and for any reason, upon giving sixty (60) days prior written notice to the CONSULTANT.

8.2 TERMINATION BY CONSULTANT FOR CAUSE. The CONSULTANT may cancel this Contract for the following reasons:

- a. The CITY fails to meet its obligations and responsibilities as contained in the sections of this Contract describing the CITY's Rights and Responsibilities.
- b. The CITY fails to pay the CONSULTANT in accordance with this Contract.
- c. In the event of either of the causes described in this Contract, the CONSULTANT may send a certified letter requesting that the CITY show cause why the Contract should not be terminated. If adequate assurances are not given to the CONSULTANT within fifteen (15) days of the receipt by the CITY of said show cause notice, then the CONSULTANT may consider the CITY to be in default, and may immediately terminate this Contract.

8.3 TERMINATION BY CITY WITHOUT CAUSE. Notwithstanding any other provision of this Contract, the CITY shall have the right at any time to terminate this Contract in its entirety without cause, or terminate by specific Assignment without cause, provided that ten (10) days prior written notice is given to the CONSULTANT of the CITY's intent to terminate. In the event that a Task Order is terminated, The CITY shall identify the specific Task Order(s) being terminated and the specific Task Order(s) to be continued to completion pursuant to the provisions of this Contract. This Contract will remain in full force and effect

as to all authorized Task Orders which are to be continued to completion under this type of arrangement.

- 8.4 PAYMENT IN THE EVENT OF TERMINATION. In the event this Contract or any Assignment is terminated or canceled prior to final completion without cause, payment for unpaid portion of the services provided by the CONSULTANT to the date of termination and any additional services thereafter will be determined by negotiation between the CITY and the CONSULTANT. No amount shall be allowed for anticipated profit on unperformed services or other work. In the event of termination for cause, the CITY may adjust any payment to take into account any additional direct costs to be incurred by the CITY due to such default.

8.5 ACTION FOLLOWING TERMINATION

- a. Upon receipt of notice of termination, given by either party the terminated party shall promptly discontinue all services and other work unless the notice provides otherwise.
- b. In the case of the CITY terminating the CONSULTANT, the CONSULTANT shall within ten (10) days or any extension thereto as may be mutually agreed to, deliver or otherwise make available to the CITY all reports, drawings, plans, specifications and other data and documents that have been obtained or prepared by the CONSULTANT in performing the Services under this Contract, regardless of whether the work on such documents has been completed or is in progress and said documents shall remain the property of the CITY. Notwithstanding the foregoing, the CONSULTANT shall not be held liable for the accuracy or reliability of any partially completed work delivered in accordance with this provision.

8.6 SUSPENSION

- a. The performance of the CONSULTANT's service under any provision of this Contract may be suspended by the CITY at any time. In the event the CITY suspends the performance of the CONSULTANT's services hereunder, the CITY shall so notify the CONSULTANT in writing, such suspension becoming effective upon the date of its receipt by the CONSULTANT, and CITY shall promptly pay to the CONSULTANT all fees which have become due and payable to the CONSULTANT to the effective date of such suspension. The CITY shall thereafter have no further obligation for payment to the CONSULTANT for the suspended services unless and until the CITY notifies the CONSULTANT that the services of the CONSULTANT called for hereunder are to be resumed. Upon receipt of written notice from the CITY that the CONSULTANT's services hereunder are to be resumed, the CONSULTANT shall complete the services of the CONSULTANT called for in this Contract and the CONSULTANT shall, in that event, be entitled to payment of the remaining unpaid compensation which becomes payable to the CONSULTANT under this Contract, same to be payable at the times and in the number specified herein. In no event will the compensation or any part thereof become due or payable to the CONSULTANT

under this Contract unless and until the CONSULTANT has attained that state of work where the same would be due and payable to the CONSULTANT under the provisions of this Contract.

- b. If the aggregate time of the CITY's suspension(s) of the CONSULTANT's Services under any Task Order of this Contract exceeds sixty (60) days, then the CONSULTANT and the CITY shall, upon request of the CONSULTANT, meet to assess the services performed hereunder up to the time of such meeting, the services remaining to be performed and the total compensation paid to the CONSULTANT hereunder and, during such meeting, shall have the option of negotiating a change in compensation to be paid to the CONSULTANT for the balance of the Services to be performed hereunder. No increase in compensation to the CONSULTANT shall be allowed unless it is based upon clear and convincing evidence of an increase in the CONSULTANT's costs attributable to the aforesaid suspension(s).

SECTION 9 - CLAIMS AND DISPUTES/REMEDIES.

- 9.1 CLAIMS AND DISPUTES. Any claims, disputes and/or matters in question between the parties arising out of or relating to this Contract, including claims for extra compensation, shall be filed in writing by the aggrieved party to the other party within forty-five (45) days of its occurrence. Should such claims not be formally submitted within said forty-five (45) day period, the aggrieved party agrees not to make such claim against the other party at any time in the future. Should any claim or dispute not be mutually resolved between the parties within sixty (60) days thereafter, the aggrieved party shall then seek to resolve the matter in accordance with the "Remedies" provisions of this Contract.
- 9.2 REMEDIES. Except as provided in Section 9.1 herein, all claims, disputes and/or matters in question between the CITY and the CONSULTANT arising out of or relating to this Contract, or the breach of it will be decided by Mediation if the parties hereto mutually agree, or in a court of competent jurisdiction. Venue for any dispute or formal litigation concerning this contract shall be in the appropriate court with territorial jurisdiction over the City of St. Pete Beach, Florida. In the event of a dispute or litigation, each party to such dispute or litigation shall be solely responsible for its own attorneys' fees and costs. This contract shall not be construed for or against any party hereto, without regard to which party is wholly or partly responsible for its drafting.

SECTION 10 - INDEMNITY AND INSURANCE.

- 10.1 GENERAL. To the fullest extent permitted by Florida law, the CONSULTANT shall indemnify and hold harmless the CITY and its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONSULTANT and other persons employed or utilized by the Consultant in the performance of the contract.
- 10.2 INSURANCE. The CONSULTANT will possess or obtain and continuously maintain the following insurance coverage, from a company or companion authorized to do business in

the State of Florida, and will provide Certificates of insurance to the CITY, evidencing such insurance, within fifteen (15) days following the CONSULTANT's receipt of Notice to Proceed on the Assignment from the CITY. The insurance coverage shall contain a provision, which requires that prior to any changes or material alterations in the coverage, except aggregate coverage, thirty (30) days prior written notice will be given to the CITY. Specific insurance requirements may include:

- a. **WORKER'S COMPENSATION.** The CONSULTANT must provide Worker's Compensation for all employees at the site location, and in case any work is subcontracted, will require the Subcontractor to provide Worker's Compensation for all of its employees.
- b. **COMMERCIAL GENERAL LIABILITY.** The CONSULTANT must provide coverage for all operations as detailed in the Scope of Services including, but not limited to, Contractual, Products and completed Operations and Personal Injury. The limits will be not less than \$2,000,000 Combined Single Limit (CSL) or its equivalent.
- c. **AUTOMOBILE LIABILITY.** The CONSULTANT must provide coverage for all owned and non-owned vehicles for limits of not less than \$1,000,000 CSL or its equivalent.
- d. **PROFESSIONAL LIABILITY INSURANCE.** Annual Professional Liability Insurance must be maintained with coverage in an amount as detailed in the City of St. Pete Beach Request for Qualification (RFQ) titled "Engineering and Consulting Services". Said Professional Liability Insurance shall provide for all sums which the CONSULTANT shall be obligated to pay as damages for claims arising out of negligent performance by the CONSULTANT, or any person or subcontractor employed by the CONSULTANT, in conjunction with this Contract. This insurance shall also be maintained for a minimum of three (3) years after completion of the CONSULTANT's services and/or construction and acceptance of the facilities designed by the CONSULTANT under the scope of this Contract including any amendment thereto.
- e. **CERTIFICATES OF INSURANCE.** The CONSULTANT shall furnish all Certificates of Insurance forwarded directly to the following:

City of St. Pete Beach
155 Corey Avenue
St. Pete Beach, FL 33706

with information copied to the Designated Representative identified in this Contract. The Certificates shall clearly indicate that the CONSULTANT has obtained insurance of the type, amount and classification required by these provisions.

SECTION 11 - NEGOTIATION DATA.

11.1 The CONSULTANT hereby certifies, covenants and warrants that accounting documentation and supporting data which has established compensation provided for in this Contract are accurate, complete and current as of the date of negotiation of the compensation terms contained in this Contract. It is further agreed that the CONSULTANT's compensation under this Contract may be adjusted to exclude any significant sums where the CITY determines the CONSULTANT's compensation was increased due to inaccurate or incomplete wage rates and other factual unit costs. All such price adjustments shall be made prior to the end of this Contract. Records of costs incurred under the terms of this Contract shall be maintained and made available to the CITY during the period of this Contract and for five (5) years after final payment is made.

11.2 Copies of these documents and records shall be furnished upon request to the CITY at no cost. For the purpose of this Section, the end of this Contract shall be deemed to be the date of final acceptance of the work by the CITY.

SECTION 12 - OWNER OF DOCUMENTS.

12.1 It is understood and agreed that all documents, including detailed reports, plans, original drawings, survey field notebooks and all other data other than working papers, prepared or obtained by the CONSULTANT in connection with its services hereunder, shall be delivered to, or shall become the property of the CITY prior to final payment to the CONSULTANT. The CONSULTANT shall retain reproducible copies of all Documents for its files at Direct Reimbursable Cost. All Documents including drawings prepared by the CONSULTANT pursuant to this Contract are instruments of service in respect to the services described in the Assignment. Any reuse without written verification or adaptation by the CONSULTANT for the specific purpose intended will be at CITY's sole risk and without liability or legal exposure to the CONSULTANT; and the CITY shall indemnify to the maximum extent permitted by law and hold harmless the CONSULTANT from all claims, damages, losses and expenses including attorney's and expert's fees arising out of or resulting therefrom. Any such verification or adaptation by the CONSULTANT will entitle the CONSULTANT to further compensation at rates to be agreed upon by the CITY and the CONSULTANT.

12.2 Any Documents given to or prepared or assembled by the CONSULTANT and its subcontractors under this Contract shall be kept solely as property of the CITY and shall not be made available to any individuals or organizations without the prior written approval of the CITY.

12.3 The CONSULTANT may maintain copies of all work performed under this Contract for the CITY.

12.4 The CONSULTANT shall not publish any information concerning this project without the prior written consent of the CITY.

12.5 The CONSULTANT should abide by the Florida Public Records law, more fully described in "Exhibit C."

SECTION 13 - STANDARDS OF CONDUCT.

13.1 CONSULTANT EMPLOYEES. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this Contract and that the CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee working solely for the CONSULTANT any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award of making of this Contract.

13.2 EMPLOYMENT ELIGIBILITY. The Consultant shall comply with all local, state and federal directives, orders and law as applicable to the contract. Beginning January 1, 2021, every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system under 448.095, Fla. Stat.

- a. Consultant agrees to comply with all applicable portions of Fla. Stat. 448.095. Contractor must use the U.S. Department of Homeland Security's E-Verify System, <https://e-verify.uscis.gov/emp> to verify the employment eligibility of all employees hired on or after January 1, 2021, during the term of this Agreement.
- b. Subcontractors (i) Consultant shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement; (ii) Subcontractors shall provide Consultant with an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined by Fla. Stat. 448.095; (iii) Consultant shall provide a copy of such affidavit to the City upon receipt and shall maintain a copy for the duration of the Agreement.
- c. Consultant must provide evidence of compliance with Fla. Stat. 448.095 by January 1, 2021. Evidence may consist of, but is not limited to, providing notices of Consultant's E-Verify number.
- d. Failure to comply with this provision is a material breach of the Agreement, and the City may choose to terminate the Agreement at its sole discretion. Consultant may be liable for all costs associated with the City securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs, if necessary. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this agreement is terminated for a violation of the statute by the Consultant, the Consultant may not be awarded a public agreement for a period of one (1) year after date of termination.

13.3 CONSULTANT COMPLIANCE WITH LAWS. The CONSULTANT shall comply with all Federal, State and local laws and ordinances in effect on the date of this Contract and applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex or national origin in the performance of work under this Contract.

13.4 CONFLICT OF INTEREST. The CONSULTANT hereby certifies that no undisclosed conflict of interest exists with respect to the present Contract, including any conflicts that may be due to representation of other clients, other contractual relationships of the CONSULTANT, or any interest in property which the CONSULTANT may have. The CONSULTANT further certifies that any apparent conflict of interest that arises during the term of the Contract will be immediately disclosed in writing to the CITY. Violation of this Section will be considered as Justification for immediate termination of this Contract under the provisions of Section 8.1.

13.5 REMOVAL OF EMPLOYEE. The CITY is empowered to require the CONSULTANT to remove any employee or representative of the CONSULTANT from working on this Assignment which the CITY determines is not satisfactorily performing his assigned duties or is demonstrating improper conduct. The CITY shall notify the CONSULTANT in writing of the CITY's objections prior to the CONSULTANT's removal of any employee or representative.

13.6 PUBLICATION. The CONSULTANT shall not publish any documents or release information to the media without prior approval of the CITY.

SECTION 14 - ACCESS TO RECORDS/AUDIT.

14.1 RECORDS MAINTENANCE. The CONSULTANT shall maintain books, records, documents, time and costs accounts and other evidence directly related to its performance of services under this Contract. All time records and cost data shall be maintained in accordance with generally accepted accounting practices. The CONSULTANT shall also maintain the financial information and data necessary to determine overhead rates in accordance with the requirements of Federal and State regulatory agencies and this Contract. The CITY, or any of its duly authorized representatives, shall have access within forty-eight (48) hours to such books, records, documents and other evidence for inspection, audit and copying. Copying of CONSULTANT's books, records, documents, time records and cost accounts and other evidence shall be at the CITY's expense.

14.2 ACCESS TO RECORDS. The CONSULTANT shall maintain and allow access to the records required under this Section for a period of five (5) years after the completion of the services provided under this Contract and date of final payment for said services, or date of termination of this Contract as may have been exercised under the terms of this Contract.

SECTION 15 - CODES AND DESIGN STANDARDS.

15.1 All of the services to be performed by the CONSULTANT shall in the minimum be in accordance with commonly accepted design codes and standards, standards of the CITY and the requirements of any Federal and/or State regulatory agencies in effect as of the date of this Contract. The CONSULTANT shall be responsible for keeping apprised of any changing codes or requirements, which requirements must be applied to the Assignment to be performed under this Contract. Any new codes or requirements becoming effective subsequent to the effective date of this Contract that require an additional level of effort to be performed by the CONSULTANT beyond that covered under the scope of this Contract

shall be subject to negotiation for an increase in scope and compensation by an amendment to this Contract.

SECTION 16 - ASSIGNABILITY

16.1 The CONSULTANT shall not sublet, assign or transfer any interest in this Contract, without prior written approval of the CITY, provided that claims for the money due or to become due the CONSULTANT from the CITY under this Contract may be assigned to a bank, trust company or other financial institution without such CITY approval. Notice of any such assignment or transfer shall be furnished promptly to the CITY.

SECTION 17 - CONTROLLING LAWS

17.1 This Contract is to be governed by the laws of the State of Florida.

SECTION 18 - FORCE MAJEURE

18.1 Neither party shall be considered in default in performance of its obligations hereunder to the extent that performance of such obligations, or any of them, is delayed or prevented by Force Majeure. Force Majeure shall include, but not be limited to, hostility revolution, civil commotion, strike, epidemic, fire, flood, wind, earthquake, explosion, any law, proclamation, regulation or ordinance or other act of government, or any act of God or any cause whether of the same or different nature, existing or future; provided that the cause whether or not enumerated in this Section is beyond the control and without the fault or negligence of the party seeking relief under this Section.

SECTION 19 - EXTENT OF CONTRACT

19.1 This Contract, together with the RFQ titled "[insert name of RFQ]" (issued [Click or tap to enter a date.]), the proposal submitted [Click or tap to enter a date.], and the Exhibits hereinafter identified and listed in this Section 19, incorporated herein and made a part hereof by this reference, constitute the entire Agreement between the CITY and the CONSULTANT and supersede all prior written or oral understandings in connection therewith. This Contract may only be amended, supplemented or modified by a formal Amendment or Change Order to this Contract. The Exhibits supplemental to and made a part of this Contract are as follows:

- Exhibit A: Scope of Services.
- Exhibit B: Task Order Form.
- Exhibit C: Addendum

CITY OF ST. PETE BEACH, FLORIDA **STANDARD CONTRACT ADDENDUM**

THIS ADDENDUM modifies the contract for services made and entered into this _____ day of _____, 2025, by and between the CITY OF ST. PETE BEACH, a Florida municipality, hereinafter referred to as the “City”, and _____, hereinafter referred to as “Contractor” to include the following terms of this contract Addendum:

WITNESSETH:

WHEREAS, Section 119.0701, Fla. Stat., requires that certain public agency contracts must include certain statutorily required provisions concerning the Contractor’s compliance for Florida’s Public Records Act; and

WHEREAS, Section 768.28, Fla. Stat., sets forth a limited waiver of sovereign immunity for tort liability for Florida public agencies; and

WHEREAS, Florida law requires that public agency contracts be subject to non-appropriation and thereby contingent upon appropriation during the public agency’s statutorily mandated annual budget approval process; and

WHEREAS, Section 448.095, Fla. Stat., imposes certain obligations on public agencies with regard to the use of the E-Verify system by their contractors and subcontractors; and

WHEREAS, Section 287.133 and 287.135, Fla. Stat., provides restrictions on local governments contracting with companies that are on certain Scrutinized Companies lists or convicted vendor list; and

WHEREAS, additional terms required by Sections 282.3185(5) and (6) Fla. Stat. related to data management and Section 287.05701 Fla. Stat. related to social government and corporate activism are also added by virtue of this Addendum; and

WHEREAS, Section 286.101, Florida Statutes contains a list of “foreign countries of concern” including, the People’s Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People’s Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such “foreign country of concern”. Any entity that does business with a state agency or political subdivision (subject to certain dollar amounts) must disclose certain of their dealings with those “foreign countries of concern” to the Florida Department of Financial Services; and

WHEREAS, Section 787.06(13), Fla. Stat. provides that when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in such statute;

NOW, THEREFORE, in consideration of the covenants set forth herein, the parties agree to this addendum as follows:

1. Amendment. This Addendum hereby amends and supplements the terms of the Agreement. In the event of a conflict between the terms of the Agreement and terms of the Addendum, the terms of the Addendum shall prevail.

2. Public Records Compliance. City and Contractor agree that Contractor does not have the authority to contractually bind the City in any manner. Contractor agrees that, to the extent that it may "act on behalf" of the City within the meaning of Section 119.0701(1)(a), Florida Statutes in providing its services under this Agreement, it shall:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.
- (e) Pursuant to Section 119.0701(2)(a), Fla. Stat., **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**
City Clerk/Public Records Custodian
cityclerk@stpetebeach.org
Phone: 727-363-9220

155 Corey Avenue
St. Pete Beach, FL 33706
Fax: 727-541-8040

3. Public Records Compliance. Contractor authorizes the public agency to seek declaratory, injunctive, or other appropriate relief against Contractor in Pinellas County Circuit Court on an expedited basis to enforce the requirements of the previous section.

4. Compliance/Consistency with Section 768.28, Fla. Stat. Any indemnification or agreement to defend or hold harmless by City specified in the Agreement shall not be construed as a waiver of City's sovereign immunity, and shall be limited to such indemnification and liability limits consistent with the requirements of Section 768.28, Fla. Stat. and subject to the procedural requirements set forth therein. Any other purported indemnification by City in the Agreement in derogation hereof shall be void and of no force or effect.

5. Non-appropriation. City's performance and obligation to pay under this Agreement is contingent upon an appropriation during the City's annual budget approval process. If funds are not appropriated for a fiscal year, then the Contractor shall be notified as soon as is practical by memorandum from the City Manager or designee that funds have not been appropriated for continuation of the Agreement, and the Agreement shall expire at the end of the fiscal year for which funding has been appropriated. The termination of the Agreement at fiscal year end shall be without penalty or expense to the City, subject to the City paying all invoices for services rendered during the period the Agreement was funded by appropriations.

6. E-Verify Compliance. By entering into this Agreement, the Contractor is obligated to comply with the provisions of Section 448.095, Fla. Stat. "Employment Eligibility," as amended from time to time. This includes but is not limited to register with and use the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit to Contractor attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Contractor agrees to maintain a copy of such affidavit for the duration of this Agreement. Failure to comply with this paragraph will result in the termination of this Agreement as provided in Section 448.095, Fla. Stat., as amended and Contractor will not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated. Contractor will also be liable for any additional costs to the City as a result of the termination of this Agreement in accordance with this paragraph. Contractor affirmatively states, under penalty of perjury, that in accordance with Section 448.095, Fla. Stat., Contractor is registered with and uses the E-Verify system to verify the work authorization status of all newly hired employees, that in accordance with such statute, Contractor requires from each of its subcontractors an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and that Contractor is otherwise in compliance with Sections 448.09 and 448.095, Fla. Stat.

7. Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes. Section 287.135(2)(a), Fla. Stat., prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Fla. Stat., or is engaged in a boycott of Israel. Section

287.135(2)(b), Fla. Stat., further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Fla. Stat., or the company is engaged in business operations in Cuba or Syria. The Contractor and City acknowledge that the amount of the contract is less than \$1,000,000. Accordingly, Contractor hereby certifies that Contractor is not listed on the Scrutinized Companies that Boycott Israel List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Fla. Stat., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with City for goods or services of any amount may be terminated at the option of City if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of City if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.

8. Disclosure Requirements for "Foreign Countries of Concern". If applicable, Contractor shall comply with the disclosure requirements set forth in Section 286.101 (3) (a), Fla. Stat., which requires "Any entity that applies to a state agency or political subdivision for a grant or proposes having a contract value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift received from a "foreign country of concern" if such interest, contract, grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract, grant or gift was received or in force at any time during the previous five (5) years. Such disclosure shall contain the name and mailing address of the disclosing entity, the amount of the gift or the value of the interest disclosed, the applicable "foreign country of concern" and, if applicable the date of termination of the contract or interest, the date of receipt of the grant or gift and the name of the agent or controlled entity that is the source or interest holder. Within one (1) year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services". Pursuant to Section 268.101(7), Fla. Stat.: "In addition to any fine assessed under [section 286.101(7)(a), F.S.], a final order determining a third or subsequent violation by an entity other than a state agency or political subdivision shall automatically disqualify the entity from eligibility for any grant or contract funded by a state agency or any political subdivision until such ineligibility is lifted by the Administration Commission for good cause."

9. Venue and Jurisdiction. Notwithstanding any of other provision to the contrary, this Agreement and the parties' actions under this Agreement shall be governed by and construed under the laws of the State of Florida, without reference to conflict of law principles. As a material condition of this Agreement, each Party hereby irrevocably and unconditionally: i) consents to submit and does submit to the jurisdiction of the Circuit Court in and for Pinellas County, Florida for any actions, suits or proceedings arising out of or relating to this Agreement. Both parties waive any right to file an action, suit or proceeding in Federal Court or remove any action, suit or

proceeding to Federal Court.

10. Attorneys' Fees and Costs. Notwithstanding any of other provision to the contrary, if litigation ensues regarding this Agreement, each party hereto shall bear its own attorneys' fee and costs.

11. Public Entities Crime or Convicted Vendor List. Contractor agrees and assumes a continuous duty to disclose to the City if the Contractor or any of its affiliates as defined by Section 287.133(1)(a), Florida Statutes are placed on the Convicted Vendor List or the Antitrust Violator Vendor List maintained by the Florida Department of Management Services.

12. Data Management; Notice of Breach. Contractor shall cooperate with the City and provide timely incident reporting, response activities/fact gathering, public and agency notification, severity level assessment, after-action reports, etc., which the City must report in accordance with Sections 282.3185(5) & (6), Florida Statutes in the event of a data breach.

13. Environmental and Social Government and Corporate Activism. The City has not given preference or requested documentation from the Contractor based on Contractor's social, political or ideological interest. Contractor agrees to similarly not request documentation or give preference to any subcontractor based on the subcontractor's social, political or ideological interests.

14. Taxes. The City shall not be liable for any taxes and assessments imposed by a federal, state or local governmental agency to the extent that the City is exempt from same by Florida law, including but not limited to any sales or use tax.

15. No coercion for labor or services. The Contractor swears under penalty of perjury that the Contractor does not use coercion for labor or services as defined as follows:

"Coercion" means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Sec. 893.03, Fla. Stat. to any person for the purpose of exploitation of that person.

16. Force Majeure. The City reserves the right to suspend, modify or terminate this contract in the event of an act of god or act of man beyond the control of the parties, including but not limited to a hurricane, tropical storm, tornado, or other destructive weather event, flooding,

pandemic, plague, war, armed conflict, domestic or foreign terrorism, riot, labor condition, state or federal governmental action, and catastrophic Internet disturbance, making performance inadvisable, economically impracticable, illegal, or impossible.

17. Conflicts. By entering into this agreement, the Contractor represents that it currently is not providing professional services to any third party person or entity on any project or development for which project or development approval is currently pending or proposed or for which an application is being prepared for submittal to the City of St. Pete Beach for review or approval and further agrees that during the term of this agreement, the Contractor will not provide professional services to any third party person or entity as to any project or development for which development or project approval is pending or proposed or for which an application is being prepared for submittal to the City of St Pete Beach for review or approval.

18. Additional Terms. Notwithstanding any of other provisions to the contrary, the parties agree as follows:

A. None.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this instrument on the days and year indicated below and the signatories below to bind the parties set forth herein.

Under penalties of perjury, and pursuant to Sec. 92.525, Fla. Stat., Contractor declares that Contractor has read the foregoing Section 15 above and that the facts stated in it are true.

Re: Request for Qualifications - Engineering and Consulting Services

Dear Mr. Taylor and Members of the Selection Committee,

NorthStar Contracting Group, Inc. (NorthStar) is pleased to submit our qualifications in response to the City of St. Pete Beach's (City) Request for Qualifications (RFQ) for Engineering and Consulting Services. We trust you will see in your review of our response that NorthStar is extremely qualified to support the City's endeavors through the anticipated contract resulting from this solicitation.

NorthStar is a licensed State of Florida Professional Engineering and Construction firm **headquartered in Tampa, Florida**. The core focus of NorthStar's professional services group is to provide public sector clients, like the City, with high quality engineering and environmental services. We have and continue to provide professional services to other cities including St. Petersburg, Clearwater, Dunedin, Tallahassee, Lake City, and Live Oak. In addition, we provide professional services to Pinellas, Sarasota, Indian River, Hillsborough, and Walton Counties. We have over a 35-year working relationship with the Florida Department of Environmental Protection (FDEP) and the Florida Department of Transportation (FDOT). We are currently providing professional services to other State agencies including Florida Fish and Wildlife Conservation Commission (FWCC), Florida Department of Agriculture and Consumer Services (FDACS), and the State of Florida Water Management Districts including Southwest Florida Water Management District (SWFWMD), Suwannee River Water Management District (SRWMD), and South Florida Water Management District (SFWMD).

We understand the importance of achieving results that ensure all stakeholders are satisfied with the outcome of our work. As a local firm, we are excited to provide our services to the City through this contract. Our execution of all work assigned to us will surpass the expectations of the City. To ensure we consistently deliver on this promise, we selected only those areas where we believe our team has the strongest areas of specialization, as requested in the RFQ. NorthStar's team is ready to provide engineering and consulting support to the City in the General Engineering Design Services, Architectural Design Services, Urban Development Planning and Soils and Materials Testing disciplines. We will provide these services by utilizing our local team of engineers, scientists, and technicians. To ensure adequate resources to support the City, we will augment our local resources with in-house resources from our West Palm and Tallahassee offices, as needed. These resources will be led and coordinated from our Tampa headquarters by our Principal in Charge, Brent W. Anderson, PE, PG. Brent will be supported by NorthStar's Contract Manager, Brett Warner, PE.

As detailed in the remainder of this document, NorthStar and our staff are committed to excellence and client satisfaction. We have a broad range of capabilities in the fields of civil engineering, drainage & water resource engineering, environmental engineering, construction management/inspection, and remediation. Our staff is grateful to have the opportunity to continue to support the City and assist City staff to improve and maintain the City's infrastructure. **Our Team is ready to start working with the City immediately.**

Sincerely,
NorthStar Contracting Group, Inc.

**B. Statement of Qualifications and
Profile of Firm**

B. Statement of Qualifications and Profile of Firm

Profile of Firm

NorthStar is a privately held Florida corporation headquartered in Tampa (Riverview), Florida. We also have offices in Tallahassee, Orlando, Pensacola, and West Palm Beach, and satellite personnel stationed in Gainesville, Jacksonville, and Sarasota. This distribution of Florida offices and staff allows us to easily enlist support to the City from any of our offices. Our Tampa corporate headquarters is located just 45 minutes from the City of St. Pete Beach City Hall. With this proximity, City staff have immediate access to NorthStar's substantial resources and to our Principal in Charge, Brent Anderson, who is located in our Tampa office and will commit any resources needed.

As a locally headquartered firm with local staff, we are excited about the opportunity to provide our services to the City through this contract. We commit that our execution of any work assigned to us will meet or exceed the expectations of City staff. Our work will adhere to our established, rigorous quality control reviews while meeting each project's technical objectives, cost, and schedule. NorthStar is a seasoned, proven partner who is ready to support the City in achieving its mission.

Since 1997, we have supported State of Florida agencies, municipalities, and local governments with professional services similar to those required in the City's RFQ. NorthStar is fully licensed to conduct any work required under this contract and is registered with the Florida Department of Management Services Vendor Registration System.

NorthStar is currently providing or has provided similar professional services to local governments and municipalities within the state of Florida, such as the cities of St. Petersburg, Clearwater, Tampa, and Dunedin, and Pinellas, Hillsborough, and Sarasota Counties. Since 2007, we have worked for all five of the Florida Water Management Districts and are currently serving SWFWMD, SFWMD, and SRWMD with General Engineering and Professional Services. We have 20-year relationships providing professional engineering and environmental services with FDEP and FDOT. Through our extensive Florida-focused experience, NorthStar and our staff have developed profound respect and institutional knowledge of how agencies like the City operate and understand the important role the City plays in the community. We recognize the importance of working seamlessly with City staff, understanding and appreciating your obligations and constraints. As such, we would work as an extension of City staff.

Figure 1: NorthStar Office Locations

With the execution of hundreds of projects in Florida, we have gained an unparalleled understanding of the type of services typically requested under Task Order (TO) contracts procured under the Consultants Competitive Negotiation Act (CCNA) per Florida Statutes (FS) 287.055. We have developed and refined our technical and management approaches to deliver timely, cost-effective, and value-added services for the City.

Our services are focused on the public sector, namely the state and local agencies of Florida. We aim to achieve results that ensure all City stakeholders, including residents, businesses, visitors, and elected officials, are satisfied with the outcome of the City's and, by extension, our work. Through our Contract Manager, Brett Warner's previous work with the City, we understand the central mission is balancing the needs of current and future residents while protecting and maintaining the City's history and culture.

The services NorthStar offers will be provided by our diverse team of uniquely qualified and experienced engineers, scientists, and technologists. The NorthStar Team has been designed to prioritize a rapid response to the City's needs, focusing on a

clear line of communications and accountability at all levels. Our team was assembled with an understanding of the key project elements that will make up TOs issued under this contract. NorthStar's in-house resources and capabilities will be augmented by those of four strategically selected sub-consultants. These firms are experts in specific specialty disciplines and will bring those expert resources to support the City through the NorthStar Team. Our subconsultants have also been selected to provide a synergistic overlap, supporting and complementing NorthStar's capabilities, enabling the NorthStar Team to handle City projects of any size and complexity.

Introducing the NorthStar Team

NorthStar

As the prime contractor, NorthStar will be the point of contact for the City. We will manage all aspects of the contract, perform the majority of the project work, and bear complete responsibility for the quality of work, responsiveness, project performance, and City satisfaction. The NorthStar team and resources will be led and coordinated by our current Principal in Charge, Brent Anderson, PE, PG. Brent has over 35 years of engineering experience, including 26 years as a NorthStar employee, and 20 years as a Tampa area resident. Brent is a registered Florida Professional Engineer and a registered Professional Geologist. Brent is a NorthStar Corporate Officer and Tampa Branch Manager and has the authority to legally bind NorthStar. He will be the primary contact person for all issues regarding the Terms and Conditions for this contract. This local resource ensures the City will have immediate access to a Corporate Officer for all contractual matters and the local Branch Manager for all other administrative or technical matters associated with the contract.

Brent will be supported by NorthStar's Contract Manager, Brett Warner, PE. Brett is a Bay Area resident and a registered Florida Professional Engineer with 14 years of experience. His wide-ranging experience includes water and wastewater engineering, stormwater engineering, environmental engineering, geotechnical engineering, coastal engineering, planning, project management, construction management, and quality control. He has significant experience in managing and overseeing water, wastewater, stormwater and roadway reconstruction projects and the design and construction of large, complex, multi-phase civil engineering projects. Brett previously served as Planning Engineer I/II in the City of Tampa Water Department and City Engineer and Assistant Public Works Director for the City of St. Pete Beach, Florida.

During Brett's time working under the direction of the City of Tampa Water Department's Chief Planning Engineer, he was responsible for significant portions of the Water Department's planning, design, and reporting activities. Brett maintained the City's Potable and Reclaimed Water hydraulic models, annual Capital Improvement Program development, Potable Water Master Planning, Consumptive Use Permit compliance, Florida Department of Environmental Protection permit compliance, development review, pipeline replacement design, Water Treatment Plant project management, Change Management and many other duties.

After his tenure with the City of Tampa, Brett filled the role of City Engineer and Assistant Public Works Director for the City. During his time in this position, Brett played a crucial role in overseeing and managing the City's infrastructure projects and maintenance. This involved designing, planning, and implementing public works projects including road repairs, stormwater system improvements, utility upgrades, and facility renovations to ensure they met safety standards and regulatory requirements. Brett also provided technical guidance on construction practices, reviewed engineering plans, and coordinated with contractors and consultants to maintain the City's infrastructure. Additionally, Brett monitored ongoing projects, addressed any engineering challenges that arose, and worked with administration and elected officials to develop strategies for future improvements and sustainable development.

A key NorthStar differentiator is that we have a unique understanding of the City's inner operations and will collaborate to achieve the City's goals. Our Contract Manager, Brett Warner, having served for nearly seven years as Assistant Public Works Director and City Engineer, is keenly aware of the unique social relationships and drivers that guide the City's policies. NorthStar will utilize this knowledge to ensure that the City's goals are prioritized, and projects conform with the City's

Strategic Plan. As Contract Manager, Brett will be responsible for coordinating resources, including sub-consultants, to ensure the City's expectations relative to contract performance are met. He will be responsible for scope development, compliance and risk management, project management, financial management, records maintenance and documentation, conflict resolution, communication and quality assurance of contract matters.

Our Organizational Chart depicting key staff members and subconsultants is presented below. Together, these key personnel form a strong and cohesive nucleus of experienced technical and project management professionals dedicated to the community. With the broad scope of potential services, it is critical from both technical and cost perspectives to assign appropriately and specifically qualified staff for each project. NorthStar will provide the City with a highly skilled and experienced contract team and manage the team to ensure the most advantageous personnel and skill levels are utilized for each TO. Our Contract Manager will have access to all personnel within our firm and to our select team of subconsultants for special or unusual projects, or unexpectedly high workloads. We will always meet the City staff's needs with appropriately qualified and experienced personnel.

Figure 2: Organizational Chart

NorthStar's Subconsultants

NorthStar's resources and capabilities will be augmented by those of strategically selected subconsultants. These firms are experts in specific specialty disciplines and will bring those expert resources to support the City through the NorthStar Team. We have established professional relationships with these firms and our staff has worked with all of them on projects similar in nature and scope to those anticipated under this contract. We are unequivocally assured of the commitment and quality standards of each subconsultant and are proud to introduce our assembled team. Subconsultant staff resumes are included in **Exhibit A**.

Clearview LAND DESIGN, P.L.

Clearview Land Design has been a leading provider of exceptional engineering services in the Tampa Bay Region since 2009. With a rich history of regional expertise dating back to 1980, the partners of the firm have cultivated invaluable professional relationships and acquired extensive local knowledge. This depth of experience enables Clearview to anticipate potential project challenges and deliver tailored solutions. Their dynamic team of more than 50 skilled professionals offers a comprehensive suite of services including planning, engineering design, landscape architecture, environmental science, permitting, geographic information systems, platting, and construction inspection. This diverse expertise allows for end-to-end solutions that streamline the project delivery process for our clients.

Hanson Professional Services Inc. has been providing nationwide engineering and planning services for more than 70 years and is consistently ranked in the upper tier of consultants in Engineering News-Record's list of top 500 U.S. engineering and architecture design firms. Hanson has 29 offices located strategically throughout the United States and Canada, including six offices in Florida to serve all areas of the state. Known for their personal approach, Hanson staff work as committed partners with clients and focus on successful results for every project. The firm has completed projects in every U.S. state and nearly 100 projects in more than 40 countries around the world. Specifically, Hanson focuses on six market areas of expertise including infrastructure, government, power, industry, railway, and aviation.

Hanson is consistently rated by Florida Trend magazine as one of the "Best Companies to Work for in Florida." With a strong presence in the state since 1997, Hanson works with FDOT, numerous local governments, and other federal, state, regulatory, and local agencies to help improve the state's infrastructure from the planning and study phases through construction.

AREHNA Engineering, Inc. is a geotechnical engineering and materials testing firm with an experienced staff of engineers, who work closely with clients and project design teams, carefully consider project information, and provide the most cost-effective solutions to the challenges faced on each project. AREHNA currently supports the City of St. Pete Beach as a subconsultant on an as-needed basis. Project experience includes roadway improvement, bridge replacements, complete streets, water, wastewater, stormwater and drainage, parks and trails, safety and bike and pedestrian improvements, projects for the City of St. Petersburg, Pinellas County, City of Clearwater, FDOT, FDEP, SWFWMD, as well as other Counties and Cities throughout the State.

AREHNA, prequalified in FDOT Work Groups: 9.1, 9.2, 9.3, 9.4.1, 9.4.2, 9.5 and 10.3, has a full service geotechnical and construction materials testing laboratory, which is AASHTO accredited, USACE validated and FDOT approved. AREHNA's in-house drilling and coring capabilities give us control of our schedule and the ability to meet the most aggressive project schedules. AREHNA Engineering is a certified Small Business Enterprise (SBE) with the City of St. Petersburg and Pinellas County and a certified Minority Business Enterprise (MBE) with the State of Florida Office of Supplier Diversity and Disadvantage Business Enterprise DBE with the FDOT.

Hyatt Survey Services, Inc. is a full-service professional surveying and mapping company that has provided professional surveying services throughout the State of Florida for more than 22 years for federal, state, municipal, commercial, and private sector clientele. From boundary, topographic and right-of-way surveying to intricate geodetic, construction, and hydrographic/bathymetric surveying, Hyatt Survey Services, Inc. can fulfill all surveying requirements. Their current list of clients includes the City of St. Pete Beach, US Army Corps of Engineers, the FDOT, SFWMD, City of St. Petersburg, and Pinellas, Manatee, Sarasota, and Charlotte Counties.

Hyatt offers a multitude of surveying services, including, but not limited to

- Boundary Surveys
- Control Surveys
- Right-of-Way Maps
- Specific/Special Purpose Surveys
- Record (As-Built) Surveys
- Aerial/Photogrammetry Survey/Maps
- Descriptions
- Sketches to Accompany Descriptions
- Staking in the field, if required
- Topographic Surveys
- Underground Utility Surveys
- Hydrographic/Bathymetric Surveys
- Electronic Base Map Preparation

The Hyatt Team is one of the best-equipped and most experienced surveying and mapping groups within Florida. We feel that Hyatt's expertise and ability to perform all the required surveying and mapping services from one source offers you the best surveying option for this contract.

Key Personnel and Availability

The specific individuals presented below in **Table 1** are the NorthStar Team that will complete work assignments under this contract. We are proud of our staff retention and maintain a low level of turnover. All proposed staffing changes will be coordinated and approved by the City of St. Pete Beach. All key personnel will be responsible for executing and/or directly overseeing work performed under this contract. The assigned key personnel have the directly related qualifications, skills, and experience necessary to provide the engineering services detailed in the RFQ Scope of Work.

The availability of the NorthStar Team key personnel is summarized below, and their individual resumes are presented in **Exhibit A**. Resumes for additional support staff are available upon request. In addition to the 15 key personnel noted below, NorthStar can draw from more than 100 professionals in our West Palm Beach, Tampa, Orlando, Jacksonville, and Tallahassee offices as well as other highly qualified personnel through extensive subconsultant network. This represents a significant capacity to responsively deliver any project on time, within budget, and to the City's satisfaction.

Table 1: NorthStar's Personnel Roles and Availability

Personnel	Role	Availability (%)
Brett Warner, PE	Contract Manager/Senior Civil Engineer	80
Brent Anderson, PE, PG	Principle In Charge	25
Pamela Jackson, PG, ASP	Senior Geologist/Quality Manager	50
Keanan Bell	Geospatial Analysis and Environmental Program Manager	30
Brandon Bagoo, PE	Civil & Water Resource Engineering	50
Brian Kelsay, PE	Civil & Water Resource Engineering	50
Katie McNeal, PE	Civil & Water Resource Engineering	50
Nick Narine	Civil & Water Resource Engineering	50
Dario Blazevic	Civil & Water Resource Engineering	50
Andrew Frost, PE	Water/Environmental	50
Philip Stein	Environmental Scientist	50
Philip Glover, PG, LEP	Senior Geologist	50
Kirk Noonan	Modeler/CADD Manager	30
Mina Bebawy	Construction Management and Inspection	20

NorthStar Team Workflow

Distribution of Workload

As part of developing the Scope of Work and budget for TOs under this contract, NorthStar will designate the subconsultants' roles. NorthStar's Contract Manager will engage the subconsultants and develop scope, budget, and deliverable milestones for the project. These elements will be incorporated into work scope agreements and formalized through our standard subcontract agreements. Each subconsultant has named a single point of contact with full authority to commit resources on behalf of the respective company. The NorthStar Contract Manager will communicate and coordinate regularly with each subconsultant contact to discuss upcoming work and work in progress.

NorthStar Team Working Relationships

NorthStar has long-established professional and working relationships with our strategically selected specialty subconsultants. This is an important NorthStar Team advantage as we are confident of the commitment and quality standards of each subconsultant due to the existing, strong working relationship among the project personnel of NorthStar and the selected subconsultants. Our Team of NorthStar and subconsultant personnel has worked on dozens of projects for the City of St. Pete Beach and other Tampa Bay Area cities. The NorthStar Team brings together the best of our collaborative project experience to serve the City. This efficient delivery of services will allow the NorthStar Team to assist the City, maximize efficiency, and leverage the individual skillsets of the team in a collaborative way.

Statement of Qualifications

NorthStar's in-house areas of specialization and our prior relevant work experiences are discussed in the following subsections. In developing our response to this RFQ, we have drawn upon the significant experience we have gained from our previous work and our current client list, which includes State of Florida municipalities, County agencies, and State agencies. Through the execution of numerous work orders for these clients, we have gained an unparalleled understanding of the type of services commonly requested under TO contracts. Due to our extensive experience with these types of contracts, we have developed approaches to these services that will result in responsive and cost-effective services for the City.

The approach and methodology for our design activities focus on quality, conformance with all code requirements, and providing the most cost-effective design for the stated life cycle and operational parameters requested by our clients.

NorthStar's first step in the design process is to assemble our in-house technical group composed of key members of our design team, and if necessary, modeling teams. In addition to performing the normal data research exercises, this group will meet with City staff from various departments with an interest in the project (i.e., transportation, stormwater, water, wastewater, planning, and other operational departments). This will ensure our team has an in-depth understanding of the current facility operations (if existing), performance, needs, and future operations. Our collaborative approach during the early portion of the design process eliminates the possibility that key pieces of information are overlooked, ensuring a high quality, comprehensive design.

Due to the complex nature of City projects, we utilize a multi-disciplinary approach in the areas of civil engineering, water resources engineering, hydraulic and hydrologic modeling, geotechnical engineering, structural engineering, mechanical engineering, electrical engineering, environmental engineering, and other disciplines, as necessary. The NorthStar Team, introduced and detailed earlier in this section, has the requisite experience and expertise in the specialized area of civil engineering to identify and allocate the necessary and appropriate resources to each assigned TO.

NorthStar's approach includes frequent communication in the form of emails, weekly videoconferences (Microsoft Teams®) or face to face meetings, project-specific intranet web sites (Microsoft SharePoint®), and secure file sharing through Microsoft OneDrive®, ensuring appropriate cross-coordination. These communication methods are used to collaborate with City staff, ensuring they are informed of project status and allowing them to offer essential and timely input.

These strategies for TO execution have enabled NorthStar to successfully complete the Everglades Agricultural Area (EAA) A-1 Flow Equalization Basin (FEB) and the C-111 Spreader Canal projects, two high profile SFWMD projects, on accelerated schedules, guaranteeing the SFWMD would meet internal and external commitments relative to construction of these projects. The EAA A-1 FEB project was awarded Project of the Year by the West Palm Beach and State of Florida chapters of the American Society of Civil Engineers (ASCE).

NorthStar's Project Team has the depth and breadth of engineering design experience and expertise required to respond to the City's needs on any TO assigned to us under this contract. We will incorporate our expertise and experience in all design activities as outlined below.

NorthStar personnel will work as an extension of the City's staff. Consequently, our second step will be to hold a pre-design meeting with City staff from all appropriate departments. This will allow us to obtain a clear understanding of the City's project objectives and expectations as well as establish an appropriate Work Breakdown Structure (WBS) for the project. Included in these discussions are project-specific management topics such as budget and schedule constraints, local constituent concerns, as well as the relevant technical, operational, permitting, and QA/QC issues.

Our flexible approach during the design process recognizes the City has many stakeholders and approving bodies whose decisions may need to be addressed during the design. ***We recognize the objective of the City is not a "design" but a completed, functional project that meets expectations of all stakeholders and is finished on time and on budget.*** Our mission is to help City staff achieve that goal by providing high quality design services that exceed the expectations of the City and its stakeholders.

C. Services Approach

C. Services Approach

NorthStar is pursuing four (4) categories from the RFQ: (1) General Engineering Design Services, (2) Architectural Design Services, (3) Urban Development Planning, (4) Soil and Material Testing. As stated in Addendum #7, the four categories allow five (5) pages per category for this section, if required, for a total of twenty (20) pages.

NorthStar will provide the requested services under this contract through a proven and effective management approach to ensure coordinated, best value services in completing all assigned TO's. Our ability to implement and optimize contract and TO requirements is demonstrated in our extensive experience on similar contracts and efforts. Through this experience, NorthStar offers the City proven capabilities and capacity to develop and implement plans to successfully achieve the City's goals and objectives.

NorthStar has proven its management capabilities to our clients on countless projects, many of which are presented as reference projects with this solicitation response. As we demonstrated on these projects, we implement and manage our resources and capabilities to:

- develop, manage, and meet schedules and budgets that optimize time and costs
- manage, coordinate, and efficiently utilize resources, including our team of subconsultants
- remain flexible, respond to unexpected conditions or occurrences, and prioritize and manage work based on schedules, needs, and project changes
- communicate and respond efficiently
- collaborate, particularly across the diverse interests of the City and stakeholders
- monitor and control all aspects of the assigned work
- deliver efficient, high quality work products with cost-effective solutions
- successfully execute City projects to conclusion

Rational project management, contingency planning, and an emphasis on clear and timely communications are the simple, yet critically important, techniques by which NorthStar manages its projects and daily work. NorthStar has further summarized our services approach and qualifications in the following sections, organized by category and subcategory as outlined in the City's RFQ.

A. General Engineering Design Services

NorthStar is pursuing Category A – General Engineering Design Services, specifically subcategories a, c, e, and f.

a. Roadway Resurfacing and Engineering

The NorthStar Team is highly qualified to handle the City's roadway resurfacing program needs. Our Contract Manager, Brett Warner, previously managed the City's asphalt roadway rehabilitation program during his time with the City's Public Works Department. Brett managed the bi-annual Pavement Condition Index (PCI) update for all City streets, developed common sense groupings of high priority roadways in the worst condition, and managed the City's annual roadway resurfacing contractor(s) work on executing the projects. In addition to asphalt roadways, Brett also managed the City's historic shell alleyway restoration program. These alleyways, which are historically protected by the City's Historic Preservation Board, are some of the only remaining shell surfaced alleyways within the State of Florida. Unfortunately, heavy vehicle loading from weekly garbage trucks, construction equipment, and normal use by residents and visitors takes a heavy toll on the shell surface. As Assistant Public Works Director and City Engineer, Brett developed a more resilient design for these alleys, while preserving their shell surface and historic nature, by implementing a new alleyway restoration detail utilizing a Geocell geogrid below the shell surface to strengthen the surface and prevent the rutting caused by heavy vehicle loading and turning tires.

Figure 3: Resurfaced Bay St in St. Pete Beach

In addition to Brett's experience, NorthStar has designed countless miles of permeable lime rock roadways as part of our work supporting SFWMD's initiatives for the restoration of the Everglades. These roads, construction atop or adjacent to conveyance canals, must be permeable enough to allow for the percolation of rainwater, but strong enough to support SFWMD maintenance equipment and vehicular traffic. Usually constructed out of lime rock, these roads are very similar to the historic shell alleyways maintained by the City.

As this experience demonstrates, the NorthStar Team can provide the City with the expertise of a veteran engineering team for roadway design, maintenance, and pavement preservation related projects. Our intimate knowledge of the City's roadways and roadway surface types ensures that the City's roads will be properly evaluated, prioritized and maintained in accordance with the City's level of service requirements.

c. Asbestos and Hazardous Waste Assessments

Asbestos Surveys, Testing, Abatement, and Oversight Services:

NorthStar has a long history of conducting asbestos abatement activities and ***we are currently the largest abatement and demolition contractor in the United States*** through our sister companies under the NorthStar Group Services corporate umbrella. We have provided all eight FDOT districts with asbestos and indoor air quality inspections for over 35 years and we are a recognized leader in asbestos management. Our asbestos consulting and abatement services begin with a well-trained staff of asbestos consultants; EPA-AHERA certified building inspectors, contractor supervisors, management planners, designers, project managers, and industrial hygienists, who all have extensive experience providing cost-effective asbestos inspection and survey and abatement services to public sector clients. Asbestos consulting and asbestos survey services offered by the NorthStar team include:

- | | |
|--|--|
| <ul style="list-style-type: none">• Asbestos testing and laboratory analysis• Asbestos surveys• Abatement project management• Drawings and specifications• Ambient air monitoring• Contract administration/estimating• Respiratory protection programs | <ul style="list-style-type: none">• Facility surveys and inspections• Operation & maintenance plans• Risk management/hazard assessments• Training of custodial & maintenance personnel• Employee awareness training• Cost recovery services |
|--|--|

Figure 4: NorthStar Asbestos Abatement Project

NorthStar's experience in the asbestos consulting field is unsurpassed and we have provided numerous asbestos surveys, re-inspections, and abatement for public agencies. In a recent example for a Florida Department of Transportation project, an I-75 bridge crossing in Lee County was found to have high levels of asbestos in the Class V Coating. Based on the proposed demolition techniques, all decorative coating had to be removed before the demolition work began. The NorthStar team performed all required ACM assessments and subsequent abatement activities. For this and any other abatement projects, NorthStar will submit the required notifications to both FDOT (14 days) and FDEP (10 days) to ensure the seamless flow of work.

In the case of the I-75 Bridge, the Class V Coating was coated with Peel Away 1. Using this compound, the ACM was easily removed with various hand tools. This method was selected because of the speed at which the coating could be removed and because it prevents the release of asbestos fibers. All mechanical means of removal will always be considered and NorthStar personnel will choose the method that meets the construction schedule, reduces hazards, and is cost effective.

Contamination and Hazardous Waste Assessments and Remediation:

NorthStar has significant experience performing site assessments within the State of Florida, specifically within Pinellas County. These assessments include sites impacted by a variety of contaminants: ranging from petroleum products and agrichemicals to hazardous wastes and uncharacterized wastes. We have addressed virtually all types of contaminated media in most environmental settings. We also routinely design and implement the corrective actions required to help our clients address environmental impacts. This hands-on corrective action experience gives us a practical advantage over other consulting firms that cannot self-perform. Because NorthStar personnel understand what information is needed to achieve regulatory closure, we can streamline assessment activities to collect the correct type and amount of site assessment data.

NorthStar is a leader in applying innovative methods to our assessments and correction actions. We utilize innovative methods to reduce project costs, decrease project timelines, and improve data accuracy. Our personnel use new technologies as well as conventional technologies in creative ways to save money and expedite regulatory site closure. As a full-service firm, these tasks are part of our day-to-day work. NorthStar also routinely performs assessment, reporting, engineering/design, and remediation/construction services using in-house resources, providing additional cost saving benefits to our clients.

Preliminary Assessment: Prior to mobilization, NorthStar personnel begin a preliminary assessment, focusing our attention on potential areas of concern. This involves reviewing all existing and available site information and prevents duplication of effort. Our innovative GIS capabilities allow us to visualize and understand existing and historic land uses, potential impacts, and general site conditions and access routes. GIS tools are especially useful in planning assessments for non-point source impacts. We are adept at developing rational sampling approaches (e.g., statistical or random-based and grid sampling) for these large properties. With thorough preliminary planning, we complete many assessments in a single mobilization.

Site Assessment: The core of each project is data acquisition: good quality data promotes realistic interpretations, which in turn allows for well-informed management decisions. NorthStar personnel understand the importance of collecting accurate field data. We are trained and extremely well-versed in:

- FDEP Standard Operating Procedures (SOP) contained in Chapter 62-160 Florida Administrative Code (FAC),
- The most recent versions of EPA Region IV Quality System and Technical Procedures, and
- US Army Corps of Engineers Guidance such as Engineering Manuals and Technical Manuals.

We use a wide variety of tools for sample collection and site characterization. The tools selected are based on project-specific conditions, quality control goals, and cost-effectiveness. Our approach is to collect sufficient data to delineate the horizontal and vertical extent of impacted soil, sediment, surface water, and groundwater. We focus on determining if the observed contamination will require corrective action and tailor our sampling activities accordingly. Our data also supports the development of risk-based, site-specific cleanup target levels and evaluation of conditional closure options.

For example, we may initially use temporary monitoring wells and field screening techniques, such as organic vapor analyzers, immunoassay kits, x-ray fluorescence, or field colorimetric kits, to collect a large screening data set at a low cost. We then confirm a statistical percentage of the field screening results with fixed-base or field laboratory analytical testing. This approach yields an overall cost saving while ensuring sufficient data to evaluate the site is collected.

Figure 5: NorthStar Personnel Performing Transite Pipe Abatement On Recent Asbestos Project

Figure 6: NorthStar Field Scientist examining soil cuttings

In support of identifying potential contaminant sources and third-party cost share apportionment, NorthStar personnel are well versed in statistical and modeling methods used for fate and transport modeling. This expertise is not limited to numerical modeling using groundwater and surface water modeling. We also conduct hypothesis testing, determination of confidence intervals, and utilize risk-based statistical methods to derive cleanup standards, human-health-risks, and ecological risks.

NorthStar tailors our approach to fate and transport evaluations to the client's needs and project objectives. For example, in some cases, a simple two-dimensional finite difference model like EPA's BIOPLUME can be used rather than a more costly modeling using a three-dimensional model like MODFLOW.

Laboratory Analysis: Any laboratory analytical services performed under this contract in support of our environmental site assessment activities will be performed by a laboratory certified by the Florida Department of Health Environmental Laboratory Certification Program. NorthStar will ensure that the analyses are of acceptable quality, conducted within the required holding time, and implemented according to State and Federally approved methods under the Clean Water Act (CWA) and/or Resource Conservation and Recovery Act (RCRA), as applicable. NorthStar will also ensure the essential quality control measures, report content, and documentation are consistent with Chapter 5 of the NELAC standards and the FDEP Requirements for Field and Analytical Work FDEP SOP DEP-QA-002/02. The analyses will include calibration standards, calibration checks, method blanks, matrix spikes, and analytical duplicates, as required by NELAC and the specific reference methods.

Figure 7: NorthStar personnel collecting groundwater samples

NorthStar will require the laboratories to perform the necessary checks as part of their routine data validation. Additionally, NorthStar will validate the data packages related to field surveys, sample collection, laboratory analysis, and documentation. NorthStar will inspect the data packages and supporting information for completeness, accuracy, compliance with the contract and method requirements, and use of proper data qualifiers. NorthStar will perform Tier 1 data review in accordance with FDEP SOP DEP-QA-002/02. If required, the data will then be processed through the FDEP Automated Data Processing Tool (ADaPT) software to guarantee the data meet quality assurance standards. This automated system reduces human error, provides fast electronic review, and is a complete Tier II review.

The ADaPT outlier reports automatically flag issues with method blanks, matrix spike recoveries, laboratory control sample recoveries, surrogate recoveries, and duplicates. This report will be provided to the City. A Tier III level review will be conducted when specifically requested by the City. Tier II reviews confirm the presence of reported contaminants and ensures our work is protective of the residents of the City.

Site Assessment Report (SAR): NorthStar prepares our SARs in compliance with Chapter 62-780 FAC, which ensures our SARs meet the standard of care expected by local and State regulatory agencies that review and approve the SARs. Our GIS capabilities aid in interpretation and presentation of spatially oriented data associated with the SAR. During report preparation, NorthStar mandates a strict peer review and final technical review process to ensure the data reported is accurate and to maintain NorthStar's internal quality objectives. The data is managed and presented through a variety of computer software including Word, Excel, Access, AutoCAD, ArcGIS, and other specialized modeling and graphing software. Potential remedial alternatives and associated detailed cost estimates are also included in the SAR in the form of a Remedial Alternatives Evaluation (RAE). These estimates of potential remedial alternatives are typically helpful for City staff relative to budgeting and planning for any necessary Correction Actions.

One or more of NorthStar's Professional Engineers or Professional Geologists will conduct a final technical review and will then sign and seal final documents in accordance with Chapters 471 and 492, Florida Statutes (FS). Final reports will be submitted in both paper and electronic media.

Regulatory Site Closure: There are several routes to regulatory site closure specified in Chapter 62-780, FAC. Closure options may take the form of exposure control through the use of engineering and institutional controls, passive remediation such as natural attenuation, or active remediation such as source removal or treatment. NorthStar is knowledgeable of the

requirements of these approaches and is aware that the use of engineering and institution controls (also known as conditional site closure), is often the most cost-effective route to regulatory site closure. However, it is important to understand that it is not a quick way to gain site closure and not all sites qualify for conditional closure. NorthStar personnel are experienced in determining which closure approach is appropriate for a particular site. We will work closely with City personnel to determine the specific project requirements and guide them to the most cost-effective site closure method that also meets their needs related to property use and schedule.

NorthStar was tasked by FDOT to assess and, if necessary, excavate a clean corridor along State Road 79 at the Former Cooks Grocery Site for the construction of subsurface features including utilities and stormwater conveyance systems through a petroleum-impacted (contaminated) area. The goal of this project was to provide a safe working environment and keep a tight schedule to get tasks completed. Previous reports indicated the presence of free-phase petroleum product on the water table as well as soil contamination near the former petroleum system. NorthStar personnel utilized hand augers and a direct push technology rig to collect soil screening and analytical samples from soil boring locations near proposed stormwater structures and ditches. The assessment confirmed there was petroleum constituent concentrations in excess of direct exposure criteria as well as material with volatile organic compound (VOC) concentrations above 10 ppm (typical breathing zone threshold used for worker safety). Sufficient data was collected in a single mobilization to ensure a clean corridor could be excavated and backfilled prior to roadway construction.

Figure 8: Petroleum-Impacted Soil Removal Along SR 79 During Roadway Improvements

Because construction in the area was imminent, NorthStar fast-tracked this project and moved forward the excavation of the petroleum-impacted soil as soon as analytical results from the assessment were obtained. A waste profile was submitted to the nearest RCRA Subtitle D landfill (Waste Management in Campbellton, Florida). Upon profile approval, NorthStar personnel returned to the site one month later and removed 682.52 tons of accessible petroleum impacted soil. The area was then backfilled and compacted with onsite equipment in preparation for the roadway contractor. NorthStar executed this project in a manner that met FDOT's goal, ensured worker safety, and prevented roadway construction delays.

Federal Regulations: NorthStar is intimately familiar with the Federal regulations governing the management, assessment, remediation, and disposal of hazardous wastes. These include the Clean Water Act; Clean Air Act; National Environmental Policy Act (NEPA); RCRA, as amended by the 1984 Hazardous and Solid Waste Amendments (HSWA); CERCLA (or Superfund); Hazardous Materials Transportation Uniform Safety Act of 1990; Toxic Substance Control Act (TSCA), and the land disposal requirements of Title 40, Chapter 1, Subchapter 1, Part 268 of the Code of Federal Regulations (40 CFR Part 268).

State and Local Regulations: NorthStar is extremely familiar with Florida environmental regulations contained in Chapter 62, FAC, and we maintain close working relationships with both the FDEP and Environmental Protection Commission of Pinellas County (EPC). Our thorough understanding of state and local environmental regulations, unique working relationships with FDEP personnel, and familiarity with FDEP procedures will enable NorthStar to better represent the City in all work orders under this contract where there will be interaction with these agencies.

Compliance with all applicable regulations is an integral part of the NorthStar project approach. For example, our comprehensive understanding of regulatory issues enabled us to successfully manage a complex hazardous waste remediation project for FDOT in Gainesville, Florida. The Fairbanks site was a RCRA-regulated facility for which a Closure/Post-Closure Permit Application was being prepared. An emergency remediation order under CERCLA was issued by EPA, requiring immediate action by FDOT. The site activities were required to comply with both RCRA and CERCLA requirements. NorthStar accomplished this difficult feat through a comprehensive understanding of both sets of regulations, coupled with an aggressive program of communication and coordination with all involved parties. NorthStar has the experience, personnel, team, approach, etc. to complete any task order related to hazardous waste.

As this experience demonstrates, the NorthStar Team can provide the City with the expertise of a veteran design team for asbestos, lead based paint, petroleum, and other hazardous, toxic waste related projects. Once a project enters the construction phase, we also have the personnel and the capabilities to provide construction management and administrative services to ensure that the project is completed on time and on budget and performs as envisioned by the City.

e. Stormwater

NorthStar's Contract Manager, Brett Warner, has extensive experience managing, designing, and implementing urban stormwater management projects within the City of St. Pete Beach. Brett has managed the design and construction of the Pass-a-Grille Way Reconstruction, Blind Pass Road Reconstruction, Boca Ciega Isle Drive Stormwater Improvements, 41st & Belle Vista Stormwater Improvements, Belle Vista Dr & Belle Vista Dr E Stormwater Improvements, Don CeSar Place Stormwater Improvements, and countless other stormwater and resilience projects throughout the City.

In addition to Brett's experience, NorthStar has completed hundreds of stormwater projects across the state. These stormwater projects have included design, construction, and design/build projects. We have a comprehensive understanding of the various factors involved with stormwater management including flood control, pollutant control, and stormwater system design.

As an example, NorthStar was contracted by the SFWMD to design a 400 cubic feet per second (cfs) stormwater pump station and an above-ground concrete-lined conveyance canal for the Biscayne Bay Coastal Wetlands (BBCW), Cutler Wetlands C-1 Flow Way Project.

Figure 9: Construction of 3rd Avenue Stormwater Pump Station in St. Pete Beach

Figure 10: Aerial View of Cutler Pump Station construction

The purpose of the Cutler C-1 Flow Way Project was to contribute to the coastal restoration of Biscayne Bay and adjacent wetlands as part of a comprehensive plan for restoring the South Florida ecosystem. The project was aligned with several goals of the Comprehensive Everglades Restoration Plan (CERP), such as improving distribution of freshwater to Biscayne Bay and Biscayne National Park, improving freshwater and estuarine habitat, improving salinity distribution within Biscayne Bay, and re-establishing productive nursery along the bay shoreline. The project achieves such goals via redirection of C-1 basin stormwater flows to create a more natural and historic overland flow through existing coastal wetlands and via restoration of saltwater wetlands and the nearshore bay through the re-establishment of optimal salinity concentrations for fish and shellfish nursery habitat.

The SFWMD Cutler C-1 Flow Way Project Ready-To-Advertise design was initially completed by another consulting firm in 2009, however, the project was not constructed. Since

completion of the 2009 design, site conditions, design guidelines, codes and regulations have changed. NorthStar evaluated the 2009 design in addition to lessons learned from similar projects, and updated the design to ensure project objectives were achieved at the best construction value today and up to current standards, guidelines, and regulations. The S-701 Pump Station design and Conveyance Rehydration design were split into two different phases. The S-701 Pump Station Phase 1 design was completed in 2022 and is currently under construction. The Conveyance Rehydration Phase 2 design was completed in 2023 and currently under construction.

Another example of NorthStar's stormwater design capability is the design/build services we provided for the SFWMD C-23 Section C Water Farm Above Ground Impoundment (AGI) project. This project was a design/build project that was fast tracked due to blue-green water quality issues affecting the St. Lucie Estuary and other portions of the Indian River Lagoon. The project was an emergency response effort to provide increased storage retention of stormwater being released from

Figure 11: Aerial View of the SFWMD C-23 Section C Water Farm AGI

Lake Okeechobee that otherwise would adversely impact the St. Lucie Estuary and other portions of the Indian River Lagoon due to the presence of higher nutrient concentrations. The AGI design included three miles of perimeter levee constructed out of native material, a customized water control structure and a small pump station. The AGI was designed to impound water to a depth of four feet over an area of 310 acres creating approximately 1,200-acre-feet of static storage and 2,958 acre-feet per year of dynamic storage. NorthStar also provided Engineering and Construction Monitoring Services for this project. The project was completed on time and on budget under an accelerated schedule illustrating our team's dedication to providing exceptional and timely solutions to our client's needs.

Additionally, NorthStar's stormwater engineering services include our in-house modeling team with expertise in HEC-RAS, HEC-HMS, EPA SWMM, MODFLOW, MODRET, ICPR, Computational Fluid Dynamics (CFD), and other simulation packages. Our team also includes professionals that specialize in wetland sciences and water quality to enable us to address all project issues and concerns through a cross-disciplinary and collaborative approach to civil engineering projects that involve stormwater design.

We have conducted extensive 1D steady-state modeling as part of the 28-mile total EAA Improvement Project evaluating various boundary conditions, constraints, and water consumption needs to effectively and efficiently convey the additional required 200 and 1,000 cfs flow increases in the North New River and Miami Canals, respectively. Other recent projects include the aforementioned Cutler C-1 Flow Way Project that included the combined 1D, 2D conveyance and overland-flow rehydration area model used to optimize freshwater flow from the C-1 Canal, via Pump Station S-701, through a concrete-lined aboveground conveyance canal and ultimately discharging to a spreader canal to provide sheet-flow evenly across the proposed 1,700± acre rehydration area in coastal Biscayne Bay.

One of NorthStar's key subconsultants, Clearview Land Design, has extensive experience in stormwater engineering. Clearview is currently supporting the City of St. Petersburg and Hillsborough County with multiple engineering and technical services agreements focused on coastal storm risk mitigation, stormwater resilience, and infrastructure enhancement. For Clearview's work in St. Petersburg, their multifaceted projects include stormwater outfall backflow prevention, coastal conditions monitoring, and coastal storm surge risk mitigation through detailed analysis and modeling of flood threats. For Hillsborough County, Clearview has supported the County's compliance with the National Flood Insurance Program (NFIP), Community Rating System (CRS), National Pollutant Discharge Elimination System (NPDES), and local ordinances. Clearview has also supported Hillsborough County by updating County Watershed Management Plans and performing Preliminary Engineering Studies for localized flood reduction benefits.

As this experience demonstrates, the NorthStar Team can provide the City with the expertise of a veteran design team for stormwater, hydraulic and hydrologic modeling, as well as water resource related projects. Once a project enters the construction phase, we also have the personnel and the capabilities to provide construction management and administrative services to ensure that the project is completed on time and on budget and performs as envisioned by the City.

Figure 12: Streamline View of Vertical Suction Pipes Computation Flow Dynamics Model

f. Sanitary Sewer

NorthStar's Contract Manager, Brett Warner, PE, offers an unmatched understanding of the challenges facing the City's sanitary sewer system. Having worked for the City's Public Works Department, which has now been combined with the Parks and Beaches divisions to become the Public Services Department, Brett has worked on every aspect of the City's sanitary sewer system. He has managed the rehabilitation of nine (9) existing lift stations and the installation of four (4) new lift stations as part of the Sanitary Sewer Capacity Improvements project. Brett has also managed the installation of nearly 16,000 linear feet of new 24-inch sanitary sewer force main as part of the same Sanitary Sewer Capacity Improvement project. He has managed the City's Inflow & Infiltration program which includes the inspection and rehabilitation of nearly 900 sanitary sewer manholes and cleanouts, the City's Supervisory Controls and Data Acquisition (SCADA) implementation program, smoke testing and public outreach program, and sanitary sewer force main condition assessment programs.

Figure 13: St. Pete Beach Sanitary Sewer Lift Station #10

Using our intimate knowledge of the City's sanitary sewer system, NorthStar is uniquely poised to assist the City as it returns the sanitary system to full operation following the flooding damage caused by Hurricane Milton in October of 2024. Many of the City's lift stations in low elevation areas were inundated by saltwater flooding caused by the nearly 7 feet of storm surge from this storm. Most of these lift stations have been on bypass awaiting repair and/or replacement of the electronic control system. We are ready to provide our knowledge, experience, and manpower necessary to get the City's system back to full capacity as quickly as possible.

In addition to NorthStar's experienced Contract Manager, a key member of the NorthStar team, Hanson Professional Services, Inc., has extensive sanitary sewer design experience. Hanson's experience includes lift station design, gravity system design, and wastewater treatment system design. An example project that outlines Hanson's experience with sanitary sewer design is the City of Newberry Lift Station #9 relocation. The existing Lift Station #9, located at the southeast corner of the intersection of NW 1st Avenue and SW 252nd Street (Martin L. King Jr. Street), within the existing City of Newberry right-of-way, was to be relocated nearby, outside of the right-of-way on an existing FDOT pond site at the southwest corner of the intersection of NW 1st Avenue and SW 252nd Street (Martin L. King Jr. Street), with a new pre-cast wet well lift station. The existing sanitary gravity sewer and manholes were relocated where necessary within the proposed asphalt roadway pavement along the proposed west bound lane of SR 26 (existing NW 1st Avenue) to route sanitary gravity sewer flow to the relocated lift station. The existing sanitary sewer force main was relocated and/or adjusted to avoid proposed roadway and drainage improvements where necessary from NW 252nd Street west to the discharge manhole just west of N. Seaboard Drive within the right-of-way along the proposed west bound lane of SR 26 (existing NW 1st Avenue). Hanson's engineering services included design, permitting, construction observation, and commission of the relocated station. Design activities included wet well design, inflow gravity system design, force main design, electrical and telemetry (SCADA) design, and restoration activities.

Hanson has also provided support for several clients performing septic to sewer conversions, including the Horse Landing Septic to sewer project in Putnum County. This project involved upgrading the existing septic sewer systems in the Horse Landing area to a more efficient and modern low-pressure sewer system force main. The new system was design to be connected to residential grinder pump stations.

These changes greatly enhanced sanitation and overall quality of life for the residents. And prevented nutrient-rich runoff from entering Dunns Creek and the Lower St. Johns River Basin, thereby improving water quality for the surrounding ecosystem since the neighborhood is approximately 2 miles upstream from where Dunns Creek flows into the St. Johns River.

A total of 305 parcels were included in this phase, serving 215 homes that currently use individual septic systems. Hanson was responsible for engineering design and creating construction plans and specifications and obtaining permits from regulatory agencies. Hanson's duties included site visits, contractual maintenance, and preliminary engineering, to analyze, design, and prepare bid documents and permits. Subconsultants provided survey and mapping, subsurface utility engineering, and geotechnical services. During the bid administration phase, Hanson assisted in attending pre-solicitation meetings,

addressing technical inquiries, preparing any necessary addenda, and reviewing contractor bids to make an effective and successful award recommendation.

As this experience demonstrates, the NorthStar Team can provide the City with the critically needed expertise of a veteran design team for sanitary sewer system rehabilitation, inflow & infiltration, and other sanitary sewer related projects. Once a project enters the construction phase, we also have the personnel and the capabilities to provide construction management and administrative services to ensure that the project is completed on time and on budget and performs as envisioned by the City.

Additional Qualifications

The following sections highlight additional qualifications that make NorthStar a quality partner in General Engineering and Design Services.

Preparation of Plans and Specifications

The preparation of construction plans, consisting of drawings and specifications, is an integral step in the design process. The drawings are a graphical description and the specifications are the narrative description of the engineering work that has been performed and the scope of work to be constructed. Construction contract requirements are established in terms of a specified end product, not in terms of a method, to provide the most cost-effective means for construction. NorthStar has extensive experience in preparing construction plans and specifications. Bid documents, construction drawings, and specifications are an engineering firm's "stock in trade." This is what the design engineer's work, in the final analysis, is all about.

Construction drawings are typically unique designs. Exceptions exist for organizations such as WMDs and FDOT, who have their own sets of standard drawing details, all of which we regularly use on our projects. The standard details cover such elements as concrete thickness, rebar cover requirements, standard inlet details, standards for driveways, road cross-sections, thrust block details, and manhole and pipe cleanout details. For the City, NorthStar understands that the following Standards are typically used on City Projects, and are available for NorthStar engineers to utilize as appropriate in the preparation of any plans and specifications in collaboration with the City's Project Manager:

- Pinellas County Standard Engineering Details
- Pinellas County Standard Technical Specifications for Roadway & Related Construction
- Pinellas County Standard Technical Specifications for Utilities & Related Construction
- Pinellas County Stormwater Manual
- Florida Department of Transportation Design Standards and Design Manual

During the preparation of typical drawings, we begin with the survey and create an overall project plan drawing. From there, we create civil, structural, mechanical, electrical, and instrumentation drawings as required for the construction. In each required engineering discipline, we work from the general to the specific; with the first sheets in a drawing set (e.g., civil, structural, etc.) illustrating the overall project. Subsequent sheets provide additional details until the entire required work is illustrated. Our goal in doing this is not to make certain the Contractor can understand what is required but ***rather to make certain the Contractor cannot misunderstand what is wanted.***

NorthStar routinely provides plan sets prepared using AutoDesk Civil3D. This state-of-the-art design package allows our engineers and designer team to support our clients with cloud collaboration, visualization, model creation, analysis, and data exchange. Our plan sets are drafted in a manner to ensure lucidity and legibility of reproductions. Draftsmanship and the format of the plans will comply with all City and other relevant standards. The plan set will be prepared so that the Engineer of Record can affix their seal on the plans per Florida Statute 471 and Chapter 61G15, Florida Administrative Code (FAC). The plans illustrate existing right of way and easement lines, property lines, topographical features, and existing facilities sufficient to permit evaluation of project impacts on abutting lands and facilities. Vegetation (trees of 4" or greater at chest height) are noted, as are underground structures that would be affected or potentially affected by the construction. Ingress and egress routes to the project areas, as well as construction limits, are clearly identified. Our experience working in sensitive ecological areas, such as our work with SFWMD in their pursuit of Everglades Restoration, provides us with an understanding on how to incorporate the most appropriate construction limits to minimize disruption to surrounding areas.

NorthStar will provide all work order deliverables at the requested design completion points (e.g., 30%, 60%, 90%, Final). Prior to each submittal, our engineers will meet with appropriate City staff to receive and review comments, and we will

prepare a memorandum of the meeting to document the decisions made and confirm that we did not omit or misunderstand any items. We will formally respond to comments from the City and other stakeholders, as well as incorporate modifications and changes as necessary. We will take all the necessary steps to ensure our work is in compliance with the Florida Building Code, City Municode and other codes, as applicable.

GIS Services

NorthStar excels in using GPS technology, digital photography, and Geographic Information Systems (GIS). Collaborating with the University of Florida's Geoplan Center, NorthStar leverages their expertise to enhance our GIS capabilities and stay ahead in technology. This partnership has led to the creation of custom GIS applications for Environmental Site Assessments (ESA) and baseline documentation, utilizing GPS-enabled data collection equipment and digital cameras. Our proficiency in these technologies ensures fast, accurate ESA and baseline documentation.

NorthStar uses the Florida Geographic Data Library (FGDL) from the University of Florida's Geoplan Center, which includes data from various governmental agencies and organizations. Our geodatabase inventory is regularly updated with data from federal, state, and local entities, creating project-specific geodatabases for site visits and field surveys. We also maintain a large database of historical aerial photography, dating back to 1938, used for historic reference, trend analysis, and identifying environmental contamination.

During site reconnaissance, NorthStar employs Trimble GPS Geo 7 Series technology with integrated digital cameras and cellular modems for real-time centimeter position accuracy. Equipped with ESRI mobile GIS software and extensive GIS data, our personnel capture data accurately without needing a Professional Land Surveyor.

Our data collection equipment includes Trimble Geo Series GPS/GIS systems, Trimble Recon and Nomad data collectors with Bluetooth GPS receivers, and Trimble R1 Integrated GNSS systems for mobile devices, ensuring high accuracy positioning.

The GIS Department prepares custom data packages and applications for ESAs and baseline documentation, including custom data input forms to prevent errors in data collection. Our mobile GIS application allows field personnel to access various data layers, including recent and historical imagery, site features, wetland inventory data, and CAD data. Our GIS professionals are skilled in Python programming for customization and geoprocessing within the ESRI ArcGIS environment.

Construction Administration, Engineering, or Inspection

NorthStar is a full-service engineering/procurement/construction company with extensive Florida-specific experience. We offer comprehensive construction management, administration, engineering, and inspection (CMAEI) services, combining environmental and civil construction expertise. Our licenses include Class A General Contractor, Pollutant Storage Systems Specialty Contractor (PSSSC), and Underground Utility Contractor. Our Florida staff specializes in construction management, permit compliance, inspection scheduling, and financial management.

Effective construction management is crucial for meeting project constraints. CMAEI oversees the construction of facilities like stormwater systems, wastewater upgrades, transportation projects, and water supply projects. Key CMAEI functions include observing, documenting, and approving construction work, ensuring adherence to plans and specifications, managing change orders, implementing quality assurance, reviewing pay applications, and documenting activities. NorthStar's experience with various project delivery methods ensures superior construction engineering services.

Figure 14: NorthStar's licensed drone pilot flying NorthStar's sUAV

Figure 15: Data Collection using Smartphone With Trimble R1 GPS

CMAEI activities supported by NorthStar include:

- Solicitation and Construction Management
- Coordination with Procurement
- Response to Requests for Information (RFI)
- Addenda
- Evaluation of Proposals
- Recommendation of Award
- Engineering during Construction
- Review of Shop Drawings/Submittals
- Response to RFIs
- Site Inspection
- Vegetation Establishment
- Final Project Certification
- Engineering Inspections
- Document Control
- RFI, Shop Drawing Log
- As-Built Review
- Substantial Completion
- Punch List
- Final Close-out
- Finalize Operation Plan and Obtain Permits
- Project Start-Up

The CMAEI process also involves construction administrative services, which will typically include:

- Value Engineering Analysis
- Constructability Reviews of the Proposed Design
- Claims Analysis
- Coordination between The City, Contractor, Regulatory Agencies, The Public, and Other Stakeholders
- Schedule Analysis
- Invoice and Contractor Payment Review
- Dispute Resolution

NorthStar is currently providing Construction Management Services (CMS) and/or Engineering During Construction (EDC) to SFWMD for the following construction projects:

- EAA North New River Canal – improvements to 24 miles of conveyance canal (EDC/CMS)
- Cutler C-1 Flow Way Project S-701 Pump Station Phase 1 – construction of 400 cfs pump station (EDC/CMS)
- Cutler C-1 Flow Way Project Phase II conveyance– construction of 7,000 feet of concrete-lined canal (EDC/CMS)
- Okeechobee Field Station Grassy Island Communication Towers – construction of two microwave towers (150' and 300' tall) used to communicate and control various water control structures (CMS)

We use advanced technology, including small unmanned aerial vehicles (sUAVs), to monitor construction progress. Our Skydio sUAV captures high-resolution images and videos, tagged with GPS coordinates, and follows pre-programmed flight paths. These aerial photographs help inform stakeholders and provide a comprehensive view of the project area.

Emergency Management and Disaster Debris

NorthStar has extensive experience in emergency and rapid response cleanup services, gained through 35 years as a USEPA emergency response prime contractor. We have provided services under 18 separate ERRS/ERCS contracts for EPA Regions 2, 3, and 4, and have worked in Regions 1, 5, 6, 7, and 8. NorthStar has completed over 800 EPA TOs and routinely provides emergency response and disaster debris management services to FDOT.

Figure 17: St. Pete Beach Vac Truck

Our personnel have hands-on remediation experience with various contaminants, site conditions, removal and treatment methods, and response time frames. We are prepared to handle the removal/treatment of oil, petroleum products, hazardous substances, pollutants, contaminants, and environmental response situations, including terrorist weapons of mass destruction or nuclear-biological-chemical incidents.

Figure 16: St. Pete Beach Backup Generator

Effective coordination and communication with the City during emergencies are critical. The City has immediate access to our Point-of-Contact (POC), Program Manager (PM), and Response Managers (RMs) via our business phone number and 24-hour call center (800-283-2933). We also provide key City personnel with a call

list of home and cell numbers for NorthStar program personnel. The City can initiate a Work Order (WO) 24/7 and mobilize NorthStar team resources as needed.

NorthStar performed baseline assessments of 16 proposed debris staging areas within 10 counties for FDOT after Hurricanes Irma and Ian, allowing FDOT to quickly use each staging area by performing soil and groundwater/surface water sampling.

C. Architectural Design Services

NorthStar is pursuing Category C – Architectural Design Services, specifically subcategory b.

b. Landscaping Design

The NorthStar Team, leveraging Clearview Land Design’s highly experienced Landscape Architecture team, is specifically qualified to meet the City of St. Pete Beach’s needs for landscape design in parks, gardens, parking lots, and rights-of-way. Clearview’s integrated approach combines creative design with practical implementation, drawing on extensive experience supporting municipalities such as the City of Tampa on numerous park projects - including Rey Park, New Tampa Nature Park, Desoto Park, and Salcines Park - several delivered via design-build methods. Clearview’s comprehensive expertise in park planning, urban design, streetscape improvements, planting and hardscape detailing, and wayfinding ensures projects are thoughtfully designed, permitting is streamlined, and construction remains efficient and cost-effective.

The most recent project that exemplifies Clearview’s Landscape Design experience is the Rey Park Design-Build Improvements project, currently in design with the City of Tampa. This project may include but may not be limited to: accessible routes; new play equipment with shade structures; new or renovated shelter; court resurfacing; site furniture; decorative fencing and column; site lighting; planting and irrigation, renovations to the community center which may include extensive interior renovation and reorganization; electrical, lighting, and life safety improvements; HVAC and plumbing renovation or replacements; new finishes and furnishing; entry and façade improvements; new doors; window modifications. The Rey Park project public benefits will include enhanced community connection to Greater Tampa Bay, local sense of place, civic engagement, cultural integration, and promotion of good health through physical activity and mental well-being.

Figure 18: Rey Park Project Boundary in Tampa, Florida

Clearview’s multidisciplinary team, led by Florida-registered Landscape Architects with decades of proven public-sector experience, specializes in crafting community-driven spaces that enhance local character and quality of life. NorthStar excels in delivering functional, sustainable, and visually appealing landscapes through effective stakeholder collaboration, innovative yet practical design solutions, and proactive construction oversight. Our longstanding partnerships with local municipalities and permitting agencies further ensure a smooth project process, making Clearview a reliable and responsive partner for the City of St. Pete Beach.

G. Urban Development Planning

NorthStar is pursuing Category G – Urban Development Planning.

a. Comprehensive Plan Review

Continuing to leverage key subconsultant relationships within the NorthStar Team, Clearview’s multidisciplinary team includes certified planners, engineers, environmental scientists, and GIS analysts, which offers deep experience in comprehensive planning and urban analysis tailored for built-out coastal communities like St. Pete Beach. Clearview’s planners can support Future Land Use Planning by performing build-out analyses, redevelopment scenario modeling, post-disaster recovery planning, and aligning Future Land Use Map (FLUM) categories with Countywide Rules, as demonstrated in our work with hybrid land use frameworks. They bring proven tools to help the City assess residential densities, tourist and seasonal population projections, and policy strategies that reflect minimal greenfield opportunities. Clearview’s transportation and infrastructure specialists are equipped to update Transportation, Infrastructure, and Capital Improvements by evaluating multimodal connectivity, seawall and stormwater systems, and Capital Improvement Plan prioritization. Additionally, their landscape architects and open space planners can enhance Recreation and Open Space with

spatial needs analysis, connectivity plans, and implementation design. Clearview offers actionable recommendations rooted in regulatory alignment, stakeholder engagement, and resilience planning across all elements, including Housing, Coastal and Conservation, and Intergovernmental Coordination. Clearview is committed to helping St. Pete Beach navigate growth, preservation, and infrastructure investments through a data-driven, community-centered planning process. NorthStar will collaborate with Clearview to achieve these results.

K. Soil and Material Testing

NorthStar is pursuing Category K, including all subcategories.

NorthStar's subconsultant, AREHNA, has successfully provided geotechnical engineering services on projects similar to those envisioned by this contract for local governments and agencies, including St. Pete Beach. Further, AREHNA's engineers are familiar with the geologic and subsurface conditions across the City. AREHNA's contract manager will work closely with the team to develop a scope and budget for each task for geotechnical support of design projects or soil and materials testing to ensure quality during construction. For typical design projects, field explorations will include a combination of Standard Penetration test borings, auger borings, pavement cores, infiltration testing and seasonal high determination. A laboratory testing program will be conducted to support soil classification and engineering analysis. Recommendations for site preparation and foundation design will be provided. During construction, the material properties for soils, asphalt and concrete will be tested and compared to the specification to ensure quality control. Depending on the nature of construction a variety of inspection services will be performed by certified and qualified inspectors. All testing is performed in accordance with the appropriate ASTM, AASHTO or FM Method test procedure in our certified and qualified materials testing laboratory, which is AASHTO accredited, USACE validated and FDOT approved.

NorthStar: A Proven Partner

As an experienced Professional Engineering Services (PES) contractor, we understand how important it is to develop a strong partnership with the City. Our aim is to function as an extension of the City's staff and support the accomplishment of their Mission. Through our experience in providing engineering and professional services, we are well aware of the City's needs and expectations. The City can be confident that partnership with NorthStar will result in:

- reduced administrative effort and overall project costs
- enhanced performance in project design, construction, and schedule objectives
- innovative ideas leading to better designs
- efficient construction through constructability reviews with our in-house construction staff

A preliminary step in TO execution is to assemble a technical team, led by our Contract Manager, composed of key members of our multi-disciplinary workforce. In addition to performing the normal project research, this team will meet with City staff from various departments that have an interest in the project so that we can establish an in-depth understanding of current operations, performance, needs, and future operation of the Assets involved. Together, we develop a WBS and address TO-specific management such as budget and schedule constraints, and technical, operational, permitting, and QA/QC issues. This collaborative approach to the early portion of TO execution eliminates the risk that key pieces of information are overlooked, which could impact project execution.

Our approach to project and technical management includes flexibility to incorporate modifications or changes in design criteria. Our flexible approach recognizes the City has many stakeholders and approving bodies whose decisions may have to be addressed during the design process for the project to move forward. We recognize the City's objective is not a "design" but a completed, functional project that meets stakeholder expectations and is finished on time and within budget.

With NorthStar, the City has a willing and proven partner that will remain flexible and responsive in supporting and achieving the City's goals.

Contract and Task Order Management

Our management strategies and systems provide the framework for quality operations and successful contract and TO implementation. These strategies include:

- communication, coordination, and partnership with the City
- well-defined project organization with strong, organized leadership

- commitment of ample, exceptionally qualified personnel and other resources
- proven methods for budget and schedule control, with early visibility of deviances
- methodical processes to identify and address details to confirm and ensure quality work products
- responsive processes to manage contingencies

Effective Organizational Approach

The NorthStar project organization, introduced in **Figure 2**, consists of highly qualified professional and technical staff with skills and experience directly related to the services identified in the RFQ Scope of Work. Our team is exceptionally familiar with City processes, procedures, requirements, and expectations thanks to our subconsultants and Contract Manager, Brett Warner's recent experiences working for the City on similar projects.

The proven NorthStar contract organizational approach promotes TO and task management services that are responsive and tightly controlled. This approach features:

- a single NorthStar point of contact, the NorthStar Contract Manager
- a streamlined organization with clear lines of reporting and communication at every level
- well-defined roles, responsibilities, and authorities for every position in the organization
- ample and appropriately qualified and trained staff in every position
- proven contract and TO management tools and systems in place

The NorthStar Contract Manager assembles and assigns a TO/task team of highly competent and appropriately qualified management and technical staff, clearly defines the work effort and requirements, and deploys the team through a streamlined and rational organizational. Our Contract Manager puts in place, and tailors, our proven contract and TO/task management controls, and empowers the team with the authority to execute the work. All of our work is guided by our well-defined and proven standards and procedures for project management, technical execution, documentation, data management, procurement compliance and QA/QC. The NorthStar Contract Manager and other assigned management personnel are trained in these standards and procedures and have extensive experience in using them to negotiate, plan, execute, optimize, and control TO services.

Proven Management Controls

Successful management of TOs under this contract, including multiple concurrent TOs, requires proven procedures and techniques for planning, budgeting, scheduling, communicating, documenting, and controlling the work efforts. We have established procedures and tools for controlling and tracking work progress, costs, and schedules. This capacity provides the City with the up-to-date information and flexibility needed to manage the contract and to integrate project work with broader City objectives.

Task Order Management

Each TO begins with a solid understanding of the scope of work or WBS to be performed. NorthStar adds value in this initial step in two important ways. First, through our Contract Manager, Brett Warner, we have a thorough understanding of City policies and procedures, efficiently executing the defined scope of work in a timely manner, and working collaboratively with City staff to deliver the required deliverables on time and within budget. Second, we leverage our experience in performing the required WBS on projects of similar nature and scope, both for the City and for others throughout the State. With this knowledge and experience, we quickly develop an accurate level of effort for each element of the WBS and the overall TO. Our process for managing TOs assigned under this contract includes:

- Communication, coordination, and partnership with the City
- Well-defined program and project organization with strong, structured leadership
- Commitment of ample, exceptionally qualified personnel
- Proven methods for budget and schedule control, with early deviation visibility
- Methodical processes for identifying and addressing plan and specifications details to confirm and ensure quality work products
- Stringent QA/QC processes implemented and overseen by qualified individuals
- Responsive processes to manage contingencies

Sub-Consultant Management and Control

External QC, or control of the quality of our subconsultants' work, is a critical component of successful project management. We procure reliable, qualified, and proven subconsultants and then tightly manage their work to ensure their services meet City expectations and contract objectives. Section B identifies the selected pre-qualified subconsultants who will support NorthStar and the City with services in specialized disciplines. Each of these subconsultants have worked with the City to execute and deliver successful projects on-time and within budget. This close working relationship ensures everyone involved understands the City's expectations relative to QA/QC. We will codify contract provisions related to quality through flow-down clauses in our subcontract agreements with our subconsultants. We will manage our subconsultants in the spirit of partnering, working around defined common goals, and objectives, not the least of which is quality services that meet or exceed the City's expectations.

Obstacles within the design team sometimes arise when the Work Order between the Prime Consultant and Subconsultant is not clearly defined. With our well-established management approach, NorthStar controls subconsultant performance through direct supervision and monitoring, implementation of subconsultant quality control requirements, and development of progress schedules and progress reports. All subconsultant personnel must be appropriately licensed and certified to perform the required services. We require each subconsultant to implement a QC plan that conforms to and meets NorthStar's and the City's requirements.

NorthStar requires each subconsultant to participate in the development of a baseline schedule that defines milestones and completion of the subcontracted work within the established performance period. Progress against the schedule is monitored through performance meetings and regular progress reports prepared by both the subconsultant and NorthStar. Any discrepancies in schedule or other areas of performance are identified and addressed expeditiously. No payments are made until the subcontracted work is satisfactorily completed and verified by NorthStar for quality. Unauthorized subconsultant activities are not reimbursed.

Corrective Action

Through our PES and other state and local agency contract experience, we know that all projects have the potential for developing challenges and the best ways to address challenges are early identification, timely communication, and immediate action towards prevention or resolution. Our management systems provide our Contract Manager and other key project staff with a tailored monitoring and reporting system that enables early identification of impending challenges. Challenges, or potential problems, are recognized and analyzed by managers and staff, and corrective actions are formulated, implemented, and tracked to resolution. The first opportunity to resolve a potential challenge is at the WBS level where it is identified. If necessary, it is taken further up the chain of command until satisfactory resolution.

Technical Management

NorthStar's management capability, skills, and experience extend to all technical areas required by the RFQ scope of work. The effectiveness of NorthStar's technical management approach is best demonstrated by our excellent track record.

Technical management goes hand-in-hand with our Quality Control Plan (QCP), which guides the management and integration of QA/QC functions into all TO activities. Our QCP is designed, implemented, and enforced to confirm and ensure that work performed and delivered by the NorthStar Team meets required standards of performance, reliability, validity, and quality.

Our technical management includes compliance with the baseline project schedule which defines scheduled data analysis, engineering, design, and production of deliverables. All NorthStar design submittals (engineering assessments, construction plans, and technical specifications) are reviewed through the QC process at the 30%, 60%, 90%, and 100% design levels. With each submittal, our engineers meet with City staff to receive comments, and we prepare a memorandum of the meeting to document the decisions made and confirm that we do not omit or misunderstand any items. After each submittal, we formally respond to comments from the City and other stakeholders, and incorporate modifications and changes as needed. As necessary, we set up additional meetings with City staff to resolve any outstanding issues together. We have used this approach successfully when addressing design questions from our existing client's staff.

Commitment to Meet Time and Budget Requirements

NorthStar is fully committed to providing services that meet the time and budget requirements for the City. We have an exceptional track record of providing responsive, cost effective, and innovative solutions to the tasks and challenges that may face the City. This is demonstrated by our work on the SFWMD Restoration Strategies (RS) contract, a 5-year term PES contract. In fact, under our SFWMD RS contract, we completed 10 work orders at a final invoice amount of 79.6% of the original negotiated fee; a 20% savings to SFWMD.

“This is a very good Consultant. Great communication at all levels; kept the project on schedule and within budget...”

Jorge Jaramillo, SFWMD Project Manager

We utilize proven techniques to regularly track the progress of the project for both schedule and budget. Our Contract Manager will act proactively if we foresee any potential issues as the project develops. Project tracking begins with a comprehensive understanding of the scope of work and a realistic and accurate schedule. A cost-loaded baseline schedule is built around significant milestones defined jointly by the City and the NorthStar Team. We use Microsoft Project® or Primavera P6 Professional Project Management® software; both utilize critical path

method (CPM) and program evaluation and review technique (PERT) scheduling methods. We manipulate these software tools to model, evaluate, track, and present schedules, costs, and resource data. The baseline schedule is updated to show actual progress on the project.

We use Viewpoint® to monitor project costs on a weekly basis, enabling early visibility and correction of potential overruns. We build our Viewpoint® tracking to correlate project budgets to specific major tasks. With this tool, the Contract Manager can track work using earned value management (EVM). By integrating schedule variances as they relate to financial variances with EVM, we can evaluate our ongoing overall performance.

Our Contract Manager takes quick action to communicate and correct any problems that could lead to cost or schedule overruns. If the cost to complete is higher than the remaining budget, or if a schedule overrun is indicated, the Contract Manager identifies the source(s) of the potential overruns and takes corrective actions, such as:

- evaluate individual tasks to determine if multi-tasking can be used to remain on schedule
- assign additional personnel to shorten the duration of remaining tasks (resource leveling)
- determine if tasks can be accomplished more efficiently if conducted in a different manner
- change the labor category mix while not compromising performance

“Very responsive to all items related to management of the project; invoicing, request for documentation on use of As-Needed services, deliverables, etc.”

Mary Spence, SFWMD Project Manager

Quality Assurance/Quality Control

NorthStar does not see itself as a stand-alone Consultant, but as an extension of the City’s workforce, assisting the City to achieve its goals. As an experienced PES contractor with decades of experience, NorthStar understands the City’s expectations for quality assurance and quality control. We have also learned, through our work with long-term PES clients, that quality is an ever-changing, evolving process by necessity. It is not a static process to be achieved, but a constant and persistent pursuit.

By extending our view to the “end user” of our services, the contractors the City will engage to construct these projects, and by considering the significant fixed capital outlay associated with these projects, we believe we enhance the quality of our services and provide a value-added benefit. Our services are focused on ensuring the City receives the best value for construction services and minimizing the potential for claims during the construction process. This includes supporting the City through the solicitation process by ensuring all bidder questions are fully addressed. We strive to eliminate the City’s exposure to claims (time and money).

We know quality and value creation are not spontaneous or accidental. They are the culmination of hard work, focus, and the real desire to provide the best engineering and associated professional services for our clients. Through our work, we have proven that we provide quality services and add value through our talented personnel, innovative approaches, proactive

collaboration, and effective project management. We will deliver creative solutions for all the City's project needs, including those that may lie outside the mainstream project scope.

Project Management QA/QC

At NorthStar, quality is not the responsibility of one individual or group but encompasses every NorthStar employee and subconsultant throughout all project-related activities. Quality is integrated throughout our organization and operations through our Quality Assurance Program. The QA Program sets forth our corporate commitment to quality operations and defines a structured system to confirm that all work performed for a project meets client, industry, and corporate quality expectations. As part of this system, the NorthStar QA Manual (QAM) is the written directive authorized by corporate management. The QAM mandates the use of checking, monitoring, and audit functions as project management tools to confirm work is executed in a manner that meets or exceeds contract requirements and the City's QA/QC standards. The QAM describes the methods for planning, performing, monitoring, assessing, and continuously improving the quality of work.

We recognize that ongoing quality and continuous quality improvement hinge on effective coordination and communication, both within our project team and with the City. Problems are identified early and solved through open, direct communications. The City will have direct access to the NorthStar Contract Manager, Brett Warner, in addition to the NorthStar Principle in Charge, Brent Anderson. Brett will report to designated City representatives to keep them continually informed on the progress of the overall contract and each work order. This routine communication will also allow the NorthStar team to stay aware of current and upcoming City needs and resolve any existing or potential conflict, including any discrepancies or problems with quality management or compliance.

NorthStar's commitment to quality throughout our organizational structure focuses on two primary areas: internal QA/QC and external (subconsultant) QA/QC. Internal QC encompasses all field work; regulatory/permit compliance; engineering analysis, calculations, and design; documentation; and deliverables. External QC encompasses our commitment to confirming and ensuring all NorthStar subconsultants provide a similarly high and verified level of quality services, holding our subconsultants to the same standard as our own staff.

Project Planning QA/QC

Our application of QA/QC principles starts from the moment a work order is received and prior to any task being performed. Project planning includes evaluating risk management, resource management and communications, QA/QC criteria and procedures, while also addressing scope, cost, and schedule baselines. The following key elements are evaluated and identified by NorthStar's Contract Manager, Brett Warner and project team during the development of the project work plan:

- What is to be done (scope of services)
- Define project's stakeholders, scope, quality baseline, deliverables, milestones, criteria, and requirements.
- Review Scope with City PM
- When it is to be done (schedule)
- Establish Work Breakdown Structure – Project phases, tasks, subtasks, deliverables.
- How it will be done (budget and quality)
- Project resources
- Level of Effort Estimate (LOE)
- Project QA/QC Plan
- Who will do it (roles and responsibilities)
- Assignment of qualified and experienced staff and subconsultants
- Establish and assign subconsultant Scope(s)

Project QA/QC Plan

During the planning phase, NorthStar's Quality Control Manager (QM), Pamela Jackson, develops the Project-specific QA/QC Plan. This QA/QC Plan describes the procedures to be employed during the execution of the TO.

These procedures ensure delivery of work products, which meet agreed upon scope and quality requirements of the City and in accordance with all applicable laws, policies, and technical criteria and guidelines. This QA/QC Plan establishes clear lines

Figure 19: Cutler Flow Way QA/QC Plan

of internal and external accountability and includes requirements for ITR. The overall objective of this QA/QC Plan is to ensure coordination of the work product submittals; that information is managed effectively; and that records, documents, and communications are readily available and consistent with City policy. The QM provides QA for the QA/QC Program by having authority over the review and approval process for all submittals and by implementing standard procedures and templates for creation of submittals. This ensures all deliverables and written reports are polished and coherent. The QM is also responsible for confirming the QA/QC Plan for the project is adhered to by all NorthStar and subconsultant staff.

Design QA/QC

Every aspect of our contract and TO operations are planned, implemented, and controlled to guarantee compliance with the NorthStar quality system and City quality standards and expectations. Our quality system strategies, briefly summarized below, are key elements to providing a well thought-out and implementable design:

- strong, organized leadership
- qualified and experienced staff and subconsultants
- well-organized project team
- optimized work-order team organization
- effective team communication process
- logically scheduled data collection, analysis, design, and production of deliverables
- proven methods for budget and schedule control, with early identification of deviances
- process to manage contingencies and risk
- clear processes for identifying and addressing details to confirm and ensure quality

Internal QA/QC Process

Our Contract Manager, Brett Warner, works closely with our EOR and our interdisciplinary experts comprising our Independent Technical Review (ITR) team to ensure strict adherence to the process of delivering signed and sealed deliverables in accordance with Chapter 471 FS and Chapter 61G15 FAC and the City's Engineering Submittal Requirements (ESR). Once a SOW is finalized, Brett will meet with key NorthStar personnel including our QM and EOR to discuss and identify critical QC components for the successful completion of the SOW. Depending on the scope, the QM could be part of the ITR or a separate team member may be designated as ITR.

Project tasks are performed by personnel who have the required experience, education, training, and other qualifications commensurate with the skill levels needed. All aspects of work are supervised by a Professional Engineer who is licensed in the State of Florida and has ample, appropriate experience in the specific area of work.

All information obtained through the preliminary data collection process is confirmed through appropriate review, and any deviations or new conditions observed are properly documented. We develop and track project schedules based on required due dates for submittals. We plot milestones, subconsultant turnaround times, and other discrete work elements to ensure the project is initiated and progresses in a time frame to meet deadlines.

NorthStar mandates a strict peer review and final technical review process, as well as independent technical review by an engineer(s) not directly involved with the work. These reviews confirm work products are accurate, appropriately substantiated, professionally presented, and comply with our internal quality control objectives.

Appropriately qualified technical support staff check all reports, plans, calculations, and specifications independently before being forwarded to the EOR, QM and other appropriately registered professionals for review, signature, and seal.

NorthStar also understands our QA procedures must be implemented without interfering with the project schedule. Our internal QA/QC review process workflow is outlined below:

- Perform Calculation, Plan, or Design Document/Report by designer/originator
- Checked by appropriate, qualified staff and Senior Engineer (Reviewer)
- Mark-up and redlines performed by reviewer
- Review of comments by designer and reviewer to resolve issues
- Correction and agreement of comments and redlines
- Backchecking by Reviewer that comments and revisions are addressed
- QA performed by Quality Manager to verify QC process was followed

- Designer/Originator: The person in this role prepares the design work product, which may consist of analysis, calculations, drafting, reporting, cost estimates or other function prepared per contract requirements, project-specific guidelines, codes, criteria, and standards.

Engineer During Construction (EDC) QA/QC

NorthStar adamantly believes the role of the designer does not end when construction begins. Our staff follows the project into the field to assure compliance with the Contract Documents, satisfactory workmanship, budget control and that the City's requirements are met.

The QA/QC process for EDC activities primarily include RFI, shop drawing reviews, site visits or on-site representation and progress meetings. RFI responses and shop drawing reviews must be received, processed, acted on and distributed to the appropriate parties in a timely manner. At NorthStar, our entire team - including subconsultants - recognize that reviews and responses are performed as expeditiously as possible to maintain project schedule and minimize any delays in construction by the contractor. The RFI responses will be a result of design team collaboration as required with the final direction reviewed by the Contract Manager with concurrence from the EOR. NorthStar's commitment to the City in providing quality EDC services also includes:

- Attendance and participation in construction meetings
- Design modifications due to changes in the field or conflicts
- Establishing on-site QA program or checklist
- Monitoring construction progress
- Preparation of accurate and detailed Record Drawings upon project closeout
- Construction Management Services (CMS) QA/QC

Project Summary			
Project Name:	St. Pete Beach Assistant Public Works Director and City Engineer		
Service Type(s):	Design, Construction, Project Management	Client/ Address	City of St. Pete Beach 155 Corey Ave, St. Pete Beach, FL 33706
Client Contact:	Camden Mills, Public Services Director	Phone/ Email	727-363-9243 cmills@stpetebeach.org
Project Performance Period:	August 2017 - May 2024		
Key NorthStar Personnel (Role):	Brett Warner (Project Manager)		
Cost:	N/A		

From 2017 to 2024, NorthStar's Contract Manager, Brett Warner, served as City Engineer and Assistant Public Works Director for the City of St. Pete Beach, Florida. During this time, Brett was the Project Manager for Capital Improvement Projects throughout the City. Types of projects managed by Brett included complete streets roadway reconstruction, roadway resurfacing, sanitary sewer gravity main rehabilitation, sanitary sewer force main rehabilitation, new sanitary sewer lift station construction, sanitary sewer lift station rehabilitation, reclaimed water system repairs and replacements, stormwater system repairs and modifications, coastal hardening, sea level rise mitigation, library renovations, master planning, asset management planning, electrical and telecommunication system undergrounding, seawall repair and replacement, coastal facility repair and replacement, vulnerability assessments, sanitary sewer capacity assessments, hurricane preparation and response and other, smaller discrete projects. The following sections provide a brief overview of Brett's duties on these projects.

Roadway Reconstruction

Pass-a-Grille Way Reconstruction – Brett was responsible for managing the planning, design, and construction for both phases of the Pass-a-Grille Way Reconstruction project for the City. Considered a “Complete Streets” project, the scope of work for the Pass-a-Grille Way Reconstruction project included new roadway surface, base and subgrade, new reclaimed water, potable water and sanitary sewer services, new sanitary sewer gravity system, pipe-bursting an existing sanitary sewer force main, new curblines and sidewalk, new stormwater infrastructure including tidal check valves and baffle boxes, and undergrounding of overhead electrical and telecommunication facilities.

Blind Pass Road Reconstruction – Brett was responsible for managing the planning, design, and construction for the Blind Pass Road Reconstruction project for the City. Also considered a “Complete Streets” project, the scope of work for this project included new roadway surface, base and subgrade, new reclaimed water, potable water, and sanitary sewer services, new sanitary sewer gravity system, pipe-bursting an existing sanitary sewer force main, new curblines and sidewalk, new stormwater infrastructure, including tidal check valves and baffle boxes, and undergrounding of overhead electrical and telecommunication facilities.

Roadway Rehabilitation Program – Brett served as Program Manager for the City's Roadway Rehabilitation Program. Under this program, the City strategically prioritized its roadways for rehabilitation utilizing several technologies to ensure the most cost-effective method was utilized to extend the roadway's useful life expectancy and increase the City's overall roadway Pavement Condition Index rating. Technologies employed under this program included standard milling and overlay, full depth reclamation, chip seal, fog seal, and asphalt rejuvenators. Additionally, Brett identified and prioritized utility service replacements that require a full pavement patch and restoration, identified locations for permeable pavement installation where ponding water collected, and identified and prioritized candidates for a heat reduction pavement coating to improve walkability in high pedestrian areas.

Sanitary Sewer Program

Sanitary Sewer Capacity Improvements – Brett served as Project Manager for the Sanitary Sewer Capacity Improvements project. This project included the installation of approximately 16,000 LF of 24-inch and 31-inch sanitary sewer force main via

horizontal direction drilling and open-cut installation methods. Approximately 7,600 LF of force main were installed beneath State Road 699 and required permitting through FDOT's District 7 Permitting office. This project was funded through the State of Florida Revolving Fund (SRF) loan program. His duties included managing design, procurement, and construction team activities, Interfacing with SRF management staff, reviewing design submittals, managing construction activities, reviewing pay applications and submittals/RFIs, attending public design workshops and project progress meetings.

Lift Station Repair and Replacement – Brett served as Program Manager for the City's Sanitary Sewer Lift Station Rehabilitation Program. Under this program, the city strategically prioritized its lift and pump stations for rehabilitation to ensure the stations were updated in the most cost-effective method. Stations were prioritized based on age, condition, service area, and consequence of failure. During his time as Program Manager, all the City of St. Pete Beach lift stations were rehabilitated and updated with new pumps, controls, wet well coatings and/or liners, valves and piping.

Figure 20: St. Pete Beach Lift Station

Force Main Assessment and Rehabilitation - Brett served as Program Manager for the City's Sanitary Sewer Force Main Assessment and Rehabilitation Program. Under this program, the city inspected and strategically prioritized its force mains for rehabilitation and/or replacement to ensure the city was maximizing the life cycle of each main in the most cost-effective method. Mains were prioritized based on age, condition, service area, and consequence of failure.

Inflow and Infiltration Program – Since 2016, the City has dedicated nearly \$500,000 per fiscal year to making repairs to the City's sanitary sewer program in an effort to minimize the amount of Inflow and Infiltration entering the sanitary system. This program includes the inspection, prioritization, and ranking of projects for the repair and/or replacement of sanitary sewer manholes, gravity mains, and services throughout the City.

Smoke Testing Program – Brett managed two smoke testing implementation efforts for the City. These projects included the procurement of a smoke testing vendor, USSI, that specializes in providing smoke testing services to municipalities with the goal of identifying portions of the sanitary sewer system that is no longer sealed adequately, allowing groundwater, rainwater, and in the City's case, tidal salt water into the sanitary sewer system. This program included a public outreach effort to notify residents and businesses of the smoke testing effort, managing the contractor's activities, reviewing and compiling the results, repairing defects found on the City-owned sanitary assets and notifying private property owners of defects found on their property.

Fats, Oils, and Grease Program – Brett managed the Fats, Oils, and Grease (FOG) program for the City from 2017 – 2024. This included managing a full-time employee serving as the FOG Inspector. In 2016, the City Commission adopted Ordinance 2016-03, establishing the City's FOG program and Directing the Public Works Department to implement the program. This program aimed to establish a structured program to permit, monitor, and enforce the infrastructure necessary on FOG producing entities to prevent the conveyance of FOG into the City's Sewer System.

Stormwater Program

Boca Ciega Isle Drive Stormwater Improvements – Brett was responsible for managing a stormwater improvement project on Boca Ciega Isle in the City of St. Pete Beach. One of the lowest elevation areas in the City of St. Pete Beach watershed, the stormwater system servicing this neighborhood no longer functioned as originally intended. Boca Ciega Isle Drive was frequently experiencing tidal flooding as sunny day tidal flooding increased in frequency with Sea Level Rise. Many homes on the island were subject to repetitive flooding damage and financial loss. The scope of work for this project included a feasibility study and hydraulic model to confirm the design approach would mitigate the flood condition followed by design and construction of new stormwater inlets, manholes, gravity mains, and outfall pipe with new inline tidal check valve. His duties included managing planning, design, procurement, and construction team activities, coordinating with external stakeholder design and inspection staff, design submittal reviews, construction contract administration activities, pay application review, and attending public design workshops and project progress meetings.

Belle Vista Stormwater Improvements – Brett was responsible for managing two stormwater improvement projects within the Belle Vista Neighborhood in the City of St. Pete Beach. Each project consisted of the replacement of an existing stormwater system that no longer functioned as originally intended and was becoming more susceptible to tidal flooding as the frequency of sunny day flooding increased with Sea Level Rise. The scope of work for these projects included new stormwater inlets, manholes, gravity mains, and outfall pipes with new inline tidal check valves. His duties included managing planning, design, procurement, and construction team activities, coordinating with external stakeholder design and

inspection staff, design submittal reviews, construction contract administration activities, pay application review, and attending public design workshops and project progress meetings.

Don CeSar Place Stormwater Improvements – Brett was responsible for managing the Don CeSar Place Neighborhood stormwater improvement project in the City of St. Pete Beach. The stormwater system for this neighborhood was practically non-existent, with historic drainage patterns directing stormwater overland into the street and then flowing out of the roadway via sloped discharges into McPherson Bayou. These sloped outfall structures were all similar in design and averaged only an elevation of 2 ft NAVD88, making the neighborhood highly susceptible to tidal and stormatic flooding. The scope of work for this project included a hydraulic analysis to confirm the design approach would mitigate the flood conditions followed by design and construction of new stormwater inlets, manholes, gravity mains, and outfall pipe with new inline tidal check valve. His duties included managing planning, design, procurement, and construction team activities, coordinating with external stakeholder design and inspection staff, design submittal reviews, construction contract administration activities, pay application review, and attending public design workshops and project progress meetings.

Coastal Resilience and Hardening

Seawall Rehabilitation Program – Brett served as Program Manager for the City of St. Pete Beach’s Seawall Rehabilitation Program. Under this program, the City strategically prioritized its seawalls for rehabilitation to ensure the seawalls were replaced in the most cost-effective method. Seawalls were prioritized based on age, condition, cap elevation, and consequence of failure. Seawalls below the elevation of 5 ft NAVD88 received a higher weighting due to the threat of increased flood damage due to sea level rise. His duties included managing planning, design, procurement, and construction team activities, coordinating with external stakeholder design and inspection staff, design submittal reviews, construction contract administration activities, pay application review, and project progress meetings for all seawall projects.

Vulnerability Assessments – Since 2018, the City has approved more than half a dozen studies and assessments aimed at establishing the vulnerability of the City and it’s infrastructure, assets, and resources as it relates to Sea Level Rise. These assessments included the 2019 Coastal Resiliency Plan, 2020 Phase 2 Vulnerability Assessment, 2020 Sustainability Action Plan, 2021 Stormwater Master Plan Update(s), Seawall Master Plan, and 2023 Update to Phase 2 Vulnerability Assessment, to name a few.

Coastal Facility Repair and Replacement – Brett was responsible for managing the reconstruction of three piers an in St. Pete Beach, FL. These piers were found to have significant structure deterioration and requires extensive repairs to prevent a hazard to public health and safety. The scope of work for this project included new pilings, decking, and pier accessory structures. His duties included managing planning, design, procurement, and construction team activities, coordinating with external stakeholder design and inspection staff, design submittal reviews, construction contract administration activities, pay application review, and attending public design workshops and project progress meetings. In addition, Brett managed the rehabilitation of the 1st Avenue Fishing Jetty, which had been deemed a hazard to public safety and closed for several years while permitting was achieved.

Hurricane Response and Damage Assessment – Brett served as an emergency response and damage assessment emergency responder for the City of St. Pete Beach. He performed field assessments of City infrastructure and facilities following tropical storm events that could potentially damage City infrastructure. Types of infrastructure inspected included stormwater inlets, seawalls, bridges, lift and pump stations, roadways, headwalls, buildings and detention basins. Damaged infrastructure was cataloged and scheduled for repair.

Project Summary			
Project Name:	Cutler Wetlands C-1 Flow Way		
Service Type(s):	Design/CEI	Client/ Address:	SFWMD 3301 Gun Club Road, West Palm Beach, FL 33406
Client Contact	Daniel Sartori	Phone/ Email:	954-673-6875 dsartori@sfwmd.gov
Project Performance Period:	November 2020 - ongoing		
Key NorthStar Personnel (Role):	Brent Anderson (Principal), Brandon Bagoo (PM), Kirk Noonan (Modeling & CADD), Brett Warner (Senior Professional Engineer)		
Project Cost:	Design: \$ 4,672,841 Construction: \$ 82,311,521		
Key Team Member (Role):	Hanson (Paving, grading, and drainage system design)		

Figure 23: Cutler Wetlands C-1 Flow Way Pump Station Construction

NorthStar was contracted by the South Florida Water Management District (District) to design a 400 cfs pump station and an above-ground concrete-lined conveyance canal for the Biscayne Bay Coastal Wetlands (BBCW), Cutler Wetlands C-1 Flow Way Project. The project Ready-To- Advertise design was initially completed by another consulting firm in 2009, however, the project was not constructed. Since completion of the 2009 design, site conditions, design guidelines, codes and regulations have changed. NorthStar evaluated the 2009 design in addition to lessons learned from similar projects, and updated the design to ensure project objectives were achieved at the best construction value today and up to current standards, guidelines, and regulations. The S-701 Pump Station design and Conveyance Rehydration design were split into two different phases. The S-701 Pump Station Phase 1 design was completed in 2022 and is currently under construction. The Conveyance Rehydration Phase 2 design is currently out for bid solicitation.

The purpose of the Cutler Wetlands C-1 Flow Way Project was to contribute to the restoration of Biscayne Bay and adjacent wetlands as part of a comprehensive plan for restoring the South Florida ecosystem. The project was aligned with several goals of the Comprehensive Everglades Restoration Plan (CERP), such as improving distribution of freshwater to Biscayne Bay and Biscayne National Park, improving freshwater and estuarine habitat, improving salinity distribution within Biscayne Bay, and re-establishing productive nursery along the bay shoreline. The project achieves such goals via redirection of C-1 basin flows to create a more natural and historic overland flow through existing coastal wetlands and via restoration of saltwater wetlands and the nearshore bay through the re-establishment of optimal salinity concentrations for fish and shellfish nursery habitat. BBCW Cutler Wetlands C-1 Flow Way Project key features and design elements are listed below:

S-701 Pump Station – This stormwater pump station is the headwater of the BBCW Cutler Wetlands C-1 Flow Way and is currently under construction. The pump station will deliver up to 400 cubic feet per second (cfs) of freshwater from the existing C-1 canal to the C-701 concrete-lined canal. A CFD modeling evaluation was performed to assess flow conditions through the pump station and the individual vertical pump suction pipes to determine if adverse intake conditions could develop. The original 2009 design was reconfigured to include three 100 cfs pumps and two 50 cfs pumps. These updates allow the

Figure 24: Cutler Wetlands C-1 Flow Way Pump Station Construction

District more operational flexibility to provide consistent deliveries to the Target Rehydration Area, especially during periods when higher withdrawals from the C-1 Canal are not possible.

C-701 Concrete-lined Canal – This east-west trending, trapezoidal canal consists of approximately 7,000 linear feet of low-hazard impoundment levee and will convey up to 400 cfs of freshwater from the S-701 Pump Station to Cutler Wetlands. NorthStar updated the original 2009 to include raising the C-701 canal from at grade to above grade and associated adjustments to the earthen embankments and concrete lining elevations. These changes minimize seepage losses, thereby maximizing conveyance deliveries, and also minimize increasing gradients within the surrounding surficial aquifer, thereby avoiding groundwater impacts along the C-701 alignment. Intersecting north-south trending roadways, SW 97th Avenue and SW 87th Avenue, as well as underground utility conflicts within the right-of-way (ROW) of those roadways, posed challenges in the continuation of freshwater deliveries via the C-701 canal. NorthStar accommodated such challenges through two features:

S-701A Box Culvert – This 2-barrel, cast-in-place box culvert will allow the maximum 400 cfs of freshwater to continue C-701 conveyance via gravity flow under SW 97th Avenue.

S-701B Micro-Tunnel Feature – This feature consists of two 60-inch pipes and allows for continued conveyance of the 400 cfs of stormwater to continue under SW 87th Avenue. A similar culvert solution to the S-701A Box Culvert was initially considered for the intersection and conflicts at SW 87th Avenue to continue the delivery of stormwater from the C-701 Conveyance Canal towards the Target Rehydration Area spreader canal. However, the Miami Dade Canal and a 72-inch force main utility located in the western ROW of SW 87th Avenue presented complications at this location. As the design progressed, it became apparent that the proposed crossing at SW 87th Avenue and SW 232nd Street would be challenged to accommodate all the conflicts and still achieve the desired conveyance criteria to the Target Rehydration Area spreader canal, and a decision was subsequently made to re-design the SW 87th Avenue crossing. At this point, the Cutler Wetlands C-1 Flow Way Project was separated into the two phases for the S-701 Pump Station design and the Conveyance Rehydration design. Ostensibly, this separation allowed additional time needed to optimize the design of the crossing under SW 87th Avenue while not delaying the construction of pump station S-701. NorthStar was able to accelerate the Preliminary Micro-Tunnel Feature design to a Final design with the Conveyance Rehydration design to maintain the project schedule. With the completion of the Phase 2 design and initiation of the construction of Phase 2 Conveyance System Component within one-year of the Phase 1 S-701 Pump Station construction start, the entire Cutler Wetlands C-1 Flow Way Project will be completed within the same allotted time as the formerly combined project.

C-702 Spreader Canal – This feature totals approximately 10,000 linear feet. Multiple hydraulic modeling analyses, were conducted by NorthStar to ensure the C-702 Spreader Canal will deliver the maximum amount of stormwater as evenly distributed, overland sheet flow to the tidal creeks and embayment's within the Target Rehydration Area. There are two reaches of the C-702 Spreader Canal, with the first reach south of the east discharge structure and the second reach north of the east discharge structure. A Spreader Canal Maintenance Berm will be constructed adjacent to the west side of the Spreader Canal, paralleling the canal for its entire length to facilitate future District maintenance.

Target Rehydration Area – This section of the BBCW is the tailwater and ultimate discharge location for the Cutler Wetlands C-1 Flow Way Project.

Project Summary

Cost:	\$ 88,750		

Figure 25: Original Lake Pretty Structure

Under TWA 19TW0002082 and TWA 21TW0003614, NorthStar provided design and CEI services for the rehabilitation of the Lake Pretty structure, which maintains stages between Lake Pretty and Lake Armistead. Originally a 45-foot sheet pile dam, the structure was upgraded in 1992 to include four 4-foot by 4-foot sluice gates, later retrofitted with motorized actuators in 2001.

NorthStar conducted a Preliminary Design Assessment with site visits and inspections by civil, electrical, and underwater engineering teams to collect field measurements and develop existing conditions drawings. Recommendations were summarized in a Preliminary Design Assessment and Recommendation Report.

After understanding existing conditions, NorthStar’s design team met with District personnel to discuss recommendations, including replacing the four 4-foot gates with two 8-foot gates. NorthStar recommended vertical drop sluice gates for better operational flexibility and reduced maintenance issues.

The design included electrical improvements to standardize gate actuators, minimizing inventory and enhancing interchangeability. Regular progress meetings and contract administration led to NorthStar being awarded the CEI work for the Lake Pretty structure rehab.

In 2021, the District began work to replace the structure. NorthStar reviewed and approved the contractor’s dewatering plan using an “aqua barrier cofferdam,” which was less disruptive than traditional methods. The contractor performed select demolition, retaining and refurbishing existing structure components, minimizing demolition.

NorthStar oversaw demolition, reporting regularly to the District. The contractor removed old components and installed new gates, walkway, and knee bracing. The new gates, with their own frames, were welded and braced to existing structure components. After installation, the contractor set up new actuators, stems, and electrical components. The structure was tested after removing the aqua barrier cofferdam.

Project Summary			
Project Name:	Conservation Water Control Structures Inspections		
Service Type(s):	Inspections	Client/ Address	SWFWMD 2379 Broad Street, Building 4, Brooksville, FL 34604
Client Contact:	Chris McCall	Phone/ Email	352-279-5448 Chris.McCall@swfwmd.state.fl.us
Project Performance Period:	March 2021 – December 2021		
Key NorthStar Personnel (Role):	Brent Anderson (Principal), Nick Narine (Staff Engineer)		
Cost:	\$ 220,582		

NorthStar was tasked with inspecting Conservation Water Control Structures. The District operates and maintains these structures to provide flood control, infiltration, irrigation, and public recreation to the surrounding area. These inspections included 59 structures located throughout the District's jurisdictional boundary and were performed to ensure their continued operational integrity and avoid partial or total failure that could endanger public safety or cause substantial property damage.

The findings provided through the inspection report will assist the District in identifying and prioritizing necessary repairs. NorthStar's structure inspections will also aid the District in future efforts to standardize equipment, particularly actuators, used throughout the region.

List of the 59 Structures Inspected by NorthStar		

The scope of work performed under this TWA includes research of each structure's history, physical inspections, and preparation of inspection reports that summarize observations, findings, and recommendations.

Among the 59 structures that comprise this TWA, the majority of them are either Flashboard Riser Culverts, Single Gated Culverts, Weir Culverts, or Multi-Gated Structures, and represent the primary different structure configurations inspected throughout the project.

Contract Summary			
Contract Name:	Miscellaneous Professional Consulting Services		
Service Type(s):	Design, Construction, Project Management, Misc. Services	Client:	City of Dunedin
Project Performance Period:	March 2018 - Present		
Key NorthStar Personnel (Role):	Keanan Bell (Contract Manager), Brett Warner (Senior Professional Engineer)		
Contact:	Doug Hutchens City of Dunedin 737 Loudon Avenue Dunedin, FL 34698 Office: (727)-298-3181 Email: dhutchens@dunedinFL.net		
Contract Fees to Date:	\$ 103,410		

NorthStar has supported the City of Dunedin since 2018 by providing professional services under a miscellaneous professional consulting services contract. A notable project where the City of Dunedin requested our support was during the 2021 acquisition of the Highlands Memorial Gardens property. This approximately 33-acre property was slated for purchase through a Florida Community Trust Grant and due to an unexpected change in the closing timeline, required an expedited environmental assessment to satisfy due diligence requirements. The City of Dunedin contacted NorthStar and requested a rush Phase I Environmental Site Assessment that met the requirements of the American Society for Testing and Materials (ASTM) E-2247-16 standard and the federal Environmental Protection Agency's All Appropriate Inquiry (AAI) rule.

NorthStar was able to rapidly prepare a proposal, conduct the site visit and regulatory review, and prepare/submit the report within a two-week timeframe. Because of our ability to expedite these services, the City of Dunedin was able to meet their closing deadline and did not require an amendment to the purchase agreement contract.

Additional services provided under this contract include:

- Professional Environmental Consulting Services
- Surveying Services
- Geotechnical Engineering Services
- GIS Services
- Landscape Architecture
- Parcel Mapping, and Platting
- Utility System Mapping
- Legal Descriptions
- Digital Terrain Modeling
- Aerial Survey and Mapping
- Rate Study analysis in support of enterprise fund services (i.e. water, wastewater, stormwater, marina and solid waste fund operations).

Contract Summary			
Contract Name:	Environmental Consulting Services		
Service Type(s):	Environmental Consulting Services	Client:	City of Tallahassee
Project Performance Period:	May 2017 - May 2025		
Key NorthStar Personnel (Role):	Pamela Jackson (Contract Manager), Keanan Bell (Principal In Charge)		
Contact:	Jean Amison, CCAP City of Tallahassee 301 S. Adams Street Tallahassee, FL 32301 Office: (850) 891-6547 Email: jean.amison@talgov.com		
Contract Fees to Date:	\$ 14,968		

Under our Environmental Consulting Services contract No. 4153 with the City of Tallahassee, NorthStar provides a variety of services on an as-needed basis. Over the past several years, NorthStar has supported the City's Habitat For Humanity efforts by assisting them with meeting their various grant funding requirements in the form of wildlife assessments. The wildlife assessments are conducted at proposed residential housing construction properties and meet the requirements of 24 CFR Part 58 (NEPA Statutory Checklist). The wildlife assessments require an understanding of the Endangered Species Act and the Migratory Bird Treaty Act, as well as the ability to identify listed and migratory species, their sign (tracks, nests, etc.), and preferred habitat. Other activities conducted on behalf of the City have included Phase I / II / III Site assessment and Remediation to meet site closure requirements as part of a Brownfield assessment and remediation grant.

Contract Summary			
Contract Name:	2022-025 Professional Land Acquisition Services		
Service Type(s):	Professional Services	Client:	Sarasota County
Project Performance Period:	October 2022 - Present		
Key NorthStar Personnel (Role):	Keanan Bell (Contract Manager), Brett Warner (Senior Professional Engineer)		
Contact:	Brie Ondercin, CPRP, Land Acquisition Coordinator Park Planning and Development Division Sarasota County Parks, Recreation and Natural Resources 6700 Clark Road Bldg. C, Sarasota, FL 34241 Cell: 941-349-7236 Email: bonderci@scgov.net		
Contract Fees to Date:	\$ 786,350		

NorthStar provides full Land Acquisition Services for Sarasota County for their Environmentally Sensitive Lands Protection Program (ESLPP) and Neighborhood Parkland Acquisition Program (NPP). These programs protect high-quality, environmentally sensitive lands and work to provide accessible, economically efficient systems of open spaces to serve the public. Through a combination of fee-simple land purchases and conservation easements acquisitions, ESLPP has protected 84 properties with environmentally sensitive habitat, totaling nearly 40,000 acres. NPP has acquired 24 properties totaling over 117 acres, expanding existing parks and connecting the public to trails, beaches, and waterways.

The scope of services provided under this contract is designed to incorporate the entirety of the acquisition process. This contract was originally awarded solely to NorthStar in 2016, and the scope of services under this contract was expanded during a recompile solicitation in 2022. Below is a summary of the scope of services we provide under this current contract.

- Assisting the County's effort to acquire land, including all aspects of real estate transactions.
- Identifying available lands, mapping, and acquisition strategies.
- Establishing ownership contacts and obtaining willing seller status.
- Conducting site evaluations and developing work plans, as needed.
- Conducting negotiations for the fee simple purchase or donation of properties or protective easements with landowners or their representatives.
- Coordinating with County staff, including attendance at team, advisory board, and County Commission meetings as needed.
- Providing review of purchase and sale agreements of environmentally sensitive lands, neighborhood parkland or other parks/recreational lands.
- Coordinating due diligence investigations, reports, and other requirements and resolution of issues discovered during due diligence period. This includes coordinating surveys of buildings, land, easements, and platting research. It also includes professional environmental consulting services to perform environmental assessments, testing, and remediation (e.g., water contamination, pollution/chemical testing, etc.).
- Coordinating with federal, state and local government agencies and private organizations involved in land protection and acquisition.
- Exploring and implementing alternatives to fee simple title acquisitions when appropriate (e.g., conservation easements, preferential tax assessment programs, etc.).
- Researching, coordinating with and applying to federal, state and local government agencies, private organizations, or individuals to secure outside funding for land acquisition and management, to include grants, partnerships, planned giving, estate planning and other alternatives.
- Providing project reports and status updates on acquisition services at public and staff meetings.
- Developing, producing and distributing promotional outreach and marketing materials associated with the land acquisition programs.
- Any other related activities as deemed necessary for the function of the programs.

Exhibit A: Staff Resumes

BRETT E. WARNER, PE

Contract Manager/Senior Professional Engineer
Tampa, Florida

SUMMARY

Brett is a Senior Professional Engineer in the Infrastructure and Environment group at NorthStar with over 14 years of experience providing professional engineering consulting and project management services. Brett's work experience includes project management, design, permitting, planning, construction management, contract administration, cost estimating, bidding, construction inspection and QA/QC.

PROJECT EXPERIENCE

PROJECT MANAGER – ROADWAY RECONSTRUCTION, ST. PETE BEACH, FL

Brett was responsible for managing four roadway reconstruction projects for the City of St. Pete Beach, FL. The scope of work for these "Complete Streets" projects included new roadway including the subgrade and base, new stormwater infrastructure including tidal check valves, new reclaimed water services, curblines, and multimodal pathway. Additionally, several projects were partially funded by grants. Brett's duties included managing the design and procurement team activities, interfacing with grant management staff, coordinating activities with the design team, directing the contractors, design submittal review, and attending public workshops.

PROGRAM MANAGER – SANITARY SEWER CAPITAL PROGRAM, ST. PETE BEACH, FL

Brett served as Program Manager for the City of St. Pete Beach's Sanitary Sewer Capital Improvement Program. Under this program, the city strategically prioritized its sanitary sewer assets for rehabilitation or replacement to ensure the system was updated in the most cost-effective method. Assets were prioritized based on age, condition, service area, and consequence of failure. During Brett's time as Program Manager, all the City of St. Pete Beach lift stations were rehabilitated and updated with new pumps, controls, wet well coatings and/or liners, valves and piping. Additionally, Brett managed the inspection of all City sanitary sewer forcemains and the prioritization of the City's sanitary sewer gravity mains and manholes for repairs.

PROJECT MANAGER – STORMWATER IMPROVEMENTS, ST. PETE BEACH, FL

Brett was responsible for managing four stormwater improvement projects within the City of St. Pete Beach. Each project consisted of the replacement of an existing stormwater system that no longer functioned as originally intended and was becoming more susceptible to tidal flooding as the frequency of sunny day flooding increased with Sea Level Rise. The scope of work for these projects included new stormwater inlets, manholes, gravity mains, and outfall pipes with new inline tidal check valves. Brett's duties included managing planning, design, procurement, and construction team activities, coordinating with external stakeholder design and inspection staff, design submittal reviews, construction contract administration activities, pay application review, and attending public design workshops and project progress meetings.

PROGRAM MANAGER – ROADWAY REHABILITATION, ST. PETE BEACH, FL

Brett served as Program Manager for the City of St. Pete Beach's Roadway Rehabilitation Program. Under this program, the City strategically prioritized its roadways for rehabilitation utilizing several technologies to ensure the most cost-effective method was utilized to extend the roadway's useful life expectancy and increase the City's overall roadway Pavement Condition Index rating. Technologies employed under this program included standard milling and overlay, full depth reclamation, chip seal, fog seal, and asphalt rejuvenators. Additionally, Brett identified and prioritized utility service replacements that require a full pavement patch and restoration, identified locations for permeable pavement installation where ponding water collected, and identified and prioritized candidates for a heat reduction pavement coating to improve walkability in high pedestrian areas.

PROGRAM MANAGER – SEAWALL REHABILITATION PROGRAM, ST. PETE BEACH, FL

Brett served as Program Manager for the City of St. Pete Beach's Seawall Rehabilitation Program. Under this program, the City strategically prioritized its seawalls for rehabilitation to ensure the seawalls were replaced in the most cost-effective method. Seawalls were prioritized based on age, condition, cap elevation, and consequence of failure. Seawalls below the elevation of 5 ft NAVD88 received a higher weighting due to the threat of increased flood damage due to sea level rise. Brett's duties included managing planning, design, procurement, and construction team activities, coordinating with external stakeholder design and inspection staff, design submittal reviews, construction contract administration activities, pay application review, and project progress meetings for all seawall projects.

LEAD INSPECTION REPRESENTATIVE – SFWMD BISCAYNE BAY COASTAL WETLANDS CUTLER FLOW WAY PHASE 2 CONVEYANCE SYSTEM, MIAMI-DADE COUNTY, FL

Brett served as Lead Inspection Representative for the Biscayne Bay Coastal Wetlands Cutler Flow Way Phase 2 Conveyance System project for SFWMD, assisting with submittal review and request for information responses to contractor submittals and questions during the Engineering During Construction portion of the project.

HURRICANE RESPONSE AND DAMAGE ASSESSMENT, ST. PETE BEACH, FL

Brett served as an emergency response and damage assessment emergency responder for the City of St. Pete Beach. Brett performed field assessments of City infrastructure and facilities following tropical storm events that could potentially damage City infrastructure. Types of infrastructure inspected included stormwater inlets, seawalls, bridges, lift and pump stations, roadways, headwalls, buildings and detention basins. Damaged infrastructure was cataloged and scheduled for repair.

Brent W. Anderson, PE, PG

Principal In Charge

Tampa, Florida

SUMMARY

Brent is the Vice President and Branch Manager for NorthStar Contracting Group, Inc.'s Florida Operations. He has served as NorthStar's Principal In Charge since 2014 on various contracts including SFWMD, SWFWMD and SRWMD. Brent also has 30 years of experience in the management and execution of civil and water resource engineering projects. He is responsible for customer overall satisfaction with our team's performance and work product. Brent has the authority to assign NorthStar resources and respond to any requests to ensure the City's needs and expectations are met.

PROJECT EXPERIENCE

PRINCIPAL IN CHARGE – SOUTHWEST FLORIDA WATER MANAGEMENT DISTRICT (CONTRACTS MA140000063 AND 19CN0002065), TAMPA, FL

Under these two consecutive contracts with the District, Mr. Anderson oversaw and directed the activities of the NorthStar team on 16 current or former TWAs valued in aggregate at \$850,000. These projects involved a variety of efforts including CEI, 3rd Party Review, and Inspection and Design services. Notable projects included supporting the District's effort to inspect and report on 65 Conservation Water Control Structures throughout the District, design services for the Lake Pretty Structure Replacement (B875) and Water Control Structure S -353 Spillway Repairs Design (C-679) with follow up CEI services on both structures and 7th Street Third Party review. Throughout these projects Mr. Anderson provided direction and leadership to the NorthStar team that performed underwater diving inspections, preliminary design assessments, modeling efforts, stakeholder coordination, development of design plans for solicitation and permitting, bidding support including cost estimates and RFB review and coordination with District project managers throughout these projects. He coordinated design modifications to help the District recognize construction cost savings and incorporated standardization of District equipment to assist the District in minimizing excessive inventory for structure maintenance and provide uniformity of equipment operation and maintenance. Mr. Anderson will bring this valuable institutional knowledge of the District to the benefit of all future projects. Application of this knowledge will ensure the District with services that are consistent with the District's efforts to serve their constituents at an optimal and cost-effective level.

PRINCIPAL IN CHARGE / CONTRACT MANAGER – GENERAL ENGINEERING AND PROFESSIONAL SERVICES, RESTORATION STRATEGIES AND PROFESSIONAL ENGINEERING SERVICES CONTRACTS, SOUTH FLORIDA WATER MANAGEMENT DISTRICT (SFWMD), WEST PALM BEACH, FL

Since 2007 Mr. Anderson has overseen the efforts of our West Palm office to support the SFWMD in their ongoing efforts to implement Everglades Restoration and other water restoration and flood control efforts. Under these contracts Mr. Anderson has managed over 30 work orders many of which were valued at over \$1M. These work orders have involved all facets of design, engineering during construction, and construction management services. Through his leadership all contract extensions were executed and these contracts re-procured. In his capacity as Contract Manager and Principal In Charge, Mr. Anderson has coordinated

- Panel Moderator / Presenter – 2016 Environmental Permitting Summer School. “Risk Management for Environmental Consultants”
- Presenter – 2016 AWRA National Conference. “Design and Construction of a Flow Equalization Basin to Optimize Performance of Everglades Stormwater Treatment Areas”
- Presenter – 2016 AWRA Florida Section. “Designing, Constructing and Operating a 15,000-acre Shallow Storage Impoundment to Improve Everglades Water Quality”.
- Presenter – 2015 American Society of Agricultural and Biological Engineers. “Design and Construction of a Flow Equalization Basin to Optimize Performance of Everglades Stormwater Treatment Areas”.

NorthStar’s resources, including sub-respondents, to ensure the SFWMD’s expectations relative to performance were met. He also oversaw all scope, schedule and budget related matters associated with each of the work orders. Through his active management and coordination of resources, he has delivered all requested services on these work orders at an average of 20% less than the negotiated fee while attaining the SFWMD’s high standards for quality and execution. The combined work orders included the design and construction management of over 50 miles of levee and surface water conveyance systems, created over 60,000 acre-feet of above ground storage, involved 17 water control structures (i.e., slide and roller gates) with discharge capacities up to 3,200 cfs, 3 pump stations with a combined capacity of 900 cfs, 6 articulating concrete block weirs, numerous canal plugs and all associated telemetry and SCADA required to remotely operate and monitor these facilities. These projects also resulted in the creation of or enhancement of approximately 252,000 acres of wetlands and coastal habitat. The EAA A-1 FEB project which Mr. Anderson managed was awarded “Project of the Year” by the West Palm Beach and State of Florida chapters of the American Society of Civil Engineers (ASCE).

CONTRACT MANAGER – GENERAL ENGINEERING SERVICES CONTRACT 14/15-088 AND 19/20-045 SUWANNEE RIVER WATER MANAGEMENT DISTRICT (SRWMD), LIVE OAK, FL

Mr. Anderson served as the Contract Manager for NorthStar’s General Engineering Services contracts with the SRWMD. In this role Mr. Anderson was responsible for overall contract execution and client support. A notable project Mr. Anderson directed and supported was the development of preparing Interconnected Channel and Pond Routing Model 4 (ICPRTM) hydrologic and hydraulic (H&H) model simulation to analyze the water retention impacts of a series of proposed water control structures within and near the Mallory Swamp and Lafayette Forest Wildlife and Environmental Area (WEA) area in Lafayette County, Florida.

KEANAN BELL

Geospatial Analysis/Environmental
Program Manager
Tampa, FL

SUMMARY

Keanan is an Environmental Specialist under the EPA's All Appropriate Inquiry Rule. He has over 20 years of experience providing professional environmental consulting services and utilizing GIS and CADD in a variety of capacities to analyze, map and model the complex spatial relationships among the natural and built environments. He has presented papers at several GIS and environmental conferences. Keanan also moderates a panel of environmental professionals at the Florida Environmental Permitting Summer School, where they discuss the growing role of Unmanned Aerial Vehicles (UAV) in the environmental assessment and monitoring.

Keanan is also a GIS Manager at NorthStar where he provides project, contract and personnel management, GIS, and modeling services. He also serves as the Contract Manager for our Sarasota County Land Acquisition contract. NorthStar has provided complete land acquisition, environmental due diligence, and GIS services to the county to support their Environmentally Sensitive Land Acquisition Program and Neighborhood Parkland Program since 2016. Additionally, he is the Contract Manager for NorthStar's General Engineering Services contract 19/20-045 with the Suwannee River Water Management District and has supported GES contracts with SRWMD and other Florida Water Management Districts for over 15 years.

PROJECT EXPERIENCE

PRINCIPAL IN CHARGE/CORPORATE SUPPORT – FDACS COMBINED BASELINE DOCUMENTATION/ESA FOR RFLPP, STATEWIDE, FLORIDA

Keanan has provided corporate support and oversight for all work performed to date under the RFLPP. Through Keanan, the Department had direct access to a NorthStar managing principal who has the authority to assign NorthStar resources and respond to any requests to ensure the Department's needs and expectations were met. He has provided these services to the Department during the successful performance and completion of three recent 2023 assessments for less-than-fee acquisitions by FDACS.

CONTRACT MANAGER – SARASOTA COUNTY LAND ACQUISITION SERVICES CONTRACT, SARASOTA COUNTY, FLORIDA

Keanan has served as the Contract Manager for this ESA and land acquisition services contract since 2015. The services he and his team provide under this contract include: all aspects of ESAs, preparation of BDRs, turnkey services to support the acquisition of environmentally sensitive lands, including negotiations, surveys and appraisals, and complete geospatial and drone services. Keanan and the contract team at NorthStar function as the County's sole land acquisition agent, supporting both fee and less-than-fee acquisitions. All Phase I / II ESA conducted under this contract meet the requirements of ASTM E1527, E2247, and/or E1903, as applicable, as well as the State-specific requirements for these assessments promulgated by DSL. Since 2019, Keanan has overseen the successful completion of 27 acquisitions.

GIS MANAGER – FDEP DSL COMBINED ESA/BDR CONTRACT, CREWS GROVE, INC. PROPERTY, OLD TOWN CREEK WATERSHED PROJECT, HARDEE & POLK COUNTY, FLORIDA

Keanan served as a Field Scientist and GIS Manager for less-than-fee easement acquisition project. Keanan was responsible for the GPS and GIS technologies utilized to identify recognized environmental conditions and items of concern, verify property boundaries, and locate environmental features relevant to the assessment and

documentation process. He also coordinated and executed a sUAV aerial reconnaissance mission to capture notable environmental features, including a large area of wetlands that was not safely accessible by foot or vehicle.

GIS MANAGER – FDEP DSL COMBINATION BASELINE DOCUMENTATION/ENVIRONMENTAL SITE ASSESSMENT CONTRACTS, FLORIDA

Keanan serves as GIS Manager for this contract since 2003 and is responsible for complete geospatial support on projects include the following:

- Acquiring all geospatial data and aerial imagery associated with site location relevant to the assessment, including acquisition and maintenance of environmental databases and preparation of site boundaries from surveyed legal descriptions.
- Preparing all GIS data used in site reconnaissance.
- Performing GIS analysis related to environmental assessment of site.
- Configuring and preparing hardware and software used in site reconnaissance.
- Configuring and maintaining GPS and Differential Beacon receivers and mobile GIS software.
- Developing custom data input forms, application, and databases for use in digital field data acquisition.
- Providing technical support to personnel.

CONTRACT MANAGER/HYDROLOGIC & HYDRAULIC (H&H) MODELER – MIDDLE SUWANNEE RIVER AND SPRINGS PROJECT, SRWMD, DIXIE AND TAYLOR COUNTY, FL

NorthStar was tasked with providing a multi-phase approach and developing a regional, coupled Hydrologic & Hydraulic ICPR model focused on the 54,000-acre Mallory Swamp region, with an emphasis on the 31,000-acre Mallory Tract. This phased approach included model data review and assessment, data collection through the use of stage recorders installed throughout the study area, and the development of a separate groundwater and coupled surface water model for the watershed. Mr. Bell provided project management, coordination, GIS and modeling services for the entirety of this project. Keanan was NorthStar’s lead author and mapper on the report detailing the findings of the model study and coordinated with Suwannee River WMD personnel to ensure satisfactory delivery of the final product.

CONTRACT MANAGER/PRINCIPAL IN CHARGE – INDIAN RIVER COUNTY LAND ACQUISITION SERVICES, VERO BEACH, FL

In 2024, NorthStar was awarded a contract to support Indian River County. Through this contract, a single award through a competitive solicitation, NorthStar will be tasked with the implementation of the County’s environmental lands acquisition program. Keanan will be responsible for contract management and corporate support.

BRANDON BAGOO, PE

Civil & Water Resource Engineer

West Palm Beach, Florida

EXPERIENCE – 13 YEARS

EDUCATION

Bachelor of Science, Civil
Engineering, Florida Atlantic
University, 2012

LICENSES

Florida, PE (No. 87405)

PROFESSIONAL HIGHLIGHTS

- ✓ 13 years of progressive experience working on various civil, stormwater, and environmental projects
- ✓ Extensive experience in civil construction and providing construction project management services
- ✓ Stakeholder coordination and client management

SUMMARY

Mr. Bagoo has 11 years of progressive experience in civil works and land-related infrastructure, stormwater and environmental projects. His experience includes a wide range of roles including QA/QC material testing, staff and project engineer, resident construction engineer, construction engineering project manager, construction inspection quality assurance/control and civil design. He has specialized knowledge of the South Florida Water Management District (SFWMD), infrastructure Ready to Advertise contract documents, standard design specifications, design criteria memorandums and construction quality assurance, and control procedures. Along with managing the civil designs, Mr. Bagoo also provides support for Engineer During Construction (EDC) services as well as Construction Management Services (CMS) across multiple NorthStar projects.

PROJECT EXPERIENCE

WATER RESOURCES PROGRAM MANAGER – EAA CANAL CONVEYANCE IMPROVEMENT PROJECT, SFWMD, PALM BEACH COUNTY, FL

NorthStar is leading a team of engineers, hydraulic/hydrologic water modelers, and surveyors in the study and design of the necessary conveyance improvements to two existing canals in Palm Beach County, the Miami Canal and the North New River Canal, which move water south out of Lake Okeechobee through the Everglades Agricultural Area Basin to the stormwater treatment areas (STAs). Mr. Bagoo aided in the constructability review, project specification preparation as well as QA reviews of design documentation reports, and plans. He also has prepared Technical Review Briefing (TRB) presentations for the client as well as assisted in responding to Requests for Additional Information (RAI) from other stakeholders and regulatory agencies such as FDEP and USACE. As Contract Manager, he is also responsible for aiding in the implementation of final updates to the design report, plans, and specifications for the Corrected Final, Ready-To-Advertise contract documents. Mr. Bagoo is currently also supporting the EDC task for the North New River Canal Conveyance Improvement Project which is currently under construction.

WATER RESOURCES PROGRAM MANAGER – BISCAYNE BAY COASTAL WETLANDS – CUTLER FLOW WAY, SFWMD, MIAMI-DADE COUNTY, FL

NorthStar was tasked with updating the engineering, modeling, analysis, design, and specifications to achieve the project objectives at the best construction value. The project improves the distribution of freshwater to Biscayne Bay and Biscayne National Park by re-directing runoff from the C-1 basin to coastal wetlands along Biscayne Bay. Tasks include adding parcels to the rehydration area, modeling for the conveyance and spreader canals to incorporate new information, and re-designing culvert crossings and the 400 cfs pump station. The update utilizes current codes, technical references, and standard details. In his role as Contract Manager, Mr. Bagoo has provided QA oversight/review for design documentation reports, and plans for the conveyance phase of the project including aiding in project specification preparation. He is currently involved with aiding the Engineer During Construction (EDC) task for the Phase 1 400 cfs pump station and Phase 2 Conveyance Canal which are both currently under construction. Both of which require coordination with Miami-Dade Water and Sewer District as well as Miami-Dade Department of Environmental Resources Management.

SENIOR PROJECT MANAGER – STA-2 REFURBISHMENTS, SFWMD, SOUTH BAY, FL

This Project includes soil inversion and regrading of approximately 700 acres for hydraulic and treatment improvement to the cell, (7) riprap energy dissipators, canal de-mucking and reshaping, and 26 canal plugs. Mr. Bagoo was designated as SFWMD's on-site Construction Project Manager providing construction management services (CMS) and oversight for the duration of project. His duties included working with the District's Project Manager to respond to project construction documents, develop project specific QA inspection protocols and plans, perform construction field inspections while providing guidance and oversight of two other QA field inspectors, enforce and evaluate BMP's and their implementation, assist with the evaluation and resolution of schedule impacts, evaluate change order requests, provide internal review of contractor pay applications, and facilitate the project closeout process. During the project, Mr. Bagoo was responsible for reviewing over 500 reports to establish equipment and usage to help resolve a change order for the client and reach a negotiated agreement in a timely manner. Mr. Bagoo was also pivotal in helping keep coordination with other stakeholders within SFWMD to meet their planting schedules for completed regraded areas with the cell.

SENIOR PROJECT MANAGER – STA-1E WESTERN FLOW-WAY MODIFICATIONS REGRADING, SFWMD, WELLINGTON, FL

Several of SFWMD's older Stormwater Treatment Areas (STA's) are experiencing treatment cells that are no longer performing adequate nutrient removal as intended due to short-circuited flows. This project served to rehabilitate two of the cells within the STA which included soil inversion and regrading of approximately 1,000 acres for hydraulic and treatment improvement, (5) riprap energy dissipators and canal de-mucking and reshaping. Mr. Bagoo served as SFWMD's representative on-site Construction Manager providing construction management oversight for the duration of the project. Mr. Bagoo built an outstanding rapport with the contractor and their team which influenced the work flow of the project allowing work to be performed, inspected, and accepted efficiently and without any major re-work. In turn, the contractor was able to successfully complete the project 3 months ahead of the contractual completion date. The District was also able to save just over \$500,000.00 in CMS-related costs.

ENGINEER I – WHEELER STORMWATER PARK, SJRWMD, MICCO, FL

The Wheeler Stormwater Park property includes a series of (2) ponds, 23 and 7 acres respectively and restored wetlands to remove pollutants from the 21,000-acre Sottile Canal watershed before they reach the Indian River Lagoon, one of the most biologically diverse estuaries in North America. This stormwater is treated as it travels through a series of ponds, the Herndon Swamp constructed wetland treatment system, and additional created wetlands. Mr. Bagoo performed construction engineering inspection (CEI) of the construction of both ponds, stormwater RCP, Herndon Swamp and additional wetlands; other inspections and oversight included verifying grades for the constructed wetlands, erosion control measures, grading, and embankment stabilization.

PAMELA JACKSON, PG, ASP

Senior Geologist/Quality Manager

Tallahassee, Florida

EXPERIENCE – 33 YEARS

EDUCATION

Bachelor of Science, Geology,
University of North Carolina, 1991

LICENSES

Florida, PG (No. 2108)

PROFESSIONAL HIGHLIGHTS

- ✓ 27 years as a Florida Geologist
- ✓ Diverse environmental assessment, remediation, and Regulatory background
- ✓ Extensive experience performing Level I /II Environmental Site Assessments
- ✓ Conducts quality and safety audits
- ✓ Performs document peer reviews

SUMMARY

Pamela is a well-known, respected environmental professional with very broad experience, stretching from environmental assessment and remediation activities at petroleum-, chlorinated solvent-, and metals-impacted sites to vegetation monitoring, invasive species identification, and hydrologic surface flow restoration projects. Her areas of expertise include collection of verifiable data, data interpretation/application, and completion of defensible, data-driven reports. Pamela has also conducted numerous environmental and safety audits at large and small construction sites to determine compliance and assist with development of environmental management and control systems. She is an expert at both rural and urban land acquisition due diligence investigations, excelling at the historical research and data interpretation needed to reduce client liability and risk. She has also assisted numerous prospective purchasers and sellers, private entities, and lending institutions with evaluating environmental liability and risk related to property transactions.

During her career, Pamela has successfully managed numerous State of Florida contracts including a FDEP Hazardous Waste Site Cleanup and Drycleaning Solvent Cleanup Program contract, FDOT District Two environmental contracts, and FDEP Statewide ESA and Baseline Documentation contracts. In addition to contract management, Pamela has worked within the Florida Petroleum Restoration Program in past and current configurations, providing streamlined assessments and rapid closures for her clients.

PROJECT EXPERIENCE

SENIOR TECHNICAL MANAGER, FDOT DISTRICT THREE, CONTAMINATION ASSESSMENT AND REMEDIATION CONTRACTS, FLORIDA

Pamela provides senior level support, review, technical advisory, and environmental permitting services for two FDOT District Three contracts. An example of her permitting expertise occurred on a project where the roadway construction schedule was impacted by the presence of several underground storage tanks. Because roadway contractors can charge delay fees during work stoppages, it was vital the tanks be removed immediately. Pamela was able to utilize her contacts with FDEP to obtain the required NPDES permit in a single day, rather than the more typical two-week timeframe. This allowed the removal work to be conducted promptly and FDOT did not incur any delay fees. A construction-related example of Pamela's work occurred on a project where the roadway contractor inadvertently breached a water main during bridge piling installation. This caused significant erosion of the bridge embankment into Texar Bayou, which is impacted by several hazardous waste facilities upstream of the bridge location. She and Andrew met with the roadway contractor, FDEP, and FDOT representatives to discuss the necessary sampling and disposal requirements for the displaced sediments. They were able to negotiate an agreement allowing FDOT to avoid costly sampling, while still properly disposing of the displaced sediments. Pamela is also the go-to contact for land swaps between FDOT and TIITF. Because she manages land and easement acquisition contracts with FDEP (for TIITF), she is able to complete the required due diligence investigations for FDOT, ensuring a smooth property transition between FDOT and TIITF.

HEALTH & SAFETY OFFICER – FDOT DISTRICT THREE, BIO-HAZARDOUS WASTE CLEANUP / EMERGENCY RESPONSE

NorthStar has received requests for response to medical waste scattered within the ROW along SR 73, US 231, and US 319. Ms. Jackson and other Core Team members have responded quickly upon receiving these calls. Ms. Jackson selects the appropriate personal protective equipment prior to mobilization and directs, and sometimes conducts, these cleanup actions. In addition to medical waste, Ms. Jackson has also provided support to FDOT at a boat ramp impacted by blood from a murder scene. Ms. Jackson provided cleanup guidance for this work and ensured waste generated during this response was appropriately and safely disposed.

SENIOR TECHNICAL REVIEWER – FDOT DISTRICT ONE, VARIOUS INVESTIGATION REPORTS, DISTRICT-WIDE, FL

Pamela Jackson serves as a senior technical reviewer for investigation reports and other submittals provided by the NorthStar Team to FDOT. She reviews reports such as the Legacy Trail Level 2 Impact to Construction Reports or the Post-Hurricane Debris Staging Area Sampling Reports to ensure the reports are technically sound, well written, and sufficiently detailed to meet the client's needs and intent of the report. Additionally, Pamela assists junior personnel with crafting recommendations based on the scientific sampling data, collected during the field work, and conveying those recommendations in a clear and concise manner.

CONTRACT MANAGER – FDOT DISTRICT TWO, CAR MAINTENANCE YARD CONTRACT, FL

Pamela's responsibilities include preparation of work plans, cost estimates and project deliverables, supervision of all aspects of field work, contamination assessments, remedial action implementation, source removal excavations, waste characterization and profiling, waste transportation and disposal, data reduction and interpretation, and invoicing. She is responsible for conducting monthly updates for FDOT and maintaining offsite property owner relations. As the geologist of record, Pamela designs and implements site assessments, coordinates subsequent remediation activities, oversees excavations, and facilitates site closures through the most cost-effective means to FDOT.

SENIOR GEOLOGIST AND CONTRACT MANAGER – PRIVATE CLIENT, CHEMICAL MANUFACTURING FACILITY, PORT ST. JOE, FL

Ms. Jackson has acted as the key consultant and regulatory liaison for this chemical manufacturing facility since it was shuttered in 2015. Initially upon closure, the regulatory body attempted to push the closed site into a solid waste closure. This would have been extremely costly and was not appropriate for the site from a waste characteristic standpoint. Additionally, this type of closure was not required by any of the past permits for the facility. Ms. Jackson worked alongside the client's legal team to demonstrate the site should be regulated under the Contaminated Site Cleanup Criteria (Chapter 62-780, FAC), saving the client literally millions of dollars. Since that time, she has been able to reduce quarterly groundwater monitoring to semi-annual monitoring, implemented an additional site assessment to demonstrate the extent of the facility's liability, and overseen the completion of a formal risk assessment. Currently, Ms. Jackson is working closely with the project engineer and the regulatory agency to develop a closure plan under Risk Management Option 3 that involves a complex, multi-pronged approach to managing potential human health or environmental risks related to the site.

ANDREW FROST, PE

Environmental Engineer

Tallahassee, Florida

EXPERIENCE – 26 YEARS

EDUCATION

Bachelor of Science, Chemical
Engineering, Florida State
University 1997

LICENSES

Florida, PE (No. 59323)

PROFESSIONAL HIGHLIGHTS

- ✓ 22 years of experience serving as a technical engineering lead for NorthStar's Florida-focused remediation program
- ✓ Extensive experience developing and designing remedial action strategies comprised of effective and efficient methods

SUMMARY

Mr. Frost has over 26 years of experience as an environmental engineer. He has extensive experience conducting site investigations at petroleum and hazardous waste-contaminated sites. Other environmental experience includes serving as an on-site technical lead and manager during site investigations, treatment system installations, designing remedial systems, developing work plans, project scheduling, implementing remedial actions, report preparation and review, conducting environmental audits, and project cost tracking and management. Mr. Frost's areas of expertise include the development and design of remedial action strategies to provide effective and efficient methods of achieving the client's goals. Mr. Frost excels at the operation and maintenance of remedial systems and typically achieves a run-time of 90 percent.

Mr. Frost's work experience includes project management, cost estimation, cost control, remedial system construction oversight, environmental site assessments, monitor well installation, development and abandonment, sampling of various media, quiescent groundwater and surface water sampling, natural attenuation sampling, evaluation and design of various standard remedial technologies (i.e., soil vapor extraction, multi-phase extraction, air sparging, ion exchange, in-situ bioremediation, groundwater pump-and-treat, and in-situ chemical oxidation). Further, Mr. Frost remediation experience includes source removal technologies such as large diameter auguring and in-situ electrical resistance heating (ERH).

PROJECT EXPERIENCE

ENGINEER OF RECORD, FDOT ASSESSMENT AND REMEDIATION CONTRACTS, DISTRICTS ONE, TWO, THREE, AND FIVE, NORTHWEST, NORTHEAST, SOUTHWEST, AND SOUTHEAST, FL

Andrew is the engineer of record for NorthStar's FDOT assessment and remediation contracts. In this capacity, Andrew supports FDOT and their engineering and construction contractors as they manage environmental liability on current and upcoming roadbuilding projects. His responsibilities on include:

- review of draft and final road and stormwater system construction plans,
- preparation of work plans, cost estimates and project deliverables,
- obtaining environmental permits, such as NPDES permits,
- coordination of regulatory agencies,
- supervision of all aspects of field work and reporting,
- contamination assessment and remedial action implementation media sampling and corrective action,
- petroleum storage system installation, removal, and management,
- investigative derived waste characterization and profiling,
- waste transportation and disposal,
- directing emergency response of spills and releases,
- Spill Prevention, Control, and Countermeasure Plan preparation and management,
- quality assurance auditing, and
- data reduction and interpretation.

An example of a specific engineering project Andrew completed was the Cove Boulevard project in Bay County. Andrew, as lead remedial design engineer,

developed remedial strategies for three project sites along the Cove Boulevard Road-Widening Construction Corridor. In developing the remedial strategies, Andrew developed similar remedial strategies for the three sites. This insightful design allowed the construction of one mobile, remedial system capable of meeting remedial design specifications for all three contaminated sites. Andrew developed a step-wise implementation approach at the three sites, cutting the cost of remediation by nearly two-thirds.
